See No War With Russia In Moscow

MOSCOW, July 1. (AP)—The Soviet press steadily built up a picture for the Russian reader Saturday of a deliberately prepared plot of aggression by the United States against North Korea.

But an observer gets that impression from the talk and behavior of Muscovites that there will be no world war.

Moscow has claimed from the first that North Korea—not South Korea—was invaded and that the Communists only struck back when the Southerners crossed the 38th parallel dividing line.

Capital City Shows Big '50 Census Gain

WASHINGTON, July 1. (AP)—The Census Bureau reported today that the District of Columbia now has 792,234 residents—129,143 more than it had in 1940.

This 20 per cent increase assures the Capital City a spot among the nation's big ten.

The population of metropolitan Washington, however, showed an even larger rise, spurring up from 967,985 ten years ago to a present total of 1,432,242.

The 1950 figures announced today are called "provisional totals." The final official totals are to be announced later.

Reviewing The Big Spring - Week -

With Joe Pickle

Already the holiday season has accounted for one traffic death here. Unless people take it easy and carefully, more individuals will become a statistic on a grisly record in the making.

War jitters touched a segment of the local population last week. When word of the Korean situation got around, some hurried down to put in an order for a new car.

UN Pushes Plans For Rear Echelon

LAKE SUCCESS, July 1. (AP)—Formation of a United Nations forces rear echelon to back up General MacArthur's Korean battle headquarters was pushed ahead Saturday.

It is expected to be ready for Security Council approval and go into action not later than next midweek.

UN officials are working through the weekend toward setting up the group that is expected to knit together political and material aid from other countries with the leading efforts of the United States.

A name has not yet been selected for the high-level international group but it will amount to what military people call rear echelon headquarters. There is no inclination to have it interfere with General MacArthur, who already is in effect the supreme commander of the United Nations effort to save South Korea.

Hospital Improvement Architect Will Be Chosen Next Week

Architect for major improvements to the Big Spring State Hospital is to be chosen a week from tomorrow.

The board for state hospitals and special schools plans to contract for architect on July 10.

There is no indication as to when plans will be asked, but presumably they will cover ward buildings sufficient to accommodate 250 additional patients.

Work here will be among the first under an emergency expansion program for the elementary system. However, some work at Terrell State Hospital and possibly one other point will come ahead of it. Total appropriations for work here are \$945,000.

TO RODEOS, ROUNDUPS, REUNIONS

State Political Campaigners Head For The Picnic Grounds

AUSTIN, July 1. (AP)—July 4 celebrations, rodeos, roundups and reunions lured Texas vote-hungry candidates this week end.

Political campaigners who have been having trouble getting anyone to listen headed for picnic grounds in the country and for the big cities—any place the folks gathered.

Absentee voting is set by law to start Sunday; actually it will begin Monday.

Gov. Allan Shivers' office announced he has traveled a total of 14,465 miles in the last four months, not counting personal trips and out-of-state jaunts.

The Moscow Literary Gazette said President Truman's order to the U. S. fleet and Air Force to support South Korea "obviously was prepared well ahead of time."

It also quoted foreign sources as saying the United States told United Nations Security Council delegates early last week that there would be a council meeting last Sunday.

This announcement followed Gov. March's crack that the governor wouldn't get out and meet the folks. March, who is making the most active barnstorming campaign of all Shivers' opponents, continued a heavy speaking schedule.

Now That Texas Shows Census Gain, Who Gets Extra Solon?

DALLAS, July 1. (AP)—Now that Texas has proven it has a lot more people than in 1940, where's that extra congressman we're supposed to get?

The nation's 435 congressmen are supposed to be distributed among the states on the basis of population. The idea, in general, is to divide the nation's population by 435. That gives you how many people a congressman should represent.

There you have how many congressmen. Here is the preliminary 1950 census by districts.

Those figures make it obvious that some wholesale reshuffling could happen—the fourth district in Northeast Texas has less than half the people in the 15th district which includes the lower Rio Grande valley.

Table showing preliminary 1950 census by districts. Columns: District, 1950, 1940, Gain, Loss.

Former Resident Dies At Veterans Hospital

Billie McCracken, former resident of Big Spring, died Friday night in the McKinney Veterans Hospital, following a serious illness of several weeks' duration.

Funeral services, with the Veterans of Foreign Wars in charge of military rites, were set for 5 p. m. in Sweetwater.

Action Not Expected For Another Few Days

TOKYO, Sunday, July 2. (AP)—The first U. S. troops to arrive in Korea today moved up toward battle positions north of Taejon against North Korean invaders who appeared stalled on the plains south of Seoul.

Taejon is 73 miles south of the fighting front, which General MacArthur's headquarters indicates is about 10 miles south of Seoul.

Associated Press Correspondent Tom Lambert in a dispatch from Taejon said the Americans were not expected to go into action for a day or two.

(In Washington, the Navy announced that heavily-protected sea convoys were rushing more U. S. infantry to Korea.)

The American troops, the first headed for combat since the end of World War II, landed yesterday at the southeast port of Pusan, 162 miles southeast of Taejon.

In full battle dress, the Americans piled into trucks when they reached Taejon and drove out north to the applause of watching Koreans.

The Communists were reported by MacArthur's headquarters to be massing 10 miles north of Suwon, the strategic city 20 miles south of Seoul, which the Americans abandoned as an advance base Friday.

By the account, the southerners still were in control of Suwon and its air strip. Lambert said that two American intelligence officers had returned to Suwon.

Informed sources said they had reports the Communists had moved south to within about five miles of Suwon before dawn Saturday morning.

This report appeared to be behind the headquarters information, however.

Lambert said it was possible the Communist column which crossed the Han river just south of Seoul had been held up by U. S. aerial attack or had run out of supplies.

W. Q. Reed of Dallas will be in the Houston area during the first part of the coming week. He has just wound up a tour in North Texas and in the Panhandle region.

Virgil E. Arnold makes his formal campaign opening speech Sunday at 1:30 p. m. at a rally on the American Legion grounds at Camp.

Fred (Red) Harris of Dallas is another headed for the Brady July 4 celebration. He will be there Monday, and Tuesday he heads for Terrell, Mt. Pleasant and Ennis.

Lambert reported from Taejon, 73 rail miles south of Suwon, that U. S. infantry had reached Suwon and Taejon, temporary American Field headquarters, is 162 miles by rail from Pusan, where the Americans are landing after 45-minute flights from Japan.

Earlier reports from Korea, given full credence in Tokyo and Washington, said the North Korean armored invaders had taken Suwon and were appearing southward against a South Korean defense that had virtually collapsed.

MacArthur's headquarters communique, issued shortly after midnight Sunday morning, gave a different, though somewhat qualified account.

"North Korean Communist troops that have crossed the Han River in the vicinity of Seoul are now concentrated about ten miles north of Suwon," said the communique.

"Late reports indicate Suwon is being held by the Suwon airport are being held by South Korean forces. The Suwon area was penetrated by advance elements of the Communist force on the night of June 30 (Friday) but apparently not in sufficient force to hold their gains."

The communique added "There was some increase in every activity south of the Han River, but not much."

Officers at MacArthur's headquarters reacted with amused silence to an almost simultaneous Washington announcement that the North Koreans had taken Suwon.

Although the Reds made a breakthrough Friday, forcing American field headquarters and South Korean officials to flee Suwon hastily Friday night, the communique intimated the invaders never actually conquered Suwon.

South Korean officials in Taejon Saturday night asserted no Red tanks were south of the Han River.

This could be treated with some skepticism. In view of the MacArthur communique statement that the North Koreans had erected three "makeshift wooden bridges" across the Han, the permanent steel bridges were blown up by the South Koreans when they retreated from Suwon, the Red-conquered capital.

Ask Switchmen Call Off Strike Because Of War

CHICAGO, July 1. (AP)—The government urged the AFL Switchmen's union today to call off its rail strike in view of "current critical developments" in Korea.

The union put off a reply until tomorrow.

C. E. McDaniels, chairman of the union's 40-hour week committee, said the switchmen will announce their decision tomorrow.

McDaniels said the decision would be reached at a meeting of the committee and Union President Arthur J. Glover in Chicago in the morning.

Glover talked to a reporter by telephone from his mother's home in Fort Atkinson, Wis., but said "I won't give any comment today."

John T. Scott, Jr., new chairman of the National Railway Mediation Board, asked Glover and the AFL Switchmen's Union of North America to restore full service promptly "in the national interest."

Construction Work Hits Record Pace

Construction work has moved along at a record rate during the first half of 1950, with building permit values for the six-month period far exceeding those of any previous complete year.

The first-half aggregate announced Saturday by F. W. Bette, city building inspector, shows 598 permits issued for construction projects costing \$2,474,605.

Both residential and commercial projects have contributed to the total. Greatest concentrations of residential work have been at the former rodeo grounds, where 40 duplexes are under construction, and the Rigley Terrace addition north of the high school athletic plant where some half a hundred new dwellings are in the making.

Meanwhile new progress has been made in the same areas at McEwen and Central Park additions.

Benefits Under US Brought Korea War

WASHINGTON, July 1. (AP)—John Foster Dulles said today night South Korea was attacked because "the Communists seem to have felt they could not tolerate this hopeful, attractive Asiatic experiment in Democracy."

The Republican policy adviser to the State Department said he believes a second reason for the North Korean aggression was a de-

pointed. He said the Western world had up to now hoped that the Communists would limit their violent actions to internal disturbances, and added: "The Korean attack marks a new phase in Communist recklessness."

Firefighters Hope Twist Of Valve Ends Fire

Firefighters who have worked at the scene for almost three weeks were hopeful Saturday night that a simple twist of a valve mechanism would shut off the oil and gas at the burning Pan American No. 1 Holley oil well sometime Sunday.

Efforts to place a valve over the well casing were successful on Friday, and cementing was completed Saturday afternoon. First cement applied Friday failed to seal off the oil and gas. However, Saturday's application was believed to be successful in every respect.

10,000 Expected For Fireworks Display Tuesday

Upwards of 10,000 people are expected to turn out Tuesday evening for the annual fireworks display.

Site of this year's pyrotechnics will be at the east end of the former bombardier school site and just above its target range. Time is 8:30 p.m.

Elton Taylor, head of the special chamber of commerce committee in charge of arrangements, said that the special displays were being mounted on high poles atop a steep bank.

"This is due to give enough elevation that practically everyone can stay in or at their automobiles and see the display," he said.

Two big aerial bombs will be fired 10 minutes in advance of the regular show. Then mortars alternately will pump aerial bombs of various types. Interspersed will be 14 major displays.

Texas Electric Service has set 35-foot poles on top of the big dump back of the old target range, said Taylor. These will put the special pieces in easy view of all the crowd.

Midway in the one-hour free show, about six pieces will be in the air at once and a display will be touched off to light the area. There are more than 100 pieces of all kinds in the show.

Among the special exhibits are "Palm Fountains," "Crystal Garden," "Aurora Borealis," "Old Glory," "Cleopatra's Fan," "Whirling Wonders," "Dad of Demons," "Pyrotechnical Grandola," "Niagara Fall," "Fountain of Youth" and the "Dazzler Grand Finale."

Spectators are advised to remain north of barricades near the firing point. The parking area east of the junior college is being cleared and put in shape. The highway patrol, police and other officers will be on hand to direct movement of traffic. Those who do not wish to witness first hand may park southeast of the Ellis Homes area.

Bond Sales Lag During Past Week; Total \$85,361.25

Bond sales lagged last week and aggregated only \$6,540.

This, however, brought the Howard county total to \$85,361.25 or 71.73 per cent of the \$119,000 quota for the Independence Drive campaign.

Ira L. Thurman, county bond chairman, expressed the hope, a quickening of business would meet the amount to the quota level by July 4. However, purchases of E bonds to July 17 will count in on the Independence quotas.

Here are aggregate sales and percentage of quota for several counties in this area:

Borden none and none; Dawson \$41,137 and 257.1; Ector \$63,798 and 59.3; Glasscock none and none; Howard \$85,361 and 71.7; Lubbock \$118,939 and 424; Martin \$1,275 and 10.6; Midland \$58,249 and 31.1; Mitchell \$15,022 and 41.1; Reagan \$1,556 and 19.9; Scurry \$20,250 and 41.7; Sterling \$3,131 and 42.8; Taylor \$117,169 and 62.6; Tom Green \$68,103 and 30.9.

Hospital Escapee Killed By Auto

A man struck by a car and killed five miles south of Lubbock Friday night was identified as Tom Whitley, about 50. cently as 398,157. Thus the two adjacent North Texas counties have a combined population of 971,475—the greatest population concentration in the South.

Release of Dallas County's population makes it apparent Texas' 1950 population could come closer to eight million than to seven million.

With only Harris (Houston), Bexar (San Antonio) and Kerr Counties not reported, the cumulative total for 251 counties is 6,373,235. But the spectacular growth of Houston and San Antonio, and their

populations in the past 10 years. In 1940 the Texas population was 6,414,824. The Census Bureau several months ago estimated the Texas population as of July 1, 1948, at 7,230,000.

Figures for San Antonio and Bexar County are expected in about a week, Houston and Harris County will come a few days later. Kerr County—an unexplained laggard as the nose count rolled toward a finish—is expected next week.

GOP Statement Urges Social Welfare Acts

PHILADELPHIA, July 1. (AP)—Republicans from ten states across the nation Saturday issued a "declaration of principles" urging the party to become the champion of social welfare legislation while guarding private liberties, against "slavery to the state."

Identities of some 50 members of the group—all described by a spokesman as "party rank-and-file" were not disclosed. They were reported by local political sources to be men and women of wealth and party influence who are convinced the party can win national control only through liberalizing its policies.

Henry V. Poor, former president of the New York Young Republicans, acting as spokesman, declared the group wants to "help our party by encouragement of progressive thinking, by gaining new members from independent voters and by helping... to make a genuine appeal to young men and women whose lives and interests lie ahead."

A national committee is being formed in New York City, Poor said, and "plans are already underway in many states for organization of state groups." Poor said the name "Republican Advance" had been adopted as a "general description" of the group's activities. Members were here, Poor said, from Massachusetts, Connecticut, New Jersey, New York, Pennsylvania, Missouri, Illinois, Minnesota, Colorado and Oregon.

Britain Ready For Emergency Steps

LONDON, July 1. (AP)—Britain's mobilization machinery, as part of normal defense plans, always is ready for an emergency, a ministry of defense spokesman said today.

Tax Cut Fatale Up To Korean War

WASHINGTON, July 1. (AP)—Senator Louis (D-Ill.) said Saturday that Korean war developments in the next two weeks probably will decide the fate of the House-approved tax bill.

Lenora Road

To Be Adequate

Appropriations for construction of the Howard county segment of the Big Spring-Lenora road will be adequate, it has been learned here.

George White, chamber of commerce highway committee chairman, and J. M. Greene, chamber of commerce manager, said that D. C. Greer, state highway engineer, indicated that the financial obstacle for the long-delayed road could be hurdled.

They conferred with Greer while in Austin Friday in connection with a hearing for a Kermitt-to-El Paso connection.

Mr. and Mrs. J. B. Pickle have two of their daughters and their families as guests, Mrs. Bishop Bailey and daughter, Linda and Janet, are here from El Paso.

THE WEEK

more for an used one, and still more for tires. The press, hardy up with a ration outline or two—and that did it. By the end of the week the ruff had petered out.

We had the high temperatures most of the week with usually pregame some thunderstorms activity Friday we got cooler weather, but no moisture. With four weeks past without showers, the ground now is plenty ready for more seasoning.

City and county authorities have now checked to the Texas & Pacific Railway company authorities plan for action on the vexing drainage situation east of town.

Two young men learned last week that City Judge W. E. Greenless takes a dim view of destruction of parking meters. The court slapped a pair of fines on them.

It is not improbable that the oilwell fire will be brought under control today. Apparatus for shutting off the flow was slipped over the casing Friday, and Saturday a cement job apparently held firm.

Encountering of a higher pay some in the East Vealmoor pool paved off developments last week. The reef formation has not been identified as lime or sand, but it was nearly 500 feet high to an adjacent well. That's a mighty sharp step up.

When the flag flew at half mast other day, it was for Bill Olsen Bill's business was buildings and grounds, but like teachers, he had the kids in his book—and in his heart.

Legally, today marks the beginning of the absentee voting for the first democratic primary on July 22. Tempo of campaigning is due to step up rapidly. Several races will crystallize within the next fortnight.

Council Decides To Relocate Negro Training School

AUSTIN, July 1. (AP)—The Youth Development Council decided Friday to relocate the State Training School for Negro Girls at Crockett, in East Texas.

KOREAN

(Continued From Page 1) was far from stable, the South Korean President Syngman Rhee and his top aides moved to an undisclosed point from Taejon.

The South Koreans said some small breaks on the southern defense's right flank near Seoul, but these were of undetermined scope and location.

The movement of combat troops northward from Taejon was in a pouring rain.

When the two forces will clash will depend upon the weather and number of other factors, including the resistance of the South Koreans and their ability to maintain supply lines.

The weather also will govern the timing of new and intensified air and naval blows by combined U. S., British, and Australian forces.

MacArthur's headquarters early in the day had reported "some increase in enemy activity south of the Han River."

The Americans apparently are going to dig in and wait for the Communists, whose column is believed to be led by tanks.

If the armored column, which ripped through the U. S.-trained southern army, can be stopped and destroyed the whole aspect of the ground fighting may turn from retreat to attack.

The precise movement of U. S. troops cannot be revealed under security regulations which military officials have requested—but not yet commanded—correspondents to observe.

Conditions were so bad yesterday that the Air Force reported its big B-29s had to bomb the marshalling yards at Seoul and other targets by radar.

The Kum-River is the next barrier between the Communists and Taejon, the current American headquarters. It winds about 25 miles north of Taejon.

In the end U. S. aerial attacks upon the long communication lines stretching into North Korea and upon accumulated supplies farther southward may be the most decisive factor.

It is still too early to determine the effects of U. S. bombing and strafing since the United States entered the conflict. But it doubtless has been considerable.

The American B-29 attack on the Han River Saturday was described as having "good results." Targets included bridges, anti-aircraft batteries and railroad yards in Seoul.

Bad weather hampered American fighters and light bombers, 12 of which has been lost since the Korean conflict began.

The airlift of American troops to Pusan was pressed on, however, despite the weather.

With steadily-tightening security precautions, details of troop movement were withheld. The first infantrymen to go were members of the 24th division, one of four divisions on occupation duty with the Eighth Army in Japan.

Censorship was being considered. Officers were tight-lipped.

A Far East Air Force spokesman, for instance, announced that 23 persons—all on board—were killed in the crash of an American C54 transport into a hillside at Pusan Friday morning. Later he amplified this bare announcement to state that it was not on a troop-carrying mission.

General MacArthur's headquarters said without detail, that British and Australian naval units had joined American naval forces in Korean waters.

The Navy said the American light cruiser Juneau was bombarded in Red positions on the east coast of South Korea Friday with 5-inch guns.

NATION HITS ROAD

Death Tags Along On U.S. Highways

By The Associated Press The nation hit the road for the long Independence Day week and Saturday. And death hitchhiked along.

National Safety Council officials hoped that careless motorists wouldn't make 1950's "Glorious Fourth" the nation's goriest fourth. But they predicted that 285 persons would be killed in traffic accidents by Tuesday midnight unless drivers take extra precautions for safety.

From 6 p.m. local time Friday to late Saturday night, 75 persons already had perished in highway crashes. Another 15 drowned, and 12 more died of various other accidental causes.

Deaths by states, listing traffic fatalities, drownings, fireworks and miscellaneous accident deaths in that order, were:

Geller Returns To First Love On Colorado Record

COLORADO CITY, July 1.—Byron Geller, new owner of the Colorado (City) Record, is returning to his first love as he takes over operation of the paper here today.

Geller, now 46, is a graduate of Detroit College and holds a law degree earned in 1929. For a time, he served as an associate editor of the Detroit Times. However, he left the newspaper field to join the staff of the state attorney general in Michigan in 1932 and held that post until 1936.

Subsequently he conducted a manufacturers' sales agency, marketing products of the Ford Motor company and others.

But newspapering was in his blood and he wanted to get back into it. For several years he had been seeking a small city with a paper to his liking. He found what he was looking for in the Record and in Colorado City.

Geller is now in Detroit settling his affairs and disposing of property. His wife, Elizabeth, and sons, Peter, 10, and Michael, 11, will accompany him here. His brother, Milton, is now on the job.

Summer Has Effect On Diseases, County Health Report Shows

Summer's effect on health was manifest in weekly reports of infectious diseases.

The Big Spring-Howard county health unit said 39 cases of diarrhea had been reported.

However, there were 20 cases of virus infection, perhaps a bit unseasonal, and one case of pneumonia. Measles, which have been hanging on tenaciously, accounted for eight cases.

Del Rio Youth Hit By Polio At Jamboree

DEL RIO, July 1. (AP)—Douglas Newton, Jr., 12, has been stricken with polio at the Boy Scout encampment at Valley Forge, Pa., his parents were informed by telephone today.

The boy's father is District Attorney Douglas Newton. The parents left for Valley Forge at 5 p.m. They were told their son is under treatment at a Naval Hospital near Valley Forge.

Cosden Well Logs New High On Reef In Reinecke Pool

Cosden Petroleum Corp. No. 1 J. L. McNeil, two locations east of the discovery well for the Reinecke pool, has topped the prolific Canyon reef at the highest point of any well in the pool.

Top of pay was picked at 6,688, a datum minus of 4,346 feet. This puts it 12 feet higher than Cosden No. 1-A Holley, a diagonal south-west offset to the discovery and previously the highest well in the area. It is 52 feet high to the Livermore No. 2 Reinecke, the east offset to the same operator's discovery.

Cosden drilled 147 feet into the reef and ran 6,790 feet of 5 1/2-inch string, cementing with 250 sacks. Operators were waiting on cement to set. Plugs will be drilled, possibly Monday and the test produced from the bottom 45 feet of open hole.

Cosden's No. 2-A Holley, west offset to its No. 1 well on the lease, was below 6,580 and nearing the critical zone. This venture is a northwest offset to the flaming Pan-American No. 1 Holley. Rutherford-Heep completed their No. 2-B T. L. Griffin, 467 from the south end 660 from the east lines of the southwest quarter of section 50-25, H&TC. Flowing 24 hours through a quarter-inch choke, the well made 603 barrels of 46.2 gravity oil natural and with no water casing pressure was 1,175. Tubing pressure 1,025 and gas-oil ratio 1,243-1. Top of pay was 6,828 (minus 4,468), total depth 8,947. Oil string was set at 6,913.

During the week Chapman & McFarlin No. 1 Holley, an east offset to Castleman & O'Neill No. 1-B Griffin, half a mile south of point from its west extension for the pool, completed for 1,419.6 barrels of 45.1 gravity oil. It had a gas-oil ratio of 1,471-1. Casing pressure was zero. Jacking pressure 325. Location is 652 from the west and 467 from the north lines of the southwest quarter of section 52-25 H&TC.

Another earlier completion was Rutherford-Heep No. 1 Holley

which had rated 608 barrels of 46.3 gravity oil naturally. This venture is 467 from the east and 660 from the north lines of section 50-25, H&TC. Top of the pay had been 6,887 total depth 6,952.

Rutherford-Heep staked location for No. 2-A Griffin, which will be 467 from the south and west lines of the southeast-quarter of section 50-25, H&TC. This makes it a direct east offset to the operators No. 2-B Griffin.

Second Discovery Seen For Midland

Magnolia Petroleum Company has officially completed another prolific flowing, high-gravity oil discovery in Midland County, where for years many said there was no oil.

Magnolia's No. 2 Roy Parks, located 1 1/4 miles southwest of the city of Midland and six miles south of Terrell, potential naturally from open hole in the Ellenburger for 786 barrels of 54-gravity oil daily.

Production flowed through a one-quarter inch tubing choke from a pay zone at 12,944-970 feet. Tubing pressure was 1,090 pounds and gas-oil ratio was 1,099-1. This new discovery also indicated for flowing production from the Pennsylvanian zone at 10,398-468 feet, from which it flowed 23.38 barrels of 44-gravity oil in two hours on a drillstem test. Operators probably will not tap this pay, which is now cased off, until later.

The No. 2 Parks is the second important discovery this year in Midland County. General American Oil Company and others opened the "Sweetie" Peck multi-pay field in the southwest part of the county, which already is producing commercially from four pay zones.

The No. 2 Parks is 660 feet from north and 2,180 feet from west lines of section 10, M Daugherty survey.

Midland Block Goes To Weiner

Ted Weiner of Fort Worth, and associates, have made a deal with Frank and George Frankel of Houston covering oil and gas leases on 2,800 acres in Central Midland County on the Floyd ranch which involves a reported \$500,000 cash consideration, plus a possible \$10,500,000 to be paid out of one-sixteenths of eight-eighths of the oil which may be produced from the properties.

The leases are adjacent to and outside the proven area of the Tex-Harvey field. There are no producers on any of the tracts. In acquiring the 2,800 acres of leases Frank and George Frankel agreed to drill four exploratory wells to at least 8,000 feet, or a test of the Spraberry sand of the Permian, during the next 12 months.

Locations have not yet been reported for any of the four explorations.

Included in the trade between Weiner and associates and Frank and George Frankel are the leases heretofore owned by the Weiner group in sections 19 and 39 in block 36, TP survey, T-3-S, and in sections 2, 4, 9, 11, 13, 24, 26, 29 and 31, in block 37, TP survey, T-2-E.

WET GUSHERS—A far cry from exploration in West Texas where rain and sand are frequent obstacles is the "End of the World" search, End of the World is a remote fishing camp in the Mississippi Delta. Shell oil explorers use it as a base while they depth-charge the floor of the Gulf of Mexico 22 miles out. Working from boats, at dawn seismic technicians set off explosives (shown above) beneath the surface much the same as out in West Texas. The result, below left, is a 100-foot geyser.

Weiner To Start On Martin Trio

Ted Weiner of Fort Worth, and associates, are to start drilling immediately on three wildcats in West-Central Martin County, according to an announcement Saturday by a Weiner representative.

One of the prospectors will be an 8,000-foot effort to test the Spraberry sandy lime of the lower Permian. The other two will be 4,500-foot projects to explore the San Andres, upper Permian lime.

All of the explorations will be on a checkerboarded spread of 3,890 acres Weiner and associates have secured from Magnolia Petroleum Company out of a large block of leases that concern has in that region.

Magnolia retains considerable acreage in that area. It is reported that Sinclair Oil & Gas Company and Phillips Petroleum Company are both supporting the three wildcats to be drilled by the Weiner interests.

The 8,000-foot wildcat to test the Spraberry will be Weiner, et al, No. 1 Lenora B. Epley. It is to be at the center of the northeast quarter of the northeast quarter of section 43, block 36, TP survey, T-2-N.

That puts it 12 miles north and four miles west of Stanton. It is to be drilled with rotary tools. Weiner, et al, No. 1 W. T. Epley will be one of the 4,500-foot developments. It is one and one-half miles southwest of the No. 1 Lenora B. Epley, and at the center of the southeast quarter of the southeast quarter of section 40, block 37, TP survey, T-2-N. Cable tools will be used to drill this venture.

Weiner, et al, No. 1 C. L. Russell is to be the second 4,500-foot exploration. It is located three-quarters of a mile south of the same operators No. 1 W. T. Epley, and at the center of the northeast quarter of the southeast quarter of section 1, block 37, TP survey, T-1-N. Cable tools will be used.

The acreage is 12 miles northeast of Gulf No. 1-E, B. Glass and the same distance southeast of Spartan Drilling No. 1 Wolcott, both of which have had oil shows.

Sharon Ridge Outpost Taps Higher Pay Zone

Humble Oil & Refining Company No. 1 Sorrels, exploration on the southwest side of the Sharon Ridge Canyon, field has recovered free oil on a drillstem test in a lower Permian lime, possibly Wolfcamp.

On the test at 4,322-40 feet, recovery after one hour was 70 feet of heavily oil and gas cut mud and 700 feet of 30-gravity oil, with no water. Deepening is scheduled.

The No. 1 Sorrels is 660 feet from north and east lines of section 100 block 25, H&TC survey.

AREA OIL REVIEW

By JOHN B. BREWER
SAN ANGELO, Tex., July 1—Discovery of a new and sixth pay in the 27-year-old Big Lake field in Reagan county, flow from Terry county wildcat and preparations to complete a Sutton county discovery rolled West Texas into one of its heaviest oil runs the past week.

The Big Lake field gained its sixth pay when Standind No. 1-BL University, on the southwest side of the pool, showed 54 gravity distillate at a rate estimated by some at 600-800 barrels daily on a 17-minute test from 8,902-20 feet in the Fusselman of the Silurian. An earlier test from 8,835 - 900 feet, recovery was 115 feet of 49 gravity distillate with gas rating 450,000 cubic feet daily. Completion is planned at total depth of 8,920. Other pays in the field are the Yates sand, Texon pay, middle Permian gas, Pennsylvanian gas and Ellenburger.

On its first flow from a formation thought to be Wolfcamp, basalt Permian, but possibly upper Pennsylvanian, Anderson-Prichard No. 1 H. C. Bevers, southwestern Terry county wildcat, produced 120.5 barrels of 40.9 gravity oil. Production was from 9,687-771 feet in lime topped at 9,705 feet. No. 1 Bevers is 660 feet out of the northeast corner of section 39, block DD, John H. Gibson survey, three miles southeast of Wellman.

Pump will be rigged at J. K. Davis, No. 1 Mrs. W. Faulkner, Sutton county Pennsylvanian prospect, which swabbed about 10 barrels hourly from open hole from 2,904 feet after acidization in a formation believed to be Strawn. Completion is scheduled in the prospect which is 660 feet from the north, 4,000 feet from the east line of section 79-A-GWT&P, 22 1/2 miles west of Junction. A diagonal northwest offset to the discovery will be staked.

A Pennsylvanian lime strike in southwestern Kent county, Kewanee No. 1-C Wilson Connell, completed for a daily rating of 313 barrels of 28.2 gravity oil, gas-oil ratio 394-1. Production was a through acidized perforations from 6,853-71 feet, probably the Strawn. Location is in the C NW SE 3-4-H&GN, 3 1/4 miles southwest of Barnsdall and Seaboard No. 1 L. R. Spires, Canyon strike.

The Cogdell (Canyon) field in Scurry county received a three-quarter mile west extension when Geier-Jackson, Inc., No. 1 Feidman-Pardo flowed at the daily rate of 162.32 barrels of 38 gravity oil, gas-oil ratio, 291-1. Production was from open hole between 7,006-59 feet after acidization. Location is 2,175 from north, 853 feet from west line of section 703-97-H&TC.

Delta Gulf Drilling Co. and Delta Drilling Co. of Tyler spotted an Ellenburger wildcat in Scurry, 14 miles west and two miles north of Snyder. Projected to 8,600 feet. No. 1 H. H. Eiland will be 616.7 from south, 660 feet from east line of section 283-97-H&TC, one mile east of the Borden county line.

Seaboard No. 2-D W. J. Stanfield rated 368.96 potential as a new Spraberry producer in southeast Dawson county.

The venture was bottomed at 6,763. Potential was based on a six-hour flow of 77.25 barrels of oil. There was no water. Location is 1,747 from the east and 1,988 from the north lines of section 27-34-5n, T&P.

Seaboard No. 3-D Stanfield, east offset to the No. 2, drilled to 4,814 feet. Seaboard No. 1-D Woodward, in the northeast quarter of section 47-34-5n, T&P, was below 6,900 feet and shut in. Seaboard No. 8-D Spraberry, southeast quarter of section 37-34-5n, T&P, was bottomed at 6,770. In three hours it swabbed 90 barrels of oil and was shut in. Seaboard No. 9-D Spraberry, east offset to the No. 8-D, pressed to 5,959 feet. Seaboard No. 1-DA Jeter, southeast quarter of section 36, waited on pump, and Seaboard No. 5-D section 48-34-4n, T&P, waited on rig.

Don Ameche No. 1 Johnson, seven miles north and slightly east of the Good pool was waiting on cement to set.

The 5 1/2-inch string had been run below 8,300 for test a kick shown on the Schlumberger survey from 8,240-8,300. It was barren in the Ellenburger to 9,734. Testing is due this week.

To Run Penn. Tests

Don Ameche No. 1 Johnson, seven miles north and slightly east of the Good pool was waiting on cement to set.

The 5 1/2-inch string had been run below 8,300 for test a kick shown on the Schlumberger survey from 8,240-8,300. It was barren in the Ellenburger to 9,734. Testing is due this week.

Making Progress

Sunray (Barnsdall) No. 4 Wilson, one and three-quarters mile northwest of the East Vealmoor pool in Borden county was making hole at 4,730 feet in lime and shale. It is 660 from the south and west lines of the northeast quarter of section 36-31-2n, T&P.

S' West Martin Test Shows In Pennsylvanian

Gulf Oil Corporation No. 1-E-B. George W. Glass, Southwest Martin County wildcat, 12 miles north of Midland and 18 miles west of Stanton is slated to run a second drillstem test in the Pennsylvanian lime.

Total depth of the prospector is at 10,785 feet. The upcoming investigation will probably cover the second from 10,695 feet to the surface.

This wildcat showed strong indications of possible production in the Pennsylvanian in a drillstem test at 10,616-693 feet.

The tool was open four hours. Gas came to the surface in 45 minutes. Maximum gas volume was at the rate of 18,000 cubic feet per day.

Recovery was 600 feet of heavily gas cut drilling mud with a trace of distillate. There was no water.

Some sources report that the top of the Pennsylvanian is at 10,490 feet. Elevation is 2,895 feet.

This venture logged some shows of oil and gas in the Spraberry section of the lower Permian. It is contracted to 13,500 feet to test the Ellenburger.

Location is 1,980 feet from north and east lines of section 13, block 39, TP survey, T-1-N.

Southwest Good Edger Plans Shot

The Good pool of southwestern Borden county settled to routine operations. Seaboard No. 17 Good, which topped the reef higher than an east offset on the south side of the field, failed to respond to a world's record single injection of acid. Operators deepened then plugged to 8,240 and prepared to shoot. It is 660 from the north and 1,994 from the west lines of section 48-33-4n, T&P.

Seaboard and Pan-American No. 19 Good, 1,988 from the east and 660 from the north lines of section 37-33-4n, T&P, was bottomed at 5,850 and set packer at 3,082 feet. Seaboard and Pan-American No. 20 Good, on the southeast side of the pool, was reaming with bottom at 1,072. Seaboard and Pan-American No. 21 Good, on the northwest corner of the pool as so far defined, made a trip at 6,906 feet.

Condon No. 2-38 Good, between the Operator's No. 1-38 Good and Seaboard and Pan-American No. 15 Good, drilled to 4,429 feet.

High Discovery To Seek Deeper Zone

Sunray (Barnsdall) No. 3 Wilson, which has indicated for production approximately 500 high to its north offset, drilled ahead Saturday in search of the deeper reef pay.

Operators cored from 8,972-92 feet, recovering 30 feet of lime with slight porosity but little oil stain. It was reported below 7,107 in black shale. Earlier, this venture had topped a Pennsylvanian zone at 6,447. This put it 492 feet high to the No. 1 Wilson, discovery well for the East Vealmoor pool on the central Howard-Borden line.

The deeper Canyon zone at 7,410 feet. On the test of the higher zone, which was not identified as lime or sand, the venture showed gas in three minutes, oil in 50 and flowed at the estimated rate of 15 barrels per hour.

Location is 1,980 from the north and 660 from the east lines of section 16-27, H&TC. Livermore and Texas - Pacific No. 1 W. B. Currie, 1,980 from the east and south lines of section 29-31-2n, T&P, a Clear Fork wildcat, had progressed to 2,920 feet in shale.

George Brown No. 1 Branon, two miles south of the East Vealmoor production and 652.7 from the west and 667.3 from the south lines of section 18-27, H&TC, was being watched closely in view of the Sunray No. 3 Wilson shows. It drilled to 6,465 feet in lime.

L. H. Armer No. 1 C. L. Jones, 2,014 from the north and 1,968 from the west lines of section 34-28, H&TC, northeast Howard 7,500-foot exploration, was below 4,883 feet in lime.

It has had free oil in the Wolfcamp at two points, carried below 7,905. It is 660 from the south and 1,968 from the west lines of section 2, 30-in, T&P.

Ohio To Drill Deep Tom Green Wildcat

Ohio Oil Company officially has released information on a rumored Ellenburger wildcat in Central-West Tom Green County.

That concern is to begin operations by July 15 on its No. 1 M. D. Bryant, to be located 2 miles south and one-half mile west of the town of Tankersley. It will go to 7,500. Exact location is 1,640 feet from east and 920 feet from north lines of southeast corner of section 1146.12 L&RR survey.

It is "the census of opinion" that quickest cash results come from inexpensive want ads.

One Completion, Location Highlight Vealmoor Play

One completion and one location marked activity in the Vealmoor pool last week.

Seaboard No. 2 E. L. Clanton, on the southern edge of the pool and a direct west offset to the No. 1 Clanton, finished from 413.46 barrels of oil. This was rated on a 24-hour flow through quarter-inch choke, natural and with no water. Gravity was 46.6. Casing pressure

was 800 pounds, tubing 700 and gas-oil ratio 866-1. Top of pay was 7,863, total depth 7,893, and 100 oil string was set at 7,866. Location is 660 from the north and west lines of the southeast quarter of section 33-32-3n, T&P.

Seaboard, et al, No. 1 W. E. Love was staked as a location on the southeast edge of the Vealmoor pool and a direct east offset to the No. 1 Clanton. It will be 860 feet from the north and west lines of the southwest quarter of section 34-32-3n, T&P. Saturday it was at 425 feet, drilling plug.

Seaboard No. 13 Zant, an inside location in the southeast corner of section 28-32-3n, T&P, drilled at 5,360.

Armer and Peckham No. 1-B McAdams defined the Vealmoor pool on the central-east side. It had 120 feet of gas and oil-cut mud, 115 feet of drilling mud and 515 feet of salt water. It is located 560 from the south and west lines of section 28-32-3n, T&P.

COUNTY AGENT SAYS

Oil Fire May Be Cotton Crop Saver

The Pan American No. 1 Holley oil well, which has burned furiously in southeastern Borden county for the past three weeks, may have saved cotton crops in the Vincent area from serious insect damage.

That possibility was advanced Saturday by Howard County Farm Agent Duward Lewter, who said there is reason to believe large numbers of crop-destroying insects have been killed by the fire. "There is no way to know def-

initely, of course, but several farmers in that area were preparing to poison insects a few days before the fire started. Then, after the oilwell caught fire, the insects began decreasing, just at the time when they should have started to gain in numbers. We do know that insects are attracted by light, and the oil well fire is clearly a source of light. Lewter explained.

Insects are not damaging Howard county cotton abnormally at this time, Lewter observed, since most cotton in the area is not advanced far enough for heavy insect danger. However, damage may occur from several sources in the future.

There is evidence that control of cotton fleas will be required between July 10 and July 20, and Lewter is advising farmers to observe their crops closely during that period.

Careless worms are causing some damage in a few areas, but they appear to be subsiding. The first crop of boll worm millers have hatched in corn, and they should be ready to descend upon the cotton fields anywhere from 21 to 32 days hence, Lewter said.

The Texas Extension Entomologist has advised that pre-square spraying and dusting is not regarded as practical in areas where the average cotton yield is one-fourth to one-half a bale per acre. Control measures against cotton fleas should be started when an infestation is noted at the rate of 25 fleas to each 100 bud terminals, Lewter reminded.

Dusts and sprays have been recommended equally with DDT, BHC or Toxaphene.

A few farmers have been poisoning grasshoppers recently, but there is no severe, general infestation. However, Lewter cautioned that a new generation of grasshoppers may arrive by July 4.

Order Anti-Aircraft Artillery To Vital St Mary River Locks

SAULT STE. MARIE, Mich., July 1. (AP) — A battalion of anti-aircraft artillery was ordered today to the vital Soo locks on what the Army called "a training mission."

At the same time, security measures were stepped up with the closing of the four American locks on the St. Marys River to all passenger ships. The federal government ordered the new policy Friday in its second security move this week. Earlier, all visitors were barred from the lock area.

At battle Creek, Mich., Army officers at Fort Custer disclosed that the 8th Anti-Aircraft Artillery battalion will leave for the Soo some time this week end for training and reconnaissance mission.

Anglo-Mexican Trade Pact Is Agreed Upon

LONDON, July 1. (AP) — An agreement on trade between Mexico and Britain has been reached in London, a well informed diplomatic source said today.

The agreement, resulting from a month's negotiations here between a Mexican trade mission headed by Carlos Novoa of the Bank of Mexico and board of trade officials, provides for an increased exchange of goods between the two countries.

Novoa left today for Paris where he will sign a French-Mexican trade and payments pact, which is "practically agreed upon."

The Anglo-Mexican arrangements will be officially announced in London and Mexico City simultaneously next week, the source said.

It is understood the London agreement is aimed at insuring a balanced trade between Mexico and Britain, with the United Kingdom arranging to facilitate imports of Mexican goods which at present do not come into this country.

Minimum quotas for British imports of Mexican goods which at present do not come into this country. Minimum quotas for British imports of Mexican products, the informant said, have been established.

Conversely, Mexico promises to import British goods in increasing quantities. No change has been made in the present system of payments, which is settled in dollars, but the informants said both countries expect their increased trade will not mean an additional outlay of dollars to Britain.

Postal Subsidies End To Parts Of Europe

WASHINGTON, July 1. (AP) — Special subsidies on U. S. gift parcels to a large part of Europe expired today, and the bargain rate of six cents per pound was replaced with the regular rate of 14 cents.

The difference had been paid to the Post Office Department by the Economic Co-operation Administration. Because of economic improvement, the subsidy is being discontinued to Britain, Northern Ireland, the Netherlands, Corsica, France and the western zones of Germany and Berlin.

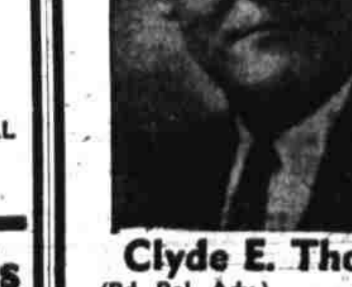

It continues to Italy, Austria, Greece, Trieste, China, Korea, and Japan.

LOCAL CANDIDATES Campaign Expenses Over \$4,500 Mark

Local candidates have shelled out more than \$4,500 to date on the current campaign. Reports filed with County Clerk Lee Porter show expenses of \$4,510.35 for first accounts, due last week.

Of this figure, ballot fees took the biggest bite, or a total of \$1,565 from those reporting. The range per each was from \$50 for top officers to \$10 in the instance of the justice precinct No. 2 places. Second major expense, and exceeding \$1,000 of the total, came from listing of names in newspaper columns.

Maximum allowed for county officers is \$300, for straight precinct officers is \$100. However, the ballot assessment fees are not included in the allowable. There were no sources of contributions listed outside of personal accounts and immediate families.

The reports on file at the clerk's office showed:

Placements Top Job Seekers, TEC Report Says

Job placements again exceeded job seekers last week. Leon Kinney, manager for Texas Employment Commission here, said that there were 45 new applications for jobs. At the same time, 66 referrals resulted in placement of 48 persons on non-agricultural jobs. Agricultural placements scaled up slightly, with 70 being placed for the week. Unemployment claims stood at 21. Visits to the office for the week were 412.

OKLAHOMA VOTING

4th Battle Royal To Open Primaries

WASHINGTON, July 1. (AP) — A Fourth-of-July battle royal for the Democratic senatorial nomination in Oklahoma will start the fire-works in primary voting this month — mostly in the South.

Senator Elmer Thomas, 73-year-old Democrat of the Senate Agriculture Committee who has seen 24 years of Senate service, is fighting for his political life. He's winding up a nip and tuck contest with Rep. Mike Monroney, six-term House member. Farm and electric power are the main issues.

It will be the first holiday election ever held in Oklahoma. A normal vote would run around 350,000. Three other Democratic senators—Johnston, S. C.; Long, La.; and Benton, Conn. — face opposition later in the month, the first two in primaries on the 11th and 25th and Benton in a state convention July 28-29.

South Carolina has a double-feature—Johnston's challenge by Gov. J. Strom Thurmond, States' Rights presidential candidate in 1948, and 71-year old James F. Byrnes' bid for a political comeback in a race for governor.

Seven states in all are holding primaries and conventions this month. Montana and Texas pick candidates for the House on the 18th and 22nd, respectively, with Texas also choosing a governor in a primary that usually means election.

Arkansas has a Democratic preference primary on the 25th, but only for contests in which three

One Candidate Up For Peru President

LIMA, Peru, July 1. (AP) — Peru elects a president Sunday with only one candidate in the field—Gen. Manuel Odría, former head of the ruling military junta.

Odría in a campaign broadcast last night declared that since the revolt he headed in 1948, Peru has "lived in peace and tranquility."

He added that when elected, he would carry out his promise to inaugurate a constitutional government.

Odría referred only briefly to the bloody revolt which swept through Arequipa two weeks ago, causing an estimated 250 deaths before government troops regained control.

Odría charged that the revolt was inspired by his "contenders"

IN BATTING

Jordan Is New League Leader

Tom Jordan, Roswell manager, took over the batting lead in the Longhorn baseball league through the season's midway mark last Wednesday by adding six percent aggregate points to his previous week's aggregate while Pat Stasey of Big Spring, the previous leader, dropped 36 points to sixth place.

Burnett Thinks Baltimore May Replace Browns

By HAROLD V. RATLIFF AP Staff DALLAS, July 1.—R. W. (Dick) Burnett, the oil man whose spending spree in baseball focused national attention, is willing and able to operate a major league club but in his own words: "I don't have a chance of getting it."

Burnett makes it clear that he would welcome the ownership of a team taking over the franchise of the floundering St. Louis Browns and that he thinks Dallas could support big league baseball.

ROOKIE OF THE YEAR Candidate Irv Noren (above) Washington Senators center fielder is a candidate for rookie-of-the-year honors, thinks his manager Bucky Harris. Noren leads his team in batting with a mark of .321. He has hit six home runs and has driven home 38 tallies. (AP Wire-photo).

17 TO 8 Hosse Scramble Odessans Again

Scrapping like the Broncs of old, Big Spring humiliated the Odessa Oilers, Longhorn league leaders, for the fourth straight time, 17-8, here Friday night.

Pampa Defeats Lamesa, 5-3

LAMESA, July 1.—The Pampa Oilers resumed their winning ways by dropping the Lamesa Oilers, 5-3, behind the stout pitching of Roy Parker here Friday night.

Williams Grabs Batting Lead

Fred Williams, Berger's veteran infielder, has regained the batting lead in the WT-NM league with a .416 average through games of Monday.

Manny Salvatierra Returns To Post

LAREDO, July 1.—Manuel Salvatierra, who resigned Tuesday as playing manager of the Laredo Apaches of the Rio Grande Valley League, was back on the job today.

Ed Cole Signed By Gainesville

WICHITA FALLS, July 1.—Ed Cole, who pitched the only perfect game in Texas League history, was signed today by Gainesville of the Big State League following his release by Wichita Falls.

League May Have Five 20-Game Winners

At this stage of the Longhorn baseball race in 1949, the Big Spring Broncs were leading the field by 11 1/2 games and Bert Garcia was just coming on to his own.

Victoria May Be Top Semi-Pro Nine

Only three of the 18 remaining home series of the Big Spring Broncs extend for more than two days. The silliest thing we've heard of in a long long while is the offer of an Odessa pitcher to fight George Thomas, the Longhorn league umpire.

STOP THAT SHIMMY AT S & S

They've shown a glaring weakness while facing left handed pitching. The best semi-pro outfit in Texas diamond circles right now is supposed to be the Victoria Roebuds, which boast a number of former professional hands.

Five Yanks Reach Q' Finals In Wimbledon Tennis Meet

Aussie Upset By Seixas

WINBLEDON, Eng., July 1. — The Americans cut the heart of the Australian challenge at Wimbledon today, leading five players in the final eight of the men's singles in the All-England lawn tennis championships.

Young Vic Seixas of Los Angeles led the star-spangled parade into the quarterfinals in perfect tennis weather as he ousted Jack Bromwich, two-handed Aussie veteran, with astonishing decisiveness, 6-1, 7-5, 4-6, 6-3.

BEHIND-THE-SCENES OPERATORS—Ever wonder why the Big Spring baseball club has to average 700 paid admissions a game to make expenses? Besides the players, the people pictured above are all in the employ of the team. VOTING LIGHT

Stacey, Pascual And Garcia Garner Votes For Classic

Fan balloting for the Longhorn league all-star game to be played in San Angelo on the night of July 19 has been extremely light. But several hot scraps are developing for places—especially of the eastern squad.

Deadline for the votes to reach the league office is Saturday noon, July 6.

On the basis of early returns, as reported by League President Hal Seixas, here are the leaders:

Cats Make Ready For All-Star Go

DALLAS, July 1. — Two things have already been determined regarding the Texas League's annual all-star game—Fort Worth will be the host city and Manager Bobby Bragan of Fort Worth will manage one of the teams.

Fort Worth clinched the host spot this week by compiling a lead that will insure its first place in the standings as of July 4.

The northern clubs—Oklahoma City, Tulsa, Dallas and Fort Worth—will furnish one squad the southern clubs—Shreveport, San Antonio, Beaumont and Houston—the other. The sports writers and managers will select the squads.

Bombers Blast Coahoma, 17-6

COAHOMA, July 1. — The Big Spring Bombers scored all of their runs in four innings Saturday afternoon to hand the Coahoma entry a 17-6 setback in American Legion Junior baseball district play.

The Bombers pounded across four runs in the fourth, three in the sixth and five each in the eighth and ninth frames. Coahoma was held scoreless until the sixth when two runs came in and then added four on a belated ninth inning rally.

Washburn and Choate, with two singles and a triple each, paced the Bomber attack, while Washburn held Coahoma to four singles.

Welch Opposes Knapp Today

WELCH, Okla., July 1. — The Big Spring Broncs scored a moral victory here Saturday night. They registered a run off Dean Franks.

Of course, Franks and the Roswell Rockets won an 12-4 decision that was achieved much easier than the score would indicate. But the fact that the Hosses were able to escape a whitewashing at the hands of the cross-firing right-hander was something.

Roswell built up a 10-2 lead in the first five innings. Then Pat Stacey clubbed his sixth homer of the season with a man on. The Rockets added a couple of more. Then Carlos (Potato) Pascual picked one of Ray Drake's pitches for his 13th round tripper of the season with the sacks drunk in the ninth.

Bert Garcia started on the pitching rubber for Big Spring but it would have been a more profitable evening for him had he been peddling peanuts in the grandstand. As has been the case quite a few times this season, Garcia never had it.

Tom Jordan powered out his 20th home run of the season, though it came at Tony Iglesias' expense and not Garcia's. Russ Mays' also had a homer, his fifth of the year.

Danny Concepcion got rid of the locals' antagonist, Franks, in the ninth frame when he smacked Dean on the pitching hand with a line drive. Franks retired with a painful bruise. Otherwise, it is doubtful the locals would have had those last four runs.

Cats To Dedicate New Field Wednesday

FORT WORTH, July 1. — A downtown parade led by the Carwell Air Base Band will begin the festivities of "baseball day" here Wednesday. It will be climaxed by the dedication of the new Le Grave field, home of the Fort Worth Cats of the Texas League.

Automobiles will carry members of the Cat team and visiting baseball officials.

INVADE ODESSA MONDAY

Cayuses End Home Stand In 3:30 Contest Today

The Big Spring Broncs wind up their series with the Roswell Rockets at Steer park here this afternoon, then direct their attentions to another important set immediately ahead with the Odessa Oilers.

Today's engagement — you will take note — is down for 3:30 p. m. That's a half hour later than Sunday contests have been starting here in the past.

The Hosses take on Odessa in a single game Monday night, then square away in two seven-inning bouts Tuesday, July 4. Their first go is booked for 5:30 p. m.

Tribe Replaces Yank In Runner Up Position

CLEVELAND, July 1. — The Cleveland Indians hit three home runs to Detroit's two to beat the league leaders, 7-4, Saturday and vault over New York into second place.

Cleveland's win, coupled with a loss to Boston by New York, shoved the Tribe three percentage points ahead of the Yanks, 4.59 to 3.84. Both the Yanks and Cleveland are four games behind Detroit.

Al Rosen smacked his 22nd four-bagger in the first inning with two on base, and his 23rd in the third with one on. Both were off the pitching of Hal White.

Jim Hegan homered in the eighth with none on.

Detroit's round trip blows were by Hoyt Hensler in the fourth and Johnny Groth in the eighth. There were none on in each case.

Vets Who Are Not Reservists Can't Be Called

WASHINGTON, July 1. (AP)—Army and Air Force veterans who were discharged after the last war—and who didn't sign up for the reserves then—cannot be recalled to service on the ground that the war emergency has never ended officially. In general, that was the reply of Army and Air Force spokesmen today to these two questions being raised by veterans:

1. In case of a presidential call up of reservists, what would be the status of former officers who did not sign up for the reserve commissions after their war service?

2. Could a discharged GI be grounded back to service on the grounds that the draft law which was in effect during the war obligated him to serve for the duration and six months?

The Air Force said any air officer who has separated from the service, without signing up for a new reserve commission, could not be recalled. In case the country should find itself in a new emergency, a spokesman said, the Air Force would review the rolls of former officers and offer new commissions to those it wanted. Those offered new commissions would not have to accept them, however.

The spokesman added that discharge certificates protect enlisted air vets of the war against being recalled.

An Army representative said former Army officers, who were discharged from their commission and who did not sign up for new reserve commissions, could not be called back. However, some who were placed on inactive duty, rather than being discharged, would be.

War-time GI's who were discharged couldn't be called back under the wartime draft law.

In the Navy, reserve officers' commissions are for an indefinite period. Most naval reserve officers were placed on inactive duty after the war. They are still in the reserve and subject to being recalled to duty. A few have been discharged or have resigned, however.

Former Navy enlisted men, if they did not enlist again following discharge during mobilization, have the same status as any other civilians.

Cubs, Parents End Annual Day Camp Activities

Approximately 100 Cub Scouts and their fathers broke camp Saturday morning at City park to conclude the annual Day Camp for Cubs of the Lone Star Scout district.

The Cubs, together with 41 adult leaders, den chiefs and Boy Scouts, participated in camping activities at the park on Thursday and Friday. Another closing feature was a family picnic in the park on Saturday afternoon, which completed the formal program for the camp. Most of the Cubs and their fathers remained for an overnight camp in the park, however.

During the camp, which was directed by Obie Bristol and Carlos Warren, military bugle calls were used for assemblies, etc. The Cubs participated in potato races, sack races, swimming, ball games, boat races, knot-tying contests and other games.

In addition to regular adult supervisors, Big Spring Registered Nurses kept representatives at the camp throughout the two-day event.

Postal Receipts Surge Ahead Of 1949's Figures

Postal receipts have finally surged ahead of the 1949 figures. Postmaster Nat Shick announced Saturday.

Income for the month of June came to \$13,089.94, bringing the aggregate for the first six months to \$71,258.23.

Receipts for June, 1949, amounted to \$10,268.28 and for the first six months of last year \$60,324.10, a difference of \$1,934.13.

Receipts slumped in January of this year but have rallied during the past two or three months.

Something New In Holiday Houses

Manufactured by the Lennox Furnace Co., the world's largest manufacturers and engineers of warm air heating systems.

LENNOX HOLIDAY HOUSES

Easy summertime living is yours with a Lennox Holiday House. Town or country, garden or lakeshore, a Lennox Holiday House will give you the cool relaxation of outdoor living.

LAKE COTTAGE: Ideal for those fishing or hunting trips, or it may be used as a guest cottage in conjunction with a lake lodge. Size 12' x 23'.

RECREATION CENTER: This 12' x 15' recreation center can be beautifully utilized as a back yard or lawn recreation center.

GARAGE COMBINATION: This model available in 12' x 18' size, can be used as a garage in the winter time and for recreation in the summer time giving it most desirable year-round utility.

The LENNOX Aluminum HOLIDAY HOUSES can be assembled by almost anyone. Put together for the most part with tension cleats, this eliminates the use of many screws and allows for easy expansion and contraction resulting from extreme temperature changes. Standard panel construction permits easy expansion by purchase of additional panels, ridge and eave trim.

4-H Field Day Slates Varied Events Tuesday

Competitive events, educational exhibits and a barbecue luncheon have been scheduled for the annual Howard County 4-H club field day Tuesday at the former Army Air Field.

Activities will be in progress at the first warehouse building from 9 a. m. to 3 p. m.

The 4-H club organization, the Howard County Farm Bureau and the Big Spring Junior chamber of commerce are cooperating in sponsoring the field day.

One of the major contests, grading of slaughter cattle and calves, will be open to everyone attending. Entries will be scored by a professional grader from the Fort Worth stock yards.

In addition, 4-H club members will exhibit and weigh 48 calves they are feeding out in preparation for the next livestock showing season. There will be a cotton insect display and a grass exhibit for educational purposes.

Contests exclusively for 4-H club members will include judging of livestock, grasses and field crops.

Members of the junior chamber of commerce will serve the barbecue luncheon during the noon hour. The Howard County Farm Bureau will furnish the barbecue for the event.

All members of the Farm Bureau, 4-H clubs and their families, business men and guests have been invited to attend.

State Hospital Enlargement Up For Bids July 20

First unit of a major enlargement program for the Big Spring State Hospital will be up for bids on July 20.

The Board for Texas State Hospitals and Special Schools has asked for offers to construct four staff cottages at the Big Spring State Hospital.

In the program outlined and approved on June 5, the board had set up \$60,000 as a tentative amount for this work. Not only could the board proceed more rapidly but this also was considered a key toward interesting members of the medical profession in staff positions.

Bids are being asked at the same time for cottages at the McKnight State Sanatorium at Sanatorium Texas.

Under the projected plan of enlargement, advanced as an immediate need, the board for hospitals and special schools set up

a total of \$945,000 for work at the hospital here. \$662,000 was set up for ward buildings to accommodate 250 more patients; \$47,500 for equipment of the ward buildings; \$75,000 for employe buildings; \$10,000 for additional storeroom facilities.

Dodd To Attend JC Meeting In Dallas

E. C. Dodd, president of Howard County Junior College, is to attend a meeting of the Texas Legislative council for junior colleges in Dallas Thursday.

Administrators of junior colleges will go over data for a long range report on cost of construction and capital investment; information on facilities; general and financial information.

Dodd has been named to a member of the committee on preparation for the Texas Junior College association's part in entertaining the American Association of Junior College when it meets in Dallas in March of 1953. The committee has not been convoked.

"Certain Inalienable Rights.."

"When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of Nature, and of Nature's God entitle them, a decent respect for the opinions of mankind requires that they should declare the causes which impel them to the separation."

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any form of government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Government long established should not be changed for light and transient causes; and accordingly all experience has shown, that mankind is more disposed to suffer, while evils are sufferable, than to right themselves by abolishing forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

"We, therefore, the Representatives of the United States of America, in General Congress, assembled, appealing to the Supreme Name and by the authority of the good people of these Colonies, solemnly publish and declare that these United States are, and of Right ought to be, Free and Independent States and for the support of this Declaration, with the firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our Sacred Honor."

Gay Underwood And T. O. Morgan Exchange Vows On Saturday Night

Gay Underwood became the bride of T. O. Morgan in a double ring ceremony held at the 14th and Main Street Church of Christ Saturday at 8 p.m.

The bride is the daughter of Mr. and Mrs. A. L. Underwood of Gorman. Morgan is the son of Mr. and Mrs. E. R. Morgan of Garden City.

Palms and fern arrangements highlighted with lighted tapers in candelabra and baskets of white gladioli and Marconi daisies. An archway was decorated with fern and Esther Reed daisies.

Alan Bryan, associate minister of the church, officiated.

Earl Files of Abilene, uncle of the bride, gave her in marriage.

The bride wore a white net over taffeta formal styled with a short lace bolero which fastened with three lace covered buttons, a Peter Pan collar and a lace insert in the upper part of the skirt. Her cascade bouquet of white gladioli was topped with a white orchid corsage.

Carrying out wedding traditions, the bride wore a pearl ring belonging to Cody Selkirk as something old. Something new was a strand of pearls. For something blue, she wore a pair of pearl tear drop earrings borrowed from the maid of honor, and a pair of lavender blue garters. She also wore a penny in her shoe.

Rebecca Rogers was maid of honor. She wore an orchid organdy formal over taffeta. Her dress was styled with an off-the-shoulder neckline.

Ella Von Fortune also attended the bride. She wore a green organdy dress over green taffeta. It was fashioned like that of the maid of honor.

Bridal attendants carried colonial bouquets of yellow Peruvian lilies.

Gary Nichols and Gerald Harris served as candlelighters and ushers. Best man was Howard Swanson. As the candles were lighted a chorus, composed of Sunny Jo

Merideth, Mrs. Alan Bryan, Lou Ann Nail, Mrs. Buel Fox, Revis McKeenan, Glen Henderson, John Hamilton, Mary Louise Porter and Dan Conley sang "Just A Song At Twilight." Other selections by the chorus were "One Alone" and "O Promise Me." The chorus hummed the wedding marches.

Mrs. Morgan wore a red carnation corsage.

Immediately following the ceremony, a reception was held in the home of Mr. and Mrs. Dan Conley, 306 West 15th.

Covered with an organdy ruffled cloth decorated with satin ribbon, the refreshment table held a centerpiece of orchid and white roses and a miniature bride and groom.

Mary Louise Porter presided at the cake. Lou Ann Nail and Frances Walker were at the punch service. LaJuana Bryan was at the bride's book.

Johnanna Forrest Becomes Bride Of Travis Crow On Friday Night

In a double ring ceremony held Friday evening in the home of the bride's parents, Mr. and Mrs. C. Forrest, 408 Willow, Johnanna Forrest became the bride of Travis Crow, son of Mrs. J. L. Franks, Route One.

B. R. Howze, minister of the Primitive Baptist church, officiated.

The bride was attired in an ice blue organdy dress trimmed with broaded baskets and flowers of pink and yellow. The costume was styled with a high upstanding collar, a full gathered skirt with a cummerbund ending in a bustle effect. Her white veil was shoulder length and was attached to a halo hat of organdy and flowers. Her accessories were white. She carried a white Bible topped with an

arrangement of gardenias and irises.

Stephanotis. She carried out the usual bridal traditions.

Anna Forrest served as her sister's maid of honor. She wore a shell pink dress styled identical to that of the bride's. Her head-dress was formed of maline and flowers. She carried a colonial bouquet of pink and white asters. Her accessories were white.

Wedding decorations included an arch entwined with ivy and flowers. On each side of the arrangement were baskets of gladioli.

For her daughter's wedding, Mrs. Forrest chose a brown crepe dress with brown accessories and a corsage of yellow irises.

Mrs. Crow wore a navy blue crepe dress with navy blue accessories and a corsage of yellow

A reception was held immediately following the ceremony.

Mrs. E. S. Crabtree presided at the punch service. Mrs. Glenn Cantrell served the cake.

After a wedding trip to Fort Worth, the Crows will be at home in Big Spring, where Crow is employed by Bushbroom and Baugh contractors, Dallas.

For traveling, Mrs. Crow chose a fawn colored crepe dress with white accessories.

Mrs. Crow is a 1947 graduate of Big Spring High school and has been employed by the telephone office.

Crow is a graduate of Heigh High school in Alameda, California. He was in the Army for one and one-half years and served overseas for nine months.

Though Much Excitement Missing, Red Cross Offers Many Services

Since 1947, the Howard-Glasscock counties chapter of the American Red Cross has settled more into a daily routine business. Some of the excitement and drama of the war years is missing, but the program is active.

Home Service plays the biggest part in the day by day activities of the chapter and is the service where the largest amount of the funds collected are spent. Home Service is the Red Cross name for welfare service, a mandatory obligation of any chapter. During the past year, the chapter has averaged some 87 cases per month.

Cases fall into many classifications, financial assistance for basic maintenance, special needs such as medical, hospital care and burial expense, emergency transportation, food, shelter and clothing.

Many veterans are assisted with their claims.

During the past year, the local Red Cross chapter has not been faced with any sort of local disaster. But some equipment has been purchased and in agreement with the Ham radio operators, a plan for emergency communications has been reached.

In the field of first aid, classes have been taught with all attendants at the State hospital taking part. The chapter has asked permission to train new attendants as they enter. A class of 40 men have been trained in Standard and Advanced first aid at the Texas and Pacific Railway company. This group has entered an agreement with the Red Cross and will continue to practice their first aid training at regular intervals and will be available for rescue work in time of disaster for the Red Cross. The Red Cross maintained a first aid station with a trained first aid worker at the centennial celebration and at the Howard County fair.

The chapter retrained eight first aid instructors during the past year. At the present time, a class is being organized at Vealmoor.

During the year, one of the Red Cross trained accident prevention instructors taught a class of 33

seventh graders. The course was entitled "On Guard Against Accident." Red Cross also provided material to be used in the teaching of accident prevention in the school. A more extensive school program is planned for next year.

Last summer, the Red Cross assisted financially in the paying of the instructor for the YMCA swimming classes carried on at the municipal pool. Many of the students are doing volunteer work in training classes in swimming.

Last Spring, Mrs. Louise Horton went to a Red Cross Nursing Institute in San Angelo and was trained to teach the newly designed home nursing course as

provided by the Red Cross. A class was held on the west side of town. Nine classes have been taught in both men and women attendants at the State Hospital. Seventy-five have received certificates.

Some 200 volunteers assisted with the Red Cross fund drive in March. Total raised was \$9,988.12. Red Cross is now preparing for the direction of a Gray Ladies service when the VA hospital opens here.

Red Cross carries on at all times a program of civilian relief, covering those cases which do not readily fall within the policy of any other established agency.

Red Cross Worker Has Little Leisure

Ever think that your local Red Cross office has little business to pass through its doors? Ever think that your Red Cross executive secretary has nothing to do? She hasn't much to do. That is, if you call a full schedule leisure time.

Take a typical afternoon for example. Returning from lunch, the executive secretary finds three people waiting. One was a woman seeking work. She had been assisted before in finding employment as the Red Cross office does this duty as a sort of public service. The secretary says that many in need of employment call at the office and in turn the office gives the information to persons seeking to employ a worker.

While the woman talked, a couple waited. When their time came, the secretary verified some points of their story and gave financial assistance. As this couple left the office, a colored girl needing assistance in preparing documentary evidence to establish her claim as the wife of a veteran came in for help. She was assisted in preparing affidavits and filling necessary forms.

While the young wife was in the office, three others came into the waiting room. One, the mother of a serviceman, whom she needs at home badly, came seeking advice

as to the proper manner in which to proceed in securing his release from service, if possible.

Then, the Latin American couple came asking help in recovering stolen government subsistence checks. They have been helped continuously since the first of the year both in assisting in the preparation of evidence and in interpreting their letters.

Following this couple and before the previous callers could be placed on the daily register, a woman called and asked that the secretary investigate her situation. The secretary went with the woman to her car which was parked under the east viaduct. There was a family with four children from California, stranded in a broken down car. The chapter assisted the family in securing groceries. The man was seeking work, but a few days later they left town.

When the worker returned from this call, a local veteran for whom the Red Cross holds power of attorney, was waiting for the secretary to assist him in preparing and sending additional evidence to the VA to establish service connection.

HI-TALK

BY KITTY ROBERTS

The teen-agers activities followed the same pattern as the weather this week. As the breezes cooled off the latter part so did the activities.

Sunday afternoon Mary Jane Collins held a Coke party at her home in honor of Sandra West who has moved here from California. Those attending were: June Cook, Diana Farquhar, Claudette Harper, Annette Puckett, Doris Jean Brown, Joy Williams, Jackie Macchabot, Shirley McGinnis, Sue Robinson, Shirley Wheat, Joyce Anderson, Judy Lawson, Jeanette Petty, Lynette Bluhm, Martha Claire, Rita Wright, Maxie Yungler, Ann Crocker, Marilyn Miller, Martha Hughes, Barbara Greer, Susan Houser, Geraldine McGinnis, Gayla Mosier, Mona Moad, Jo Raley, Ernestine Dillard, Lou Ann Nail, Peggy Lamb, Sue Craig, Martha Johnson, Pat Lloyd, the honoree and hostess.

Some of the couples seen at church Sunday night were: Fern Crabtree, Larry Dillon; Jo Ann Miller, Frank House; Ann Crocker, Floyd Martin.

Battling it out at the tennis courts after church Sunday night were: Russell Logan, Jerry Bond, Hollis Harper, Fritz Smith. Later they joined Billy King and Lindel Newton in a watermelon feast.

At the swimming pool Monday afternoon were quite a few kids — some in, some out. A few of them were: Tommy Porter, Ernest Potter, Corky McDonald, Robert Reed, Amos Jones, Chester Cluck, Lynette Bluhm, Joyce Anderson, Nancy Clark, Doris Brown, Sandra West, Barbara Greer, Bill Seawell, J. W. Drake, Nancy Whitney, Bobby Maxwell, A. J. Cain, Moe Madison, Delmer Turner.

A number of dates had a little ping-pong, dance, and do-what-you-can-party at Ike Robb's house Monday night. Some of the couples were: Ann Crocker, Paul Shaffer; Joyce Beene, Ike Robb; Jane Stripling, Jerry Houser; Nancy Lovelace, Eddie Houser; Nancy Whitney, Bobby Maxwell.

The YMCA resumed their swimming lessons last Monday. There were 75 boys and 64 girls entered in the beginners class, and about 5 in the intermediate and advanced classes. Due to the large group, the classes had to be divided into three separate hours.

The teen-age instructors on the job this week were: Susan Houser, Sandra Swartz, Johnny Coffee, John Robinson, Ann Crocker, Nancy Clark, June Cook, Bobo Hardy, and Kitty Roberts.

The Y also started their Modern dance classes Tuesday. The girls, under the direction of Bonnie Dempsie, studied the fundamentals of modern dance. Attending the class were: Nancy Clark, Jo Ann Smith, Kitty Roberts, Diana Farquhar, Doris Jean Brown, Fannie Collins, Sue Robinson, and Shirley Wheat.

Tuesday afternoon at the swimming pool were JoAnn Miller, Joyce Goud, Frances McClain, Mary Alice Weatherford, and Jane Norman.

Seemed like old times Sunday afternoon seeing Peggy Carter, Donnie Reeves, Dolores Hull, and James Roy Odum driving around together.

The Rainbow Girls held a regular meeting Tuesday night, and five new members were initiated. They were: Belva Jo Wren, Mary Lee James, Lynelle Martin, Lyda Mae Axtens, and Betty Wright. The Rainbow Girls also had charge of the concession at Barrack's antique furniture auction Thursday.

Mrs. Neil Frazier's ensemble held a meeting in her home Wednesday afternoon to further their plans for a trip to Ruidosa. The girls had planned to go this week end but complications of reservations, transportation, and chaperons prevented them from making it. They then planned for the following week-end, if possible.

At the show Wednesday night were: Susan Houser, Grady Dorsey; Jeanette Petty, Frank Philley; Marilyn Miller, Hal Rosson.

Jody Smith held a party-dance at her home the past week. Those attending were: Sandra Swartz, Richard Pramm; Gail Price, Russell Green, Martha Johnson, Jeff Hanna, Pat Lloyd, Billy Bob Watson, Lynette Bluhm, Jack Little, Joyce Anderson, Luther McDaniel, Charles Rainwater, Jack Wright, Omar Pitman, Beverly Blies, Johnny Hudman (Tuss), Jim Hahn, Jimmy Wilcox, Woody

Woozcraft, Martha Clare, Dee John Davis.

At the show Thursday night were: Susan Houser, Ann Crocker, Sue Craig, Aury Burke, Grady Dorsey, Floyd Martin, Mary Jane Collins, Sue Robinson, Doris Jean Brown, Jeanette Petty, Frank Philley, Rita Wright, John Fort, Claudette Harper, Leonard Hartley; Jan Masters, Howard Jones, Friday the 1950-51 vll leaders, who were elected in the spring, held a meeting to discuss their uniforms and practices for the coming year. These girls, selected by the student body, are: At large, Sue Craig; Seniors, Ann Crocker and Wanda Petty; Juniors, Shirley Riddle and Diana Farquhar; Sophomores, Mary Lou Leppard; Freshman, Claudette Harper.

A teen-age dance was held at the Legion Hut Friday night. A large number attended the dance.

VOWS

(Continued From Page 1)
Croft, New Mexico, the Morgans will be at home at 508 Nolan on July 7.

For the wedding trip, the bride chose a pink-linen suit styled with a peplum effect of white eyelet, embroidery. She wore white accessories and a white orchid corsage.

Mrs. Morgan graduated from Gorman High school last year and has been attending Howard County Junior College. She has also been employed by the power department of the Texas Electric Service company.

Morgan is a graduate of the Garden City High school. He served three years in the Air Corps. He has been employed by the Finance Service company and attends Howard County Junior college. The Morgans plan to enter the University of Texas, Austin, this fall.

Out-of-town guests included: C. D. Tice of Gorman, grandfather of the bride, Mrs. E. Underwood of Gorman, grandmother of the bride, and two aunts Jo Underwood and Mrs. Earl Files of Abilene.

Preceding the marriage, Mrs. Morgan was named honoree at a kitchen shower given Thursday night in the home of Marguerite Selkirk. Cordie Selkirk assisted Marguerite Selkirk with the hostess duties for the Coke party.

Red, yellow and green served as the color scheme for the decorations and party favors.

Covered with a plaid linen cloth, the refreshment table was centered with a sombrero. Fresh garden flowers topped with a verbenia nosegay encircled the crown of the sombrero.

Favors were miniature knives and forks.

Included on the guest list were: Dorothy Lusk, Betty Collins, L. A. Juana Bryan, Georgia Stroope, Linnie Dennis, Barbara McWhorter, the hogrope and the hostesses.

HELLEN'S HINTS

---Where to shop for what---

I'M AIMING AT BARGAINS THIS WEEK, and while browsing around town I've taken a good based on values. Let's of local merchants are presenting, or are getting ready for their annual summer sales and the turn of the month sets them busy slashing prices like mad. Listen to these shopping suggestions:

SLICE OUT A COUPLE OF HOURS from your busy clocked day and take it easy. Lady. Two hours spent at the Sittles Beauty shop getting a relaxing shampoo, massage, (trim if you need it) and set is ten times worth the asking price! Six operators are on duty with a skill that's unexcelled in Big Spring. Especially nice at the final touch of a weekly beauty treatment is a manicure while you're under the dryer. Check with the shop for a convenient appointment and I'll bet it becomes a weekly habit.

IF YOU SIMPLY WANT A STRAPLESS BRA buy any, but if you're looking for real support in a strapless, you just can't beat the Whiplools at Zack's of Margos. Sewn snugly from the cups are body molding bands of elastic which snap in back on two inch bands of hooks and eyes. The net and lace detail on the upper cup goes very nicely with the quality satin foundation of the lower edge you'll like the cushioned wire construction and the perfect fit in ABC's from 32 through 38's. Five dollars is the price.

SALES ARE IN THE PINK with pinking shears and you'll be interested in the prices. From \$3.25 to \$6.95, Wiss scissors are constructed to prevent raveling, eliminate over-casting and to give a smart finish to all inside seams. I tried them out, and they really do the pinking business which will blend with the quality satin foundation of the lower edge you'll like the cushioned wire construction and the perfect fit in ABC's from 32 through 38's. Five dollars is the price.

MRS. ILMA GLENN, BEAUTY CONSULTANT at Hemphill-Wells, has just returned on New York where she completed a post-graduate course in Cherie's of the Ritz special instruction. She brings with her the very latest suggestions on care of the skin and also many interesting professional hints on colors which will blend with new fall fashions. Less than ten women from all over the nation were selected to attend the exclusive school of instruction, and Mrs. Glenn tells me she is anxious to offer personal consultations (complimentary of course) to very woman who has a question, a problem, an interest in her beauty regime.

I NOSED AROUND THE BACK SHOP at Lucille's Interior Decorators last week and discovered for myself why the shop is gaining such a wonderful reputation throughout West Texas. Each piece of furniture brought to Lucille's for re-upholstering, is stripped to the frame for a complete overhauling. Springs are checked, new padding is added, frames are touched up and waxed and new fabrics are tailored on. An expert upholsterer was making magic with a divan (25 years old) and replacing an old cover limited choice of beautiful fabrics.

WOW! WHAT A SELECTION OF BLOUSES from sheer batiste, Irish linen and gleaming broad-cloth to wispy nylon and rayon, the shop features the most complete selection in town. Styles available 30 through 38. Peasant styles with embroidered trim on dipped necklines take the spotlight with cotton puckered crepes and sheer cotton cords in shirts and sporty blouses. For real elegance, they also feature Eunice Anne's exclusive blouses which are custom-made and tagged for smartness. Blouse bar prices on regular tops range from \$1.50 to \$5.00.

YOU CAN FORETELL A MORE PROSPEROUS FUTURE and cut your clothing bills in half. If you get that sewing machine busy, My pick of the week is the International Rotary machine at Hilburn's Appliance company. I like the portable in the smart Samsonite case for a dozen reasons. It sews backward (a distinct advantage in patching etc.) it quilts and braids, and is able to accomplish a number of sewing feats with the Grist attachments included. Slightly guaranteed, the International is an excellent buy at \$134.95.

SEE THE 18TH CENTURY BEDROOM GROUPING in mahogany at Eiro's furniture store, and for heaven's sake hold on to your peepers when you see that price tag! For \$199.50 you get the six drawer chest on chest which has the swelled front; a 52 inch vanity with superline front; a paneled bed with delicate cut-out work; vanity bench and convenient night stand. Of solid oak inner construction, the suite features such quality marks as center drawer guide and dust proof-enclosures.

HANDY HANNAH is the nick-name for the dandy little hair dryers just in at the Big Spring Hardware. Portable with a sturdy handle for easy holding, they are heat controlled with double switches for adjusting your hot or cold potent air pressure. They come in apple green and are marked \$7.95.

IF YOU CARE ENOUGH TO SEND THE VERY BEST, send a Hallmark greeting card. I found them at Hester's Supply company which handles Hallmark's famed line in a complete selection with messages ranging from "Sorry you are ill" to "Congrats on your new addition." Clever as all get-out are the Rock 'N Play cards with animated cartoons for children. Fastened and stood upright, Donald Duck and other childhood favorites rock back and forth with clever little greetings. Sunday, Aug. 6 is Friendship Day and Hallmark didn't forget.

THIN AS A TISSUE are the new China Ivy planters I found at Faye's Flower Shop. There's Peck 'N' Boo twin fawn holders at \$2.50 and darling little Persian kittens with eyes as blue as the summer sky. Faye prices them at \$1.75. Her new wall planters include pine cone clusters in Goldammer pottery, with perfect color combinations blending the cones into a foliage of hunter green. The wall brackets are \$1.75 each.

THERE'S A GRAND VARIETY IN SIZES of the Blue Ridge pottery handled by the local McCroxy store. Handpainted under glaze, these usually pretty pieces include breakfast plates that are just the right size for morning meals. For 15 cents each you can well afford to add them to your set of matching dinner plates which are an extra good value at 23 cents. Saucers are marked eight cents, their cups 11 cents and cereal bowls ten cents. There's a wonderful selection of colorful patterns that even match the great big platters.

I SAW AN IMPRESSIVE TEST made with Valon paint by Valspar out at the Home Improvement Service this past week. It was applied over a patterned wallpaper as positive proof that the wonderful new discovery can transform a hodge-podge of poised paper into a restful background for a lovely room. You'll be interested to know that the atmospheric colors with an oil base come in matching semi-gloss paints to give your walls and woodwork identical beauty. Best buying point is that with Valon you only have to apply one coat for a good finish that is washable and quick drying. It's ideal for plaster, wall board or paper and very easy to apply.

LET'S TAKE A MYTHICAL TRIP TO THE ORIENT while I tell you of Hawk's Chinese pattern in Waterhouse papers as featured by Thorpe Paint store here in Big Spring. About the middle of the 17th century trade with China was burgeoning. Chinese merchants, to show their pleasure, sent presents of special teas, porcelain bowls and vases and sheets of painted paper to their London and Paris counterparts. A craze for orientals things grew. To satisfy it, not only were thousands of rolls of Chinese wallpapers imported, but imitative copies were designed and printed in England and France. Hawk's Chinese is one of the very early Chinese wallpapers. Handpainted in rich colors on grasscloth, its style is pre-1750. It is found on the walls of Hawk's Tavern in Wabon, Mass., where the present owner scraped down through unaccountable layers of paper to make the exciting discovery of this design.

THE BOSS IS CROSS AS A BEAR and this makes the employee unhappy. They all have bags under their eyes, their feet are killing 'em and they want a vacation. SO THE KID'S SHOP says "Nix on working, let's throw a real Vacation Sale, close up the jern and not come back 'till July 30." That's what they said and that's what's gonna happen. Following hundings of a price-slashing free-for-all, they'll close the doors for a rest from July 10 through the 30th. I understand their very best boxer shorts will go for as little as 69 cents and a dozen other real bargains I don't have space to mention, so catch them while they're weak and weary and you'll take home some real buys.

SO YOUR ANNIVERSARY IS COMING UP; I'd like to give HIM a gift suggestion and you can drop the hint. The Little Shop has an adorable guard for your fireplace that turns your winter hot-box into a cool livid-wall for summer-time living. Of wrought-iron construction, this fan-shaped, brass guard supports three gleaming pots of English Ivy that trail in, out and down the intricate metal pieces. There's a lovely little firelighter, with brush and long set in matching brass that will really give eye appeal to your hearth.

HAVE YOU BEEN TEMPTED TO ASK for a time payment plan on fresh vegetables of late? Jimmy such prices! I was discussing the produce situation with employees at Furr's Food store and the general consensus is that tomatoes are now like gold nuggets because they're being shipped from California and other far off places. Furr's are expecting a good shipment of potatoes from Lubbock and they'll be eyed up with rock bottom prices. Good buys at present include fresh plums, peaches, apricots, watermelons and other fruits which are becoming plentiful and cheaper.

THERE'S FUN FOOT AT THE J & K. Shoe Store so don't miss the mad rush next Wednesday (July 5) when salesmen will open the doors on their annual July clearance sale. Good values in men's, women's and children's shoes will be found at prices that will surprise you, and it's an unusually good time to buy those comfortable casuals while the price is on so right.

Double Ring Vows Are Exchanged By Muriel Floyd, W. C. Barmore

Double ring wedding vows were exchanged by Muriel Floyd and William Cecil Barmore, Jr., Friday evening in the First Baptist church. The bride is the daughter of Mrs. Quintie Floyd of Big Spring, and W. L. Floyd of Midland. Barmore is the son of Mrs. W. C. Barmore of Bryan.

MRS. WILLIAM CECIL BARMORE, JR.

Dr. P. D. O'Brien, church pastor, officiated. Vows were read before an altar banked in palms and woodruff. The ceremony was presided over by a sunburst arrangement of white gladioli, stock and Marconi daisies and white satin bows. Baskets of either side of the altar. Seven-branch candelabra decorated with fern and white satin bows, held tall white tapers which lighted the nuptial scene. Pewers were marked with fern tied with white satin ribbon.

Mrs. C. W. Norman, organist, played "I Love Thee" by Grieg, "I'll Walk Beside You" by Murray, and "O Promis Me" by Klöven, preceding the ceremony. As the candlelighters approached the altar from the church balcony and lighted the candles, she played "To A Wild Rose," MacDowell.

Mrs. J. T. Anderson and Mamie Jean Meador were candlelighters. Mrs. Anderson wore a blue organdy ballerina-length dress over matching taffeta, fashioned with a low round neckline, a fitted bodice and a full skirt with a taffeta cummerbund. She wore matching accessories and a corsage of pink asters on a background of satin petals. Miss Meador wore a dress of pink organdy fashioned like that of Mrs. Anderson. She wore matching accessories and a corsage of blue asters on a background of satin petals. They wore matching organdy mitts.

Mrs. J. W. King, Jr., accompanied by Mrs. Norman, sang "Wonderful One" by Whitman and Grofe and "Because" by d'Hardelet. She was attired in a white dress and wore pink Ester Reeds. Mrs. Norman wore an orchid organdy dress with a pink rosebud corsage.

Traditional wedding marches, "The Bridal Chorus" from Lohengrin, and "Wedding March" from "Middsummer Night's Dream" by Mendelssohn, were used. "O Perfect Love" served as the musical background for the exchange of vows.

Given in marriage by her cousin, M. C. Stewart of Stanton, the bride wore a ballerina length dress of white frosted organdy over taffeta, fashioned with a fitted bodice and a full gathered skirt. Peter Pan collar and tiny buttons down the front. It was also styled with a white taffeta cummerbund. Her shoulder-length veil of illusion was attached to a silver Juliet cap with a halo of matching illusion and a cluster of lilies of the valley on each side. She carried a white Bible topped with an orchid corsage.

Something new was the wedding ensemble. Something old was a lace handkerchief belonging to Mrs. J. Guggols of Cameron, grandmother of the bridegroom. Something borrowed was the white Bible. Garters served as the something blue.

Bobbie Green, maid of honor, wore a ballerina-length dress of aqua organdy over taffeta fashioned like that of the bride. She wore an aqua petal-hat and matching organdy mitts and carried a crescent shaped bouquet of pink asters backed with satin petals. She wore matching accessories.

Luaf Wear and Doris Jean Morehead were bridesmaids. They wore organdy dresses fashioned with low round necklines, fitted bodices and full gathered skirts with cummerbunds of matching taffeta. Miss Wear wore a yellow dress and

a matching petal hat and carried a crescent shaped bouquet of orchid asters backed with satin petals. Miss Morehead wore an orchid dress with matching petal hat and carried a crescent shaped bouquet of yellow asters backed with satin petals.

Robert Barmore of Bryan, brother of the groom, served as best man. Ushers were Dee Thomas and Bill Burvey of Ballinger, and D. E. Meier, cousin of the groom. For her daughter's wedding Mrs. Floyd chose a black sheer dress with white and green accessories and a green carnation corsage. Mrs. Barmore wore a navy sheer dress with white accessories and a gardenia corsage.

Immediately following the ceremony a reception was held in the church parlor. Guests were received by Mrs.

COSDEN CHATTER

Improvements Made On Cosden Office Building

This week we are seeing new improvements in our building. The new asphalt tile and rubber floors on our halls and stairs add a cordiality to our entrance and actually seem to widen the halls. Our office building will soon have a new spic and span paint look.

R. L. Tollett returned to the office Tuesday morning after an absence of eight days on a trip to New York, Chicago and St. Louis. Mrs. Tollett and son returned to Big Spring last Tuesday from a six weeks' visit in Southern Illinois.

V. A. Whittington will be away from the office on a six months' leave of absence beginning July 3. Mamie Mayfield and Ina Deason left Saturday morning to attend the national convention of the Business and Professional Women's clubs at San Francisco. Mamie plans to visit Peggy Kraer in Los Angeles, and will visit in Oregon and Washington before returning home.

W. A. Tracey will next week begin his association with Richardson Oil Company, Cosden jobber in Snyder.

Mrs. Anne Grigsby, formerly of Houston, is a new Cosden employee. Bob Zetman is a new employee who will replace Tip Anderson at the tire store.

Mr. and Mrs. L. E. Maddux and daughter are vacationing in Gulfport, Mississippi, New Orleans, Galveston and San Antonio. Mr. and Mrs. Harry Loving are spending their vacation in Sioux Falls, South Dakota, and are expected to return the latter part of next week. Making the trip with them is their son, Coy Loving, and his family. Mr. and Mrs. Fred Wilson are spending part of their vacation in Rutledge, New Mexico. Patti McDonald will vacation in Pecos and make a trip into Mexico.

Mrs. A. Lee Harris, Carolyn and Roger returned Tuesday from a visit in Fort Worth.

Henry Carpenter and Bob Satterwhite are vacationing. C. W. Smith and S. K. Whaley are in Pecos on business. On the vacation list are Elmer Giles, C. A. Tonn, J. W. Lindsey, John Hobbs, Gordon Marchant, E. L. Long, Adrian Porter, Bill Bostick, J. C. Tonn, and J. W. Bennett. Jack Smith made a tour of the Sweetwater, Abilene and Orme terminals for a safety inspection.

Beth Kay is recovering nicely at home from her operation. Among visitors this week were Chester Jones of Colorado City, R. S. Miesse of Abilene, R. L. Coe of Wichita Falls, and John Edwards, with Henry Zweifel's office in Fort Worth.

Bridal Shower Held At Stanton

STANTON, July 1—Louise Graham, bride-elect of Jimmy Stallings, was named honoree at a bridal shower in the Lomax school. Hostesses for the affair were Mrs. Grady Cross, Mrs. L. A. Newman, Mrs. Harold Warren, Mrs. Waymon Etchison, Mary Ellen Newman, Mrs. Dick Harp, Mrs. Ray Russell and Mrs. T. E. Newman. Wedding vows will be exchanged by the couple tonight in the First Methodist church. The Rev. J. P. Steward, pastor of the Ashberry Methodist church in Midland, will officiate at the informal, double ring ceremony. The bride-elect is the daughter of Mrs. Ruby Graham of Stanton and Stallings is the son of Mr. and Mrs. A. J. Stallings of Lomax.

Guests were received by Mrs. A. J. Stallings, the honoree and her mother, Mrs. Ruby Graham. Presiding at the white guest book were Mrs. L. D. Adkins, sister of the groom-to-be, and Mary Ellen Newman.

The serving table featured the chosen colors of the bride, pink and white, and was centered with an arrangement of pink roses. Punch was served from a crystal punch service by Mrs. Dick Harp and Mrs. Grady Cross served the white and pink cake squares. White napkins featured wedding bells and the inscription, "Louise and Jimmy". Lighted pink tapers in crystal candelabra flanked the table arrangement.

Sixty-five guests attended the affair.

Homemakers Class Meets For Luncheon

The Homemakers Class of the First Baptist church met in the home of Mrs. Harry Billington in Stanton Thursday for a covered-dish luncheon.

Mrs. R. H. Snyder, president, presided at the business session. Mrs. Anna Billington gave the devotional.

Attending were Mrs. H. Billington, Mrs. Grace Snyder, Mrs. Jewell Rogers, Mrs. Mable Spears, Mrs. Charles Sullivan, Mrs. C. S. Berryhill, Mrs. Pearl Melear, Mrs. Lou Chapman and Mrs. M. E. Harlan.

Mr. and Mrs. Robert Swann Lee of San Angelo were here to attend the Floyd-Barmore wedding Friday night.

Don't let your tennis racket collect dust; let it collect cash for you by selling it thru an inexpensive want ad.

For the wedding trip to New Mexico and Colorado, Mrs. Barmore chose a cinna salina cloth suit trimmed in white. She wore white accessories and an orchid corsage.

Following the trip, Mr. and Mrs. Barmore will be at home at 1408 Johnson.

Mrs. Barmore graduated from Big Spring High school in 1946 and attended Hardin Simmons university, Abilene, for two years.

Barmore graduated from Hearne High school in 1944 and received his degree from the University of Texas in 1949. He is now employed by the Texas Electric Service company in Big Spring.

RIBBON RAMBLINGS By Mildred Young

After mentioning Lubbock until some people think that we're going to work for the Chamber of Commerce in that city, we're finally getting around to really writing our swan song.

By the time the ink gets dry on this column, we will be beginning to realize how it feels to cool our heels for a few days. When you read this column we'll be down around Ranger visiting a fellow ex-Texas Techian and Dallas and back home again to Plainview, then off to Lubbock and our new position as public relations director of the First Methodist church there.

We've told a lot of people that we are leaving Big Spring with some regret and we are. We suppose that in every place, one has some disappointments, moments of disgust and discouragement, and we've had some here. However, we had the same in Vernon and we suppose we'll have some in Lubbock and any other place which we may roam in the future.

But, on the whole our (almost) two years here have been most enjoyable. As far as we are personally concerned, our association with Big Spring and Big Springers, both inside and outside our office, has been more of a pleasure than we ever dreamed it might be when we were considering coming here.

There's really very little that one can say on such an occasion as this except that we do thank everyone who has helped make our stay enjoyable. Your expressions of good wishes and appreciation during the last few weeks have somewhat overwhelmed us. We dare not try to mention individuals because there are too many of you.

We're sure we'll drop back to Big Spring now and then and we hope that when you're in Lubbock, you'll stop at Broadway and Avenue M.

Betty J. Stephan Is Party Honoree

Betty Jean Stephan was honored with a party on her fourth birthday in the home of her parents, Mr. and Mrs. Gene Stephan, 1906 Johnson.

Refreshments were served to Rodney and Preston Allison of Otis Chalk, Frankie Don and Shirley Averitt, Gary Jones, Dickie Carlton, Danny Coates, Sharon Odum, Mrs. J. W. Claxton and Jeannie, Mrs. Oero Allison and Mrs. Robert Odum.

STOMACH TROUBLE

Does nearly everything you eat give you trouble? If so it may be due to the stomach being unable to mix the food properly. This may be due to lowered nerve energy that controls the stomach and its glands. When this nerve energy is restored beneficial results naturally follow.

WHY STARVE TO TAKE OFF FAT?

When you buy Barconatrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barconatrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never have a hungry moment, while reducing with Barconatrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barconatrate when mixed with grapefruit juice does this: First, cuts down your desire for sweet and fatty foods, but you do not have to FORCE yourself. Barconatrate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away — almost like melting fat. At the same time you feel better, more pep, more alive, but never starved or hungry.

NO STARVATION DIET

"I have taken lots of medicine but none to compare with Barconatrate. It's been. Have lost 10 pounds in 2 weeks and no starvation diet." Signed, Mrs. J. E. Black, Route 1, Box 40, Cleveland, Texas.

LOST 24 POUNDS

"I am writing you just to say I think Barconatrate is a wonderful medicine. I have tried so many other things and all failed. I weighed 120 pounds when I started to take Barconatrate. Now I weigh 96." Signed, Maud Marrow, Archer City, Texas.

BUSY ARBITER — William Bendix goes through all the agonies that a baseball umpire has to take, in the comedy production, "Kill the Umpire." This picture is the Ritz theatre's July Fourth offering, playing Tuesday and Wednesday.

REMEMBER THE HOLIDAYS? — The gay musical comedy that features so many Irving Berlin tunes — "Holiday Inn" — is the Sunday-Monday feature at the Terrace Drive-In theatre. Bing Crosby, Marjorie Reynolds, Fred Astaire and Virginia Dale combine talents for the songs, dances and romancing.

WAR'S VICTIMS — Concentration camp prisoners reach out for each other in this scene from a film version of the true story of a family caught up in the Japanese war mesh — "Three Came Home." The picture is at the Ritz today and Monday, with Claudette Colbert, Patric Knowles and Sessue Hayakawa in the top roles.

IN 'THREE CAME HOME' War Prison Camp Horrors Detailed

A startling story that deals with one disturbing phase of the last World War — that of civilians caught up in enemy territory — is at the Ritz theatre today and Monday.

The production is "Three Came Home," an adaptation of a power-

ful book-of-the-month of recent selection and which got extensive play as a featured condensation in Reader's Digest.

The picture deals, as did the original story, with facts — how they happened, and where they happened. It is, briefly, the story of an American woman isolated in the East Indies, and subjected to Jap prison life after she sees her husband marched away.

Her experiences, with food, with the problems of sanitation and health, with Japanese officers and guards, and with the very problem of life itself, are detailed in straight-forward fashion.

Claudette Colbert turns from the light roles in which she has gained popularity to portray the victim of the war, Patric Knowles is the husband and Florence Desmond has a featured role. Another featured player is one remembered as a "villain" of silent-film days, Sessue Hayakawa, who wins critical acclaim for his role as the Jap commander.

VA Hospital Here Hopes To Have First Patient By July 17

Staff of the Veterans Administration hospital here are bending efforts toward receiving the first patient by July 17.

Dr. Lloyd B. Andrew said Thursday, before departing on a business trip to St. Louis, Mo., that he hoped that reception of patients could be started on that date.

Not all of the hospital will be put into operation immediately, he indicated. The percentage of the plant in use will be stepped up as professional staff can be secured and oriented.

The dedication date, tentatively set for Sept. 10, has now been confirmed, said Dr. Andrew. Brief ceremonies will be held and the public permitted to inspect facilities.

Richard Deats Listed For Texas Tech Honor

LUBBOCK, July 1. — Richard Deats, freshman arts and sciences student at Texas Technological College from Big Spring, has been named to the spring semester honor roll. The honor roll is composed of students in the upper five per cent of the student body. Deats' grade point average was 2.94 out of a possible 3.00.

YANKESS — Gary Cooper and Teresa Wright in one of the tender moments from a great baseball story, "Pride Of The Yankees," which deals with the career of the late Lou Gehrig. Released again recently, the picture is at the Lyric theatre Tuesday and Wednesday.

William Bendix Takes Knocks As Umpire

If you're a baseball fan, or if you're a William Bendix fan, you're due to find fun in a laugh-opus, "Kill the Umpire," showing Tuesday and Wednesday at the Ritz theatre as a holiday feature.

Bendix is starred in this motion picture treatment of one of those men who rate as the country's most maligned individuals. At that, say the advance reports, there's nothing wrong with Bendix as an umpire that a good Seeing-Eye dog couldn't cure.

Una Merkel, Ray Collins and Gloria Henry top the featured supporting cast of the film, in which Bendix is seen as an ardent baseball fan, whose ardent boozing of decisions has gotten him tossed out of ball park after ball park, while his too-frequent attendance at ball games has gotten him tossed out of job after job. Faced by an imminent domestic crisis, with his wife planning to leave him, Bendix decides to compromise; he becomes an umpire, thus receiving a steady salary and, simultaneously, getting a chance to see baseball games.

"Kill the Umpire" carries him through the training regimen at the school for umpires in Florida, and then into major-league ball. At the former establishment, Bendix finds hilarious difficulty in adjusting his umpire-baiting way of life to the rigid disciplines and techniques, which help to make an umpire what he is.

On the diamond itself, Bendix does all right — until one of his decisions leads to a near riot during a crucial game. Home team fans seriously set out to kill the umpire or, at least, to tar-and-feather him; and Bendix goes through a hair-raising series of comedy encounters before one of the ball players involved can clear the air by his testimony.

'Cheaper By The Dozen' Is Featured At Lyric

The engaging adventures of the real-life Gilbreth family as revealed in the recent best-seller are the subject of entertaining screen fare, "Cheaper By The Dozen."

This Technicolor production, with Clifton Webb, Jeanne Crain and Myrna Loy featured, is the Lyric theatre's feature for today and Monday. The movie is based on the book by Frank B. Gilbreth, Jr. and Ernestine Gilbreth Carey, tells the true story of a family of twelve children fathered by an eccentric time and motion expert, and mothered by a famous psychologist.

Playing "Dad," Clifton Webb takes a respite from Belvedere roles. To make himself like the character he portrays, the noted actor became a changed man in real-life, adding 22 pounds, getting rid of his crew cut, having his hair and moustache dyed red, and smoothing out his clipped and precise voice.

In decided contrast to her dramatic portrayal as the girl who passed for white in Darryl F. Zanuck's "Pinky," Jeanne Crain returns to lighter fare as Webb's daughter in "Cheaper By The Dozen."

Without children in real-life Myrna Loy finds herself the mother of the famous twelve in this movie. Her first picture in almost two years, she is the only Hollywood actress actively working for UNESCO.

Walter ("Sitting Pretty") Lang directed and Lamar Trotti both wrote the screenplay and produced the picture for Twentieth Century-Fox.

HIGHLIGHTS ON KBST Independence Day Features On Air

Special Independence Day features on are on the program schedule of KBST for Tuesday, July Fourth.

One of the highlights will be presentation of the double-header baseball game to be played in Odessa between the Longhorn league-leading Oilers and the Big Spring Broncs. Complete play-by-play of both games will be presented. Time is indefinite, pending announcement of the game schedule.

Another July 4th presentation will be a narrative program, "The Spirit Of Freedom." Told in dramatic style, this is the story of America, from 1776 to now. This presentation will be scheduled to conform to the baseball requirements.

DON FOR DON
Don Ameche, famed motion picture and radio celebrity, has begun his six weeks reign as ABC Breakfast Club toastmaster. Ameche will be substituting for regular toastmaster Don McNeill while the latter vacations with his family in Europe.

The famous Hollywood celebrity joined the Breakfast Clubbers on Monday just as the program entered its 18th consecutive year.

Bowie's Knife Prominent In Western Film

You're in for some drama lifted from Texas history books—and specifically dealing with one of the famed characters of the frontier, James Bowie—in "Comanche Territory," the Ritz theatre's feature for the last three days of the week. MacDonald Carey appears in the lead.

Maureen O'Hara co-starred in the chief feminine role. And, to make things different for western films the leading man goes through the entire picture without carrying a firearm of any kind.

Carey wins his battles with Indians, outlaw and claim-jumpers, with a Bowie knife instead of the conventional pistol with the notched handle. This, they say, is in the interest of authenticity. Research, showed that Jim Bowie, frontiersman and government agent, portrayed by Carey, looked down his nose at firearms and preferred to make his point with the trusty 16-inch two-bladed knife which he designed, and forged and which continues to bear his name today.

History has it that Bowie con-

tinued to keep faith in his knife as a lethal weapon up until the time of his death in the Alamo.

The history pages also record that the famed Bowie knife played a highly important role in the winning of the western frontier and that the original Bowie knife, as forged by Jim Bowie and carried until his death at the Alamo, is still in existence somewhere in the vicinity of San Antonio, Texas. The knife that Carey designed for himself in the picture is a venomous looking blade about 16 inches long with a razor-like double-cutting edge.

Local Women To Have Opportunity For Gray Lady Hospital Service

Big Spring women are becoming aware of the Red Cross Gray Lady Service which will become active when the VA hospital opens here. Gray Lady Service, the official name of the former Hospital and Recreation Corps, evolved from the activities of a group of volunteers banded together in 1918 who provided a variety of friendly and helpful services to the sick and convalescent at Walter Reed Hospital in Washington, D. C. These activities were undertaken at the request of Mabel T. Boardman, then national director of Volunteer Services, and under the leadership of Mrs. Henry R. Rea, volunteer field director at Walter Reed.

In the early days the volunteers were concerned primarily with hostess and recreation duties. In June 1918, however, the return of the sick and injured from the European battlefields, together with the many casualties of the "flu epidemic," gave impetus to the need for more direct services to individual patients on the wards and in convalescent houses. At about this time the gray dress and veil were adopted as the official uniform of these volunteers, and the name "Gray Ladies" affectionately bestowed by the patients, became the customary designation. No veils are worn today.

Gray Lady duties are not to be confused with those of the professional nurse or social worker but are allied closely in purpose. As the program of work gets under way here, details of the local program will be explained.

Furniture Concern Completes Building Program, Expansion

The Wheat Furniture Co., located at 504 West Third street, has completed a building and expansion program to provide room for a larger stock of merchandise. The firm's building now has 6,326 square feet of floor space, which is about four times its size before expansion. J. F. Wheat, who owns the store here and another at Dallas, was here to inspect the building Saturday.

Wedding Shower Held In J. O. Haney Home

Irene Williams and Marel Ringner were honored with a wedding shower in the home of Mr. and Mrs. J. O. Haney Friday evening. Yvonna Cornell was hostess. Bobby Stallcup, cousin of the bride-elect, presided at the guest register. The lace-laid serving table was centered with a crystal punch service flanked by lighted tapers in crystal candelabra. Blue and white, chosen colors of the bride-to-be, were used in decorations and refreshments. Mrs. Laverne Rogers and Mrs. Clifton Clanton, aunts of the bride-elect, served the punch and cake. Mary Dale McLeod sang "The Lying Little Daisy" and Shirlene Walker and Yvonna Cornell sang two duets, "Love Somebody" and "My Happiness." Pearl Mae Clanton gave a reading. A wedding march was played as

Water Troubles To Be Ironed Out By Tri State Group

SANTA FE, N. M., July 1. (U.P.)—Texas told New Mexico and Oklahoma Friday that Texas needs the flood waters of the Canadian River for municipal uses. Said Oklahoma: Oklahoma is interested in flood control and municipal water for Oklahoma City from the river. Said New Mexico: We want to help you, but at the same time the rights of long-existing and proposed river developments in New Mexico must be protected. The three states got together to outline a plan for the Canadian River water problems at the first official meeting of the Canadian River Compact Commission. Col. E. V. Spence of Austin, Texas water compact commissioner, represented Texas; Oklahoma Compact Commissioner Clarence Burch represented his state and Gov. Thomas J. Mabry sent a statement that was read for New Mexico. The commission elected its federal representative, Berkeley John-

son of Santa Fe, as commission chairman. Spence named to his advisory staff: James S. Guleks, Austin, a member of the Texas Board of Water Engineers; A. H. Woolverton, Austin, chief hydraulic engineer for the Texas board; Douglas French, Jr., Texas assistant attorney general; and Robert L. Lowry, El Paso, consulting engineer.

Mr. and Mrs. Clifton Apple and two sons, Dickie and Phillip of Los Angeles, Calif. are visiting in the home of his cousin, J. O. Hagood. The Apples are enroute to Danville, Va.

LIL ABNER

BY AL CAPP

DUE TO A DELICATE BRAIN TRANSFUSION LIL ABNER NOW HAS THE GREAT RUMBRANDT'S GENIUS. HE HAS BEEN HIRED BY HAPPY VERMIN, THE WORLD'S SMARTEST CARTOONIST.

(-ALL AN DOES IS DRAW TH' PITCHERS -AN' HE SIGNS 'EM! AN' MERELY FO' THAT, HE PAYS ME A DOLLAR A DAY! HE'S ALL HEART!-)

EXCUSE ME. I MUST SPEAK TO AN OLD FRIEND.

HONEST, BOSS-NOBODY'S SEEN ME IN THIS CLOSET, ALL DAY, DRAWING YOUR COMIC STRIP! NOBODY EVEN KNOWS I'M ALIVE!-I'VE GIVEN UP ALL MY FRIENDS AND PRETENDED I'M DEAD -LIKE YOU ASKED ME TO!-

YOU'RE FIRED!- I TOLD YOU, 20 YEARS AGO, THIS JOB WAS TEMPORARY! I'VE FOUND SOMEONE WHO'LL WORK CHEAPER!-

THIS IS YOUR STUDIO. IT LOOKS A LIL LIKE A CLOSET TO ME.

NATURALLY! I HAVE A BIG REPUTATION! NO ONE MUST KNOW THAT A STUPID LOU' LIKE YOU IS DOING ALL MY WORK FOR ME!-

-AND DON'T FORGET -IF YOU HAVE TO STOP TO REST FOR A MINUTE -TURN OFF THE LIGHT!- NO SENSE RUNNING UP UNNECESSARY EXPENSES.

YASSUH, YO' IS ALL HEART!

VERMIN!- YOUR COMIC STRIP IS SLIPPING BADLY!-

BUT, HOW ABOUT THAT ORIGINAL IDEA I THOUGHT OF LAST YEAR? I MARRIED MY HERO TO MY HEROINE!- THAT'S ALWAYS PUT NEW LIFE IN OTHER STRIPS!-

IT MADE YOURS EVEN (YAWN!) DULLER!- UNLESS YOU GET SOME NEW CHARACTERS YOU'LL HAVE TO GO BACK TO YOUR OLD RACKET!-

I CAN'T DO THAT. SOLD MY MOTHER THE SHOE-SHINE BOX!-

HE'S ALL HEART!

?-WHAT ARE THESE SKETCHES? HAVE YOU BEEN TAKING TIME OFF?

OH, NO, SUH!- AH, DRAWED YORE STRIPS WIF MAH HANDS! ONE PEN IN EACH! THEM WAS DONE WIF MAH TOES, WHAR AH HAS QUITE A BIT O' TALENT ALSO.

HILLBILLIES? -H-H-YOKUM!- I'M PROUD OF HAVING CREATED THESE CHARACTERS!- THEY'LL MAKE MILLIONS FOR ME!- AND, IF THEY DO -I'LL GET YOU A NEW LIGHT BULB!-

OH, SOB!- YO' IS TOO GOOD FO' YORE OWN GOOD -YO' IS ALL HEART!-

Vic FLINT

T. M. REG. U. S. PAT. OFF.

GOODBY, BOBBY. TAKE CARE OF YOURSELF, DARLING.

PAGING MR. ALEC STEEL!

PHONE MESSAGE FOR YOU. I WROTE IT DOWN, BUT IT DON'T MAKE SENSE TO ME.

THANKS.

BOBBY! MESSAGE FROM VIC! GET OFF THAT TRAIN!

THAT CONCRETE PLATFORM LOOKS AWFULLY HARD!

COME ON, JUMP!- I'LL CATCH YOU!

OKAY, HERE I COME!

GERONIMO!

BEST FORWARD PASS I EVER CAUGHT.

I LIKED IT, TOO-- ONLY DON'T ASK ME TO DO IT EVER AGAIN.

And while things were jumping at the station, back at the farmhouse...

FINDING THE DRESS MRS. KYLE HAD ON WHEN SHE SHOT AT ALEC AND LATER HID IN THE LAKE WAS PLAIN LUCKY. FINDING WHERE SHE'S GONE MAY BE A LITTLE HARDER.

OKAY, JED BREWSTER. I SEE YOU UP THERE IN THE HAYLOFT. COME ON DOWN HERE.

YOU'RE THE SNOOPIN'EST MAN I EVER MET! WHAT DO YOU WANT FROM ME NOW?

JUST ONE THING. WHERE IS YOUR FRIEND, MRS. KYLE?

RUSTY RILEY

TALK ABOUT A LUCKY BREAK! THEY'VE GIVEN OUR HORSES THE STALLS RIGHT NEXT TO BIG BLAZE'S! I CAN GO INTO THAT BARN ANY TIME WITHOUT AROUSING SUSPICION!

THE TROUBLE WITH YOU, TAPPY, IS THAT YOU'RE SATISFIED WITH PEANUTS... YOU'RE WILLING TO MAKE A CROOK OF YOURSELF FOR A MEASLY TWO GRAND!

OH, IS THAT SO? GOT ANY SUGGESTIONS?

WELL, IF CORKY FIGURES TO MAKE A KILLING BECAUSE BLAZE CAN'T RUN, WHY DON'T YOU GET SOME MONEY ON HIS HORSE, TOO?

YOU SEEM TO OVERLOOK THE FACT THAT I AM IN THIS MESS WITH CORKY NOW BECAUSE HE GAVE ME CREDIT ON MY LAST BET... HE ISN'T VERY LIKELY TO DO IT AGAIN.

WHEN THIS HUNT CLUB SHINDIG IS OVER, I'M GOING TO WORK ON UNCLE QUENTIN TO LET US STAY HERE... FOR THE PRESENT, I'VE GOT TO SEE THAT BIG BLAZE DOESN'T RUN IN THE CUP RACE.

IT WOULD SUIT ME FINE TO ENJOY THIS LUXURY... IN THE MEANTIME, I CERTAINLY HOPE YOU FIND A WAY TO FIX THAT INSUFFERABLE LITTLE RUSTY... HE'S GOING TO BE IN OUR WAY IF YOU DON'T.

LEAVE IT TO ME, GOLDY. RIGHT NOW I HAVE TO MEET CORKY AT THE GATE.

COME ON, OLD GIRL... YOU ALL HAVE TO MOVE OVER TO THE NORTH FIELD OR ALL THOSE RIDERS WITH RED COATS AND ALL THOSE DOGS WOULD SCARE YOU TO DEATH!

AH! HERE COMES ALLERDYCE... I COULDN'T TRUST THIS MEDICINE TO A MESSENGER... TOO RISKY!

GOLLY! THERE'S OLD DOLLY AND HER COLT WAY DOWN BY THE GATE! I'D BETTER GET THEM BEFORE THEY WANDER OUT ON THE ROAD.

HERE'S THE STUFF, TAPPY... JUST SPRINKLE IT INTO THE CATS... THIS'LL DO THE TRICK TO ANY HORSE!

OKAY, CORKY... NOW GET AWAY FROM HERE BEFORE SOMEBODY SEES YOU.

TOOTS & CASPER

CASPER, OUR NEW NEIGHBORS SURE PUT ON THE DOG. SOPHIE HOOPER THINKS THEY'RE WEALTHY.

DON'T LET IT BOTHER YOU, TOOTS--- I'LL GO OUT. MAYBE I'LL MEET HIM.

IF HE STARTS FLAUNTING HIS WEALTH IN MY FACE, HE'LL MEET HIS MATCH. IN FACT, I'LL BEAT HIM TO THE PUNCH.

CASPER, THERE'S OUR NEW NEIGHBOR. SOPHIE TELLS ME HE LIKES TO TALK BIG MONEY. I THINK HE'S A FAKE.

HE'S COMING OVER HERE, COLONEL--- I HAVE AN IDEA.

WHILE WE'RE TALKING YOU BRING UP THE SUBJECT OF MONEY. ASK ME ANYTHING I'LL GIVE HIM A LESSON IN HIGH FINANCE.

JUST LEAVE IT TO ME, CASPER.

HOWDY, FRIENDS, I'M JOE PLUMP, YOUR NEW NEIGHBOR.

HELLO, I'M COLONEL HOOPER.

I'M CASPER.

CASPER, I'VE GOTTA RUN ALONG. I'LL TAKE THAT \$20.00 LOAN WE WERE DISCUSSING.

ER-R--OH, YES, SURE.

MR. CASPER, THAT'S WHY I CAME OVER, I'M A LITTLE SHORT OF CASH. COULD YOU LOAN ME TWENTY?

WHY-- Y-YES, OF COURSE.

LARSON, I MISSED! YOU GET THE DRIVER!

GIT UP THERE!

I GOT HIM! I NEVER MISS WITH THIS OLD COLT!

GUNFIRE--NOT FAR AHEAD!

WE'LL SOON LEARN WHAT IT MEANS! COME ON, SILVER!

THIS FELLER DEAD.

THIS ONE IS STILL ALIVE, TONTO. WE'VE GOT TO GET HIM TO A DOCTOR!

WE'LL TAKE THIS ARMY PAY ROLL MONEY AND THEN RIDE BACK TO CHECK ON THE GUARD AND DRIVER.

WE'LL HANG IF ONE OF THEM LIVES TO IDENTIFY US!

LOOK! THOSE CRITTERS ARE MOVING!

HE MUST BE STILL ALIVE!

WE'D BETTER OPEN FIRE!

Prince Valiant
IN THE DAYS OF KING ARTHUR
 BY HAROLD R. FOSTER

Synopsis: THE SCALING LADDERS AND THEIR HUMAN FREIGHT ARE DASHED FROM THE WALL AS BY A GIANT HAND, AND FROM THAT WRECKAGE THE SURVIVORS COME LIMPING BACK.

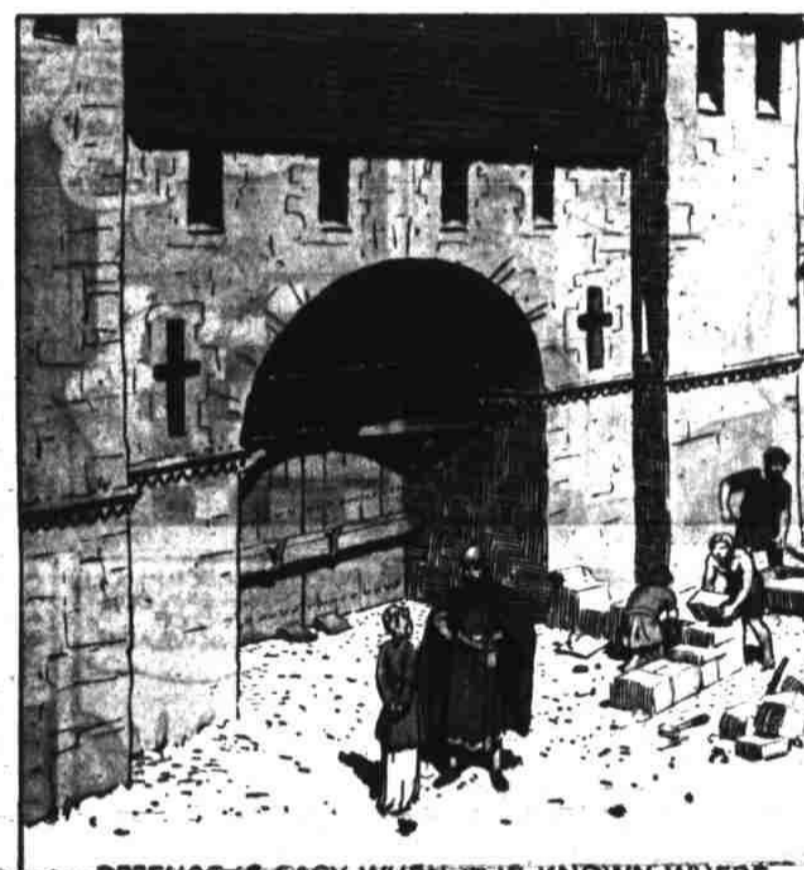

HAP-ATLA STARES UNEASILY AT THE SILENT FORTRESS. THE WELL-PLANNED ASSAULT HAS CRUMBLLED AS IF BY MAGIC..... FOR NOT A LIVING THING HAS BEEN SEEN WITHIN THE WALLS!

HE ORDERS THE BUILDING OF A GREAT RAM FOR AN ASSAULT ON THE MAIN GATES, FOR HIS MEN MUST COME TO GRIPS WITH THEIR FOE BEFORE THIS MYSTERY SAPS THEIR COURAGE.

FROM THE WATCHTOWER KING AGUAR LOOKS TOWARD THE ENEMY ENCAMPMENT. SUNLIGHT FLASHES ON A POLISHED SHIELD; ONCE, TWICE..... A MESSAGE IS BEING GIVEN.

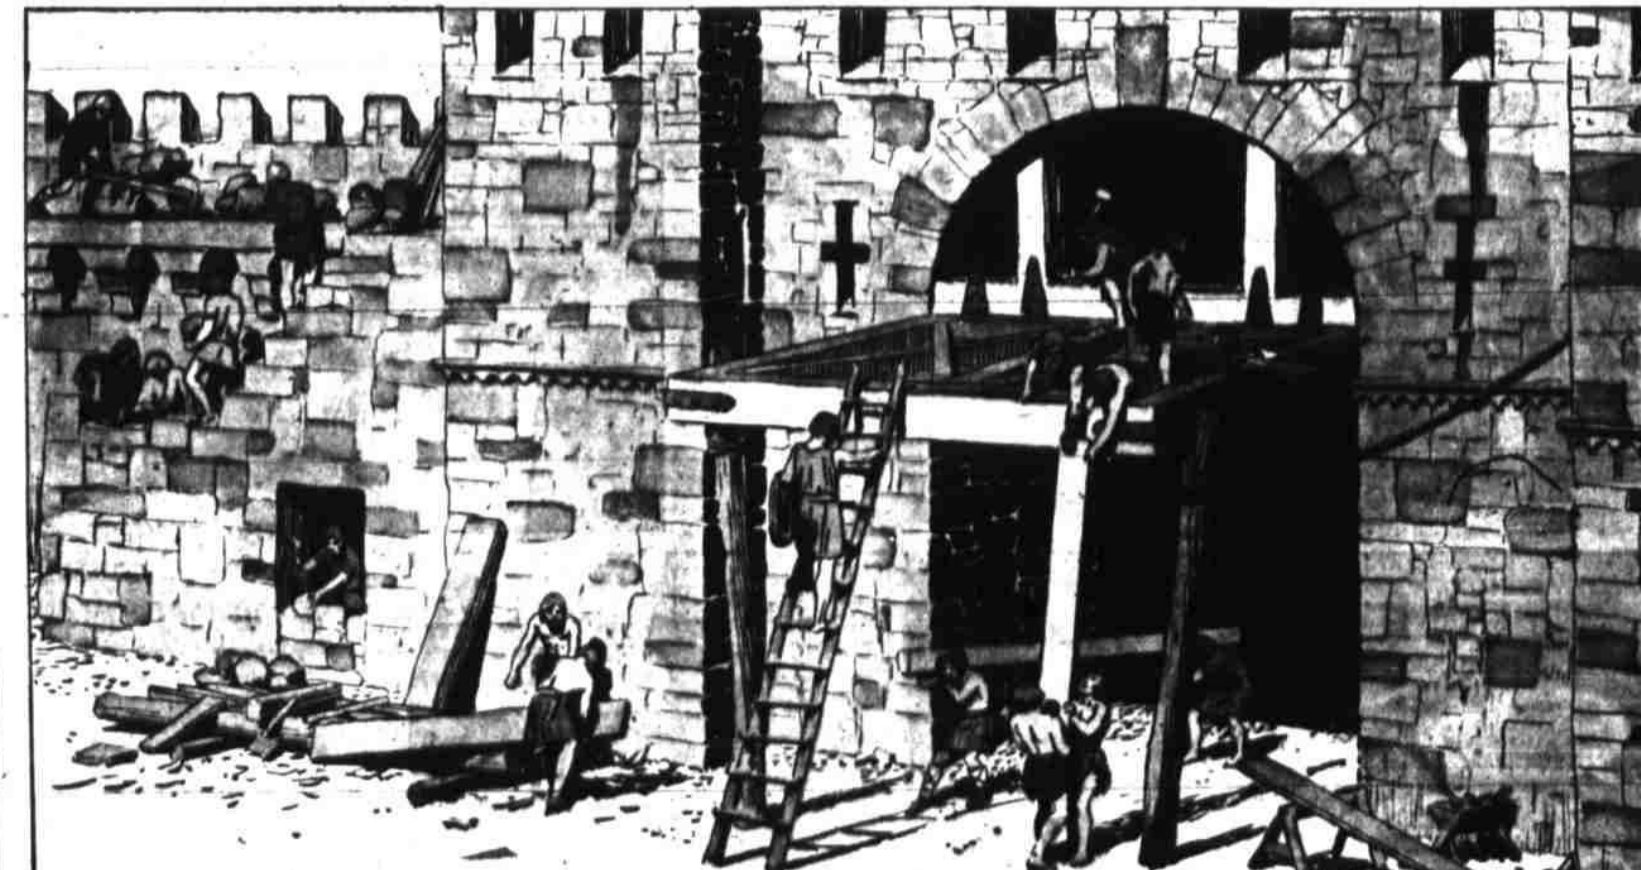

DEFENSE IS EASY WHEN IT IS KNOWN WHERE THE ATTACK IS DIRECTED. THE KING IS ORDERING A WALL BUILT INSIDE THE GATES WHEN ALETA APPEARS, LOOKING HER DISAPPROVAL OF THE KING'S PLAN.

"DOES NOT THE STRATEGY OF THE WARRIOR KING OF THULE MEET WITH YOUR APPROVAL?" ASKS THE KING, SARCASTICALLY. "AND IS THERE A BETTER ONE HATCHING BENEATH THOSE FRIVOLOUS CURLS?" "NO, SIRE," SHE SAYS DEMURELY, AND "YES, SIRE."

"NOW, IF YOU WERE TO SEAL WITH MASONRY ALL THE DOORS TO THIS COURTYARD IT WOULD MAKE A NICE PRISON FOR, SAY, FIVE HUNDRED MEN. YOU COULD TRAP THEM THUS....."

NO, ALETA IS NOT A GREAT MILITARY STRATEGIST. SHE MERELY REMEMBERS SOME OF THE CUTE TRICKS HER TALL HUSBAND HAD BRAGGED OF USING.
