

County Asked To Open Part Of 2nd Street

A petition asking that 2nd Street be opened between State and Birdwell Lane was presented to the Howard County Commissioners' Court this morning.

The petition, signed by 11 property owners in the area to be affected, also asked that a survey be made to show right-of-way and grade for proposed road.

County commissioners took no action on the petition this morning. The draft was addressed to both city and county commissioners.

A delegation of four presented the petition. They were A. F. Hill, G. C. Dean, Lloyd Montgomery, and Cecil McDonald. Last week Hill and Dean informed commissioners that the petition was being drafted.

The delegation explained that all property owners were prepared to give an 80-foot right of way for the street opening. Only one property owner in the area has not signed the petition, they said, and it is believed he will cooperate in a road project.

"If a road is put through on 2nd, it will enhance the value of property, thereby helping both the city and county," McDonald said. "A paved road to carry traffic is all we want, and we believe from an industrial standpoint it is needed."

McDonald, a city commissioner, also pointed out that taxes could be collected on the improved area. He described the land as "dead" at the present.

Members of the delegation stated they would like to see 2nd extended to the planned traffic circle east of Big Spring. This would relieve traffic from the 3rd and 4th Street arteries, they pointed out.

Those who have signed the petition are Hill, Dean Montgomery, C. D. Herring, Mrs. R. P. Kountz, C. Hamby, James E. Walker, M. E. Burnett, O. L. Grandstaff, L. E. Coleman and McDonald.

Sign Mutual Defense Pact

Some Of Freed POWs May Be Red Workers

By JIM BECKER
FREEDOM VILLAGE (AP)—Americans freed from Red prison stockades said today Red indoctrinated U. S. prisoners are among those returning — including 30 "progressives" en route home to preach communism in the United States.

Cpl. Leslie E. Scales, 22 of Folsomville, Ind., said the 30 were members of his 306-man company at Camp 5 in Pyoktong on the Yalu River.

Most of the men in the company were anti-Red, he said in an interview at Inchon, but he knew the 30 personally.

Other repatriated prisoners have collaborated with the Reds, but only Scales told of repatriates returning to work for communism in America.

Scales said he had heard the 30 talk about joining organizations called the "Ex-POWs for Peace" and the "Veterans for Peace," but he did not know if they had been formed.

Scales said he did not know if the "progressives" planned to join the Communist party in America, but said he heard them talk of a reunion at the home of a friend in San Francisco to discuss their next moves.

Cpl. Harold Wilson, 32, of Mobile, Ala., said one prisoner—considered the "No. 1 progressive" in Camp 5—had said he would "kill his own mother and father if they interfered with him being a Communist and would never even spit on an American dollar again."

Three other Americans who returned Monday said the Reds have returned "No. 1 progressives" from Camp 5.

Another prisoner liberated today said some POWs "played along" to get better treatment and "no one could tell for sure which were real progressives."

Scales said he also knew of several British POWs returning who had collaborated with the Reds. One, he said, had told him he was a card-carrying Communist.

Scales said not all of the 30 were "rats" in camp. He said some believed in Communism but did not inform.

Most, he said, were in their 20s, poorly-educated and had served long terms in the camp.

Scales said about the 30: "They keep quiet here. They speak to you like nothing ever happened. The majority of them are right here in Inchon, waiting for the ship (home)."

"I think something should be done to them. A lot of guys have suffered on account of them. They seem happy now. Nothing has been done to them."

Asked if Army investigators knew about the men, Scales answered: "I hope they do."

He said if enough "reactionaries" from his company arrive

in time to catch the ship "it wouldn't be safe for them (the 30) to go back . . ."

Scales said he got his information because he worked in the camp kitchen near camp headquarters where the "progressives" hung out.

The three were among 125 Americans who streamed into Freedom Village with smiles on their faces but grim words on their lips. This was the biggest group of Americans sent back on one day.

They said the "No. 1 progressive" from their camp were handed over at Panmunjom in the first few days of Operation Big Switch.

The prisoners labeled men who swallowed the Red line "progressives" and said many were informers in the POW camps.

Some have elected to stay behind, prisoners have said, either converted to the Communist philosophy or fearful of what their fellow inmates might do once the Red protection was gone.

The three liberated men, all from Iowa, said all the "progressives" have been returned from

in time to catch the ship "it wouldn't be safe for them (the 30) to go back . . ."

U.S. To Take Steps If Reds Hold Back POWs

Seventeen POWs Enflight To U.S.

By WILLIAM J. WAUGH
PANMUNJOM (AP)—Seventeen disabled but happy Americans left Tokyo tonight by plane for the United States, leaving behind 31 months in North Korean prison camps.

Another 328 Americans boarded a Navy transport in Inchon harbor and will sail for home tomorrow. About 1,800 U. S. Marines returning home on regular rotation also are aboard the ship, the Gen. Nelson M. Walker.

The big Air Force plane carrying the vanguard of more than 3,000 Americans scheduled to be liberated in the massive prisoner exchange took off from Tokyo's Haneda Airport at 7:07 p.m. (5:07 a.m. EST, Monday).

Although destination and landing time were not given, the transport probably will set down at Travis Air Force Base near San Francisco about noon Tuesday.

The ship probably will take about two weeks to cross the Pacific to Seattle or San Francisco.

Monday saw 388 more Allied soldiers return from North Korean stockades—laughing, happy Americans, British and Turks, and 189 human wrecks.

Panmunjom's mood swung sharply between sadness and gaiety Sunday, depending on what nationality was on the trucks.

The 125 Americans and 25 Turks all appeared in good condition. The British, 50 in all, were in excellent spirit.

But there were grim faces among tough U. S. Marines who unloaded Red ambulances loaded with wasted, emaciated ROK soldiers.

And cynical Communist press photographers largely stayed away since the South Korean live-broadcast offered no propaganda possibilities for them.

There were 200 non-Koreans exchanged Monday. It was the first day that more non-Koreans than ROKs have been returned. Early Monday the Reds suddenly announced they were substituting 25 more Americans and 25 more British for 50 South Koreans. Whether this was merely a mixup in the Red schedule or had some deeper significance remained to be seen.

There was speculation the Reds made the sudden switch to avoid delivering the ghastly ROK litter cases before the eyes of India's Foreign Minister R. K. Nehru.

Nehru, a member of the Neutral Nations Advisory Commission which will oversee prisoners who refuse repatriation, reached Panmunjom in time to witness the third hourly delivery of prisoners. This was the exchange group that was switched by the Reds.

Tuesday's group, the Reds announced, will be in good health. It will be made up of 100 Americans, 25 British, 25 Turks and 250 South Koreans.

The total will raise the number of U. N. soldiers returned in seven days to 2,774, including 623 of 3,313 Americans the Reds said they held. The Communists have said they will return 12,763 prisoners all told.

There were fewer incidents in the switch Monday. The only trouble came from a handful of North Korean prisoners who jumped off their northbound trucks here and appeared ready to start a fight.

They claimed some South Koreans had thrown stones at their truck. Military police and other Red prisoners restrained them with angry shouts. There was no further trouble.

Dulles Gives First Hand Report To Ike

DENVER (AP)—Secretary of State Dulles said after a conference with President Eisenhower today that the United States probably would adopt "reciprocal measures" if the Communists refuse to return some American prisoners of war.

Dulles left no doubt he meant this country would take retaliatory steps if prisoners are withheld in violation of the armistice terms.

The secretary reached Eisenhower's vacation spot after an overnight non-stop flight from Honolulu on the way back from South Korea, where he conferred with the President of that republic, Syngman Rhee.

Dulles was with Eisenhower for about 70 minutes. Ambassador Henry Cabot Lodge Jr., chief of the U. S. mission to the United Nations, and assistant Secretary of State Walter Robertson, both of Korea, sat in at today's conference.

Dulles said he gave Eisenhower "a very full report" on his talks with Rhee. The secretary then noted that a communique released before he left Korea had said that the South Koreans had given a "categorical assurance" that they would not upset the newly-won armistice.

Dulles said he had been most impressed by what he saw of the exchange of prisoners of war at Freedom Village while in Korea.

He said he saw the first exchange and that some of the United Nations forces exchange were "in a rather forced condition" and that most were in "pretty bad physical condition."

The condition of those exchanged later, he added, has been somewhat better.

The secretary said this government is concerned that some prisoners of war might be withheld and not exchanged by the Chinese Communists and the North Koreans.

That matter, Dulles said, is "very much on our minds." He said those in charge administering the armistice, including Gen. Maxwell Taylor, 8th Army commander, are going to do "all that is humanly possible to get back all American boys."

Dulles was asked to elaborate on what precautionary steps are being taken in an effort to prevent the Reds from withholding prisoners.

The secretary said prisoners who have been returned are being checked carefully to find if they can furnish the names of any others who may be withheld.

Then Dulles said that "if they (the prisoners) don't get back we would presumably adopt reciprocal measures."

Asked whether that meant that this country in turn would withhold some Communist prisoners, the secretary said that would "seem to be a normal procedure."

Dulles said this government has received no official word that any American prisoners of war are refusing to be repatriated. A few men have turned down a chance for release.

Dulles left by plane for Washington.

"There is a very considerable number of Chinese and North Korean prisoners who have been convicted of crimes since being captured," Dulles said.

He added they would not be returned unless United Nations prisoners who have been convicted of crimes by the Communists have been likewise returned.

Lorraine Couple Made Happy As Son Freed

Mr. and Mrs. L. L. Campbell were two of the happiest people in Lorraine today.

Their son, Army Pfc. Billy Joe Campbell, was among the American prisoners of war freed Sunday in Korea.

Both said it was the best news they have ever received. "The waiting won't be quite so hard from now on," Mrs. Campbell said.

"I hope and pray he has a good mind and is in good health," Billy Joe was a prisoner of the Communist forces for two years and nine months. He was captured on Oct. 2, 1950, just one month after he arrived in Korea.

Mr. and Mrs. Campbell, who lives on route 1, Lorraine, say they can hardly wait until their son comes home. "Billy Joe is my baby. That's the reason I've been so worried about him," Mrs. Campbell said.

Actually Billy Joe is their youngest of 14 children, 11 of whom are living. A big reunion is planned when the released prisoner returns. All but one of the family are in Texas within a 150 mile radius of their parents.

"The mess about having Billy Joe being taken prisoner is the worst thing I've ever met up with," Mrs. Campbell said.

By The Associated Press
Seven more Texans crossed the "bamboo curtain" into freedom Sunday night in the sixth Korean war prisoner exchange.

There was additional good news for relatives of at least three Texans released earlier by the Communists. They left Japan by plane Monday (4 a.m. CST) for the United States.

Released Sunday night were: Pfc. James M. Connolly of High Lamar County; Cpl. Walter R. Williams of Alletton, Colorado County; Cpl. Billy J. Campbell of Lorraine; Pfc. Billy A. Brown of Houston; Cpl. Billy J. Smith, Dallas; Cpl. Gene L. Roberts, Leakey; and Cpl. Billie W. Jones, whose father is Martin B. Jones of Kermit.

"The good Lord has been with Billy and with us," said O. W. Brown, Houston oil-drilling superintendent.

Mystery Continues As Dead Woman, Nude Man Named

AMARILLO (AP)—How a woman got shot to death and a man companion wounded at a ranch water hole remained a mystery to officers today even though the victims were tentatively identified.

The pair were found Saturday on the Fryling Pan Ranch 17 miles northwest of here.

The woman was identified yesterday as Tillie Taylor, about 33, a Tulsa, Okla., waitress. She was named by Mrs. Mildred Amos, a waitress who came here recently from Tulsa.

The man, hospitalized here, says he is Walter Ellis. He has given his address as 1000 N. 10th St., New Jersey and California addresses.

This is the scene officers found at the ranch:

The woman's body was on a hill-top two miles off U. S. 66. She had been shot once in the back of the head. A pistol with two discharged shells lay near her body.

The man was found sitting nude in the shallow water hole about 150 yards from the woman's body. He had been shot once in the back of the head. He was severely sunburned and babbled incoherently.

Near the water hole were remains of a picnic lunch, cigarettes and some of the man's bloodstained clothes.

There were no identifying papers on either victim. Funeral home attendants found religious medals planned to the woman's underclothing. One bore the initials "M. T." and another "M. Taylor."

The man has regained his speech and is described in serious, but not critical, condition.

Mrs. Amos viewed the woman's body at a funeral home. She said one of the religious medals was one she had given the dead woman.

Mrs. Amos told police she lived several weeks in the same Tulsa rooming house with the woman. She said the victim left Tulsa about six weeks ago.

The Amos woman was able to give only scant information about the man. She said he went to California a week or so after the woman victim came to the rooming house.

"She called him Ellis and he signed his letters as Ellis," Mrs. Amos said. "She showed me several letters from him."

Output Goes Up But So Do Inventories

WASHINGTON (AP)—The nation's output of goods and services set a record in the April-May-June quarter, but inventories went up too.

The Commerce Department, reporting this yesterday, said consumers generally put increased spending power into purchases.

Yet, it said, the first quarter's \$2,900,000,000 annual rate of inventories—unsold stock on businesses' shelves—climbed to \$3,800,000,000 in the second quarter of the calendar year.

Appointments To U.S. Boards Seen

WASHINGTON (AP)—Additional appointments are expected to be made this week to key study commissions which will recommend major policy moves of the Eisenhower administration.

President Eisenhower and other top government leaders reportedly are having trouble in getting the right man for the right spot on some of the commissions.

However, it was learned that more of the selections should be ready for announcement within the next few days. The President is in Colorado on vacation but will make public his choices there if the White House succeeds in working out all the problems involved.

Reports of two of the commissions will bear heavily on Republican hopes for a balanced budget, tax cuts and decentralization of government.

One of these, the Commission on Organization of the Executive Branch of the Government, already has all of its 12 members. Former President Hoover is to head it, just as he did a similar group in 1947-48.

The new commission is to report by Dec. 31, 1954.

A 25-member Commission on Intergovernmental Relations, is to take up the thorny question of the dividing line between the federal government on one hand and state and local governments on the other.

It will study such questions as whether Washington can give back to the states some of the powers assumed in the last two decades, whether some federal aid programs can be discontinued or ping-pong jurisdictions can be eliminated.

Vice President Nixon and House Speaker Joseph Martin (R-Mass.) each have named their five members to this group. The President has yet to announce his 15 choices. This commission must report by next March 1.

The new Hoover commission and the Commission on Intergovernmental Relations each were voted \$500,000 by the recent Congress.

Another important study group will be the 11-member Commission on Foreign Economic Policy. It will try to come up with solutions to the knotty problem of expanding world trade and at the same time meet protests of domestic industries that imports are ruining them.

Nixon has named five senators to the group, but the President has not announced his seven choices nor has Martin made public his five.

Congress voted \$300,000 for this study. The commission is to report by next March 6.

A commission, created on the last day of the session to recommend new salary scales for members of Congress and federal judges, will have 15 members—six named by Eisenhower, six by Chief Justice Vinson, three by Nixon and three by Martin. The group will report next Jan. 13.

MERCURY TO ZOOM UPWARD

The mercury this afternoon was expected to equal the highest temperature ever recorded in Big Spring on this date—105 degrees.

The highest Aug. 10 maximum was registered in 1907 and equalled in 1911.

The local Weather Bureau says temperatures will remain high. Maximum Tuesday also is expected to be 105. Sunday high was 103. Some blowing dust was due this afternoon.

TEXAS YIELD MAY NOT HIT ESTIMATE

AUSTIN (AP)—Agriculture comm. John White said today Texas' cotton yield won't hold up to expectations if the heat wave continues much longer.

He said he thought the Department of Agriculture estimate placing Texas' cotton crop at 3,525,000 bales "is just about right as of the present."

"But we certainly won't make any more than that. If this hot weather continues, some of our good crops, such as those in Central Texas, are going to deteriorate and we won't make that much," he said.

Central Texas temperatures have hovered for several days around 105. More of the same is forecast.

Cotton Crop Of 14,605,000 Bales Is Official Forecast

WASHINGTON (AP)—The Agriculture Department estimated the cotton crop today at 14,605,000 bales and the Texas production at 3,525,000.

The Texas estimate is close to last year's yield of 3,750,000 bales, the 10-year average for Texas is 3,020,000.

The department estimated Texas' crop at 70 per cent of normal as of Aug. 1. The yield was indicated at 182 pounds per acre. The average yield per acre in the 1941-51 period was 183 pounds.

Texas' American-Egyptian cotton crop was forecast at 24,000 bales, valued at \$4,800,000. The forecast of 14,605,000 bales of 500 pounds gross weight virtually assures production controls on next year's crop.

Department officials have said that, because of reserves already on hand, a crop of more than 12 million bales would create a surplus requiring rigid marketing quotas on the 1954 crop.

Officials said it was inconceivable that weather between now and harvest would reduce the indicated production enough to make controls unnecessary.

A control program probably

The Commerce Department, reporting this yesterday, said consumers generally put increased spending power into purchases.

Yet, it said, the first quarter's \$2,900,000,000 annual rate of inventories—unsold stock on businesses' shelves—climbed to \$3,800,000,000 in the second quarter of the calendar year.

WASHINGTON (AP)—A tobacco industry spokesman pleaded with Congress today to do away with stamps and "horse and buggy era red tape" in the collection of tobacco taxes.

Robert Boyd told the House Ways and Means committee that by bringing the tobacco tax code up to date:

"The government (can save) millions of dollars each year in useless administrative expenses . . . and the government would not lose one cent in tax revenues."

The committee is conducting hearings aimed at helping it draft a general revision of the nation's tax laws.

THE WEATHER

BIG SPRING AND VICINITY
High today 93, low tonight 78, high tomorrow 105.

Highest temperature this date 105 in 1907 and 1911; lowest 62 in 1923; maximum rainfall 4.11 in 1916; least 24 in 1928.

Tobacco Tax Code Revision Is Asked

WASHINGTON (AP)—A tobacco industry spokesman pleaded with Congress today to do away with stamps and "horse and buggy era red tape" in the collection of tobacco taxes.

Robert Boyd told the House Ways and Means committee that by bringing the tobacco tax code up to date:

"The government (can save) millions of dollars each year in useless administrative expenses . . . and the government would not lose one cent in tax revenues."

The committee is conducting hearings aimed at helping it draft a general revision of the nation's tax laws.

WASHINGTON (AP)—Additional appointments are expected to be made this week to key study commissions which will recommend major policy moves of the Eisenhower administration.

President Eisenhower and other top government leaders reportedly are having trouble in getting the right man for the right spot on some of the commissions.

However, it was learned that more of the selections should be ready for announcement within the next few days. The President is in Colorado on vacation but will make public his choices there if the White House succeeds in working out all the problems involved.

Reports of two of the commissions will bear heavily on Republican hopes for a balanced budget, tax cuts and decentralization of government.

One of these, the Commission on Organization of the Executive Branch of the Government, already has all of its 12 members. Former President Hoover is to head it, just as he did a similar group in 1947-48.

The new commission is to report by Dec. 31, 1954.

A 25-member Commission on Intergovernmental Relations, is to take up the thorny question of the dividing line between the federal government on one hand and state and local governments on the other.

It will study such questions as whether Washington can give back to the states some of the powers assumed in the last two decades, whether some federal aid programs can be discontinued or ping-pong jurisdictions can be eliminated.

Vice President Nixon and House Speaker Joseph Martin (R-Mass.) each have named their five members to this group. The President has yet to announce his 15 choices. This commission must report by next March 1.

The new Hoover commission and the Commission on Intergovernmental Relations each were voted \$500,000 by the recent Congress.

Another important study group will be the 11-member Commission on Foreign Economic Policy. It will try to come up with solutions to the knotty problem of expanding world trade and at the same time meet protests of domestic industries that imports are ruining them.

Nixon has named five senators to the group, but the President has not announced his seven choices nor has Martin made public his five.

Congress voted \$300,000 for this study. The commission is to report by next March 6.

A commission, created on the last day of the session to recommend new salary scales for members of Congress and federal judges, will have 15 members—six named by Eisenhower, six by Chief Justice Vinson, three by Nixon and three by Martin. The group will report next Jan. 13.

U. S. Officials Await Soviet H-Bomb Proof

By FRANK E. CAREY
Associated Press Science Reporter

WASHINGTON (AP)—The next week or so could be a tense watch-and-wait period for American officials scanning the atmosphere for proof of Russia's boast that it has the dread hydrogen bomb.

This follows from the unofficial view of a well-known atomic scientist, Dr. Ralph Lapp of Washington, D. C., that:

1. Russia may actually have done a "small scale" test of a primitive scale insofar as the hydrogen end of it, but conceivably involving a triggering atomic bomb 10 times as powerful as the one dropped on Nagasaki.

2. By Lapp's own estimate it would take at least a week for radio-activity detection devices to verify such an event. While the United States has never said how it detected the first Russian "A-blast" in 1949, Lapp suggested America's nationwide system for radioactivity from Nevada tests probably has "global arms extending right up to the Iron Curtain."

Russian Premier Georgi Malenkov's announcement to the Soviet Parliament Saturday that "the United States no longer has the

monopoly of the hydrogen bomb" continued to set off shock waves of reaction throughout the free world.

Most of it was on the skeptical side, but there were many expressions that it at least could be true.

One effect of Malenkov's announcement was to jar loose what seemed like confirmation of speculation that the United States has unlocked the secret of the H-bomb.

Rep. Van Zandt (R-Pa.), a member of the Joint Atomic Energy Committee, in voicing suspicion of the Russian claim, said: "Why, we didn't know we had one ourselves until last October when we exploded a Hydrogen device."

Rep. Hineshaw (D-Calif.), also a committee member, said "We mastered production of the hydrogen bomb and all other aspects of it a year ago, so it is not surprising that the Russians claim to have developed it now."

Another member, Rep. Durham (D-NC), did not make such a flat statement as these. But he said the committee realized Russia's H-bomb potential long ago—"that is the reason we worked so hard last year to double this country's capacity to produce the hydrogen bomb."

Sen. Clinton Anderson (D-NM), also a member, said he considered it a "definite possibility" that Russia has the H-bomb. Rep. Coker (R-N.Y.), committee chairman, said at his home in Bath, N. Y.: "We cannot gamble that it is not true."

Sen. Duff (R-Pa.), who is not a member of the committee, said on an NBC television show last night he does not believe the Russians have the H-bomb but "we know we have the bomb."

Sen. Hickenlooper (R-Iowa), committee vice chairman, said only that America is far ahead of Russia or any other nation in nuclear development, but he cautioned: "Better overestimate their strength rather than underestimate it."

Newlyweds

Navy Ensign Richard Gromlund and his pretty bride, the former Mildred Clark, pose in an automobile after their marriage in Washington, D. C., in the Shrine of the Blessed Sacrament. The bride is the daughter of Associate Justice and Mrs. Tom Clark. The bridegroom is from Iron Mountain, Michigan. (AP Wirephoto).

Beria Purge (Natch) Gets Red Council OK

LONDON (AP)—The Soviet parliament rubber-stamped its approval today of the purging of Lavrenty P. Beria and ordered the case against the Kremlin's former No. 2 man to the Soviet Supreme Court.

The decree of the Supreme Council (parliament), broadcast by Moscow radio, indicated that the stage is being set for the trial of Premier Georgi M. Malenkov's onetime top deputy who rose to power as the head of Stalin's dreaded secret police.

The broadcast said the Council had confirmed the 54-year-old Beria's ouster for "criminal and antisocial activities," approved stripping him of "all awards and ranks, and (approved) transferring (his) case for consideration by the U.S.S.R. Supreme Court."

Ironically, the parliament acted at a session in which earlier it

had wildly applauded announcement of a new Soviet achievement in a program which the West generally believed Beria bossed—the development of atomic weapons.

Malenkov told the Council Saturday that the United States no longer had a monopoly on the hydrogen bomb. The West accepted the statement as an announcement that Russia has built, or knows how to build, the fearful bomb. Many experts were skeptical of Malenkov's claim, however.

Beria's downfall early in July came after persistent rumors of a titanic struggle for power in the Soviet high command. It launched a widespread purge of his proteges and favorites both within the Soviet union and in various of the restless satellites.

Malenkov himself presented the charges against his long-time associate to the Communist Party Central Committee meeting accused his deputy, who as minister of internal affairs headed the police system, of planning to take over the Soviet government and of plotting with foreign imperialists.

had confirmed the 54-year-old Beria's ouster for "criminal and antisocial activities," approved stripping him of "all awards and ranks, and (approved) transferring (his) case for consideration by the U.S.S.R. Supreme Court."

Ironically, the parliament acted at a session in which earlier it

Cancer Victim Dies After Research Aid

OKLAHOMA CITY (AP)—George T. Montgomery, 38, who offered himself to the Oklahoma Medical Research Foundation when he was told he had glandular cancer, died yesterday.

A cancer specialist said he "even refused sedatives the last few days so that we might better test his reaction to treatment."

Montgomery's expectant wife asked her physician to induce labor a week early so her husband would know his child was born. Told of the birth of a healthy son, he said through the pain, "That's fine."

Doctors said he improved slightly, then lapsed into a coma a few days later and died.

Stereotype Strike Fails To Shut Paper

ATLANTIC CITY (AP)—This morning's edition of the Atlantic City Press was thinner than usual and late hitting the streets because a pocket line of striking stereotypes almost closed down the newspaper's plant.

Supervisory personnel printed a curtailed edition, cutting the size from 28 pages to 16.

The AFL stereotypes, on strike since July 15 for higher wages, put up a 75-man picket line in front of the Press building last night. Sought by the stereotypes is a wage boost over the old rate of \$92.50 for a 40-hour week.

Anderson Says Don't Sell Russians Short

ALBUQUERQUE (AP)—Sen. Anderson (D-NM) says he "wouldn't sell Russia short" on Premier Malenkov's statement that Russia has the hydrogen bomb.

Anderson said on his return from Washington that "it is not a certainty that Russia has the H-bomb, but it is a definite possibility."

A member of the House-Senate Committee on Atomic Energy, Anderson said that Russian progress on atomic research has been very rapid.

Three Victims Die In Auto Accident

LONG BEACH, Calif. (AP)—Impact of a high-speed collision in which both drivers were killed threw a third victim to his death 51 feet onto the roof of a service station yesterday.

The body of bartender Leonard Salsbury, 30, was found on the roof several hours later. Also killed were David Rauss, 30, and Walter Silder, 48. Silder's wife Willie, 45, was critically hurt.

Police said Salsbury, Rauss' passenger, was dressed in feminine clothing. Firemen who removed the body at first identified the victim as a woman.

Career Woman Climbs Way To Post As Envoy To Swiss

By RUTH COWAN

WASHINGTON (AP)—America's first woman to climb the diplomatic ladder from vice consul to ambassador will be sworn in as envoy to Switzerland today at a ceremony in the State Department.

She is Miss Frances Willis, a slim, graceful woman who will calmly tell you, without being asked, that she is 54 years old.

It took this pioneer from Metropolis, Ill., 26 years from the time she put aside her textbooks as a

political science teacher at Vassar College to reach the high rung in a diplomat's career.

Each step has been so interesting to her that she never got back to the classroom, which she left in the first place because she believed she needed some practical experience in government operations.

Her first diplomatic post was in 1927 as vice consul in Valparaiso, Chile, and then in Santiago. She knew French but she had to learn Spanish in a hurry. The next rung was as third secretary at the legation in Sweden. Then came service in Belgium and Luxembourg.

After the Nazis overran the Low Countries in 1940, she was transferred to Spain as second secretary and consul at Madrid.

She was one of the first three women to qualify as a foreign service officer. The other two left the State Department some time back.

Original Site Of Taft Cancer Likely To Stay Mystery

WASHINGTON (AP)—Doctors close to the situation say it's now possible that the original site of the spreading cancer that killed Sen. Robert Taft of Ohio may forever remain a mystery.

A doctor who is completely familiar with the medical history of the case said a postmortem examination was made of the senator's body but that details were not available pending the results of detailed examination of tissue.

The doctor said today a partial postmortem report concerning the "gross" findings—that is, those resulting from visual examination—was as follows:

"Disseminated cancer—primary site and type undetermined."

Two Gunmen Sought Who Robbed Bank

SAN ANTONIO (AP)—A search was on today for two gunmen, one bald and the other curly haired, who robbed a bank Sunday at Yorktown, 65 miles southeast of here.

The two fled with \$811 after tying up the bank bookkeeper, who said he worked yesterday because of a heavy work load.

Laverne Brieger, bookkeeper of the First National Bank of Yorktown, told officers he was checking accounts at 5 a.m. when the pair got in the bank by flashing a badge and saying they were from Fort Worth. Brieger said he often starts work about 4:30 a.m. at this season because the bank has an unusually heavy run of business from the cotton harvest.

Brieger said one thug stuck a pistol into his face and said, "This is a holdup." They tied him up and fled with \$311 in currency and the remainder in silver.

The thugs were said to have entered a car in which a man and a woman were waiting and sped toward San Antonio.

Communists Stand To Lose Deposit Money In Canada

TORONTO (AP)—If the Communists run true to form, they will lose up to \$20,000 in today's Canadian election.

No Communist has been elected to the House of Commons since 1946, but they entered 100 candidates for today's polling. Each candidate—Communist or otherwise—had to post a \$200 deposit to run. This is forfeited to the Federal Treasury when a candidate fails to win half as many votes as the winner in his district.

The Communists received one return on their investment. Under an agreement among the parties and the government-owned networks, they had 30 minutes of free radio time. This was 3 per cent of the time given free to each of the two major parties running.

Hear Better with new electronic marvel Transistor HEARING METHOD

"CAN I GET a hearing aid operated entirely by a single energy capsule" smaller than a dime in diameter? ... without any vacuum tubes? ... that can be worn in the hair? Can I get an aid I can wear so that NO ONE will know I am hard of hearing?"

A new FIVE booklet, "Facts About Transistor L. A. WATSON Hearing Aids," by the author of a 600-page text on hearing instruments and nationally known authority on hearing instruments, gives you the FACTS. It tells the truth about transistor hearing aids and will save you many hard earned dollars.

Liberals Expected To Continue In Power As Canada Votes Today

By BEN BASSETT
TORONTO (U)—Voters across Canada marked ballots today in an election widely expected to give Louis St. Laurent's Liberal party four to five more years of power. Even the most vocal supporters of the opposition Progressive Conservative (Tory) party were dubious of ousting St. Laurent as prime minister. The opposition remembered the drubbing popular "Uncle Louis" handed them last time around.

In 1949's elections he spearheaded the greatest political victory in Canadian history. His party won 72 per cent of the seats in the House of Commons.

Here and there, the Liberals had lost favor in the last four years,

but seemingly not on a scale to warrant much optimism for George Drew. As Conservative leader, Drew would succeed St. Laurent in a Tory victory.

The Liberals came to power under W. L. Mackenzie King's leadership in 1935, riding much the same wave of sentiment that elected Franklin D. Roosevelt three years earlier. Victory today would promise the Liberals at least 22 years total tenure, beating the Democrats' 20-year stay in the White House. The Canadian term is nominally five years, but a government can call an election before its time expires. The Liberals called this one well ahead of their 1954 deadline.

The only offices at stake today

Herbert Hoover Is 79 Years Old Today

SAN FRANCISCO (U)—Former President Herbert Hoover quietly observed his 79th birthday today preparing to again become a consultant on federal government reorganization.

Hoover planned no celebration, just a quiet dinner with friends. He declined requests for interviews, but issued a statement in which he spoke chiefly of his assignment by President Eisenhower to head the new commission on reorganization of the executive branch of the federal government. He said the new commission will be called into session Sept. 29 and he hopes it may "contribute something to lessen what President Eisenhower has aptly described as our 'staggering economic burdens,' strengthen private enterprise, reduce the burdens of taxation, lessen bureaucratic tyranny over our citizens and generally improve the efficiency of government."

Freed Photographer And Wife Reunited

TOKYO (U)—AP photographer Frank Noel and his wife Evelyn were reunited today after a 3-year and 1-month separation. Noel spent 32 of those months in a Red prison stockade. 42 straight days in solitary confinement, facing blank walls.

The longing and waiting ended as the 48-year-old cameraman strode briskly from an air evacuation plane after being flown here from Korea, where he was released yesterday.

Tears welled in the eyes of Mrs. Noel but her face was bathed in a radiant smile. Noel, with a wide grin spread across his tanned face, grasped his wife firmly by the arm and said:

"Come on, Toots, let's go."

Mrs. Noel flew here from the United States to greet her husband.

Stevens Inspects

SEOUL (U)—Army Secretary Robert Stevens inspected the 2nd Division today.

Plane Lands In Lake

AUSTIN (U)—A light plane rented in Ardmore, Okla., by two Fort Sill, Okla., servicemen crash landed in Lake Austin yesterday. The pilot, Lt. Douglas E. Clark, 22, escaped injury. Egon Joseph Andt, 24, broke his nose and cut his face, head and neck.

Federal Auditor Dies

HOUSTON (U)—Rites for John Boyd, 58, auditor of the Houston branch of the Federal Reserve Bank, were held here today. Boyd died Saturday night.

Don't Try to Be Happy with a Sour Stomach

There's just no use trying to have fun when you've got a sour stomach. Do as millions do. Always carry Tums. Just eat 1 or 2 delicious Tums after meals or whenever distress occurs. And presto! Tums neutralizes excess acid. Contains no baking soda to over-alkalize or cause acid rebound. Always keep Tums handy—just eat like candy for top-speed relief of acid indigestion. See how much more fun you have when you can eat favorite foods without having to "pay up." Get a roll today.

Area Cowboys Share Final Rodeo Money

Two Big Spring cowboys, and one each from Gail and Garden City shared in the final money at the Big Spring Cowboy Reunion Rodeo when the finals were tallied Saturday night.

Sonny Edwards of Big Spring was top man in the calf roping and Raymond Phillips of Big Spring was in fourth place in the wild cow milking. First place money in the wild cow milking went to J. L. Sawyers of Garden City, and in the cutting horse con-

test Smoky C, ridden by Bob Beale of Gail finished second.

The events and the order in which the contestants placed were: Calf roping: (1) Sonny Edwards; (2) Jack Riggs of Marathon; (3) Troy Fort of Lovington, N. M.; and (4) Jack Saunders of Gatesville.

Bulldozing: (1) Paul Lanning of Killeen; (2) Tex Martin of Sanderson; (3) Bobby Rankin of Willis Point, and (4) Fess Reynolds of Hollywood, Calif.

All Of Crew From C119 Found Alive

By TOM STONE
WIESBAEDN, Germany (U)—All 24 men who parachuted from their disabled C119 Flying Boxcar over the Libyan desert late Saturday night have been found alive, the U. S. Air Force said today.

Twenty-one airmen were found earlier today. The other three were spotted later by an air rescue party.

The wreckage of the big plane and the survivors were spotted from the air today 80 miles southwest of Tripoli.

The other three of the plane's occupants still were listed as missing.

The Air Force said a rescue helicopter was at the crash scene and a land party was on the way there.

The plane, carrying a crew of 6 and 18 passengers, was on a flight across the Mediterranean from Udine, Italy, to Wheelus Field, the big Air Force base near Tripoli.

Earlier reports said the craft crashed in the sea and five survivors had been picked up, but the wreckage and the survivors were spotted in the desert today from the air by Col. Royal Anthis, commander of the Wheelus air base.

As a possible explanation of the earlier reports, the Air Force said it believed "sea turtles and orange crates in the water were mistakenly taken for rafts and the missing airmen."

Indiana Lad Soap Box Derby Winner

AKRON, Ohio (U)—Freddie Mohler of Muncie, Ind., barred by his health from most boyhood sports, headed home today as king of the nation's soap boxers.

The 93-pound youngster pounding out the five fastest times of the day, defeated 150 other teenagers from 49 states.

Two years ago Freddie, 14, had a thyroid ailment which physicians thought might be fatal. He's a lot better now, but he still can't play the active, outdoor games most boys enjoy.

That, he said, was what made him decide to become a soap box driver. It took him five weeks, often working into the night, to get his racer in shape for the derby. "I guess I was too busy to get sick," he grinned.

For his victory Freddie received a \$5,000 college scholarship.

Sales Of Business Suits Show Decline

HOUSTON, Tex. (U)—A garment industry spokesman says the traditional men's business suit with matching coat, pants and vest is "fast disappearing."

L. H. Jones of Nashville, Tenn., president of the Southern Garment Manufacturers Assn., reports the trend is toward what he calls more comfortable clothes for work and leisure.

"I don't expect the end of neckties but there has been a steady decline in their wear," he said in an interview.

The association is in convention here.

Marvin Bailey, Once Texas Ranger, Buried

HOUSTON, Tex. (U)—Marvin E. Bailey, retired Texas Ranger who is said to have once captured four Mexican generals, was buried today.

"He was a good shot with his peacemaker," another former Ranger, Frank Hamer of Austin, said of Bailey, who died here Saturday night.

Bailey was captain of a Ranger company which in 1908 patrolled the rugged Big Bend country along the Rio Grande.

Hamer said Bailey once captured four Mexican generals who "were out to recruit 'friends of the revolution' for Pancho Villa."

"Bailey was a cool man."

McElreath Rites Set

FORT WORTH (U)—Services for Fort Worth oil operator A. R. McElreath will be held here tomorrow. McElreath, 65, died Saturday of heart trouble. He had extensive holdings in West and East Texas, Louisiana and Oklahoma.

Quirino Weight Up, Medical Sources Say

BALTIMORE (U)—President Elpidio Quirino of the Philippines "has gained weight" and should be ready for discharge from Johns Hopkins Hospital this week as scheduled, hospital sources said last night.

A spokesman for Johns Hopkins joined Dr. Agerico Sison, Quirino's personal physician, in saying the President continued to respond well to his second stomach operation at the hospital.

Meet With Reds Set

LONDON (U)—A Soviet-Iranian commission to "strengthen existing friendly relations" between Russia and her oil-rich southern neighbor soon will meet in Tehran, Radio Moscow said today.

Patience is a mark of superior men. Little men imagine that misfortune will never end. Wise men trust God to bring triumph in the end. "Ye have heard of the patience of Job." — James 5:11.

Need For Preparation, Physically And Spiritually, Quite Apparent

The suspicion that the Communists may be holding back American prisoners from delivery at Panmunjom gained impetus and credibility when General Mark Clark expressed the belief there might be from 2,000 to 3,000 of these living dead in addition to the 3,313 they are in process of releasing at a snail's pace. General Clark also revealed that he signed the truce agreement under Washington instruction to reserve the right to press for further information about additional captives in later proceedings. The Reds have insisted their figure of 3,313 is correct, but they have also said that not all Allied POWs have been screened to see whether they wished to return home—an ominous exception. If they are holding back large numbers of POWs, they are playing true to Communist form as established by Russia. The Kremlin still hasn't offered any believable report on hundreds of thousands of German and Japanese POWs unaccounted for. The Communists seem incapable of dealing fairly and aboveboard with either their own people, their satellites or their

foes. To them mere men, their own or others, are less than the dust. They are unmoved by any consideration of decency and justice. The end justifies the means, and either out of natural cruelty or for use as pawns in some future guessing game, they are quite capable of holding up any number of prisoners with no explanation for it either now or later. Cruel as they are in this respect, the North Koreans and Chinese are probably no worse than their Russian masters, who are in a very real sense Orientals too. When you graft the ruthless procedures of communism onto the Oriental character, you've got something that is appalling to contemplate. These and countless other evidences of Communist animism should convince us that the only way we can survive is to build every sort of defense we can against this monstrous floodtide of evil, to post guards roundabout, to place watches in the night, and to arm ourselves not only with all the armaments our factories can turn out, but just as important, the whole armor of God.

Wise Leadership Is Exercised By Democrats On Crucial Matters

One Washington columnist, the AP's James Marlow, notes that President Eisenhower's radio report on his first six months in office "was a pretty modest appraisal, and a very careful one." He "took some cracks at the Democrats, but not by name. He aimed his criticism at the Truman administration, not at the Democrats in the present Congress. For them he had words of praise." This attitude was given expression a few days before Vice President Richard Nixon, who in a speech also handed out praise for the congressional Democrats led in the Senate by Lyndon Johnson and in the House by Sam Rayburn, both of whom went down the line for Adlai Stevenson when most Texas Democratic leaders were either beating the bushes for Eisenhower-Nixon votes or maintaining stony silence and creeping up the back alleys. It is to Messrs. Eisenhower and Nixon's credit that they acknowledge the important role played by congressional Democrats in helping the administration over many a rough spot in Eisenhower's first six months. It was Lyndon Johnson who

at session's end reminded the country that "practically every major item of the President's program" had been supported by the Democrats and that much of it "could not have been passed without the Democrats." Without retreating one inch from their loyalty to their party, both Democrats Johnson and Rayburn, and Southern Democrats in general, went along with Ike in several vital matters when some of his own Republicans went the other way. The next 18 months of the 83d Congress will find this cooperative attitude between the administration and the congressional Democrats more than ever important to the welfare of the country in one of the most critical periods of its history. The untimely death of Senator Taft left the relations between both houses and the White House even more a toss-up, for his influence pervaded the House Republican majority as well as the Senate's. This means the role played by Democrats for the next 18 months will be more than ever important to the welfare of the country. Let us hope they use the opportunity wisely and patriotically.

These Days — George Sokolsky

Administration, Congress Face Critical Tests In Next Session

No matter how popular or unpopular a President may be, in the final analysis his administration stands or falls on the work of the Congress. Whatever program he may have for the improvement of the country must be passed by Congress. Whenever a President has faced an antagonistic Congress for a prolonged period, the country has suffered. The worst example of this in recent years was the relations between President Herbert Hoover and the Democratic Congress elected in 1930. The country was paralyzed because neither the executive nor Congress could function adequately.

Democratic support for Eisenhower in the second session of the 83d Congress because it will not pay the Democrats to go along. They will be paying the way for their own victory in 1954. Some felt that the violence of the attack on Senator McCarthy in the last days of this session was a portent of events to come. They said that while it was true that the Democrats were laying for McCarthy, the vehemence of the attack is designed to make a record for 1954. It needs to be recalled that Senator John McClellan had, in the past, been one of the strongest supporters not only of McCarthy personally but of his methods, his probes and his attitudes. Yet it was McClellan who led the fight on McCarthy on an issue which the public perhaps missed, namely, the control of the staff.

The first session of the 83d Congress may be regarded as an Eisenhower Congress. Both political parties supported the President. The leadership of the Democratic party particularly was unwilling to take advantage of the fact that the Republicans at no time had a working majority. Furthermore the Republicans were divided into factions held together only by the personality and leadership of Robert A. Taft. At a dozen points, this session could have been disrupted by parliamentary tricks or by a coalition of anti-Eisenhower Republicans and Democrats. It did not happen because of the general decision to give Eisenhower a chance and because the country was in crisis during the entire period, and because of Taft's moral leadership.

The Republicans will go into the second session of the 83d Congress without a majority in the Senate and with only a fractional majority in the House of Representatives. There will be no Taft to hold the party together by moral suasion. Senator Wayne Morse, the solo independent party, can play a critical role unless some of the elders in the Democratic party continue supporting the Republicans to provide a synthetic majority. Taft's most important role in this session was to act as a bridge between the White House and the Congress. That role will now be taken on by the vice president, Richard Nixon, who has not yet developed the stature to lead his colleagues. Senators Knowland, Bridges, Millikin, Dirksen and Ferguson are influential among Republicans, but how effective it is impossible to say. The 1954 election may bring strength to either party; it is too early even to guess.

It was in the atmosphere of uncertainty and even shock that this first session of the 83d Congress adjourned, having failed to accomplish the three principal objectives of the Republican party: 1. Get out of the Korean war with dignity and honor. 2. Cut taxes. 3. Get subsidiaries out of the government.

Only the first of these objectives has even been approached by the truce; the other two have been postponed. Neither the Eisenhower administration nor the 83d Congress is to blame for the huge public debt, the high taxes, the depreciated currency or the unbalanced budget with its huge deficit. These they inherited from Truman, but they are responsible for an unrealistic approach to these problems—realism requiring that government expenditures be cut to the bone.

Railroad Horticulture

STOCKHOLM, F.—Swedish railwaymen are often expert gardeners, who fill in time between trains by trimming and watering the plants and lawns in Sweden's 4,000 flower-decked stations. The Swedish State Railways began planning gardens for its stations as long ago as 1862, when a protective green belt around each wayside stop was considered advisable to protect wooden houses from flying sparks from the locomotives. Today, nearly the whole system has been electrified, but there are still 4,500 acres of garden to be looked after. Passengers waiting for trains can sit on attractive park benches beside flower-covered walls and gold-fish ponds, sniffing the fragrance of roses in the summer months. Annual prizes are given for the best-kept gardens along the line.

"Maybe The Beach Would Be More Restful"

The World Today — James Marlow

Suggesting Russia Has H-Bomb Gives The Reds Several Bargaining Positions

WASHINGTON (AP)—Just suggesting Russia has the hydrogen bomb—whether it does or not—gave Malenkov a chance to try to try a few eggs for himself. Maybe smoke out a little information about this country's H-bomb, which he did; strengthen his own hand at home and Russia's bargaining power abroad; and take another crack at weakening the North Atlantic Alliance.

The United States government has never said it had made an H-bomb or mastered production of it. The Atomic Energy Commission has spoken only of tests "contributing" to H-bomb research. But yesterday two members of the Joint Congressional Atomic Energy Committee, which gets more information in this field than any other committees in Congress, flatly said this country has the H-bomb.

Rep. Hinshaw, a California Democrat, said: "We mastered production of the hydrogen bomb and all other aspects of it a year ago, so it is not surprising that the Russians claim to have developed it now." And Rep. Van Zandt, Pennsylvania Republican, said: "Why, we didn't know we had one (an H-bomb) ourselves until last October when we exploded a hydrogen bomb."

A boost in his own prestige was the least Malenkov could gain by claiming that Russia under his leadership had learned how to make an H-bomb. It was a boost he may have needed. Internal difficulties have piled up on him in the few months since he succeeded Stalin. At times he has looked like a leader with an uncertain future.

Uprisings among the captive peoples in East Germany and Czechoslovakia; purges in the Communist party; and Malenkov's

startling imprisonment of his co-partner and secret police chief, Lavrenty Beria. But Malenkov's H-bomb announcement, besides helping him personally, fitted in handily with the carrot and stick technique of trying to break up the Atlantic Pact between this country and its West European friends. Russia's stockpile of A-bombs may run into thousands. Russia, credited with achieving an atomic explosion four years ago, may have A-bombs in the hundreds.

This would be a disadvantage for the Communists in a war where this country and Russia simply dropped A-bombs on each other. The Russians could do a lot to equalize this by a sudden sneak attack. And this country's West European allies, being closer to Russia, could expect the first taste of Russian A-bombs.

This was a prospect bound to make U. S. allies in Western Europe anxious for peace, if they could get it, even perhaps to the point of appeasing Russia in a crisis.

That was all to the good for Russia—while the A-bomb was the biggest weapon. But Russian ability to frighten Western Europe with the threat of A-bombs would diminish if this country had the H-bomb.

And if anyone had any doubt that he wanted to strengthen Russia's bargaining position by putting it on a par in power with the United States—through his claims about the H-bomb—he said: "American statements are making a mistake if they consider Soviet efforts toward peace a sign of weakness or softness."

So long as Russia did not say it had the H-bomb, and the apparatus of American scientists did not pick up tell-tale evidence in the atmosphere of H-bomb explosion in Russia, there seemed to be a widespread belief Russia did not have it.

Now, even if he's faking, Malenkov has raised doubts which he may try to exploit later. From a psychological standpoint he's already made use of the H-bomb.

Champions Of Noble Dog Argue Canine Is The Best For A Pet

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

Recently, this space was devoted to a Kentucky party who complained that the station in life of the Noble Dog was too high. As if in rebuttal, a Chicago man has come forward with the argument that no other animal can compare as a pet with a pup.

Nothing succeeds like success, this individual points out, and something like 20,000,000 of the canines have sold themselves to the great American public as pets, show dogs or hunting dogs. He gets plenty of support in his arguments within his area from people sentimentally attached to the four-legged creatures.

One of the champions of the dog points out that "nearly everyone wants companionship, intelligence, responsiveness and loyalty in a pet. And that's why they acquire dogs."

Another states that "dogs are the most affectionate animals toward man." The intelligence of the canine adds fuel to their argument, they maintain. They cite the dog's IQ by comparing him with

the horse and other domesticated animals.

"A bit of blowing paper frightens a horse into flight," one insists. "The cat does not care for contacts which are not necessary to its own pleasure and hence has not developed the all-around reactions of the dog," points out another.

In rating animal intelligence, a man who professes he knows says he'd place the dog first, followed by the cat, then the horse and then the parrot family.

Some authorities say the dog divides the world into two groups—those friendly to his master and those not friendly.

It is said the training of a horse is mostly by physical contact, whereas the dog can be trained by voice, motion and imitation, as well as by touch.

The experts have trouble in deciding which breed of dog is the smartest but generally agree that the herding dogs boast the most intelligence. That includes Shepherds, collies and allied breeds.

Poodles rank high on the list, as do bird dogs and fox terriers. Anybody have a good word for the chimpanzee?

—TOMMY HART.

Washington Calling — Marquis Childs

Dulles Finding It Difficult To Please Everyone At Same Time

WASHINGTON — In trying to find a peaceful way out of the Korean tangle, Secretary of State John Foster Dulles is like a man walking on a tightrope. He gets one foot disentangled only to find that the other is stuck fast.

Behind the decision to press for the truce were certain assumptions—calculated risks. One, and the one on which perhaps the most turns, is that at the end of six months the South Koreans will no longer be fired with determination to unite Korea by force. Devastated by three years of war and working at the task of rehabilitation with the help of American dollars, they will be more willing to wait for peaceful means to try to bring the two halves of their country together.

Given the Korean temperament—the strain of fanatical patriotism joined to Oriental fatalism, this is a gamble. But in their private discussions with representatives of the other United Nations powers having troops in Korea, both Dulles and Assistant Secretary of State Walter Robertson put considerable stress on the falling away of the will to more war.

In the cards he holds in his hand, both for the game in Korea and for the larger contest in the U. N. General Assembly later this month, Dulles has an ace in which he puts great confidence. It is one of his important talking points in bringing President Syngman Rhee and the even more resentful Korean officials close to Rhee around to a realistic acceptance of the truce.

This is the agreement signed by the United States and the 15 other U. N. powers that furnished troops for Korea asserting that in the event of a repetition of unprovoked aggression against the South Korean Republic they would again take up arms. This agreement has an interesting history.

Negotiations for it were started when it first appeared that a truce with the Communists could be reached. That, of course, was many months before the Eisenhower Administration came to power. An understanding was reached at that time. Dulles, as the latest truce talks reached a climax, pushed it to the point of signing.

Such an agreement should mollify Rhee. Interpretation is most important, however, and it is just here that Dulles' own temperament enters in. The reassurances he gives Rhee on the definition of "unprovoked aggression" may be taken by Rhee to mean something quite different from the interpretation of "unprovoked aggression" by Britain, France and the other U. N. allies. They

would want to be convinced that it was actually unprovoked.

An important facet of the Dulles' temperament is the desire to please. Those who have known him most of his life say that it is not so much a matter of pleasing others as satisfying the standards he sets for himself. Those standards have always been high. It is a family characteristic—to set the mark high. And Dulles has won the symbols of success, wealth, fame and an important place in the councils of church and state.

To be Secretary of State was also a family tradition and a lifelong ambition. Those who have closely observed Dulles in this role believe that the key to much that he does is his desire to please his boss, the President. Their temperaments, Eisenhower and Dulles, could hardly be more unlike. When it comes to games, Dulles can scarcely tell a club from a spade or a fairway from a green.

But he wants to be a team player, he wants to do what he thinks the President wants him to do. When something goes wrong, as it frequently does with trouble breaking out all over, the Secretary feels badly on his own account and twice as badly because he feels he has let the boss down.

To spend one week in Korea in order to try to please President Rhee was not easy for the Secretary of State at this difficult moment. It meant a grueling trip—bad weather and engine trouble delayed the arrival of the Dulles party by more than 12 hours. It meant endless conferences with the persistent Rhee constantly pressing his demands.

But this patient man who wants to please everyone has his breaking point. Twice recently his patience came to an end in sharp words.

The first time was when he was testifying on foreign aid and Senator Henry Dworshak (Rep.) of Idaho referred to the program as a give-away. Dulles, who has treated all Senators including Joe McCarthy of Wisconsin politely and gingerly, replied with stern words about the folly of "going it alone."

The second time was when he read of the debate in the British House of Commons with members demanding to know why concessions were being made to Rhee. The Secretary picked up the phone and talked if not sternly then realistically to British Ambassador Sir Roger Makins, reminding him of the British pressure for the truce. He may be discovering that it just isn't possible to please everybody all the time.

Uncle Ray's Corner

Mosquito Fish Fight Malaria

About half a century ago a "mosquito survey" of the West Indies was made. On these islands there had been great trouble from malaria, one of the world's most deadly diseases.

A single island in the group was found to be completely free of malaria. This was Barbados, a thickly settled island which now has about 1,200 persons to the square mile.

On other islands of the West Indies there were many Anopheles mosquitoes, but Barbados seemed to be free of them. There were mosquitoes of other kinds, but the scientists failed to find the malaria-carrying Anopheles.

Mosquitoes lay their eggs in wet places chiefly in the still waters of swamps, pools and lakes. From the eggs come larvae, and later pupae, which are the young of mosquitoes and which live under water.

Since Barbados had plenty of breeding places for mosquitoes, the scientists wondered why there were so few on the island. The answer was found in the presence of little fish which now go under the name of "mosquito fish." There were millions of these little fish in the waters of Barbados.

Mosquito fish eat food of several kinds, but they are most greedy for the young of mosquitoes. A full-grown fish of this type is only about an inch long. The young are born alive, and a female may provide two or three dozen baby fish each six weeks through the year.

Many other kinds of fish are useful in destroying the young of mosquitoes, but the Barbados mosquito fish seems to be the champion. Among his rivals for the

honor are "top minnows," which are common from the Carolinas down to Florida, and in some other parts of the United States.

Perhaps the best answer to the mosquito problem is the draining of swamps and pools. This has proved successful in many places. Elsewhere, pending the draining, much help can come from mosquito fish, minnows and certain other fish.

HOLLYWOOD BEAUTY

Joanne Gilbert Likes Simplicity In Clothes

By LYDIA LANE
HOLLYWOOD—Joanne Gilbert is one of Hollywood's Cinderella girls. A few months ago she was a model, and today she is under contract to Paramount and has a pile of offers from nightclubs.

"How did it all begin?" I asked Joanne as we sat in her dressing room the other afternoon on the "Red Garters" set at Paramount.

"The Mocambo here in Hollywood had one week that wasn't filled so they decided to let me make my nightclub debut with them. I was rehearsing with the orchestra when Mr. Morrison, the owner of the nightclub, said he didn't like my costume. I was wearing black sequin slacks and a white blouse because it was easy to dance in. But a few hours before I was to go on they took a scissors and whacked my trousers until they became very short shorts."

"Your costume has had favorable publicity," Joanne smiled.

"Yes, it was something different and caused quite a bit of comment."

We chatted about the importance of appearance and Joanne confessed that she tinged as a model had been wonderful experience.

"What is the most important thing being a model has taught you?" I asked.

"A feeling for clothes," she said. "It makes you look for simple basic lines and good fabrics. But some of my most admired costumes have not been expensive. If you know what to look for you don't have to pay exorbitant prices."

"The important point," Joanne continued, "is for the clothes to be becoming to you. Some people feel if they pay a lot for a high-style dress it has to be impressive, but this isn't true."

How do you feel a person

should go about learning how to dress?" I asked.

"If you are not sure of yourself, consult people whose taste you admire. Learn from them. Study every well-dressed woman and try to analyze her secret. I am a black and white girl myself. Simplifying

CLOTHES CONSCIOUS?
 If you are interested in clothes and fashion—and who isn't—then you'll want a copy of leaflet M-31, "Fashion Do's and Don'ts." If you are too tall, overweight, too short, too thin, or just about right, you'll learn lots of vital pointers. Get your copy of this vital leaflet by sending 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Herald.

my colors I have no accessory problem but sometimes I have a change of mood with colored shoes, jewelry and lipstick.

"I collect lipsticks," Joanne confessed. They are such an inexpensive and effective way of making yourself look different. I have all the colors from coral pinks to true reds. I think it's so easy to get into a rut with your hairdo and make-up but people will never get tired of looking at you when you make subtle but constant changes."

"Your costume has had favorable publicity," Joanne smiled.

"Yes, it was something different and caused quite a bit of comment."

Rebekah District Meeting Planned

Plans for the Oct. 17 meeting of the Rebekah Association District 2 were made by Association officers at Odessa Saturday. The meeting will be in Odessa.

Attending from Big Spring were Mrs. Audrey Cain, musician, and Mrs. Evelyn Roger, secretary. Both are members of Big Spring Lodge 284. Highlight of the district meeting will be the election of officers.

Forsan Residents Visit, Entertain

FORSAN, (Sp1)—Mr. and Mrs. Leroy Rankin of Odessa have been guests of the Jesse Overtons.

Mr. and Mrs. Joe Ratliff and children recently visited in Lubbock.

Pvt. Bob Wash of San Antonio is visiting his father, C. V. Wash who is ill.

Susan Elrod visited relatives in Rankin recently.

Richard Knoeke, son of Mr. and Mrs. R. J. Knoeke is visiting in Colorado City, with his grandparents, Mr. and Mrs. Earl Hunter.

Mr. and Mrs. Joe B. Hoard Sr. have been entertaining their daughters and families. The guests are Mr. and Mrs. W. L. Green, J. W. Janet and Janice, of Midland, and Mr. and Mrs. E. E. Woodson, Betty Jo and Lilly Ann of Dallas.

Mr. and Mrs. Don Page and children of Odessa have been guests of her parents, Mr. and Mrs. G. F. Duncan.

Mr. and Mrs. W. A. Majors, Betty and Shirley, have returned from a visit in Odessa.

Mother's Helper

Busy Junior homemakers who want to help Mother actually can with a miniature carpet sweeper that really sweeps. It's built with a rubber bumper to protect the furniture when the little girl is overly enthusiastic about her chores and the handle stands upright when she leaves it.

Mr. and Mrs. D. G. Calvert of Garland, Texas visited this week end with Mr. and Mrs. D. H. Calvert and Mr. and Mrs. Grady Redding.

Irish Crochet

Pink "Irish crochet" roses, white lace picot background, a tiny line of pale green bedded like Irish moss under the roses is the dainty color scheme of this lace-like pillowcase, sheet and guest towel medallion design. Actual size of complete design (10 by 7 1/2 inches) given in pattern so that crocheting is completely easy, even for a beginner!

THIS IS GOOD EATING

TOMATO, SNAP BEAN AND ONION SALAD

Ingredients: 1 medium onion, 1 pound snap beans, 1/4 to 1 cup boiling water, 1/2 teaspoon salt, 6 tablespoons olive oil, 2 tablespoons wine vinegar, 1 tablespoon tarragon vinegar, 1/2 teaspoon salt, 1/2 teaspoon sugar, 1 pound tomatoes.

Method: Peel onion; cut into thin rings; let stand in cold water. Scrub snap beans in cold water; snap off ends; leave whole. Add 1/2 teaspoon salt and beans to boiling water; cook rapidly covered, until tender-crisp; drain. Mix olive oil, vinegars, 1/4 teaspoon salt and sugar; put in shallow container; add beans and drained onion rings. Allow vegetables to stand in marinade for a few hours; turn several times; add more salt if necessary. At serving time slice tomatoes; arrange on small platter; arrange snap beans over center of tomatoes; garnish with onion rings. Makes 6 servings. Serve with the following:

Broiled Steak
 Mashed Potatoes
 Tomato, Snap Bean and Onion Salad
 Bread and Butter
 Blackberry Bowl
 Beverage

(Clip this for future use. It may conveniently be pasted on a recipe file card.)

'May I Present...'
 At a reception for Col. Fred M. Dean, Webb Air Force Base commander, Mrs. Henry S. Tyler Jr., introduces 2nd Lt. Bobbie G. Debenport of Pilot Class 54-A, to Col. Tyler, Webb executive officer, at Col. Dean's home. More than 450 officers and their wives or guests and a number of civilians from Big Spring attended the reception Saturday night at the base auditorium.

Boys Take Vacation

Jimmy Stewart and Jack Sparks are vacationing in Pason, Ariz., this week where they will visit Jimmy's aunt and uncle, Mr. and Mrs. Wade Hampton. They plan to visit the Grand Canyon, Painted Desert and Hoover Dam before returning home. They are the sons of Mr. and Mrs. Jack Sparks and Mrs. H. D. Stewart.

Shower At Church Honors Mrs. Ballard Of Big Spring

FORSAN, (Sp1)—Mrs. Claud Ballard, Howard County pioneer, was honored at a shower at the Methodist Church Annex recently.

Hostesses were Mrs. B. D. Caldwell, Mrs. L. W. Willis, Mrs. O. N. Green, Mrs. Joe B. Hoard Sr., Mrs. L. B. McElrath and Mrs. W. A. Majors.

Mrs. Ballard is now living in Big Spring with Mrs. J. P. Calloway, sister of her husband, the late Mr. Ballard. She first moved to Big Spring in 1901 with her father and step-mother, Mr. and Mrs. John (Dad) Johnston, who owned a jewelry store.

She was graduated from Big Spring High School in 1903 and was married in 1905. The Ballards ranched near Elbow for the next 18 years and later lived at Ross City where he was employed by the Continental Oil Co. until his death in 1951.

The refreshment table was laid with a lace cloth and centered with an arrangement of red roses in a large crystal bowl, as were the gift and register tables.

The hostesses presented Mrs. Ballard with a red rosebud corsage. Mrs. McElrath assisted her in opening presents. Mrs. Majors presided at the silver coffee service. Shirley Majors registered guests.

Guests included Mrs. Calloway, Mrs. Pete Thornton, Mrs. J. P. Kubecka, Mrs. O. W. Scudday, Mrs. Lois Smith, Mrs. Hoyt Andrews, Mrs. Ed Campbell, Mrs. A. J. McNeill, Mrs. B. P. Huchton, Mrs. G. F. Duncan, Mrs. E. S. Lamb, Mrs. Mamie Gandy, Mrs. A. P. Oglesby, Mary Virginia Lamb, O. W. Fletcher, Mrs. George Overton, Mrs. Jesse Overton, Mrs. Sam Rust, Mrs. W. B. Dunn, Mrs. C. J. Lamb, Mrs. H. L. Nixon, Mrs. Jewell White, Mrs. Sam Childress, Mrs. H. H. Story, Mrs. R. L. Bowman, Mrs. J. D. Glimore, Mrs. Joe Holliday, Mrs. Ray Prater, Mrs. Willie Hoard and Mrs. G. T. Painter.

Mr. and Mrs. A. J. McNeill Sr. of Breckenridge and Barbara Jean McCreane of Baytown have been visiting the McNeills' son and family, Mr. and Mrs. A. J. McNeill Jr. and Mary Kay.

About Clothes

Joanne Gilbert, high-stepping dancer who makes her film debut for Paramount in "Red Garters," stresses the importance of proper dress.

Six Return From Camp In Eastland

The Rev. and Mrs. John E. Kolar and four young people of the First Church of God have returned from a Youth Camp at Warners Memorial Camp Grounds in Eastland.

Participating from Big Spring were Glenn Jenkins, Coy Thomas, Johnny Hickson and Charles Herington.

In a series of daily lectures Rev. Kolar taught Church of God doctrine. Motion pictures were shown on the need for Christian businessmen, the evils of alcohol and the work of missionaries in Africa, especially of doctors and nurses.

A series of talks on "The Type of Youth We Should Be," a recreation program and talent shows completed the camp schedule.

Adair's Policies To Be Continued At Music Store

The policies of the late Jack Adair, who founded the Adair Music Company here, will be continued in the operation of the business here.

Mrs. Opal Adair, who has assumed charge of the business which was directed here more than half a dozen years by her husband, is no newcomer to the concern. For most of the time the store has operated here, she was active in it. During periods when Mr. Adair's health forced his confinement, Mrs. Adair managed the firm.

Consequently, she possesses a sound background in the merchandising of pianos and other musical instruments and supplies. "Whatever promises or pledges which were made by Mr. Adair will find his company standing firmly behind them," said Mrs. Adair. "The policies of fair dealing, of selling only the highest quality such as exemplified in the famous Baldwin line, of understanding and civic pride will continue to be characteristics of the business."

"He was proud that over the years the Adair Music Company had helped many schools, churches and other institutions secure pianos of excellence. He was proud, too, that parents and other couples who insisted on Baldwin-made pianos for their homes always remained fast friends of the company."

Adair Music Company now has on the floor a wide assortment of pianos produced by Baldwin. Now with school about to start, parents and school administrators won't have to worry about future delivery. Adair Music can fill the order promptly and with the same concern for the customer as the founder applied in building up the business.

A New Aid To Home Decorators Offered

Something new and glamorous in paint color cards, a folder that presents a selection of complete color schemes, is offered to home-makers by the Sherwin-Williams Branch Store, in Big Spring.

"Called the Sherwin-Williams Color Scheme Selector, the new folder is actually a condensed and practical color service," said Arthur W. Franklin, branch manager. "It suggests a variety of colors that go well together. This folder enables the homemaker to plan decorative color with confidence."

The Color Scheme Selector shows sixteen groups of compatible colors. Within each group is a dominant color, available in a ready-to-use

interior wall finish (SUPER KEM-TONE), plus four harmonious accent colors. The result is a total of 256 color harmonies selected by color experts.

"With each of the sixteen ready-to-use colors," the folder points out, "our experts group four from the hundreds of easy intermixtures. The four are in perfect harmony with each other, as well as with the dominant color. This means you can choose any three or four or all five colors from any one group and be sure they go together."

In practice, the homemaker who plans a new color for the walls of a room finds the color chip that approximates the shade of the rug or a major piece of furniture. She then selects one of the four colors grouped with it for use on the walls. Further decorative guidance is found in illustrations of color styled rooms, each scheme based upon one of the recommended color combinations.

"The new folder goes far beyond the conventional color cards," he said. "It not only shows today's popular colors, but takes the confusion out of home decorating."

Name Of Jet Crash Victim Is Released

The aviation cadet killed in Friday's crash of a Webb Air Force Base jet trainer plane 15 miles north of Coahoma has been identified by Webb officers as Michael Trioleaud, 20. Trioleaud was a French student training in the United States under the provisions of the Mutual Defense Assistance Pact.

Trioleaud, son of Mr. and Mrs. Jean Trioleaud, listed his home address as Cos Berdet Livourne (Gironde), France. He had attended the College Technique at Peregues, France, from 1949 to 1951.

A member of Jet Pilot Class 53-E-3, at Webb, he would have received his pilot's wings on Sept. 1. The cadet's name had been withheld for the customary 48 hours pending notification of his next of kin.

Modern Kitchen Being Featured Here By Runyan

Housewives interested in modern kitchens that are designed to meet changing storage needs should visit Runyan Plumbing Company, 505 East 6th.

For this firm is Big Spring's agent for the American-Standard kitchens.

Either R. C. Runyan or Edith Trapnell, co-owners, will demonstrate the in-and-outs of the kitchen upon request. And they will also discuss easy-payment terms. "The American-Standard kitchen is the only one with shelf and drawer arrangements that you can change at any time," Runyan said. "It is designed as a work-saving kitchen."

Runyan points out that practically any combination of drawers and sliding shelves can be arranged with the kitchen. "Combinations can be changed to meet your needs he said.

Featured with the kitchen are the smooth, long wearing plastic counters and the baked enamel finish on all-steel cabinets. Doors are sound deadened and snug fitting. And the American-Standard sink is made of rigid cast iron with a thick coating of acid-resisting enamel.

Booklets of kitchen ideas are also available at Runyans, and estimates on installation are free.

Runyan explained that undersink and base cabinets can be changed in a few minutes from shelves to drawers or to a combination of both.

Nixon Arrives Late For Golf Date As He Loses His Way

SPRING LAKE, N. J. — Vice President Richard M. Nixon was 40 minutes late for a golf date yesterday because he lost his way.

Soon after he left nearby Mantoloking, where he is spending weekends this month, he found himself headed for Philadelphia instead of the Spring Lake Golf Country Club.

He stopped at two filling stations for directions. Neither time was he recognized. In fact, one of the attendants told him to "wait until I get through with this other customer, sir."

Nixon finally reached the club and carded a 99 for the 18 holes. He took up golf only last February. Two English kings never were crowned: Edward V who ruled in 1483 and Edward VII who abdicated before his coronation and became the Duke of Windsor.

Barbecue From Ross Is Good Any Time

Barbecue is good any time, and it's especially good these hot days when all a person has to do to get it is drive out to the pit turning out the best barbecue in Texas and either be served there with all the trimmings, or to buy barbecue to take home.

This pit is the one at Ross' Barbecue, 904 East Third Street. Ross barbecue is prepared the old-fashioned way. It's really barbecued, not just cooked and then touched up with a commercial barbecue sauce such as is done by so many of Ross' imitators. For the take-home customer there are slices of the wonderful beef or barbecue sandwiches quickly prepared while you wait.

Ross makes his own barbecue sauce from an old recipe that is

envied by barbecue stands everywhere. At Ross' at 904 East Third (Highway 80) the meat is actually barbecued from the time it starts cooking. It's real old-fashioned barbecue prepared with the know-how gained from more than 25 years of barbecuing. This stand is a favorite with many Big Spring families and with tourists and even more frequent travelers through here who have learned of this delicious barbecue at some distant point from other travelers who have enjoyed it.

"You can't have good barbecue without you start with good beef," says Ross, and this is why he buys only the finer cuts. Having built the reputation for the best barbecue in West Texas he seeks to maintain that reputation. "You can't make good barbecue from cheap meat," he repeats.

These choice cuts are not boiled, or otherwise pre-cooked before going to the barbecue pit where they are prepared for hours over slow wood fires to give patrons the full flavor of the meat with just the right amount of the barbecue touch.

Ross' lunches, particularly the barbecue plate, are also extremely popular. The service there is prompt, efficient and friendly. The Ross family has operated a barbecue business in Big Spring since the early 1920s and pride in the reputation gained through the years is reflected in every slice of barbecue served there now.

Reds Begin Jamming Of Radio Waves

BERLIN (AP)—The Russians have started a vast new radio jamming campaign further to isolate East Germany's 18 million people from the West. The Reds hope this will lessen chances of more anti-Communist rebellions like the June 17 revolts.

The new Communist measures were disclosed today by East Germans who slipped through the Communist police blockade to get to free American food parcels in West Berlin.

The blockade runners still came in by the hundreds from all sections of the Russia East, despite a tight ban on rail travel and strong police cordons thrown around the city.

But Communist terror severely slashed the influx of hungry. On Sunday only 49,796 parcels were distributed, 39,877 going to people from the Russian occupation zone and the remainder to refugees from Soviet East Berlin. This was only half as many as Saturday and less than one-fifth of the record 280,000 parcels handed out July 31 before the Communists imposed their travel ban.

Longshoremens Face AFL Ouster Threat

CHICAGO (AP)—The AFL Executive Council held an ouster threat over its crime-laden East Coast waterfront workers union today at a showdown hearing on cleanup demands. Joseph P. Ryan, lifetime president of the AFL International Longshoremens' Association, was expected to defend his 65,000-member organization from charges of harboring criminal elements and

MARKETS

COTTON NEW YORK (AP)—Cotton declined today on selling influenced by the government cotton crop forecast, larger than expected. Losses extended to 11 1/2¢ a bale before the market recovered partially. Noon prices were 40 cents to 41 1/2¢ a bale lower. Oct. 11.50. Dec. 13.85, March 23.85. LIVESTOCK FORT WORTH (AP)—Cattle 6:00: steady; good and choice slaughter steers and yearlings 18.00-22.50; common and medium 15.00-17.00; fat cows 9.50-12.50; good and choice slaughter calves 14.00-18.00; common to medium 10.00-14.00; good and choice stocker steers calves 15.00-19.00; outstanding calves 20.00 for the steers and 18.00 for heifers; stocker steer yearlings 12.00-17.50; stocker cows 10.00-15.00. Hogs 6:00: up 1.00; choice 100-200 lbs. 13.00-35.00. Oil Flows From Pennsylvanian Reef In Dawson Wildcat Test

Oil flowed from the Pennsylvanian Reef on a drillstem test this week end of Seaboard No. 1 Pettaway, wildcat in Dawson County about 15 miles east and slightly south of Lamesa.

And operator of Oceanic and Green and McSpadden No. 1 Winans, Howard County wildcat just west of production in the Vealmoor Field, is preparing to run potential test.

Humble No. 1 Farmer, wildcat in Mitchell County about 17 miles southwest of Colorado City, was completed for a 24-hour pumping potential of 16.68 barrels of oil.

Borden

McElroy No. 1 Higginbotham, C SE NE, 16-31-3n, T&P survey, is drilling ahead at 9,173 feet in lime and chert.

Double U No. 1-A Spindler, 800 from south and 1,650 from east lines, 464-97-H&C survey, got down to 7,372 feet in lime and shale.

Ares No. 1 Dennis Brothers, C NW NW, 10-30-6n, T&P survey, hit 4,650 feet in lime.

Cutz No. 1 Canon, C SW NW, 29-23-5n, T&P survey, is reported below 10,181 feet in lime and chert.

Dawson

Seaboard No. 1 Pettaway, C NE SW, 40-34-5n, T&P survey, had oil flow on drillstem test in the Pennsylvanian between 7,884 and 7,910 feet. The test was for two hours and 10 minutes. Gas came to surface in five minutes, and mud and oil followed in 25 minutes.

The test flowed 5.2 barrels of oil in the first 15 minutes through a one-inch choke. Then it flowed for an hour through a 3/4 inch choke and made 11.4 barrels of oil, with no water. Open flowing bottom hole pressure was from 375 to 1,900 pounds, and 15 minute bottom hole pressure was 3,275 pounds.

Gravity of oil was approximately 39.2. After the test was closed the drilling pipe unloaded 1,588 feet of oil, 2,300 feet of gas cut mud and 398 feet of heavily oil and gas-cut mud. Operator is now coring deeper. This wildcat, which lists top of reef lime at 7,885 feet, also showed for possible production in the Spraberry. Datum minus is 4,989 feet. It is 394 feet high to nearby Seaboard No. 1 Riddle, Cities Service No. 2 Brennan, 1,650 from north and 467 from west lines, 78-N-E&R survey, is

flowing and testing through a 3/4 inch choke from a total depth of 8,607 feet. Perforations are between 8,390 and 8,597 feet. Operator acidized with 2,000 gallons and is now preparing to take a potential test.

Magnolia No. 1 Eiland, C NE NE, 23-27-3-Glasscock CSL, has a total depth of 11,772 feet in lime. Adrilstem test in the Mississippian is now being prepared between 11,670 and 11,772 feet.

Harrell and Williamson No. 1 Smart, 330 from west and south lines, northeast quarter, 111-M-E-L&R survey, is running electricity. Texas Crude No. 1-122 Lindsey Trust, C SE NE, 122-M-E-L&R survey, is moving off rig.

Howard

Oceanic and Green and McSpadden No. 1 Winans, 660 from south and west lines, northeast quarter, 23-33-3n, T&P survey, is preparing to run a potential test. Drillstem test had been returned between 8,170 and 8,185 feet with the tool open an hour, 30 minutes. There was a strong blow of air immediately and gas came to surface in one minute, mud in 35 minutes and oil in 37. Venture flowed 25 barrels of oil for the remainder of the test (53 minutes). Shake out was 1-1/2th of one per cent, and there was no water. Hydraulic pressure was 4,500 pounds. Initial flowing pressure was 500 pounds and final flowing pressure was 1,525 pounds. The 15-minute shut-in pressure was 3,600 pounds. Well is cleaning itself.

Texas Pacific Coal and Oil No. 1-A Tom Spencer, C NE NW, 14-32-2n, T&P survey, is reportedly

drilling at 9,518 feet in lime. Murphy No. 1 Wilson, 660 from east and 1,960 from south lines, south half of south half, 39-31-3n, T&P survey, hit 2,887 feet in anhydrite and shale.

Martin

Texas Company No. 1 A. H. State, 960 from south and east lines, northeast quarter, 12-7-University survey, is waiting on potential.

Mitchell

Humble No. 1 Farmer, C NE NE, 14-30-1n, T&P survey, has a 24-hour pumping potential of 19.38 barrels of fluid of which 15 per cent is water and the rest (16.68 barrels) is oil. Gravity is 39.2, and gas-oil ratio is 49-1. Oil is from open hole between 2,560 and 2,663 feet. Well was hydraulized. The wildcat is 17 miles southwest of Colorado City.

Invalid Vet Is Able To Attend Co. D Reunion

A stroke many months ago had rendered him incapable of motion or speech, but Sunday was a day Wiley Key of Colorado City will treasure.

He sat in his wheel chair and watched his buddies of World War I days at the annual reunion of Company D, 117th Supply Train, 42nd Division in the City Park.

A few days ago Mrs. Key had told Wiley she would ask the doctor if he could make the trip here for the reunion. She knew by the look that he gave her that regardless of the verdict, he wanted to be here—and he was.

Two others who always have been on hand for the gathering couldn't make it this time. One was Tom Cantrell, one of the doughboys, and the other was Mrs. Maude Brooks, widow of James T. Brooks, who was the unit commander from the look that he gave her that regardless of the verdict, he wanted to be here—and he was.

The reunion, as others before it, was given over to visiting and reminiscing. After many years of service, the food detail composed of Allen (Buck) Hull, Dr. Charlie Deats and R. L. (Poncho) Hall was the unit commander from the look that he gave her that regardless of the verdict, he wanted to be here—and he was.

Lucille Holland of the Texarkana Gazette drove to the suburbs on the Arkansas side of Texarkana to carry the news to the 35-year-old widow.

"When I first saw you tonight I was afraid it was bad news," she told the newspaper woman.

"But I just kept praying. God bless you. God bless you."

Among 17 repatriates being flown to the United States are: Pvt. Freddie Dobbins, son of Mr. and Mrs. Abe Dobbins, Anson, Ark.; Floyd M. Pendarvis, son of Mr. and Mrs. William L. Pendarvis, Gilmer.

Pfc. Eduardo O. de Anda, whose wife is Mrs. Luisa Ortiz de Anda of El Paso.

Webb Holy Name Society Members Pledge Themselves

Members of the newly-organized St. Christopher Holy Name Society of Webb Air Force Base pledged themselves against "perjury, blasphemy, profanity and obscene speech" in a membership enrollment ceremony Sunday.

The ceremony, and a Communion breakfast at Morales Restaurant followed Mass at the base, which the Society attended as a group.

The group also promised loyalty to the American flag and "to the God-given principles of freedom, justice and happiness for which it stands." Holy Name Society pins were presented. Clyde Healey played organ music during the breakfast.

The society is planning to sit together during Mass and take Communion as a group the second Sunday of each month. Officers are Lt. Raymond J. Young, president; A-3C James Sigelstein, vice president; A-1C Ferdinand Borsch, marshal, and M-Sgt. Leo J. Pavlovsky, secretary-treasurer. Chaplain Henry N. Dunkel is Catholic chaplain at the base.

Warning Is Issued On Mail Box Damage

Better lay off the mailboxes, Bub, you're fooling with Uncle Sam. This was the advice and warning sounded Monday by Postmaster Nat Shick and Sam McComb, in charge of state highway maintenance.

McComb said a number of mailbox supports provided by the highway department had been smashed. Although such depredations were countywide, the worst offenses seem to be in an area north of Coahoma.

Shick confirmed that considerable destruction of mailboxes and supports had been reported. He added that in some instances boxes had been used for target practice.

"Tampering with mailbox equipment is a federal offense," he cautioned. "If patrons on rural routes will report leads to us and stand back of us, I'll pledge that the information will be turned over to postal inspectors. Every effort will be made to catch the offenders and to put a stop to this wanton destruction."

Rhee Says Truce Will Be Used By ROKs To Train

SEOUL (AP)—President Syngman Rhee said today the South Korean Army will use the armistice period to train "for an offensive whenever necessary."

The fiery old statesman also declared in a statement addressed to the Korean people that if the postwar political conference fails to unify Korea in 90 days "the 16 United Nations, including the United States, will join us in an effort to achieve our unification by other means."

United Nations headquarters in New York announced Friday that the 16 nations with troops in Korea had agreed to take up arms again if Red forces break the truce and attack South Korea again. The announcement made no mention of renewing the war to unite Korea or of a time limit on the political conference.

Rhee told his people, "There is no definite commitment that they will resume warfare." But he declared the nations involved "certainly recognized our right to pursue our objective by our own means and, in such a case, we firmly believe we will have the more effective aid from the United Nations allies."

U. S. Secretary of State John Foster Dulles, en route home after negotiating a mutual security pact with Rhee, told newsmen in Honolulu yesterday that he had "categorical assurance" from Rhee that South Korea would not upset the armistice.

In his statement today Rhee declared: "We are particularly glad to see subject to continued fighting, now can have time to rest of our soldiers will use this period of rest for training, physically and mentally, for an offensive whenever necessary."

Driver Is Slightly Injured, Vehicles Damaged In Collision

An alarm was slightly injured and three vehicles were damaged in a traffic mishap at 603 E. 13th Street Sunday night.

The police said an Air Force pickup truck driven by A-3C Michael Caramel collided with a 1950 Buick which was parked at the curb. Impact caused the Buick to collide with a 1949 Cadillac which was parked in a driveway.

Caramel was taken to Webb Air Force Base hospital for treatment of cuts and bruises.

Damages were estimated at \$500 to the Buick, \$100 to the Cadillac, and \$400 to the government vehicle. Sam Harmonson, owner of the Cadillac, reported the accident about 10:15 p.m., police said.

Pioneer Starts New Flights Here

Two new flights went into effect Monday afternoon for Pioneer Air Lines.

With arrival of trip No. 48 at 1:24 p.m., Billy Watson, PAL manager here, welcomed the additional eastbound service. The other new flight, a westbound trip, arrived at 4:38 p.m.

This makes six flights daily now, three east and three west. The eastbound schedules east are 7:14 a.m., 1:24 p.m. and 7:54 p.m.; west are 9:22 a.m., 4:36 a.m., and 8:07 p.m.

HOSPITAL NOTES

BIG SPRING HOSPITAL Admissions — Mrs. Margie Davis, Stanton; Mrs. Mildred Edens, Benton; Tony Gonzalez, 806 NW 4th; Aris Hatfield, Garden City; Joe Macbaca, Kent; Mrs. Maurene Driver, 1210 Johnson; Mrs. Melba Dean Ewing, Van Horn.

Dismissals — Estefana Ramirez, 609 NW 8th; Rena Brown, 608 NW 8th; Mrs. Mary Almgren, Midland; Juan Real, Real Colorado City; Albert Rios, Odessa; Beatrice Hobbs, 804 E. 11th; Ola Mitchell, 511 NW 5th; Douglass Stuteville, 1303 Stanton; Mrs. Ruth Jackson, City; Jimmy Wington, 1008 Sycamore; Mrs. Saphronia Forrest, 1810 State; Joe Madrigal, Millsaps; E. E. Manley, Fort Worth; Roland MacArthur, Edith; Mrs. Vencil Monahan, 800 E. 15th.

Forsan Evangelist Has Revival Here

R. H. Newcomb of Forsan, evangelist, is conducting a revival meeting at the Second Assembly of God, 15th and Dixie. The meeting began Sunday and will be held nightly at 8 p.m. for an indefinite period.

Newcomb is emphasizing the saving, healing and baptizing power of Christ. H. A. Wilson, pastor of the church, invites the public to attend.

Car Is Looted As Couple Dines Here

Car of a Monahans couple was looted while they were stopped in Big Spring for supper last night.

Jim L. Jordan of Monahans reported a brown suit coat, a woman's blouse and a piece of costume jewelry were stolen from his car while it was parked in the 100 block of West Third about 8 p.m.

Warning Is Issued On Mail Box Damage

Better lay off the mailboxes, Bub, you're fooling with Uncle Sam. This was the advice and warning sounded Monday by Postmaster Nat Shick and Sam McComb, in charge of state highway maintenance.

McComb said a number of mailbox supports provided by the highway department had been smashed. Although such depredations were countywide, the worst offenses seem to be in an area north of Coahoma.

Shick confirmed that considerable destruction of mailboxes and supports had been reported. He added that in some instances boxes had been used for target practice.

"Tampering with mailbox equipment is a federal offense," he cautioned. "If patrons on rural routes will report leads to us and stand back of us, I'll pledge that the information will be turned over to postal inspectors. Every effort will be made to catch the offenders and to put a stop to this wanton destruction."

SECURITY!

National Concern Offers Opportunity to Start Spare-Time Business for Immediate Profits Now, With Possibilities of Future Expansion Into Full-Time Career, Financial Security, and Excellent Earnings.

Did you know that the vending machine business is one of America's fastest-growing industries? And—did you know that much of this growth comes from people who start small, with spare-time operation?

This is a fascinating story, and it concerns YOU—because YOU can start NOW to add to your present income with a business of your own, with the possibility of developing, through your own efforts and growth, into a full-time business with steady income!

If you are willing to work, have \$600 to invest (fully secured by inventory), own a car, can furnish good references, and want to be independent, we can start you NOW! No selling, soliciting, or house-to-house canvassing—no secure locations and set you up in business. You only service and supervise! Profits start the very first day! Your investment is protected by IRON-CLAD INSURANCE AND MONEY-BACK GUARANTEE!

If you can qualify and have the necessary capital and a sincere desire for financial security, then— For Full Information Write, Giving Address and Phone No. to BOX 199, BIG SPRING HERALD

Tuesday Will Be Aggie Day In Big Spring

In recognition of the visit of top officials of the college, Tuesday has been proclaimed as Texas A&M Day in Big Spring.

Mayor G. W. Dabney gave the special designation, noting the arrival Tuesday of a dozen officials of the college system, including the chancellor, president, cadet commandant and others.

"We are honored," said the mayor, "by the selection of Big Spring as stopping place by this distinguished company. We are familiar with and grateful for the contribution this great institution has made to the state, region and nation."

"I therefore call upon our citizenry to extend to these gentlemen and to all visiting former students of Texas A&M College a real welcome and to help make their meeting here both pleasant and memorable."

Plans call for a group from the local Aggie Club to meet the visitors, who will arrive by private plane at Webb AFB around 4 p.m. Tuesday. There will be a dinner honoring them at the Wagon Wheel at 6:30 p.m. with the officials and local club members. A general meeting at 8 p.m. in the Settles lobby is slated for all Aggies and other friends of A&M in this area.

Chancellor M. T. Harrington and President David Morgan are heading the echelon of A&M officials on tour.

Board Okays 173 School Transfers

The Howard County School Board approved 173 transfer applications in a meeting at the courthouse Saturday.

They also approved an arrangement for a teacher to divide her time between Midway and Coahoma schools and moved to make application for the federal hot-lunch program.

All but one of the transfers were approved. An application for a student in the Vealmoor district to attend school at Gail was denied. It was explained that his grade is taught at Vealmoor.

The teacher for Midway and Coahoma is in the field of music. It would not be feasible to hire a full time music teacher for one school, trustees believe.

An estimated 310 students will eat their meals daily in county schools during the year. This figure was submitted for the USDA surplus commodities for school lunch rooms.

Charge Of Carrying Arms Is Dismissed

Charges filed in County Court this morning against Victor R. Yanez for unlawfully carrying arms were dismissed, and he was fined for drunkenness.

Yanez was arrested with a knife in his possession. Sheriff Jess Slaughter said he did not believe the knife was intended as a weapon. Yanez was fined \$14.

Ankle Fractured

L. T. King suffered fracture of a bone in his ankle as a result of an accident at his home, 1510 N. Sunday. Doctors reported King "turned the ankle" causing the fracture. He is being treated at Cowper Hospital.

Prowlors Reported In City Saturday

Police investigated two reports of window peeping Saturday night, but were unable to locate the intruders.

Mrs. Jake Hancock, 107 Lexington, reported she saw a man looking in a window at her home about 11:30 p.m. Saturday. E. P. Watkins, 1604 Owens, also reported seeing a window peeper.

There was report of an attempted burglary Saturday night also. Officers said an effort was made to break into the Central Cafe, 501 N.W. 4th, something during the night. A window was damaged, but apparently nothing was stolen.

Martin's Farm Tour Is Slated For Wednesday

STANTON (SC)—Farmers, Ranchers and business people from over this entire West Texas area are invited to join the tour of Martin County farms and ranches that will depart from the Court House Square here at 9 a.m., Wednesday, it has been announced by Mrs. Hilda Weathers, manager of the Martin County Chamber of Commerce.

Mrs. Weathers said it is anticipated that the group will return to Stanton at about 3 p.m. Sack dinners, at 75 cents each, will be served in the Courtney School at noon by the Home Demonstration Clubs, under the direction of Mrs. Mildred Eiland, home demonstration agent.

The tour has been arranged by County Agent Ray Hastings, chairman of the Chamber's Agriculture and Livestock Committee, and by Martin Vavra of the Soil Conservation Service, chairman of the Soil and Water Conservation Committee.

"We plan to show some of the worst as well as some of the best on this trip," Mrs. Weathers explains. "We are going to show the visitors some of the best irrigated cotton in West Texas and also land that was so badly blown it couldn't be planted. We're going to show them plenty of bare range and we're also going to show them rangeland covered with cultivated grasses."

None of the farms and ranches visited on last year's tour will be visited this time, Mrs. Weathers said.

Yanks, Oilers Vie For City Crown

3-Game Series Is Scheduled

The Yankees and the Oilers square off at 8:15 o'clock this evening in the first of their three-game series for the City Little League championship.

Scene of action is the Little League Park in the northeast section of the city. The contest will go a minimum of six innings. The series will run on consecutive nights.

The Yanks, managed by D. H. Gartman, are defending champions. The Oilers were runners-up in the 1952 tournament. Both clubs were in the same league last year.

The Yanks competed in the National League this season, the Oilers in the American. Over the course of the season, the Yanks lost twice to the Gold Sox and once to the Flicks. They won 16 games.

Gartman is due to send either Billy White, Kenny Johnson or Jay LeFever to the mound for the Yanks. If White pitches, Jimmy Roger will do the catching.

Red Harrison, the Oiler boss, will use either Chubby Moser or Preston Daniels on the pitching rubber. Moser is a lefthander. Daniels hurls from the right side. Each won eight games over the course of the season. Jackie Thomas will do the catching for the Oilers.

Texas League Race Tightens
By HAROLD V. RATLIFF
Associated Press Sports Writer

The Texas League race rolls into its final month so tight any kind of winning streak can make a whale of a difference. For instance, Shreveport, taking six straight, cut the margin between it and first-place Dallas to one and one-half games in a week.

Monday, Dallas was only a game and a half ahead, having lost five of its last eight outings. Fort Worth's Cats also did themselves some good in the week's stretch, moving within five games of first place, three and one-half back of Shreveport.

Sunday, Shreveport edged Oklahoma City 4-3 while Dallas was also losing by a one-run margin, to Houston 6-5. In fact, there were three one-run games and one two-run, just to illustrate how close things are getting.

Fort Worth nipped San Antonio, 6-5, and Tulsa, firmly entrenched in fourth place, downed Beaumont, 9-7.

Larry Higgins and Wally Lambers put the ball out of the park in the eighth inning to pull Houston from behind to its victory over Dallas.

Joe Szekely led a Shreveport assault in the fourth inning that netted three runs and handed the victory to the Sports. Joining Joe opened the inning with his fifteenth home run of the campaign.

Fort Worth showed over six runs in the last two innings to take San Antonio in tow. The Missions whipped over five runs in the sixth but the Cats scored four in the eighth when Harry Schweigman, apparently thinking the third out already was made, didn't relay to first to complete a double play.

Tulsa blasted 17 hits in the conquest of Beaumont.

Spudders Yield Circuit Lead
By The Associated Press
Tyler had finally overtaken Wichita Falls Monday in the fight for the Big State League lead. The two clubs were tied for the top as a result of a Tyler victory over Austin and a defeat for Wichita Falls by Texarkana Sunday night.

Hank Wyse pitched a seven-inning, 4-1 victory over Austin. Some fine infield support put Wyse over as Dean Frank's also pitched a seven-inning for Austin.

ANDY PAFKO Two Big Ones
TEDDY WILLIAMS Finds The Range

PIERCE STOPS YANKS Sluggers Dominate Big League Show

By JOE REICHLER
AP Sports Writer

Whether Chicago's Billy Pierce is the best left-handed pitcher in baseball is open to argument but there is no doubt where the White Sox would be today without him. The 25-year-old ace, sore arm and all, shut out the New York Yankees yesterday 5-0 to keep alive the flag hopes of the runner-up White Sox. The victory left Chicago seven games behind New York with 44 left to play.

Sunday proved a great day for the "big names" of baseball. Ted Williams, making only his second appearance at bat for Boston since his return from Korea, smashed a towering 429-foot home run into the distant center-field bleachers at Fenway Park. Williams was serving as a pinch hitter against Cleveland's Mike Garcia in the seventh inning.

Despite Ted's 325th round-tripper of his career, the Red Sox bowed to Cleveland and Mike Garcia, who coasted to his 14th victory behind a 9-3 score. Stan Musial rapped his 17th home run with a teammate on base in the seventh to help the St. Louis Cardinals defeat the New York Giants 6-2 for a sweep of the three-game series.

Ralph Kiner blasted his 28th round-tripper to lead the Chicago Cubs to a second-game 6-5 victory after the Philadelphia Phillies had won the opener 7-0. Duke Snider clouted his 23rd homer with the bases loaded as the National League-leading Brooklyn Dodgers crushed the Cincinnati Redlegs 9-1.

Eddie Mathews, National League home run leader, smacked his 36th as the Milwaukee Braves swept both ends of a double-header from Pittsburgh 7-4 and 8-3. Philadelphia's Gus Zernial took over the American League's home run lead, hitting his 28th and 29th as the Athletics defeated and tied the Detroit Tigers 4-3 and 8-5. Each game went 10 innings. Zernial's homer in the second game was a grand slammer in a pinch-hit role. He had to leave the opener with a pulled Achilles' tendon in his left leg.

Satchel Paige relieved St. Louis starter Duane Pillette to snuff out a Washington threat in the eighth and was credited with the first 3-0 game victory when the Browns tallied three times off Johnny Sain. Senators walked off with the second game 12-3. Pierce's brilliant pitching was in the form of a lifesaver for the White Sox, whose pennant hopes were dampened considerably when

Worsham's Blazing Finish Gives Him Win At Chicago

By CHARLES CHAMBERLAIN
CHICAGO (U)—Lew Worsham has the answer to a question that has bothered golfers since the game was invented.

"It is a hole-in-one luck or skill? Worsham didn't make an ace. He did stink a long approach, estimated by onlookers as 140 yards, for an eagle 2 on the last hole yesterday to beat out Chandler Harper by one stroke for the \$25,000 first prize in the "World" golf championship at Tam O'Shanter.

That shot, made with a sand wedge while Harper was being congratulated on winning the tournament, was worth \$15,000. It undoubtedly was the most lucrative single shot in the history of the ancient game. Let's create the drama it all entailed:

1. It meant winning the "world" championship of golf, a title lacking in prestige but compensating in cold cash—a first prize of \$25,000, tops in golf. Second place paid \$15,000 less.

2. Harper, who had lost two other tournaments this season by one-stroke margins, had just finished with a 70 for 279, nine under Tam O'Shanter par, by pitching a No. 9 iron shot 20 inches from the cup for a clutch birdie 3.

LOOKING 'EM OVER With Tommy Hart

Dr. M. H. Bennett says I left off the name of Mario (T-Bone) Varona from the list of daffy characters who have played in the Longhorn League, which appeared here recently.

Few fans have forgotten Varona, who apparently could do no wrong in the eyes of the fans. He was colorful even when he fell down, which he did with monotonous regularity.

His boss, Pat Stacey, lived in fear the huge, outfielder was going to get hit on the head with a fly ball but he was spared that ordeal. He usually trapped the ball against his chest.

He went to the mound one day when Stacey's mound staff was shot to pieces and the opposition was so fascinated with his wind-up they forgot to swing.

Four nights later, Varona went to the rubber again before the home folks but the spell had been broken. They shelled him out of sight inside of two innings. He stood cheered him as if he had fanned Stan Musial, Ted Williams and Mickey Mantle in a row, however.

Johnny Folis, quite an infielder for the Vernon Dusters when that team was in the Longhorn League, is now playing semi-pro ball for Sulphur Springs down in East Texas.

An umpire in his league recently pulled a knife on John after he was ordered to leave a game and put up an argument. That's one way to keep order.

Joe Riney and George Murphy, sold by Bill Frank after the local club broke up recently, are both playing regularly for Laredo in the Gulf Coast League.

Newspapers in that area insisted on calling Joe "Ryan" for several days, though.

Laredo is making a desperate bid to finish in the playoffs and may turn the trick with the ex-Rangers' assistance.

WON'T BE BACK
Ed Kelley, the new freshman football coach at Texas University, is the fellow who brought the Del Mar basketball team to the first annual Howard College Invitational Tournament here last January.

Kelley said he might bring the Vikings back again but that, of course, was long before the vacancy at Texas occurred. Harold Davis, HCC's mentor and director of the local tournament, is hopeful Kelley's successor will be aimed to come here. Del Mar's presence added greatly to the tournament.

Kelley was at Del Mar two years, coaching both football and basketball. His football teams won 18 and lost only two games. His Vikings played and won in the Memorial Bowl at Jackson, Miss., in 1951.

Look for the Texas High School Coaches Association's annual school to decline a bit in prestige, regardless of where it is held next year.

The clinic is getting too big, too big. Some of the enrollees are complaining they don't get much out of it, anymore.

There have been more magnetic speakers than this year's school offered, too.

Equichall Wins Handicap At Track In Raton, N. M.

Equichall, J. T. Dillard's Big Spring-owned race horse continues her brilliant win streak. Latest addition is the "Centennial Handicap," the mile and 70 yard feature race on Sunday's program at La Mesa Park, Raton.

Her nomination for this event came as a surprise to followers of the red-hot mare who last week had a rough race in heavy mud. Johnny Ray Dillard, who's handling her training, had planned an easier race for this week but apparently thinking on the heavy work schedule, she appeared in top shape at entry time.

Notwithstanding the sex allowance, Equichall was assigned top weight in the event by track handicapper Harvey Foster who gave her more weight to carry than such stalwart horses and geldings as Count Cimmaron, Real Sir and High English.

A wide swing on the last turn to avoid a jam possibly prevented a near tie of the track record of 1:43 for the distance. Jockey Richard Moore used the bat once at the stretch when a four length deficit existed, then coasted in for a comfortable 1 1/2 length victory in 1:43.45.

Payoff on the Big Spring mare was \$6.30, 3.90 and 2.40, being second choice with the bettors who favored the two-horse Davis and Springer entry of Count Cimmaron and High English.

Equichall, now a six year old, saw her first action in the 1949 Big Spring Futurity. Since her first start here, the mare has amassed a creditable record at tracks throughout the mid west.

Percentage-wise though, this season, her first under the personal training of Johnny Ray, is her best. In four starts she has set a new track record for five furlongs at Ruidoso and won the two biggest stakes on Raton's program.

Trainer Dillard plans a layoff for Equichall next week before deciding whether to tackle the tough "Denver Mile," the season's feature at the Colorado track. It's sizeable purse attracts a top field of the nation's best thoroughbreds and would pit her against some of the most expensive horses in America.

Races at the two New Mexico tracks, Ruidoso and Raton; will continue each weekend through Labor Day.

Dukes Pull Away In Loop Race
By The Associated Press
The fight for second place in the West Texas - New Mexico League lightened Monday with two clubs—Lubbock and Plainview—tied for it and Clovis only a game and a half back.

Albuquerque, leading the race, doesn't appear to be in any particular danger, boasting a 3 1/2-game bulge.

Plainview straddled Lubbock 16-8 to pull into a deadlock for the sunner-up spot Sunday night. Cecil Davis weathered Lubbock's attack to post his tenth pitching victory of the season while the Hubbers used five hurlers trying to stem the tide.

Tigers Sweep Double Bill From Lamesa

LAMESA — The Big Spring Tigers used superlative pitching to win a double header from the Lamesa Red Sox here Sunday afternoon.

Bobby Beal limited the Sox to a lone hit in the first game, which the Bengals won by a 17-1 count. The Big Springers coasted to a 14-0 triumph in the afterpiece behind the two-hit elbowing of Jack Rogers.

A sixth inning single by Yanes robbed Beal of a no-hit performance in the first game. He fanned five and the only tally the Sox made was unearned.

The Tigers broke fast, scoring ten runs in the first three innings and adding five more in the fourth. Harold Rosson, Ed Sprusser and Guy Lira each had three hits for the Tigers.

The Big Spring club struck for 13 runs in the second inning of the second game. Hill hit a home run and triple for the Tigers.

Midland Laces Roswell, 10-3

Action was limited in the Longhorn League Sunday but Corliss made the most of what there was. The Potashers beat Artesia 4-1 and moved within three games of leading San Angelo.

San Angelo and Odessa were idle and will play a doubleheader Monday night.

Corliss scored three runs in the ninth to beat Artesia. Until that time young Pat Monahan had the Potashers eating out of his hand, limiting them to one hit for eight innings. But four Corliss hits and a couple of walks decided the game in the ninth.

Midland laced Roswell 10-3 to increase its lead in third place over Artesia to a game and a half. Julio de la Torre, Lou Dawson and Mickey Diaz slugged homers in a 15-hit Midland attack.

SLO-MO-SHUN IV CLAIMS THIRD GOLD CUP IN SEATTLE RACES

SEATTLE (U)—Still queen of the speed boat world today was the rollicking old Slo-Mo-Shun IV, which romped to her third gold cup triumph in four years yesterday and wrote a new speed record for the 50-mile grind.

She won all three heats and her average time for the complete distance was 22.513 miles per hour. The previous best was 78.215 m.p.h. set by the IV when she won her first gold cup in 1950. She won again in 1952 after her newer sister, the Slo-Mo-Shun V, took the goblet in 1951.

Desperately trying to make a race of it, the Gale II finished second and the heavy, dust-powered Such Crust III was third. Five Detroit boats started against the Seattle-owned cup defender, but only three were left running at the finish.

Miss Great Lakes got only to the first turn in the first heat before she conked out. Such Crust V lost a propeller in the second heat, came back for the third but conked out again. Miss United States ran two heats, then failed to show for the third when her shaft mountings were found to be out of line.

Joe Taggart and Lou Fagol, alternating at the wheel of the Slo-Mo-Shan, led the pack in all but two laps.

Trabert, Seixas Must Play Together, Committee Rules

NEW YORK (U)—The Davis Cup selection committee, in no mood to take any more abuse, met today to straighten out the tangle involving the makeup of the United States doubles team.

Young Tony Trabert is the center of the controversy. He wants to play doubles with Bill Talbert. The committee wants him to team with Vic Seixas.

The committee has decided to take a firm stand and tell the University of Cincinnati student that he will play with Seixas—or else.

"We were as surprised as anyone when Tony teamed with Talbert during the Eastern Tournament at South Orange," said one highly placed member of the committee. "Like everyone, we assumed that he and Seixas would play together. We were flabbergasted when Tony began to pop off."

Trabert went on record as saying that he preferred Talbert as a doubles partner, that Talbert was a great doubles player, and that, furthermore, Seixas was erratic in doubles and he never knew when Tony began to pop off.

"Of course," said the committee why Tony wants to team with Talbert. Bill taught Tony practically all he knows about doubles play, and they've been a team for several years.

As far as the committee, headed by Lawrence Baker, is concerned, it merely is a matter of straightening Tony out. Unless someone

Goldman Winner In Durant Meet

DURANT, Okla. (U)—David (Spec) Goldman, veteran southwestern amateur from Dallas, took the championship of the tenth annual Durant Invitational Golf Tournament home today.

Budget News Lessens Tax Revision Hopes

By CHARLES F. BARRETT
WASHINGTON (AP)—Congressional sources said today a bleak budget picture is throwing a heavy pall over a tax revision program firmly promised for next year.

They commented at the House Ways and Means Committee meeting near the end (probably Wednesday) of weeks of hearings, often running well into the night, on the complex subject.

A tentative program of the proposals they would like most to adopt is shaping up in the minds of some lawmakers.

But the problem was this: Almost all these proposals, certainly the ones with the most steam behind them, would cost substantial reductions in revenue.

And the plain facts indicate the Eisenhower administration will have a major headache next year in keeping revenue high enough to reach the long-promised goal of a balanced budget.

As one informed and influential source put it: "It looks like a battle between more justice in tax laws, and a loss in revenue. That's a hard choice."

The fiscal facts are these: The administration estimates spending for the current fiscal year, ending next June 30, at about 74 billion dollars. Income is estimated at 68 1/2 billion, leaving a deficit of 5 1/2 billion.

The administration is firmly committed to permit two big tax reductions — a 10 per cent cut in individual income taxes, and ex-

Standard Oil and Gas Company to Edgemoor: 40 acres of 90 acres of east side of 100 acre tract in portion of section 22, tap 3-north, T&P survey (release).

piratoff of the excess profits tax, both on Jan. 1.

Further, scheduled cuts in corporation income taxes and excise or sales taxes—set for April 1—would take another big bite of income.

Altogether, the losses would reduce revenue to about 62 or 63 billion dollars, at present economic levels.

That means, to balance the budget, spending would have to be reduced up to 12 billion dollars under the present rate—or the tax cuts will have to be canceled, or new tax increases imposed.

Eisenhower already has asked for cancellation of the scheduled corporate tax reduction. But Rep. Daniel A. Reed (R-N.Y.), chairman of the Ways and Means Committee, said yesterday he regards the present law as a firm promise to reduce the tax.

This difference could develop into a repeat performance of the dramatic Reed vs. the administration battle that raged in the session of Congress just ended. The issue then was extension of the excess profits tax, pushed across over Reed's last-ditch opposition.

"I'm getting sick of doublecrossing the people and going back on promises for political reasons," Reed said in an interview yesterday.

"We promised the corporate tax law several years ago. Business is counting on it. We'll never be able to balance the budget until we take the shackles off business."

Some influential congressmen agreed yesterday that, to keep pursuing a balanced budget, Eisenhower will have to cut his defense and foreign aid spending requests next year. But they differed sharply along party lines as to whether defense cuts could be made without weakening national security.

LOS ANGELES (AP)—Mrs. Helen Fedorowicz, 42, lost 110 pounds in four months, but her reducing method probably won't become popular.

It was her husband's idea anyway. Mrs. Fedorowicz is only 5

ROYALTY DEEDS

feet tall, but she weighed 265 pounds that day in April when her spouse, John, 59, a roofer, said to her: "Let's take a walk."

They did. They started at Fresno and trudged 350 miles to the Mexican border. Then they turned eastward, over mountains and desert, camping at night and braving all kinds of weather.

Two thousand miles later Mrs. Fedorowicz weighed a mere 155. She plans to stay home and soak her feet awhile.

ONE WAY TO REDUCE BUT NOT ONE LIKELY TO BECOME POPULAR

LOS ANGELES (AP)—Mrs. Helen Fedorowicz, 42, lost 110 pounds in four months, but her reducing method probably won't become popular.

It was her husband's idea anyway. Mrs. Fedorowicz is only 5
