#### COLLEGE AND THE PAY CHECK

One of the reasons commonly given in advising a young man to go to college is that a college training will help him to succeed, later on, in a business career. But, Dr. John Wilcox, of the faculty of Detroit City College, greeted freshmen at that institution this fall with the as-

sertion that that is the poorest of all reasons for getting collegiate training.

"If I had a brainy boy and wanted him to make money, I'd refuse to educate him," he said. "A good education should teach him not to sacrifice his life to money making. I can't make money. I don't want to badly enough. Why do you think I can teach you to make it?"

Here is a note that ought to be sounded a bit oftener by our educators. After you are graduated from college you may land in a well-paid job and you may not; but the success or failure of your college training does not in the least depend on the salary you are getting 10

# MIDLAND'S CHANCES WITH SWEETWATER SATURDAY SEEN AS BLEAK

## MUSTANGS HAVE HUMBLED SCHOOLBOY Marx Brothers a CHAMPIONS AND RUNNERUP MACHINE, AND BID FOR THE TEXAS CHAMPIONSHIP

Midland's smooth but light football team gets its official baptism of the season in Class A Saturday when the Bulldogs meet the powerful Sweetwater Mustangs on Cayuse territory.

Meeting Sweetwater the first game of the official season is like training for a mile swim by trying to swim the Dover strait—and the Doggies are conceded little chance for more than sacrificial victims in the rought rites

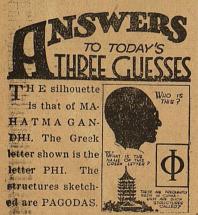

Sweetwater has made an astound-Sweetwater has made an astolliding record slready—having defeated 20-0 Abilene, last year's schoolbuy champions of Texas, and walloped Lubbock, runnerup team in the state Laurel and Hardy race, 24-7. Comparative scores, if credence may be placed in them, show Sweetwater stronger than the mammoth team turned out this year at San Angelo, a team that shoves onto the field a starting eleven that averages 184 pounds.
