Number 2

MIDLAND HAS LARGE NUMBER OF DISTINGUISHED VISITORS THIS WEEK

Howard, Martin, Midland, Ector Division of Bankhead Highway Let to Womack Construction Company

Last Monday and Tuesday Midland was a real live town. It presented an air of bustle and activity, such as could be pleasured and lightened the hearts of those who have so long been depressed by the adversities that have come so thick and fast during months and months of reconstruction. This activity was of course due to the presence of many strangers, most of whom would be considered distinguished visitors in any community.

Of course the presence of the county judges and commissioners of Howard, Martin, Midland, and Ector counties was not so awe-inspiring as was that of the representatives of the big construction companies, all of whom wanted the big job of building the great span of Bankhead Highway No. 1, which passes through the counties aforesaid, but it was worth while to have them, no less, and it was inspiring and it was confidence enlivening to note the seriousness with which they went about their important task; and that it was immensely important will be more fully realized in the coming months.

There were about 9 of the greatest construction companies in Texas here Monday and Tuesday, or their representatives were here, and it was no small matter for these county judges and commissioners to award a contract which is the greatest of its kind ever before let in Texas, or perhaps in the south.

Among the bidders for this big job were as follows:

Lee Moore Construction Company, El Paso.
McClung Construction Company, Cleburne.
Smith Bros. Construction Company, Dallas.
T. A. Griffin Construction Company, Dallas.
Tibbet Construction Company, Mineral Wells.
M. M. Craven & Son, Fredericksburg.
El Paso Bitulithic Construction Company, El Paso.
Womack Construction Company, Inc., Houston.

It would be interesting, perhaps, to give the various bids of the several concerns that were here, but it is a great mass of figures and would require more space than we can afford to use. The last named concern was the successful bidder, and the figures submitted for the four counties were as follows:

Howard County, \$250,744.29; Martin County, \$88,898.25; Midland County, \$205,704.39; Ector County, \$209,355.05. Total for the four counties, \$754,701.98. The totals of the other bidders ranged up to \$823,085.13.

The road through the four counties is to be 16 feet wide, crowned with gravel 8 inches thick, loose; this to be wet and rolled. Our townsman, Robt. E. Estes, county surveyor, is to be the supervising engineer for the four counties, and he states that this stretch of road, built according to specifications, will be the best gravel road that can be built.

One of the best features of the prospective construction is embodied in a statement of Mr. Womack, the successful bidder, when he said: "Don't worry. There will be plenty of work for everybody in this section of the State, everybody who wants to work, and then some."

The Womack Construction Company, we understand, expect to commence work so soon as it is possible to get materials and machinery on the ground. The question of disposing of the bonds of Martin, Midland, and Ector counties was disposed of in letting the contract, the Womack concern buying them at par, together with the accrued interest at 5 1/2 per cent, the \$117,000 of Midland County bonds therefore selling at \$123,435, and The Reporter has heard many expressions of satisfac-

tion at the result of the procedure as a whole.

Judge J. M. DeArond has been a master mind in the progress of this division of Bankhead Highway No. 1, from almost the time it was proposed, and his attendance upon many national meetings, both in Texas and other states, has ever been marked by distinction and honors conferred in many ways. This crowning effort of his and his associates is therefore a matter of great satisfaction, and he and they stand today in the light of real benefactors to the people they serve.

It is not known how long it will take to get this great work started, though it is variously guessed at from 40 to 60 days. We are assured, however, that no time will be lost in starting the great project nor in its completion.

RETURNING TO THEIR OLD HOME AT PECOS

We greatly regret that Attorney H. G. Russell and family are leaving Midland. They go to make their home again in Pecos. Mr. Russell announces that his home in Midland is not for sale, and states that he and his wife are both much in love with Midland and pleasantly anticipate making their home again with us, at some time in the future when it may become expedient. Mr. Russell is a talented young lawyer and a valuable asset to any community, and Midland friends will extend him and his a cordial welcome whenever he decides to return.

B. F. Ward returned the first of the week from a visit to his daughter at Mexia. While there he visited the greatest of all oil wells, recently brought in. He also visited the Dallas fair.

Rev. S. X. Swimme and family left the first of the week for San Antonio, to attend annual conference to meet there next week. They do not expect to return to Midland.

A. B. Coleman left on last Friday evening, for Dallas, where he went to consult an eye specialist. He has lately been having serious trouble with his eyes.

Mrs. Ruth Brittan returned from a business visit to Roswell, N. M., last Saturday.

T. S. Patterson, of Everybody's, has been in Dallas this week, on business and to visit the fair.

The driver of an oil truck at Kingsville, Texas, is said to have put two eggs in a paper sack under the hood of his truck and forgotten them. He was surprised to hear a "peep" and found two newly hatched chicks.

Army aviators are forbidden to make spectacular flights or do stunts over cities or populous districts.

NEW WATERMELON DISTRICT ATTRACTS WIDE ATTENTION

A half million dollar cash crop of watermelons is grown annually in two counties of southeastern Missouri, which were recently considered swamp counties. By clearing and draining these lands a sandy soil is obtained, which, with abundant moisture and hot weather, is making the section widely known for its watermelons. The district, which has been developed the past 10 years, centers around Kennett, where a representative of the bureau of markets and crop estimates, United States Department of Agriculture, is stationed each year to aid in marketing the crop. The season extends approximately from July 25th to August 30, which about bridges the gap between heavy southern shipments and the heavy yield farther north. At this period Missouri becomes temporarily the most important watermelon shipping district in the country.

CORPORATION FOR ALL FARM CREDITS

BANKERS AND PRODUCERS
HOLD FT. WORTH MEETING
TO WORK OUT SYSTEM

W. A. Hyatt, active vice president of the Midland National Bank, went to Ft. Worth this week, he among others being especially invited to be present at a meeting of bankers, producers, and others of the Eleventh Federal Reserve District, which took place on Wednesday. Mr. Hyatt is not expected to return until tomorrow, so a full report of the meeting is not at this time available.

The meeting, of course, was another effort at the solution of the financial problems of stockmen and farmers, and some headway is noted in the daily papers, to the extent at least of an organization of a corporation capitalized at \$1,500,000, which will be enabled to lend producers a sum up to \$30,000,000.

The corporation will have headquarters in Ft. Worth and Ft. Worth bankers will underwrite one-half, or \$750,000, of the capitalization fund, and the corporation will function under terms of the Kellogg bill, Federal statute enacted recently by which credits may be extended to producers of agricultural and live stock products for export. Under terms of the statute, banks or loan companies through which loans are obtained from the War Finance Corporation may receive a 2 per cent premium for their services and no more than the 2 1/2 per cent set out in the statute.

Two hundred bankers, stockmen and others were present at the meeting Wednesday, and although he was not there, we note that our townsman, W. H. Cowden, president of the First National Bank, is mentioned among the directors of the corporation.

The main object of the corporation, as we understand it, is the relief of small banks, and when it accomplishes that there will develop relief to the producer. The Reporter will try to give full details in its next issue.

GOOD ROADS ARE COSTLY FEDERAL AID HELPS BUILD 'EM

Road projects in 18 States, totaling more than 265 miles and costing more than \$7,000,000, are being approved during July by the department of agriculture, for federal aid, according to the bureau's publication, "Public Roads," just off the press. The total federal aid approved for these projects is placed at \$3,023,152, the remainder of the cost being borne by the States. All told, there were 56 such projects approved during the month. New York led with 20, Pennsylvania came second with 7, and Kentucky and South Carolina tied for third, with 5 projects each. Four Texas projects were approved; New Mexico, Washington, and Wisconsin had two each, and Arizona, Arkansas, Kansas, Maine, Massachusetts, Michigan, Mississippi, Oklahoma, Tennessee, and Virginia each had one project approved during the month. Wide variation was shown in the character of materials to be used in building the approved roads, but concrete, bituminous macadam, and gravel were the chief materials.

Lieut. John A. MacReady, test pilot at McCook Field, on Sept. 28th shattered the world's altitude record by attaining a height of 40,800 feet in the same LaPere biplane used by Rudolph C. Schroeder, who set a record of 38,180 feet on Feb. 28th, 1920.

W. W. Gross, stockman from Pecos, was a business visitor to Midland this week.

WORLD CHAMPION ROPER DIED SUNDAY

JOE GARDNER, FORMER MIDLAND BOY, DIED IN EL PASO SANITARIUM

Joe Gardner, former world's champion steer roper, died last Sunday at an El Paso sanitarium at the age of 44 years. An ulcerated stomach is said to have resulted in his death. He was ill for about a month.

Already of international renown as a cowboy and holder of the American roping belt, Gardner cinched the world championship at last year's international contest held at Chicago. He rode for 21 days at Chicago before a decision was rendered in his favor.

A cowboy since he was 18 years old, Gardner began to participate in roping contests throughout the United States and in foreign countries 20 years ago. He had taken part in every meet of importance in recent years and in the majority of contests in which he participated he took the highest money.

Born on a ranch near San Angelo, Gardner began riding horses long before he wore long pants. When only a youngster he showed a talent for riding and afterwards for roping steers.

South America, Australia, Spain and England are among the countries in which Gardner participated in roping contests. His last voyage before winning the world's championship belt was to South America with a party of cowboys.

Gardner for many years was an outstanding figure in the west in the days of the cowpunchers and covered wagons when there were few railroads in this section of the country. He had ridden with Clay McGonagill, former world's champion roper; Tom Mix, Bill Rogers and William S. Hart, all of whom are now in the "movies."

On the Gardner-Moseley ranch at Sierra Blanca, is "Skunk," a gray horse ridden by Gardner for the past 10 years. The last work done by Gardner was to drive a herd of cattle from Gallup, N. M., to Sierra Blanca, Texas. This was only a short time ago. The distance covered was 400 miles.

Gardner had earned a reputation for his generosity among cowboys and for his liberality toward charity. He had aided numerous cattlemen of the west in getting a start in the business.

A goodly portion of money he won at various roping contests went to different funds for charity, according to W. T. Tolbott, a close friend of Gardner.

Gardner is survived by his wife, his parents, Mr. and Mrs. John Gardner, one brother, Alexander Gardner, two sisters, Miss Mattie Gardner and Miss Johnnie Gardner. He was a Shriner and belonged to the Masonic lodge at Sierra Blanca.

Joe Gardner spent most of his young manhood days in Midland and the Midland country and very few cowmen and cowboys are unacquainted with him, and his friendships were as limitless as were his acquaintances.

LACKEY LITERARY SOCIETY ORGANIZED

Believing that literary societies take the name of the individual who embodies the ideals of the organization, the group of girls designated as "Literary Society No. 3," decided last week to call this organization the "Lackey Literary Society." Another innovation of the group was the election of honorary members. In this way it is hoped that the talented students may serve as an inspiration to the high school group who will strive through the years to be worthy of being called the "Lackey Literary Society." The officers of the organization are as follows: President, Margaret Caldwell; vice president, Bernice Norwood; secretary-treasurer, Lenora Whitmore; reporter, Gladys Manning; critic, Blanche Moran; sergeant-at-arms, Evelyn Scarborough.

BILTMORE ORCHESTRA NEXT MONDAY NIGHT

VIRGINIA SLADE PLEASES A LARGE AUDIENCE—ORCHESTRA MONDAY

Virginia Slade, the second number of the high school lyceum course for the winter, proved to be a dramatic impersonator of rare ability, skill and power. She gave the entire play, "Within the Law," holding her large audience for one hour.

At the conclusion of the play, she gave a humorous reading for the benefit of the children. This was also very much enjoyed. Miss Slade met the requirements of the most critical in the audience, many saying that she was easily the equal of Clarissa Harrold, who gave the play "Experience," in the course last year. Miss Slade's splendid voice, her charming personality and easy and attractive manner, helped to make her interpretation of the play beyond criticism. She will always be welcomed by a Midland audience.

The next, and third number of the course, will be the Biltmore Society Orchestra, one of the best attractions which has visited Midland for the past ten years. This splendid organization will be here Monday night, October 17th, and will give its program in the Methodist church.

The Biltmore Orchestra program has a distinctive double claim to popularity. This clever organization offers the best in chamber music numbers and symphonic arrangements, and they also feature the popular orchestration of the current season. Under the able leadership of Mr. Eugene Schweizer, the work of the Biltmores during the past season has been a signal success. On one of the largest eastern chautauqua circuits they proved a veritable sensation, and as a result they have been chosen for a long transcontinental tour for the affiliated bureaus.

Mr. Schweizer has an unusual baritone voice, rich in quality and of big range and power. The vocal efforts with orchestral accompaniment are a delightful feature of the program. In fact the orchestra might well be called a singing orchestra for there is a refreshing novelty in the many combinations.

Reading, vocal and instrumental solos, duets, trios, quartets, and sextets—in fact all possible arrangements for voice and instruments are used. Selections from "Merry Wives of Windsor," "Pagliacci" and some of Nevins' classical efforts are featured as well as all popular worthwhile lighter numbers.

Assisting Mr. Schweizer are Walter Sytkov, violinist; Albert Redshaw, pianist; Otis Saeter, cornet; Alfred Wild, drums; George Ward, trombone and saxophone. Mr. Schweizer is a remarkable cellist, as well as a vocalist of note.

Mrs. Sam Weinstein returned this week from a visit to Fort Worth.

WILL PREACH HERE ON TUESDAY NIGHT

Mr. W. W. Fairley, pastor of the Westminster Presbyterian church of El Paso, will be in Midland next Tuesday, and in the evening will preach in the Presbyterian church. Everybody is extended a cordial invitation to hear him. It is not his first visit to Midland and those who have heard him in the past know that a real spiritual feast is in store. Mr. Fairley is a distinguished minister, an entertaining speaker, and it is worth while to accord such a visitor the courtesy of a good hearing. Mrs. Fairley will accompany him and in the afternoon of Tuesday, at some place yet to be designated, will speak to the Ladies' Presbyterian Auxiliary.

Some weeks back The Reporter commented on a Hereford bull sale that had just been pulled, in which E. B. Dickenson had sold to Jno. T. McElroy 20 head of choice young bulls. The article was all right only there were 100 head instead of 20 it was an accident we learned of our mistake.

ONE BY ONE THEY ARE PASSING OVER

A FEW WORDS IN MEMORY OF
A BROTHER OF OUR
TOWNSMAN

On the 27th ult., our townsman, J. Tom White, had a message from Chicago, notifying him of the death of his older brother. At the time we were unable to get suitable information, Mr. White having to go out to his ranch. The following is from the El Paso Livestock Journal:

It is with a sigh of regret we record the death of one of the oldest and most prominent stockmen of the Great West, James A. White, which occurred at Chicago a few days ago, after he had been operated upon. His remains were brought to El Paso for interment, which took place on the 27th of September.

J. A. White was 72 years of age and had been ranching in this country for over 35 years, selling his ranch 50 miles northeast of El Paso about four years ago to Bob Lane, and with his son, Willard, going to the country around Tucson, Arizona, where he had been engaged in the cattle business up to the time of his death. With his son, Willard, he started east to the famous Mayo Bros., where he expected to undergo an operation for stomach trouble, but stopped over in Chicago, and his almost lifelong friend, our esteemed townsman and old time cowman, D. F. White, was called by wire, and was present there at his side when an operation was performed on the 20th inst., from which he never rallied. For many years he owned and operated the "W. T." ranch on the Pecos, between Pecos and Carlsbad, one of the big ranches of the early days. He was born in Collin County, Texas, going from there to the San Angelo country before there was scarcely any thing in that country.

In speaking of James A. White, Mr. D. F. White, who is no relation, but a bosom friend of the deceased, said he had known the deceased for 40 years. D. F. White was a big operator in cattle at that time and had his headquarters at Buffalo Gap, where he also carried on a big supply store. James A. White was taking a trail herd north and came into the store unknown, and wanted \$150, also supplies, to be paid for later. This was granted and the account was settled, as men trusted each other in those days and a man's word was his bond. This friendship stood for years and no two men living were closer together, since that first acquaintance over forty years ago.

One by one the old frontiersmen and hardy pioneers of the country are passing over the river. May they all leave behind them records for integrity, fidelity, and devotion to duty that James A. White has left.

"Life's work well done;
Life's race well run,
Life's crown well won,
Now comes rest."

MIDLAND CONCERT BAND GIVES ENJOYABLE CONCERT

The Midland Concert Band on last Sunday afternoon gave a most enjoyable concert at the bandstand. Mostly popular numbers were played interspersed with marches and light overtures, and that the large crowd was pleased was evident by the enthusiasm that each number received. These boys have made remarkable progress under the tutorage of Mr. Blount, who has only been with them a short while. They have now taken up the "Light Cavalry" overture by Suppe, and "The Princess of India," overture by King. These two numbers are recognized as among the classics. We would suggest that if Midland citizenship appreciates the efforts of these boys enough, it would be a creditable act if they would uniform this band. It would make the boys take on renewed vigor and enthusiasm and would no doubt be the means of keeping the band together longer. It is the purpose of the band boys to make an A1 concert band of this organization and it is up to the people of Midland to do their part.

THE BANK-- A Monument to Progress

The tens of thousands of strong, dependable banking institutions throughout the United States today are sturdy, substantial monuments to the progress of the nation and to the confidence-inspiring methods and perfect protection which the modern bank affords.

The enactment of stringent banking laws and their rigid enforcement has eliminated, forever from the realm of banking, all unstable and wobbly financial institutions, thus assuring to the depositors of the nation the greatest possible protection, through the medium of our modern system of banking for the safe handling of public and private funds.

TRAFFIC CENSUS WILL RESULT IN BUILDING BETTER ROADS

Thirty thousand motorists who were stopped last month on the Springfield-Hartford road at the Connecticut-Massachusetts State line have contributed valuable information to the bureau of public roads, United States department of agriculture, which, when analyzed, will assist the department to determine more rational methods of road design to meet varying traffic needs.

The motorists were counted in the first traffic census to give complete information ever undertaken by the bureau. The work was done in cooperation with State highway departments of Massachusetts and Connecticut and will be duplicated in

the near future elsewhere. It was taken between August 16th and 29th, covered 140 day hours and 26 night hours, and resulted in accurate records concerning 30,851 vehicles. For passenger cars this information covers type, make, number of passengers, time, direction, starting point, and destination. The State authorities recorded, in addition, license numbers and engine information. The work was handled so expeditiously that the average stop lasted only 15 seconds. Trucks were stopped some longer—100 seconds for southbound and 37 seconds for northbound vehicles being the average. Truck drivers were asked to give, in addition to the information obtained in the case of passenger cars, capacity, driver's estimate of length and frequency of trip, kinds of loads carried, location of consignor and consignee. Roadside scales, especially placed, took required weight data, and observers ascertained the speed of trucks. Motorcycles and horse-drawn vehicles also were included in the census. The data thus obtained are being analyzed and will be used, in connection with information obtained from experiments on impact of trucks and effect of impact on pavement, to design better roads.

Hats for boys and girls from \$2.50 to \$5 at Whitmeyer's Shop. adv

How Buick Accessibility Saves Owners Time and Money

Buick cars are built so they can be operated with a minimum of expense. If a part needs attention it is easily accessible. For instance, adjusting or putting a new fan belt on a Buick is a job that is handled by the owner in a few minutes. Buick invites comparison.

TEXAS INSTITUTE OF APPLIED MUSIC OPENS

Opening of the fall session of the Texas Institute of Applied Music is announced. This institute is affiliated with the University of Texas. Instruction in all grades of musical performances is provided, not only for students of the University, but for young men and women who desire to perfect themselves in these branches as an accomplishment, and for children and high school pupils who desire thorough preparation for advanced work. All advanced instruction in the institute is correlated with the subjects and courses taught in the department of music in the University.

RESOLUTIONS OF RESPECT AND SYMPATHY

Whereas, our beloved sovereign, E. G. Pemberton, has finished his labors in the camp below, has laid aside the duties and responsibilities of this life and has been admitted into the presence of our Heavenly Father, and

Whereas, Sovereign Pemberton was a zealous Woodman and believed thoroughly in the principles taught by the Woodmen of the World and practiced them in his daily life while mingling with the world. In his association with his sovereigns he was loving, kind, gentle and quiet and all the sovereigns loved him for these qualities and his presence and loving companionship will be missed by all of us. Sovereign Pemberton was clerk of this camp for about 15 years and was clerk at the time of his death and he was ever faithful in the performance of his duties.

Resolved therefore, that this camp has lost one of its best and most faithful members, and we grieve to know that our sovereign will no longer meet with us, but we rejoice to know that he has joined a higher and better lodge above where trials, disappointment and sorrow never come, and

Resolved that Greasewood Camp No. 138 extend to the bereaved family of our deceased sovereign their sincere sympathy in their great sorrow, and

Resolved, that a copy of these resolutions be furnished the family of our deceased Sovereign, a copy furnished our local paper for publication and a copy spread upon the minutes of the camp.

To Gain a Good Reputation

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. Oct 14

Two hundred Hawaiian lepers have apparently cured of leprosy by the injection of Chaulmoogra oil into their muscles. This oil has long been known as a remedy for leprosy, but was difficult to obtain, as the trees bearing the seeds from which the oil is pressed grow in jungles infested by wild beasts.

An Irishman, whose wife was fond of moving from one house to another, was met by a friend while walking behind a vanload of household goods.

"Halloo, Mick, shifting again? Where might ye be goin' this time?" "I don't know," said Mick. "I'm followin' the furniture to find out."

How Better Than Pills?

The question has been asked, "In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion. Oct 14 mt

Mrs. Earl M. Rowray, 41, of Omaha, Neb., recently gave birth to her 22nd child. She became a bride at 14 and a mother at 17.

Two hundred and fifty-eight American youths, jobless, have volunteered in the Spanish Foreign Legion against the Moors and have sailed aboard the steamship Cadiz for Barcelona.

Lapland is reported to have had a heat wave, the thermometer ranging to 86 degrees at times. The Eskimos have laid aside their fur garments and are bathing, while reindeer and wild game are suffering from the heat.

Miss Dehn will be here only a short time so please get orders for hats or work in early, at Whitmeyer's Shop.

"NERVES ON EDGE"

Midland People Will Find Encouragement in the Statement of a Midland Resident

Are you weak, nervous, depressed? Feel dull, shaky, tired? Are your kidneys working right? Nervousness often hints at kidney weakness.

Kidneys that fail to filter the blood.

Poisons gather and harm the nerves.

Kidney weakness causes many ills; Backache, dizziness, headaches, lack of flesh.

Don't neglect kidney trouble. There is danger in delay.

Use Doan's Kidney Pills.

Follow the example of this Midland resident.

Mrs. J. W. Barber says: "I had a bad spell of kidney trouble about

GROCERIES

We've got 'em to sell
and
You've got 'em to buy
so
Why not buy 'em here?

Fresh Vegetables, Fruits, Staple Packing
House Products, Etc.

Youngblood's

PHONE No. 3

two years ago. Whenever I stooped over to pick up anything, it certainly was hard for me to straighten up as the pains would shoot through my kidneys. I had pretty bad headaches at times and my nerves were unmanageable. The least noise would make me irritable. The action of my kidneys was too frequent and distressed me, too. I started the use of Doan's

Kidney Pills and can gladly say that two boxes relieved the pains, regulated my kidneys and made me feel better in every way. I gladly recommend Doan's. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Barber had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv 53-2

Munsingwear

FOR FALL

Once You Have Worn Munsingwear, No Other Will Do.

In comfort and economy, Munsingwear stands alone for there is no other made that gives the weeks and months of wear, for the price you pay, and none other that has the inbuilt comfort.

MUNSING UNIONS FOR MEN come in light, medium and heavy weight cottons at \$1.50, \$2.50 and \$4.00 the suit.

If you wear woollens let us show you the greatest line made and a special order for your selection and size will come out in six days or less, at prices exceptionally low, as we will be glad to get these by post at a very small margin of profit.

MUNSING UNIONS FOR MISSES AND LADIES, in light, medium and heavy cottons, and silk and wool mixture, at \$1.25, \$1.50 and up to \$4.00 the suit, in the style garment that you like—low neck, no sleeves; low neck, half sleeves; high neck, long sleeves; ankle length or knee length.

Boys and Girls Unions

Children's bleached ribbed unions, taped and buttons in sizes 2-3 to 12-13, a very special value, the suit 75c.

Genuine E. Z. U. Unions, all sizes, the suit, 90c.

Boys' ecru ribbed unions, slightly feezed; a splendid garment for service and comfort, sizes up to 16, the suit, 90c.

Hosiery for the Whole Family

First of all hose for boys' and girls' school wear, comes CADETS, without doubt the best hose made, every pair guaranteed, in light, medium and heavy weight at 40c and 50c the pair.

Ladies hose at 25c the pair for a good quality cotton stocking, and a splendid value list number from the Durable Durham line, at three pairs for \$1.00. Lisle at 50c and 75c. Silks at \$1.00 to \$4.50.

Men's extra value wool hose at 50c the pair. Cottons at 15c to 40c the pair. Silks at 75c the pair.

Blankets and Comforts

A very special value at this store is a Silkline covered comfort, full size, filled with new carded cotton at \$2.50 each.

Cotton blankets in full, double-bed sizes in grey, tan and white, at the pair, \$2.35; in beautiful plaids at \$2.85 the pair.

Genuine Woolnaps, silk-bound plaids of pink, blue and gold, at the pair, \$5.00.

Wool and wool mixtures at \$7.50, \$8.75 and \$10.00 the pair.

Outing Gowns

These chilly evenings make us think of warmer night-wear, and this store offers exceptional values in Outing gowns and sleepers.

Ladies Outing Gowns of very choice quality, beautifully made in sizes up to 20, at \$1.25 and \$1.35.

Children's Outing Gowns and Sleepers, at 75c and \$1.00 each.

Prices of Cotton Goods Are Advancing

The advance in the price of cotton has sent cotton goods up and we advise our customers to buy now, from present stock, for when we have to buy again, we will have to pay more; as an example, a month ago we sold nine-quarter bleached Pepperrell sheeting at 47 1-2c the yard; today this sheeting must bring 65c and the prospects are that it will be higher still.

Today, we are selling the best quality outings at 15c the yard, and if we had to buy on present market, these would have to sell at 20c to 22 1-2c. Gingham that we are selling at 25c the yard, for the 32 inch zephyrs, are quoted wholesale at the mills for 27 1-2c.

BUY WHAT YOU NEED NOW, for there is no chance of them being cheaper, and they will be much higher when we have to re-buy.

Sheriff's Notice of Election

State of Texas,
County of Martin.

Notice is hereby given that an election will be held on the 22nd day of October, 1921, at school house, in common county line school district No. 9 of Martin and Dawson counties, Texas, as established by order of the board of county school trustees of Martin County on the 20th day of August, 1921, which order is of record in Book 1, pages 13 and 14 of the Record of School Districts of said county, and by order of the board of county school trustees of Dawson County, on the 9th day of September, 1921, which order is of record in book 1, pages 81 and 82 of the Record of School Districts of said county, to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said common county line school district in the amount of \$1279.00, the bonds to be of the denomination of \$319.25 each, numbered consecutively from 1 to 4, both inclusive, payable 10 years from their date, with option of redemption at any time after 5 years from their date and bearing 6 per cent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material, and to determine whether the commissioners' court of the counties of Martin and Dawson, Texas, shall be authorized to levy, assess and collect annually while said district situated within the respective counties sufficient to pay the current interest on said bonds and provide a sinking

fund sufficient to pay the principal at maturity.

H. J. Flowers has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of Martin County, which is the county designated to manage and have control of the public schools in said district, as is required by law for holding a general election. All persons who are legally qualified voters of this State and of the counties of Martin and Dawson, Texas, and who are resident property taxpayers in common county line school district No. 9, of said counties shall be entitled to vote at said election, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words, "For the Bonds;" and those opposed shall have written or printed on their ballots, the words, "Against the Bonds."

Said election was ordered by the county judge of this county by order made on the 22nd day of September, 1921, and this notice is given in pursuance of said order.

Dated the 22nd day of September, 1921.

V. Y. Sadler,
Sheriff of Martin County, Texas.

A Good Physic

When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent. Oct. 1mt.

Safety pins have been found in tombs 2000 years old.

AN IMPRESSIVE MEMORIAL

Unveiling of Tablet to Commemorate Name of Benjamin Liddon, a Soldier of Revolutionary Fame

(Place Near Shelbyville Pike, and published in The Reporter by request.)

One of the most beautiful and impressive ceremonies as well as an expression of the deepest feeling of patriotic pride and loyalty to honor and perpetuate the memory of the Revolutionary heroes, was manifested on Monday afternoon, April 25th, 1921, when a large representation of Col. Hardy Murfree Chapter D. A. R. assembled at the home of the chapter regent, Mrs. T. G. Ivie, and drove out 3 1-2 miles from our city on the Shelbyville pike to unveil a bronze tablet which had been erected to mark the burial place of one who served in the war of the Revolution. The regent of the chapter, Mrs. Ivie, conducted the ceremonies which were opened by repeating the Lord's prayer after which, in well chosen words, Mrs. Ivie stated the object and purposes of the Daughters of the American Revolution as a national organization and that Col. Hardy Murfree Chapter was ever zealously inspired to foster and preserve the true ideals of Americanization.

Mrs. Frederic Smith gave a sketch of the life of Benjamin Liddon as follows:

Friends and Compatriots, we are assembled here today to unveil this beautiful memorial tablet commemorating the services of a soldier of the American Revolution buried near this spot in 1815. Benjamin Liddon was born near Wilmington, N. C., he served his country in N. C. regiment from about 1781 to 1783 and "won his spurs" in many encounters with the British in the mighty struggle for American independence. In the archives of the state in the old record books in Wilmington district, New Hanover County, N. C., may be found these words: "Benjamin Liddon served his country in the American Revolution, and for special service was awarded two grants of land, one for 144 acres and one for 250 acres on the Stones river, Rutherford County, Tenn."

Benjamin Liddon married Sarah Rutledge, widow of Abraham Ivey, also a soldier in the war of Independence. She had two Ivey children, Anne Gilbert and Thomas R., a few years after the war Liddons moved to Tennessee and occupied the land that lay along the Stones river which was in Indian occupation. On this land was a fine spring known as "Liddon Spring."

Benjamin Liddon and Sarah Rutledge had three children. William Abram, who married Mary White Davie; Sarah Jane, who married Stephen Owen; Benjamin Franklin, who married Mary Ann Hooper Merrill. About 1880 the three families moved to North Alabama and North Mississippi.

Next on the program was the unveiling of the tablet by three small boys, Mathias B. Murfree, Jr., age 2 1-2 years, son of Dr. and Mrs. M. B. Murfree, great great grandson of Col. Hardy Murfree of Revolution fame; Edward C. Cannon, Jr., 5 years old, son of Mr. and Mrs. E. C. Cannon, great great great grandson of John Wade, of Maryland, a Revolutionary soldier and, Harvard P. Smith, age 9 years, son of Mr. and Mrs. Frederick Smith, grandson of Capt. Richard Beard, and lineal descendant of 12 authenticated Revolu-

tionary heroes of the old Dominion state of the first New England colonies. After the white covering was drawn aside, "America" was sung by those assembled.

The following is the inscription on the tablet: "In memory of Benjamin Liddon, buried near this spring, who for loyal services in the War of the Revolution was awarded two tracts of land, including Liddon Spring. This tablet erected by Benjamin Liddon Chapter, D. A. R., Midland, Texas."

A Remarkable Record

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance for these diseases in thousands of homes. The fact that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children. Oct 1mt

CITY DRUG STORE

MIDLAND COLLEGE NOTES

By H. G. Head, Reporter

Miss Viera Rhodes, of Pecos, entered Midland College the first of the week. Miss Rhodes is well acquainted in Midland, she being a former resident of this city. Many friendships were renewed upon her arrival here as she attended Midland College last year.

Final arrangements have been made whereby the schedule is permanently fixed. These steps were taken with a view to the elimination of as many conflicts as possible in the course of study. Hereafter pupils entering to do either college or academy work will be required to conform strictly to the present and approved schedule.

Despite the apparent incongruity of numbers Midland College is scheduled to play Abilene Christian College a game of football at Abilene today. A. C. C. has a strong team this season and we anticipate a hard battle, but hope for the best.

Midland College is one of three similar institutions, supported both morally and materially by the Christian churches of Texas. The others are T. C. U., Ft. Worth, and Carr-Burdette, at Sherman.

Announcement was made in chapel Monday to the effect that all rules and regulations must be strictly adhered to in the future. This action was made imperative by the fact that some of the students have persistently ignored and violated the few regulations by which Midland College is governed. Every thinking person will agree that without the heartiest co-operation of all concerned the success of Midland College can be only mediocre at best. It devolves, then, upon us as students and faculty of the college, to obey to the letter the things that are, for our own good required of us.

The Philadelphians, by far the liveliest and most enthusiastic literary society of Midland College, were re-organized for the ensuing school year only a few days ago, with Sidney Bowman, president; Marion Wooden, vice president; Adiline Marsh, secretary and treasurer; T. W. Caskey, sergeant-at-arms, and W. I. Stevenson, critic. Everyone recognizes the cultural value of being able to address an audience correctly and well, and it was for the purpose of promoting this very desirable adjunct to a fully developed and well rounded character that the Philadelphians were re-organized. As the name im-

plies, it is a society that has for its motto, "Brotherly Love and Service." In former years this society has been noted for its splendid programs and for the enthusiasm of its members. The attitude of the present organization would seem to indicate that they will carry on and keep the faith with those whose previous efforts have made the name of Philadelphian sacred to so many hearts and cherished in memory by so many minds.

Midland College defeated Lamesa high school by a score of (whisper it lowly) 100 to 0. This studendous score was piled up by a series of end-runs, line plunges and forward passes. The game was characterized by a fine spirit of sportsmanship throughout. The College "air machine" was working in fine shape but was not needed as the team worked without serious hindrance from the opposing forces. After the game an impromptu luncheon was given in honor of the visiting team by the girls of Midland College, at which a very delightful time was had by all.

SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E 28

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

Regularity

Regularity and routine displays its advantages on every hand. Nature is regular in her seasons and the development of her crops. The army is controlled by it. Healthy persons live regular lives. Everything seems governed or influenced by regularity.

Your bank account will grow almost by leaps and bounds or will stagnate and dwindle according to whether you make regular deposits.

Decide now to add to your account a certain sum each week or month and you will never feel financial embarrassment.

Mrs. J. T. Poole Passes to That Bourne From Whence no Traveler Returns

That "death loves a shining mark" has again been demonstrated in the passing of Mrs. J. T. Poole, who after long weary months of suffering, last Friday night at her mother's home in Waco, passed into that "land of unsetting sun." Mrs. Poole's death seems peculiarly sad and untimely. She was so capable, with a cultured mind that was clear, logical, incisive and strong. Her daily life was one of sweetness and beauty and in the sacred precincts of home was well high ideal. Her devotion to her husband, family and friends was beautiful in its sweet tenderness and strength and the love and honor which she received from them was all that heart could desire. Many Midland hearts grieve for and with Mr. Poole, the aged mother, brothers and sisters in this loss irreparable and realize that her place in home and elsewhere can never be supplied and the void in aching hearts that loved and needed her can never be filled. But the inspiration and noble influence that emanate from the memory of such a perfect Christian character linger ever in the lives of kindred and friends, and to all these bereft ones with their sorrowing hearts, The Reporter extends an expression of deepest sympathy.

High School Lyceum

The lyceum course brought to our town this season under the auspices of the high school, promises to be "all star attractions," and we as citizens of Midland should indeed feel wonderfully pleased that we are to have the happiness and privilege of hearing these splendid entertainers, and should most assuredly show this appreciation by our earnest co-operation and liberal patronage. The program given by Miss Virginia Slade on last Saturday evening was unique, entertaining, artistic and educational. Miss Slade is not only a reader, but is an impersonator of unusual ability and her impersonation of the various characters in the play, "Within the Law," was truly marvelous. The

story itself is very powerful, a story with a tremendous moral, with a heart-throb in every sentence and the charming little reader's delineation of the characters was irresistible and elicited the heartiest applause from the delighted audience.

The Biltmore Society Orchestra on next Monday night is the third attraction, consisting of six gentlemen who are said to be the best of its kind on the lyceum platform.

The Presbyterian Ladies Aid Society met in delightful session Thursday afternoon at the residence of Mrs. Andrew Fasken. Mrs. George Gray was elected president to fill the unexpired term of Mrs. Pearsall, who has recently removed to Dallas, and Mrs. Tommie Wilson was elected vice president. The program was dispensed with and the time was spent in completing the quilts for the orphanage. On Tuesday, Oct. 18th, Mrs. W. M. Fairley, of El Paso, who is well known to many Midland friends, and who is now president of the Presbyterian, will be here and will address the Ladies Aid of this church. All of the ladies of the city are cordially invited to hear this interesting speaker.

The Wednesday Club opened the year's work with an intensely interesting meeting on Wednesday of last week. Mrs. Caldwell was hostess and also leader. The course of study this year is Folk Lore and Balladry, which is one of the University Extension courses. The first number was a paper: Field of Folk Lore, Mrs. Scharbauer; reading, English and Scottish Ballads, Mrs. Elliott Cowden; reading, Cowboy Songs, Texas Rangers, Mrs. W. K. Curtis; Journal of American Folk-lore, Mrs. DeArmond. The next meeting will be with Mrs. Elliott Cowden.

The Ladies Auxiliary of the Baptist church met in a delightful session at the home of Mrs. Frank Norwood. After a devotional service the first chapter of John's gospel was studied. Bro. Hull gave a very interesting lecture on some of the most important points in this chapter. A most pleasant social hour was then spent and sandwiches, wafers and coffee were served. Mesdames Wimberly and A. C. Francis were assistant hostesses.

Mr. Dodd Price, cashier of the Moran State Bank, was a guest on Monday of Mr. and Mrs. Ed Eriksen, who are Mrs. Price's parents.

Mr. and Mrs. J. W. Parks have been entertaining for the past six weeks their sister, Mrs. Joe Byne and

little son, Jesse Lee, Misses Louise, and Mattie Karish, and Mrs. B. K. Davis. Quite a happy and congenial house party, but they have all departed now to their home in Port Arthur and Galveston.

Mr. J. T. Cullins, the piano tuner, will be in Midland in a few days. Those desiring instruments tuned will please phone Miss Lydie Watson, No. 88.

Mr. John Haley left last Friday for a visit to his mother and other relatives in San Antonio.

Miss Fannie Bess Taylor is in Dallas this week attending the Fair.

Mr. Henry Half left Thursday for Dallas, to attend the State Fair.

Mr. M. F. Burns returned Monday from a visit to New York.

Old Santa has already left some beautiful dolls and they're selling at cost, too, at Whitmeyer's Shop. adv

J. T. Skipper, Dallas, auditor for the Southern Ice & Utilities Company, has been in Midland this week, to look over the company's business here. He was a guest in the home of his sister, Mrs. J. Wiley Taylor, while here.

T. R. Aycock and wife returned on last Tuesday from Dallas, where they spent two months. Mrs. Aycock sustained an operation in the Baptist Sanitarium there, and friends are much rejoiced that her health is greatly improved.

J. C. McCormick, of Hurley, N. M., has been with us this week. He had been in Mineral Wells for some time, and was on his way back to Hurley.

John Hix returned yesterday from a business trip to Pecos. He reports things pretty lively out there, on account of oil excitement.

T. A. Fannin is in Dallas this week on business and taking in the Fair.

C. C. Watson transacted business in Dallas the first of the week, also visiting the fair. He had two nice aeroplane flights, which he greatly enjoyed. He also returned on No. 25 Tuesday.

MRS. JAS. T. POOLE BURIED IN WACO

In another column of The Reporter is a brief tribute to the memory of Mrs. J. T. Poole. The following further notice is from the Waco Times Herald of last Saturday:

The funeral of Mrs. Ruth Evans Poole, aged 44, who died yesterday afternoon at the home of her mother, Mrs. S. R. Evans, 905 South Fourth street, yesterday afternoon at 4:15, took place today at 3 p. m., from the latter's residence. Services were conducted by Revs. R. E. Goodrich and J. W. Kerns, and interment was made at Oakwood.

The active pallbearers were: Peeler Williams and H. S. Hooper, Lorena; Coke Westbrook, San Angelo; M. A. Hammack, Gatesville; Sam Orand and W. E. Darden, Waco. Honorary: Frank Ingram, J. E. Parker, B. F. Whitefield, W. J. Sparks, D. H. Roettger, Dr. C. Carter, Dr. J. B. Thomas, Addison Wadley, J. A. Johnson, Homer Epley, W. R. Chancellor, R. J. Waddell, Jax Cowden, Midland; Bart Moore, Sr., Loraine Rogers, T. E. Hubby, J. L. Sullivan, T. F. Bryan, John C. Davis, R. F. Ray, B. B. Cobb, Dr. I. E. Colgin and John Moore, Sr.

Mrs. Poole had been in ill health for some time. Her home was in Midland, and she was here on a visit to her mother when the final summons came. Mrs. Poole was born and reared in Waco, and she was known to and beloved by a large circle of friends and acquaintances here. Her sufferings were borne with Christian resignation, and she awaited the call with a firm faith in the life to come.

Besides her husband, James T. Poole, and her mother, Mrs. Poole is survived by two brothers and one sister here, Sam and Fred Evans and Mrs. Earl Jernigan, and another sister, Mrs. S. W. Gaines, of Chilton.

We still have a few exceptional bargains in high class garments, at Whitmeyer's Shop. adv

W. H. Williams got back on No. 25 Tuesday from several days in Dallas, where he attended the fair as well as to the business that occasioned his trip.

Judge E. R. Bryan returned Tuesday from a business trip to Arlington. While absent he spent a day at the State Fair, Dallas.

Ford
THE UNIVERSAL CAR

Sedan \$660
F. O. B. Detroit
With Starter and demountable Rims

Genuine Common Sense

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.
