WITHHOLD FARM PRICE FIXING FOR OUTCOME OF WORLD ECONOMIC MEET

By T. S. HOGAN

WASHINGTON, May 14.—The old saying that "Yesterday is ancient history" is very applicable to the great events which are taking place here.

No sooner had the sweeping law for the control of farm products mortgages and inflation been signed than the president notified the secretary of agriculture to suspend its operation until the world economic conference. The work of organizing for the control of production and the fixing of processing taxes to increase farm prices will proceed but will not be put into effect until the world conference is held.

The reason why the president has taken this rather startling action is that the farm bill provides that when the domestic price of wheat, cotton, etc., is raised that automatically a corresponding increase in the tariff on competing imports shall be levied.

Whether right or wrong, the president is determined that no domestic law of the United States shall imperil the success of the world conference and the peace of the world.

Domestic travel has felt the depression less than perhaps any other major industry. This is due to the fact that while thousands have been denied the opportunity of foreign travel, they still have enough money available to "See America."

SHIFTING POPULATION

It will be interesting to see whether the end of the depression will bring any change to the striking new shifts in American population growth.

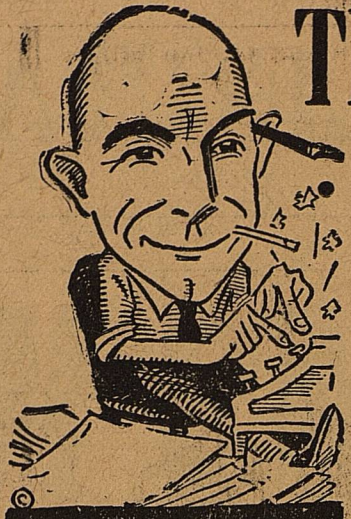

Figures compiled by the Scripps Foundation for Population Research show that during 1932 American cities as a whole decreased in population by more than 400,000 persons. Farm population, on the other hand, increased in that year by 1,000,000.

A great part of this is undoubtedly due to the depression. The cityward migration of farm youth was checked, and vast numbers of ex-ruralites who lost their city jobs retreated to their parents' farm homes for the duration of hard times. Let prosperity come back and the old tendency probably would be resumed.

But we can't be quite certain about it. There are good reasons for believing that most of our cities are about as large now as they ever will be. A movement toward decentralization seems to have begun. How far is it apt to continue, and what will its ultimate effects be?

Folks, they tell us that the following is the whole truth: In a recent trial an attorney arose, and without mentioning the Constitution of the United States he read several extracts from the constitution.

Whereupon another attorney jumped up and said: "I do not know what authority my opponent is quoting, but every sentence he has read is unconstitutional."

GARNER'S FRIEND DEAD

UVALDE, (UP).—James Whitecotton, 85-year-old Uvalde county pioneer and fellow citizen of Vice President John Nance Garner, was buried recently in Montell cemetery, closing a career that made him known all over the United States as the chief exporter of Uvalde honey.

Whitecotton was born in Parkersburg, W. Va., but as a boy moved to Nueces canyon where he lived for 60 years. He served in the famous Montell guards, which protected early settlers from the Indians, and for several terms was one of Uvalde county's commissioners. He was considered the largest individual-honey dealer in the United States. In one year his sales amounted to 1,000,000 pounds.

He also was interested in the Angora goat industry, and one year he took a herd to England.

Aged Woman Is an Expert Fisherwoman

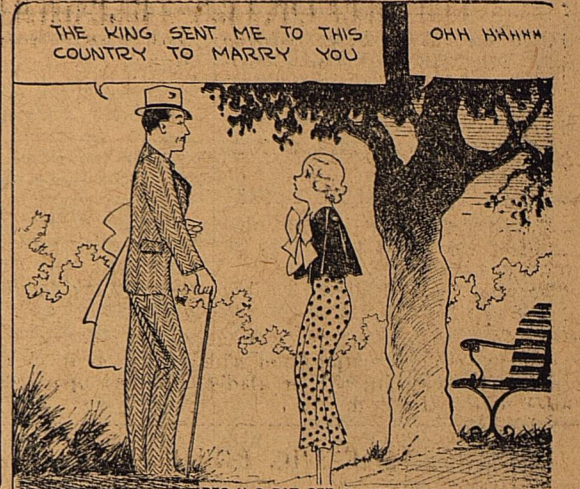

SALT LAKE CITY, Utah. (UP)—It's lucky for Mrs. Rhoda Haworth, 82, there is no old age fishing limit in Utah. Mrs. Haworth said her "biggest moment" comes when a large fish bites her line. Slender and wiry, the woman could be easily mistaken for 20 years younger. She already has her fishing license for 1933, though trout fishing does not open until late in June. Mrs. Haworth talks eagerly of her greater fishing days in many years past. Once, while angling in the Snake river of Idaho, she said she pulled out a four-foot sturgeon. Her best companion is Mrs. Anna D. Walter, Mrs. Haworth's 60-year-old daughter. Both expressed hope to bag limits each time during the coming season. NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be given in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of the incorporated cities and towns of the county shall be separately kept, but collectively shall constitute the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision which is inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body, otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would be exercised by County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"(4) A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute; to fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as here-

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be given in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of the incorporated cities and towns of the county shall be separately kept, but collectively shall constitute the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision which is inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body, otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would be exercised by County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"(4) A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute; to fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as here-

Head Play Runs Poorly Saturday

NEW YORK—Falling to show the speed that carried him to an easy victory in the Freakness, Mrs. Silas B. Mason's Head Play, Saturday soundly was whipped in one of the turf's greatest upsets as Mr. Khayyam, carrying the silks of Mrs. James Austin's Catawaba stable of Westbury, Long Island, won the ninth running of the Wood Memorial over a mile and seventy yards at Jamaica. Quoted at the prohibitive odds of 1 to 3 to defeat three other colts, all of which he had beaten in winning the Freakness or running second in the Kentucky Derby, Head Play finished third, seven lengths back of Mr. Khayyam, which was eighth in the Derby. H. C. Phipps' Devilera, which trailed in the Freakness, was second, beaten by three lengths for the purse of \$8,760. W. S. Kilmer's Dark Winter was fourth and last.

Hi-League Thanks County Officials

When anyone does a service for the Ready to Serve Hi-League of the First Methodist church there is plenty of appreciation expressed in return.

A copy of a letter, written officials of the court house after a room had been assigned the league for a banquet, was mailed the newspaper. The letter was signed by Ray Gwyn, sponsor, and Bessie Flournoy, president of the league.

a law would be introduced giving the government plenty powers for the control of industry it was considered so improbable that such a law would pass that it was not even a subject of idle discussion. Now it is accepted as a matter of course and with the approval of the leading industrialists. No one knows better than they do that without government cooperation they are helpless in rebuilding their several industries. Neither are they displeased by the recent rising in prices.

On May 1, the number of unemployed was 13,360,000, the highest of all time. Compared with those figures the stock market boom loses all its significance as barometer of business conditions.

This control of industry bill carries a provision for \$3,000,000,000 to be used to provide employment for several million and should give the general business of the country an opportunity to adjust itself to the new conditions.

PLANTS COTTON HERE

Here's Midland's greatest optimism! He's a farmer and he has already planted cotton. This farmer is so confident rain is nearly here that he started planting cotton last week. He has already rigged up his soil "scratchers" so he can stir the top of the ground if a beating rain comes.

INDIANS COME FROM BEHIND TO BEAT McCAMEY SUNDAY IN PERMIAN TUSSLE

GETS ALASKAN POST

By JESS RODGERS

The Midland Indians again proved that they have real ball club Sunday when they again came from behind to win a game in the closing innings, this time to defeat McCamey 5-4. At the end of six innings the locals were on the short end of a 4-0 score but they came through for two in the seventh, one in the eighth and two in the ninth.

Again it was due to some effective hitting by Skipper Ellis in the pinch that put the locals back in the running. For the second straight game he inserted himself in the game as a pinch hitter and drove out a timely single to score a man. Triples by Moreno and Estes and a four base blow by Hill also helped the local cause.

McCamey scored first in the fourth inning when Poteet led off with a triple and came home when Harris laid down a bunt in front of the plate. Woody had time to get the runner out but lost the ball when he was spiked. McCamey scored three more in the sixth when the local infield had a momentary lapse in thinking ability committing three errors and a lot of useless throwing around of the ball. Only one clean hit was made in this inning.

Midland made their first runs in the seventh when "Red" Hill led off with a long home run over the right fielder's head. Estes came through with a triple and scored when Warren juggled Woody's hard hit grounder. The locals made one more in the eighth. After Collins singled and Hill walked Ellis batted for Warren and got his hit. Two men were out before any of this happened. The Indians tied and won the game in the ninth. After Woody led off with a single Brown struck out and then Moreno came up and hit a long one to right field that he raced two bases on before the umpire calling the hit complete and evidence him to hit over. To prove that the hit was not a fluke Val placed one just a little farther out and went three bases before he was held up. Woody scored the tying run on this hit and Moreno came home a moment later on Stevens' infield out.

Brown then struck out the first two men to face him in the ninth and caused Cook, a pinch hitter, to roll out Stevens to Cook playing first.
