McCamey Takes Midland's Measure in Game Sunday

LOCAL STICKMEN NOT ABLE TO HIT IN THE PINCHES

Best Attendance in Several Years Sees Game

By JESS RODGERS

Playing before the largest crowd to witness a ball game in recent years, the Midland Indians were upset by a hard hitting McCamey club yesterday by a 9-4 score.

When Duncan started the game off with a clean single and later scored in the first inning there were some who wondered if it were not an off day for Brown, the local hurler, and when he walked the first man to face him in the second those who had been following the club all season realized that if the locals won it would be on superior hitting power. By the time the visitors were getting to Brown for 16 hits the locals were being held to nine runs in eight frames. Asher kept the local hits well scattered except in the eighth, when the Indians combined three hits, two errors, and a walk for three runs. With men on second and third and none out Ward relieved Asher and struck out Pyron, hitting Birdy, caught Brown's pop, and the struck out Moreno to retire the side.

After scoring one in the first McCamey scored two more in the fourth on a single by Poteet, triple by Buford and a single by Wallace; one more in the fifth on a walk to Duncan and a three base rap by Harris and then sewed up the game in the sixth, when the club made five hits, counting three runs. None of these runs were earned, for after one man was out Harris hit to Warren, who stepped on first and then threw to Moreno on second to head Duncan, but Val forgot to touch the runner. The next four men then came through with four singles. The visitors made a couple of runs more in the ninth on a hit batsman, a two-base hit, an error and a single. The Indians made their only error of the day in this inning when Pyron threw one away trying for a runner at second.

The Indians scored first in the fifth, when Brown reached first on Harris' error, went to second on the pitcher's balk and came home on Stevens' single. They did not score any more until the eighth. Cook led off with a single, Collum walked, and the bases were loaded when Duncan muffed Hill's grounder. Estes came up next and, responding to the pleas of the spectators, got his third hit of the day, a long single to right field that scored Cook and Collum. Skipper Ellis inserted himself in the lineup as a pinch hitter for Warren and, for the third time in as many games, Doc rapped out a hit to score Hill. Ward relieved Asher at this time and except for a beautiful double steal, Estes to third and Ellis to second, no other damage was done in this round. After Stevens went out in the ninth Cook gained first on an error and made a clean steal of second but, for the third time, a Midland rally was stopped by the base umpire. He was the only person seeing the game that would have called Cook out.

Collum followed with a double and Hill walked, but the game was over when Buford caught Estes' long fly to right field.

Estes was the leading hitter for the locals with a double and two (See BASEBALL, page 2)

Revival Services At Gospel Hall

The Rev. and Mrs. M. E. Edmondson, Miss Alice Bridges and Mrs. J. Massingale and son, all of Phoenix, will be in Midland this evening for revival services to be held at Gospel hall, 402 E. Kentucky.

Rains Fall to South of Midland

Although rain advanced a closer step to Midland last night, only a few scattered drops fell here. A two and a half inch precipitation was reported 50 miles south at the Frank Ingham ranch, and a light rain fell at the Francis place.

McCamey received a "very good" rain, according to a telephone message from there today and Rankin had a "fairly" good shower.

No moisture was reported at Fort Stockton, Seminole or Big Spring, or in the trade territories of those places.

Senate Favorably Reports Measure

The state senate pink boll worm committee has made a favorable report on the proposed \$500,000 bill to pay farmers the debt owed them for costs of the cotton quarantine, according to a message from L. J. Ivey, Rabens, president of the Texas Pink Boll Worm Quarantine Refund association, to the Midland chamber of commerce. Proponents of the bill are expecting senate action any day.

15 Cars Needed To Drive Flies

Fifteen Midland automobiles are needed to transport army officers and enlisted men of the 8th pursuit group into the city this afternoon. The group will spend the night. "Midland has established itself for courtesy to visiting airmen and has organized several times to drive to the port for flyers," a statement issued at the chamber of commerce said. "The 8th pursuit group will have 37 officers and eight enlisted men on the field sometime between 6 and 7 o'clock, depending on flying conditions. Fifteen cars will be necessary for the convenience of the group's personnel and the chamber of commerce said. POONA, May 29. (UP).—Gandhi broke his 21-day fast today, weighing 80 pounds as more than a hundred of all creeds gave prayers or thanks.

The purpose of his fast was to attract world attention to the plight of 60,000,000 "untouchables" doomed by heredity to be outcasts.

KING COTTON MAY STAGE A COMEBACK NOW

NEW YORK, May 29. (UP).—The International Statistical bureau estimated today an increase of 9.7 per cent in cotton acreage this year over last. Competition was 66 per cent normal compared to 71 per cent on a ten year average.

By MERRILL E. COMPTON United Press Staff Correspondent DALLAS (UP).—It may be King Cotton's comeback year.

Rising prices, a seller's market and economies of operation points towards a profit-making year for cotton planters, a United Press survey disclosed today. Losses of the past several years may be wiped out.

Unlike cotton, who stands on the brink of a money-making year, the profits will not be split among general farmers. Cattle and hogs are being raised as a sideline by many farmers who anticipate profits this year. But cotton for the most part is grown by planters who consistently make it their major crop.

The profits to cotton farmers will probably be greater this year because: (1) Planting and farm costs have been cut to the nub. (2) Homegrown feed and fodder crops make living costs and maintenance of farm animals cheaper. (3) Much marginal land has been abandoned. (4) Credit, especially federal government loans, has been available at low interest costs. (5) Much labor was had and for the most part seed and equipment was bought before the inflation.

Skyrocketing cotton prices since March 21, when the United States went off the gold standard, have already attracted some farmers. Statisticians of the New Orleans cotton exchange report that farmers have 4,500,000 bales of last year's cotton in storage. Cotton has hiked \$11 a bale since March 21, representing a profit of approximately \$50,000,000.

The percentage of holdover in the farmer's hands, however, is small as the majority of farmers sold cotton last fall at sacrifice prices to get much needed cash.

The present price has given the farmers much to look forward to. Current prices are approximately ten cents higher than last year and they maintain their level, millions of dollars more will be paid to farmers in Arkansas, Alabama, Louisiana, Georgia, Mississippi, Oklahoma, Texas and other cotton growing states than last year. A present price authority said if present prices are paid Arkansas at harvest time this fall they will represent a profit of \$11,000,000 in excess of what was paid for the 1933 crop. Similar rewards for farmers in other cotton growing states are foreseen. Briefly reports to the United Press from cotton raising sections are: Arkansas—Planting has been delayed two to three weeks but good weather now promises to give planters a chance to catch up with their work. There is much diversified farming, cutting down living and farming costs. A levee broke near Newport inundating 25,000 acres of rich cotton land which was in seed. Conservative estimates are that the present crop will be grown at one-third the costs of the 1931 crop. Memphis (Reporting from Tennessee, Mississippi and Eastern Arkansas)—Planting has been hindered by flood waters of the Mississippi and tributary streams but farmers hope to be able to plant by June 15 and still make a crop. Probably 50 per cent of the crop is in normal condition. The estimated acreage increase of 8 per cent in this area conforms to the estimated United States cotton acreage increase. Diversifications is practiced but a shortage of feed crops is seen. Fertilizer sales lag but in North and South Carolina and Georgia sales are reported good. A recent report showed the 14 cotton producing states had increased their government seed loans by \$5,500,000 over last year. New Orleans (Reporting for Lower Mississippi cotton belt)—The crop is practically all planted and best reports indicate substantial acreage increases due chiefly to more federal crop loan funds available. Atlanta (Reporting for Eastern

Once Sleepy Town On the Boom Now

TOMBALL, May 29. (UP).—This erstwhile sleepy village was this morning bustling with activity as a result of Magnolia Petroleum Co. No. 1 Kobs coming in a producer, giving assurance that the Tomball-Huffsmith area is a real oil field. All acreage in the area was leased, with prices in the neighborhood of \$300 per acre as compared to \$10 six months ago. Magnolia's No. 1 Martens, five miles northeast of the Kobs, was drilling in shale at 6,000 feet. Tomball was planning a new ice plant and seven additional business houses.

Shaw Wins Match With Sivalls on The 41st Green

All records for match-for-position play on the links at country club were shattered Saturday and Sunday, when Henry Shaw won a long-drawn-out match with Don Sivalls, one up 41 holes.

Four times the two came into the last hole of the 9-hole course even and five holes of the fifth round were necessary before Shaw sank his putt one under Sivalls.

They played 22 holes before darkness forced them to stop Saturday, and played the other 19 holes Sunday. They were about to advocate flipping of coins to decide the match.

The match decided 7th position on the Sand Belt ladder. Elliott Miller won a match from Frank Day, two up; and De Lo Douglas won from Billy Moran, two and one.

For failing to obey a court order to support her husband, Mrs. Mary Martin (above), 60, was sentenced to 30 days in the workhouse at Philadelphia, Pa. The unique order resulted when Daniel Martin, 47, told authorities he couldn't find work and that his wife was using his savings. She was ordered to pay him \$3 a week.

Pete Roves Widely In Angelo Polo Win

San Angelo poloists Sunday afternoon humbled the El Rancho quartet, 11 to 6, in the concluding game of the current tournament at El Rancho Polo club, near Arlington. The San Angelo club "borrowed" Luther Weekes and Fran Johnson, El Rancho regulars, to help in the victory. Weekes and Johnson alternated at No. 3 for Len Metz, who was unable to play, and Johnson subsequently played four chukkers for Lee Aldwell.

A. B. Wharton Jr., Dr. Raworth Williams, Cecil Childers and B. F. Stephens Jr. played throughout for El Rancho. Pete Patterson, former Midland flash; Alfred House, Luther Weekes and Aldwell started for "San Angelo" with Johnson entering himself in the lineup in the third chukker.

House with 5 tallies, was a bright star in the game. He drove through several goals from midfield. Weekes and Johnson, each with two goals, played great defensive games and Aldwell's play, and the two chukkers was good. Patterson, who roved all over the field, played in fine form.

Dr. Williams was high man for the losers, scoring three goals. Childers played a great game, tallied twice and Wharton sneaked through a goal early in the game. Stephens failed to score. Eddie Compton refereed.

AFFIRM DENNISON CASE DECISION

AUSTIN, May 29. (UP).—The third court of civil appeals today affirmed the decision of the ninety-eighth district court holding that Frank Dennison of Temple is not entitled to serve as chairman of the highway commission.

Dennison was appointed by Governor Ferguson but the senate did not give the two-thirds vote confirmation. Dennison attempted to take office anyway.

"SPLENDID ISOLATION" COMES TO AN END

When President Roosevelt addressed himself to the people of the world on disarmament, America's famous tradition of "splendid isolation" went toppling over into the dust, and it seems probable that it will stay there.

As a matter of fact, of course, this splendid isolation-topped years ago. But the tradition remained, and that was what caused trouble. We had a tradition to which we gave almost unanimous support, and it failed to jibe with the facts. To support it meant that we had to shut our eyes to the realities.

We were fond of talking—and acting—as if the Atlantic ocean was just as wide now as a century ago. We laid our international course on charts drawn up in the days of sailing ships and stage coaches; and when we steered ourselves into trouble we wondered, plaintively, why fate was being so unkind.

cotton states)—Planting is complete except in the northern extremity of the belt. The acreage increase is due largely to availability of government funds. However, parts of the cotton lands are being turned over to other major crops and devoted to feed and fodder crops for farm home and barnyard consumption. South Georgia and particularly South Alabama are leading in diversified farming. The tobacco crop in South Georgia is increased.

Okla.—H. B. Cordell, president of the state agricultural board, is authority for the statement that cotton acreage has increased 10 to 20 per cent with feed and fodder acreage about normal. Sufficient credit is available but farmers are cutting the corners and many have not used much fertilizer. A hold-over of approximately 25,000 bales is in the farmer's possession.

Dallas—The progress of the Texas crop on the whole varies from fair to poor, the former in the upper half of the state. The Gulf Coast is very dry and cotton is beginning to suffer, the weekly survey of the Dallas News said. The plants are small and blooming prematurely.

About 90 per cent of the cotton crop is planted in the eastern part of Texas, with Central Texas about 40 per cent chopped out and Northern Texas about 25 per cent. Rain has hindered planting and cultivation in many sections of the state.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 32. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article VIII, Section 1-a: Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before the expiration of such period the board or governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall become applicable to each county or political subdivision as and when it shall become within the provisions hereof."

"Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas extending Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas extending Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 30. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"(a). The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight, provided that the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3 2/10) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, where in the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof, any vinous or malt liquors containing not more than three and two-tenths per cent (3 2/10) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

Sec. 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 31. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It is further provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an election to incorporate the Charter may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and the majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such effect shall have valid force against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000) Dollars, bearing interest at a rate not to exceed four and one-half (4 1/2) per centum per annum; and payable serially or otherwise not more than ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds, and the proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3 2/10) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

Innovation in Motor Fuels

HOUSTON, May 25. (Special).—Lubricated gasoline, a distinct innovation in motor fuels, was announced today by the Gulf Refining company through O. H. Carlisle, district sales manager.

The new product is being marketed under the slogan "That Good Gulf—Now Lubricated" at no extra cost, Carlisle pointed out. Salient features of the new fuel, according to Carlisle, are: correct lubrication of the valve seats and top of the valve stem, which tends to prevent drying and pitting of valves; plus lubrication to the upper part of the cylinder walls, thereby reducing wear on cylinders and pistons as well as piston rings.

Through use of lubricated gasoline it is now possible to design motors with smaller clearance between piston and cylinder wall and also to use lighter-fitting oil rings. In some cases two oil rings are used, all of which reduce crank case motor oil consumption.

Ease of starting with lubricated gasoline is believed assured by the fact that when combustion chambers are flooded with lubricated gasoline in choking the motor valves are less apt to stick, while use of "That Good Gulf Gasoline—Now Lubricated" assures longer life for certain parts of the motor such as valves, guides and piston assembly.

With reference to the lubrication of gasoline, Carlisle quotes C. B. Veal, research manager, Society of Automotive Engineers, as follows: "We are now facing a rather new type of automobile engine. . . the tendency for the past few years has been to increase the speed of our engines."

"At first we encountered excessive oil consumption above certain critical speeds, but blow-by and other features of ring and piston functioning have so improved as to prevent excessive oil consumption even at the high speeds now common. . . personal experience and reports from others lead me to believe that some of these engines may come close to experiencing a deficiency in oil supply at moderate speeds."

"If the oil supply actually failed, I agree that lubricated fuels would not solve the problem, but if some of these new engines are coming close to the danger zone in the meagerness of the oil supply at moderate speeds it seems reasonable that a lubricated fuel would offer a sufficient panacea to bring about satisfactory operation."

In Germany and England lubricated gasoline has been used widely for as long as two years with no

Memorial Program Coming to Yucca

A special Memorial day program will be held at the Yucca theatre Tuesday night in connection with the regular film offering of Irene Dunne in "Secrets of Madam Blanche." Miss Dunne, lately made a star by her producing company, plays her strongest role, according to the critics.

Continuing today at the Yucca is "Gabriel Over the White House," described as the most thrilling and powerful picture ever released by Metro-Goldwyn-Mayer-Cosmopolitan Production company. It has in its cast: Walter Huston, Karen Morley, Franchot Tone and a long list of supporting actors.

Recipe for Fish Bait Published

NEW BEDFORD, Mass. (UP).—The fishing season is here but what about the bait? The following recipe for getting worms without digging is passed on to posterity by Don Trayer, writing in the New Bedford Standard Times:

"Drive a stick of wood an inch in diameter into the ground, leaving one end exposed.

"Cut notches in another stick and rub it along that in the ground.

"Vibration disturbs and annoys the worms and they wriggle to the surface to find what the earthquake is about."

table success, Carlisle pointed out. Also, the lubrication of outboard motors is taken care of through mixing lubricating oil with the gasoline.

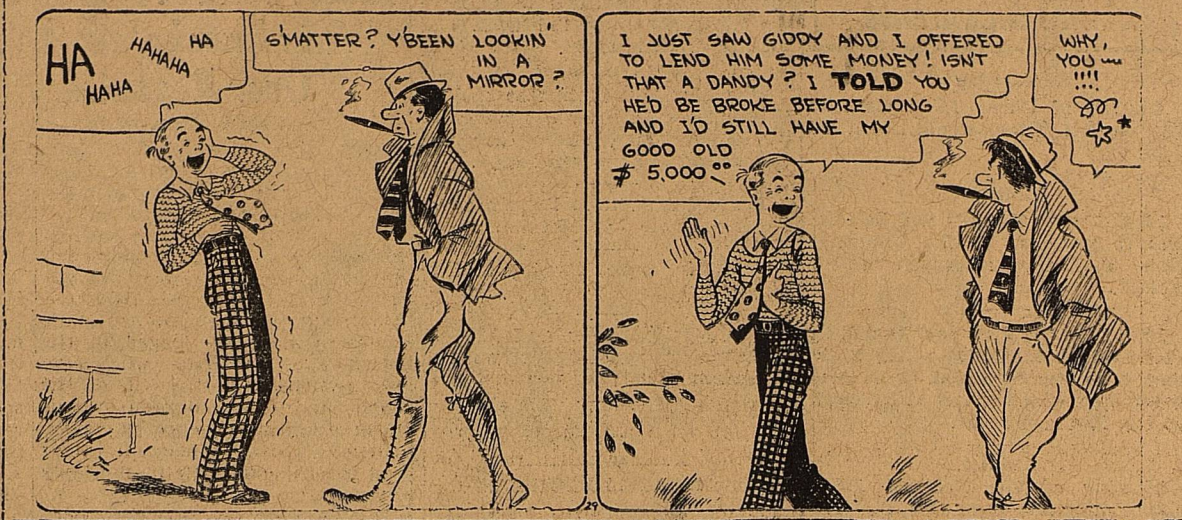

Many large truck and bus operators have been using lubricated gasoline for some time even though it was necessary for them to purchase a proper oil to mix with their gasoline. Most car manufacturers recommend mixing lubricating oil with gasoline during at least the first 2000 miles of driving the new car.

"I would like to state," Carlisle said, "that in using 'That Good Gulf Gasoline—Now Lubricated' automobile owners may be assured of correct special upper-cylinder lubrication under normal driving conditions and at ordinary driving speeds. No extra charge is made for our new product."

## Loyal Workers Entertain with A Weiner Roast

As a forerunner of the B. Y. P. U. training school to be conducted this week at the Baptist church, members of the Loyal Workers union entertained with a weiner roast Saturday evening.

Guests met at the church and drove to Cloverdale, where, as an entertainment feature, each of the instructors here from Howard Payne college to conduct the school directed a game.

Attending were Misses Annie Fay Dunagan, Lois Pace, Irene Lord, Marjorie Ward, Vivian and Joan Arnett, Kathryn Gosper, Dorothy Hines and Lois Walker, Mrs. B. N. Phillips, Mr. and Mrs. Bill Arnett, Messrs. Claude Crane, Dean Bryant, Floyd Pace, John Carlton, Robert Stone, Lloyd Walker, Joe Mitchell and the instructors, Misses Opal Lackey and Mary Beth Langston and Messrs. James Carroll, A. D. Bruton and J. W. Patterson.

## Regular Minuet Dance Is Held

The regular monthly dance for the Minuet club was held Saturday evening in the Crystal ballroom of Hotel Scharbauer.

Thomas Brooks and his Seven Clouds of Smoke furnished the music.

Members attending were Messrs. and Misses, Joe Ballanforte, E. B. Soper, George Klingaman, Hugh Burchfield, J. P. Butler, Chas. L. Klapproth, W. T. Walsh, Preston Bridgewater, A. P. Loskamp, A. N. Hendrickson, Sam Ashley, Johnson Phillips, Sam Cummings, Allan Hargrave, Carl McAdams, Alden Donnelly, Joe L. Crump, John Shipley, Harvey Sloan, Elliott Cowden and George Abell.

Guests included Mr. and Mrs. Bob Hamilton of Stanton, Mr. and Mrs. R. Lee of Grandfalls and Jimmie Fitzgerald.

To see and listen to the wicked is already the beginning of wickedness.—Confucius.

## Methodist League Presents Program

A model league program was presented by members of the Young People's department of the Methodist church school Sunday evening.

Following a period of silent prayer, Mrs. Euel Feeler, leader, gave the introduction and read the scripture reading. She was assisted by Messrs. Clyde Gwyn, Harvey Powledge and Euel Feeler. As a special number on the program, Mrs. Powledge played a piano selection.

Members of this league will be entertained by the senior division with a party during the first week in June.

## Naomi Class Calls For Two Meetings

Two special meetings have been called for members of the Naomi class for next week. All members are asked to attend a business meeting Tuesday evening at 8 o'clock at the home of Mrs. A. E. Horst, 107 North G, and members of the Naomi Recreational club will meet at the country club tennis court between 6 and 7 o'clock the same day.

At a meeting of the class Sunday morning in the Yucca theatre, Mrs. J. C. Ratliff sang "My Task." She was accompanied by Mrs. Emily Kannon, class pianist.

Immediately before Mrs. J. M. White taught the lesson, Mrs. C. W. Griffin read the lesson reading and Mrs. S. M. Warren the devotional.

### BARRYS LEAVING

Coach and Mrs. L. K. Barry will leave tomorrow for Smithville, where his mother is reported to be very ill.

### GOODMANS LEAVE

Mrs. Leon Goodman and daughters, Leonore and Nancy Lee, left this morning for Chicago, where they will spend the summer, returning to Midland in time for the opening of school.

The power of gentleness is irresistible.—H. Martyn.

## Attractive Summer Party Given Saturday Afternoon

Mrs. Andrew Northington and Mrs. Joe Pyron entertained Saturday afternoon with a lovely summer party at the Northington home on Story.

Summer colors of pink and green predominated in the table covers, flowers and refreshment course. Prizes were artistically wrapped in the same colors.

Mrs. R. E. Kimsey won high bridge score, Mrs. Lonnie Smith of Wink second high and Mrs. Dick Nelson cut.

The guest list included Mmes. E. M. Richardson, Leslie Stevens, T. B. Simpson, Sam Cummings, George Klingaman, Howard Hodge, Preston Bridgewater, E. M. Miller, R. H. Morse, Carl McAdams, F. F. Winger, Cecil Hodges, Hugh Corrigan, Jack Hawkins, De Lo Douglas, R. C. Crabb, W. P. Knight, W. E. Wallace, Joe Ballanforte, E. H. Shaw, Kimsey, Bill Blair, Hugh Burchfield, E. B. Soper, Don Carlos Davis, F. E. Neel, J. M. Haygood, Don Sivalls, J. R. Martin, Nelson, Sam Ashley, Mrs. Vance Sibley and Mrs. Lonnie Sibley, both of Wink.

## San Angelo Family Moves to Midland

Mr. and Mrs. Delbert Leggett and sons, Clarke and Elbert, former San Angeliens, will arrive Tuesday or Wednesday to make their home here. Leggett is district land man for West Texas and New Mexico with the Standard Oil & Gas company.

Several courtesies were extended to Mrs. Leggett recently at San Angelo. Mrs. A. G. Reville entertained Wednesday at her home, 1622 West Harris avenue, with a farewell party for her. Guests included members of Mrs. Leggett's class in the Church of Christ. About 40 women were present and presented the honoree with a quilt done in the Dresden Plate pattern.

Mr. and Mrs. W. P. Holt and Mr. and Mrs. T. R. Wynn were hosts at a picnic at Ben Ficklin for the Leggetts. Eight couples were included for the occasion.

## Cantor Film at Ritz Knocks 'em Over Repeatedly

A button-eyed hero, plenty of pretty girls, scant but gorgeous dancing costumes which are hardly noticed, something new and different in songs and dances, wit and humor enough for a dozen comedies a thrilling but bloodless bull fight in which the bull makes the most graceful fade-out ever witnessed, love scenes of both the "hot" and the genuine varieties, those are some of the things you see and hear for a very reasonable figure at the Ritz when you "take in" Eddie Cantor's "Kid from Spain" on the screen again today and Tuesday.

A Reporter-Telegram representative who saw the show twice advised the public to pay close attention in order not to miss anything, because there is plenty crowded into the hour and a half of entertainment.

Eddie Cantor's annual flourish outstrips all of his previous productions. Those who have been hearing

Eddie over the radio haven't "heard nothing yet" until they hear his songs written especially for this bull-fighting, bull throwing, Mexico plotted "Kid from Spain" in which he is forced to pose as Don Sebastian the Second and to fight a bull to avoid doing a stretch of twenty years which he wouldn't have had to do after all.

Anyone besides Eddie Cantor might easily have had his show stolen by the beavies or dancing girls and by this supporting cast which includes a blonde named Lydia Roberti, a couple of lovers in the persons of Robert Young and Ruth Hall (don't miss seeing Ruth) and two Mexican bad men played by John Miljan and Carroll Nash.

# The Biggest News Since Fresh Gas... That Good Gulf Gasoline is now lubricated!

**G**ulf stations from Maine to Mexico are now offering a motor fuel that surpasses everything that has gone before.

This great fuel is new in everything but name. It actually gives greater mileage and cuts repair costs—because it lubricates the upper cylinder and valves.

The new lubricating Good Gulf Gasoline contains an upper cylinder lubricant made by an exclusive Gulf process. This lubricant—correctly blended with that Good Gulf Gasoline, the famous fresh gas—makes today's greatest non-premium fuel for modern motors!

It lubricates the intake valves, prevents sticking, and forms little or no carbon!

If you want to get more and lower cost miles out of a gallon of gas, try the new Good Gulf Gasoline today. It doesn't cost a penny more.

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a widely scattered practice.

Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer — it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience.

We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.
