DALLAS, June 5. (UP)—Mrs. Franklin D. Roosevelt winged across Texas today en route to the Pacific coast.

She left at 9:40, stopping briefly at Fort Worth, Abilene and Big Spring. She was due at Tuesday, where she is meeting her son, Elliott, at 6:30 this afternoon.

Mrs. Roosevelt apparently was cheerful and not tired from her long overnight flight here from Kansas City. She left Washington airport Sunday morning at 9 o'clock eastern standard time, flying by way of Columbus, Indianapolis, Saint Louis and Kansas City, thence over Texas.

RISING PRICES BOOST VALUES OF TEXAS COMMODITIES \$100,000,000

By JOSEPH L. MYLER, United Press Staff Correspondent. DALLAS, June 5. (UP)—With its position greatly strengthened on practically all business and industrial fronts, Texas is entering the summer season with the forces of prosperity holding the upper hand in the battle against the depression, a United Press summary indicated today.

The month of May was a particularly encouraging one. New industries, rising commodity prices, increased sales and salary and wage hikes stimulated observers.

It has been estimated the total value of Texas commodities going on or ready for the market has been increased more than \$100,000,000 during the past two months by rising prices, the increase itself being nearly one-fourth the total value of products marketed during the darkest days of 1932.

The present wealth represented by crops, wool, mohair and livestock was estimated at \$225,000,000, as compared to \$175,000,000 during the year 1932.

Industrial and business news was equally bright. Their spirits raised by efforts of the national administration and cheered by trade gains not entirely due to a natural seasonal upswing, men with capital have found an outlet for their money in scores of new industries, expanded operations of already established factories and businesses, and in construction enterprises.

So sharp was the business upturn which started during the third week of March that Dr. J. C. Dolley of the University of Texas, analyzing the financial situation for the Texas Business Review, predicted a still further upward trend extending into the summer season when normally a slump in trade and industrial activity is expected.

Money and labor alike were cheered by the prospect that millions of federal dollars would be poured into Texas in the form of self-liquidating loans for public works. Estimates of the amount Texas will receive in connection with the federal re-employment campaign varied from \$85,000,000 to \$250,000,000.

A nation-wide survey conducted by a New York brokerage firm showed all lines of business activity in Texas and the Southwest increased 15 per cent in May over April.

Even the depressed oil industry saw better times ahead. The general belief the Texas railroad commission will reduce the allowable of the East Texas field from around 87,000 barrels daily to about 450,000 barrels has resulted in forecasts of 50 cent oil within the next month, to be followed in the month after that by a \$1 a barrel price.

A by-product of conditions in the East Texas field was the return of prosperity to supply houses selling pumps. Demand for pumps by operators of wells where pressure has fallen has reached such a volume many supply companies have been unable to promise definite dates of

CAPTURE SAWYER AFTER CLERK IS VICTIM OF SHOTS

Young Woman Aids in Capturing Kansas Desperado

CHICKASHA, June 5. (UP)—Mob violence was feared today for Frank Sawyer, Kansas convict who dangerously wounded Robert Goodfellow, Caddo county clerk, before being captured yesterday.

Lois Goodfellow, 20, sister of the clerk, drove the car in a ditch after the convict had commandeered the machine. She held Sawyer by the hair while officers, coming on them, beat the convict senseless.

Sawyer had shot Goodfellow, whom he tried to use as a shield from officers. Earlier in the day the convict had kidnaped eight others before seizing the Goodfellow car. Crowds were threatened mob violence in the event Goodfellow dies.

DESPERADO KIDNAPS 12 BEFORE CAPTURE

CHICKASHA, Okla., June 5.—A desperado who kidnaped 12 persons and stole several automobiles in a wild ride across Central Oklahoma that ended with his capture near Einger, Caddo county, Sunday afternoon, admitted to officers he was Frank Sawyer, one of the 11 convicts who escaped from the Kansas state penitentiary at Lansing Tuesday.

Bob Goodfellow, one of the last persons kidnaped by Sawyer, was shot through the groin as Sawyer attempted to use him as a shield during a gun battle with Sheriff Horace Crisp of Chickasha and Al Marlow, deputy sheriff. Goodfellow's condition was said to be serious.

Sawyer, who also escaped the Oklahoma state prison, was beaten with a pistol before he was subdued, officers said.

Boys Kidnaped First

Reports reaching the sheriff's office said the fugitive started his wild ride through Central Oklahoma about 7:30 a. m. Sunday when he kidnaped two boys, whose names were not learned, north of Norman. A few minutes later he released them, kidnaping Mr. and Mrs. Frey Gray of Lawton and took the car, which he intended to accompany him.

He drove toward Middleburg, 14 miles east of here where he abandoned the car with a flat tire and took another auto from passing motorists. He was riding in it to accompany Mr. and Mrs. Gray with him.

When the steering rod on that automobile went bad, the convict drove to the farm home of Mr. and Mrs. J. M. Strongfield, took their car and forced them to go with him and the four others.

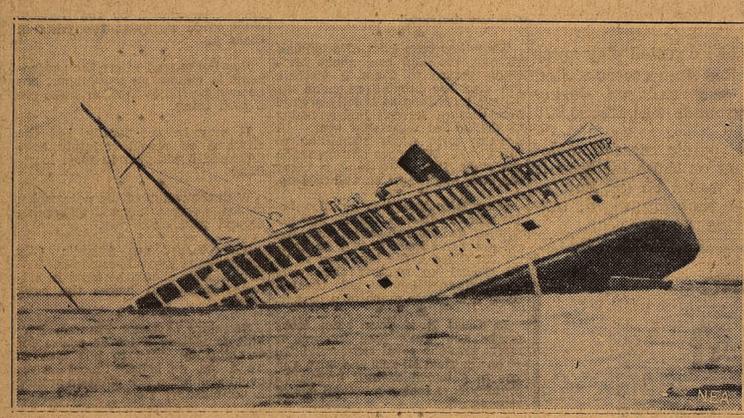

Takes Another Car

Driving to a point four miles east of Chickasha he attempted to make a Mrs. Hawkins, wife of a farmer, alone at the time, start her small car. She refused and, unable to start it himself, the desperado continued north to the home of Olin Morris. There he released Gray and his wife and forced Morris and his son to go with him and the other kidnaped persons in Morris' car.

After driving the Morris car to a farm seven miles north of Gracemont, he stepped out of the auto and told his victims to drive on. Then he walked up to the house where Bob Goodfellow, Caddo county clerk, was visiting a girl friend and compelled Goodfellow and the girl to drive him north and west in Goodfellow's car.

The automobile went into a ditch east of Einger when Goodfellow grabbed at the bandit's pistol.

Live Right is entered in a six-furlong event for maiden 3-year-olds.

Good Scout came galloping home ahead of the field for the second consecutive time Saturday, beating off the challengers of Lieutenant and Bob Kernan for first money. Good Scout ran the six furlongs in 1:08-4-5 and paid \$1040 in the mutuels for the victory, \$5 to place and \$340 to show.

Good Scout's last time was made on the futurity track, which is several yards short of six furlongs. It was only last week that Good Scout scored her first victory at Kansas City.

Broker's Tip Still Leads in Money Won

LOUISVILLE, Ky. June 5.—A lame thoroughbred, which has won only one race during his entire career, still is the leading 3-year-old money winner of 1933.

He is Col. E. R. Bradley's Broker's Tip. His thrilling nose victory over Mrs. Silas Mason's Head Play in the Kentucky Derby, plus the preference he won for finishing second in a race at Lexington, gave him total winnings of \$49,000.

The Derby winner went lame in the Pimlico Preakness and was required to leave the 3-year-old championship battle to his erstwhile foe, Head Play, the Preakness winner, despite two losses to the Catawba Stable's Mr. Khayyam, in his second place with \$36,950 won this year.

Mr. Khayyam, winner of the American Derby, is a close third with \$35,351; C. V. Whitney's The Daub, winner of the Withers Mile, is fourth with \$20,550, and the R. M. Eastman Stable's Charley O., winner of the Florida Derby, is fifth with \$14,400.

The leading juvenile money winner of last year, W. R. Coe's Lady's Man, is far down the list, having won just one minor race this year. His principal chance to recapture his former fame lies in the approaching Belmont Stakes at New York.

VETERAN FUND BATTLE DELAYS SPECIAL SESSION

WASHINGTON, June 5. (UP)—Speaker Rainey said today he sees "indefinite" postponement of the special session as result of the veterans' economy battle.

President Roosevelt warned congress it would have to raise \$370,000,000 in additional taxes if it persisted in lopping the sum off of the \$420,000,000 reduction in veterans' payments.

Rainey asked democratic leaders to canvass their followers with reference to limiting the president's economy move.

IRAAN WINNER IN GAME WITH INDIANS SUNDAY

In a ragged uninteresting game, constantly being interrupted by bickerings and arguments with the umpires, the Midland Indians lost yesterday to the Iraan nine by a 10-9 score.

It was a three hour struggle between the players and the umpires to see who would be allowed to last the game out and as the home club won the arbiters were allowed to leave peacefully. In the third after the umpire had ruled that Brown balked and had given the framemen a score time was taken out while the protests of the Iraan nine by a 10-9 score.

Midland scored first in the second when they sent two runners across the home plate on a couple of walks and two hits but Iraan came back and tied the score in their half. The Indians scored three more in the third. After one run had been made Girdley hit one far over the center fielder for four bases to score two men ahead of him but he was called out for missing third base. After Iraan scored one in the third on the umpire's decision that Brown had balked the Midlanders got two more in the fourth. In this inning Brown hit a home run and Moreno a triple.

Iraan made two in the fourth and went ahead for the first time during the game in the fifth when they pushed two more runs across home plate.

This ended all scoring until the eighth when the Indians made two runs on four consecutive hits. With two out and two on Neely raced far back into center to take Estes' fly to retire the side. It was one of the hardest hit balls of the day and it was only a sensational catch that prevented it being a homer.

In the last of the ninth, Barbee, first up for the winners, was hit by a pitched ball. Joiner lined out to Hill but Bridges popped one over the pitcher that no one could get to and Box, hitting for Whitaker, hit one over second to score Bridges with the tying run. Hassell lined out to Girdley in center and Bridges scored with the winning run when Moreno's relay to Woody was wide of the plate.

Midland had the game won several times but three passed balls at home with a runner scoring after each of them coupled with a lot of mental errors worse than physical errors lost the game.

The Indians knocked Scott, Iraan impromptu from DeLeon, out in the third and had no trouble hitting Hassell but could not bunch them for runs.

Brown and Moreno, with three hits each and Bridges and Neely, with four and three hits respectively were the heavy hitters of the game.

BEATS RECORD OF POST-GATTY BY THREE HOURS

Prepares to Take-off On Next Leg Round the World Flight

MOSCOW, June 5. (UP)—James Matern landed here today after a solo flight of 51 hours and 31 minutes from New York, lowering the Post-Gatty time this far by more than three hours.

The San Angelo, Texas, flyer prepared to take off soon on a 1,700-mile hop to Novosibirsk on an unprecedented solo flight around the world.

He flew here from Oslo in seven hours.

FRIENDS HAD FEARED FOR SAFETY

NEW YORK, June 5.—Fears for Jimmy Matern's safety had been acute Sunday as he was overdue in Paris and it was feared his fuel was exhausted.

As darkness deepened over the Texas streaked away from here, his friends had only hazy reports of plane sightings in Ireland to weigh against their concern that Matern had experienced trouble.

His gasoline was estimated to have been consumed when his hours in the air reached the early thirties.

Matern's New York representative, Jack Clark, held firm to an announcement that Paris was Matern's first objective despite the statement of an Oklahoma City friend that the birdman once had thought of heading for Moscow without advance notice.

"Even with the most favorable conditions he could not have gone straight on to Moscow," said Clark. "If anything unfortunate has happened to Jimmie, I would say it was caused by the same thing that undoubtedly caused the Akron disaster—the weather."

Matern hoped to have lunch in Paris Sunday (between 7 and 9 a. m. E. S. T.) and a crowd of 300 awaited him at Le Bourget until nightfall.

The first of the fragmentary advices from Ireland told of the motors of a plane being heard over the west coast of County Clare, but the hour of the report, well before dawn there, was so early as to make it doubtful if Matern had achieved such a distance by then.

A second message, which coincided more nearly with estimates of the capabilities of Matern's ship, said a plane with red, white and blue markings—the colors of his craft—passed over Kilgarvan county Kerry, Ireland, at 6:50 a. m. E. S. T.

The direction of this plane, however, was given as southwest, which would be opposite to a Paris-bound course and difficult to explain unless the pilot had become confused by the fog.

The third and perhaps most significant message was one from the S. S. Hastings that at a position off the west end of the English channel an east-bound plane had passed overhead flying high in fog at 8:30 a. m. E. S. T.

It was Matern's ship, he apparently had missed Ireland altogether and was headed for the continent.

#### RECREATION'S VALUE

The tremendous usefulness of public recreation grounds in a time when economic depression gives lots of people more leisure than they know what to do with is graphically shown in figures just issued by the National Recreation Association.

Slightly less than 7500 of the 12,684 directed play areas supported by 1012 cities in the United States were visited by more than 270,000,000 adults and children during 1932. Attendance at outdoor playgrounds was 13,000,000 above the previous year's total.

Even in desperately hard times, public recreation deserves full tax support. Money spent on these facilities is money very well spent indeed. It would be difficult to over-estimate the amount of good that organized, tax-supported play spots have done during the past year.

## The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

Heard over the radio: "Who was your mother before she was married?" "I didn't have a mother before she was married."

There has been a lot of argument already, pro and con, about Midland's return to Class B football. I'm glad the proposition came up. Things have been so orderly around here that we haven't had anything to divide the citizenship over. A healthy town needs something to fuss about. When the citizens reach the stage that everything is Okay the burg might just as well fold up.

Class B football has its advantages and its disadvantages. For instance, an advantage is that the players won't have to look so pretty. In Class A the hogs had to be all slicked up whether they were tough competition or not, because Class A is pretty much of a parade.

In Class B if your team looks pretty and can't play football it really gets the royal razzberries. To go on the field all spic and span and lose to a bunch of half-uniformed country boys makes monkeys out of your squad.

The principal disadvantage of Class B football is that you are going to get a lot of grass burrs in you. The fields you play on may be grassed, but the grass is of the natural variety and not artificial.

Another disadvantage of Class B

from the standpoint of lobby coaches and side line bettors, is that you have to give points. The boys from the smaller towns have a way of coming over and demanding points and then maybe they should have given points themselves.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide: "Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in the management of governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. If further is provided by the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such character shall be validly adopted. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to be the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms of service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Court. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for the jurisdiction or procedure of any County Court or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as here-

before authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under the Charter, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected thereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution, to be levied, assessed and collected for such purposes, and no portion of the county shall be levied for such purposes, unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter, to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner consistent with the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon in case of county obligations, and in a case of a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount, outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there is levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the fees prescribed by the General Laws of the State; and to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for service, provided the standards thereof be not lower than those fixed by the General Laws of the State.

"(6). Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer of yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order

to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions hereunder, which shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character, and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or any other additional purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the limits of the Constitutional limits as control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject to the requirements that there must be a favorable majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pay the interest and principal on any bonds (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1938, at which election all ballots shall have printed thereon the following: "For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people thereon."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people thereon."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

Notable Picture Coming to Yucca

"Rasputin and the Empress," Metro-Goldwyn-Mayer's sensational drama of the fall of the Romanoffs, with John, Eichel and Lionel Barrymore together on the screen for the first time, is the attraction coming to the Yucca theatre, preview Saturday night, Sunday and Monday.

Based on the happenings within the memory of the present generation, the picture's episodes present a replica of the most colorful royal court in the world, thus including the spectacle of a "period" picture while still remaining strictly a modern story.

Eichel Barrymore plays the Empress, John is cast as Prince Chgodieff, and Lionel essays the role of the "Holy Devil" in the sensational pictorialization of the downfall of the Empire and the rise of the Bolshevik regime. In every case, perfect makeup makes the characters exact replicas of the originals.

Director Also Author Richard Boleslavsky, author of "The Way of a Lancer," and former director in the Moscow Art theatre, directed the spectacle, from an original story by Charles MacArthur. Hundreds appear in the great throne room scene, the cathedral episode and other incidentals.

Intense dramatic material is contained in the hypnotizing of the little prince by Rasputin, in his intrigues and orgies and in the vengeance of the nobles after his tampering has sent the empire on its way to ruin. Another spectacular detail is a great review of Russian troops.

The cast in support of the Barrymores includes Ralph Morgan, Diana Wynyard and Tad Alexander.
