- for always Luckies Please!

A man's cigarette? Well-here's why I enjoy Luckies

Somehow, I have always felt that it takes a really fine cigarette to please a man. And since many of the men whose judgment I value smoke Luckies ... I reach for a Lucky, too. True, Ienjoy Luckies' fine tobacco quality and their delicious mildness. But my real reason is perhaps a trifle feminine. Men may not appreciate this as much as a sen-

sitive woman-but I'm particularly grateful to "Toasting" for that comforting assurance of purity. I've talked to many women about this-remember, a cigarette becomes an intimate thing with us, we place it between our lips. And so, perhaps, because I am a woman this is my woman's reason for always saying "Luckies Please!"

Nolan County Asks For Option Election

SWEETWATER.—A petition was being circulated last week in Sweet-water, calling upon the commission-ers court to order a local option election on Aug. 26, the same date Nolan county citizens are to vote on legalization of beer and repeal of the 18th amendment. A County-Wide Vote Counties that had voted dry prior to constitutional prohibition must hold a county-wide election before beer may be manufactured or sold in any of the political subdivisions. Beer and wine may not be manufac-tured and sold in justice precincts or incorporated cities and towns that had voted dry before constitu-tional prohibition until a majority of the voters had specifically ap-proved the proposal, even should the county vote wet in the county-wide election. 35 12 8 3 ABRHE

SEE DIFFICULTY IN LANDING BAER, SHARKEY CHAMPIONSHIP BOUT IN TEXAS

BY WINSTON COPELAND United Press Staff Correspondent Ancient Codes in FORT WORTH, Tex. June 15, (UP).—Despite their elation over the new Texas prize fighting law, even the most ardent promoters here are pessimistic about feasibility of a championship fight in Texas between Jack Sharkey and Max Baer

Those well-versed in the fight game believe such a venture is vir-tually impossible, regardless of the announcement by State Boxing Commissioner, Jack Flynn that efforts would be made to corner the fight.

nation of moneyed interests, might do so. That, however, promises to be a reptitition of the Dempsey-Gibbons fight in Shelby, Mont., they say, which was a financial calamity for that state, or even the Toledo fight when Dempsey won the world crown from big Jess Willard, which caused Toledo to dig deep into his coffers. There is also the question of population. A fight in New York City is in a six or seven hours radius of more than 10,000,000 peo-ple. No site in Texas can command that advantage. Too, there is the matter of how many Texas fans would be willing

that Texas fans as yet fight minded. They readily admit, however, a Sharkey-Baer spectacle would have unusual attractive powers, but they work to avoid down enough to now

Too, there is the matter of how many Texas fans would be willing or able to pay a minimum of at least \$25 or more for the best scats. These seats would have to be sold to make it a paying proposition, they maintain. in on the second Continental Oil company broadcast of the season to be dedicated to the nation's most historical state—Virginia. The numberless bits of history and scenic descriptions included in the program will be combined into one colorful story and presented by Carveth Wells, well known explorer. Wells himself claims that he is al-most a Virginian because his father was a resident of Bermuda. Virgin-ia, Wells adds, is just as famous outside the United States as it is within the states. The Conoco program may be heard by local listeners who tune in on station WFAA, Dallas, Wed-nesday night at 8:30 o'clock.
