

# Three-Day "Sale of a Century" Events Will Open Thursday

The greatest sales events ever staged by Midland merchants, cooperated in by almost the entire membership of merchants here, will begin Thursday morning with the opening of the great Century of Progress sales and be concluded Saturday night.

Merchants and extra clerks have been busily engaged all week in marking down prices and preparing for the greatest influx of shoppers ever to attend such an event here.

Entertainment features have not been neglected, the committee in charge having prepared a program that will be topped off Saturday night by a street dance in front of The Reporter-Telegram building, on West Missouri. The street will be roped off and a good orchestra

provided. With the price of merchandise already ascending and a faster rise expected, shoppers who buy now may be certain of obtaining unusual bargains.

The Saturday program offers many free presents; a free band concert; a free street dance; a horse shoe pitching classic.

At 3 p. m. Saturday many balloons will be let loose from the top of Hotel Scharbauer. Attached to each balloon will be a tag entitling the persons who gets the balloon to a free gift at the store the name of which is borne on the tag.

The balloon ascension will be preceded by a free band concert. Thomas Inman, director, asks all those who

played with the band July 4 to assemble in front of The Reporter-Telegram office Saturday at 2 p. m. The band will make a four-block parade and give a 15-minute concert. The musicians will be held only 20 minutes.

The horse shoe pitching classic is to start at 4 p. m., across the street from the Ritz theatre. The champions, Bill Skelton and W. A. Eason, have challenged anybody in West Texas to meet them on the grounds at Texas avenue and Main street at 4 o'clock for a championship game.

A street dance will be given at 9 p. m. It will last two hours and is free. Thomas Inman will arrange an orchestra to play for this event.

All day, striking bargains in dry goods, groceries,

meats, hardware, furniture, drugs, auto supplies, variety store goods, etc., will be offered. These bargains are offered for three days—Thursday, Friday and Saturday.

These three big days events will be in general charge of James P. Harrison, advertising manager of The Reporter-Telegram, which, along with the chamber of commerce retailers committee, is sponsoring the bargain event. Harrison will have charge of all advertising events, and The Reporter-Telegram is today issuing hundreds of extra copies of the special edition, and is also selling printed stickers, price tags, etc., at cost to all participating merchants. The Midland chamber of commerce has charge of all entertainment events.

## The Weather

WEST TEXAS: Partly cloudy tonight and Wednesday. Cooler in north portion, possibly thunder-showers in Panhandle.

# NEW KIDNAPINGS STIR COUNTRY

## Several Are Charged in 'Loot Division' Killing of Three

### WOMAN TELLS OF PROPOSED CUT IN ROBBERY OF MAIL

#### Handley Farm Turns Upside Down in New Search

FORT WORTH, July 11. (UP)—Federal and local officers today were searching the O. D. Stevens farm near Handley for the bodies of Jack Studivani of Tulsa, J. B. Rutherford of Dallas and Harry Rutherford of Abilene, believed to have been murdered since their bloody clothing was found yesterday in the Trinity river near the Stevens farm.

Officers said the men were killed in a dispute over division of \$70,000 taken in the postal robbery here on February 21.

Murder and mail robbery charges were filed against Stevens, W. D. May, W. T. Howard and M. D. Howard and mail robbery charges were filed against Weldon Rouett and Claude Hill.

The missing men disappeared Saturday after leaving Dallas.

Mrs. J. B. Rutherford told officers the three were the "trigger men" in the postal robbery and were to get \$9,000 each out of it but did not get their share. They went to Fort Worth to see Stevens but had not been seen.

### Hears Story of Girl Bearing Six Babies Recently

A queer tale of an 18-year-old girl of Gorman bearing six normal babies was carried last week in the papers of the Breckenridge area, according to Mrs. H. N. Thomas, who returned from a visit to Breckenridge.

"I don't know anything about the story, except that all the papers of the area carried it, together with the information that Henry Ford had given the family a Ford sedan and that Ma Ferguson had sent word that, if the children all lived for two months, she would give the mother \$100 to a small farm at Gorman," Mrs. Thomas said.

Doctors from throughout the area were examining the children, the newspapers said.

Newspapers last year gave publicity to a maternity case where in seven babies were born, but Midland physicians say that medical history records few instances of such a happening.

Mrs. Thomas drove her mother, Mrs. W. M. Clower to Eastland where Mrs. Clower entrained for Hugo, Okla., her home.

### ARID WEATHER SHORTENS CROP

AUSTIN, July 11. (UP)—Lack of rain in northwestern cattle ranges and in vegetable growing sections of the state seriously handicapped these two industries during June, the federal department of agriculture reported today.

Surplus feed virtually was exhausted in the northwestern area, causing movement of cattle to more favorable areas.

Ranges in South Texas plains and coastal prairies were slightly improved but others had deteriorated. The range condition of the entire state was 74 per cent of normal, compared to 82 per cent a year ago. The condition July 1 was the lowest in eleven years.

### Crick in Back Is Cause of an Alarm

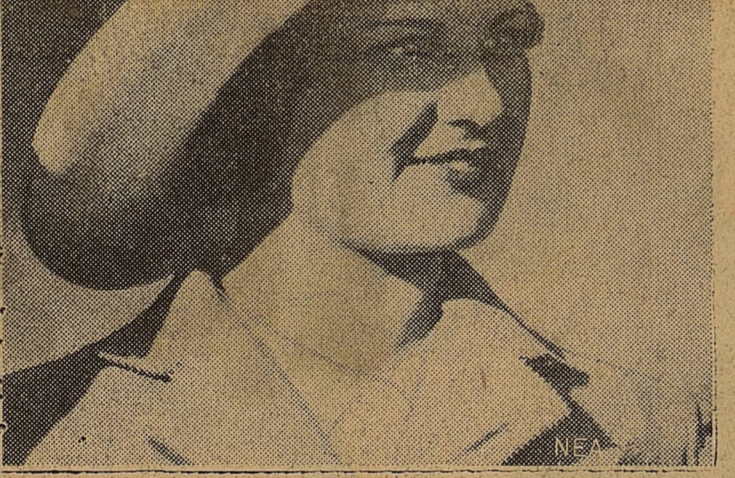

The screaming of a man in front of a hospital Monday night was induced by a crick in his back, it was learned this morning.

The man was in such pain a nurse went out front and administered a hypodermic. The victim felt so much better he didn't enter the hospital, but had his friends drive him to his home.

## Bread Price Advances to Be Met With U. S. Probe

### Queen of the West

Cheyenne, Wyo., July 26-29. She is Miss Maizie Mackay, 20, of Cheyenne, five feet four inches of loveliness.

### BALBO'S PLANE DEFERS FLIGHT

REYKJAVIK, June 11. (UP)—The flight of 24 Italian planes en route to the world's fair at Chicago will not take off until tomorrow as result of delay caused by damage to the steering gear of General Italo Balbo's plane in an unsuccessful attempt to take off today on the 1,500 mile flight to Cartwright, Labrador.

### Boy Scouts Leave For Summer Camp

The summer camp of the Buffalo Trail council, Boy Scouts of America, will meet July 12 to 26 at Barksdale, Texas, on the Nueces river. Headed by Clarence Day, scouts from Midland who will attend the camp include Robert Howe, Malcolm Brenneman, Joe Seymour, Billy Noyes, and Robert Filson. They leave early Wednesday morning.

This group is to stay two weeks, while another group from Midland will join them at the end of this week.

Any registered scout in the Buffalo Trail council who presented his application and physical examination certificate properly filled out to the council office before July 5 is eligible to attend.

### Several from Here To Attend Reunion

Old-timers and former residents of Martin county will hold their annual celebration tonight with a basket picnic on the lawn of the Stanton court house. Tink Houston will be in charge of the affair, which begins at 7:30.

Midlanders who expect to attend are Mr. and Mrs. W. N. Connell and daughters, Misses Lady and Eleanor, Mr. and Mrs. Terry Elkin and family, Mrs. Burton Boone and daughter, Virginia.

### Lumber Industry Hearing July 20

WASHINGTON, July 11. (UP)—July 20 was the date set today for hearings on the proposed code for the lumber industry under the recovery program.

### HOSPITAL CASES

Mrs. J. W. Seale, who is associated with the Vance One-Stop service station, is suffering from a ruptured appendix at a Midland hospital. Operation is pending.

Mrs. Edith Wilson, who underwent an appendicitis operation at a Midland hospital Sunday, is improving.

## FDR CREATES A 'SUPER CABINET' TO MEET WEEKLY

WASHINGTON, July 11. (UP)—President Roosevelt today created a "super cabinet" composed of himself, members of the regular cabinet and heads of the various emergency organizations dealing with the depression.

The body will meet weekly during the summer and perhaps longer for the purpose of coordinating various relief and recovery agencies.

## Negress' Carving Sends Her to Jail, Another to Clinic

The tangled affairs of one Louis Brown, negress, have once more brought her into the legal atmosphere of the sheriff's office—this time in the wake of his wife of a week, Johnny Brown.

He came in the role of administrator this time, however, dabbling now and then with a well used hammer and chisel at the slashed right wrist of his dusky mate. This time, he is not guilty—as he frequently assured the sheriff and his deputies, the law breaking being done solely by Johnny.

Louis, who was in court not so many months ago to face charges by Morry Cloud of participating too generously in the murder of Morry's wife, is once more the main angle of a dark triangle. His wife Johnny is charged with doing unlicensed carving—upon the person of one Laura Simmons. So well did Johnny use her "East Texas Special" knife that the sheriff's department investigated her background, under assumption she had had practice before. To light came the fact that Johnny shredded a "buck" at McKinney and served "time" in the reformatory.

As Johnny tells the story, her life with Louis had been happy in the short time they had been married. But "Shorty," meaning Laura Simmons, kept interfering, trying to wear Louis down.

"I told her she was not gonna get by with it," the negress told the sheriff. "I talk to her like a lady but she laugh at me and say she do what she please. I say it's all right before I married her, but she act like a cuttin' and I can't get away—so I stob her some."

"Scoops" Ligon took the knife from the negress.

"The reason she whittled the McKinney buck was because he threatened to kill her and her brother. She devoted a moment to her law-abiding ideals and ventured the assertion the devils pursue her and cause her trouble. She is a slight negress not more than 17 or 18."

In the meantime, while his wife is in jail and the "other woman" is in the hospital with slashes on her head and the body, the clouded mental processes of Louis make him wonder at her exceptional proclivity for getting into trouble brought on by women.

## B'Spring Bread Prices Advanced

BIG SPRING.—Following an advance of one cent per loaf posted by bakers, at least a majority of retailers of breads advanced prices two cents per loaf here Monday.

Prices being charged here were: White bread, 9 cents. Sliced bread, 10 cents. Whole wheat, 10 cents. Rye, 10 cents. Lunch loaf, 10 cents. Dinner rolls, 7 cents per package.

## Rabbits Given Cat by a Dog

LA PORTE CITY, Iowa. (UP)—Fluffy, a Persian cat belonging to Dorothy Langford, a small girl here, is mothering two tiny cottontail rabbits in addition to two of her own progeny.

And the strange thing about the addition to her family is that the cottontails were donated by Buddy, Dorothy's 10-year-old Spitz dog.

He returned from one of his hunting trips carrying the baby rabbits, and dumped them unceremoniously in the basket with Fluffy and her two kittens.

The rabbits are thriving on a diet of salmon peas and eggs. Although they are allowed freedom to the yard they are refused nibble grass and clover, as Dorothy claims to do all her bunnies are supposed to do.

## Co-ed Beauty Hollywood-Bound

A wealth of lustrous wavy hair helped Miss Lucile Wund, Northwestern university co-ed of Evanston, Ill., win the title of the "most beautiful college girl" in a national contest conducted by a college magazine. Here's the winner, her face turned toward Hollywood and a movie test.

## KIN OF GREAT POLITICAL MAN IS BEING HELD

Another Gang Takes Sick Packer and Beats Woman

ALBANY, July 11. (UP)—John H. O'Connell, Jr., nephew of Edward J. O'Connell, powerful political boss, was being held today by kidnapers for ransom of \$250,000.

Federal, state and local police were seeking the abductor, as family members expressed fear that the 24-year-old youth would be slain.

Relatives today received a letter saying that eleven intermediaries suggested by Daniel O'Connell were not acceptable to the kidnapers, and suggested that he present another list. The youth was kidnaped Thursday but it was kept secret until today.

## WEALTHY PACKER IS KIDNAPED; WIFE BEATEN

ALBANY, Ill., July 11. (UP)—August Luer, 77, wealthy meat packer and banker, was dragged from his home last night by kidnapers who beat Mrs. Luer when she tried to stop them.

Carl Luer, son, appealed to the kidnapers through the press to release his father who is very sick of angina pectoris and may not survive the ordeal.

## Indians Made Governor Chief

TOPEKA, Kan. (UP)—It's Heapy Big Chief Landon now, as well as Gov. Alf M. Landon and Big Chief Kile Mass at that. The Potawatomi Indians will have you understand.

The governor went down to Hiawatha to take part in an Indian ceremony in connection with the dedication of Lake Hiawatha. His cheeks were painted and he was presented with wampum and an Indian feather.

## MATCHED RACE JULY 22 SEEN

Plans for a matched race for half a mile between L. E. Cook's horse, Billy B, and Leonard Huff's bay mare, Boots, were being worked out today. The event is planned for July 22 at Cowboy park.

Billy B easily won the half mile race here July 4 and Boots ran second in the three-eighths and third in the quarter. Date of the race was dependent upon condition of the horses, both of which were said to have contracted coughs during the training period for the recent meet here.

Starter and judges had not been selected but the owners had agreed to start the horses from a stand still and no stipulation as to weight was made. Curtis Cook, who rides Billy B in all of his races, will be up on the Cook gelding. Huff had not secured a jockey.

## RAY AND SACRE CONTINUE GRAVE

Condition of Virgil C. Ray, Midland cattle commission man, and J. A. Sacre, El Paso cattlemen, remains serious, according to a surgeon's report from a Midland hospital.

Ray's condition is made more grave because of poor heart action and an alarming ebb of vitality.

The men, with Ed Ardon, another El Paso cattlemen, were thrown from Ray's machine Sunday afternoon north of Odessa. A tire blew out as Ray was driving, reports say, about 60 miles an hour. Ray and Sacre sustained chest and pelvic bone injuries when the car overturned as Ray braked it sharply in an attempt to prevent its going into a ditch. Ray also received head cuts and a closed right eye. Both he and Sacre have severe internal injuries.

Ardon escaped without appreciable injury. Reports said the men were thrown about 20 feet apart.

A later bulletin from the hospital said Ray had made a slight improvement, but that Sacre's condition remained grave.

## Eastern Burglars Have Many Tricks

VANCOUVER, B. C. (UP)—American burglars can learn a few tricks from fellow "craftsmen" of the Dutch East Indies, according to G. H. Heasman, Canadian trade commissioner there, who returned recently.

The native thief after stripping himself, rubs his body with oil so that he can evade any effort to hold him should he be trapped.

But the Chinese robber goes one better, Heasman said. He carries a long bamboo pole, which is inserted in the room where a person is sleeping. Through the pole he blows a sleeping powder which acts as a soporific until the room is ransacked.

## Long Lost Sisters Were Living Nearby

BUCYRUS, O. (UP)—For six years Herbert Rupe of Bucyrus has been living within 18 miles of the sisters for whom he has been searching for 20 years.

A chance remark of an acquaintance led Rupe to Marion, O., near here, where he found his sisters, Mrs. Emory Davis and Miss Beatrice Davis, whom he had not seen since the old home in Gallipolis, O., had been broken up 20 years ago after the death of the mother.

Rupe and his sisters are now attempting to locate another brother, Everett Rupe, who separated from his family at the time all left Gallipolis.

## MAYOR RETURNS

Mayor Lester Goodman has returned from a three weeks business trip to Kansas, where he went in connection with the pasturing of his cattle on Kansas ranges.

## KIN OF GREAT POLITICAL MAN IS BEING HELD

Another Gang Takes Sick Packer and Beats Woman

ALBANY, July 11. (UP)—John H. O'Connell, Jr., nephew of Edward J. O'Connell, powerful political boss, was being held today by kidnapers for ransom of \$250,000.

Federal, state and local police were seeking the abductor, as family members expressed fear that the 24-year-old youth would be slain.

Relatives today received a letter saying that eleven intermediaries suggested by Daniel O'Connell were not acceptable to the kidnapers, and suggested that he present another list. The youth was kidnaped Thursday but it was kept secret until today.

## WEALTHY PACKER IS KIDNAPED; WIFE BEATEN

ALBANY, Ill., July 11. (UP)—August Luer, 77, wealthy meat packer and banker, was dragged from his home last night by kidnapers who beat Mrs. Luer when she tried to stop them.

Carl Luer, son, appealed to the kidnapers through the press to release his father who is very sick of angina pectoris and may not survive the ordeal.

## Indians Made Governor Chief

TOPEKA, Kan. (UP)—It's Heapy Big Chief Landon now, as well as Gov. Alf M. Landon and Big Chief Kile Mass at that. The Potawatomi Indians will have you understand.

The governor went down to Hiawatha to take part in an Indian ceremony in connection with the dedication of Lake Hiawatha. His cheeks were painted and he was presented with wampum and an Indian feather.

"Round and 'round he went in a tribal dance with the Indians. Not to be outdone in joviality and good will by their guest, the Indians promptly conferred on Landon the title which they interpreted to mean "Ruling Chief."

## CARRIER STUCK TO HORSE

ERIE, Pa. (UP)—Retirement of Edward J. Whiteman after 31 years of service as a rural mail carrier here brought Erie's rural delivery service completely under sway of the mechanical era. Whiteman was the only carrier in the district who continued to use a horse in making his daily rounds.

THE PRESIDENT'S VACATION

Seldom have the old and the new types of sea travel been more sharply contrasted than was the case during President Roosevelt's recent vacation trip to Campobello Island.

The northward trip was made by sailboat. George Washington himself, if he had been so minded, could have made that trip in almost exactly the same way. His schooner wouldn't have been stocked with canned goods and it wouldn't have been trailed by destroyers, but in essentials it would have been the same sort of boat, handled in exactly the same way.

But the homeward trip, made via the cruiser Indianapolis, was the last word in modern sea travel. No ship afloat is kept as religiously up to date as a warship, and the Indianapolis is the newest of the new. Had the president come back on the new airship Macon itself, his homeward trip would hardly have differed from that leisurely cruise on the Amberjack II.

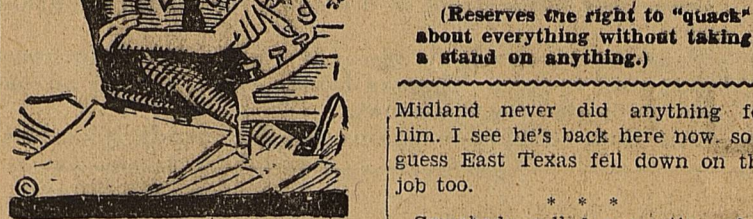

The attention of the globe trotter, ever on the alert for the unusual place to visit, is invited to the Friendly Islands in the South Pacific. The group not only has no public debt but also has a reserve of 150,000 pounds.

Side Glances . . . . . by Clark

"I'll be glad when the dude season is over and I can take off this outfit."

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.) Midland never did anything for him. I see he's back here now, so I guess East Texas fell down on the job too.

Somebody called a meeting of a bunch of cattlemen and sportsmen last night for the purpose of discussing a proposed rodeo and race meet for Labor day, the kind "we used to have." A check up this morning revealed the fact that four men went to the place where the meeting was called. The door was locked. One of the men was a cattleman and capitalist, one was a sportsman but not a capitalist at present he said, one was a banker and one was a press agent. The meeting adjourned.

However, that may not mean that Midland will not have a rodeo and race meet around Labor day. These big jobs do not always start by calling a meeting of fifteen or twenty men anyway.

Audie Francis doesn't need a bloodhound. This morning a negro woman, evidently having been in a fight, was walking fast toward a hospital, leaving blood on the sidewalk every time she took a step. Sheriff Francis followed a short distance behind, apparently having little difficulty in tracking her.

Many a man who thinks he knows something about electricity can do no more than blow a fuse. It's a proud day in any family when the pet rooster crows for the first time. However, today was the first time I ever heard of putting a rooster under a tub so his crow would sound more masculine.

A Cleveland ball player was sued for \$50,000 by a girl who claimed he socked her in the eye in an argument following the discovery of a run in his stocking. One run, one hit, one error.

home fires burning. The fact that romance between men and women must suffer some sort of jolt under such an arrangement is said to be only one of the many humorous situations.

Elissa Landi, whose recent performances on the screen have established her as one of the most attractive players in films has the leading role, played in the stage production by Katharine Hepburn. Marjorie Rameau is seen in the important characterization of the lea-der of the Amazons, Ernest Truex, star of the legitimate stage, has his second screen role in this picture, his first vehicle being the successful "Whistling in the Dark."

The supporting cast includes Dav-vid Manners, Helen Ware, Miss Eburne, Claude Coleman, Ferdin- and Gottschalk, John Sheehan, Lionel Belmore, and Helene Madison, Olympic Swimming champion, seen as Sergeant of the Guard. The largest array of women representing every conceivable type of feminine beauty and physique, has been assembled for this production.

'Warrior's Husband,' Noted Stage Play, Opening at Yucca

"The Warrior's Husband," comes to the Yucca Theatre Thursday for an engagement of two days. Advance reports establish this film as the most novel and most hilarious comedy of the screen season. The story of the picture is set in that mythical period of world history when countries were ruled by Amazons, when women did the providing and the fighting and the men devoted themselves to the less stren- uous elements of life. Reversing the accepted order of things, "The War-rior's Husband" takes full advantage of the comic character of the situa- tion. Women are seen as political, military and intellectual leaders. Men are the ones whose principal place is in the home and whose chief duty it is to keep the traditional

Miriam Hopkins As 'Temple Drake' Showing at Ritz

Miriam Hopkins brings to the screen her fifth great successive characterization in the outstanding performance of her career as the complex heroine of "The Story of Temple Drake." The picture opens today, running through Thursday at the Ritz theatre, featuring Jack La-Rue, William Gargan, William Collier, Jr., Irving Pichel, and Sir Guy Standing. Adapted by Paramount from the sensational novel by William Faulkner, it was directed by Stephen Roberts.

The story is that of the curious make-up of Temple Drake, last of the line of an aristocratic family. Her personality is a weird composite of conventional traits and reckless abandon. Rather than ruin the life of the young attorney she loves played by William Gargan, she refuses to marry him, runs off on a lark with a member of the younger set, and a wild ride through the night is climaxed by an automobile smashup. She and her escort take refuge from the rain in a moonshiner's hangout. The men fight for the possession of Temple Drake, but Trigger enforces his own desires at the point of a gun, kills a feeble-minded boy who attempts to protect her, and flees with the girl to a house in the city. She stays with him, ashamed to return home to her family and to the town that has always looked up to her.

An innocent man is accused of the murder of the boy. Temple Drake's lover is assigned to defend him and, seeking witnesses, he discovers the girl and Trigger in their hide-out. In a thrilling climax, Miss Hopkins enacts the pathetic atonement of this tempestuous character in the screen's outstanding performance of this year.

Thief Destroys A Navy Uniform

PUEBLO, Colo. (UP)—Because he could not wear any of the clothing contained in a stolen suit case, Ramon Baros, 28, of Vineland, burned the suit case and contents after he had stolen it from a parked automobile. He was fined \$50 in police court.

The suit case was stolen from a car belonging to R. D. Edwards of Norfolk, Va., who was visiting here. The clothing destroyed by the man included a navy officer's uniform.

Oolong tea gets its name from oolong, or black leaves, mixed with those of greenish yellow.

'Miss 1933' to Be Conservative Miss

AUSTIN, (UP)—Miss Ruby Terrill, another adviser of 3,000 or more co-eds who attend the University of Texas annually, believes the "flapper" has given way to the modern young women of conservative standards.

Dean Terrill admits the depression may have improved the character of collegiate Miss 1933. Whatever the cause, she cites the following facts as proof conservative thinking has replaced hippancy in the minds of present day co-eds:

- 1. There are fewer cases of thievery in dormitories and boarding houses.
2. There are fewer complaints from Austin merchants of long over-due credit accounts.
3. A spirit of cooperation among women students has visibly increased.
4. There have been fewer failures in scholarship.
5. Girls have learned to take their responsibilities more seriously. New worthwhile organizations have appeared on the campus, inactive clubs have been revived, honorary societies rejuvenated, a lot of "dead wood" from university classes and clubs has been eliminated.
6. Instead of advice in broken love affairs, Dean Terrill now is asked for advice in problems of finance, scholarships, budgets, living expenses.

Writer Presents First Book Poems

DALLAS, (UP)—Big Slim Gunter had the "Low Down Blues," Big Slim "Played at de dance hall t' git 'is meals. Out at de elbows, down at de heels, Holla-eyed nigger in a derby hat, Singin' don't matter wha' he at."

Big Slim is one of many colorful characters in a book of verse, "Walk, God's Chillun," in negro dialect by Mrs. Lucille D. Goodlett, of Egypt, Wharton county, Texas.

The book, published by the Kaleidograph press, contains several memorable poems. It is published in four divisions, of which the third deals with negro superstitions in a highly effective manner. The central character is "Ole Ma'am Pattie," possessor of a "Conjuh Bag," and "one oman yo' cain't trus' " as "huh conjuh an' huh kill!"

Original characters for many of the poems still live in the author's home community. "Low Down Blues" is Mrs. Goodlett's first book of poems.

Woodmen Attend Chicago World Fair

OMAHA, (UP)—A large delegation of Texans, representing all sections of the state and headed by R. E. Miller of Dallas, state manager, will attend the sovereign camp of the Woodmen of the World which opens in Chicago July 11, it was announced here today by D. E. Bradshaw, president. The meeting is attended by representatives and the governing body of the Woodmen.

United States Senator Morris Sheppard, treasurer and director, will respond to the address of welcome to be delivered by Mayor E. J. Kelly.

Dr. C. J. Koerth of San Antonio, medical director of the Woodmen of the World memorial hospital at San Antonio, will also speak. Others in the delegation will include: E. Z. Crowder, Dallas; W. A. Tidwell, Ector; John J. Wahl, San Antonio; T. E. Newton, Dallas; R. G. Quisenberry, Dallas; S. L. Tally, Sherman; E. M. Chote, Austin; S. C. Findley, Parks; H. B. Port-

Democratic Deficit Campaign to End

AUSTIN, (UP)—The democratic national deficit campaign will be finally concluded July 15. It was stated here today by Frank Scofield, director of finance for the democratic national organization in Texas, after a conference with Roy Miller, director of the organization.

Texas was assigned ten per cent of the deficit piled up by the democratic national committee during the campaign last fall. This sum, which amounted to \$75,000 for Texas, was apportioned among the 234 counties of the state on the basis of 10 cents for each democratic vote cast in the county.

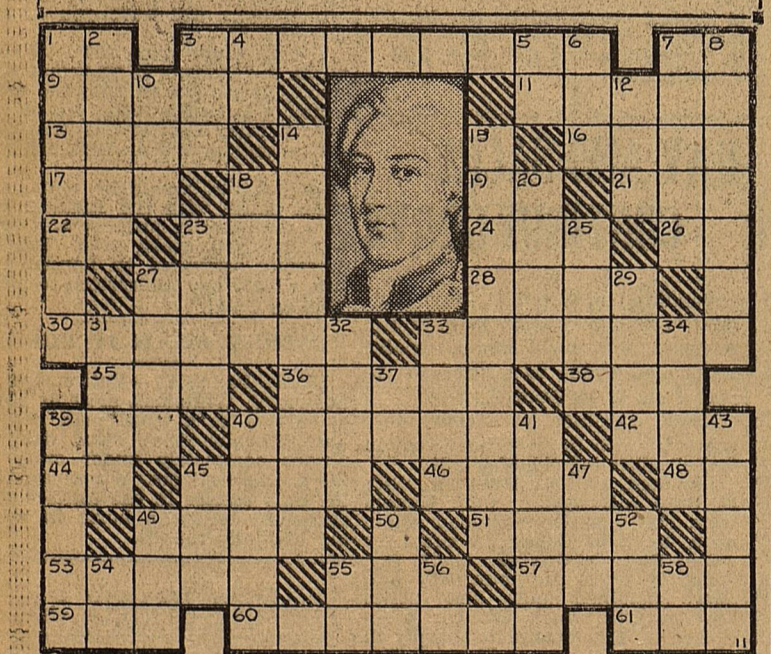

There are 2,750,000 motorcycles in the world, according to estimates; 85 per cent of them are in Europe.

TURN YOUR CAR UPSIDE-DOWN EVERY NIGHT UNLESS YOU . . .

USE CONOCO GERM PROCESSED MOTOR OIL

All other oils drain away from bearings and cylinder walls during the night, leaving them dry when you step on the starter each morning. Fifty per cent of all motor wear occurs in the five minutes or more it takes to circulate oil to these moving parts. With Conoco Germ Processed Motor Oil, the "Hidden Quart" remains up in your motor and never drains away. Because of this penetrativeness, found only in this oil, your motor is protected . . . fully . . . at all times. In other desirable qualities, Conoco Germ Processed Motor Oil reaches the highest standards . . . It is a motor oil superior to all . . . plus this exclusive, patented process that gives extra oiliness . . . extra stability and thorough lubrication. Certainly the little cost of one-fifth of a cent per mile total for this oil brings big results in smooth operation and motor protection. Experienced motorists by the millions use no other.

Advertisement for 'CONOCO GERM PROCESSED MOTOR OIL'. Includes text: 'CONOCO GERM PROCESSED MOTOR OIL (PARAFFIN BASE) 20¢ a quart MOTORINE—a good oil of high quality for its price. Made by Conoco but not Germ Processed. 30¢ a quart THESE PRICES INCLUDE ALL TAXES DEMAND OIL—for use when your motor wastes more oil than it uses, or to fit an economic emergency. 15¢ a quart'.

# SALE OF A CENTURY

## 3 BIG DAYS--JULY 13, 14, 15

AND CONTINUING THROUGH THE FOLLOWING WEEK

### LADIES' READY-TO-WEAR

Our frank advice is to buy liberally of these items now. We cannot, nor can others, maintain our present price levels; and surely, we cannot duplicate these sale prices after the big Sale of a Century. However, we shall maintain our particular price groups with our present quality groups taking a step upward in the price ranges. There'll be many moons before you can get as good merchandise for the prices we are quoting for this sale—you may never!

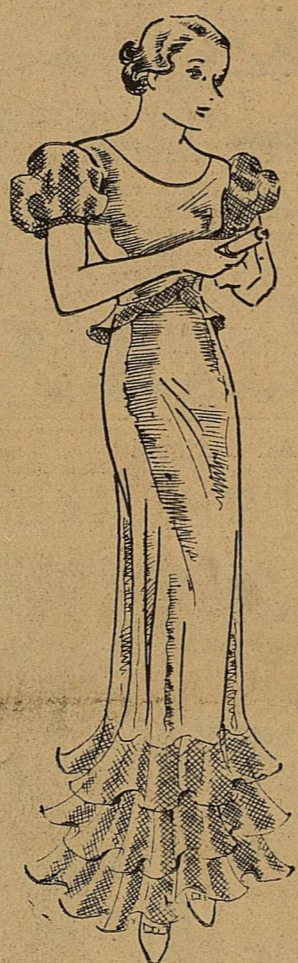

#### FUR TRIMMED SUITS

We have ten gray and tan fur trimmed suits in sizes up to 20 that have been selling for \$9.85; we have reduced them for this big sale to—

**\$6.75**

We are combining our annual July Clearance Sale with Midland's big city-wide Sale of a Century, and are offering merchandise at prices that you may never see again. Items all over the house are being sold at less than it would cost us to replace them. The wise buyer will take advantage of this situation by making his purchases N-O-W, because the trend is upward. You know our merchandise, you know our prices, you know our reputation—and we especially invite you to our store during the Sale of a Century.

#### EVENING DRESSES

\$9.85 organdy dresses specially priced at

**\$5.85**

\$6.75 organdy dresses specially priced at

### Tom Thumb Ships Are on Display

NEW YORK. (UP).—Shipping is booming—in Lilliputian sizes, at least. Young America will launch more than a million tiny craft this summer on ponds, brooks, bathtubs and those canvas swimming pools that bring the seashore into the backyard, according to the sales reports from the advance showing of Tom Thumb naves at the Toy Association.

A sensation of the show was a tiny electric motor boat that ran for nearly five minutes under its own power and actually steered itself. By locking its rudder in certain combinations, the boat ran out

in a straight line, then turned about and came back. Designs in outboard motors adaptable to bathtubs or ponds were shown in low price ranges. Tom Thumb sail boats were more seaworthy than ever. A manual of sailing terms accompanies many of the mosquito craft, so that the youngsters will be able to discourse in technical language.

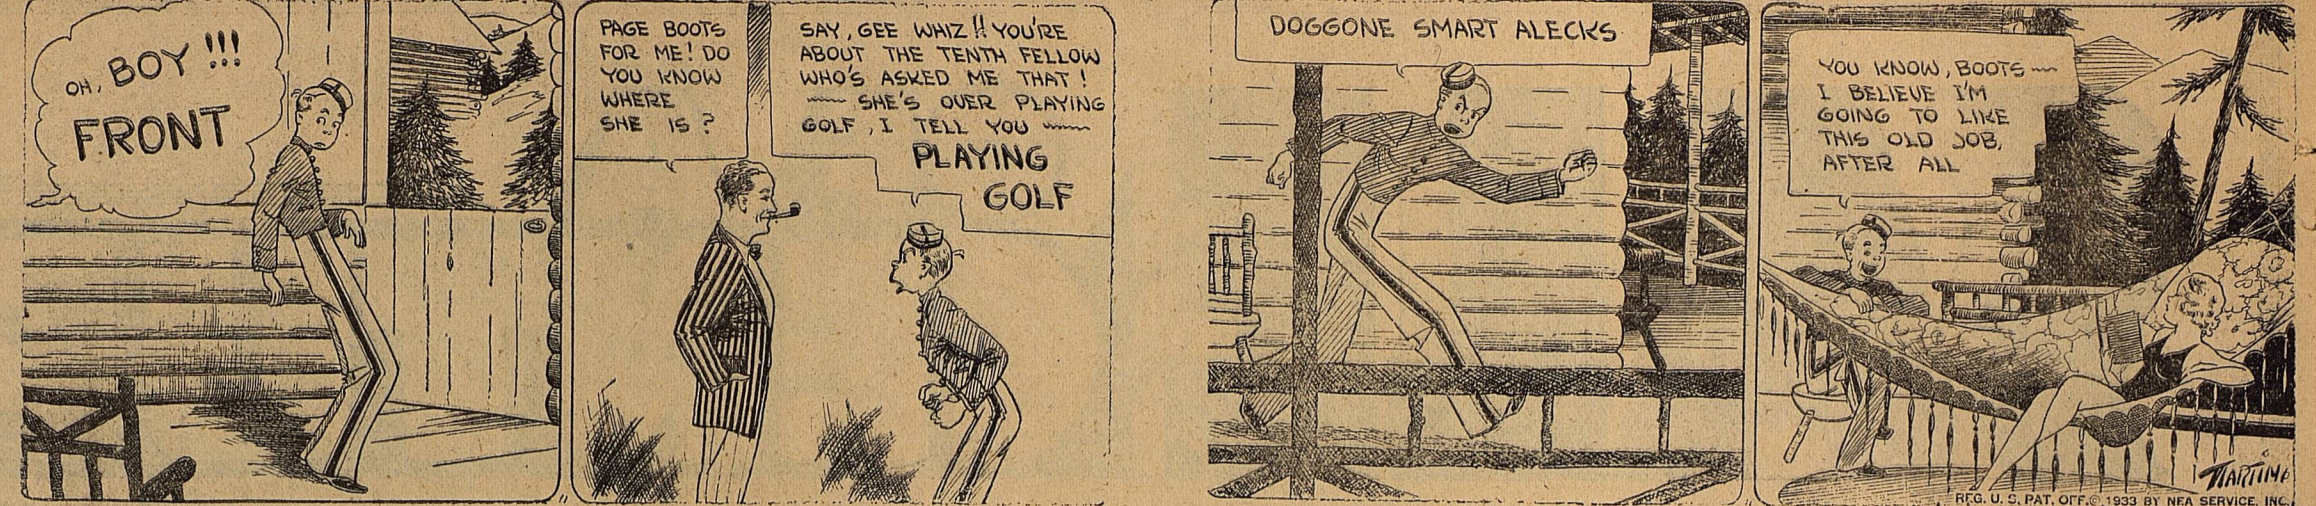

A submarine that can function along the bottom of the tub or pond, and a ferry boat that functions efficiently for transporting dolls, were features.

An Italian seaplane, flashing around a course at Lake Garda, has set a new world speed mark of 423.7 miles an hour. One of the laps was clocked at 430 miles an hour.

## Picnic Hunt Monday Honors Evangels Class

A novel outing Monday evening entertained members of the Evangels class of the Baptist Sunday school.

Meeting at the home of Mrs. R. E. Witty, members were divided into groups and given puzzle rhymes for the picnic hunt. Food for the picnic was found by solving these rhymes.

At Cloverdale, where the picnic lunch was served, Sunshine Pal gifts were distributed for the month of June and names drawn for the next four weeks.

The hostess committee for the hunt included Mmes. W. N. Cole, I. E. Neely and C. G. Stanley.

Forty-two members were in attendance.

## FOUR-LEGGED CHICKEN

LA CROSSE, Kan. (UP)—A chicken hatched in the Schwab hatchery here has four legs, but to date has found use for only two of them.

## 10 PEOPLE OUT OF EVERY 100 HAVE STOMACH ULCER

Acidity, indigestion, heartburn, sour stomach often lead to ulcers. Don't ruin your stomach. Counteract these conditions with Dr. Emil's Adia Tablets. City Drug Store & Petroleum Pharmacy. (Adv.)

## New 50¢ Size LYDIA E. PINKHAM'S TABLETS FOR WOMEN

They relieve and prevent periodic pain and associated disorders. No narcotics. Not just a pain killer but a modern medicine which acts upon the CAUSE of your trouble. Persistent use brings permanent relief. Sold by all druggists.

## Announcements

**Thursday**  
Mrs. R. E. Kinsey will be hostess Thursday afternoon at 2:30 to the members of the Bien Amigos club.

Members of the Friendly Builders class of the First Methodist church Sunday school will be entertained Thursday evening with a picnic. All are asked to meet at the church at 7:00.

**Friday**  
Meeting of the Belmont Bible class Friday afternoon at 4 o'clock at the home of Mrs. Herbert King.

## Midland Delegates Return This Week

Delegates to the Methodist Young People's assembly at Kerrville are expected to return to Midland late Wednesday or Thursday.

A full program of entertainment has been provided for them, according to letters received by friends here. Classes have been most instructive.

Delegates from Midland were Misses Harriett Ticknor, Lela Mae Miles, Mary Frances Minter and Annie Johnson and the Rev. Kenneth C. Minter.

## TODAY'S RECIPE

**Ginger Pear Salad**

12 halves of canned pears  
1 pkg. cream cheese  
3 tbsps. cream  
1/4 tsp. paprika  
1/2 tsp. salt  
6 ginger snaps, crumbled mayonnaise

Drain pears. Blend cheese with the cream, paprika and salt. Fold in the ginger snaps. Fill pear cavities with cheese mixture. Serve on lettuce with mayonnaise slightly thinned in pear juice.

To keep parsley, wash and shake free of water, then drop in fruit jar, close top and place in refrigerator.

Italy used safety pins 3000 years ago.

## New Study Course Begun Monday by Methodist Society

A new study course, "Christ and the Coming Kingdom," was started Monday afternoon at a meeting of the Methodist auxiliary at the home of Mrs. Kenneth C. Minter. The first and second lessons were taught by Mmes. Minter and L. B. Hankins.

Mrs. M. V. Coman opened the meeting with a prayer, followed a discussion of the devotional. Each member read a verse.

Cake and punch were served to Mmes. W. A. Black, M. J. Johnson, Coman, M. J. Allen, J. H. Rhodes, A. J. Norwood, Jess M. Prothro, Hankins, Cam Fannin, Luther Tidwell, E. J. Voliva, Terry Elkin, Ollis Ligon and the hostess.

## Happy Birthday

**TODAY**  
Fred Wemple

**TOMORROW**  
Mrs. F. H. Day  
Jeanie Schow

## Personals

Mmes. W. F. Carroll and Otis Fain and children and Miss Stella Woolly left this morning for a visit in Lubbock, Canyon and Amarillo.

Henry Howlett, employe of the Gulf pipe line company, is spending this month on a vacation in California.

Mr. and Mrs. Bill Blair have as their guests Blair's parents, Mr. and Mrs. Tom Blair, Blair's brother, Jack Blair and Mrs. Blair, and his sister, Miss Ethel Blair, all of Pampa. The father is district manager of the Griffith Amusement company and the brother is associated with the Lanora theatre. The party has been on vacation at El Paso, Ruidoso and Cloudford.

Willow Harmon of Refugio is in Midland visiting his sister, Mrs. G. B. Brock. Mr. and Mrs. Brock will

## leave Wednesday evening with Mr. Harmon for a visit with his parents, Mr. and Mrs. R. F. Harmon at Mullinville, Kansas.

Miss Marceline Wyatt has returned from a three weeks visit with her aunt, Mrs. Otis McClain in Plainview. She also visited another aunt, Mrs. Haynes, at Munday, and fished at Lake Kemp, near Seymour.

E. E. Strum of Monahans is in Midland on a business trip.

Chas. Gibbs and son of San Angelo are business visitors in Midland.

Mrs. Marvin Henderson and daughter, Mildred, and Mrs. Will Martin of Odessa visited here late Monday.

Misses Lady and Eleanor Connell will go to Abilene tonight after attending the Old Settlers Reunion at Stanton. At Abilene, they will visit Mrs. C. C. Cowden.

Mrs. Jack Kuykendall of Lubbock is visiting at the home of Mrs. Raynee Curroll.

Miss Marguerite Hester, Midland county librarian, has as her guest Miss Mabel Smith of the state library at Austin.

Mr. and Mrs. Lee Haynes returned Monday afternoon from Lubbock, where they had watched at the bedside of L. G. Haynes, the Midland man's brother. L. G. Haynes, Lubbock grocer, continues to be seriously ill of pneumonia, his condition made more grave because of his lungs having been weakened by gas during the World war. Physicians at the Lubbock hospital say, however, he has a chance for recovery.

Mrs. O. H. Lamar and daughter, Eugenia, will return today from Mineral Wells and Weatherford, where they have visited relatives for several weeks.

Dr. K. F. Campbell returned from Monday from Stamford where he attended the Cowboy reunion, and other points.

Mrs. Earl Teeter of West Virginia was in Midland Sunday visiting her brother, Neil Stator. Mrs. Teeter was the former Kat, Stator of Midland.

Mrs. Leslie Stevens is a Fluvanna this week visiting her mother.

## O! Man River Now Offers New Thrills

NEW ORLEANS. (UP)—Life on the rivers of the South, made famous by Mark Twain and a long series of authors, who put into literature the glamor of steamboating, has nothing on a motorboat trip on O! Man River, according to two Ardmore, Okla., high school boys, who recently made a trip down the Red and Mississippi rivers to New Orleans.

Arriving here, the pair, Charles N. Harmon Jr., and Charles L. Ferrer Jr., termed their trip a "great adventure."

Among the high spots was their hitting a ferry boat, with Ferrer going overboard. On another occasion, their small craft was caught in one of the large, treacherous whirlpools of the Mississippi, and almost drawn beneath the surface. Another time they captured an alligator, and once stopped to rescue some cattle from quicksand.

The trip took them 25 days. The boys said they met "some of the most unusual people—guys who hadn't shaved for three years, fishermen who told us all kinds of wild tales, and pessimistic folks who predicted we'd never reach New Orleans alive."

## Girl Pedalers Kept Men from Working

TOPEKA, Kan. (UP)—The unemployed here seem destined to stay unemployed!

Recently a group of the city's jobless were put to work on street projects. A bevy of girl bicycle riders wearing short skirts rode past the workers almost continuously, until the construction boss was forced to demand that the girls do their pedaling elsewhere.

## Man Kills Twelve Coyotes for Record

FLUVANNA, Tex. (UP)—While W. B. Hood and his son, Odes, were hunting a stray yearling on the R. M. Miller ranch near here, they located a coyote den in which a mother and 12 pups were found.

"It was the record haul of my many years of experience hunting coyotes," Hood said. "We killed the entire lot."

Charles Ludwidge Dodgson used the pen name of Lewis Carroll in his writings.

## Personals

Mr. and Mrs. Henry Pegues were here Monday afternoon from Odessa.

Mrs. H. S. Hinton and daughter, Norma, of Odessa, visited here Monday.

Miss Ruth Bryant will leave tonight for her home at Longview, after a visit with her sister, Mrs. Ernestine Bryant.

Australia began as a convict colony; England settled it as a place to send her criminals.

Gasoline cost U. S. motorists \$2.382,000,000 in 1932. Of this amount \$595,000,000 represented taxes.

Experiments designed to produce a cheap motor fuel from wood are being carried on in Czechoslovakia.

# 3 sets of people are interested in telephone service

THREE SETS OF PEOPLE are interested in telephone service.

There is the public. It uses and pays for the service.

There are the employees. They operate the plant and deliver the service.

There are the million owners. Their savings provide the telephone plant.

Three sets of people interested . . . but that interest is identical. Deny a fair deal to one, and all three suffer.

Take from the owners their sense of safety and the wages for their savings. Quickly the source dries up from which must come the money to build telephone plant sure to be needed as conditions improve. What kind of service could a starved telephone company render?

Three interests, but they merge into one. That's what we mean when we talk about Bell System policy . . . the best possible service at the lowest possible cost consistent with financial safety.

Take from the workers their reasonable wage and their enthusiasm in the job. What becomes of loyalty and morale which lie at the very foundation of good telephone service?

If you have any questions, the telephone manager will be glad to answer them.

SOUTHWESTERN BELL TELEPHONE COMPANY

Reach for a Lucky

—for always Luckies Please!

With me . . . my cigarette is a personal, intimate thing

I suppose, men would call my reason for liking Luckies just a feminine whim. Maybe it is, but it's a whim that I love to indulge . . . for I am always conscious of the intimate relationship between my cigarette and my lips. And if there's anything I'm sensitive about, it's that feeling of feminine daintiness. Certainly, Luckies Please! I can well understand why men praise Luckies' fine tobacco character and mellow-mildness—but as for me—I value particularly the assurance of purity which "Toasting" brings—for, with me . . . my cigarette is a personal, intimate thing.

because "It's toasted"

# SOUTHERN ICE GOES INTO NOCTURNE LEADERSHIP DEADLOCK

## Marking Shakeup of Indians, Joe Pyron Made Manager

### Hides Are Used for The New Auto Tops

BATES CITY, Mo. (UP).—Walter P. Miller, of this city, owns a model T Ford. Recently he needed a new top, but lacked the finances. He possessed several hides on his farm, and inasmuch as the hide market was low, decided to use them for the top.

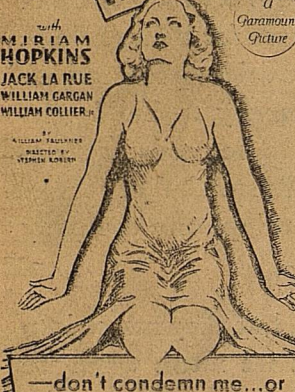

A black calf hide was placed on the front, a tan cow hide on the rear, with sheepskin and pigskin being used liberally. The machine has been dubbed, "Robinson Crusoe's car."

The hides are waterproof. Miller admits, however, that warm weather produces a distinctive odor, but he manages to drive fast enough to dispel any such odors.

### HOKUS-POKUS HITS CELLAR BOTTOM WITH SPLASH

By JESS RODGERS  
The story in a nut shell:  
Papooses: 204 022 1-11  
Hokus-Pokus: 010 120 1-5  
Southern Ice: 205 500 x-12  
Magnolia: 300 000 0-3

Southern Ice went into a tie with Blackman's Filling station last night in the Nocturne by gathering 12 hits off Roy Long and Johnnie Sherrod, shoving Magnolia down to a tie with the Papooses for second place.

The Paps rang up their first win at the expense of Hokus-Pokus, runners up for the first half honors, and skidded the Hokus team to the basement, where it languishes with two straight defeats and no wins. Figured earlier as the club the league would have to beat this year, it now looks that this rapidly skidding club will have to start winning games in order to decide with the Lindy's who will be first to climb the cellar stairs.

Of peculiar interest, losing clubs made the most sensational contributions to the games last night, Varner of the Magnolia hitting a home run with two on bases, and Northington of Hokus-Pokus duplicating his feat a game later.

### MORE PAY ALL RIGHT, BUT WORKERS WANT SHORTER HOURS AS SUPPLEMENT

By HUGH A. QUERY  
Editor, The Gastonia Gazette  
(Written for NEA Service)

GASTONIA, N. C.—It is indeed a new deal for the cotton mill operatives of the South—this industry's control bill.

When a man or boy is jumped from nine or ten dollars a 55-hour week to twelve dollars a 40-hour week, it is almost equivalent to doubling his wages. Take a man who has been working 55 hours per week for 17 1/2 cents an hour and put him to work only 40 hours a week, pay him, if you please for the sake or argument, the lowest wage allowed under the industry control bill—that is, twelve dollars—and his hourly wage will have jumped to 30 cents.

A great many of the cotton mill workers will draw more than the minimum. For the pay of the skilled worker is to be increased in like proportion to that of the unskilled man. If a sweeper or a man who is simply a helper, like one who carries roping or yarn from one machine to another, is going to draw \$12 a week, it is expected that the expert spinner, weaver, loom-fixer or lapper is to be paid more highly.

Workers are happy  
What do the workers themselves think of all this?  
"It is the greatest thing that ever happened to the cotton mill worker," said Corporal Hypps, of the local unit of the North Carolina National Guard, who leaves his outfit next week for Morehead City for a two-week encampment, and who will find his wages far advanced when he comes back to work. "I have been drawing \$13, \$14 and \$15 a week, and I expect to be hauling down around \$20 under the new deal. Roosevelt is the man of the hour in our town."

One of the corporal's buddies says his wages have been cut 45 per cent in the past two years, and that the new deal will mean much to him. His weekly wages, on the average, have been about six dollars, working on part time, of course.

On the other hand there are skeptics. One veteran employee says: "There is a catch in it somewhere. I have been the victim too many times of rosy promises from mill executives who have 'pulled the wool' over our eyes. I am waiting to be convinced that the minimum wage of \$10 or \$12 per week will be paid, and that experienced workers will not be called on to produce in eight hours what they have been accustomed to producing in eleven."

More Leisure Ahead  
Speaking generally, the average worker is more enthusiastic over the shorter hours than he is over the wage-scale. This shorter work week puts him up with many of the white-collared class, who work only eight hours per day. The cotton mill operators are not so sure.

### Boys Caught in a Burglary Attempt

BIG SPRING.—Two boys were being held Monday following a break into the Big Spring Hardware company building Sunday afternoon.

The two were taken when C. H. McDaniel and others heard someone attempting to prize open a skylight. McDaniel and employees were then engaged in checking missing merchandise lost in a burglary committed between 12 and 6 p. m. Sunday.

Pending a complete check, there was no estimate as to the value of merchandise taken from the store. The loot consisted largely of razors, scissors, knives, fountain pens and other small articles.

Mr. McDaniel had been in the store around noon and had occasion to return at 6 p. m. Sunday when he discovered the burglary. While he and aids were checking the loss, they heard noises from above. Investigation revealed two young boys attempting to force their way into the store. They carried a rope with which to lower themselves into the store.

The first entrance was gained by battering a lock off a rear door.

No statement had been obtained from the boys Monday, but officers were inclined to discredit the theory the lads were connected with the first burglary.

### Scruggs' Modern Station Opened

Formal opening of the Scruggs Buick Super Service station is announced for Friday.

The model station, just completed as a unit in conjunction with Scruggs' display rooms and his automobile repair and servicing departments, will be managed by Henry Shaw, who has been in Midland for a year with the Reed Roller Bit company.

Gulf products will be handled. Shaw is a well known golfer, playing this week as No. 6 man.

An unusual method was used by Shaw and Billy Moran to decide a challenge Moran has posted but which neither could find time to play. They decided to play their match while Midland played Snyder on the Snyder course Sunday. Moran won the match eventually, but there was as much interest in Midland as in the Midland-Snyder match.

An advertisement carried in this issue further describes the new station.

In 1891, Congress appropriated \$9,000 for a rain-making experiment to end a drought; dynamite was sent up in balloons and kites and exploded, but no rain came.

Prize Fight Film Coming to Yucca

Bringing of the Camera-Sharkey fight pictures to the screen here will be scheduled for July 18 and 19, according to Mgr. Bill Blair of the Yucca theatre.

Blair showed the Baer-Schmeling fight Sunday and Monday.

Drunkness Record Shows Declination

DALLAS. (UP)—It may be the heat, it may be anticipation of legalized beer—whatever the reason, the fact remains that drunkness is on the decline here.

Police records for June showed only 386 arrests for drunkness, whereas in May there were 576.

### NEW ECTOR TEST WILL EXPLORE IN WILDCAT REGION

Broderick & Calvert of Fort Worth Monday completed a transaction for taking over the block assembled in central Ector county by O. C. Harper, with obligations for the drilling of a test to the Permian lime in section 25, block 44, township 2 south.

W. A. Black has the drilling contract. The test will be 440 feet from the south line and 2,640 feet from the east line of the section. The test is on the Elliott-Cowden ranch. It is west of a test drilled by Weekley Oil company which showed gas, south of one drilled several years ago by Penn Oil company and Gall-Brown Oil company, and southeast of one drilled last year by Broderick & Calvert. Both of the latter tests showed oil in the line, but not sufficient for commercial production.

Acreage owners in the area include Honolulu Oil company, Shell, Continental and Midcontinent.

Owners of producing oil wells in the two northern productive spots in Ector county awaited Monday action of the Humble Pipe Line company, which proposed a six-inch line to seven wells previously isolated from a market.

After a right-of-way condemnation hearing in Odessa last week, a price of 50 cents a rod across ranches of Elliott-Cowden, J. Lee Johnson and R. L. York was decided at a fair price.

Cowden has demanded \$150 per rod for right-of-way plus \$2 a pole for telegraph line. The board's decision that 50 cents a rod would be equitable included the right-of-way for the pipe line and for telegraph and telephone.

Humble Pipe Line company had contended that 25 cents a rod was the established price for right-of-way.

Part of the line had been struck by Humble, but the pipe was impounded in a corral by Cowden nearly two weeks ago.

### DR. ELLIS SHIFTS TO BUSINESS MANAGER

Two important changes in baseball policy here were announced this morning by Dr. David M. Ellis.

"Joe Pyron will be team manager the rest of the season and I will be free to devote my time to the business end," he said. "I have been trying to get Pyron to take over management of the club for a month."

Another factor of value is the near closing of a deal for a crack catcher, Pewee Reynolds of El Paso, who is known here from the days he played semi-pro ball at Midland before this town entered the West Texas league.

Midland's failure to have a catcher of merit is one of the reasons why the club has never been able to show strength, it is recognized. Other changes are likely, Pyron being expected to shift the club considerably. A new set of signals has been arranged.

The Indians go to Wink Sunday to play one of the strongest clubs in the Permian Basin league.

### SEEK 3-YEAR EXTENSION

ST. LOUIS. (UP)—Receivers for the Wabash railroad are seeking a 3-year extension of maturities on equipment trust certificates amounting to about \$4,000,000 and falling due this year and next. Consent of 75 per cent of the holders is necessary.

**Indian Pictures Aren't Interpreted**

Those who have looked at the hieroglyphics painted upon the ledge of rocks on the Sims Ranch in Concho county near Paint Rock and endeavored to interpret them have been working in a hopeless task, according to the government authorities on Indian lore at the Smithsonian Institute in Washington.

These men who have spent their lives trying to find out what these Indian signs mean—say they may mean nothing—or if they do mean anything—no one today knows what it is or was.

The Smithsonian Institution is being besieged by communications from treasure hunters. Apparently the depression is responsible. At any rate, the mail brings an endless succession of requests for scientific aid in reading supposedly cabalistic messages left by Indians.

**Gold Legends Are Revived**

There have always been legends that important Indians hid gold and other valuables from European explorers. Just now, these legends are being revived and put into wide circulation in the south. And the supposed clues to the lost treasures are the crude signs and pictures that Indians left on rocks and cave walls. These, the stories declare, are the signs that were left to tell the initiated where treasures were buried.

Indian specialists at the Smithsonian's bureau of American ethnology can give small help to the treasure hunters.

No one alive today can interpret the Indian photographs scattered through the United States, says Andrew W. Meloy, director of the bureau of American ethnology. Indians in Mexico had a system of writing, but in the United States only a few standard symbols were used that they could be interpreted by Indians of a group.

To attempt interpretation today is hopeless.

**No Meaning to Pictures**

The majority of pictures scratched or painted by Indians on rocks probably had no meaning even to the Indians who made them, Mr. Stirling declares. Many were made idly, just as a man today draws patterns on a restaurant table cloth with his fork while he talks. Some other photographs were sympathetic magic. The Indian hunter drew a picture of the animal he believed that the act of drawing the animal with an arrow piercing it would fore-shadow the event happening just that way. Still other photographs were personal symbols of individual Indians. An Indian who ventured into enemy territory, and showed his bravery by committing some vandalism there, would "write his name" on a conspicuous rock in the invaded region. This Mr. Stirling explains, was rather like the college boy who steals out at night to paint his class numerals on the chapel roof.

Science not only considers the photographs unreadable but it believes the Spanish accounts of Indian wealth in southern states were enormously exaggerated.

The Indians doubtless had some gold, says Mr. Stirling, and they had quantities of fresh-water pearls which they treasured but which would have no value today.

**Canada Finds Slump Waning**

TORONTO, Ont. (UP)—Canada is stirring to new life and breaking the depression which has crumpled it for four years, statistics show.

The employment figures for May show an increase over any month since September, 1931. From 7,998 key industries, payrolls have increased from \$29,414 in April to \$14,891 in May, 1933.

On April, 1932, a total of 768 vessels carrying a load of 912,999 tons of freight passed through Canadian canals. In April of this year, 943 boats laden with 1,062,813 tons of freight passed through.

Fourteen new industries have sprung up since January.

A shoe firm in Montreal found it difficult to find sufficient workers to meet the labor demands. One shoe firm in Toronto is three months behind on its orders while another firm has increased its payroll by ten per cent.

Breweries through Ontario have increased their staffs and are working night and day in an effort to keep up with the orders coming in from the United States.

**Dog's Bank Account Has \$15 Balance**

SAN FRANCISCO. (UP)—Billy's bank balance stands at \$15 which is considered a great achievement for a dog at the Bayview Grammar school where he is a perennial student and mascot.

Several years ago, he wandered in; the children adopted him, saving their pennies to buy him a collar, license and quite unintentionally, a bank balance. For years, he has been attending classes playing in the yard and participating in the annual commencement.

With old age creeping on, Billy fell ill recently. He made what seemed to be a pass at one of the children and was confined to the kennel behind the school. A special committee has been appointed to bring him food every day and his diet of shared lunches is over. Billy is under observation to see whether old age has affected his disposition.

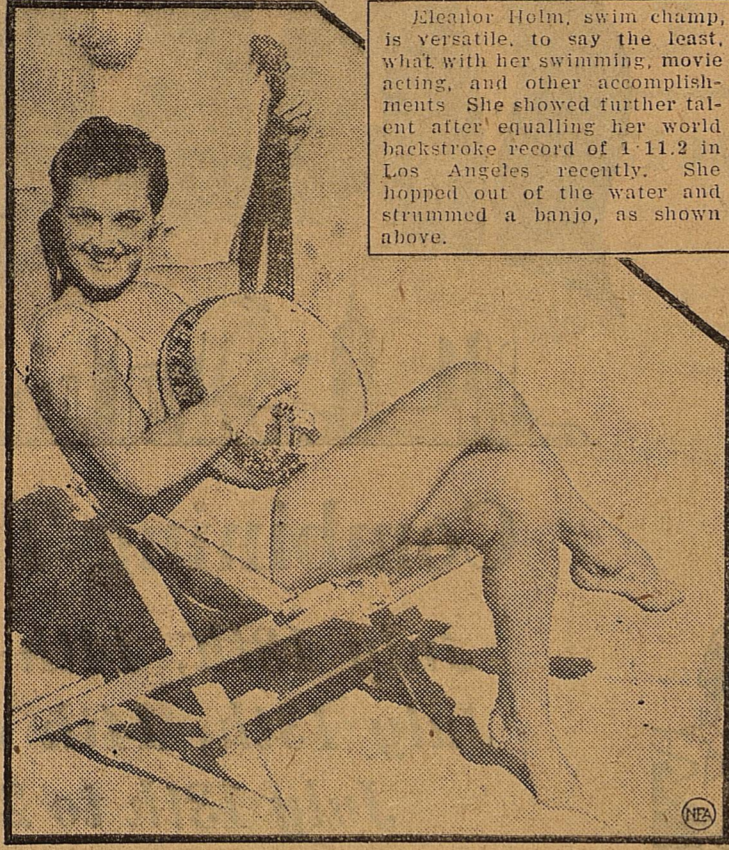

**Coolidge Scrapbook Kept for 20 Years**

NORTHAMPTON, Mass. (UP)—Arthur S. Green, for 20 years janitor of Edwards Congregational church, points with pride to scrapbooks bulging with newspaper clippings, letters, and photographs relating to Calvin Coolidge, whom he calls "Cal."

Exhibits crammed into the scrapbooks trace the late President's career from the mayor's office here to the White House at Washington. From the time that his political idol and close friend began to climb through the ranks of public service, Green preserved every bit of printed matter about Mr. Coolidge which came to his attention. Green plans to leave the scrapbooks to the church where Mr. Coolidge worshipped.

Recall in American politics was first known here during the time of the Continental Congress. Pennsylvania's delegates refused to sign the Declaration of Independence, were recalled, and other delegates sent in their places.

**A RECORD IN 'B' FLAT**

Eleanor Holm, swim champ, is versatile, to say the least, what with her swimming, movie acting, and other accomplishments. She showed further talent after equalling her world backstroke record of 1:11.2 in Los Angeles recently. She hopped out of the water and strummed a banjo, as shown above.

**Prisoners to Raise Ringneck Pheasants**

HARTFORD, Conn. (UP)—In an effort to restore the state with ring-neck pheasants, the state board of fisheries and game has called on heads of state institutions for aid.

Immates of these institutions will care for the birds, which will be raised and protected on the institution grounds. The department has purchased 20,000 eggs for this work. In addition, hatchlings will be distributed to farmers and sportsmen who wish them and who agree to liberate them, when mature, on lands not closed to public hunting.

**Rival Threw Rock At Wrong Person**

BRIDGEPORT, Conn. (UP)—As usual, the innocent bystander took the rap.

An eight-inch rock, intended for Anthony Cesare, crashed through an automobile window and struck Peter Mooney on the head. Rocco Tuzzi, a rival of Cesare for the hand and heart of Veronica Thibeault, discovered his mistake too late. Mooney went to a hospital, Tuzzi to jail.

**Justice Guilty Of Hit and Run**

OREGON CITY, Ore. (UP)—Even justices of the peace aren't immune to the law.

R. Y. Appleby, justice of the peace of Milwaukie, Ore., was found guilty on hit-and-run charges before Judge Fischer here recently. The justice was fined \$2. His car collided with another car and he ran away "after stopping for several minutes."

**Field Artillery Brigade Motorized**

AUSTIN, (UP)—When artillerymen of the Texas National guard roll into Camp Hulen Palacios, this summer for their annual camp, there will be no stable duty. The entire 61st Field Artillery brigade will be motorized.

Inspection of horses and horse drawn equipment now is being made by Lt. Col. Tunis P. Swift in preparation for the change.

There is a possibility that only two guns of each battery will get their motor equipment in time for the August camp, but that will be ample for the summer training to be under the new motorized methods.

**Burglars Steal A Sound Machine**

SEATTLE (UP)—"Scientific" burglars raided the Portola theatre here, taking only motion picture sound machine equipment.

"These articles will be used in beneficial research work," said a note left by the burglars. It was signed "The Scientists." Police said they believed the prowlers to be skilled technicians, needing the equipment for home laboratory experiments. They showed familiarity in dismantling the machines.

More than 63,430 motor busses are in use for transporting school children in the United States.

**Carrots Are Good Internal Tonic**

CHICAGO, Ill. (UP)—Experiments conducted here by experts for several years have proven that the lowly carrot, favorite food of rabbits, is one of the best internal hair tonics yet discovered.

The vegetable's beneficial effect was first noticed when cattle were fed on carrots. Their coats became heavy and glossy.

Experts experimented on humans, and declare the carrot diet causes noticeable improvement, but that it does not equal that of animals.

**Old Stagecoach Line Has 3 Fares**

FALL RIVER, Mas. (UP)—An old stagecoach line between Bethlehem, N. H., and Littleton, N. H., has a unique three-class fare system, according to Herbert Ainsworth, of this city.

The fares for the three classes of passengers were \$7, \$3, and \$1.50, but peculiarly, there was no choice of seats or positions on the coach.

The distinction between first, second, and third class riders was not manifested until the coach approached a steep hill, when the driver shouted:

"First class passengers, keep your seats."  
"Second class passengers, get out and walk."  
"Third class passengers, get out and push."

**Chef Hates to Eat Any Food He Cooks**

BOISE, Idaho (UP)—"Batching" is sometimes a necessity for prospectors, but it's no fun, according to a grizzled old powder man who applied here for a county job.

"I'm a powder man," he explained. Powder men were not needed just then, so Commissioner Ed Smith, wishing to place the man, asked if he could cook, and receiving an answer in the affirmative, asked if he could eat his own cooking.

"Well," the old fellow replied, "I do, but I sure hate it like hell."

**SPEEDY TRIAL**

SALT LAKE CITY. (UP)—Speedy justice was dealt to L. Lehman, 50, of California, here the other day. Lehman, charged with burglary, was arraigned, convicted and lodged in prison to start a one to 20 year sentence all in one day.

# WADLEY CO.

MIDLAND, TEXAS

### MOUNTAIN PARK ROAD STARTED

FORT DAVIS.—Now that the C. C. C. camp is pretty well established, P. A. Weity, engineer in charge, is setting the nearly 400 young men to work on the park sites.

The park work has really been launched with the starting of a road up the mountain side on the park land nearest Fort Davis. The road leaves the Davis mountains park highway near the picnic rocks and climbs the hill to the southward, going more than two miles to the summit, at about an eight per cent grade.

From the summit the sightseer can look into Fort Davis. There is level ground for picnics at the top and ample turnaround space for automobiles. If nothing more were accomplished than this road giving the park land would be justified, for just this thing has long been desired by thousands of travelers—a chance to climb a mountain in a car and get a wide vast view.

The land spoken of as park site No. 1 was donated, two hundred acres each by J. W. Merrill and J. W. Esby and 100 acres by citizens of Fort Davis and vicinity. However, a plan is on foot to trade back to Merrill eighty acres or so for land for a road to, and about eighty acres in Keesey canyon, where it is proposed to build a dam. This proposed dam and park site are very charming in their setting of hills and trees. If the spot is finally decided upon for a dam, it will be a pleasant tourist retreat. The dam will back up water perhaps a thousand feet and the water will lie deep and

### Buchanan Gets Strange Report

#### Police Captured Huge Alligator

WASHINGTON. (UP)—Seventy-six years ago this month, Isaiah Johnson, who had just been appointed postmaster at Sumner, Ill., followed instructions and mailed his first quarterly report to President Buchanan. It read as follows:

"Mr. James Buchanan, President of the United States.

"Dear Sir:—Been required by the instructions of the Post Office to report quarterly. I know herewith fulfill that plain duty by reporting as follows. The harvestin has been gone on peerty, and most of the nabors have got their cuttin done. The wheat is hardly a average crop; on roian land corn is vallerish, and went turn out more than ten or fifteen bushels to the aker. The health of the community is only tolerable, and cholery has broke out about two and one-half miles from here. There is a powerful awaking on the subject of religion in the falls neighborhood, and many souls are bein made to know their sins forgiven. Miss Nancy Smith, a here nabor, had twins day before yesterday. One of them is supposed to be a seven monther, a poor scraggy thing and wont live long.

This is about awl I have to report the present quarter. Give my respects to Mrs. Buchanan, and subscribe myself,

"Isiah Johnson, Postmaster."

#### Shoes Received Military Burial

BOISE, Idaho. (UP)—Lieutenant Joe Seaver, Company E, 116th Engineers, ended a frantic search for his well worn shoes recently when he discovered their "grave."

The boots were buried under "full military honors" by Seaver's buddies, without his permission, with great praise for long service.

Several of the parliamentary divisions of Scotland are so large that it requires a fortnight to tour them.

### Winooka, Australian Wonder, Here

By MAX RIDDLE

Winooka, one of Australia's famed horses, has just arrived at Los Angeles to attempt the task of winning American racing honors so ably begun by Phar Lap, and so woefully attempted by Pillow Fight and Tea Trader.

The ill-fated Phar Lap was little short of a sensation. Messrs. Davis and Telford gave him what most Americans consider rather poor conditioning and then sent him out to a record victory in the Agua Caliente Handicap. Shortly after that the "red terror" died suddenly of colic.

Pillow Fight and Tea Trader came over last year, but neither horse showed much ability even against mediocre American horses. What they can do remains to be seen.

Winooka, however, is "one of those horses." In Australia, Winooka has done enough to cause Australian handicappers to put everything up to and including a ten-ton truck on his back. For that reason, his owners are looking for rich purses and light weights (the American weight scale is lower than the Australian), or perhaps match races with Equi-poise and Gallant Sir.

Winooka has several sensational accomplishments to his credit. He astounded the turf world by running a mile in 1:35 3-4 with 130 pounds on his back. No horse in Australia had ever run a mile under 1:36, under any weight. Such a race compares favorably with our own Equipoise's record of 1:34 2-5 with 128 pounds on his back. Winooka won by four lengths, pulled up.

Winooka made his brilliant record in the Doncaster Cup, and although this were not enough he won four races in three days, the Doncaster being one of them. They were won in the easiest fashion, and before leaving for this country, he made it five straight.

It doesn't take any kind of consideration to know that "Mister, that's a boss." The catch seems to be that the bay son of the great Windbag and Kanooka never has run a distance over a mile. The Australian seem to consider him a better horse than Phar Lap.

Following the brilliant trail of Phar Lap... here's Winooka, the wonder-horse from Australia, as he arrived in Los Angeles ready to meet the best of American thoroughbreds.

### Jobless Man Asked Brew Training

HARRISBURG, Pa. (UP)—An injured steel worker, unable to find employment recently applied to the Pennsylvania Bureau of Rehabilitation for training as a "brew-master."

The man's application, prompted by a promise of such a job in his home town brewery, caused the bureau officials to scratch their heads and begin an investigation as to the qualities of a brewmaster.

It was the first application of its kind ever received by the Department of Labor and Industry.

### Old Clock Tells Hour, Day of Month

LAWRENCE, Mass. (UP)—A 75 year old clock in Essex county court house has one face to tell the time of day and another to tell the day of the month.

Automatically the day face starts the next month on the 1st of the preceding month had 31, 30, 29 or 28 days.

### Judge Was a Member Of Bar for 50 Years

NORTHAMPTON, Mass. (UP)—Judge Henry P. Field of Hampshire county probate court, law teacher at Calvin Coolidge, is observing his golden anniversary as a member of the Massachusetts bar.

The late ex-president began the study of law in Field's office here in 1885, after Coolidge's graduation from Amherst college.

### Trustees Abolished Music Department

MERCED, Calif. (UP)—Music may have charms to soothe the savage breast, but not those of the trustees of the Merced Union high school district.

The trustees, casting about for ways and means of reducing school expenses, abolished the chire music department, which included four full-time teachers.

### Jobless Enlist in Mosquito Campaign

BIRMINGHAM, Ala. (UP)—As a means of combating a community evil and at the same time relieving unemployment ills, the Birmingham Community Chest is enlisting unemployed in a campaign against mosquitoes.

Swampy areas where the insects breed are being drained and the rest of the city has asked motorists to contribute old oil to pour in watered areas in which drainage is not practical.

### Chicken Developed Three Normal Legs

OROVILLE, Cal. (UP)—A baby chick hatched at the farm of Mrs. E. M. Baker, near here, began life in the midst of a series of complications.

In the first place, the chicken's father was a Barred Plymouth Rock rooster and its mother, a bantam hen. The chick, shortly after being hatched, developed three legs. The "extra" grew from its backbone and is as large as the two normal legs.

### Steno's Remarks Cost Her \$2,000

SEATTLE. (UP)—It cost Miss Laura Lawson, retired stenographer, just \$2,000 because she referred to her neighbors as bootleggers.

That judgment was awarded to Mr. and Mrs. W. C. Jacobs by Superior Judge J. T. Ronald, who held that Miss Lawson's remarks were made in "actual spite and maliciously dictated."

Miss Lawson admitted writing letters to the police, federal prohibition office and the district attorney concerning the Jacobs' activities. The Jacobs' home was raided four times, but no intoxicating drinks were ever found.

### Big Prize of 1906 Would Be Easy Now

NEW YORK (UP)—Back in 1906 a \$50,000 prize was posted in Britain for the first flight from London to Manchester, a distance of 183 miles, to be completed within 24 hours.

Today, America's latest commercial air transports, the three-mile-a-minute monoplane, cover approximately that same distance in one hour, carrying ten passengers, two pilots, stewardess, baggage and cargo.

**WHERE QUALITY COUNTS AND PRICES WILL NOT BE DUPLICATED**

We are giving away two useful prizes during the city-wide Sale Of A Century, July 13, 14, 15.

Trade with people who appreciate your business

**MIDLAND MERCANTILE**  
Ben F. Whitefield, Proprietor

### Dried Egg Plant Is Established

ABILENE. (UP)—Hens in this territory have had their work cut out for them in a big way. They will be called upon to produce 3,000,000 dozen more eggs during the coming year than were demanded of them last year.

It's all because the American Dried Egg corporation, offices in Dallas, has established here what is the largest egg drying plant in the United States.

With machinery worth \$25,000 the plant is equipped to reduce to powder annually the number of eggs mentioned in the foregoing. The capacity of the plant is 1,000,000 pounds of egg powder a year.

The product packed in barrels, will be sent to consumption centers all over the country for use in making prepared cake, doughnut and waffle flours.

### Two Jeweled Cups Tell Ancient Legend

WASHINGTON. (UP)—A legend of ancient India figures in two jeweled cups on display at the National Museum here.

The two cups are part of the \$5,000,000 Gately collection. One is a large jeweled cup with which the Emperor of Delhi, famous medieval tippler, once swallowed his wine. The other, a small emerald studded one was given to the emperor by his queen as a substitute.

The legend goes that the queen was afraid the emperor would drink himself to death and imposed the shorter measure on him as a last resort against serious delirium tremens.

About 45,000 carloads of fruits and vegetables are shipped into New York City annually.

### New Method of Pulling Teeth

MIDDLEBORO, Mass. (UP)—Recent reports about a Pittsburgh dentist who hypnotizes patients before pulling their teeth brought from the Rev. C. W. Hidden of this town the claim that he had participated in similar experiments 45 years ago.

He produced a clipping from the Newburyport, Mass. Herald in 1887, telling of an operation in which he hypnotized a woman patient before she was treated by Dr. J. M. Brown.

The dentist at the time pronounced the experiment a complete success.

### Utah Hoarders Dispose of Gold

SALT LAKE CITY. (UP)—Most of the gold hoarded in Utah, Nevada, Wyoming and Colorado has either been turned over to the federal authorities, or disposed of "in satisfactory manner," J. A. Dowd, special agent in charge of the Salt Lake office of the United States Bureau of Investigation reported.

Agents of the department interviewed many people who reportedly hoarded the yellow metal. Dowd said, and learned most of it had been taken care of properly. Of the few found to be still holding more than \$100 in gold coin or certificates, most promised to turn it in promptly in lieu of prosecution.

### Students' English Puzzles President

LAFAYETTE, Ind. (UP)—President Edward C. Elliott of Purdue University wonders how so many students reach the university level "with so little control over the English language."

"Most of the letters written me by students are formless, illegible, illiterate scrawls," he said.

### Meanest Swindle Brings Court Case

TYLER, Tex. (UP)—The "meanest swindle of the season" brought two men into court here recently.

One was charged with writing a worthless check for \$10 and placing it in a church collection plate; the other was accused of taking out \$9 in change.

### Court Action to Recover \$1.90 Filed

HAMILTON, Ontario (UP)—A court action to recover \$1.90 is on file here. The plaintiff, Constable Alex Arnold, brought the action against Constable Geoffrey Sullivan, a fellow officer, who he claims broke the robe rail in his automobile Sullivan's defense is that the rail was old and weary and fell apart when he touched it.

Whether or not Arnold collects the \$1.90, he must pay \$3.00 for filing the suit plus attorneys fees.

### Slump Didn't Hurt SALT LAKE CITY, Utah (UP)

The depression has not impaired Utah's financial reputation, William H. Kingsley, vice president of the Penn Mutual Life Insurance Company, disclosed when here on a visit. In 45 years his company has never had a foreclosure in Utah.

### Gold Watchbox Turned In

PORTERFIELD, Calif. (UP)—A citizen walked into the bank here and handed his watchbox over to the teller saying, "they can't class me as a hoarder." The charm was a five dollar gold piece surrounded by a metal band.

**Midland Drug Co.**  
L. A. Arrington, Prop.

**of a CENTURY**

Shoppers will find us prepared to meet your most exacting food requirements. We especially invite you to come to Midland July 13, 14 and 15.

WE WANT TO HELP YOU SOLVE YOUR GROCERY NEEDS!

**Piggly Wiggly Grocery**

Ten thousand tons of bottles of medicine are used annually by the 12,000,000 persons covered by national health insurance in England.

We are taller in the morning than when we go to bed at night; the night's rest eases the weight on our joints.

**Perry Bros., Inc.**  
5-10-25c STORE

We are listing only a few of the many bargains that will be offered during this SALE OF A CENTURY through Thursday, Friday and Saturday. You should by all means take advantage of this sale and buy everything that you need. Why? Because these prices are based on 5c cotton and every item you purchase will mean a saving of from 15 to 40 per cent to you.
