House Puts Food Issue Into Hands Of Cabinet

OPA Authority Drastically Cut By Heavy Vote

WASHINGTON, June 23 (AP)—The house, in hectic uprising against the OPA, voted to transfer absolute food controls to the cabinet today, then approved a one-year extension of the price control act.

Vote on final passage was 356 to 12. It approved overwhelmingly a bill giving the OPA another year of life, but before it did so it hammered into the act republican-sponsored amendments to make its decisions subject to court review and to transfer all authority over agricultural products to the secretary of agriculture.

Administration supporters claimed the agriculture amendment would give the secretary of agriculture power to ignore presidential orders and divest OPA and the War Food Administration of any food or agriculture controls. The entire measure still is subject to the senate's action and leaders of both parties were certain the legislation would wind up in a conference committee of the two houses.

Before approving the one-year extension—a foregone decision—the house:

1. Adopted a provision making all government orders on food subject to the approval of the secretary of agriculture.
2. Adopted an amendment by Rep. Patman (D-Tex) to remove slaughtering restrictions from local, independent plants when held in "sanitary condition" by the secretary of agriculture.
3. Approved a proposal giving individuals the right to obtain court injunctions against OPA orders to federal courts.

GI's Jamming Opened Transatlantic Phone

LONDON, June 23 (AP)—Transatlantic radio-telephone service between England and the United States was reopened for general use today and the circuits were jammed by GI's phoning home.

Every minute of today and tomorrow was reserved in advance and reservations are still pouring in from soldiers hungering to hear the long missed voices of their parents, wives and sweethearts.

Leopold Still Refuses To Abdicate Throne

BRUSSELS, June 23 (AP)—With King Leopold reported adamant in his refusal to abdicate, the presidents of the Belgian senate and chamber of deputies returned tonight from his Austrian castle home and prepared to call parliament into session next week.

Reviewing The Big Spring -Week- Joe Pickle

If every family in Howard county will make it a point to buy bonds averaging \$3 per member, we can make good on our Seventh War Loan quota in short order. We lack only \$56,000—such a little bit if everyone will simply stop waiting for somebody else to make it. Do your share Monday—please.

Speaking of bonds, Ernest Potter, Herald route boy and bond salesman de luxe, doesn't overlook my bet. He wrote O. D. Dillingham at Abilene, urging him to buy bonds for the Seventh. Result: Banner Creamery purchased an additional \$5,000 for the drive.

Announcement of an OPA check on freezer lockers so confused many farmers and livestock producers that slaughtering for locker storage has dropped more than 50 per cent in the past two weeks. Some, fearful because of enlarged rumors, even took meat out of their boxes. Farmers and producers need have no qualms about going right on with their beef slaughter for their own use, for they are entitled to kill just as much (See THE WEEK, Pg. 5, Col. 7)

Luzon Campaign Reaching Climax

MANILA, Sunday, June 24 (AP)—The campaign in Luzon's broad Cagayan valley raced toward a swift climax today as the U.S. 37th infantry division moved 13 miles northward to within 17 miles of guerrilla forces holding off the Japanese at the town of Tuguegarao.

The Japanese, now estimated to number no more than 20,000 in the whole valley, have been counterattacking furiously for two and one-half days against the guerrillas, led by Col. Russell W. Volckmann.

The guerrillas, who cut down the valley and seized the town three days ago, were withstanding tank, mortar and artillery attack while waiting for the 37th division to relieve them.

There was no new word on operations of the U.S. Sixth army and Igorot guerrilla forces which were disclosed yesterday to have captured Aparri, last Japanese escape port on Luzon.

These guerrillas already had sliced eight miles southward from Aparri, however, in a move to join with the Tuguegarao guerrillas and the 37th division.

The days of the Japanese occupation of the big northern valley seemed definitely numbered, however, as the American and guerrilla forces in the valley moved toward a triple convergence.

Jap Strongholds In China Blasted

By SPENCER MOOSA CHUNGKING, June 23 (AP)—Ranging over a vast 1,350-mile aerial front in China, American bombers and fighters yesterday blasted Japanese strongholds from Indo-China to the Manchurian frontier, while Chinese forces routed 2,000 enemy troops in southwestern Honan province, U.S. and Chinese communiques said today.

Fighting blazed anew in Honan province while Chinese troops apparently were locked in a fierce struggle on the outskirts of the former American airbase city of Luichow, 400 miles southeast of Chungking. The Chinese high command yesterday reported that one Chinese column had entered the city.

The Chinese command reported that Generalissimo Chiang Kai-shek's troops had recaptured two important points 12 and 14 miles north of Sichwan, 380 miles northwest of Chungking.

The strategic positions had been captured earlier in the day, the Chinese said, by 2,000 Japanese troops striking out from Sichwan. The Japanese fell back to Sichwan under Chinese pressure after losing more than 200 men. Another 200 Japanese troops were killed by strafing American Thunderbolt fighter bombers which joined the battle, an American communique reported.

The American P-47s also destroyed a Japanese headquarters, wiped out ammunition dumps and attacked enemy artillery positions. In some of the most widespread attacks by the U.S. 14th air force, American medium bombers and fighters also swept over Japanese-held railroads north and south of the Yellow river, winging as far north as Peiping, near the Manchurian frontier. Taku, the port of Tientsin, was heavily attacked.

CONTRACTS AWARDED

DALLAS, June 23 (AP)—Construction contracts totaling \$1,270,331.64 have been awarded by the war department in Texas, Arkansas and Oklahoma, Brig. Gen. E. H. Marks, southwestern division engineer, said today.

"It isn't a bomb," shouted Lt. D. E. Lyles of Kansas City, Mo., popping his helmeted head out of the tank turret. The doughboys smiled sheepishly. None laughed. "And don't laugh at them," advised Lyles. "These guys have been in the lines for more than 40 days. They are all tired and nerves are on edge. So you can't blame them for scolding."

Army Cutbacks Mean More Meat For Civilians

WASHINGTON, June 23 (AP)—The civilian prospect for more food, especially meat, brightened perceptibly today.

The military will cut its purchases of meat sharply during the next two months, leaving more available for home front channels. To relieve local meat shortages, the house voted in an amendment to the price control extension bill, to permit unlimited local slaughtering when done under sanitary conditions.

Federally-inspected packing houses, which provide the government's needs, were ordered to reduce the amount set aside for the armed forces and other federal requirements.

Meanwhile it had been disclosed that the civilian supply of canned fruits will be about equal to last year's, and that commercially canned vegetables, available for civilians, will be only about 10 or 15 per cent under last year's pack. Under an order signed today by War Food Administrator Marvin Jones, the proportion of beef which federally-inspected slaughterers are required to set aside for the government was reduced for July and August.

The new set-aside will be:

- Choice, good and commercial grades of beef, 30 instead of the present 50 per cent.
- Canner and cutter grades—65 instead of the present 75 per cent.

Not all the meat and other food bought by the army goes to GI Joe and his officers. Latest official information states that 1.6 per cent of total army purchases of all foods is used to supply civilian employees of the army in this country—particularly employees at military posts and bases—and an identical percentage is used to feed civilian employees abroad.

About 18 per cent is used for relief of hungry civilians in zones of army occupation and zones of military operations. Areas in which the army has been carrying on relief feeding include the Philippine Islands, other South Pacific Islands, and certain areas of liberated Europe.

Reserves Plan Is Progressing

Development by the city water department of a future reserve to care for needs which might be occasioned by sharp community and industrial growth is progressing according to plan.

City wells, which have been supplying record demands during a period of tenacious and prolonged drought, are coaling along now. Showers Thursday put 10 feet of water in Powell Creek lake and a million and a half gallons a day will be forthcoming from the basin.

Meanwhile, a third well on the Sally Edmondson tract in northern Glasscock county is nearing completion. Casing on the third well, which, incidentally, is almost jam against the city's pipeline from the O'Barr field, was being lowered Saturday and drilling was due to be completed Monday. All test wells are carrying a 14-inch hole so that wells could be equipped and held ready for use if ever they should be needed.

Joe Lang of the United States Geological Survey has been doing supplementary work on a survey he made in 1944. The city plans to utilize the survey in testing potential new reserves in the Glasscock area.

Any Hiss Means Run To Okinawa Boys

By ROBERT GEIGER OKINAWA, (AP)—Tenth army doughboys jumped for cover at almost any kind of shrill or sharp sound after days of fighting on Okinawa's "hara kiri" mesa.

A long hiss sent one group of them clawing for dirt in all directions. It was only released compressed air of a standing American tank. "It isn't a bomb," shouted Lt. D. E. Lyles of Kansas City, Mo., popping his helmeted head out of the tank turret. The doughboys smiled sheepishly. None laughed. "And don't laugh at them," advised Lyles. "These guys have been in the lines for more than 40 days. They are all tired and nerves are on edge. So you can't blame them for scolding."

Jap Planes Hit Okinawa

Many Downed In Suicide Attacks

By LEIF ERICKSON

GUAM, Sunday, June 24 (AP)—The downing of 59 Japanese suicide planes in 48 hours at Okinawa and the slaughter on the ground of 8,000 more enemy troops, raising total Japanese casualties to 105,496, were announced today by fleet headquarters. The enemy's mass surrender soared the prisoner total to 6,932.

Army and marine fighters, warship and shore guns bagged the enemy planes—35 were downed in three hours—during a series of strong raids begun Thursday, the day Okinawa was declared secured, and which continued up to midnight Friday.

Sixty-nine more enemy planes were destroyed or damaged by P-51 Mustang fighters from Iwo which struck two enemy airfields north of Tokyo yesterday. Three Mustangs were lost.

Enemy planes in the formations attacking Okinawa Thursday and Friday included high quality pilots flying new type fighters and twin-engined Betty bombers.

Tokyo radio broadcast elaborate claims of more than 20 American ships sunk or damaged, including two battleships, but Adm. Chester W. Nimitz made no additions to the previous acknowledgement of two light naval units sunk, an auxiliary and two other ships damaged Thursday night.

The air battles of intercepting marine Corsairs and army Thunderbolts with the raiding "first team" reached its height Friday morning. One Zeke fighter was rammed and knocked out by a marine Corsair pilot who had exhausted his ammunition. The marine flier bailed out and was rescued from the water.

The attacks reached their intensity between 7:30 and 10:30 a. m. Friday when 35 raiders were bagged.

More than 4,000 Japanese planes have been destroyed in attacks on Okinawa since the American operation began there. Tenth army mopping up continued on Okinawa where, through Friday, the enemy dead totaled 98,564 and prisoners 6,932. The unprecedented bag of prisoners included 2,433 labor troops.

Nimitz confirmed enemy broadcasts of American air attacks Friday on Kyushu, southernmost island of Japan. He also reported, without elaboration, air attacks on enemy bases in the Ryukyus, both north and south of Okinawa.

President Working On Plans For Big Three Conference

OLYMPIA, Wash., June 23 (AP)—President Truman worked today on plans for his forthcoming "Big Three" meeting, devoting much of his time to a review of last-minute reports from all over the world.

Mr. Truman was reported to have counted less than 12 potential votes against the post-war peace organization charter he is expected to submit to the senate for ratification Monday, July 2. He will fly the charter to Washington from Kansas City late next week, possibly Sunday, after participating in home-coming celebrations at Independence, his home town, Wednesday, and at Kansas City, Thursday.

ARMOUR PLANT WORKING

FORT WORTH, June 23 (AP)—Full operations were resumed at Armour and Company's plant here today as an estimated 1,000 employees returned to their jobs after a negotiated settlement of a controversy which had halted work in several departments.

SUB INVENTOR DIES BRIDGEPORT, Conn., June 23

(AP)—Simon Lake, father of the modern submarine, died tonight in St. Vincent's Hospital here after a brief illness. He was 79 years of age.

Poll Shows Majority Senators Will Approve Conference Plan

By THE ASSOCIATED PRESS WASHINGTON, June 23—A majority of the senate is ready to approve the United Nations Charter. Indications are clear that ratification may command the support of far more than the two-thirds required for approval. An Associated Press poll reaching 74 of the 96 members today found none declaring outright opposition. Fifty-one said they would vote "aye," barring unforeseen developments. Five said they probably would vote aye. Eighteen were not ready to commit themselves.

Strong support for the treaty which President Truman expects to bring back from San Francisco Wednesday developed on both sides of the senate aisle, with 55 Democrats and 16 Republicans outspokenly for ratification. The question asked them was: "Will you vote for U. S. adherence to the United Nations charter as it now stands, barring unforeseen developments?" The trend toward United States participation in a world organization to preserve the peace is so strong that some senators shrugged away the fact they had not studied the charter in detail. Some stated their positions before the text was published in full. "We must ratify and approve it without delay," declared Senator Ellender (D-La.). "We have delegated some of our best talent to represent us at the conference and it is up to us to back their decision to the limit."

SOLDIER SWIMS FOR A KISS—When WACs aboard a welcoming tug shouted "Come and get it" in answer to soldiers aboard a returning troop transport who asked for kisses, Sgt. Tommy Carpenter, 24, of Hamburg, Ark., took the challenge literally. Left, Sgt. Carpenter after he jumped into the water (arrow). Right, as he collected from WACs Irene Watts of Quincy, Mass. (center) and Lee Sheldon of Webster, Mass. (AP Wirephoto).

Workers Idle As Labor Disputes Close Plants

Strikes Account For 81,000 Not Turning A Hand

By THE ASSOCIATED PRESS Labor disputes across the nation this weekend left more than 81,000 workers idle in scores of controversies. In Detroit alone 37,000 workers were affected.

In Detroit, a walkout of approximately 335 rendering company workers which had kept slaughterhouses idle was ended; but a controversy between the AFL and the CIO over reconversion work saw 22,000 Packard Motor Car Co. employees, 7,500 at Budd Wheel company and others at three plants of the Chrysler Corporation, off the job.

And a complaint by workers at one of the Briggs Manufacturing company's plants that they got no meat in sandwiches caused idleness for 7,500 others.

In Akron, O., union leaders at five closed Goodyear Tire & Rubber Company plants failed to appear in Washington and show cause to the War Labor Board why a strike, which began last Sunday, has not ended.

In Chicago members of striking truck drivers' unions were gradually returning to their jobs and troops were manning the remainder of the seized facilities. The strike was in protest against a WLB decision concerning wages and hours.

In Jersey City and Bayonne, N. J., stoppage of a strike of 40 printers at the Jersey Journal and 18 at the Bayonne Times, was ordered by the WLB. Each paper has published only once since the strike began 11 days ago.

Meanwhile there were no indications that a strike of 15,000 glass workers in 10 cities might be ended shortly. Workers affected included 8,000 from six Pittsburgh Plate Glass plants and 7,000 from four Libbey-Owens-Ford Co. plants.

Leaders of more than 400 bus drivers and mechanics of the Tri-State Transit Company of Louisiana, whose two-week strike has affected some 60,000 passengers in nine states, studied a War Labor Board agreement to appoint a national panel to consider their dispute if the walkout is ended.

Friday showers touched the Chalk area in southeastern Howard county. A narrow strip of rain came up from northern Glasscock county, cut between drought-ridden Lomax and Elbow communities and headed north across US 80 at the Lomax road junction. West of Lomax another belt of rain set in, but the southwestern Howard county community was missed completely.

Midland and Odessa received brisk showers Friday. Thursday some farms at the south edge of Elbow got planting rains and a number of farms in the territory south of Coahoma got rain.

Sen. Graves, Nevada, Dies Of Heart Ill

SAN DIEGO, June 23 (AP)—U. S. Senator James Graves Scrugham (D-Nev.) died in the San Diego Naval hospital today of a heart ailment which had confined him there since March 30. He was elected to the senate in 1942 to fill the unexpired term of the late Senator Key Pittman. Prior to that he had served 10 years in the lower house.

Seria Oil Fields Captured

MANILA, Sunday, June 24 (AP)—Australian Ninth division troops on Borneo have seized the great Seria oil fields without opposition after a spectacular 60-mile march southwest down the island's north coast, Gen. MacArthur's headquarters announced today.

The rich Japanese-sabotaged oil district was taken Thursday night and Friday morning, it was disclosed. Some of the 50 producing wells still were burning as a result of enemy demolitions when the Australians moved in.

The field, which before the war produced 700,000 tons annually, had been destroyed once before, in 1942, just before the Japanese arrived.

It was expected to be put back into operating condition in a comparatively short time, however, and will be a valuable addition to the Allied war supplies, as its petroleum is sufficiently pure to be used as ships' bunker oil without refining.

Howard County Bogs Down In Mighty Seventh As Drive Nears Official End

Within striking distance of victory, Howard county bogged down pitifully Saturday on its E bond drive for the Seventh War Loan.

Sales for the day, according to figures from bond headquarters, amounted to only \$1,320 by bringing the total sales of E bonds to \$526,686.25.

Friday around \$6,000 in E bonds had been sold for the first good day of the week, but the effort appeared too much of a strain.

Both Ira Thurman, county bond chairman, and Ted O. Groehl, Seventh War Loan chairman, appealed strongly for a clean-up drive the first part of this week.

"Many people have been holding back to see whether their extra purchases will be needed," said Groehl. "Well, they are. Why drag out this obligation longer? In the name of all that is sensible and patriotic, let's do this little job without further delay."

Thurman reported that while Howard county stood above many of the surrounding counties with 90.55 per cent of the quota as of June 21, the county was nevertheless 26 in the region and had lost five places during the week. Borden and Glasscock counties continued at the top of the list, being far over their quotas.

Delegates Jubilant Over Indications Senate May Ratify

By DOUGLAS B. CORNELL SAN FRANCISCO, June 23 (AP)—Delegates at the United Nations Conference jubilantly hailed today indications that a new world charter easily will win United States senate ratification, and one said this was "one of the most important facts in world history" even though the senate probably won't vote before fall.

The American delegation went over the document line by line. The conference steering committee was asked to give it another minute examination later in the day. A full plenary session of the conference will be held, probably Monday, to give this new world constitution final approval. The subsequent signing by all delegations and an address by President Truman Tuesday will bring the conference to a close. Delegates suggested senate ratification would mean that every United Nation quickly will follow with ratification and that a new United Nations League will, at an early date, take over the job of keeping the peace. To become effective, the charter must be accepted by all the big powers—the United States, Britain, Russia, China and France—and a majority of the other signatory nations.

Ginger Rogers, Joseph Cotten Starred At Ritz

Based on the theme enveloping the rebirth of hope and the recapturing of lost dreams through love, "I'll Be Seeing You," a Selznick-International picture, opens today at the Ritz for a four-day run.

A dramatic offering with a touch of nostalgic tenderness, "I'll Be Seeing You" stars Ginger Rogers and Joseph Cotten.

It is a story about an emotionally unbalanced soldier back from combat who meets a girl who has lost hope in the future because of the shadows of prison.

Shirley Temple gets her first grown-up role. Both she and Cotten scored hits for their parts in "Since You Went Away." Effervescent Spring Byington draws a same-part for a refreshing change, playing the role of Shirley's mother. Tom Tully, as her father and as Ginger's uncle, is the other member of the topside of the cast.

The story opens with Miss Rogers, as Mary Marshall, taking the train to spend the Christmas holidays with her aunt (Spring Byington) and uncle (Tom Tully) in Pinehill. Mary has been given leave from the state prison, where she is serving seven years for manslaughter. On the train she meets Zachary Morgan, also on leave, but from the army hospital where he is under treatment as a neuro-psychiatric, as a result of violent action in the Pacific.

Zach, formerly a successful young engineer, has lost hope of ever being able to adjust himself to normal living again. Mary has given up her dream of having a happy home, with husband and children. The pair are attracted to

each other and Zach, having no place in particular to go, pretends that he is stopping off to visit a non-existent sister in Pinehill. Under the understanding, kindly influence of the Marshall home, Zach regains confidence enough to let himself fall in love with Mary.

Mary, of course, falls in love with Zach and decides to take all

the happiness she can get out of her leave, keeping her secret from him. Her pert young cousin Barbara, (Shirley Temple) inadvertently tells Zach the whole story. This disclosure leads to a highly dramatic climax and a conclusion that is poignant and also believable.

THE WEEKS PLAYBILL

RITZ
 Sun.-Mon.-Tues.-Wed. — "I'll Be Seeing You," with Ginger Rogers, Joseph Cotten.
 Thurs.-Fri.-Sat. — "Son Of Lassie," with Peter Lawford, Donald Crisp.
LYRIC
 Sun.-Mon.—"Leave It To Blondie," with Penny Singleton, Arthur Lake.
 Tues.-Wed.—"Three Caballeros," Disney cartoon feature.
 Thurs.—"She's A Sweetheart," with Larry Parks, Jane Darwell.
 Fri.-Sat.—"Lone Texas Ranger," with Bill Elliott, Alice Fleming.
QUEEN
 Sun.—"Circumstantial Evidence," with Michael O'Shea, Lloyd Nolan.
 Mon.-Tues.—"Tall In The Saddle," with John Wayne, Ella Raines.
 Wed.—"Resurrection," with Fredric March, Anna Steen; "Great Mike," with Robert Henry, Stuart Erwin.
 Thurs.—Spanish language show.
 Fri.-Sat.—"Whispering Skull," with Dave O'Brien, Tex Ritter.
NEW STATE
 Sun.-Mon.—"All Baba And The Forty Thieves," with Maria Montez, Jon Hall, Turhan Bey.
 Tues.-Wed. — "Standing Room Only," with Paulette Goddard, Fred MacMurray, Edward Arnold, Roland Young.
 Thurs.-Fri. — "Three Men In White," with Lionel Barrymore, Van Johnson, Marilyn Maxwell.
 Sat.—"Gals Incorporated," with Leon Errol, Grace MacDonald.
TEXAN
 Sun.—"Spanish language show.
 Mon.-Tues.—"In Our Time," with Ida Lupino, Paul Henreid.
 Wed.-Thurs.—"A Guy Named Joe," with Spencer Tracy, Van Johnson, Irene Dunne.
 Fri.—"The Whistler," with Richard Dix, Gloria Stuart.
 Sat.—"Arizona Whirlwind," with Bob Steele, Ken Maynard, Hoot Gibson.

TWO OF A KIND—Both Joseph Cotten and Ginger Rogers suffer from the lack of confidence in the future, and thereby hangs the story for the Ritz feature today through Wednesday.

"ALL BABA AND THE FORTY THIEVES" is the weekend offering of the new State theatre and stars Jon Hall, Maria Montez and Turhan Bey.

GRIN AND BEAR IT

"Don't be ridiculous, Smedley, an extra gallon of gas a week isn't SO much!"

Billy Womack Awarded Medal For Gallantry

Mrs. Virginia Womack has been notified that her husband, S/Sgt. Billy F. Womack, was awarded the Bronze Star medal for heroic achievement in action.

The citation stated "On 21 January 1945, Company 'E,' 517th Parachute Infantry was near Aufferd Hardt Wood, Belgium. The enemy immediately launched a strong counterattack which was repulsed with heavy casualties. Due to heavy snow and lack of communications with the real elements, ammunition and medical aid were not available. S/Sgt. Womack realized that without supplies the position would be lost and his comrades would die. He volunteered to traverse approximately 800 yards of open terrain that was being heavily shelled. His only route was across an open ridge that was exposed to enemy machinegun fire. This he succeeded in doing. He secured a carrying party for the ammunition and guided the medical aid men to his wounded comrades. His devotion to duty and disregard for his own personal safety were an instrumental factor in saving the lives of his comrades."

Womack was promoted from private first class to staff sergeant. He has 11 jumps to his credit including one combat jump in southern France. He also has four battle stars.

He is the son of Mr. and Mrs. Stewart Womack of Midland and graduated from Big Spring high school in 1942 where he was a football star.

S/Sgt. Womack entered the service June 18, 1943, and went overseas May 17, 1944. He is now with the occupational army in France.

His wife, the former Virginia Douglass, resides at 408 Gregg.

More Texans Arrive In San Antonio To Be Given Furloughs

By The Associated Press
The second trainload of war veterans in as many days—war-weary soldiers from the 36th (Texas) Infantry division and from the 2nd and 45th divisions—was due in San Antonio today for processing at Fort Sam Houston and discharges under the point system.

Their homecoming followed by one day the arrival at Fort Sam Houston of 460 tired, grimy and jubilant Texas members of the 86th (Blackhawk) division yesterday. Brig. Gen. Alonzo P. Fox, commanding the personnel center, said the Blackhawks were processed quickly and left last night for their homes on 30-day furloughs. They will be sent to the Pacific after training at Camp Gruber, Okla.

About 200 point-heavy Texans were on the train today, all with more than the 85 minimum service points required for discharge.

Jon Hall's "Ali Baba" Role Natural For Tahiti Actor

It's a far cry from Jon Hall's childhood home in Tahiti, where he became the best all-around athlete of that South Sea island's history, to the palm fronds of Hollywood, where world-wide fame greeted him as a screen star.

But it's a true life story just as interesting as the screen roles of the towering young man, who in Universal's Technicolor picture, "Ali Baba and the Forty Thieves," is again co-starred with the alluring Maria Montez.

Turhan Bey, a new screen star from an old and noble family in Turkey, is a third co-starring personality in the exotic picture, which opens today at the new State theatre and continues through Monday.

Jon Hall was born in Fresno, California, but he was brought up in Tahiti, the home of his mother. Hall comes from a long line of hardy forebears, including New England sea captains and French pioneers. His maternal grandfather, Captain Charles Chapman, sailed his own schooner into the harbor of Papeete and became one of the South Seas' most respected traders.

His father, Felix Locher, and his grandparents, were business men with sound continental connections. Today, Hall's relatives are the most prominent white citizens of Tahiti, and control many of the island's leading industries.

Samuel Goldwyn happened to be casting about for a leading man for "The Hurricane." Tall, bronzed

Hall was tested along with scores of other candidates, but won the part hands down.

Thereafter, Hall's rise to motion picture stardom was rapid. He began his current Universal contract with the colorful role of Haroun-al-Raschid in Walter Wanger's Technicolor production, "Arabian Nights." In this he co-starred with Maria Montez and Sabu. This same trio next was teamed in "White Savage," also filmed in Technicolor. He has since co-starred with Miss Montez in "Cobra Wom-

an" and "Ali Baba and the Forty Thieves," forming an acting team which currently has outdistanced all other boy-and-girl teams at the box office.

Hall is a perfectly-proportioned athlete, six feet two inches tall, and weighs 196 pounds.

He is the husband of the singer, Frances Lanford, whom he married in 1938. The couple own a 140-acre citrus grove in Florida, and a 15-acre cove on the Florida coast where they have a beach house.

LOW COST CLOTHING

DALLAS, June 22 (AP)—Stores over the southwest are beginning to receive the first of the low-cost apparel manufactured under a joint Office of Price Administration and War Production Board program designed to reduce the cost of clothing. C. W. Nichols, regional OPA price executive, said, however, only a small part of that expected has arrived.

The S.S. America, largest passenger vessel ever built in the United States, is now the transport U.S.S. West Point.

Martin County Test Cores Pay Section

By JOHN B. BREWER
SAN ANGELO, June 23—Indicating of oil and gas production in the fourth consecutive Devonian zone tested kept the Atlantic Refining Co. No. 1-A University in east central Crane county this week in the fore of prospective pool openers in West Texas. Mabec Oil & Gas Co. No. 1-B J. E. Mabec in southwestern Martin county, mile northeast outcrop to the Mabec field, cored saturated lime between 4,650-73 feet and was due to run casing and standardize.

Staking of locations for five wildcats in four counties followed setting of a record for the year during the preceding week in the listing of 13 wildcats in 11 counties. Thirty-nine field starters brought the week's total to 52, within two of the 1945 high established during the week ending March 21 when five wildcats and 49 proven area locations were reported.

Atlantic No. 1-A University in Crane county made several flows of 42 gravity oil, some lasting 10 minutes, on a one-hour drillstem test from 8,700-40 feet. The drillpipe when broken down was full of oil except for a small amount of oil-cut drilling mud. Devonian zones previously showing oil and gas were from 8,554-8,700, from 8,510-86 and from 7,913-8,024 feet.

Drilling continued, exploring the Ellenburger being scheduled. The test is in the C NE SE 33-31-U, six miles west of the north end of the McElroy field. It is 25 miles northwest of the Crossett pool on the line of Crane and Upton counties, Texas' first Ordovician producing area.

J. K. Hughes Oil Co. of Mexia awarded contract to Henry Schooler of Big Lake to deepen its No. 1 A. E. Vowell, northeast outcrop to the Noelke field in western Crockett county, from 2,643 feet to explore the Clear Fork. The test is near the center of the south line of section 28, Martha T. Wilton survey, 1-4 miles north of Ledger No. 1 Bouscaren estate, Clear Fork discovery in the Noelke field, where other wells produce from the Seven Rivers section of the Permian.

Cole, Gruber and Coburn of Midland spotted No. 1 Superior-J. D. Starnes, slated 2,500-foot cable tool wildcat in southwestern Upton county, 2,200 from the south, 440 feet from the east line of section 1-W-GC&SF.

Pumping off in the daytime and shutting down overnight, Humble No. 1 J. M. Parrott, eastern Upton county wildcat testing the lower Permian, with plugged back depth 9,943 feet, recovered only 3.24 barrels of pipeline oil in eight hours in mid-week. It is in the C SE SE 3-EL&RR. Humble No. 1 Gresham, one mile west of No. 1 Parrott, was drilling at 9,236 feet in sand and shale.

In early testing through casing perforations from 7,195-7,202 feet, opposite the Strawn, Shell No. 2 Fayette Tankersley estate, southeastern Irion county wildcat, recovered wash water with only slight shows of oil and gas, according to an unofficial report. The test had plugged back from 8,408 to 7,357 feet after evidently finding barren the Ellenburger reported topped at 7,279 feet, 4,999 feet below sea level. No. 2 Tankersley is in the C SW SW 10-GC&SF.

Texaco No. 1 S. E. Edwards estate, southeastern Tom Green county wildcat one-half mile southeast of Wall, C SW NE 68-11-SPRR, was plugged and abandoned at 5,955 feet in Cambrian sand after recovering salt water on a drillstem test.

The triple-pay TXL field in west central Ector county gained another Devonian natural producer in Shell and Cities Service No. 1-B TXL, C SE NE 19-45-1s-T&P, which registered a daily flowing potential of 1,978 barrels from a perforated section at 8,005-90 feet.

Sinclair Prairie No. 1 Williamson, wildcat in section 40-45-1s-T&P, three miles north-northwest of the TXL field, had had no shows in drilling to 8,142 feet.

Dunagan Bros. & Brahaney staked No. 1 Watson, scheduled 7,800-foot wildcat in Yoakum county four miles west of Plains, C NE NE 422-D-John H. Gibson. The test will be one mile north of Skelly No. 1 Hodges, which showed some oil.

Gulf spotted No. 1 F. W. Frost, slated 5,100-foot wildcat in northern Yoakum county C NW NW 35-D-John H. Gibson, 3-1-4 miles east and 7-8 mile south of Stanolind No. 1 Edwards, southern Cochran county wildcat seeking production in the San Andres. No. 1 Edwards rigged a cable tool unit to drill out a plastic plug at 5,085.5 feet and cement the same zone in a further effort to shut off water.

Texaco started No. 1 Ira F. DeLoache, proposed 5,000-foot wildcat in Hockley county, 482 feet out of the northwest corner of labor 21-78-Reeves CSL. The test will be two miles north of Texaco No. 1-A Coble, second producer in the Levelland field.

City Milk Producers Decrease in Number

The number of milk producers in the Big Spring area is about two-thirds less in 1945 than it was in 1942, E. R. Nichols, city sanitarian, revealed Friday as the result of a recent check on milk production.

In 1942, 55 milk producers placed 3,492 gallons of milk on the market daily, while in 1945, 19 dairymen bring in 1,100 gallons of raw milk. In addition to the reduction in milk production, Nichols pointed out that the population of Howard county has increased approximately a fifth of that of 1942.

The causes of the sharp drop in milk supplies, Nichols explained, have been cuts in subsidies, dry weather resulting in feed shortages, and an increase in the price of feed. Many milk producers were forced to reduce their herds, and some had to sell all of their cows.

PFC. BOHANNON AT HOME
Pfc. William R. Bohannon arrived Friday morning to spend a 30-day leave with his parents, Mr. and Mrs. Ivy Bohannon. He was with the First and Third army in Europe after going overseas in February.

The Romans practiced rainmaking by spilling water from a large jar taken around in procession on a cart.

Seventh Victim of Bus Explosion Dies

BROOKHAVEN, Miss., June 22 (AP) — Thirteen-year-old Betty Louise Watts of Monticello, died of burns here today, the seventh fatality of the explosion-burning of a passenger bus on the Fair river bridge near Vanilla Wednesday.

Mrs. Wallace Beasley, 37, of Monticello, died yesterday. Still in "extremely critical condition" at a hospital here were Robert Polk of Tyler, driver of the bus, and Katherine Watts, 11, daughter of Mrs. Beasley.

Two other victims of the accident were being treated for serious burns here, and at Jackson, the Rev. J. J. Hedgepeth was recovering from burns of the face, hands and leg.

AB Club Chooses Bailey President

Walker Bailey was elected president of the American Business Club Friday at its weekly luncheon at the Settles. Other officers elected include Ted Phillips, vice-president; Merrill Creighton, sergeant-at-arms; Dwain Leonard, Felton Underwood, Roy Reeder and Jack Johnson, board of governors.

The Boy Scout troop, sponsored by the club, has challenged the members to a baseball game to be played at the West Side Park at 7 p. m. Monday.

It was also announced that the XYZ club, will entertain the AB club members with a party at the city park Thursday.

IT'S WARDS FOR Holiday Sports Togs!

MEN'S SPORT COATS OF BRIGHT 100% WOOL 12.75

When you buy one of these good-looking sport coats, you get a good deal more than just a new addition to your wardrobe! You buy splendid design... expert tailoring... easy, casual fit... a season of smart style, comfort and wear! You get a coat that serves you well on every occasion—for sports or informal dress wear! In colorful plaids, herringbones, diagonals!

MEN'S SUMMER STRAWS—LIGHT IN WEIGHT, COOL! 3.49

Genuine Panamas... crisp "ventilated" meshes! All handsomely designed and tailored, all gayly trimmed with smart rayon crepe or grosgrain bands!

LIGHTWEIGHT SUMMER TROUSERS FOR MEN 4.98

The blended rayon fabrics used in these handsome slacks hold a good press, are slow to wrinkle. Full cut, comfortable. Summer colors for best dress.

RAYON GABARDINE SLACK SUITS FOR SPRING FUN 7.98

The sun is warm... the days are delightful outside. Come out in a new, lightweight slacks suit! One made of crisp rayon gabardine with a handsomely-tailored jacket and slacks pants that fit just right! We've two-tone or solid colors, including Spring's newest matras aqua, red, dusty, brown and navy. For sizes 12 to 20. And notice, they're only \$7.98 at Wards!

TAKE YOUR FUN IN SHORTS THIS SPRING! 2.98

Short, short... medium short... any way you want them, The short story is the important one for Spring. And what cute ones we have! Shorts with pleats swirling all the way around... shorts with a comfy drawstring band... shorts with a neat suspender top. Yes, and in wonderful rayon gabardine. White, red, brown, kelly, navy or gold. Sizes 24 to 30. (Cotton T-shirts, 98c.)

GIRLS' DURABLE DENIM SHORTS FOR ONLY 1.19

Sizes 7 to 14. Come in and see the beautifully tailored, long wearing shorts you can get for this amazingly low price! Full cut for extra comfort!

TAILORED BIB-FRONT SHORTIES, SIZES 2 to 6; 1.19

Darling styles for little boys and girls! In practical cotton denims and seersuckers that need no ironing! Button-on suspenders! Stripes and solids.

NEED A NEW SWIM SUIT? GET YOURS AT WARDS 4.98

You can't miss, for no matter what you had in mind, Wards have it! You'll love our brief two-pieces, our sleek all-in-ones. The styles are so new... and the colors... they seem to have been dreamed up just to make your suntan look all the more wonderful! Like prints! Stripes! Bright shades! You'll find them all in rayons or cottons... all perfect for those long weekends! Sizes 32-38.

GIRLS' WONDERFULLY STURDY COTTON PLAY SUITS! 1.98

Sizes 7-14. Come in and see Wards wonderful assortment today! If you're fabric conscious, you'll know their worth the minute you look at them! Increase in Drilling Applications Shown

AUSTIN, June 23 (AP)—The Oil and Gas Division of the Railroad Commission reported today a total of 148 drilling applications for the past week. This brings the year's total to 3,224 as compared with

3,160 for the same period in 1944. There were 81 oil well completions and 18 gas well completions for the week June 18-23, bringing totals for the year to 1,913 and 350, respectively, as compared with 1,632 oil wells and 136 gas well completions for the same period last year.

Four wildcats drilled brings the year's total to 63 as compared with 84 for 1944.

The average daily allowable for this week was 2,291,491 barrels, an increase of 5,132 barrels over the 2,286,359 figure for last week.

Jas. Tidwell Home For Weekend Visit

A/C and Mrs. James Tidwell are weekend visitors in the home of his parents, Mr. and Mrs. C. H. Tidwell, 500 Goliad Street. A/C Tidwell is in pilot training at the air field at Chickasha, Okla.

Also weekending in the Tidwell home are Mrs. Tidwell's mother, Mrs. Ruby Martin, and her brother of Abilene.

A/C Tidwell's sister, Mrs. W. R. Johnston, and her two sons of Houston, will remain here for another two weeks.

Marine Pfc. Flynt Stationed In Florida After 3 Campaigns

PFC. ARTHUR D. FLYNT

Marine Private First Class Arthur D. Flynt, son of Mr. and Mrs. C. A. Flynt of 1211 E. Sixth Street, has been recalled to the states after three South Pacific campaigns and has joined the Marine guard at the Naval Air Station in Boca Chica, Fla.

Attached to the weapons section of the First Marine Division for over 25 months, 19-year-old Flynt participated in the Guadalcanal, Cape Gloucester and Peleliu campaigns. He made assault landings at Cape Gloucester and Peleliu. Leatherneck Flynt saw over five months of front line action, 69 days at Guadalcanal, 61 days at Cape Gloucester and 30 days at Peleliu. He fought the Japs in six major battles.

He wears the First Marine Division Presidential Unit Citation with bronze star, the Pacific theatre ribbon with four bronze stars and the Purple Heart with gold star. He was wounded at Cape Gloucester by Jap sniper fire and at Peleliu by Jap mortar fire.

Marine Flynt entered the corps in August of 1942, after attending Big Spring High.

Personnel Changes At Air Field Made

The following new arrivals were announced last week by Col. Ralph C. Rockwood, commanding officer of the Bombardier school:

Capt. Charles D. Bonnett, 1st Lt. Thomas R. Wright, 1st Lt. George I. Mordical, 1st Lt. Harold Kristal, 1st Lt. Ralph J. Morgenbesser, 1st Lt. Robert M. Cooper, 1st Lt. Paul C. Ellzey, 1st Lt. Thomas F. Farrell, 2nd Lt. William E. Irons, 2nd Lt. Jacob J. Muller, 1st Lt. Robert L. Selby, 1st Lt. James F. Ellis, Jr., F/O Leon J. Harry, F/O Clyde A. Kostenbader. New enlisted men are: Pvt. William Mikolajzen, Pfc. Russell J. Klassen, Sgt. George R. Kleveron, Pvt. Jacob C. Boesch, Jr., Pvt. Jack Short, Pvt. Frank Papa, Pfc. Sumner L. Sherwin and Cpl. Warren H. Meredith, Jr.

Promotions of the following enlisted personnel were also announced this week by Col. Rockwood: Pfc. Dorothy M. Brittingham, Nellie M. Batson, Jean V. Blair, Mabel T. Butner, all to be corporals.

Major Edwin C. Heikkila of Brooklyn, N. Y., left for a new assignment. Major Heikkila has been in charge of the ordnance department here at the bombardier school. His wife and young son live in Big Spring.

Also leaving was Capt. Thomas J. McDonald, Catholic chaplain, who has been here for over a year. Capt. Martin B. McMahon will replace Father McDonald.

Eisenhower Spends Quiet Family Day

ABILENE, Kas., June 23 (AP)—General Dwight Eisenhower is still in town, but his fellow townsmen are pretending that he isn't—in consideration of his wishes to spend a quiet day with his family.

This morning the general, with his wife and son John and all of the Eisenhower family circle were continuing their private reunion at the old Eisenhower residence in South Abilene.

The area around the home has been blockaded by a cordon of military police.

No official announcement has been made regarding the general's departure, but it is understood he plans to leave tonight for Washington where he has an appointment early in the week before going on vacation for a week or so.

TEN CASES IN COURT

Ten cases in city court Saturday morning brought the week's total to 55 cases. Twenty-seven drunks were fined, nine persons were picked up for VD checkups, six vagrants were jailed and four drivers paid traffic violation fines. There were two cases each of disturbance of the peace, driving while intoxicated and investigation of insanity. There was one each of car theft, dangerous driving and affray.

WITH SEVENTH ARMY—2nd Lt. Clifton D. McDonald, formerly of Big Spring, is stationed at Linz, Austria with the Seventh Army. Lt. McDonald won his commission in the field for leadership in battle. Wounded in Germany on March 15, 1945, he holds the Purple Heart and the Bronze Star for extraordinary courage in action, and the combat infantryman's badge. His wife, Mrs. Wieda McDonald, and their baby daughter, Leela Dale, reside at Forsan with her parents, Mr. and Mrs. Sam Porter.

College Heights PTA Recreational Program Progressing Smoothly

College Heights P-TA recreational program rounded out its second week Friday under the supervision of Arah Phillips with things running smoothly.

More than 30 children have been attending and others, off on vacations, are registered.

Schedule includes 20 minutes of library period, 30 minutes story telling, 10 minutes calisthenics and the remaining two hours in outside play. Equipment includes facilities for softball, swings, horse-shoes, ring toss, bean bag, bowling, table tennis. Basketball goals are being erected. Friday afternoons are given over to play and swimming at the park with special supervision given the younger children.

Friday afternoon children will be asked to bring picnic lunches for their park outing, and mothers are invited to attend.

Attending are Edmund Burke, Billy Blum, Darrell Sanders, Dennis Winterrowd, Doyle Phillips, Billy Bob Satterwhite, Sue Boykin, Donald McCarty, Ronald Wooten, Lonnie Winterrowd, Billy Dillon, Durwood Denton, Robert McCarty, Sylvia Ann Brigham.

Nancy Strahan, Marie Hall, Mary Evelyn Kyle, Barbara Ann Rowland, Julian Baird, Bobby Bluhm, Don Brigham, Jackie Sparks, Dickie Dixon, Dixie Dixon, Patricia Ann Dillon, Larry Dillon, Ronny Sanders, Jesse Duggan, Bobby Duggan, Sydney Cravens, Ann Crocker.

Hot Weather Means Spread Of Polio As Number Of Victims Mounts Higher

By The Associated Press
Infantile paralysis, which spreads fastest in hot weather, was getting in its licks over Texas today, but the disease had not reached epidemic proportions in most areas. Frequency appeared to be most severe along the Gulf coast.

The state health department listed 198 cases for the period ending June 16, compared with 65 cases for the same time last year, but some cities reporting said the frequency was less than last year.

Houston was the hardest hit with 64 cases and four deaths in Harris county compared with five cases and one death at that time last year. In addition, 16 persons from outside Harris county were treated for polio.

Galveston had 18 cases and one death and Herman A. Bornefield, commissioner of streets and public property, had requested a supply of DDT, an insecticide, through the War Production Board.

In Austin the state health department stressed that there is no known prevention or protection against polio but said since scientists believe the disease is filth-borne that community and personal hygiene and sanitation is commended.

Dr. George W. Cox, state health officer, said: "It is now believed that poliomyelitis is primarily another of the several gastro-intestinal infections. Therefore, control measures must emphasize cleanup campaigns and improvements in sanitation."

"Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately.

Suitable garbage containers should be kept covered. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies.

"All swimming pools should, under rigid supervision, maintain those standards approved by the Texas state department of health. Every effort should be made to secure approved milk. Rats and mice should be eliminated. Every effort should be made to maintain in the home the same sanitary standards that are necessary in community life.

"All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. In the present

emergency, those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining high sanitary standards.

"Over-exertion in children should be avoided. Children should not visit homes where there is a sick child. Cases should be isolated for 14 days. Early symptoms of infantile paralysis are headache, fever, vomiting and drowsiness, followed by stiffness in the neck and back."

Veterans Interested In Purchasing Land

AUSTIN, June 23 (AP)—Bascam Giles, commissioner of the general land office said today he has received 300 letters from veterans regarding purchase of state land.

Giles said the letters stem from "widely scattered military centers" and indicate to him that "news of the constitutional amendment to be voted on Nov. 1946 (providing for purchase of land by the state which veterans in turn may buy on small down payments with 40 years to pay) is reaching the far corners."

Under the G.I. Bill of Rights, said Giles, veterans are given a fifth priority on government real property; under the state plan their priority of purchase would be raised to second place.

Irving Berlin, who has written more than 800 songs, has never had a music lesson or learned to read music.

Oil Production Tops Record
HOUSTON, June 23 (AP)—United States crude oil production again set another new all-time record in the week ended June 23 and was within 100,000 barrels of 5,000,000 barrels a day, reports to the Oil Weekly revealed. The nation's output averaged 4,899,340 barrels daily, an increase of about 13,000 barrels over the previous peak reached in the week before.

GAS THE WONDER FLAME THAT COOLS AS WELL AS HEATS

"MINSTREL DAYS" WELL RECEIVED BY LARGE AUDIENCE OF TOWNSPEOPLE

A crowd of approximately 1,200 persons cheered a complimentary performance of "Minstrel Days," presented by cadets of Class 125 of the Big Spring Bombardier school at the city auditorium Friday evening. The production, written and directed by A/C Jimmy Lynch, was preceded by an old time minstrel parade with characters from the show, a cadet band and approximately 300 cadets from other classes participating.

In the place of an auction of bonds during the first and second half of the show, A/C Lynch asked the audience to remember Class 125 the next time they purchased any bonds. Buddy Proctor was well-received by the audience with accordion selections at intermission.

"Irish" Jimmy Lynch, producer of the first all-cadet show, along with Leon Block, end man, took the spotlight many times with their clever ad-libbing and specialty numbers. Howie Echelman and Dick Collins, end men, had their share of laughs from the audience. Bob Hinkin, who was Mr. Interlocutor, received the most applause for his singing. The audience liked the sobriety of Leslie Livingston, admiral. Ushers who nearly stole the show before it began were Gus Enman, Erwin Fuhrman, Jerry Casteen and Matty Chamberlain.

Among specialties best received were Lee P. King, E. A. Kiehl, Abraham R. Greenbaum, Dick Collins, Dean Manos, Leo Gilligan, Cliff Coleman, R. H. George and Joey Denatale. The audience laughed loudest at Herb Lobell's imitation of Frank Sinatra and the Fat Mamas chorus dancing. Fat mamas were Dalton L. Luth, Dixie Dungan, Billie R. McElroy, Al Bassett, Willie Dietrich and Red Brown.

About 45 other cadets were in the chorus and handled the production. The cast wore costumes from Hollywood which were used in the picture "Dixie," and a Special Service orchestra furnished music. —B.B.D.

Mexican Workers To Be Imported To US

MEXICO CITY, June 23 (AP)—Approximately 35,000 more Mexican workers are due in the United States this year, but none will be assigned to Texas.

A labor department spokesman blamed what he called "discrimination in Texas" for not sending men to this state.

He said 48,000 farm and 67,000 rail workers have left for the U.S.

STEPPING STONE TO TOKYO—This is an air view of the staging area, called "the stepping stone to Tokyo," 18 miles north of Marseille, France, where U. S. troops and equipment are processed for reassignment to the Pacific. Covering more than 10 square miles, the area is a city complete within itself. (Photo by William C. Allen, Associated Press staff photographer). (AP Wirephoto).

Services Will Be Held Today For Shelby Henderson

Shelby H. Henderson, 52, of Andrews, died Friday at 11:30 p. m. in the Lamesa hospital. He has been a resident in the vicinity of Big Spring for the past 45 years. He is survived by five children, R. L. of Big Spring, Glenn, who is in a hospital somewhere in France or Germany, Weldon and Doyle of Knott, and Mrs. Othel MacNease of Midland; his mother, Mrs. Emma Henderson; two sisters, Mrs. Emma Franklin of Lamesa and Mrs. Minnie Smith of Los Angeles, Calif.; and four brothers, Nathan, Wess, and Ted, of Big Spring, and Lee, of Santa Anna. Services are set for Sunday at four p. m. in the chapel of the Eberley-Curry funeral home, with Rev. J. O. Yeates of the Assembly of God church officiating. Burial will be at the Salem cemetery.

Million Musical Instruments Contributed To German Defeat

WASHINGTON, June 23 (AP)—TNT helped, but the harmonicas must have been a factor too, in blowing the Nazis out of the West Wall.

To keep GI happy and occupied in spare time (nothing was said about any contribution to the war of nerves), the Army's Special Services Division procured during the current fiscal year almost 1,000,000 musical instruments, about half of them mouth organs. The sounds the kid next door makes on just one instrument give an infinitesimal idea. Most of the million instruments went overseas. Now the Japanese are up against the same thing, with more slated for the Pacific theater this year.

Giving a "blow by blow" account, so to speak, of this phase of its activities, the War Department disclosed to the House Appropriations Committee that the most popular of all the instruments furnished the doughboys was the harmonica—446,359 of them.

It's Difficult To Determine Winners Of Battle Of Dugout

By JIMMY JORDAN
CHICAGO, June 23 (AP)—The "Battle of the Dugout" is official American League history, but it's still difficult to figure the winner of that brawl between Chicago White Sox and St. Louis Browns players.

Manager Luke Sewell and three of his Brownies didn't win. Sewell was ordered to pay a fine of \$250 by Will Harridge, American League president, pitchers George Caster and Sigmund Jakucki, and infielder Ellis Clary were fined \$100 each as the result of the fight in the Sox dugout at St. Louis last Wednesday night.

And the two members of the Sox club, Manager Jimmy Dykes and batting practice pitcher Karl Scheel—most active in the melee—had only some bruises and scratches to show for their parts.

Harridge, who termed the incident "unfortunate," said the fight was the result of hard feeling engendered earlier in the season between the two clubs because of constant "jockeying," or razzing, of the players.

Harridge said Umpire Pasarella's report revealed there had

been no swearing, name-calling or other provocation on either side to cause the fight.

The melee started during a White Sox rally in the eighth inning of the game when Scheel "jockeyed" Caster as he was removed from the mound by Sewell. Caster threw the ball into the Sox dugout. Dykes protested to Pasarella at the plate, and the accused Browns ran into the dugout after Scheel, with Dykes mixing into the fracas in an effort to protect the ex-Marine.

PIGEONS RELEASED IN RACE
HILLSBORO, June 23 (AP)—More than 300 pigeons were released here today in the 17th annual Dr. R. R. Menown pigeon race. The birds headed for lofts in Illinois and Missouri. The Mt. Pleasant, Ill., Racing Pigeon club sponsors the race.

Large Groups Are Expected At Baptist Youth Encampments Here

Around 900 boys and girls are expected to participate in the fifth annual youth encampment of the Baptist churches this week at the city park.

Beginning Monday afternoon, the Royal Ambassadors from four associations including Big Spring, Lamesa, Mitchell-Scurry and G. A. Y. will register for their encampment which will last until Wednesday after lunch.

The program theme of the camp is "Men Wanted." Mrs. Dick O'Brien is camp counselor and Mrs. Vernon Yearby of Midland is the District Eight WMU president. Others to serve at the boy's camp include Rev. Aubrey Smith of Midland, camp pastor; Blanche Groves of China, missionary; W. M. Haverfield of Fort Worth, chorister; Mrs. S. L. Alexander of Midland, menu chairman; Rev. Ches-

ter O'Brien and Rev. Cecil Rhodes, recreation directors; Mrs. J. E. Hogan, nurse; and Ernest Hock and Rev. Rhodes, camp officers.

The opening day will include a picnic, swimming party and orientation in camp rules. Study periods, swimming, singing and mission study will be a part of the activities. A recognition service at the amphitheatre will be held at 8 p. m. Tuesday.

Y. W. A. AND G. A. CAMP
The young girls of District Eight will begin their camp at 4:30 p. m. Wednesday with the theme, "Widening Our Horizons."

Activities for the girls will include swimming, vesper service, study period, mission study, singing and a coronation service in the amphitheatre at 8 p. m. Thursday.

Personnel of the camp staff will remain the same except Rev. Arthur DeLoach of Odessa who will be camp pastor; Mrs. Forrest C. Gambill of Midland, chorister; and Mildred Watson of Rotan, pianist.

For both camps, activities will begin at 7 a. m. and end at 11 p. m. The girls camp will end following lunch Friday.

Bible School To Begin Second Week At Ellis Homes

Children of Ellis Homes and surrounding neighborhoods will begin their second week of vacation Bible school, sponsored by the First Presbyterian church, Monday.

Sessions are held in the community building each morning from 9 o'clock until 11:30 o'clock. Children between the ages of four to eleven are invited to attend. Thirty-five pupils have been enrolled.

The closing program will be presented at the community building Friday evening, announced Ruby McDunnon, director of religious education of the Presbyterian church, who is in charge of the school.

Those assisting Miss McDunnon are Mrs. C. H. Dunn, Mrs. J. E. Ferrell, Mrs. E. O. Durr, Mrs. M. B. Beam, Mrs. G. A. Barnett, Betty and Pat Monsey, Virginia Middlebrook, Lynn Porter, Lillian Tamstitt, Frances Wilson, Helen Montgomery, Mary Rawlins and Mary Evelyn Johnson.

VISITS HERE
Monroe Johnson, on leave from a West Coast station, has another week to visit with his family and friends here before returning to his assignment with the U. S. navy.

Activities at the USO

SUNDAY
3:00-5:00—Classical recordings; shellcraft class and letter recordings.
5:00-7:00—USO hostesses will serve during the hospitality hour.

MONDAY
7:30—General activities.

TUESDAY
7:30—Music appreciation class instructed by Cpl. Don Hoyt, Mrs. J. R. Farmer in charge.

WEDNESDAY
6:15—Hospital visiting hour at the post with Lillian Jordan, chairman.
6:30—Shellcraft class taught by Mrs. Mary Locke.

THURSDAY
6:30—GSO Planning committee meeting.
8:00—Watermelon feast in garden.

FRIDAY
9:00—Bingo; three minute free telephone call home.

SATURDAY
8:00—General activities.

Mrs. Ann Houser asks that all GSO planning members attend the meeting scheduled for 6:30 p. m. Thursday. All GSO members will entertain service personnel with a watermelon feast at 9 p. m. Thursday in the USO garden.

Pvt. Doug Florida won the bingo free telephone call Friday night. He will call his home, Delton, Mich.

Mrs. F. Meyers and Earlyne Davis were in charge of bingo playing for the Credit Women's club. Hostesses from the VFW Auxiliary were Mrs. Dorothy Hull, Mrs. Cecil Richardson, Mrs. Madrell Bradley and Mrs. Eula Lee.

Mrs. Lewis Murdock was hostess to the Friendship Club Friday afternoon in her home and three guests were present. They were Mrs. J. T. Johnson, Mrs. Johnny Garrison and Mrs. M. A. Cook.

Club bridge high went to Mrs. Herbert Johnson and guest high was won by Mrs. Garrison. Mrs. Garner McAdams, Mrs. Cook and Mrs. R. F. Bluhm won bingo prizes.

Refreshments were served and other members present were Mrs. G. L. James, Mrs. H. V. Crocker, Mrs. C. Y. Clinkscales, Mrs. W. M. Gage and Mrs. R. L. Pritchett.

Mrs. McAdams will be next hostess July 6.

Mrs. L. Murdock Is Hostess To Friendship Club

Mrs. Lewis Murdock was hostess to the Friendship Club Friday afternoon in her home and three guests were present. They were Mrs. J. T. Johnson, Mrs. Johnny Garrison and Mrs. M. A. Cook.

Club bridge high went to Mrs. Herbert Johnson and guest high was won by Mrs. Garrison. Mrs. Garner McAdams, Mrs. Cook and Mrs. R. F. Bluhm won bingo prizes.

Refreshments were served and other members present were Mrs. G. L. James, Mrs. H. V. Crocker, Mrs. C. Y. Clinkscales, Mrs. W. M. Gage and Mrs. R. L. Pritchett.

Mrs. McAdams will be next hostess July 6.

Three Hostesses Entertain Lions Club And Auxiliary

Three hostesses entertained with a picnic supper for the Lions Auxiliary and Club Friday night in the J. E. Hogan home. Hostesses were Mrs. C. A. Shaw, Mrs. Hack Wright and Mrs. Hogan.

Outdoor games were played in the backyard. Approximately 30 persons attended.

Cosden Chatter

By JACK Y. SMITH
R. L. Tollett received a letter from Jake Morgan, assistant traffic manager, who is now in Washington, D. C. working with the Petroleum Administration for War.

Helen Duley recently received a letter from Cpl. Ina Mae Bradley, our only Cosden female representative in the armed forces. The letter was written from a hospital in Manila as "Mickey" has been ill with "Dengue Fever."

A letter addressed to "Cosden Employees" has also been received from Cpl. Ina Mae Bradley, in which she acknowledges receipt of her Cosden Christmas package. "Mickey" says there is nothing quite so pleasant as Christmas in May.

I received a letter from T-Sgt. Frank Barton. Frank tells me that he enjoys the "Chatter" immensely. He now has a new address, it is: T-Sgt. Frank Barton, 383417574, Sq. B, 3018 A.A.F.U., K.A.A.F., Kingman, Arizona.

We received a notification from Sgt. Billy T. Smith, not to send any more mail to his present address. We sincerely hope that this is an indication that Billy is on his way home.

We join Mrs. Elizabeth Drouet in her happiness upon receipt of word that her husband, First Sgt. Paul J. Drouet is on his way home. Leroy Jones and Arnold Marshall, Cosden employees, are leaving Sunday for induction into the armed forces.

We are indeed happy to have James R. Tonn, an ex-employee who has just received a discharge from the navy, back with us in the refinery.

Janice Hurst (Slaughter) a former employee in our accounting department, was a visitor in the office Monday.

Mr. Scott Hammond of Matheson Alkali Work was in the office Monday and Tuesday.

R. L. Tollett received a Nazi flag from Lt. Victor Bales, a former employee, which is now displayed in the office reception hall.

Mrs. Tommie Dodrill has recently moved to Hobbs, New Mexico to join her husband who was transferred there.

I have just received a letter from Cpl. Adrian A. Porter and he sincerely believes he will be back with us in a short while, as he is "sweating out" a discharge.

Mrs. A. P. Moore of Borger is here visiting her daughter, Mrs. Ernest Burchett and Mrs. Juanita Sewell and family.

June Wedding And Honeymoon Should Include Cottons In Bride's Wardrobe

June and honeymoon are linked together with reason as well as rhyme—the usually balmy weather of that month makes it ideal for trips to the country, to mountain resorts, camps, dude ranches, desert places, the seashore and for cruises. It is even perfect for a stay in the city!

The new cottons can't be divorced from a summer honeymoon. There's an air of romance about them that makes them the only welcome outsiders on the trip. Ruffles, eyelet trims, embroidery and other feminine touches abound in all fashions—from those that hold the beachhead to those that stun the stagline.

After you've changed from your beruffled and bewitching wedding gown of organdie, dotted Swiss or cotton net, you're off to a good start in a chic little cotton suit that somehow manages to look as

spic and span at the end of a ride as at the beginning. Favorite fabrics this year are black ballon cloth, jewel-toned chambray, plaid and checked gingham, seersucker, pique and a basketweave; also, gingham, pastel chambray, plaid and white pique jackets are featured with dark skirts that will take the trip without showing soil. Since we're being practical nowadays, it is well to remember that these ensembles will be just as smart to wear when you get back home—for dining out and office work.

For the lovely, lazy days of a honeymoon, you'll want loll-about clothes—three-piece playuits, shorts, slacks and petticoat ruffled dresses that are easy to tub and press. Besides, with these on, you're all ready for any sudden

you on to hike, or bicycle or beat burst of ambition that will spur the better half in a set of tennis.

Midriffs are out in the open in swim suits, playdresses and playuits. Backs are bare, necks are low in dresses for every occasion. Sunback dresses and jackets, capes or boleros are made for each other (just like you and he) and lead a merry double life.

Cotton lingerie is ultra-feminine and pretty. Camisole slips show off under simple sheer blouses. Nightgowns reminiscent of grandmother's day are finding favor with the young just-married set. A housecoat or brunch coat is necessary to have along for the morning meal or just for loafing.

Since you'll have an escort, an evening gown is on your list. Organdie is made for moonlight and memories—it's so beautiful and feminine. Checked gingham is seen also in styles that will make him fall in love all over again! Eyelet batiste, short and long versions, is cool and dramatic and comes in pastel and vivid colors as well as black, brown and navy.

Every girl's dream of her wedding dress comes true—in misty shadow organdie. The demure high neck is belied by the soft ruffle that creates an off-the-shoulder effect, but old-fashioned charm is captured by the ruffled flounce sweeping out over a wide, wide hoop! Tiny buttons march down the back and along the pointed sleeves.

Just married—and off to a good start in this lovely Hannah Troy suit. The jacket, crisp cotton pique, particularly fitting for brides, is mated to a dark skirt that will take the honeymoon trip without showing soil. Pin the wedding corsage on the shoulder or wear the red flower that comes with the suit. Tiny sailor from Harryson Hats.

This charming summer evening gown, perfect to pack into a trousseau, puts Mary Ellen Moylan, Ballet Russe star, in a moonlight-and-roses mood. It's soft, waffle-weave cotton pique printed with the large red roses of romance and black scroll versions of the same flower. Cotton lace edgings and black velvet ribbon make for a demure look—believing the sophistication of the dropped shoulders. A fabric flower nestles in the bosom of the bodice, repeating the pattern of the pique.

FIRST BAPTIST WMU will have a business meeting at 3 p. m. at the church, followed by a social.

Couple Exchanges Wedding Vows

Mr. and Mrs. A. B. Dyer announce the marriage of their daughter, Wanda Lee to Pvt. Arthur B. Cook of Peoria, Ill. at 7:20 p. m. June 18 in the Dyer home. Rev. P. D. O'Brien read the single ring ceremony.

The living room was decorated with gladioli and pink carnations. The bride wore a white gabardine suit and aqua blue accessories. She wore an orchid corsage.

Mrs. L. H. Warren, the bride's sister, was matron of honor. She wore a baby blue dress and black accessories. Her corsage was of gardenias.

Blackie Sewell was best man. Wedding guests were Martha Childress, Marie Warren and Lt. L. F. Pousard.

The couple left Thursday for Peoria, Ill. where they will visit the bridegroom's parents. He is stationed at Sioux Falls, S. Dak.

TO BEGIN COURSE

Mary Green of Forsan has returned to begin her homemaking project class at 10 a. m. Tuesday. All students are urged to be present at that time.

TRY THIS AMAZING BARCEL RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing. How quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcol Concentrate. Pour this into a bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and sensitive.

Perhaps you are overweight due to over-indulgence in food or the wrong kind of food. With the Barcol home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results.

LOSE UGLY FAT WITH BARCEL

Why not slim down your figure without a lot of fuss and bother? Try the Barcol way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcol doesn't show you the sensible way to lose weight, your money will be refunded. (adv.)

Collins Bros. and all other druggists.

Presbyterians Announce Topics

Sermon topics for the First Presbyterian church this morning and evening will be "Invisible Baggage" and "Will God Answer Every Prayer?" Rev. James E. Moore will deliver the morning sermon and Rev. P. Marion Simms, Jr. will be in charge of the evening service.

The young people will meet at 6:30 p. m. at the church.

Daughter Born To Cpl., Mrs. Mavromatis

Cpl. and Mrs. William Mavromatis are the parents of a daughter born at 5 a. m. Saturday in the post hospital. The baby girl has been named Carole Jean and weighs 7 pounds and 1 ounce.

The couple are at home at 701 Nolan while Cpl. Mavromatis is stationed with Personnel Services at the Big Spring Bombardier School. He is in charge of the Special Service orchestra.

TIPS ON BEHAVIOR IN THE AIR FOR NEW AIRLINE PASSENGERS

In spite of war conditions, air travel increased more than a third last year, with the largest rise in women passengers. For more people than ever it was the first flight.

The same principles of courtesy, mutual consideration, and good nature apply to travel by air as by any other mode of transportation. But there are quite a few special customs peculiar to air travel. The exhilaration of flying puts many folks in a whirl, so they feel more comfortable if some more experienced traveler tells them just what to expect.

Regardless of whether you have already picked up your ticket, report at your line's desk at the airport, preferably 20 minutes before departing time. You check your luggage and forget about it until you reclaim it in the waiting room at your destination. It isn't necessary to watch for it being unloaded. Carry as lightweight pieces as possible, so you won't have to pay excess charges.

There is no particular costume more appropriate to air travel than any other form. Remember that you go very far very fast and thus may leave Boston, for instance, with it close to freezing and snow on the ground and three hours later arrive in Washington with the temperature in the seventies.

Don't expect to find a particular seat for you. There will be a seat, of course, but you can take your pick. If you alight at an intermediate stop to "stretch your legs" and wish to keep the same seat for the remainder of the trip, the hostess will mark it "occupied."

While traveling by air is the one situation where it is perfectly proper to chew gum. In fact, it is recommended on taking off and before starting to come down again, for it helps relieve the ear pressure of quickly changing altitudes. The hostesses regularly offer you a stick or two.

It is entirely proper for strangers to strike up a conversation. The experience of flying definitely establishes the propriety of acquaintance-making without introductions.

Don't be afraid to ask questions; Read The Herald Want Ads.

AP NEWSFEATURES

Dear Judge

Well, cross my heart and hope to diet, I've just returned from my first plane ride. I wish you'd been along. You'd imagine it would make you dizzy or sumpin', wouldn't you? But you feel safer than you do looking out over a roof.

It all happened quite accidental like. The flight was in honor of the kids who wrote the best essays on "The Future Development of Aviation." Well, anyhow, I happened to be out at LaGuardia Field and Phyllis Kilkenny was going, so she asked me along. I took fourteen thousand deep breaths before I finally made up my mind, and I'm glad I did. It was terrific.

The kids, Nick Klouy of Brooklyn Tech, Joan Swenson of St. Angela High School, Brooklyn, and Elliot Austen of Junior High School 65, New York, didn't say much before they left but golly

THOSE IKKIES NEVER NOTICED MY TRICKY SUIT!

did they rave when the trip was over! Joan said it was just simply "the most terribly great thing that ever happened to her."

Because nobody has had a party in a dog's age, I haven't had a chance to show off a new Perry Come platter that I got in my birthday loot. It's simply dreamy so I'll save it for a romantic night. One side is "I'm Gonna Love That Guy" and the other "If I Loved You."

Here's another bathing suit idea and one that should surely wake the zombies up on the beach. Paint or sew eyes on an old bathing suit. The bigger the eyes the better and make 'em with long black eyelashes. If you feel ambitious put some lips on it too. But don't go as far as Helen James did. When her family quick like a flash decided they were going to Sea Island, Georgia, she sat up till the wee hours fixing armor until she was tizzy. She came up with a Turner that had ears and noses on it too. Looks gruesome.

By the by, if your suit needs some fillin' out in spots here's a good chest developer that Janie has been doing. First you grab two books, same weight, one in

Marriage Announced

The marriage of Eva Russell Craig, daughter of Mr. and Mrs. E. F. Russell of Big Spring, and Lt. James A. Lammers, son of Mr. and Mrs. Louis Lammers of Leipsic, Ohio, June 7th has been announced. The couple was married by Chaplain Thomas J. McDonald at the post chapel.

The bride wore a two piece white suit and white accessories with a corsage of pink carnations.

Capt. and Mrs. Eugene Steinbacher attended the bridal couple.

Mrs. Lammers was a 1943 graduate of Big Spring High school and has been employed at the Bombardier school for the past seven months.

Lt. Lammers was a 1940 graduate of Millers City High school in Ohio and attended Butler University of Indianapolis, Ind.

Following a short wedding trip to Ohio, the couple is making its home in Big Spring while the bridegroom is stationed here as a pilot.

Recorded Concert Scheduled Today

A program of classical music is being arranged for the second classical recorded concert to be held on top of Scenic Drive at 7 o'clock this evening. The program is known as "Concert in the Sky."

The feature may continue throughout the summer months. First of the concerts was held two weeks ago and requests for another were so great that this one was arranged.

Transportation will leave the Sad Sack Shack and the USO at 6:30 p. m.

Special Service Section is in charge of the entertainment.

each hand. Hold at shoulder level with bent elbows. Tense arm muscles slowly as tight as possible, raise books as high above head as you can and with arms outstretched above your skull push arms back as far as you possibly can make them go. Return books to shoulder level by bending elbows.

We had a hen huddle about the best way to tan quickly since the weather has been so cool here up till now. Mary said she liked cocoa butter, Ann liked baby oil and Jean came up with a concoction that sounded good. She said to take equal parts of olive oil, vinegar and witch hazel and mix 'em together. So Ann and I decided to try it.

Everything went along fine until two repulsive we dragged along to the beach with us said they thought we smelled like salad dressing.

So Long Chum,

Vivian

Lea Brothers Home On Leave After Overseas Service

Pfc. Thomas B. Lea and Sgt. Oliver W. Lea are visiting here in the home of their mother, Mrs. Eula Lea, after service overseas in both the Pacific and European theatres.

Pfc. Lea, back from three years in the Pacific, has been allowed 45 days at home, and Sgt. Lea, who has been in Europe for two and one-half years, is to have 60 days. After their leaves, they are to report for reassignment to Ft. Bliss and Ft. Sam Houston, respectively.

Pfc. Lea, an ambulance driver, holds the Chauffeur's medal, and Sgt. Lea has been awarded four battle stars.

Willie Jean Clark of Littlefield is visiting her aunt and uncle, Mr. and Mrs. Walter Clifton.

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an extremely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight!

Lamesa Church Has New Pastor

LAMESA, June 23—One week from today the Rev. Clarence A. Morton, Ballinger, will assume the pastorate of the First Baptist church here.

He will succeed the Rev. E. F. Cole, veteran Lamesa minister who resigned to enter evangelistic work.

The new pastor has been minister for the First Baptist church in Ballinger since October 1, 1937. During his ministry a \$10,000 debt has been liquidated and a substantial sum raised for post-war work. He organized the Mexican Baptist church at Ballinger and served for five years as moderator of the Russell Baptist association and has been a member of the Howard Payne board of trustees and a vice-president of the Baptist General Convention of Texas. Howard Payne conferred a doctor's degree on him last spring.

The Rev. Morton also has been active in community affairs and is a member of the American Legion.

Mrs. R. D. Ulrey and daughter, Mrs. O. W. Scott, and son, John Owen, have returned from a visit with relatives and friends at Woodward, Okla. John Ulrey, A/S, has arrived here to spend a ten day leave with his parents, Mr. and Mrs. R. D. Ulrey. He has been attending V-12 school at Georgetown and will enter V-5 school at Corpus Christi July 1st.

Mr. and Mrs. W. N. Brown of Fort Worth have returned home after a three week visit with her parents, Mr. and Mrs. W. G. Orsbun and family.

Col. Wittkop Relieved Of 34th Command

Col. Hilbert M. Wittkop terminated his year of command of the 34th Flying Training Wing with a message received at the Big Spring Bombardier school today commending all stations for improved military efficiency.

The colonel, a former commander of the Big Spring Bombardier school urged a continued emphasis on vigorous leadership by all officers and non-commissioned officers.

Col. Wittkop has been relieved

of command of the 34th Wing to devote full attention to the new emphasis of the very heavy bombardment program in the 31st Flying Training Wing. He will direct the transition of the "ondo AAF Base to a very heavy bomber flight engineer school in addition to commanding the four stations already in the 31st Wing.

Mr. and Mrs. W. N. Brown of Fort Worth have returned home after a three week visit with her parents, Mr. and Mrs. W. G. Orsbun and family.

"YOU MIGHT THINK THIS OVER"

Possibly "self medication" does more harm to the American people than any other bad habit they have. Your Physician (like your Pharmacist) is trained as a specialist to treat and diagnose diseases.

Your Pharmacist is a "College man too" and is trained to compound the most complicated prescriptions. All Pharmacists who qualify under the present law are "Good Pharmacists"—and all of them work with your Physician.

We have never claimed to be better than our friendly competitors—and your Physician understands that—and we don't believe that we have a competitor who claims that he knows more than we do. It's just a matter for you individually to decide—WHO DO YOU WANT TO FILL YOUR PRESCRIPTIONS?

Martin-Howard Soil Conservation District News

Jim Hodnett, stockman and farmer of the Vincent ranch conservation group, is planning to construct a 4,000-yard stock pond on his place. Soil Conservation Service representatives, "Blackie" Morris and "Lefty" Bethell, assisted Hodnett in locating and surveying the site.

Two stock ponds built in the past few months on the Willis Winters stock farm in the Vincent conservation group are practically full of water, according to Winters. He plans to stock one of the ponds with fish, securing fingerlings through cooperative efforts of the Martin-Howard Soil Conservation District, the SCS and the Fish and Wildlife Service.

To insure a better growth and quality of fish, commercial fertilizer will be added to the pond periodically. According to C. R. Donaldson of the SCS a pond covering a surface acre should produce 200 pounds of fish annually provided the proper fertilizer is supplied.

Six terraces built to meet district specifications of 15 inches settled height, 24 feet base width and four-foot crown width held in a hard rain which fell on the O. R. Crow farm. Three terraces which were not built up to district specifications failed to hold all the rain as water went over terrace tops. "I believe those terrace specifications are about what it takes to hold these hard dashing rains," said Crow, whose farm is located in the Luther conservation group.

Norman Read, rancher cooperator, said that his "watering units are distributed rather uniformly now and with a little cooperation from the weather, stock water will be plentiful. All of his tanks are full or nearly so since last week's showers."

Housewives Can Help Stabilize Fat Supply By Saving Fryings

Housewives can help stabilize our dwindling supply of fats and oils by saving "more frying pan drippings unfit for further kitchen use, E. C. Munro, acting district representative, said today.

The more used kitchen fats homemakers turn in, the less likely are point values to rise on such as shortening, lard and cooking oils. By salvaging grease otherwise ready for the garbage, homemakers can assure themselves of more fats and oils and at the same time supply our armed forces with the raw materials to make TNT, incendiaries, vaccines and thousands of battlefield necessities.

Each pound of used kitchen fats means two extra red ration points and four cents to the home-maker.

Interpreting The War News— Jap War Is Entering Final Phase But Duration Is Undeterminable

By KIRKE L. SIMPSON Associated Press News Analyst With the end of organized enemy resistance on Okinawa the war against Japan in the Pacific is entering this week on its final phase but with no estimate from any American or other official quarter as to how long it may take to finish the job.

East Outpost Reports Show

Oil activities moved through a comparatively quiet week in this area with Cosden No. 2 Reed Bros., a southeastern Howard county outpost, highlighting developments with a show of free oil.

The test, just east of Chalk production, had the show from 2,485-95 feet in lime and drilled ahead. No test is anticipated until it has reached the 3,000 foot zone, which it is seeking. Location is in section 141-29, W&NW.

Continental No. 1-D Settles, deep test in the northwest quarter of section 133-29, W&NW, continued to swab after treating a pay section from 8,950-9,080 feet with 2,000 gallons of acid two weeks ago. Continental 134-A No. 11-S Settles set five and a half inch string at 1,235 feet.

To the south in Glasscock county, C. W. Guthrie No. 1 Sally Edmondson had a fishing job below 4,100 feet. Guthrie was preparing to move in on his No. 1 C. W. Scott in section 64-29, W&NW.

Continental was rigging up for its 6,700-foot northeastern Martin county wildcat, the No. 1 E. W. Douglas, in section 33-34-3N T&P. In Seccury county Lion Oil No. 1 C. Y. McLaughlin, in the southeast quarter of section 197-97, H&TC, had a slight show of oil at 2,415-20 feet from the San Angelo section and drilled past 2,970 feet in lime.

Cosden plugged and abandoned its No. 1-A Reed, wildcat two miles north of East Howard production. Located in section 40-30-1N, T&P, the test was drilled to 4,258 where it had a hole full of water.

Chaplain MacDonald Sent To Selman Field

Chaplain Thomas J. MacDonald left Big Spring Bombardier school last week, a year and a month after his arrival. He will report for duty at Selman Field, La.

Capt. Martin B. McMahon will replace Father MacDonald as Catholic chaplain. A graduate of Niagara University, Father McMahon is from the Camden, N. J., diocese. He was transferred from Selman Field.

involved for that. They include such items as Russia's future role in the war in Asia and a Chinese military resurgence that has materially altered the situation adversely for the foe in the last few weeks.

With Okinawa secure there seems warrant in regarding its fall as the conclusion of preliminary phases of the battle of Japan itself.

Substantially, the foe has been split in two. His armies at home and in China have been to all intents and purposes cut apart. Now the opportunity to apply the same old military maxim that worked so well against Germany with a Russian-Allied junction on the Elbe, divide and conquer, is at hand.

While American military estimates figure that only 10 per cent of Japanese army strength has yet been encountered, that 10 per cent is extinct. It is either dead or doomed in by-passed traps.

Another hand-picked and powerful Japanese force is not only cut off in northern China, but idle. Cut to little more than task force strength, what is left of the Japanese fleet has confessed impotency. It failed to put in any appearance off Okinawa. By Japanese reports American task forces are active both southwest and northeast of that island with no hint of attempted challenge by enemy surface craft.

The Okinawa corner has been turned. It leaves in doubt only the duration, not the outcome of the struggle.

His duties are primarily concerned with refreshing navigators to take off from Alameda on flights to Pearl Harbor and into the far expanses of the Pacific aboard transports and patrol bombers. Lt. Stripling flew these stretches for more than a year.

A graduate of Big Spring high school, he did work at S. A. & M., was graduated from the University of Houston, served as a weather bureau observer here, at Gainesville and Houston before being commissioned in November, 1942. Prior to his navigation assignment, he was stationed at naval air stations in Dallas and Hollywood, Florida.

Lt. Stripling is the son of Fox Stripling, his wife, Mrs. Adele Stripling, and their daughter, who have been visiting here, left Saturday to return to their home in Oakland, Calif.

Forty Scouts have registered so far from Howard county, Norris reported, and 20 adult leaders have made plans to attend.

The Colorado City area will have its Philmont camp beginning on July 7 and lasting a week. Adult leaders from that district to attend the camp are John Dahse, Ed Williams, L. J. Taylor and Roy Davis Coles, camping and activities chairman for the district.

Cotton Futures Hold Steady To Higher

NEW YORK, June 23 (AP)—The cotton futures market held quiet and steady today to close 10 cents a bale lower to 15 higher. The July 1945 position was under moderate liquidation pressure, accompanied by switching into other months, in anticipation of first notice day next Tuesday.

Futures closed 10 cents a bale lower to 15 higher.

Registration Opens For Balmorhea Camp

Application blanks have been received at Boy Scout headquarters for the Water Activities Camp at Balmorhea State Park July 10-13, Executive H. D. Norris announced Saturday.

The camp will be conducted primarily for Scouts desiring to learn to swim or to improve their water skills. It provides an opportunity to earn the swimming and life saving merit badges as well as Red Cross certificates in several classifications.

W. A. Martin, field executive of Midland, director of the camp, stated that registration will close July 7, and advised all Scouts planning to attend to submit their application, fees and medical examination blank by that time.

Mrs. Billie Wald has as her guests her parents, Mr. and Mrs. R. U. Parker of Colorado City. Mr. Parker received his discharge from the army last week after three years service.

Stripling Wins Navigator Wings

LT. ALLEN A. STRIPLING

Lt. (jg) Allen A. Stripling, USNR, fresh from a tour of duty as aerial navigator, has been assigned as an instructor at the navy aviation training department at Alameda, Calif.

Recently he was awarded the wings of a naval aerial navigator, being one of only 617 men entitled to wear the multi-pointed silver compass star centered on the gold wings.

His duties are primarily concerned with refreshing navigators to take off from Alameda on flights to Pearl Harbor and into the far expanses of the Pacific aboard transports and patrol bombers. Lt. Stripling flew these stretches for more than a year.

A graduate of Big Spring high school, he did work at S. A. & M., was graduated from the University of Houston, served as a weather bureau observer here, at Gainesville and Houston before being commissioned in November, 1942. Prior to his navigation assignment, he was stationed at naval air stations in Dallas and Hollywood, Florida.

Lt. Stripling is the son of Fox Stripling, his wife, Mrs. Adele Stripling, and their daughter, who have been visiting here, left Saturday to return to their home in Oakland, Calif.

THEY GAVE A BLOW TO JAPS

WITH 31ST DIVISION, Mindanao, Philippines, June 23 (AP)—Two infantrymen, Pfc. George W. Dunkl and Harold W. Gore, were awarded Silver Star medals for valor in a whirlwind battle. The two turned out to be from Windyville, Mo., and Hurricane, Utah, respectively.

Hereford Breeders Re-Elect Officers

Officers of the Howard County Hereford Breeders association were re-elected Saturday to their second term in the young organization.

Among them were Rexie Cauble, president; E. W. Lomax, vice-president; Leland Wallace, secretary-treasurer.

A good representation turned out for the association meeting, which followed on the heels of the 4-H and HD barbecue, at which members were guests. Considerable interest was manifested in a move to combine major agricultural shows and to provide adequate housing. Members also talked briefly of plans for their second annual breeders show and sale next spring.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Partly cloudy Sunday.

WEST TEXAS: Partly cloudy Sunday and Monday. Widely scattered afternoon and evening thundershowers.

EAST TEXAS: Partly cloudy Sunday and Monday. Scattered afternoon thundershowers near upper coast. Gentle to moderate east and southeast winds on the coast.

Grasshopper Menace Worst Since 1927

COLLEGE STATION, June 23 (AP)—Paul Gregg, assistant entomologist for the A. & M. College Extension Service, said Texas' current yellow grasshopper infestation is the worst since 1927.

The 1945 'hopper population is 30 times that of 1944, he said. Infestation now at its peak is worst along the principal rivers of Texas, Brazos, Colorado, and Trinity, and their tributaries and in Coleman, Rannels, Taylor, and Brown counties. Young cotton and corn have been heavily damaged by grasshoppers in these areas, Gregg says.

Sixty-five counties are receiving bait materials from the federal government for fighting the hoppers.

Rev. Arnett To Assume District Duties On July 1

THE REV. WILLIAM ARNETT

The Rev. William Arnett, pastor of the Forsan Baptist church, will assume his duties as missionary for district No. 8 of the General Baptist Convention of Texas one week from today.

That will mark the end of 15 months as pastor at Forsan and his last day with that church. He succeeds the Rev. W. C. Harrison on Odessa, who has served as missionary since 1940. The Rev. Harrison has accepted a call as pastor of the newly organized Belmont church in Odessa.

Assumption of his duties by the Rev. Arnett will bring to the district its first man who was reared and has done his ministerial work within the district. He had all but one year of his schooling in Big Spring and was graduated from Midland high school. Rev. Arnett was graduated from Hardin-Simmons University and studied at Southwestern Baptist Theological seminary at Fort Worth.

His new charge will embrace more than 80 Baptist churches in the Big Spring, Mitchell-Scurry, Lamesa and Gaines-Andrews, Yoakum associations. No decision has been reached as to where he will be headquartered. The Forsan church has named a pulpit committee to seek his successor.

Concert In The Sky To Be Given Tonight

The second of a series of Concerts in the Sky, a program of classical music, will be presented at Seale Drive tonight at 7 p. m. The music of Strauss and Schubert will highlight the concert. All military personnel who wish to attend the concert will be provided transportation, with one bus leaving the Sad Sack Shack at 6:30 p. m. and another bus will leave the USO at 6:30 p. m.

The Week

(Continued from Page 1)

now as they ever were. They are not restricted. Initial reports on the cutback of army claims of meat for the next two months indicate our situation may not be helped too much unless regulation on small, independent slaughterers is relaxed. If pressure is maintained to funnel supplies through federally inspected packers, then increased quotas won't make much difference so far as we are concerned.

Powell Creek lake got 10 feet of water out of a brisk thundershower last week. This means around 100,000,000 gallons of recoverable water, which, at the rate of utilization, ought to carry into September when normally a wet month turns up. The lake supply points to the advantage of a dual system. While it is being pumped, wells are produced lightly, replenishing underground reserves. Then the wells can be pushed if drought persists.

The need for rooms is as desperate as ever—if not more so. This is a chance for local residents, who have responded well during the emergency, to lend a helping hand to those who have been fighting the real battle. The Herald is not drumming up business. It is interested in seeing rooms provided . . . so list them with the chamber of commerce or the USO if you like, but list an extra room if you possibly can.

Considerable construction continues underway here. There are several business structures as well as living quarters. There's no telling how much would be done if materials and men were available.

Use of the amphitheatre by the 4-H and home demonstration club members Friday evening calls to mind the pre-war days when home talent affairs used to draw several thousands weekly. These things ought to be down on our post-war plans.

This week upwards of 1,000 youngsters from 12 counties in this area will be at the park for their annual encampment. It is one of the largest gatherings of its type in this section of Texas.

Truck Drivers Of Ten Dallas Lines Strike

DALLAS, June 23 (AP)—A sympathy walkout by approximately 160 drivers and dock workers of the American Federation of Labor teamsters union today virtually closed down all Dallas operations of ten truck line companies.

The strike was voted Friday by members of the teamsters union in support of striking members employed by the Johnson Motor Lines.

Unloading Docks For Ice Underway

Construction of unloading docks as a means of expediting delivery of refrigerator cars is underway at the Southern Ice company siding.

The docks, sufficient for spotting of three ice cars simultaneously, are designed so that the ice cargo can be skidded from the dock to a conveyor belt which elevates the 300-pound cakes to the loading docks.

Here, it can be used on any part of the long stretch which permits spotting of 20 refrigerators cars at one time.

Ice shipments from Dallas are used to supplement production from the local plant and to avoid the possibility of shortage of domestic supplies. Ordinarily, production here is sufficient to meet demands, but in order to avoid the risk of dipping too sharply into reserves, supplemental supplies are booked, said M. A. Cook, manager.

Cook started the shipments earlier this year due to an unprecedented demand on reicing. The volume this year has been substantially above last year, which shattered all records for the Southern Ice station here.

US, England Expected To Recognize Moscow Polish Organization

LONDON, June 23 (AP)—Moscow and London predicted tonight that the United States and Britain would abandon the London Poles and recognize the new "Provisional Polish government of National Unity" probably within a matter of days.

Moscow dispatches said that the new government formed in Moscow yesterday soon would leave for Warsaw, where the exact composition of the cabinet was expected to be announced early next week.

The assignment of cabinet posts and a pledge from the reorganized government to hold "free and unfettered" elections appeared the only questions delaying recognition of the new administration, formed from representatives of the Soviet-sponsored Warsaw government, former members of the exiled London government and democratic leaders from within Poland.

Automatic recognition of the reorganized government was assured by the "Big Three" at the Crimea conference, which called for a secret ballot and universal suffrage.

Reported Missing

Tommy Lane, storekeeper aboard a navy vessel, has been reported missing in action, it was learned here Saturday. He is the son of Mrs. Libby Lane, who formerly made her home here with her son.

Try and Stop Me
DAILY STORY FROM THE BEST-SELLING BOOK
By BENNETT CERF

THIS is the story of the day "Merkle didn't touch second"—Sept. 23, 1908. The Giants, Cubs and Pirates were practically tied for first; every game was vital.

The Giants and Cubs went into the ninth dead-locked at 1-1. In the home ninth, McCormick was on third with two out. Merkle was on first. Bridwell singled. McCormick crossed the plate with the winning run, but Merkle, instead of running down to touch second, dashed for the clubhouse.

This was really no "bonehead" play; it was customary then. But the shrewd second-sacker of the Cubs, Johnny Evers, called for the ball, touched second base, and jawed Umpire Hank O'Day into calling Merkle out on a force play. The crowd was all over the field and resumption of play was impossible.

As luck would have it, the Giants and Cubs finished the season in a dead tie, and the championship was decided by the playoff of this one game. The Cubs won it, 4-2. A freak play gave a smart, first-rate player a reputation as a "sap" that he could never live down. Fred Merkle will always be remembered as "the guy who didn't touch second."

No One Knows Better Than He— What's Still To Be Done

Loveable General "Ike" Eisenhower brought our troops through to Victory over nazism and facism in Europe . . . at a great cost in human lives, munitions and dollars. For him the actual combat is over. But his experience and vision tell him how long the remaining war—with Japan—can last.

He knows how stubborn and unreasonable fanaticism can be. If you were to ask him for advice—it would be to buy bonds—**BIGGER AND MORE**—to hasten the end of the war. Cosden and its employes are proud to be following this policy and urge others to buy Bonds.

BUY ALL THE BONDS YOU CAN IN THE 7TH WAR LOAN DRIVE

Cards Beat Cubs To Move Within Three Games Of National Lead

CHICAGO, June 23 (AP)—The champion St. Louis Cardinals, who apparently have their pennant machinery in working order again, were only three games behind Brooklyn tonight after knocking off the Chicago Cubs, 6-4—and doing it the hard way—before 12,264 here today.

Bymeabond Stages Santa Anita Upset

ARCADIA, Calif., June 23 (AP)—Bymeabond, brown colt from the J. K. Houssels stable, scored an upset victory in the eighth running of the \$50,000—added Santa Anita derby today.

Given a sensational ride by Georgie (The Iceman) Woolf, the Houssels steed won by a half length over Busher, Louis B. Mayer's hitherto all-winning filly. Best Effort, from the Jay Paley stable was third.

Bymeabond's time of 1:50 even was a new record for the derby distance of a mile and an eighth, eclipsing the 1:50 2/5 mark Stagehand set in 1938.

LARGE FIELD
CORPUS CHRISTI, June 23 (AP)—A field of more than 150 is expected to take part in Corpus Christi's eighth annual invitational tournament, July 4-9.

The tournament is being revived after a three-year lapse. It was last held in 1941 with Lonnie Wendland of San Antonio defeating Joe Worthington of Kingsville in the finals.

Scientists have discovered an apple with almost as much Vitamin C as an orange—the White Calville.

Bostick Brothers Are Visiting Here

Capt. Alton Bostick and F 2c Leemon Bostick are in Big Spring visiting their mother, Mrs. J. H. Lloyd.

Leemon Bostick arrived Friday afternoon after six months service with the fleet. He has been at Norfolk, Va., for training and at the end of his leave he will be assigned to a destroyer.

Capt. Bostick got into Big Spring Saturday for a furlough following six months in the European theater with the 86th division.

Finally Happened

COLUMBUS, O., June 23 (AP)—It finally happened. In the district senior golf tournament yesterday a player missed a two-foot putt.

"Well, I'll be...!" moaned his caddy. Then he announced in a loud voice:

"I absolutely refuse to caddy for any guy who plays golf like that!" Thereupon, he threw down the player's golf bag and stalked off the green.

The astonished golfer had to carry his clubs from there on.

DRIVING FINE
Horace Marshall Howell entered a plea of guilty in county court Friday to a charge of driving while intoxicated and was fined \$50 and costs and had his drivers license suspended for six months.

Yanks Nose A's In Last Of Ninth

NEW YORK, June 23 (AP)—Truck Stainback's fourth hit, which came with one out in the ninth scored Bud Metheny with the run that gave the New York Yankees a 7-6 victory over the Philadelphia Athletics today, before 9,819 paying customers.

Rookie Steve Gerkin, fourth Athletic hurler, was the victim. It was his sixth defeat without a victory. Jim Turner, who relieved starter Joe Page in the seventh, was the victor.

With the score tied at 3-all in the eighth, Charley Metro homered to put the A's in front, but the Yankees went ahead in their half scoring three runs, when catcher Mike Garbarik tripled in two mates and scored the other on a long fly.

The Mackmen tied the score in the ninth without the aid of a hit. Two passes by Turner and an error by Oscar Grimes netted the two Philly runs.

Metheny started the winning rally in the last of the ninth with a single, moved to second on a walk to Grimes and scored on Stainback's single.

BOSTON, June 23 (AP)—As a result of two runs in the seventh without a base hit when two men walked and Bob Johnson muffed a fly, the Washington Senators today beat the Boston Red Sox 6 to 5.

Governor Vetoes District Attorney Pay Increase Bill

AUSTIN, June 24 (AP)—Bills increasing the pay of 52 district attorneys \$1,000 a year and permitting public schools to transport school pupils for compensation were vetoed today by Gov. Coke R. Stevenson.

He said the salary bill increased the pay of district attorneys 25 per cent whereas state employees in lower pay brackets received a pay raise of only 15 per cent from the 49th legislature. The district attorneys' bill did not affect the pay of those officers in the more populous districts which are governed by special laws.

The governor reasoned that the school transportation bill violates the concept of church and state separation although its purpose might be most laudable. It would have permitted public school buses to transport parochial pupils under contract.

Signed and filed with the secretary of state by the governor were bills appropriating \$28,000,000 in the biennium beginning Sept. 1 for rural school aid and \$2,518,110 for vocational education. The rural aid appropriation was an increase of \$6,704,000 over the appropriation for the biennium ending Aug. 31 and the vocational aid bill was an increase of \$120,000.

The governor also signed bills making it unlawful to use county property, labor or equipment for private purposes and declaring salaries of state officers, excepting district judges and certain other officers whose pay is governed by the constitution, shall be those determined by general appropriation bills.

Broaddus Returns To Food Business

W. I. Broaddus, who had to retire from the grocery trade a few years ago due to ill health, is back in business here.

When he sold out his grocery after 11 years of operation, Broaddus went to the farm and it was what he needed. Last week he purchased the food store at 303 Bell from J. B. Hollis and has assumed charge of it.

CUBS SELL PITCHER STARR

PITTSBURGH, June 24 (AP)—The Pittsburgh Baseball Club today announced the sale of pitcher Ray Starr of the Chicago Cubs for the \$7,500 waiver price. The 39-year-old hurler was suspended by the club Thursday for leaving without permission following last Sunday's doubleheader with St. Louis and failing to report for the series in Chicago.

Babe Repeats As Western Champ

INDIANAPOLIS, June 23 (AP)—Babe Didrikson Zaharias of Los Angeles successfully defended her women's western open golf championship today by defeating Dorothy Germain of Philadelphia, 4 and 2, in their 36-hole title battle at Highland golf and country club.

The defending champion, whose mother died suddenly at Los Angeles yesterday, momentarily faltered in the back stretch of a 36-hole title battle over rambling Highland course, but nipped a rally by Miss Germain on the 34th hole.

Pavot Romps To Belmont Victory

NEW YORK, June 23 (AP)—Pavot, unbeaten king of the 1944 two-year-olds, entered the three-year-old turf championship picture with a stretch running performance that carried him to an easy victory in the 77th Belmont Stakes at Belmont Park today.

Aseddie Arcaro brought the brown son of Case Ace from Walter Jeffords' stable to the end of the mile and one-half with six lengths to spare over Lt. Com. James M. Roebeling's Wildfire. Pavot proved he is more than just a top notch sprinter. He came from off the pace and won like a great horse with Wildfire holding off the stretch challenge of Col. C. V. Whitney's favored Jeep to take runner-up honors by two-lengths.

"I felt like I was settling on him like a park policeman," said Arcaro after Pavot had completed the long journey in 2:30 1-5, two seconds off the stake record held by Count Fleet. "He could have run two miles just as easily."

Returning to the winner's circle after falling in the Withers and Preakness, following eight victories as a two-year-old, the Jeffords' colt picked up \$52,675 of the gross purse of \$73,750. Despite his fifth behind Polynesian in the Preakness, he was the second choice of the crowd of 42,832 and paid \$6.20, \$4.50 and \$2.90 across the board.

First Joint Club Camp Attracts 225 Members

Home Demonstration club women, 4-H club boys and girls and farm leaders—some 225 of them—concluded their first encampment at the city park Saturday and counted it a booming success.

A chicken and mutton barbecue at noon climaxed the affair which began Friday at 4 p. m. with a recreational period. After supper the group participated in a program in the amphitheatre and the club workers spent the night at the park.

Breakfast was delayed momentarily Saturday. A pump ammonia leak at the locker plant kept cooks from the food supply for a few minutes. During the morning girls and women had a recreational period as did the boys, who also had a weed and grass demonstration.

Barbecue was prepared by Frank Loveless, W. J. Rogers, R. V. Fryar, Leroy Echols, Ebb Echols, B. N. Newton, Donald Lay, L. J. Davidson, Ira Rice and others. Durward Lewter, county agent, and Mildred Atkinson, emergency food specialist, were in charge of the encampment.

At the amphitheatre program, Mayor Bob Cook extended the welcome and Boyd McDaniel, city manager, lauded the work of 4-H club girls and boys. Ray Echols gave the club creed and Perry Walker told of a recent trip to the Sonora wool show. Wayne White described experiences at Fort Worth, Odessa and San Angelo shows, and R. J. Echols told what he had learned about sheep showing at Fort Worth. Lloyd Robinson described his good fortune in winning a Jersey heifer and in showing the grand champion calf of the club boy show here.

Billie Jean Walker and Perry

Walker sang several popular numbers and J. C. Webb of the Soil Conservation Service, projected a film, "Permanent Agriculture," showing points on conservation. Miss Atkinson expressed appreciation to women and girls for their participation in the encampment, and Arah Phillips, who directed games, spoke briefly.

Saturday morning C. R. Donaldson, in charge of the local SCS unit, showed the boys 35 types of grasses and poisonous weeds so that they could be able to identify them. There were around 105 boys and men, 60 girls and 20 women who spent the night at the park.

Bivouac Guardsmen Get Target Practice

Members of company E, 34th battalion, Texas State Guard, were on a bivouac at Birdwell Tank in eastern Big Spring this morning.

The company pitched camp Saturday night and under the directions of Capt. H. L. Bohannon, Lt. Dale Thompson and Joe Pond, went through a field problem. After breakfast today, target practice on the range at the Big Spring Bombardier School was scheduled. The bivouac ends at noon.

No Worries, Either
ABILENE, June 23 (AP)—John Kynaston closed his downtown cafe and hung this sign on the door: "Ain't got no bacon, ham, beef, sugar, potatoes, pie, less cream, butter. Ain't got no points. Ain't got much help. Ain't got much business. x x x Gone fishin'. Will reopen July 1."

FRENCH ZONE FIXED
PARIS, June 23 (AP)—The French Ministry of Information said tonight that the French occupation zone in Germany has been fixed officially and will include the southern half of the Saar and the Rhineland Palatinate and almost all of the Province of Baden.

Students Drop Strike To Return To Classes

PUEBLA, Mex., June 23 (AP)—The nearly 2,000 students of the University of Puebla abandoned their two weeks' strike and returned to classes yesterday. They had gained most of their demands and abruptly dropped the rest.

The 42 students from Sam Houston State Teachers' college, Huntsville, Tex., against whose presence some of the striking Puebla students had protested at first, have been attending classes without interruption or molestation.

What We Need—Smith Plugs For Memorial Building

When you talk with Jack Y. Smith about post war plans for Big Spring, he not only has an idea, but an actual plan that is already in process of being taken. And that is a memorial community center to house all civic activities in Howard county.

The memorial building is to be dedicated to the Howard county boys in the armed services and is to be built from funds raised by donations. According to Smith the building, land, and all expenses should be about \$150,000.

Many people have expressed a need for such a project but the Big Spring Athletic association is the group that has started actual planning. Smith, who is a member of the chamber of commerce health and recreation committee, points out that such a building as this would suit the needs of everyone in the county.

"Boys and girls, adults, everybody, would be able to use the building which is to be arranged around a gymnasium," according

JACK Y SMITH Photo by Bradshaw

to Smith. Present plans include stands on either side of the gymnasium for spectators of sports events. On one side of the building there is to be a kitchen and a dining room large enough for community dinners. A stage is to adjoin the dining room. The second floor is to house meeting rooms for Girl Scouts and other girls' and women's activities.

On the other side of the gymnasium will be a chamber of commerce location and above it wood-work shops for boys, Boy Scout offices, and place for other boys' activities. This in brief is the plan of the association for the memorial building, and something which Smith hopes will be completed.

Smith, who came to Big Spring 12 years ago to work for Cosden, is now the personnel manager and safety engineer, with sports his main outside interest. He considers Big Spring his home now although he was reared in Abilene. The main attractions for him in this county are the friendly people and the wide awake business men who continually work for the interest of the town, he declares.

F-O Robert H. Canterbury, son of Mr. and Mrs. Monticue C. Canterbury of Big Spring, is one of the first students in Randolph Field's newly-established school for pilots and flight engineers of B-29 superfortresses. On completion of his training there F-O Canterbury, a flight engineer, will go to another AAF station before he leaves for overseas.

Pvt. Juan E. Ramirez has joined the fighting forces of the 27th Infantry Division now battling on Okinawa. The 23 year old soldier entered the service in May, 1944, and has served overseas four months. His wife, Mrs. Estefana Ramirez, resides in Big Spring.

Mary Collins Handley, Yeoman 2/c, is one of nine Texas WAVES who recently reported for duty in the Hawaiian Islands. Yeoman Handley is the daughter of T. M. Collins. She attended Big Spring high school and TSCW and entered the naval service in November, 1943. She was transferred to duty in Hawaii from the 3rd naval district headquarters in New York.

Hirohito Turns To Growing Rice Now

SAN FRANCISCO, June 23 (AP)—An Imperial rice paddy has started in Emperor Hirohito's palace grounds, Radio Tokyo announced today.

His majesty, said the FCC-monitored broadcast, "was graciously pleased to make rice plantings within the compounds of the imperial palace."

Premier Kantaro Suzuki, some weeks ago, was graciously pleased also to spade up the spacious lawns of the official Tokyo residence—with B-29s no doubt helping—for vegetable gardens.

Armor Strike Follows Lay Off Of Negroes

FORT WORTH, June 22 (AP)—A work stoppage in two divisions of the Armour & Company plant here—resulting from the discharge of a group of negro employees who took an ungranted holiday on Emancipation Day, may affect the entire plant, a War Production official said yesterday.

O. H. Britt, labor production representative of the WPB at Dallas, said between 150 and 200 employees, the entire sheep and hog killing sections of the plant, walked off their jobs yesterday following the firing of two and lay-off of six negro workers.

Stewards of the packing house workers union had asked the company to grant a holiday June 19 to the negro workers, but the company refused, Britt said.
