convicted early today and senten-led to 99 years in the sensational kidnaping of John Factor—a ver-dict state officials said marked the smashing of one of the most for-midable criminal organizations in the country. The penalty is the second strong-est punishment possible under III: nois law. The three kidnapers must serve 33 years in prison before they will be eligible for parole. The men convicted were Touhy head of a gang which fought Ai Capone's syndicate for years, and two of his henchmen, Gus Schaefor and Albert Kator. The jury sent a written request to the judge at 11:45 last night for information upon penalties. The jury also asked what the possibilities of parole are under the 9 year sentence. The verdict was returned 30 min-utes later.

With the beginning of construc-tion activities three years ago, a small industrial town grew up on the dam site where several hundred people lived. A number of two-story houses were built for engineers and their families and other structures included over 30 small cottages and bunk houses for the workmen, a mess hall, kitchen, commissary, laundry, and the like. A railroad spur was built to the site, roads were constructed and a post office station was secured. Howard West, chairman of the show's entertainment committee, has announced that there will be seven afternoons and nights of greyhound racing, the program starting on Saturday, February 24, and lasting through Saturday, Mar. 3, with no races on Sunday. The dogs would run in Sam Houston Hall, where the Democratic national convention was held in 1928. Pari-mutuel booths would be installed.

I12 West Missouri, Midland, Texas         F. PAUL BARRON       Publisher         Entered as second class matter at the postoffice at Midland, Texas, under the Act of March 30, 1879	

The one hundredth anniversary of Mark Twain's birth will be celebrated in 1935. And the members of the Mark Twain association hope to raise \$200,000 to endow a Chair of Humor in honor of that event.

A Chair of Humor at a college naturally brings up the question: Do undergraduates have any? And if not, can humor be injected into those who have no big empty spaces to receive it? Then again, what is humor? And who is going to define it? There's the rub. In spite of philosophers, essayists, and learned professors a satisfactory definition of humor is yet to be found. The subject has been studied, discussed, analyzed and fought over but never adequately explained. Humor is an elusive thing and as a rule philosophers in trying to explain it have explained it away.

One man's humor is another man's despair. Who is to set the standard? The radio gagster? The comic strip artist of the wow-zowie-bam school? Or can a faculty member infallibly determine the gelastic value? Humor is probably in the ear of the listener as beauty is said to be in the eye of the beholder. Shakespeare evidently thought this, for in "Love's Labour's Lost" he says:

> A jest's prosperity lies in the ear Of him that hears it, never in the tongue Of him that makes it.

Deep down in all of us is a realization that a sense of humor is a valuable possession. For if anyone declares that we have no humor we regard it as if he had said we started the World war. You can tell a man that he isn't clever at cross-word puzzles, that he's not a particularly good golfer or gifted as a singer and he probably will remain calm, cool and collected. But if you tell him that he lacks a sense of humor-somehow that statement seems just a bit too much for any man to put up with. Perhaps a Chair of Humor may help to remedy all this.

One thing is sure: the entire undergraduate body of any college would gleefully welcome a Professor of Humor but probably not quite in the way an august faculty member would wish.

The occupant of a Chair of Humor at the average American university would very likely find it a hot seat. For it is much easier to endow such a chair than to endow its occupant.

This picture of Abraham Lincoln, long undiscovered, came to light on his 125th anniversary. It is a pose taken in 1863, the negative of which never had been printed. It was found with other unprinted plates among a collection left to Samuel Porter, of Avon Park, O., by his father, who once conducted a Washington studio. The picture is said to rank with the finest ever made of · the martyred president, a striking closeup character study.

**GALVESTON REBUILDS CLUB FOR FLAG** CHASE; JUST MISSED PENNANT IN '33

By TED H. MALOY United Press Staff Correspondent GALVESTON. (U.P.)—Galveston's Buccaneers will send a rebuilt team into the Texas league this year in quest of the championship treasure there here in grand last search.

They barely missed last season. Only half of the 1933 team will return for spring practice, Manager William J. (Billy) Webb said in looking over his roster. Two ace pitchers of last season went to larger clubs. Five other players were lost.

Jayers were lost. George Darrow's pitching attract-ed the Philadelphia Phillies and he was drafted. Chief Moore was sold down the river to pitch for Balti-more. Ira. Hutchinson was sold to the Chicago White Sox, but will be sent here on option April 5. Others lost by Webb were First-baseman Goldberg, Secondbaseman English, Catcher Comolly and Left-fielder Hufft. The latter was injur-ed permanently in an accident dur-ing the winter months. Shortstop Keith Molesworth was traded to Baltimore at the close of last season for five players. They are Gumbert, Liebhardt, Hub-bell, Gibbs, Stratton and Gaffney. Gibbs is a Houston semi-pro play-er, Stratton was picked up from the Van Alstyne club of the Red River Valley league, and Gaffney was add-ed because of his good record in the sandlot leagues. The other three men are experienced in professional ball. Gumbert and Liebhardt will come from the Baltimore Orioles and Hubbell from the champion-ship Baton Rouge club of the Dixie The house was built by his ma-ternal grandfather, S. T. Harrison, in 1856.
