

NAZIS DIRECT AIR ATTACK ON CITY OF LONDON

INCENDIARY BOMBS TOUCH OFF FIRES THROUGHOUT CAPITAL

LONDON, Aug. 25 (Sunday)—(AP)—German air warriors, in their first direct assault against the heavily-protected city of London last night and early today, dropped great clusters of incendiary bombs which lit up this heart of the British empire with the orange glow of flames.

The furious and prolonged bombing scattered fires that enveloped whole buildings within a few minutes.

Even after the raiders had gone and most of the fires had been subdued, a dense pall of smoke hung in the morning sky.

The Nazi bombers kept up their work in sporadic attacks on into the dawn but the big raid of the night was upon the city itself.

That huge onslaught was the third time in 24 hours that Londoners had scurried for air raid shelters by alarms in the metropolitan area. In all, the greater London section has been raided six times since August 15.

There was no estimate of casualties or damage, but first reports indicated serious damage to military objectives.

The intense attack upon London followed mass assaults against the Portsmouth naval base and southeast England in which the air ministry news service estimated the Germans used 800 bombers and fighter planes.

One screaming attack by a dive bomber who dropped a big incendiary bomb in the face of the full power of the city's defenses touched off the biggest blaze of the night marked by several fires throughout the city.

As the din of battle sounded overhead, the fire blazed fiercely. The flames got such a hold that within a half-hour they illuminated the sky over a large part of the London area. The blaze finally was controlled.

After the all clear signal was given sometime after midnight, what was believed to be enemy planes were heard over London.

Later, searchlights resumed their swing across the skies in search of enemy planes, and distant explosions were heard.

In one section of the London area, a screaming bomb was dropped. It started another fire, which brought fire pumps rushing to the scene.

Four bombs were dropped in another section, shattering windows, hurling down walls and flinging bomb splinters through the streets. The only serious casualty there was an air raid warder struck by splinters.

The third air raid alarm, sounded at 11:35 p. m. last night, still was in effect three hours later as the battle of the skies continued.

In the earlier attacks on London, bombs fell in the capital's eastern industrial suburbs.

At the Associated Press office in downtown London, staff men could hear the planes high overhead and the heavy bomb explosions. Flares lighting the sky also could be seen.

While the third air raid warning in the London area still was on red flashes were reported in the sky over the French coast from Calais to Boulogne, indicating that the Royal Air force was striking again at German-held channel ports and emplacements for the big guns which shelled Dover.

Spurts of flames from the waterline, seen by watchers on the English shore, showed that German anti-aircraft guns were in action against the British bombers.

The raiders over Portsmouth were driven off from their military targets, the British said, and then loosed their bombs indiscriminately on a residential and working class section of the city, causing an undetermined number of casualties.

Dover Rocked By Bombs And Huge Shells

By WILLIAM J. HUMPHREYS
DOVER, Eng., Aug. 24 (AP)—German guns opened their second bombardment of the day against the Dover area this afternoon while in a brilliant, cloudless sky countless dogfights raged between British fighters and swarms of fighter-escorted German bombers.

The bombardment, a resumption of an early morning shelling which caused some deaths here, inflicted little damage. Most of the shells fell harmlessly in open country nearby.

The air tussles raged so high the presence of the fighters was detected only by the rise and fall of the sound of their motors, interspersed by the chatter of machine guns.

The noise of the cannonading, the whine of the plane motors and the rattle of machine guns was almost deafening on the ground despite the altitude of the combatants.

I saw two of the planes, just little dots at first but growing bigger and bigger, plummet out of the sky. One crashed into the sea just a few feet off the beach front, its pilot bailing out and coming down, far out to sea.

Among the spectators were American-born Mrs. Reinier van de Walle, the former Mary Wendell of Boston, and her 18-year-old son, Gerrit Northam Griggs, American Red Cross representative. They had ringside seats in the garden of her home at nearby Eastry.

The anti-aircraft fire was the heaviest heard in this region of the coast since the Germans launched their mass raids Aug. 8.

The whole coastline shuddered with falling bombs.

Even the war-hardened south coast people said:

"This appears to be a day of days."

Byrd Demands Early Vote On Draft Bill

Says Senate 'Should Stay In Session' Until Action Is Taken

WASHINGTON, Aug. 24 (AP)—Protesting that delay in defense preparations was menacing national security, Senator Byrd (D-Va.) demanded tonight that the senate "stay in session day and night until a vote is obtained" on the Burke-Wadsworth compulsory military training bill.

In a statement, the Virginian also called on defense chiefs for an explanation of why "the placing of orders for delivery of the needed military equipment is lagging."

"It is the blame," he said, "is to be placed on the inefficient bureaucratic administration, is to be known. If it is due to the refusal of business enterprise to accept contracts from the government, we should know it."

Prospects for a final vote next week on the Burke-Wadsworth bill brightened when the senate agreed to restrict debate on a pending amendment.

Senator Barkley of Kentucky, the Democratic leader obtained unanimous agreement that no senator should speak more than 15 minutes on a proposal by Senator Lodge (R-Mass.) to limit to \$20,000 the number of conscripts who might be placed under training at any one time.

But Barkley told the senate that he had been unable, in private conversations, to get all senators to agree to curtail their speeches on the bill itself and for that reason would not seek to set an hour for the final vote. He predicted to reporters, however, that the bill would pass by a comfortable margin by next Thursday at the latest.

JESSE L. JONES
Jesse Jones Is Offered Cabinet Job

WASHINGTON, Aug. 24 (AP)—President Roosevelt asked Jesse H. Jones 66-year-old Texan and federal loan administrator, today to take over the post of secretary of commerce, succeeding Harry L. Hopkins in the cabinet.

Announcement of the offer was made by the White House in making public a letter of resignation from Hopkins who said that because of his health he felt he should not continue in the office.

Associates of Jones presumed he would accept, but there was no direct word from him. He was out of the city and was said to have the offer under advisement.

Hopkins was understood to have no plans for the immediate future except to rest. There were reports, however, that he might take the position of librarian at the Hyde Park, N. Y., library built to house the president's official papers and expected to be opened next summer.

The 50-year-old former relief administrator who stepped into the cabinet shoes of Daniel C. Roper in January, 1939, has suffered from a stomach ailment for two years.

Brown Only Relected Commissioner; Hale, Nall And Simpson Are Chosen

Complete box-by-box tabulation of Howard county returns to be found on Page 2.

In unprecedented numbers for a run-off primary, Howard county democrats Saturday decreed wholesale changes in their county and precinct official personnel.

Of eight local places up for decision, seven will be filled by new faces—or at least going in anew.

Rowan Settles captured the heated sheriff's race, Hugh Dunagan the district clerk's post, Newton Robinson the place for justice of peace and J. F. (Jim) Crenshaw the constable's position.

J. E. (Ed) Brown, in precinct No. 1, was the only county commissioner to survive the storm. H. T. (Thad) Hale won in No. 2, R. L. (Pancho) Nall in No. 3, and Akin Simpson in No. 4.

Of all the races, none was so warm as the constable's. With all but a few boxes in, Carl Mercer, incumbent, held a slim vote margin over the man he ousted two years ago. Soash, however, gave Crenshaw a 20-vote majority to tell the tale and give Crenshaw the victory, 2,116 to 2,091, according to complete, unofficial returns.

Likewise the sheriff's contest was a horse race with Settles and Wolf running neck and neck as reports poured in. Toward the end, however, Settles picked up added strength to stretch his lead and win 2,533 to 2,377 for Bob Wolf.

Newton Robinson jumped into an early lead for justice of peace and was never headed, winning 2,700 to 1,471 over Louis A. Coffey. The same thing happened in the district clerk's race with Hugh W. Dunagan topping the list over Joe B. Harrison, 2,825 to 2,030.

The commissioners' races went like this:

No. 1—J. E. (Ed) Brown 379, T. M. Robinson 318.

No. 2—Archie Thompson 618 and H. T. (Thad) Hale 528.

No. 3—R. L. (Pancho) Nall 1,041 and Jim Winslow 637.

No. 4—Ed J. Carpenter 495 and Akin Simpson 519.

In this field Brown won nomination for his third term. Thompson will retire at the end of the year after three terms and Winslow retires after two unsuccessive terms. Carpenter served one full term and was serving out the unexpired term of the late J. L. Nix, who won the nomination over him two years ago.

The district clerk's office was "wide open" while both men in the sheriff's race were new. The justice of peace office was also

Elva D. Lemmons Wins Three-Way Runoff

GARDEN CITY, Aug. 24 (Sp.)—Glascock county settled its Believe-It-Or-Not county treasurer's race Saturday with Elva D. Lemmons winning over two other women.

Mrs. Lemmons had 147 votes to 130 for Mrs. Edna Alsap, who led the ticket by a single vote in first round.

Culberson And Alexander Are In The Lead

Apparently Win Nomination To RR Commission And Court Posts

DALLAS, Aug. 25—(Sunday)—On the basis of returns compiled early today by the Texas Election Bureau, Olin Culberson and James P. Alexander were winners in two state races decided in Saturday's second democratic primary.

At the 12:30 a. m. tabulation the vote in the railroad commission contest was:

Culberson 447,895; Pierce Brooks 401,564.

In the race for chief justice of the supreme court, the count was:

Alexander 428,729; H. S. Lattimore 388,843.

These figures included returns from 245 counties, 170 of them complete.

Culberson, whose home is at Edna and who formerly was chief of the commission's oil and gas division, and Brooks, a Dallas aspirant, contended for the place of the veteran Lon A. Smith on the railroad commission. Smith did not offer for reelection. Chief Justice W. F. Moore of the supreme court, appointed by Governor O'Daniel after the death of C. M. Cureton, did not announce for the office sought by Alexander and Lattimore, both of whom have been appellate justices.

The two contests were the only statewide affairs before voters Saturday.

In the state's two congressional races, Eugene Worley of Shamrock led Deskin Wells of Wellington, 28,883 to 19,937 for the 18th district place held by Marvin Jones, and Sam Russell of Stephenville had a 27,661 to 24,321 margin over Clyde Garrett, incumbent in the 17th district. Russell's victory was assured, since there were only a few hundred votes not accounted for.

Incumbents Are Defeated In Dawson

LAMESA, Aug. 24. (Sp.)—A complete turn-over in the official family of Dawson county was ordered here Saturday, complete return from the county's 19 boxes showed tonight.

W. W. Petteway was out as district clerk after one term; County Judge W. M. Yates suffered a similar fate after two terms; Viola Thurston failed in her attempt for a fifth term nomination (her terms were not consecutive); and Oscar Kelley's fifth term bid went down in commissioner's precinct No. 3.

The vote in Dawson county was as follows:

Railroad commissioner: Olin Culberson 1657, Pierce Brooks 1541.

Chief Justice of the supreme court: James P. Alexander 1244, H. S. Lattimore 1789.

District attorney (106th District): Burton G. Hackney (Terry) 1631, Rollie McCord (Lynn)—1545.

District Clerk: W. W. Petteway 1574, Allen (Fish) Salsler 1687.

County Judge: W. M. Yates 1080, Vernon D. Adcock 1696.

County clerk: Howard Humphreys 1964, Viola Thurston 1314.

Commissioner No. 2: R. L. (Bob) Butcher 286, G. C. (Cleve) Allen 352.

Commissioner No. 3: J. F. O'Brien 500, Oscar Kelley 251.

Commissioner No. 4: Floyd (Shorty) Spencer 548, J. E. Debnam 623.

Balkan Parley Will Continue

TURNU SEVERIN, Rumania, Aug. 24 (AP)—Pressure from King Carol's palace, reported to have originated in Berlin, appeared tonight to have opened the possibility for a resumption of the Hungarian-Rumanian conference over Transylvania, which had collapsed earlier in the day.

After the delegates announced there was no possibility of continuing their negotiations and were even at the railroad station waiting to go home, a new communique was issued jointly by the Hungarians and Rumanians expressing "hope that the negotiations will be resumed in the shortest time."

No decision was reached as to when and where the arguments would begin again over Hungary's demand for the return of Transylvania, lost to her after the World war.

76 ARE PLEDGED TO LEONARD AS SPEAKER

AUSTIN, Aug. 24 (AP)—Debonair Homer Leonard of McAllen, veteran lawyer at the age of 41, may occupy a position in the state government next January which some believe is second only to the governorship in power—that of speaker of the house of representative.

The youthful-appearing legislator who will be serving his sixth term announced today he had received pledges of support for that post from 76 members of the 150-member lower legislative chamber, a majority which he believes will grow.

SAN FRANCISCO FAIR BUILDINGS BURN

SAN FRANCISCO, Aug. 24 (AP)—Fire laid waste to one of Treasure Island's most beautiful buildings today, but several hundred firemen and more than 50 pieces of equipment kept the blaze from spreading over the rest of the Golden Gate International Exposition.

Only the flame-shot walls of the California building remained after the scorching furnace had consumed everything in its interior. The huge hall cost \$350,000 to build, and housed valuable art, much of which was saved.

Cartoon Personalities Of B'Spring To Be Found In Today's Herald

"Big Spring's Get Acquainted Page" is the title of the cartoon layout appearing on pages 4 and 5 of today's Herald. Anyone suffering with frown-itis is warned not to look here unless he is willing to have frowns turned into smiles and expressions of interested concentration.

The "Get Acquainted Page" presents the pen and ink cartoons of 317 personalities connected with 27 business and professional concerns of this city. All are in poses easily recognized, and it is up to the reader to determine who is who, and to what place of business he belongs.

The feature is done for The Herald by the Postlethwaite company of Kansas City, cartoons being prepared from photographs made by Louie Erhardt who has been here for several weeks at work on the project.

A contest feature is included, and it will be a worthwhile pastime to participate. Several cash prizes are offered to persons submitting the nearest, most attractive and nearest correct list of identifications. Cash prizes total \$25 and in addition 20 passes to the Ritz theatre are to be given through the courtesy of J. Y. Robb, local R&R manager. All entries must be at the Herald office by 5 o'clock next Saturday afternoon, August 31, and winners will be announced in the following edition of The Herald. A bonus of impartial judges will make the selections.

You can call today's special page a "funny paper" if you want. Or you can—and will regard them as interesting personalities calling for your careful perusal. It'll be fun identifying this individual and that. If you like the sketches, and know someone away from Big Spring who would be interested in seeing them, extra copies of The Herald will be available at the customary price.

Full details of a "funny contest" for your amusement and profit will be found on the special "Get Acquainted" page. Turn to that page now.

Joe Pickle Reviews The Big Spring Week

Well, we can forget all about local and state politics for another two years. Notice we did not say that we can all forget, for there doubtless will be a few who will have cause to study the results and ponder what might have been.

In a couple of more weeks the Big Spring schools will open for another term. Times like these makes you appreciate the work that schools can do, for with a fine staff of patriotic teachers such as we have, we can contribute as much to the preservation of American ideals and democracy as we can with shot and shell. Right now we feel a need for both.

After witnessing the return of national guardsmen from maneuvers in Louisiana, it is our untutored opinion that what the guard urgently needs is a bath.

Farmers should appreciate the ability of the county AAA staff to hold compliance figures in the neighborhood of two cents per acre. In one county the cost reached the appalling amount of 49 cents per acre. The state average is 39 cents, which means that Howard county farmers will save about \$2,400 over what they would pay if the state average prevailed.

It's time to do something about the tickets to the Midland rodeo. Our good neighbors to the west responded nobly by buying around 300 tickets to our show, giving it the kind of support it most needed. Now the opportunity arises to return that favor. Big Spring ought to snap up those 300 tickets at the chamber of commerce office out of appreciation.

Hearing was set for Sept. 15 last week on the pre-conference of north-south airlines applications through West Texas. While not too much can be done toward that parley, much is being done toward the subsequent and tell-tale hearing. Meanwhile, rest assured that more than one angle is being worked.

Members of the chamber of commerce paying committee were

WHOZIT?

A plow share was about the most familiar piece of furniture for this Mr. Whozits as a young man, but for the past 15 years he has been in the furniture business. He was born near Dardanelle, Ark., later moving to Grant county, "right in the middle of Arkansas." Until he was 29 years old he farmed, then decided he wanted to go into business. Mr. Whozits got a good background, trying several trades, including groceries. At Slaton in 1932 he sold his grocery, and wanting to get back into some sort of business, settled on furniture. The decision stuck. By 1935 he had opened a business in Sweetwater and 19 years later he came to Big Spring, his wife operating the Sweetwater store while he built up his trade here. Mr. Whozits and wife have three sons, he is a member of the Kiwanis club and fishing is his hobby. See him and his employees today in the Herald's Get Acquainted Page.

Like any young man wanting to get out on his own, this Mr. Whozits tried a variety of things before he got into the business he has been in for the past 15 years. He was born in the blackland section near Slaton and attended school there. While still in his teens he worked at various jobs before his family moved to Callahan county. Later he spent more than a year in Wyoming with the Union Pacific railroad. Returning to Texas, he became associated with a mortician in Fort Worth. In 1927 he became a licensed embalmer and in one capacity or another has been connected with the undertaking service since. District salesman for a casket company out of Abilene, he resigned to open a funeral home here in 1935. Mr. Whozits is past president of the American Business club and fishing and golfing, either or both, qualify as his hobbies. See him and his associates today in the Herald's Get Acquainted Page.

open. Mercer will leave office after one term. Crenshaw previously served two terms in the place.

In state races, Howard county gave Olin Culberson a big margin over Pierce Brooks for railroad commissioner, 2,948 to 1,808. H. S. Lattimore was favored over James P. Alexander 2,653 to 1,924 for chief justice of the supreme court.

The highest total vote in any race Saturday was 4,861, easily the tops for a run-off election in this county, and was only 297 votes under the total in the record breaking first primary. Another interesting sidelight was the fact that the county was complete at 8:10 p. m., only an hour and 10 minutes after polls closed, when R. N. Adams brought in the Soash box.

Eight Men Escape Devil's Island

MIAMI, Fla., Aug. 24 (AP)—Eight men who said they left Devil's Island—French prison colony off the South American coast—when guards relaxed their vigilance because food supplies did not arrive were picked up by the coast guard in Biscayne Bay today.

Lieut. K. P. Maley, coast guard officer and federal port captain, turned the men and their 26-foot sloop in which they sailed from Trinidad over to immigration authorities.

Through interpreters, the men told a story of leaving Devil's Island in two canoes May 5.

They made their way to Trinidad in 12 days. Learning there of France's surrender, they decided to enlist in the British army.

Residents of Trinidad outfitted them with the sloop and supplies and they set sail for Puerto Rico. They obtained a map of Puerto Rico and said they planned to go to Canada.

There was no food aboard the boat and the men said they had not eaten for two days. They had ample water.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By EDWARD E. BOMAR

The appearance of a Nazi sea raider in the South Pacific hints resumption of this colorful phase of naval warfare on a more extensive scale.

With the British fleet occupied in home waters and Mediterranean and in escorting convoys, Germany is in such an advantageous position to harass commerce far and wide that it is slightly puzzling that the opportunity has not been used to a greater extent.

The explanation accepted by naval men is that the Nazis have subordinated everything for the time being to the attempt to conquer England. If they fail be-

fore the onset of autumn weather, Britain's foes may be expected to turn to high sea raiders and all other means to tighten the "total blockade."

The prospect must be inviting to daring spirits in the idle German navy. Cruisers and armed merchantmen as well as U-boats may now be sent around Scotland into the Atlantic from Norwegian ports with far less risk of encountering enemy warships than when they were active last fall and winter.

In the World war, the raiders had to steal out in thick weather and in disguise through a tight-locked blockade, yet they managed to sink more than 90 vessels on the

tember rains fall and frost hold back a little later this year, several gin men expected the season to extend into 1941.

A survey of the county showed cotton to be holding up well in most areas, but from Fairview north almost to Knott and northeast to Luther there was a dry spot on which crops were beginning to hurt for rain. Feed was especially hard hit in these sections.

Currently the Coahoma area presents the most encouraging picture. A heavy shower little more than a week ago left cotton and feed lush and strong. South in the Elbow and Lomax areas matters were in better than average shape, and around Vincent, in the northeast corner, the early stuff was more than holding its own.

There were isolated reports of worm damage, but a study of the generations indicated only one acute infestation about the middle of September this year. Ranges, except in the "dry" spots, were showing promise of going into the winter in good shape.

Sharp Watch Being Maintained Against Spread Of Bollworms

George W. Chowna, inspector for the U. S. department of agriculture, bureau of entomology and plant quarantine, is getting things in shape to keep an eye on what experts agree is the greatest of cotton pests.

His job primarily is to keep watch out for the pink bollworm, the little creature that caused such a furor a few years back when a quarantine was slapped on this area.

It took years for farmers and businessmen to argue the point out and get a certain amount of indemnity from the state. Meanwhile, the little bollworm kept right at work and today is in a position to spread its havoc.

To those who have never witnessed the effects of the pest, the imposition of a quarantine makes no reason. But those who have viewed cottonfields near Prentiss get more than mildly excited over the prospect of a spread in infestation.

There are signs that such may be the case. Although there has

primary, and 108 for Mrs. Jimmie Cook, the incumbent.

In the first primary preliminary returns showed Mrs. Alsop to have 129 votes, Elva Lemons 127 and Mrs. Cook 126. A recount, however, showed the last two tied, and the matter was settled by putting all into the runoff.

Verna Lawson was nominated as district and county clerk over Mrs. V. L. Roberts, 235 to 146.

Walter Teele won out over C. E. Fulton for sheriff, 198 to 183. He will succeed Fred Ratliff, veteran sheriff, who is retiring.

The county was complete except for Three Way, Box No. 5, which only polled nine votes in the first primary. Thus all results were indisputably settled.

Precinct Officers In Martin Co. Decided

STANTON, Aug. 24 (SpL)—With all but three boxes reporting, Martin county democrats Saturday definitely had settled all but one precinct office up for action in the run-off primary.

In the race for county commissioner precinct No. 3 T. J. Holloway held a 75-48 lead over Otto Beardon with the Brown, Pleasant Valley and Loyola boxes still out.

Complete returns showed Joe Stewart nominated in commissioner precinct No. 1 over J. F. Orr, 237 to 172. Complete figures gave Ed Bloomer an 188-131 victory over Bob Mints. Similarly, Ira Echols was nominated over Walter Graves for constable, 188 to 102.

The Week

(Continued from Page 1)

told last week that the real snag in the city paving program was in payments. The city has \$42,488 tied up in delinquent and current paving accounts. This is enough to handle a pretty large program if property owners responded even with installment payments. It happens to be a vexing "if."

Our applause to the city commissioner, when confronted with an explanation for not paying paving accounts, took the bill by the horns and shamed the party. More straight-forward dealing and less buck-passing will get things done.

ASTOUNDING news came last week in a petition seeking a cotton classing office for Big Spring. It pointed out that only 70 bales of 15,000 ginned here last year went into the loan. That means that thousands of bales probably went that way because getting cotton classed required too much time. There happen to be only 25 classing offices in the cotton belt. Officials smart enough to figure out the loan ought to be smart enough to know that 25 is not enough.

primary, and 108 for Mrs. Jimmie Cook, the incumbent.

In the first primary preliminary returns showed Mrs. Alsop to have 129 votes, Elva Lemons 127 and Mrs. Cook 126. A recount, however, showed the last two tied, and the matter was settled by putting all into the runoff.

Verna Lawson was nominated as district and county clerk over Mrs. V. L. Roberts, 235 to 146.

Walter Teele won out over C. E. Fulton for sheriff, 198 to 183. He will succeed Fred Ratliff, veteran sheriff, who is retiring.

The county was complete except for Three Way, Box No. 5, which only polled nine votes in the first primary. Thus all results were indisputably settled.

Precinct Officers In Martin Co. Decided

STANTON, Aug. 24 (SpL)—With all but three boxes reporting, Martin county democrats Saturday definitely had settled all but one precinct office up for action in the run-off primary.

In the race for county commissioner precinct No. 3 T. J. Holloway held a 75-48 lead over Otto Beardon with the Brown, Pleasant Valley and Loyola boxes still out.

Complete returns showed Joe Stewart nominated in commissioner precinct No. 1 over J. F. Orr, 237 to 172. Complete figures gave Ed Bloomer an 188-131 victory over Bob Mints. Similarly, Ira Echols was nominated over Walter Graves for constable, 188 to 102.

The Week

(Continued from Page 1)

told last week that the real snag in the city paving program was in payments. The city has \$42,488 tied up in delinquent and current paving accounts. This is enough to handle a pretty large program if property owners responded even with installment payments. It happens to be a vexing "if."

Our applause to the city commissioner, when confronted with an explanation for not paying paving accounts, took the bill by the horns and shamed the party. More straight-forward dealing and less buck-passing will get things done.

ASTOUNDING news came last week in a petition seeking a cotton classing office for Big Spring. It pointed out that only 70 bales of 15,000 ginned here last year went into the loan. That means that thousands of bales probably went that way because getting cotton classed required too much time. There happen to be only 25 classing offices in the cotton belt. Officials smart enough to figure out the loan ought to be smart enough to know that 25 is not enough.

We take note that the newly formed rifle and pistol club has made us a member. We own to being quite a shooter, but not with a pistol. There is a word for male bovinity that describes it. Maybe we can learn to vary our meagre talents.

Actual destruction of shipping is more inviting near England itself, where Berlin claims more than 100,000 tons was sunk last week by torpedoes and bombs.

With the British fleet occupied in home waters and Mediterranean and in escorting convoys, Germany is in such an advantageous position to harass commerce far and wide that it is slightly puzzling that the opportunity has not been used to a greater extent.

The explanation accepted by naval men is that the Nazis have subordinated everything for the time being to the attempt to conquer England. If they fail be-

fore the onset of autumn weather, Britain's foes may be expected to turn to high sea raiders and all other means to tighten the "total blockade."

The prospect must be inviting to daring spirits in the idle German navy. Cruisers and armed merchantmen as well as U-boats may now be sent around Scotland into the Atlantic from Norwegian ports with far less risk of encountering enemy warships than when they were active last fall and winter.

In the World war, the raiders had to steal out in thick weather and in disguise through a tight-locked blockade, yet they managed to sink more than 90 vessels on the

Little Merchants On 5-Day Camp

Headed for a five-day summer camp made possible through their selling ability, 11 "Little Merchant" representatives of The Herald will leave Monday for Christoval. The boys are being given the trip by Circulation Manager T. J. Dunlap for having met certain quotas in circulation increases on their various routes.

They will have a special cabin at Christoval, and will have a period of recreation, with swimming, boating, softball and other sports to occupy their time. Special kitchen facilities are being provided to serve them meals. Dunlap will be in charge of the group.

Nine "Little Merchants" from Big Spring making the trip are Dick Clifton, Billy Mims, Randall Simmons, Jack Kimble, John Mcintosh, Raymond Underwood, Jesse Allison, Bruce Robinson and Clarence Yancey. In addition, boys representing Herald agents at Lamesa and Odessa will go on the camp.

Washington Park Futurity Is Won By Porter's Cap

CHICAGO, Aug. 24 (AP)—Porter's Cap, owned by Charles S. Howard of San Francisco, won the \$43,000 Washington Park futurity today at odds of 13 to 1.

The winner, ridden by Jockey Carroll Bierman, sprinted the six furlongs in 1:12 4-5. Silverstoa was second, with Valinda Groom third and Good Turn fourth.

Swain, winner of the Arlington Futurity a month ago, and a 3 to 2 favorite, finished fifth in the field of nine.

HAGEN PUTS IN APPEARANCE AT SCENE OF PGA

HERSHEY, Pa., Aug. 24 (AP)—Two days early—a rarity for him indeed—Walter Hagen blew into Hershey today for the 1940 PGA championship, counting himself "neither in nor out" of the competition he dominated in the 1920's.

"I'll just wobble around and see what happens," the 47-year-old Hag mused. "I haven't hit a ball in three weeks."

Hagen, five-time PGA king, will meet other past champions in an 18-hole exhibition match tomorrow as a prelude to the qualifying rounds which start Monday morning.

The low 63 in the 36-hole test will be eligible for match play starting Wednesday and going through the week to the 36-hole final next Sunday. Henry Picard, defending title and home pro, is exempt from qualifying.

The tournament committee, headed by Ed Dudley, chairman for four years, adopted rules for local conditions—such as out of bounds penalties—in a brief session today.

Meanwhile the professional brigade, here in full force, thronged the 7,000 yard Hershey country club course for practice sessions in which the 73-par took a beating. Al Borsch of New York put together a three-under par on the front nine in a tuncup with Denny Shute, two-time winner of the event, who hasn't conceded a stroke to par in three days of practice.

Private Fliers Are Called To Meet Monday

Dr. P. W. Malone, member of the board of governors for the Texas Private Fliers association, announced Saturday that a meeting of all fliers and other interested in aviation had been called for Monday 8 p. m. in the CAA classroom at the municipal airport.

Purpose of the session will be to organize, if possible, a local group of private fliers and aviation enthusiasts to be affiliated with the state organization.

Should a sufficient number here be interested in the program, Dr. Malone pointed out, representation will be sent to the initial meeting of the TPFA at Corpus Christi Aug. 31 and Sept. 1. It is possible that an invitation would be extended to the association to hold its next or some subsequent party in Big Spring.

The state unit was formed several months ago in an effort to consolidate the efforts of private fliers so that they could speak with a degree of unity in protecting the interests of private flying. All over the state efforts are being exerted to set up local groups to cooperate with the state organization. Dr. Malone urged all interested in any way in aviation to attend the Monday evening meeting.

Scouts Back From Trip To Caverns

Twenty-five Boy Scouts from troop No. 7 have just returned from a trip to the Carlsbad Caverns.

John R. Hutto, scoutmaster, termed it the "crowning event" of all activities for the troop of Mexican boys who not only got a thrill out of the cavern beauties, but an even greater one out of swimming on the "beaches" in the Carlsbad city park, said Hutto. This privilege enabled the boys to get off long delayed swimming requirements.

They were glad to get back to Texas, however, for they burst into song when they crossed the state line, said Hutto, and ended up with "God Bless America." The trip was made possible by the sponsoring Lions club and by Chon Fuentes and Mauro Rosales, who drove cars to Gene Salazar, assistant scoutmaster, left the party to go to El Paso to visit his parents.

Boys making the trip were Jesse, Henry and Arthur Hernandez; John Salas, Ynez, Clarence, Wilfred and Manuel Yanez; Livorio Martinez, Joe Hinojos, David Mendoza, Frank Salazar, Joe and Raul Mendoza, Felix and Julian Villa, Ben Valdez, Tony Castillo, Jr., Gilbert Hernandez, Raymond Lujan, Charlie Rodriguez, Tito and Alfonso Mendez, Avelardo Subia and Pat Salgado.

MASONIC PICTURE OF 28 YEARS AGO IS GIVEN TO C-C

A picture of the Masonic state gathering here 28 years ago has been presented to the chamber of commerce by Earl Laasler. The panoramic view of the delegates assembled for the ceremonial session April 1, 1912 and posing in the 200 block of Main street was the property of the late George E. Comegys of Merkel and was taken by Fred Grome of that city. Mrs. R. O. Anderson, Sweetwater, gave it to Laasler to bring here since she thought it might be of interest to Big Spring people.

City Projects Going Along At Good Pace

City projects moved along steadily at the end of the week, a check on paving, detention dam work and the airport program showed.

Main street is being cut to grade, but a maze of pipe lowering, replacing of rusted pipes with three-quarter copper line, and installation of storm sewers made the work slow.

The detention dam at Main and 15th was virtually finished, the basin being levelled to outlet grade and the emergency spillway being cut tentatively until the structure settles and street work below is finished.

WPA workers on the airport job were still engaged in crushing rock for the east-west runway topping at the port. When ample supply is on hand, this runway will be paved before rock is crushed for the northwest-southeast landing strip, which also is to be paved.

Court Facing Big Docket

Crowded civil and criminal dockets will confront the 70th district court when it is convened for its third term of the year here Sept. 2.

District Attorney Martelle McDonald has been surveying the list of complaints for the past week and said that indications were that there would be approximately 35 to go before the grand jury. They cover a variety of offenses from forgery to driving while intoxicated to assault.

Each day brings several new cases for the civil docket of the court, but the preponderance consists of divorce litigation. Possibly more than 75 new cases will be ready for the court's attention. The term will be for four weeks, but a fourth session is scheduled here for November, enabling the court to leave the docket in fair shape by the end of the year.

LITTLEFIELD WOMAN DIES OF WOUNDS

LITTLEFIELD, Aug. 24 (AP)—Mrs. Fern Hoover McAdams, 32, died early today from gunshot wounds in the head. She was found in an alley back of her home here.

Brewer was conducting an inquest but had not returned a verdict.

A native of Lamb county, Mrs. McAdams had been employed the last ten years in a farm loan association office, was assistant secretary of the Littlefield Rotary club, and active in civic affairs. Her father, Fred Hoover, resident of Phoenix, Ariz.; the husband, and mother, Mrs. Lulu Hoover of Littlefield, were survivors.

TURN IN YOUR BLADES

SAVANNAH, Ga., Aug. 24 (AP)—A new suggestion on the old problem of what to do with used razor blades comes from Bernard M. Nelson. He has written national defense leaders suggesting a nationwide movement to establish receptacles

for collecting old blades as a means of recovering "valuable material now going to waste."

20 PASSES To The RITZ To "Honorable Mentions"

For the most correct, neatest and attractive list of firm names and the personal names that represent those respective firms in the order in which they appear.

Helpful Suggestions

Whether you know those cartooned by daily contact or not doesn't matter. The rules are simple enough that anyone can enter the contest. Each cartoon has a clue in it that identifies it such as a car, a refrigerator, radio, slogan, building, telephone number or street address. Start with number one. Decide what kind of a business it is, its location, then try to find its firm name from those printed on the two outside edges. Next try to find the correct group of personal names that goes with that particular firm name. You will make your selection first by the number of faces it has in it. If the cartoon has two faces, choose the groupings that have only two personal names. Verify your choice by phone or personal call.

Proceed in this manner and by a process of elimination and checking you can be almost a hundred per cent right. Don't forget, however, that neatness and attractiveness will also be taken into consideration in judging the entries.

Obie Has Say About Stand On Raiders

By HANK HART
J. Gordon "Obie" Bristow, the gigantic oil man, who has been out of football circles for so many years but who can still talk a good game, is a staunch supporter in the move to gain a Southwest conference football membership for Texas Tech college, Lubbock, has long argued that West Texas is entitled to a representative in that league, last week took it upon himself to sound out the views of the presidents of the conference's respective colleges on this issue.

In querying as to the views of the officials, the former Big Spring high school mentor and before that an all-America backfield star at the University of Oklahoma gained satisfactory if not harmonious replies.

Of the seven officials who intercepted Bristow's message, only T. O. Walton, Texas A&M president, openly showed approval of the plan to enroll Tech as a member school. His reply via telegram:

"WHILE THE ADMISSION OF TEXAS TECH TO THE SOUTHWEST CONFERENCE IS ENTIRELY IN THE HANDS OF REPRESENTATIVES OF THE CONFERENCE SCHOOLS, I PERSONALLY FAVOR ADMISSION OF TECH TO CONFERENCE. BELIEVE OUR FACULTY REPRESENTATIVES HAVE VOTED CONSISTENTLY FOR ITS ADMISSION."

Edgar O. Lovett, Rice Institute president, replied simply that he "favored limiting Southwest conference to seven members" while Homer P. Rainey, who is paid an attractive salary to guide the destinies of the University of Texas, washed his hands of the affair with the statement, "sorry, do not know enough about Texas Tech situation to have valid opinion" but with E. M. Waite, TCU head, the Tech appeal was one that had been threatened out in years past.

By letter he related:
"x x x As you know for a number of years Texas Tech, (senior and other colleges have had applications before the Southwest conference for admission. The conference regards all these institutions very highly and as I understand it, have never voted against the admission of any individual school since schools for an ideal conference where the question of a championship can be determined each year by actual participation of each school, the conference has voted persistently not to enlarge the conference rather than turning down the application of any individual school. As an executive of one of the schools x x x I assure you that I have nothing whatsoever against Tech, x x x Tech would be considered a most eligible candidate for admission."

Writing especially for the Daily Herald in his reaction toward the schools' continued stand on the issue, Bristow says in part:
"x x x Today this school (Tech) is the third largest school in the state with growing pains in every joint. Then came the day every West Texan had waited for—Tech's application to the conference. Then the bitter done refusal. We folks out here tempered the dose with the thought that next year we will make it and so it has been, year after year, just hope that some day the conference would realize what Tech admission would mean to this sector."
"Somehow we felt that schools like Baylor, SMU and Texas Christian, all church schools, schools that for many years the people of this section have helped support not with talk but with round American dollars, would be the first to understand and help."
"But when their athletic members met all they did was to assume a glassy stare and murmur sweet nothings when Tech's name was mentioned. But the sweet and

Salty Parker To Get Promotion?

A rumor that is being listened to around the ports of the WT-NM league relates that Francis "Salty" Parker, former skipper of the Lubbock Huggers and presently the manager of the Marshall (East Texas League) Tigers, will move in as pilot of the Shreveport Sports in 1941.

Al Berndt, former Big Springer who quit the Lamesa Lobos to return to his home in Yakima, Wash., writes that Johnny Soden, former Big Springer pitcher, looks better than ever in semi-pro circles around Yakima. Soden resigned from the local club the early part of last season. Jodie Beeler, sensational third sacker of the Lamesa club who has been sold to the Cincinnati Reds, must report to the Tucson (Arizona-Texas league) outfit at the termination of the WT-NM league season. He'll join the Arizonans in time to play but eight games. Beeler might be sent to the Piedmont league in '41.

When Don Wollin and Carl Cox, former Big Springers, walked out on Sam Sealing at Odessa recently to return to their homes in California, they jeopardized their respective futures in the game since both were automatically suspended. However, the Hollywood club, which controls their services, may buy their contracts and renege them. Ed Toeller, the big backstop who joined Clovis last week, was with Texarkana before signing with Howard Taylor, Pioneer skipper. Toeller looks competent as a receiver but cannot hit.

With less than two weeks of the WT-NM league season to go, it looks as if Jodie Maresk's record of 23 wins will remain intact.

Marshall Brown, Lamesa's rookie middle gardener, is learning to get his hat off his shoulder, his major fault. Howard Taylor, Clovis skipper, says Clovis fans continue to support the Pioneers well.

Franchise Transfer Talked

Cecil Smyly, WT-NM league batting champion of 1938 who was with Clovis for a spell this season, has signed with Oklahoma City after a hitch with Texarkana.

From a reliable source comes the information that the Midland franchise will be moved to Wichita Falls next year. What we want to know is what will happen to the Odessa team? The game is doomed there.

Ed Robnett, 195-pound guard and back of the Texas A&M football team, received a back injury while working in an oil field this summer and will not play much this fall, at least not until the latter part of the season. He's a brother to Marshall Robnett, all-Southwest conference guard, and will be a junior in September.

Walter (Red) Cecil, star Aggie sprinter, probably will not return to school this fall according to reports circulating from the College Station campus.

Representing Big Spring in the Hobbs Open golf tournament this weekend with an idea toward attracting players of that area to the Big Spring invitational meeting next weekend are Harold Akey, Mury professional, H. W. Smith, C. L. Howe, Tommy Neel and B. T. Cardwell. Jake Douglas, one of Big Spring's more prominent bowlers, will play part of his vacation touring setting all sorts of bowling records at two alleys in Ruidoso, New Mexico. He shot a 269 Friday.

Herschel Wheeler, Garden City grid miler, will celebrate a birthday anniversary the day his Bearkats open their 1940 campaign against Water Valley (Sept. 13).

STANDARD OILERS TO FACE FORT WORTH CHAMPS MON.

The Big Spring Standard Oilers will invade Abilene Monday night to begin their campaign for the TAAE softball title, meeting the Davis-Lynauth aggregation of Fort Worth in a first round game. The bout, one of three planned for Monday night, will get underway at 8:45 o'clock.

The Fort Worth representatives are rated as one of the most powerful units competing in state circles. Included on the Davis-Lynauth pitching staff are Carl Harber, who in 1938 pitched for the Abilene Coca-Cola contingent in the world championship tournament at Chicago, Clyde Puryear and Merle Fowler.

Bobby Savage is expected to toe the slab for the locals. Aiding him will be Chock Smith, catcher; Howard "Bugs" Hart, first base; W. D. Berry, right short; Johnny Miller, second base; Lewis Heavel, left short; Bobby Martin, third base, and Alton Bostick, Jim Jones, Steve Baker, George Neel and Leonard Morgan, outfielders.

Other games Monday evening will pit the Southern Select ten, Dallas, against MAR Pipeliner's Corpus Christi at 7:30 o'clock and Monahans against the Dallas All-Stars at 9:45.

The tournament will continue throughout the week. Winner will be sent with all expenses paid to the national tournament next month.

Garden City Bearkat Grid Drills To Be Inaugurated Next Week

GARDEN CITY, Aug. 24—Herschel Wheeler, Garden City high school football coach who has been attending the Texas A&M coaching school at College Station, will open fall practice for another six-man campaign the first week in September.

The Bearkats play their first game against the Water Valley Eagles in Water Valley Sept. 13.

The Garden City team, a member of the District 12 six-man league will be built around five returning lettermen and Earl Baker, promising back who was injured in the early part of the 1939 campaign and played but a little.

The letter bearers who will be back are Ellis Daves and W. E. Chaney, ends, Earl Cook, center, and Carol Alsop and Fern Cox, backs.

Wheeler is counting heavily on Baker to come through. He has shown much promise as a passer and kicker and can run a hundred yards in 10.5 seconds.

Daves, who has earned a great sectional reputation as a mile runner, has won two letters under Wheeler.

Others who will report for practice include Edward Bedell, back; Buster Cox, back; R. C. Shafer, back; Tommy Cook, center; Horace Holcombe, end; R. L. Wright, back; Robert Lawson, end; Dale Cunningham, end; Junior Prather, center and George Baker, center.

Matlock Wins Caddie Title

Winners in the annual country club caddie tournament, completed last Wednesday, were given their rewards by Shirley Robbins, club manager, Saturday.

The meeting's champion was Lowell Matlock, who defeated Dale Young, one up on the 20th hole. Matlock succeeded Young as the caddie.

Medalist was Nick Day, who fired a 78 to wrap up that honor.

Adolph Jahren won first flight play by beating Claude Matlock in the last round. Joe B. Cunningham decided J. D. Matlock in second flight play.

Day won championship consolation with W. E. Plunkett leader in first flight consolation with Woody Baker setting the pace in second flight consolation play.

Twenty-three caddies competed in the meeting.

ED GREER STOPS HOUSTON BUFFS

FORT WORTH, Aug. 24 (AP)—Big Ed Greer began relief work in the first inning here today, quelled a rally and shut out the Houston Buffs with three hits for the remainder of the route, giving Fort Worth a 3-2 victory in the final game of the series.

Hal Lee drove home the winning run with an eighth inning triple that scored Lee Stebbins.

QUITE A CATCH

LAURINBERG, N. C., Aug. 24 (AP)—Add strange fishing catches. Vernon Daniels baited his hook, planted his fishing pole beside the bank of a Scotland county stream, and looked to find ensnared a huge tom cat.

The cat, apparently familiar with piscatorial tradition—got away.

DEER FISHERMEN

WINDSOR, N. C., Aug. 24 (AP)—They're fishing for deer in these parts now. Instead of trotting long miles in search of the agile animal, Ham Hannah, Jr., said the hunters travel through the flooded areas by boat and row alongside the swimming deer. Boating hunters report large hauls.

Elton Dozier, 1939 Champ, To Return

Qualifying for the 10th annual Big Spring invitational golf tournament will get underway today at the country club, Manager Shirley Robbins announced Saturday.

Regular qualifying day for the meeting, which annually attracts a handsome field, is Saturday, August 31, with match play beginning Sunday, Sept. 1, and continuing through Monday, Sept. 2, but Robbins said that the players may dedicate any day the coming week toward shooting first round scores.

A field of 138 competed for the laurels won by Elton Dozier, Midland youth, last year. Robbins said he was expecting at least 140 to compete this year.

Entry fee has been established at \$2.50.

Calcutta pool followed by a barbecue will be staged at the club house Saturday night. Robbins said a dance, in years past a part of the tournament program, would not be staged this year.

Dozier and his victim in last year's final round, E. C. Nix, Colorado City, are both expected to return this year.

Robbi said he expected teams of Colorado City, Foran and Stanton to turn out at the course today to qualify for the meeting.

Members of the Colorado City country club have promised Robbins that a team of 18 or more would be on hand from that city. Big Spring was represented by that number at the recent Colorado City tournament.

Bob Farmer, Odessa masher, is expected to lead a strong Odessa aggregation into action. Farmer may show up at the course today for a practice round. Other prominent Odessans expected include O. E. Broome, finalist in the recent Muri Invitational, and Wiley Hill, medalist in last year's tournament.

Eddie Morgan, former Big Springer who twice has worn the regal robes as kingpin of the Labor Day classic, will not return to competition, it has been reported. Morgan has deserted the game entirely.

Counts To Come

From Lubbock, Robbins said he expected strong threats. Weldon Counts, who figured heavily in local tournaments in years past, is expected to show up. So is Ed Doherty, a seige gun well known here.

C. Southworth, familiar Sweetwater golfer, will probably compete.

Big Spring, of course, will be well represented. Doug Jones, former champion, and Obie Bristow will lead the local shot artists. Other front liners who may figure strongly in the running are Sammy Sain, Jake Morgan, Lib Coffee, Herman Stewart and Robbins.

Robbins sacked up the blue ribbon honors a half dozen campaigns ago.

All championship matches will be scheduled for 18 holes. Play in the first and second rounds will be conducted Sunday with semi-final and final duels slated for Monday.

Reds Topple Bees, 5 To 0

CINCINNATI, Aug. 24 (AP)—With Gene Thompson pitching four-hit ball, the Cincinnati Reds defeated the Bees in Boston's last game of the year here today, 5 to 0. It was Thompson's 13th victory.

Frank McCormick and Harry Craft were the Cincinnati batting stars, each driving home two runs.

Parker, McNeill Upset Victims

Jack Kramer And Ted Schroeder Slam Favorites

By BILL KING
BROOKLINE, Mass., Aug. 24 (AP) Tennis form was blown to bits by a chilly northwest wind in the national doubles tennis semi-finals at Longwood today and with it went the nation's No. 1 men's team, Frankie Parker, of Beverly Hills, Calif., and Don McNeill, of Oklahoma City.

Third-seeded Jack Kramer, of Montebello, Calif., and Ted Schroeder, of Los Angeles, thrilled a gallery of 3,700 by outplaying the favorites in every department for a 10-8, 2-6, 7-5, 6-3 victory.

Mrs. Johnny Van Ryn, of Austin, and Dorothy Bundy, of Santa Monica, Calif., about the same time became the first unseeded women's team in history to gain this tournament's final round by crushing Mary Hardwick and Valeria Scott, the British Wightman cup stars, 6-3, 8-7.

Kramer and Schroeder qualified for the championship match tomorrow against Gardner Mulloy, of Coral Gables, Fla., and Henry Prusoff, of Seattle, the fourth-ranked duo which defeated unseeded Russell Bobbitt, of Atlanta, and Frank Guernsey, of Orlando, Fla., 9-7, 4-6, 7-5, 6-4, in the other men's semi-final.

Although the weather was more suitable for football than tennis, defending champions Alice Marble and Sarah Palfrey displayed their customary highly-polished game as they became finalists for the fourth successive year by romping over Patricia Canning, of Los Angeles, and Virginia Wolfenden, of San Francisco, 6-3, 6-3.

Trophy Teams Being Named By Captains

The home guard will be seeking its first team victory in three years trying when it lines up against H. S. Forgeron's invading team in the annual Hall & Bennett trophy matches Friday at the country club.

The local forces were beaten out by a single point two years ago, losing to an all-star aggregation captained by Joe Dick Slaughter of Lubbock. In 1939, led by Forgeron, the "foreigners" dubbed a local contingent captained by Sammy Sain, again by the margin of but a single point.

This year Forgeron, who hails from Midland, leads a strong team into competition. His lineup had not been completed by Saturday but he indicated that Elton Dozier, Midland, winner of last year's invitational, Harry Sindorf and Fred Hogan, both of Midland, and Walter Henderson, Odessa, would be in the lineup. Raymond Stoker, Morgan Neill and Bob Farmer, all of Odessa, will probably complete his lineup.

Last year Farmer captained the team and had Neill and Forgeron playing with him along with Bill Roder, Glen Rose, O. E. Broome and Wiley Hill, Odessa, and Frank Stacy, Midland.

Forgeron appeared merely as a substitute. Frank Johnson, Midland, originally was scheduled to play but did not arrive for the meeting and Forgeron volunteered to compete.

Obie Bristow will succeed Sammy Sain as the local captain. Certain to be named to his lineup are Shirley Robbins, leader of the 1938 homeings, Sain, Doug Jones and Bill Barker. Barker resides in Midland but holds a membership in the local club.

Jim Brigham, Frank Morgan and Jake Morgan played for the locals last year along with Sain, Bristow, Jones, Robbins and Barker. Brigham is attending school in California. Frank has all but given up the game. Jake has had but little time to practice but may be named.

The handsome trophy has been returned to Manager Robbins by Farmer and is on display at the club house.

"I got to wondering what was keeping Tech out. Surely it wasn't distance for the league's teams annually travel to California and to New York. Is it money? I think not. There is enough of it in this sector to lay any amount on the line. Are they afraid Tech might attract their athletes? I think not. Texas A&M, the school that has most of our boys, favors Tech's admission. It is prestige? Surely not because they schedule teams like Denton Teachers, San Francisco and Howard Payne, none with as much prestige as has Tech. Neither could it be size of stability.

"I was just plain flabbergasted and decided to ask the men who should know. So I sent the following wire to the president of each of the conference schools:

"I AM A CITIZEN OF WEST TEXAS AND FEEL THAT THERE ARE THOUSANDS LIKE ME IN MY SECTION WHO CAN NOT UNDERSTAND WHY TEXAS TECH IS REFUSED ADMISSION TO THE SOUTHWEST CONFERENCE. I WISH YOU WOULD ANSWER BY RETURN WIRE COLLECT WITHOUT REFERRING ME TO ANY DEPARTMENT HEAD. "All I can gather from the replies is that the conference is well content to sit as it is and that the gentlemen who run it have not given it too much thought. They sit snug and complacent without delving into the hearts of the citizens of our section.

Warneke Shuts Out Phillies

ST. LOUIS, Aug. 24 (AP)—Lon Warneke held Philadelphia to four singles today and pitched the St. Louis Cardinals to a 1 to 0 victory their ninth in a row. Terry Moore drove in the lone run with a single in the sixth inning.

The Cards were limited to six blows by St. Johnson and Kirby Higbe with Johnson giving up the winning run.

Moore's slow coming with Martin Marion in scoring position. Merrill May, Ben Warren, Johnny Rizzo and Art Mahan were the only Phillies to touch Warneke for base blows. It was Lon's 13th win of the 1940 campaign.

Yankees Sweep Cleveland Series, Feller Is Repulsed

Taylor Tames Loboes, 8-4

LAMESA, Aug. 24.—Effective clutch pitching by Howard Taylor deprived Lloyd "Pat" Patterson of his 21st pitching triumph as the Clovis Pioneers defeated the Lamesa Loboes, 8-4, here Friday evening. Taylor gave up 11 assorted blows, only two of which went for extra bases.

Taylor accounted for the first two runs when he singled to drive home Johnny Stone and Dick Adkins. The Pioneers found Patterson especially easy in the seventh inning, sewing up the decision with a rousing four run uprising. Mack Quillen doubled as the leadoff man and immediately scored on Tom Wagner's single. Stone strolled, putting runners on first and second. Mel Steiner followed with a two base blow that enabled Stone to count. After Walter Schmidt had been retired at first base by Harry Riordan, the Pioneers created another run when Patterson threw wild at home plate attempting to catch Dick Adkins after fielding Taylor's ground ball.

TITLISTS WIN 3-2 DECISION IN NINTH

NEW YORK, Aug. 24 (AP)—Bobby Feller couldn't carry the weight of a no-hit bid against the Yankees in the stretch today.

For 7 1-3 innings, he hurled a no-hit game at the world champions, as a crowd of 50,864 gasped. Only five men stood between him and his second such classic of the year. Then he faded, and before it was over the Yanks pulled a 3 to 2 victory for a clean sweep of their series with the Cleveland Indians.

Thus Bobby, who was shooting at a record no American league hurler has ever posted—two no-hitters in one season—wound up instead with his seventh loss of the campaign against 22 wins.

Med Rolfe accounted for the first two Yankee runs in the eighth inning when he doubled to drive home Babe Dahlgren and Charley Keller. Dahlgren had singled while Keller, pinch hitting for Frankie Crosetti, worked Keller for a free pass.

BOSTON, Aug. 24 (AP)—The Boston Red Sox came from behind in the ninth inning of the nightcap today to defeat the Detroit Tigers 8 to 7 after being trounced 12 to 1 in the first game, during which the Yawkeymen had to call on outfielder Ted Williams to pitch.

Rudy York hit a home run for the Bengals in the opener and also got one in the second game along with Pinky Higgins. Williams made his appearance as a pitcher in the eighth inning, giving up three hits and a run in two innings. He struck out one man.

Tommy Bridges, on the hill for Detroit, handcuffed the Sox with eight hits and gave up the only run in the second when Bobby Dorner came home on a single by Charley Gilbert.

Pinky Higgins blasted home four runs for Boston in the nightcap. Poloists Clash With All-Stars

The Big Spring poloists, improving with each match, show before the home folks again in a 3 o'clock match at the new Bennett field west of town this afternoon, testing a Lamesa-Pecos all-star aggregation.

Composing the invading quartet will be three Lamesa veterans—A. C. Woodward, Lee Harson and Walter Lawrence—and the well known Pecos star, Frank Stochas.

Riding under local colors will be Morris Patterson, Dr. M. H. Bennett, Lewis Rix, Lloyd Wasson and Ray Lawrence.

The Big Springers were defeated by Lamesa last week, 4 and 2.

Tigers Clash With Eagles

The Big Spring baseball park, West Fifth and San Antonio streets, will be the scene of action today as the Big Spring Mexican Tigers square off for an exhibition with the Pecos Eagles.

Elias Gamboa, Tiger manager, has lined up a strong team to send against the Eagles. Admission prices for the bout, which gets underway at 2:30 o'clock, has been established at 20 cents.

Pale Hose In Twin Wins

WASHINGTON, Aug. 24 (AP)—The seven-hit pitching of Edgar Smith gave Chicago a 2-1 victory over Washington today in the nightcap of a doubleheader after the White Sox also had won the opener, 4-2.

Jack Knott pitched seven hit ball to pace the Sox to victory in the first bout. Jole Kubel had three of the nine safeties collected off three Washington hurlers.

Jackie Hayes scored the first Chicago run in the second game on Julius Solters' single after leading off with a single. Tommy Turner drove home the winning run in the ninth, singling with Larry Rosenthal on second.

Cecil Travis accounted for the otherwise Atley Donald, Yankee hurler, held the Tribe fairly well in hand. He gave up only seven hits, including three by Roy Mack, before giving way for a pinch hitter in the eighth. Johnny Murphy came in as relief and gained credit for the triumph.

The loss cut Cleveland's lead for Detroit to 3 1-2 games. The Indians still lead the Yankees by six full games.

Tornadoes, With Five Returning Lettermen, To Miss Jack Vaughn

LAMESA, Aug. 24.—Three lettermen and several squadmen will form the nucleus around which Coach F. T. McCullum will build the 1940 edition of the Lamesa high school football team.

First practice session for the Tornado hopefuls will be staged Sept. 2. McCullum has a big job ahead of him if he builds a contending club with the material on hand.

The returning numeral warriors are Morgan, tackle; White, and Oswald, guard. Of the squadmen eligible, Cates, Barnard and Blair are shaping up as the best prospects.

The Tornadoes are facing a tough schedule of nine games. They open the season on their home field against Slaton Sept. 13. A week later they face Rowell, New Mexico, high in Lamesa. Then square off with Tahoka in Lamesa Sept. 27 before experiencing a rest the following weekend. The final practice game will be played against Plainview in Plainview Oct. 13.

Their District 3-AA campaigning will begin at home Oct. 13 when the Big Spring Steers invade Lamesa. The Tornadoes will face Abilene in Abilene Oct. 25, Odessa in Odessa Nov. 2, Midland at Lamesa Nov. 10, then close their season against Sweetwater in Lamesa Nov. 18.

McCullum must find someone to take the place of Jackie Vaughn, 175-pound ramrod of the offensive in 1939 and unanimous choice for all-district honors.

SESSIONS SLATED THIS WEEK ON FREEZER LOCKER PLANT

This series of informational meetings on the projected freezer locker plant for Big Spring will be continued this week with climaxed sessions Thursday and Friday evenings at Coahoma and Big Spring. Motion pictures of typical freezer locker plants will be projected in the Coahoma school auditorium and in the district courtroom here. Due to lack of electrical facilities, it has not been possible to show the pictures at the other meetings. Following conclusion of the series, said O. P. Griffin, county agent, a survey of the county will be made, giving each agriculturalist an opportunity to indicate whether he is interested in taking out \$30

stock in a cooperative, whether he would take out \$15 in stock, rent a locker or desires more information. When summaries of the survey are available, they will be furnished to the organization committee for action. Three courses of action will be open—to construct a cooperative for quick freezing and storage of foods, to allow some private concern to build, or to drop the entire matter.

Germany Tightens Hold On Holland

AMSTERDAM, Aug. 24 (AP)—Berlin—Germany's iron grip on Holland tightened another notch today with announcement that high Dutch officials formerly appointed by Queen Wilhelmina henceforth will be named by reichskommissioner Arthur Seyss-Inquart. The German move was the latest in a series which, since the occupation of Holland by German troops last May, restricted civil liberties and sharpened German control over the conquered country. Last month decrees established the death penalty for Dutchmen convicted of giving aid to the British, created special courts to try cases involving Germans or Dutchmen who have offended against the reich, prohibited listening to foreign broadcasts, put leftist parties under the control of commissioners and authorized confiscation of the property of individuals or organizations agitating against the reich.

ESCAPED CONVICT NABBED AT CORPUS

CORPUS CHRISTI, Aug. 24 (AP)—Four years of freedom ended abruptly for George Baxter, 35, escaped convict, arrested here today by city detectives who are holding him for authorities in Phoenix, Ariz. Baxter, convicted in 1932 of a \$3,000 robbery of a J. C. Penney store, escaped November, 1936. He has been living in Corpus Christi approximately three years. Sue Nell Moseley and S. H. Gainer have returned to their home at Rochelle after a visit here with Cal, Jr., and Bobby Boykin.

County's Triassic Red Beds Yield Rich Return In Fossils; WPA Men Make Many Finds In Year's Time

Howard county, long noted for its productivity of oil, cattle, sheep and cotton, is on its way toward additional fame, arising from an unexpected source. The familiar Triassic "red beds," prevalent throughout the county, promise to become a magnet for widespread scientific interest. Thanks to the evidence of prehistoric life uncovered by the University of Texas, W. P. A. fossil collectors, new light is being shed on important scientific problems. Under the direction of Grayson E. Meade, the bones of dinosaurs are now being found in the Triassic red beds. This represents the first intensive effort to secure a record of Howard county's prehistoric animal population. Results of this effort have been both gratifying and astonishing. Meade reports: "In sheer numbers, the fossil bones recovered pass all expectations," he said. "Better still has been the discovery of rare forms, some of them previously unknown. The greater part of these fossils were found in three quarries on the ranch of Mrs. Robert Hymen, about 25 miles from Big Spring. They range in size from the alligator-like Phytosaur, with a skull three feet in length, to the exceedingly rare small reptiles with jaws less than two inches long, and limbs like matches." Two Groups. In general, the fossils recovered fall into two groups: reptiles, so far unidentified. The amphibians, kin to the frog and the salamander, are represented by the huge, blunt-nosed Buettneria, its skull two feet long and nearly as broad, and by a smaller type, of similar proportions. Now in Austin, awaiting laboratory preparations, are a number of truck loads of Howard county fossils, Meade reported. Among them are seven skulls of the hook-nosed Phytosaur, six jaws, and a number of partial skulls and jaws. Skeletal parts are so numerous as to represent several more individuals. The huge amphibian, Buettneria, is represented by six excellent and two partial skulls. Here again the other bones outnumber the skulls. Of particular interest are the interclavicles, or breast-bones, the surfaces of which are peculiarly pitted in a deep honey-comb pattern. Especially important to paleontologists are the partial skull and two fragmentary jaws thought to be those of Desmatosuchus, an almost unknown reptile. As yet unidentified is the skull, eight inches long, of a smaller amphibian. "Overshadowing in importance are the other finds, however, are the small reptiles, heretofore unknown," Meade said. "Recovered from a single quarry, the skeletons of these little animals are found in the greatest abundance. More than thirty of their jaws have been found, but only one skull. Fortunately, almost the entire skeleton was found in position, with the skull. Prolonged study has so far failed to reveal just what this strange creature was, or what its relationships are. "Small as this reptile is, beside a more recent find it looms as a giant. The latter is a creature no larger than many of the lizards native here today. Its skull, with both jaws in articulation as in life, measures only an inch and a half long; its teeth are mere pin points. Coated all over with hard red matrix, at first glance it looks like a small clod of clay. Closer inspection reveals the nostrils, eye orbits, and snugly-fitting jaws. In order to prepare this specimen for display, it will be necessary for the laboratory technicians in Austin to employ the binocular microscope." A number of problems have confronted the bone diggers in their excavation of the three quarries. In two, many feet of non-productive overburden must laboriously be moved, before the bones are exposed. The matrix, in most places exceedingly hard, requires the use of chisels. To add to the difficulty, the fossils are the same color as the matrix, hence extremely hard to see. This fact in part explains why men who have lived near the "red beds" a life-time have failed to discover any bones. An additional reason is that ordinarily only scattered fragments appear above the surface, and require a trained eye to spot them.

Colorado City 'Dressing Up' For Fiesta

COLORADO CITY, Aug. 24—Streets of Colorado City are again taking on the color and the "fiery" atmosphere of the days when the town was "queen city" of a vast West Texas cattle empire as citizens don rodeo regalia and bunting begins to fly in preparation for the sixth annual Colorado City Frontier Roundup on Thursday and Friday, Sept. 5-6. The celebration will include four rodeo performances with prizes totaling over \$2,000, an oldtimers' homecoming, and an Indian-Pioneer pageant on the banks of Lone Wolf creek. A colorful parade with several hundred horseback riders, a number of ranch outfits with their chuckwagons, relics of the Old West, and scores of modern units will open the celebration at 1:30 Thursday afternoon, Sept. 5. A cowgirl sponsor contest will be held in connection with the rodeo. Mrs. Christine Northcutt of the Rensbroek ranch, winner of the Stamford, Double Heart ranch and Big Spring rodeo sponsor contests, will be hostess sponsor but will not be eligible for any of the many prizes. Regular rodeo performances each afternoon and evening will include calf roping, Mitchell county calf roping, bronc riding, steer riding, cowgirls calf roping, wild horse racing, team tying, and cowgirl sponsor events. Cutting horse contests will be held at a special morning matinee on Friday, Sept. 6. Oldtimers will gather for reminiscences and a memorial service at the Palace theater at 10

o'clock on Friday morning, Sept. 6. Mrs. J. G. Merritt will preside. Mrs. K. L. Taylor and Mrs. W. R. Martin, both of Lorraine, are preparing a program U. D. Wulfsen has charge of plans for an oldtimers' luncheon. The Indian - Pioneer pageant which will be staged at sunset on the east bank of Lone Wolf creek, across from Ruddle park amphitheater, will take place on Friday evening. It has become a traditional part of the roundup. Chas. C. Thompson is chairman.

Market Continues At A Snail's Pace

NEW YORK, Aug. 24 (AP)—The stock market today emerged from a general recovery week with its feet on the ground but looking tired. Many traders shunned Wall Street in favor of holiday spots and the few that appeared inclined to keep commitments at a minimum pending more light on the battle of England, the domestic business picture and politics. The result was the second slowest session in 22 years, with gains exceeding declines by a small margin. The Associated Press average of 80 stocks managed to edge up .1 of a point at 42.3, making the week's net comeback 1.3 points. Only 203 individual issues were traded out of 1,223 listed on the stock exchange. There were 115 gains, 81 losses and 104 were unchanged. The two-hour volume amounted to 88,380 shares, except for July 27 the smallest since August 3, 1918. It compared with 160,700 a week ago. MEXICANS HELD. Three Mexicans, Est Mendosa, Cruz Mendosa and Francisco Alvarado, were held in Howard county jail Saturday on a misdemeanor theft charge. They were billed in connection with loss of six watermelons by Dale Hart.

WILLKIE FAVORS NEW CABINET POST TO DIRECT AVIATION

NEW YORK, Aug. 24 (AP)—Asserting that "the military strength of a nation now rests primarily upon its air power," Wendell L. Willkie suggested today the creation of a new cabinet office to handle defense aviation. "The primary reason Germany was able to crush France and other countries and presently bring England to such distress was her development of planes," the republican presidential nominee told reporters. He said that as a long range objective there should be a secretary of defense who would have assistants in charge of air, sea and land forces. He said, however, that it would take time to organize such a setup. "In the interim," he added, "we should create a cabinet member in charge of aeronautics. The emphasis should be upon the branch of the service that today is the most important." Discussing the administration's defense program, Willkie said: "My impression is that we are hopelessly unprepared as to air-plane production, the training of men and the gearing up of our industrial machinery to produce planes. "We are just floundering along. Some of the failures have been due to poor organization."

To Marry At This Fall's Back-To-School Clothes Are Prettily Practical

7 o'Clock Tonight

In a candlelight service to be performed at 7 o'clock Sunday evening, Miss Laura Belle Underwood, daughter of Mr. and Mrs. W. A. Underwood, is to become the bride of Barnett Hinds of Forsan, son of Mr. and Mrs. S. B. Hinds of Tye.

The ceremony is to be read in the home of the bride's parents by the Rev. J. O. Haynes, pastor of the First Methodist church. The single ring service is to be used.

Miss Underwood will wear a sailor blue street-length dress with black and wine accessories and her shoulder corsage is to be of white gardenias. For something old and blue she will wear a ring belonging to her mother and for something borrowed she will carry a handkerchief belonging to Miss Marjorie Whitaker.

Kathleen Underwood, sister of the bride, will be her only attendant and will wear a rust-colored dress with black accessories. Her shoulder corsage is to be of Tallman roses. Marvin Sawyer of Forsan will be the best man.

W. A. Underwood will give his daughter in marriage before an improvised altar before the mantel that will be decorated with flowers and fern. White tapers will burn in candelabra on either side of the mantel.

James Underwood, brother of the bride, will sing "I Love You Truly," and Mrs. Anne Gibson Houser will play the piano accompaniment. Mrs. Houser will play "Wedding March" by Mendelssohn.

Out-of-town guests for the wedding will include Mr. and Mrs. S. B. Hinds, Maurice Hinds, Raymond Hinds, all of Tye, and Mr. and Mrs. Forrest Underwood of Hobbs, N. M., and Stanley Jones of Abilene.

After a short trip the couple will be at home in Forsan where Hinds is principal of the grade school and teacher of the seventh grade.

Miss Underwood was graduated from Big Spring high school and attended Texas Tech for two years where she was a member of D. F. D. social club. For the past four years she has been employed at the state department of public welfare.

Hinds was graduated from Abilene high school and received his degree from McMurry in Abilene. He has taught at Forsan for the past four and a half years.

Pretty and practical are the fall fashions for the back to school girls of all ages and from grade school to college there are numerous styles from which to choose. At the right is a reckless color scheme—peacock blue blouse, peacock blue and cerise striped skirt—that makes you think this costume might have originated in California, and so it did. The fabric is duvety and is slated for popularity. For class room or dates, this all-purpose dress will satisfy. In the center is a red plaidingham and there never was a little girl who didn't love one. Let her have it for her first back-to-school dress. The one shown is smocked, collared and buttoned in white. The plaid is an authentic Royal Stewart clan design. Right is a brown and gold plaid wool skirt with a brown flannel jacket. A double duty one that will help out any wardrobe.

Rites Read In Garden Setting

In a garden setting Friday night at 7:30 o'clock the wedding of Henry Etta Bolling and James Williams was solemnized with the ceremony being read by the Rev. C. E. Lancaster.

The garden of Mr. and Mrs. Vernon Logan was the setting for the marriage and the single ring ceremony was used. The bride is the daughter of Mrs. S. H. Bolling of Fort Worth and Williams is the son of Mr. and Mrs. G. F. Williams. Mrs. Logan is a sister of the bride.

Mrs. Williams wore a wedding gown of white chiffon made with a short train and fashioned with a square neckline of lace. The lace insets were repeated in the short puffed sleeves and at the waist of the gown. She wore a Juliet cap of tulle trimmed with lace and her veil of net was caught to the sides of the cap with clusters of orange blossoms.

With the wedding gown she wore a single strand of pearls belonging to Mrs. J. C. Loper and an old-fashioned gold bracelet of her grandmother's. Her Colonial bouquet was of gardenias, heather, feverfew and babies breath and tied with white satin ribbons.

Bridesmaids were Cornelia Frances Douglass and Mary Frances Price. Their dresses were made of dotted swiss with a bustle back and little girl collars. The skirts were full and the gowns were trimmed with lace. Miss Douglass wore a blue and Miss Price a yellow costume.

Matron of honor was Mrs. Gene Crittenden, sister of the bridegroom, who wore an orchid dotted swiss dress. The attendants had matching ribbons in their hair and had shoulder corsages of pom-pom asters to blend with their dresses.

Susan Logan was flower girl and wore a green dotted swiss dress made after the style of the bridesmaids.

She carried a basket of rose petals and the basket was tied with white bows. Don Logan was ring-bearer and carried the wedding ring on a white satin pillow bordered with feverfew and also tied with ribbons. He was dressed in long blue trousers and white shirt and tie.

Mrs. Bruce Frazier was at the piano in the summer house in the garden and played the "Bridal Chorus" from "Lohengrin" by Wagner and during the ceremony played "Melody of Love." Cornelia Frazier, preceding the ceremony, played two flute numbers. Schuchman played two flute numbers.

Wedding Is Performed At Home

Miss Kathleen Boatler, daughter of Mr. and Mrs. E. C. Boatler, and C. B. South, Jr., son of Mr. and Mrs. C. B. South, were married at 7 o'clock Saturday evening in the home of the bride's parents.

The single ring service was read by candlelight by the Rev. J. O.

MRS. C. B. SOUTH

Haynes, pastor of the First Methodist church.

The bride wore a royal blue velvet street length dress with black accessories and her shoulder corsage was of sweetheart roses.

Mrs. A. E. Bailey played the "Bridal Chorus" from "Lohengrin" by Wagner. Thomas South and Margaret Jackson were the only attendants and Miss Jackson wore a navy blue ensemble.

Suggestions For Those Who Enter Name Contest

It will be a lot of fun for you to plan unusual entries in the "Get Acquainted Contest," details of which appear in today's Herald. And, there are just a number of individual ways you can plan your entry and give it a definite originality.

You can paste up all the cartoons, together with the firm names and personal names on large pieces of cardboard and have them bound together with a colored cord. Some one may paste each individual cartoon, together with firm and personal names in a cleverly designed book and crayon each of the cartoons. Another may plan a large design of unique shape and paste the firm names on same and then just the individual faces of the individuals at each concern, together with their personal names.

Then, there may be some one who has the idea of a black and white booklet of some totally different appearance. And, there may be another who takes the time to present the firm names and personal names in an original lettered style of design.

Another may make an outline of the various streets of the city and in some totally different manner tie up the individuals with the location of their place of business in a distinctive manner. And, you can devise many other ways of having fun and expressing your originality in this contest.

Regardless of what type of entry you may enter in the "Get Acquainted Contest" please remember that: first, you must have the firm names spelled correctly; secondly, you must have the person spelled correctly as they appear in the "Get Acquainted" page; third, the right personal name must be associated with the correct firm.

Fun—Cash prizes—and, theatre tickets to honorable mentions though the courtesy of J. Y. Robb, manager of the local theatres. And, all answers must be in the Herald office by 5 o'clock Saturday, August 31.

College Students To Start To School Next Week As First Of September Rolls Closer And Vacations End

By MARY WHALEY

With just six days until September, the college girl and boy are holding the scene with last minute preparations of clothes, name tags for laundry, and those parting instructions from freshmen mothers.

What fraternity or sorority to pledge, how many formals to buy, what courses to take, have all become more important to these families now than the Burke-Wadsworth bill or the outcome of the election.

Even father has been dragged from behind his barricade of "too busy" and piles of newspapers to put in his bit about things being too tight, too short or too low. Little brother has silenced his snorts and grunts about the going on of sister or brother to be envious and wish it were he who was going.

Definitely these back to school girls and boys are holding the spotlight in local events. Mostly they feel a little thrilled and maybe just a little scared about this first big adventure but not when you ask them. No, sir. To look at them you would think they were bored!

Secretly they are delighted to think of being independent and on their own. The world is their oyster and they mean to take the best for their own use.

The rest of us watch like a bunch of back-seat drivers as they pit their youth and ambition against a pretty battered world and parents quietly cross their fingers as their young rally forth this fall to conquer all.

DOWNTOWN STROLLER

Saw Horace Wallin at the polls looking mighty sleepy-eyed but he insisted it was from getting up too early not to bed too late. It's a good story anyway.

Got introduced to P. R. or Mr. Roberts to some and discussed the pros and cons of conscription. He bought us a cupacawfee thereby keeping our Saturday record clear for free refreshments.

High Duncan was assisting with the election at the polls and at that early hour there were a lot of people arriving. Maybe the dictators have made us appreciate our voice in government affairs these days.

Mrs. Doug Perry was walking down the main drag looking very busy with shopping problems. Had her arms full of bundles. We were doing our weekly shopping via the windows on Main Street.

Said "hi" to Mrs. Stella Flint who looked very natty in her rose-colored sport dress and low-heeled brown oxfords. She isn't any bigger than a minute and always looks nice, too.

A. E. Suggs is still on crutches and has his foot in a cast from a fall he got sometime ago. He's getting pretty agile with those crutches but he'll be glad to do away with them.

Mrs. G. C. Dunham coming out of the beauty parlor had her hair set in a fancy new half-do that really looked lovely. Sort of fixed in rolls across her head and looked like a coronet.

Dashed back to eat our lunch in nothing flat and so to the death old typewriter.

Couple Marry Here At Pastor's Home On Friday Night

Lacretia White, daughter of Mr. and Mrs. W. M. White, and H. L. Lackey, Jr., son of Mr. and Mrs. H. L. Lackey of Santa Anna were married Friday evening in the home of the Rev. R. Elmer Dunham by the Rev. A. B. Lightfoot, assistant pastor of the East 4th St. Baptist church.

The bride wore a pink ensemble and Henry Long was the couple's only attendant. Mrs. Lackey attended Big Spring high school and he attended Santa Anna high school.

Lackey is employed at Thorpe's Paint and Paper Store. The couple are at home temporarily at the Douglas hotel.

Texas Oil Industry Paying Taxes Equal To 41-2 Cents A Barrel

DALLAS, Aug. 24—Taxes paid by the Texas petroleum industry for school purposes now equal 41-2 cents per barrel for every barrel of oil produced in the state.

Figures just compiled by the Texas Mid-Continent Oil and Gas association from official records of the state comptroller and the tax collectors of several hundred independent school districts show that the Texas petroleum business last year paid \$1414 in school taxes for each of the 1,549,443 children attending Texas public schools.

Based on the per child educational cost of \$55.30, petroleum taxes were sufficient to pay all expenses of educating one-fourth of the entire school population of Texas, or about 388,000 Texas school children.

Although the statewide average paid by oil is one-fourth of the total school taxes paid, petroleum pays an average of four-fifths of all school levies, including the state apportionment, in forty larger oil districts.

In these districts, also, the average cost of schooling per pupil is much higher than in non-oil districts. In these forty, the per pupil cost averages \$132.36, or approximately 1-2 times as much as the average of \$53.98 for all other Texas school districts.

Last year the Texas oilman paid in state taxes approximately \$32,000,000 of which around \$13,000,000 was allocated to the public schools. In addition, he paid over \$38,000,000 in local taxes of which more than \$8,000,000 went to the schools. Altogether \$21,915,000 was paid by petroleum to Texas public schools last year. This \$21,915,000 divided by the 43,192,887 barrels of oil produced in Texas in 1939 gives an average of 45¢ cents per barrel in school taxes for each barrel of oil produced in Texas.

The \$21,915,000 paid in school taxes by the Texas oilman is equivalent to the entire yearly salaries of 20,655 white Texas school teachers, or more than half of the 38,620 instructors in all the white public schools of the state. In addition, taxes on gasoline paid by the consumer and collected by the oil industry at its own expense provide the schools with \$10,500,000 more, the equivalent of the yearly salaries of nearly 10,000 more Texas teachers. Thus Texas petroleum and its products now bear taxes equal to annual salaries of more than 30,000 Texas teachers, or four-fifths of all the white school teachers in the state.

filter in. A tremendous amount of routine work was done tracking each one down, usually to a harmless shop or a prosperous, law-abiding citizen who was at a loss to account for his possession of a ransom note.

Two of our most sartorially elegant operatives began to make the rounds. From station to station and back again, going out, coming in, watching for the little boy.

Then he heard Adam telling you about the insignia. He had missed one, but had no idea where he lost it. That scared him. But when he went to put on his uniform blouse to go back to barracks that afternoon, there was another one gone.

But if the man in the car wasn't Immerman, who was he? He looked at me. "You ought to be able to figure that out for yourself. There's only one person it could have been. There'll be dental records to prove it—there was a plate. Of course, we don't actually need those records. We have also a baggage check which was found under the insole of one of Felicia's shoes."

New Buick Engine Is Described As The 'Fireball'

FLINT, Mich., Aug. 24. — When Buick engineers described the improved dynamo principle involved in the 1941 engines, by which, as a result of combustion chamber design, the fuel charge is compressed in a ball around the spark plug, they gave a name to these new high powered, high compression engines.

They called it "fireball." For, in fact, that best describes the action within the cylinders when, at the top of the compression stroke, the explosion occurs. Dome type pistons, which are a Buick development of the past three years, are so shaped as to compress the gas charge into a ball, affording complete and controlled combustion and eliminating the counter explosion that usually takes place on the opposite side of the piston, causing detonation.

As a result of the fireball design, Buick engines are able to use high compression without detonation and thus obtain maximum performance and economy from a given amount of fuel. Further contributing to the fireball design is the new compound carburetion, manifold of which also permits an increase in compression ratio and a further increase in power output with greater fuel economy.

An indication of this gasoline economy, according to the engineers, is the fact that the big 165 horsepower engine will deliver as many miles per gallon at cruising speeds of 40 miles per hour as last year's was obtained from the 107 horsepower series 40 engine.

The valve-in-head design, which normally is 10 per cent more efficient and economical than other types of engines, has been further improved in this respect for 1941 by the fireball design in combination with compound carburetion, the engineers say. The fireball engine is exclusively a Buick development, involving the use of two carburetors per engine.

CHRISTIAN SCIENCE SERVICES
Room 1, Settles Hotel
"Mind" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 25.
The Golden Text is: "Blessed be the name of God for ever and ever; for wisdom and might are His; He giveth wisdom unto the wise, and knowledge to them that know understanding" (Daniel 2: 20, 21).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And God spake all these words, saying, I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (Exodus 20: 1-3). The lesson-sermon also includes

the following passage from the Christian Science textbook, "Belief and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine Principle of the First Commandment bases the science of being, by which man demonstrates health, holiness, and life eternal" (page 840).

Standardized Plane Types Advocated

LOS ANGELES, Aug. 24 (AP)—Army and navy fighting planes, declares William S. Knudsen, chairman of the national defense advisory committee, must be narrowed to a few types to speed up production.

"Too many factories are wasting their time on a lot of different types of planes," he said. "Over in Germany they just tell the Dornier people to keep turning out Dornier 17s as fast as they can. That's why they can build 2,000 airplanes a month."

Knudsen and Maj. Gen. Henry H. Arnold, army air corps chief, inspected the world's fastest fighting plane and another ship, the world's largest fighting plane, before leaving today for San Diego to look over a third craft, another giant bomber, being built there for the army.

The world's largest bomber, a 140,000 pound Douglas B-19 ship, will have a maximum flying range of 7,000 miles, is nearing completion at Santa Monica and will be ready for flying tests this fall. The craft will carry a load bigger than those of any bomber now in use.

It has a wingspread of 212 feet and is 112 feet long. It will be powered by four air-cooled (Wright Duplex) engines generating 8,000 horsepower.

Gen. Arnold and Knudsen also inspected a Lockheed P-38 twin-engine interceptor pursuit designed for speed of 460 miles an hour but declared capable of 500.

"The army will have its 5,500 plane program finished by April—weeks ahead of schedule," said Gen. Arnold.

"We'll be well on our way toward the 15,000 plane total," Knudsen said. "When we get back to Washington, we'll coordinate the demands of the army and navy to avoid confusion and speed up production."

Army Enlisting Goes To New High Record
Pointing out the advantages offered the young man in army services today, Sgt. Troy Gibson, in charge of the U. S. army recruiting station here, said Saturday that during the month of July, an all-time record for peace time was set with the number of enlistments reaching 31,500 for the nation.

"The local recruiting office has excellent vacancies to offer prospective recruits," the officer said, "and this office is glad to give any information on these vacancies."
"Men having at least two years college work are given the special privilege of enlisting directly for the air corps, and these men are forwarded to civilian schools for basic training, then sent to an army advanced school.

"Never before has the army offered such opportunities for schooling and advancement to deserving young men. Those who enlist now may get in on the ground floor and advance as the army expands, getting grades and ratings ahead of others."

Farm And Ranch Talk ROUND THE COFFEE POT

By Newton Robinson

John Conrad, in town last week, said that he has leased 8,000 acres of the old Weaver ranch northeast of Lamesa and plans to take possession of the property around Sept. 1. The Weaver property originally covered close to 100 sections in that area and is said to be some of the best land in Dawson county. Conrad plans to improve the property some and stock it with cattle. He is at present located in Borden county.

Farmers in this area, worried because of the likelihood of late rains in their cotton after rains earlier this week after a checkup showed that the infestation thus far was light. Many of them have rigged up their poisoning equipment "just in case," but it isn't likely that it will be used soon.

D. H. Snyder, West Texas rancher, is making plans now to stock his newly leased ranch near Fort Worth. Snyder is to take possession of the ranch Sept. 1. His plans are to move Mr. and Mrs. Ray Swann, of his UX ranch in this county, to the newly acquired property and leave Abbie Northcutt in charge of the ranch here. The tract leased by Snyder near Fort Worth is said to be one of the best parcels of grassland in that area for fattening cattle. It is known as the C. B. Team place and has been operated for many years as a cattle feeding center.

The Spade ranch south of Colorado City has sold a carload of choice lambs to a California buyer. The lambs, averaging 70 pounds, were a cross of Corriedale-Kambouilles.

Wes Ford of Martin county reports that he has a fair crop, though spotted. This area received good rains recently.

A good fruit crop is being produced on the Bob Eberley farm in the Lomax area this season. So far, a good crop of seedless grapes and peaches has been gathered from the orchard. People driving by the place are often puzzled by the limbs of the trees. Mrs. Eberley keeps them filled with water. The theory is probably that the moisture from the cans help production—anyway the orchard produced a crop last year when no other did.

Albert McKinney and Truett DeVaney, discussing the weather the other day, finally decided that the New Hope community in Mitchell county is about the only place where farmers made more money off a hail storm than on their crops. A couple of years ago, farmers in that area collected enough on hail storm insurance to make what they ordinarily would off of an average crop. About the same time DeVaney got a ball on his place near Coahoma, that provided him with enough moisture to make a crop, but he is just now getting the land back in shape.

Ranges on the McDowell properties are reported to be in need of moisture.

The annual fall included in the first entry club show to be held in connection with the Midland rodeo, Aug. 31 and Sept. 1-2 are Dr. M. M. Bennett, one thoroughbred; Bud Hanson, Garden City, two Palominos; Roy C. Davis of Sterling City, one Palomino and one quarter horse; Jess Slaughter, two quarter horses; Roy Proctor, Midland, one thoroughbred; C. J. Cox of Garden City, one thoroughbred filly and one thoroughbred gelding; and Roy Parks of Midland, two quarter horses.

INSURANCE MEN GO TO CHICAGO MEETING

On a trip that will take them to Chicago for about a week's stay, Mr. and Mrs. Joe Pond and Walter Wilson are leaving Sunday to attend an agency convention of the Great American Life Insurance Co. They also will be at Springfield, Ill., for a meeting of the associated Franklin Life Insurance company. Pond, agency supervisor in this territory for Great American, and Wilson, local agent, qualified for the convention trip by reaching a specified volume of business.

After attending agency sessions at Chicago and Springfield, the plan to return here about Sept. 1.

Two From County Awarded Degrees

CANYON, Aug. 24—Walker C. Bailey of Big Spring and Camilla Holsager of Vealmour received bachelor degrees at West Texas State college at the thirtieth commencement exercises Friday.

Dr. H. W. Stillwell, superintendent of Texarkana public schools delivered the commencement address. West Texas State graduated a total of 265 people received master's degrees this summer.

Robert E. Lees On Way To Convention

DALLAS, Aug. 24 — Leaving Dallas at 10 a. m. Sunday, Aug. 25, on the Southland Life-Santa Fe special train bound for Estes Park, Colo., will be Robert E. Lees, representative of the Southland Life Insurance company at Big Spring, and Mrs. Lee.

The vacation-convention, for which the Stanley hotel in Estes Park will be headquarters, is given as a reward for the production of life insurance during the past eighteen months. Nearly 150 Southland Life agents, executives and wives will make the trip.

The entire party, with the exception of those who choose to spend another week in Colorado, will return to Dallas, arriving Friday, Aug. 30, and from Dallas will disperse to their homes.

L. C. Soidan of Chester, Neb., who has been visiting here with his daughter, Mrs. F. H. Talbott, and Mr. Talbott, plans to return to his home Monday.
