

Participant Reveals Plot To Assassinate MacArthur

TOKYO, April 30 (AP)—General MacArthur was marked for assassination May Day—tomorrow—with hand grenades and pistols...

through Tokyo—stirred Japanese fears of harsher occupation policies. Kyuchi Tokuda, general secretary of the communist party...

Japanese Reaction "Shocked"

TOKYO, April 30 (AP)—News of a frustrated assassination plot against General MacArthur tonight shocked the Japanese.

Their first reaction was twofold: A feeling that their country had lost face; fears that repercussions might be felt in every household.

The government officially apologized. Katsuo Okazaki, representing Foreign Minister Shigeru Yoshida, visited MacArthur's office two hours after allied headquarters announced discovery of the plot.

Okazaki expressed "deep regret and concern" and said his government was "greatly embarrassed." He asked if there was anything his government could do.

Earlier, Premier Shidehara, Yoshida and Home Minister Chuzo Mitsuchi conferred. Japanese reporters speculated that they discussed lighter precautions than previously were planned for the May Day demonstrations.

Many Japanese immediately asked "will this create more anti-Japanese feeling in America?" They linked this with fear that adverse American reaction might complicate efforts to obtain food and might mean a longer, harsher occupation.

They also expressed regret that the incident might mar the occupation and change the attitude of MacArthur, whom the Japanese generally respect.

Fort Worth Man Killed Running From Attackers

FORT WORTH, April 30 (AP)—Ivan J. Poole, about 43, was shot to death early today in the Pantego community near here as he sought to escape one or more attackers who already had fired two bullets into his body.

O. S. Austin, Arlington building materials man, said he was awakened at 4 a. m. by the screeching of car brakes in front of his house, next door to the Pantego school.

"I looked out the window and saw a man hobbling down the driveway," Austin told Police Chief Cribbs. "He was hollering for help. I heard a shot, and then the car speeded up and disappeared."

Austin found Poole sprawled near his back door. A bloody spring blade knife lying near his hat nearby. One .45 caliber bullet had pierced his heart from under the left armpit, another had plowed through his chin and a third had entered his right thigh.

OPA Increases Rye Bread Price, May Hike Others

WASHINGTON, April 30 (AP)—OPA today raised retail prices for most rye bread two cents—a one-pound loaf.

An official of the agency told a reporter privately that housewives soon may pay more for white bread and other kinds.

Bakers, the official said, are seeking an increase of a cent a one-pound loaf on other than rye bread. He added that "some increase looks likely."

The rye bread hike of two cents, effective immediately, pushes retail prices to 11 and 12 cents for most one-pound loaves, OPA said. It will remain in effect at least until June 30 when the agency will re-examine bakers' costs to determine whether the highest ceilings should be continued.

Explaining the increase, OPA noted that ceilings of rye grain do not become effective until June 1. Meanwhile, the agency said, rye bread bakers "have been squeezed between sharply advancing rye prices and bread ceilings."

The rye bread increase is subject to the limitation that wholesale ceilings may not exceed 10 cents a loaf. This means, OPA said, that retail prices will not be changed in the case of rye bread now selling at wholesale for 12 or more cents a loaf.

New Manager For Colorado C. Of C.

COLORADO CITY, April 30—A strange case of reticence for a chamber of commerce organization has developed the past week in Colorado City. The man on the street has known for a week that a new manager for the chamber here was employed at a called noon session of directors Monday, April 22.

Similarly, most of this section of West Texas has learned by "word of mouth" that the new man is L. A. Chapman of Snyder. Chapman, until recently a district director for Woodmen of the World, is expected to assume the post left vacant when State Senator Pat Bullock resigned April 1 to enter private business.

Midland To Construct Water Storage Tank

MIDLAND, April 30—Construction of a 2,900,000-gallon overhead water storage tank will be completed around June 1, according to latest contractor estimates. The reservoir is 82 feet in diameter, towers 72 feet, and will boost (leaved) storage to 2,700,000 gallons.

The new tank in western Midland will connect with a 16-inch main which traverses the city.

OBJECTS TO BASES IN ICELAND — Olafur Thors (above), prime minister of Iceland, voiced his objection to proposals that his nation grant the United States air base rights on that strategic island. (AP Wire-photo).

HER LIFE SAVED, SHE MISSES CAR

CHICAGO, April 30 (AP)—An alert highway worker saved Mrs. Lillian Harper, 50, from possible death yesterday, seconds before a speeding Rock Island train smashed into her stalled automobile on the tracks in suburban Tinley Park.

The hero in the dramatic incident was George Gibson, who heard Mrs. Harper's call for help to push her car off the rails. Mrs. Harper apparently did not see the train's "Rocket" traveling at high speed toward her, the car hiding her view.

Gibson, however, saw the approaching train and rushed upon the tracks and carried Mrs. Harper to safety as the train struck the car and threw it into a row of parked cars.

Thanking Gibson for saving her life, Mrs. Harper bemoaned the loss of her car. "It had a new tire," she said.

Clark Protests Soviet Fighters Buzzing Plane

VIENNA, April 30 (AP)—Two Russian fighters buzzed the personal plane of Gen. Mark W. Clark today as it was being flown from Vienna to Ling by Brig. Gen. Ralph A. Snavely, commander of the USAF air division.

This was the third incident involving Soviet fighters and American planes in 10 days. Clark was not aboard his plane, a B-17 Flying Fortress. He made his third protest against the Russian activities, when he learned of today's attack.

The Russian fighters made speed runs toward the B-17 several times, but fired no shots such as marked the action involving two US transport planes previously. The radioman aboard the B-17 reported the details as the plane continued its flight.

The B-17 left the airport outside Vienna at 9:50 a. m. and was flying over St. Polten about 25 minutes later, when the Soviet planes approached.

Col. Howard Moore of Farmersburg, Ind., was co-pilot on the B-17, which was described as flying on a "USFA mission." Names of the passengers were not released.

RAIL LINES RECONSTRUCTED — NANKING, April 30 (AP)—The ministry of communications said today it is concentrating on reconstruction of the vital Lung-hai and the Hankow-Canton rail lines. Work on all other lines has stopped.

Byrnes Pledges US Support To Keep Peace In Germany

House GOPsters Convinced OPA Is Not Popular

WASHINGTON, April 30 (AP)—House Republicans insisted today their visit back home convinced them they were right in voting to whittle down OPA.

Not one of the GOP members returning from a hurried pre-campaign trip to the political grass roots reported any widespread dissatisfaction among constituents over the drastic curbs written into the price control extension bill just before the House quit for its 10-day Easter vacation.

Public sentiment over that action was one of the things members wanted to learn about at home. Republicans were particularly concerned because it was under their leadership that the House took the course it did.

Democracy generally were somewhat slower drifting back to the capital. A group of Southerners joined with the Republicans in putting through amendments the administration has said would nullify price control.

Administration leaders are hopeful of salvaging the OPA bill in the Senate and in later Senate-House conferences.

Destroyer Explodes During Ammunition Unloading At Pier

EARLE, N. J., April 30 (AP)—The Harold C. Thomas, a destroyer escort, exploded today while ammunition was being unloaded onto a pier at the Earle naval depot, and the navy expressed fear that "many are dead or wounded."

The navy said it had but few details on the blast, which was followed by fire on the pier. "It is very bad—just how bad we don't know yet—and we have no report on the casualties," the naval spokesman said.

The blast occurred at 9:35 a. m. (CST) and could be heard for miles around. The vibration broke windows in houses and stores in the Monmouth county area.

Coast guard craft were dispatched to the scene. All doctors and ambulances in the area were mobilized.

The depot, built by the navy in 1943 at a cost of \$60,000,000, is the largest in the east and has been continuing since the end of the war as a permanent installation.

The pier for loading and unloading is 2 1/2 miles long and is the longest of its kind in the world. The depot had a storage capacity for 350,000 tons of ammunition.

Hanson Testimony Continues Today In Burglary Trial

Testimony and cross-examination of witnesses in the trial of David P. Hanson, which began this morning, was scheduled to begin anew after the noon recess.

Secret Proposal Would Combine Four Armies To Check Militarism

PARIS, April 30 (AP)—A long-term United States foreign policy, pledging American military might to keep the peace in Germany for at least a quarter of a century, emerged today in the form of a proposal by US Secretary of State James F. Byrnes for a four-power mutual assistance pact.

The hitherto secret United States proposal, which would combine the military forces of the United States, Russia, Britain and France to assure a permanent German disarmament, was made public by Byrnes at a press conference last night following a five-hour session of the foreign ministers conference.

The secretary of state also disclosed he had drafted a similar pact to keep United States and other allied forces on the alert against a revival of militarism in Japan.

Byrnes said Premier Stalin had supported the idea for the four-power treaty on Germany when the two discussed the matter in Moscow last Christmas. However, Vyacheslav Molotov, Russian foreign minister, yesterday opposed placing the matter on the conference agenda in connection with general discussions on Germany.

France and Britain have accepted the proposal in principle, Byrnes said, and Russia has expressed willingness to discuss it. Whether the treaty draft will be placed on the agenda remained unsettled.

UN Committee Begins Spanish Investigation

NEW YORK, April 30 (AP)—The first investigating subcommittee of the United Nations Security Council began compiling evidence in secrecy today to determine whether Franco Spain menaces the peace as charged by Poland.

In the first phase of an inquiry authorized yesterday by a resolution stamping the council's unanimous moral condemnation on the Franco regime, the subcommittee disclosed it was committed to keep certain submitted documents confidential.

As it began its inquiries the subcommittee was confronted with the probability that new evidence would be fed to it from both Russia and the Spanish Republicans.

Shortly after the subcommittee was named by the council on a ballot of ten affirmative votes, with Russia abstaining, the Moscow radio last night said a signed draft of a secret 1943 Spanish-German military protocol had been captured in the German foreign ministry during the battle of Berlin more than a year ago.

The exiled Spanish Republicans, who are represented here by two observers—Fernando de los Rios and Jose Antonio Aguirre—indicated that Prime Minister Jose Giral of the exile regime was expected to arrive here from Paris at any moment with new information.

The Security Council was in recess today subject to the call of Chairman Hafes Afifi Pasha of Egypt. It may not meet again before next week, when it may re-examine the status of Red army withdrawals from Iran. Gromyko has threatened to boycott any further reference in council to the Iranian question.

Senate Considers Ban On Radar Sales

WASHINGTON, April 30 (AP)—Amid reports that Russia has been dickering for the purchase of American radar and other electronic devices, a senate judiciary subcommittee took up the question today whether to ban foreign sales of such equipment.

Heat Turned On Against Activity Of Black Market

WASHINGTON, April 30 (AP)—The government turned more heat on the black market today with the double aim of improving the domestic food situation and halting the diversion of famine relief supplies for overseas.

The justice department announced the start of a "vigorous crackdown" on income tax evaders, suspects of reaping huge black market profits.

"We're going after these fellows," Attorney General Tom Clark announced, promising that the drive "will be strengthened and accelerated."

OPA also disclosed a stepped-up enforcement campaign, aimed primarily at the black market in meat, which Secretary of Agriculture Anderson said is thwarting the nation's efforts to meet relief export goals in food and meat.

Administrator Paul Porter said that OPA soon will have 850 enforcement agents working against the meat black markets, as compared with about 650 at present and some 400 ninety days ago. Porter was hopeful of "a marked change" in the situation within the next two months.

Intelligence Unit Shake-Up Complete

WASHINGTON, April 30 (AP)—The shake-up of its much-discussed intelligence service completed, the state department looked hopefully to congress today for funds to keep the unit operating after June 30.

Acting Secretary Dean Acheson announced last night the appointment of William L. Langer, 50-year-old Harvard historian, as special assistant in charge of research and intelligence. Langer succeeds Col. Alfred McCormack, under whom he formerly worked in the intelligence unit.

But unless the house overrules its appropriations committee and restores at least part of a \$4,150,136 item to the state department's 1947 budget, Langer will have no intelligence program to administer after the close of the current fiscal year.

The house is scheduled to take up the appropriations bill Thursday, the first major legislation to come before the chamber after its 12-day Easter recess which ended today.

Five Big Plants Returned To Owners

WASHINGTON, April 30 (AP)—The government restored the plants of the five big meat packers to the owners today.

The facilities were seized January 26 when a strike by AFL and CIO packing house workers threatened serious curtailment of meat supplies.

The White House announced at 12:01 a. m. all except five stockyards were turned back to Armour, Swift, Wilson, Cudahy and Morrell. The stockyards—at St. Paul, Milwaukee, Fort Worth, Los Angeles and West Fargo, N. D.—will be released in a few days.

Texas Suffers From Violent Spring Weather

Oil derricks were toppled and buildings damaged at Kilgore when winds near twister proportions unroofed buildings at Rotan as heavy rains fell in most sections of Texas yesterday and last night.

There were thunderstorms bringing wind, rain and hail. The heaviest downpour was at Trinidad where 2.96 fell.

At least three oil derricks were toppled and trees blown down at Kilgore where several small buildings and houses were damaged in a windstorm accompanied by a heavy rain. Two derricks in downtown Kilgore fell on houses, causing them in, but no injuries were reported.

Two buildings were unroofed at Rotan in West Texas where there was a half inch of rain while a fine-frost crop was damaged southeast of Clyde where precipitation measured two inches. There was a complete loss of peaches in one 82-acre orchard as marble-sized hail beat the countryside. At Clyde the Williams-Miller gin and warehouse were unroofed and twisted to one side and many roof tops were damaged.

At Houston a thunderstorm at midnight brought wind approaching 50 miles an hour at municipal airport and 42 miles an hour downtown. A huge plate glass window in the downtown area was blown out.

Rain measuring 2.48 inches, accompanied by wind, lightning and hail, fell throughout Navarro county, causing considerable garden and crop damage.

High winds uprooted trees and blew them across the Tyler-Gladewater highway but this was soon cleared away. Other damage in the Tyler area was comparatively light. Mineola had a hail storm.

A torrential downpour accompanied by violent electrical disturbances flooded downtown San Antonio streets today and sent San Pedro creek out of its banks at several points but there was no major damage. A light hail fell last night and early today. The weather bureau recorded 2.11 inches of rain during the 24-hour period ending this morning.

Rains reported over the state were: Dallas 1.10, Austin 1.29, Houston .87, Lufkin 1.20, Wichita Falls .83, Abilene 1.00, Pampa 2.1, Beaumont .94.

Hospital Escapee Held For Assault

SAN ANGELO, April 30 (AP)—Upton county deputy sheriff Earl McWilliams told the Standard-Times today that H. E. Rodgers, who escaped from the Big Spring State hospital Jan. 16, had been charged with assault with intent to murder in the stabbing of Bob Jeton, operator of a McCamey dominie parlor.

Jeton remained in a critical condition today. He was stabbed at least 15 times with a pocket knife in an altercation on the main street of McCamey early last night.

PLANE CRASHES INTO RESIDENCE—Men inspect wreckage of a PT-19 plane which crashed between the garage and kitchen at the J. H. Phillips home near El Paso, Tex. The pilot, Oliver Wade Russell, Jr., 26, of Fort Stockton, Tex., was killed. Mrs. Phillips was seriously injured. (AP Photo).

DAIRY DAY PLANNED

MIDLAND, April 30—Plans are being developed here for a Midland county dairy day program on May 13. Some \$400 in prizes will be posted for the event.

Factors For Good Home Life Discussed At Council

Factors which should influence home life was the topic of the fifth Monday meeting of the Federated Council of Church Women Monday afternoon at the Wesley Methodist church.

Mrs. George O'Brien addressed the women of all churches, talking on "The Five Walks in Our Home." The speaker commented that various factors or walks which make up proper home life include the walk of respect, walk of vocation, walk in love, walk to be children of light and the walk of circumspection.

Mrs. Sylvan Daimont, program

chairman, opened the meeting with the singing of the creed, followed by "America." Mrs. Pat Kenney was accompanist.

Mrs. J. C. Pickle delivered the devotional on "God's Influence in Our Home," taken from Acts 16:13-15. Mrs. Rogers Hefley read the poem, "What Makes the Home."

Mrs. V. Van Gieson resigned her position as treasurer of the federation at the business session. In addition Mrs. Cecil Wasson resigned as program chairman and Mrs. Della K. Agnell resigned as welfare chairman. As a nominating committee to fill the vacancies Mrs. Daimont appointed a committee to include Mrs. D. A. Koons, Mrs. Charles Koberg, Mrs. W. A. Laswell, Mrs. Arthur Pickle, Mrs. Bernard Fisher, Mrs. T. E. Baker and Mrs. Roy Freeman.

Announcement was made of the Welcome Strangers tea which will be held at the First Methodist church Friday. All strangers in town are invited to the affair whether members of a church or not.

Attending the program were Mrs. A. B. Brown, Mrs. W. G. Wilson, Jr., Mrs. Rogers Hefley, Mrs. Charles Koberg, Mrs. Sylvan Daimont, Mrs. Ceol Nabors, Mrs. Arthur Pickle, Mrs. J. C. Pickle, Mrs. W. L. Porterfield, Mrs. J. P. Kenney, Mrs. T. L. Lovelace, Mrs. B. Eckhaus.

Mrs. B. Fisher, Mrs. J. D. Benson, Mrs. Harry Lees, Mrs. Robert Hill, Mrs. W. S. Miller, Mrs. F. B. Wilson, Mrs. W. A. Laswell, Mrs. D. A. Koon, Mrs. George O'Brien, Mrs. Sen Whitaker, Mrs. D. T. Evans, Mrs. J. B. Pickle, Mrs. H. J. Whittington, Mrs. L. M. Williams, Mrs. Frank Powell.

Various types of cancer were recognized and described in 400 B. C. by Hippocrates.

NEW TREATMENT CHASES PIN-WORMS

Millions have suffered in silence with the misery of Pin-Worms—but need suffer no longer! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. This drug is the vital ingredient in **Pin-Worm Tablets** developed in the laboratories of Dr. D. James & Son.

The small, easy-to-take **P-W** tablets act in a special way to remove Pin-Worms and relieve that tormenting rectal itch.

So if you suspect Pin-Worms in your child or yourself, ask your druggist for a box of **JAYNE'S P-W** right away, and follow the directions.

It's easy to remember: **P-W** for Pin-Worms!

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all, and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves, if rednebbie pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and bring back alluring curves and graceful slenderness; Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Students Attend Fifteenth Annual Senior Day Program

A bus and two cars carried a group of Big Spring high school seniors to the annual Senior Day at Hardin-Simmons in Abilene, which has been resumed after it was discontinued during the war years.

A total of 1,040 seniors from 70 West Texas towns registered for the activities which included a rally featuring the HS-U cowgirls, and a comic strip production by the University players. The Katzenjammer Kids were represented by Robert and Richard O'Brien of Big Spring. The Ministerial chorus included two local boys, Chester O'Brien and Leo Bya. Other Big Spring youths encountered at the gathering were Jeanne Dickerson, Charlie Holden and Martha Hobbs.

Students attending were Maurine Evans, Yvonne Millam, Mary Ann Goodson, Betty Lou Baird, Dorothy Weatherman, Luan Wear, Muriel Floyd, Doris Jean Morehead, Norma Jones, Millie Balch, John Murphy, Charlene Tucker, Jimmy Reaves, Lesley Cathey, Ardis McCasland, Betty Ray Nall, Evelyn Arnold, Virginia Hill, Jane Norris, Lina Jane Wolf, Dorothy Lee Day, Leatrice Roa, Billie Joe Bates, Bobbie Mitchell, Donald Simpson, Sue Haston, Julian Harrell, Robert L. Vaughn, Frank Hazlewood, Buster Burns, Maude Wilson, Sylvia Stocks and Mary Louise Davis.

Going with the group were Mrs. Dick O'Brien, Mrs. Dorothy Wilson, Mrs. Milton Meyer, Mrs. Della K. Agnell, Mrs. Lee Haine.

Mr. A. T. Lloyd has returned from a two month visit in San Antonio where she was a guest of her daughter, Mrs. Raleigh Davis, and her sister, Mrs. William Merger.

Mrs. O'Brien Tells WMS Of Graduation From Ladies' Aid To Missionary Work

"The women's auxiliary of the Baptist churches has graduated from the ladies' aid, which did nothing more than have chili suppers and bake pies, to the Missionary Society, which as its name implies, does actual missionary work," Mrs. P. D. O'Brien declared Monday.

Mrs. O'Brien, president of the First Baptist church WMS, was principal speaker at a seated tea for WMS members and prospective members of the organization. She related the various duties of the WMS, and told of the importance members maintained in the church. She listed the various branches within the WMS organization, and told of the activities of each.

The meeting was opened with the singing of the WMS hymn, "We've A Story to Tell to the Nations," after which Mrs. Ernest Hoek told the story of "Old Crabby" and Matthew 7:7, illustrating her story with flannelgraph pictures. She told of Old Crabby's unpopularity with the townspeople, and how a miracle was performed when he found a card telling him to "ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you." When he returned to the Christian life, his respectability and popularity returned, and he then became a useful citizen.

Mrs. Hoek then sang "No One Seems to Care." Mrs. J. E. Hardesty played Schumann's "Traumerei," as a violin solo.

Following the program a social hour was held, and Mrs. O'Brien served punch from a crystal service. The table was laid with an ecru lace cloth, and arrangements of spring flowers wreathed the base of the footed punch bowl. Other spring flowers were arranged in shallow crystal swan-shaped bowls. Other appointments were silver.

Attending were Miss Minnie Moore, Mrs. W. J. Alexander, Mrs. H. E. Chaste, Mrs. G. H. Hayward, Mrs. Dick O'Brien, Mrs. Ernest Hoek, Barbara Ann Hoek, Mrs. J. E. Smith, Mrs. Theo Andrews, Mrs. M. E. Harlan, Mrs. E. B. Kimberlin, Mrs. J. E. Monteith, Mrs. R. G. Hancock, Mrs. Mildred M. Jones, Mrs. J. H. Greene, Mrs. J. C. Caraway Jr., Mrs. J. E. Hardesty.

Mrs. A. L. Hobbs, Mrs. C. T. McDonald, Mrs. Roy Green, Mrs. A. T. Lloyd, Mrs. E. R. Farmer, Mrs. Roy Odom, Mrs. Clifford

OUT of this WORLD!

From the Paradise of the mountains of the Tropical Americas, where Nature gives most bountifully of her goodness...

Come a coffee that people call "Out of this World"—and it truly is—

The exotic, vigorous flavor qualities of these special Mountain Grown coffees are uniquely blended and roasted to capture an individual flavor quality that people call Folger Flavor.

It is a flavor that you must taste to know, for it is different—and for millions it is ever so much more pleasure-giving.

Economy
Because coffee is a joy-giving beverage, the factor of extra enjoyment from Folger's Coffee is sufficient reason alone for preferring this particular brand—but the very extra intensity of Folger Flavor is immediately its next great advantage.

Economy
The intensely concentrated Folger Flavor makes it possible to use less coffee—in fact you are urged to try using—less coffee to make each cup—than you have used for lesser flavored brands.

Won't you try Folger's Coffee at your home—enjoy this "Out of the World" beverage—There's a mountain of flavor in every spoonful.

FOLGER'S COFFEE
THE COFFEE WITH THE FLAVOR ADVANTAGE

Donnie Roberts Selected As Queen Of Girl Scout Fete

Donnie Roberts will reign as Queen of May at the Girl Scout May fete to begin this evening at 8:30 o'clock in the amphitheatre of the city park.

The program will be opened with the procession of the Queen and her court to her throne, after which all troops of the Big Spring association will present folk dances and songs traditional to May Day festivals. The high school band will furnish music for the affair.

The program will last about an hour and will leave plenty of time for those wishing to attend the senior play to go to the auditorium.

Mrs. F. C. Niedermeier of El Paso will arrive this week for a visit with her sister, Mrs. A. T. Lloyd. Also expected for the week end will be Mrs. Lloyd's son and his wife, Dr. and Mrs. W. J. Lloyd of Plainview.

Peat, believed the earliest stage in the evolution of coal, is found in bogs.

MEN! GET PEP.. Do you want to feel young again? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Cassella tablets. Many men are obtaining remarkable results with this amazing formula.

Mrs. Paul Graham of College Station was a guest of Toddie Taylor of San Antonio during Fiesta Week. Both are former Big Spring residents.

McMeekin of Westbrook; Mr. and Mrs. Dave Pierce and Patsy, Crosbyton; Mrs. Charles Taylor of Cross Plains; Mrs. Tucker of Sylvestor with children Lee Fern and Bill; and visitors Amy Butler of Trent and Sherwood McWilliams of Merkel.

Mrs. Ida Porter of Lubbock is visiting her brother, J. E. Hardesty.

Curtain Up At 8:30 On Senior Class Play

The curtain will rise this evening at 8:30 p. m. on the senior class play, "Heart Trouble," in the city auditorium.

The play will tell of the troubles of an ordinary family in a typical town. Lenore Appleby, played by Martine Underwood, is a 17 year old, and Don Richardson portrays Tommy Coleen, an up-standing youth of the type that develops into a solid citizen.

Castle Campbell will be Jethro Appleby, the stereotyped Main street banker, and Anna Waters will play Beatrice Tyler, Conrad Tyler's shrewish wife.

Tickets for the comedy have been on sale for several weeks, and will also be available at the box office.

It's just "out of this world." Looks dark in stick, but blends to clear, brilliant, beautiful natural rose. Very indelible.

Tent, Food, Gasoline And Water Are Musts For Big Bend Campers

By DAVE CHEAVENS
Associated Press Staff

If you are planning to drive down to the Big Bend National Park this summer—in that new car you hope to get or on those new tires you might find—take a tent and your own grub box, ex-

tra gasoline, and water. This is advice straight from young Dr. Ross A. Maxwell, park superintendent.

Dr. Maxwell's office address is Marathon, Tex. Marathon is on the edge of the Big Bend Park, 327 miles from San Antonio on US 90 or 280 miles from El Paso, coming at it from the opposite direction.

From Dr. Maxwell's house to Marathon, on the gravel road that runs generally south to temporary park headquarters, it is 80 miles. He and his wife and two children drive in once a week for mail and supplies.

Maxwell is just as enthusiastic about the opportunity Texans have of growing up with the park, as he is about its ultimate develop-

ment into one of the nation's major national recreation areas. He believes Texans should come and see for themselves, load up their tents, rig their bedrolls, pack their grub boxes, and camp out.

"There is plenty of room for camping, but at the most we will NOT have any kind of housing accommodations for more than 50 or 60 families at one time this year," he says.

Maxwell isn't fooling when he says there is plenty of room for camping. The total area of the park is 707,895 acres, and even excluding that which is principally up-and-down, you can find room to pitch a tent. There are a number of good camping sites near the Rio Grande, and Maxwell hints that fishing is getting better.

It used to be they caught catfish weighing from 80 to 100 pounds. Then there was some dynamiting and the fish supply fell off. Since the National Park Service took over, the blasting has stopped and fishing is on the up-grade.

Maxwell says the service's first big job in improving the park was to remove the livestock. Its second big job is to give the hundreds of native plants—flowers, grasses and shrubs—a chance to re-seed themselves.

Park service officials say the area lost much of its natural beauty so far as plant and animal life was concerned because ranchers over-grazed it. Many species of plants and animals disappeared, and with the removal of ground cover, springs went dry.

They believe there is enough seed stock left that, in time there will be virtually a complete restoration.

Ultimately, they hope to emphasize the Big Bend Park with all its rugged beauty, its contrast between mountain and desert, as a place to take pack trips into the back country and as a hiker's paradise. Automobile roads will be constructed—starting next fall—to key points and as soon as money, materials and labor are made available, only those who itch to will have to camp out.

Women For Senators

JENKINTOWN, Pa., April 30. (AP) — There should be "at least 48 women" in the United States Senate, says Mrs. Elizabeth Jordan, a Pittsburgh housewife seeking the Republican nomination for the seat now held by Sen. Joseph F. Guffey (D-Pa.). He is seeking re-election for a third term.

Balsa is one of the lightest commercial woods in the world.

MIRACULOUS ESCAPE—William W. Blaine (above) of Galesburg, Ill., engineer of the Exposition Flyer, which plowed into the rear of the Advance Flyer near Naperville, Ill., has his injuries dressed by Mrs. Robert Dolph, nurse in an Aurora, Ill., hospital. He escaped with minor injuries. (AP Wirephoto).

Spy Song Liked In Derby Trial

LOUISVILLE, Ky., April 30. (AP) — It was a matter for argument today whether this afternoon's derby trial mile preview figured to be a better horse race than Saturday's Kentucky Derby production.

It was such a rhubarb in piled-up Derbytown, that the boys and girls weren't clawing at each other so much over who was going to win this mile trial in the mud among 14 candidates for Saturday's \$100,000 run as they were over who would go to the post today as favorite.

It was the biggest field ever in the nine year history of this final preview for the big heat.

In today's trial will be Spy Song, Assault, Rippey and in Ear-est to give this trial mile the greatest set of derby contenders I have ever had. For the first time in derby history, most of the variety jockeys are on hand to do their stuff in the trial.

Altogether, eight of the horses in the trial figure to start Saturday whether they run on top, or in the next county today, and will have their first-rings piled aboard.

Spy Song, Charlie Fisher's high-speed hope piloted by front breaker Johnny Longden, figured to be the narrow choice today.

School Survey Men Speak To JayCees

Two members of the Big Spring school board's survey committee appeared on the program at the junior chamber of commerce's luncheon meeting Monday at noon in the Settles Hotel.

R. L. Tollett, committee chairman, and Justin Holmes distributed blanks, asking JayCee members to contribute ideas for improving the city schools.

Bill Horne spoke briefly to the group on the state JayCee convention, which closed Saturday night in San Angelo.

A slate of nine directors for the local organization will be selected at the next meeting.

Orientalists still regard the use of salt at a meal as symbolical of friendship and hospitality.

Have a Spencer designed just for you to relieve strain on tired muscles. Doctor's prescription carefully filled.

Seed Scarcity May Curb Cotton Delinting

Although the average per day has compared favorably with other seasons so far, a scarcity of seed may terminate cottonseed delinting operations earlier this year. According to reports from the Farmers Gin, delinting equipment there has been carrying a capacity load through most of the season. However, despite a heavy volume up to the present, a decrease already is apparent. The delinting work usually continues to the middle of June, but the overall volume is expected to be lighter this year.

Red Army Reported Out Of Azerbaijan

TEHRAN, April 29. (Delayed)—The Tabriz radio announced tonight that the Red Army "formally left the capital of Azerbaijan" this morning.

The radio said that Soviet General Gildsky, commanding officer of the Tabriz unit, issued the following farewell statement: "After four years we are leaving your country. In these years we have been good friends. We came to your country with your agreement to protect you from war. War is over and we are leaving and we wish you good luck and happy days in peace."

Collaborators Taken

PEIPING, April 30 (AP)—More than 600 alleged collaborators have been arrested in Peiping and Tientsin since December. The roundup has jailed two former puppet governors, four bureau directors, 26 magistrates and nine puppet generals.

Agricultural Facts Of Importance

The events of agricultural importance, and thus of importance to the entire community, were climaxed Monday.

One was the termination of the annual feeding tests at the US Experiment Farm; the other reports on practices carried out last year and tabulated by the AAA.

Actual results of the former will not be available in complete form for several weeks, but those who have kept in touch with progress of the tests are firm in believing that there is more evidence than ever before that great possibilities exist in feeding out livestock in this area.

The pattern of gains has been consistent this year as it has for the past two decades. Here is the answer to the question: "Can we expect these kind of gains year in and year out?" Another question answered, as it has for many years, is: "Can we finish cattle without importing feed from the corn belt?" Although it won't be handed down for a few days yet, we'll take the packer's grade on carcasses for an answer as to quality of finish. Still another question answered is: "Can we take the kind of cattle we produce and feed them profitably?" Well, the cattle used in these tests have always come from herds in this general area. Moreover, feed belt operators have been buying our cattle heavily for years and years. They find our cattle excellent for feeding.

Tests at the experiment farm have eliminated a lot of guesswork and necessity for private experimentation from feeding operations.

We not only have the cattle (we have one of the best registered breeding sets-up of any place in the nation for supplying a source of good animal types) and the feed (we will have more and more of it because it is a mechanically managed crop), but we also have a source of "know how" in records at the experiment farm.

As for the AAA report, it is important in that it reflects participation of 56 farms out of 934 in the county in conservation practices. Among the key points was the degree of participation in terracing, construction of earthen dams, and contour farming.

This is a most encouraging report for it points to an increasing trend toward utilizing more and more conservation measures on more and more farms. It has been said so often that it sometimes fails to make proper impression, but outside of our human element, our soil is our greatest asset. We simply must preserve it in place and with the maximum amount of its fertility and moisture. If history works here like it has everywhere else, our society will deteriorate in proportion to the decline of our soil. The only danger is that loss of soil is ordinarily such a slow process that it does not alarm the masses. When the day for alarm is apparent, it is too late.

Conservation is not just a farmer's problem; it is the community's or the nation's problem. It is smart business for everyone to become interested in it.

I DON'T KNOW WHO YOU BOYS ARE FOR, BUT—

Hal Boyle's Notebook:

GERMANY'S WOUNDS FESTERING

(Editor's Note: Boyle's column today is in the form of a letter to his wife, Frances.)

BERLIN, (AP)—Dear Frances: Coming back to Germany is like revisiting an old acquaintance and find him in the throes of cancer.

You may not ever have liked him, but you hate to see anyone in that condition.

You remember a year ago I wrote you of the vast devastation we saw as General Hodges' First Army was moving eastward for its junction with the Russians on the Elbe River?

The face of Germany remains the same. The rubble and ruin of war have been cleared from the streets, but there has been little if any rebuilding in the damaged cities.

This whole country is still one festering wound. After 12 months the people are still suffering from the shock of defeat. They are growing more hungry now and as they grow hungrier they grow more resentful and emotional.

After flying to Frankfurt from Rome, I took a two-day jeep trip through agricultural Bavaria before coming on to Berlin by train. The difference between country and city in Germany is the difference between life and death. War has made no fundamental change in the existence of the old Bavarian farmers.

But the cities—they are full of unhappy, hungry and idle people for whom the devil is finding work because Uncle Sam, Uncle Joe and their friends have not been able to find a formula among themselves to help Germany seek its own salvation.

There is so much to be done. All roads are in terrible shape except Hitler's famous autobahns. Hundreds of peacetime industries that could be revived are lifeless. Little effort has been made to restore the shattered stores and dwellings.

Everywhere on the streets you see empty sleeves and empty pants legs—the war cripples. The Teutonic mind craves certainty, and in Germany there is nothing but uncertainty today. German character is deteriorating into dangerous self-pity, because the people see no way out, no future.

They still remain individually honest even in hunger—and in the cities every third sentence from the average German deals with food. If you left three chocolate bars on your hotel bureau top in Naples and returned a day later, all three would be gone.

If you did the same thing in Rome, two would be gone. If you did it in Frankfurt or Berlin, all three would remain untouched.

At night each main street in a German city in the American sector is a lover's lane for GI's and German girls. For all the official hullabaloo that is raised over this, I think these youngsters are the most natural people in this incubator of world hatred called Germany. They at least are finding love among the ruins and if their love is twisted it is no more twisted than the world of suspicious allies in which they live.

Your truly,
HAL

Stettinius' Ghost

This column recently revealed that Ed Stettinius, US delegate to the United Nations and former Secretary of State, tried to get the State Department to assign him a ghost writer at the taxpayer's expense to turn out a new book under Stettinius' name. Secretary James Byrnes, however, turned this down.

We now find that in 1943, Stettinius undertook to fabricate a book on lend-lease for MacMillan's Stettinius, then lend-lease administrator, arranged for one full-time writer from OWI to be assigned to him to write the book, while two full-time lawyers from the lend-lease agency helped the OWI writer.

All three worked full time for six months. When the book was published, only Stettinius' name appeared, despite the fact that the former Secretary of State had actually written only a few paragraphs.

Total cost to the government for authoring this book was estimated at around \$50,000. Royalties from the book, however, did not go to the treasury. Instead, they went

Reds Accuse Allies Of 'Pumping' Italy

MOSCOW, April 30 (AP)—The official news service Tass said today in a Paris dispatch that allied occupation authorities "already have pumped out of Italy in the form of expenses for the upkeep of occupation forces and removal of equipment and all kinds of material a many-fold larger sum" than the \$300,000,000 proposed by Russia as reparations from Italy.

The Soviet Union has asked for \$100,000,000 reparations for herself and \$200,000,000 for countries ravaged by the Italian army.

The Nation Today—James Marlow

Anti-Liquor Campaigns Open

WASHINGTON, (AP)—There's no sign the anti-liquor people expect prohibition to return soon but they still are active.

There are ways in which they can make a frontal attack even though they don't ask Congress at this time to put a lid on liquor sales.

For example:
1. Keep drumming on the theme that alcohol is evil.
2. Work with state legislatures to get tighter liquor controls.
3. Try to get states to adopt local option.

Local option means that counties or other local communities decide that they'll be dry even though the rest of the state is wet.

As a sign of the times, the board of temperance of the Methodist church has just revived its "Clipsheet," a one-page, weekly paper blasting alcohol.

The "clipsheet" was started in 1913 and under the editorship of Deeds Pickett, continued until 1933, when prohibition ended.

Pickett is editor of the revived version. He says the "Clipsheet" will go every week to about 5,000 newspapers. Why is it being revived?

In the opening editorial of the revived paper, which attacks liquor head-on, Pickett says:

"It is obvious that the repeal of prohibition settled no problem. The best available figures from government sources indicate that drunkenness has more than doubled since prohibition ended."

Does he expect a return of prohibition? In a personal talk Pickett says: "We favored prohibition. But we're not discussing that now. That's a bridge far down the road."

But at this time, Pickett says, his organization is not trying to

Through local option laws and getting legislatures to keep the liquor traffic within bounds.

Meanwhile the Women's Christian Temperance Union is active throughout the states.

In Pennsylvania the Prohibition party polled enough votes in the state's last general election to win standing as a party. In the May primaries it will have candidates for governor and other state offices.

The face of Germany remains the same. The rubble and ruin of war have been cleared from the streets, but there has been little if any rebuilding in the damaged cities.

This whole country is still one festering wound. After 12 months the people are still suffering from the shock of defeat. They are growing more hungry now and as they grow hungrier they grow more resentful and emotional.

Washington Merry-Go-Round—Drew Pearson

Senators May Prevent Filibusters

WASHINGTON.—Ten senators—both Democrats and Republicans—got together secretly the other day to study that most sacred of all sacred cows—Senate rules. Behind their meeting was the conviction that die-hard Dixie Democrats can block any measure they oppose via the filibuster, and that the majority must rule if Democracy is to function in the USA.

The secret meeting took place after senators received a flood of letters both for and against the attempt by Wayne Morse, Oregon Republican, to secure passage of the anti-poll tax bill through unanimous consent of the Senate. Only senators on the floor at the time Morse attempted this strategy were Morse himself and Republican William Langer of North Dakota.

Liberal Democrat Warren Magnuson of Seattle, Wash., was presiding. Had he immediately asked senators if there was objection, there would have been none and the anti-poll tax bill would have passed. Morse had identified the bill only by number, so Magnuson did not at once recognize it. But, even if he had, probably he would have hesitated to pass a controversial bill without debate.

Since then, Senate mail has been strong with letters both objecting to the Morse attempt as trickery and supporting Morse on the ground that this strategy was no more unfair than the filibuster.

Regardless of the above merits, a bi-partisan group of ten senators has determined that Senate rules must be changed. They seek to limit debate on any single bill to ten days, which would bring up the anti-poll tax bill, already passed by the House, before the Senate recesses. They are thinking also of beginning up legislation to create a permanent FEPC—provided they succeed in winning their amendment to the Senate rules.

The ten senators are: Democrats—Pepper (Fla.), Magnuson (Wash.), Guffey (Pa.), Glen Taylor (Idaho), Huffman (Ohio), Kilgore (W. Va.), and Mead (N. Y.); Republicans—Ferguson (Mich.), Knowland (Cal.) and Capper (Kans.).

Welch pointed to the fact that Republicans such as Baldwin of New York, Wolverton, Canfield and Kean of New Jersey, Kunkel and Fulton of Pennsylvania, Bender of Ohio, La Follette of Indiana, and Margaret Chase Smith of Maine, all were vigorous voting champions of prime control. These, however, were in the minority. The great bulk of Republicans voted to send OPA down the drain.

Republican Lament

Congressional scuttling of the OPA bill has brought public wrath not only on the heads of guilty congressmen, but on even the blameless few who fought doggedly to preserve price controls.

A typical example is Republican Representative Dick Welch of San Francisco, who voted against every crippling OPA amendment right down the line. Yet Welch is receiving numerous letters bombarding him as an OPA foe. It illustrates how hate the general public is over the magnificent lobbying job put across on Congress and how dumb Congressmen were to fall for it.

Swedish Prince Born

STOCKHOLM, April 30 (AP)—Princess Sibylla of Sweden gave birth to a son today. He becomes third in direct line of succession to the Swedish throne. Princess Sibylla and Prince Gustaf Adolf also have four daughters.

Army-Navy Game

There was a hotter fight against the administration's Army-Navy merger bill than members of the Senate Military Affairs committee indicated to the press when they emerged from a closed-door meeting at which the bill was approved by a 10-1 vote.

Stettinius' Ghost

This column recently revealed that Ed Stettinius, US delegate to the United Nations and former Secretary of State, tried to get the State Department to assign him a ghost writer at the taxpayer's expense to turn out a new book under Stettinius' name. Secretary James Byrnes, however, turned this down.

We now find that in 1943, Stettinius undertook to fabricate a book on lend-lease for MacMillan's Stettinius, then lend-lease administrator, arranged for one full-time writer from OWI to be assigned to him to write the book, while two full-time lawyers from the lend-lease agency helped the OWI writer.

Reds Accuse Allies Of 'Pumping' Italy

MOSCOW, April 30 (AP)—The official news service Tass said today in a Paris dispatch that allied occupation authorities "already have pumped out of Italy in the form of expenses for the upkeep of occupation forces and removal of equipment and all kinds of material a many-fold larger sum" than the \$300,000,000 proposed by Russia as reparations from Italy.

Major League Leaders Take On Last Year's Champions

Brooklyns Move Yet To Prove Their Mettle

By the Associated Press
The major league's current pace makers—Brooklyn precocious kids and Boston's struggling Red Sox—go on trial today when they engage the defending 1945 champions for the first time.

For the Dodgers' youthful crew, the opening interseasonal series takes them to Chicago and then around the Horn to St. Louis, Pittsburgh and Cincinnati will be an acid test.

Although the Brooks swept through the East on an eight-game winning spree until they collapsed at New York Sunday, they have been feasting on inept pitching offered by the Phillies and Giants.

Rookies who have been breaking into the big show under most favorable conditions, now encounter some real "pros."

In the American league, the Red Sox must open up against the Detroit ace, Hal Newhouse, winner of his first three starts.

Joe Cronin has been getting fine pitching but the slugging has been the thing in Boston.

Shortstop Johnny Pesky, who couldn't hit in spring training, is burning up the league with a .391 average. Big Ted Williams boasts a .367 mark and catcher Hal Wagner is close behind at .354.

But the Red Sox have yet to see the league's best pitching. They face Newhouse today and probably Dizzy Trout and Al Benton later before Cleveland comes in with Bobby Feller, Steve Gromek, Allie Reynolds and Red Embree.

While the Red Sox are tangling with the world champions, the Yankees open a long home stand with Cleveland.

Washington's slow start has been a cause for concern in the East but Ossie Bluege hopes to get his left-handed hitting lineup started against the Chicago White Sox toppers. Luke Sewell's St. Louis Browns, off to a .500 start, hope to climb into contention by slipping down Philadelphia in the other series opener.

In other National league interseasonal openers, New York is at St. Louis, Boston at Cincinnati and Philadelphia at Pittsburgh.

Fordmen To Play Forsan Tonight
FORSAN, April 30;—Big Spring Motor invades Forsan's softball diamond tonight to do battle with the strong Forsan-Cosden Pipeliner in an exhibition bout booked to begin at 7:30 o'clock.

The aftermath pits Phillips Oil Company against the ABC team, also of Big Spring.

LOOKING 'EM OVER

With TOMMY HART
Back from Abilene, Lou Baker says Stubby Greer has about the best hitting ball club he's ever seen in these parts, that the Blue Sox are liable to make a shambles of the WT-NM league chase.

"The best swatsmith in the lineup?" Baker echoed a question fired at him, "it's hard to say. Stubby has at least six hitters, any one of whom might win the league batting championship. They're all capable of swatting 'em over the wall."

Lou hasn't seen Lubbock, Pampa, Borger or Amarillo in action but says the northern powers had best come up with some powerful pitching or get

hita the Sox are going to drive out this season.

The Big Springer saw the Greenmen in action Friday night against Clovis and again Sunday when Albuquerque offered resistance.

Big Spring's baseball graduates did all right by themselves in their campaigning last week.

Eldon Muratore (1940) was leading the Texas league in hitting with a respectable mark of .419. His 13 hits were all singles but he boasted six RBIs, Eddie Stevens (1941) was in front of all National league performers in knocking tallies across the plate, boasting 11 through Saturday.

Willard Ramsdell (1939-41) was pitching creditably if not sensationally for the Fort Worth Cats. His team mate, Jay Haney, '41) was managing to play every game with the Panthers.

More than half a million paid admissions turned out to see the first two Sunday programs of major league baseball. Attendance figures are almost certain to pass last year's total when 11,000,000 clicked the turnstiles.

E. J. Hughes, who makes his living in soil conservation work, went out and shot himself a good game of golf on the back side of the Munny course Sunday last, finishing a 33 on the par 37 layout.

To do it, he came through with birds on No. 11 and 15 and a sparkling eagle on 16. The 505-yard 18th proved an easy mark for him. He cut loose with a terrific tee shot, was on in two and ran down the putt.

His round:
Par in . . . 334 445 544—7
Hughes in . . . 334 444 544—3
G. F. Gideon and H. M. Rowe are ready to back up Hughes' story. They were playing with him.

Buddy Scott, the transplanted Oklahoman who now calls Dallas home, can still use his fists. The other night in Oklahoma City, he flattened one Jim Bowden of Jacksonville, Fla., in less than two rounds.

Marvin Wright Low Qualifier In Prep Meet

Marvin Wright's 87, carved out over the tough Munny course several weeks ago, stood up as the best score posted in the qualifying round of the high school golf tournament.

Nine of the youthful mashie-wielders have entered into play, which will be conducted on a weekly basis.

Only first round duel will pit Clarence Shaffer against Charles Bailey. That duel must be completed and reported by Sunday night.

Second round tests, which are to be finished during the week of May 6-12 will send Wright against Jimmy Hobbs, Sam Thurman against Marshall Day, Buster Burn against Dickie Cloud and Paul Shaffer against the winner of the Clarence Shaffer-Bailey duel.

L. L. Miller and Charley McCoy, who reported scores of two-under-par 71's, lead in the ringer golf tournament being conducted at the Municipal course.

Gene Anderson and his 73 are not far off the pace while M. J. Keith is the only other player who has been able to break 80. His 77 is good for fourth place while W. H. Reinwald's 82 has earned him fifth place.

A total of 18 players are entered in the men's division while three women have reported scores in that bracket. Mrs. Bernice Freeman is the low fem with a 93, an even ten strokes better than Mrs. Bob Hodges.

The tournament is now in its third week. Local linksmen have opportunity to enter at any time before May 12, closing day.

Merchandise prizes are in the offing for entries showing the most improvement in play, scoring the low gross and the low net.

LOUIS IN NEW YORK
NEW YORK, April 30 (AP)—His preliminary training behind him, Joe Louis was to arrive in New York today for a brief stopover before beginning serious workouts at Pompton Lakes, N. J., for the defense of his heavyweight boxing title against Billy Conn here June 19.

Yes, more and more women are finding that bowling provides healthful relaxation and plenty of entertainment after a hard day's work.

West Texas Bowling Center
314 Runnels

Beating Kills Child
NEW YORK, April 30 (AP)—Three-year-old Susan Erickson died last night in a Staten Island hospital from injuries which Richmond county District Attorney Farrell M. Kane said were suffered in a beating administered by her foster parents, Lief Erickson, 41, and Mrs. Eve Erickson, 43.

Softball Drills Are Continuing Under Cecil

With 14 losses in uniform, the American Legion girls softball team went through its longest and snappiest workout of the campaign at city park diamond Monday afternoon.

The fem athletes are committed to square off with the Stanton Independents here Saturday. Coach Jack Cecil, who says the team could use more hitting strength, will work the club at the park throughout the remainder of the week.

The left side of Cecil's infield appears to be fairly well set, with Catherine Redding at third base and Lois Kinman at short. Most of the other positions, however, are open.

Lefty Todd has been pitching and may start against the Stanton club.

Miss Redding will serve as field captain.

Herd Goes Easy In Track Drills
Taking no chances on 11th hour injuries that can offtime plague a band of athletes, Coach Herschel Stockton has ordered his Big Spring high school tracksters to take it easy in practice this week.

The Bovines, six of them and all in top physical condition, take off for Austin and the state interscholastic league meet Wednesday morning.

Stockton will take part of the boys while Mrs. Flossie Low will transport the others.

Making the trip will be Donald Webb, Tim Gentry, Gerald Harris, Ernie Ache, Bobo Hardy and Bobby Miller.

HC Implement Triumph

Manhattans Slam Motorists, 18-8

Paced by John Bill Harrell and Billy Mimes, the Manhattan Club

LINKSMEN TEE OFF ON MAY 9 IN HOUSTON

HOUSTON, April 30 (AP)—The nation's star golfers begin moving into Houston late this week for the tournament of champions scheduled at River Oaks country club May 9-12.

There will be 30 professionals and 15 amateurs in the field, all coming here on an invitation basis.

Texas are due to figure prominently in where the championship is to go in the \$10,000 72-hole event. Byron Nelson, Ben Hogan, Jimmie Demaret, Dick Metz, Harry Todd, Lloyd Mangrum, Elroy Maitli, Henry Ransom, Sam Schneider and Milton Demaret are the Lone Star state players who will compete.

Nelson, Hogan and Demaret are among the top money-winners of the year. Sam Snead, Herman Keiser, Bob Hamilton, Sam Byrd, Tony Penna, Ellsworth Vines, Jimmy Thomson, Lawson Little, Johnny Bulla, Jimmy Hines, Henry Picard, George Schneider and Harold Jug McSpaden are among other professional stars who will be here.

Frank Stranahan of Toledo, recent winner of the 62 North-South championship, heads the list of amateurs.

contingent bowled over Big Spring, 18-8, on the city park diamond Monday night to corral their fourth win in as many starts in Munny softball league competition.

Harrell got two long triples in the slaughter, meanwhile limiting the foe to seven bingles, while Mimes collected three safeties in four expeditions to the dish.

The Manhattans put the decision on ice in the fifth frame when they got to Glenn Bredemier for 11 tallies.

Howard County Implement Company won a free-hitting contest from United Body Works in the evening's opening test, 20-17, but had to come from behind in the final frame to do it.

H. M. Rowe's clan chased 15 runs across the plate in the last seventh. Harold Gray and U. Hall drove out four masters during the free-for-all.

Gene Yates was hit hard but managed to last the distance on the rubber for the winners.

PLEASE LADY, TAKE GOOD CARE OF YOUR ELECTRIC REFRIGERATOR!

Production of new electric refrigerators is still far behind the tremendous demand. Dealers are trying to see that war veterans, families with children and others who have no automatic refrigeration get the first call on new electric refrigerators.

Until you can have one of these fine new electric refrigerators delivered into your home to replace the refrigerator which has served so faithfully, take good care of the one you have. In the meantime, keep in touch with your electric refrigerator dealer. He'll help you get better service from your present refrigerator and keep you posted as to when you can get a new electric refrigerator with the many improvements.

Helpful Hints for Better Refrigeration

- Don't place hot foods in your refrigerator. Let them cool first.
- Don't open the refrigerator door more often than necessary.
- Defrost frequently, at least once a week. Thick frost lowers efficiency.
- Leave space between refrigerator and wall to allow air to circulate.

The new low electric rates mean that you can operate your electric refrigerator at still lower cost, right at a time when the cost of living is going up.

Streicher Charges Against US Troops Crossed Off Record

NUERNBERG, April 30. (AP)—Julius Streicher's charges that United States troops abused and humiliated him were stricken from the international military tribunal's records today after U. S. Prosecutor Robert H. Jackson protested they were irrelevant.

Justice Jackson declared that the Jew-baiting editor's charges were permitted to remain in the record of the United States would be compelled to answer them at length and with considerable difficulty in view of the deployment of troops who captured and held Streicher before he was brought to Nuernberg.

"It is not a pretty charge to leave unanswered," Jackson said. "It may be that we are unduly sensitive, but the United States tried to conduct the war in accord with the rules and the United States forces have some sensitivity in that respect."

Streicher's attorney, Hans Maier, agreed that the testimony should be deleted because it had nothing to do with the defendant's case here and the tribunal promptly ordered them expunged.

When he took the witness stand last week, Streicher testified he had been kept for days without clothing, chained to the floor, forced to kiss the feet of negro soldiers who spat upon him and ordered him to drink from latrines. Yesterday he told the tribunal his hearing was badly impaired by American maltreatment.

Army officials in Nuernberg made no comment on the charges.

Forsan League Is Organized

FORSAN, April 30. —Dan McRae was chosen president of the six-team Forsan football league, which will limit its play to doubleheaders on Tuesday nights.

The circuit consists of the Coe-Pipeline contingent, which also competes in the Munya league at Big Spring; Continental Oil, Lees Store, Phillips Oil, Forsan high school and Chalk.

A Coe leader hasn't been selected yet but Black Hines will probably serve as manager. His Griffith will skipper the Continental gang. Heavy Montgomery will serve in that capacity for Lees. Captain Patrick for Phillips, W. Courtney for the high school and Pete McElreath for Chalk.

First round games Tuesday evening, May 7, will pit Coe against Phillips at 7:30 o'clock and Lees Store against Continentals at 9 p. m.

Garden City Road Grading Near End

Grading operations on the Garden City road are nearing completion this week, with workers currently finishing the last segment. Some dirt already has been moved at the intersection of Highway No. 158, and the entire road will be ready for the caliche base by the end of the week.

The distribution of caliche has been halted temporarily, due to mechanical difficulties, but the contractor plans to bring in their equipment within the next few days to expedite the base filling work.

Roy Miller Funeral Scheduled Friday

CORPUS CHRISTI, April 30. (AP)—Funeral will be held here at 11 a. m. Friday for Roy Miller, president of the Louisiana-Texas intracoastal canal, who died in Baltimore Sunday.

Miller, 63, managed the first Roosevelt-Garner campaign in Texas and was mayor of Corpus Christi from 1913 to 1917. He was former editor and publisher of the Corpus Christi Caller.

GREEKS GIVEN SUBS

ATHENS, April 30. (AP)—The government announced today that Britain had presented Greece with two 600-ton submarines, bringing to six the number which have been given this country.

Sheep 9500; active, spring lambs steady; shorn lambs and aged sheep mostly steady to strong, some sales 25-50 higher; good and choice spring lambs 13.50-14.00; common and medium springers 11.50-13.00; good shorn lambs 12.50-13.50; common and medium shorn lambs 10.00-12.00.

Here 'n There

Oil well drillers are not the only one who do prospecting these days. Even the farmer is engaging in searches—but for spots that get enough moisture for planting. "I go about the field hunting moisture and when I find it, we plant right quickly before it gets away," explained George White, whose farm on the Howard-Martin line got in on spotted showers last week.

A. C. "Gus" Hart left this morning to spend two weeks at Marlin Springs, Texas. Tom Malone is due to join him there in a day or two.

Weather Forecast

Dept. of Commerce Weather Bureau

WEST TEXAS: Partly cloudy with not much change in temperatures this afternoon and tonight except showers in Panhandle; Wednesday partly cloudy, and cooler, showers south plains and east of Pecos river.

"Thought Survey" Campaign Planned To Gain New Ideas

Preliminary work for a "thought survey" campaign was laid at a meeting of chamber of commerce directors and committee chairmen Monday noon.

Officials of the organization stressed the importance of the series of committee meetings from the point of securing new ideas, gaining maximum membership participation, strengthening committee work, developing a more balanced program of work and discovering new sources of leadership.

Mechanics of the process were outlined by J. H. Greene, manager, who explained that each regular committee chairman would be responsible for conduct of and attendance at one session. Joe Pickle, president, stressed the importance of getting ideas from every person who attends, with consideration given to organization membership.

The series will start on May 6 and may require about 10 days to complete. After all ideas have been tabulated, officials will present a proposed program of work to the directorate for consideration.

Ten Wharf Policemen To Appear In Court

GALVESTON, April 30. (AP)—Ten wharf policemen have been directed to appear in 56th district court tomorrow to show cause why they should not be cited for contempt of court in connection with a temporary injunction order which enjoined picketing of Galveston wharves.

Sheriff F. L. Biagone and his deputies were seeking the ten men named in the new order.

Picketing on the wharves had virtually tied up activity on the wharf front, and stopped work on Todd Dry Dock, Inc.

Teachers Attend Y Film Forum

An audience composed virtually of teachers witnessed a National Education Association film, "Assignment for Tomorrow" at the YMCA's first film forum Monday evening and engaged in free discussion on education problems.

About the only conclusion reached was that education is not a local problem, that difficulties confront school systems in all parts of the nation. Some argued that more funds would cure the situation by providing pay levels to command best talent in the teaching profession.

Two teachers said that experience in class rooms had shown them that students from other states with much higher per capita expenditures for education actually did no better work. Another took issue.

The matter of federal aid was discussed pro and con, as was the issue of whether teachers would have to carry the battle if there is hope of improved education conditions generally.

Use of collegiate grades as a criterion of effective secondary school work was talked, some pointing out that not infrequently poor college students were poor high school students. Lack of parental interest in school problems evidenced in many fields, was discussed.

The film was provided by J. C. Webb and the next film forum will be a Time magazine strip, "Youth in Crisis."

WSB, OPA Men Holding Meeting At Settles Hotel

A group of representatives from regional offices of the WSB and OPA in Dallas began a series of conferences this morning in Settles hotel with employers interested in information concerning wage and price adjustments in their business firms.

Here for the meetings the William Kelley, wage analyst; Theodore Frossard, regional attorney for OPA; John Griesel, representing the wage and hour division of the US Dept. of Labor; and John Thad Scott, Jr., WSB's regional attorney.

Another meeting on building and construction wage rates, to be conducted by Scott, was due to get underway at 2 p. m., with contractors, builders and union officials invited to attend.

The other group was still available for appointments with employers desiring to institute wage increases in anticipation of price relief. Appointments can be arranged through the chamber of commerce until 5 p. m.

Arthur Schubert, St. Louis, Mo., has arrived to spend a week with his mother, Mrs. Mamie Schubert, and family.

Traffic Deaths Up For Quarter

CHICAGO, April 30. (AP)—More than 8,000 persons were killed in the nation's traffic accidents in the first three months of this year, an increase of 44 per cent over the corresponding period in 1945, the National Safety Council says.

The 8,120 traffic deaths from Jan. 1 to April 1, including 2,670 in March, compared with the record 8,250 for the first three months of 1941. The council estimated 38,000 fatalities for 1946 on the basis of present figures and seasonal trends. The all-time high was 39,969 in 1941.

"Emergency measures must be applied, voluntarily, we hope, but certainly applied," said Council President Ned H. Dearborg. He announced a highway safety conference called by President Truman will be held in Washington May 8-10 and a nationwide police traffic safety check will be conducted by the International Association of Chiefs of Police.

Clubbers On Road

Manhattan's softball team invades O'Donnell Wednesday afternoon for an exhibition game with an independent team of that town.

Manager Cliff Harrison is expected to field his most powerful lineup against the O'Donnell gang.

The goiter belt, where the iodine in soil and water is low is located around the Great Lakes and the Northwestern states.

Labor Problems

BOSTON, April 30. (AP)—The question of jurisdiction was raised today by the National Labor Relations Board which yesterday received from the American Baseball Guild charges of unfair labor practices against the Washington baseball club.

The guild action, announced here by Director Robertserva-Oh was the first move against any club in the latest attempt to unionize professional ball players.
