APPROPRIATIONS ASKED

ABDUCTED PAIR SAFELY RETURN TO THEIR HOMES

Information Reveals Kidnapers Held Taxi Driver

AUSTIN, June 9, (U.P.)—Mago Alvanz of Beville and Miss Gail Sperry of Hubbard returned safely to Austin today after being kidnaped last night and forced to drive to San Antonio.

CMTC Quota Cut As Money Is Low

Midland county will likely not have any recruits in citizens military training camps this year, due to a heavy slash in appropriations.

Great Glass for Observatory Okay

FT. DAVIS (U.P.)—Reports that the big mirror glass for the McDonald observatory to be erected near here on Mount Locke had been broken and ruined in the grinding process were incorrect.

Channel of Rio Grande Builds up

EL PASO (U.P.)—Many persons have asked the question: What will be done with the old river bed after the Rio Grande channel is straightened under the \$6,000,000 reclamation program authorized by international treaty between the United States and Mexico?

Carves Out Tiny Violin from Wood

SABINAL (U.P.)—A concert for humming birds could be played on a tiny violin made here by E. C. Gibson. It is one and three-fourths inches long and weighs eight grains.

TRANSFERRED HERE

Miss Maria Spencer, paleontologist with the Superior Oil company, was transferred here Friday from Golden, Colorado.

MISREPRESENTATION LIKELY TO BE PUNISHED BY FEDERAL GOVERNMENT

Jail sentences stare Midland people in the face if they have made false statements to the welfare office regarding their need for relief.

County Wide Picnic to Be Held on the Night of 22nd

A constructive "throwback" to the good old days, perhaps—Midland county is to have a county-wide picnic.

Everybody is invited. The home demonstration council decided in its Saturday meeting to espouse such a gathering, to be held on the lawn of the court house if the assembly room of the court house is insufficient in size to house the assemblage.

The treasurer's report of the Midland county home demonstration council shows a sum of \$32.83 deposited to its credit in the bank, the difference between total receipts of \$165.81 and disbursements of \$132.98.

Next Queen

The next queen of Sweden is shown in this latest studio photograph of Crown Princess Louise. She is the consort of Crown Prince Gustaf Adolf.

Jail sentences stare Midland people in the face if they have made false statements to the welfare office regarding their need for relief.

F.D.R. GETS MIDLAND AREA PLEA

Several Counties to Hold Meeting Here On Tuesday

County judges, commissioners, and chamber of commerce officials of a group of counties in this area are called to meet in Midland at 10 o'clock Tuesday morning to discuss additional efforts to get drought relief, principally through the building of roads.

The call was issued Friday by Secretary C. T. Watson, Big Spring, forward a conference of Midland, Howard and Dawson county judges and chamber of commerce executives. It is expected that representatives will be here from Pecos, Odessa, Stanton, Big Spring, Barstow, Lamesa, Andrews, Seminole, Rankin, Garden City and perhaps other places.

This will be the third meeting held here on this project. In addition to the joint action, individual county courts and chambers of commerce have appealed to congressmen, senators, U. S. department of agriculture, the national relief administrator, the Texas Highway commission and the Texas Relief commission.

The drought over the Middle West has complicated efforts of counties in this area to get relief funds. So far only Panhandle counties in Texas have been designated for special drought relief.

School Enrollment Breaks '32-'33 Mark

Final reports for the school year show that the 1933-1934 school enrollment exceeded that of 1932-1933 by 23 students. Following may be seen the comparative enrollments by schools:

School	1932-'33	1933-'34
Senior high	307	318
Junior high	404	421
North elementary	217	276
South elementary	251	224
Mexican	102	151
Negro	75	88
Totals	1,355	1,378

Census reports for the two years vary otherwise, the census for 1932-1933 showing 1,426 names, while that of the current year shows 1,387 names. The falling off in the census total, it has been pointed out, has been due to the decrease in the number of Mexican children enumerated. In 1932-1933, 235 Mexican school children were enumerated while in 1933-1934, only 187 were found.

Directors Meet Monday Evening

Directors of the Midland chamber of commerce will hold their regular monthly meeting Monday evening at 8 o'clock. The president invites all members who may have suggestions to make as to any kind of community activities to attend the meeting, as well as directors.

Late News

CLARKESDALE, Miss., June 9. (U.P.)—The bodies of Joe Love and Isaac Thomas, negroes, who were taken from authorities by a mob last night, were found hanging today from a railroad trestle. The negroes were accused of assaulting a planter's wife.

VIENNA, June 9. (U.P.)—A bomb intended to assassinate Prince Ernst von Starhemberg, Austrian vice chancellor, was discovered in his desk today. A servant dismantled the mechanism, preventing its explosion.

PITTSBURGH, June 9. (U.P.)—John Lukas, coal miner, was placed under arrest today and accused of sending the bomb which exploded in the Washington postoffice May 21. Authorities said the bomb was mailed to the miner's wife in Czechoslovakia. Lukas denied the charge. A postoffice clerk lost his hand when the bomb exploded.

GENEVA, June 9. (U.P.)—Adjournment of the world disarmament conference until autumn, so the powers can negotiate secretly with Germany and each other, was agreed upon by leaders, it was authoritatively learned today.

WASHINGTON, June 9. (U.P.)—The second part of the Darrow NRA review board was received at the White House today. The board expects to make one more report before dissolving.

BALTIMORE, June 9. (U.P.)—Meyer Brown, 101, believed to be the oldest patient ever surviving a major operation, died today after undergoing the third in one month.

GREENVILLE, June 9. (U.P.)—Seven persons, members of one family, were injured when a truck turned over today. August Nauyoka, his wife and five children were hurt. They were en route to Dallas to make their home.

SANTIAGO, Chile, June 9. (U.P.)—A severe earthquake shook Santiago today.

AUSTIN, June 9. (U.P.)—Charter was granted by the state today to the Outdoor Refining company of Kilgore.

Mad Killer Sobs

"Dear Dad: I've killed mother and Bob. I am going to tell the police." This was the tragic telegram, unsent, found in a coat pocket of Louis R. Payne, 20-year-old Los Angeles youth, when, as shown here, he told his mother and brother to death with an ax.

"Dear Dad: I've killed mother and Bob. I am going to tell the police." This was the tragic telegram, unsent, found in a coat pocket of Louis R. Payne, 20-year-old Los Angeles youth, when, as shown here, he told his mother and brother to death with an ax.

1934 Davids in Crusade Against Brer Rabbit

Modern Davids on the Warfield farm of D. D. Wilson slay rabbits with modern equivalents of the sling shot.

The unerring aim with "nigger shooters" has placed them in favorable position to bid against their gun-totin' rivals when June 30 rolls around with its highly publicized "rabbit ear action," a day merchants will contribute to by placing valuables on the "block" in consideration for specie made up exclusively of rabbit ears.

Pre-auction publicity stamps the event as utilitarian as it is novel. It is the successor of the rabbit drive—the massed warfare on destroyers of western crops. Thousands of rabbit ears will be brought to Midland, and will be legal tender in several stores.

Killing methods do not matter—poison, gun shot, catch-as-catch-can or, as the modern rabbit hunter would phrase it, "shooter—just show up with the ears and a bidding complex. The merchants will do the rest.

Japanese Inventors Have Big Wood Burning Truck

TOKYO (U.P.)—Japan's wood burning motor truck recently developed by the army probably will be confined largely to army use because of the inability to supply sufficient fueling stations to make a more general use available.

Simple Tempo Beats In Deep East Texas

MARSHALL (U.P.)—If anyone believes that the tempo of modern living is obliterating the homely joys of country societies, he should spend a few weeks in deep East Texas.

WORLD'S TALLEST PRIEST

LOWELL, Mass. (U.P.)—The Rev. Francis A. Skalki, of Poland, Catholic missionary, who conducted services at Holy Trinity church here recently, is 6 feet, 7 inches tall—probably the tallest priest in the world.

MIDLAND AND STANTON PLAY HERE THIS AFTERNOON AT 3:30 O'CLOCK

Stanton and Midland will cross bats at 3:30 this afternoon in the ball park south of El Campo Moderno, near the west limits.

The game will give Stanton a chance to even the season's score, Midland having won two games, Stanton one. A recent story erroneously said the clubs had each won one game.

Timmons or Brown will pitch for Stanton, Cramer or Richter for Midland. The grandstand recently started here as a municipal project practically has been completed, except for the top. It will seat approximately 800. Formal dedication of the new stand will be on the afternoon of June 24, when McCamey comes here to play the Colts.

HALF BILLION IS PRESIDENT'S LATEST REQUEST

Humanitarian Plan Is Outlined in the Concept

WASHINGTON, June 9. (U.P.)—A program for drought relief calling for an appropriation of \$55,000,000 was sent to congress today by President Roosevelt.

The money would be used for human relief, additional livestock purchases, farm loans, buying of sub-marginal lands and relocating of destitute farmers, purchasing seed for farms and establishing work camps.

DILL-RAYBURN BILL APPROVED BY SENATE

WASHINGTON, June 9. (U.P.)—The senate today approved the conference report on the Dill-Rayburn communications bill and sent it to the house for final action. The bill would regulate tigram, radio and cable systems.

No Restoration Of Bourbons Seen

MADRID (U.P.)—I do not believe that anyone is even considering the possibility of a Bourbon restoration in Spain, said Francisco Cambó, leader of the Catalan league (Lliga Catalana), in an interview published in the monarchist weekly magazine, Blanco y Negro.

Cambó is a well-known Catalonian business man, whose party is collaborating with the rights in the Madrid parliament. He is working especially close with Jose Maria Gil Robles, the leader of the Catholic popular Action party and the chief of the Rightist bloc in parliament, and therefore his opinions have been given extraordinary importance.

The smartly dressed Catalonian politician opined that the present political policy of a center-right government "is the only policy that can consolidate the republican regime."

When asked whether the present political program of the government would lead to a restoration, or a dictatorship, Cambó replied: "I do not believe that anyone is even considering the possibility of a Bourbon restoration, and cannot forget the great tragedies which preceded the Italian and German dictatorships. I do not wish such a situation for Spain."

EVASION OF CODE IS PROVED EASY

WASHINGTON, June 9. (U.P.)—Scores of devices used by East Texas oil operators to evade code regulations have been discovered by government agents, Investigator Glavis reported to Administrator Tokes today.

Portable refineries, trick valves that remain open when apparently locked and tapping of underground pipes were among the devices.

GO TO LUBBOCK

Misses Vera and Velma Copeland left Friday for Lubbock, where they will do post-graduate work at Texas Tech. They visited for a week in the home of Mrs. W. E. Pigg, their sister.

FLAPPER FANNY SAYS

Girls don't have to wait till leap year to jump at a marital opportunity.

ORCHIDS TO THE LIVING ARE MOST PRECIOUS

Those people in Shelby, Mich., who clubbed together to express their appreciation of the services that a country doctor had rendered them over many years had an idea that would stand a good deal of copying.

Probably you saw the story. The doctor was William L. Griffin, who is 75 now and who, in his 46 years of practice in and around Shelby, has brought something like 3500 babies into the world.

Furthermore, he didn't stop at that; after bringing these youngsters into the world, he did all that he could do to make the world a pleasanter place for them.

Thus, during the years Dr. Griffin and his wife provided a home and schooling for 52 boys and girls. For decades their house has always been open to young men and women.

Through it all the physician made his regular rounds, following the steady grind of the hard-worked country doctor, despite the fact that he had been left permanently crippled by an accident in 1902.

So, all in all, the doctor deserved the big celebration that several hundred of his grown-up "babies" put on for him.

Now there are men like this in every town, big and little; men of whom it can truly be said that they are the salt of the earth. They seem to have been born into the world for no other purpose than to do a lot of hard, ill-paid, and rather thankless work for other people.

Nearly all of us, at one time or another, have been indebted to some such person.

But usually we just take it all for granted, saying and doing nothing to show our thanks until it is too late. By and by the man dies; and then we loyally send flowers to his funeral, and fall in behind his coffin as it goes off to the cemetery, and tell everybody we meet what a fine man he was, and how much we owe him.

The interesting thing about this demonstration at Shelby is that the people didn't wait for the funeral.

A man like Dr. Griffin never gets much in the way of a material return for his services. He does what he does because of some inner compulsion, some light in his own heart that makes the way of service and self-sacrifice the only possible way for him.

The least we can do, when we know such a man, is to copy these Michigan people—and rally round with the flowers and the fine words while he can still enjoy them.

STANDARD OF LIVING

It is exceedingly interesting to notice that New York authorities have adopted a new definition of what it is to be indigent.

According to Dr. S. S. Goldwater, hospital commissioner, who has just drawn up new rules limiting free hospital treatment to those who are unable to pay, a man and his wife who have to live on an income of less than \$20 a week are officially indigent and need not pay for hospital services.

If they have a child, the limit is \$25 a week; if they have two children, it is \$30 a week—and so on.

Here is something that makes one stop and think. To be sure, these rules are geared to New York's metropolitan area, where living expenses are higher than in many other places.

Nevertheless, considering the number of men who are employed—and glad to be employed—at \$20 a week or less, it is evident that our boasted standard of living may not be quite as high as we have thought.

The girl who seeks screen success, says Jesse Lasky, must have a background of culture and special dramatic training. Of course, those having only pretty faces and shapely legs won't be turned down.

Side Glances by Clark

"I'm not sure this is the one I want. Lay it aside while I look at some more."

Androcles And The Lion

N.R.A. RESTRICTIONS IN 7 SMALL BUSINESS CODES

Tomatoes First Believed to Be A Deadly Poison

JACKSONVILLE (AP)—The Jacksonville chamber of commerce has been deluged with requests for information why the 100th anniversary of the tomato is celebrated, how the word is pronounced correctly and where it was first discovered.

The first known history of the tomato dates back to the fourteenth century when the Aztecs used the tomato, or "love apple" as it was originally called because of its gorgeous red blush, four sauces, relishes and flavoring. It was later found in Peru and the Portuguese introduced it into Europe, where the name was given as tomato.

The French called it pommes d'amour, or "love apple." The Italians adapted it to the same uses the Aztecs did but elsewhere in Europe it was used only as an ornamental shrubbery. An Italian painter, migrating to America and settling in Salem, Mass., about 1832, brought some of the seed, which he planted and ate the tomatoes but could not induce his neighbors to eat them.

The tomato, in its early history, was deemed poisonous and many legendary tales are told of witches using it in their cantations and medicine concoctions; also of duels and vendettas ascribed to the tomato. The Italian painter raised a crop in 1834, and finally persuaded

some of the more daring friends to eat the fruit. The widely read Maine Farmer in 1838, described crops of tomatoes which it declared most delectable. The Italian painter, therefore, seems to be the first to have persuaded the Americans to eat tomatoes.

Elizabeth Clark, born in Trenton, N. J., in 1833, recalled to friends that as a babe she plucked some of the pretty "love apples" from about her home and ate them, which threw her parents into a terrified fear and she was raced to a doctor in dread of the poisonous fruit. The tomato is pronounced to-may-toe.

Salt Making Art Is on the Decline

GONZALES (AP)—Making salt is a forgotten art that once was a part of the annual tasks of pioneers in this section. The salt still is there but present day residents prefer to get the product in a more convenient form at the grocery store.

In the 60's during dry periods of the year settlers from all over this section would go to the salt flats near Pilgrim to lay in a 12-month supply. It was an arduous process but the easiest and cheapest way of getting salt.

The salt flats, located ten miles south of Gonzales, form an area of more than a mile square. On the surface of the sandy soil a salty crust forms from which salt can be made.

In order to extract the pure salt from the sand and salt mixture, it was customary in the old days to

use a box similar to an ash hopper. The box, or hopper, was filled with the salt crust and water poured over it.

As the water filtered through it was caught in buckets, poured into large kettles and boiled until nothing remained but salt. Several days were required to make enough to last the average family for a period of a year.

Racing cars do not carry fans, because the fans would cause the motors to overheat.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Midland County—Greeting: YOU ARE HEREBY COMMANDED, That you summon by making Publication of this Citation in some newspaper published in the County of Midland if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, R. H. Knight whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Midland on the 9th day of July, A. D. 1934, at the Court House thereof in Midland, Texas, then and there to answer a petition filed in said Court, on the 19th day of January, A. D. 1934, in a suit numbered on the docket of said Court No. 2673, wherein The First National Bank of Midland, Texas is plaintiff and R. H. Knight, Julia Barnes, a feme sole, Julia Grace Biggerstaff, a feme sole, D. E. Barnes, Johnnie Wallace Smith and Ted Smith are Defendants. The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff prays for judgment against Julia Barnes and D. E. Barnes for its debt, principal, interest and attorney's fees in the sum of Eighteen Thousand Dollars, and for foreclosure of its deed of trust lien on what is known as El Campo Moderno, located upon a part of Survey 23, Block 26, Twp. 1 South, T. & P. Ry. Co. Survey, in Midland County, Texas, containing 1-6901/100 acres of land, together with all furnishings and equipment, including the camp and apartment house, as said lien existed on the 28th day of December 1929, and has continued in force by deed of October 24, 1931, and for costs of suit, against all of the defendants.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Midland, Texas, this, the 5th day of May, A. D. 1934.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

"Yes, I saw him the other day mopping floors at a hotel." "Well that proves that he's the same old four-flusher we always thought he was."

A young college boy in a strange town was looking for a girl he knew. He called at the girl's house and a little girl answered the door. "Where can I get hold of your sister?" he asked. "I don't know; she's ticklish," the little girl replied.

"Oh boy, oh boy, did I have a swell time at Mabel's party?" "Who was there?" "Mabel and me."

Personals

Clyde Bradford of Grandfalls was in Midland Saturday in interest of his candidacy for the state legislature.

Judge Charles L. Klapproth returned from Big Spring Saturday to spend the week end at home.

B. N. Aycock attended the Federer's day program at Big Spring Friday.

N. D. Bryant of Iraan, who has interests in the Yates pool, and two of his associates were in Midland Saturday.

C. J. Mims, representative of the Southern Pacific, is here this week end from San Antonio.

Miss Marjorie Dobbs visited at Odessa Saturday.

Mrs. Carl W. Covington is spending the week end with her sister, Mrs. J. Alfred Tom, at her Martin county ranch.

John Francis was here Saturday from his Andrews county ranch.

John Haley made a business trip to Odessa Saturday.

M. M. Fisher and family of Andrews were visitors here Saturday.

John Gist was in Midland Saturday en route to his home at Odessa from a business trip to Dallas.

Frank Parker has been moved to

West Texas with the proration office of the railroad commission. He will probably work out of the Pecos office.

Miss Bessie Dale returned Thursday from a week's vacation spent in the home of friends at Abilene and Colorado.

Mrs. J. M. Flanigan and daughter, Emily, left Saturday morning for Tyler, where they will visit for several weeks with Mr. and Mrs. J. M. Flanigan Jr. They were accompanied to Abilene by Miss Dorothy Dunagan and to Mineola by Miss Mary Elizabeth Newman.

Mrs. Paul Smith and son, Paul Dale, spent the week in the home of Mr. and Mrs. J. W. Smith at Tye.

Mrs. W. J. Russell and mother, Mrs. J. C. Roberts, are at San Angelo visiting for a few days with Mr. and Mrs. J. J. Russell of Houston, who are en route to Winnipeg, Canada, to spend the summer.

Mrs. R. D. Scruggs will return Tuesday morning from Wichita Falls, where she is visiting with her parents.

Mr. and Mrs. R. E. Kimsey and daughter, Charlotte, left Saturday on a vacation trip to Houston.

Mayor and Mrs. M. C. Ulmer and daughter, Ann, left this morning for Dallas, where he will transact business for several days.

Ray Lauder of Stanton was a business visitor here Saturday morning.

W. B. Bennett is spending the week end at Dallas.

Mr. and Mrs. Claude Crane and family left Saturday for Ruidoso, where they will spend a week's vacation.

Mr. and Mrs. Harvey Powledge and Mr. and Mrs. Stacey Allen are fishing at Balmorhea this week end.

Mr. and Mrs. George Phillips leave Monday for a week's visit in the Rio Grande valley. They will take their daughter, Evelyn, to Camp Waldemar at Kerrville, going from there to McAllen.

Mrs. Ruby Schotlander left Saturday night for Wichita Falls, where she will visit for several days with her children, Jean and Fritz, and her parents.

Announcement has been made here of the transfer of Monte E. Owen, well known insurance man, from the Abilene to the Fort Worth district. Owen has been a frequent visitor in Midland.

Mr. and Mrs. J. Howard Hodge have as their guests their nephews J. C. Foster of Abilene and John F. Priddy Jr. of Stanton.

LOST TO MISSOURIANS

KANSAS CITY, Mo. (U.P.)—Bait for the boys who mate away-headed dollars and draw the unwary into high-stake poker games doesn't always come from rural environs. Isadore Marshak, hailing from the Borough of Brooklyn in New York, reported to police he lost \$22 to two strangers who invited him to participate in a game of calling odd and even serial numbers on \$1 bills.

GULLS SWARM OVER OGDEN

OGDEN, Utah (U.P.)—Seagulls, many times a Godsend to Utah, have proven almost disastrous to air travel from Ogden. Intent on gorging millions of grasshoppers, as they did in pioneer days, the gulls have flocked to this northern Utah city so thick that airplanes can fly only at night when the birds have returned to their nests on Bird Island, in Great Salt Lake.

BING CROSBY IS UNCLE

SPOKANE, Wash. (U.P.)—Bing Crosby, Hollywood crooner, is an uncle twice. Twin girls were born to his brother Ted's wife.

CORRESPONDENT VISITS

LLANO, (P.)—Eugene Speck of London, England, an internationally-known newspaper correspondent, is visiting his parents, Mr. and Mrs. E. O. Speck, of Llano county. He delivered an address here at the high school auditorium Monday evening.

As foreign correspondent for the Chicago Tribune, Speck has spent four and a half years abroad, with headquarters in London. He began his journalistic career as a copy boy in the Tribune office in 1922.

Mr. and Mrs. Claude Crane and family left Saturday for Ruidoso, where they will spend a week's vacation.

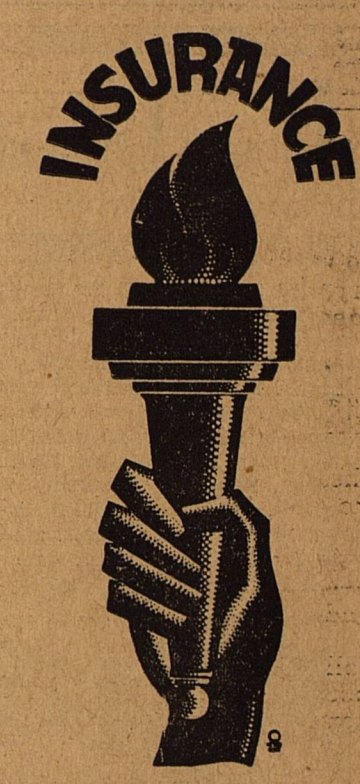

Mr. and Mrs. Harvey Powledge and Mr. and Mrs. Stacey Allen are fishing at Balmorhea this week end.

Mr. and Mrs. George Phillips leave Monday for a week's visit in the Rio Grande valley. They will take their daughter, Evelyn, to Camp Waldemar at Kerrville, going from there to McAllen.

Mrs. Ruby Schotlander left Saturday night for Wichita Falls, where she will visit for several days with her children, Jean and Fritz, and her parents.

Announcement has been made here of the transfer of Monte E. Owen, well known insurance man, from the Abilene to the Fort Worth district. Owen has been a frequent visitor in Midland.

Mr. and Mrs. J. Howard Hodge have as their guests their nephews J. C. Foster of Abilene and John F. Priddy Jr. of Stanton.

LOWE'S MODEL STATION TO OPEN TUESDAY

MIDLAND WINNER OVER BIG SPRING SOFTBALLERS IN A 21 TO 9 DECISION

Home Brewed

BY R. C. HANKINS

Local turf news will bear watching these days. Spence Jowell is keeping an eye on the entries and results of the Panhandle four-day race meet which opened June 7 and will be closely in touch with the Amarillo nine-day meet which follows. It is rumored that his bay stallion, Memorial Day, and the sprinter, Wanderer, which beat Paul Harvey's colt at Kent, are in the Panhandle under the care of Cecil Locklear.

Out at Cowboy park, Doc Bloss has his schooling of race ponies under way. Jowell's two "try-outs," a four year old chestnut gelding, King F and a two year old filly named Mrs. Gingham, have improved in condition under Doc's training and are showing a strong tendency to pull at the reins. Cook's stable, reduced by the untimely death last winter of Billy B, is augmented by a five year old black gelding referred to as a "half brother to Four-Mile," Clara Bow, a filly colt by her side, is shaping up nicely.

If you are a subscriber who reads this paper when it hits the yard, you may get out to the track in time to see the black breeze against King F this morning. However, it would be useless to go after 7:30 or 3 o'clock.

Tomis matches, scheduled for yesterday were indefinitely postponed, San Angelo players telephoning they would be unable to keep their engagement. It had been intended that Midland would enlist the aid of an Odessa doubles pair, Woods and Turner.

Sammy Warren's Hokus Pokus softballers snapped the perfect record of Big Spring's ace aggregation here Friday night, taking an easy 21 to 9 decision from Robertson Grocery.

It could easily be seen the invaders were not used to playing under lights—and the 13-inch in-seam "rabbit ball" was not to their liking. Repeatedly were the visitors caught flat-footed as smartly hit balls rolled by them. Their base running was slow as well, used as the Howard boys are to the 45-foot distances, rather than 60.

Lewellen, Midland pitcher, gave up only 6 hits, while Midland was rapping J. Forrester for 21.

For their first time under the lights, the visitors played surprisingly well.

The box score:

B. S. Golf Tourney To Be Staged Soon

BIG SPRING.—Local golfers will be unlimbering the favorite clubs before long in preparation for the first annual Municipal City golf championship.

Qualifying has been set at any time between June 10 and June 17. Players must signify their intentions of qualifying by getting a signed card from Charles Akey, municipal golf pro.

There will be no entrance fee, only the regular green fee.

There will be sixteen players to a flight, and as many flights as necessary to take care of all entrants. The winner of the championship flight will be crowned city golf champion for 1934.

There will be a special flight for women. The winner to be crowned golf champion for women. Play will be the same dates as for men.

Dates for various rounds:

First round—June 18 to June 24.

Second round—June 25 to July 1.

Third round—July 2 to July 8.

Finals—July 9 to July 15.

Prizes will be given to the winner and runner-up in each flight.

Rattlesnake Is Inexpensive Pet, Angeloan Finds

SAN ANGELO.—Dietetically speaking the rattlesnake is paradoxical—violative of rules that should apply—according to George (Rattlesnake) Mott, mechanic and West Texas' leading snake hunter.

"The depression means nothing to Mr. Rattlesnake because he just eats twice a year and gets a new suit once a year, according to Mr. Mott. He says the snake will kill and swallow a small rabbit, rodent or bird and then "let nature take its course," allow the carcass to decompose within the reptile's stomach, the process of assimilation continuing the meanwhile at a slow pace.

But despite this, the snake meat is found to be the cleanest looking of all West Texas animals and reptiles when the skin is removed, says Mott. In fact, some Mexicans prize rattlesnake "steaks" quite highly.

Mott has recently completed his annual spring forays into caves of this section to capture the snakes. He has 15 on hand now at his garage on North Chadbourne street. Hundreds of people visit the shop to see the scaly monsters, most of them young children. The unwary patron who happens to bump a foot against the glassed and wired flat cage in the rear of the shop may knock a few cars aside in moving away when half a dozen or so of the usually lazy rattlers whirl into angry activity.

One snake recently struck at a spectator, hung one of his fangs in the screen wire, tussled with the wire for a short time and then whirled away, deliberately breaking the fang off, leaving it in the wire.

Display and Service Rooms to Occupy 9,000 Feet

Announcement is appearing in today's issue of the formal opening of Lowe's Service station on this coming Tuesday.

The new station, located at the corner of West Wall and Colorado streets south of the court house, is one of Midland's new building projects and is perhaps the largest and most complete service station in West Texas, having 9,000 square feet of service space. The new station occupies the site of the old White House grocery.

Ralph Lowe, the owner and manager, had the station constructed along the lines of commodious driveways, display rooms and storing quarters.

Lowe said that he has confidence in the future of Midland and in the quality of the products that he is handling and that he is invested heavily in accord with his confidence.

The new station sells Goodyear tires and tubes, Texaco oils and gasoline, batteries, automotive accessories and several other brands of well known oils.

A sufficient corps of attendants will be on hand to accommodate motorists quickly and efficiently. Lowe said in an interview Saturday.

BACK FROM WORLD CRUISE

BIG SPRING.—Mr. and Mrs. Robert Schermerhorn arrived in New York June 1, according to advices received here Friday by relatives. They have been on their honeymoon on a world cruise, which has been in progress for three months. Their tour took them to various foreign countries. They are expected to be in Big Spring in a few days, following a visit in Tulsa and other Oklahoma points. They are making their trip from New York to Oklahoma and Texas by automobile.

A bullet was found in an ivory billiard ball which had no hole in its surface. The bullet had been shot into the tusk of an elephant, and the ivory had closed over the hole, leaving no trace of the bullet's entrance.

There are many scars on the glass where the fangs have struck with dangerous velocity.

Mott has two of the largest snake skins seen in West Texas mounted on the walls of the garage. One is seven feet long—minus head and rattles, of course—its owner was 11 inches around. Mott has two or three now which measure over six feet. Some have as many as 15 rattles but many have been broken off.

Thousands of snakes have been captured under Mott's forked stick, wire and "pliers" outfit and never has Mott been bitten. He got 36 out of one cave one time. The ragerman with the queer vocation says he believes there are fewer rattlers in this section of West Texas now than there ever have been. He modestly gives himself part of the credit for this.

Announcing The Opening of West Texas' Largest and Most Modern SERVICE STATION

TUESDAY, JUNE 12

The New Home of

GOODYEAR TIRE AND TUBES

GAS AND OILS

—BATTERIES—

With the very latest and best facilities to take care of your service station needs . . . We invite the public to inspect our spacious service station. No detail has been overlooked to provide for the comfort and quick service that we shall render. We shall be able to take care of your every automotive service need with the single exception of mechanical repairs. There will be plenty of room both outside and inside, which will assure you of prompt attention the minute you drive in.

We have all the latest and best facilities for properly washing and greasing automobiles and our self computing gasoline pumps assure you of an accurate measure.

Again We invite you to attend our opening. And we earnestly solicit your patronage.

WHAT A TIRE! WHAT A TIRE!

See it here! Goodyear test drivers burned out brakes—wrecked cars—pounded the roads night and day—and it kept its grip twice as long as other tires!

IF YOU think the non-skid tread on your present tires wore out too soon—*you're right!*

Ordinary treads *can't* stand the strain of modern driving.

But come in today and see a tire that will!

The new "G-3" All-Weather! It has a wider tread—flatter tread—more rubber in the tread—more non-skid blocks in the center of the tread—and gives 43% longer non-skid mileage than the best previous Goodyear All-Weather.

No matter what car you drive—no matter how you drive—this tire will give you *more miles of safety—AT NO EXTRA COST!*

WARNING!

Watch the rest of the industry try to copy this amazing tire. Watch them try to duplicate Goodyear's claims. But, remember, you have to have "non-skid" before you can have "non-skid mileage." And to have "non-skid," you have to have GRIP where you see it here—GRIP in the center of the tread—the place where it counts, because it's the spot where the tire contacts the road. Look at the grip on this Goodyear Tire and ask yourself why buy any tire that lacks this safety? And keep in mind that you cannot successfully build this type of non-skid tire without the extra-durability of Supertwist cords.

MANY CATTLEMEN ATTEND FEEDERS' DAY MEET AT BIG SPRING FRIDAY

BIG SPRING, June 9.—More stockmen and farmers and fewer town meal enthusiasts took part in the third annual Feeders Day program here Friday at the U. S. experiment farm.

Results of the feeding tests in progress for the past 196 days were made public together with appraisals placed on the stuff by Jimmie Baker of the Texas Livestock Market association, Fort Worth.

As in the past three years, the pen fed ground threshed milo topped the other three pens of steers and looked \$6.50 with two out. The pen fed ground milo heads looked \$6.25 this year, while it brought top price last year. Moreover, gains in the pen fed whole threshed grain showed more gain than the ground head pen this year for the first time. The pen looked \$6.15. The remaining pen, fed whole milo heads, looked \$6.00.

John Jones of the animal husbandry department of A. & M. college was at loss to explain why the pen fed whole threshed grain out-gained the lot fed ground heads when just the reverse has been true in the past.

He suggested that perhaps the strain was a little better, or that perhaps the feeder had learned how to give the whole grain in correct quantities.

"On the whole average gains for the sixty calves in all four pens were higher than for last year. In 1933 the average gain was 351 pounds and this year it was 400."

Both Jones and George Bond, who have fed the steers for the past two years, suggested that the ground heads constituted the best grain year in and year out. Bond warned that in feeding ground heads that great care should be taken to see that pommes were well mixed with the grain if ground in a Letz mill.

Jones said that if feed must be shipped in that ground threshed stuff was the better feed when the feeder was conducting his operations on a large scale.

For the small man, or the farmer with just a few cattle and surplus feed, he expressed the opinion that whole heads was the practical ration with meal and cane. Pork gains also figured up the price of the steers on this ration during the test. Hogs followed the steers in this pen netted credit per steer of \$1.86 and would have done much better had a fair price for pork prevailed.

Much discussion was held around the type of stock good for feeding. Baker contended that the short legged, compact animal was best for feeding. He also favored white faced cattle and said that 90 per cent of the feeders were demanding them. He did not object to a little Durham in the strain but said too much made the stuff too rough and the older it became, the rougher it became.

Some of the stockmen agreed that calves out of three year old

heifers did not make as good feeders as ones out of five year cows. Baker said that stockmen ought to be more particular about selection of their bulls.

Jones said that this was probably the last year that the feeding tests will be conducted on the same basis but that next year the tests might be conducted along blood lines to determine what strain of cattle were best for feeding purposes.

On discussing his experience in feeding the steers, Bond said that it had taken more grain when it was whole than when ground. This worked out on both the feeding and head grain.

He explained that in feeding the whole heads that the ground sun-dried fodder and meal with limestone flour was fed first and that the heads were fed after the steers had devoured the first portion.

C. T. Watson, who spoke briefly in welcoming the stockmen and farmers, reminded that the tests were conducted to ascertain the relative feeding values of milo which threshed, threshed ground, whole head and ground heads.

Because feeding is a comparative, new project in this section of the country, many farmers and stockmen become discouraged in they lose a little on the first year and give it up. He contrasted this to the attitude on cotton, saying that a farmer will lose several cents per pound on his cotton crop then double his acreage the next year to make it up.

Briefly some of the figures and data on the feeding follow: All four lots were fed the same amounts of cotton seed meal, ground cane, limestone flour and salt. The grain was fed according to appetites of the steers.

Lot No. 1 was fed whole grain threshed and showed an average total gain of 428.8 pounds for the 196 days. Lot No. 2 was fed ground threshed grain and showed an average total gain of 435.5 pounds. Lot No. 3 was fed whole heads and showed an average total gain of 378.4 pounds. Feed cost per 100 pound gain and per steer were: Lot No. 1—\$5.83 and \$5.18; Lot No. 2—\$5.24 and \$25.61; Lot No. 3—\$6.16 and \$22.32; Lot No. 4—\$5.94 and \$22.67.

Credit per steer from pork following (hog feed cost deducted) amounted to \$1.84 for Lot No. 1, \$0.44 for Lot No. 2, \$1.86 for Lot No. 3 and \$0.17 for Lot No. 4.

Hogs following steers were fed one-third pound daily of mixture of equal parts of tankage and cottonseed meal.

Noticeable this year was the increase of feed prices per hundred pound gain almost twice that of last year. Also noticeable was the nearer uniformity of appraisals this year over last, with prices but little better than a year ago, while feed costs had increased.

Steers this year came from McClinch Bros. of Midland and cost approximately \$26 per head, about same as last year. They were put on feed November 22, 1933, and kept there until June 6, 1934.

Those inspecting the stuff enjoyed a western style meal at noon.

STUDENTS RETURN

Ralph and G. B. Hallman, sons of Mr. and Mrs. A. L. Hallman, have returned to their homes following closing of the school term at Rice Institute.

Ralph, student assistant in the science department, will rest during the summer from a nervous breakdown occasioned by over-work, and G. B., former football star of the high school here, will accept a position at Wichita Falls.

Market Has Home-Fed, Killed Meat

Featuring two car loads of heifer yearlings bought from Roy Parks, Conner Bros. markets are exploiting home grown, home fed and home killed meats in an advertisement in this issue of The Reporter-Telegram.

The calves were creep fed prior to being bought by Conner Bros. and then were placed on full feed at their finishing pens. Choice cuts of meats from these animals are being sold at the markets in the Hokus Pokus and Piggly-Wiggly markets.

C. I. A. Growth Is Helped by New Deal

BY MARY BELLE PRATT

There is a peculiar thrill that comes with returning to one's Alma Mater at commencement time—a thrill that only those who have had such a opportunity can fully appreciate. And the occasion is doubly enjoyable when that Alma Mater is one of our own state colleges, the Texas State College for Women, perhaps better known as C. I. A., whose 31st annual commencement I attended last Sunday and Monday.

Supt. W. W. Lackey has attended the C. I. A. graduation programs for a number of years, and he pronounces them to be the best in the state.

Supt. Lackey, Miss Marguerite Bivens, and I left Midland Friday afternoon, and spent the night in Ft. Worth. On Saturday we were the guests of Charles Lackey, a brother of the Midland school superintendent, in Dallas, and while we were in that city the WFAA broadcasting station, located in the Baker hotel, kindly offered us the use of its facilities for a broadcast of the C. I. A. graduation program. At 10 o'clock on Monday morning, Dr. L. H. Hubbard, president of the college, addressed the 145 graduates, one of the largest classes in the history of the college. A significant fact concerning this group was that there were more honor graduates in proportion to the number in the class than has ever been known in the 31 years of C. I. A.'s existence.

This year has been the turning-point in the history of this state institution, for less than a year ago its foundation was quite unstable. Today, however, with its new policies and enforced regulations, C. I. A. is well on the road to even better days than it has had known before. The "New Deal" has had its effect, and people throughout the state will soon realize, if they have not already done so, the benefits reaped from it.

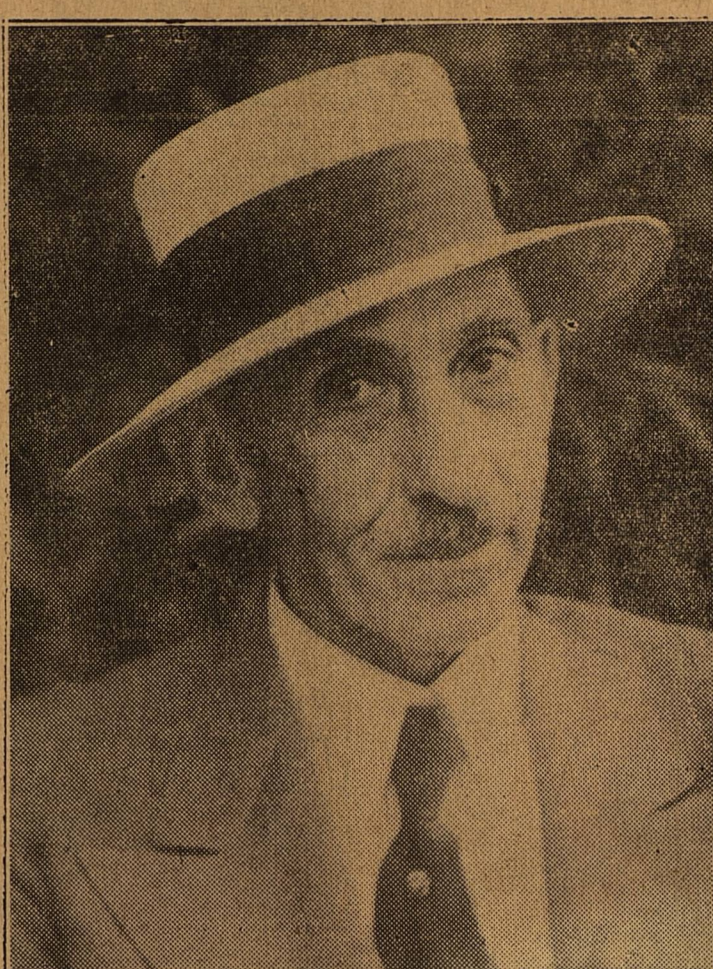

Appropriations have been made for one new dormitory and a new hospital to replace old buildings, and there is the probability that two additional buildings will be erected on the campus at an early date.

Midland has been well represented at the college for a number of years, having claimed many girls who have attended there. At the present there are three Midland students, Misses Jess Edith and Nell Wynne Carlisle and Miss Olga Trammell.

FEMALE BUFFALO CALF IN ZOO

CHEYENNE, Wyo. (AP)—A tottering buffalo calf named Mayzie is the latest addition to the Frontier park here. Mayzie is the first female buffalo ever born at the local zoo.

Predicts Great Success For Racing Meet

Above is the nationally known racing official, Sidney S. Bender, who will be secretary and clerk of stakes for the Tri-State fair's spring meeting here June 15-25. Bender yesterday sent in reservations for 23 thoroughbred horses to be sold at the markets in the Arlington Downs, Epson Downs and Alamo Downs. In his letter to Manager Ted Taylor, Bender stated: "Interest in the Amarillo races is high among horse owners that I have contacted. I believe the Amarillo races will be a great success in every way. Several owners have promised me they will apply direct to you for stalls just as soon as the Hondo meet is over."

4th Relief Fund Complaint Filed

FORT WORTH, June 9.—A. M. Millican, 54, was charged in a complaint filed in county court-at-law number 1 Friday morning with obtaining relief funds through misrepresentation. The complaint is the fourth to be filed by federal investigators.

The complaint charges Millican obtained relief on May 31 through misrepresentation. It sets forth that in obtaining such relief he denied having an account in a bank or any cash resources and that he was found to have had a savings account in a local bank.

TRINITY CHAPEL

E. B. Soper, Supt.

Regular services will be held, Sunday school at 9:45 and sermon at 11 o'clock by E. B. Soper, lay leader.

REVIVAL CONTINUES

The Pentecostal Holiness revival will start its third week today. Services are being held at the tabernacle at 600 South Colorado, the Reverend O. W. Roberts preaching. Special music will be presented tonight; guitars and other stringed instruments being featured. The sermon subject is "Unknown Tongue" from 1st Corinthians 14.

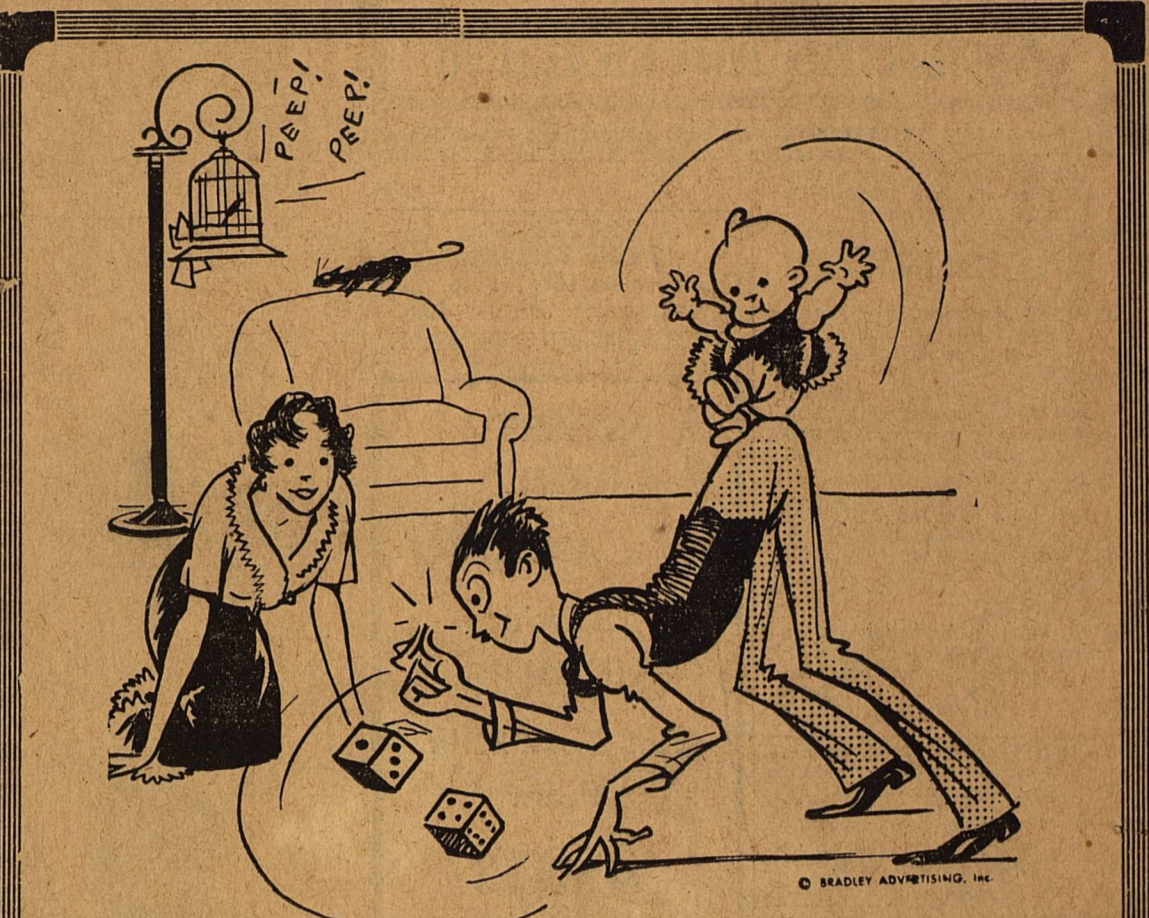

OLD TREE BEARS FRUIT

VANCOUVER, Wash. (AP)—An apple tree planted by Dr. John McLaughlin of the Hudson Bay company more than 100 years ago is still bearing delicious fruit.

To Hold Revival

The Rev. Walter Patterson of Bethany, Okla., will hold a revival meeting at Pleasant Valley school, seven miles northwest of Midland June 15-24, it was announced yesterday by J. C. Thomas who had received a communication from the visiting preacher. Invitation was extended to Midland people and those of the surrounding country to attend. Services will be held each evening, with day services held if the congregation expresses a desire for them, it was announced.

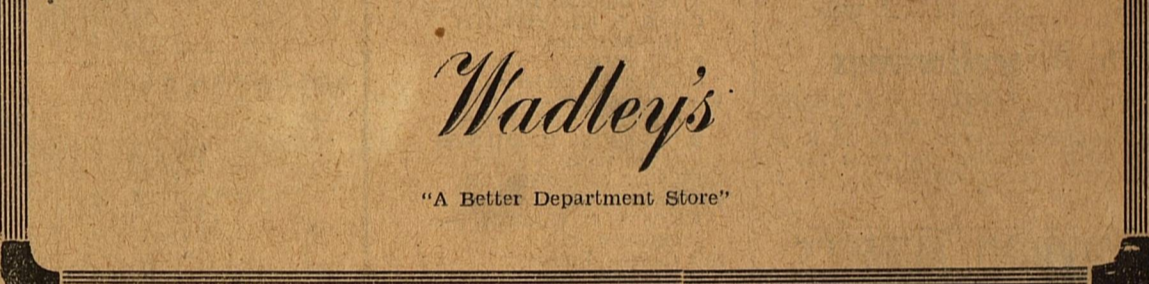

BABY NEEDS NEW SHOES —and how!

Well, we'll take care of the "how" part for the entire family. No wonder we have the biggest Shoe Dept. in the entire city . . . when we feature those style-right, long-wearing Florsheim Shoes! No "gambling" with quality either . . .

Florsheims are priced at \$8.75
 Friendlys at \$5.00
 Fortunes at \$3.95

Truly here are three best known names in the whole shoe world and this store offers you the styles, the quality and the fit in dependable shoes at the lowest prices possible for good shoemaking.

Ross Can Laugh At Commission

BY W. WINSTON COPELAND
United Press Staff Correspondent
FORT WORTH (AP)—Important as it may seem on the surface, the National Boxing association's suspension of Barney Ross is almost laughable.

The lightweight, junior-welterweight, and welter-weight champion was suspended because he failed to keep his contract to meet Tony Herrera, the Mexican pride of El Paso, here April 21.

Paraphrasing his lambasting of Jimmy McLarin indicated Tony may have had a "break" after all. About the only thing of importance in the suspension was that the N. B. A. showed its willingness to co-operate with the Texas commission, which had demanded the suspension.

As far as keeping Ross out of the ring, the N. B. A. ruling will have about the same chance of doing that as a tailor has of selling a tuxedo in a nudist colony.

This, because the three principal fighting areas of the U. S. A. do not recognize the N. B. A. New York, Illinois and California all have given the N. B. A. the proverbial horse-laugh. Ross can fight in any of these states.

Grab your geography and try to figure out where else Ross would want to fight. Florida is the only other spot where big-time fights are put on, and lower weight fights in Florida have never proved successful.

The suspension will, of course, keep Ross out of Texas, and other lesser important fight areas—until it is lifted. But he probably would stay out anyway except for exhibitions or non-title bouts.

Had Ross lost to McLarin he probably would have been willing to meet Herrera here or elsewhere in Texas. Pomoter Dick Griffin had contemplated such a match.

But with three crowns resting on his raven locks, it is doubtful whether there is a city in Texas that could afford to offer him enough money to defend a crown.

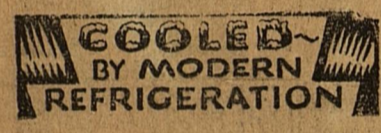

STUDENTS PICK MAN AS BOSS

OXFORD, Ohio. (AP)—Men and women students at Miami university here agree that the man should be "boss" of the home and that a course in preparation for marriage would be desirable as an addition to the curriculum. The Rev. Neal Newlin, psychologist, queried students here on subjects relating to marriage and sex.

SEAT CUSHIONS

Made by Kelly-Springfield. Live, springy sponge rubber that will not break apart. Two sizes, \$1.25 and \$1.50. Two colors, brown and green.
