Rodeo To Hit Climax With Show Tonight

Crowds Cheer Swift-Paced Contests

New Record In Calf Roping; Riding Events Thrilling

Big Spring's seventh annual rodeo headed toward the climactic "big show" tonight, after an opening day that was rated a success on all sides.

The third show was in progress this afternoon, with a fair crowd on hand. There was no accurate estimate on the opening day's total attendance, but it was generally considered that more than 2,000 saw the afternoon performance, and about 3,500 the night show.

The crowds were treated to a fast-paced and interesting exhibition, the performances being run off in something less than two hours. Stock was "mean" enough to make things interesting, and the contestants themselves were putting up a great show.

The first day saw the local record in calf roping fall, when T. J. Brannan hung up a mark of 13 1/2 seconds. The old record was 11.4 S., held jointly by Sonny Edwards of Big Spring and Charles Conway of Brownwood.

The second day saw the local record in calf roping fall, when T. J. Brannan hung up a mark of 13 1/2 seconds.

Cotton Loan Rate Here To Be 9.40 Cts.

WASHINGTON, Aug. 15 (AP)—The Commodity Credit Corporation announced today its schedule of location, grade and staple differentials for the 1940 cotton loan program.

Location differentials, the corporation said, represented the freight cost between the warehouse point and the mill or port point on all cotton west of the Mississippi-Missouri line and west of the Tennessee river in Tennessee.

For grade and staple differentials the schedule was based on the 15-16 middling description. The corporation said no loans would be made on cotton descriptions not shown in the schedule of premiums and discounts.

The schedule for Texas follows, including city and bales middling white and extra white 15-16 inch loan rate: Austin 9.55, Abilene 9.46, Beaumont 9.50, Big Spring 9.40, Brownsville 9.50, Bryan 9.70, Clarksville 9.50, Corpus Christi 9.80, Corsicana 9.61, Dallas 9.55, Denison 9.49, Denton 9.52, El Paso 9.16, Fort Worth 9.55, Gainesville 9.47, Galveston 9.80, Gilmer 9.56, Greenville 9.58, Huntington 9.73, Hillsboro 9.58, Houston 9.50, Jacksonville 9.63, Longview 9.59, Lubbock 9.34, Marlin 9.61, Midland 9.34, Marshall 9.57, Paris 9.49, Plainview 9.34, Palestine 9.64.

There Are The Pigs, Britons Say Of Germans

BY ROBERT E. BUNNELL—ON THE SOUTHEAST COAST OF ENGLAND, Aug. 15 (AP)—At least two planes were shot down today as German raiders attacked the English coast for the second time within about two hours.

The second raid began with the drone of heavy Nazi bombers. One of the air raid wardens standing on the street corner said: "Immediately a whole defense battery cracked into action, throwing up a barrage of explosives from big guns to the fast-shooting little Bofors. The sky was dotted with the bursts of the shells."

The raiders apparently came in several flights because, west of this coast town, I saw a score of them in a dog fight with British planes.

They circled and dived and wheeled with roar of engines and cannon and the rattle of machine guns. Behind the town, so high that the planes barely could be seen, another fight was going on.

While the fight was going on you could hear the loud crump of bombs in back of the town. The lights in the hallways of the hotel on the sea front were suddenly extinguished.

Weather Forecast

WEST TEXAS—Partly cloudy tonight and Friday, with scattered afternoon thunder showers. Little change in temperature. EAST TEXAS—Considerable cloudiness tonight and Friday; local thunder showers in northwest portion tonight and in west and north portions Friday.

Conscription Program May Be Delayed

Compromise Training Plan Likely To Get Senate Approval

WASHINGTON, Aug. 15 (AP)—Administration strategists privately acknowledged today there was a good chance the senate might reject immediate conscription in favor of a compromise program deferring the start of compulsory service until January.

These leaders said their drive for enactment of the Burke-Wadsworth immediate conscription bill had run into difficulties because of the statement by Brigadier General William E. Sheld, assistant chief of staff, that the army would be unable to absorb a full quota of conscripts before December.

Spokesmen for two populous eastern states, New York and Massachusetts urged congress today to authorize creation of a home guard of war veterans and others to replace national guardsmen who may be called for active military service.

Governor Herbert H. Lehman of New York told the senate military committee it was imperative that such authority be granted quickly. He also declared that when local troops were organized they should be armed with federal guns.

"We've got 15,000,000 people in the state of New York," the governor testified. "We have some of the largest industries in the country. I think it would be a serious thing for the state and for the nation not to provide protection in event the national guard is called up."

CROYDON AIRPORT NEW TARGET OF ATTACKERS

By The Associated Press At least 1,000—perhaps thousands—of Nazi warplanes stormed England today, bombing the great London airport at Croydon, only eight miles from Charing Cross, and fighting a terrific air battle with RAF planes over London's Tilbury docks.

London's millions clearly heard the chatter of anti-aircraft fire and lifted tumultuous cheers as, crouching in doorways, they saw RAF Spitfires and Hurricane fighting planes swarm up to give battle.

Other phalanxes of Nazi raiders, flying in solid wedges of up to 100 planes each, lashed at the English coastal defenses from land's end to the Thames estuary.

No accurate estimate of the number of planes involved could be made, but it was apparently the biggest mass assault of the war.

The official news agency, DNB, said Nazi airmen were sweeping the lower Thames—on the path which might be used for a cross-channel troop invasion—threatening all British military plants with destruction.

The Tilbury docks, part of the vast system of wharves and giant storehouses stretching from storied Limehouse far down the Thames, lie 15 miles from the heart of London.

A single Nazi armada was reported so big that it covered a strip 30 miles wide. The British government said 55 Nazi raiders were destroyed up to five o'clock this afternoon. Loss of seven British fighter planes was acknowledged.

Droning over one area of the southeast coast came groups estimated to total 500 planes. Other waves of almost equal strength were reported striking up and down the coast from the Thames estuary to Land's End.

It was believed possible that the terrific assault signaled the opening gun of the long-threatened attempt to invade England.

Today, according to London sources, was "der tag" set by Hitler for the conquest of England.

Spread-eagling the island kingdom, on a schedule that read like a tourist's itinerary, the Nazi raiders struck at the great transatlantic shipping port of Southampton, Newcastle, Aberdeen, Scotland, the huge Vickers Armstrong armament works at Hebburn, the Hawkinge airport 10 miles west of Dover and other vital military centers.

The use of the huge Dornier bombers indicated that the Germans were now either going "all out" to make good their threat of blasting England to ruins, or that they were forced to draw on their reserves as a result of RAF raids last night on Nazi bases along the channel.

Berlin dispatches said the droves of swastika-marked raiders smashed through "curtains of steel" thrown up by British anti-aircraft guns at Dover—the channel "gateway" for a possible invasion attempt—and sped on inland to bomb other objectives.

Great fires and explosions were reported set off in a thrust into Northumberland. The British air ministry, drawing a reserved picture of the foray, admitted there were "some casualties," but insisted that the wave-on-wave assaults were "unsuccessful" in attacks on RAF airfields.

During the morning hours, the 5-day-old showdown assault was marked by comparatively small-scale clashes over the southeast coast, with at least five German bombers reported shot down. The British Press association reported "widespread enemy air activity off the northeast coast of England."

The skies were cloudless, but in their raids on the south coast the German planes flew so high that spectators on the ground could see little of the action, except for an occasional shell-torn plane screaming down into a crash. About 80 planes fought in one battle, while 30 others blasted at each other with cannon and machine-gun high over the channel. Said the British Press association:

"Aug. 15, the date on which Hitler was to make his triumphal march into London, is here. In a few hours it will be gone, with Britain still mistress of her own fate, of the seas and of the air around her coast. Nazis blamed poor flying conditions for the overnight hiatus in raids after four straight days of aerial blitzkrieg against England.

But British RAF bombers took to the skies in a smashing night counter-punch, blasting Nazi air and invasion bases from Calais to Le Havre along a 100-mile front in German-occupied France.

For more than an hour observers in southeast coast towns heard the distant wall of air raid sirens and the steady thud of bombs from France. Fires glowed against the far-off skyline and more than 100 bomb flashes were counted while the air was dotted with star-like bursts of anti-aircraft fire.

Afoot and in armored cars British home defense units searched moors in Scotland and woods in the Midlands for possible Nazi parachutists after some 60 German-marked parachutes were found. There was no sign of any Germans, however, and some British were inclined to consider it another Nazi scare scheme.

WINDSOORS LEAVE FOR BAHAMAS

HAMILTON, Bermuda, Aug. 15 (AP)—The Duke and Duchess of Windsor sailed from Bermuda today on the last leg of their journey to the Bahamas. The Duke arrived here a week ago with his American-born domestic entourage to Nassau to take over his post as governor of the islands.

Greek Cruiser Destroyed By Submarine

ATHENS, Aug. 15 (AP)—The Greek government, acting shortly after the sinking of the 2,115-ton Greek cruiser Helle by an unidentified submarine was announced, issued an order tonight forbidding all Greek ships to leave port.

ATHENS, Aug. 15 (AP)—All telephonic communication with Helle was severed today shortly after the government announced the sinking of the light cruiser Helle by an unidentified submarine.

The Helle, a 2,115-ton American-built vessel, was torpedoed in Timos Island harbor in the Aegean sea. One petty officer was lost and 29 crew members were injured.

The crew attempted to run the ship aground, but fuel oil escaping on the water caught fire and forced abandonment. The ship quickly went down.

Chiefs of the army, navy and air force were summoned immediately after the sinking was announced for a conference with Premier General John Metaxas.

The cruiser's nationality was plainly marked, an official announcement said, and a mistake in identity would have been virtually impossible.

The torpedoing occurred as Italian and Greek relations became increasingly tense because of the recent Italian press campaign charging Greece was violating her neutrality by being too friendly with Britain.

One of the Italian charges in the strengthening press campaign has been that the British Mediterranean fleet was using the Greek island harbor as a base.

Premier Metaxas' night conference with the army staff chief and cabinet members were interpreted by foreign observers as indicating Greece is preparing her defenses should Italy back up newspaper threats with an attack from Albania.

LATE BULLETINS

BERLIN, Aug. 15 (AP)—German planes were reported over London tonight in a surge that carried them past the thickly netted defenses of coast and vital docks, up the Thames estuary to the very citadel of Britain's power.

DNB, the official German news agency, reporting a great onslaught against all Britain's vital centers, as well as her coasts from northeast to southwest, said the German planes reached London at 5 p. m. despite intense anti-aircraft fire.

LONDON, Aug. 15 (AP)—Royal Air Force bombers last night attacked oil depots, refining plants, railroads and power plants near Bordeaux and Cologne and airports in northern France, the air ministry announced tonight.

CLERMONT-FERRAND, Aug. 15 (AP)—French Foreign Minister Paul Baudouin said today he was doing his "utmost" to obtain a British agreement to permit transportation of food to France through the blockade and that the British decision is pending.

### ARKANSAS VOTE MAY BE PROBED

LITTLE ROCK, Ark., Aug. 15 (AP)—An investigation of voting in the seventh district congressional race in Arkansas democratic primary Tuesday appeared likely today as final unofficial tabulations gave Prosecutor Gren Harris of El Dorado a substantial lead over incumbent Wade Hampton Kitchens of Magnolia.

With 310 of the 311 precincts in the district accounted for, the 36-year-old Harris had 19,853 votes to Kitchens' 18,029.

Kitchens announced in Washington he would ask for an investigation, asserting he had sent J. R. Wilson, El Dorado attorney, evidence that the absentee ballot law had been violated.

The unofficial tabulation of 2,108 of the state's 2,169 precincts gave Homer M. Adkins a 31,230 vote lead for the gubernatorial nomination over Gov. Carl E. Bailey who conceded that his effort for a third term nomination had failed. Adkins had 139,226 votes to Bailey's 107,796.

### Rodeo

(Continued From Page 1)

of calf roping, bronc riding, bull-dogging, bareback bronc riding, steer riding and a wild mule race, the customers were treated to the sight of comely girl sponsors riding their mounts in a fast flag-race. No day winners were announced in this contest, the girls each riding twice for an average time. Christine Northcutt of Colorado City, a consistent winner at rodeos this year, had the best time on the "round-the-arena" chase, 35.35. Others who rode Wednesday night were Addie Ruth Fulkerson, Lameas; Kathleen Nichols, Knott; Dorothy Merrett, China Grove; Opal Cooper, Killeen; Ruth Fernandes, Odessa; Guila Bettes, Rankin; Bobby Harris, Seminole; and Treva Mae Farr, Seymour. This group rode again this afternoon, while those who appeared yesterday afternoon and will ride again tonight include Mrs. Lucy Low, Ed. Bow; Ethel Blum Elliott, Stamford; Faye Marburger, Abilene; Mary Wasson, Wesson ranch; Margaret Elizabeth Miller, Lovington; Curley Seal, Baird; Carolyn Cox, Garden City; Lucy Jean Coats, Big Lake; and Nancy LaForce, Midland.

The sponsors were guided on their race by Mary Nell and Anna Belle Edwards, who are serving as hostesses to the visiting riders.

Other specialties on the program were exhibitions of gaited horses by Frank Kelley and Ed Hagan of Colorado City and Chappell Davis and his daughter, Jeanne, of Midland. The fancy stepping horses drew a big hand at both shows. Horse show divisions again were included on the Thursday program.

Crown for the rodeo is Procher Sells, an Oklahoman who stayed busy throughout the shows with a bagful of tricks and jokes, old and new. With his two trusty mules ridden Roman style, Sells attempted a hurdle, rode a bronc, chased steers from the arena, and carried on a line of patter with the public address announcer.

Each show opened with a grand entry, flag presentation and introduction of officials, including Tom Good, rodeo association president; Foy Proctor of Midland, tie judge; and Buck Jones of Abilene and Carl Taylor of Breckenridge, judges. Jess Slaughter, arena director, and others. A special guest introduced last night as he rode into the ring was Judge James V. Alfred, former governor.

The Wednesday night crowd included many out-of-towners, including a large delegation of Midland, where 300 rodeo tickets were purchased. Spectators seemed pleased with a good show, and the management believed that with last day crowds as large as the first, the year's presentation might be a financial success.

### Compliance Work Is Nearing End

Compliance work in Howard county is going down the home stretch.

As of Wednesday evening, the task of measuring the little less than 1,000 farms in the county was 94 per cent of completion. A total of 925 farms containing 160,700 acres have been measured, leaving only 58 farms with approximately 11,900 acres.

Eight of 11 supervisors are now doing recheck work and it is possible that the final check may be virtually complete at the end of the week. After recapitulations of the measuring have been effected, the county AAA staff will start receiving subsidy applications. It has estimated that this may be started in about two weeks.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief  
Many sufferers relieve nagging backaches quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 20 years. They give happy relief and will help the 15 million of kidney troubles flush out poisonous waste from your blood. Get Doan's Pills.

#### Wall Street

NEW YORK, Aug. 15 (AP)—Steels and motors led an early selective recovery in today's stock market as war fears seemed a bit less depressing to trading forces.  
Gains, running to a point or so at the best, were unaccompanied by increase in pace and, at the close, top prices were reduced in the majority of cases. Transfers approximated 300,000 shares.  
While Wall Street was beginning to get the idea the British had about a fifty-fifty chance of repelling a Nazi invasion, the constant hammering of Hitler air bombers at vital English sectors tended to keep many boardroom customers on the waiting list.

# Willkie Off To Deliver Acceptance

**COLORADO SPRINGS, Aug. 15 (AP)—**Wendell L. Willkie will fly late today to Indiana where, in his acceptance address Saturday, he is expected to disclose for the first time his views on military conscription.

The republican nominee was scheduled to arrive in Indianapolis at about 8 p. m. (CST) tonight, and he will motor to Rushville, Ind., the home town of Mrs. Willkie.

The acceptance address Willkie will deliver Saturday at Elwood,

Ind., his own home town, probably will cover the general range of campaign issues, as well as a conscription. He gave the address a last minute going over yesterday and sent it to the printer.

On the eve of his departure from his vacation hotel, Willkie renewed his demand that the democratic national committee return funds paid for advertising in party campaign books and suggested creation of "an impartial board" to enforce election laws.

The nominee said at his press conference he believed the question of "machine political control" would be a major one in the presidential campaign. Then, in response to questions, he named foreign policy and national defense as the two top issues.

Aid to Great Britain short of war and a demand for a revitalization of defense were understood to be among the candidate's approaches to those two questions.

# TEA TIME TASTIES

Nothing is more refreshing on a long, hot summer afternoon than a cool, frosty glass of iced tea and your favorite tasty sandwich or light wholesome variety of cookies. Tea is cooling, refreshing and invigorating, with or without food.

There are ideal foods to go with tea on any occasion—for parties, when tea is the welcome drink, when tea is the wholesome variety for a gathering of young folks:

**FOUR OF A KIND**—Tennis queens are these, seen at Sea Bright, N. J., journey. Left to right: Alice Marble, world's top ranking woman player; Sarah Palfrey of Boston; Dorothy Bundy, Mary Arnold. Miss Marble took Sea Bright title.

One of the new drinks that has zoomed into popularity is ski-ball. Here's the recipe:

**Ski-Ball**

1-2 teaspoons sugar.  
1 thick slice lemon stuck with 12 to 18 cloves.  
1 cinnamon muddler.  
Hot, black tea.  
Place sugar, lemon and the muddler in a ski-ball or Russian glass (both have handles); pour over this the strong, hot fragrant black tea and serve at once.

And now for some of the food companions to good tea. If you ever had the notion that the masculine half of the human race considers tea a stinky drink, forget it. Sneak up on the business man of today when he's having lunch, or when he's taking a little "time out" in the afternoon, and you'll find him enjoying tea. And for Mr. America, something good to go with tea would be—

**Melted Cheese Sandwich**

Spread over two slices of freshly buttered toast some chopped American cheese. Sprinkle with paprika. Criss-cross with four slices of bacon, place under broiler until golden brown and serve very hot.

When young people meet, refreshments are often served informally from a buffet. Tea fits in here, too, and here is an unusual delicacy that will go with such a drink. It's called—

**Madeleine**

2 cups almond paste  
2 cups icing sugar  
2 cups butter  
1 cup flour  
10 eggs  
1 lemon rind shredded  
Cream half the butter and half the sugar. Mix the other half sugar with almond paste and five eggs. Whip other five eggs into a stiff froth. Beat in 20 minutes. Fold in flour. Brush melted butter very lightly into molds, and put molds into ice box until butter has formed stiff lining. Dust lightly with flour. Fill molds with batter and bake in moderate oven until almond-brown.

**CAMPAIGNER**—Opening volley of his campaign for the Democratic vice presidency will soon be fired by Iowa-born Henry A. Wallace, 51, the secretary of agriculture.

## Hospital Notes

**Big Spring Hospital**

Nancy Lee Shortes of Odessa underwent tonsillectomy Wednesday.

Mrs. J. E. Moon has entered the hospital for medical care.

Mrs. T. B. McAdams of Knott returned to her home Thursday.

## RABBITS VS. SNAKE

AUSTIN, Aug. 15 (AP)—The game department offers from its stranger than fiction division the story of two rabbits that fought a snake. And it has the word of Odel Morris and Elbert Stewart of Comanche to prove it.

The men, employed at the city pumping station, saw a snake suddenly grab a one-third grown cotton tail but the reptile evidently didn't figure on papa and mama cotton tail who jumped on the snake and forced it to release their offspring.

## COTTON CARRYOVER LOWER THIS YEAR

WASHINGTON, Aug. 15 (AP)—The census bureau reported today that this year's cotton carry-over or cotton on hand at the end of the 1939-40 cotton year which ended July 31, totaled 10,895,730 bales. A year ago there was a record carry-over of 13,082,513 bales. There were 11,883,489 bales two years ago, and 4,498,848 bales three years ago.

The aggregate supply of cotton for the year was 24,569,028 bales, compared with 23,267,903 bales for the 1938-39 cotton year, 22,823,886 bales for 1937-38, and 17,901,366 bales for 1936-37.

Imports of foreign cotton aggregated 160,282 bales, compared with 149,780; 156,015 and 253,034.

ed 6,176,240 bales, compared with 5,826,840; 5,988,415 and 5,440,044. Consumption required 7,745,874 bales, compared with 8,958,438; 8,747,978, and 7,860,078.

## LABOR OFFICIAL IS TRANSFERRED

He announced that Morey would take charge "as soon as he can get there, which probably will be Monday."

**BRITAIN REPLACES APPEAL FOR U. S. DESTROYERS**

WASHINGTON, Aug. 15 (AP)—Secretary Morgenthau said today the British were repeating "every week" urgent appeals for permission to buy old United States destroyers.

At a press conference, the treasury chief declared the question of destroyers first came up "several months ago" and had been pressed ever since.

He was asked whether the British had discussed such methods of paying for the destroyers as trading British islands in the western hemisphere, but replied that "I'm not going into that."

Attend the Revival Meeting Now in Progress At East 4th St. Baptist Church

## Mexico Faces New Crisis In Politics

MEXICO CITY, Aug. 15 (AP)—Gunfire and publication today of government charges of "rebellion" against leaders of the political party of General Juan Almazan, independent presidential claimant, heightened tension in Mexico's bitter political situation.

One woman was killed and seven wounded in a shooting last night.

Congressional candidates of the faction headed by Almazan and by General Manuel Avila Camacho, the administration favorite, prepared preliminary sessions late today to organize for opening of congress Sept. 1.

The pro-administration present congress in another move aimed at breaking down Almazan's claim to the presidency—a claim disputed by Camacho—called on Attorney General Jenaro Vasquez to prosecute Almazan for "subversive activity" for a speech he made in Havana, Cuba, this week.

Broadcasting by radio in Mexico, he told his followers again he would take office as president Dec. 1.

Vasquez announced he had delivered to the federal district court evidence gathered in an investigation the congress asked on charges of "rebellion" by Almazan's followers.

Vasquez said his office had found it desirable to put into movement immediately criminal action against the group.

## CAROLINA STREAMS ARE RECEIVING

ASHEVILLE, N. C., Aug. 15 (AP)—Mountain and hill-country streams which gushed out of their banks in five states as results of torrential downpours receded and left 16 dead. Property damage was counted in the millions.

"Up-country" of the Carolinas, Virginia, Tennessee and Georgia was well advanced in repair of highways, railroads, and telephone and telegraph lines but areas along the rail line were menaced by rising waters that threatened to spread over the lower sections.

### Federal Jobs Number Over A Million

WASHINGTON, Aug. 15 (AP)—The civil service commission reported today that the expanding defense program had pushed federal employment above the million mark for the first time. The number of workers in the executive branch of the government in June was 1,011,066, a jump of 33,076 or 3.4 per cent from May. This compared with the World War peak of 917,760 on Nov. 11, 1918, and the previous peacetime record of 987,857 reached last Dec. 31. Commenting that the defense program "has resulted in especially significant employment during the past year," the commission said that between June, 1939, and June, 1940, the war and navy departments, the Panama Canal Authority and the Civil Aeronautics Authority had added 70,514 employees, which was 82 per cent of the total gain of 85,281 for the period. Despite the increase in jobholders, the federal payroll declined in June to \$149,076,667, \$128,628 below May.

### BERLIN INDICATES NO 'CHUTISTS HAVE LANDED IN BRITAIN

BERLIN, Aug. 15 (AP)—Reports that German parachute troops have landed in England were met with shrugs of the shoulders today in informed sources. These sources said the only plausible explanation for the presence of German parachutes in England was that German pilots had jumped after their planes became incapacitated.

### BIKE BLITZKRIEG SWEEPS SWEDEN

STOCKHOLM, (AP)—They who lodge well today may live to dodge another day is the apparent slogan of pedestrians in Stockholm this summer.

Reason is that the Swedes have gone back to bicycles. There's no longer gasoline for cars. Results are harried pedestrians, fast-aging traffic cops and taxi drivers, and hospitals doing a capacity business. There's a special column in most newspapers for casualties of cycle collisions.

for those who object to cooking when the sun outside is registering about 100 degrees.

**Ingredients:**  
1-2 pounds of marshmallows  
1 can pineapple (medium size)  
1 cup of chopped pecans  
1 1/2 cup of chopped cherries  
2 pint of heavy cream.  
Soak the 1-2 pound of marshmallows for 2 hours in the juice of the pineapple. Add the pineapple and cup of chopped pecans. Then add 1-2 cup of chopped cherries and whip the heavy cream. Mix together and chill and serve cold. This will serve about eight people.

Another summer speciality to help lagging appetites is Rasin Bread suggested by Mrs. House.

**Ingredients:**

## No Reprimand For Cudahy

WASHINGTON, Aug. 15 (AP)—John Cudahy, ambassador to Belgium, has been told by President Roosevelt that there was no intention to reprimand him for his recent statements in London on conditions in German-occupied Belgium.

After a talk with the president yesterday, Cudahy said he had been authorized to say he received "no rebuke and none was intended."

He added that there was "no question of my resigning" from the diplomatic service.

Sumner Welles, acting secretary of state, who said last week that Cudahy had violated "standing instructions" of the state department in permitting the London interview, announced, after the ambassador had reported to him, that the incident was closed and that no rebuke had been administered.

Welles said Cudahy told him that some press accounts of his London interview had mentioned him in many important particulars.

In the Associated Press report of his interview in London, which Cudahy described as a "fair statement," he was quoted as saying Belgium faced a condition "close to famine" by mid-September unless food supplies reached there from the United States.

### FURTHER EVIDENCE OF A 'BIG BERTHA'

LONDON, Aug. 15 (AP)—Evidence supporting reports that the southwestern British coast has been shelled by long-range artillery across the English channel was disclosed by authoritative British quarters today.

It was said that examination of splinters found on the coast indicated they were from a shell which arrived "with forward velocity from the sea."

It was added, however, "nothing very definite is known at present, the pieces picked up were very small and have been examined by experts who still are working on them."

## Movie People Deny They're Communists

LOS ANGELES, Aug. 15 (AP)—In terms of resentment and disgust, Hollywood movie personages deny they are members of the communist party or financial supporters thereof as charged in a transcript of county grand jury testimony. The testimony was that of John Lewis Leech of Portland, Ore., former Los Angeles house painter, communist organizer and relief client.

Of the many Hollywoodites Leech named, immediate denials came from the following who could be reached, or their spokesmen: Fredric March, Francis Lederer, Jean Muir, Humphrey Bogart, Lionel Stander, James Cagney and writer Sam Ornit.

Some of those accused deprecatingly mentioned District Attorney Byron Pitts' current campaign for re-election. Leech testified in an inquiry that resulted in murder indictments last week against five men accused of complicity in a waterfront killing five years ago in a reported union dispute.

So far, there has been no official explanation of any connection between the Hollywood "red" inquiry and the killing. Leech recently testified at Texas Hearings of the Dies congressional committee, largely regarding "red" activities in Hollywood. His versions were similar to those presented to the grand jury here.

The Dies committee is scheduled to conduct secret hearings here next Friday and Saturday. For March last night said that as he was concerned "Leech is an unmitigated liar" and that he would like to meet Leech "face to face and call him a liar."

"I have never knowingly contributed a single penny to the communist or any other unamerican cause," March said.

### SWISS TO ATTACK VIOLATING PLANES

### ARMY MAN DIES

LONDON, Aug. 15 (AP)—Major Gen. Sir Ivor Phillips, 78, who commanded the 38th Welsh division in France in 1915 and 1916, died today.

## Here's How To Dig Bombproof Shelter

SOBANEV, U. S. P.—A bomb shelter which literally can be built overnight has the war department showing interest.

After the location is chosen, earth is dug away until the excavation takes the shape of an arch. Concrete, reinforced with iron rods, is poured into the "mold." When the concrete sets the dirt underneath it is dug away and tamped on top the concrete and there's the bombproof. Stephan Stephanian, and a gravel company executive, showed the plan of the department.

# Screwball Boys, Hubbell And Smith, Chalk Up Victories For Themselves

**By BILL WHITE**  
Associated Press Sports Writer  
The old guys with the funny devices did all right.

old days when they used to win regularly what they win only occasionally now.

The Hubbell victory in the first of a twin bill was a mellerdrammer. While old Carl was elbowing his way to a five-hit, twelve-inning victory over the Bees, old Mel Ott, benched for failure to show recently, stole some of the show.

The New York Yankees crept back into the first division by lambasting the Boston Red Sox for the third straight time, 5-3 as Red Ruffing held the opposition to six hits, three of them homers by Lou Finney, Jimmy Foxx and Ted Williams.

## The Big Spring Daily Herald

PAGE SIX THURSDAY, AUGUST 15, 1940

### The Sports Parade

By Hank Hart

(Coach Pat Murphy carries the ball today for Hank Hart, who is on vacation.)

It is said that opportunity knocks only once, and I really believe that is true now, since the coach is asked to sub for the sports writer. A coach has often wished he could trade places with the sports writer, especially after the paper comes out and the guess is that your team will take the game by about three touchdowns, with the coach scared to death all the while that he will lose by the same margin.

Of course the two jobs are different, but in a way are the same. One writes so the public can read it and the other puts on the show so that the public can see it. Here is the difference: One controls a typewriter without any opposition and if a mistake is made he has time to correct it or just jerk the paper out and start over again (as I have done many times today). The other one has eleven boys to control on the field and possibly 20 more on the bench. Then there is the opponent who is always giving trouble. The opponent is getting in your way every time you start a play, and some times they get you out of their way when they have the ball. Of course that is six points for the foe. Then the wolves start howling "Stop them!" Well, it's pretty hard then but after the game that night you can stop them with a typewriter without much trouble.

The sports writers (as a whole) usually tell the coaches and fans why the team isn't "going to town" and this and that. The thing is the writers can print this through the newspapers when the coach has no newspaper. From a coach's standpoint I would like to give a few simple rules that a sports writer could follow that would sure simplify things:

1. Know that what they are putting in the paper is correct, and not just based on just "talk."
2. Remember that at all times each football team has ELEVEN boys on the field, and not two or three.
3. Remember that the success of an offense is due MAINLY to the line, as these boys have to move the opponent out of the way so the backs can get started. The ball isn't very heavy—most any boy can carry it.
4. Remember that all running plays have to be stopped or checked at the line or the play will result in a nice gain for the opponent.
5. Don't forget the "SCRIBES" sitting on the bench. They help make the FIRST TEAM what it is.
6. BE FAIR. A sports writer has through the newspaper a powerful weapon, so use it to good advantage. Build up morale, don't destroy it.

Many thanks for this opportunity. I have really gotten a big kick out of writing this and feel sure the "second guesser" will enjoy reading it.

P.S.: The team for the coming season should be 7-Y. You guess.

# Detroit Not Worried About Future Years; Club Is 'Built For 1940'

By DALE STAFFORD

DETROIT, Aug. 15 (AP)—The Detroit Tigers, almost in the grey-beard class as ball players' ages go, are looking to the future—but no farther than to late September and then perhaps the world series.

Club sentiments are for letting 1941 and '42 take care of themselves. Business Manager Jack Zeller, the bald, affable Texan who shouldered considerable criticism in the famous "Detroit decision" by Baseball Commissioner Kenesaw M. Landis, disclosed today that the Tigers were "built for 1940."

Admitting that the Detroit roster is loaded down with men past 30 whose playing days are numbered, Zeller said he didn't care as long as they kept on delivering.

"I guess tomorrow will have to take care of itself," he said. From Owner Walter O. Briggs down to the hot dog vendor in the bleachers, the whole Tiger family wants the pennant this season and to a man they expect to get it.

"We are so excited that we are scarcely thinking about the future," Zeller said. "Mr. Briggs told me he wanted a winner this year and our every effort has been made to achieve this ambition."

He was asked his opinion of the American league's "no trade" rule preventing the champion from making deals with other clubs.

"That rule is an unfair one and it should be rescinded whether we win or not," Zeller said. "It leaves the club entirely at the mercy of the players, who know they can't be traded. It is human nature that the players won't hustle all the time if they know they are secure in their jobs and can't be sent to another club."

What did Zeller think of Detroit's pennant chances?

"Well, you know, we answer positively. We've got hustle, determination and courage. They said Detroit would lose if any of its infield regulars were hurt. Well, all of them except Rudy York have been out of the game at some time this season and the Tigers are still up there fighting."

# Lamesa, Odessa Divide Twin Bill

Schulze Limits Lobos To Pair Of Singles

LAMESA, Aug. 15 (AP)—After routing Odessa in the first game, the Lamesa Lobos were stopped cold in the second bill of a double header here last night when Buck Schulze held the hometowners to two singles.

Lamesa pumped on Patmenger in the first encounter and continued the assault on Harbeson to take the Oiler 15-9, although outlit. The Lobos piled up a commanding lead with a three-run outburst in the first, added four in the second and sewed it up in the third with six tallies. Odessa's fifteen uprisings in the seventh was far too short.

However, Schulze came back with his two-hit performance, only Stevens and Blair being able to touch him for bingles, one of them very scratchy. Patmenger, on the hill for Lamesa, hurled superb ball, allowing but four hits, but he could not cope with the red-hot Schulze.

In the first Miller homered in the third, with the bases loaded. Stevens and Carr for Lamesa and Garbe for Odessa also hit homers.

**THEY FOUND THE MAN WHO WASN'T THERE**

DANVILLE, Va. (AP)—W. Sidney Matthews, Jr., dove into a swimming pool and swam under water for some distance. When he came up he joined in a search for a missing swimmer. Then someone recognized Matthews as the man who had gone down and failed to come up.

ADD 2 TO DODGERS—To help put the Dodgers back in the pennant race, these two were added to the pitching staff. Left to right: Ed Head, purchased outright from Dodgers' Elmira farm; Lee Grissom, recalled from Montreal.

# Oklahoma City Semi-Pro Play Spills Buffs By 4-0 Count

By The Associated Press

The great rajah no longer is "Cousin Roger" at Houston. Hornsby's Oklahoma City Indians had won only four out of 20 duels with Houston until last night when they snapped the Buffs' 10-game Texas league win streak 4-0.

# Semi-Pro Play Opens Friday In Wichita

WICHITA, Kan., Aug. 15 (AP)—Sandlot baseball's big show—the national semi-pro tournament—opens its sixth stand in Wichita tomorrow night with 32 teams fighting for the title, \$5,000 first prize and a junket to Puerto Rico.

It was the fourth time this season the Buffs have gone scoreless. Behind steady four hit pitching of Otha Nichols, the Indians earned every run.

The survivors of tournament play in 45 states will battle more than two weeks.

The tournament is a double elimination you've got to lose twice before you are out.

Thanks to Raymond Harry Dunmott, scripco president, the fans will see, in addition to baseball, these added attractions: Umpires in checked coats, an automatic plate duster, and a disappearing microphone. The "mike" is buried behind home plate and will pop up to relay to the most distant bleacher-rite just what an angry player says to an umpire.

The Duncan, Okla., Cementers are defending champions. Two other former champions, Enid, Okla., in 1937, and Buford, Ga., in 1938, are in the field.

The winner will sail in September for San Juan and the second semi-pro world series.

Wichita, Kansas champion, and Golden, winner of the Colorado title, tangle in tomorrow night's first game. Houston, Texas, and Wilmington, Del., are in the evening finale.

Bob Munierief of San Antonio still leads the league with 22 victories.

Dallas dropped a half game farther from the first division by dividing a doubleheader with Shreveport. The Sports won the opener 5-6 and the Rebels the nightcap 5-2.

Beaumont at Tulsa was stymied by wet grounds.

Thursday's games: Shreveport at Dallas, night; Beaumont at Tulsa, 2 night; Houston at Oklahoma City, night; San Antonio at Fort Worth, night.

The entries also include the Mount Pleasant, Texas, Cubs, runner-up a year ago.

# K-I-S ANTIDOTE FOR RED TAPE

DAYTON, O. (AP)—Uncle Sam's army air corp has a K-I-Sing these days.

# WHEELS OF CHANCE TRIP SWISS YOUTH

BASEL, Switzerland, (AP)—Three young Basellers have been jailed because they had their own ideas on how to give quick service to the customer.

No, that's not a misspelling of something extra-curricular.

It's just an abbreviation adopted as purchase engineers seek to sheer through defense red tape.

It means "Keep It Simple," and applies to reports as well as laboratory technique at Wright Field.

They would look through classified advertisements of the local papers every morning and whenever they found a "bicycle wanted," they stole one and sold it to the advertiser.

# EAGAN DRIVES SPENCER SCOTT TO VICTORY IN HAMBLETONIAN

GOSHEN, N. Y., Aug. 15 (AP)—At prediction made yesterday ago by a former Les Moines bell hop came true yesterday.

As Peter Astra won the 1939 Hambletonian, Fred Egan, now nearing the 60-year mark, stood at the head of the stretch and told all who cared to listen that he would be out there next year receiving honors for winning the world's premier trotting classic.

Then, too, the horse with which he expected to win, Spencer Scott, had shown nothing up to that time, but yesterday Egan proved his statement when he drove Spencer to straight heat victory for C. W. Phellis of Greenwich, Conn., before some 30,000 fans at Good Time park.

Spencer Scott was the people's choice and he justified that honor by stepping the first mile in 2:02, only a half-second off Shirley Ham over a Hambletonian record, and the second in 2:03 to win the purse of \$23,077.

INSULIN 'TROOPERS'—Typical of the 80 diabetic youngsters who had their own summer camp near Cleveland are these two, preparing to eat a meal especially cooked with diabetic requirements in mind. The children at this camp follow the usual activities with the addition of a daily "insulin parade" when each receives the vital insulin injection.

# Captains Named For Hall-Bennett Trophy Matches

Team captains for the annual Hall & Bennett trophy matches were appointed, and arrangements started for the annual Big Spring country club invitational golf tourney, at a meeting of club directors Wednesday evening.

The Hall & Bennett matches—in which a Big Spring team competes with a "foreign" group of shot artists—precedes the tourney. It is scheduled for August 30, while qualifying in the invitational is slated for August 31, with match play on September 1 and 2.

Obie Bristow will head the home team of eight players. H. S. Forgeron of Midland will captain the visiting delegation. Each team is composed of eight players and an alternate. Captains are to select their players.

Committeemen were named for tourney arrangements, to include:

Pairings—Lib Coffee and Shirley Robbins. Calcutta pool—C. L. Rowe and H. W. Smith. Barbecue—Bill Tate and Grover Dunham. Prizes—A. Swartz and Obie Bristow.

### SPORTS ROUNDUP

Folks think Bucky Walters did his first chugging with the Phils.

Fact is, he lost six and won five for High Point in the Piedmont league back in 1929. (Imagine the guy losing more than he won.) Anyway, it'll be strange to see the former Philly battery of Walters and Jimmy Wilson out there toiling for a pennant contender.

Mike Jacobs took a \$15,000 loss on the ConnDuster postponement, but laughed right out loud about it.

Today's Guest Star—Victor O. Jones, Boston Evening Globe. Joe Cronin, Jimmy Foxx and Jim Tabor will lecture and demonstrate for the kids at the New York fair. Now if Joe will take the Red Sox pitches: out with him, they might pick up something from the kids.

Ragtime News Review—Connie Mack has benched McCoy. The winter's ranking glammer boy. And we should give the Red Sox thanks.

For helping out the hapless Yankee Rain played heck with Conn and Pastor. And we can't say who runs the faster.

# Relics Studied By U. of T. Scientists

AUSTIN, Aug. 15 (AP)—University of Texas scientists today studied a pile of Indian artifacts which they believed might be an important link in the obscure timetable of man's habitation of this state.

Relics—arrowheads, grinding stones and projectile points—were taken from levels 30 feet below the earth's surface along the Colorado river in Travis county. The "dig" closed last week because of ground water.

Perfect geological stratification of the river terraces from which the artifacts were taken accounts for the unusual significance of the collection. J. Charles Killey, field supervisor, said.

**PROVING ONCE MORE IT'S A SMALL WORLD**

HOUSTON, (AP)—L. E. Parchman, telephone company district plant chief, was a top sergeant of the 412th Battalion during the World war, stringing telephone wire up to the front line.

In the fall of 1918 the battalion ran short of wire and while waiting for a shipment, Parchman left the front for a vacation. Before he returned the Armistice was signed.

When the army started its maneuvers early this summer, Parchman was called for the job of wire-stringing. Opening up a shipment at Jasper he found an invoice dated Oct. 30, 1918, covering wire consigned to the A. E. F.—the wire he needed 22 years ago in France.

Years ago when a wagon or buggy was the mode of transportation, this indirection worked no great hardship, for a horse could be pointed across a prairie and a creek, and if needs be, one could beat his own path with little loss of time.

### 4-H Exhibit Presented By Martin Girls

STANTON, Aug. 15 (Sp)—The annual Martin county 4-H club girls' club exhibit was held at the Methodist church here with a group of about fifty women and girls present during the day. The girls conducted their own program throughout the day, and presided in the judging of various articles, assisted by Mrs. Ector Thornton of Stanton. Geraldine Davis, of Tarzan, was high point winner of the day, with forty-five points won on articles exhibited. Second and third place winners in the final judging were Ruby Atchison of Stanton with forty points, and Veda Smith, of Goldsmith, with thirty-five points. In addition to ribbon awards, twenty-one prizes were given, all of which were donated by Stanton merchants. Mrs. Poe Woodard was the guest speaker of the afternoon, giving an interesting account of a summer spent in Old Mexico. Others who took part in the program were Mrs. Wayne Moffett, who gave the welcome address, Ruby Jo Henson, who gave a violin solo by Reatha Liles, clarinet solo by Frances Joy Barker, accompanied on the piano by Daisy Crow, an accordion solo by Mary Prudie Story, and other piano selections by Daisy Crow. Climaxing the day's events was a style show and selection of the best groomed girls. The girl named by the judges as first place winner was Betty Gibson, of the Stanton Junior Club. Clubs represented in the exhibit were Tarzan, Courtney, Goldsmith, Stanton, Senior Club and Stanton Junior Club. Registering during the day were Daisy Crow, Ruby Atchison, Mammie Dan Wiswell, Sara Haislip, Betty Ruth Gibson, June Reynolds, Patsy Hagler, Billie Thomson, Reatha Liles, clarinet solo by Frances Joy Barker, Mary Clydene White, Loree Massey, Frances Clements, sponsors, Mary Prudie Story, and Wayne

### GLIOMA IS FATAL

CHICAGO, Aug. 15 (AP)—Baby Helaine Colan, for whom a "jury" of physicians and clergymen decreed an operation at the risk of total blindness rather than a "mercy death," died yesterday. The child, two years and four months old, succumbed to glioma, a cancerous growth that caused complete blindness recently. Her case attracted nationwide attention.

### Rain Slices City's Water Revenues

Rains late in June and early in July caused the shafpest drop in water billings for a mid summer month in several seasons, the July financial statement of the city showed Thursday.

Water billed to consumers for the month amounted to \$11,452, a decline of \$206 from June and \$1,548 from July of last year.

General fund receipts from all sources reached \$23,780 for the month, of which \$2,016 was in current taxes and \$699 in delinquent taxes. Disbursements from the fund totaled \$28,102, including \$1,683 transferred to the interest and sinking fund, which left the general fund with \$19,851 at the end of July, a decrease of \$4,291 for the month.

Expenditures for operation and capital outlay totaled \$30,112, exceeding the budget estimate for the month by \$2,945. However, the \$86,423 expended during the first four months of the fiscal year was \$6,245 under the budget allotments for the period.

Funds exceeding allotments for the period were administrative \$11,321, health \$1,947, and park \$2,241. Those under were street \$5,045, sewer \$1,519 and airport \$3,522. During July the administrative unit was over \$1,296 and the health \$2,762. The street department, with \$3,264 paid out for paving, was still under by \$962 and the airport was under by \$1,157.

Swimming pool and park revenues ran to \$1,342 against \$513 expenses to leave a balance of \$2,083 and the cemetery fund received \$503, expended \$97 for a cash balance of \$1,968. Swimming netted \$744 and other pool revenues boosted it to \$798. Golf brought in \$219. Interest in the amount of \$812.50 was paid out in July to leave the interest and sinking fund with \$28,379. Expenditures for the fiscal year total \$33,841, including \$11,500 in bonds and \$2,000 in warrants.

### Senior Scout Tour Slated To Start On August 21

After postponement of a fortnight due to conflicting engagements, the senior scout tour planned by the Buffalo Trail council has been set for 10 days beginning Aug. 21.

However, there are only three places left open for scouts who can qualify by virtue of being 15 years old or first class in higher. Cost is \$15 for the entire junket.

Plans are to leave from Midland the morning of Aug. 21 for 10 days in the national forests of northern New Mexico and southern Colorado. One program item is a pack trip above the timberline in the country where trails followed the continental divide at 12,000 feet.

### Rumbling Mountain Loses Its Secret

LAKE LURE, N. C. (AP)—No longer is there any mystery about where the noises come from inside Rumbling Bald Mountain. Members of the National Speleological Society came here from Washington and explored the fissures that honeycomb the huge rock, 1,000 feet above Lake Lure. They discovered that boulders weighing thousands of tons break loose from the tops of subterranean crevices and thunder down to the bottom of the cave. The society is a group of amateur cave explorers and mappers.

**CRASH KILLS TWO**  
 RYE, N. Y., Aug. 15 (AP)—Lieut. Henry Clayton Thompson, 25, of Muskegon Heights, Mich., and Private E. E. Spencer were killed today as their U. S. army training plane crashed in Diablow park and burst into flames.

service of the national Red Cross, here Monday. Walton S. Morrison, local life saving chairman, said to day.

The local chapter already is conducting its annual swimming and life saving course at the municipal pool and this course will continue during the week.

Morrison expressed the hope that there would be new prospective instructors this year, and added that adjacent towns had been invited to send representatives to qualify as instructors. He advised those planning to take the instructor course to report at the pool Wednesday to Thursday for some preparatory work.

### TICK INFESTATION SWEEPING WESTWARD

OKLAHOMA CITY, Aug. 15 (AP)—The heaviest tick infestation in Oklahoma in 25 years is sweeping westward from the southeast, President Joe C. Scott of the state board of agriculture said today. "Thousands of cattle and thousands of dollars are being lost," Scott asserted. The ticks now cover all or part of 19 counties.

With no state funds available to carry on a dipping program, Scott said he was advising that stock owners form cooperative associations to purchase dip and recharge that owned by the state.
