## 5-WEEKS COURT TERM IS OPENED MONDAY MORNING

### Tom Slaying Case Is Set for Monday, July 16

District court opens its five-week session at 10 o'clock Monday morning, with one of the highest dockets in years. A special venire of 143 men has been summoned to appear at 10 a. m. the following Monday to be examined for jury duty in connection with the murder trial of John Ward, charged by indictment with having shot to death George Tom, well known Martin county cattleman and stockowner. Joseph A. Seymour of Midland was appointed by the court to defend Ward. He will be assisted by C. W. Tate of Midland and Mr. Taylor of Big Spring. District Attorney Bob Hamilton of Stanton will conduct the case for the state, assisted by George Dunaway of Midland. District Judge Charles L. Klapproth likely will read the docket Tuesday morning at 10 o'clock. A light civil docket is bolstered by about 12 divorce cases.

## Plane Is Slightly Damaged in Takeoff

Lt. C. K. Moore of Hensley field, Dallas, was forced to stay overnight when a landing wheel gave way as he was taxiing for a takeoff and caused the propeller of his C-27 monoplane transport to be bent. Slight damage was done otherwise. The lieutenant's plane was heavily loaded with mail and cargo, and the load was ascribed as the cause of the mishap. A plane from Ft. Bliss, El Paso, the lieutenant's destination, will arrive here early today and carry him and his cargo to the border city.

## Absentee Voting To Start Monday

Midland county residents who will be away from their homes July 23, democratic primary election day, have a 17-day interval in which to cast their votes in the office of Mrs. Susie G. Noble, county clerk. The period opens Monday and closes Wednesday, July 25, at midnight. Mrs. Noble yesterday had on file nearly 15 applications for absentee ballots, to be sent to voters who have already left the county several will vote today. The clerk emphasized the point that ballots cast at the office must be on file by midnight, July 25. Ballots sent out for absentee voting by mail will be accepted as late as election day.

## Suicide Buried with Those He Murdered

VERA, July 7. (U.P.)—Holts McGuire, and three members of his family he killed yesterday before suiciding were buried side by side today. Crazed after a long illness, McGuire shot his wife, his daughter, Princess Irene, 9, and his son, Billy Wade, 3, to death and then killed himself.

## MUST AWAIT GREEN LIGHTS

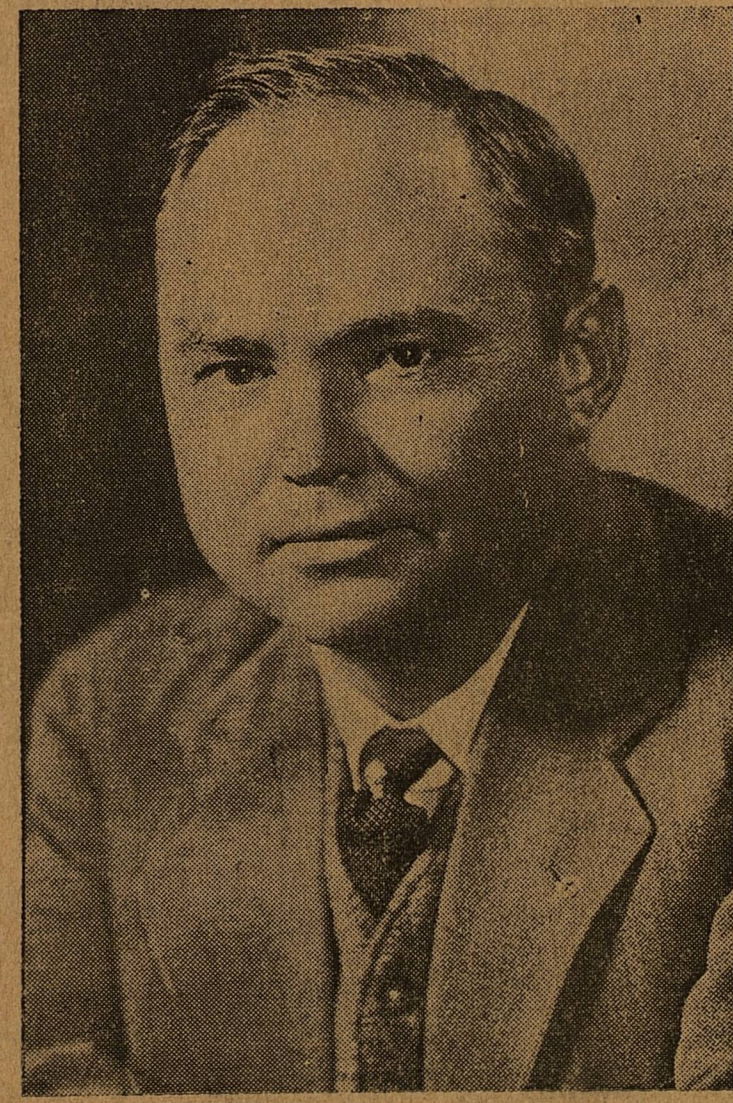

NEW ORLEANS, La. (U.P.)—Fire engines must stop at red lights the state court of Appeals ruled here in the case of Capt. William Sieger. Sieger sought \$17,311.15 from Brigadier Harry Bays of the Salvation army. His fire truck crashed into a post to avoid hitting Bays. The court contended that fire engines while hastening to relieve one dangerous condition should not create another.

## RED CROSS NAMED HEIR

NORFOLK, Ohio. (U.P.)—The will of the late G. S. Erlsten, a Baltimore and Ohio railroad baggage master, who died recently in Willoughby, Ohio, revealed him as the "perfect investor." Nearly all of his carefully saved estate of \$30,429 was invested in government bonds and postal savings certificates. He left \$26,000 of his estate to the American Red Cross.

## Tom Hunter Predicts He Will Lead Into Run-off

BY R. C. HANKINS

TOM HUNTER

In the dynamic manner that distinguishes him in the small army of gubernatorial aspirants, Tom Hunter brought to Midland Saturday night his plan for Texas recovery and touched on every plank of his platform. He reached Midland after swinging into the Abilene and Breckenridge section following a special made in Wichita Falls, home of the three first candidates for governor before one of the greatest concourses ever gathered in North Texas—variously estimated at from 30,000 to 40,000 people. He spoke on the courthouse lawn here after being introduced by Hugh Corrigan, chairman of the Midland Hunter for Governor club.

Just prior to beginning his address, the "Friend of the Masses" authorized for the first time publication of his estimate of the position of candidates in the first primary. He said James V. Alfred, generally considered at the beginning of the campaign as certain to go into the runoff, "will not beat the runoff if he loses as much voting strength in the next three weeks as he has in the last three." Hunter expects to poll the greatest number of votes in the first primary, with McDonald and Alfred battling for second place.

Hunter bases his estimate on the fact he has gained considerable strength since two years ago, when he received 220,000 votes in an amazing race, and that the second candidate in a big field cannot get that number of votes in a total voting strength estimated at 950,000.

Vote splitting through agency of a "political ghost certain interests would have one believe they are trying to make walk" was flayed by the candidate, who rhetorically asked point blank if the tax payers of Midland county feel secure in electing for governor "one who represents the Standard of New Jersey and the Lone Star Gas company."

The candidate, with the political abandon that has marked his speeches in all parts of the state, said the numbers of the voters have been drawn to the stability of his platform and are adding perceptibly to his strength daily.

In spite of hoarseness resulting from his strenuous campaign, Hunter went fully into every political concept set forth in his platform. "In the writing of a recovery program for Texas I have had foremost two thoughts: first, that we restore to this citizenship an easy available credit, and second, that we retain for this people as a buying power the profits and proceeds of our national wealth," Hunter said.

"The lenders of money will not place it readily on collateral that is not self-sustaining. Good collateral is property interest that will show a profit on the books of the lender if it is found necessary to foreclose. Real estate is our basic collateral. Wrongs of Tax System

"It doesn't take an expert to know that there is something wrong with our tax system when real estate is sold at a loss. (See TOM HUNTER, Page Six)

## Sailors Collect Part of France's Debt to the U. S.

NICE, France, July 7. (U.P.)—Twenty American seamen were injured, two seriously, in a café brawl on the Nice waterfront when the sailors refused to pay a big bill, saying "Charge it to the war debt." Battleship Arizona men were chiefly involved, with a few from the Wyoming. Officers lectured the men, who were permitted shore leave again today.

## Relief Warning Is Issued Here

Upon instructions embraced in a resolution passed by the Texas Relief commission June 27, notice is given to the effect that persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuse to accept without good cause, shall not be furnished relief.

The following instructions are issued to all citizens of Midland county: Any person or persons offering employment to others, whether on relief rolls or not, will inform the local county relief board chairman in writing immediately when employment offered by such citizen is refused. Such advice to the county board chairman will include, when possible, the work-seeker's full name, address, employment offered and wages offered. When any person has been offered employment, and has refused it, under the conditions above, the county relief board of Midland county is prohibited from giving either direct or work relief to such person.

This pronouncement is published under direction from the Texas Relief commission, whose membership requests the universal cooperation of the people of Texas in support of the displacement of persons on relief who refuse to accept work.

## Production Recheck To Start Next Week

AUSTIN, July 7. (U.P.)—A recheck of the East Texas potential production will be in full swing next week under a railroad commission order. This will be the first general potential test since June of last year. Each of 91 checkboard key wells will be subjected to a two hour test, results of which will be used as a basis for the next allowable order.

## RECEIVES CHARTER

AUSTIN, July 7. (U.P.)—The Rose Gathering system of Longview was chartered with a capital stock of \$5000. Incorporators are A. E. Clapp, M. D. Johnson and Chester Kelley.

## NEGROES MAY VOTE

SAN ANTONIO, July 7. (U.P.)—Bexar county's democratic committee ruled that 5000 negroes may vote in the July primary.

## Scattered Rains in West Texas Help Crops, Ranges

Scattered West Texas points got rain, reviving crops. Showers extended over sections of the South plains and Lubbock eastward. Rains extended as far east as Fort Worth, where a 43-day drought was broken. Sanderson residents removed the wreckage of a tornado which destroyed barns, unroofed a house, uprooted trees, injured a Mexican and brought a heavy downpour. The northwest was chilled as a cold wave hit the Dakotas, Montana and Minnesota. Topsoils were comfortable in Des Moines, St. Paul, Minneapolis, Milwaukee and Chicago.

## THIRTY-TWO AT WORK ON ROAD

Thirty-two men were at work last week on the highway construction job west of the city, and prospects for more within a few days appeared good. Work considered in the main of stripping the caliche pit on section 1 of the project. Machinery for crushing rock and for facilitating the work in other ways is expected within a few days. The final distance to be reconditioned is slightly more than 12 miles. A rock base of 34 feet is spread, a second of 24 feet placed over this and the whole covered by double bituminous treatment. J. Dabney is acting resident engineer. Highway construction was recently restarted in Midland county as a result of Midland county's being removed from the secondary to the emergency classification of counties in the drought area.

## Inspect 862 Cattle Here; 211 Are Killed

From 20 applications for sale of cattle to the government under terms of the recently announced relief program, it was found that 7402 cattle were left on the pastures of the 20 owners, a report mailed Saturday from the office of County Farm Agent S. A. Dorman showed. A total of 862 cattle had been inspected, 211 of which were condemned and killed outright. No milk cows were in the number inspected. Daily reports are being made from the farm agent's office to the Amarillo district office.

## Former Midland Man Visits Here

En route to Terra Haute, where his mother, Mrs. W. B. Moss, is ill, George C. Parker, Colton, Calif., in strange return, former foreman of the composing room of The Midland Daily Telegram, and his family visited Midland Friday and Saturday, leaving Saturday afternoon for Abilene, where he will stay today in the home of his brother, Bill Parker, newspaper and news-supply salesman for this district. Parker will proceed to Terra Haute to visit his mother. He plans returning to California by way of Chicago and the World's fair.

## FILM COMPETITION

BY ALANSON EDWARDS  
United Press Staff Correspondent  
HOLLYWOOD (U.P.)—China is entering the world film market soon in competition with Europe, according to Director George Hill, who has returned from film-making scenes in the Orient for "The Good Earth."

The Chinese have their own studios, their own movie stars, and are making their own popular American stars are here. Sound equipment and photography are of the best. Hill said. One of the rising stars is Butterfly Wu, he said. "At the time I saw her latest picture, 'Two Sisters,' was playing to record crowds in Shanghai."

"I have seen films which are seen shortly in theatres that specialize in foreign productions. Of course many of them are long, the Chinese like long theatrical performances, and an 18 reel feature isn't uncommon. The Chinese studios are turning out about a hundred features a year."

Hill met Moon Kwan, the great Chinese director who makes periodical visits to Hollywood to study American methods and is credited with much of the progress of Chinese films. The director brought back more than 250 cans of exposed film, a practically complete photographic record of China. He also returned with 200 cases of "props," including farm utensils, parts of houses, Chinese waterwheels, costumes, furniture and other background material.

Hill found the Chinese among "the most hospitable people in the world." "The country is unlike any American conception of it," he said, "being progressive and modern with a strong nationalistic spirit. Peking is the most beautiful city I ever saw. I'm going back here for a vacation when we finish the picture."

## 3 MAJOR CITIES WILL FEEL HAND OF LABOR SOON

### Many Smaller Industrial Wards Are Joining

BY UNITED PRESS  
General strikes threatened in three major cities in today which smaller industrial wards caused disturbances in many communities.

45,000 FRISCO WORKERS MAY BECOME IDLE  
SAN FRANCISCO, July 7. (U.P.)—Striking marine workers were dislodged from the waterfront by 2,000 troops as they sought to precipitate a general strike. Union heads today considered a strike call that would make 45,000 idle.

GENERAL STRIKE IS PLANNED AT PORTLAND  
PORTLAND, July 7. (U.P.)—Union labor will consider a general strike Monday after representatives of 22 unions approved a general strike for the entire coast. Some 30,000 local workers would be affected.

TRUCK DRIVERS MEET WITH LABOR BOARD  
MINNEAPOLIS, July 7. (U.P.)—Representatives of truck drivers and transportation employers met with the regional labor board to avert a general strike. The union heads held up the decision pending a last minute effort to settle the drivers' grievances.

OKLAHOMA WORKMEN PLAN A WALKOUT  
OKLAHOMA CITY, July 7. (U.P.)—A strike of 1400 union workers threatened as representatives in charge of the Indian Territory Oil Illuminating company's New York board stopped wage increase negotiations. The walkout probably will be next week unless negotiations are resumed and an agreement reached. International Vice President G. H. Church said.

## MIDLAND HORSES WIN AT 2 MEETS

Dr. William Bloss, trainer of race stock, returned last week from the races at Haskell and Ozona, winner of five races and being in the money on two more.

He carried one two horses, Foreign Relations and George Kulta, Foreign Relations, 12-year-old bay gelding that never fails to command attention from the courts at Haskell and in the Fourth of July handicap at Ozona over the 5-1-2 furlongs. He was on top of the field all the way in both races and showed remarkable condition in spite of having grown fat over a period of non-participation on the track. Ten thousand saw him at Ozona, where he carried top weight of 118 pounds.

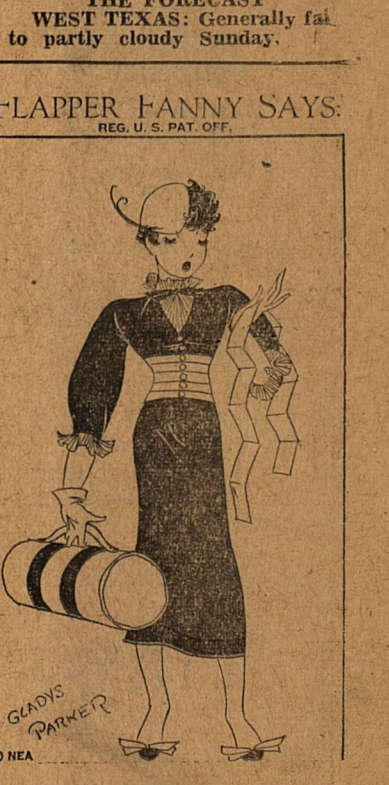

George Kulta, big "three-cornered" horse won over Sweetheart at Haskell, a mare more than won three races at the Amarillo Tri-State racing meet recently. George Kulta evidently watched the well-mannered Foreign Relations and absorbed some of the bay's behavior at the post. The big horse was second in the 5-1-2 furlongs at Ozona, losing by a neck a hard-driving finish with Mahatma, another Bloss-trained horse.

Miss Gingham and King F. Jewell entries, ran second and third, respectively, in a race at Ozona. Jewell took the mare to Georgetown for the remainder of the 11-day racing meet, sending the gelding home in a trailer.

Dr. Bloss will enter horses at Abilene in August, and in events at Marfa and at Alpine.

#### THE LAW IN SPAIN

If you get to feeling lazy, during these warm days of summer, and wish that the pace of every-day life were not quite so swift, you might get a little vicarious relaxation out of thinking about the way they do things in Spain.

In Spain the siesta, or afternoon nap, is an old institution; and just the other day the authorities in Madrid passed an ordinance, effective until the end of summer, prohibiting all music in cafes, restaurants, or other public places between 2 and 4:30 p. m., on the ground that such noise interfered with the siestas of honest Spanish citizens.

This care on the part of the government to see that a man can get his afternoon nap undisturbed is apt to look pretty good to an American . . . at any rate, on those afternoons when he drags himself back to work from his lunch hour, wondering how on earth he's going to be able to stay awake.

There's a little yarn associated with Bruce Frazier's oil activity in the Estancia valley uplift. It's fairly well known, I assume, that he is digging up tools for a test to production or granite on section 12, township 2-north, range 13-E, Torrance county, N. M., under government permit. The thing that isn't so well known is that it takes a very tough hombre indeed to dig in them parts for oil. ### tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

**CHEVROLET** Year after year, it's been the same old story: Chevrolet FIRST . . . with the **NEWEST and BEST!** Chevrolet leading—others following. Chevrolet out in front with the latest proved advancements—others in the low-price field trying vainly to catch up with the leader in engineering progress. The self-starter! The sliding gear transmission! Modern streamlined design! It was Chevrolet aggressiveness and Chevrolet progressiveness that forced all low-priced cars eventually to adopt these and other major improvements. And now, this year, comes the climax of Chevrolet's engineering leadership: the Knee-

Action ride! This newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it—for comfort, stability, safety and sheer downright enjoyment. It makes Chevrolet far and away the best riding car in the low-price field. What's more, Chevrolet's experience with it has been tremendously successful. Have you noticed how America has taken to the Knee-Action ride? In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile manufacturer during 1934.

## Demonstration Club News

Mrs. I. H. Heidelberg was enrolled as a wardrobe demonstrator of Class I and Mrs. E. D. Ward as Class II, when the home demonstration club at McChime met last week at the home of Mrs. M. H. Fisher.

Mrs. Ward was elected wardrobe delegate to the farmer's short course to be held at Texas A and M. college July 30 to Aug. 3. In the club work Nellie Brown was entered as a bedroom demonstrator and Hazel Pearcey as wardrobe demonstrator.

Demonstrations in sorting of canned products—beans, corn and roast followed. The score of 83 to 90 on each of the products was especially good for those not standardized for market, said Miss Myrtle Miller, Midland-Martin home demonstration agent. Products are adjudged according to the can, label, pack, flavor, color and texture of the product.

The demonstration agent explained that improvement can be achieved in canning through better selection of products—by selection of more tender vegetables. A great part of canning is done when products are too mature, she explained.

Every woman who attends the short course at College Station this year will spend a part of every day in the laboratory. Miss Miller has learned. The utility is apparent. One learns theoretically from lectures and books; he sees an experiment actually carried through in the lab. It is a new departure at the course.

Some of the subjects to be treated in lab hours are glove making—both fabric and leather—rose propagation, rug and mat making, cheese making, killing of poultry. Lectures will be given in connection.

Others going to the short course are: Mrs. Floyd Countiss Jr., Corton Flat; Mrs. Leonard Hallman, Busy Bee; Mrs. S. E. Gee, Bute Bonnett. Valley View and the Willing Workers are to elect representatives. Mrs. S. D. Wimberly, Mrs. S. H. Gwyn and three club girls have won the right to go already.

Nineteen club girls made dresses at an average cost of 70 cents. The average cost for dresses made by Midland county women in the demonstration clubs was \$1.24 for

cooperators; \$1.15 paid for tailored dresses for wardrobe demonstrators of Class I; sheer dresses of Class II averaged a cost of \$2.63; Midland county wardrobe demonstrators averaged \$19.18 cents for clothing over the year ending July 1.

The average cost for girl's dresses in Martin county was 85 cents, the average cost for the year being \$21.62 for wardrobe demonstration Class I.

Wednesday at 8:30 p. m.—Song practice and preparation for revival that begins the first Sunday in August.

Thursday at 2:30—Young women of the church will meet at 601 N. Marientfield.

### PRESBYTERIAN CHURCH

W. J. Coleman, Pastor  
Church school, Sunday morning at 9:45.  
Divine worship, Sunday morning at 11 o'clock. The pastor's sermon theme will be: "One Another." This message will deal with the Fraternity of the Christian church; revealing the New Testament conditions with respect to our mutual relations in the church; the basis of an ideal civilization and under Christ alone, the Eternal Reality blesses mankind.

Vesper service, Sunday evening at 6 o'clock. The message will be: "The loneliness of the Human Soul."  
Our first attempt at a Vesper service, (1) last Sunday evening, was a decided success. Everyone expressed their approval of the hour—and we had almost 100 per cent increase in attendance—Six o'clock is a very easy hour to come to worship. Won't you worship with us this week?

### CARRIAGES FOR MUSEUM

PARIS, (U.P.)—Thirty carriages of an ancient vintage have just arrived at the Chateau of Compeigne for the museum of vehicles. The French State railways and the Compeigne du Nord consented to transport the buggies to Compeigne free of charge, and among the donors are: the Count of Alsace, who gave a mail-coach; M. Kellner, a victoria with eight springs; the Comtesse de Sainte-Aldegonde, a phaeton.

### GOLDEN WEDDINGS

ALTOONA, Pa. (U.P.)—Two couples, married in a double ceremony here in 1884, celebrated their golden wedding anniversary together. Mr. and Mrs. L. R. Mathieu and Mr. and Mrs. Charles Heinzman were married at a double ceremony in St. Mark's Catholic Church on May 13, 1884. Mrs. Mathieu and Mr. Heinzman are sister and brother. They were born in Baden, Germany, and came to this country in childhood.

### BUCKNELL GRADS OPTIMISTIC

LEWISBURG, Pa. (U.P.)—Despite the depression, the class of '34 at Bucknell University here is supremely optimistic concerning their individual futures. In answering the annual senior poll, members of the class declared they would be married within four and a half years and will be making an average annual salary of \$2,690. The composite Bucknell graduate believes he is worth \$32 weekly.

### URN DISCOVERY IMPORTANT

CINCINNATI, Ohio. (U.P.)—The finding of urn burials by a University of Cincinnati excavation party in Asia Minor was described today as the "most important discovery of the archaeologists" by Dr. William R. Semple, one of the sponsors of the expedition. Dr. Semple was notified of the discovery in a cablegram, which said fourteen incinerator urns had been found.

## Paralysis Grips San Francisco Harbor in Dock Strike

More than 175 vessels are tied up, in idleness, in San Francisco's magnificent harbor, usually one of the world's busiest ports, while the longshoremen's strike paralyzes shipping. Stagnation that rules in the harbor is strikingly shown here, with derricks standing unused, turbines stilled, and ships lying at anchor as they have for nearly two months. Docks and piers are piled high with freight awaiting shipment, as federal mediators seek peace.

## Stratosphere Apparatus Tested

Exact tests are being made of every part of the equipment which will be used by Maj. William E. Kepner and Capt. A. W. Stevens in their stratosphere flight. Here the flyers are shown in the gondola, testing apparatus which will be used when they take off from the bowl in the Black Hills, near Rapid City, S. D.

## Color Splashes Long Career of Marie Dressler

Many and varied have been the roles of Marie Dressler, 62, famed stage-film star, critically ill in Santa Barbara, Calif. Above left she is shown in a recent photo; upper center, as she received the motion picture academy's award of merit for the best acting of 1931; upper right, appearing in "Tillie's Nightmare" in 1908. Below, Miss Dressler is shown, left, in a 1918 role and right in "Min and Bill" which won her the 1931 film honors.

## Nazi Salute? Never! This Is the Parisian Wigwag

At first glance, the observer would say, "Ah, another army of youth saluting Hitler." But far from it. This marching throng of lads is giving the famed Franco-Roman salute, not the Nazi or Fascist gesture. Five thousand of them marched in a pageant sponsored by the Union of Physical Education Societies in the Tuileries in Paris, while President Lebrun watched from the platform of honor.

DIVISION OF INVESTIGATION,  
UNITED STATES DEPARTMENT OF JUSTICE,  
WASHINGTON, D. C.

June 25, 1934

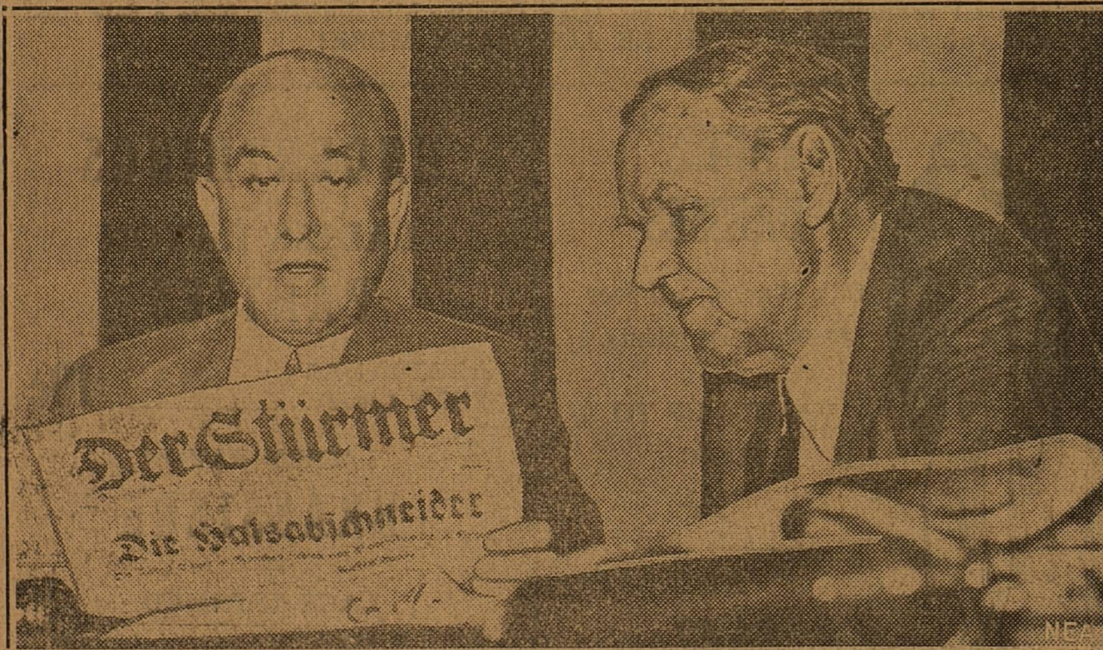

A price of \$10,000 was placed by the Department of Justice on the head of John Dillinger, No. 1 outlaw, as federal officials launched a new campaign against desperadoes, supported by laws passed recently by Congress. More than 70,000 of these posters have been distributed. Only small rewards previously had been offered for capture of the outlaw.

## It's Full House Since Stork Dealt Out Quadruplets

Mr. and Mrs. Lawrence Wykoff, of Sac City, Ia., proudly exhibit their brood, suddenly increased from five to nine recently. In this first family group picture taken since the quadruplets arrived from left to right, in the makeshift incubator, are the new arrivals, Lester, Laverne, Lavonne and Lorraine. Beside the crib are Mr. and Mrs. Wykoff. On the floor, left to right, are Lawrence, Jr., 7; Charles, 6; Bobbie, 4; Lois, 3, and Norma, 18 months.

## Hitler? I Hope a Murderer's Bullet Gets Him!

"If there are any more murders I hope it will end in the killing of Hitler. He is a very dangerous man." Such was the outspoken opinion of Clarence Darrow who, as chairman of the American Inquiry Commission on Social Changes in Germany, presided at an unofficial "trial" at which witnesses arraigned Germany's Nazi regime. Darrow is shown at right with George A. Medalle, commission member, studying a newspaper which was exhibited as a German anti-Jewish publication.

## Son Dead by Mishap; Doctor Vows Aid to Others

"Thank God they were my own sons," said Dr. Bryan L. Baldwin, Healdsburg, Calif., fighting to save the life of his boy, Bobby, 7, dangerously ill from contaminated anti-infantile paralysis serum which the father administered and which caused the death of Jackie, 2, Bobby's brother. Both boys, in good health, were inoculated to safeguard them in the California epidemic. Dr. Baldwin, shown left in a recent picture with Jackie, vows he will devote his life to saving other children. Mrs. Baldwin is shown at right with Bobby.

### PENNY PRIZE

Although its monetary value is only \$5, the trophy displayed above by Vicki Waterman is the most highly prized cup in trapshooting for members of The Indians, wealthy organization of sportsmen on the Pacific coast. It is made up of 500 pennies and will go to the winner of the annual Indian trapshoot at Del Monte, Calif.

Further complication has been added to the San Antonio, Tex., marital tangle in which Mrs. Wineta Long Welburn, upper left, is suing the Rev. W. D. Welburn, Jr., lower left, for divorce, though he denies marriage to her or paternity of her child, upper right, Miss Dorothy Watts, Austin, Tex., society girl, right below, has announced her engagement to Welburn, declaring she never heard of his marriage.

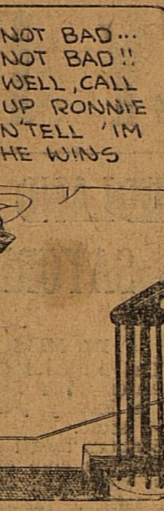

AIR HOSTESSES STICK TO JOB

CHEYENNE, (UP)—There are only 100 stewardesses, or air hostesses, in the United States, and these jobs are hard to get, because "once a stewardess, always a stewardess" seems to be the motto, officials of United Air lines reported. Marriage seems to be the only thing which will lure these girls from their aerial duties.

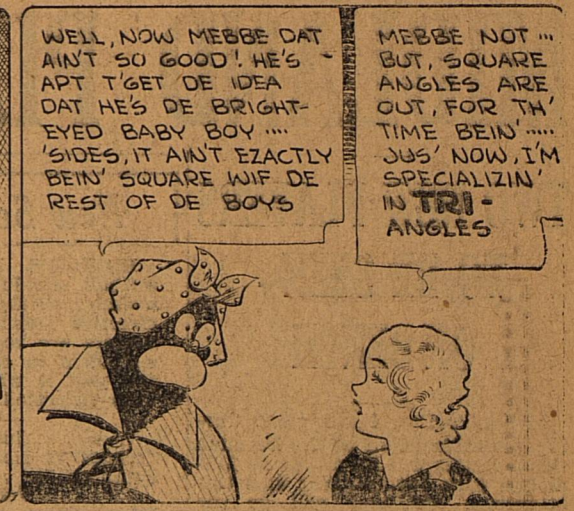

RATS SWEEP SASKATCHEWAN

REGINA, Sask. (UP)—Huge rat hordes are sweeping west across the province at the rate of 15 miles a year, it is reported here. According to a survey, the line of rat invasion is passing in a north and south direction between the United States boundary and the North Saskatchewan river. A campaign to exterminate the rodents and check their migration has been started.

# MIDLAND PLAYS MCCAMEY IN MUNICIPAL PARK THIS AFTERNOON

## TWO NEW PLAYERS TO BE SEEN—ON BENCH

Midland's first home game during the second half of the Permian Basin league will be played at Municipal park beginning at 3:30 this afternoon. McCamey will be the fall guy, that is if Midland can supply scoring punch lacking in last week's 11-0 blanking of the club by Iraan.

Officials were not prepared to say who will take the hurling assignment for the Colts, but it is likely Old Dependable, Leonard Rose, will get the nod.

The fans will get a look-see at new players, a pitcher and a catcher imported from El Paso. The pitcher's name was not known, but the catcher grins his teeth and spells his name Krutick. Has the smack of Kallina, the faithful recalls, Kallina being the big man who played the initial corner for Midland in the days when the West Texas league embraced the local ball-wick. Both men will be eligible next Sunday.

McCamey had not announced a battery for this afternoon's game, but it is understood to have added pitching support for the new half. Baseball is catching on here, and a large crowd is expected. "We need financial support," an official said, "and can continue to improve the club with continued support."

estate producing only 15 per cent of our income pays 77 per cent of our ad valorem taxes. Nor does it take a brain trust to know that something must be done about it before the state is on its way to recovery. Real estate is our basic wealth and until its value is restored we have no sound collateral. Unless it is made cheaper to own than it is to rent, the sanctity of home ownership, the safety of the nation, is gone.

**Gas Company Figures**  
"The gas companies, by their figures show a value of 387 millions of dollars. The books of the companies reflect a total receipt of 67 millions of dollars for a depression year. The tax record receipts them for only \$42,000,000 at Valorem. In other words, their state property tax payment is only one-ninth of one per cent of their stated value. It was less than two per cent of the value of the state. These gas companies with a shown value of \$84,000,000, paid taxes on only \$9,000,000 property value."

"I write the prescription for these ills on a first understanding that no one tax plan will reach all alike. We must have a blended system that will require everyone to pay taxes in proportion to ability to pay. The state ad valorem must be abolished. A state plan must entirely free our real estate from the road bonds. A godly portion of the county, school and city ad valorem must be absorbed. Provision must be made for a substitute levy that the homestead up to \$3,000 value may be relieved from tax on outstanding bonded indebtedness and thereby make it entirely exempt from tax levy."

"If the unfair profits of the oil trust were converted into the available school fund it would raise the available apportionment per capita on the basis of attendance to \$30 or \$40. It would, in fact, operate the public schools of the state. Their unfair profit-taking not only deprives us of our buying power, but robs us of our cherished American ideals. The independents of the industry have been choked and throttled from existence."

**"Three Basic Ills"**  
"There are three basic ills in the oil industry affecting all Texas citizens which are controllable within the state's jurisdiction. These are the holding company operation of subsidiaries, the equivalent unrestricted pipe line charges, and filling station or marketing system monopoly."

"While everyone was content in the game of free play, all were caught in the snare of propaganda of the so-called idea of reducing the high cost of living and other disguised plannings of the organized few. The power companies took over the plants of the independent utilities. Buildings were vacated, rental leases lapsed, the little merchant and the unfortunate workmen caught short, went into the soup kitchen and is still in distress through no fault of his. When we understand these things we know that it is no sufficient to we only be in accord with the national program. We must have one of our own in line with the rebuilding. Remembering that our social and

## Home Brewed

BY R. C. HANKINS

It is pretty well understood over the circuit that the expected coup to make Odessa drag in her flag as ruler of the Permian roost has not materialized. Far from being reduced to a weak club by the withdrawal of Miller Harris, White and Surratt, Odessa has gone right along behind the neat pitching of Lefty Briggs and Rip Henson. One of the reasons why Odessa continues to win is the failure of other clubs to make themselves appreciably stronger. Midland, for example, added some ball players, but needs some more pitching. One hurler is not enough. The best hurler, and Rose is a dandy, can be wrong at times.

The report is out that 10 of the fans chipped in for another pitcher. A new catcher is in the offing, too, if reports are straight. John Butler, treasurer of the club, verified the report.

Odesa, Iraan and McCamey ball teams took the lead in the first game of the second half schedule of the Permian Basin league, last Sunday, winning over Crane, Midland and Wink. This Sunday Odessa will play at Wink, Iraan at Crane and McCamey at Midland, in the second game of this series.

Odesa defeated Crane last Sunday by 18 to 14. Iraan won over Midland by 11-0 and McCamey defeated Wink 6 to 2.

## MIDLAND WINS SATURDAY GAME

BL JESS RODGERS

The Midland Colts defeated the Stanton club Saturday afternoon in a loosely played game, by a 13-3 score.

Stanton took the lead in the first when the club bunched one hit, two walks and three errors for all its tallies. Midland made one in the second when B. White was hit by a pitched ball and scored on Estes' double. The Colts made three more in the fourth and, after going scoreless in the fifth, made the sixth, three many seventh and four in the ninth.

Estes of the locals was the learning hitter of the day with a triple, double and a single while James White also got a double and single.

No Stanton player was able to get more than one rap off Girdley, who gave up only five scattered hits. Timmons of Stanton gave up all the Midland hits, nine, before giving way to Heaton in the eighth.

## Wadley's Summer Sale Best in Years

"You can tell the world that we've knocked 'em cold these two days and that we have had the best summer sale that we've had for years," was Addison Wadley's reply to the question asked Saturday night about the big department store's annual July sale.

The sale started Friday and runs through Saturday of this week. Wadley stated that although the sales have been heavy the first two days, there will still be hundreds of money-saving bargains for the remaining days.

costs them no more to give their service now than it cost then. They take each year, uniformly, from the buying power of Texas many millions of dollars. A state wide revaluation of their properties for a reduction of rates would retain these millions in Texas available to build buildings, supply labor income and to provide the necessities of life.

**"Chain Stores"**  
"The elimination of the out-of-state owned chain store evil is an outstanding arm of a state recovery. It is a paramount social and economic evil."

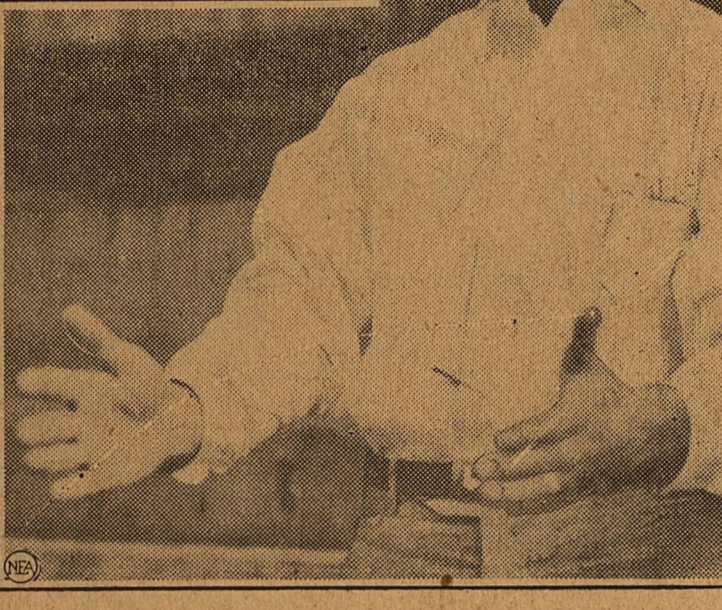

"Since the coming of the chains more than 400,000 solvent grocery and dry goods merchants have failed, including the operators and clerks, more than 1,000,000 men over the nation have been put among the unemployed and 5,000,000 people have gone into or near distress. Their lost buying power has wrought havoc for several million others. The closed buildings evidence a lost rental value to their owners of \$12,000,000 per year."

"The chain evil may be removed by legally distinguishing chain business from independent merchandising so as to include the national chain for a sufficient levy upon its gross sales. The levy may be made either as a privilege tax or a franchise tax. By statute we shall deny utilities the privilege of the retaining of any article of merchandise. We shall divorce the filling stations and the pipe lines from the integrated oil units. The out-of-state operators of these agencies of destruction may think this a harsh remedy. Frankly, however, I see no reason for parting a rattlesnake for what oil we might get out of him."

"The things that produced this depression will not cure it. The fellows who led us into it cannot be trusted to lead us out of it. A new dealer is essential for a new deal."

## Tote Huge Guns in Harriman

"And one of them had a gun that long," said Fred Held, vice president of the American Federation of Hosiery Workers, illustrating the size of a weapon with which he was threatened by one of a gang that kidnaped him at Harriman, Tenn. Foes of the striking mill workers beat Held before freeing him and allowing him to proceed to Chattanooga, where this picture was taken.

## TO THE VOTERS OF PRECINCT NO. 1:

I am seeking the office of Commissioner of your precinct and am asking that you consider seriously the qualifications that I shall give. First, I was Commissioner of Precinct No. 4 for 6 years. These three terms of office gave me a practical working knowledge of what the county as a whole needs and how to get it done. Second, I have lived in Midland County for 35 years and am thoroughly familiar with the many problems that have faced the County and have been active in helping solve many of them. My experience in the Agricultural Engineering Department of A. & M. College of Texas, where I was stationed as a soldier in the World War, helped equip me with the fundamental knowledge required of a Commissioner and was of great use to me when serving as Commissioner of Precinct No. 4. Third, I know a large majority of farmers, cattlemen, business and professional men of Midland and the County. They know my reputation for honesty, hard work and efficiency. They know that they can trust me with their affairs pertaining to the County.

If elected to the office, I pledge my efforts toward an efficient, economical and progressive administration.

## Wadley's "A Better Department Store"

allowed to wear full dress; that is, they were fully dressed in what reporters should wear at 10:30 a.m. They were the only clothed witnesses.

At the appointed hour the young bridal couple, their six attendants and the minister, stepped into a boat and slid around the corner into the "Lost River." Inside the concession, where the sun was not as bright, they shed everything and went through the formal proceedings in a friendly, informal way.

The World's fair management didn't know a thing about it and said afterwards they wouldn't have cared anyway. The fair is a bit persnickety this year about fan dancers catching cold and sub-concessions framing their artists' models in less than gilt, but if this stunt was strictly private, free gate, press only admitted, why should the fair lift an eyebrow?

The bridegroom wore a smile. The bridesmaid had a swell coat of fan. The minister alone dissented. Being of the cloth, he wrapped himself up in a neat little goatskin, but the rest of the wedding party of nine had checked everything in the synthetic underbrush of a World's fair concession that purports to look like the world did long ago, before the fast life got the dinosaurs down.

The newlyweds were Charles Mueller, 24, of Milwaukee and Jean May, a year younger, from Amarillo, Texas, via nudist camps of Indiana and Wisconsin. It developed after the ceremony that they had bought licenses at the county building yesterday as Gertrude May and Samuel Wallace Jr. and had immediately been pronounced man and wife in civil proceedings at the marriage court. At that time they were dressed even as you and I.

But this second ritual was "the religious one," as the young husband explained.

The best man, who was as nervous about the ring as if he had a dozen pockets to coat case him, and the other attendants were fans of the nudist colonies at Roselawn, Ind., and Mirror Lake, Wis., where the happy young people spend their unfettered hours. The clergyman described himself as Bishop H. Perry Ward of the Liberal church, and introduced the ceremony as the first orthodox nudist marriage in America.

The bride was given away by a well, by the cameramen and reporters, if you want to put it that way. Thousand watt lamps bathed the little group while the newsmen ground away yards of film.

The reporters, by the way, were
