

Clean Politics Act Is Upheld By High Court

WASHINGTON, Feb. 10. (AP)—The supreme court upheld today the Hatch "clean politics" law ban on political activity by federal employees or by state employees whose jobs are financed from federal grants.

Two separate rulings were handed down. The section forbidding federal employees from taking active part in political campaigns was ruled valid in a decision turning down a challenge from the CIO United Public Workers of America.

That relating to state employees came on a challenge by the state of Oklahoma. Oklahoma attacked validity of the section after the state was penalized \$10,800 in federal road aid funds.

Justice Reed delivered the court's 5-2 decision in the Oklahoma case. Justices Jackson and Murphy took no part in the case.

Justice Black and Rutledge dissented without writing opinions. Justice Frankfurter wrote a concurring opinion.

Justice Reed delivered the court's 5-2 decision in the Oklahoma case. Justices Jackson and Murphy took no part in the case.

The indictment charged Romney with "knowingly and willfully falsifying" figures in the accounts "with the intent of cheating, swindling or defrauding the government."

The sergeant at arms serves as a House "bank" where congressmen may make deposits and cash checks.

The maximum penalty for conviction on each of three counts is a 10 year prison term and \$10,000 fine.

Attorney General Clark, in a statement accompanying the announcement of the indictment, said that the first and second counts of the indictment alleged that "Romney falsely stated the amount of cash on hand in the accounts which the office of sergeant at arms submitted to the general accounting office for the months of May and October, 1946."

"The third count charges him with concealing and covering up in his accounts for the period in January 1, 1946 through Oct. 31, 1946, the material fact that a shortage of \$143,863.77 existed in that he included as cash on hand certain items which he knew to be worthless as well as an alleged confession of a former employee to the theft of a sum of money from the office."

Without taking sides in the widening Republican fight over tax cutting, Chairman Andrews (NY) of the House Armed Services committee flashed a "go slow" signal today to his economy bent GOP colleagues.

Andrews urged specifically that the Senate-House budget committee hold off any possible slash in national defense funds until it hears directly from Gen. Dwight D. Eisenhower, Army chief of staff.

Taking note of reports that Republican members of the joint congressional group are considering a \$2,000,000,000 reduction in President Truman's \$11,200,000,000 Army-Navy allotment, Andrews told newsmen:

"I am against any such flat cut. We've simply got to look at this thing carefully. So I am suggesting that the budgetary committee consult General ..."

Severe Penalty For Four Jews Is Asked

JERUSALEM, Feb. 10. (AP)—A British military prosecutor demanded a severe penalty today for four Jews arrested on Dec. 29, the night a British major and three sergeants were kidnaped and flogged by Jewish underground members in Palestine.

The prosecutor, Maj. W. E. Stubbs, said the defendants had been found in possession of a rawhide whip, a submachine gun, three revolvers, ammunition and four bombs.

Two Long-Term Bandits Escape Capture Following Prison Break

PHILADELPHIA, Feb. 10. (AP)—Three convicts had less than three hours freedom early today after fleeing over a wall of the Holmesburg State Prison, but two other dangerous, long-term robbers remained at large.

It was the second mass escape attempted by the men in less than two years. On April 3, 1945 they tunneled out of the Eastern State penitentiary with four others—and it took police almost a week to get them all back in custody.

This morning at 3:15 they overpowered Guard William Skelton as he was making a routine pre-dawn check on the cell blocks, Warden

ROYAL PRISONER—Prince Philip von Hessen, great grandson of Queen Victoria of England and son-in-law of former King Vittorio Emanuele of Italy, eats from a tin pail in a basement cubby-hole at the German civil internment camp in Darmstadt, where he is awaiting a denazification trial. The prince has been imprisoned for 41 months—20 months under Hitler and 21 months under the Americans. (AP Wirephoto).

Abilene Hall At HSU Destroyed By Blaze

ABILENE, Feb. 10. (AP)—Abilene Hall, classroom building and home of the famed Cowboy band of Hardin-Simmons University, was destroyed today by a fire that threatened other campus buildings.

The fire was brought under control at about 1 p.m. after having raged for approximately two hours.

R. N. Richardson, president of the University, said the structure was built in 1913 at a cost of \$44,000 but that the estimated damage would run "two or three times that amount."

The campus gymnasium and a rooming house were threatened by the blaze, which was whipped by a strong wind. Most of the equipment in the building was saved.

No students or faculty members were injured, but one fireman was overcome by smoke. It was the second major fire in the 54 years history of the university.

Miller county Coroner N. L. Winchester reported that Marvin Lee James, 47, was found in a hotel room in Texarkana yesterday, apparently dead from loss of blood from a slashed right arm.

A razor was found nearby. Jack H. Mays, 78, died as a result of burns received in a fire Friday afternoon at the Princess theater in Texarkana.

Frank Daniels, 39, was burned to death yesterday in an early morning hotel fire in San Angelo. Five others were carried to safety by firemen.

The blaze was confined to the third floor, where Fire Chief Tom Biggs said it apparently started in Daniels' room from a lighted cigarette.

Dr. Frank A. Carlisle, 77, was killed Saturday when a passenger train struck his automobile at a crossing at Italy, Texas.

In other train accidents, Roy Watson, 51, was killed in Dallas Saturday while walking along the tracks and the same day R. A. Landstrom, 36, died after a train struck his automobile in San Antonio. At Victoria, John Marvin Duggan, 31, died Friday night in a train-car collision.

Mrs. Max Anderson, 30, died in Dallas Saturday of burns received Tuesday when her house coat caught fire from a heater.

F. D. Youngblood, 49, was fatally injured in an automobile collision near Nacogdoches Friday night.

In a second crash on the same highway, Mrs. DeWitt Smith, 53, of Douglas, was killed and four other members of her family, injured.

Mrs. Johnnie F. Burwell, 62, was killed at Port Arthur Friday night when struck by an automobile driven by her son, W. M. Burwell. She was walking on the highway and her son, driving to meet her, was blinded by the lights of an approaching car.

Pilar Medina, 8, was fatally injured Saturday night when she was struck by an automobile as she started across a street in Laredo.

Walter M. Boone, of Dallas, died in an automobile accident near McAllen Saturday night.

Schools Closed By Snow Drifts

ERIE, Pa., Feb. 10. (AP)—Eight-foot snow drifts blanketed northwestern Pennsylvania today with all public and parochial schools closed, food deliveries curtailed and scores of automobiles stalled in the middle of highways.

Composer Honored

WASHINGTON, Feb. 10. (AP)—James F. McHugh, of Beverly Hills, Calif., composer of "Coming in on a Wing and a Prayer," today received the Presidential certificate of Merit.

Coal Crisis Closes Half British Industry

SADLY AND SILENTLY ITALY SIGNS TREATY

PARIS, Feb. 10. (AP)—Italy signed sadly and silently today a peace treaty reducing her to a third rate power, stripped of colonies, indebted by reparations, her homeland reduced and her army and navy cut to a relative shadow.

Yugoslavia, which will obtain a slice of the coveted Venezia Giulia but not the port of Trieste which will become a free city, reversed herself and signed the treaty after protesting the boundary agreement.

Italy, paying for the crimes of Mussolini and fascism, was the first of five axis nations to sign treaties which, when ratified, will end World War II for all the world except Germany, Japan, Austria and Korea.

Following Italy, the schedule called Romania, Bulgaria, Hungary and Finland to the mourner's bench, as it were, to ink treaties with up to 20 allied nations. The United States had a part in all the accords except that of Finland, with which the United States never was at war.

Italy observed a ten-minute silence at the 11 a. m. hour of the signing of her treaty, which the Italian constituent assembly and the major allied powers still must ratify. Silent groups gathered at the tomb of the Unknown Soldier in Rome, a monument to better days when Italy fought against Germany in the first World War alongside the nations now her conquerors.

Workers stood idle. Merchants shuttered their stores. Count Carlo Sforza, the Italian foreign minister, will broadcast tomorrow. Italian troops were strengthened at the American and British embassies in Rome and stood armed with machineguns and rifles. Traffic was diverted.

Offer Made For 'Inch' In Train Melee

WASHINGTON, Feb. 10. (AP)—The government today was offered \$120,000,000 for the Big Inch and Little Inch pipe lines in the first bid opened by the War Assets Administration in its second effort to sell the big tubes.

The bill was submitted by Russell Palmer of New York and Washington, who notified WAA he would form a company of New York and Chicago interests. He did not specify whether he planned to use the lines for transmission of natural gas or oil.

A big issue in sale of the Texas to New York pipelines, built at a cost of \$146,000,000, has been whether they would be used for movement of gas.

Palmer's offer, drawn from a sealed mail pouch in the presence of WAA officials and scores of on-lookers, did not contain the \$100,000 initial payment which WAA specified should be posted with the proposal. Neither did Palmer specify his company's proposed method of payment.

Earthquake Toll Figures Given

TOKYO, Feb. 10. (AP)—The earthquake and tidal wave which hit Japan Dec. 21 took 1,354 lives and destroyed 28,310 homes, the home ministry's final tabulation showed today. The number left homeless was placed at 230,268.

Duke Succumbs

LONDON, Feb. 10. (AP)—William Angus Drogo Montagu, 69, the ninth duke of Manchester died yesterday at Seaford England.

Legislature Passes Teacher Bonus Bill

AUSTIN, Feb. 10. (AP)—The House today unanimously passed a Senate bill granting a \$300 "bonus" to rural aid school teachers.

The bill now goes to Gov. Beauford H. Jester for final approval. Rapid passage of the measure apparently assures rural aid teachers that an additional \$75 will be tacked on their February pay checks.

The \$300 will be paid out in \$75 allotments during the last four months of the current school year.

Four Million Made Idle; Many On Dole

Coal Conservation Measure Called Necessary To Avert A 'Disaster'

LONDON, Feb. 10. (AP)—Half of all British industry closed down today because of a shortage of coal from the socialized mines. Four million workers became idle, many going back on the dole, as electric service was drastically reduced.

Prime Minister Attlee prepared to face commons during the afternoon and be questioned there by Winston Churchill, leader of the conservative opposition. Attlee scheduled a radio broadcast tonight to plead for cooperation.

The prime minister and his cabinet met at his unlighted Downing Street residence. The labor government, which converted the coal mines from private to state ownership Jan. 1, called the coal conservation measures necessary to avert "complete disaster."

The crisis depressed shares on the stock exchange, where some brokers spoke of an "Industrial Dunkerque."

Slightly higher temperatures eased momentarily one of the most severe cold waves of the winter, but the forecast was for colder.

Most industries and householders appeared to be obeying the government directive to throw switches voluntarily on lines where demands for essential services prevented a complete shutdown at the source of supply.

All industries except a few vital to health and welfare were ordered to halt totally or in part in 38 of the 64 counties of England and Wales. Consumers were forbidden to use electricity between 9 a.m. and noon and from 2 p.m. to 4 p.m. in homes, stores, offices and restaurants, affecting an estimated 22,000,000 people.

Conservative newspapers demanded Attlee shake up his labor cabinet, which commands a two to one vote in Parliament. The influential Manchester Guardian and London's Daily Mail and Daily Telegraph demanded Emanuel Shinwell resign as minister of fuel and power.

Confusion and chaotic conditions prevailed in many areas. Nearly everywhere, electric current use was cut sharply.

Thousands upon thousands of workers thrown out of jobs swamped labor exchanges to register for the dole.

Nation Plagued By Rain, Snow

CHICAGO, Feb. 10. (AP)—Winter weather continued to bring discomfort to most of the nation today, but a slow rise in temperatures in the Central Plains gave hope that relief was on the way.

Snow and sleet were reported in Florida, and freezing temperatures occurred in all the nation east of the Rockies except for the southern two-thirds of Florida and extreme southern Texas.

The cold spell was accompanied by strong northwest winds over the Great Lakes region and snow flurries in the Eastern Lakes region and eastward to New England.

Bodies Of Masqueraders Sought In Charred Ruins Of Dance Hall

BERLIN, Feb. 10. (AP)—Rescuers, working in near zero temperatures, today had recovered 81 bodies from the ruins of the Karlslust dance hall, razed by fire at the height of a Saturday night costume ball. Another 39 persons were in hospitals.

BERLIN, Feb. 10. (AP)—British and German rescue workers searched today through the charred ruins of the Karlslust dance hall, gutted Saturday night by a flash fire estimated to have caused the deaths of 100 to 150 masqueraders attending a costume ball. No American casualties were reported.

Various causes were advanced for the holocaust—likened to the disastrous Cocoanut Grove blaze in Boston four years ago, which caused 440 deaths. A British fire control officer blamed overheated stoves, while a German civilian, familiar with the structure, said a short circuit caused the fire. The

SOLDIER SIGNS STATEMENT—Capt. William H. Florence said in Fort Dix, N. J., that Cpl. Joseph Dumais (above) signed a statement saying "it was possible" that he slew Elizabeth Bath Short (The Black Dahlia) in Los Angeles last month. (AP Wirephoto).

Acheson Says Secret Kept

WASHINGTON, Feb. 10. (AP)—Undersecretary Dean Acheson said today the state department has given no information on atomic developments to any other country.

Testifying before the Senate Atomic Energy committee, Acheson made clear he meant not even Britain and Canada which were allied with the United States in wartime development of the atomic bomb.

"No information has been imparted by the state department to anybody," Acheson said firmly.

Senator Edwin C. Johnson (D-Colo.), had told the undersecretary a bit earlier that in his opinion the Acheson-Lillenthal report on international control of atomic energy was "the greatest blunder in diplomacy this country has ever made."

98 Percent Vote In Russ Election

MOSCOW, Feb. 10. (AP)—First returns from yesterday's elections indicated today that more than 98 percent of the electorate voted for supreme-Soviet (parliament) deputies in seven of Russia's union republics and in 16 autonomous republics. Some predicted that a full count would show a 98.5 percent vote.

Services For Press Correspondent Held

PARIS, Feb. 10. (AP)—Funeral services were held in Hanoi today for Michel Moutschen, 22-year-old correspondent of The Associated Press who was fatally wounded Friday by a Viet-Nameese sniper. The French Press Agency said in a dispatch from Indo-China.

Smelter Union Is Fighting Rebellion

WATERBURY, Conn., Feb. 10. (AP)—The mine, mill and smelter workers union (CIO), fighting a rebellion of its eastern locals, has announced it will attempt to obtain a flat 25 cents an hour pay boost and other benefits for nearly 150,000 workers in the non-ferrous metals industry.

Officers Installed For Ladies Aid

New officers of the Concordia Ladies Aid were installed Sunday evening at an installation service held at St. Paul's Lutheran church. Mrs. A. Honertz assumed her duties as president, and other officers include Mrs. W. F. Pachall, vice president; Mrs. E. O. Voge, secretary; Mrs. John Foster, treasurer; and Mrs. O. H. Horn, reporter.

A missionary program with the slogan, "Each One Reach One," was launched, and a Forget-Me-Not club was formed.

Those attending the meeting were Mrs. Honertz, Mrs. Foster, Mrs. Fehler, Mrs. M. Rupp, Mrs. W. F. Pachall, Mrs. Voge, Mrs. C. Heckler and the Rev. and Mrs. O. H. Horn.

ATKINS RETURN

Mr. and Mrs. Lewis Atkins, who have been visiting in Fort Worth and Dallas for the past week, have returned home.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it stimulates appetite, aids digestion, thus helps build resistance against the "blow" in one's system. 2 days before "cramp time," it should help relieve pain due to purely functional periodic causes. Try it!

Tillinghasts Attend Lubbock Wedding

Mr. and Mrs. George Tillinghast and children have returned from Lubbock where they attended the wedding of Tillinghast's sister Saturday afternoon.

Miss Ruth Tillinghast, daughter of Mr. and Mrs. G. W. Tillinghast, was married to Panny Farmer, son of Mr. and Mrs. J. M. Farmer of Knox City, in a ceremony read at the home of the bride's parents.

The service was conducted by the pastor of the First Christian church, and a double ring ceremony was used.

At a reception which was held after the wedding and Mrs. George Tillinghast served in the house party.

Following a month's wedding trip to Mexico City, the couple will be at home in Lubbock.

The bridegroom, well known in West Texas golfing circles, was formerly employed by the General Insurance agency here.

Frontier Motif Used At Western Party

A covered wagon lighted by rainbow colors featured decorations of a frontier motif used Saturday evening when the Rainbow Girls entertained with a western party at the YMCA.

Rainbow colored streamers were about the room and guests were dressed in western costume. Entertainment included square dancing, the Virginia reel and ping pong, and refreshments were hot dogs and cokes.

Around 75 young people attended.

Floral Design—St. Valentine's

Of all flower gifts that florists make for St. Valentine's the corsage still comes closest to a woman's heart. Professional artists at local shops now express timely sentiment with heavy and simplicity like the example above. Formula: carnations, red chrysanthemums and artistic skill. Aiding and abetting romance, the local shop keepers excel as Dan Cupid for Valentine's Day. One example of 1947 tricks up his sleeve is shown here (above, right). A red heart vase, pierced by golden arrow, features white tulips, blue iris and plumosus.

Church Women, Pastor Attend Convocation

Representatives of St. Mary's Episcopal church, with the pastor, Rev. Charles Abele, are in San Angelo attending the annual convocation of the Episcopal church, district of North Texas, which is being held at the Emanuel church Sunday and today.

A communion service Sunday at 10:30 a.m. opened the convocation with Rt. Rev. George Quarterman, bishop of North Texas, as celebrant. Assisting were Rev. Robert Snell of Midland, Willis Gerhart of Abilene and Phillip E. Kemp of San Angelo.

Following the morning service, a convocation dinner was held at the San Angelo hotel with L. T. Bare as toastmaster.

At the 2 p.m. session, Bishop Quarterman addressed a joint session of the convocation and the woman's auxiliary. Organizational meetings followed and supper was served Sunday evening in the church hall.

The Monday morning session got underway at 7:30 a.m. with a corporate communion of men and women of the convention, and was followed with a layman breakfast in the church parish hall.

Mrs. Paul Kolm was in charge of an auxiliary breakfast which was held at the hotel, and Mrs. Mary Doak of Texas Tech in Lubbock, addressed the morning session of the auxiliary.

A luncheon was scheduled at noon in the parish hall with the closing session at 2 p.m. Consecrated on Dec. 3, 1946 in Amarillo, the San Angelo meeting was the first attended by Rt. Rev. Quarterman as bishop.

Those attending from St. Mary's church were Rev. Abele, Mrs. M. H. Bennett, Mrs. H. W. Leeper and Mrs. Otto Peters, Sr.

Margaret Christie Tells Club Of New Style Trends

"What Makes The New Clothes New," was the subject discussed by Miss Margaret Christie when the Hiway Home Demonstration club met recently in the home of Mrs. Johnnie Blake.

The home demonstration agent pointed to the change of style trends from time to time and explained that hem lines were down, and that newer modes feature large pockets, draped styles, wider belts less sleeves and longer lines accented with pleurms.

She forecast rounder shoulder lines and a return of double breasted suits and dresses, and told the group that more woolen materials are now available.

During a business meeting the club voted to help sponsor the food sale at the 4-H calf show, and Mrs. Floyd Howland was appointed Texas Home Demonstration Association representative.

Those present were Mrs. J. E. Brown, Mrs. Floyd Howland, Mrs. Shirley Fryar, Miss Christie and the hostess.

The next meeting will be held Feb. 19 in the home of Mrs. Shirley Fryar when a demonstration on dress forms will be given.

FINDING 'TIME' TAKES MONTHS

PHILADELPHIA, Feb. 10. (AP)—Henry Blunt lost his \$50 watch last June 16.

The other day, sloshing through five inches of snow, he kicked at a bright object—then picked it up.

It was the lost timepiece.

SPOT BID SALE BIG SPRING, TEXAS

No Priority Necessary Used Surplus Property Valued at \$5500.00

- Filing cabinets
- Office tables
- Bookcase sections
- Packing tables
- Fire extinguishers
- Water tank trailer, 1500 gallons capacity

Inspection and registration from 8 a. m. to 12 Noon Thursday, February 13th, Big Spring Army Air Field, Big Spring, Texas. Sale opens at 1 P. M. Thursday, February 13th. All purchasers must be present at beginning of sale for competitive bidding.

Ross Advises Caution In Pruning, Watering Frost-Nipped Shrubs

Caution against early pruning or watering of shrubs nipped by abnormally low temperatures has been advised by W. S. Ross, 904 E. 3rd.

Either or both practices might produce early growth which would be killed, perhaps irreparably damaging the plant, he said. On the other hand, if not watered or pruned until early April when danger of severe frost is past, proper pruning can be done so that the established root system will be able to feed a rapid growth. This will be less costly and much more satisfactory than replacement of the plants, he felt.

4-H Club Show Will Be Held Here Tomorrow

Howard County 4-H club members were making final preparations today for the 10th annual livestock show which opens formally Tuesday morning at the county warehouse.

All animals to compete for prizes in the show are expected to be on hand this afternoon. They must be in place at the show site by 5 p.m. County Agent Durward Lewter said. Beginning at that hour, visitors will have an opportunity to see the steers and lambs as they will appear at the judging tomorrow. The county warehouse will be open until 10 o'clock tonight for the convenience of visitors.

The Howard County Fair Association and the club members today were urging city and county residents to witness the exhibits. They are anxious to have as many as possible on hand for the judging tomorrow.

The lamb will be judged at 9:30 a.m. by W. I. Marschal, district agricultural agent from San Angelo. W. L. Strangel, head of the agricultural department at Texas Tech, will judge the beef steers at 12:30 p.m.

Club members have arranged to have 74 steers and 38 lambs on exhibit. The annual club steer and lamb sale will follow at 10 a.m. Wednesday at the West Texas Livestock Auction company sales barn.

Texas Chemurgic Council To Meet

SAN ANTONIO, Feb. 10. (AP)—New crops and new methods of processing will be chief topics for the second annual convention of the Texas Chemurgic Council Thursday and Friday.

Ramie, flax, modern wood uses, dehydration and quick freezing are among subjects to be discussed, along with processing of farm and forest wastes.

Monday Editions Of Papers Suspend

MEXICO CITY, Feb. 10. (AP)—Monday morning editions of all save two of Mexico City's newspapers have been suspended because of the newspaper shortage.

Gilberto Figueira, general manager of the morning paper Excelsior, appealed Saturday to US Ambassador Walter Thurston for aid in speeding shipments of paper to Mexico.

Junior Womans Forum Entertains; Mrs. J. H. Hodge Guest Speaker

Mrs. J. Howard Hodge of Midland, first vice president of the Texas Federation of Women's Clubs, was guest speaker at a tea given in St. Mary's Episcopal parish house Sunday afternoon by the Junior Woman's Forum.

The state officer was a guest at the meeting with members of the Midland Fine Arts club, which co-sponsored the Junior federated club here. Mrs. Hodge, in an impromptu talk, told of the importance of club work, and discussed highlights of a state convention

which was held in Dallas recently for Junior club women.

Program for the afternoon was on Colombia and Ecuador, and talks were given by Mrs. Joe Pickle and Mrs. W. K. Edwards, Jr.

Hostesses for the afternoon were Mrs. Zolite Mae Rawlins and Mrs. Omar Jones, and assisting on the social committee were Mrs. Cecil McDonald and Mrs. Steve Baker.

Tea was served from a refreshment table centered with a bou-

quet of white carnations, and flanking the arrangement were miniature flags of Ecuador and Colombia. Mrs. W. L. Hawkins and Mrs. Don Burke presided at the tea service.

Out-of-town guests attending were Mrs. Nelson Puett, Mrs. L. G. Byerley and Mrs. Y. D. McMurray, members of the Fine Arts club of Midland.

Modern Woman's Forum members present were Mrs. A. E. Wade, Mrs. Charles Koberg, Mrs. Cecil Collings, Mrs. W. F. Cook, Mrs. R. L. Warren, Mrs. R. A. Eubanks, Mrs. S. M. Winham, Mrs. Thomas J. Coffee, Mrs. D. C. Sadler, Mrs. J. P. Dodge, Mrs. W. L. Meier, Mrs. G. G. Sawtelle and Mrs. Bernard Lamun.

Junior club guests were Mrs. Escol Compton, Mrs. R. E. Satterwhite, Mrs. Norellie Meyer and Mrs. A. R. Crews, Jr.

Junior Woman's Forum members attending were Mrs. Burk, Mrs. Pickle, Mrs. Hawkins, Mrs. J. D. Jones, Mrs. Arnold Marshall, Mrs. Knox Chadd, Mrs. L. D. Chrane, Mrs. Edwards, Mrs. W. L. Cook, Mrs. Travis Carlton, Mrs. Paul Graham, Mrs. McDonald.

BETA SIGMA PHI SORORITY HAS VALENTINE DANCE AT SETTLES

Over 100 couples danced to the music of Jack Free and his orchestra at a formal dance given in the ballroom at the Settles hotel by the Beta Sigma Phi Sorority.

A large red and silver tinfoil heart bearing the sorority insignia was included in ballroom decorations that featured the Valentine theme. Red balloons and hearts on ribbons hung from the chandeliers and were around the walls.

Assisting Joyce Croft on the decoration committee were Lee Ida Pinkston, Maurine Chrane, Sis Smith, Harriett Talbott, Junia Mizell, Barbara Gage and Nita Pool.

Selling tickets were Mrs. Mizell, Miss Smith, Miss Croft, Mrs. Chrane, Pedie Gage and Jean Elliott.

City On Health Roll Of Honor

For the second successive year the City of Big Spring has been listed on the state health department's honor roll for "making the most advantageous use of sewage effluent."

Notice of the citation was received this morning by Mayor G. W. Dabney in a letter from Dr. George W. Cox, state health department director.

The honor roll is compiled each year, Dr. Cox said, to give special recognition to cities and other agencies for outstanding accomplishments made in sewerage systems.

Effluent from the Big Spring plant is sold for industrial use.

Tuesday's Calendar

BETA SIGMA PHI sorority meets at the Settles hotel at 8 p.m.

TEXAS ASSOCIATION of Accredited Beauty Cosmetologists meets at the Settles at 8 p.m.

REBEKAH LODGE meets at the IOOF hall at 7:30 p.m.

Hear Ye! Hear Ye!

There is but one FREEDOM, freedom of CHOICE, bound by TIME
He waited a long time — for an accident.
How long shall I wait? 61 Years?
What am I waiting for? An Accident?

If It's Intentional, It Is CHIROPRACTIC
If It's Accidental, Is It A MIRACLE?

Intentional
In 1935, an incident of world-wide historical value took place.
Harvey Lillard became deaf.
He was in a stooped, cramped position when he heard "something pop" in his neck.
He was deaf for 18 years.
In his neck was a large visible bump. Fortunately, it could be seen, otherwise it might have gone unnoticed.
D. D. Palmer said: IF PRODUCTION of that bump PRODUCED deafness, REDUCTION should restore hearing.
He pushed the bump, three days in succession; bump was gone, and hearing WAS restored.
Fortunately that bump WAS REDUCED; fortunately, hearing WAS restored.
That incident started and established a truth heretofore unknown and unused.
Would the average man, upon a single isolated case, have discovered a universal human principle and practice?
Was this man justified in laying down an all-complete, all-inclusive, and all-exclusive universal human principle?
61 years have justified that conclusion.

Accidental
DEAF, MUTE FOR 61 YEARS
SPEAKS, HEARS AFTER FALL
Seattle, May 29 (UP)—A 61-year-old deaf mute threw away his pad and pencil today and chatted happily with his fellow workers at the Seattle army service forces depot. He was speaking and hearing his first words since childhood.
Claude Berger's silence of 61 years was broken dramatically when he tripped and fell as he stacked boxes at his job. The shock of the fall apparently restored his hearing and speech. As his friends rushed to aid him he said, distinctly, "I feel fine. I can hear a little now."
The significance of what had happened came to him as he was taken to the depot's medical office.
He rushed to a nurse, threw his arms about her and cried: "Thanks to the Lord, I can speak. I can hear."
Berger said he had been deaf and speechless ever since an attack of scarlet fever suffered when he was three years old—"St. Louis Post-Dispatch", May 29, 1946.

EXPLANATION
Sir Isaac Newton established the law of gravity from the falling of one apple. Benjamin Franklin discovered electricity from the flying of one kite. "D. D. Palmer discovered CHIROPRACTIC. B. J. Palmer, the son, developed chiropractic as we use it at the Clinic.

IS A HEALTH PROBLEM ROBBING YOU? CAN'T YOU AFFORD HEALTH?

Ex-Servicemen Urged To Rally To Memorial Tree Park Plans

Because time is short, Dr. C. W. Deats urged former servicemen to rally quickly to the memorial tree park plan for the potential city park area in the Birdwell tract at seventh and Goliad. He listed 54 names of men who have their lives and in whose memory no tree donations have been made.

City officials have given assurances that trees will be properly planted, watered and cared for, said Dr. Deats, chairman of the campaign. He stressed quick response by former servicemen because planting time is short.

The plan calls for donations in the amount of \$8 to care for purchase and planting of the trees. Contributions have been held to servicemen as a memorial to "their buddies." Contributions may be made specifically in behalf of a lost serviceman or may be made undesignated. They may be left with Dr. Deats, or with Harold Steck or Joe Pickle at the Herald.

These are the names of men from whom tree gifts have not yet been designated, said Dr. Deats: Lawton Callison Bert Chandler, Alva A. Chapman, Edward Omar Clark, Charles E. Clyburn, Clifford J. Clyburn, Houston L. Davis, Raymond L. Ely, Frank C. Ferrell, Archie E. Ford, Jr., J. E. Franklin, James B. Freeman, Ebbly L. Hamilton, Wayne Hardwick, Gordon Haynes, Clant E. Higginbotham, Jr., Victor Holler, Jr., Richard M. Holter, James L. Jackson, Raymond E. Jackson, D. M. Johnson, Pete Long, Jr., Louis M. Mann, Earl L. McAlphine.

Mexican Packing Plant Is Planned

MEXICO CITY, Feb. 10. (AP)—Plans for a \$2,000,000 refrigeration and meat packing plant were being pushed by Mexican ranchers as an outlet for their cattle.

A group of ranchers called on secretary of Treasury Ramon Beteta Saturday for a conference in a loan to finance the plant.

Closing of the US boundary to Mexican cattle because of the outbreak of foot and mouth disease was given as the reason for the proposed plant.

Beteta told the ranchers "it would be a good idea if you would start thinking about business other than cattle raising because it is unlikely that the United States quarantine against our cattle will be lifted."

DAUGHTER BEATS MOTHER

In relieving the discomfort of children's simple chest colds by using Durban's No-Mo-Rub, the modern Guaiacol-Camphor chest rub, Doctors agree that its 29% Guaiacol-Camphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style soles. Try No-Mo-Rub for croupy coughs. Double the purchase price recommended if you do not find No-Mo-Rub more effective. In 25c and 50c jars at your Druggist or

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overtired, unduly worried, and lack of certain foods often reduce the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

This Home-Mixed Cough Relief Is Hard To Beat

Very Easy to Make. No Cooking. Saves Big Money.

No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, is hard to beat, for real results.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed—a child could do it. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2½ ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. money will be refunded.

This gives you a full pint of splendid cough relief—about four times as much for your money. Tastes fine—children love it—and it never spoils. You can feel this home mixture taking right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases soreness and difficult breathing, and let's you sleep. Once tried, you'll swear by it.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Just try it, and if not satisfied, your money will be refunded.

Hawks To Clash With Badgers, Rabbits Soon

Thoroughly winded by San Angelo Jaycee's hurricane attack, the Howard County Junior college Jayhawks returned home the past weekend to begin preparation for a northern road trip.

The Hawks will play their second Western Zone league game with Amarillo in the fieldhouse of the Badgers Friday night, then move over to Plainview on Saturday to try for their first victory in four starts against Wayland.

In last Saturday's contest with Angelo, the Big Springers were smothered, 81-38. Lack of reserve strength and inability to hit the basket from close in hurt the Hawks.

Coach Leon Bush sees no chance for victory in this week's games, but says the locals will be able to make a creditable showing in the Cisco contests, which come on Feb. 18 and 23. The two quintets clash here first, then move to Cisco.

The box score:

San Angelo	81	Big Spring	38
Blackmon	10	Ellis	10
B. Smith	12	W. J. Teel	14
B. Jones	14	Rhodes	4
W. J. Teel	14	Abbott	10
Ellis	10	Harman	6
Rhodes	4	Bennett	6
Abbott	10	Totals	32 17 81
Harman	6		
Bennett	6		
Totals	32	17	81

January Said Average Month For Business

Although sharp business gains were made throughout the state during the 1946 Christmas season, conditions in Big Spring were above average for the month of December, according to charts in a current issue of the Texas Business Review.

The Review, which is published monthly by the Bureau of Business research, college of Business Administration at the University of Texas, shows that December, 1946 postal receipts in Big Spring gained 23.2 per cent over December 1945. Only Childress, Greenville and Sweetwater registered greater increases for the same comparative months. The local gain over November, 1946, was 126.6, which was exceeded only by Childress, Sweetwater and Vernon.

Building permit figures in Big Spring also were higher during December, 1946 than in December 1945, jumping from \$48,615 to \$96,090. Forty-eight cities were included in the comparative building chart, with only 15 showing gains.

Local air express shipments increased by 80.8 per cent, a figure exceeded by only seven of the 22 cities included in that chart.

Varied Sports Menu Booked For Tonight

STERLING CITY, Feb. 10.—A variety of sports entertainment is in store for Sterling fans who call at the Eagle gym here tonight.

The feature event pits the Sterling City girls' volleyball team against Arab Phillips' Big Spring brigade. The Big Springers have a veteran club back this year and should make it interesting for the locals.

An Eighth grade boys' basketball team is also coming down from Big Spring to do battle with Chesney McDonald's reserve squad. Anna Smith is coach of the Big Spring team, which recently turned back Center Point.

Texas Babe, Walker Share Golf Crown

ORLANDO, Fla., Feb. 10. (AP)—Mrs. Mildred (Babe) Zaharias, national women's amateur champion from Denver, Colo., and baseball player Gerald Walker of Orlando today held the Florida mixed two-ball open golf title.

The favored pair won the sixth annual tournament here yesterday with a convincing 5 and 4 triumph over Polly Riley of Fort Worth, Tex., and Joe Ezar, Orlando.

ONE REGIMENT LEFT

MANILA, Feb. 10. (AP)—US Army sources disclosed today that deactivation of the 86th Division is progressing rapidly and that only one regiment—the 98th—is remaining on active duty in the Philippines.

Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out, increasing the flow of urine to help relieve that excess acidity and ease that burning when you pass water, helps that bladder irritation that gets you up nights.

Made of 16 herbs, roots, vegetables, and bismals, Swamp-Root is absolutely non-habit forming. Caution: take as directed. For free trial supply, send to Dept. Z, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Monahans Man Gravely Injured

COLORADO CITY, Feb. 10.—Small hope was held here today for recovery of J. D. Smith, Monahans, who was injured gravely Saturday at 8 p.m. when his car overturned eight miles west of here.

Mrs. Smith and their daughter, Marion, 9, escaped without serious injuries. At the Root hospital Smith, a mechanic for the Hawkins Motor Co. in Monahans, was said to be suffering from brain concussion and a crushed leg. His mother Mrs. W. S. Smith, whom he and his family had planned to visit in Abilene, and a brother, W. B. Smith, Monahans, were at the bedside. The car apparently went out of control when it veered from the road, struck a soft shoulder and overturned several times.

Former Japanese Colonel To Hang

MANILA, Feb. 10. (AP)—Former Japanese Col. Shoichi Kadomatsu was sentenced by a US Army war crimes tribunal today to be hanged for ordering the beheading of two American fliers in the Celebes in 1944. The victims were members of the crew of a B-24 shot down while on a mission over Langoon, near the northern tip of the Celebes.

2 DROPS QUICK RELIEF FROM NASAL STUFFINESS

Two drops Penetro Nose Drops in each nostril relieves almost instantly. Shrinks swollen membranes, you breathe easier, feel better quickly. Use only as directed. Comes in 3 generous sizes.

HUMBLE OIL & REFINING COMPANY

A Policy That Needs Dissolution

While he was county judge of Andrews county, C. W. Roberts started a campaign to break up the University Lands dynasty and force the issue on smaller ranch and farm units for West Texas.

We can't imagine that he has lost interest and can't see why vastly wider public support is not given this idea. Obviously, it can't be broken at the top, for the system is too easy and the beneficiaries are too firmly entrenched.

Perhaps one of the difficulties is that too few people understand that the University holds title to vast spreads of land in West Texas—spreads that are not calculated in the thousands of acres. In fact, the University (and its branch, A&M) were given 2,329,168 acres of land. The fact that rich oil reserves have been discovered under wide areas of the lands in West Texas has made the University at least one of the potentially wealthiest educational institutions in the nation. There is no quarrel with this nor the policy of the state and the University retaining mineral rights.

However, a perpetuation of the surface rights in University hands is creating a problem which threatens to stifle maximum development of many areas of our section. Untold thousands of acres of the

land are suited only for the purposes for which it is generally used at the moment—ranching.

However, it is open to dispute whether it would not be better to break up the policy of large spreads by which cattle barons still maintain virtual ranch empires. In our own area a division of land into smaller tracts has brought in new families which have produced more than was produced before. Therefore, the net wealth of the area was increased.

Moreover, thousands upon thousands of acres of the University lands are suitable for cultivation. These could be broken into reasonably sized farming tracts and introduced into many counties a type of economy in which they are entirely lacking at the moment. In either case, the remuneration that the University would receive would be well above the rentals they now receive. Although the University land board proudly announced higher rentals a couple of years back, the fact remains that the figure is too low.

It would seem that the University would stand to benefit by release of surface rights for more diversified agricultural pursuits and at the same time lose nothing of its potential in mineral rights.

The Nation Today—James Marlow—

Shake-Up Rumors Damage Morale

WASHINGTON, (AP)—General George C. Marshall has made it clear that he is not going to tear the State Department apart.

Ever since he became Secretary of State Jan. 21 Washington has been full of rumors that he'd shake up the place.

Marshall made it clear at a news conference yesterday—his first—that:

1. He plans no severe housecleaning.
2. He refused the resignations of his top officials.
3. The rumors of a shake-up must have been damaging to the

morale of State Department workers.

Marshall used the news conference as a means of reassuring them and, at the same time, quieting the rumors.

He said he learned in the Army, as chief of staff, the need for good morale among the people under him if they were to do good work.

He didn't close the door on changes but indicated they wouldn't be severe or numerous until he knew the place a lot better than he does now.

At the same time he showed that he was carrying into the

State Department some of the ideas which made him a successful chief of army staff.

He's giving the top men around him plenty of authority to get things done and then holding them responsible for results.

He singled out Dean Acheson, undersecretary of state, as his chief deputy.

Acheson has been around the State Department a long time and knows better than Marshall can know at this time what needs to be done to make the department a better organization.

Affairs Of The World—DeWitt MacKenzie

Balts Renew Independence Drive

By J. M. ROBERTS, Jr.
AP Foreign Affairs Analyst
Substituting For DeWitt MacKenzie

A renewed propaganda campaign by representatives of the Baltic states operating in exile indicates an effort to bring their situation before the United Nations.

Lithuanians, Latvians and Estonians still operate legations here which are listed as official States government, although the countries were annexed by Russia six years ago and actual trade with the area is handled through Russia's trading corporation, Amtorg.

The Lithuanians are particularly bitter, accusing the Soviets of deporting their fellow-countrymen for slave labor by the thousands and of practicing all the brutalities which have become attendant on such enslavement movements in Europe under totalitarian governments.

Russia occupied the Baltic states in 1940, following through on her deal with Germany for the division of Poland and her campaign for strategic position in Finland. She staged plebiscites which resulted in requests for incorporation of the little states into Russia, of which they had been a part from 1795 until they obtained their freedom during the 1918 revolution. After World War I they had been recognized as independent and became members of the League of Nations in 1921.

In the spring of 1943, when the Germans had taken over, John Colburn, Associated Press

correspondent, reported from Stockholm that only fear of Russia prevented an open revolt against the Nazis. He said the Germans, however, had been welcomed in the beginning as liberators.

"Now Germany is considered almost as great an enemy as Russia," Colburn wrote. "For any country to consider Germany 'almost' as great an enemy as someone else bespeaks a real

grudge against the other fellow in those days.

Thousands of Balts fought in the Nazi armies against Russia because they feared the Reds. At the same time, their families at home were conducting a battle of passive resistance against the Germans, and in the forests men gathered by the tens of thousands to fight whomever necessary for liberty at the proper time. They were fed by the peasants despite stringent German requisitioning. But by the time the Russians drove out the Germans, guerrilla warfare was of no avail.

Ever since the plebiscites, independence leaders among the Balts have looked to England and the United States for help. They had offered to revolt against the Germans in 1943 and 1944 provided only Russia would give assurance of postwar independence, and now they are demanding recognition for their anti-Nazi work.

The legal grounds they cite, of course, appear good. Their percentage of Russian population is small, and they have treaties to cite. But unfortunately they lie in an area which, like parts of Finland, Russia felt she must fortify for self-defense. Their absorption by Russia is one of those things which happen when big nations get to trampling around. Since recognition of the republics as independent has never been withdrawn, their renewed campaign, if it generates enough steam, could cause considerable embarrassment at Lake Success.

Broadway—Jack O'Brian

Olsen And Johnson Cashing In

NEW YORK — Olsen and Johnson, who premiered their first cafe show for Nicky Blair at his huge, hangar-like Carnival, proved to be such a success that they are out-grossing their dizziest cash efforts of musical comedy days.

The first week's gross was \$61,000, almost double their average gross when "Heizapoppin" and "Sons O' Fun" were drawing sellout mobs to the Winter Garden. So far they're even out-drawing Milton Berle's records last year when he earned the largest night club salary to date.

The high salaried pay mark will be busted this season in Florida, when Danny Kaye receives a reported \$20,000 a week at a Miami hot spot. But the trend elsewhere is to smaller night club salaries. The recession to comics who aren't actually at the top of their field, is now the rule rather than the exception.

ONE comic locally who was getting up to \$3,500 a week for night club and vaudeville appearances is most satisfied now to be getting \$1,000 a week for steady work, which is a hundred or two more than he received prior to 1941.

Other supposed funny fellows whose pay hit as high as \$2,000

a week during inflated entertainment times are finding it almost impossible to be booked for half their wartime demands, and some are taking \$250 a week bookings in a mystified manner which suggests they believed all their sudden affluence would continue unabated.

I KNOW of one alleged comedian in particular who was very fussy about his bookings while there was a bull market in money and a bear market in entertainers, and his salary was consistently between \$1,500 and \$1,000 a week.

Suddenly, when the cafe owners of the country discovered the boys back from service again were available at something nearer normal prices, this fellow started adjusting his demands downward. He took successive bookings for \$900 a week, then \$750, and continued skidding financially until last week a night club owner in another city wrote me gleefully that things were getting rapidly back to normal. After asking \$900 a week, this up-and-down rocket finally settled for \$350, which was exactly \$50 more than he earned from the same gentleman in 1940.

The owner commented in the

same manner as have dozens of other entertainment businessmen and agents in the past months:

"The party's over."

Little Business Aided In Poland

WARSAW, (AP)— Seeking to raise the margin of employment in industries not producing goods of first necessity, the council of ministers has ordered basic enterprises employing up to 100 workers per shift be excluded from nationalization. Formerly, industries employing 80 workers were to be nationalized.

Industries affected include iron-casting works, mechanical repair workshops, perfumes and cosmetic factories, artistic goods production, furniture factories and glass works.

\$57,000 To Keep The Doctor Away

WINCHESTER, Va., (AP)— Apple packers of Virginia have paid \$57,000 into a fund to advertise Virginia apples. The money came from a tax of 1-4 cents a bushel which the growers asked the legislature to levy for the purpose.

THE LITTLE SAVAGE

Hal Boyle's Notebook

Beauty Is Odd Thing

NEW YORK, (AP)—Flying in to Chicago the other night I saw the most beautiful sight in my life—the lights of the airport twinkling up dimly through a 150-foot ceiling.

For hours we had been winging through fog and snow that shut us from the ground and sky—just a plane of people in transit through black space. When we finally circled in for the landing, each friendly light as it broke the mist looked as pretty as the Hope diamond.

For an hour I had been afraid the first thing we would see would be a skyscraper hurtling right into us.

The experience set me to thinking of what an odd thing beauty is. Of how often it is mixed up with terror and relief as well as love. And of how beauty lies really less in the object seen than in the emotion of the beholder.

A cancer cross-section in a glass slide, for example, can be a thing of beauty to a laboratory technician rapt in his work. It can do to him what Emily Dickinson's poetry does to me. And his strange choice probably is better, because it may lead to more good for others.

Everybody has sandwiched in him somewhere a list of things the life researches of his soul. Here are some random ones from my list up to now:

A brown Bull mother feeding her babe at twilight in the old maternal way.

Moonlight on a calm phosphorescent sea beneath the Southern Cross.

A redbird singing in a snow hung tree.

The wrinkled face of a French grandmother looking at her first great-grandson.

A sizzling two-pound baked potato (no French fries, please.) Sunlight shining into the blue grotto on the Isle of Capri.

The sunlight and shadow that play eternally on Naples Harbor under the smoking pipe of Vesuvius.

A three-year-old boy taking his first swim in the ocean. The look a wounded soldier gives a helpful nurse.

General Patton's eyes as he broke out in tears telling of the death of his young aide at El Guetar in Tunisia.

Two faces of young soldiers watching the burial ceremony for Brig. Gen. "Teddy" Roosevelt in Normandy as they paused on the way to the front.

The check I got from my first magazine article after ten years of printed rejection slips.

The grins of captured American soldiers being freed at Leipzig.

The frozen loveliness of clean-washed winter underwear—mine—waving against the background of muddy Italy.

The starched white crosses of the military cemetery at Henri Chappelle in Belgium where the Allied and enemy fallen know peace together—eternally in symmetry.

Search For Happiness

HOLLYWOOD, (AP)— He was rich, handsome, famous, in good health, at the top of the acting profession, in fact, he had everything that most people dream about. And yet he was searching for the secret of happiness.

I met the star as I walked onto a movie set this week and he immediately began inquiring how one can be happy. An extremely disquieted man, he had asked me this before and apparently neither I nor anyone else had been able to help him in his quest. After all, what can you tell a man who seemingly has everything he could desire. The source of his unhappiness was simple — his wife had left him; but the solution, if it existed, was more complex.

The question arises: Are movie stars happy? In many cases they are not. The above-mentioned case is no exception. One has only to keep up with the divorce news (no easy task) to discover the symptoms. There is other evidence which can be observed up close — the uneasy eyes, the nervous hands, the emotional outpourings of resentment and jealousy during conversation.

I know of one singing star who has been psychoanalyzed more times than a bughouse boarder and is constantly tottering on the brink of breakdown.

In Hollywood a person may be catapulted from behind a dry goods counter into stardom within a short space of time. He is handed a vast amount of money and may spend it on convertibles, girls, beach houses, \$300 suits or, in rare instances, annuities. He is constantly surrounded by fans and subordinates whose every move and word reflects adoration. He (or she) is subject to every kind of romantic tempta-

4 Big Spring (Texas) Herald, Mon., Feb. 10, 1947

Washington Merry-Go-Round—Drew Pearson

Big Oaks From Little Acorns Grow

WASHINGTON. — Navy's big brass, nettled over President Truman's insistence that the US land, sea and air forces be united under one head, may find that big oaks from little acorns grow and that their troubles stem back to an incident of 1940.

Harry Truman, then Senator Truman, was a member of a joint Senate-House group inspecting US air bases, and traveling in an army plane.

On the schedule was a stop at San Diego, Calif., where the navy had a complete air base, including paved runways and fine landing facilities. Near by was an army field, then being enlarged and its landing strips torn up. To add to difficulties, a heavy rainfall had given the field the appearance of a lake.

Truman's plane was supposed to land at the torn-up army field. But, arriving over the army base, the pilot decided to turn back and use the navy field with its clear and unflooded landing strips.

That was when his troubles began.

Radioing his difficulties to the navy field, the army pilot got word from the navy field officer that he was without authority to land any planes other than the navy's.

Then followed about 20 minutes of air-ground argument. But the navy stood pat. "Navy planes, only," it ruled.

Finally, the army pilot took a chance on the army field, bending a couple of propellers in the landing and shaking up his legislative cargo. Congressmen, after being loaded into trucks, headed for San Diego, most of them irritated by navy's adamant stance.

Bumping over the flooded field, Harry Truman remarked to a colleague:

"Something is rotten here. Perhaps all of the service — army, navy and air — should become one."

That was where the navy's troubles really began.

Now that various war secrets are being told by former Secretary of War Stimson and others, it may be appropriate to reveal the great human story of how one religious group cared for another during the war.

The story — of how the Vatican saved thousands of Jews — is told in a secret report by The War Refugee Board, an organization, largely non-Catholic, appointed by President Roosevelt to save religious minorities from Nazi death and persecution.

The report is couched in the unemotional, prosaic language of bureaucracy. But reading between the lines is one of the most human; dramatic stories of the war — how the Pope gave refuge to Italian Jews in the Sanctity of the Vatican, how the Pope sent money into Hungary to help the terrorized Jews of that country, and how the Vatican worked closely with American Jewish organizations to send supplies to refugee camps inside Hitler's territory.

Here are some of the highlights of the unpublished refugee report:

"Constant communication was had with Vatican circles through Ambassador Myron Taylor and Harold Tittman, American representatives at Vatican City, and through the apostolic delegate in Washington.

"Various appeals were addressed by the Vatican to authorities in Germany and the satellite countries in an attempt to halt deportations and other forms of persecution directed against Jews and other minority groups. When the Hungarian situation became particularly acute, a personal appeal for tolerance was addressed by Pope Pius XII to Hungarian Regent Horthy. From the United States, Archbishop Francis Spellman addressed an impressive plea to the Catholics of Hungary, asking that they protect and help the persecuted.

CONVERTED JEWS

So determined was his Holiness to alleviate suffering of those whom Hitler had singled out for destruction, that he attempted to protect large numbers by alleging their conversion to Christianity.

"Perhaps the most unusual means of extending protection to endangered persons in enemy-controlled territory were the efforts of the Catholic church to save lives by means of conversion to Christianity. Nazi attempts to oppose these measures met with the response that the church had authority to baptize immediately any person who was in imminent danger of death.

When the situation in Hungary grew more critical, groups of Hungarian Nazis entered churches and broke up religious classes being held for Jews, with the result that many baptisms took place in Hungarian air-raid shelters where hundreds were baptized.

"Conversion to Christianity did not, however, permanently exempt persons of Jewish descent from Nazi persecution. Discriminatory and deportation measures were generally extended to such converts in short

Farm and Ranch—Wilbur Martin

Blackeyed Pea On Success List

Some people think about the blackeyed pea once a year — around New Year's. But if any member of the agriculture class of '47 was given the "most likely to succeed" title, B. Pea would be a strong contender.

Texas farmers have found they can help pocketbooks and land, too, by planting the pea with the eye in the middle. Dawson county agent T. A. Barfield is the latest to report big cash dividends from this crop.

An average of \$110 per ton in the hull was paid for the

1946 crop of green field peas in West Texas, he said, reporting that in Dawson county alone, acreage was between 20,000 and 25,000 acres. A yield of 400 to 2,000 pounds per acre was realized.

And just to show that B. Pea is gaining quite a reputation is the report of buying at Lamesa. Barfield said the minimum price in Lamesa was \$80 per ton, with competitive buying boosting it to a top price paid of \$130 per ton.

A second factor that makes

the blackeyed pea important is in its aid to land. It helped restore much needed nitrogen to the soil in Dawson county.

Lubbock, Lynn, Terry, Bailey and Hale counties are others that went in heavy for blackeyed peas last year.

Notes n' such:

Lamar county is going in heavily for livestock water dams. Since 1940, 1,400 have been constructed. Last year 107 were constructed by 103 farmers and ranchers.

Denton county corn growers are turning to the hybrid strain in increasing numbers. The yield is said to be much greater than that of ordinary variety.

Texas Tech has obtained a two and one-half ton truck equipped with a mounted spraying unit for applying cattle, open sheds, lots and trees to control insects and parasitic growth. The truck was received from the Chemical Warfare Service at Fort Sam Houston.

In Hollywood—Bob Thomas

Parents, Watch Your Manners

MT. VERNON, Ill. (AP)—Mt. Vernon High School's students and basketball players called their elders to task, accusing them of unfairly razzing and booing officials and guest teams.

In a formal resolution they admitted "Mt. Vernon has acquired an unenviable reputation" by a player, and supported by the student body, said the students "respectfully request townspeople to join in an effort to suppress booing and any other type of unsportsmanlike conduct."

New Church Burned Will Be Rebuilt

NEW CHURCH BURNED 14 — AMHERST, Va., (AP)— Burned to the ground on the eve of its dedication, the Poplar Methodist church will be rebuilt and the congregation says it will be "better than before." The new building which burned was to replace a structure dating back to 1873.

Parents, Watch Your Manners

Parents, watch your manners. Most acting people are naturally more emotional than others, and living high and working hard, they seek fast and exciting pleasures. It takes a person with feet well grounded to withstand these forces.

But despite these elements, there are some that survive and remain normal, happy individuals. Let's see, there's Gregory Peck, and Robert Young, and June Allyson, and Dick Powell, and Glenn Ford, and . . . Hmmm, there must be some others.

Martin, Burns Mix At AC Again Tonite

Tulsa Seeking To Avenge Loss

Promoter Patrick O'Dowdy clears the decks at his Big Spring Athletic club around 9 o'clock tonight for a best-two-of-three fall match between Wayne A. Martin of Tulsa and the Montana bulldogger, Butte's Bobby Burns.

The show gets on the road an hour earlier but the spotlight will be on the main go more so than ever before. Burns and Martin had at it in last week's outing and it was quite a party. Martin claimed he won. The crowd claimed Martin won. Burns claimed he deserved the laurel wreath and had the referee's word to back up his argument.

For a while there, it seemed Burns was going to win that part of the argument but lose another—a very important one to the onlookers. They were disturbed, to put it mildly, and threatened to hang the badman by his thumbs. However, Martin smoothed things over by asking O'Dowdy to let matters stand on the condition

that he get another shot at the round-man. The crowd went home after being assured that such would come to pass.

Martin's reversal was the first suffered in his local campaign. Previously, he had beaten Burns and a flock of others before being deadlocked by Dory Detton of Amarillo in an exciting draw.

Detton, incidentally, will be here to act as arbiter of tonight's match. The first part of the program proffers Jack Pappenheim of New York City against Salt Lake's Hy Sharman. Pappenheim will be making his second appearance locally, Sharman his first. The former bowled over Johnny Carlin after experiencing some difficulty last week.

Greenberg Thru, He Intimates To Reporters

NEW YORK, Feb. 10. (AP)—Hank Greenberg probably has hit his last home run.

The end came with shocking suddenness yesterday afternoon. A few hours before the mighty slugger was expected to sign a contract with his new club, The Pittsburgh Pirates, Hank called a handful of reporters to his swanky East Side apartment to admit he was "considering retirement" as an active player.

Although Greenberg left the door open a crack by using the word "considering" instead of announcing an outright retirement, insiders believed he never again would appear as a player. Aching leg muscles that prompted retirement stories last summer, combined with a disillusionment following his sale by Detroit to Pittsburgh after spending all his 11-year big league career with the Tigers organization, were said to be important reasons for his decision.

President Frank McKinney of the Pirates said Greenberg's contract was purchased from the Tigers in good faith and that deal stands as first consummated.

Greenberg made it plain that money was not a factor. In fact, he insisted the Pirates, who bought him for a reported \$40,000 after he had been waived out of the American League, offered him more than he ever got in Detroit. That would have to be more than \$55,000 and one report said the pay would have topped Babe Ruth's all-time \$80,000 high.

"After 11 years and 1,150 games in a Tiger uniform, I always expected to finish my career in Detroit," he said in part, "since it was decided for me that this could not be, I do not desire to start anew in a strange environment."

The 36-year-old veteran may have given the real reason for his action when he said "I feel there is yet much good baseball in me as a player and executive."

Only two weeks ago in a radio program he claimed he had applied for the vacant job as general manager of the Tigers in a letter the Detroit office said it never received. It is common knowledge that Hank has ambitions to be an executive and owner.

Oliver Pockets Top Prize Cash In Texas Open

SAN ANTONIO, Feb. 10. (AP)—Ed (Porky) Oliver had the shots in the stretch so today he carries \$2,000 in his jeans as the fruits of a dramatic victory in the twenty-first Texas Open.

As the tourists of the PGA departed the next tournament stop—St. Petersburg, Fla.—the chubby Wilmington, Del., professional counted his first major championship since the St. Paul Open of 1940. But the links' round man was in the Army for five years and is just now really hitting the comeback road.

Oliver rammed out a seven-under-par 64 in the final round yesterday to close with a 265 for 72 holes—just one stroke over the record Ben Hogan hung up last year on Brackenridge Park's 6,400-yard par 36-35 course. It was good enough to beat out the music man of the fairways—Jimmy Demaret of Ojai, Calif., professional by way of Texas. Demaret finished with a 67 and his total fell one shot short of Oliver. Smiling Jimmy put \$1,400 into his bank account.

In third place was tall, blond Harry Todd of Dallas, who closed with a 68 after faltering in the third round to lose the half-way lead he built up Saturday, while tied for fourth were Vic Ghezzi, the big fellow from Knoxville, Tenn., and Fred Haas, Jr., of New Orleans. Each had a 268. Todd won \$1,000, Ghezzi and Haas \$750 apiece.

Dick Metz of Chicago, playing his first tournament since being suspended for two because of the PGA tournament manager, wound up in sixth place with 270 and \$600.

Oliver's 265 was 19 strokes under par for 72 holes and it came with this card: 67-64-70-64. At the tournament's half-way mark Oliver was tied for third place with L. W. Worsham of Washington, D. C., and at the end of 54 holes was tied for fifth spot. Worsham led the field at that stage but took a three-over-par 74 on the last round to drop down to a tie for seventh at the finish.

The man who was supposed to win the tournament—Ben Hogan—had a nightmarish first round, which he shot in 75, and never could come close to catching up. Little Ben wound up with 278 and a tie for fifteenth place. But he held onto first place in money-winning for the year. The \$152,500 he got here brought his total to \$6,385.83. Demaret still is second with a total of \$6,053.33.

'Basic Science' Bill Is Opposed

AMARILLO, Feb. 10. (AP)—The American Naturopathic Association of Texas is in favor of high standards of practice, Dr. William L. Ball, Amarillo, president of the group said yesterday.

But the group, in opposition to the "basic science bill" endorsed by the Texas State Medical Association, he said. In a statement, Dr. Ball said: "The basic science bill as being requested by the Texas State Medical Association is attempting to take from the people of Texas the right to choose the doctor of their choice."

"Naturopathy is different from medicine. Basic science laws are medical laws. The basic science bill would compel practitioners of all healing arts to study, embrace and approve the principles and theory of medicine. It would compel the naturopath, osteopath and chiropractor to master subjects he never has to use. Basic science laws are vicious. They strike at the foundation of free society. They allocate to one special group of healers the privilege of dictating to all others, thus limiting the channels of progress in healing. "The naturopaths of Texas are in favor of high standards of practice, but with equal representation of all the healing arts."

Midland Bulldogs Seeking Clinch On Tourney Berth

War Birds Move Ahead Of Cats

From all indications, Midland's Bulldogs have won the fourth place slot in the Shaughnessy playoff of the District 3AA basketball wars, which draw to a close next week.

The Canines beat off the challenge of the Lamesa Tornados last Friday, 46-36, and then widened

the gap between them and the remainder of the field by thrashing Sweetwater Saturday 31-24. Abilene, meanwhile, moved a half game out in front of the San Angelo Bobcats and retained its chances to finish in a deadlock for first place with Big Spring by dumping Odessa, 46-21, on Saturday.

The district tournament which will be unreeled Feb. 21 and 22 at a site yet undecided, will probably pit Big Spring against Midland and Abilene against San Angelo in a game here. The Steers will be slight favorites to do just that, since they edged the Cats by a single point in a game at Angelo last week. The Bovines always look to better advantage on their own court.

The league's card for the week is full. A total of eight contests will be played from Monday through Saturday nights.

LOOKING 'EM OVER

WITH TOMMY HART

If the proposed baseball stadium becomes a reality, the local sporting gentry will not want for athletic entertainment during the summer.

The professionals are ready to come in, promise something like 65 home games extending over a period from May until football season.

Conn Isaacs will have his high school diamond nine going by April and the youngsters will be playing long after school has shut down for the summer. The American Legion is reportedly coming out strong for a Junior team—composed of players 17 years of age and younger—which will compete for the state championship and a chance for the national crown.

There no doubt will be a Negro team formed—the colored athletes have already been promised part time use of the park's facilities. Elias Gamboa and his Big Spring (independent) Tigers are ready to launch spring drills again. Gamboa's brigade played throughout the 1946 campaign, was recognized as one of the strongest contingents of its kind in these parts.

Provisions will probably be made in the park's plans for a cinder track, so that a track and field meet could be staged there without re-ramping the layout. Jack Smith, one of the officials of the Big Spring Athletic association, says that organization would like to transfer the scene of the Big Spring Relays from the football stadium to the park.

There has also been talk of holding monthly amateur fights at the baseball plant.

The Lions' Club drive for funds to be used toward construction of the park brings the facility nearer reality every day. Local carpenters, pipe fitters and welders who do not feel they are in a position to help finance the project can contribute just as much toward the venture by offering to donate a day's work or more.

Men who can take the time off from their regular pursuits to help construct the stadium should contact Jack Smith at Cosden refinery, Lou Baker, Ira Thurman or some other worker in the financing campaign.

There's been no decision made yet on the football coaching post at the local high school, nor any indication as to when we can expect an announcement.

PORKERS FACE PONIES

Schedule Favors Texas In Loop Stretch Drive

By The Associated Press

Undeclared Arkansas and Texas have entered the second half home stretch of the Southwest Conference basketball chase and only the Southern Methodist Mustangs seem likely obstacles to prevent a title determining series between the two perfect record leaders the last two days of the season.

Arkansas moves into Dallas Friday and Saturday to meet the Mustangs who last Saturday bowled to Texas for their second loss of the campaign. The two setbacks, both to the speedy Longhorns, all but eliminate the Ponies from the championship picture but a split or sweep of the Arkansas series would put the SMU five in excellent position in the runnerup slot.

The Dallas tilts will be the Porkers' most serious tests of the campaign and will match teams playing a similar type of game, slower and more deliberate than the speedy Longhorns. Both depend on height and the deadly accuracy of individual scorers, such as Arkansas' Al Williams and George Kok and the Ponies' Tommy Tomlinson.

Despite the outcome of the Porker-Mustang games, Texas looms an even stronger favorite because of a schedule advantage. The Longhorns meet Texas A&M at College Station Saturday in their final road trip of the year. After that they play four straight home games, entertaining Baylor and Rice before an Arkansas invasion.

After SMU, the Porkers entertain the Aggies at Fayetteville before moving into Austin.

Texas drew a half game ahead of Arkansas last week by taking three games, 61-41 from A&M, 72-44 from Texas Christian, and 58-51 from SMU. Arkansas took two victories from Baylor's defending champions, 55-50, 68-57.

Rice fell before SMU, 66-46, and TCU, 55-50. The latter game gave the Christians their first victory of the season, ending an eighteen tilt streak that tied a record set in 1945 by Baylor.

Other conference games this week will find Rice meeting Texas A&M at Houston Wednesday and Baylor at Waco Saturday. John Hargis, Longhorn forward, moved back into the individual scoring leadership for both conference and full-season play. In 19 games the Nacogdoches forward has scored 286 points as compared with an 18 game total of 285 for Williams of Arkansas. In seven conference games Hargis has collected 117 points to 113 for Arkansas' Kok in six tilts.

Conference standing:
Team W L Pct. Opp. Pct.
Arkansas 8 0 .800 303 1,000
SMU 6 0 .600 284 .587
Baylor 5 0 .500 426 .278
Texas A&M 4 0 .400 317 .143
TCU 1 7 .125 360 .462

Juniors Tangle With Stanton 5

Lights at the Big Spring high school gymnasium go on tonight for an exhibition basketball game between Jim McWhorter's up-and-coming Big Spring Yearlings and the Stanton Junior high contingent. Game time is 7:30 o'clock. The Yearlings thrashed Stanton, 25-12, in an outing at Stanton last week and will be favored to do it again.

McWhorter has built his offense around such operatives as Billy Carlisle, Howard Jones and James Mannin.

The Yearlings took part in the San Angelo tournament recently, losing out to Lake View in the second round after tripping Brady in the preliminaries.

Bufs Defeated In Meet Finals

HARROLD, Feb. 10. — Frank Honeycutt's Forsan Buffaloes lost out in the finals of the Harrold Invitational basketball tournament here Saturday night after mowing down the Vernon reserves and Harrold in earlier rounds.

Victory over the Howard county troupe was South Locket, which copped the title as result of a 37-21 triumph. The Bisons had sidelined Vernon, 26-21, and Harrold, 33-30, to reach the finals.

Bobby Baker, Forsan forward, was named to the all-tournament team. Honeycutt's reserves also won two games on the road trip, subduing Vernon's second stringers, 16-15, and Harrold's bench warmers, 40-10.

Florida Betting Shows Decline

MIAMI, Feb. 10. (AP)—The second half of Miami's 120-day horse racing season began today with figures for tote and turnstile showing that New York is not alone in its tailing-off turf trend.

For the first 60 days of the current stand, comprising Tropical Park's 40-day session and the initial half of Hialeah's term, 712,824 fans wagered \$48,595,792, drops of \$2,471 and \$5,808,468 from a similar period last winter. Gulfstream Park had the opening 40 days in 1945-1946. That meeting and the first half of Hialeah's resulted in attendance hitting 805,295 and betting \$54,404,260.

Bill Dudley Top Safety Man, Too

NEW YORK, Feb. 10. (AP)—To his honors as No. 1 ball carrier and foremost pass interceptor in the National football league, Bill Dudley of the Pittsburgh Steelers today added the title of No. 1 safety man for the 1946 season.

The former Virginia All-American, who left the Steelers recently to return to his alma mater as backfield coach, was ranked first in the art of returning punts in league statistics computed on

GOD AND COUNTRY-In the first words of the Boy Scout oath, the youth pledges himself to do his duty "to God and my country." New emphasis is being laid upon this part of the oath through a special God and Country award, which Bobby Hickson received Sunday. His mother, Mrs. E. P. Hickson, is pinning on the decoration, which signifies special fidelity to his church, while Elra Phillips, his scoutmaster, and the Rev. W. E. Hutchings, his pastor at the Main Street Church of God, look on. (Jack M. Hayes Photo.)

A&M Administration Hit By Big Springer

Broad accusations against the administration at Texas A&M have been made by Delbert V. Schultz, Big Springer, in a letter for general circulation to the press. Schultz member of the class of '46, contended for the removal of Gib Gilchrist as president of Texas A&M college, charging that the president had avoided "the main issues" to make "it appear that there is another issue (hazing)."

Shutter Bug Club Being Organized

Camera enthusiasts who fall approximately into the 16 to 20-year age group, are being urged to attend an organization of the Shutter Bug club at the YMCA at 7:30 p.m. today. The club, a small group activity sponsored by the Y, is to be under sponsorship of Ralph Cathey. It is planned to develop a program of interest to camera fans, possible facilities for developing, printing and enlarging pictures; staging of amateur displays and contests. Those interested in photography are urged to attend the meeting.

Wallace Reservoir Termed 'Milestone'

SHREVEPORT, La., Feb. 10. (AP) Dignitaries from Texas and Louisiana heard Lt. Gen. Raymond A. Wheeler, chief of army engineers, term the Wallace Lake flood control reservoir a "milestone" yesterday in dedication ceremonies. "It officially marks the completion of the first dam and reservoir constructed by the corps of engineers in Louisiana," he declared, "and is the most important extension to date in our flood-control activities below the main-stem Denison dam, and into the areas off the main stem that have suffered greatly from floods arising from the tributary streams."

Afraid To Sleep Due To Indigestion

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores. (adv.)

Junior College Registration Now Up To 185

Enrollment continued Monday at the Howard County Junior college with 185 on the books and fairly good prospects of an eventual registration of 200.

At the same time, E. C. Dodd, president, laid new stress on evening school class possibilities. No less than 12 subjects are possible for class organization Monday and Tuesday evening, contingent upon sufficient demand.

Those attempting organization at 7:30 p. m. today at the college are a class in Bible (New Testament) offered under Elizabeth Akers, in cooperation with the Big Spring Pastors association; advanced shorthand, speech, business law, typing.

Tuesday at 7:30 p. m. classes to attempt organization are conversational Spanish, beginners shorthand, music appreciation, business psychology, government, advanced and beginning bookkeeping.

Any adult interested in the subjects listed should attend the organization sessions either this evening or Tuesday.

The college is planning an assembly at 1 p. m. Wednesday to welcome new students, and Gordon Worley, Austin, supervisor of curriculum and supervision for the state department of education, is to be the speaker. Although enrollment has declined slightly at this point, Dodd pointed out that only one student has been lost to another college, whereas around a score from other colleges have enrolled in HCJC.

Additional Safety Aids Planned In Improvements At Airport

Another release from Washington today indicated that installation of additional safety aids will comprise some improvements planned at the Big Spring Municipal Airport.

According to the latest bulletin, the CAA plans to place "localizer" and "glide path" beams at the local port. The "localizers" are beams which direct pilots to the center of runways, the announcement explained, while the "glide paths" give a pilot his elevation and direct him downward to the runway.

According to the listing, the project here is planned for not later than Aug. 1.

The Big Spring port was included in a larger list of Texas airports in an announcement Saturday night which stated that certain improvements were planned for completion by the end of 1948.

There were 13 other Texas ports on the list released today, with the same types of safety aids planned for all. They included ports at San Antonio, Dallas, Fort Worth, Brownsville, Amarillo, Austin, Corpus Christi, Houston, El Paso, Abilene, Laredo, Lubbock and Texarkana. At ports in Dallas and San Antonio, ground control approaches also will be installed.

In addition to both types of beams, the local port is slated to receive markers for giving pilots exact distance from the airfield, compass locators to determine the exact direction of a field and approach lights leading to the runways.

C-C Directors Plan 1947 Work Program

Chamber of commerce directors, meeting in special session Monday, looked to the 1947 program of work.

At the same time, results of the election of new members of the board by the membership were announced along with the appointment of nominating committees to report at another meeting of the board Wednesday at 4 p. m. to receive the reports.

Lewis Price was elected to fill the unexpired term of Wiley Curry, who last year moved from the city.

Elected to the board were R. L. Cook, Dr. R. B. G. Cowper, J. L. LeBlou, W. L. Mead, W. S. Morrison, Champ Rainwater, Harold Steck, Merle J. Stewart, Ira Thurman, H. W. Whitney.

Announcements of the annual banquet on Feb. 18 were made and directors asked to assist in ticket sales for the affair. K. H. McGibbons is chairman of this activity.

Directors also were urged to attend the 4-H boys livestock and the Howard County Hereford Breeders shows this week.

With J. H. Greene, manager, leading the discussion, members of the board gave suggestions for inclusion in the new program of work. Greene stressed the importance of individual responsibility as did the president, Joe Pickle, in a brief message to the directors.

Named to the committee on nominations for new officers were Ted Groehl, Ted Phillips and R. L. Cook; to the committee on nominations for election of additional directors by the board were R. T. Piner, Dr. P. W. Malone, R. W. Currie, Merle Stewart and H. W. Whitney. Cecil Edwards, assistant manager, announced that 37 new members had been secured on the pre-annual meeting campaign.

Howard County Trio Enlists In Army

Three Howard county men have been processed for military service at the local US Army recruiting service and dispatched to the reception center at Goodfellow Field, San Angelo.

They are William H. Watson and Clarence H. Nelson, both of Rte. 2, Big Spring, and Dewey K. Hill of the Army Air Forces for three years.

Since Feb. 1, a total of 26 men have volunteered for US Army duty here. Local quota for the month is 55.

Court May Condemn Right-Of-Way Land

County Judge Walton Morrison said this morning that condemnation proceedings would probably be instituted shortly against those farmers owning property along the right-of-way of the Snyder-Big Spring road who refused to come to terms.

Morrison said members of the commissioners' court spent most of last week in the field in an attempt to complete transfer of the needed land but very little progress was made.

The court began a two-day session on other matters this morning. The group was to name county election officials and review the monthly financial report.

Bricker To Narrow GOP Possibilities

WASHINGTON, Feb. 10 (AP)—The possibility that Senator Bricker will narrow the field of Republican presidential possibilities this week focused fresh attention today on widening policy differences between Senators Taft and Vandenberg. Friends of the former Ohio governor said Bricker will announce in Columbus Thursday that he thinks Taft should be the state's favorite son choice in 1948.

They added that if the announcement is not forthcoming then, when both senators will confer with Ohio party leaders, it will be made later.

The tacit understanding that Bricker is eliminating himself from preliminary consideration for the nomination leaves only Taft and Vandenberg in the Senate as first rank 1948 possibilities. Several other senators have been mentioned, but few politicians credit them with the opportunity to grab off the top spot.

Medical Leaders Attend Hearings

DALLAS, Feb. 10 (AP)—A group of Dallas medical leaders and others will attend legislative committee hearings on a proposed \$1,500,000 hospital, it was announced yesterday.

Fred M. Lange, vice-president and managing director of the Southwestern Medical Foundation, said committee hearings on the proposed cancer, pellagra and psychopathic hospital were scheduled Feb. 24. Lange is making arrangements for the Dallas group's trip to Austin.

Special Fare Stopped

WASHINGTON, Feb. 10 (AP)—The War Department announced today it has been informed that all rail and bus lines are cancelling special furlough fares for service personnel effective Friday, Feb. 28.

REVEREND SCHLITZ DIES

SAN ANTONIO, Feb. 10 (AP)—Rev. Peter Schlitz, 77, professor of English and Modern Languages at St. Mary's University since 1930, died at a local hospital yesterday.

Tuesday Rotary Meet Suspended

Regular Tuesday luncheon meeting of the Big Spring Rotary club will be suspended this week, H. D. Norris, club secretary, advised today.

Instead, the Rotarians are planning a special "ladies night" meeting for Friday night in the Settlers. Dr. P. D. O'Brien will be master of ceremonies at the Friday night meeting and Delbert Downing of Midland will be principal speaker.

Rotary members who cannot attend the "ladies night" meeting will be credited with attendance for the week if they report to the secretary at noon Tuesday, Norris said.

High School Lunch Room May Be Closed

An analysis of costs and resources is being made by W. C. Blankenship, school superintendent, with the objective of ascertaining what prospects are for keeping the high school lunchroom open after March 1.

The lunchroom is confronted with a grave problem through failure of the state to match federal funds for the program. Although a bill has been introduced to cover the state's administrative expense, the larger measure for payments to the various projects has not cleared either of the houses.

Average patronage of the project, said Blankenship, was down to around 160, whereas he estimated it would require from 200 to 225 to insure continued operation of the project in lieu of outside funds.

The lunchroom was established a year ago as a P-T-A project on an experimental basis and was taken over in September by the schools.

Stick Up Man Sticks Out Chin

CENTRALIA, Ill. (AP)—A man accosted Donald Brown as he put his automobile in his garage the other night and commanded: "Stick 'em up."

Brown did. But, then noting that the would-be robber apparently was not armed, he swung his fist and connected.

Next morning Brown reported the episode, advising police to be on the lookout for a man who can run fast.

JURY BEING CHOSEN FOR McCUE CASE

A jury was being chosen this morning for Lois Lester McCue's civil suit against Alfred R. Collins.

Mrs. McCue is suing for possession of her building at Third and Main streets, having alleged that her contract with Collins, a druggist, has expired.

The case of Mattie Shoultz vs. Nona Belle Saunders, suit for damages, was set by Judge Cecil C. Collings for the week of April 21.

STAMP HONORS EDISON

MILAN, O. (U.P.)—A special stamp commemorating the 100th birthday of Thomas Alva Edison will be placed on sale here. Edison's birthplace, beginning Feb. 11, the Post Office Department announced.

LEUKEMIA VICTIM DIES

DALLAS, Feb. 10 (AP)—Funeral services for Charles Russell Broyles will be held here Tuesday, it was announced last night. The four-year old boy died yesterday of leukemia.

497 JAPS PERISH

TOKYO, Feb. 10 (AP)—Kyodo News Agency reported today that 497 Japanese repatriates from Korea perished when the 100-ton vessel Ebiu Maru sank 10 miles off Chinnampo, Korea, Oct. 29, 1946.

TOASTMASTERS SLATE TRIO OF SPEAKERS

Arthur Caywood, Dr. R. B. G. Cowper and J. T. Johnson are scheduled as speakers on the weekly program of the Toastmasters club at 6:30 p. m. today at the St. Mary's Episcopal Parish house. Rupert Ricker is to bring the educational talk. William E. Greenlee is to be the toastmaster and R. R. McEwen, Jr., is to propose the table topic.

JUDGE BLASTS NOSEY 'IN-LAWS'

CHICAGO, Feb. 10 (AP)—Circuit Judge Robert J. Dunne says he would like to have "nosy interferences" and "meddling in-laws" brought into his court along with the principles in some divorce cases before him.

"If I could figure out a way to get jurisdiction over these nosy interferences," he said, "they'll go to the county jail."

Additional Safety Aids Planned In Improvements At Airport

Another release from Washington today indicated that installation of additional safety aids will comprise some improvements planned at the Big Spring Municipal Airport.

According to the latest bulletin, the CAA plans to place "localizer" and "glide path" beams at the local port. The "localizers" are beams which direct pilots to the center of runways, the announcement explained, while the "glide paths" give a pilot his elevation and direct him downward to the runway.
