Assail Germany's Re-Armament Program as War Peril

Cinema Lures Her

Marion LaFollette, 22-year-old cousin of Senator Bob and Governor Phil LaFollette of Wisconsin, is trying to get in the movies despite the fact that family members want her to carry on the family political fame. She soon will share in her mother's million dollar estate.

Held for Ransom

Friends of William Weiss, night club king, fear he may have been slain by underworld enemies holding him for \$100,000 ransom. J. Edgar Hoover, federal investigator, has taken personal charge of the case.

Several Midland Men Bring Home Deer This Week

Midland men returning from deer hunts this week have reported good luck in spite of the cold weather which held up their hunting for three days. W. G. Riddle returned early in the week, his party having made successful kills between Marfa and Presidio. With him were J. B. Patterson of Fort Worth and Joe S. Hush of Dallas, telephone company officials, and Rufus S. Garrett, Fort Worth attorney. Clayte Tatum, who went to the Tres Vejas ranch 50 miles south of Van Horn, killed a buck, as did several Monahans companions, including his father, his brother, Fern Tatum, Dave Suddarth, Jap Hearald and George Rhoads. Bennie Bizzell, Clint Vaughn and others brought in large black tail deer at the middle of the week. J. Howard Hodge, his brother, Homer Hodge of Winters, and Presley Nesmith of Abilene returned Friday night from a successful hunt in the Davis mountains. Held up for three days on account of snow, they went high in the mountains Thursday morning and soon had killed their three black tail bucks. It required two whole days to get them to camp by pack mules. The buck killed by Howard Hodge weighed 220 pounds.

Testing Commercial Value Is High Spot of Oil News

BY PAUL OSBORNE
Testing of several wildcat wells to determine whether they are of commercial calibre or should be abandoned, coupled with the beginning of seasonal slackening of activity, accounted for quietness in West Texas oil affairs during the past week. Only four wells were completed during the week, three of these being field development operations and the other a dry hole; and although 17 new locations were announced, all but three are development wells on or near proven acreage. Of the three closely watched wildcat tests in Andrews county, only one, the Bond et al. McCauley, reached a decisive stage. This well, located in the center of the southwest quarter of section 29, block 3, public school land, south of the Means wells some thirteen miles, drilled yesterday to contract depth of 5,000 feet. Although in good time at bottom hole depth, salt and anhydrite interbedded with lime from 4,900 feet on made it questionable whether this test would be abandoned or drilled deeper. Completion not yet having been announced. Honolulu-Llano No. 1 Parker, likely prospect west of the Bond test, in section 1, block A-44, public school land, failed to get water, shut off when cement for plugging back to a depth of 4,760 feet did not set and operators Friday were forced to reagent by different process. The result will be tested Monday. Still farther west and slightly south of the Honolulu Parker, Humble Oil and Refining company, No. 1 Walker, testing at a total depth of 4,500 feet, registered about a million feet of dry gas but no oil, and preparation is under way to deepen. Location is 660 feet from the south and east lines of section 6, block A-43, public school land. In the Means area of northern Andrews county, is reported the Humble Oil and Refining company No. 1 R. M. Means, discovery well, has gone dead, and equipment from the same company's No. 1 J. S. Means is being moved back on the rig to clean out and deepen in an attempt to again put the well on a producing status. Meanwhile two and a half inch tubing has been run in the No. 1 J. S. Means and most recent gauging showed the well to produce 78 barrels of oil through tubing in 14 hours. With separator installed to handle gas which broke in after acid treatment at out casing stop in the Landreth-Humble No. 1 Scharbauer in northwestern Ector county, the well yesterday tested 15 million feet of gas, considerable water and relatively little oil. Operators are undetermined as to what procedure will be followed in the work on this well, and it stands at plugged back depth of 4,186 feet. The Scharbauer is a wildcat location in section 20, block 44, township 1 north, T. & P. Railway survey. Landreth No. 1 Johnson, testing an unexplored region midway between the Cowden pool and Odessa, drilled yesterday to 1,990, having topped anhydrite at 1,765 feet, and salt at 1,830 feet. One of the completions of the week was Standard Oil and Gas company No. 12 J. M. Cowden, located 3,300 feet from the east line and 1,980 feet from the south line of section 34, block 43, township 1 north, T. & P. Railway survey, a Cowden pool well. With total depth of 4,260 feet, the No. 12 showed 108 barrels before shooting with 330 quarts from 4,177 to 4,260 feet, after drilling the well 24 hours, it made 445 barrels through casing. The same company's No. 10 Cowden, is drilling below 4,163 with flush joint pipe and is showing oil topped at 4,163 feet. Other Ector county operations have not drilled to interesting depths as yet, and the single location announced in the county is Standard Oil and Gas company No. 5 E. F. Cowden, an Addis pool location which will be 660 feet from the north line and 1,980 feet from the east line of section 27, block 43, township 2 south, T. & P. Railway survey. Winkler county's most interesting well, the Fox-Butler and Jeffries No. 1, Brown and Altman, is drilling ahead below 2,392 in brown lime after cementing a split joint of casing. The wildcat is located in section 6, block B-5, public school land, and the drilling and production comparable to that of the Skelly Halley and Sayre Howe, recent completions. In the Sayre area, which lies east of the Van Horn pool, the Hendrick pool, four wells are being drilled, and one new location was announced during the week. Of the three, the Maguire, owned by the Maguire Oil company, No. 1, Walton is close to pay horizon, it having set casing Wednesday at 2,507 feet, after topping lime at 2,502 feet. The new location is J. C. Maxwell No. 1 Daugherty, 330 feet from the east line and 2,310 feet from the south line of section 11, block 26, public school land, a west offset to the Sayre No. 1 Howe, discovery well, which is now shut in waiting on pipe line connections with a gauged potential of 564 barrels per day. In the Scarborough pool in the north part of the county, two wells (See OIL NEWS, page 6)

BODIES OF THREE GIRLS, BRUTALLY MURDERED, FOUND ON MOUNTAIN ROAD

HARRISBURG, Pa., Nov. 24. (U.P.)—The bodies of three golden haired girls, from 5 to 14 years old, were found today beside a mountain road near Pine Grove furnace. The bodies, covered with a red blanket, were discovered by John E. Clark, caretaker on an estate. A coroner said the girls had been dead for several days, although their bodies had been placed there no longer ago than Friday.

UNION SERVICE GET CONFESSIONS FOR THANKSGIVING IN HUGE SWINDLE

CHICAGO, Nov. 24. (U.P.)—State's Attorney Vernon Thompson and Dodd Healy claimed today to have full confessions in connection with a gigantic bank and insurance company swindle. Hayden Sanders, former Chicago gambler and treasurer of the Lincoln Life Insurance company of Springfield, Ill., and Otto Derck, 22-year old bank clerk who planned to plunge the \$13,000,000 insurance company and gain control of three Indianapolis banks, were alleged to have made the confessions. Officers were looking for Gustav Lindquist, president of the insurance company, who had been missing since Tuesday.

Street Car Strike Fails Halt Service

LOS ANGELES, Nov. 24. (U.P.)—Street car and bus service was paralyzed temporarily today as 1,600 workers were called to strike. However, schedules were resumed shortly afterward in spite of the walkout.

Advisors Clash On Housing Plan

WASHINGTON, Nov. 24. (U.P.)—A clash appeared today in different circles of opinion over the New Deal, between Harold Ickes and James L. Moffitt, presidential advisors, over the housing plan. Ickes favored public financing of housing while Moffitt argued that private financing only was equitable.

Power Policy Is Subject of Parley

WARREN SPRINGS, Ga., Nov. 24. (U.P.)—President Roosevelt today formulated a nation-wide federal power policy, based on cheaper rates as a step towards economic recovery. He met with Frank R. McNinch, chairman of the federal power commission. It was evident that the administration intends to reform the utilities and that \$250,000,000 will be appropriated this winter to continue the TVA public ownership experiment.

Christmas Seal Program Here Affords Substantial Local Tuberculosis Fund

The big job of getting out nearly 1,000 letters, folding the Christmas seals, and stuffing the envelopes is nearing completion according to Mrs. W. H. Sloan, chairman of the Midland County Public Health Board, who is helping with the work of the annual mail sale of the Tuberculosis Christmas seal. The health board signed a contract last year to sell the seals, and keep not less than 50 per cent of the returns for local tuberculosis work. Last year was the first time a local group has sold seals in Midland, although for a number of years a few individuals have sent their contributions into the state tuberculosis association. The amount of money which remains in the local communities under the terms of the contract is decided according to the amount of the total returns from the sale. Last year Midland raised over \$300 during the sale and was allowed to keep 60 per cent for local work. This money has been spent in making surveys to discover those individuals who have the disease, and in educating the public, and particularly those families where tuberculosis exists, on the importance of prompt treatment and early discovery. Funds for giving dip-

FORCES OTHER POWERS PREPARE IN OWN DEFENSE

Breakdown, London Conference Laid to Japan Acts

LONDON, Nov. 24. (U.P.)—That Germany's rapid rearmament is a violation of the Versailles treaty, forcing a regrouping of continental powers in preparation for war was seen in Europe's main fear today. Many believed that by 1937 Germany will be among the strongest military nations.

RUSSIA BREAKDOWN ON JAPAN POLICY

WASHINGTON, Nov. 24. (U.P.)—The breakdown of the London naval conference was blamed here today on Japan's aggressive activities in China during the past three years.

PARIS, Nov. 24. (U.P.)—Deputy Leon Archimbaud today explained that the statement yesterday that the Russian army would aid France in case of a war with Germany means that Russia would be at France's side with an air force and an army to defend European peace by agreement for mutual assistance within the framework of the League of Nations.

BTS Members to Attend Convention

A number of Midland people plan to attend the annual Baptist Training Service convention to be held at Lubbock, Nov. 29-30 and Dec. 1 at the Texas A. & M. college, here. Mrs. Burm, their son Val, Miss Marjorie Ward, Miss Obara Hines, Mrs. Mary Nell Hobbs, Joe Mitchell and Floyd Pace have announced their intention of attending the convention with perhaps other names to be added later.

Huey's Gross Tax Law Is Contested

NEW ORLEANS, Nov. 24. (U.P.)—Huey Long's dictatorial laws were in a legal tangle today while the fifth circuit court of appeals pondered decision in a case wherein thirteen newspapers were asking that the state be restrained from collecting the two percent gross advertising revenues.

ODESSA BOY HONORED

J. J. Middaugh of Odessa, student in the Texas A. & M. college, has been honored by acceptance as a member of the Ross Volunteers, honor military and social organization, according to a dispatch to this paper. A story telling contest for beginners and primary children, a memory drill for juniors; a sword drill for intermediates; and an oratorical contest for senior boys and girls.

One Dead, 2 Hurt, Auto-Train Crash

HOUSTON, Nov. 24. (U.P.)—Mrs. Florence Cursinger, 25, was killed and Miss Alma Heager, 28, and Miss Gladys Stamper, about 28, were injured today when their car crashed into the rear of a motor train. All were school teachers at Tomball.

THE FORECAST

WEST TEXAS: Sunday partly cloudy to unsettled, cooler in west portion.

Grieve For Slain Girls

The solicitous attention of her husband and twelve surviving children are unable to console Mrs. E. K. Hill (seated), grief-stricken by the terrible tragedy that stamped out the lives of her daughters, Alice, 13, and Ellen, 6. A leg, alleged to have confessed murdering the girls, was spirited away from Clifton Forge, Va., to prevent lynching by the irate neighbors of the Bills.

JURY ACQUITS AFTER 2 HOURS DELIBERATION

Courtroom in Turmoil As Verdict Read; Insull Weeps

CHICAGO, Nov. 24. (U.P.)—Samuel Insull, and 16 confederates were acquitted on mail fraud charges in federal court late today after the jury deliberated only two hours. Insull thus found vindication in court for his actions in depression-ridden days of 1930, 1931 and 1932, when he fought desperately to save his empire.

Insull, 75 years old, time and again has emphasized that a prison sentence to him was of secondary importance to vindication in the eyes of thousands who had invested money with him.

Early winter darkness had fallen and electric lights were turned on in the courtroom when the jury filed in. As soon as the verdict had been announced, Judge Wilkerson thanked the jury, dismissed them, and retired to his chambers.

"The courtroom became turmoil with flashing photographers' lights and weeping, laughing and shouting by the principals and spectators. The confusion finally became so great that attendants switched the lights off to clear the courtroom.

Insull broke into tears as the verdict was returned. He said, "This is just what I expected." Then he went to the jury box, shook hands with the jurors and thanked them. His closing comment was, "I am going to rest then I am going back home."

THANKSGIVING AND CHRISTMAS SCHOOL HOLIDAY DATES ARE SET

At a regular meeting of the school board for the Midland Independent School district yesterday it was decided to give Thursday, Thanksgiving Day, and the day following, Friday, as holidays for Thanksgiving. The Texas State Teachers' association holds its annual convention in Galveston at that time, and many of the teachers of the Midland system were expected to be in attendance at the meeting.

MAYORS PREFER WORK TO DIRECT RELIEF PROGRAM

CHICAGO, Nov. 24. (U.P.)—The national conference of mayors, encouraged by the statement of Administrator Hopkins that direct relief may be abandoned, today asked congress to establish a giant public works program.

ENROLLMENT GAINS OVER LAST YEAR

Figures compiled Friday showed that the enrollment increase which has been noted since the opening of the September term has continued to grow over last year's totals. A total increase of 148 students was registered for the various buildings, as follows:

High school	1933-4	1934-5
Junior high school	299	314
North elementary	378	417
South elementary	137	155
Mexican school	206	237
Negro school	97	81
Totals	1,179	1,327
Increase		148

Local Man Gives Roosevelt Blanket

Presentation of a novel Indian blanket, woven especially for the nation's executive, was made to President Roosevelt recently by E. G. Bedford, Midland oil man, and Mrs. Bedford.

County Club Women To Serve Luncheon

Members of the Lions and Rotary clubs and other invited guests will be served a courtesy luncheon by women of the Midland county home demonstration clubs in the assembly room of the county court house at noon Wednesday.

PECAN PRICE UP

SAN ANGELO, Tex. (U.P.)—Due to the short pecan crop, the market price on them has been rising. Orchard run pecans now are bringing from 11 to 12 cents a pound in contrast to the 7 and 8 cents opening early in the fall. Some paper shells have been selling around 30 cents a pound.

SHOOTING MARKED DOVE

BEEVILLE, Tex. (U.P.)—A dove which had been branded in Fargo, N. D., on August 2, was shot by Oscar Fox of Skidmore. The bird had been branded in Fargo by H. G. Hegeness, Fargo, while it was still a fledgling. The bird was killed about two months after it had been branded.

HOLDS MONTHLY DANCE

The Minuet club held its regular monthly dance in the Crystal ballroom of the Hotel Scharbauer, Saturday night.

5 Days Left Pay Tax Installment

Only five more days are left in which to pay the first half of taxes, the tax collector's office warned Midland citizens Saturday.

If payment is made on or before the year's taxes are paid, time on the other half will be automatically extended five full months until June 15, 1935 with no penalty added. If no payment is made on or before Nov. 30, the whole amount of the taxes become due Jan. 31, 1935.

The tax collector's office is gratified that the response shown by public, a member of the office force said Saturday. Many are taking advantage of the opportunity afforded which is especially beneficial to salaried citizens, ranchmen who expect to make sales later, and others in varied lines of business.

Bloss Colt Wins At Seguin Meet

Dr. Wm. Bloss returned Friday night from Seguin where he entered a string of horses in the race meet. Bloss' colt, a two-year-old, costly outdistanced the opposition in his class but others failed to win. Bloss reported.

FLAPPER FANNY SAYS

A neglected wife is like jam—a sweet thing put on the shelf.

Midland Shares In Melting Pot

America's nickname of "The Melting Pot of the Nations" might well be applied to Midland county, according to statistics from the tax collector's office.

Nine foreign nations are listed among the birthplaces of those paying poll taxes here. They include, Scotland, Germany, Austria, Canada, Czechoslovakia, Austria, Greece, Old Mexico, and Poland.

TURKEY SHOOT CROWD LARGER SECOND DAY

The crowd which attended Friday the second day of the American Legion turkey shoot was larger than that on the opening day. Shooting, which was mostly with pistols, was described as "pretty fast" by W. V. Bennett, legion post commander.

TURKEY SHOOT CROWD LARGER SECOND DAY

E. B. Cowden, Elliott Cowden, Fred Turner, and Dr. W. E. Ryan each killed a turkey Friday, Dr. Ryan telling his at the first shot.

TURKEY SHOOT CROWD LARGER SECOND DAY

On the opening day of the meet, Jess Woody of Stanton killed a turkey at first shot with a Luger pistol.

TURKEY SHOOT CROWD LARGER SECOND DAY

Such expert pistolers as Dr. Ryan and Jess Woody may have to be barred if they can't shoot more than once at their turkeys," Bennett said.

TURKEY SHOOT CROWD LARGER SECOND DAY

J. B. Ford is in charge of the shooting which is conducted in the old college lake west of town. The shoot opens at one o'clock Saturday and Sunday afternoons and at 2 o'clock on other afternoons of the week.

TURKEY SHOOT CROWD LARGER SECOND DAY

"During the past year," says Miss Pansy Nichols, executive secretary of the state association, "some twenty thousand school children (See PROGRAM, page 6)

BASEBALL SHOWS HOW HUMAN JAPANESE ARE

It is an odd thing that professional baseball players should succeed where statesmen and diplomats have failed.

While Babe Ruth and his all-star crew from the American and National Leagues tour Japan and enjoy a public acclaim, a national friendliness, which is as amazing as it is sincere, the statesmen are looking ahead nervously to the coming "disarmament" conference, wondering how much longer the fabric of world peace will be able to stand the strain which conflicting American and Japanese naval rivalries are putting upon it.

Now it would be perfectly silly, of course, to suppose that because of Japanese enthusiasm for our game of baseball the difficult problems surrounding the clash of opposing national policies are going to be swept away. International mixups aren't straightened out so easily.

And yet there is something about Japan's welcome to the American baseball team which makes a person stop and think a little.

Ordinarily we see the Japanese in the light of their Manchurian adventure, with the shadow of great naval ambitions falling across their shoulders. They become grotesque caricatures symbolizing ruthless and pugnacious greed. Given a little bad luck, we could easily put them in that gallery labeled "the enemy."

And then we read about this tour of the American baseball team; about 65,000 Japanese turning out to see a single game; about a great popularity contest to choose the 50 most beautiful waitresses in Tokio to wait on the American athletes at the dinner table; about enormous crowds clogging the streets to see and cheer the players—and, in familiar fashion, to ask for autographs.

Reading those things, we suddenly discover: Why, these folk are like ourselves. They like the same things we like; if we got to know them, we could like them first rate, and they could like us.

And that, in turn, is apt to make us wonder whether there really needs to be that mutual suspicion and jealousy which—not to mince words about it—has shoved us a dangerous distance along the road to war. If a handful of professional athletes can give us a vision of international friendship shouldn't there be some way of translating the vision into reality?

National Cheese Week is over, but the odor lingers on.

London is making almost as elaborate preparations for the wedding of Prince George and Princess Marina as New York would for the arrival of a popular movie queen.

The purchase of the St. Louis Cardinals has been held up for the time being. Dizzy Dean hasn't been heard from.

Postmaster Farley reports a net profit of \$12,000,000 for his department, the first time since 1918, leading the Republicans to believe they were not such good book-keepers after all.

The Town Quack

(Reserves the right to "quack" about everything with taking a stand on anything).

E. W. Howe, the sage of Potato Hill, in 1883: "To find a man's strength, give him trouble. To find his weakness, give him authority."

The man who has eaten too much is in greater danger than the man who feels painfully gaunt.

What has become of the old-fashioned pen wiper given as a Christmas present?

I realize that newspapers print too much "flapdoodle." But I doubt that you have anything to offer instead.

A local woman has gone crazy because her husband is never at home. Another woman has gone crazy because her husband hangs around the house all day.

County Library Has 71 of 200 Volumes Given White House

Midland county library has 71 of the 200 titles presented to the White House this year by the American Booksellers association to supplement the 500 volumes previously presented.

Up to four years ago the White House had no well-rounded library. The only books there when the Hoovers arrived, apparently, consisted of a set of bound volumes of Blackwood's Magazine, strung along otherwise empty shelves. President Coolidge had found this old set when he arrived, had packed it away in the attic to make room for books of his own, and books which were constantly being sent to him. When he moved away he shipped his accumulated books to Northampton and had the set of Blackwood's Magazine put back on the shelves.

In 1930 the American Booksellers association presented a carefully selected collection of 500 books as a nucleus of a home library for the White House. This year it gave an additional 200 volumes chosen and presented by a committee (Pearl Buck, Hervey Allen, Frederick Lewis Allen, Edmund S. McCauley, president of the American Booksellers association, W. W. Norton, president of the National association of book publishers, and Frederick G. Melcher, editor of Publishers' Weekly).

Following is the list of 200 volumes presented this year. Titles checked are in our library.

- Biography: Austin, Mary—Eau Claire; Belloc, Hilaire—Richelieu; Bent, Silas—Justice Oliver Wendell Holmes; Bradford, Gamaliel—Journal; Brittain, Vera—Testament of Youth; Brooks, Van Wyck—Emerson; Chapman, Frank M.—Autobiography of a Bird Lover; Darrow, Clarence—The Story of My Life; Dennett, Tyler—John Hay; Gillilan, Lauren—I Went to Pitt College; Grenfell, Sir Wilfred—Forty Years for Labrador; James, Mark—Andrew Jackson; James, Henry—Life of Charles W. Eliot, 2 vols.; Johnson, James Weldon—Along This Way; Lagerlof, Selma—Memories of My Childhood; Liddell Hart, B. H.—Colonel Lawrence; Lockhart, Bruce—British Agent; Longworth, Alice—Crowded Hours; Munthe, Dr. Axel—The Story of San Michele; Neal, J. E.—Queen Elizabeth; Nevin, Allan—Grover Cleveland; Nijinsky, Romola—Nijinsky; O'Sullivan, Maurice—Twenty Years A-Growing; Palmer, Frederick—Newton D. Baker: America at War; Pringle, H. F.—Theodore Roosevelt; Steffens, Lincoln—Autobiography; Stein, Gertrude—Autobiography of Alice B. Toklas; Wald, Lillian D.—Windows on Henry Street; Walsh, Nora—House of Exile; Wharton, Edith—A Backyard Glance; Winston, Robert—Robert E. Lee; Woolf, Virginia—Flush; Wright, Frank Lloyd—Autobiography. History: Adams, James Truslow—The Epic

THINK FIRST OF YOUR OWN COMMUNITY

This is your community. You live here. Probably you own a home or have business interests here. In some manner, what you have or what you earn comes from this community.

Therefore, you have a personal interest in the prosperity of your community. Also, you have a plain duty as a citizen to do what you can to promote local welfare.

You help when you buy from your neighborhood merchants. You help when you deposit money in the local bank, because the bank is the chief agency by which home money is kept circulating for home good.

One of the best ways to work for your own interests is to boost community interests.

RURAL SCHOOLS

Seven new pupils have been enrolled at Warfield school during the past two weeks, Mrs. Ruth Jamison reports. They are Mack Powers, Lottie Powers, Lucille Powers, Walsie E. Tudor, Harold Tudor, Lantou Baker and Billie Baker.

The following people have visited the school recently: Judge E. H. Barron, the Rev. W. R. Mann, Mrs. H. L. Baker, Supt. W. W. Lackey, of the Midland schools, Miss George, Miss Alma Lee Hankins, Mrs. Carl Smith, F. C. Stubbe, and D. D. Wilson.

Judge Barron made a talk on the Texas Centennial, urging the school to take up a Centennial project.

Mr. Mann spoke on "What Children Should Be Thankful For." Hot lunches have been served at school for the past two weeks, Leota Crain and Pearl Wilson being in charge of the work.

A Thanksgiving program will be presented by pupils on Wednesday morning.

The school will have a holiday on Thursday, Thanksgiving day.

Chapel visitors at Stokes school recently have included Asa Collier, Mrs. J. C. Brooks, and Mrs. Walter Smith. Mr. Collier made a talk to the school.

Prin. M. W. Alcorn, Barnett Collier, E. P. Lawson, Claude Wise and Idus Ray Flowers were in Midland Tuesday afternoon on business connected with the school paper.

A waffle roast was given at the school house Wednesday night from 6 to 9 o'clock for Mr. Alcorn's pupils. There was plenty of roasted waffles, toasted marshmallows, parched peanuts and hot chocolate.

Mr. and Mrs. Paul Brooks and Marshall Head were out-of-school guests.

A spider-web party will be given for Mrs. Alcorn's pupils from 3 o'clock until 5 Tuesday afternoon at the school house.

The Stokes Indians have received an invitation to represent Midland county at the invitation basket ball tournament at Lenora Saturday.

They will compete with the leading teams of Martin, Howard, and Dawson counties. First, second, and third place trophies will be presented to the winning teams.

Several people from Stokes will see the games. All those attending from this community will spread a lunch on at the noon hour.

A basket dinner will be given at the school house on Thanksgiving day.

The Literary society will present a program in the forenoon on which guests from Midland and Stanton

Personals

Mr. and Mrs. Geo. Klingaman have as their houseguests over the weekend, Mr. and Mrs. Harold Winham and Mr. and Mrs. Colin Reith of Iran.

The gift to personal friends should suggest you . . . nothing compares with your Photograph. Prothro Studio offers you a 20% discount on all work commencing Monday, November 26. Phone 363. (Adv.)

Geo. W. Russell of Riverside, Ill. arrived Saturday morning to spend the Thanksgiving holidays with his sister, Mrs. Fred Wright.

At Christmas . . . the most distinctive gift you can make—your Photograph. 20% off on all Photographs commencing Monday, November 26 at Prothro Studio, your home photographer. Phone 363. (Adv.)

Mr. and Mrs. Paul Chabas and Mr. and Mrs. Carl Covington are spending today at Carlsbad cavern.

For Christmas . . . Prothro Studio offers you 20% off on all Photographs for ten days, commencing Monday, November 26. To friends and family, your Photograph has more personal significance than any gift you can make. Prothro Studio, phone 363. (Adv.)

Mr. and Mrs. H. Hawk and two children have moved to Midland from Midland Spring. He is associated with the Sinaloid Production company.

John M. Gist was here yesterday from Odessa.

Various games will be staged in the afternoon.

The Stokes Indians played the Prairie League basket ball team on their court Friday evening, No. 23, and won by a score of 28 to 15.

The serving of hot lunches at Valley View was begun more than a week ago, Prin. A. C. Fleming said Saturday. The work is carried on with little difficulty for two girls cook and serve each week under the supervision of Mrs. A. C. Fleming.

One of the library rooms has been converted into a kitchen. Utensils for preparing and cooking the lunches have been purchased by the school board. It is hoped within another week to have a new stove and other equipment for completing a modern kitchen.

All children in the school are interested and enthusiastic about the work, Mr. Fleming reports.

Mrs. Fleming and her pupils are working on a picture show to be presented in chapel soon. The show is entitled "Little Black Sambo."

Third grade pupils have been working out a project in their study of silk and wool. Their work is now on exhibit in the primary room.

The first grade children have finished the making of the ABC family who live with the Old Woman in the Shoe.

The second grade pupils have begun their project of making a zoo in correlation with the story they have just finished reading in their "Animal Story reader."

Judge E. H. Barron was a visitor in the school Friday morning and gave a lecture on "The Texas Centennial." Valley View is eager to cooperate with Midland rural schools and with the county superintendent in carrying out any project.

The school was given a holiday on Nov. 12. The floors of the school house were oiled and were in good condition when school opened Tuesday.

Valley View lost four pupils the past week as the Stewart family has moved to Prairie Lea.

A new pupil, Ruby Matteson, has enrolled in the primary room.

Pupils of Cotton Flat school have practiced on Thanksgiving songs and will probably make some Thanksgiving posters this week, although no Thanksgiving program will be given.

Work of preparing the hot lunches and washing dishes afterward is divided at Cotton Flat between boys and girls, two boys doing the work one day and two girls the next. A smaller boy and girl are detailed each day to help with the sweeping up and other errands.

Miss Marguerite Carpenter cooked candy for the pupils Friday afternoon and a play period was held after school hours.

"The name of the Essay Writing Contest of the Interscholastic League has been changed to 'Ready Writers Contest,' according to Mrs. A. C. Fleming, who has been elected director of the contest for this

county.

The old name suggested a more formal composition than the rules of the contest contemplate, and hence it has been deemed wise to change the name to make it conform more closely to the composition that is required.

The topics that are issued for use are all within the range of the average pupil's study, observation and experience, and hence no preparation of subject-matter is necessary. The preparation required is practice in writing and writing readily, that is, organizing and presenting a subject in the most effective way. Punctuation, spelling, paragraphing, and other items on the formal side are, of course, taken into consideration in grading the papers. Some of the topics call for narrative, some for argument, others of exposition, and so on. The pupil is given five topics from which he may choose one as the subject of his composition.

Winners in the county meet are qualified for participation in the district meet, and winners in the district go to the regional meet for further competition and for qualification to the state meet."

McCormick-Deering Hammer Mills Grind Feed at Low Cost

WHEN you belt your tractor to a McCormick-Deering Hammer Mill your own experience will prove that you have a grinding outfit unexcelled in performance and operating economy. Three sizes of McCormick-Deering Hammer Mills are available. Ask us for a demonstration of the size you are interested in.

No. 2 Roughage Mill—A big mill, equipped with roughage self-feeder and hopper for small grain. Roughages and small grain can be ground separately or in combination. An ideal mill for grinding large quantities of feed.

No. 1-B—A small machine but a giant in capacity, grinding from 3700 to 9700 pounds of shelled corn or from 4000 to 11,500 pounds of wheat an hour—and other grains and roughages in proportion.

No. 1-A—An unusually low-priced mill with approximate capacity of from 1500 to 4200 pounds of shelled corn an hour.

Mmes. Wright and Hargrave are Hostesses at Parties

Entertain With Bridge Thursday; Theme of Train Journey Is Carried Out in Travel Party Friday Night

Climaxing social activities of the latter half of the week, Mrs. Allan Hargrave and Mrs. Fred Wright entertained with a bridge party on Thursday afternoon and a "travel party" on Friday night, both parties being given at the home of Mrs. Wright, 602 S. Main.

For the afternoon party on Thursday, a color scheme of rust and brown was carried out with dahlias, chrysanthemums, and autumn leaves.

The tea table was centered with autumn flowers and leaves and leaves and lighted by yellow candles.

Prizes wrapped in autumn colors were presented to Mrs. E. B. Soper, who won high score in bridge games; to Mrs. Harvey Hardison, who won second high score; and to Mrs. H. F. Johnson, who won high cut.

The invitation list included: Mmes. Gentry Kidd, Aiden Donnelly, Paul Ryan, Dick Nelson, Hugh Corrigan, H. F. Johnson, Geo. Aben, J. E. Warren, E. B. Soper, Colla Reith, P. F. Bridgewater, E. A. Walsstrom, M. D. Self, Hemsell, Joe Hemphill, Goggin, Miss Fannie Bess Taylor, J. J. Kelly, M. P. Turner, Paul Osborne, B. H. Blake, Harvey Conger, A. Armstrong, Galbraith, C. A. Mix, Joe Ballantyne, Fred Norris, Frank Aldrich, E. M. Miller, Al Lockard, Earl Ticknor, Rawlins Clark, Joe Pylon, Don Sival, Jno. B. Thomas, Daniel Green, Jimmie Greene, Geo. Farley, Ackers, Harry Tolbert, Fred Winger, F. E. Flood, Chas. Lewis, Harvey Hardison, Geo. Klingamair, Wendell Mathews, E. H. Ellison, Elliott Cowden, R. E. Kimsay, Henry Shaw, Joe Haygood, Johnson Phillips, and C. M. Goldsmith.

NOVEL TRAVEL PARTY

The novel idea of a railroad trip from Midland to El Paso was carried out in the travel party given by Mmes. Hargrave and Wright at the Wright home on Friday night.

Playing tables bore, instead of numbers, the names of the several stations between Midland and El Paso. Guests drew from satchels tickets directing them to these stations.

Each one was presented with a numbered baggage check and those who held lucky numbers drew from a "baggage room" appropriate prizes. For the women, Mrs. Sam Ashley, Mrs. Ab Hendrickson, Mrs. Clarence Scharbauer, and Mrs. Harvey Sloan held winning numbers. Among the men, those receiving prizes were: Messrs. Sam Ashley, Joe Youngblood, Jno. Shipley, and W. T. Walsh.

A porter rang his bell for progression during the games and, at the end of play, couples added

scores, Mr. and Mrs. J. R. Martin winning high score and Mr. and Mrs. Harvey Sloan second high. Refreshments were served at a lunch counter in a "coffee shop."

A floor show in "Juarez" entertained the guests when they had supposedly completed their rail journey. Miss Martha Louise Robinson and Roy Skipper, and Jessie Lou Armstrong presented Spanish dance numbers.

Dancing occupied the latter part of the evening.

Guests included: Messrs. and Mmes. Sam Ashley, Elliott Cowden, C. C. Duffy, I. E. Daniel, Al Hendrickson, Jno. Shipley, Geo. Shelton, Fred Fuhrman, Fred Turner, Harvey Sloan, J. R. Martin, Fred Wilcox, O. B. Holt, J. Fitzgerald, Joe Youngblood, Allen Tolbert, Sam Cummings, Clarence Scharbauer, Mrs. Roy Parks, Messrs. W. T. Walsh and Cecil Yaden.

Bridal Attendants For Ulmer-Kidd Wedding Named

Bridal attendants for the wedding of Miss Helen Margaret Ulmer to Mr. Barron Kidd on Thanksgiving day have been announced. Miss Ida Beth Cowden will be maid of honor, Mrs. Alf Reese, matron of honor, and Miss Martha Louise Nobles and Miss Francis Eastland of Kerrville, bridesmaids. Miss Eastland is a sorority sister of the bride-elect.

The groom will have for his attendants: His brother, Mr. Geo. Kidd of Brownwood, as best man, and Messrs. Dave Kelton of Corsicana, Ralph Truhler of Lubbock and Ed Heasley of Fort Worth as ushers.

Miss Mildred Kidd of Brownwood, sister of the groom, will play the bridal procession from Lohengrin and the recessional.

The ceremony will be read at 6:30 o'clock in the evening, at the First Methodist church, with the Rev. K. C. Minter officiating.

Misses Miller, Woodward House Guests for Wedding

Miss Sidney Miller of Mineral Wells will debut in Fox Worth this season and Miss Elizabeth Woodward of Dallas will arrive in Midland today to be house guests in the home of Mr. and Mrs. M. C. Ulmer until after the wedding of Miss Helen Margaret Ulmer to Mr. Barron Kidd on Thanksgiving day.

Miss Miller and Miss Woodward are sorority sisters of Miss Ulmer, all three being members of Pi Beta Phi.

Belmont Bible Class Meets With Mrs. C. F. Garrison

Mrs. C. F. Garrison was hostess to the Belmont Bible class at her home 510 S. Colorado, Friday afternoon.

The class lesson taken from the last four chapters of the First Book of Samuel, was taught by Mrs. J. M. King.

Present were: Mmes. W. P. Collins, C. E. Nolan, A. B. Stickney, J. C. Pogue, D. L. Morren, R. A. Cain, A. W. Lear, Troy Elland, E. P. Eubanks, W. E. Richman, J. H. Burris, C. E. Strawn, O. H. Lamar, Cecil Rains, T. A. Cole, Roy McKee, J. M. King, W. A. Thoway, Paul Smith, Edd Wolfe, the hostess, and two visitors, Mrs. David Allen and Mrs. Williamson.

The next lesson will consist of the first four chapters of Second Samuel.

The class will meet with Mrs. Troy Elland, 907 North D street, Friday afternoon at 3:30.

If people who buy Christmas Seals would follow their money through to see what it accomplishes, they would regard it as an investment rather than a gift.

The gift to personal friends should suggest you nothing compares with your Photograph. Prothro Studio offers you a 20% discount on all work commencing Monday, November 26. Phone 363. (Adv.)

Home Economics Students Continue Study of Color

EDITOR'S NOTE: The following article on "Colors for the Blonde" is the second of a series dealing with the selection of color in clothes, a subject now being studied by home economics classes of the high school.

In selecting colors which are suitable for blondes, we must consider several types who come under the class of blondes. There is the cool type with yellow hair, blue eyes and fair skin. This is the typical blonde. Her coloring is delicate, suggesting pearls and orchids, and it requires careful discrimination to choose just the values which will bring out the fine qualities of the complexion. Her lips and cheeks are rose-pink with just a hint of blue and red-purple around the temples, nose and mouth. All the coloring besides the hair has blue or purple in it. Some cool colors, harmonize with cool colors; the best choices for this type would be among the cool colors—blues, blue-purples, purples, blue-greens and greens in the proper values and intensities. Trimmings and accessories may be chosen from the contrasting warm colors. If bits of red are chosen for these accents, let them be the reds which are tinged with purple rather than orange so that they will harmonize with the color on the cheeks; such colors as American Beauty and dark magenta are good while the color commonly called terra is poor.

Generally there is very little value contrast in blondes and so it must be supplied in the costume. Values which are just like their own are likely to be uninteresting and either lighter or darker colors are more becoming. If a light color is worn, a bit of dark color near the face adds interest. If the person has no color to spare, then something very light, preferably a bluish white should be used near the face when black or a dark color is chosen.

Blondes are limited in their choice of intensity because their coloring is so delicate. If brighter hues are desired, the cooler hues would be most becoming. She must never sacrifice her own coloring to wear a color which she especially likes or which is in high fashion at the moment.

The blonde who has brown eyes can wear brighter and darker colors than the cool type. Brown and yellow are especially becoming to her, while black is not so good. She has a somewhat wider range in her choice of colors because of the contrast afforded by her eyes and skin.

If the blonde is pale and colorless, she should avoid yellow, orange, purple, deep yellow-pink, brown and unrelieved black. Rose-pink, white, blue and green are her best choices. The florid blonde should wear the duller hues to subdue the color of her skin. She should avoid reds and most of the warm hues. She should also avoid bright hues. Black and white are especially good. Blue and green are two of her best colors but even these should be subdued.

REQUIREMENT FOR A SUCCESSFUL HOME.

The Foods III class is now studying family and community relationships. For the past week they have been discussing the home and its relation to the members of the family.

The class formulated the following characteristics which they think are the requirements of a happy and successful home.

1. There should be a common interest and desire to make the home a success.
2. Each member should be unselfish and have a regard for other members' feelings and personal belongings.
3. Members of family should have a share in responsibilities and independence should be encouraged.
4. There should be love among members of the family.
5. There should be a reverence for God, and high ideals and standards should be upheld.
6. The home should be simple, sanitary, and a place where physical needs are cared for.
7. The home should be comfortable and attractive.
8. The home should be well managed and either financially sound or have possibilities of being financially sound.
9. The home should be a place of hospitality where each member can go for security, rest, and privacy.

Gold Star Club Elects Officers For Year

Members of the Gold Star club met Thursday at the home of Mrs. Bill Locklar to elect officers and plan for next year's work.

The following officers were chosen: President, Mrs. Henry Locklar; vice president, Mrs. W. B. Franklin; secretary, Mrs. Bill Locklar; council representative, Mrs. L. E. Rainey; Mrs. Lacie Countiss, with Miss Elsie Campbell as alternate; reporter, Miss Viola Campbell; parliamentarian, Mrs. Lacie Countiss.

Committees were also named on recreation, finance, expansion, and exhibit.

A shower for Mr. and Mrs. A. B. Montgomery whose home burned recently was held some days ago at the home of Mrs. Henry Locklar. Household linens and quilts were presented to Mr. and Mrs. Montgomery. Seventeen women were present at the all-day meeting.

Tapeworms may be transmitted to human beings by fish that is not thoroughly cooked.

In Yucca Film

Janet Gaynor and Lew Ayres, sweethearts in "State Fair" return to the screen in "Servants' Entrance," at the Yucca today through Tuesday.

Announcements

Monday
The circles of the Baptist women's missionary society will meet Monday afternoon at 3 o'clock at Mrs. C. F. Garrison, 510 S. Colorado; the Lucille Reagan circle, with Mrs. Leslie Alexander chairman, will meet with Mrs. H. B. Dunagan, 210 S. Pecos; the Anna B.

Autumn Note Favored at Midweek Party

The autumn note was favored in flowers and playing appointments when Mrs. J. E. Warren was hostess to the Midweek club on Wednesday afternoon at 2:30 o'clock.

Guests for the afternoon were Mrs. Paul Ryan, Mrs. Armstrong, and Mrs. West.

Mrs. Hugh Corrigan won high score for club members in bridge games for the afternoon; Mrs. Paul Ryan was high for guests; and Mrs. Jimmie Greene cut high.

At teatime the hostess served a salad plate to: Mmes. Paul Ryan, Armstrong, West, J. N. Allison, Hugh Corrigan, Elliott Cowden, I. E. Daniel, Jimmie Greene, Allan Hargrave, H. F. Johnson, J. B. Leonard, M. D. Self, Don Sival, Marvin Ulmer, J. E. Warren and Fred Wright.

The classified way—the fastest and cheapest!

Wednesday

The Junior Woman's Wednesday club will meet with Miss Lucille Thomas at 3 o'clock Wednesday afternoon.

On account of the Thanksgiving holiday and its resulting social activities, the Fine Arts club will not hold its regular meeting Wednesday afternoon.

Friday

The Belmont Bible class will meet with Mrs. Troy Elland, 907 North D street, Friday afternoon at 3:30.

Saturday

The Edelweiss club will meet with Mrs. Theima White at the home of Mrs. Allen Hargrave, 213 South L street, at 2:30 Saturday afternoon.

Each year in the United States alone approximately 10,000 children die of tuberculosis despite the fact that it is curable and preventable.

WORLD'S OLDEST PHONE USER

TORONTO, Ont. (UP)—The honor of being the oldest continuous telephone user in the world is claimed by Hugh Neilson, Toronto monogamian. On Dec. 8, Neilson will have had continuous telephone service in the same residence during a full 57 years.

OCTOBER DRIEST MONTH

DALLAS, Tex. (UP)—October was the driest here it has been for 20 years—and that's as far back as the weather bureau records go. During the entire month there was only .9 of an inch rainfall recorded against a normal fall for October of 2.71 inches.

BALLOT BEAT STORK

MANCHESTER, N. H. (UP)—This time the stork had to wait. Mrs. George Corrievau wanted to vote in the state election held recently but thought she would be unable to. Dr. Damase Garon, the attending physician when the baby was born, rushed Mrs. Corrievau to the polls and was back to the hospital before the stork arrived.

LEECH SALES BOOM STORE

BOSTON. (UP)—A Hanover-Street drug store in Boston's North End is doing a bumper business in leeches—especially "the morning after." A drug clerk explained the leeches, of the Belgian variety, are sold in great numbers to apply to black eyes.

AMBULANCES EXEMPT

BOSTON. (UP)—If they can arrange it, commuters using the new East Boston tunnel will ride to work in ambulances. Mayor Frederick Mansfield ruled that all ambulances, whether owned by the city of Boston or not, will be exempt from paying tolls when using the traffic tunnel.

SHEEP BUYING ENDS

SAN ANGELO, Tex. (UP)—The federal government's emergency buying campaign to help goat and sheep raisers in this district, has ended. In the San Angelo district the government bought 50,000 head of sheep at \$2 and 2,200 goats at \$1.40.

WINK PLAYS MOSTLY IN MIDFIELD BUT BEATS PECOS OUT FOR NORTH HALF OF 12-B TITLE; PASS SCORES

BY JESS RODGERS
By virtue of a 30 yard pass from Brown to Chaney over the Pecos goal line Wink once more will represent the northern half of district 12-B in the playoffs. Attempt at a point failed and the score was 6-0 at the end.

were forced to play in their own territory most of the time. In the fourth they were time to tura back Pecos three times inside the Wink ten yard stripe.
Little Barefoot Kelton was the individual hero of the day as time after time he reeled off runs from 10 to 40 yards. He brought the stands to their feet in the third quarter with a thrilling 50 yard sprint to place the ball on the Wink 10 only to have the ball called back and the Pecos club given an offside penalty. Had he used as good judgment calling plays when in scoring territory as in mid-field, Pecos would undoubtedly have won. Parks of Wink and Davis got off

Show Feed Mill in Conservation Plan

The unusual feed shortage in the United States and the recognized need of conserving all kinds of feed has caused the International Harvester Co. of America to take the lead in an important phase of the feed conservation move.
Sam Parsons, manager of Willis Truck & Tractor Co. local McCormick-Deering dealer, has announced the reduction in cost of a popular sized hammer mill to a price within the reach of every farmer and ranchman who need such a machine.
Parsons states that the machine will grind from 2,000 to 3,000 pounds per hour, depending on the power available. Grinding screens from 3-32 to 2 1/2 inches can be furnished. Parsons also states that this machine will save from 20 to 50 percent over feeding roughness in the bundle. It will crack all the grain, thereby eliminating an enormous waste when feeding grain.
This machine is on display at Willis Truck & Tractor Co. It will deliver to the farm for less than \$100.00, with convenient terms.

Gaynor-Ayres Bring Laughs In New Film

Janet Gaynor and Lew Ayres, erstwhile screen sweethearts of "State Fair," have been reunited by popular demand in the Fox Film "Servants' Entrance," playing currently at the Yucca theatre, today through Tuesday. Miss Gaynor plays a rich society girl in search of new experiences, and Mr. Ayres portrays a young inventor who has turned to chauffeur-ing in order to support himself while he perfects his new type motorboat.
The picture is a departure from the usual straight romantic role played by Miss Gaynor. Here comedy is blended with romance, and for the first time on the screen Janet Gaynor is seen as a versatile and able comedienne. Her characterization ranges from the wistful romance, which she portrays so well, to hilarious comedy at which she proves herself a master.
The theme of "Servants' Entrance" deals with the romance which develops between Ayres, as the family chauffeur and Miss Gaynor as the rich girl who is contented in her water as an experienced kitchen maid. The two give a fine performance, and after viewing the picture it is easy to see why the team was so successful in "State Fair."
The principals receive splendid support from a cast headed by Ned Sparks, Walter Connolly, Louise Dresser, G. P. Huntley Jr., Astrid Allwyn, and Siegfried R. J. M.
The picture is an adaptation by Samson Raphaelson from Sigred Boos' novel, and was directed by Frank Lloyd.

Production company No. 38 Hutchins, will drill on proven acreage 2,310 feet from the north line and 990 feet from the west line of section 4, block F, G. & M. M. B. & A. survey; and in the western part, Rayco Oil company will drill the No. 2 Monroe 650 feet from the northeast and southeast lines of section 2, block 1, W. & N. W. Railway survey.
Completion at an early date seems imminent in eight field wells in the county, and of the wells outside definitely proven acreage, too, the Plains No. 1 McGregor and the Cook drilling company No. 1 Lee Woods are at critical drilling depth. The Plains well is 660 feet from the southwest and southeast lines of section 169, block 34, H. & T. C. Railway survey, and is drilling to a low 4,660 feet in brown lime, making an estimated million feet of gas and a little free oil. The Cook test is a west diagonal offset to Eppenhau No. 1 Combs' recently completed for production, and is testing at a plugged back depth of 2,521 feet.
Two shallow producers were completed and another location nearby them announced in Pecos county. Competitors are the Cardinal Oil company Tippett wells Nos. 23-E and 24-E, both in section 40, block 194, G. C. & S. P. Railway survey, eastern Pecos county, north of Yates pool, the former being 450 feet west and 1,365 feet south of the section 199, block 19, block 1, later 330 feet north and 681 feet west of the center of the south line. No. 23-E registered 186 barrels per day by pump out production from a depth of 1,95 feet in sand, and No. 24-E was given an initial production rating of 25 barrels per day flowing from total depth of 1,354 feet. The new 30-foot sand, Combs' No. 25-E Tippett, will be located 300 feet south of the No. 23-E, same section.
Phillip H. Brown et al No. 8 Tippett, in the same section, is in oil sand at total depth of 515 feet and should be completed soon.
Gulf Production company located its No. 13 Crier-McElroy and the Crier-McElroy in Upton county during the week, the former being in the center of the southeast quarter of section 198 and the latter in the center of the northwest quarter of section 199, both block F, C. C. S. D. & R. G. N. G. Railway survey. The other location was the Kling McClain Petroleum company No. 1 Shirk 330 feet from the south and west lines of section 20, block 1, M. K. & T. Railway survey, northeast from the McCamey pool.
Gulf Production company No. 11 Crier-McElroy, Upton county field well, is virtually completed, but has not yet been taken out of the operating class. It has a total depth of 2,883 feet and will swap 75 to 100 barrels per day but will not flow.
Classcock county received a single location in Continental Oil company No. 3 Gilbreath, a field well to be drilled 330 feet from the north line and 680 feet from the west line of section 8, block 32, township 2 south, T. & P. Railway survey; but no completions were reported, although the Shimm Oil company No. 2 McDowell, in section 19, block 33, township 2 south, was preparing to test with 1,000 feet of oil in the hole at total depth of 2,315.
South of the west end of the Settles pool, R. T. Helms No. 1 Hill is being watched after topping solid lime at 2,670 feet in drilling to 2,715 feet. The solid lime marking will be by correlation, place the depth of first lime stringer about 2,535 feet, correlative depth estimation being necessary when samples were missed at the depth.
Howard county was given one new field location the California company No. 2 G. M. Dodge, 465 feet from the west line of section 1, block 30, township 1 south, T. & P. Railway survey, and several field wells nearer completion.
In Fisher county, Merry Brothers and Perrini et al abandoned their No. 1 Dean in sand at a total depth of 3,204 feet when the hole filled with sulphur water. Location

tion was 660 feet out of the southeast corner of section 2, block R, W. E. Richardson survey. A new location was Southern Oil company No. 2 King, 330 feet from the south and west lines of section 193, block 1, B. B. & C. survey.
Three Ordovician tests held interest during the week. Gulf Production company No. 193 McElroy in Upton county, Friday tested 105 barrels of salt water and 23 barrels of oil in 24 hours from a 48 hour accumulation. It was reported yesterday that the well is shut down indefinitely waiting on orders. Bottom hole depth is 10,978 feet, the deepest level ever reached by drill in Texas.
Skelly Oil company No. 1-D Grayson, southeast of the Big Lake field in Reagan county, had drilled yesterday to 8,078 feet in limestone and shale. There is considerable argument among local geologists as to the geologic age of the beds being drilled.
John T. Moore's deep test, the No. 1 McDonnell, in section 40, block 1, had drilled to 7,115 feet in black limestone and shale. A rumor current here yesterday that pre-Pennsylvanian formations had been reached, but that depth could not be confirmed.

Stockard Praises Public Interest

Hundreds of interested visitors registered at the Stockard Motor company's opening Friday evening and Saturday, viewing the models of automobiles, the newly remodeled show rooms and attending the entertainment program. Roy Stockard, general manager, also officials of the El Paso zone of General Motors, spoke highly of the public interest shown.
J. C. Rice, district General Motors manager, welcomed the guests on Friday and Saturday evenings, telling in his speech of the remarkable strides made during the past year by the Midland area. He gave facts to show the number of new families, utilities installations and led up to the gain in sales of General Motors products. He said that more than 50 per cent of all cars sold in the district for the past year were of that product.
The rapid growth of the area accounted for the large scale automobile project started by Stockard, it was brought out.
Cowboy songs and talking pictures were a part of the entertainment program presented with E. E. Payne, El Paso, as master of ceremonies.

TAKE WELL PRESSURES

KILGORE, Tex. (U.P.)—Results of bottom hole pressure tests begun in the East Texas field last week will be announced soon.
The tests were made by the engineering department of the East Texas division of the railroad commission. It was not known whether the tests will show an increase or decrease.
At the last reading on October 10, the bottom hole pressure stood at 1,255 pounds per square inch which represented increase from September and a steady increase from the all-time low recorded in June.
DAMAGE SUITS MOUNT
AUSTIN, Nov. 24, (U.P.)—The Texas legislature's new policy permitting individuals to sue the state has piled up suits of more than \$1,000,000 against the highway department alone, it was revealed today.

CLUB TO HOLD DANCE

A dance for members and guests will be given at the Country Club Wednesday evening, it was announced late Saturday. The Allen Eros, orchestra of San Angelo will play.
Numerous punts good for 60 yards with the wind to their backs and Davis once kicked 50 into the wind.
Pecos made ten first downs to three for Wink and made twice as many yards from scrimmage but were unable to cross the pay line. In the last few minutes of the game they were three times inside the Wink 10 and on the last play of the game a Pecos lineman ploughed through and blocked Parks kick and recovered on the Wink 1 yard line.

Oil News--

(Continued from page 1)
are nearing completion, these being Empire Gas and Fuel company No. 2 Scarborough, which during the week, shot with 120 quarts from 2,880 to 3,020 feet and filled with 400 feet of fluid before cleaning itself and flowing over the crown block and the Sid Richardson No. 4-P Scarborough, which reported various oil and gas shows between 2,715 feet and bottom hole depth of 2,834 feet, where the well is waiting on cement.
Two interesting wildcat locations were made: Sid Richardson No. 1 Walton, 1,010 feet from the south line and 330 feet from the west line of section 1, block B-3, public school land, five miles east and three miles north of the Sayre wells; and Gulf Production company No. 1 L. E. Wright, which will be 330 feet from the southwest and east lines of section 20, block 40, public school land; thirteen miles due east of the drilling Jeffries well. Both are testing unexplored territory. No completions were made in Winkler county during the week.
Six of the new locations of the week went to Ward county, but none can be classed as true wildcats. The California company located three field development wells on its Dargin lease. All are in section 15, block 34, H. & T. C. Railway survey. No. 19 being 2310 feet from the southwest and northwest lines of the section, No. 19, 2,310 feet from the southwest line and 1,650 feet from the southeast line of the section, and No. 20, 1,650 feet from the southwest line and 990 feet from the southeast line.
The same company announced that it would drill its No. 2 Gordon 1,650 feet from the northeast line and 990 feet from the northwest line of section 6, same block and survey. All the California locations are in the southern Ward county producing area.
In northern Ward county, Gulf

Program--

(Continued from page 1)
were given the tuberculin test, a means of discovering childhood tuberculosis before physical symptoms are manifest) and hundreds of these children, whose parents were unable to pay for X-Ray examinations where this was necessary, were given these examinations through the means of association funds. As a result of these tests many children are now in the preventorium or are under special care and observation at home and at school to prevent their breaking down with active tuberculosis in later life.
"This work will be extended and continued under a Five Year Program for the Study and Eradication of Tuberculosis in Texas," recently adopted by the directors of the Association. The program has been endorsed by the State Health Officer, the State Superintendent of Public Instruction, the medical director of the State Tuberculosis Sanatorium, and other prominent physicians and laymen in Texas who have pledged their cooperation.
Last year the Texas Tuberculosis Association raised and spent about \$23,000. Fifty-seven per cent of the funds was spent on actual health work. The other 43 per cent was spent in administrative work, including the expense of putting on the Christmas seal sale drive. The funds are carefully expended, and each year's financial statement is certified by a bonded accountant.

RECOVERS GOLD TOOTH

PALESTINE, Tex. (U.P.)—When Ike N. Fender lost his gold filling at a football game, his quick wit enabled him to recover it again.
At the climax of the game Fender's filling fell under the grandstand. Fender dropped his program through the crack where his filling had disappeared and after the game went to look for it. The filling was right beside the program.

BREAD UPON WATERS

WEYMOUTH, Mass. (U.P.)—Patrolman William Riley performed a kindness when he had to arrest his beneficiary. Riley found a Boston woman stranded at South Weymouth depot without funds to return home. He provided the necessary amount, but several hours later was forced to arrest the woman on a drunkenness charge. She had used the funds to buy a bottle of liquor.

TURKEY KICKED WORKER

LEWISTOWN, Mont. (U.P.)—These Montana gobbles seem to be pretty ferocious. The Fergus County Creamery, Inc., has notified the state industrial accident board that one of its employees sustained "a sprain of the back in the dorsal area" as the result of a kick from a turkey.

Her designs in Formfit creations
IN OUR CORSET DEPARTMENT EVERY DAY
So many girdles simply tend to accentuate a bulging posterior, that Formfit designers have given considerable thought to perfect a garment that would flatten a condition of this kind. The result is amazing! The all lastex girdle you see here is reinforced over the seat with a firm rubberized fabric, cleverly shaped to re-distribute the flesh, actually taking pounds from the fleshiest regions. The front is reinforced with the same material to banish the waistline bulge. Irene Castle approves this newest Formfit triumph. The brassiere is a "Thrill" designed to give the pointed effect.

"Fitting" gets a double meaning from Arrow Mitoga
Our new Arrow MITOGA gives the word "fitting" a double meaning.
First—they fit perfectly with today's style trend toward color. Second—they fit in the more literal sense of conforming to your body. MITOGA is cleverly cut so that the shoulders taper... the waist drapes in to eliminate bunches or folds... and the sleeves follow the conformation of your arms.
And Arrow MITOGA fits forever, because it's Sanforized-Shrunk! See the new styles and patterns—in whites and fancies—now on display . . . \$1.95 and up
