HIGHER WAGES, BETTER HOURS ARE DEMANDED

Unionization of All Chain Stores Is One of Goals

NEW YORK, Nov. 1. (U.P.)—Labor opened a concerted drive for higher wages and better working conditions among chain store employees in the east. This may precipitate a capital-labor struggle endangering the recovery program.

HEALTH PROGRAM AT S. W. RECEIVED

Mrs. H. N. Phillips, chairman of the Midland county Child Welfare board, received today the program of the district meeting of county child welfare boards which will be held in Sweetwater Nov. 3. Registration begins at 9:30 Saturday morning, but the first talk will be heard at 10 o'clock.

Mrs. Phillips in an interview said: "Child welfare work is concerned with the mental, moral and physical development of the child. When a child is born, it represents an investment. His value is measured by his expectation of life at birth. If his expectation is low, society cannot hope to reap a profit. Productive lives are the assets of society and the dividends of progress depend upon the years spent in fruitful service. Non-productive lives are liabilities of society, and they in time become public charges. Our recent survey of Midland county was a revelation of unimagined conditions among children. The alleviation of these conditions should be regarded more than philanthropy. It is a profoundly important public concern which will test our public spirit and the democracy of our community."

There has been largely remedial rather than preventive and constructive. It is urged that more stress be laid on prevention. To educate in the Development and to provide for the child is to mold the citizens of tomorrow and it is infinitely more important than to seek the reformation of adults whose mental and moral habits are fixed. Mrs. Phillips asks that any one who is interested in attending the meeting set in touch with her on the phone, or with Miss Elizabeth Wilson, county health nurse.

HUMBLE 2 MEANS MAKES 2 HEADS

By F. D. GARDNER
After a shot of 100 quarts from 4390-59 feet, fluid containing oil rose to within 1250 feet of the top of the hole in the Humble No. 2 R. M. Means, semi-wildcat northeast of the discovery well, No. 1 R. M. Means, in Andrews county. The well has heretofore been considered disappointing because of sulphur water encountered in drilling to 4225 feet in soft white lime. It had been plugged back to 4562 preparatory to the shot. After the shot, the bailer was run, and the hole was found to be bridged at 3377 feet. Operators made up 3 inch flush-joint drill pipe and cleaned out the hole. Two and 1-2 inch tubing was run to 4109 feet.

The well made two heads, one at 4390-59 and the other at 5330 this morning, for an estimated total of 33 barrels. At present, tubing is being lowered in the hole. The No. 2 R. M. Means is in section 6, block A-19, public school land survey.

Also in Andrews county Roland S. Bond et al No. 2 public school land survey, is drilling at 3760 feet in salt and red rock. In the central part of the county, Humble No. 1 B. S. Walker, located in section 6, block A-43, is drilling at 4270 feet in gray lime. An estimated 5,500-6,000 cubic feet of dry gas per day was encountered at 4203-08 feet.

John I. Moore's Glascock county Ordovician test in section 22, block 34, township 9 south, T. & F. survey, is drilling in white lime at 6361 feet. Another deep test, Skelly No. 1-D H. S. Grayson in section 33, block 8, University survey, Reagan county, is drilling at 3750 feet in lime and shale. Texas' deepest test, Gulf No. 103 McElroy, in Upton county, is drilling at 10902 feet in chert and lime.

An increase in oil and gas was logged at 3150-63 feet in the Sid Richardson No. 1 Hill, Winkler county wildcat, which in 8 minutes flow of oil coming at 3175 feet in 3208-20 feet sulphur water rose 400 feet in the hole, but didn't increase or decrease. Wire drilling at 3280 feet, the last reported depth, the well made one flow and cleaned itself out. Location is in section 18, block B-11, public school land survey.

CENTENNIAL VOTE DEFINITE REVERSE

AUSTIN, Nov. 1. (U.P.)—The first vote on a resolution to raise state funds in support of the Centennial was construed as unfavorable. The vote was taken on suspension of the house rules limiting debate and permitting the proposition to be discussed further. The vote did not carry, so the discussion was postponed until tomorrow.

The vote showed 60 members were interested in other forms of financing the state celebration than those contained in the act.

NEW REVOLT PLANNED

MADRID, Spain, Nov. 1. (U.P.)—Miners of the Asturias region, the last to capitulate in the recent socialist revolt, is determined to revolt again, possibly on Nov. 23. Socialists, syndicalists and communists still have a vast store of arms in Asturias and in Madrid.

48-HOUR SERVICE

WASHINGTON, Nov. 1. (U.P.)—The postoffice department entered informal negotiations with Commodore Hugo Eckner for an experimental transatlantic service beginning in July. Eckner says a schedule of 48 hours to Europe is possible.

Hearne to Hold Four-Day Fox Hound Hunt Meet

HEARNE (U.P.)—England boasts of her steeple chases, and other nations and section their particular sporting attractions. But the Lone Star State has something of distinction in the way of a 'steeple chase.' Texas' steeple chase will take place Nov. 3 and elaborate plans have been made for the event. It will be held on the Hearne-Wheelock road, at Camp Ed Wicks, under the auspices of the Texas Fox Hunters association.

The first event will be derby race, starting at daylight on the morning of Nov. 5, and lasting all day.

The next race will be a three-day affair. A bunch show will climax the program, and will be judged by Robert Walker, Fair Park, Ky., who is one of the leading hound dog experts in the United States. Pen Wolf, president of the organization said.

The "race track" is a 15,000-acre block of sandy land, covered with oak, Spanish mulberry, yupon and bamboo briar thickets, many spring branches and deep gullies. The fox will have ample protection from the hounds.

Between 200 and 300 well-bred fox hounds will be put into the chase. Scores of full grown wild fox have been released on the grounds. They first were put in pens long enough to become acclimated, then turned loose in the woods.

Mexico Continues To Fight Catholics

MEXICO CITY, D. F., Nov. 1. (U.P.)—Federal and state governments pursued a campaign to repress Catholic opposition to the national education program forbidding religious education in schools.

Eggs-pected to Win Contest—Did

EL PASO. (U.P.)—John de Voto, cafe operator, has been re-elected champion egg eater of El Paso. He ate 66 eggs and topped his meal off with a mug of beer and a ham sandwich before sauntering off to claim a drug store's offer of a "treat" for the winner.

His nearest competitor, Lee Dorrill, walked away from the table after consuming 32 eggs. All the spectators were awed by the feat except "Myrtle," a woman from Kansas City, who hurled a challenge at the egg-eater as he left.

The champ and the new challenger are expected to stage another contest soon.

SUCCESS ATTENDS P. T. A. CARNIVAL

The Halloween carnival sponsored Wednesday night by the Parent-Teachers of the North and the South ward schools reported gross receipts of \$136.13, most of which amount will be not profit.

Because of the courtesy of Midland merchants business establishments and individuals, little cost was encountered in holding the carnival. Ice from melting property into Old Mexico, W. J. Rogers, blockaded to get across the Rio Grande. We stayed up in the mountains about 45 miles above Eagle Pass, but didn't get across.

"We wish to thank all who contributed—the women who made the cakes, pies and candy, and those who made important donations to the cause," an announcement from the P. T. A. this morning said.

Warren Skaggs received the turkey. While several were able to win a prize for knocking over the "bigger babies," T. O. Michif was the only one who could do so twice consecutively.

The parade that preceded the carnival was one of the best ever staged here. A long line of spoons, gobblins and witches, several floats and numerous automobiles were in the line. The health float was particularly noticeable, fitted out with hospital accoutrements, a doctor and a nurse administering castor oil to a juvenile patient—who, incidentally, gave one and all to understand the idea of taking water for oil was objectionable.

FRENCH NERVOUS OVER SAAR VOTE

PARIS, Nov. 1. (U.P.)—French soldiers are prepared to enter the Saar in two hours' notice if the Germans try to make a Nazi putsch. The plebiscite is set for January 13, 1935.

HEARING PROMISED

ALBANY, N. Y., Nov. 1. (U.P.)—An "army" of 200 unemployed men and women were bruised in a battle with police here. They were promised a hearing by Governor Lehman.

WASHINGTON, Nov. 1. (U.P.)—A fight between Secretary Ickes and Agriculture Secretary Wallace over the forest service, which is now under the department of agriculture, wants the service.

"Achievement Day" for home demonstration club members is being held in the Cotton Flat community today at the home of Mrs. Floyd Cunniss Sr., Miss Myrtle Miller, home demonstration agent said.

MOORE TOWNS THAN WELLS

MADRID, (U.P.)—Hidalgo county's new oil field has more than 60 wells than producing oil wells. The field has three producing oil wells and six towns, though other holes are bearing the producing sand.

The newest town is Claremore. Other townships are: Sullivan City, Dolena, Morrison City, San Francisco, and Woodwell.

CLIFF EDWARDS, GENERALLY KNOWN AS "UCHELE IKE,"

Wade Stevens swears to this: Cliff Edwards, generally known as "Ukelele Ike," was in New York with his wife, Mrs. Edwards, who is known as "Cheese," and their three sons, Augie, Jr., 12, Bryant Wesley 5, and Shelby Lee, 2, left at 6 o'clock Monday morning for Washington, D. C., where Dr. Smith becomes pastor of Mount Vernon Place Methodist Episcopal church. South End route they will stop at Nashville, where Dr. Smith was once a pastor, and at Knoxville and Baltimore, Md., where he will attend the sequel-centennial of the American Methodist church.

TAX CERTIFICATE POOL TO CLOSE

COLLEGE STATION.—November 10 has been tentatively selected as a final date for receiving surplus cotton tax exemption certificates for the national pool, according to an announcement received from the Agricultural Adjustment Administration. Purchase of certificates from the pool, it was emphasized, would continue as long as the pool had certificates on hand.

"Because we have tentatively selected a final date for receiving surplus certificates," Deal said, "it is now more urgent than administration producers speed up the surrender of any certificates they wish to offer for sale through the pool."

The pool now has on hand orders for many more certificates than it is able to fill. Deal said. On all of these orders the purchasers expect to pay four cents a pound which is the rate fixed by Secretary Wallace as the standard selling price for surplus certificates purchased through the national pool. Producers will be paid approximately \$20 a bale for all certificates sold through the pool. When the pool is liquidated, each producer that returned his share of any certificates the pool does not sell. These may be used next year if the Bankhead act is effective for 1935.

Manhattan's "Battle of the Models" over the invasion of the field by society beauties has at last come into the open. The 53d St. Finally police were called to disperse them. The irate beauties are shown above as they paraded to keep patrons from viewing what they called an "amateurish exhibition."

W. ANGIE SMITH ACCEPTS PASTORATE WASHINGTON, D. C., METHODIST CHURCH

SHREVEPORT.—Dr. W. Angie Smith, for five years pastor of the First Methodist church here, bade farewell to the congregation at an impressive service Sunday night. Tears flowed freely at the conclusion of the final service. A communion service was held at the night service.

Dr. Smith and his family, including Mrs. Smith and their three sons, Augie, Jr., 12, Bryant Wesley 5, and Shelby Lee, 2, left at 6 o'clock Monday morning for Washington, D. C., where Dr. Smith becomes pastor of Mount Vernon Place Methodist Episcopal church. South End route they will stop at Nashville, where Dr. Smith was once a pastor, and at Knoxville and Baltimore, Md., where he will attend the sequel-centennial of the American Methodist church.

Film Cowboy Takes Innocuous Poke at Chin of Jack Oakie

HOLLYWOOD, Oct. 30. (AP)—Up and down Hollywood boulevard today the talk was of the one punch battle between Jack Oakie and Rex Lease, film cowboy. Bystanders stopped the proceedings after Lease landed one punch and before Oakie could uncork his roundhouse. Early Sunday Lease and Charlie Chase were sitting over their chili and beans in a cafe. In sauntered Oakie, chewing gum at a fast clip, and talking faster. He stopped at this table and that to josh friends who had risked too much money on the University of Southern California football team. As he tripped lightly past the table occupied by Lease and Chase, he made a wise crack. Witnesses said Lease didn't like its nature. He was on his feet and swinging before Oakie could say "Carl Laemmle." One right grazed Oakie's chin. It was reported. Before the astonished Oakie could unlimber, Chase and others stepped between them. "Let no one say Oakie was clipped on the chin," warned Oakie. "He just gave me a little push. Rex wasn't feeling well. I guess he just can't take it." Lease had even less to say. "So it wasn't a great surprise to the film colony three years ago when Vivian Duncan displayed a mouse over her right eye and claimed Rex placed it there. Rex flatly denied lifting his hand against the lady, but Harold Duncan, younger brother of the actress, found Lease at the Brown Derby one day and settled the affair with a well-placed punch.

TURKEYS PAY HIM

MULESHOE (AP)—Levi T. Churchill, president of the Panhandle Plains Turkey Improvement association, knows the turkey business and makes money at it. At present Churchill has 72 birds hatched early in May that average 17 1/2 pounds each for toms and 11 1/2 pounds for hens. The grower said he will make \$1,000 profit of each bird. Last year Churchill sold 625 turkeys for \$2,560. Feed and labor costs amounted to \$1,400, leaving \$1,160 clear profit.

Aggie Boys Have New Uniforms

ODESSA—Several of the vocational agriculture boys have ordered uniforms representative of their work. They consist of trousers of black and shirts of red, with a lone star and F. R. A. emblem in the back. The caps are black with red borders. They are quite attractive and it is contemplated that a large number of the boys will be wearing them soon. They are especially designed for the boys to wear on trips to other sections of the state. Several more boys have secured feeder calves and are hustling to get them in condition by the time we have our annual stock show. As a whole, the calves are much better than at the same time last year. According to Instructor Taylor, white of the vocational agriculture department, the calves are the finest yet seen in Odessa. The boys are doing a splendid job of feeding and the calves are making excellent gains. Three milk bottles are made for every inhabitant in this country.

SETS ENROLLMENT RECORD

OXFORD, O. (UP)—An all time enrollment record was set by Miami University at the opening of its current term, when 2,468 students matriculated, W. C. Smyser, registrar, reported. ST. EDWARDS IS GIVING 'EM FITS

AUSTIN (AP)—Texas' little Notre Dame—St. Edwards university here—may be headed for its second football championship in as many years with another honor pupil of the late Knute Rockne at the helm.

Last year Jack Chevigny, now across Austin at the University of Texas, brought new vigor and enthusiasm to the campus of this little Community of the Holy Cross college.

Chevigny changed the name of the team from Saints to Tigers and proceeded to make them live up to their names. St. Edwards won the Texas conference title for the first time in history, and Chevigny won a promotion to head coach at Texas.

He was replaced by John O'Brien, last year assistant coach at Navy. O'Brien brought with him Laurie Vejar, another ex-Rambler whose gridiron exploits are well known. Together they have maintained the prestige of St. Edwards in the Southwest and to date have lost one game—that to Baylor in the Southwest conference.

While St. Edwards' hardly follows St. Mary's as "giant killers" of the gridiron, the finished eleven which has represented it for the past two years has won the admiration and respect of every fan in this section. Balanced and colorful, the Tigers make most rivals look bad by comparison.

Heretofore another reason St. Edwards is such a drawing card—Percy Neville, guard, weighs less than 130 pounds, but is one of the team's outstanding stars.

1,000 DEER BURNED TO DEATH

GOLD BEACH, Ore. (AP)—Forest rangers today estimated that 1,000 deer were burned to death in the recent Boulder and Lobster Creek fires which burned over 4,000 acres. A strong wind carried the flames faster than a horse could gallop, rangers reported.

According to the Bureau of Air Commerce, 18 cities established or completed improvements of airports during September, 1934.

Home Brewed TO BE A NATURAL

Now that Halloween's goblins have put their faces back in moliballs and everybody's bathtub is back in place except Swain's, we can resume our discussion anent Friday night's game with Pecos.

Pecos' starting eleven will weigh an average of 157 9/11 pounds, Midland's average being 12 2/11 pounds less—if Midland uses the same starters that opened against Wink, as is likely. Nor is that the worst cog in the Pecos offensive.

Midland does not know what to do about the invaders, in the way of an offensive and a defensive. Pecos has never been scouted by Midland officials.

Midland is in a very tight spot. It was planned to do that last Saturday, when Stanton was to have played the Eagles. But Stanton forfeited, and Midland was left holding the sack.

Pecos, in the meantime, had an assistant coach and the whole starting line up sitting on the top tiers of the stand in Lackey field during the Wink game and saw Midland forced to "open up" to get over the Wink hurdle.

Pecos scored 53 points against five opponents this season and allowed its own goal line to be crossed only twice. Its record would have been greater, had the sixth game, that with Stanton, been played. Pecos was given a 1-0 credit on the forfeiture.

The Eagles started out with McCamey's Class A Badgers, knocking them off with a 6-2 verdict that saw McCamey threaten while the barefoot marvel, Joe Bob Kelton, was shaken loose for a 35-yard run for touchdown. McCamey later tabbed a safety. Pecos lost to the strong Ysleta team, 6-7, beat Fabens 21-0, Marfa 7-6, Lovington, N. M., 13-0, and Stanton 1-0.

Midland has scored only three touchdowns, and has had piled up against its defense a total of 74 points. Not impressive to the outsider, but means much to the local dwellers. Thirteen of the points were made by Crane, last year's running back for the district title, and in the first game, Midland had not been able to do much more than recognize a football then, much less play with one.

The club was better when Colorado came over and passed to a 12-0 win. A sparkling offense and a good defense except everything but passes sums up that game. Then Big Lake came over and Midland took its first game, scored its first touchdown of the year. The score was 7-6. The club went to Lamesa and the most conservative estimate on its chances was a large goose egg against 50 points.

That the club held Lamesa's rampaging fullbacks to 31 points, standing pat on the goal line six times without allowing a score to be shoveled over the lighter line, promised the fans better going when the official district season opened. True to the forecast, the Kennel did look good in the Wink game—better than the majority could have believed, for Midland downed the Winkler lads in a 13-12 game that saw both flash a beautiful offensive and a stout defense.

Both Midland and Pecos have the same school colors, purple and gold. Pecos expects Midland to extend the courtesies to the visiting club by going on the field in white jerseys. Pecos is right in that regard. Such a courtesy has been traditional with the sport. Midland will wear the white.

Head Coach Buddy Withers of Pecos has written this department a note which explains his squad and rosters will arrive at 3 p. m. Friday afternoon. His school has no band, but the town musicians are expected to attend. In the 1930 Armistice day game at Pecos, the town band really cut up. Tom Granger, remembered from his trumpet in Simmons, was director, and the group played everything from national airs and the Pecos school song to jazz that singed the salt cedars.

The left side of the Pecos line on paper assumes a baffling appearance. Mitchell, tackle, weighs 165, and Elkins, guard, 220.

Crane and Big Lake will play at Crane at 3 o'clock Saturday afternoon. If you want to see what type ball the other end of the district plays you might drive over. This department would like to see several cardinals attend from Midland. Both Crane and Big Lake have sent fans to all Midland home games. Especially did they flock to the Midland-Wink affair.

Wednesday Club Extends Sympathy To Mrs. Cochran

Sympathy for Mrs. W. C. Cochran and her family at the death of the husband and father, W. C. Cochran, was expressed by the Wednesday club in its regular meeting yesterday afternoon at the home of Mrs. M. Caldwell. Mrs. Cochran is a charter member of the club.

Members answered roll call with items of information on Alaska, subject of study for the year. Mrs. Frank Cowden reviewed "Alaskan Observations" by John Muir giving much information on glaciers of the northern land.

One thing that has kept the interest of white heat is the habit that each school has of upsetting the pre-game predictions. Every so often, when Baylor has (on paper) no business winning, the Bears' up and down the Frogs.

This year it would be difficult to discover what the underdog is. Two games furnish a direct comparison between the Bears and Frogs. Arkansas beat T. C. U. by 14 points—24 to 10—while Baylor held them to a 6 point margin—3 to 0. On the other hand, T. C. U. defeated A. & M. 13 to 0 while the Aggies won from Baylor 10 to 7.

The Frogs, who have eight players on the injured list, hope to be in improved physical condition by Saturday. It is thought that Darrell Lester, center and main cog in the T. C. U. defense, will be ready to go against Baylor.

The Baylor game here Saturday will be the first home appearance of the Frogs since Oct. 6, when they played Arkansas. It will be T. C. U.'s third conference game, the thirteenth in all.

Late News

OKLAHOMA CITY, Nov. 1, (AP)—Senator Elmer Thomas, Oklahoma democrat, outlined three monetary reforms he will seek in the next Congress in a fight against the interests which have controlled the American government for a century.

He advocates government purchase of federal reserve stock now held by banks, devaluation of the dollar an additional 10 per cent of its gold content and recall of nine kinds of money now circulating and substitution of one kind of paper money issued against all gold and silver reserves.

CHICAGO, Nov. 1, (AP)—Samuel Insull wept on the witness stand during his trial. He told of being brought to the United States as an English immigrant by Thomas Edison.

WASHINGTON, Nov. 1, (AP)—The government deficit for 1934 passed the billion mark October 30. The deficit is now \$1,028,738,898.30, more than double the deficit this time last year.

CAT ATTACKED GIRL
KINGSTON, N. C. (AP)—The small daughter of W. Langston, East Kingston, was walking complacently down the street, when a cat, without warning, attacked her and bit her foot through her shoe.

Incidental to the enforcement of the regulations concerning dogs, the provost marshal at Fort Sam Houston was instructed to invoke an old and unenforced rule in regard to cats and to impound all "unbelled" cats found on the reservation, along with stray dogs.

Just why the bells on cats is more or less an unsolved riddle. The most plausible explanation given is that the tinkling of the bells will serve as a warning to the post's bird life of the approach of any feline enemy.

BRAND NEW EYES!
Don't let improper light damage them...

Somebody surely ought to be proud of this baby—what a dandy he is. He is perfect to the nth degree. We could talk about him all day but his eyes are what interest us most right now.

Like all babies, his eyesight is perfect now and with proper care—the right kind of lighting for his playing, studying and reading as he grows up—they probably will be for many, many years. But—because of lack of attention to home and school lighting, the boy of today has only a 60-40 chance of finishing college without having to wear glasses.

The excellent services of eye specialists do great things when it comes to correcting eye deficiencies. But when it comes to prevention, proper lighting takes the spotlight. Look your home lighting over—you'll find a great many things wrong that you'll want to correct. Call on us—we'll help you.
