AF Jet Bomber May Now Carry A-Bombs

By VERN HAUGLAND
WASHINGTON, May 3 (U)—The world's fastest bomber—the Boeing B-47B Stratojet—has been fitted with external fuel tanks for the first time to give it greater range. The 600-mile-an-hour six-jet bomber also has been given more powerful engines.

Presumably it now has the long-distance ability to deliver atomic bombs—if it ever is called upon to do so—deep within any enemy country, and to return to a friendly base. Boeing Airplane Company disclosed tonight that the use of two droppable fuel tanks, the largest ever mounted on an airplane, has been tested successfully on the Stratojet—and that the tanks "now may be used on all production B47s."

The company also announced, with Air Force approval, that the new jets have General Electric J-47-25 engines which develop more than 5,800 pounds of thrust each. Earlier engines used on the B-47 were rated at 5,200 pounds of thrust. The announcement gave no other information as to the size or capacity of the new fuel tanks, or the added range that would result. Nor did it disclose whether the tanks themselves may be re-filled in flight. However, it has previously been announced the Stratojet is fitted for in-flight refueling by means

of a "flying boom." Aviation experts believe that the droppable external tanks may be re-filled in air as readily as the tanks within the airplane structure. The Air Force listed the range of its first B-47s as "more than 3,000 miles." One of the first two experimental models, equipped with less powerful J-35 jet engines, still holds the transcontinental speed record set in 1949. It flew from Moses Lake, Wash., to Washington, D. C., 2,283 miles, in three hours and 46 minutes for an average speed of 607 miles an hour.

STECK IS COMMANDER

Legion To Install Officers May 15

New officers of the Big Spring American Legion post will be installed at a meeting called for the night of May 15. Harold P. Steck, commander-elect, already has appointed Trust Thomas to serve as post adjutant during the coming year. This same team of Steck and Thomas served the Legion a few years ago, when the local post hit its peak in membership and activities. The return of these men to office was a tribute to their leadership in an ambitious program designed to stimulate renewed interest in Legion affairs here. "Our post officers were severely handicapped during the past year

AF Striker Can Resign If He Wants

WASHINGTON, May 3 (U)—The Air Force announced today it had allowed Lt. Verne Goodwin, one of its officers who refused to fly, to resign "under conditions other than honorable." This will permit Goodwin to escape the two-year prison sentence he had been given for his refusal. The action was announced after Secretary of the Air Force Thomas Pinletter and his staff had received Goodwin's case. The announcement said he was allowed to resign "for the good of the service." The Air Force sent a message to the commanding officer of Biggs Air Force Base, Tex., where Goodwin has been serving, notifying the command of its action. It directed that the orders written for his release will specify that he was "discharged from his reserve commission and all temporary appointments held are terminated under conditions other than honorable."

C-47 Crash Lands In Belgium; Four Hurt

LONDON, May 3 (U)—A U. S. military C-47 crash-landed today at Ostende, Belgian North Sea resort city, injuring four persons, an Air Force spokesman said. The plane, bound from Burtonwood, England, to Wiesbaden, Germany, carried 24 U. S. military personnel. One of the injured is in serious condition but the other three were only slightly hurt. Air Force officials declined to identify the injured until next of kin are told.

War Danger Lessens In Past Six Months, Winnie Believes

LONDON, May 3 (U)—Prime Minister Winston Churchill said tonight the danger of war has lessened in the last six months.

Churchill, in a prepared political broadcast on the theme of his regime's first half-year of office, remarked "We have anxious years to endure but I cannot believe that the danger of World War is as great as it was a year ago or that the last six months have not seen an improvement." The Prime Minister asserted all hopes of making things better at home depended upon keeping the peace and added: "The fear of another World War casts its dark shadow upon every land on both sides of the Iron Curtain that divides mankind. I have the feeling that this fear is becoming universal and it is sinking deeper into all human hearts, and from that I draw the hope that all will in the end come right." Churchill commented that if his belief in an improvement of the world tension proves correct "no one will rejoice more than those who in this country were so wickedly accused by their political opponents of seeking war when the

present Parliament was being chosen." He praised the "wise and skillful conduct" of foreign affairs by Anthony Eden.

But the major portion of his speech was devoted to domestic affairs. Churchill termed violent party political strife "lame" and said "we have the will and I believe we have the power to continue for another three or four years of steady, calm and resolute government at home and abroad." Churchill asserted he could think of nothing worse than for this count-

Record Florida Primary Vote Seen In Russell-Kefauver Test

By DON WHITEHEAD
 MIAMI, Fla., May 3 (U.S. Herald)—Florida's first Democratic presidential preference primary in 20 years has developed today into a full-scale drive to "stop Kefauver" in the South.

This state's leading political figures are lined up solidly behind Georgia's Sen. Richard B. Russell in his campaign against the tall, gangling Sen. Estes Kefauver of Tennessee.

Their goal in Tuesday's primary: To give Russell a thumping victory in Florida and establish him as the South's favorite son.

But while Russell entered the South as the favorite, Kefauver's homely hand-shaking campaign was believed to be an effective vote-getting technique. There were some who believed he had a chance to upset Russell.

The spirited Russell-Kefauver contest combined with high interest in state races is expected to bring out a record-voting vote of perhaps 800,000.

Deep cross-currents are at work in this fight between two of the South's political strong men whose social backgrounds are similar—but whose political philosophies sometimes are at odds.

Their fight has almost hidden this development: namely, that former Sen. Claude Pepper is quietly moving into a position which could give him new political prestige within the Democratic party.

Pepper was defeated for re-election to the Senate by Sen. George Smathers in 1950 when Smathers hung a "left-wing" label on Pepper. But Pepper made it clear to

his reporter in an interview he has not given up his political ambitions.

Today Pepper is working to have his friends elected as delegates to the Democratic National Convention—a move which has confused the outcome of the Kefauver-Russell delegate fight.

"I'm going to make a fight," Pepper said, "to see that Florida has a delegation to the National Democratic Convention that will not bolt the party. My friends and I do not want any Dixiecrats in the delegation."

It has been an uphill fight for Kefauver in Florida and only the count of the voting will tell whether he has been able to overcome the odds against him.

A recent Associated Press survey of Florida newspapermen gave this consensus: Russell will get 55.2 per cent of the Florida vote—Kefauver 41.7 per cent.

Both Russell and Kefauver have maintained a friendly attitude toward each other in the Florida campaign. But beneath these surface pleasantries there has been some hard and bitter in-fighting with no punches pulled.

Kefauver has called Russell a "sectional candidate" who cannot win support outside the South. And then he has pointed to his own popularity showings in New Hampshire, Wisconsin, Nebraska, Illinois, New Jersey, Pennsylvania and Massachusetts.

Russell has countered his attacks largely on Kefauver's Atlantic Union proposals and the Tennessee's stand on civil rights. Kefauver has said he would accept a compulsory Fair Employment Practices

Act plank if it were put in the Democratic platform. Russell claims Kefauver is surrendering to political expediency in this position.

As for the Atlantic Union, Russell has called Kefauver a leader of "that group of well-meaning and sincere people throughout the nation who are advocating a new super-state."

Kefauver denies this and has charged that Russell has misrepresented his position.

One of Kefauver's opponents is Gov. Fuller Warren who has attacked Kefauver's "fitness" to be President. Warren has been a bitter critic of the Tennessee ever since the Kefauver Crime Investigating Committee summoned Warren to testify about gambling conditions in Florida.

Warren refused to come before the committee and blasted Kefauver and the investigators. Warren has insinuated that Kefauver benefited from stolen votes, took no action against gambling in his hometown of Chattanooga, and benefited financially from the Senate committee's crime crusade.

For the most part, Kefauver has ignored the Warren attacks. But he said once that his opposition included Warren "and many other persons summoned to appear before the (crime) committee."

Faces Charges

Seaman Bruce S. Hopping, who faces court-martial for publicly criticizing Navy discipline, takes the yard at the receiving station at Pearl Harbor, Hawaii, while he waits for his case to come up.

Rear Adm. Francis C. Denebrink, commander of the service forces in the Pacific, recommended that Hopping be tried on charges of "violation of Navy regulations and conduct to prejudice of good order and discipline." Hopping, a reservist, owns a \$3,000,000 lumber business in Maplewood, N. J. (AP Wirephoto via radio from Honolulu).

FREE MAIDS OUT Frills To Be Lopped By Army In Reich

By RICHARD K. O'MALLEY
 FRANKFURT, Germany, May 3 (U.S. Herald)—The U. S. Army announced today it is knocking off some 45 million dollars worth of its frills in Germany by doing away with free maids and other personal services.

The Army bowed to a State Department demand that it cut off several thousand free servants whose wages came from West German government funds as occupation costs.

The announcement said the release of servants would begin immediately and would be ended next June 30. It did not go into detail.

Nothing was said about special non-duty trains, also regarded coolly by the State Department, which take troops to recreation centers.

It was indicated this matter is still being negotiated.

Army authorities at Heidelberg said it had been decided to act unilaterally because plans for three-part action to introduce an austerity program for personnel had not materialized.

The British say they have hacked off their luxury items. The French are silent about how many frills decorate their occupation picture. It could not be learned immediately just how many servants

Willard Smith Is Candidate For Post On Co. Commission

Announcement that he has filed as a candidate for County Commissioner from Precinct 1 was made Saturday by Willard Smith, resident of the Moore community.

Smith has been a Howard County resident for 44 years, nearly all his life, and has spent most of that time in the Moore community. He has farmed in that area, and in addition for some 20 years was associated with Big Spring Motor Company as a salesman. Smith now is living in the Moore community, devoting all his time to farming.

"I feel that my long experience in Howard County enables me to understand the problems of the Commissioners Court," he said, "and I believe that I am capable of making the people a good hand on their Court. I have had some background in road work, having been a foreman under Ralph Baker in the first major road improvement program in the county. If elected to the office of Precinct 1 commissioner, I pledge to give my best services in accomplishing what is best for Howard County. And I will work cooperatively with other officials and all interests toward that end. The voter's consideration of my candidacy will be most appreciated."

Civil Defense Tests Of Atom Bomb Due

By ELTON C. FAY
 Associated Press Military Affairs Reporter
 WASHINGTON, May 3 (U.S. Herald)—Americans may get another and more graphic look at an atomic bomb explosion to show them in particular what would happen to homes, factories and offices under enemy attack.

The last look was a little disappointing to all but the handful of observers out on the Nevada desert proving ground on April 22. Millions of citizens turned from their television screens with an impression of having seen a distant and apparently harmless blob of light and column of smoke, followed by a mild bang.

Technical limitations and safety and security restrictions placed on the television recording, together with the conditions under which the bomb was exploded, may have produced widespread conviction that an atomic bomb is just another weapon.

The plan for another publicly recorded demonstration, which is understood to be under consideration by the Atomic Energy Commission (AEC) and the Defense Department, isn't designed primarily to put the atomic bomb back in true public focus, although that may well be a factor.

Chiefly, the proposal arises out of a request by civilian defense officials for an actual test and demonstration, here in the United States, on sample structures of all

types, including bomb-proof shelters and duplicates of homes and office buildings designed to withstand reasonably close atomic explosions. Civil defense leaders want to participate actively in such a test.

More than 100 representatives of national and state civil defense organizations saw the April 22 test explosion at the Yucca Flats test area. But that test was only for nuclear efficiency of a bomb and against types of military targets unrelated to civil defense—tanks, guns, aircraft. Troops were in foxholes.

The plan reported to be under study now is to stage another demonstration—probably next year, because there is insufficient time and money for such a test in the current Nevada series—with civilian defense the motif.

And the next time, say some of those familiar with the project, television and newsreel cameras and observers should be closer to the blast, nearer to real ringside seats. Technical difficulties encountered in publicly recording the April 22 shot will be guarded against in another demonstration.

The observers at the Nevada bomb site were deeply impressed when the wave flashed by them. For man, it was terrible destruction. For the infinite and changeless desert, it was a puny incident.

Charter Given For Cub Pack

Will J. Sheppard was guest speaker when Cub Pack No. 14 held its meeting Friday evening at East Ward School.

After he spoke briefly on the objectives of scouting, with emphasis upon character building, he presented Mrs. Charles Herring, Jr., president of the sponsoring East Ward P-TA with the charter for the pack. Sheppard is the district commissioner.

Other members of the pack staff were given their certificates, and the Cubs their membership cards. Two new members, Jerry W. Carter and Jerry Don Joyce, were added.

A playlet was presented by Den. No. 4, with Mrs. Eldon Appleton, Den Mother, and Mrs. K. M. King and Brenda Joyce King assisting. Den No. 1 and No. 2 sang songs and gave yells. Handicraft was on display. Among donors of materials for the handicraft were Homer's Grocery, Farris Food, Cash Way Grocery, Piggly Wiggly, Cactus Paint, Jones Lumber, Christensen Boot Shop, Cubmaster H. A. Rogers closed the meeting with a devotional. About 50 attended.

Cover-Up Of Cotton 'Deals' By D-A Charged

WASHINGTON, May 3 (AP)—Sen. Alken (R-Vt.) said today a Senate investigation into government cotton buying "has shown a cover-up by Agriculture Department officials who knew of gross irregularities in their department."

Alken, senior Republican member of the Senate Agriculture Committee conducting the inquiry, announced he will ask the group to call Secretary of Agriculture Brannan as a witness.

"I want the right to examine Mr. Brannan about the cover-up job that has been done in his department," the senator told a reporter.

"We are just now handing over to the Justice Department for investigation a case involving Mr. Brannan's department, which Mr. Brannan knew about and should have turned over to the FBI long ago."

Alken said he referred to testimony that a rich Egyptian cotton dealer, Louty Mansour, had benefited by "leaks" of inside information concerning the government's plans for stockpiling cotton for national defense. The plans are military secrets, details of which the Munitions Board has kept secret even from Congress.

The committee yesterday asked the Justice Department to investigate the entire story, and Alken led a demand that Brannan suspend Chavis D. Walker, head of the cotton purchasing program.

Walker denied that he had ever given Mansour, whom he described as an old friend, any confidential government information, but he conceded that some of his contacts with the Egyptian had been "improper." He said he had done nothing dishonest.

The Agriculture Department declined comment in the absence of Brannan from Washington.

Factory Earnings In Texas On Increase

AUSTIN, May 3 (AP)—Texas factory production workers earned 31 cents more per week during March than in February, the Texas Employment Commission and U. S. Bureau of Labor Statistics said in a joint report today.

Crude petroleum production workers in the non-manufacturing group received the greatest weekly pay increase, \$6.71, bringing average weekly wages for the industry to \$92.11. The increase was the result of a longer working week and a two-cent average hourly earning gain.

Pleasant Eating Place

Opening Wednesday with new fixtures in completely remodeled surroundings is the Skyline Supper Club. This pleasant eating place is to be operated at U.S. 80 East and Birdwell Lane by Roy and Grace Grandstaff. Above are some of the booths in the front dining room. The main dining room has tables, and in all, 214 can be accommodated.

OPENS HERE WEDNESDAY

Skyline Supper Club Offers Pleasant Air And Good Food

Pleasant surroundings and good food will be the hallmarks of the Skyline Supper Club which opens here Wednesday.

As simple as this may sound, these are the objectives toward which Roy and Grace Grandstaff have been working for the past three and a half months in creating this new place on U. S. 80 east. Great expense and effort have gone into the complete remodeling of a building, located near the intersection of Birdwell Lane and U. S. 80, to make it exactly serve the purposes.

While the exterior has been re-

hurbished, special emphasis has been placed upon the interior.

The entire interior has been re-walled and re-floored. The walls have been finished in leather upholstery up to the wall panel from which issues the soft, indirect lighting. Hardwood floors are

Ex-Martin Pioneer Resident Succumbs; Funeral Set Monday

STANTON — Body of Mrs. Peter C. Tom, 67, was due to arrive here from Chicago Sunday afternoon via Texas & Pacific train.

Funeral has been set for 10:30 a.m. Monday at the St. Joseph Catholic Church in Stanton.

Mrs. Tom, a pioneer resident of Martin County, was born March 10, 1882. Until four months ago she had resided here. She and Mr. Tom went at that time to Illinois to make their home with a son.

Among the survivors here are five nephews, Jim Tom, Edmond Tom, Ellison Tom, Alfred Tom and Glenn Tom.

Large Crowd Views Girls PE Program

While approximately 1,000 people looked on, junior and senior high girls scored another hit Friday night with their annual physical education show.

Throughout the evening activi-

ties, which included a variety of folk and tap dances, the 250 girls taking part in various phases showed a remarkable precision and unity.

In the tumbling demonstration, little Karen McGibbon repeatedly got big applause for her achievements. A six-year-old, she was billed as guest star.

Lending atmosphere to the 80th anniversary celebration of the founding of the school district, Mrs. Zou Parks, Mrs. Giam Keating, Mrs. Martha Moody, Mrs. Mae Hayden, Mrs. Claudia Adams, Mrs. Susie Corcoran and Mrs. Florence McNew appeared in once-conventional regalia of billowing black blouses, black stockings, white middie blouses, and ribbons for their hair. Mrs. Moody, captain of her team three decades ago, told about their record, their schedule, trips, etc. In a free toss match, the "bloomer girls" lost out against the pick of the present team, which stood in sharp contrast with its abbreviated and close fitting uniforms.

Patsy Morton and Charlene Williams added a novel touch with a skating duet, and then Miss Morton cut loose on some solo skating acrobatics which got a warm hand.

One hundred girls, all dressed in pretty formal, went through a waltz to bring the massive show in the senior high gym to a colorful close. Directing were Arah Phillips and Anna Smith.

SHIVERS PAYS UP

Longview Man Bids For Beckworth Post

By BO BYERS
 AUSTIN, May 3 (AP)—A sixth candidate for congressman-at-large announced today. He is Houston City Councilman Phil Hamberger, who said he wants to carry the Texas viewpoint to Washington.
 Developments in other political races:
 Gov. Shivers made himself an official candidate for re-election by paying his \$600 filing fee to State Democratic Executive Committee Chairman J. E. Wheat in Woodville.
 James R. Curtis, Longview attorney, became the first bidder for the congressional seat which Rep. Lindley Beckworth of Gladewater decided to quit. Beckworth announced yesterday he would run against Atty-Gen. Price Daniel for the U. S. Senate.
 Attorney Mat Dawson of Corsicana expressed definite interest in the judgeship of the 10th Court of Civil Appeals being relinquished by Judge Giles P. Lester of Waco.
 Dawson said at Corsicana he expects to decide this week end whether to make the race in which Attorney Frank McDonald of Hillsboro is already a candidate.
 Coke Stevenson Jr., son of the former governor, chilled reports he might run for attorney general against John Ben Sheppard. He said he would not consider the race under any circumstances. Ghest Sanderford, Austin attorney, said he and others had been urging the liquor control board administrator to run.
 Frank Hessbrook Morales of Austin paid his \$500 filing fee as a candidate for Lieut. Governor.
 District Judge A. R. Stout of Watahache filed his application as a candidate for the State Supreme Court, Place 1.
 Edwin O. Nimitz of Orange filed for a place on the ballot as congressman-at-large, but did not pay his filing fee.
 In addition to Hamberger and Nimitz, these candidates have announced for congressman-at-large: Charles M. Dickson of San Antonio; Martin Dies of Lufkin; Houston County Judge Roy Selman of Crockett; and John Lee Smith of Lubbock.
 Pierce Brooks of Dallas said last week he was considering the race, but he has not announced his decision.
 State Rep. Fred Meridith of Terrell, who has been considering various statewide races for several months, finally decided to run for re-election. As chairman of the House Crime Investigating Committee, he said he wished to continue the "tremendous and important job" of fighting organized crime.
 "When we file our report (to the legislature) I want to be back on the floor of the House in the 53rd Legislature to fight for those recommendations (on anti-crime legislation) and to assist in making them law," Meridith said in a prepared statement.
 Deadline for candidates to file for a place on the ballot in the Democratic primary is midnight Monday.

Campaign Debts In Tax Case Due For Two Probes

WASHINGTON, May 3 (AP)—Two investigations may be started into an Internal Revenue Bureau ruling that certain loans made to a Democratic campaign chest could be written off as bad debts for tax purposes.
 Sen. Gillette (D-Iowa) said today the Senate elections subcommittee which he heads may look into the loans, made to the New York State Democratic Committee.
 "I intend to call the matter up for discussion at a meeting of the subcommittee Monday," Gillette informed a newsmen. "Then we will decide whether it is something for us to investigate and find out whether there has been any circumvention by subterfuge."
 Rep. Kean (R-NJ) demanded that top revenue bureau officials be called before a House committee to explain the ruling. In a statement, he asked that Revenue Commissioner John B. Dunlap and Deputy Commissioner E. I. McLarney be called in public session.
Bonds Set For Two Men Held In Fatal Beating Of Man Here
 Bonds have been set for two men who are being held in connection with the fatal beating of Francisco Villa on the night of April 19.
 A bond of \$2,500 was set for Enrique Sanchez, following an examining trial before Justice of the Peace W. O. Leonard. Enrique Ortega waived examining trial and had his bond set at \$5,000.
Garden City Girl Is Tech's Rodeo Queen
 GARDEN CITY, (AP)—A dark-eyed Garden City girl, Barbara Lu Currie, a coed at Texas Tech, Lubbock, was crowned queen to rule over the third annual Tech rodeo which closed Saturday.
 The rodeo's guest of honor, Attorney General Price Daniel presented Miss Currie with a dozen red roses as a token of her selection from a group of six candidates.
 A man who threw a "rock of battle" and smashed the windshield of a passing automobile was fined \$100 and costs in justice court Saturday.
 The defendant was hauled into court on a complaint signed by Cecil Gibbs, driver of the car. Gibbs said the incident occurred Thursday night. The defendant said he did not recall the incident, but admitted that it could have happened without his knowledge.
Fined \$100, Costs
 Glenn P. Dickerson, who pleaded guilty to a charge of driving while intoxicated, was fined \$100 and costs in County Court Saturday.

IN TAKING ON STEEL SEIZURE ISSUE

Extent Of Presidential Powers Up To Top Court

By ED CREAUGH
 WASHINGTON, May 3 (AP)—A question older than the American republic—but with raw new 20th century complications of war, labor management strife and election-year politics—is before the Supreme Court today.
 This is the question that lies at the heart of the great debate over President Truman's seizure of the nation's steel mills almost a month ago. Its echoes may linger long after other bitter controversies of the Truman administration have been forgotten.
 Beyond the day-by-day developments of the past week—the nationwide steel strike, the flitting in and out of courts by lawyers for the government and the steel companies, the renewed threats to impeach the President—lay this series of significant events:
 1. The CIO United Steelworkers and the industry failed to agree on a new contract. The union liked the settlement proposals of the Wage Stabilization Board—23 cents an hour raise, counting "fringe" benefits, plus the union shop. Management, however, said it would take a \$12 a ton price increase to pay for the raises. The government said it would not grant any such increase.
 2. Truman ordered government seizure of the steel mills April 8. He did so, he said, to head off a strike that threatened to wreck the free nation's defense program.
 3. The steel companies appealed to the U. S. District Court here. They contended the President had no legal authority to seize their property.
 4. Federal Judge David A. Pine agreed with the steel companies. He said neither the Constitution nor the laws passed by Congress allow seizure of the mills. For the President to seize them without such authority, the judge said, was to claim "unlimited and unrestrained" power. And so he ordered the government to give the mills back. The steel workers promptly went on strike.
 5. The government asked a higher court, the U. S. Court of Appeals, to postpone the effect of Judge Pine's order until an appeal could be taken to the Supreme Court. This request was granted.
 6. Truman asked CIO President Philip Murray to call off the strike.

Murray did so. The 650,000 workers started going back to their jobs Friday. But in some cases they found no jobs open immediately. U. S. Steel and some other concerns said they couldn't risk heating up their big furnaces and such facilities until they got assurances they wouldn't be damaged by a quick walkout. (A furnace must be cooled gradually or it may be damaged.)
 7. On Friday, the government asked the Supreme Court to throw out Pine's ruling. The industry, on the other hand, asked the court to rule Pine was right—and also to stop the government from ordering any wage increase pending a settlement of the seizure question.
 The court's ultimate decision at least will answer the question whether Truman acted within his powers when he took the mills away from their owners.
 It may go even farther toward answering the whole presidential powers question, which troubled the framers of the U. S. Constitution so much that they finally gave up any attempt to define exactly what a President may or may not do.
 Over the years, in the absence of a black-and-white directive, there have been two general views of the President's office.
 One, which would be called the "Whig" view, holds that a Chief Executive can do only what the Constitution or the laws say he can do.
 The other, much more common in recent years, is that a President

settled their differences where union work movement on the Great Lakes had balked yesterday—demanding assurance of uninterrupted production. Thomas Shane, district union director, said the company's 11,000 workers would resume production within 48 hours.
 Smoke started belching from steel mills across the nation with full production expected the first part of next week.
 Some smaller firms began pouring steel less than 24 hours after Murray bowed to President Truman's plea, and called off the three-day steel strike.
 The first to pour steel from its open hearth furnaces was Inland Steel at its Indiana Harbor works and also East Chicago.
Ceremonies Slated
 AUSTIN, May 3 (AP)—Ground-breaking ceremonies will be held at Houston Tuesday for the new University of Texas Dental Branch building.
 Chancellor James P. Hart will make the address. The \$4,816,911 building will be built in the Texas Medical Center.

can do anything which is not forbidden by the Constitution or the laws.
 Truman isn't the first President by any means to lean far in the direction of this second viewpoint. Democrats Franklin D. Roosevelt and Woodrow Wilson held it before him. So did Republican Theodore Roosevelt, who said a President could and should "do anything that the needs of the nation demanded unless such action was forbidden by the Constitution or by the laws."
 Congress won't be watching quietly while the court fight goes on.
 Laws already have been proposed which would give Truman the specific power to seize a strike-threatened industry in an emergency. Others introduced since the present row began would specifically deny him this power.
 The growing passions of an election year will have their effect on all proposals and, of course, urgency is given the steel seizure question itself by the unsettled world situation and the need of the United States and its allies for steel to make munitions.

**Five Red Jets
 Downed As Two
 Become 'Aces'**

SEOUL, Korea, Sunday, May 4 (AP)—American Sabre pilots shot down five Communist MIGs yesterday in sunset battles near Manchuria that gave the U. S. two new jet aces, the Fifth Air Force said today.
 The Air Force raked the toll by one MIG after examination of gun camera film. It said the battles produced America's 14th as well as 13th jet ace.
 The film showed Maj. Donald E. Adams of Mount Clemens, Mich., the newest ace, shot down two MIGs instead of one. This brought his score to 5½ shot down and 2½ crippled.
 B29 Superforts, on a Saturday night raid against an important Communist transportation link, dropped 60 tons of bombs on the Huichon railroad bridge on the main Red supply line. The Far East Air Forces said there was no opposition over the target area.
 Three other Superforts attacked the Hamburg marshalling yards on the Northeast Coast and flew close support for Allied ground forces along the Eastern Front.
 The Fifth Air Force said the air battles pitted a total of 59 Sabres against an undetermined number of Red jets. In addition to the bag of four MIGs, the Sabre pilots reported damaging a propeller-driven fighter.
 Capt. Robert T. Lashaw Jr., of Amarillo, Tex., was credited with his fifth MIG, thus becoming America's 13th jet ace. Capt. Robert J. Love of San Bernardino, Calif., already an ace, got his sixth MIG.
 Low clouds restricted Allied aerial attacks on the battered Communist supply system. The Air Force reported fighter-bombers blasted 18 cuts in the Red rail network, destroyed three buildings on the battlefield. Allied infantrymen were forced to withdraw from an outpost on the Western sector, northwest of Yonchon. Elsewhere in the same sector, two Communist squads were driven back in a sharp skirmish.

National Music Week Observance To Feature Series Of Programs

Paced with programs every day, punctuated by several outstanding features, and climaxed by the traditional elementary school musical May Fete, National Music Week will be observed here starting today.

At 3:30 p.m. at the First Christian Church today, members of the Music Study Club, which is taking the lead in the week's promotion, will present the opening program.

There will be programs at all the service club meetings during the week. Radio programs, activities at the Veterans Administration Hospital, recitals, piano tournaments and other items all figure in the observance.

Mayor G. W. Dabney proclaimed National Music Week officially in Big Spring.

"Few things can give us as much inner satisfaction as good music," he said. "A community with a love of music is a happy community. A people with a song in their hearts are a forward looking people."

This afternoon's program will include selections by a chorus consisting of Mrs. Ruth Burnam, Mrs. Bill Griese, Mrs. Choc Jones, Mrs. H. G. Keaton, Mrs. J. W. King Jr., Mrs. J. F. Neel, Mrs. Don Newsom, Mrs. Harold Talbot, Mrs. Homer Willoughby, Mrs. L. C. Shipman, Elizabeth Cope and Edith Gay. Mrs. Omar Pitman is director.

Mrs. Fred Beckham, Mrs. Nell Frazier, Mrs. Bill Griese, Mrs. J. W. King Jr. and Elizabeth Cope are the artists.

Vocal solos will be presented by Elizabeth Cope, Mrs. L. C. Shipman, Mrs. J. W. King Jr. and Mrs. Don Newsom.

Following this program, Mrs. Robert Middleton will be hostess in her home at a tea honoring Mrs. Few Brewster, past president of the Texas Federation of Music Clubs.

Monday's schedule includes a concert by the Howard County Junior College choir over radio station KBST from 8:30 to 9 p.m. Miss Cope is the director, and speaker for the program will be Bill Dawes.

Tuesday, the Rotary Club will hear piano numbers by Mrs. Curtis Boyd, Mrs. Ruth Burnam is to be the speaker.

At 7 p.m. children from the Park Hill, South, East, Central, West Ward and Kate Morrison schools will give a program at the Veterans Administration Hospital. At 8 p.m. in the First Christian Church, Mrs. King will present her vocal and piano students in recital.

At Wednesday noon, the Lions Club will be addressed by Mrs. Nell Frazier. Mrs. Don Newsom accompanied by Mrs. King, will sing. Kiwanians will hear a talk by Mrs. Fred Beckham at noon Thursday, and Miss Cope, accompanied by Mrs. King, is to sing.

From 7 to 7:30 p.m. Thursday over KTXC, pupils of Mrs. Nell Frazier, Elsie Willis, Mrs. Fred Beckham and Mrs. King will be presented. Mrs. E. G. Fausel is to be the speaker on this occasion.

Also on Thursday, Bill Cummings will devote a portion of his organ program at the Wagon Wheel to National Music Week.

Mrs. Newsom, with Mrs. King as accompanist, will sing for the American Business Club at noon Friday, while Mrs. H. G. Keaton is to be the speaker. Mrs. King and Roberta Gay will play a piano duet.

Climax of all the activities comes Friday night when more than 2,000 elementary pupils frolic in their annual music and dance festival at the football stadium. Probably 5,000 or more adults will be on hand to witness this.

The May Fete will begin at 8 p.m. and will follow a "World of Fun" theme. Bill Dawes will be the narrator and the opening number will be the winding of the Maypole.

Maypole dancers will be children from the sixth grades of Park Hill, Washington Place and West Ward schools. They are, from Park Hill, Susan Landers, Bobby Mae Dillon, Patricia Thornton, Geo. Peacock, Gwyn McCullough, Charles Morris, Judy Christenson and Kelsay Meek, with Mrs. M. R. Turner, teacher; from Washington Place, Linda Kaye Wehner, Bruce Moore, Robby Allen, Wilma Cole, Sandra Murphy, Tim Gun, Stephen Bahrt, Carolyn Sue Hoggard, Mrs. H. L. Derrick, teacher; West Ward, Janet Dost, Richard Foster, Virginia Cain, Charles Briza, La Faye Woods, Joe McGuire, Earlene Atkinson, Howard Hurst, Kathy Wall, Winfield Hardison, Sus

THE REV. AND MRS. HERVEY LAZENBY AND KERRY

New Minister And Family Move Here From Oklahoma

Straight from the arms of Lake Texoma to the wilds of West Texas have come the Rev. and Mrs. Hervey Lazenby and son, Kerry, 19 months.

The arms of Texoma, according to their Chamber of Commerce, is Madill, Okla., not far from the Texas line.

The couple was there three years while he was pastor of the First Presbyterian Church.

Although the Rev. Mr. Lazenby is a native Oklahoman, Texas is not new to either of them. His wife, a native Texan, received her

Master's degree from the University of Texas.

And it was while he was a student at Austin Seminary that they met.

While taking courses at the University, the pastor, a clarinetist, became a member of the school band. The result was a most avid interest in Texas sports.

"After we moved to Oklahoma, we never subscribed to anything but a Texas paper," his wife said.

"My husband feels like a native, even to voting the first time in this state," she laughed.

The Lazenbys are enthusiastic

Married 10 years, the couple is living at 809 Johnson and he is the new assistant pastor and director of religious education at the First Presbyterian Church.

Kokinakis Move Here From Detroit

Mr. and Mrs. Michael Kokinakis, formerly of Detroit, Mich., have moved to Big Spring and are staying temporarily with Mr. and Mrs. James Petroff.

Mr. Kokinakis will be associated with Mr. Petroff in the operation of the Club Cafe.

Piano Auditions Continue With Mrs. Beckham's Pupils

Hearings sponsored by the National Guild of Piano Teachers will continue Monday with students of Mrs. Fred Beckham auditioning.

The students will include Frances Barber, James Beckham, Jane Blissard, Rosalie DeVaney, Amelia Duke, Gloria Ann Elrod, Sharon Finley, Carol Ann Foster, Gwen Gafford, Lynda Gale Glenn.

Letress Ann Hall, Patricia Haney, Jennine Hodnett, Jeannette Johnson, Joan Jordan, Karon Koger, E. J. Roberts, Dorothy Robinson, Myrna Gayle Thomas, Mrs. Doyle Turney, Kay Walsh and Ronald Walsh.

Auditions will be held through May 7 at the First Presbyterian Church.

Mrs. Few Brewster of Austin is presiding at the hearings. She is the wife of the Associate Justice of the Supreme Court of Texas and received her degree in piano from Baylor University. After her marriage, she studied with Dr. Walter Gilweisz of Mary Hardin-Baylor College for about 10 years.

The auditions are non-competitive and students are rated on their own ability rather than on their ability in comparison with others.

Local members of the national guild include Ann Gibson Houser, chairman; Mrs. Fred Beckham and Elsie Willis.

Students play for the judge privately and from memory. They are checked for their technique in 32 points including accuracy, rhythm, tone-quality, phrasing and pedaling.

Girl Scouts Are Feted At Wiener Roast

STRICTLY FEMININE
Parnis' Design Is For Woman With Man In Mind

Summer is a comin' in—and loudly sings the cuckoo. At least that was Chaucer's way of heralding the advent of a new season, a new time under the sun.

But 'tis not the way that Mollie Parnis bends an eye toward this new era. Rather, Miss Parnis chooses to welcome warm days with a sheerer than springtime, more glamorous than nighttime dress for romancin' and dreamin' in.

As you can see, Mollie Parnis' dress is strictly feminine, definitely styled for the woman who has a man in mind. You will notice the beguiling intrigue of the high neckline, the delicacy of the little bows on the sleeves. You will bow to the bouffancy of the skirt, a skirt that was fashioned strictly for dancing and flirting and skirting your way to romance.

Sheers, such as organdy or fine cotton, would be perfect for this dress. Taffeta would make the slip a joy forever. Size 12 requires 8-

CAMPUS CHATTER

By Jan Masters

Civil Service examinations were given April 28 at the college.

Several of those who have taken this test and passed are Mrs. Marshall Box, Dorothy Patterson, Jo Ann Gay, Jeanne Slaughter, Barbara Sue Wilson, Mrs. McCree, La Nell Engle, Vynetta Low, Dolores Lillard and Charlotte Anderson.

The Merit System Council is holding examinations May 10. Mildred D. Franks will be the chief examiner.

The student council met April 30. Those present at the meeting were Dorothy Thomas, Jackie Jennings, Mary Felts, Bill Thompson, Bobby Wheeler, Charles Warren, Cecil Hoggard, Beverly Jones, Jan Masters and B. M. Keese and Marvin Baker, sponsors.

The council discussed the meeting of the West Texas Student Council Association which was held in Odessa last week.

The track team brought home several honors from the state meet in Denton last week.

Bobby Wheeler won second place in both the high and low hurdles; Billy Wayne King tied for second place in the pole vault; Weldon McElreath placed second in the half-mile race; Sovoy Kay, Weldon McElreath, Jimmie Jennings and Howard Jones won fourth place in the mile relay.

A dance honoring Rita Wright and John Fort, who were married Saturday was held in the home of Mrs. Balch Monday night.

Some of those seen enjoying the fun were Sus and Kimball Guthrie; Amos Jones and Diana Farquhar; Judy Lawson and Richard Gilmore; Pat Lloyd and Ray Adams; Betty Lynn and Donald McAdams; Nancy Clark and Donald Lester; Darlene Sneed, Charlotte Anderson and Chester Chuck.

The baseball team saw quite a bit of action this past week when it met Amarillo Junior College Tuesday, winning both games of a double-header.

Thursday afternoon the Jayhawks met Clarendon Junior College in a double-header, winning both games. Friday the Jayhawks played the Frank Phillips College of Borger in another double-header here.

Last Saturday, a group of 15 people interested in biology made a field trip to several Indian camps, the city lake, and Moss Spring.

Those making the trip were Mrs. M. Savatelle, Loy House, Ruth Beasley, Jay, Zay and Leroy LeFevre, Jimmy Faulkner, Lou Ann Nall, Jimmie Bennett, Morris Rogers, Bruce Frazier Jr., and James Bruce Frazier who sponsored the group.

In the course of the trip, a number of Indian arrowheads was found. Other artifacts discovered were several stone hammers, mallets, and mano—Indian corn grinders.

A large number of hide scrapers and several flint knives were found. There was also a number

of interesting stones which mark most campfires. There were the remains of the old fires. There were also many broken clam shells which led us to believe that Beal's Creek, near where the camps are found, once flowed continually. This was a hundred or more years ago.

Besides the Indian relics, a number of other biological specimens were brought in for study. They included rocks, minerals, plants, a snake and many frogs. An unofficial record was also kept of some twelve or fifteen birds observed during the trip.

Friday afternoon another field trip was made by college science students.

Mrs. Dorothy Davis, principal of the Kate Morrison School and also instructor of the basic classes in the night school of HJCC, attended a teachers' committee meeting in Midland Tuesday.

Mrs. Charlotte Sullivan, instructor in typing, has been ill with the flu.

The Dirty Dozen Club was entertained with a luncheon in the cafeteria at noon Wednesday.

Another book was presented to the library memorial shelf by Olen Puckett of Big Spring. There are about 28 books in this section. This is the second book Mr. Puckett has given. Shine Phillips of the psychology department has donated several books to the memorial shelf. He has also presented to the librarian a fund known as 'The Shine Phillips Fund' for use in buying new books.

The Science Club presented its spring Science Show to the Coahoma High School Thursday.

Going to Coahoma were W. C. Blankenship Jr., Milburn Hoover, Jimmie Bennett, Robert Thompson, Marie Love, Robert Brown, Danella Davidson, Gwendell White

and Bruce Frazier.

A banquet at which time the Basketball Sportsmanship Trophy was presented was held Saturday night in the high school cafeteria. Members of the high school and Junior college basketball teams were present along with the yell leaders of the schools.

Jackie Robinson, famed basketball player, was guest speaker.

A group of students were shown a movie, 'Industry in Texas,' made by the Gulf Sulphur Company which was loaned to the school by Ted Phillips.

Recent visitors: Pfc. Robert G. Steele of Baxter Spring, Kan., who is stationed at the air base; Pfc. Lawrence Gregory of Dallas, stationed at the air base; Mrs. Winston Sherwood of the State Public Welfare office, Austin; L. A. Powell of Dallas; Royce Gene Davis, Snyder.

High School P-TA To Elect Officers Tuesday Evening

Election of officers will be held Tuesday when the High School P-TA meets at 7:30 p.m. in the small auditorium of the new building.

J. A. Coffey, guest speaker, will discuss "What Makes Good Schools." A vocal duet will feature Mona Lee Walker and Bobbie Adams, and a group of girls from the physical education department will be presented in tap dance routines.

Officers have expressed the hope that a large number of parents will attend this meeting, the last of the year.

Canasta Club Meets

Mrs. P. D. Harkins won high score when the Wild Deuce Canasta Club met Thursday in the home of Mrs. Ray Nichols. Mrs. Hazel Townsend won second high.

HELEN'S HINTS

YOU'LL REMEMBER MAMMA... In fine style on Mother's Day if you treat her to a delicious dinner at the DOUGLASS COFFEE SHOP. A vacation from her own cooking is certainly the way to a woman's heart, and what could be a more timely treat than to take mother out of the kitchen into the relaxed and pleasant atmosphere of courteous service and fine food. Whether she chooses a dinner or one of the many appetizing la carte dishes, she'll be more than pleased with the taste-enticing selection of food.

IT'S A MAN'S WORLD?!... It ain't necessarily so, because wonders never cease. Now at ELMO WASSON'S "Men's" Store, sheer and shapely Schiaparelli hose have taken a place among the suits, slacks and sport coats. Clear, delicate, immensely flattering, they make their debut in a galaxy of the season's newest fashion-flavored shades... some accented with black or brown heels and seams. In \$1 gauge, 15 denier, they're priced at \$2.90 a pair... 2 pair... \$3.99... 3 pair... \$5.88. With Mother's Day so close at hand, the man of the house should know about this, too... the perfect gift to keep him always in her heart.

SWING YOUR PARTNER... there's beauty and grace in the old fashioned square dance, and there's beauty and grace in the new fashioned "Soft Shells"—the gay little square dance shoe you'll find at MARGO'S. Flatly speaking, they're the smartest way to have old time comfort in new season style... little shoes on little heels... they're fashioned from the softest of leathers in the gayest of colors. You'll find them in navy, yellow, pink and beige—each with a contrasting inner strap. Ideal for square dancing and just the right note for your summer cottons, they're priced at only \$5.95.

DO-SI-DO AND A LITTLE MORE DO... Yes, the square dance craze is really booming, and you'll "Honor Your Partner" in real style in one of the whirling, swirling square dances from ZACK'S of Margo's. The perfect match-mate for the little shoes at Margo's, they're fashioned in gaily oriented calico with contrasting trim. In two styles, one with a full, full circular cut skirt, and one with a gathered skirt with a deep flounce around the bottom... both have off-the-shoulder necklines and tie sashes. They're priced at \$12.95, and once you've seen them, you'll want to get in the swing too.

NOT JUST ANY OLD BAG... but Korlite utility and freezer plastic bags are the answer for safe, sanitary frozen food and refrigerator storage. You'll find these bags as well as freezer boxes and wrapping paper in all sizes at the BIG SPRING HARDWARE. These tear-resistant, tasteless, odorless freezer bags are available in pint, quart, poultry, broiler, roaster, and turkey size. The utility bags preserve food flavors in your refrigerator, and will keep food fresh as long as 10 days. They're also your best protection for household items and wearing apparel from moth, dust and tarnish... a small price to pay for such long range benefits.

ON HER DAY... Mother will be happy indeed, if you choose from one of the many fitting gifts that you'll find at HARDESTY DRUG. What a wonderful selection they have... delicious candy especially boxed for Mother's Day... fresh and fragrant colognes and perfumes... filmy Airmad hose... the always popular Max Factor cosmetics... and many other appropriate gifts for a lovely lady. You'll choose wisely and well to choose from such a sure-to-please selection... gifts that say "I Love You" long after Mother's Day is past... gifts at such small investments that will reap such big dividends in love and appreciation.

Birthday Party Given By Philathea Class Friday

Members of the Philathea Class of the First Methodist Church met for a covered dish birthday supper Friday night at the church in celebration of the 25th anniversary of the organization of the class.

May baskets and garlands of pansies down the length of the table were decorations and the birthday cake decorated with confection roses was the centerpiece.

The Rev. D. Orville Strong led the invocation and the welcome was extended by Mrs. J. D. Jones, class president.

A Mexican skill written by Mrs. Helen Mahoney was presented. Mrs. Joe Pickle was the commentator and others participating were Dolores Norred and Abbie Dyer, as the matadors, Elizabeth Pickle and Marie Horton, as the bull.

Patricia Lloyd sang "Serenade of the Bells" and Jo Nell West sang "Manana."

"My Adobe Hacienda" and "Cello to Lindo" was sung by Jo Nell West, Patricia Lloyd, Jimmie Bennett, Evelyn Arnold, Lou Ann Nail and Anita Forrest.

Sixty-one attended.

Ethel Foster To Speak At Hyperion Tea

Ethel Foster, candidate for treasurer of the National Federation of Women's Clubs, will speak at a seated tea Wednesday at 3 p.m. at the home of Mrs. K. H. McGibbon.

Members of the 1905 Hyperion Club are to be hostesses for the affair.

Mrs. Harwood Keith, president of District 8, will be a special guest. The presidents, vice presidents and board representatives of the local federated clubs are being invited.

The social committee of the club is in charge of arrangements.

DESIGNING WOMAN Pewter Makes Comeback With Modern Furniture

By ELIZABETH HILLIER

Pewter has the simplicity, practicality and subtle color that finds it new favor with contemporary furnishings. It's on its way back — if it has ever been away — in both decorative and useful items for today's homes. What seems to be modern design may be very old. For example, the jug sketched at upper right which is today much as it was in its original form as a wine jug for medieval knights.

The royal pewterers of Holland make it and the other sketched objects for the markets of the world as part of a large collection of new pewter ideas. What is pewter? It is now tin, copper and antimony in a finer composition than it used to be, that does not turn black or dent easily. The making of pewter began in China before Marco Polo and was prized by the Chaldeans, Egyptians and Greeks.

It had its greatest vogue during Elizabethan times and reached its highest art in Holland. When wars caused kings to melt down their valuables, others melted down their silver, but William of Orange made practical capital of his pewter instead.

Tornadoes Can't Be Predicted; Here Are Some Protection Tips

Now that tornado warnings have become a part of the service of the U. S. Weather Bureau, tips on what to do in event of a twister are being provided.

The bureau, explained G. A. McGahen, meteorologist in charge of the station at the Air Base, figured it was one thing to be alerted and quite another to know what could be done about the situation.

Tornado warnings, McGahen emphasized, do not mean that a devastating wind is on its way. Rather, the bureau simply alerts the public that conditions exist under which twisters might occur. Science has thus far been unable to predict exactly when or where a tornado may occur.

But if one is sighted, here are some things which the individual might do to avoid its destructive force, according to the bureau. Best of all, get in a cellar or cave—with air outlet—if you have time and such refuge is available.

If you are in open country: Move at right angles to the tornado's path. An auto often can outrun a tornado because generally the path is comparatively narrow. If there is no time to escape, lie flat in the nearest depression of a road, field or street. If on a bluff, the side of the hill facing the tornado is often

safer than the side away from the tornado.

If in a city or town: Seek inside shelter, preferably in a structural steel building. DO NOT APPROACH WINDOWS!

In homes, the southwest basement corner of a frame house offers greater safety than in a brick or stone house. If time permits, electricity and fuel lines should be shut off. Windows on the north and east sides of the house may also be opened to help reduce damage to the building. Standing against the inside wall on a lower floor of an office building offers some protection.

If in school: In congested city areas, use the same procedures as in the paragraph above. In rural areas, remove children and teachers to a ravine or ditch which will offer more protection than a building.

In factories and industrial plants: Post a lookout to warn safety officials of the possible approach of a tornado. Make advance preparations to shut off electrical circuits and fuel lines. Move workers to sections of plant offering greatest protection.

The important thing is not to become overly excited. There are records of people trying to run away

from storms and getting in worse accidents than a tornado might be. Your chances of getting caught in a tornado are remote.

For instance, tornadoes occur infrequently, the U. S. averaging about 142 per year. The Midwest, Southern and Central states are most likely spots from March to September, although twisters could hit any time, any place.

Hot sticky days with southerly winds and ominous skies with topsy turvy clouds that appear bulging down instead of up are more likely to be tornado weather. Most likely hours are between 3 p. m. and 6 p. m. Rain and frequently hail accompany the blow.

Tornadoes move most always from southwest to northeast. The twisting funnel of a cloud generally moves forward at 25 to 40 miles per hour. Generally, it bounces along the earth from 10 to 40 miles and leaves a path 300 to 400 feet wide. In both cases the length and width could be considerably greater. The sound is as a thousand airplane engines and wind velocity may be up to 500 miles per hour inside the twister.

It is the violent wind, which rifies objects through the air, and tremendous and instantaneous pressure variations which produce most of the damage.

Roundup Time On The Highway

Motorcycle Officer D. R. Sheldon spied this bull and his heifer friend wandering down the highway near Los Angeles. After dismounting from his motorcycle and borrowing several pieces of rope from spectators, he gave chase on foot through neighbors yards and strawberry patches, finally lassooing the bull and tying him to a utility pole. The heifer defied capture and finally wandered into a corral where she waited for her owner, Luigi Benedetti, to come and claim her. (AP Wirephoto).

Typographical Week In Texas Slated May 4 Through 10

The week of May 4-10 has been designated by Governor Allan Shivers as Typographical Week in Texas, in recognition of the 100th anniversary of the founding of the International Typographical Union. The organization, made up of jour-

neymen of the printing crafts, was founded in Cincinnati, Ohio, May 5, 1852, and is the nation's oldest labor organization. Its first local union in Texas was established in Galveston 90 years ago.

Big Spring has had an ITU chapter since 1916, when No. 757 got its charter. The late Tom Jordan, publisher of the Big Spring Weekly Herald, was active in the local organization. A. C. Hayden is president of the local union, a post he has held for a number of years, and Granville Glenn is secretary.

The ITU has 89,659 members, has gained recognition as an organization clinging steadily to democratic principles.

More than 3,500,000 games have been rolled in 48 American Bowling Congress Tournaments but only 11 perfect games have been recorded at these meetings.

Helton Seeks Post As County Judge

A new entry in the contest for county judge of Howard County is Tom Helton, who first came to Big Spring 38 years ago and who is seeking office for the first time. Helton announced he is filing for the judge's office subject to the Democratic primaries. Born and reared on a farm, which he and his family still own, Helton finished high school and worked as an apprentice in a railroad shop while working toward his degree in mechanical engineering. In 1914 he moved here to work in the T & P Shops.

TOM HELTON

At the beginning of World War I Helton organized a National Guard Unit in Big Spring. This unit was later designated as Company "D" of the 117th Supply Train, which became a part of the 42nd (Rainbow) Division. The late James T. Brooks was commanding officer of this company.

Upon returning to Big Spring from the war, he again entered railway service, and later became associated with several railway supply firms in Houston and Chicago. Prior to World War II, Helton was with Reed Roller Bit Company in Houston. He was later assigned to the University of Houston as a Naval instructor.

In 1947 he returned to Big Spring. "That was because we had felt all the time that Big Spring really was our home and we wanted to re-establish here for good," Helton says. He is married to the former Miss Thelma Leeper, daughter of the late Mike Leeper and Mrs. Leeper, well known pioneer residents.

Helton has been in the insurance business for the past five years.

He is a member of the American Legion, is a Mason, a Shriner, a member of the advisory council of the De Molay and a member of the Eastern Star.

"I feel that my background in various phases of business and special experience qualify me to serve competently as county judge," Helton's announcement said.

"Certainly I would devote my best interests to the job and to the welfare of Howard County. I hope to be able to present my candidacy in person to everyone, and to show them that I can serve them well in office."

Death Trap

Merie Bibbs, 25, Negro, father of four children, dramatically leaps to his death from atop a 110-foot grain elevator at the National Starch Products plant at Indianapolis, Ind., where he worked. Thirty horrified spectators watched. Police and firemen spread nets and tried in vain for two hours to rescue him. Bibbs refused to come down and jumped so nets could not catch him. He gave no explanation for the jump. (AP Wirephoto).

ONE OF OUR BEST FRIENDS

Costa Rica Has No Army, War Debts

By E. L. ALMEN
SAN JOSE, Costa Rica—In a war-minded world, Costa Rica looks strangely out of place. The country of 900,000 has no war debt. It spends no money for possible future wars. It has no army. Costa Ricans say they are too poor to afford an army so they get along with just a police force. But while the "Rich Coast" is poverty stricken in trained divisions, it's still a bastion of democracy in Central America. In the last war it provided raw materials for the U. S. war effort and set the pace for wartime inter-American co-operation by being the first American republic to include the U. S.—to declare war on Japan after Pearl Harbor. Today it maintains its long democratic traditions by standing firm against Communist penetration in Central America. Uncle Sam is happy to have a democratic friend near his vital Panama Canal. When Communists infiltrated their government in 1948 and tried to steal an election from a legally elected candidate, Costa Ricans reacted swiftly. Under the leadership of Jose Figueres, a young coffee planter, the anti-Communists gathered in interior towns, scraped together all the privately owned pistols, rifles and shotguns they

could find, and within two months had won their civil war. Otilio Ulate, the constitutional President, was installed in office. Communists were screened out of government posts and the Communist party outlawed. Ulate is a newspaper publisher who says he's just an average citizen and acts like one. He usually ends his work day by taking a highball with friends at a hotel. Ulate has carried out a number of social and economic reforms considered essential to a healthy economy. One of them has helped make the country self-sufficient in basic foodstuffs. A national production committee determines the cost of producing basic foodstuffs and calculates a profit for the farmer on the basis of formulas related to the price indexes. The committee offers to buy foodstuffs at the set price and holds them for sale in special retail stores. The retail price is placed high enough to permit private merchants to sell at a profit but low enough to prevent profiteering. Special retail stores are few in number and most consumers prefer privately owned stores for convenience sake. But the special stores always are available to them if the private merchant hikes his price too high.

'TIL THEY CAN GO HOME

Trieste Refugees Just Keep Waiting

By JAMES M. LONG
OPICINA, Trieste Free Territory—Want a good balalaika band, with a couple of high-kicking kotsky dancers thrown in free? They're here in the Alpine hills above Trieste, just waiting for a job, along with 5,000 to 10,000 other refugees from Eastern Europe who chose freedom and now must sit for weary months wondering what they can do with liberty. Under Italian laws applying here the refugees can be employed only as domestics. If they escape again—on into Italy—the situation is the same. Their only hope is emigration, a slow process fraught with barriers. The flow of escapees from Eastern Europe into this free zone is steadily rising. Two hundred got through in 1949, 3,500 in 1950; 5,001 in 1951—and the rate so far this year indicates that this figure will be exceeded. They are sent on as fast as immigration permits are granted—mostly to Canada, Australia and South American countries. The last 450 Volksdeutsche—mostly from Yugoslavia—are expected to be sent to Western Germany within the next month or two. The camps long ago were emptied of Jews. They were sent on to Israel. The old, the ill and the maimed mostly are left. No country has seemed eager to take them in, though Maj. Wendell L. Garrison of Joplin, Mo., camp director, says that among their number are many with ability and skills. Here in these Trieste camps many are getting the first taste of democracy they ever knew. They have free elections—each national group for its own leaders.

But even within this framework of freedom, the age-old divisions remain strong. The White Russians and the later-day Russians do not vote nor live together, but form two separate groups. So do the Bulgarians of the bitterly rival peoples and Agrarian parties. Not all want to go on to new homes. Maj. Garrison says hundreds of the refugees—White Russians, Bulgarians and Yugoslavs—want to wait. They hope to go back to their old homes, he says, if and when war or revolution should overthrow the present regime and restore the old order they once knew. Insurance Ordered To Protect Planes, Airline Passengers
WASHINGTON, May 3—The Civil Aeronautics Board (CAB) plans to force all passenger-carrying airlines under its control to take out insurance to protect passengers, their property, and anyone else involved in crashes. Most domestic and overseas lines already carry the required minimums. The CAB said yesterday it proposed to make this "a formal requirement of the regulations." The proposed minimums: \$25,000 person for passengers, and public bodily-injury liability; \$100,000 property damage for planes weighing up to 12,500 pounds; \$250,000 for planes weighing more than 12,500 pounds.

'With A Song In My Heart' Is Warming Story Of Jane Froman

If you aren't familiar with the story of Jane Froman, you just haven't been reading the newspapers, listening to the radio, or paying much attention to the nation's popular songs.

If you are, you know that Jane Froman's career has been of the stuff out of which dramas are made.

And a drama has been made. It turns into a Technicolor musical film with a fine embodiment of romance; and with even more emphasis on the courageous fight Miss Froman made to regain her

high place in the entertainment world after Fate had struck her down with one cruel blow.

All of this is titled "With A Song In My Heart," a lavish piece in Technicolor. The Ritz Theatre thinks enough of it that it has booked the film for three days, beginning today.

And, "With A Song In My Heart" was brought here a few weeks ago for a preview before a representative audience. Comment of the previewers was uniformly favorable, and most of them found enough wholesome sobs in the story to

recommend handkerchiefs for others who see the picture.

The part of Jane Froman is played by Susan Hayward, a beautiful girl of talent, who pantomimes lips in perfect synchronization with the voice on the sound track heard in numerous appealing melodies. And the voice is none other than the rich one of Miss Froman herself.

The film version takes up the career of Miss Froman in the '30s when she gave up opera ambitions to go into radio entertaining, and fast moved to the top. She was the first major entertainer to heed the USO's call for talent to entertain our troops overseas during World War II. It was en route to that assignment that the plane she was in crashed in Lisbon harbor, almost causing her death and leaving her crippling injuries and little hope of ever walking again. She has walked, but still is not entirely recovered from injuries despite an agonizing series of operations.

"With A Song In My Heart" narrates in words and music this stranger-than-fiction experience in which Jane Froman regains her place in the entertainment world—on heart and courage as well as on talent.

The musical is also the story of two men in Jane Froman's life—one a vaudevillian who helped her at the start of her career, the other the airplane pilot who saved her life in Lisbon.

Rory Calhoun appears as the pilot, whose name is John Burn, and who became Miss Froman's second husband, after the Lisbon crash. This same real-life Burn is the one who miraculously survived another crash, off Puerto Rico, just a few days ago. It was history almost repeating itself for Jane Froman's husband.

David Wayne appears in the film as Miss Froman's first husband, and the song-and-dance man who managed her to stardom. Thelma Ritter, top comedienne, adds a bit of her own brand of spice in the film as the wise nurse who takes care of Miss Froman during her long fight for health.

With all this drama to stir your emotions, the picture rate highest for the rare music provided by Miss Froman, whose voice compares with the best of them. She sings such favorites as "Blue Moon," "I'll Walk Alone," "Tea For Two," "Embraceable You," "That Old Feeling," "Get Happy," "They're Either Too Young Or Too Old," "It's A Good Day," "California, Here I Come," "Give My Regards To Broadway," and addition to the title song. —BW.

Stanwyck And Cotten Star In Suspense Story

Man In The Saddle

That would be Randolph Scott as the intrepid westerner. He plays in "Man in the Saddle," a western melodrama with Technicolor, playing tonight and Monday night at the Jet Drive-In Theatre.

Cloak And Dagger

Well, cloak, anyway. This indicates mystery and suspense in the film, "The Man With A Cloak," which is the featured attraction for today and Monday at the State Theatre. The principals are veteran players Joseph Cotten and Barbara Stanwyck.

'Red Badge' Novel Made Into Film

"The Red Badge of Courage," Stephen Crane's famous story of the Civil War, is brought to the screen for showing here Wednesday only at the Ritz Theatre. It will be remembered as the stirring odyssey of a boy who regains his courage in the heat of battle.

Two noted ex-GI's head the cast in the persons of Audie Murphy and Bill Mauldin. Murphy is the Texas lad who is America's most decorated soldier, and who has attained some success in a number of western pictures. Mauldin is World War II's famous cartoonist, who has contributed a story for the film, but just now is getting in on the acting side. Also in the

cast are John Dierkes, Royal Dano, Douglas Dick, Smith Ballew, Glenn Strange, Arthur Huncutt and Tim Durant.

John Huston, an Award-winning director, handled the megaphone on this film, and also wrote the screen play from the Crane novel. The battle sequences, using 700 extras, were filmed on location in northern California.

In The Froman Story

David Wayne and Susan Hayward are two of the principals of the Ritz feature for today, Monday and Tuesday, "With A Song In My Heart." This is the dramatization of the heart-warming "comeback" career of Songstress Jane Froman, who is portrayed by Miss Hayward. Rory Calhoun and Thelma Ritter are others in the cast. The picture is in Technicolor.

Ready For The Attack

Bill Mauldin and Audie Murphy appear ready for battle in this scene from "The Red Badge of Courage." This picture, from the best-selling Stephen Crane novel of Civil War days, is to show Wednesday at the Ritz Theatre.

HIGHLIGHTS ON KBST Oldest, Youngest Mothers Sought

The annual search is now on, to locate the oldest and youngest mothers in Big Spring. Radio Station KBST, in cooperation with several local business firms, is sponsoring a program to honor these

two mothers on Mother's Day, May 11. Entries are invited from the public and it is requested that all names submitted be mailed to KBST before midnight, Wednesday, May 7.

The oldest and youngest mothers will be honor guests on a special May 11 broadcast, and will receive gifts from the participating firms. KBST for several years has observed this type of Mother's Day program.

THE SOUTH IN POLITICS
A political columnist and an editor will discuss the question, "What Role for the South in the Coming Elections?" on this week's America's Town Meeting of the Air. The program is aired via ABC over KBST Tuesday evening at 8 o'clock.

Speakers will be Doris Fleeson, political writer, and Grover C. Hall Jr., editor of the Montgomery (Ala.) Advertiser. Quincy Howe, associate professor of journalism at the University of Illinois, will be moderator.

Mauldin Cartoon On GIs Brought To The Screen

Willie and Joe, those famous cartoon characters of World War II, are brought to the screen in Bill Mauldin's "Up Front," offered Tuesday and Wednesday at the State Theatre.

Tom Ewell portrays the role of Willie and his foxhole buddy, Joe, is played by David Wayne. Italian actress Marina Berti heads the film's supporting cast, along with Jeffrey Lynn, Richard Egan and Silvio Minciotti, Italian character actor.

Ewell and Wayne as the best-of-doughboys manage to catch the sardonic humor of the fighting men which made Mauldin's work so popular.

Texas Building Is Still At High Level
AUSTIN, May 3 (AP)—Non-residential construction awards totaled \$12,185,640 this week and helped hold Texas building activity at a high level. Lettings on all building work reached \$18,291,396, reported the Texas Contractor, trade journal.

Residential contracts totaled \$4,911,200, and engineering \$1,194,536.

Tech To Enter Into A Training Program With Proving Grounds
 LUBBOCK, May 3 (AP)—Dr. E. N. Jones, vice president of Texas Tech, has announced that Tech will enter into a student-trainee program with the White Sands Proving

Grounds, Las Cruces, N.M. Seventy entering freshmen are called for in the initial program. They will alternate their time between Tech and the proving grounds, studying at Tech approximately six months of the year and spending the remainder of the time at the proving grounds in on-the-job training. They will work on

special assignments at White Sands and will be paid on an hourly basis. At Tech, the student will be on his own. Electrical or mechanical engineering majors will be given priority in the program. However, other students to be considered are those in other engineering fields, mathematics, and physics.

Riding The GRUB LINE

By Franklin Reynolds

These ladies may be surprised to find themselves in the Grub Line column instead of on the society page but their interest in bulls, bullfighting and Big Spring's honey-blond matadors wins them the distinction.

Today Mrs. Auda Stanford, Mrs. Constance Reque, Miss Evelyn Merrill and Miss Edith Gay are in Villa Acuna to witness the appearance of Miss Patricia McCormick in the arena in a couple of battles with bulls.

Johnie and Ray Walker of Big Spring have been elected to membership in the American Hereford Association and the addition of their names to the roster boosted the Association's total membership to an all-time high of 20,554.

Enough moisture for planting is reported to have been received over most of the area from the Lamesa Highway west to Tarzan. This area has had some good showers. A good season is also reported around Lenora, and in the farming area south of Midland. Alfalfa in the irrigated areas of Martin County is described as looking good.

Leroy Mattingly, who farms about four miles west of Tarzan on the Andrews Highway and who has about 250 acres under level-border irrigation has a good stand of cotton on more than 100 acres and plans to plant more.

Cotton is also peeping through the ground on the Fay Harding place which lies south of the Mattingly farm.

Soil Conservation Service technicians report that with the scant rainfall of only .65 inches last Wednesday night there was runoff on some Howard County pastures. This is a symptom of a very bad condition, they point out. Parched land that won't absorb more water than that is land that is badly blown and that is almost completely bare of vegetation. Yet there is more of such land in Howard County than a great many people might guess. One inch of rain on such land will look like a flood, while one inch of rain on land that has a fairly good turf will all go into the soil. Good turf will put four or five times as much water into the soil as will be absorbed by bare land.

The performance of Blue Panic grass during this drought has surprised quite a number of West Texans. From all points, even where the drought has hit the hardest, come reports that without any apparent moisture at all it is greening up and putting off a substantial growth.

There is 65 acres of it, in patches, on the J. Y. Robb Ranch 15 miles southwest of Big Spring down toward Lomax and L. H. Batton, manager of the ranch, says it has surprised him the way it is coming out. With a little rain he believes he will be in good shape to handle the 125 head of cattle on the place, because he reasons that if it will do so well as it has done

without rain, that with rain it will do a whole lot better.

County Agent Durward Lewter says there is lots more involved in a good insect control program than just buying an insecticide and applying it to the cotton crop.

The facilities of his office are available to farmers in aiding them in working out plans for their control measures. He says the farmer should determine just what insecticide is needed, and that he should read the label on the container to make sure he has the one that is recommended for a particular job.

Registrations are now open for the Paymaster Feeds "Cash-for-Champions". Awards program for next fall's showings, with an expanded series of awards offered to qualified entrants.

"Cash-for-Champions" is open to all Junior Division boys and girls who are carrying on projects in 4-H or F.F.A. programs and turkeys, broilers and capons have been added to this year's awards list. This makes the fall plan bigger and better, and Paymaster is expecting last season's entries of more than a thousand steers, barrows and lambs to be exceeded. Paymaster paid cash to over 30 grand champions and scores of reserve champions shown last spring.

Purpose of the "Cash-for-Champions" Awards program is to contribute to the feeding knowledge of the boys and girls on 4-H and F.F.A. projects, and this fall,

awards will be paid for designated championships in showing Paymaster fed steer calves, fat lambs, barrows, turkeys, broilers and capons at state, regional, district and county Fat Stock Shows and Fairs.

Boys and girls who plan to enter the contest may get further details and registration forms from their nearest Paymaster Dealer, their County Agents and vocational Ag instructors.

Bids Opened On Additional Local Base Construction

Bids were opened in the Fort Worth district office of the Corps of Engineers Friday for another quarter of a million dollars of construction for the Big Spring Air Force Base.

Apparent low bidders, however, were not tabulated immediately. Engineering estimates on the work—the Air Installation administration building, shops, auto shops and utilities—amounted to \$241,561.

Col. Delbert Freeman, the Fort Worth district engineer, said that a determination would be made on the bids as soon as they could be evaluated.

Submitting offers for the work were West Texas Building Company of Lubbock, F. J. Troop of McAllister, Okla., Swain Construction of Lubbock and J. Ray Gilson of Lubbock.

BUT THE DAM MAY BREAK ANY MINUTE! THE RADIO SAYS SO! WE'RE RIGHT IN THE PATH OF THE FLOOD!

THE WIRES MUST BE DOWN! NO ELECTRICITY... NO TELEPHONE... WE'VE JUST GOT TO MOVE TIMMY!

NOT YET, MOTHER! I'LL TURN ON THE BATTERY RADIO! WE'LL NOT BUDGE UNTIL WE HAVE TO!

THE DAM IS STILL HOLDING, BUT MANY ALONG THE VALLEY ARE LEAVING THEIR HOMES AND FLEEING TO HIGHER GROUND. KEEP TUNED TO THIS STATION FOR ON-THE-SPOT REPORTS!

THE RADIO SAYS THE DAM'S STILL HOLDING! BUT, ED... I WAS JUST THINKING... WHAT IF THOSE BATTERIES...

YEAH, I KNOW! THEY'VE BEEN USED A LOT, BUT THEY JUST GOT TO LAST!

Due to their electro-chemical action "EVEREADY" THE BATTERIES WITH NINE LIVES

DO LAST... AND LAST... AND LAST! Between uses they recover power and bounce back for extra life! Embodiment of Regeneration of the depletor

HE'S PASSED THE CRISIS NOW! I'M SURE GLAD YOU DIDN'T HAVE TO MOVE HIM!

WELL, WE CAN THANK 'EVEREADY' BATTERIES FOR THAT, DOC... WITHOUT THEM, WE COULDN'T HAVE RISKED STAYING HERE!

THE WAY THOSE BATTERIES LASTED! 'EVEREADY' BATTERIES REALLY DO HAVE NINE LIVES!

WHAT AN EXQUISITELY DIVINE ROOM - SO PLAIN AND PRACTICAL - MANY WOULD SNEER AT THE FURNITURE AND CALL IT OUT OF DATE - I THINK IT'S HEAVENLY - AND SO ODD.

I CAN'T DO THAT - AFTER ALL, SHE IS MY LITTLE GIRL'S AUNT.

HONEST, ZERO - WHEN MRS. MARTAN AN' DORIS IS THERE, MISS ELVIRA SEZ IM A DEAR, SWEET LITTLE GIRL - AN' SHE AINT MAD AT ME.

HER MOUTH SEZ SHE AINT, BUT HER EYES SEZ SHE IS - I GUESS IM KINDA FUNNY 'CAUSE NO MATTER HOW HARD I TRY, I KIN NEVER LIKE PEOPLE WHO SAY THEY ARE WHAT THEY AINT.

- NOT AS MUCH AS I LIKE NICE PEOPLE WHO ARE WHAT THEY SAY THEY ARE.

YOU HAVE MY SYMPATHY, DEAR - I ONLY HAD TO PUT UP WITH THAT LAZY, LIVING-LIABILITY FOR AN HOUR - YOU'LL HAVE HER IN YOUR HAIR FOR THE REST OF YOUR LIFE.

I ADMIT ELVIRA IS VERY TEMPERAMENTAL, BUT HER BROTHER'S DEATH WAS A GREAT SHOCK TO HER.

THE NEXT TIME THAT QUEEN OF SHEBA CALLS SHE'LL FIND A QUARANTINE SIGN NAILED ON THE FRONT DOOR!!

PLEASE DO PARDON ME FOR RUNNING AWAY - I HAVE SO MANY IMPORTANT THINGS TO DO.

GOLLY, IF I HAD A GARDEN, I'D SET OUT NOTHIN' BUT ONIONS! I SURE DO LOVE GREEN ONIONS!!

SHUCKS!! IT'S TOMATOES FOR ME -

MY POP SAYS WE'RE GONNA SET OUT LOTS AN' LOTS O' TOMATO PLANTS IN OUR BACK YARD -

GRANDMA, YOU HAVEN'T SAID A WORD!! WHAT ARE YOU GONNA SET OUT IN YOUR GARDEN THIS SPRING?

W-E-L-L! IF I FEEL AS TIRED AS I DO RIGHT NOW -

ALL I'LL SET OUT IN MY GARDEN THIS YEAR WILL BE ME IN A NICE, DIG, EASY CHAIR!!

OH, BOY! DON'T THOSE PICTURES O' BERRIES AN' FRUITS LOOK GOOD!

I HOPE MY POP SETS OUT A LOT O' THESE BIG STRAWBERRY PLANTS IN OUR GARDEN -

GEE WHILLIKENS, LOOK AT THOSE GRAPES! I'LL BET THEY'RE DELISH!

I'D LIKE 'T HAVE A WHOLE ACRE O' 'EM - UM-M!!

Try, smell, and compare!

Try a wash with Surf—then compare the sweet, clean smell of your Surf wash with anything washed with the products you have been using. You'll be amazed and delighted with the wonderful new clean difference.

Shirts, Sheets, Children's Clothes—Even the Grimeiest Work-Clothes come sweeter clean when you wash them with Surf.

A SWEET WASH IS A CLEAN WASH

Surf guarantees you a sweeter wash than any soap, any other detergent

Just one wash with Surf—one sweet, clean wash—will tell you why we can make this guarantee so confidently.

A Surf wash is so clean, smells so much sweeter because Surf not only gets out the dirt and grime you can see in clothes... it also reaches deep into the fabric and gets out the hidden dirt—soap scum and odor—that other washday products leave in.

You'll know what a sweet, clean difference Surf makes when you compare your Surf-washed clothes with ones you've washed with the product you have been using. With Surf

your clothes will smell as clean as they look, and look as clean as they smell. And that sweet, clean smell tells you your sparkling white Surf-washed clothes are clean clear through.

Surf is kind to hands, too! So switch to Surf for a sweeter clean wash—in any make of washer, any kind of water!

Unconditional guarantee! The makers of Surf—Lever Brothers Company—guarantee you the sweetest clean wash you've ever had—regardless of the product you now use, with or without rinsing—or money refunded.

Banish dishpan odors! Sweet-cleaning Surf banishes dishwashing odors... cuts grease as no soap can. Dishes, glassware... the stickiest pots or pans come sparkling clean. No scouring or polishing... no wiping needed! Surf leaves no film on dishes, no greasy ring on dishpan... and that sweet, clean smell reminds you that Surf's new formula is kinder than ever to hands.
