Lynx Open District Against Tough Irish

The practice is over and Spearman's Lynx start playing for the district title Friday at 8 p. m. in Shamrock against the Irishmen.

The competition for the Lynx has been getting tougher each week and this Friday is not going to reverse the trend. Shamrock has a tough line that springs fullback Gray Benson through for good yardage.

The big 185-pound fullback is rated by coaches, whose teams have met him, as one of the best fullbacks in the area. He runs with the authority of a fullback and the speed of a halfback.

Last Friday against Stinnett, Shamrock held a 20-7 halftime lead, before Stinnett was able to come back and pull the game out. Irish Quarterback Dickie Reeves now weighs 180 and is a strong passing and running threat.

The probable starting line-up for Shamrock will be Terry, 165 and Rives, 170, at ends; Milam, 150 and Shannon, 160, at tackles; Copeland, 140 and Brashears, 157, at guards; Isaacs, 185, center; Reeves at quarterback, Benson at fullback and Vaughn, 145 and Davis, 140 at halfbacks.

Lynx coach Don Seymour says all of his cats came out of the Stratford fracas in good condition and will be ready to go.

Don Archer, who saw only limited action Friday because of being sick for the two previous weeks, will be ready to go as a defensive corner man and offensive guard.

City Approves Tax Assessor

A city tax assessor-collector and assistant in the city hall was approved Monday night at the regular meeting of the Spearman City Council.

The council approved the hiring of a man to act as city tax assessor-collector. He would also be building inspector, in charge of building permits and other work in the city hall.

Approval was also given for the purchase of a radar unit for the city police car. This will be used in traffic speed control work.

The council also gave Will Douglas permission to build a beauty shop at the rear of his home. The zoning board had heard the request earlier and were unable to resolve a tie vote on the question, so it was sent to the city commission.

Spearman's starting line-up will be the same as last week.

The Irish run from the regular T formation with variations into the winged T, and unbalanced line. Quarterback Reeves will probably come out throwing to see if the leaks still exist in the Lynx pass defense.

Stewart Rites In Gruver

Funeral services for Mrs. Guy Stewart, 54, of Gruver were conducted at 3 p. m. Wednesday in the First Baptist Church of Gruver with the pastor, the Rev. A. G. Purvis, and the Rev. W. L. Porterfield, pastor of the Community Bible Church, in charge of services.

Boxwell Bros. of Spearman was in charge of funeral arrangements and burial in the Texhoma Cemetery in Texhoma, Texas.

Mrs. Stewart had lived in Gruver for seven years. She lived in Texhoma before moving to Gruver.

Lela Margaret Shilling was born Oct. 21, 1909 in Texas County, Okla., the daughter of Mr. and Mrs. Samuel M. Shilling. She was a member of the Christian Church of Texhoma.

Mrs. Stewart died at 3:15 a. m., Oct. 22, in Hansford Hospital, where she had been a patient for two weeks.

Survivors include her husband, a daughter, Vivian Chote of Texhoma, two sons, Jerry Moore of Masterson and Byron Moore of Texhoma; her mother, Mrs. Myrtle Bartline of Texhoma; three brothers, William of Waverly, Kans., Elmer of Texhoma and Dean of Clovis, N. M.; a sister, Ruby Baker of Burlington, Kans., a step-son, Henry Lee Stewart of Amarillo; a step-father, A. G. Bartline of Texhoma, Okla.; and 15 grandchildren.

Boy Scout Drive To Be Tuesday

Leaders are gathering workers to help in the annual Spearman Boy Scout Fund drive here Tuesday, Oct. 29.

Drive Chairman Roy McClellan says the drive will begin at 7 a. m. with a breakfast at Son's Cafe in the shopping center. Leaders in the drive are trying to get enough workers to complete the drive in one day.

DAMAGE--Waka School Principal Bill Shelby points out the damage done by burglars to the wall and built-in file cabinet in the school over the weekend. Over \$150 in cash was taken. Plainsman Photo

Burglars Get Cash At Waka School

Repair to the wall and filing cabinets in the Waka School may be far more expensive than the money taken from the building sometime during the weekend.

The weekend burglary and wrecking of the school safe was discovered Monday morning.

Principal Bill Shelby said the thieves took \$157.23 in money. It was class money and school activity money, all in small bills and change. The thieves ignored some checks, office equipment and band instruments that were in the office.

"They wanted only money," Shelby said.

Shelby said the burglars entered through a side door near the school office, went through two desks in the office and then went right to the file cabinet safe.

Opening the file drawer proved to be quite a task. In getting the drawer open the burglars damaged the wall around the built-in file cabinet.

Shelby said it looked as if the burglars started to chisel the heavy file cabinet out of the wall, then gave up and started chiseling the lock off the drawer.

However, when the lock was chiseled off, they still could not get in the drawer, so they had to pry the front off the drawer.

The principal said he had no idea how much it would cost to repair all the damage to the wall. The files were some of the first things put in the building after the roof went on and are almost part of the wall.

School officials and officers feel the burglars were familiar with the school, since most strangers approaching the building enter near the gym.

Death Claims Ed Hutton

Ed Hutton, manager of the White House Lumber Co., here for many years died Wednesday afternoon after a long illness.

Funeral arrangements will be announced by Boxwell Funeral Home of Spearman.

Mr. Hutton was manager of the lumber yard here for many years and also served as Chief of the Volunteer Fire Department of Spearman for several years.

Survivors include his wife, Viola of the home, and a son and two daughters.

Students on the honorable mention roll are: Judy Noel, Paulette Melton, Janice Trindle, Gail Upchurch, Gloria Ricketts, Margot Kilgore, Leslie Crooks, Martin Brillhart, Mike Skinner, Burton Williamson, Kathryn Smith, Hal Sanders, Linda Lesley, Mary Ellen Barkley and Nelda Vanderburg.

The county convention will be held this year in the meeting room of the new Farm Bureau building.

This year the convention will be held this year in the meeting room of the new Farm Bureau building.

This year the convention will consist of electing officers and drawing up county resolutions to be forwarded to the state convention later this year.

Farm Bureau officials remind all members that the state and national policies of the organization begin at the county level and all members should take part in these conventions.

Lynx Band Wins Division I Rating

The Spearman High School Band added another Division I or Superior rating to its long list of honors Tuesday.

The band was rated superior in marching in the Interscholastic League competition in Buffalo Stadium at West Texas University, Canyon.

The Gruver High School Band, under the direction of Larry Sparks, a former student of Lynx Band Director Sam Watson, won a Division II rating.

Another former Watson pupil, Joe Mack Hill, band director at Stratford also won Division II honors with his band.

These three bands were among the fifty junior and senior high bands competing in the Panhandle's Region IX meet.

The sightreading and concert parts of the Interscholastic League competition will be held later in the school year. The Spearman Band has consistently been a Sweepstakes Band, winning Division I ratings in all three categories.

TWINS UNDER GLASS--The first twins born in the new Hansford Hospital are photographed through the glass of the nursery. They are Rolinda Lea, 6 lbs., 7 ozs., at birth and Rhonda Bea, 6 lbs., 1 oz. They are the daughters of Mr. and Mrs. Gene Kappel. Plainsman Photo

Lectures Set Next Week

A series of five lectures on "The Church of the New Testament" will begin Monday at the Spearman Church of Christ.

Charles Milner, minister of the church, says these lessons will trace the history of the church from its beginning in the New Testament through the Dark Ages and to the present identity of the church.

A different Church of Christ minister will speak each night. Monday, Guy Orbison from Cedar Hill will discuss "The New Testament Church". Tuesday Bennie Thorpe from Texhoma, Okla., will speak on "The Apostasy". Wednesday, Glen Crowe of Guymon will discuss "The Dark Ages". Thursday Alfred White of Gruver will talk about "The Restoration". Friday night Lester Flippo of Hart will teach on "Identity of the Church Today."

Milner said a cordial welcome is extended to everyone to attend the lectures.

cert in December.

It was a great five days for entertainment.

After attending a school for teachers, doing practice teaching and living among school teachers most of my life; it astounds me that anyone would take the thankless, futureless job. After listening to people complain more all the time, we are more surprised that anyone stays in the business.

The latest "gripe" is that teachers never use an off period or stay after school to help students. "All those teachers do is run to the lounge to smoke cigarettes."

We will bet a few of the bricks we'll get for this, if these complaining parents were required to spend 180 days a year in a room with 30 to 35 children like they send to school, they would need more than a cigarette once or twice a day.

Methodist Women To Have Meeting

Methodist women will meet Wednesday Oct. 30 at 10 a. m. at the church for the purpose of observing a call to prayer and self denial. Members of both circles are invited as well as other women who desire to come.

The objectives may be summed up in three words: study, prayer and self denial. Those attending should bring a salad and a Bible and may attend any or all of the sessions which will be dismissed by 1:30 p. m.

You stay-at-homes missed three great performances in Spearman the past five days. They were shows that made your spine tingle.

We are referring to the football game Friday night, the Justin Wilson show Monday and the Lynx Glee Club appearance at Lions Club Tuesday. All three left little to be desired.

We have always heard that hardnose football separates the men from the boys. Spearman's Lynx can take their place among the men of the gridiron. Their performance in the contact department of Friday's game was about all you could ask for.

Stratford came out to show why they had the reputation of being tough and putting people out of games. They demonstrated they liked the contact phase but, a bunch of kids who were push-overs last year showed they like to hit, also. Before the game was over Spearman was king of the contact work.

The second great show was Monday night when a safety specialist tried to split the sides of many of the people in Spearman.

Justin Wilson, the Cajun story teller from Southern Louisiana, tickled everyone, or most everyone, for one hour and 17 minutes. We say most everyone liked it, because we heard Dixie Tracy did not like the show.

Tuesday at noon the Lynx Glee Club put on a brief show for a small group of Lions. Some of the 20 singers still bore black eyes and bruises from Friday's show, but there were no bruises on their vocal chords.

Enoch Estep has done a marvelous job with this group of 20 boys and we hear the 100 plus voice choir is just as good. We are looking forward to the con-

Weekend Trip

Mr. and Mrs. Sam Henderson, Tommy and Cindy and Mr. and Mrs. Cecil Crawford spent the weekend in the New Mexico mountains near Red River and Taos, enjoying the lovely foliage which is at its height at this season of the year.

In their ramblings they visited an old Indian village near Penasco where 200 Indians still live. At this place there has been found, within the last 3 years, an old Indian Pueblo which dates back to the year 750. This is being restored and parts of it can be visited now.

The group met and talked with Dr. Dick, a geologist from Adams State College at Alamosa, who was at the sight excavating.

DAY BY DAY

We've really had a good time getting ready for Rho Rho's style show and bridge luncheon next Tuesday.

It has been especially nice to go through the local stores' latest styles to pick and choose with never a thought about the tiny label usually found intermingled with tags and fabric instructions, about the sleeves. Local storeowners do have some beautiful sportswear and dressy outfits that will be seen next Tuesday. If you haven't purchased a ticket, there are

several of us who haven't sold all of ours yet.

We have new puppies at our house, little Fox Terriers that are so tiny and cute that it almost broke my heart to hold Missy, their mother, while their tails were cut off. But I got over it just about as soon as they did, which was immediately.

Since there are two males and one female, I wanted to call them Tom, Dick and Harriet, but no one thought it was cute except me.

The only rain that has fallen around here lately was that downpour at Buffalo Bowl Saturday afternoon. The Lynx Band marched before the rains came however and according to all reports, they lived up to the Superior rating they have held for so many years. Friends who were there tell me the band was complimented loudly by the crowd and looked even better than they have at our games. This was partly due to the fact that they were seen from up high and their marching routines were easier to see. Also I imagine they have improved some after daily drills in preparation for the marching contest in which they again excelled Tuesday.

I'm sure it isn't easy to uphold a tradition of always having a Superior band in a class where competition is always good. But no group wants to be remembered as the ones who failed to uphold the tradition.

THE MORSE CODE

The first homecoming for Morse in 12 years was a tremendous success last Friday. The event was sponsored by the Student Council of Morse High School.

The day's activities began with a pep rally held right after the lunch hour. The school may be small, but the spirit of the students is big. Anyone approaching the gym would have thought the crowd to be twice the size it actually was. The captain of the team, Allen McCloy, and coach James Lanier, made brief pep talks. The coach especially commended the cheer leaders for striving to build the school spirit.

The school band under the direction of Stanley Mohr, was an important part of the rally. Though small in number, these musicians really make the rafters ring with music when they play.

Following the pep rally the football game with Mobeetie was played. Although the Mustangs took a beating, they took it like men. The Mustangs, down to eight men due to injuries suffered earlier in the season, were forced to play with a seven man squad twice during the game.

At halftime the band marched onto the field to play for the crowning of the football queen, Sylvia Parks, and the band sweetheart and beav, Sharon Parks and Gary Reiszwig.

After the game the Student Council was host for a reception honoring ex-students. The table decorations consisted of large place cards centering each table with the years '40-'45, etc. lettered in silver on them. School annuals representing

the appropriate years were also part of the table setting.

Earl Henderson, president of the Ex-Student's Association, recognized members of each class and ascertained that Stanley, Kelly of the class of 1933 was the oldest graduate present as well as coming the farthest distance, from California.

New officers elected for the Ex-Students association were LaVerne Parks, president, and Beth Dortch as secretary.

Members of "teen town" sponsored a homecoming dance in the Community Building Friday night.

To the Student Council, the student body of Morse High and to many parents who helped with the Homecoming, credit is due, but perhaps the greatest credit should go to the Morse School faculty who have done and are still doing a tremendous job of building school spirit and pride.

The Hallowee'en Carnival will be held Thursday, Oct. 31, at the Morse School gym, according to John Brumley, superintendent. All classes will have booths and the PTA will serve supper in the cafeteria prior to the carnival.

Pringle's school carnival is being held tonight at the Pringle school.

Mrs. H. I. Gay was honored with a birthday reception Sunday afternoon at her home. Mrs. Gay will be 90 years old Oct. 23. Hostesses for the party were her daughters, Mmes. D. M. Womble of Morse, Hazel Lasater of Stinnett, R. E. Womble of Pringle, Clyde Hazelwood of Amarillo and Charles Darnell of California.

Many friends called during the receiving hours.

Morse won two football games last week. The Peewee team beat the Gruver RA team 24-6 Tuesday afternoon at Morse.

On Thursday night the Morse Junior High team broke the record of the Booker Junior High team when they defeated them 14-6. This was the first time in three years the Booker squad had been beaten.

With teams like this coming along, the high school team should have a good record in the next two or three years. There is not a senior on the Morse team this year.

Dwight Gillispie was injured in peewee football practice Monday afternoon and had to spend the rest of the week in the Spearman hospital. He returned home Sunday with his leg in a cast.

Mr. and Mrs. Charles Thompson, Larry and Cindy of Hugoton, Kans. were weekend guests in the home of her mother, Mrs. Ella Parks, Sunday. Mrs. Parks hosted a dinner for the Thompsons, Mr. and Mrs. Ernest Leib, Dean and Pete of Pringle, DeAnn Schad and the H. B. Parks of Morse.

Mrs. Robert McCullough and children of Denver, Colo. are visiting in the home of her parents, Mr. and Mrs. D. M. Womble.

Mr. and Mrs. Jim Womble are on a hunting trip at Greenwood Springs, Colo.

Mr. and Mrs. Ben Gillispie and family of Arnett, Okla. were recent visitors in the home of his mother, Mrs. Mary Gil-

ispie.

Seen at the Morse Homecoming were Mr. and Mrs. Lloyd Woodruff of Amarillo, Mr. and Mrs. L. H. Searcy of Stinnett, Mrs. Eddie Beasley of Amarillo, Mrs. O. E. Vaughn of Gruver, Jimmy Helms of the Jack Dortchs of

Amarillo, and Joan McCullough of Denver.

Mrs. Daphne Womble of Ft. Worth visited friends in Morse this past week.

Mr. and Mrs. George Cator of Nara Visa, N.M. were overnight guests of the Wilson McCloy Monday.

Josie Aaron and son Kurt of Denver, visited in the home of her mother, Mrs. Annie Clifton last weekend. Mrs. Clifton took them home about mid-week.

Rev. Vance Zinn is back in Morse after a trip to Dallas for a checkup.

The Way I See It

Robert Cordes, Pastor
Oslo Lutheran Church

Some individual Christians or even Christian denominations seem to delight in tearing down other's beliefs. I realize we have different interpretations of the same Bible verses and that the Bible is to be our source of life. But what witness do we make to the world by gaining our strength only from criticizing one another? A mule can't kick and pull at the same time--neither can a church member or denomination regard themselves as pulling the load alone.

Two taxidermists stopped before a window in which an owl was on display. They immediately began to criticize its mounting; its eyes were not natural; its wings were not in proportion; its head and feathers were not neatly arranged; and its feet could stand a lot of improvement. When they were through with their criticisms and were about to leave, the owl winked at them--the bird was perfect and alive!

Christ was criticized by the Pharisees and the scribes. They even crucified Him. Some today reject Christ and criticize the Christian Churches (regardless of denomination). But Christ is alive and perfect and lives forevermore. And His Christian Church (not denomination) will live forever. It may have various forms, some may be nearer the Scriptural truth than others, but wherever Christ is proclaimed as Savior, there you have the church.

Those critical eyes today criticize the church and everything in it. They are always looking for flaws. Somehow they overlook the good in people and the message the congregations are trying to proclaim from the Bible. The church is alive today, and a perfect organization to save souls and heal the wounds of the soul.

It is smart to pick your friends --but not to pieces. If you must throw water on everything --get a job as a fireman.

Imperfect as denominations may be, and disagree as we do and must, may God's Holy Spirit ever keep us in a spirit of love and help to guide us toward what the Lord wants us to know, to witness to and may we be the Church Jesus is proud to have suffered for and died to cleanse.

NOTICE

We have cancelled our Uniform Grain Storage Agreement for the following reasons—

1. We are "fed up" with the government trying to run our business.
2. The Uniform Grain Storage Agreement contains various things, even though some of them might be minor, which we feel elevator operators can not live up to.
3. We feel that the practice of giving away free storage by dating warehouse receipts prepaid until some future date is illegal under this agreement.
4. We feel that the market prices of wheat and grain sorghum are far enough above the loan for CCC loans to no longer be necessary.

STATEMENT OF POLICY

1. Our elevator is still a fully bonded facility, issuing Warehouse Receipts for all purposes except CCC Loans.
2. It will be our policy to guarantee that no customer will lose a penny because we do not have an agreement to store CCC Grain.

Makes Commercial Quality Feeds at Home-Grown Cost

With the new Wetmore Bottom-Unloader Grinder-Mixer you can convert your own home-grown hay, grains and sorghums into fresh, nourishing feeds. This all-in-one feed production unit grinds and mixes on farm or feed lot, to your specific formula for best results in your beef or dairy cows, pigs, hogs, sheep or poultry. It enables you to add concentrates, antibiotics, molasses and all other profit producing elements the best commercial feeds offer. Fully portable, this unit delivers the mixed feed to all types of feeders, tanks, bins, bags or trucks.

It grinds hay in all conditions and hay flakes as fast as two men can put them into the mill. It grinds corn (snapped, ear or shelled) high moisture corn, other grains and grain sorghums, to desired fineness. It easily handles ear corn, grains and hay from unloader wagons. Silos can be filled to heights of 60 ft. by the 350 mill of this unit after disconnecting the mixing equipment. You can earn EXTRA CASH, too, by custom grinding and mixing feeds for neighbors, thus increasing the value of this 3-Fold Feed-maker to you, even more.
