Fighter-Bombers Smash Electric Plants Again

SEUL, Korea, June 24 (AP)—Air Force and Navy fighter-bombers teamed up again today to hammer four of the five Communist hydro-electric plants smashed yesterday in the biggest air raid of the Korean War.

Nearly 200 Navy planes from big fleet carriers off Korea's East Coast joined Air Force planes from dozens of Korean bases to hit the shattered generating stations for the second straight day, Navy headquarters announced.

None of the planes returned to the smoldering Suihwo power plants just south of the Yalu River boundary. But the Air Force said F-84 Thunderjets "completed destruction" of two power stations near Changjin Reservoir and two on the Songchon River in Eastern Korea.

The U. S. Eighth Army reported increasing patrol action along the 155-mile battlefield Tuesday. One Allied patrol battled for almost two hours with a Red unit west of Chorwon, the scene of bloody fighting during the past two weeks.

About 20 Red troops were killed, the Army said. As Allied experts studied gun film to evaluate destruction done by Monday's big raid on North Korean power plants, there were strong hints that more Red targets are marked for attack.

Military officials in Washington said Monday's raid on Communist generating stations inaugurated a new "get tough" policy adopted as a result of Red stalling in the armistice negotiations.

One spokesman who asked not to be identified said "we now realize the best chance for breaking the deadlock at Panmunjon is to hit the enemy with all the force at our command."

A study of gun camera films from the 500 Air Force, Marine and carrier-based Navy planes which took part in the Korean War's biggest air attack showed the strike was virtually a 100 per cent success, the Air Force said.

An official spokesman said direct hits were registered on all five targets, and the world's fourth largest hydro-electric plant at Suihwo was a "pile of junk." He described the 1,400-foot row of giant transformers and other equipment as a shambles.

The Suihwo plant lies only a half mile south of Manchuria on the Yalu River. Other plants were smashed at the Changjin Reservoir and on the Songchon River in Eastern North Korea.

Not one Communist jet challenged the attacking Allied planes, although Allied pilots said more than 200 swept-wing MIG-15s were parked on a Manchurian air base with sight of Suihwo.

The Air Force said all of its planes returned safely. The Navy said one carrier-based plane was shot down by anti-aircraft fire and four others were hit, but no pilots were lost.

No official at United Nations headquarters would say where the order to bomb the power stations originated. The plants have been spared since the war began two years ago and observers said the decision to smash them appeared to be more political than military.

Vice Adm. C. Turner Joy, who formerly headed the U. N. armistice team at Munsan, said at San Diego that he had known for some time a major strike was planned unless an armistice was signed soon.

The Korean battlefield was relatively quiet Monday after more than two weeks of the heaviest fighting since November.

Swimming Pool May Get First Water Wednesday

Within another day water may be pouring into the city swimming pool.

Parts to compensate for added depth and pumping head were due to be received and installed by the City today.

Meanwhile, crews had installed three-inch tubing from the well, being cleaned out by Cosden Petroleum Corporation, to the swimming pool. A valve and T-joint was installed for a line running also to the wading pool for small children. When the swimming pool is filled, the wading pool will be cleaned and filled so the tiny tots can splash and play.

While no test has been run, previous records and the reaction of the well to cleaning out operations indicated that the well might be good for 30 to 35 gallons a minute. This would more than amply to maintain the daily operation of the pool after it is filled.

Meanwhile, various agencies were making plans to get maximum use out of the pool. The YMCA was asking that all youngsters interested in learning to swim or to swim better to enroll in the swimming program as far as possible. As the facilities are available, initial response indicated that there would be a big crop of children in the program. Grover Good general Y secretary, asked that the enrollment be pressed in person or by phone at the YMCA. He also called for volunteer instructors.

The Boy Scouts, with numbers of boys stymied on their swimming and life saving requirements, will attempt to work their program in with the Y instruction as far as possible. Gil Jones, district chairman, Bill Sheppard, district commissioner, and Jimmy Hale are to confer with Grover Good this week to see what sort of program can be worked out.

With more instructors in sight than in recent years, the Howard-Glascock Red Cross chapter is making plans for its annual life saving course. Boy Scouts who miss out on the regular sessions may double back and take the Red Cross course, or, if they desire more advanced work, they may take the Red Cross instruction. Joan Smith recently returned from a Red Cross aquatic school and is ready to assist. 2nd Lt. John Grosier of Webb Air Force Base, a qualified instructor, is available to help Olen Puckett, chapter life saving chairman. Puckett, incident-

ally, is the life saving and swimming counselor for the Boy Scouts.

How long it will take to get the pool in operation is conjectural, but July 1 has been tacked up unofficially as a date to shoot at. It can't come too soon for youngsters who last week, at the suggestion of the city commission, were out getting signatures to a petition asking consideration for the pool opening.

The current development, however, means that the pool can be opened without taxing the city's supply. The well, 275 feet deep, once was operated by the T&P Railway Company for domestic

purposes. Water level in it is 85 feet from the bottom. The pump is being altered to care for added depth and for the 25-foot boosting needed to get it from the well to the pool, said City Manager H. W. Whitney.

Pia To Learn Decision Today

LOS ANGELES (U)—Little Pia Lindstrom learns today whether she'll have to visit her famous mother, actress Ingrid Bergman, in Italy this summer.

The answer will come when Superior Judge Mildred L. Lillie, who presided without a jury over a 2½-week hearing on Miss Bergman's petition for summer custody of the 13-year-old, returns her decision.

The suit was firmly opposed by Pia's father, Dr. Peter Lindstrom, who divorced the actress after she bore a child out of wedlock to Italian director Roberto Rossellini. Lindstrom contended Rossellini, now Miss Bergman's husband, would be a bad influence on Pia.

Pia herself testified she doesn't love her mother, only likes her, and doesn't want to go to Rome to see her. She said she'd rather go to Hawaii with her father. In his final argument yesterday Miss Bergman's attorney, Gregson Bantzler, said that if Rossellini's presence during Pia's visit is deemed objectionable, the director will absent himself for her stay.

Conspiracy Trial Is Delayed Again

NEW YORK (U)—The Communist conspiracy trial was adjourned yesterday for another week.

One of the defendants was ill. The Subversive Activities Control Board had requested the appearance of another defendant tomorrow through Friday and Federal Judge Edward J. Dimock planned to attend a judicial conference today.

People Want To Retain Their Gains, Kefauver Declares

NEW YORK (U)—Sen. Estes Kefauver says the American people "want to retain the social and economic gains that we have made under Franklin D. Roosevelt and Harry Truman."

A vote for the Republican presidential candidate whoever he may be, adds Kefauver, will be a vote "to bring back to power the same forces of reaction that fought the social progress of the last 20 years."

Kefauver was here last night to speak at a fund-raising dinner for his campaign to win the Democratic presidential nomination. The dinner, given by Martin Tannenbaum, a fabrics firm executive, reportedly brought in \$25,000 to \$30,000.

The Tennessee senator said that "under the leadership of the Republican party we are not going to be able to carry out programs of social and economic progress."

Water For The Pool

Jack Bennett, left, drilling contractor, watches as Mark Crawford runs a bailer into an abandoned T&P well to clean it out. Now owned by Cosden, this well will be used to produce water for opening the city swimming pool. By Wednesday water may be pouring into the city pool.

Two Terms Enough, Yarborough Asserts

By The Associated Press
Two terms are enough for any governor. Candidate-for-Governor Ralph Yarborough said in a radio speech from Houston Monday night.

It was as mild a statement as any candidate was reported making during the day. The Taft-Eisenhower delegate fracas brought out the most bitter words. But the state candidates held their own.

Yarborough said Governor Allan Shivers has been in public office for 18 years. He signed an amendment to the federal constitution limiting the Presidency to two terms, the candidate said, "but he seeks a third term for himself."

Yarborough said Shivers served all but seven months of the late Beauford Jester's second term, plus a full term of his own. Yarborough renewed his blasts at what he called the governor's "friendship with the Maceo Syndicate."

He said Shivers was entertained by Anthony Fertitta, "the front man for the Maceo gambling syndicate aboard the yacht Balmese." Rep. Lindley Beckworth, who has visited 225 Texas counties in his sound-wagon swing over the state, breezed back into Dallas Monday.

In a talk with a Dallas newspaperman, Beckworth stressed his hard-working, low-cost campaign, and, by inference, hit at the spending of Atty. Gen. Price Daniel, his opponent.

"I've never used the money method to be elected," he said, "and I'm not using it this time."

"I'm using the work method. And my workers are my daddy."

Police Are Fined For Part In Riots

CHICAGO (U)—The chief of police and two policemen of suburban Cicero were fined a total of \$2,500 yesterday as the result of riots last July touched off when a Negro family attempted to move into the all-white suburb.

Federal Judge Walter J. Labuy fined Chief Erwin Konovsky \$2,000 and Sgt. Roland Brani and Patrolman Frank A. Lange, \$250 each. The three were convicted by a federal jury on June 4 of denying the civil rights of Harvey E. Clarke Jr., a Negro who attempted to move his family into a Cicero apartment. The jury also found Konovsky guilty of conspiring to deny the civil rights of Clark.

A mob estimated at 5,000 rioted in the suburb intermittently during three days, until Illinois National Guard troops and police restored order. Clark never moved into the apartment.

Nicholas Berkos, Cicero town attorney, also convicted of conspiracy will be sentenced June 28. Three other defendants were found innocent. They were Mayor Henry J. Sandusky, Fire Marshal Theodore Wesolowski and Patrolman Frank Janacek.

One Dead, 37 Hurt In Truck Mishap

DALLAS (U)—A truck crammed with cotton workers careened off a rural road near Dallas last night, plowed down the dirt shoulder for 100 feet, rolled down a steep embankment and overturned.

One man was killed and 37 persons were injured, 13 seriously. The dead man was Luis Rodriguez, 48, Arlington, Tex.

Joe Castillo, 37, the driver, said a sudden shift in the weight of his passengers caused him to lose control on a hill.

and his wife and my sister and my wife."

Daniel's expense account for the campaign so far has been reported at \$64,196. Beckworth's account, filed with the secretary of state, says he has spent \$6,645 and owes \$5,043.

Beckworth denied a report that he has been promised a high federal job if he loses the race, and he said nobody "put him in" the race for the Senate.

Daniel, meanwhile, appeared in Texas City Monday and also addressed a Veterans of Foreign Wars convention in Galveston. Tuesday he was scheduled to talk to voters in Angleton, Bay City, El Campo, Wharton, Columbus and La Grange.

The attorney general first candidate to announce for the Senate seat to be vacated by Senator Tom Connally, has been stressing federal corruption, state ownership for the tidelands and government extravagance in his campaign.

Governor Shivers was at his summer home in Woodville Monday and was to be at his office in Austin Tuesday and Wednesday. There seemed little chance for him to do any campaigning this week. Thursday he is to be completely occupied with the National Governor's conference in Houston.

The Taft-Eisenhower Texas delegate feud kept up its bitter pace. Like leaders Monday denied charges they had invited persons who intended to vote for a Democratic presidential candidate to take part in Republican precinct conventions.

Seven expiring terms on the State Board of Education this year brought only two contests to be settled at next month's Democratic primary.

All seven board members whose terms expire are candidates for re-election to new six-year terms. They are Leon Coker, Naples; Jack R. Hawkins, Groesbeck; Dr. David W. Carter Jr., Dallas; Paul Matthews, Greenville; A. D. Moore, Beaumont; Thomas B. Ramey, Tyler; and Emerson Stone, Jacksonville.

Only Carter and Moore have opponents. W. C. (Bill) Graves of Dallas is seeking Carter's post in District 5. W. W. Bennet of Beaumont is running against Moore in District 2.

Terms of one third of the board's 21 members expire each two years. Members serve without compensation.

Taft Makes Drive In Pennsylvania

By RELMAN MORIN
 HERSHEY, Pa. (AP)—Sen. Robert A. Taft carried his intensive stretch drive for delegates in key states to Pennsylvania today, bidding for support from one of the largest uncommitted groups left in the country.

Pennsylvania has 70 votes at the Republican nominating convention. An Associated Press tabulation indicates that 19 delegates now favor Taft, 20 leaning to Gen. Dwight D. Eisenhower, and the remaining 31 undecided and awaiting word from Gov. John S. Fine. The governor said he will delay his decision until just before the convention opens.

Taft drove here from Baltimore last night, and is scheduled to meet the delegation before noon today. He follows his chief rival for the GOP nomination, Gen. Eisenhower, into Pennsylvania by less than two weeks. Eisenhower saw 58 Pennsylvania delegates, 60 alternates, and several hundred guests on his farm near Gettysburg June 13. Yesterday, the senator held two press conferences, one in Washington and the other in Baltimore. He then dined with the 24-man Maryland delegation and answered questions at a closed meeting. The Maryland group is committed to vote for Gov. T. R. McKeldin on the first ballot, and Taft's efforts—as he explained in the news conference—were to gain second-ballot strength. McKeldin said he has made no commitments, but he also said: "It's understood in this state that

I'm for Eisenhower, but I have made no statement myself."

A correspondent said the general impression has been that he is for Eisenhower, and McKeldin replied: "That's a correct impression."

Nevertheless, he insisted he had been misquoted in a report from Los Angeles that he will support Eisenhower.

Taft, himself, said he did not know if he won any delegate support as a result of his meeting in Baltimore. But the delegates and alternates, themselves, indicated he had made a favorable impression.

One said, "It looks to me as though about half are for Taft, and the other half for Eisenhower." The Taft organization has claimed "between nine and 16."

John D. M. Hamilton, Eastern campaign manager for Taft, said the GOP candidate visit to Maryland was "most successful."

Hamilton said Taft has "a hard core of at least 14 votes from Maryland for the second ballot—if the convention goes that far."

Taft gives the impression of being supremely confident in these last days before the convention opens. At dinners and social gatherings the past three days he has been relaxed, jovial and apparently untroubled about the test ahead at Chicago. He cracked jokes, told stories, and was the essence of informality with the small groups he saw in Washington and Maryland.

Divorcee Must Have Cased Bedroom, Redfield Thinks

CARSON CITY, Nev. (AP)—Millionaire La Vera Redfield says the French divorcee he befriended must have cased his bedroom for a 1½-million-dollar burglary while she was hiding there.

Petite Jeanne d'Arc Michaud, 36,

freely has told the FBI and reporters she planned the bold Feb. 29 burglary of Redfield's Reno home for revenge. She is on trial in Federal Court on a charge of transporting \$147,634.50 of the loot across state lines.

The 54-year-old millionaire, wearing his customary blue jeans and an open-collared cowboy shirt, testified yesterday. He had been arrested in Northern California and put under \$50,000 bond to appear after the prosecution charged he tried to evade a subpoena.

Redfield testified Mrs. Michaud presumably discovered his safe one day last January when she hid in his bedroom to evade unexpected visitors. Mrs. Redfield was in Canada.

Mrs. Michaud, who has ambitions as a fiction and song writer, had come to his mansion to request a loan, the millionaire told the jury.

After the bedroom hideout, Redfield said, he accused Mrs. Michaud of snooping through his other trousseaus—"My dress jeans, that is."

"Then I told her, 'You'd better not see me again as I don't like snoops.'"

That was the last he saw of her, he said, until he encountered her in downtown Reno just before the burglary. The government contends Mrs. Michaud signaled the burglars into action after determining both Redfield and his wife were away from home.

Worried Sailor Helped By AP

SANTA MONICA, Calif., June 24 (AP)—A worried sailor from Beaumont, Tex., had help getting married yesterday from the Associated Press Wirephoto system.

Electrician Lynn K. Marsden, 22, (of 849 Liberty St.) stationed at the San Diego Naval Air Station, wanted to marry Miss Elaine Patino, 18, of Venice, Calif. He was on a three-day pass.

The marriage license bureau could not issue Marsden a license because he didn't have a birth certificate.

The Santa Monica Evening Outlook and the San Diego Evening Tribune, both AP newspapers, cooperated with Marsden. They arranged to get a statement from Marsden's commanding officer in San Diego certifying his birth date. The Navy record was transmitted by Wirephoto and accepted by County Clerk Harold J. Ostly, who issued the marriage license.

The couple met on a blind date in Venice five months ago.

Draft Quota For August Expected To Be Smaller

The local Selective Service Board expects to receive its August induction quota this week, officials reported Tuesday.

The August quota probably will be slightly smaller than that for July when 15 men will be ordered to report for induction. The state's quota for August is 1,129, compared to more than 1,250 for July.

Selective Service Board No. 71, serving Howard, Martin and Mitchell Counties, expects most of its August inductees to be men 21 years of age or older. Brig. Gen. Paul L. Wakefield, state selective service director, has asked local boards to fill all calls with men 20 or older, with the 20-year-olds to be used where older inductees are not available.

Only exceptions will be delinquents and volunteers. The state draft headquarters also announced that 1,200 4-F's will be re-examined in July. No quota has been set for the examination of regular registrants.

War Beginning To Burn With Twilight Glow

By ROBERT EUNSON
TOKYO (U.P.)—The twilight war in Korea is beginning to burn with a bright new glow.
Unless an armistice is agreed upon soon, military observers feel certain full-scale fighting will break out again all along the line.
There are two reasons for the assumption:
1. Yesterday's 500-plane armada attack on the North Korean hydroelectric plants is a warning to the Reds that unless they start talking soon, they can expect more of the same.
2. Both sides are fighting for ground now and the scrap west of Chorwon is for positions which the Reds won and the U.S. Eighth Army had to go after with real force to get back.
The smashing air attack left no doubt but that the United Nations is through pussy-footing.
Asked if Gen. Mark Clark would be making a statement regarding the change of policy which permitted the raid, an officer at his U.N. Far East headquarters said:
"Those dams and installations were military targets in North Korea. No statement is necessary."
Asked if there would be an explanation as to why they were bombed now, after pilots had been warned for months to leave them alone, he replied:
"You'll have to draw your own conclusion and it shouldn't be very hard to draw."
The natural conclusion is that after two years of flying around the big dams on the Yalu, the Far Eastern Air Force finally got orders to knock out the power plants because the U.N. Command decided it was time to get tough.
Vice Adm. C. Turner Joy, who tried vainly for 10 months to get the Reds to agree to an armistice, had a theory something like this:
The willingness of the Communists to talk truce can be measured in ratio to the amount of military pressure the United Nations Command applies.
There hasn't been much military pressure since the cease-fire line was drawn last November. The front line has hardly changed a yard in seven months.
But last week, the fighting got hot again.

MacArthur-For-Veep Discussion Is Reported Among Taft Ranks

By JACK BELL
WASHINGTON (U.P.)—A MacArthur-for-vice-president move was reported under discussion today by some supporters of Sen. Robert A. Taft of Ohio.
Gen. Douglas MacArthur, who will keynote the Republican National Convention opening in Chicago July 7, has given public support to Taft's bid for the presidential nomination.
And while the general has said repeatedly he isn't a candidate for any office, some of the senator's followers believe MacArthur might be persuaded to accept second place on the ticket—assuming Taft gets the top spot.
They envision a colorful election campaign in which the five-star general would be provided with a special train and tour the country extensively.
The MacArthur tack is based on the apparent assumption of some Taft people that their candidate can win the presidential nomination without having to promise second place to anybody in return for delegate support.
Gen. Dwight D. Eisenhower's backers say Taft isn't going to win the nomination at all, so they contend the Ohioan won't have anything to do with the choice of the vice presidential nominee.
MacArthur made it clear through an aide yesterday he isn't against the election of professional soldiers to public office, as such, though he's strongly against the develop-

ment of a military state. This seemed to leave him free to accept a nomination if he chose to do so.
Maj. Gen. Courtney Whitney denied in New York an assertion by Lt. Gen. R. L. Eichelberger that MacArthur wanted Eisenhower to remove himself from the presidential picture in 1947 so the way would be clear for MacArthur to run himself for the Republican presidential nomination in 1948.
Eichelberger, formerly MacArthur's right-hand man in the occupation of Japan, made his assertion Sunday at Asheville, N.C., in announcing his support of Eisenhower in the present GOP nomination contest.
"I can state categorically that no political intercourse of any nature has ever taken place or even been considered between Gen. MacArthur and Gen. Eisenhower," Whitney said, adding:
"Gen. MacArthur holds Gen. Eisenhower in warmest personal regard and professional esteem, but does not support his political ambitions now nor has he ever considered doing so."
Eichelberger had said MacArthur told him if Eisenhower got out of MacArthur's way in 1948, then Eisenhower could have the nomination in 1952. Eisenhower declined in 1948 to make himself available for either party's nomination.
Whitney quoted a Jan. 22, 1948, statement by Eisenhower opposing the seeking of political office by

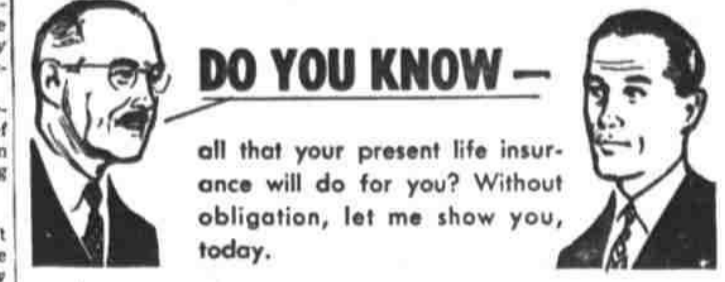

lifelong professional soldiers, and added:
"Gen. Eisenhower's clearly stated position against a military man standing for the presidency has been widely held to have adversely affected the effort of Gen. MacArthur's friends in the Wisconsin primary of April, 1948."
"Gen. MacArthur's warnings have not been against political office for professional soldiers as a class, which is Gen. Eisenhower's thesis, but against the establishment of anything in the nature of a military state in which undue controls are exercised in civil affairs and the citizenry becomes regimented along totalitarian lines. He feels we are already dangerously close to an approach to this condition."
Harold E. Stassen, former Minnesota governor, won the majority of the delegates in the 1948 Wisconsin primary, with MacArthur getting the remainder.

Cattlemen Believe Decline Seasonal

ALBUQUERQUE, June 24 (U.P.)—A spokesman for the New Mexico Cattle Growers Association believes the current livestock market decline "is just sort of a seasonal dip in prices."
Horace Henning, Albuquerque, secretary of the association, said he believed prices will pick up again soon.
"We checked the markets over the country and it is a general nationwide situation," he said after he and members of the Clovis Stockyard Association discussed the matter. "We believe it is just seasonal and prices will pick up when cooler weather arrives."
Clovis prices dropped \$1 to \$4 last week.

Testimony Is Due In Ellzey Trial

BROWNSVILLE, June 24 (U.P.)—Testimony was scheduled to begin today in the second trial of William T. Ellzey, convicted and condemned to death last October for the rape of a 7-year-old Brownsville girl. Ellzey was the first man to receive the death sentence in Cameron County in more than 20 years.

W. S. Goodlett, district conservationist with the Big Spring office of the Soil Conservation Service said yesterday that the SCS is giving the Martin-Howard Soil Conservation District 1,000 pounds of Sand Love Grass seed, which is enough to plant about 1,000 acres with a drill. There are at least seven million of the seed to a pound.
Goodlett said he was expecting the seed in before this bit of news could get into print.
Sand Love Grass is a native grass and not an imported one. It is the "ice cream" of all grasses that have ever grown in this country, being the most palatable of them all.
This batch of seed, Goodlett said, is for experimental plantings on shinnery land where the drought has helped conservation by making it hard for shinnery to live, thus cutting down competition for the grass. Some of the seed may be scattered by plane, Goodlett said.

Among recent Hereford sales: George E. Nance of Canyon reports the sale of 43 bulls to the Exell Cattle Company of Amarillo. Dudley Brothers of Comanche recently shipped 20 bulls to Gen. Antonio A. Guerrero of Chihuahua, Mexico.
Tommy M. Potts of Memphis has sold 14 heifers to W. E. White of New Boston.
H. N. Ferguson of Decatur has shipped 18 heifers to Dr. W. V. Gansler of Bastrop, Louisiana. Virgil Moore of White Deer has sold nine heifers to Alvin R. Bell of Pampa.

Several farmers co-operating with the Dawson County Soil Conservation District are planting Blue Panic grass. Most of these are dry-land plantings with the hope enough moisture will finally come to bring the grass up, which is generally a very successful way of getting a stand of this grass. Being a perennial it does not require re-seeding each year and some cowmen have come to prefer it to Sudan for summer grazing. Usually it furnishes good green grazing from about April 1 to November 1.
Wendell Gibson, farming west of Punkin Center, planted about 10 acres in wet soil and got a good stand. Clarence Isaacs, who is farming the I. N. Gaither place east of Harmony, planted eight acres on shallow, rocky soil where row cropping is impractical.
What is probably the largest planting in the Lamesa area, however, was recently made by Carson Echols who has 200 acres of Blue Panic and Lovegrass. Echols' neighbor, Bob Riker, has planted 20 acres of Blue Panic.
A big Hereford bull, estimated to weigh 1,500 pounds stopped a crack freight train in a cold encounter near Vidalia, Georgia.
The diesel-powered locomotive and eight cars of the Georgia and Florida Railway's freight train, The Blue Goose, were piled up like matchwood across the tracks after hitting the big Whiteface head-on. The bull was plied up, too.
Fifty lots of purebred Herefords returned an average of \$1,080 at the eighth annual Hereford Heavens Association sale at Davis, Oklahoma.
The 47 females set an average of \$1,105 with the top selling female, TR Zato Heires 97, consigned by the Turner Ranch of Sulphur, going to Al Buchanan of San Antonio on his \$5,200 bid. She was bred to Hillcrest Larry 4.
The second high female TR Lady Larry 2, bred to TR Zato Heir and also consigned by the Turner Ranch, was purchased by the Parker Ranch at Chelsea, Oklahoma, for \$5,100.
The three bulls offered in the sale averaged \$683.
Buffel grass, some of which has been planted in the Martin-Howard area, is making a good stand over Llano County, according to reports. The grass was planted between March 15 and April 15.
The three main grasses planted in Llano were Buffel, Blue Panic and KR Blue Stem. The rains of the past two months have brought all three out very satisfactorily. Samples of the Buffel grass were taken into Llano for public inspection and a display was arranged in the lobby of the Moore State Bank. The samples are from 18 to 30 inches tall.
A little native grass has also been planted in the county and is doing well.

Russel Advocates Federal Seizure

PHOENIX, Ariz. (U.P.)—Sen. Richard Russell (D-Ga.), candidate for the Democratic presidential nomination, last night advocated government seizure of the strike-bound steel industry, under authority of the 1940 Selective Service Act.
Russell who arrived here by private plane for a round of political appearances today, said seizure would be legal under a provision of the law dealing with industries involved in defense production.
"The American people have got to push this arms program," he asserted. "It's the main issue before the country."

Taft Displays Ad

Senator Robert A. Taft of Ohio displays an advertisement in the New York Times as he discusses the tangled Texas Republican delegate situation at a news conference in Washington. The ad is titled "Here's What Happened in Texas." Gen. Dwight Eisenhower, Taft's chief rival for the Republican presidential nomination, has charged there was a "steal" of Texas' 38 delegates to the convention by Taft forces. Taft said he wants to make a formal answer, later, to the charge. (AP Wirephoto).

Taft's Lead Is Strengthened By Illinois Vote

SPRINGFIELD, Ill. (U.P.)—Sen. Robert A. Taft, picking up 10 more Illinois votes, today had strengthened his lead to 84 over his chief rival for pledged delegates to the Republican National Convention.

Selection yesterday of the 10 Illinois delegates - at large backing the Ohio senator completed the list of the country's Republican National Convention delegates.

Taft, in the Associated Press tabulation of delegates support, has a total of 477 pledged delegates. His chief opponent, Gen. Dwight D. Eisenhower, has 393.

Others in the poll have a total of 123 while 207 are in dispute or not committed.

The tabulation is based on pledges, instructions, delegates willing to express a first-ballot choice and on candidate concessions.

A total of 604 is needed to nominate at the convention, which opens in Chicago July 7.

The 10 delegates-at-large named at yesterday's Illinois GOP convention will join the 49 of 50 delegates elected in the Illinois primary April 8 who also are Taft backers.

Although no formal endorsement of Taft's candidacy was made, it appeared a complete Taft show on the presidential side at the state GOP meeting. No attempt was made by Eisenhower supporters to upset the selections. One pro-Eisenhower man was named an alternate delegate.

Two Seek GOP Senate Bid In North Dakota Primary

BISMARCK, N.D. (U.P.)—Two of North Dakota's best known political figures are contesting for the Republican nomination for U. S. senator in the top race in the state primary today.

They are Sen. William Langer and Rep. Fred Aandahl. Aandahl has never been defeated in a statewide contest. He is now serving his first term in the U. S. House of Representatives after three terms as governor.

Langer, who is seeking his third Senate term, previously served as attorney general and governor.

The two men head opposing factions of the Republican party—Langer the Nonpartisan League and Aandahl the Republican Organizing Committee.

Nominees are to be chosen by both Republicans and Democrats for a full state of national and state offices but there is only one contest on the Democratic side. This pits H. A. Morrison against Peter Zappas for the senatorial nomination.

Both Langer and Aandahl have put on vigorous campaigns and observers are predicting a record vote as high as 215,000.

Langer has called Aandahl the "tool of the oil interests and the private utilities." Aandahl favors state ownership of tidelands oil and private distribution of power produced by federal dams.

Aandahl has described Langer as "the biggest political bluffer I have ever known" and referred to him as an "errand boy."

Others in the poll have a total of 123 while 207 are in dispute or not committed.

The tabulation is based on pledges, instructions, delegates willing to express a first-ballot choice and on candidate concessions.

Crude Production Shows An Increase

TULSA, June 24 (U.P.)—Crude oil and condensate production in the United States showed a daily average increase of 3,025 barrels for the week ended June 21, the Oil and Gas Journal reported today.

Illinois and Colorado contributed most to the net gain. Illinois jumped 7,300 barrels to 173,900 and Colorado added 21,100 barrels to reach 80,400.

Other states with increases included Louisiana, up 250 to 65,550 and New Mexico up 100 to 165,000 barrels.

Kansas was the biggest loser, dropping 3,800 barrels to 308,100. Oklahoma was off 1,400 to 510,700. Production was unchanged in Texas at 2,699,500.

Prisoner Makes An Apology For Break

LAWRENCEBURG, Ky. (U.P.)—Jailer Charles W. Young had an apologetic note today from a prisoner who fled the county lockup.

Gordon Searcy, who broke out of jail Saturday night, offered to make good a check for \$125 he was accused of forging last Dec. 30. It was cashed at a store.

Jailer Young found this pencil-written note:

"I am sorry I taken this way but there was no other. I aim to pay Doc Moore if it costs me my life. I just couldn't stay this other five months. I ask for a chance to make good the check. I'll be back as soon as I have the money to pay off everything. . . . so please don't feel so hard against me for what I have done."

Some Ammunition Rationed In Korea

WASHINGTON (U.P.)—The Defense Department says it has been forced to ration some types of ammunition in Korea.

But the department said such rationing is not an unusual military situation and does not mean soldiers are without shells for their guns.

A statement issued last night said shortages have developed in some types of ammunition because artillery units were authorized to fire at a faster rate than in World War II.

Receives Award For Stopping Dog Fight

NEW YORK (U.P.)—A woman has been awarded \$5,274 by a Bronx Supreme Court jury for her troubles in breaking up a fight between her terrier and a doctor's collie.

Mrs. Elma C. Fulkerson said she was bitten and lost a diamond ring when she intervened in the canine battle.

She sued the doctor, Philip G. MacDonald, for \$30,000. The jury yesterday ruled that she should get \$5,000 for the ring and \$274 for injuries and medical expenses.

Taft's Argument For Nomination Is Just What Truman Is Wanting

Why is it that Sen. Taft and President Truman are in such complete agreement on how the campaign ought to be fought? Each is insisting that the best politics for his party is to make the issues as sharp and contrasting as possible.

Now Truman and Taft are practical men and experienced politicians. There must be some reason why each is so confident that the more sharply they differ the better for him. Both parties can't win the election. Why should they have the same formula for winning it?

To make his case to the Republican delegates, Taft has to deal with the fact that Eisenhower has shown both in the primaries and in the polls that he can attract

than weather balloons, birds of other familiar objects mistaken for something else. But there are other things seen in the air, too, and it is these that Dr. Menzel attributes to atmospheric tricks.

Auxiliary Of Legion To Install

An installation service for new officers to be followed by a dinner and dance will be given Thursday evening at the Skyline Supper Club by the American Legion Auxiliary. Commander Harold Steck of the local Legion post will conduct the installation service at 7 and the dinner and dance will begin at 8. The entire membership is invited, with each guest paying his own check.

Mrs. Bert Wall will be installed as the new president. Other officers are Mrs. Herbert Smith, first vice president; Mrs. Ray Andrews, second vice president; Mrs. Steck, recording secretary; Mrs. Charles Hutchison, corresponding secretary; Mrs. Herbert Whitney, treasurer; Mrs. Bob Eubank, chaplain; Mrs. L. H. Steward, historian; and Mrs. Jack Pearson, sergeant at arms.

To test a griddle for baking temperature when you are making pancakes, sprinkle a few drops of water on it when it is heated. If the water dances, the griddle is ready for baking the pancakes. If the water fizzes and steams, the griddle is not hot enough. If the water sizzles and disappears, the griddle is too hot.

Future Of Rooms Decided At Home Fashion Show

By ELIZABETH HILLYER
Chicago — The future of every room in your house is being decided now in home furnishings at the huge semi-annual preview showings in Chicago and Grand Rapids, when ideas fresh from the drawing boards of the designers are introduced to store buyers from all over the country, who then bring the new fashions to the stores and to you.

New items in furniture, fabrics, floor coverings, lamps, accessories and every other sort of furnishing for the home bring more thousands to both cities than any other regularly scheduled event. The American Furniture Mart in Chicago alone expects 20,000 visitors during the two weeks, and the 1250 lines shown in the building will

include 2,000 new designs. All this in the interest of your home this fall and the home next door.

Sixty per cent of the new furniture designs to be shown at the American Furniture Mart will be contemporary. Here is a preview of one preview showing a room furnished with part of a large new collection of graceful contemporary furniture in Honduras mahogany. The 36 wood pieces for living room, dining room and bedroom were designed by the trend-making team of George Farkus and Walter Baerman. Typical of the style of the grouping is the unusual bookcase table, which is outstanding both as a new shape and as a new type of piece of contemporary furniture.

Sectional storage furniture in the mahogany grouping is nicely varied in size and design. The monotony of a far spreading arrangement is avoided by the interruption of the wood with cane door fronts, a handsome texture of gapanaga fibre woven in Puerto Rico.

Plenty For Seamstress

Fine fabrics and piece goods like these are available in abundant quantities at Brown's Fabric Shop, where Big Springers can find most anything they need for sewing.

Fabric Shop Has Plenty Of Sewing Needs

The housewife handy with a needle and thread can find plenty of fabric and piece goods at Brown's Fabric Shop, 201 E. 2nd, headquarters in Big Spring for all types of yard goods.

Of special interest this time of year is the variety of summer fabrics available at the shop for playclothes and cool dresses. The woman who makes her own clothes, children's apparel or hubby's shirts can find just the material she wants at the Brown Fabric Shop.

Not to be ignored in these days of high living costs is the economy of fashioning clothing at home and the seamstress can contribute more than a little to the family's budget by securing the materials at Brown's and turning them into smart clothing.

The Brown Fabric Shop is a convenient one-stop shopping point since not only fabrics but all sewing accessories are included in stocks of goods. Simplicity patterns are available as sewing guides.

An extra saving is afforded fabric shoppers this week since the shop is in the midst of a sale with prices on all goods reduced. On display at all times are fabrics for all kinds of clothing, from formal to casual pieces. Variety also applies to patterns, colors and weights of the different materials. Summer items of note are the tissue chambrays, nylons and organdies.

Widths of the yard goods is from 36 to 45 inches.

The Brown Fabric Shop "notions" department stocks buttons, threads, tapes, elastics and bellings, laces, edgings and trimmings of all kinds. The shop is one of two locations in Big Spring where lucite buttons may be obtained—in a multitude of colors.

Motorists who sit behind the wheel of the new De Soto Fire-Dome V-8 for the first time are transported to a new and pleasing driving miracle they never imagined before. No matter how many years they have been driving, no matter how many different cars they have driven, a new and gratifying experience awaits them in a demonstration from the Clark Motor Company.

The miracle of Fire-Dome, it is explained at the Clark Motor Company, is in its hemispherical (dome shaped) combustion chambers.

There, they explain, you have the secret of the astounding power and efficiency of this engine. Even with today's regular gasolines, it is capable of breathtaking acceleration, providing maximum safety in passing, climbing and getting ahead in traffic.

And the Clark Motor Company will be glad to prove, with a demonstration, their assertion that steering the new De Soto with its new De Soto Power Steering is just as easy as using a dial telephone, which is one of the most modern and easiest mechanical operations today's man is called upon to perform.

Yes, the new De Soto Power Steering will actually assist you. You can turn the steering wheel of a new De Soto with the pressure of one finger more easily than you can turn the steering wheel of an ordinary car with the strength of both arms. Even when standing still, turning the steering wheel with a fingertip is practically effortless.

Truly, the new De Soto is a miracle in motoring achievement, and in Big Spring you may prove this to yourself by calling at the Clark Motor Company, 215 E. 3rd.

Always, Baldwin has been noted for its program of intensive acoustic research and development of new keyboard instruments. The latest achievement is the Baldwin Electronic Organ, introduced shortly after World War II.

Baldwin's scientific approach to the design and construction of musical instruments has led to many "firsts" for the firm. Scientists in the company's research laboratories developed the Tone Spectrograph through which it is possible to visually record for analysis the component harmonic partials of a given musical tone.

Baldwin makes the famous Baldwin concert grand, a favorite of artists the world over. It also produces the Acromonic Spinnet the Hamilton Vertical and Grand as well as the electronic organ.

Response to the special observance already is most gratifying. Adair pointed out that public response to the recent sale had been wonderful and that he and Mrs. Adair were grateful.

Although sales were numerous, there is still a good stock of the beautiful models with sparkling clear tones on the floor.

Adair Is Joining In Baldwin Anniversary

Adair Music Company, 1708 Gregg, is joining in the nationwide 90th anniversary celebration being observed by the Baldwin Piano Company.

Adair Music is the Baldwin outlet in this area of West Texas. Special models and values are features of the observance which commemorates the beginning of piano making by Dwight Hamilton Baldwin in Cincinnati, Ohio in 1862.

He started out under most modest circumstances, making pianos for Cincinnatians and for discerning patrons in a few surrounding Ohio river towns.

From the beginning, when he had a salesroom which had a kitchen chair and organ case as the only furnishings, Baldwin developed a distinctiveness in his product. Steady growth rewarded his efforts, and today Baldwin is the acknowledged leader in piano industry. Instead of the modest circumstances at the outset, the Baldwin factory now covers 14 acres devoted to many large interconnected buildings. Baldwin products are shipped to all parts of the globe.

Carpets, Rugs Featured At Barrow-Phillips

One of the biggest departments of Barrow-Phillips Furniture Store is the carpet and rug department. Exclusive Big Spring dealers for Bigelow and James Lee brand carpets, Barrow-Phillips has a large selection of styles and colors.

The store, located at the corner of 4th and Gregg Streets, keeps up with the fashions and styles at all times and sells carpets in cotton, wool, and rayon-wool weaves. Both solids and designs are stocked.

Wall-to-wall and cut styles of carpets are sold and Barrow-Phillips has its own installation department for laying the carpets.

All wall-to-wall designs come in nine, 12, and 15-foot widths.

Bigelow brand carpets carry a guarantee that their new fabrics are blended from virgin wool and Bigelow's exclusive carpet rayon.

The rayon adds greatly to the rugs, giving brighter, clearer colors to the fabrics. These Bigelow products are blended to wear, resist soil, and clean as well as all-wool carpets.

In addition, users of Barrow-Phillips's Bigelow carpets will have no worry of the carpets shrinking to leave unsightly spaces around the edges of the walls. For the Bigelow rugs are treated so as not to allow shrinkage.

Shallow Test Scheduled In Northern Glasscock County

Location has been made for a San Andres test two miles south of production in the Howard-Glasscock pool. It will be drilled by Phillips on the McDowell ranch in Northern Glasscock.

Top of the Devonian was picked on a Central Marn County wildcat, but only mud was returned on the initial drillstem test on Argo No. 1 Brown.

In Eastern Borcen, slightly east of mud was recovered during a drillstem test in the Mississippi zone for Sinclair No. 1 Reeder, Sinclair No. 1 Scott, 10 miles west of Lamesa, recovered only mud in a test of the Dean and.

A 5-in. liner has been run in American Republics No. 1 Buckner Orphan home and Southwest Glasscock and northeast of Driver-Spraberry production. Sinclair No.

Clark, also northeast of production in that area, is preparing to run tubing and packer to swab.

Borden

Sinclair No. 1 Reeder C SW SE 41-410-97, H&T, a location north of the Myrtle-Pennsylvanian pool, was in the Mississippi and took a drillstem test from 8,170-8,220. Recovery was 1,479 feet of water blanket and 180 feet of slightly assaut mud with no water. The test was open for three hours. Operator was at 8,269, preparing to drillstem test.

Dawson

Sinclair No. 1 Scott, C SE SE 101 M, EL&RR, 10 miles west of Lamesa, took a drillstem test in the Dean sand for an hour from 8,602-8,652. Recovery was 50 feet of drilling mud and no shows. Cities, Service No. 14 Dupree, C NW SE 67-M, EL&RR, a deep exploration in the Welch medium pool, progressed to 11,168 in lime and chert.

El Tee No. 1-95 Classen, C SE SW 95-M, EL&RR drilled to 4,750 in lime and shale. Snowden No. 1-85 Classen, C SE SE 95-M, EL&RR, a Mungerville-Pennsylvanian prospect and half a mile north of the discovery No. 1 El Tee Briley, drilled past 7,860 in lime and shale.

Glasscock

American Republics No. 1 Buckner Orphan Home, C SE SE 17-35-5s, T&P, a mile and a half northeast of production in the Driver Spraberry pool, was bottomed at 8,050 in shale and sand, and ran Schlumberger, electric log and Gamma ray surveys. Then operator ran 5-in. liner from 6,278 to an unannounced depth. Currently the test is waiting on cement to set.

Phillips No. 1-C McDowell will be 1,979 from the north and 1,924 from the east lines of section 31-33-2s, T&P, four miles southwest of

Lees. It is projected with cable tools to 2,700 to test the San Andres. This venture is on a 1,280-acre lease and is 11 miles north of Garden City and two south of the shallow-Howard-Glasscock field.

Sinclair No. 1 Clark, C SW SE 41-35-4s, T&P, three miles north and east of Driver Spraberry production, was bottomed at 7,294, preparing to run tubing and packer and to swab.

Sinclair No. 1 Hall, C SW NW 4-34-2s, T&P, was at 4,355. A drillstem test was taken in the Clear Fork from 4,410-4,446 with the tool open three hours. Recovery was 30 feet of drilling mud with no shows of oil gas or water.

Murphy Corporation No. 4 M. F. Cooney will be 666 from the west and 663 from the south lines of the northeast quarter of section 24-35-5s, T&P, a Driver Spraberry location 15 miles southwest of Garden City, rotary 7,000.

Murphy Corporation No. 2 Covey Harrison will be 606 from 1 1/2 north and east lines of the south-west quarter of section 13-36-5s, T&P 15 miles southwest Garden City, rotary 7,000.

Howard

Stanold No. 1-A Snyder, C NW NW 20-30-1s, T&P, four miles southeast of Coahoma, drilled past 7,333 in lime.

Stanold No. 1 Simpson, C SW NW 21-33-2n, T&P, in Northwest Howard, drilled below 4,930 in lime.

Lynn

Deep Rock No. 1 Rackler, 17 miles northeast of Tahoka, drilled to 5,219.

Shell No. 1 Southland Royalty, was at 9,584 in lime, preparing to drillstem test.

Martin

Final completion figures were Pan-American No. 2 F. D. Breedlove, et al, 1,960 from the east and 1,300 from the south league 258 Briscoe CSL. It flowed 8 hours through 4-inch choke after 2,000 gallons of acid to make no water and rate 1.298 barrels of 41.2 gravity oil. Gas-oil ratio was 41.2, top pay 12,094. Total depth 12,290; the 5 1/2-in. at 12,182 and perforated 12,139-12,145.

Stanold No. 1 Cowden, C SE SW 30-10, T&P, drilled to 11-350 in lime and shale.

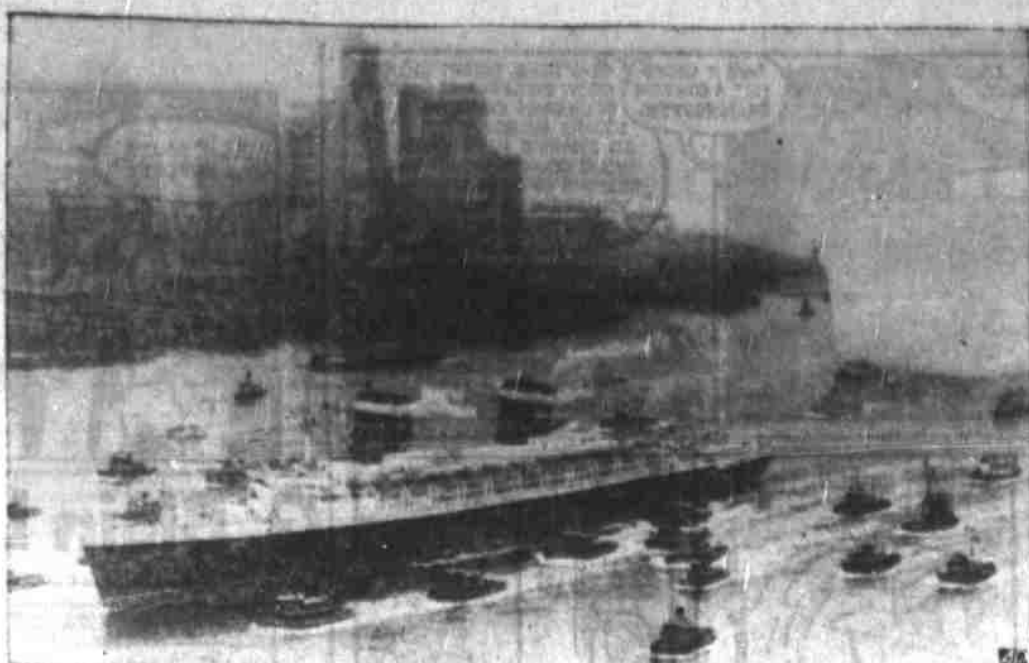

Stanold No. 1 Flynn, C SW SW 12-24s Hartley CSL, was below 8-630 in lime and shale.

Argo No. 1 Brown, C NW NW 15-36-2n, T&P, drilled to 11,580 in Devonian, topped at 11,540 on an elevation of 2,776 derrick floor. A drillstem test was taken from 11,540-580 with the tool open two hours.

There was slight blow of air for part of the period and recovery was only four feet of drilling mud with no shows of oil, gas or water. Operator is deepening. The venture is located four miles north of Lenora and is about 12 miles southeast of the Breedlove Devonian pool.

DeKalb No. 1 Knox, C NW NE 253 Ward CSL, 11 miles north of Taylor, was reaming at 11,207.

Plymouth No. 1 W. H. Morris, C NW SW 7-35-1s, T&P, drilled to 7,910 in lower Spraberry sand and was preparing to core. This wildcat is a mile and a half northeast of Stanton.

Zweifel Renews His Version Of 'Steal'

FORT WORTH, June 24 (AP)—Henry Zweifel of Fort Worth fired another blast today in the battle of the charges over the Texas delegation to the Republican National Convention.

Zweifel, national GOP committeeman from Texas, is head of the camp in Texas backing Sen. Robert A. Taft and fighting with supporters of Gen. Dwight Eisenhower over who gets convention votes from Texas.

Zweifel renewed his charges that Eisenhower backers led by Jack Porter of Houston and Alvin Lane of Dallas were the ones who really tried to "steal" in Texas by running Democrats in to take over Republican precinct conventions.

Vedict Favors Plaintiff In Suit

Judgment favoring the plaintiffs on an instructed verdict handed down from the bench brought to an end in 118th District Court Monday C. C. Arnold's suit for compensation against W. H. Ward Jr. and Henry J. Clark Jr.

Arnold had entered suit against the pair, contending that his contract for on-the-job training was cancelled without reason. He asked damages of \$17,020.

The local law firm of Thomas and Thomas represented Ward while the San Angelo firm of Upton, Upton, Baker and Griffice was the counsel for Clark.

The case was significant in that a woman lawyer, Beverly Potthoff, Abilene, was counsel for Arnold. It was the first time such a thing had occurred in a court presided over by Judge Sullivan.

Men In Service

Airman James H. Swinney, husband of Mrs. Jo Ellen Swinney, 219 Mobile Street has been promoted to Airman First Class.

Alvin Swinney is stationed at Clark Air Force Base, Philippines and is serving with the 6200th Food Service Squadron of the Thirteenth Air Force.

He is the son of Mr. and Mrs. Andrew J. Swinney.

Wayne G. Lawler, Route D, Box 15, Lamesa, recently was promoted to Corporal, while serving the 45th Division in Korea.

Corporal Lawler is in the Headquarters Company, 1st Battalion, 179 Infantry Regiment, the 45th Division has been in Korea since December, 1951.

Wesley E. Ford Funeral Is Set For Wednesday

Wesley Ervin Ford, 59, died at his home here Monday at 6:20 p.m. following a prolonged illness.

A resident of Howard County since he was a youth, Mr. Ford had been suffering from a heart condition for approximately eight years. Until then he had been a farmer and stock raiser near here. In recent years he had suffered a series of attacks, and the sixth one took him Monday. He had been hospitalized most of the time for the past three years but he had been back at home for three weeks prior to his death.

Born June 6, 1893 in Mills County, Mr. Ford came here in 1907 with his parents, Mr. and Mrs. C. W. Ford. He saw service in World War I.

Services will be held at 3 p.m. Wednesday at the Eberley Chapel with the Rev. Marvin Clark, Grand Falls, formerly Trinity Baptist pastor here, officiating. The Rev. Charles Carter, Lakeview, will assist. Burial will be in the Trinity Memorial cemetery with nephews serving as casketbearers.

Surviving are his wife, Mrs. Enice Cauble Ford; three brothers, John Ford, Tempe, Ariz., Will Ford, Pearla, Ariz. and Arch Ford, Big Spring; a sister, Mrs. Virginia Johnson Stanton. Among other relatives are Mrs. I. B. Cauble, his mother-in-law, and the sisters-in-law and brothers-in-law: Rexie Cauble, Big Spring, Mrs. B. F. Peety, Big Spring, Mrs. Pearl Cauble, Big Spring, Mrs. Willard Neel, Big Spring, Mrs. Bartley Hull, Big Spring, Mrs. Jack Campbell, Colorado City, and Mrs. P. L. Wilcox, Memphis, Tenn. He also leaves a number of nephews and nieces. His father died in 1928 and his mother in 1946.

Graveside Rites Held For Infant

Brief graveside rites were said for the infant son of Mr. and Mrs. F. W. Rice, Midland, here Monday at 5 p.m. The baby died at birth in a hospital here early Monday. Lloyd Thompson, First Christian pastor, conducted the brief service and burial was in the Babyland section of the city cemetery. The paternal grandfather is George Rice, Big Spring. Seven aunts and four uncles survive besides the parents, Eberley Funeral Home was in charge of arrangements.

Theft Of Battery Reported At Park

Theft of a Delco automobile battery from a car at the baseball park was reported to police Monday night.

Clyde Johnston 2011 Rannels, reported loss of the battery from his Oldsmobile.

Also stolen Monday night was a quantity of beer from a barbecue stand at 802 E. 3rd, police said. Thieves gained entry to the building by ripping off a screen. One or more cases of beer apparently were stolen.

Scurry Tax Rate Will Be Reduced

SNYDER, June 24 (AP)—Property assessments in Scurry County will be 25 per cent lower this year, the commissioners court said yesterday.

The court said the tax reduction is the result of a \$5 million increase in property valuation.

Three Traffic Mishaps Reported

Three minor traffic accidents were investigated by city police Monday.

James Glenn McWilliams, Houston, and Omeda McWilliams Thompson, Big Spring, were drivers of cars in collision at Third and Lancaster about 11 a.m. Monday, officers said. Drivers of vehicles which collided in the 200 block of Main about 1:20 p.m. were identified as Paul Edward Gamble and Donald Dean Garrison, both of Big Spring.

In collision at 306 E. 6th about 6:30 p.m. were autos driven by W. T. Cox, and Nathan Eugene Hughes, both of Big Spring.

Rites Today

Services were to be held at 4 p.m. today at Eberley Chapel for Elizabeth Ann Smith, 14, daughter of Mr. and Mrs. L. E. Smith, Coahoma. A seventh grade pupil at Coahoma, Elizabeth had been ill since January. She passed away early Monday morning.

Should Have Bombed Earlier, Says Taft

By RELMAN MORIN
HERSHEY, Pa., June 24 (AP)—Sen. Robert A. Taft of Ohio said today he does not believe the bombing of the hydro-electric plants in Korea will lead to a third world war. "We should have done it long ago," he added.

WAC Sergeants Get Rehearing

WASHINGTON, June 24 (AP)—The appeals of six court-martialed WAC sergeants convicted of beating another woman soldier after a beer-drinking spree came before the nation's highest military tribunal today.

The sergeants were convicted on charges of joint assault on former Pfc. Carol A. Klerce, Mt. Vernon, O., last October, a few hours after she had appeared as a witness before another military court at Fort Breckinridge, Ky.

Miss Klerce has since been discharged from the Army for unannounced reasons.

All six sergeants were sentenced to dishonorable discharges, forfeit of all pay and allowances and confinement at hard labor for terms that originally ranged from one year to 30 months.

The Army judge advocate general on Jan. 24 remitted the unreserved portion of the lesser sentences and the three girls were set free. Sentences of the other three were modified.

But the dishonorable discharge and loss of pay for all six was confirmed.

The WACs freed before completing their 12-month sentences are Marjorie L. Struck, Santa Cruz, Calif.; Edith M. Brown, San Angelo, Tex.; and Mary G. Long, Ft. Madison, Ia.

The others and their modified terms are: Grace L. Morton, San Lorenzo, Calif., 18 months; Edna H. Whiteman, Preble, N. Y., 12 months; and Juliette V. Mente, Pecos, N. M., 12 months.

Fines Are Levied On Driving Charges

Two persons entered pleas of guilty in county court this morning to charges of driving while under the influence of intoxicants and each was fined \$100 and costs.

They were Luther W. Ward and E. C. Reece. Driver's license of each defendant was suspended for six months, in accordance with state law.

W. G. Decker was granted a divorce from Betty Lou Decker in a 118th District Court case heard by Judge Charlie Sullivan here this morning.

A minor child was awarded the plaintiff.

of the Red armies in China can be attacked directly.

The Senator came to this Pennsylvania resort town for a meeting with Gov. John S. Fine and a majority of the state's strategically placed 70 delegates to the GOP national convention.

Taft covered a wide range of subjects in his regular morning news conference. He said:

1. The statement by Philip Murray, CIO president that the Taft-Hartley act would not produce steel is an "outrageous" one "if it is an indication of an intention to defy the courts of the United States."

2. The Truman administration is using public money to "put out propaganda about the wonderful things they're doing." He named the Department of Agriculture specifically.

3. Discussing the Texas delegation dispute, he said he made an explanation of his backers' action in a closed session with the Maryland delegation last night.

4. Talking about next month's national convention in Chicago, Taft repeated a statement from yesterday that "questions of strategy" will determine whether he attempts to win the nomination on the first ballot. He said plans will be laid down after consultation with the delegates and an appraisal of his strength.

5. After an hour-long conference with Fine, Taft said he had "a very pleasant discussion with Gov. Fine," and that it "ranged the whole field of national and international affairs and Republican politics."

After the talk, Fine came to the news conference and posed smilingly for pictures, but did not respond to calls from newsmen:

"Governor, have you made up your mind?"

Asked what was his present estimate of his national delegate strength, Taft said he thought he had "about half of the delegate strength" and added a few moments later that he thought that estimate "very conservative."

Loya Service Is Set Wednesday

Funeral services will be conducted at the Sacred Heart Catholic Church at 4:30 p.m. Wednesday for Jesus A. Loya, 34, who died Monday night in a local hospital.

Father Paul E. Hally, OMI, will officiate and burial will be in the Catholic Cemetery.

Loya, who lived at 603 N.W. 8th, had worked as carpet installation supervisor for Lucille's Interior Decorators for the past five years. He had attended a carpet installation school in Chicago several years ago and was well-known here for his work in that field.

He was born May 23, 1918, in Marfa.

Survivors include his wife, Flora Loya; six children, Flora, Maria, Elvira, Eledia, Linda and Jesus Loya Jr.; two brothers, Octavio Loya of Big Spring and Neovio Loya of Old Mexico; and one sister, Paula Aguilar, Van Horn.

Broncs Nearing Lead In Longhorn League

Corrales Gains Eighth Victory

With the firm hand of Regal Corrales at the reins, the Big Spring Broncs belted the Roswell Rockets, 8-1, here before some 1,100 fans Monday night to move to within one-half game of the Longhorn League lead.

Corrales yielded ten hits to the limping Rockets but he was amazingly effective in the clutches as he picked up his seventh consecutive win. He has lost three times. Regal was knee-deep in trouble in the sixth when he loaded the sacks with nobody out. Onlookers could visualize a repetition of Sunday's game, when the Rockets overtook the Steeds in the stretch to win, 7-4.

The portly-right-hander was equal to the challenge, however. He struck out massive Bill Cearly, got Bobby Lemmel on a fly ball to left, at which time the Roswell run scored and forced Les Palmer to hit a high popper to Witty Quintana back of third.

The Broncs started fast, picking up a tally when Rick Gonzales, who had walked eventually found his way home on an infield hit by Quintana.

The locals won it in the third when they exploded for five runs and chased Started Ron Pederson to cover. The big blow was Pat Stacey's ringing triple off the boards with the sacks jammed. Juan Visteur and Buddy Grimes also drove in markers in that round.

Dick Woodworth who came in to spell Pederson, did a fairly effective job of stifling the locals' power until the seventh when Grimes tripped to plate Visteur up front and then sprinted home on a hit by Al Costa.

RAMBLINGS—The win gave the locals the edge in the series, two games to one, and make their eighth straight series win. Four double plays helped Corrales out of a many tight spots. Costa turned in the game's most brilliant stop when he snagged Al Monchak's line drive in the ninth, leaping high in the air to snare the pellet. Gonzales played only five innings, yielding to Bertie Baez due to a leg injury. The leading batter was Quintana, who had four singles in five tries. Stacey also had a big night, with two doubles and a triple. Stacey's three runs-batted-in gave him 61 for the season.

Costa was hit by pitched balls on his first two appearances at bat.

Railroaders And Cook's Triumph

Texas and Pacific and Cook's Appliance achieved victories in YMCA Fastball League play at the City Park Monday night.

T&P battered Brook's Appliance 14-4, behind the effective hurling of Jim Newsome. Beans Williams hurled for Brooks.

Johnny Botvidson helped the winners' cause along with two bases-loaded triples.

Cook toyed with McDonald Motor, winning, 22-2. The game was called after three innings.

Jimmy Tidwell hit a triple and home run for the winners. Howard Washburn hit two round-trippers. Cotton Mize limited the losers to two hits.

Eagles And Cowboys To Meet On Grid

DENTON, July 24 (AP)—Officials of North Texas State College yesterday signed a contract scheduling two games home-and-home football series with Hardin-Simmons College of Abilene.

The 1952 game, to be played Oct. 18 at Denton, fills out a ten-game schedule for North Texas State.

With Tommy Hart

Hal Battle, the ex-Big Spring High School griddier, almost landed the head coaching job at Roswell, N. M. High School.

Of 25 applicants, Hal was one of the last three considered. As it was the decision went the other way because the board figured Hal needed a bit more experience.

After all, Hal's only been in the coaching game a couple of years. Now with the Snyder system, Hal is attending summer school at Sul Ross, where he is working on his Master's Degree.

Highest paid baseball player in the Longhorn League probably is Leo Eastham, Odessa's right fielder.

ODESSA STAFF GREAT IN 1953, SAYS GAMMON

Spec Gammon, the Odessa scribe, says Odessa should have the greatest mound staff in the Longhorn League in 1953.

Al Sokolowski, Ray Knoblauch and Jim Carson will be getting out of the service, Spec points out, and will be toting the slab, along with Evelio Ortega, Juan Guerrero, Wes Ortiz and Carlos Perez.

Sokolowski and Knoblauch were good pitchers but how Carson ever got anyone out remains a mystery. He throws the ball in there big as a balloon.

Guerrero may have had it, as a pitcher—he's getting along in years. Ortega is adequate. Ortiz and Perez have yet to prove themselves.

They'd have to go some to beat Big Spring's combination of Julio Ramos, Bert Garcia, Potato Pascual, Bertie Baez and Pancho Perez, too. That group played in 1949.

Gammon says interest in the ball club is going to have to pick up in Odessa or there might not be any baseball there one of these days.

I'D LIKE TO STICK AROUND, SAID GOMEZ

That fabulous ex-baseballer, Vernon Gomez, always good for a story, tells the one about Joe DiMaggio who, after coming to the major leagues, was being written up as a new Tris Speaker.

DiMaggio got to acting as if he believed all that stuff, according to El Gordo, and even went so far as to start playing the hitters in shallow center field.

"Finally, we were in Detroit and Rudy York was at bat, with me on the mound," said Gomez. "I looked around and there was DiMaggio, only a few feet back of second base. I tried to wave him deep but Joe persisted. Well, it happened. York unloaded a line drive that rattled around center field for half an hour before Joe flagged it down.

"Riding back to the hotel after the game, I asked DiMaggio why he didn't smarten up and play deep center when guys with muscles all over like York were hitting? 'I'm supposed to make people forget Tris Speaker,' laughed Joe.

"Veh," reported Gomez, "but before you do that you'll make people forget Gomez!"

Odds On Robinson Lengthen Following Delay Of Fight

By MURRAY ROSE

NEW YORK (AP)—Fresh money poured in on Sugar Ray Robinson today and there were indications that the middleweight king may be favored as high as 8 to 5 when he goes swinging for Light Heavyweight Champion Joey Maxim's crown in Yankee Stadium Wednesday night.

The so-called "smart" bettors laid it on the line in big batches of green yesterday after an all-day drizzle forced postponement of the battle of champions from last night to Wednesday.

When the undercover wagering closed down last night, the sleek, poised middleweight champ had jumped from even money to the role of favorite at 7 to 5.

The boys apparently believe Maxim will lose his edge in the two-day delay. The swarthy, 30-year-old Clevelander tipped the beam at 174½ yesterday at the official weigh-in and he'll have to make 175 pounds or less again by 11:30 a.m. Wednesday. Robinson scaled 160 and said he expected to hit close to that again Wednesday.

Joey appeared drawn at the weigh-in after drying out (abstained from liquids) overnight.

Hamilton, Kroll Headline Play In PGA Meet

LOUISVILLE (AP)—You can tab a big, cigar-chewing fellow named Bob Hamilton and a wiry little guy named Ted Kroll as two of the coolest customers on the 180-acre steam bath known as the Big Spring Golf Club.

Neither expected to reach the semi-finals of the 34th PGA Championship, now that they've made it, they're enjoying their positions to the utmost.

Today Kroll clashes with swarthy little Jimmy Turnesa in one of the 36-hole semi-final matches. Hamilton, winner of the title in 1944, encounters Chick Harbert in the other match.

So far as the public is concerned, it is a semi-final round without names. The last of the publicized stars of the pro circuit went out yesterday. Kroll walked up to the tee for the second hole of a "sudden death" playoff, lashed out a six-iron shot over the heads of the still-moving spectators and laid it stiff for a birdie 2. This eliminated Dr. Cary Middlecoff, the 1949 National Open Champion.

Turnesa knocked out his sharpshooting Westchester County, N.Y., neighbor; Clarence Doser, 2 and 1. Harbert rallied to beat lanky Fred Haas by the same margin and then Hamilton, who plays little tournament golf nowadays, outlasted Frank Champ, the Houston, Tex., driving range operator for another 2 and 1 victory.

Kroll, cooling out in the clubhouse after winning a match that had the gallery on edge all day, commented with a look of surprise: "I wasn't under pressure at all. If he beat me, he beat me, that's all. I just didn't give a hang."

Maxwell Posts 71 In NCAA

LAFAYETTE, Ind., June 24 (AP)—Ken Venturi of San Jose State and Roger Dunn of Southern California were satisfied with the far-corner cups at Purdue University's South course today as the stretch drive began in the NCAA golf tournament.

Venturi and Dunn led the 172-man field in the first round with 2-under-par 69s.

Only one stroke back of the leaders were Paul Harney of Holy Cross, Sidney Frank of Houston and Jack Hessler of Purdue.

Billy Maxwell of North Texas State, 1951 U. S. Amateur champ, and five other players turned in even-par cards. Par is 71.

Scores included: Stan Mosel, North Texas State, 75; Tommy Cruse, Houston, 79; Wesley Ellis, Texas, 74; Don Addington, Southern Methodist, 73; Wally Bradley, Houston, 88; Monty Sanders, North Texas State, 75; Pete Hessemer, Houston, 73; Lamar Doyle, Houston, 84; Bob Moncrief, Texas, 75; Lee Pinkston, Texas, 71; Tommy Tyson, Houston, 76; Don January, North Texas State, 75; Bernard Reviere, Texas, 82; Fred Blackman, Texas, 79; Marion Hickey, North Texas State, 75; Joe Golden, Texas, 75.

Westrum Loss To Hurt Giants

NEW YORK (AP)—The broken finger suffered by Catcher Westrum represents the third strike on the Giants. The National League champs might possibly have survived the losses of their two top outfielders, Monte Irvin and Willie Mays, but the absence of Westrum from their lineup for any length of time will prove fatal.

This year the long-ball clutter from Poughkeepsie has been at least the equal of Brooklyn's Roy Cullenbine. His batting average does not quite match that of the Dodger, but his dozen home runs make up any deficit there. His defense against base runners has been the most deadly in the game in recent weeks.

The Giants have no backstop to even begin to take Westrum's place.

Commenting on the Yankees steady push toward another flag in the American League, one observer opines that it merely proves we are looking at the worst baseball in big league annals, excepting the war years. Only Phil Rizzuto and Yogi Berra of the Yankee regulars, he feels, are authentic major league performers.

In our gentle opinion, on the other hand, there are three pitchers on the bomber staff named Allie Reynolds, Vic Raschi and Ed Lopat who would have been consistent winners in any year since the war began. Any club which possesses them such pitchers and a defensive genius such as Rizzuto at shortstop figures to be rough.

Someone smarter than we are will have to tell you what happened to the Cleveland Indians. Maybe they'll come again, but don't hold your breath. They were reported trying to peddle outfielders Dale Mitchell and Larry Doby right up to the deadline. Those who follow the Indians day after day say that Shortstop Ray Boone too often fails to start the big inning-ending double play. The only mild criticism we have heard of Manager Al Lopez is that he started too early using his big pitchers in relief.

Indians Lash Flock, 7-4

Jimmy Tucker and Don Anderson paced the Indians to an important 7-4 victory over the Eagles in Little League baseball play here Monday.

It was a game the Indians had to win. If they remained in the scrap for first place, and the Warriors wasted no time in taking the lead.

Anderson stroked a first inning home run with three triples to drive in a total of five runs.

Tucker and Jimmy Marin divided time on the mound for the Tribe.

The Indians trail the co-leaders, the Oilers and the Yankees, but only half a game at the present time. They return to action on Wednesday, at which time they play the Gold Sox.

The Yankees and the Oilers meet in a crucial tie this afternoon, with the winner favored to go on to the first half title.

DAY OF UPSETS

American Netters Lose In Wimbledon Matches

WIMBLEDON, England (AP)—America's women tennis stars today were hoping to avert a recurrence of the double-barreled shock that hit the U.S. male stars yesterday at the start of the All-England Lawn Tennis Championships.

Art Larsen of San Leandro, Calif., and young Ham Richardson of Baton Rouge, La., bowed out yesterday in upsets that delighted the crowd of 20,000.

Larsen had been seeded ninth and Richardson, 11th.

Torsten Johansson of Sweden toppled Larsen, the U.S. hard court champion, in a center court bout that went four sets. Richardson collapsed in a grueling five-set test on the same court under the tantalizing drop shots and sharpshooting placements of Felicissimo Ampon, the mighty mite from the Philippines.

That left a field of 10 Americans, including titleholder Dick Savitt of Orange, N. J., and Philadelphia Vic Seixas, top-ranking American player still in the running.

There are no men's singles matches today.

Top-seeded Doris Hart of Coral Gables, Fla., opens defense of her singles titles against Miss S. W. Odling of Britain on the center court in a second-round match.

Miss Hart has a first-round bye.

One all-American match pits Mrs. Pat Todd of La Jolla, Calif., against Arvilla McGuire of Piedmont, Calif., also a second-round match for the eighty-seeded Mrs. Todd.

American Women's Champion Maureen Connolly of San Diego, Calif., still suffering from a muscle injury in her right arm, should ease through her second-round match with Mrs. C. G. Moeller, an unranked British player. Miss Connolly is seeded second.

Who's going to win the Rookie of the Year awards this year? It's a wide-open race with practically every club in both big leagues boasting at least one outstanding candidate.

Sammy White, Eddie Mathews and Bob Nieman, a trio of first year "phenoms" laid solid claim to this honor yesterday coming through with noteworthy performances.

White, 23-year-old Boston catcher, banged out three hits and drew a walk in four times at bat to lead the Red Sox to a 12-6 victory over the Detroit Tigers. Sammy struck his fifth homer of the season in the third inning followed with a pair of singles in a big 11-run fourth to drive in four runs.

Mathews, the fuzzy-faced third baseman of the Boston Braves, rapped his 12th homer of the year in the sixth to put his team on even terms with Pittsburgh and scored again as the Braves rallied with five runs in the eighth to down the Pirates, 9-3. The 20-year-old slugger ranks fourth in the National League in home runs.

Nieman batted in three runs on three hits for the Browns but could not stave off a 17-hit spree by the Yankees that gave New York a 14-10 win over St. Louis. In the day's only other action, Washington whipped the Chicago White Sox, 6-4.

Another freshman, Jimmy Bridewer, starting his first game for the Yankees, slapped three singles and drove in a pair of runs to play a prominent role in the victory. Bridewer played second only because Billy Martin had a pulled tendon in his right leg.

Town Is Turned Into Fortress
 RIO DE JANEIRO, Brazil (U)—Troops and police turned the coastal town of Parati into an armed fortress today as remnants of a band of 300 convicts who fought their way out of Anchieta Island prison last Friday skulked through the surrounding countryside.

Press dispatches from the Southeastern Brazilian community said scores of heavily armed soldiers and police patrolled the streets. Food was reported scarce because the fugitives had disrupted transportation.

One Brazilian Marine and one convict were reported killed yesterday in skirmishes at the towns of Chacara and Pedra Branca. Earlier police said they were closing in on 37 fugitives, reportedly the only armed group still at large.

Greece Recognizes Farouk As Ruler
 ATHENS, Greece (U)—Greece has decided to recognize Egypt's King Farouk as ruler of the disputed Anglo-Egyptian Sudan. She is the first non-Muslim nation to give such recognition.

The move was announced yesterday by Deputy Premier Sophocles Venizelos, who said his government was influenced by Pakistan's recent recognition of Farouk as King of Egypt's upper Nile neighbor from which the Egyptians want to oust the British.

Political sources speculated, however, that the Greek move was influenced by Britain's refusal to negotiate with the Athens government on Greek demands for control of the nearby British-ruled island of Cyprus.

Mossadegh Cheered On Return Home
 TEHRAN, Iran, June 24 (U)—Premier Mohammed Mossadegh returned from The Hague today to a tumultuous welcome as the "savior" of Iran—and to an uncertain political future in his near-bankrupt nation.

Thousands of Iranians jammed the route from Tehran's Mehrabad Airport to the city to cheer their 72-year-old leader who argued his country's contention that the World Court has no jurisdiction over Iran's oil nationalization dispute with Britain.

The aged premier is expected to submit his resignation in keeping with parliamentary tradition. But he may try for re-appointment because of the nation's precarious financial situation.

Iowa Crops Hurt By Thunderstorm
 DES MOINES (U)—A violent wind and rain storm thundered across most of Iowa last night causing property and crop damage estimated at thousands of dollars.

The strong winds, which approached near tornado conditions in Cherokee County, disrupted communications, demolished a farm building, uprooted trees and killed livestock. At least two persons suffered minor injuries.

Compromise Shapes In Korean Politics

By BILL SHINN
PUSAN, Korea (AP)—A compromise solution to South Korea's bitter political feud appeared to be shaping up today.
 Prime Minister Chang Palk Sang was reported to have won support for a compromise plan from middle-of-the-road assemblymen and opponents of President Syngman Rhee.
 Details were not divulged.
 Assemblyman Oh Sung Whan, a member of the group trying to end Korea's month-long political crisis, said E.M. Shinicky and other opposition leaders have promised to support the compromise.
 There was some talk that the Assembly would recess for a week to permit lawmakers to reach agreement.
 This development came as 500 rural supporters of Rhee squatted on rice straw mats in front of Rhee's house, refusing to eat until

the Assembly adopts his proposal for a popular presidential election and a two-house congress. The hunger strike began more than 24 hours ago.
 Korea's Constitution provides for the election of a President by the Assembly one month after the incumbent's term expires.
 Rhee's term was supposed to expire July 24, with yesterday the deadline for an election. But Rhee supporters in the Assembly pushed through a bill extending his term until Aug. 15 and providing that he remain in office until a successor is named.
 Rhee supporters normally do not control the 183-member Assembly. But opposition lawmakers have boycotted the Assembly since Rhee proclaimed martial law and arrested 11 opponents.

Stevenson Leaves Hospital Today

CHICAGO (AP)—Gov. Adlai E. Stevenson was expected to be released today from Passavant Hospital, where he underwent an operation Sunday for removal of a kidney stone.
 A hospital spokesman said the 52-year-old Illinois governor was "getting along fine."

Stevenson Due Indiana Vote

By LOUIS J. KRAMP
INDIANAPOLIS (AP)—The bulk of Indiana's 26-vote delegation to the Democratic National Convention appeared today to be available to help Gov. Adlai E. Stevenson of Illinois win the party's presidential nomination.
 Twenty-two full-vote delegates were named last night in 11 separate congressional district caucuses. Eight half-vote delegates were to be formally chosen today in a state convention. There are 30 delegates with a total of 28 votes. None is pledged or formally instructed for any candidate.
 The convention prepared to nominate Gov. Henry F. Schricker, a strong Stevenson backer, for U.S. senator. Schricker, the party's No. 1 vote-getter in Indiana since 1940, will oppose Republican Sen. William E. Jenner in the November election.
 Charles Skillen, state Democratic chairman, said his survey of the delegates showed they are "generally favorable, if not unanimously" for Stevenson.
 An unofficial Associated Press survey showed 15 votes in favor of Stevenson; one for Sen. Estes Kefauver of Tennessee; six undecided, and four unavailable or not stating a preference.
 Schricker controls the state committee and probably could deliver most of the 26 votes at Chicago. The state committee a month ago plumped publicly for Stevenson. It secretly chose eight at-large delegates yesterday, each with one-half vote. All eight are reported to favor Stevenson, and needed only formal convention ratification today.

Perjury Possibility In Liquor Testimony

By HARRY P. SNYDER
WASHINGTON (AP)—A House Republican raised the possibility of perjury proceedings today in the wake of conflicting testimony about the lack of anti-trust action against big liquor distillers.
 Rep. Keating (R-NY), senior minority member of a House Judiciary Subcommittee, mentioned perjury prosecution after the group heard a charge and a denial that the Justice Department issued a "whitewash" report on the liquor industry.
 On this and on other subjects, Keating told newsmen, there was "square, clear-cut conflict" between yesterday's witnesses. He added, however, "We will have to wait until we've heard from other witnesses before we reach a decision on the matter of perjury."
 Several new witnesses, representing the coeperage (whiskey barrel) industry, were called to testify today.
 Ernest L. Branham, a Justice Department attorney, told the subcommittee yesterday a recently prepared report saying there was no evidence of conspiracy among the distillers was "a whitewash of everything that had happened in the industry."
 Moreover, Branham said, he was called down "in very violent terms" by Edward P. Hodges, his boss and the No. 2 man in the Anti-Trust Division, for refusing to sign the report.
 Hodges sprang to his feet at this point, called much of Branham's testimony untrue and asked a chance to deny it under oath. Chairman Chelf (D-Ky) said Hodges would be heard Friday.
 "Yes," Hodges snapped, "after it's all in the newspapers."
 Herbert A. Bergson, former head of the Anti-Trust Division, likewise demanded a chance to be heard. He was told, too, he'd have to wait until Friday.

Neighbor Victim Saves Di Rubbio

NEW YORK (AP)—Vincent Di Rubbio was a free man today, saved from prison by a neighbor who lost his right leg in the shooting for which Di Rubbio was arrested.
 James Perkins 40, hobbled into Kings County (Brooklyn) Court yesterday to plead along with Edwin Kerr, 32, for clemency for Di Rubbio.
 Both Perkins and Kerr were shot by Di Rubbio, 31, last Dec. 29 during a neighborhood quarrel. Perkins told the court:
 "Di Rubbio's act was that of a highly excited individual and not premeditated."
 Judge Carmine J. Marasco was told that Di Rubbio had agreed to pay Perkins \$5,000 for loss of his leg and Kerr \$1,000 for lesser wounds, both in installments. Marasco suspended sentence.
