Gridders Make All District Coaches Team

Spearman had two Lynx gridgers to be placed on the all-district football team by the coaches. The team was dominated by the Phillip's Blackhawks, the champions.

The Blackhawks had seven on the offensive team and five on the 12-man defensive team.

Spearman's Randy Moore was named to the first team tackle spot on offense and Mike Hendrick was picked as a first team defensive end.

Spearman had four boys to receive honorable mention on the offensive team and five on the defensive team.

On offense honorable mention went to tackle Ronnie Gilbert, center Steve Holton, fullback Hal Shufeldt and quarterback Charles Shieldknight.

On defense it was tackles Moore and Gilbert, middle guard Jerry Holton, linebacker Steve Holton and corner back Bobby Smith.

Moore, Gilbert and Jerry Holton are the only seniors selected from the Lynx squad.

4-H Congress

Two Hansford County 4-H members from Morse will leave Thanksgiving Day to attend the National 4-H Congress in Chicago.

State award winners Sylvia Parks and Doug McCloy will go to Dallas from Electra to join the Texas delegation of 4-H members going to Chicago.

The two will be in Electra for the Morse-Harrold bi-district football game.

Miss Parks is the State 4-H (Con't. on back page.)

28 Hogs Reported Stolen Near Gruver

Sheriff J.B. Cooke reported this week that 28 hogs have been reported stolen from two owners in Gruver.

Cooke said the hogs were missed on Nov. 10, but it was Nov. 16, before the losses were reported to Deputy Orville Walker in Gruver.

Leon Red reported losing 20 head and Jim Harris reported losing eight head.

This is another in a series of thefts of farm machinery, parts, tools, household items, saddles and now livestock that have hit the county during the past couple of months.

Sheriff Cooke urges everyone to take notice of strange vehicles in the area and also to report immediately any losses on their places.

Annual Audit Shows City To Be Improving Financially

The City of Spearman is in an improving financial condition according to the annual audit of the city's books. This audit was reported to the City Council Monday night at the

regular meeting.

Auditor Jett Mason presented copies of the audit to council members and told them all funds received by the city are accounted for on the books.

City Manager Darc Foshee said Tuesday that the indebtedness he inherited when he came here is being retired and unless there are some large unforeseen expenses the city should retire all of the debts this fiscal year.

Foshee said the budget includes funds for normal unexpected expenditures.

The council approved the regular Christmas bonus for employees and also the annual Christmas party for employees.

Foshee was instructed to look into the costs of new police radios. This action was taken after it was learned that the present radios are having large repair bills and are very old models.

The city is to go to work on a drainage problem on highway 760 between Second and Third streets. Water stands in the ditch after a rain creating a health problem for the people living nearby.

The patching of holes in the streets was begun Tuesday morning and also it is expected that the paving of Seventh street from Roland to Highway 15 will be completed this week.

Exchange Student's First Thanksgiving

Thanksgiving will be a new holiday for Cris Lobo, Spearman's exchange student from Salto, Brazil, but roast turkey and feasting is not new for her.

Cris, who lives with Mr. and Mrs. John Wilde, says her country does not have a Thanksgiving Day as a holiday, but it is a religious service.

"It is not on any certain day or month, but just some time in the church service," she said.

The big holidays in Brazil are Christmas, Easter, Labor Day and Independence Day. Labor Day comes on the first Monday in May and Independence Day is Sept. 7.

Easter and Christmas in Brazil are much like our celebrations, except in Brazil Santa Claus is Daddy Noel.

Labor Day and Independence Day are days of parades, feasting, speeches, a school holiday of a week on Independence Day, and a big acoustic show in the amphitheater in Salto.

Christmas is when the Brazilians have their biggest feasts.

"We have roast turkey, roasted pig, fruits, nuts, grapes and lots of rich food. We also have champagne and wine, something you do not have here," Cris said.

Cris has been in Spearman

three months and is beginning to get used to American living.

"It is not hard and everything is going all right," she said.

It is not English, but Texian that is giving her the most language problem. I understand the words, but not the meaning being given them," she laughed.

"Just the other day a girl in school turned to me and said, 'Guess What?' I did not know what she meant."

This year she is studying Texas History, English Three, Home Economic four, typing, Spanish I and physical education. The Texas history is the hardest, since she has no background for it.

The diploma she receives in Spearman will be recognized at her school in Salto. She will take her college entrance exam when she returns home.

Several grandfathers ago, she had one who migrated from Germany to Brazil. If he had come to the United States her name would have been Wolf, but since there was no Portuguese word for Wolf, it became Lobo.

Cris is tall, blond and fair, which she says is after her German ancestors. She is the only one in her family who has these characteristics. Her mother, father and sister all have dark hair and eyes.

Courthouse Will Close Two Days

The offices in the Courthouse will be closed Thanksgiving Day and Friday in observance of the Thanksgiving holiday.

The Sheriff's office will be the only office not closing through the weekend. It will re-open Saturday morning.

City Hall will be closed only Thanksgiving Day.

MORSE VS HARROLD

Morse Mustangs Go for First Bi-district Championship

Morse's mighty Mustangs go after the first bi-district championship in the history of the school Thanksgiving Day at 2:30 p.m. in Electra.

The game was first scheduled for Vernon, but was moved to Electra late Saturday afternoon.

Coach Bill Tennison guided the Mustangs to second place in the district last year when they lost to Estelline in the final game of the year.

This year the Mustangs go into the bi-district clash with a perfect 5-0 record in district play and a 9-1 record for the season.

Morse lost only to powerful Balke, Okla., the state 8-man champions of Oklahoma. Balke has 26 players on its squad.

Harrold brings a perfect district record into the game and a 9-1 season record. Harrold's loss was to Estelline, who has fallen to the Mustangs.

The building of this team has quite a history. Many of the present team members began playing peewee football in the early grades under the coaching of Earl Henderson.

In the fall of 1965 Bill Tennison from Happy was hired as coach. He carried the Mustangs through a season with a 7-3 record and to a second place standing in district play.

Coach Tennison emphasizes team effort, but individual effort is also recognized by a star and skull system. One star is given for 10 unassisted tackles per game; a fumble recovered; a pass interception; a punt or kickoff returned for a touchdown; a passer tackled behind the line of scrimmage and blocking a punt. Three stars entitle the player to put a skull on his helmet.

The Morse team has a total of 332 points this season.

to their opponent's 128.

Directing the Mustangs drive are quarterbacks Alva Henderson, 158, junior, and Monte McCloy, 111, sophomore. Assignments in the backfield are carried out by Bob Womble, 153, junior; Jesse Vera, 149, senior; Mike Johnson, 174, senior; Mark McCloy, 112, sophomore.

The Mustang is firmly anchored by big Roy Scribner, 260, junior; Doug McCloy, 140, junior; Bill McCloy, 129, senior; Eddie Papay, 150, senior; Jimmy Dale Womble, 132, sophomore; and Wade Parks, 144, freshman.

Teams defeated by the Mustangs this year include Yarbrough, Okla., Forgan, Okla., Turpin, Okla., Miami, Patton Springs, Roaring Springs, Guthrie, Darrouzett and Estelline.

DISTRICT CHAMPIONS--These Morse Mustangs are district champions and will be going for the bi-district title Thursday. They are: front, left, Jesse Vera, Mark McCloy, Bill McCloy and Monte McCloy, second, left, Mgr. Philip Fleming, Jimmy Womble, Wade Parks, Bob Womble, Doug McCloy and Jim Seaton; back, left coach Mike Flaniken, Alva Henderson, Mike Johnson, Roy Scribner, Eddie Papay, Larry Bontke and Coach Bill Tennison. Bontke and Seaton are no longer with the team. Photo by Bill Slater

The Lynx Debate Teams Make Outstanding Record

High School News

Three Spearman High School debate teams attended the San Antonio Alamo Heights High School Invitational Debate Tournament on Nov. 11 and 12. Meeting only 4A schools, the teams compiled an outstanding record.

Carrol Day and Steve Sheets came through with a 3-3 record, defeating teams from San Antonio, Houston and Austin.

Gary Bengel and Hal Sanders secured a 4-2 record, losing only to Houston Bellaire and Austin. They defeated teams from Austin, Corpus Christi, Houston Furr, and Austin Travis. They had a combined team rating of excellent.

By defeating San Antonio Roosevelt in the final round, the girls' senior team made up of Linnie Bollinger and D'dee Collard won their division. In order to reach the finals, they had to win eight rounds. This is the same team that is the

State Debate Champions for Texas. D'dee Collard placed third in girls' extemp speaking.

Preparation Is Class Course

The home and family living classes have completed the clothing construction course and have now begun a course on food preparation. They will be studying nutrition, the selection and preparation of foods, and the storing of foods. The girls are making plans to prepare a Thanksgiving dinner for themselves.

50,000 new active cases of TB are discovered yearly. Your Christmas Seal contribution will help reduce that figure.

P-TA Sees Film On Blood Drive

The Spearman Parent-Teacher Association met Monday night, Nov. 14 at 7:30 p.m. in the junior high school auditorium. The meeting was called to order by Mrs. Bill Reeves. Girl Scout Troop 253 gave the flag ceremony. The invocation was by Mrs. Ben McIntire. For the program a film on the blood drive was shown by Mr. Anderson from Hansford Hospital. A question and answer session was held by Dr. Gregg after the film.

Two rooms tied for room count. They were Mrs. West's third grade and Mrs. Crum's Fifth. They will both receive coke parties.

Refreshments were served by seventh and eighth grade mothers and the FHA girls kept a nursery for small children.

Support your Christmas Seal Campaign to help fight TB and other respiratory disease.

Band Makes Change

After football and marching season the Lynx Band begins the task of converting from a marching type band to a concert band.

At present the band is working on the music that will be played for the All-Regional Band competition. The All-Regional Band is made up of members of all the bands in the region. The try-outs for the band will be held in Panhandle on Dec. 3, and the concert will be held in Shamrock on Dec. 10. Members of the All-Regional

Band will spend all day Friday, Dec. 9 in rehearsal at Shamrock where motel rooms will be furnished. Entertainment, such as a dance to a live band or a movie will be furnished also.

Party Honors Bill Ownbey

Bill Ownbey was honored with a birthday party recently. The boys enjoyed birthday cake at the Ownbey home and attended the show, and had supper at Gordon's Drug.

Attending were the honoree, Bill Ownbey, Greg Banks, Billy Pettitt, Billy Giles, Carey Evans, Mike Floyd, Joel Woolley, Brent Helms, Jim Linn, David Cummings, Danny Chisum, Larry Hornsby, Scott Beedy, Jerry Davis and Scott Latham.

Make Sugar Syrup

Make up sugar syrup for use in summertime beverages. Stir together a cup each of sugar and water over low heat, until sugar dissolves; boil without stirring for about 5 minutes. Pour into a jar, cover tightly, cool and refrigerate. This sugar syrup may also be used for sweetening fresh fruit when you are preparing a fruit compote.

Miss Roden Attends Meet

On Nov. 12, Miss Dorothy Roden attended the District 1 Texas Library meeting in Amarillo. Many interesting speeches were made at the meeting. Mrs. Virginia Pauwels, librarian of Hutchinson county, spoke on how Hutchinson County Library won an award last year. The speaker for the luncheon, Mrs. Dorothy Pijon, spoke on the Newberry award books in curriculum. Another interesting speech on the topic of the new demonstrative elementary library financed by the government was discussed by Virginia Miller. Miss Roden got many valuable ideas from the meeting.

Elton Hill of McClary, Wash. was a weekend guest of Mr. and Mrs. Thomas Reed.

the Word

"Thy word is a lamp unto my feet; and a light unto my path."
— Psalm 119:105

If you are a Christian, you are blessed with a great heritage. It is a heritage of truth and has nothing to do with imagination or myths. It is a truth that remains unchanged, no matter how many times someone attempts to rewrite or offers a "studied" translation. This truth is the word of God. It is found in the Holy Bible. It is found in Ten Commandments, which form a guidepost for Christian living. Accept this truth; it is useless to argue against it. Conscience and common sense will not permit you to be unaware. You fool no one, not even yourself, if you pretend to ignore or disbelieve.

The single good thing about the few Republican victories in Texas is that this state may at last be coming up a two-party state. This has been said before and failed to materialize. But it could now be happening, and we applaud it if it is, for Texas can only become healthier as a solid two-party state.

Senator Tower is a good man, and we're lucky for it. He is a bit misguided perhaps as to party goals, but we must applaud his general conduct in behalf of Texas in the United States Senate, Republican or not, he was the first to stand by our President when the Viet Nam war started getting sticky.

But to the question at hand: Democrats are on a collision-course with trouble at the polls unless some sort of solidarity is forthcoming. Voters clearly are voting more for the man than the party, and the Democrats had better start proving to voters that they do, indeed, have the right men.

As a coach would say, some team effort, fellows.

because it didn't want to run them, and the theatre owner claimed loss of the advertising was costing him business.

But the court held that unlike a telephone company or a hotel, a newspaper is not so "affected with a public interest" that its freedom of contract is impaired.

The First Amendment to the U.S. Constitution declares and safeguards the sanctity of freedom of the press. This freedom extends to the choice of accepting or rejecting news material or advertisements.

This Michigan decision was the latest in a series of decisions upholding freedom of the press. We hope that the judiciary of this country keeps a record of this precedent and never wavers in its upholding of this fundamental right.

An Editorial

Zip Code Important

It is important enough that it cost this newspaper about \$25 in advertising revenue because someone put the wrong Zip Code on an advertising order and it took the Post Office 15 days to find Spearman, Texas when it was Zipped wrong.

November 14, we received a political advertisement to run for Gov. John Connally in the Nov. 3 edition of the paper. The large envelope was mailed in Austin on Oct. 31 by the Texas Press Association.

The envelope was plainly marked in red letters "First Class Mail." It was also marked advertising material. The address was to the Hansford Plainsman, Spearman Texas 79081. It did not have our post office box number and the Zip Code should have been 79081.

It apparently took 15 days for the parcel to go to the 79801 Zip town and then get shipped on to Spearman, however, it was not marked missent.

Therefore, we recommend that on first class mail when you don't know the proper Zip Code, don't guess, the post office is using Zip Code whether you are or not.

Democrats Need Truce

U.S. Senator Ralph Yarborough is a confirmed liberal. President Johnson and Governor Connally are, we would judge, moderates when it comes to wearing today's hasty political labels. Liberal and moderate and never the twain shall meet. But they had better meet, and soon, else last week's resurgent Republican victories will be compounded in 1968.

Somewhere there must be a meeting of the minds of the Democratic lords. They not only are hurting themselves, they are hurting the state and county officeholders who rely on them for strength at the polls.

Senator Yarborough appears to be a lone wolf when it comes to politics. We have a high regard for our lone Democratic senator, but unless some changes are made he is very apt to be next in line to be cut down by the crazy-voting habits of an unsettled electorate.

Last week's Republican gains have, in some parts, been magnified beyond their importance and significance to future political battles. Nevertheless, the trend could be set unless corrective measures are taken by Democratic leaders.

Short Elected Terms

Of all the sixteen amendments on the November 8 ballot, one which might have been picked as "least likely to fail" was Proposition No. 4 . . . an innocuous little item which was intended to fix the terms of office of directors of conservation and reclamation districts not to exceed six years, clarifying some conflicting provisions of our much-muddled State Constitution.

There was active (and organized) opposition to some of the proposed amendments . . . particularly to No. 1, which was opposed by real estate lobbies; and to No. 7, the amendment which not only struck an unnecessary blow at the already-dead poll tax but set up an annual system of registration to take its place.

But these . . . and most of the others . . . passed the voters' scrutiny with flying colors.

Only Amendment No. 4, the briefest and clearest of the lot . . . the one amendment of the sixteen which couldn't be calculated to either confuse or antagonize anybody . . . was beaten at the polls.

It wasn't a particularly important amendment, and its failure certainly isn't world-shaking . . . but it does make one wonder. Why, of all that collection of wondrously wordy proposals, some of them loaded with legal booby traps, did the voters of Texas single out this particular one for decisive defeat while putting a carefree stamp of approval on all the rest.

Partly, we suspect, this reflects the disenchantment of Texans in general for terms longer than two years for any office holder. If Texans were again offered an opportunity to pass on four-year terms for county officials . . . voted by amendment a few years ago . . . the rush to return to the two-year term for all offices would probably be a stampede. Many Texas voters, inside and outside of Hemphill county, apparently are sadder and wiser now.

Newspaper Is Free

In this day of more and more government regulation, it is only natural for a lot of people to assume that a newspaper has the same set of controls as radio and television stations, but this is not so.

Television and radio have government controls because of the nature of their operation. Ownership of the airways cannot be vested in private hands because it properly belongs to everyone and the only proper way to control it is through the government.

But the newspaper business is a privately owned business with the freedom to conduct its business in the way it sees fit.

What brings this to mind is a court decision this week in which the Michigan State Court of Appeals ruled that a newspaper is a private business and has the right to accept or refuse advertising as it desires.

Suit had been brought against the Battle Creek Enquirer by a motion picture theatre to force the newspaper to accept advertising for "adult" movies. The newspaper turned down the ads

Lawyers To Study Water Rights Laws

Water rights will be under study here Saturday, Dec. 3, at an institute for lawyers of 16 area counties.

The one-day study, to open with 9 a.m. registration at the Spearman High School Library, is being sponsored jointly by the Northeast Panhandle Bar Association and the State Bar of Texas.

Lecturers will include former State Bar president Maurice R. Bullock of Midland, Frank Booth, executive director of the Texas Water Rights Commission, Austin; District Judge James H. Starley of Pecos and Ralph Shank of Dallas.

District bar president James Linn of Spearman will deliver welcoming remarks. Requests are being received by institute chairman Richard Countiss, also of Spearman.

Subjects to be covered include: adjudication of water rights, rights of a landowner not in a water district to produce and use water from his land and depletion, proration and other potentials in water problems. One oil and gas topic, pooling problems, will be discussed.

Arts and Craft Hold Meeting

When you love your work, it shows.

And we love our work. So much that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.)

We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system.

We even designed a rather unique hood-mounted tachometer

option that's available on all Pontiacs. As are our other new options like stereo tape and stereo radio.

And, of course, our handsome interiors have to be seen to be believed.

All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rear-view mirror, and GM's energy absorbing steering column.

MADE OF EXCELLENCE

E.J. Callaway Sr. returned home Sunday after spending several days in Northwest Texas Hospital in Amarillo.

Mrs. A.F. Loftin left Sunday for Austin to spend the Thanksgiving holidays with her son, Mr. and Mrs. Paul Loftin.

Lula Deck, who has been with Mrs. B.J. Garnett for some time, left for her home in San Marcos Monday.

Gift Box MEMO:

We know you cannot realize the Christmas season is upon us, but with the Thanksgiving turkey now in the leftovers, it is time to get ready for Christmas.

This year we have lots of unique and pretty Christmas decorations for the home. Among the many items you will like are the little hand-made angel dolls for decorating, music boxes in many Christmas motifs and sleigh-bell ribbons in many styles.

In the large shipment of new jewelry we are receiving is a big selection of pendant watches. These are always ideal gifts. These Swiss made movements carry a two-year guarantee. Not only will they make nice gifts, but they are something you will like yourself.

The supply of fruit cakes are going fast. These delicious cakes have been very popular for the past two years. We are selling even more of them this year. We have only a few of the large ones left, but do have a good supply of the smaller cakes.

Let us be thankful

From everyone at Community Public Service Company, best wishes for a happy holiday. And as families everywhere join in the traditional feasting and fellowship of Thanksgiving Day, let us all pay tribute to the Pilgrim Fathers for their courage and for their legacy of a bountiful land. Let us be thankful for our great American heritage of freedom and for the many other blessings that we so often take for granted.

Postmaster Gives Tips On Mailing Holiday Mail

Postmaster "Jake" Jacobs reminded Spearman residents that there are not very many mailing days before Christmas. "While it may seem a long time to most people, it is frighteningly short to those of us in the Postal Service" he said. "Postmaster General Lawrence F. O'Brien has predicted that well over eight billion pieces of mail must be delivered between now and Christmas Eve, a new record."

"We are asking everyone to start thinking about their Christmas shopping and mailing now. If all the holiday mail were to hit the postal system at one time, it is obvious that we'd have difficulty delivering every piece on time." Mailing early and spreading the mail flow out along the entire pre-Christmas season is the key to better mail service at this time of the year.

Last year the public cooperation was "tremendous" according to Mr. Jacobs. Virtually every piece of holiday mail was delivered before Christmas day. This year with increased volume we are hoping to see that fine cooperative spirit again.

Postmaster Jacobs offered these mailing tips.

Use ZIP Codes on all mail. "If there are some ZIP Codes that you still need for your mailing list, come to the Post Office or give us a call. ZIP Codes are more important than ever this year.

Prepare your gift list right away. The earlier you do your shopping, the better chance you have to get exactly what you

want while the stores are still full of merchandise. That way, you can mail earlier too.

Be sure to have enough boxes, tape, string and wrapping paper on hand. Wrap packages well. Include sufficient padding. Remember, that your parcel may be shipped in a mail sack with a set of encyclopedias riding on top.

Include a card or piece of paper inside the package with your name and address and that of the person you are sending the parcel to in case the wrapping should be loose and come off. That way, you can be assured your gift will not wind up in the dead parcel office. Also, insert a list of the package's contents.

Address your gifts and greetings clearly so that postal workers will have no difficulty in reading the destination. Use first class postage on greeting cards. This assures their being forwarded if the recipient has moved. Cards that are undeliverable will be returned when you include a return address on the envelope and use first class postage.

MOST IMPORTANT, MAIL EARLY.

West Texas Small Town Problems Under Study

ABILENE--C.L. Cooke, president of Community Public Service Company, Fort Worth, was named today to head a West Texas Chamber of Commerce Special Task Force to study the problems of West Texas small towns. John Ben Shepperd of Odessa, president of the organization announced today.

A "blue ribbon" panel of 25 West Texans, to be named shortly, will conduct an in-depth study and evaluation of the problems, resources and potentialities of towns under 12,000 population. Seventy-one towns in this category have lost population during the past 10 years.

"Too many people," Shepperd said, "are willing to write-off small towns but we cannot do this if we want West Texas to grow and prosper."

The study to be made will include exhaustive research, surveys, conferences in Austin and Washington and town hall type meetings and hearings in small towns of West Texas. The hearings will develop ways and means of utilizing existing assets and methods of accenting the cultural, educational, recreational and industrial opportunities of the smaller towns.

The Special Task Force is a group for planned action and not an academic study, according to Shepperd. The group will seek to determine what the small town has and what it is possible for them to have; what assistance is needed, if any, from the State and Federal governments; what the metropolitan areas may do to assist small towns within their spheres of influence; growth patterns of small towns and the reasons for losses or gains; the development of criteria as to what an aggressive small town, with proper leadership, can expect in the way of industrial development, tourism, cultural development and retention of young people in their community. The study will also evaluate available Federal programs and services as well as those possible aids from the State agencies that will be helpful in attaining the goals set by the individual city.

In the formation of this important Task Force, President Shepperd said "Small towns are our last citadels of graciousness and true hospitality...they have been and will continue, with help, to be an important element in West Texas' economy, characteristic of the democratic way of life in which a man is free to make choices and achieve security through his own efforts."

The results of this study, which will be completed by March 31st, will be summarized in a "White Paper" published by WTCC. This publication will be distributed to leaders in small towns for

guidance of their action programs and to enable them to utilize their assets.

You'd just never believe how entertaining that judo expert and his wife were the other evening when they gave Xi Zeta Upsilon's program. Those of us who attended the meeting heard a little of the history of judo and then watched in delight as petite Mrs. Elliot showed us how she could "throw" her 200-plus pound husband.

I don't know how many of us tried those judo tricks on our husbands when we got home, but for my part, one lesson just wasn't enough.

Besides, I'd already been through one pretty harrowing experience that evening. I took along the office camera and innocently asked Mrs. Elliot to "throw" her husband so I could get an impressive picture. Well, when the flash didn't go off the first time, it wasn't so bad, but on the second try when the same thing happened again, I had to retreat in a hurry. Judo may mean "gentle way" but that fellow just didn't have a friendly look in his eye.

Thanksgiving comes at a lovely time of year, doesn't it? Early one of these hazy, frosty November mornings, slip on an extra sweater and go outside to appreciate the beauties of the season. The mornings are so crisp and clear even though a gray November haze does appear off in the distance.

I guess I'll have to agree with my old friend Cotton John, it is the best part of a golden spread day...even though I have been known to sleep right through it with no ill effects.

I like William Cullen Bryant's description of November. He calls it the year's last, loveliest smile.

I hope you will share some of your favorite recipes with us for one of our December issues. It makes a nice holiday supplement to the paper and I think most of us enjoy reading and trying new recipes, especially those that are recommended by our friends.

So, please do bring or send one or several of your favorite holiday recipes to us at your earliest convenience. We'll appreciate your help.

Here is an easy cookie recipe I tried and felt was very successful. In fact, I served these at the same sorority meeting and Judy Martin and Lucile Lewis asked for the recipe, so perhaps others of you will enjoy them too.

PÉNUCHE BON BON COOKIES

Mix thoroughly . . .
 1/2 cup soft butter or margarine
 1/2 cup firmly packed light brown sugar
 1 teaspoon vanilla
 Mix in with hand . . .
 1 1/2 cups sifted flour
 1/8 teaspoon salt
 If dough is dry, add 1 to 2 tsp. cream. Wrap level teaspoon of dough around a well drained maraschino cherry. Place 1 inch apart on an ungreased baking sheet. Bake 12 to 15 minutes, until set but not brown. Dip tops of warm cookies in icing or spoon a little icing onto each.

COOKIE ICING

Mix . . .
 1 cup sifted confectioners sugar
 1/4 cup cream
 1 tsp. vanilla
 1 square unsweetened baking chocolate, melted
 Decorate tops with chopped nuts, coconuts, chocolate pieces, etc.

To vary cookies, form dough around pitted dates, gumdrops, or 1/2 tsp. of mixture of 1 square unsweetened chocolate, melted, and 1/2 cup shredded coconut.

Another variety of the same cookie calls for 3/4 cup sifted confectioner's sugar instead of the brown sugar. These can be tinted with cake coloring and iced with confectioners' sugar icing in a harmonizing color.

You may want to double the recipe as it yields only 1 1/2 to 2 dozen cookies.

Amidst all the cooking, eating and visiting Thursday, may each of us be aware of the privileges, the beauties and delights of being an American, and may we all pause to thank our Creator for life itself with all its countless blessings.

Mrs. Daily Hosts Club

Blue Monday Bridge Club met Nov. 21 with Mrs. F.J. Daily as hostess. Mrs. Pope Gibner had high score.

Happy Homes HD Club Has Holiday Luncheon

The Happy Homes HD Club met at the clubroom Thursday for their annual Thanksgiving luncheon with Vaye West as hostess.

Rose Cummings presided and the roll call was answered with "Things I Am Most Thankful For Today". For the devotional the club prayer was read in unison. Plans were also completed for the family Christmas dinner to be held Dec. 15.

The program "Gifts From Scraps" was enjoyed by all, bringing gifts and garments made from scraps.

Attending were Patty Shepard, Norma Jo Curtis, May-lynn Schubert, Rose Cummings, Margaret Adamson, Margaret Evans, Rita Reed and Vaye

West. Guests for lunch were Robert Adamson, Linda Webb and Mrs. West.

Mr. and Mrs. Fred Fewin left Monday to spend Thanksgiving with their son and family, Mr. and Mrs. Fred Fewin, Jr. in Chicago.

Mrs. C.A. Kleeberger entered the St. Anthony Hospital in Amarillo Tuesday where she will undergo surgery. She expects to be hospitalized a week or ten days.

Rev. Berry Resigns Post

The Rev. Luther Berry, pastor of the First Baptist Church of Spearman, announced his resignation as pastor of the church Sunday.

The Rev. Berry announced that he will be moving to Derby, Kan., to become pastor of a church there. In announcing his resignation, he told the church he had felt led to Kansas since conducting a revival there last Spring.

He said the Southern Baptist church in Kansas was not a big organization, but felt he was being led there. The church in Derby, a suburb of Wichita, Kan., had an average of 243 in Sunday School last year.

The pastor came to Spearman on Sept. 5, 1961, from Lefors. His son, Rennie, graduated from Spearman High School this Spring and is now a student in Oklahoma Baptist University at Shawnee.

Some 8,000 people will die of TB this year. Help prevent such deaths by a Christmas Seal contribution.

Mr. and Mrs. Jim King and children spent a recent weekend in Groom visiting her parents, Mr. and Mrs. Arthur Conrad. While there they helped her parents celebrate their 25th wedding anniversary.

Mr. and Mrs. Hugo Riemer of Allenreed were Monday overnight guests of her sister and husband, Mr. and Mrs. E. C. Greene.

Planning ham for Thanksgiving dinner? or for Christmas?

It's a wise choice, since the U.S. Department of Agriculture's Consumer and Marketing Service reports plentiful pork supplies this November.

Another good reason for selecting ham is its ease of preparation. The secret of tender, succulent ham dinners is dry heat roasting in a moderate 300 degree F. oven. No liquid, and no cover is needed, just slow cooking. Place the ham, fat side up, on a rack in an open roasting pan.

Insert a meat thermometer into the center of the ham, if you wish. Just be sure that it does not rest on bone or fat. Allow about 18 to 20 minutes per pound to cook the ham.

You may have your own special glaze to use on the ham. If not, select from one of the following:

Pinapple glaze. Combine one cup crushed pinapple, 1 cup brown sugar with two tsp. honey. Cook until thickened. Spread over ham.

Apricot Glaze. This glaze calls for two and one-half cups cooked, sieved apricots and three-fourths cup sugar simmered together until thick. Garnish ham with apricot halves filled with red jelly. These fruit glazes should be spread over the ham about 30 minutes before removing from the oven.

For Orange-Pecan Glaze, combine orange marmalade with finely chopped pecans and spread over ham about 10 minutes before removing from oven.

Brown Sugar and Cloves. This glaze is added just before the cooking time begins. Remove rind from ham and score fat into diamond shapes. Rub brown sugar into the fat and stud each diamond with whole cloves.

Regardless of your choice of glaze, you can look forward to a ham that's eye-catching and appetite-appealing.

GOALS OF CHILD DISCIPLINE
-A frequent concern of parents is how to discipline their children.

Understanding the purpose of discipline makes it easier for parents to choose the kind best suited to different situations. Yet parents often are concerned about who should do the disciplining, when it should be done, the best methods to use, and how discipline can best be used for the good of the child.

Listed are five major purposes as guides to parents in making decisions regarding discipline.

1. Discipline helps the child learn right from wrong. Good discipline is not only corrective but it also is a means of guidance, teaching the child what is allowed and what isn't. The child learns through his parents the patterns of behavior which are socially acceptable

and others disapproved by society.

2. Discipline helps the child develop a sense of values. He learns the things his parents value and views with disfavor those things which they disapprove. Through this, he learns certain ideals and acceptable ways of striving toward them.

3. Discipline is a means of building character. As the child learns the values and ideals acceptable to his parents, these become part of his character. Discipline helps to guide the child in this growth-like training a rose to climb a trellis.

4. A child learns internal control through discipline. It helps the child to "build" accepted patterns of behavior into his personality. He learns to act in the way he is taught.

5. Discipline sets standards and boundaries. The child therefore can develop feelings of security and trust within these boundaries. If the discipline is too strict, the child will either become cowed or rebellious. If it is too lenient, or permissive, he will not learn what is required of him.

In either case, the child is likely to become insecure since he can't trust his parents to support and guide him in his struggle toward acceptable patterns of behavior.

How do parents teach curious youngsters to give other family members some privacy? When a child is a toddler, enforce limits by simply closing the doors or picking him up and removing him from someone's room.

By the time a child gets to the questioning age, he's full of all kinds of curiosity which is often embarrassing.

A lock on the door provides an effective barrier, even if the child does seem frustrated. He can begin to understand he doesn't need to help Mother dress or write a letter.

A common screen door hook, placed near the top of a door, can help mothers keep a curious child out of a storage room, or away from the basement steps.

Families differ in the extent to which they enjoy togetherness. Whatever limits are chosen should be reasonable for both parents and children. Children can be taught when to knock on their parents' bedroom door and, of course, parents owe the same courtesy to

A new shipment of needlepoint has arrived--footstool covers, chair seats, samplers, pictures, purses, luggage straps, and many frame pieces.

Also have many new crewel kits--pillows, pictures, tote bags, perpetual calendars, candle scones, and etc.

The new fall and winter yarn is fantastic--Spinnerin's Nordia & Arly along with Fleisher's Crepe Velaine in luscious winter colors.

For excellent Christmas gifts, there are the Boye Needlemasters and Needlemasters, Jr., all sizes and shapes of knitting bags--all just in time for Christmas stitching.
