

It feels rather good to be an American again, now that we apparently have stopped letting every little commie dictator kick us around.

The greatest political cartoon we have seen in a long time appeared this week in the Fort Worth Star-Telegram by Harold Maples.

It showed the star-spangled legs of a big eagle with sharp talons descending on a battered Fidel looking rebel and he was yelling: "Hey Fidel! He is no chicken."

A bunch of the reds and pinks have been screaming about how mean we are, but none seem to want to join the argument, in the Dominican Republic or in Asia.

Speaking of being proud, we do not know a much happier person around than High School Principal Frank Cockrell.

He was complaining in a very Happy manner this week about running out of space in the library for trophies.

High school students have brought home a truck load of trophies this year.

"If a man is going to leave, when you are winning is the best time," Frank said.

Frank said it really makes a principal of a school feel good when his students and their teachers go out and bring home the trophies.

"People sure know where Spearman High School is now," he added.

Do not give up hope, there has been rain on all sides of us. It has to come over in more than a light shower one of these days.

We do not care for the hail or funnel clouds, but one feels rather jealous when the clouds are going on all sides.

It is getting so bad, one sometimes begin looking at yourself and wonder if we are really living this bad.

The Jaycees could use some help in securing entries for the Miss Hansford County Contest. Some of you business firms who know prospective entries, might ask the young ladies if they would like to represent your firm.

There are many of the girls who would like to enter, but are a little bashful about asking for a sponsor.

## Festival Set

May 14, 15, 16

Entries are beginning to come in for the FFA Sponsored High School Rodeo, one of the big features of the Spring Festival May 14, 15 and 16.

This year's festival will feature a hootenanny Friday night, Miss Hansford Contest on Saturday night, a square dance on Friday and a western dance Saturday night.

The finals of the rodeo will be Sunday afternoon.

Spearman's Square Dance Club has secured Bob Parish of Sinclair, Wyoming as the caller for the Square Dance Friday night.

Steve Mathews and his combo will play for the dance Saturday night.

The Hootenanny will be held in the High School Auditorium Friday night and will feature talent from all over the area.

Contestants for the Miss Hansford County Contest are coming in slow. However, the winner of the show will be crowned Saturday night by Miss Judy Bayless of Gruver, the retiring Miss Hansford County.

Entry blanks may be secured from County Agent Robert Adanson or Jim Davis at the Plainsman.

## OFFICERS INSTALLED

# Local Lions Roar with Laughter

Pharmacist and Boss Lion Jesse Davis filled a prescription for a highly successful Lions Club Installation and Ladies Night banquet Tuesday night.

Nothing was as usual about the banquet from the installation of officers to the highly entertaining entertainment. This program, mixed with a portion of Davis charm and wit, made a highly enjoyable evening; especially when the

master Tailtwister, Bob Vaughn, was manufacturing mischief or hunting his Lion.

Twelve members of the local club were recognized for perfect attendance and long service to the club. The service pins did not arrive and this created a sticky situation.

Boss Jesse presented each honored Lion with a corsage for their lady. The Lion had to pin the flowers on his lady.

J.B. Cooke and Roy Jones were presented pins for 26 years of membership. John Bishop was honored for 24 years service. R.V. Converse was presented a 10 year service pin.

Perfect attendance pins went to Virgil Floyd for 20 years of perfect attendance, he also got a 20 year service pin. Ed Mundy received a 16 year pin, Dr. R.L. Kleeberger received a 16 year pin, Oscar Donnell received a 15 year pin and a 15 year service pin, Jesse Davis received a 15 year service and a one year perfect attendance. Alton Ellsworth received a 12 year pin and James Bramlett received a 14 year attendance pin.

Clay Gibner was recognized for 38 years membership in the club. He is the last charter member still active in the organization.

Seven officers and four directors were introduced and installed in very brief ceremonies by ex-Lion District Gov. Bill Didlake of Berger.

In ribbing Lion Vaughn for letting someone steal his Lion at the opening of the program, Lion Didlake suggested that the club should elect a new tailtwister.

The ceremony ended on a humorous note as Didlake finished installing the new officers. Lion Vaughn stood up and

## Security Tool Opens Office

A new business opened up an office and warehouse in Spearman this week.

Security Tool Co., has opened its business in the new all-metal building that has been constructed on Highway 15, just north of Hansford Implement.

Bill West is the representative for the oil well drilling bit company.

# Administrator Hired By Hospital Board

A new administrator for Hansford Hospital in Spearman will be officially employed tonight at a meeting of the

Hansford Hospital Board of Directors.

In a call meeting Saturday night the board reached an agreement with Seaborn Anderson of Weatherford.

Anderson is coming to the Hansford Hospital with five years experience as administrator of the hospital in Chillicothe.

The reason for the delay in officially hiring the new administrator is a rule in the by-laws governing the hospital.

According to the rule, no official action on a matter can be taken at a called meeting that has not been put in writing to each board member at least three days before the meeting.

After interviewing Anderson Saturday, the board decided he was the man they wanted. An agreement was reached between the board and Anderson and he will be officially employed tonight.

The board interviewed a large number of applicants before making their selection.

## 150 Member Venire Called For Trial

A special 150-member special venire is being called as prospective jurors for the trial of John Lincoln Grisslam on a charge of murder with malice.

The trial will begin here in 84th District Court before Judge Max Boyer Monday, May 17.

Grisslam, 34, a farm laborer, has been indicted on a charge of murder with malice, in the shooting death of P.H. (Mickey) Westerfield, 62, a Gruver merchant.

Grisslam is alleged to have shot Westerfield when the merchant entered his store and caught Grisslam burglarizing the dry-goods firm.

After Westerfield was shot with a small caliber pistol, he managed to get to a phone and dial the operator and tell her he had been shot. But he was not able to identify himself or tell where he was.

Sheriff J.B. Cooke, his deputies and Texas Ranger Bill Baten of Pampa, had Grisslam under arrest in less than 24 hours. Grisslam was arraigned on a charge of murder with malice within 29 hours after Westerfield reported being shot.

Grisslam's younger brother, Earnest Grisslam, has been indicted for burglary in connection with the burglary of Westerfield's Dry Goods. He is being held in lieu of bond.

John Grisslam is being held without bond.

Both men have been in prison in Oklahoma and Nebraska.

Leland Wood

## Wood Takes Deputy's Job

Hansford County's new deputy sheriff assumed his duties here Monday morning, according to Sheriff J.B. Cooke.

Leland K. Wood, 29, assumed the position vacated by John Brown, who resigned to operate an irrigated farm.

Wood has been a law enforcement officer for seven years. He served on the Odessa Police force all that time.

The new deputy is a native of Whitesboro and is a graduate of Whitesboro High School.

He is married and he and his wife, Carolyn, have two sons, Roy, 7, and Brian, 2.

Wood said he would move his family here just as soon as he can find a house.

## Four Teachers Resign Jobs

Four teachers have resigned their positions on the Spearman Public School facilities.

The Spearman School Board will meet next week to take action on these resignations.

Counselor Jerry Day resigned this week to enter Oklahoma State University. His resignation is effective July 15.

Day will begin work on a doctoral program in community health psychology.

He is completing his second year in Spearman High School and he set up the counseling program here.

High School English and Journalism instructor Miss Pat Howard has submitted her resignation after being in the system two years.

Miss Howard will teach in Cisco Junior College this summer, then enroll in UCLA in Los Angeles, Calif., this fall.

Mrs. Leo Fields, a teacher in Junior High School, is moving from Spearman and is re-

## Spearman Gets 30 Inch Rains

Spearman has received .30 of an inch of moisture from the showers of Monday and Tuesday nights, according to Mrs. Pat Cates, weather observer.

Heavier amounts were reported in the south and south-east part of the county.

## Kimberly Entertains With Guest Luncheon

The members of the Kimberly Study Club entertained guests at a luncheon Thursday, April 29 at the Community Room at the Farm Bureau Building.

Name tags with dainty tissue flowers placed on them were given to each guest as they arrived. The programs, with matching flowers, had each guests name, which were placed on the tables serving as place cards also.

The buffet luncheon table was centered with a punchbowl of spring flowers on a white linen tablecloth. Silver appointments were used on the table. The menu consisted of Avocado and Grapefruit Salad, Chicken Salad, Shrimp Cocktail, Green Bean Casserole, Cranberry Relish, Fruit Breads, Relish Dish, Strawberry Tarts and Coffee. Guests and members were seated at luncheon tables each with individual centerpieces.

The welcome was given by Mrs. Doyle Jackson, president, and as a prayer, the Collect was read in unison. A talk on

Federation was given by Mrs. David Wilson. Mrs. Doyle Jackson told the guests about the club's recent activities and gave each guest a year-book.

Guests present were Mmes. Ralph Straw, William Douglas, Ben McIntyre, Roy Bulls, Bill West, Jerry Day, Danny Jackson, and LeRoy McCalman. Members present were Mmes. Doyle Jackson, David Wilson, Bill Wilmeth, Everett Cain, Sandra Ladd and Kenneth Pope.

Wednesday evening dinner guests of Mr. and Mrs. Tom Sutton were Mrs. Leslie Reynolds of Spearman and Dr. and Mrs. H.M. Loveless and Dr. and Mrs. H.S. Loveless of Colorado Springs.

Mr. and Mrs. Brad Beedy have returned from a weeks visit in St. Louis, Chicago and Joliet, Ill. where they visited with Mr. and Mrs. Enoch Estep, former Spearman residents. While in Joliet they attended Mr. Estep's choir's spring concert.

### Engagement Announced —

The engagement and approaching marriage of Miss Nancy Rae Kirk to Gerald Dale Felder is being announced by her parents, Mr. and Mrs. Bob J. Kirk of Cache, Okla. Parents of the prospective bridegroom are Mr. and Mrs. W.H. Felder of Hart. Miss Kirk, commercial teacher at Spearman High School, is a January, 1965 graduate of Southwestern State College, Weatherford, Okla. where she received a Bachelor of Science degree in business education. While in college she was on the Dean's Honor Roll, in Sigma Kappa social sorority, Phi Beta Lambda secretary, Women's Recreation Secretary Association and Student Education Association. Felder, Vocational Agriculture teacher at Spearman High School, graduated from Texas Technological College in 1964 with a Bachelor of Science degree in agricultural education. While in college he was on the Dean's Honor Roll, Board of Student Organizations, Aggie Club, Rodeo Club and Collegiate FFA Chapter. The wedding will be solemnized June 12 at the Easter Pageant Church in the Wichita Wildlife Refuge near Cache, Okla.

## Officers Installed By Xi Zeta Upsilon

Mrs. Deta Blodgett and Mrs. L.S. McLain, honorary members of Xi Zeta Upsilon Chapter of Beta Sigma Phi were hostesses for the Monday evening meeting and installation of officers in the home of Mrs. Blodgett.

Mrs. Delon Kirk reviewed the book of Esther for the group following the business session and installation. She was introduced by Betty Brown.

A bouquet of yellow rosebuds, the sorority flower, was noted in the living room and red carnations highlighted the den where refreshments were served.

Elsie Mathews, retiring president, presided at the business meeting during which plans were made to present a new hair dryer to Pioneer Manor.

Mrs. McLain installed the new officers in a candlelight ceremony. Installed as officers for the coming year were Mona Windom, president; Day McClellan, vice-president; Joyce Lackey, recording secretary; Dorcas Collard, treasurer and Elsie Mathews, civil defense officer.

Refreshments of pineapple angel dessert and coffee were served to two guests, Mrs. Delon Kirk and Mrs. Winfred Lewis, honorary member of Rho Rho Chapter and to the following members, Barbara McClellan, Ruby Lair, Elsie Mathews, Elaine Floyd, Betty Brown, Joyce Lackey, Elizabeth Holton, Helen Watson, Mary Brock, Dorcas Collard, Day McClellan, Mona Windom, and the hostesses, Mrs. McLain and Mrs. Blodgett.

### Mrs. Lackey Hosts Club

The Blue Monday Bridge Club met Monday, May 3 at the home of Gwened Lackey.

Ruth Hill had high score. Attending were Mmes. W. H. Gandy, Vester Hill, Delon Kirk, Deta Blodgett, Jesse Womble, L. S. McLain, Pope Gibner and the hostess.

The next meeting will be May 17 with Mrs. L. S. McLain.

Mrs. Bob Stewart left Saturday for a vacation with relatives in California. She expects to be gone a month or six weeks.

Mr. and Mrs. Dee Blevins and Michael of Amarillo spent Tuesday and Tuesday night with his parents, Mr. and Mrs. W. C. Blevins.

### Girls of the Month Will Speak To Kimberly Club

The Kimberly Study Club will install officers at the Friday, May 7 meeting at the Community Room of the First State Bank. Installing officer will be Mrs. Doyle Jackson.

Guests will be the nine Senior Girls of the Month selected by a committee of teachers. Each girl will give a talk on "What Education Means to Me."

### Engaged —

Mr. and Mrs. Marvin States of Gruver announce the engagement and approaching marriage of their daughter Anita, to Melvin Albright, son of Mr. and Mrs. Edward Albright of Balko, Oklahoma. Wedding vows will be solemnized June 20 in the Primitive Baptist Church of Perryton.

## Danger of Tranquilizers Discussed by Mrs. Gooch

The Spearman Study Club met for the last meeting of the season on Monday, May 3 in the Hospitality Room of the First State Bank. Hostesses were Margaret Adamson and Patty Sheppard.

Mary Jane DeArmond, president opened the meeting and conducted the business. Final plans were made for the fellowship coffee being hosted by the club for the Twentieth Century and Kimberly Study Club Friday morning at 9:30 in the Methodist Church.

Sarah Jane Gooch gave the program on the danger of tran-

quilizers. Dr. Kleeberger was to have been guest speaker on the subject but was unable to attend.

A list of the new officers for 1965-66 are President-Jo Larson, Vice President-Judy Martin, Secretary-Lois Shield-knight, Treasurer-Margaret Evans, Historian-Sherry Partridge, and Parliamentarian-Peggy Boatwright.

Attending were Mary Jane DeArmond, Jo Larson, Sarah Jane Gooch, Judy Martin, Sherry Partridge, Lois Shield-knight, two guests, Dorothy Haner and Joyce Lackey and the hostesses.

### Engagement Revealed —

Mrs. Lynn King of Andrews announces the engagement and approaching marriage of her daughter Tommie to Bill Barkley, son of Mr. and Mrs. Freeman Barkley of Spearman.

Wedding vows will be solemnized August 7 at 4 p.m. in Means Memorial Methodist Church of Andrews.

Miss King is a candidate for June graduation from Texas Technological College, Lubbock, where Mr. Barkley graduated in 1964. The couple will reside in Lawton, Okla. after their marriage.

Mrs. Harry Beegle of Beaver spent the weekend in the home of her daughter, Mr. and Mrs. Max Baggerly.

Mrs. Tom Sutton and Mrs. Don Knox went to Enid Friday to hear the Tri State Band play.

## Day by Day

Have you noticed how many top awards Spearman High School students have won individually and as groups during this school year? Personally, I think it has been a real pleasure to see our school and so many of its students come to the front in so many phases of learning and accomplishment.

It must be especially heartening to the teachers and of course, the parents of all these young people. I think all the rest of us share in the pride too.

The Miss Hansford County Contest this year is scheduled for Saturday night, May 15 and to date there are no entrants. This is a little hard to understand after the beauty pageant last year drew 30 young ladies as contestants.

However, we lost the contest's most enthusiastic supporter, the girl behind the scenes, when Pat Farren married and moved from Hansford County. She helped stage the contest for the Jaycees for several years and had been instrumental in getting so many girls interested in vying for the title.

Even without Pat's help though, the contest can be a success. Entry blanks are available from Robert Adamson or Jim Davis and what the Jaycees are concerned with right now is getting some contestants for the honor.

We celebrate Mother's Day Sunday, May 9th. If your mother is living, do remember her lovingly and with every kindness. Those of us who no longer can would give anything in the world for that opportunity.

This poem by Grace Noll Crowell is entitled simply "Mothers". It says what many of us might, had we the gift of poetic writing.

Something of God is in a mother's love,  
Something of His tenderness and care:  
I never see a mother bent above  
An ailing child, but I can see God there.

And I can hear Him in the words she says  
To little children gathered at her knee:  
God's own voice speaking through her lips, the words  
That will bear fruitage for eternity.

And I can feel Him in a mother's touch:  
Across the widening years her shielding hands  
Will still reach out as if to keep from harm  
Her little child -- how well God understands.

A mother's heart, so like His own it is!  
True motherhood has touched His garment's hem  
For strength and wisdom, and I am quite sure  
We honor Him the day we honor them.

# Choir and Band Take Sweepstakes at Tri-State Festival

## Beat Others 110 Points

Spearman High School's music department outdistanced its closest competitor by more than 100 points to win the Sweepstakes trophy at the Tri-State Music Festival in Enid, Okla., last week.

Spearman's band and choir scored 603 points to win the coveted award for the second consecutive year. Second place went to Kingfisher, Okla., with 493. There were 15 schools in the Spearman class, CCC.

In taking this top award Spearman's music organizations took the top class honors in four different divisions. The 160-piece band was the outstanding marching and concert band and was first in its class in the "Million Dollar Parade" of all bands. The 85-voice choir was named the outstanding choir in class CCC.

The band earned superior ratings in marching, concert, and sight reading. The choir earned a superior rating for its performance.

A boys' quartet and a girls' ensemble from the choir earned superior ratings. One soloist with the choir earned an excellent rating. Soloists and ensemble groups from the band earned eight superior ratings and nine excellent ratings.

Spearman will not get a chance to retire a second traveling sweepstakes trophy from the Enid competition next year. Band Director Sam Watson said Spearman will be advanced to a larger classification next year.

Spearman is graduating approximately 60 students from high school this year and will have approximately 90 enrolling in the sophomore class in the fall. The school was only eight students below the classification change this year.

In 1962 the band won a third consecutive sweepstakes trophy and retired it. They were the first school to accomplish this feat. Phillips High School retired a traveling sweepstakes trophy in a higher classification on the next day.

Spearman's band is directed by Sam Watson and the assistant band director is Frank Porter. Lewis Tilford is the choir director.

The choir was organized last year and has been the outstanding choir at both the Tri-State Festival and the Panhandle A&M College Festival at Goodwell, Okla., both years.

Spearman was the only school in the contest to win the top awards in all four major events.

COMMENDED---Second Lt. Mike Crawford, son of Mr. and Mrs. Cecil Crawford of Spearman, receives a letter of commendation from Colonel Arnold A. Berglund, Assistant Commander of the Army Transportation School. Crawford was a recent honor graduate of the school.

## Two 'Gunfighters' Join Finances Rolling Plains Train Are Stable

Two featured gun-fighters from Oklahoma City's Frontier City have joined the Rolling Plains Mule Train of Spearman to make the 15 day wagon trip from Spearman to Oklahoma City.

The two actors, Mark Blodgett, a relative of Mrs. Josephine Kenney and Ralph Blodgett of Spearman, and Jake Wilson joined the train organization while it was in Guymon last weekend.

A third Frontier City actor, Doc Holliday, has indicated he will either make the trip or join it at different locations along the route.

The Mule Train will leave Spearman June 10, and make a 15-day trip to Oklahoma City. The organization will be one of the featured events of the dedication ceremonies for the National Cowboy Hall of Fame.

At the Pioneer Days Celebration Saturday in Guymon, Okla., the three actors staged several mock gunfights for the entertainment of the crowd.

Spearman's Mule Train of 18 covered wagons made a three-day trip to Guymon for the celebration.

At the two overnight camps made by the train, there were approximately 200 people who ate supper with the members of the train. There was square dancing each night and other pioneer entertainment.

The train left Spearman with 16 wagons and two more joined enroute to make 18 wagons in the Pioneer Day parade in Guymon.

Financial conditions in Spearman have changed little in the last three months according to the deposits and loans of the First State Bank at the last quarterly statement of conditions on April 26.

Deposits and loans are both down slightly, according to bank officials, from the last statement of condition.

At the close of business April 27, the bank had \$7,528,194.71 total deposits. Loans were \$4,877,798.59.

### NOT THE CAUSE

Fog, rain and snow were NOT major causes of highway accidents in 1964 that claimed 48,000 lives. About 90% of the crashes occurred in clear weather on dry roads, according to an authoritative survey just released by The Travelers Insurance Companies.

News From The

County Agent

By Robert Adamson

A vacation is something you take when you can't take what you're taking.

LAWN INSECTS-WHITE GRUBS

Several people have asked me what to do for grub worms in their lawn. First, you want to make sure you have grubs. Take a shovel and take a piece of your lawn out to see if you can find the white grubs. If you have them you will need to use an insecticide to kill them. You can use these wettable powders: 6 oz. 25% Aldrin-10 oz. 40% Chlordane-4 oz. 25% Dieldrin-5 oz. 25% Heptachlor. Use the above rates on 1000 sq. ft. of lawn. Apply dust on lawn and sprinkle with water to soak in soil.

You can also use the following sprays: Aldrin, Chlordane, Dieldrin or Heptachlor. You need to follow directions on label for mixing sprays, then apply spray directly onto soil at the rate of 25 gallons of mixed spray per 1000 sq. ft.

SPIDER MITES

Spider mites are now working on ornamental plants. They are small, (about 1/60 inch long) yellowish or reddish insects which suck juices from the plant. Webbing is often present. Sprays to use include: Chlorobenzilate, Diazinon, Dimethoate (Cygon) Kelthane, Malathion, Tedion, Ethion. Usually a second application 7 days later is necessary to obtain control. Follow directions on the label.

NITROGEN RECOMMENDATION EXPLAINED

Below is a report from James Valentine, Area Extension Soil Chemist.

Soil testing procedures used in the A&M University Laboratories measure soil organic matter but do not detect the presence of anhydrous ammonia or other inorganic nitrogen fertilizers. For this reason it is essential that the Laboratory be informed of previous recent applications of nitrogen fertilizers on the information sheet.

The predicted nitrogen level shown on your report is based on several factors, one of them being the organic matter content. Organic matter, excluding the undecomposed residue removed from the sample by screening before analysis, contains about 5 per cent total nitrogen. The amount of the nitrogen that will be available to a crop in a growing season will depend on conditions of aeration, soil texture, temperature, moisture, and residue from the preceding crop. A clay soil containing 1.5 per cent organic matter can normally not supply as much nitrogen to a growing crop as can a sandy soil containing 1.5 per cent organic matter.

While there is definitely a relationship between organic matter content and the nitrogen fertilizer needed, the above factors are all considered along with expected yield goals in the nitrogen use suggestions shown on your report. It is realized that it would be most desirable to have a procedure for predicting the exact nitrogen supplying power of a soil. Much work has been done on the subject and the work continues at the present time.

Due to the complexity of the changes that nitrogen may undergo in a soil the suggestions shown on your report are

Mrs. Greene Gives Program

The Town and Country HD Club met Tuesday, May 4 in the home of Mrs. Fred Jackson. Nelva White presided at the business session. Discussion was held by the group on sending 4H club members to camp.

Donetta Greene gave the program on low calorie desserts and for the refreshment two low calorie desserts were served.

Attending were Donetta Greene, Nelva White, Linda Bodey, Louise Hawkins, Star Sparks, Lenora Beagle, Nedra Hays, Jerry Anderson, Angie Sheets, a guest, Ruthie McCoy and the hostess.

based on fertilizer research available, the organic matter, previous crop, crop to be grown and expected yields, and fertilizer use history. If this information is supplied as requested on the Information Sheet sent in with the sample a sound nitrogen rate can be suggested for your particular operation.

TORQUE

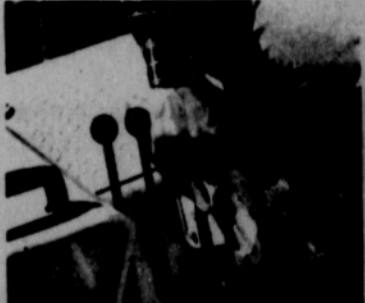

Massive engine—Brawny, 6 cylinder moderate speed engine has heavily ribbed block, multiple cylinder heads. Seven bearing crankshaft. 15-inch clutch. Diesel engine is 401 cubic inch; gasoline and LP-gas are 377 cubic inch.

Engine-matched power train—Big power needs big gears, shafts, bearings. The 930 transmission and final drive are designed right from the keyways to handle all of the guts in the engine. Dual-range, eight speeds.

High-torque lugging power—The 930 not only peaks higher than any tractor in its class, but also maintains higher torque over a broader range of rpms. Tremendous ability to lug and last!

Power-matched draft control—set the Draft-o-matic® lever and get power-boosting traction automatically—with minimum depth variation. Smooth! Senses, compensates for load changes up to 600 times a minute. Category II three-point hitch.

...puts the guts in the CASE Row Crop 930

This tractor is long on staying power. Torque. The plain, ordinary guts it takes to rip heavy sod with six bottoms . . . lug through the tougher spots non-stop.

What makes the big difference? Basic Case engine design. Big pistons. Large radius crankshaft. Long connecting rods. All operating together to produce maximum leverage at relatively low engine speeds. On your books, this means more workpower with less wear.

All drive-train gears, bearings and shafts are matched to the high torque of the engine. They're big enough and tough enough to soak up any shock loads or strains continuous heavy tillage can deal out. It's a working transmission—five of the eight forward speeds are in the heavy tillage range.

Power, strength, speed. And comfort—to make your day in the field a lot less tiring: Power steering; simple, fast hydraulics; Draft-o-matic® implement control; nine square feet of platform space; an "armchair" seat and "control-tower" visibility. A 48-gallon fuel tank to eliminate refueling stops.

But first the 930 stands for high torque power—big equipment guts that makes you money through more work capacity and less maintenance. See your Case dealer. J. I. Case Co., Racine, Wisconsin.

be held in Spearman at the Home Demonstration Building. It will be instructed by officers of the Texas Department of Safety.

Why should you attend? Simply because every driver, young and old, needs to frequently brush up on their driving habits to "keep in shape." Every year there are more automobiles on the road; and, more accidents are caused because of inattention or neglect of the drivers.

No tests will be given, no fees charged. The clinic is for your information to help you become a more responsible driver. If you can't attend all the meetings, come when you can.

Another note on driving—The "National Driver's Test", sponsored by Shell Oil Company, will be given over CBS TV, May 24, 1965 from 9 to 10 p.m.

All drivers are encouraged to take this test, which will test your driving judgement, knowledge and perception. It is for your education.

Test forms are now available at Shell Service Stations, and through our local CBS TV station. Pick up forms for the drivers in your family, and participate in this nationwide safety movement.

The weather is getting warmer, and homemakers begin thinking of cooler lighter meals. If your family likes dessert, (who doesn't?), here are a couple of light, low calorie desserts that will please any time, any occasion.

**APPLE SAUCE SNOW WITH CUSTARD SAUCE**  
1 tbsp. unflavored gelatin  
1/4 cup cold water  
1 cup boiling water  
3 tbsps. cinnamon candies  
1 cup apple sauce  
2 tbsps. lemon juice  
1/2 cup sugar  
3 egg whites  
Dash of salt  
Custard Sauce

Soften gelatin in cold water. Combine boiling water, cinnamon candies and gelatin in sauce pan. Heat until candies are dissolved; remove from heat. Stir in applesauce, lemon juice and 1/4 cup sugar. Chill until slightly thick-

ened. Beat egg whites and salt until stiff; beat in remaining 1/4 cup sugar; continue beating until stiff peaks form. Whip slightly thickened gelatin mixture until foamy; fold in meringue. Turn into serving bowl—serve with custard sauce after it has been chilled about one hour or until firm.

**CUSTARD SAUCE**  
Makes 1 pint—combine 3 egg yolks, slightly beaten, 1/4 cup sugar; 1/4 teaspoon salt; add 2 cups scalded milk. Cook over boiling water, stirring constantly; 15 to 20 minutes or until it coats a spoon. Cool, add vanilla.

**EASY MILK SHERBERT**  
Chill a beater; 1 can evaporated milk and 1 can crushed pineapple. Beat milk with cold beater until stiff like whipped cream. When almost stiff enough, add 1 tablespoon lemon juice; continue beating. Add 1/2 cup sugar, gradually in 3 additions. Fold in pineapple—put in trays and cover with foil loosely, and freeze until firm.

**THE LAST NOTE:** Nearly everyone talks about the weather. And looking back over the past winter, I'd say it deserves every word of it.

No wonder today's teen-ager gets mixed up. Half the adults tell him to "find himself" and the other half tell him to "get lost."

**Time for a maintenance check of your electric air conditioning equipment**

Your electric air conditioning equipment will soon be working extra long and hard to keep you cool. That's why it's a good idea to have it checked over now and put in tip-top shape by a qualified air conditioning serviceman. He'll make sure your equipment is properly lubricated and adjusted and has just the right amount of refrigerant. He'll clean clogged filters, too, to assure the free air flow needed for maximum operating efficiency. It's routine maintenance that pays off in greater cooling power at lower operating cost. Call a qualified serviceman soon. And, if you need additional cooling equipment, now's the time to have your air conditioning dealer install it.

# Consider Total Effect With Textured Hosiery

The "whole picture" is the keynote of spring fashion. Just about every woman is toying with the idea of trying the fashion interest of textured stockings, so a word about what goes with what might be in order.

Consider the total effect when you pick a textured stocking. With slick surfaced twills or linens, try "herringbone," a clear diagonal patterned stocking with a crisp tailored effect.

Color also is important this season. With navy blue, try matching bright navy textured stockings. Add spectator shoes in cream colored suede—no need to overdo this good

navy thing.

For the perennial favorites, pale pastels, there is an equally feminine stocking counterpart in sheer "scroll" textures in delectable colors such as tickled pink—which has a touch of mauve; nectar—a faint peach; and cultured pearl—a pale, pale beige. All three are perfect with delicate sandal-like shoes.

Perhaps, one of your costumes for spring and summer is fashion's favorite white. Frost your legs with snowy white "filigree." Paris has been showing white stockings for several seasons, and now they are here for the smart woman who dares to be a little different.

Add white calf pumps, perhaps with black leather heels. When temperatures soar, replace the pumps with black patent or cinnamon tan. In fashion's capricious way, white shoes are "out" for summer but definitely much in vogue for cooler days.

## Peanut Butter Was Invented By Doctor

Do you know peanut butter has been with us for 75 years? It was invented in 1890 by a St. Louis doctor who was looking for a new high protein food for some of his patients. It soon became a basic American food.

Another thing — The consumption of peanut butter in the U. S. is growing almost 4 times faster than the population. When using peanut butter in cookery recipes you can be sure you're giving your family important nutritional elements they need. Try this No-Bake Peanut Butter Cookies.

### NO-BAKE PEANUT BUTTER COOKIES

2 cups sugar  
1/2 cup butter  
1/8 teaspoon salt  
1/2 cup milk  
3 cups oatmeal or rolled wheat  
3/4 cup peanut butter  
1 teaspoon vanilla

Mix first four ingredients, bring to a boil and boil one minute. Add other ingredients and drop on buttered sheet and let stand until firm.

**PRIDE GOES BEFORE A FALL**  
There's an old fable about two ducks and a frog who lived in a farmers pond. The ducks and frog were the best of friends. One hot summer day the pond began to dry up and the ducks realized they would have to move. They could easily fly away. But what about their friend, the frog?

The worst kind of pride is the feeling we're good enough for God to be pleased with us. This is how the Pharisee in the temple felt. He didn't confess his sins but rather boasted of his good deeds. Jesus said, "Everyone who exalts himself will be humbled, but he who humbles himself will be exalted."

The ducks devised a plan. They would put a stick between them. Each would hold one end in its bill while the frog hung on the stick by its mouth. So the three friends set out for another pond.

Christian humility begins at the cross of Jesus. Let's daily confess our sins and look to the Savior, who humbled Himself so greatly that He even died for us.

As they flew, a farmer said "How clever, I wonder who thought of it". The frog said "I did." And that was the end of the frog.

Nor alms no deed that I have done  
Can for a single sin atone.  
To Calvary alone I flee---  
O God, be merciful to me!

This little parable illustrates proverbs 16:18 "Pride goes before destruction, and a haughty spirit before a fall."

## GS Neighborhood Council Has Backyard Cookout

If we like to blow our own horn or take credit for the ideas of others, as the frog did, we're headed for a fall. Friends turn from a person who is proud.

Spearman Neighborhood Council met Tuesday, April 27 at the home of Millie Craig for a cookout.

## Mrs. White Is Guild Hostess

Those present were Director Elizabeth Martin and Assistant Director Carolyne Collard of Yucca Council, Jo Larson, Mary DeArmond, Jeanette Thomas, Sherry Beeson, Dorothy Tackitt, Joyce Crooks, Frances Whitehead, Patty Sheppard, Margaret Evans and Millie Craig.

The Arts and Craft Guild met Friday, April 30 with Mrs. Kiff White as hostess.

The group enjoyed a backyard cookout at the noon hour. The menu consisted of golden stew, baked chicken with potatoes and carrots in foil, coffee and salad, baked banana boats in foil for dessert.

Members enjoying an afternoon of china painting were James Guy Fuller, Jesse Womble, Freeman Barkley, P.A. Lyon, Pope Gibner, Clay Gibner, Joe Trayler and the hostess.

A short business meeting was conducted by Joyce Crooks, chairman, after the cookout.

The next meeting will be in the home of Deta Blodgett.

## Girl Scouts Spend Saturday At Camp Parnell

Saturday May 1 all 4 Jr. Troops of the Girl Scouts went to Camp Parnell at Lake Fryer. Leaders and mothers attending were Wanda Burke, Betty Davidson, Joyce Crooks, Millie Craig, Wilma Lackey, Jeanette Thomas, Sherry Beeson, Frances Whitehead and Margaret Evans.

At the meeting there were approximately 280 Junior Scouts, Seniors and Cadets, with leaders from Liberal, Perryton, Beaver, Moscow, Follett, Darrouzett and Spearman. There were 36 junior girls from Spearman.

The day's program started with registration from 9 to 9:30. Opening with the flag ceremony, classes were held to learn compass reading, proper fire building, setting up tents, flag ceremony, lashing, knot tying, games and songs from 10:15 to 11:45. A lunch period and hiking from 11:45 to 1:15, followed by group singing, games and the closing ceremonies at 3 p.m. The group was back in Spearman by 5 p.m.

## Morse 4-H Sets Car Wash, Bake Sale

ALASKA MOUNTAINS

There are 85 mountains in the United States with peaks 14,000 feet or more above sea level. The 14 highest are in Alaska.

Keep Onions Dry

Moisture at the neck of an onion is a sign of decay. In purchasing onions look for clean, dry skins. Size and color do not affect flavor or quality.

No Dry Pods on Beans

When buying snap beans, avoid those with dry-looking pods. Those with small seeds inside the pods are best.

### Eighth Grade Girl Wins

### Tennis Class

A Spearman Eighth grade girl blasted the two top seeded girls off the courts last weekend to win the girls' 16 years and under singles competition of the Frank Phillips Invitational Tennis Tournament.

Barbara Bramlett won her division by beating Phyllis Pinton, No. 1, in Amarillo for the division, in the semi-finals 6-0, 6-4. She then took the title by beating Kathy Scott, No. 2 in Amarillo, 6-1, 6-0.

Miss Bramlett was rated fourth.

P.A. Lyon III and Frank Wilmeth won the doubles for boys' 16 and under. Wilmeth got to the semi-finals in the boys' singles before being defeated.

Lyon was defeated in his first round of singles competition. Steve Holton and Terry Delozier were also defeated in their first rounds of doubles play.

## Enough Pennies Will Take One On Houston Vacation and Back

A penny does not go very far today, unless you have lots of them, then you can fly to Houston, Galveston and back.

Mrs. Ralph Pattison of the McMillian Community in Ochiltree County proved it re-

cently when she and her son, Lynn, flew their private plane to Houston, Galveston and back and paid all the expenses for fuel in pennies.

They had 4,326 pennies when they started and when

they landed at home there were still 120 in the sack.

The idea started last summer when Mrs. Pattison, the former Martha Barnes, got her private pilots license. She said she was going to fly to Houston to see her sister.

As a family jest they started putting pennies in a jar to finance the trip. The joke caught on and friends and neighbors started adding pennies to the jar.

In just a few months, all Mrs. Pattison needed was some good flying weather.

She got the weather, put her pennies and son Lynn, he was the navigator, in the plane and took off on a flight plan that took her over Hobart, Okla., Wichita Falls, Mineral Wells, Waco, College Station and then to Houston.

When she stopped in Waco for gas, she paid the bill in pennies. She stopped in Mineral Wells for gas coming back and reporters were there waiting for the penny story.

While in Houston visiting Mr. and Mrs. Kenneth Doty, the Pattisons were joined by Mrs. Laura Barnes, Mrs. Jewell Yoakley and Mrs. Bernard Barnes who made the trip by car.

Mrs. Pattison, Mrs. Doty and Mrs. Barnes flew to Galveston and over the bay one afternoon. This was also a penny excursion.

Both Mr. and Mrs. Pattison are pilots, having been taught by Carroll Thompson of Spearman. He is also teaching their children.

Mrs. Pattison has the most hours of the family, because they live 21 miles from town and she uses the plane quite often to hop into Spearman for groceries, and other shopping trips.

### Man Killed As Car Flips

MORSE — Billy Ray Horn, 32, of Fritch, was killed late Monday in a one-car turnover on Texas 136, two miles north of Morse.

Horn, an employe of the United Foods Co., was pronounced dead at the scene by Justice of the Peace Johnny P. Vernon of Spearman, acting as coroner.

Officers said Horn's body was found about 100 feet from the automobile which had landed on its wheels after apparently overturning several times.

Horn was alone in the car at the time of the accident.

## Count on PIONEER sorghum to put more grain across the scales for you!

In official 1964 Texas A & M sorghum tests in the High Plains, Pioneer brand hybrid sorghums proved they can help you put more grain across the scales.

● Hybrid 820, entered at 6 of the 8 test locations, ranked 1st in yield at 3 locations and 3rd at another. It made the highest yield among all hybrids tested by Texas A & M last year.

● HYBRID 844, An Earlier Short Stalk Variety has also proven itself to be a high yielder in this area.
