

# The Hansford Plainsman

VOLUME VII, NUMBER 80

SPEARMAN, HANSFORD COUNTY, TEXAS 79081

THURSDAY, JULY 28, 1966

## More Donors Needed in Blood Drive

More blood donors are needed this afternoon, Thursday, to reach the Hansford County quota of 200 pints, publicity chairman Billy Miller said Wednesday.

He said most of the morning time is filled, but from about 11:30 a.m. until 2 p.m. more donors are needed.

The Red Cross Blood-Mobile will be here from 9 a.m. until 2 p.m. to take blood at the Home Demonstration Clubroom.

The blood will be used both locally and for the military services in Viet Nam.

Candy-Strippers will be available for baby sitting service for mothers wishing to give blood. Also a bloodmobile taxi service will be operated by high school students for person needing transportation.

If you need either of the services telephone 659-3330, the Chamber of Commerce.

**BABY SITTERS** -- These Candy Strippers, nurses aids, are doing baby sitting today while the mothers go to the blood bank to donate blood for Viet Nam. The children and Candy Strippers are (l-r) Becky Sparks, Rita Cook, Kathy Reynolds, Sherry Cook, Penny Gaither, Julie Kell and Brenda McElreath. Plainsman Photo

## Spearman Gets 3.5 Of Needed Moisture

Spearman collected 3.5 inches of rain from July 21 to 7 a.m. July 27, to make those six days the wettest of the year. It also damaged the office and warehouse at Equity Elevators.

Manager E.J. Copeland said water collected on the flat roof of the warehouse and the roof fell in Saturday night dumping water into the warehouse.

The water ruined all the bottom sacks of feed and seed in the warehouse and water ran into the office spaces.

Copeland said the damage was not discovered until Monday morning.

On July 21, Spearman had .02 of moisture, then on Friday the town received 2.48 inches and Saturday night the rainmeasured .97 and Sunday .03 according to Mrs. Pat Cates, the official weather observer.

Since Thursday the mercury has hit 100 degrees only two

days, but the humidity has made it seem hotter. The high and low temperatures for the past six days have been, Thursday 100-70, Friday 96-73, Saturday 90-65, Sunday 87-63, Monday 97-70 and Tuesday 100-70.

## McFarlin Hired As Policeman

A new policeman has been hired by the Spearman police force, Chief Leland Wood announced this week.

Robert Leon McFarlin, Jr., 26, of Dumas went to work as a patrolman in Spearman Wednesday.

A native of Dumas, McFarlin was a military policeman while in service and has worked for

(Continued on page 2.)

**BLOOD BANK TAXI SERVICE** -- These are two of the blood bank taxi's that are running today for people needing transportation to the blood bank. The drivers are Ann Jackson and Glen Baker. Plainsman Photo

## Freedom, Oklahoma Will Honor Spearmanite in Celebration

A Spearman man will be the "Honored Old Time Cowboy" at the annual Junior Rodeo and Celebration in Freedom, Okla., Aug. 18, 19 and 20.

Walter R. (Brad) Shaull will ride at the head of the parade and head the grand entry at the rodeo each night at Freedom.

Shaull was born in 1898 and raised on the Fritzlen ranch north of Alva, Okla. He lived and worked on the ranch until 1926 when he moved to Guymon, Okla., for a year.

His father was foreman of the ranch and was a cowboy there before the Cherokee strip was opened for settlement.

After a year of farming, Shaull returned to the Wycoff ranch south of Freedom, Okla. He lived and worked there until moving to Spearman 10 years ago.

Shaull made some of the last real cattle drives in Oklahoma. Fritzlen cowboys used to move cattle from the ranch near Alva to another ranch about 10 miles north of Kibby, Okla.

"We drove the cattle about 100 miles and it took us 10 days," said Shaull.

After returning to ranch work at Freedom, Shaull and the late Roy Thornberry put on the first junior rodeo in Freedom and they believe it was the first junior show in the country. The first show was started in 1934.

The two men ran the show for several years, then the town of Freedom took over the show. Shaull ran it for Freedom for a few years after the town of 400 people took over the show.

"The RCA (Rodeo Cowboys Association) were really against us when we first started. One time they did not even want them to let me in an RCA rodeo in another town," he recalled.

After a year or two, some RCA members offered to help with the show, then more joined in and in a few years, Shaull said the "RCA boys" were our biggest boosters.

On Saturday, Aug. 20, there will be an old cowboy feed at Freedom and a dance that night.

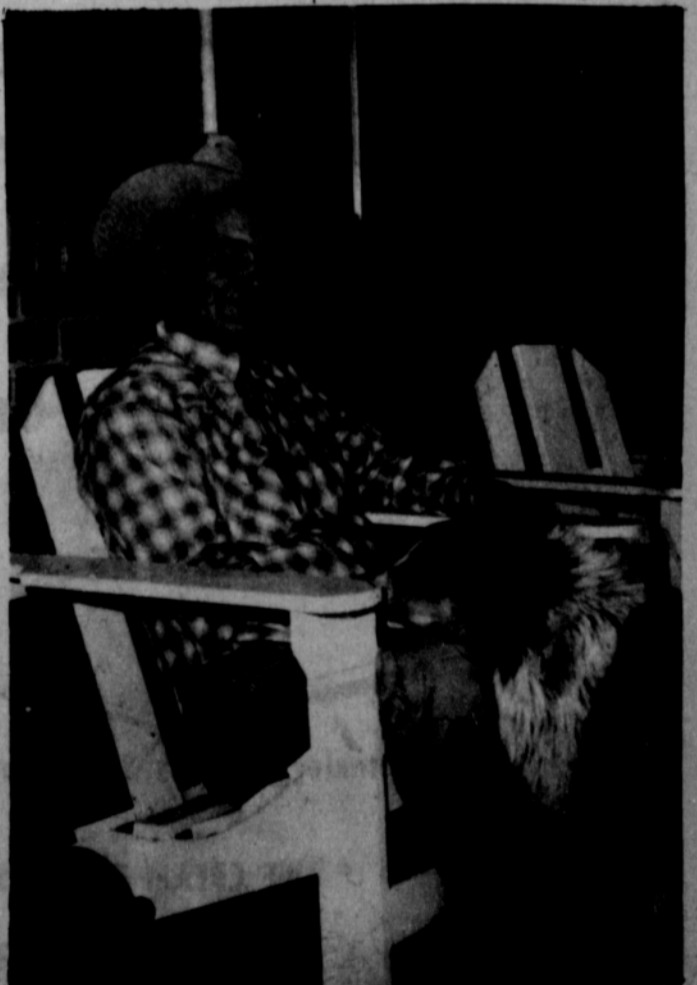

The Cimarron Cowboy monument is in Freedom in the middle of town.

"We cowboys paid \$7,000 for the monument and a man donated a half block for it to be put on. There is a nice park around the monument now. You can walk all around

it and read the names of the cowboys carved on it."

Mr. and Mrs. Shaull are going to have a big four days of celebrating that week. They will attend the Miller family reunion, Mrs. Shaull's family, on Wednesday, then go to Freedom for the rodeo.

"Everyone sure has a good time at the rodeo and reunion. Everyone is there," Shaull recalls fondly.

**TO BE HONORED** -- W.R. Shaull, a life-long cowboy on Oklahoma ranches before moving to Spearman, will be honored at the annual Freedom, Okla., celebration in August. Plainsman Photo

## Weese's North Team Wins Game

Spearman's three players and coach in the girls all-star basketball game in Duncanville Saturday contributed to the new scoring record set by the North team as it beat the South 78-53.

Lynxette coach Dean Weese guided the North offense to the scoring record. The old record was 72 points.

Guards Robbie Ownbey and Susan Hutchison were on the defensive unit and forward Karen Gibson played offense.

All three girls saw plenty of action. Hutchison started, and played most of the first quarter, then was back in in the fourth quarter. Ownbey was in action for two and a half quarters.

Gibson scored two points while in the game. She only shot once. She said the for-

wards unit she was playing with had one girl who was not missing and the other

forwards fed her. Bud Roberts of Tulia coached (Continued on page 2.)

## Soldiers Unaware They Have Same Hometown

It is a small world!

Two soldiers from Texas started to Viet Nam a few days ago and now they both have an interest in the small town, Spearman.

Pfc Roy Woodson, son of Mr. and Mrs. Willie Wilkerson shipped out for Viet Nam a few days ago with an Army Signal Corp outfit.

In the same outfit was a Lieutenant who probably a

few weeks ago did not know Spearman existed, Lt. Bev Herndon knows about Spearman now because his wife and child live here.

While Lt. Herndon and Pfc Woodson were shipping to Viet Nam, Wayne B. Smith and his wife and daughter, Mrs. Herndon, were moving to Spearman from Wichita Falls.

Smith is the new Chamber of Commerce manager here.

# County Agent's Report

By Robert Adamson

**WHEAT PRODUCERS REMIND-ED TO SUBMIT SOIL SAMPLES NOW --** Submitting wheatland soil samples now will insure getting soil test recommendations in plenty of time to plan the most profitable fertilizer application for the fall planted crop, says Extension Soil Chemist James Valentine, of Lubbock.

Valentine, who heads the soil testing lab at the South Plains Research and Extension Center, says 50 bushels of wheat grain contain 50 pounds of nitrogen and 25 pounds of phosphorus.

Additional nutrients are used up producing straw and forage, he said.

An early soil test is particularly helpful when a field is found to need phosphorus or when the wheat will be grazed.

Nitrogen should be applied preplant to stimulate early growth if the wheat will be grazed. When wheat is grown only for grain, research shows that time of nitrogen application is of little importance.

Phosphorus, if needed, should be applied before planting. Wheat, like other crops, uses it while it is young and phosphorus is not moved into the soil by moisture.

Valentine said fertilizer recommendations for wheat are based on the nutrients available in the soil and on producers statements about yield goals and anticipated grazing.

The fertilizer recommendation will be most meaningful when the sample is highly representative of the soil and when the information sheet gives accurate details on crop history and production intentions.

County agents can be contacted for sample containers, soil information sheets, mailing instructions and more complete information on soil testing and fertilization.

**ADEQUATE ELECTRIC WIRING**  
The increased use of labor and time saving electrical devices in homes and on farms has made adequate electrical wiring a must. Its importance can't be over emphasized, especially in building and remodeling plans. The efficient and safe operation of all electrical appliances and equipment depends on it.

The electric service entrance, more commonly known as the fuse box, should have a capacity large enough to handle the electrical needs of the home, and it needs to provide enough circuits for the necessary wiring to be connected. In most modern homes, a service entrance with a 100 ampere current capacity is the minimum.

A separate circuit from service entrance should be provided for all major electrical appliances and special equipment. These appliances include water pumps, washers, air conditioner, freezer, dish washer, and garbage disposal.

The correct number of circuits should be available to handle lighting and small appliances. A 20 ampere circuit for each 500 square feet can supply all lighting circuits throughout the house, and all convenience outlets except those in the kitchen, dining area, and one for the laundry area.

When considering changes in your electrical system or when you have problems with it, your power supplier representative or a reliable local electrical contractor will be glad to help you.

### WATERING FACILITIES FOR LIVESTOCK

Livestock should have watering facilities without traveling over one mile, or two miles round trip.

In excessively steep, rough country, water should be available within one-half mile and in flat country could be up to two and one-half miles. Cattle can move greater distances for water than sheep and goats. Earthen tanks should be planned to catch excessive run-off and obtain bet-

ter grazing distribution of livestock. Permanent running water should be used fully to reduce the need of building other watering facilities.

One watering place is considered sufficient for 1,000 to 1,500 acres of grazed land.

Salt should be placed about one-half mile from water to obtain moderate use on the entire pasture particularly on underused sites. As much as eight hours may elapse between the time animals eat salt and drink water. It has been found that granulated salt gives the best results. Minerals and salt should be bed free choice.

## Local Youth Attend Camp

Billy Giles, Nedra Black, Deonne Dortch, and Kathy White attended the junior session of Black Mesa Bible Camp, near Boise City, Okla.

Of 119 campers, Kathy White was named "Miss Black Mesa."

Four teenagers attended the senior session from Spearman. These were Danny Carroll, Tom Peargin, Lynn Statford, and Margaret White.

Personnel from Spearman who worked in the senior session were Danny Kingsly, Peggy Carroll, and Charles Milner.

## Card of Thanks

I want to thank each one for the prayers, cards and visits during my stay in the hospital and for the good care from Dr. Gregg and the hospital staff. Mrs. Lillie Chase

## Teachers Must Get Examination

All personnel employed in Texas public schools are required to have an annual examination for tuberculosis. Senate Bill 30 of the 59th Legislature (Article 4477-12, Section 5, V.C.S.) provides that the examination shall be conducted within 120 days prior to September 1, 1966 and within 120 days prior to Sept. 1 of each year thereafter.

On April 25, Commissioner J.W. Edgar and Dr. J.E. Peavy addressed a communication to superintendents of all school districts which outlined the procedure to be followed in carrying out the provision of this statute.

Section 4 of the above-mentioned Article suggests that pupils in the first and seventh grades of public, parochial and private schools be examined for evidence of tuberculosis infection.

School officials may wish to recheck the April 25 letter on this subject which states that "additional questions concerning implementation of these requirements should be addressed to the Division of Tuberculosis Services, Texas State Department of Health, 1100 West 49th, Austin, Tex." Full text of the statute may be found on page 125 of the TEA bulletin, Law and Resolutions Affecting Public Education Enacted by the 59th Legislature, R.S.

## Teachers Attend Bible Workshop

Peggy Carroll, Daphore Milner, and Barbara Bell are in Abilene attending the Abilene Christian College Teacher's Workshop. This is a special four-day study in the teaching of Bible classes and Christian education.

## Baptist Church To Receive Bell

The third Santa Fe Railroad steam engine bell to be presented here, will be given to the First Baptist Church in a special ceremony, Wednesday, Aug. 3.

The bell will be presented to the church by Ed Langley, Traveling Freight and Passenger Agent for Santa Fe in Amarillo and local Santa Fe agent, A.R. Witcher.

A short dedication service will be held for the presentation of the bell, then there will be a fellowship and a social hours.

This will be the third bell presented to churches here. The first went to the Faith Lutheran Church, the second to the Union Church and this will make the third one.

Santa Fe presents the bells to churches and schools. They come from steam engines retired from Santa Fe service. It is unusual for three organizations in one town to be able to get bells. They are very scarce, now.

Apollo, the United States' project to land two astronauts on the moon, requires the efforts of some 20,000 private firms.

You can receive more for your food dollar if you make wiser choices, says a consumer marketing specialist.

Careful planning and shopping can give your food budget more mileage, says Mrs. Gwen Clyatt, Texas A&M University consumer marketing specialist.

Keep alert to what your favorite market is featuring.

Mrs. Dick Hudson, home economics teacher in Spearman High School, will attend the Home Economic Teachers Association of Texas to be held in Dallas August 1-5.

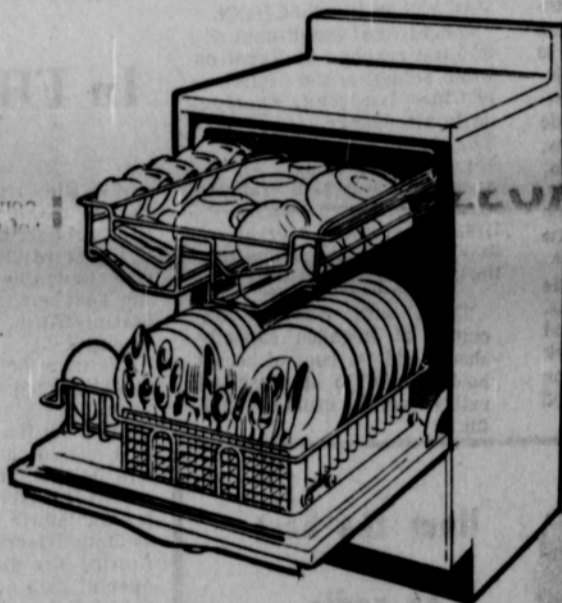

Mr. and Mrs. Sam Jones and family of San Diego visited her mother, Mrs. Pearl Giddings last week. Jones is in the Navy and stationed in San Diego.

On or about July 20, 1966, thieves broke into the dog houses and bunk house on a Baker & Taylor Drilling Company rig while it was stacked on the Cates lease 4 1/2 miles south west of Elmwood, Okla. The thieves took bedding, tools, pipe fittings, food, an adding machine and a stop watch, all valued at approximately \$500.00.

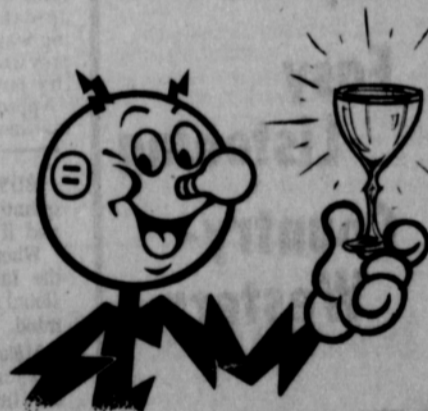

Baker & Taylor is offering a \$500.00 reward leading to the arrest and conviction of person or persons committing theft against the Company.

Persons knowing anything about the theft should contact the Beaver County Sheriff or call collect, Bill Massie at Spearman, Texas, Phone 659-2504 or 659-2490.

# Does electric dishwashing get your dishes cleaner?

## Here's a sparkling example

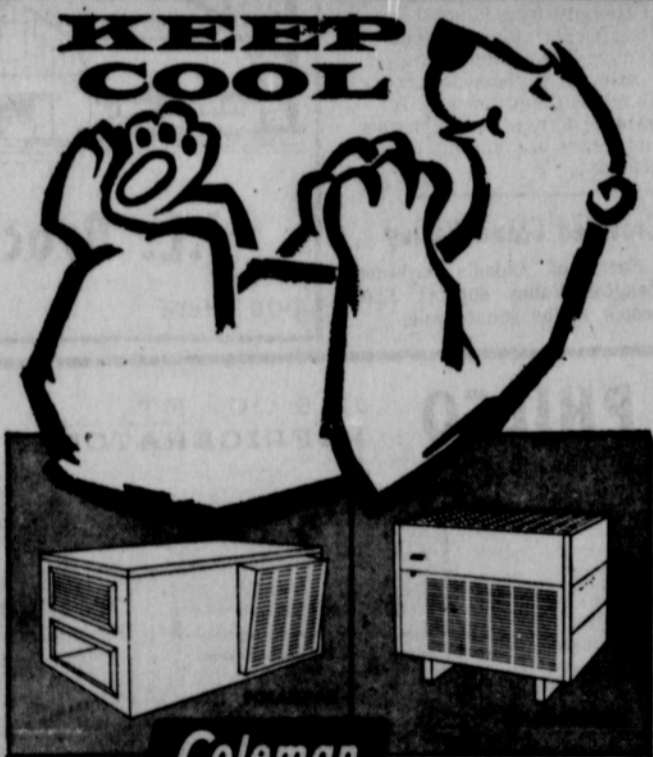

An automatic Electric Dishwasher gets dishes sparkling clean in water too hot for hands. It washes, rinses and re-rinses dishes, then dries them in heat as clean as electric light. You'll not only have hygienically clean dishes, which cuts down on germ-spreading, you'll be spared hours of dishpan drudgery every week. Just load and start your Electric Dishwasher and your dishwashing chore is over. Have cleaner dishes with much less effort... automatically. See your dealer for an Electric Dishwasher, built-in or portable:

the North defense. All three girls said they had a wonderful time. Duncanville Chamber of Commerce took them to Six Flags over Texas, several dinners and parties. The three girls this year became the fourth, fifth and sixth girls to play in the game and pushed the total to seven who have been recognized from Spearman. Spearman guards have been in the majority selected. Ann Harbour was the first selected. She was on the 1961 team that placed second in state. Polly McLain was the second guard chosen. Sharion Close was named an alternate, but did not get to go to the game. Phyllis Patterson was the first forward selected for the game from Spearman. She went last year. This year Hutchison was picked by the state selection committee and Gibson and

the Dumas force. He has been managing a grocery store in Dumas for the past few years. He is married and the father of a young son. Mrs. McFarlin is a registered nurse. The family will move to Spearman when a replacement has been found for Mrs. McFarlin at the convalescent home where she works. This brings the Spearman police force to four men, a child and three patrolmen. The officers alternate their shifts.

Several layers of newspapers spread flat make a good substitute rug pad.

Owney were selected by the coaches.

Coach Weese also lectured at the coaching clinic on defense.

Blazer Drive Grows ; More Money Is Needed

The drive to secure blazers for the Spearman Lynx athletes received a boost this week when Cates Men and Boys Wear agreed to get the coats for the team at cost.

Coach George Wright said this will make the slowly growing fund go farther. The fund now has \$145 dollars in the First State Bank. Anyone wishing to donate to the fund can deposit their donation at the First State Bank in the Lynx Blazer Fund.

These jackets will be passed from sport to sport and will be worn each year by members of the varsity teams. They will belong to the school athletic department just like the uniforms.

Coach Wright reminded parents that a meeting of all parents of boys participating in football will be held in

the high school auditorium at 7:30 p.m., Aug. 11.

The coaching staff will be introduced and insurance discussed. Parents will be given an opportunity to organize a parents' booster club. Several forms that must be filled out before a boy can compete, will be passed out.

Coach Wright said athletes are invited to attend with their parents.

On Aug. 10, all freshmen, sophomores, juniors and seniors who are going to play football may draw football shoes and socks. A new interscholastic league rule allows the players to be issued shoes and socks so they can begin running and breaking their shoes in to their feet.

Physicals will be given at the main gym dressing on Saturday, Aug. 13 from 8:30 until 11:30 a.m.

The first day of practice will be Monday, Aug. 15 at 7 a.m.

Services for George Tope Held Monday

Funeral services for George William Tope, 37, were conducted at 3 p.m. Monday in the First Baptist Church with the Rev. Luther Berry, pastor, officiating.

Burial was in Hansford Cemetery with Boxwell's in charge of arrangements.

Mr. Tope died at 1:30 p.m. Saturday in Hansford Hospital after a long illness.

He had lived in the county 22 years and he and his family lived at 209 Lonita. He has been a truck driver before becoming ill. He was a member of the First Baptist Church.

He was born March 17, 1929 in Coal Mo.

Survivors include his wife, Ava, daughters, Sharon Lee and Karen Lynn and sons Darrell Gene, Jerry Dean and Jimmy Dale, all of the home, parents, Mr. and Mrs. Clyde Tope of Clinton, Mo., brothers Richard of Rayton, Mo., and Robert of Independence, Mo., sisters, Mrs. Paul Pronince, and Mrs. Cecil Houk of Kansas City, Mo.

Pallbearers were Irvin Davis, Stanley Garnett, Wesley Garnett, Larry Hays, Verlin Hagerman, James Sparks, Bob Cluck and Ralph Blodgett.

Crane Rites Are Held In Gruver

Funeral services for Horace Raymond Crane, 60, of 113 North King in Gruver, were conducted at 10:30 a.m. Monday in the First Christian Church of Gruver.

Services were conducted by the Rev. Fred Pugh, pastor. Boxwell's were in charge of interment in Gruver Cemetery.

Mr. Crane, a roofing contractor, was born April 29, 1906, in Watonga, Okla. He died Saturday at 2:50 a.m. in Newman Memorial Hospital in Shattuck, Okla.

Survivors include his wife, Mae; daughter Shirley of the home, son William of Gruver; sisters, Mrs. Frank Bead of Grandview, Mrs. Lawrence Congdon of Plano; brothers Kenneth and Marvin of Hugh, Okla., and two grandchildren.

## Mrs. Waugh Is Honored At Post-Nuptial Shower

Mrs. Bryce Waugh nee Patricia Novak was honored with a bridal shower July 27 in the Hospitality Room of the First State Bank.

The bride's chosen colors of pink and white were carried out in the decorations.

## Mrs. Smith Has Program On Dahlias

The Delphinium Flower Club met Monday afternoon in the home of Mrs. Cecil Crawford.

Mrs. W.V. Hull presided over the business and Mrs. P.A. Lyon acted as secretary.

Roll call was answered with "days of the dahlia" followed by the program on dahlias by Mrs. Claude Smith.

Two arrangements were on display. Mrs. Smith brought an arrangement of Rose of Sharon and Mrs. Crawford's bouquet was of Golden Glow.

The hostess served home made ice cream, banana jello and banana cake to members Mmes. P.A. Lyon, Claud Smith and W.V. Hull.

Mr. and Mrs. Granville Boyd and Donna have recently returned from a vacation trip to Red River.

The serving table was laid with a white imported cutwork cloth over pink centered with an arrangement of summer flowers flanked by crystal candleabra. Appointments of silver and crystal completed the setting.

The honoree was presented a pink and white carnation corsage as were her mother, Mrs. Robert Novak and her grandmother, Mrs. W.V. Hull.

Presiding at the serving table were Miss Mary Ellen Novak, sister of the bride, who served pink punch decorated with an iced fruit ring and Mrs. Tommy White served the dainty white cakes topped by tiny pink bells.

Mrs. Daniel Sheets registered the guests.

Hostesses were Mmes. J.T. McWhirter, John Trindle, Harry Shedeck, Ray Prachar, Frank Dale, Tommy White, Daniel Sheets and Dub Hanners.

Mr. and Mrs. Dick Hudson returned last week from a vacation spent visiting her father at Collidge, Arizona. From there they visited several points of interest including Las Crusca, Las Vegas and Grand Canyon. After returning home they went to Spiro, Oklahoma and Ft. Smith to pick up Toni and Stan who had visited their grandparents at Spiro and an aunt at Ft. Smith.

## Day by Day

by Day McClellan

How many weeks now in our heat wave? Or maybe it just seems like a genteel heat wave to me because our office air-conditioner no longer cools like it did.

At any rate, even two and a half inches of rain, welcome as it was, wasn't enough to cool us off. So, I guess it's a heat wave all right.

...

Someone downstate (they're sweltering too you know) has suggested we could blame the heat for a lot of things; the war in Viet Nam because it's always hot there, the riots in Chicago and Cleveland and even that murder of eight young nurses in Chicago.

I'm not so sure that the heat could be the real reason for all that violence, but I am pretty sure it has caused a number of fallen hair-dos and quick-wilted freshly ironed shirts, not to mention the tempers it has shortened.

...

I had a fine time last week helping entertain two young nieces of seven and ten.

We swam, played Mexican dominoes, camped out, groomed poodles, picnicked, jumped rope, played softball and all the other things little girls that age like to do.

I sent a card back telling of our activities and from what I hear everyone at the office couldn't believe their ears when I said I got up at 5:45 a.m. to go play golf.

That just goes to show what a person will do to beat the heat because I'm a late sleeper by nature.

In reality though, there's another reason for arising early. Sharlu, Teri and I slept out in the backyard to take advantage of the cool starry nights and when you sleep out, you just naturally awaken when the sun begins to come up. Especially, that is, if you don't happen to want to be seen by the neighbors before you've brushed your hair or washed the sleep out of your eyes.

...

Every few months or more often, we read something about how essential a good breakfast is for adults as well as teenagers and children.

The latest item I've noticed on the subject was pretty convincing. It concerned a study made by Iowa State University's College of Medicine. Their tests showed that when breakfast was omitted, it took longer for those tested to make decisions, they were less steady and could do less work.

The tests brought out that when a good breakfast is eaten one is more likely during the late morning hours to be "sharper" in thinking and acting, calmer and steadier and work better.

As the morning goes on, the hungry ones grow less efficient. After lunch they do better for awhile; then they slow up again.

Those who eat a good breakfast have a better chance to do a days work well than those who neglect breakfast. Children are more likely to do well in studies and games.

A three-point test of a good breakfast is: 1 gives you protein, vitamins and minerals (material needed to build and repair the body and keep you healthy); 2 provides fuel for body energy; 3 tastes good.

So maybe it's the good breakfast you're missing, rather than the heat that's getting you down. That just might be my problem.

...

It's hard to even think about it in this heat, but there's a new book about to be released August 12 by Frank X. Tolbert on the tonsil-searing food of the Southwest; chili can carne, tamales, tacos, enchiladas, and jalapeno cornbread.

It's not a cookbook even though it does contain Mrs. Johnson's famous "Pedernales River Chili" recipe.

The author writes a daily column for the Dallas News and maintains a ringside table at the Blue Front Chili Parlor in Dallas. He is a founding member of the International Chili Appreciation Society so he seems qualified to have written "A Bowl of Red." I'd like to read it one of these days.

...

If all you know is what you read in the papers, at least you're right up to the minute on The Wedding. You know that the wedding colors are varying shades of "August pink" with white, the lilies of the Valley everyone will carry are being grown in the White House greenhouse (I like that), and the carillon bells will peal for an hour prior to the high noon ceremony.

After August 6, I guess we'll have to go back to reading about riots and violence so maybe those much-repeated stories are better after all.

## Miss Massad Presents Program on Holy Land

Mrs. A.F. Loftin was hostess for a morning meeting of the Dahlia Flower Club at 9:30 a.m. on Monday in her home.

Mrs. Ervin Hester presided at the business in the absence of the president and Mrs. Frank Davis was acting secretary.

Mrs. Jimmie Davis reported on the flower plot at Pioneer Manor and Mrs. J.E. Womble reported that material has been ordered for the clubs part during Crazy Days. Plans were also further discussed for the Antique show.

Mrs. J.E. Womble was lesson leader and introduced Jenny Lynn Massad who showed

slides and told of her trip to the Far East. She displayed articles of jewelry, a Bible with a mother of pearl cover and the head dress and shawl of the native people. While in the Holy Land, Miss Massad sang at the Easter Services held at an amphitheatre.

One arrangement of Crepe Myrtle was displayed by Mrs. J.E. Womble.

Refreshments of strawberry cake and coffee were served to members Mmes. Ervin Hester, Deta Blodgett, J.W. Davis, J.E. Womble, Harold Shaver, Frank Davis, two guests Mrs. Mike Holt and Miss Jenny Lynn Massad by Mrs. A.F. Loftin.

Mrs. Lloyd Poole

## Formal Service Unites Miss Hill, Lloyd Poole

First Baptist Church of Nocona was the setting for the Saturday evening marriage of Miss Virginia Jane Hill and Lloyd Poole, both of Morse. The bride is the daughter of Mr. and Mrs. Harvey Hill of Nocona and the groom is the son of Mrs. Willie Lee Poole of Pampa.

The Rev. Ivan Allen, pastor of the First Methodist Church of New Deal, read the double ring ceremony before an altar decorated with a pair of seven branched antique candleabra intertwined with greenery and white and sun-kist glads. The antique archway with orange blossom vigil type lights was intertwined with greenery and flowers which extended to a mass basket arrangement of white and sun-kist glads. Two antique baskets held arrangements of flowers in the chosen colors on either side of the lower altar.

Tommie Irvin of Wichita Falls offered pre-nuptial organ music and played the traditional wedding marches. Norman McDaniel of Nocona sang "More", the theme from Mondo Cane and "The Lord's Prayer" by Molotte. He was accompanied at the piano by Mrs. Condell Lowrie of Nocona.

Matron of honor was Mrs. Kathy McElroy of Lubbock. She wore a formal gown of gladioli chiffon and taffeta with accents of olive green satin. The gown was designed in the sheath silhouette and had an oval neckline. Billowy chiffon flowed in folds from the shoulders to the hemline. She wore a crown fashioned of matching illusion with shirred veils attached in the center back by velvet leaves in fall colors.

Best man was Alan Dixon of Morse. Ushers were Donald Bigbie of Spanish Fort, Larry Johnson and Gerry Johnson, both of Nocona.

The bride, given in marriage by her father, wore a formal gown of cameo fashioned in heirloom tradition, featuring a dome shaped skirt enhanced by panels of pearl and crystal encrusted Alencon lace. The oval necklined bodice, edged in the beaded lace, framed the elbow sleeves. Trailing to back fullness, the skirt swept to a chapel length train. Her veil of pure silk illusion cascaded from a coil of peau

do soie and pearls.

A reception was held at the home of the bride's parents following the ceremony. The serving table was covered with a white damask cloth. The centerpiece was an arrangement of snapdragons and gladioli with white candles in silver holders highlighting the table. Presiding at the serving table were Misses Elaine Behrens and Suzanne Dixon, both of Morse.

Rice bags were passed among the guests by Miss Pattie Ray Johnson of Nocona and Cary Johnson of Grand Prairie.

After July 28 the couple will be at home in Morse. The bride received her BS degree in Home Economics from Texas Tech and is presently employed as Home Economics teacher in Morse High School. Mr. Poole is a conservation contractor at Morse.

Mrs. Glayds Richardson and her daughter, Mrs. Tom Etter returned last week from a 3 weeks trip to Brunswick, Maine, where they visited Mrs. Richardson's son, Major Arnold Richardson who is stationed at Topsham Air Force Base near Brunswick. The ladies flew by jet and reported they had some difficulty in getting home due to the airline strike.

Mr. and Mrs. Jack McWhirter and Marla are vacationing down state. Enroute they will visit Mr. and Mrs. D. D. Stalder at Vera and sight-see at Six Flags over Texas.

Miss Sheila Patterson is spending the week in Pampa visiting her great aunt and uncle and attending the Pampa Rodeo.

A house guest this week in the John Bishop home is John's sister Mrs. Abbie Wynn of Higgins.

Guests over the weekend of Mr. and Mrs. Sam Graves were their daughter and family, Mr. and Mrs. Narrel Wilson, Kim and Keith of Lubbock. Added guests until Tuesday were her sister Mrs. Archie Adams and her mother, Mrs. Nellie Blaine, both of Wichita, Kansas.

Sylvia Parks--Doug McCloy

## McCloy and Parks Will Be Initiated Into Texas 4-H Talent Club Today

Doug McCloy and Sylvia Parks of Morse, members of the Junior Leaders 4-H Club, are among the 16 new mem-

bers to be initiated into Texas's nationally known 4-H Talent Club at ceremonies slated in Amarillo today.

Immediately following the ceremonies the group will leave on an educational tour which includes the annual American Institute of Cooperation conference at Colorado State University in Ft. Collins. They will return August 5.

## Two Teachers Complete Course

Mrs. Nikki Cotter and Mrs. Vireta Knight of Gruver just completed a two weeks course in the phonetic first approach to reading taught by Luke Munn of Norman, Okla., former Curriculum Director of the Norman Schools.

He has conducted reading workshops for The Economy Company, publishers of a phonics first approach to reading series, in the Marionna, Phillipine, and Ryuker Islands as well as in Japan and Korea, and will return to Japan in September for workshops.

Munn will conduct the reading workshop in Dalhart, Tex. August 11 and 12, and all interested teachers in this area are invited to attend.

Other points of interest the group will visit enroute to Ft. Collins are the Air Force Academy in Colorado Springs and the Royal Gorge.

Purpose of the Talent Club is to recognize the outstanding work being done by 4-H members and to interest them in learning more about agricultural cooperatives. Each winner has demonstrated outstanding ability in project work as well as in leadership and citizenship activities in their local clubs, their counties and district.

Miss Parks has been selected as one of the youth leaders for the Wednesday afternoon Youth Action Workshop at the AIC conference. There will be 20 sections with three youth leaders per section.

## University Ensemble Perform at Hitchland

An unusual program will be presented at the Hitchland Community Church on July 30 at 8:00 p.m. by the Bob Jones University Ensemble.

Five young men from the "World's Most Unusual University," located in Greenville, South Carolina, will present a variety of hymns and sacred songs, all of which have been especially arranged for the group. Also, during the program Billy Lanier, a graduate assistant, will bring a brief Gospel message.

The members of the ensemble represent five states-- Pennsylvania, Michigan, Iowa, Indiana, and North Carolina-- and are typical of the Bob Jones University student body, which is drawn from nearly every state in the Union and some 25 foreign countries. Norman Wertz sings first tenor; James Holman sings second tenor; James Nelson sings bass; and Larry Kauffman sings baritone and also is accompanist for the group.

Mr. Wertz is a senior in the School of Education with a major in secondary education. Mr. Holman and Mr. Nelson, who are both sophomores, are music education majors in the School of Education. Mr. Kauffman, a freshman, is majoring in sacred music in the School of Fine Arts. As a graduate assistant, Mr. Lanier is pursuing a master's degree in Christian education.

Each of the members of the ensemble has participated in many of the University's musical productions and radio and television programs.

### Spearmanites In Amarillo

Patients known to be in Northwest Texas at Amarillo from Spearman are Mrs. Dee Deere who underwent surgery on Friday. She is reported to be doing nicely. Her two daughters Mrs. Sherry Hodges and Miss Doris Deere are with her.

Mrs. J.H. Nichols also a surgical patient is reported to be recovering. Her daughter from Louisiana and husband are with her.

Cecil Crawford entered the hospital on Sunday and will undergo surgery this week. Mrs. Crawford is with him.

Mary Faith Nollner is also a patient at Northwest.

### Church of Christ News

Sunday morning Bible classes for the Church of Christ will start 15 minutes earlier. This makes the Sunday morning schedule: Bible Classes at 9:45 and Morning Worship at 10:35.

**VACATION BIBLE SCHOOL**  
Record total enrollment of 200 was reached in Vacation Bible School at the Church of Christ last week. Average daily attendance was 172. The theme for study was "Stand Up For Jesus". An open house was held Friday night, along with presentation of diplomas. A great many parents attended with their children.

Those with washing machines of 20-gallon capacity should add 1/4 cups of household bleach to a washload rather than the usual one cupful.

NEW TEXAS FFA PRESIDENT Marcus Hill, 18, of Yantis, receives \$500 scholarship from Santa Fe Railway for outstanding service to the Future Farmers of America organization, representing 50,000 Texas youths, at the annual convention in Austin. Making presentation is Kelley M. Fogg, Santa Fe executive representative, Houston. Hiss was president of the Sulphur Springs FFA chapter and rated "Youth of the Year" in 1965.

### Mrs. Hudson Participates In FHA School Conference

Mrs. Dick Hudson, home-making teacher in Spearman High School, will participate in the State In-service Education Conference for Homemaking Teachers to be held at the Statler-Hilton Hotel, Dallas, August 1-5.

The meeting theme will be, "Quality Programs in Home Economics Education." Guest speaker for the opening general session on Monday night will be L.P. Sturgeon, Executive Director of Governmental and Public Relations, Texas State Teachers Association, Austin. The meeting will open at 7:30 p.m. in the Grand Ballroom.

Conference topics to be developed will include: unique contributions of home economics to vocational education; up-dating curriculum; developing wage-earning programs; provisions for establishing quality programs. Approximately 2,000 homemaking teachers are expected to attend the meetings.

**BUY FEATURED** foods in quantity if you can use them and if storage space allows. When planning menus for the family, keep their nutritional needs as well as likes in mind.

Make a shopping list to cut down on impulse buying. Take the time to shop around in your favorite store. Every week there are new and different food items from which you can choose.

**FIGURE THE REAL** cost, or cost per serving, for the true cost of the food item. The cost per pound or unit of an item is often misleading if you do not check the number of servings. Meat, for example, which has a large amount of bone at a lower price per pound, will often cost more per serving than boneless meat that actually costs more per pound.

When selecting convenience foods, consider time and cost. Some cost the same or slightly more, and others cost less than those with no convenience.

### Local Campers

### Return Home

Representatives from Spearman returned July 17 from Branson, Mo., where they have been attending Kamps Kanakuk and Kanakoms for the past five weeks. Those attending were Ricard Tracy, Terrel and Dalynn Brummet, and Ernest Wilmeth.

The camp is noted for its mind and body building program. Ernest was selected as "honor camper" for the intermediate division. Richard was selected as runner-up in the same division. This is the highest award recognized by the camp, and the boys worked very hard, as does everyone,

for this honor. Dalynn also represented Spearman very well and was chosen as runner-up for the "honor camper" award in her division.

This was Terrel's first year and he was in the youngest division. He was a little tiger and is looking forward to next year and the competition with the older boys.

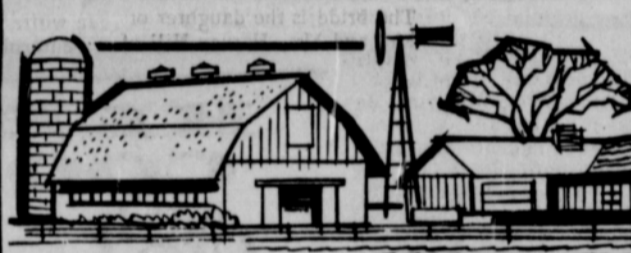

Slice an angelfood cake in half to make two layers. Put the layers together with sweetened whipped cream topped with whole cranberry sauce.

Frost the entire cake with whipped cream and top with slivered toasted almonds. Nice for company! The cranberry sauce gives interesting flavor contrast to the bland angel cake.

**Holt News**

Mrs. Phil Jenkins and Kathy and Doug Hill were Thursday night guests of her sister, Mr. and Mrs. Wally Pearson and family of Amarillo.

Mr. and Mrs. Carroll J. Richards and family of Ft. Hood recently visited his parents, Mr. and Mrs. Wesley Jenkins.

Mr. and Mrs. Fred Holt and Susan are vacationing and sight seeing in Calif., British Columbia and many other places.

Mr. and Mrs. Bob Tevebaugh of Claude were Sat. night guests of Mrs. Bertha Jenkins. On Sunday they were luncheon guests of Mr. and Mrs. Phil Jenkins and Kathy.

Sunday Mr. and Mrs. Herbert Kirk and Kandy met their son, Mr. and Mrs. Richard Kirk and Kelvin of Mid-West City, Okla., at Seiling, Okla. for a visit.

Mr. and Mrs. Richard Gaines, Glenda and Peggy returned home Monday evening by train from Calif. They reported a wonderful time of visiting and sight-seeing.

A group of thirty-eight people from Spearman, Gruver and Pringle caught the Continental Trailway Bus on Monday, July 25 at 4 o'clock at Gruver for a sight-seeing trip to the Palo Duro Canyon Pioneer Amphitheatre. The group ate dinner at Wyatt's cafeteria in Amarillo.

Those attending the show on Monday night were Messrs. and Mmes. Coleman Green, Harley Alexander, Kelly Garrett, Claude Watkins and Jim Goodall; Mmes. Ann Cooper, Charlene McClellan, Kay McCellan, Bonnie Sullins, Ila Cline, Aline Henderson, Charmian Lyle, Grace Thoreson, Maude Ayre, Myrtle Bernstein, Fred Meyer, and Elizabeth Spivey of Gruver, Ann Jackson, Mmes. A. L. Jackson, Velma Sanders, Jo Larson, Gertrude Archer, Jane Meek, and Elanora Reed of Spearman, Nat Lunn of Wichita Falls, Gregg Bynum of Amarillo, Mr. and Mrs. Bob Carp and Mrs. Maudie Henderson of Pringle and Maude Rossion of the Holt community. The Holt community got a wonderful rain over the weekend.

Jamie Ann Smith, 19 month old daughter of Mr. and Mrs. Jim Smith of Amarillo spent last week visiting her grandparents, Mr. and Mrs. Earl Riley while her parents were moving to a new house. The Smiths came for Jamie Ann on Saturday.

Mr. and Mrs. Ray Gibson and Cheryl and Mr. and Mrs. Craig Hutchison and Lisa spent the weekend attending the ball game at Duncanville on Saturday night and going to Six Flags on Sunday. They returned home late Monday evening. They all enjoyed breakfast with the McWhirters who are also vacationing at Six Flags and other points of interest.

Mr. and Mrs. Ray Devers and Peggy took Mrs. Devers' mother, Mrs. Cora Allen to Plainview on Saturday where she will visit with another daughter before returning to her home in Burbank, Okla.

Mrs. Wesley Garnett and Mrs. Stanley Garnett went to visit their daughters Lynn and Ann Garnett who have been attending school this summer. Mrs. Wesley Garnett visited her daughter Lynne at College Station where she has attended school for the past 8 weeks. She has been staying with Mr. and Mrs. Wesley Garnett Jr., while there. Lynn returned home with her mother, Mrs. Stanley Garnett is visiting Ann at Waco for a week.

# Old Sidesaddle Revives Memories Of Family History in This Area

Finding this old side saddle in the antique collection at Windy Acres near Pringle, brought back many memories to Lois Holliday McCloy of Hemet, Calif. (right in picture). The saddle originally belonged to her for she bought it when a girl. She earned money to buy the \$15 saddle by picking cotton for 15¢ per hundred.

A circular, written by Samuel M. McCloy in 1899 and published in the Covenanter Church paper, "Christian Nation", urging the establishment of a Covenanter colony in the West led the family of D.A. Holliday to Hutchinson county in 1907.

Lois (Holliday) McCloy, daughter of D.A. Holliday, has recently been visiting her sister-in-law, Mrs. Leslie McCloy (left in picture) who lives on a farm between Pringle and Morse. These two are the only living members of their generation of the Samuel M. McCloy family.

Samuel McCloy was born in County Down, Ireland, in 1829, and came to America at the age of 12 years. His family settled at Elkhorn in Southern Illinois. He was married to Jane M. Carson of St. Louis in 1864. Jane Carson was also an immigrant, having been born in Knockaterly, Ireland.

He served in the Civil War as a member of the 10th Regiment, Company F of the Missouri Infantry. Lois McCloy remembers hearing him say many times that while he was in the infantry he "walked from Texas throughout all the Southern States." Schooled in religious matters from childhood, McCloy tried to aid his fellow soldiers in spiritual matters and spent many hours about the campfire writing letters which read more like sermonettes to his many friends.

He and his wife had eight children, one which died in infancy. The others were Mary Bell, Sarah, Margaret, McLeod (husband of Leslie), Knox, James (Ren), and Samuel R. Cameron (Cam) (husband of Lois.)

Samuel McCloy was an organizer of churches for those of the Covenanter faith and moved from Illinois westward concerned with this mission. In Evans, Colo., he started the reformed Presbyterian Church which since that day has been moved to Greeley where it is still located.

While in Evans, McCloy ran a book store. Among his papers is a hand written letter dated 1873 from Harper Brothers Publishers of New York informing McCloy that they would offer future purchases on bound books at 33 1/3% and 40% on all paper covered stock. They stated they were making this generous discount due to the fact they appreciated McCloy faced uncertainties in transportation and building a trade at so great a distance from commercial centers.

From Evans the family moved to Sauta Ana, Calif., where McCloy was continually engaged in encouraging the organization of what were then called "Sabbath Schools." From Santa Ana they moved to Midland, Tex., to South Texas; and then back to Missouri. In 1892 Jane Carson McCloy died and the father and children moved to Olathe, Kansas.

It was in 1899 while McCloy was in Olathe that he published the circular urging Covenanter families to establish a colony in the lower Panhandle counties. Part of the circular described the advantages of settling in the Texas Panhandle. The planned to travel by wagon, through Oklahoma and Indian Territory.

Among the advantages, listed by McCloy in the circular, for land in the Texas Panhandle were "good soil; mild, healthy climate; cheap land (railroad lands at \$3-\$7 per acre and

on reasonable time; state lands at \$1 to \$1.50 and on long time); cheap fuel, as much of the country is more or less covered with mesquite trees which make the best of firewood, also fence posts; the grass cures on the sod is just as good feed in winter as in summer; low taxation, taxes are only one-fifth of 1%."

Since McCloy had lived in various places throughout the West he felt he was qualified to recommend the Texas Panhandle and stated in the circular, "For those who have a small capital and wish to engage in stock raising and farming combined, perhaps some of the lower Panhandle counties of Texas offer the best inducements."

A group of families under the leadership of McCloy started West, but didn't reach the Texas Panhandle at this point for the land around Erick, Okla., looked so good they decided to file claims there. While the rest of the men were busy with their claims, McCloy was busy with religious duties and established Sabbath Schools in various homes of the neighborhood.

The D.A. Holliday family of Illinois corresponded with Samuel McCloy for six months after reading the circular before joining the colony at Erick in 1901.

McLeod and Ren McCloy were the first of Samuel's boys to file on claims. Cam had stopped off to try his luck at the drawing for land in Indian Territory after the big run. He didn't draw any land, so he rejoined the colony and filed a claim near his brother's land.

The establishment of a colony in the Texas Panhandle was still a dream of Samuel McCloy, so in 1906 a part of the Erick group started their journey by wagon to Texas. They came to Hutchinson county where some of them bought land. Ren, Cam and McLeod McCloy all bought a section, but their father was getting up in years, so he let the sons do the farming and he concerned himself with the establishments of Sabbath Schools and prayer groups. Hemad his home with his son, Ren.

In 1907 the Holliday family followed the migration of Texas and Lois (Holliday) McCloy tells of her experiences in driving a hack across the Canadian River near Old Plemons. She states that was the most treacherous part of the trip, both for her and other early day travelers. The Canadian was dangerous to cross and usually cowboys had to pull the wagons across, fighting both current and quicksand. She remembers plunging off the deep bank of the river, holding tight to the reins and urging the two mules to pull her back across. A tracer chain broke on one mule and the cowboys had to come to her rescue.

An attempt was made to establish a congregation for those of the Covenanter faith at the Lieb Schoolhouse and the Kansas Presbytery did recognize the project as Lieb Schoolhouse and the Kansas Presbytery did recognize the project as Lieb Mission Station. Six Covenanter families were there at this time besides several United Presbyterian families. The Rev. J. Ralston Wylie of Illinois was called as pastor and preached there once each month.

Children of these early pioneers attended a one room school house at Lieb where one teacher served all grades. "In fact", states Lois McCloy, "Students went to school until they completed all subjects offered or quit to get married or go to work. Classes were not graded as they are now."

In December of 1913 Lois Holliday and Cam McCloy were married. The minister from Dumas was supposed to come to the McCloy home on

the evening before the wedding. At this time of the year the Panhandle is noted for sudden, severe snowstorms and one blew in that day. The preacher did start from Dumas, got lost and traveled in a circle, winding up at his original starting place. The next morning Cam McCloy started for his own wedding without the preacher. The couple was supposed to be married early in the morning and then have a wedding breakfast, but things were reversed that day. They ate the breakfast first, climbed into the buggy and went to Old Hansford. When they arrived, they found the only preacher gone to a conference elsewhere, so they were married by Judge Barkley in the hotel lobby. Lois McCloy states they didn't lack for witnesses as there was a teacher's convention in the hotel at that time. After the ceremony the couple had to drive 40 miles by buggy to Texhoma where they caught the train to Denver to begin their honeymoon.

In 1918 the Cam McCloy's moved to Hemet, Calif., where they have since made their home. They reared five children, Cam died in 1965.

McLeod was the only McCloy boy to remain in the Texas Panhandle. He planted and raised the first wheat in Hutchinson County. In that day a farmer had to haul his crop by horsedrawn wagons to one of the four trading centers: Texhoma, Channing, Stratford and Liberal. This journey took up to a week.

Following in his father's footsteps, McLeod was an active church worker and taught a Sunday School class for many years in the Union Sunday Schools at both Morse and Pringle. One by one the Covenanters had left the plains until McLeod was the only one left, so he cooperated in every way he could in the religious services held in the two communities.

McLeod's first wife, Lorena, died in 1906. They had one daughter, Marjorie. She and her husband, Tom Trumbull, raised four daughters. Marjorie died in 1950.

In 1916 McLeod married Leslie Braly, an early day school teacher of Hutchinson County. They reared four sons, Wilson, Willard, Carson and Thane, all presently engaged in the expanded operation of their father's original holdings in the county.

Samuel McCloy died in 1913, and his son McLeod passed away in 1949. Both are buried in the cemetery at Lieb. The shadow of the old schoolhouse where both labored to found schools and churches falls across their graves.

## Mrs. Nichols Is Improving

Mrs. J. H. Nichols who has undergone surgery in Northwest Texas Hospital last week is now out of intensive care and is beginning to take food and reported to be recovering nicely. Mr. Nichols and daughter, Mrs. Maurice Pullig of Lake Charles, La., are staying in Amarillo to be near Mrs. Nichols. Among friends calling on Mrs. Nichols were Mr. and Mrs. Roy Jones, Mr. and Mrs. Andy Rhodes, Mrs. R.E. Lee, Mrs. Bruce Sheets, Mrs. George Collard, and the Rev. Wesley Daniel. Mrs. Nichols is in Room 445 at Northwest.

Mrs. Martine Plocher of Fairbanks, Alaska, is visiting in the home of her daughter, Mr. and Mrs. Mike Garnett and son.

The Mike Garnetts have recently graduated from Tech and have moved into their new home in Spearman.

MEMORIES -- Lois Holliday McCloy (right of California and Mrs. Leslie McCloy of Pringle look at an old side saddle originally owned by Lois Holliday McCloy and now the antique collection at Windy Acres near Pringle.

## THE MORSE CODE

Attending the wedding of Virginia Hill and Loyd Poole held in Nocona on Saturday evening were Shirley and Don McCammond; H.B., Laverne, Lynn, Wade and Sylvia Parks; Elaine Behrens; Patricia Henderson; Luthera, Gene, Alan, and Suzanne Dixon; Perry, Joyce and Monte Dixon; Gene and Gail Poole.

Mr. and Mrs. Joe Reiswig visited with the Lloyd Woodruffs of Amarillo on Friday. Gary Reiswig who attends mechanic school in Oklahoma City was home over the weekend visiting his parents, the Joe Reiswigs.

Mrs. Pearl Dixon, Gene and Suzanne are visiting the Jim Highsmiths who live near McKinney.

Sunday guests of Mrs. Pete Cator were her sisters, Mrs. Ellie LaCrosse and Mrs. Horn and her niece, Miss Marie Horn, all of Pampa. Sonny and Gene Cator were also guests of his mother for dinner.

Bob and Katy Gillispie have moved into Mrs. H.I. Gay's house in Morse. They will spend the rest of the summer

here before returning to school at Texas Tech this fall.

Perry, Joyce and Monte Dixon are vacationing at Six Flags this week.

Lucille and Lyndell Cook and Mickey and Elaine Cook are visiting relatives in Grapevine and Stephenville this week. Mickey plans to look over the campus at Stephenville.

Evelyn Kelly spent last week with the Jack Dortch family of Amarillo.

Richard Robinson of Amarillo Air Force Base and Linda Helsey of Hollidaysburg, Pa., were Sunday guests of Mrs. Mack Dortch.

Al and Lila Carter were honored with a farewell social given by members of the Community Church on Wednesday evening. A gift was presented to the family and refreshments of cake and ice cream were served.

Dora and Man Womble and boys, and Kid and Edith Womble, and Miss Kaye Johnson attend the show at Palo Duro Canyon on Sunday night.

Mrs. Desmond Kelly was a Thursday afternoon visitor in

the home of Helen Lyons and Melba Fly of Stinnett. The Jerald Scribners attended a family reunion in Borger on Sunday.

Rev. Ivan Allen was the officiant for the Hill-Poole wedding. He was formerly pastor of the Morse Methodist church. They have recently been moved to New Deal where he is pastor of the Methodist Church. The Allens send greetings to all their Morse friends.

Moody Womble returned to his home this week after spending some time in the hospital at Shattuck. He is still quite ill.

## CYF Plans Car Wash

Car and Truck Wash by members of the CYF (Christian Youth Fellowship) of the First Christian Church at Alton's Gulf Service Station (corner of Collard and Dillon), Sat., July 30, at 9:00 a.m. to 5:00 p.m., \$2.00 per car! Pick up and delivery service if desired.

## Clothespin bag

Use the good parts of worn overalls to make a clothespin bag that is sturdy and long lasting.

## Drownings Take 3380 In Decade

AUSTIN, July--Deaths from water recreational accidents moved ahead of the 1965 pace, as it was disclosed that through last year 3380 Texans had drowned from all causes during the last ten years.

The Texas Parks and Wildlife Department, maintaining an unofficial water death count as a safety reminder, reported 149 persons had died this summer from bathing, fishing or boating mishaps.

This is slightly higher than last year when 200 persons drowned from the same causes. Adding to the ghastly toll was a report from the U. S. Corps of Engineers that 277 persons have lost their lives on Corps' reservoirs since 1951.

The official all-causes drownings statistics were given by the State Health Department for the last decade as follows: 1956, 293; 1957, 335; 1958, 333; 1959, 291; 1960, 371; 1961, 322; 1962, 328; 1963, 339; 1964, 359; 1965, 409.

Among the latest 12 fatalities from water accidents, the Parks and Wildlife Department noted that seven drowned while bathing, three while fishing and two in boating mishaps.

Two drowned while going to the rescue of others who were saved by others. One of the boating tragedies occurred when a craft struck a submerged stump and overturned.

Criticism comes so much easier than craftsmanship--- maybe that's why we find so much more of it.

**Chamber  
of Commerce  
Newsletter**

There has always been a tendency on the part of people to undersell their Community or hometown. Some people just feel like the grass is greener just over the hill or they say look what they are doing over there--they seem to apply to everyone but themselves. You can see them and hear them belittling the schools, police department, Chamber of Commerce, County Government, Fire Department, Church--almost anything or anybody. They are always someone else--They are all of us--working together to make Spearman and Hansford County a better place to live, rear a family and do business. There is no other reason for the existence of the Chamber of Commerce or many other organizations nor any higher goal than this, and in conjunction with this there is no other way to obtain goals than work and money.

As you know--there are 3 kinds of boats: sail boats, steam boats and row boats. A sail boat just drifts with the wind, a steam boat uses power provided by someone else. A row boat is moved by people--depending on which way they want to go.

"Where there is no vision the people perish." Proverbs 29:18.

**The Way  
I See It**

Are we afraid to take God at His promise and believe what He says? Do we know what God promises and says?

Christians are so few in the world. Less than 30% are at least nominal in their claim for Christ, and so many of these are drifters. You may be one. 120 billion people are in the world. There is little strength in numbers but there is great strength in Jesus Christ. Faithfulness of each Christian is needed in trusting in God's power and strength.

Jesus says I dare you by the power of my eternal love for you, to take Me at My Word. You take no risk.

Do we really know the promises of God? In sickness? In health? In times of prosperity? When troubles and trials are all around us?

God has told us to "seek first His Kingdom and His righteousness and all these things (other things we need) will be given to us." He has promised that "He that believes and is baptized shall be saved." He has promised to return to earth and take all believers to eternal heaven with Him. He has stated unbelievers in Jesus Christ as Savior will spend eternity in eternal separation from God (Hell).

Are we afraid to take God at His promises? To accept God? Do we have faith (Giving of ourself to God's Word)?

So many (and maybe you) are wandering through this world seeking peace of mind and a purpose for living. God had stated "Come to Me and I will give you rest." "I am the way the truth and the life." "Repent and be baptized in the name of Jesus for the forgiveness of your sins."

These things Jesus and God have promised. Do we really know the promises of God? Really believe in them? Ask God to guide our life around them? Then we would be happy, have purposes of living and gladly live and witness of God who is faithful to all He promises. He does not lie.

And lest we forget, God promises damnation to those outside of Christ. Don't we have much to work for in Christ's Church! Trust His promises.

**Take your problems to Church this week -- millions leave them there!**

*the Word*

"Thy word is a lamp unto my feet; and a light unto my path."  
— Psalm 119:105

If you are a Christian, you are blessed with a great heritage. It is a heritage of truth and has nothing to do with imagination or myths. It is a truth that remains unchanged, no matter how many times someone attempts to rewrite or offers a "studied" translation. This truth is the word of God. It is found in the Holy Bible. It is found in Ten Commandments, which form a guidepost for Christian living. Accept this truth; it is useless to argue against it. Conscience and common sense will not permit you to be unaware. You fool no one, not even yourself, if you pretend to ignore or disbelieve.

## Mrs. Davis Is Honored by Club

Our Home Demonstration Club Woman of the Month is Mrs. Frank Davis. She is very deserving of this honor, having been in club work for 32 years. She is now a member of the Spearman Home Demonstration Club.

She and her husband live on a farm south of Spearman. They have one daughter, Mrs. A. J. Curtis, of Denver, Colo., one grandson, and two great-granddaughters.

Mrs. Davis has attended many District meetings as delegate to Texas Home Demonstration Association; she has held the offices recently of Exhibit-Education-Expansion, two years; Finace Chairman, two years; and presently is 4-H Chairman from her Club. Over the years she has served in all of the executive positions.

She is a very active member of the Twentieth Century Club, and Dahlia Flower Club in Spearman.

We are very fortunate to have such a capable woman in our

community.

Mrs. Davis has this to say about her Home Demonstration Club experiences: "I joined the first Home Demonstration Club organized in Hansford County, it was then called the Medlin H.D. Club. These clubs were a great help to us in the depression years. We learned much about growing and the preservation of our food. We learned much about Nutrition and a copy of the

Mr. and Mrs. Eldon Smith and family spent last weekend vacationing downstate where they visited Six Flags over Texas. They returned home Tuesday.

Mr. and Mrs. Clifford Criswell had as weekend guests, his parents, Mr. and Mrs. E. R. Criswell of Mineral Wells, Eldon Criswell Jr., of Mineral Wells, who has spent the past three weeks visiting here returned home with his grandparents.

"Texas Food Standard" was in each club woman's home.

Programs on meal planning, home decorating, family recreation and self-improvement have been interesting ones for me.

Perhaps our greatest achievement has been planting our windbreak of red cedar and pine trees, our shade trees

and many shrubs. There was not a tree or shrub on our farm when we came.

The hobby I enjoy most is reading. I also enjoy knitting and gardening. Knowing and working with the agents and women in the county has been a wonderful experience for me."

Mrs. Louise Brooks of Boise City was the house guest of Mrs. R.E. Lee this week.

Mr. and Mrs. Charles Gilliam returned Sunday from a vacation trip. While gone they visited his father C.S. Gilliam at Kopperl, Texas. Mr. and Mrs. Happy Dameron of Clerburne and their daughter, Linda Sue, who attends Jr. College at Hillsboro, Tex. were other guests the Gilliams visited. They were gone for two weeks.

Cecil Crawford entered Northwest Texas Hospital on Sunday for tests and observation. Mrs. Crawford went down Monday evening to stay with him.

Miss Sandra Kitchens and Burton Williamson attended the show Texas" at Canyon on Saturday evening.

Mr. and Mrs. Sam Patterson and Shelia attended a family reunion in Stinnett Sunday, July 24.

## HD Club Members Host Time for Fun Club Party

The Time for Fun Club met at the Home Demonstration Club Room on Monday evening, July 25, sponsored by the Town and Country Home Demonstration Club. Working as hostesses were Mmes. Calvin Bodey, Larry Hays, Burl Buchanan, Dale Hawkins, Kay Dean Jackson, Tommie Lovett and Tommy

White.

Various table games were played by the group and the door prize was won by Mrs. W.E. Hacker. There being no birthdays for the month the two decorated birthday cakes were drawn for. Winning the cakes were Mrs. B. J. Barnett and Mrs. I.R. Tompkins.

The attendance was small with only six guests present. They were Mmes. B.J. Gannett, I.R. Tompkins, W.E. Hacker, D.W. Hazelwood, Ed Wilbanks and W.L. Mackie.

The hostesses served ice cream sodas, cookies, punch and coffee.

### HANSFORD

### HOSPITAL NEWS

In the hospital are Roy Oliver, Bennie Black, Jamie Chisholm, Glen Keim, Lucy Pittman, Sherry Beck, Marjorie Seider, Alvin Cook, Ossie Mobley, Judy Thompson, Herb Butt, Peggy Cook, Leona Mathew, Eva Miller, Madelon Burleson, Frank Mosh, De Wayne Carpenter, Pearl Cayton, Vivian Hughes, Melvin Guffey.

Dismissed were Joan Stewart, Lilly Mae Chase, Roger Brown, Leora Mitchell, Alene Lieb, Richard Hindergardt, Lynn Pierce, Janice Ward, Sue Mason, Steve Westerfield, Roscoe Parks, Stanley Gruver, Lila Carpenter and son.

Richie Hudson who has attended summer school at South Wester State at Weatherford, Oklahoma will return home Thursday (today).

Mr. and Mrs. V.H. Wright of San Angelo are here visiting her parents, Mr. and Mrs. V.W. Caldwell.

## Future Readers of The Plainsman

Mr. and Mrs. Frank Pittmar of Morse are the parents of a boy born July 22 weighing 6 lb., 14 oz. He is named Luke Pittmar.

Mr. and Mrs. Charles Seider of Gruver are the parents of a boy born July 24 weighing 8 lb., 2 1/2 oz.

Mr. and Mrs. Arnold Beck of Gruver are the parents of a boy born July 24 weighing 5 lb., 8 1/2 oz.

Mr. and Mrs. DeWayne Carpenter of Gruver are the parents of a baby girl born July 19 weighing 6 lbs. and 13 1/2 oz.

Gary and Dallas Haner spent the weekend in Pampa visiting their grandparents, the Bowshers and the Halls.
