PEIPING, Nov. 9. (AP)—This faded, spiritual capital of China already is beginning to wear the garments of doom, although there are no powerful Red forces within 200 miles.

Withdrawal of CAT personnel began Monday and all day the company's offices were besieged by jittery Chinese seeking passage.

NANKING, Nov. 9. (AP)— Reliable sources said today six nationalist regiments had deserted to the Chinese Communists on the Szechow front, where the government is trying to make a last stand before Nanking.

Plans Taking Shape For Vealmoor Rites

Plans were taking shape this morning for a Thursday afternoon celebration at Vealmoor to honor officials of the Seaboard Oil Co., developers of new production in that area.

Authority Hits 'Kickback' Plan Of Physicians

BOSTON, Nov. 9. (AP)—A New York medical authority said today that some doctors demand "kickbacks" in assigning work to specialists and others trust to luck to guard their reputations.

Dr. Dean A. Clark, medical director of the health insurance plan of Greater New York, made the statement while discussing what he called "recent evils" caused by competition among doctors who practice as individuals and not with a group.

In making his charges to the American Public Health Assn., Dr. Clark said the evils he listed have sprung from the advance of science and not "primarily from any malign intent on the part of the physician."

By the advance of science he said he meant that medical progress has made specialization a necessity and that such specialization is not available to a general practitioner but needs group teamwork.

To the competitive element, Dr. Clark traced these evils: "Fee splitting, which arises almost inevitably out of the character of the individual practice system and I dare say will continue... as long as this system is the prevalent method of practice."

"The physician may be tempted to refer patients (to other consultants) more than is medically necessary if a sizable split is in the offering and, equally bad, to send his cases to the doctor or laboratory or optician who gives the biggest kickback."

"Physician may not refer his patient to another physician for fear that he may 'lose' his patient (and his fee) permanently to the second doctor."

"He may feel that the consultant will find errors in his work and 'show him up' to both the patient and the profession."

Richfield Profits Up

NEW YORK, Nov. 9. (AP)—Richfield Oil Corp. announced a net income of \$11,253,031, equal to \$2.81 a share, for the nine month ended Sept. 30. This compares with profits of \$7,940,170, or \$1.98 a share, for the like period of 1947.

Johnson, Kerr Seem Assured Of Solon Seats

No 'Whitewash' Seen, However, On Fraud Cases

WASHINGTON, Nov. 9. (AP)— Two new Democratic senators whose primary victories have been under GOP-ordered investigation were virtually assured today of unchallenged seating with the 81st Congress Jan. 3.

However, Sen. Myers (D-Pa) who is in line for the chairmanship of the vote contest committee, said there will be no "whitewash" if irregularities or fraud are found in campaign activities in behalf of Robert Kerr of Oklahoma and Lyndon Johnson of Texas.

After a meeting yesterday of the Senate committee, Chairman Jenner (R-Ind) said "the majority of the members... feel it would be futile to conduct hearings in the short space of time remaining before organization of the new Senate."

Jenner added in a statement that he and Sen. Bricker (R-Ohio), the third member of the committee, "feel it would be useless to expend public money in preliminary work when there is every possibility our activities would be of no avail."

He said the group had information "in the form of affidavits" which two of the three members "believe are of sufficient seriousness to warrant a full and searching investigation" by the new committee.

Before last Tuesday's elections some Republicans, in anticipation of victory, had talked of challenging the seating of Kerr and Johnson pending the outcome of the investigation.

Myers told a reporter he does not expect any new senator to be challenged when the 81st Congress begins work.

In the Oklahoma contest, complaints were filed with the committee that expenditures in Kerr's primary campaign exceeded the \$6,000 limitation.

Jenner said an investigator's report, released 10 days before the Nov. 3 election indicated that the former Oklahoma governor's campaign outlays topped the ceiling by \$53,000.

Myers told a news conference that he understood there was no charge that the Kerr expenditures had been used to "purchase votes" or for "improper purposes."

The Pennsylvania lawmaker said he wants the committee staff to offer a further report on its findings in the two states before he makes any future plans.

A third contest is pending before the group, involving the 1946 election of Sen. Kilgore (D-W.Va.). The dispute did not however, prevent Kilgore from being seated with other senators in January, 1947.

Chest Clean-Up Drive To Begin On Thursday

Volunteer workers, bent on gathering the remaining \$7,000 needed for the Community Chest campaign take to the field Thursday morning.

Under the direction of Dr. R. B. G. Cowper, general clean-up chairman, and K. H. McGibbon, vice chairman, workers will begin the canvass of upward of 300 prospects missed in previous contacts.

A meeting is scheduled Wednesday evening with contacts to start at 8 a. m. Thursday.

Prospective donors were reminded today that they may designate their gifts. One agency has thus been assured of its quota and those yet short are the Boy and Girl Scouts, and Salvation Army, the YMCA and the Chest itself.

By designating gifts, it is possible for different units to make quotas although the total goal might not be realized. Even if a particular agency did not realize its total goal, designating might mean that it would be nearer than were the case if it had only to accept a prorated amount of its total goal.

Thus, donors are encouraged to indicate on their cards what division they wish made of their gifts. The A-A's already are assured their quota and thus do not need designation. The undesignated gifts are disbursed to the agencies according to their percentage of the total goal.

Dr. Cowper reminded that every effort will be made to complete the Chest campaign within the next week or 10 days and urged all persons, firms and individuals who have not yet given to do so as quickly as possible.

Snorkel Value Proved

NAVAL LEADER SAYS NEW SUBS COULD SINK MERCHANT FLEET

BOSTON, Nov. 9. (AP)—Extensive Navy maneuvers in the North Atlantic have convinced Rear Adm. James Fife that 200 breathing submarines could sink the United States merchant fleet.

The commander of the submarine fleet said that eight submarines of that type—known as Snorkels or Guppies—delayed the approach of an "invading" group moving toward a landing in Argentina, Nfld.

"Two hundred Guppies could sweep the United States merchant marine from the seas," Fife said. He added, however, that the United States has perfected new

anti-submarine devices which should be capable of matching the Snorkels.

Units of the second fleet climaxed what the Navy described as the most extensive North Atlantic maneuvers yesterday with an "invasion" of Newfoundland.

Sections of the Second Marine Brigade, under orders to capture Argentina and its heavily defended air base, swam ashore on northern beaches. They wore special arctic equipment.

Snorkels were credited with "sinking" or "crippling" an undisclosed number of the invading force.

Vice Adm. D. B. Duncan, commanding the maneuvers, said the Snorkels would have sunk or seriously defeated our task forces in actual combat.

"They have far greater speed under water than old types and the new breathe tube makes it possible for them to remain submerged indefinitely," he said.

Submarines and part of the main fleet continued northward today into Davis Strait between Greenland and Labrador while most of the fleet moved to Canadian ports for shore leave before returning to New York and Little Creek, Va.

New Record Set In Howard Vote

Henceforth 6,255 will be the record at which Howard county voters aim in general elections.

This was the total number of ballots which the commissioners court found Monday to have been cast in the Nov. 2 election. It was approximately 300 more than the previous peak in 1940.

The vote for governor, upon which representation in conventions, etc. will be based in many instances, was pegged at 5,056, also a new record. Split ticket voting and unintentional mutilation caused numerous ballots to be lost.

Jews Claim British Troops In Palestine

Ask Investigation By United Nations

TEL AVIV, Israel, Nov. 9. (AP)— Israel formally asked the United Nations truce headquarters today to investigate reports that "Not inconsiderable numbers of British troops" have entered Trans-Jordan and that some of them have entered Palestine.

The British war office in London issued a denial, saying "we have no troops in Trans-Jordan and there is no question of any British troops going back into Palestine since the evacuation."

The government also charged the British with wholesale rearming of both Iraq and Trans-Jordan, Arab foes of Israel. It wrote the headquarters of the mediator, Dr. Ralph Bunche, that large shipments of arms and military equipment for Iraq, including tanks of all classes, have arrived at the port of Basra in a British ship.

A letter from Dr. Walter Eytan of the Israeli foreign office declared that if the reports of British troop movements proved true "they would be flagrant violations."

The Arab Legion of Trans-Jordan is British trained and subsidized. It bore the brunt of the summer fighting in the Jerusalem area.

Private Jewish sources declared British troops were moving into sections of eastern Palestine held by the Arab Legion. These informants said the British came from troop bases at Mafraq and Aqaba, Trans-Jordan.

(A section of this dispatch was delayed. The Israeli official who asked the investigation was not immediately identified.)

The text of Israel's letter to Dr. Paul Monh, personal representative of the acting mediator: "Reports have reached my government in recent days concerning the arrival in Trans-Jordan of not inconsiderable numbers of British troops. It is learned further that some of these troops have now reached Palestine."

"If these reports should prove well founded, my government would take a most serious view of so bold an intervention by a foreign power."

"I am accordingly directed to request you to have this matter investigated without delay by the United Nations military observers serving with the Arab Legion and let me know the results of your inquiry."

An Israeli spokesman called attention to a speech in which King Abdullah said Trans-Jordan "now has an air force." The spokesman said it is "well known Trans-Jordan never had one before; there has never been a Trans-Jordan warplane seen in the skies of the Middle East and if they have one now, it was acquired during and in violation of the truce."

An unofficial source asserted British shipment to Iraq included some of the newest British fighter bombers, the Fury. Iraq previously has used old model Spitfire fighters and a few medium and light bombers.

The same unofficial informant asserted Britain has asked for use for barracks of the big monasteries at Al-Tour and Isaria, in the Jerusalem area. They have been used by Arab refugees. The informant said the request was believed granted and that the British might already have taken over.

STANTON, Nov. 9.—Condition of Ouida Faye Polk, 17, injured when a car she was driving was struck by a freight train at approximately 5:55 p. m. Monday in downtown Stanton, was described as "fair" by hospital attendants here today.

Miss Polk, on her way home from the beauty parlor when the mishap occurred, suffered a fractured skull. Examination also proved she had a hole in the back of her head about the size of a cigaret.

The girl, sweetheart of the Lions' club here, was thrown approximately 30 feet from the car after the collision. The car was whipped around by the impact and struck again by the train.

Miss Polk was graduated from the Blackwell high school last spring and only recently moved here with her family. She is employed by the local REA office.

She is the daughter of Mr. and Mrs. Roy Polk. She was alone in the car when the accident occurred.

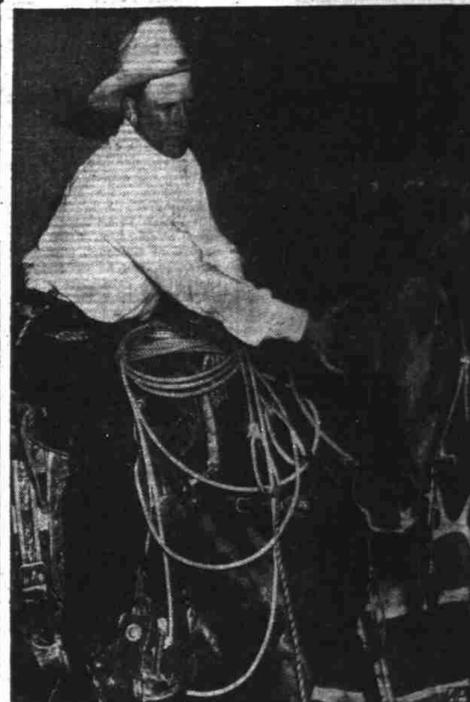

Last Rites Said For Juan Olague

Last rites were said at 4:30 p. m. Monday at the Sacred Heart Catholic church for Juan Leuvano Olague, 14, victim of a stabbing in his home Saturday evening.

Burial was in the Mexican Catholic cemetery with Nalley Funeral Home in charge of arrangements. Juan is survived by his parents, Mr. and Mrs. Margito Olague; one brother, Richard; two sisters, Mrs. Doris Santiago, Artesia, N. M., and Severita Olague, Big Spring; and his grandmother, Mrs. Francisco Gomez.

Samuel B. Gibson, 23, a Negro farm worker, has been charged with murder in connection with the death of young Olague and lodged in the county jail.

Justice of Peace Walter Grice said he would temporarily be denied bond.

CHAMPION COWBOY OF 1948—Gene Rambo (above) of Shandon, Calif., was named the 1948 all-around champion cowboy of the International Rodeo Association at the Grand National Livestock show and rodeo at San Francisco. His winnings were \$3,250, a trophy saddle and a jeweled gold and silver belt buckle. Points are awarded on the basis of one for each dollar of prize money won. (AP Wirephoto).

Mrs. F.D.R. Proposals Leave Demos Cold

WASHINGTON, Nov. 9. (AP)—Democratic leaders turned a cold shoulder today on the proposal by Mrs. Eleanor Roosevelt that States' Rights supporters be purged from the party.

National Chairman J. Howard McGrath told a reporter it will be up to the Democratic members of the House and Senate to decide who gets the prized chairmanships in the new Congress.

He indicated the national committee doesn't want to mix in any such possible fight. McGrath is a senator from Rhode Island.

He hinted further—but didn't say so flatly—that any reprisal program such as Mrs. Roosevelt suggested wouldn't fit in with current efforts to solidify Democrats behind the legislative proposals President Truman will send to Congress in January.

In a radio broadcast from Paris yesterday, Mrs. Roosevelt said she would like to see "the permanent ousting of the Southern Dixiecrats from the Democratic Party."

The widow of the late President suggested that some Southerners who opposed Mr. Truman's civil right program would be denied congressional chairmanships if they aren't recognized as Democrats.

She named especially Rep. John Rankin (Miss), dubbing him "one of the worst reactionaries," and Sen. Olin Johnston (SC).

She said Johnston "snubbed President Truman, campaigned against him and then was one of the first on the train at Washington to congratulate the victorious President after his election."

Burglary Fails

CORSICANA, Nov. 9. (AP)—One or more burglars broke into the post office at Eureka last night, but failed to open the safe.

BLOOD TYPING AGAIN SLATED

The regular Wednesday schedule of blood typing is to be continued this week from 5:30 p. m. to 7 p. m.

Carl Gross, in charge of the typing, has been ill but said he would resume the work Wednesday evening at Malone & Hogan hospital.

The service, sponsored by the Knights of Pythias, is free to the public and copies of the files are made immediately available to all physicians. If persons being typed wish to make their blood available in emergency by donation or sale, they may indicate on the card. Identification cards bearing the blood type, date of typing and signed by Gross or some other staff member will be furnished to those who would want such information for their billfold.

Truman Upsets Many Political Axioms With Win Over Dewey

WASHINGTON, Nov. 9 (AP)—President Truman upset many old political axioms with his victory over Gov. Dewey of New York.

He tossed into the ash can so many traditional factors that appeared to favor his opponent that the "experts" are still looking for the whys and wherefores.

For example he won: A fifth straight time for the Democrats, the first time any party had achieved this since the Civil war.

1. From the Civil War until now, the party winning an off-year congressional elections always went on to win the presidency two years later. The GOP captured control of Congress in 1946.

2. The Democratic Party was split, with Henry A. Wallace winning more than a million votes, most of them perhaps from the Democrats, and Gov. J. Strom Thurmond taking 38 electoral votes for the States Righters.

3. The "Solid South" was broken for the first time since 1928 when Herbert Hoover captured five states for 52 electoral votes.

4. Many city and state party leaders, who fought tooth and nail against Mr. Truman's nomination, did little if anything to further his campaign.

5. The vote was small. All previous signs indicated the Democrats needed a large turnout—55 million or so—to beat Dewey. The vote probably will be less than 50 million.

6. The Democratic war chest was small. None of the old regular contributors shelled out as before. Southern state organizations diverted their cash to the anti-Truman states rights candidates. The party usually gets more than \$500,000 from the south. It received less than \$50,000 for the 1948 campaign.

7. Mr. Truman triumphed without the electoral votes of New York and Pennsylvania, something no candidate of either party had done since Woodrow Wilson won over Charles E. Hughes in 1916.

Why did he win despite all these impediments? That's why many politicians are still asking themselves. A few in the Democratic leadership figure it out this way: He won because:

- 1—Of economic prosperity. Voters usually let well enough alone. They were "afraid of a change," as one campaign leader put it.
- 2—He was the "underdog." A lot of people like to help an underdog. One party chieftain said "I know a Republican who voted for Truman because everybody else was jumping on the little guy."
- 3—Of the women's vote. This was described as a "terrific factor" because women going to market naturally hate high prices.
- 4—Of the labor vote and the Taft-Hartley Act. Most all labor organizations went down the line for the President, who pledged to work for repeal of the Taft-Hartley Act.
- 5—Of the farm vote uprising in the Midwest. The President won five Midwestern states, including three (Iowa, Ohio, Wisconsin) which went for Dewey in 1944. Thirty-five of the House seats picked up by the Democrats from the Republicans were in eight Midwestern states. (The other gains were: East 27 seats, Far West nine, Border States seven.)
- 6—Of a determined drive by the Democratic National Committee to counteract the sweeping southern revolt following the President's nomination at Philadelphia. A party leader said there was no Truman support anywhere in the South right after the convention, except in North Carolina, and there it was only a minority.

DON'T CHIDE KIDS ON GRADES

LOS ANGELES, Nov. 9 (AP)—Mother and dad had better dig up their old report cards before chiding junior about his school marks.

Dr. Ralph Tyler, dean of the school of education at the University of Chicago, described yesterday how he dug up old examination papers from 1900 to 1915 and gave the tests to contemporary pupils.

In 80 per cent of the cases, Dr. Tyler told the conference on direction and improvement of instruction and child welfare, modern kids did better than the olders had done.

Boat Excursion Company To Quit

NEW YORK, Nov. 9 (AP)—The Hudson River day line has decided to quit in the face of steadily mounting costs.

Alfred V. S. Olcott, president of the company whose excursion vessels have operated between New York and Albany for 85 years, said last night the directors plan to liquidate.

Try To Sell Wives On Reserve Branch

SAN PEDRO, Calif., Nov. 9 (AP)—A corps of baby sitters is being mobilized at Fort McArthur to help sell the wives of reserve officers on the U. S. Army.

Three hundred of the officers will train at the Fort next week end. Their wives and youngsters will accompany them.

And while the husbands march, the babies will be entertained in an Army nursery supervised by baby sitters. The wives may play tennis, swim or go boating or fishing.

Doctors May Face Drafting By Army

BOSTON, Nov. 9 (AP)—Congress may be asked to approve the drafting of Army doctors if voluntary enlistments do not provide sufficient medical personnel.

A spokesman for the Army's surgeon general said yesterday that Maj. Gen. Raymond W. Bliss had authorized this statement:

"If medical personnel sufficient to care properly for the health of the expanded army does not come voluntarily, there will be no other recourse but to submit a bill to congress to draft the necessary personnel."

Canada's Combined Operations School Goes Into Action

RIVERS, Man., Nov. 9 (AP)—Canada's first combined operations school has gone into action on these western plains, training land and air units the dominion is mustering to meet any attack.

The institution is teaching parachute jumping to elements of a regular infantry regiment and is working on support operations by RCAF aircraft.

Operations within the institution are schools, not only for parachutists and tactical air support, but also for airborne glider work, army air observation, training in offensive support by air for land forces etc.

It is anticipated the camp eventually will embrace a community of 3,000 service men and their families.

Washington To Be Target Thursday Of Practice Bombs

HARRISBURG, Pa., Nov. 9 (AP)—The nation's capital will be the target of bomber and fighter plane attacks Thursday during mock air maneuvers by the National Guard.

Brig. Gen. Frank A. Weber, state adjutant general, in disclosing plans for the simulated attack, said Pennsylvania's 148th Fighter Squadron based at Reading, Pa., will intercept the attacking force.

The attacking force, represented by the 55th Fighter Wing from Columbus, O., will consist of about 90 planes, including two squadrons of B-26 bombers and seven F-51 fighter-escort squadrons.

Bolling Field, Washington, will be the target and following the simulated "bombing" the planes will pass over the capitol in aerial review.

Dun And Bradstreet Head Sees No Wide Decline In Prices

DALLAS, Nov. 9 (AP)—The president of Dun & Bradstreet, Inc., doesn't expect any serious or widespread price decline.

Arthur Dare Whiteside, whose business is to interpret the pulse of the nation's business, said here yesterday that soft spots will appear in the nation's economy and prices will gradually stop climbing. But, he said, there not likely to be any widespread price decline.

Mrs. H. H. Haynes led the prayer and group singing of "Others." Mrs. Harwood Keith conducted the study on "Alaska." Mrs. L. E. Maddux and Mrs. Helen B. Williams gave discussions on the lesson subject, "Doctors and Teachers in Alaska."

Mrs. R. E. Satterwhite presided during the business session, at which time, Mrs. Bob Eubank was chosen as Circle leader for the remainder of the year.

Those attending were Mrs. Clifford Talbot, Mrs. N. W. McCleskey, Mrs. A. M. Bowden, Mrs. Harwood Keith, Mrs. R. E. Satterwhite, Mrs. R. J. Lyle, Mrs. Helen B. Williams, Mrs. G. E. Fleeman, Mrs. L. E. Maddux, Mrs. Merle Stewart, Mrs. Pete Johnson, Mrs. M. S. Wade, Mrs. H. H. Haynes, Mrs. Bob Eubank and Mrs. McDonald, the hostess.

"The Panama Canal" was the subject of the lesson studied at the meeting of Circle Three of the First

Methodist church in the home of Mrs. A. F. Johnson Monday afternoon. Mrs. C. R. Moad acted as co-hostess.

Mrs. J. B. Pickle presided as program chairman. Mrs. Frank Powell spoke on the subject, "Can We Defend the Panama Canal?" Mrs. J. C. Wade, Sr. discussed "Democracy in the Caribbean."

The hostess served refreshments to Mrs. John Chaney, Mrs. Pickle, Mrs. D. C. Sadler, Mrs. Bernard Lamun, Mrs. Frank Powell, Mrs. C. A. Schell, Mrs. Mary Howie, Mrs. Wade, Jr., Mrs. C. E. Shive and the hostess.

Mrs. C. E. Johnson and Mrs. Herbert Johnson acted as co-hostesses at the meeting of Circle Four of the First Methodist church in the home of Mrs. C. E. Johnson, 510 Bell, Monday afternoon.

Mrs. C. E. Thomas, Sr. was program leader, assisted by Mrs. M. A. Cook. The lesson studied was "Hawaii." Mrs. H. J. Whittington gave the devotional. Mrs. Lewis Murdock recited a poem and Mrs. Jake Bishop read the story.

Large arrangements of chrysanthemums comprised the decorative theme.

Refreshments were served to Mrs. M. E. Cooley, Mrs. H. J. Whittington, Mrs. Jake Bishop, Mrs. Lewis Murdock, Mrs. M. A. Cook, Mrs. Arthur Woodall, Mrs. C. E. Thomas, Sr., Mrs. L. B. Russell, Mrs. G. W. Chowns, Mr. J. E. Foote, and the hostesses.

Announcement was made that Mrs. C. E. Thomas Sr. and Mrs. J. E. Foote will entertain the next Circle meeting with a covered dish luncheon in the home of Mrs. Thomas, 1808 Gregg.

Circle 5 members gathered in the church parlor for a meeting which opened with a prayer by Mrs. W. A. Laswell and a devotional by Mrs. Mamie Lee Dodds. Subject for the day was "Puerto Rico." Program directors were: Mrs. Howard Salisbury, Mrs. L. R. Saunders, Mrs. Ethan Allen and Mrs. Charlie Pruitt.

Announcement was made that the circle would meet on November 15 at 10 a. m. in the home of Mrs. Laswell for a regular meeting and luncheon.

Mrs. E. J. Hughes led the closing prayer.

Mrs. Mamie Lee Dodds, hostess, served refreshments to the following: Mrs. Pruitt, Mrs. O. D. York, Mrs. Laswell, Mrs. Stanley Cameron, Mrs. L. A. Webb, Mrs. Allen, Mrs. J. P. Showen, Mrs. S. A. Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Texas druggist for four ounces of Barconatone. Mix with 12 ounces of grapefruit juice and take two tablespoonful twice a day. This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Barconatone is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barconatone.

NEW Candy Plan Takes Off FAT

Hair Dressers And Cosmetologists Give Free Permanents Monday Night

Santa Claus, in the form of the Big Spring Hair Dressers and Cosmetologists Association, came early to seven underprivileged girls when they were given free permanents at a regular meeting held Monday night. Welfare workers cooperated with the association in choosing the girls.

Settles and Crawford shops gave two permanents each and Youth, Colonial and Art, one each. During the business session, the group discussed plans to cooperate with the high school girls health

class in a study entitled "Personal Grooming." It was announced that the next meeting will be a Christmas tree on December 12.

Those present were: Opal Osborne, Nita Chapman, Mrs. Frank George, Edna Womack, Christine Davis, Bonnie Mae Smith, Mrs. Alma McLaurin, Mary Hudman, Dora Jones, Marcel Bell, Lillie Paschall, Ellie Gilkerson, Madge Rhinehart, Lois Eason, Jean Wood, Odie Thompson, Oma Buchanan, Kathleen Williams, Mable Cathy, Raymond Erp of Lubbock and Bonnie Mae Smith, the hostess.

Closer Team-Work Could Make Law More Effective

Teamwork is a pretty important commodity, especially for best results. Within a particular organization, it is imperative, and within a certain field highly desirable. The latter category covers the business of law enforcement under our multi-lateral system.

in last Tuesday's election. The important thing is not so much who won or who was really the best man for the president's chair. The important thing in our nation is the fact that people expressed their own opinion whether that opinion was good or bad.

SO NOW A PROJECT IS ACTIVELY under way to form an alliance which will join the United States and Canada to the countries of Western Europe, using the recently formed Western European Union as a nucleus.

Such an alliance is the safest insurance the western nations could have against aggression. The cold war will continue, for Moscow never will cease its world revolution for the spread of communism until circumstances force it to quit.

legislation; to seek actively to mobilize public opinion whenever Congress hangs back; and to use all the familiar Presidential weapons of pressure and persuasion on a major scale.

The adoption of the new system has already been presaged by the much closer relationship now established between the President and Vice-President-elect Alben Barkley. While Senator Scott Lucas will have the formal title of majority leader (which would now have been Lister Hill's except for the civil rights issue), Truman will have the real responsibility.

This means more than mere gratitude for Barkley's doughty campaigning. It means that in the struggles with Congress that are ahead, the President intends to be his own general, and to use the Congressional leaders as his personal staff.

In foreign relations, as in his dealings with Congress, the old Truman was like a constitutional monarch, who remains at home to preside inactively over the nation, while trained military men carry on the campaigns in the field.

Recently Truman and his immediate entourage have been frankly annoyed by the resistance of the State Department to the President's suggestions, concerning appointments as well as the Vinson mission and the Bernadotte report.

The word is being passed, however, that the post-election Truman will deal with Congress in an entirely new way. His old system was to bundle all his recommendations into one vast message, and then stand on this rather meaningless written record to which Congress paid no attention whatever.

The largest member of the cat family on this continent is the spotted jaguar, weighing something more than 300 pounds. He often kills one deer or livestock a week and is relentlessly hunted by ranchers.

Plenty Of Grain Storage Space Offered By Tucker & McKinley

Tucker and McKinley Gain company have plenty of storage space for grain under the government loan program. Anticipating that many producers might wish to put their grain under the loan program pending market developments, Tucker & McKinley increased storage facilities and arranged for building space at the bombardier school area so that almost any volume of grain can be kept there. Under the program now, the farmers can net \$2.17 cwt for their grain, said E. T. Tucker, one of the operators. By storing grain here

MOTOR INN AUTO SUPPLY NAMED AREA DISTRIBUTOR OF GE GLOBES

The Motor Inn Auto Supply, 404 Johnson street, has been appointed distributor in this area for General Electric house light globes, Watson Welch, Motor Inn manager, has announced. The local firm now is maintaining a bountiful stock of the GE merchandise for both wholesale and retail requirements. The Motor Inn Auto Supply is an established outlet for hundreds of items essential to the upkeep of automobiles. The concern furnishes nationally known parts and shop equipment for automobile repair establishments and service

stations in this area on a wholesale basis, and at the same time accessories and other similar types of merchandise are offered to retail customers.

A complete automotive machine shop is operated by the Motor Inn for convenience of the automobile repair shops. The establishment also distributes such equipment as Globe Hydraulic lifts, which are widely used by service stations and garages, as well as Lincoln greasing equipment.

Many other items carried in stock in good supply bear brand names and trade marks that might mean little to the average motorist, but they carry the respect of the man who repairs his automobile. These include such names as Fram, Walker, Gates, Timken, Perfect Circle, Casite, Raybestos, Borg Warner, Carter, Wagner, Kester, Imperial Brass, Trico and many, many others.

however, some has got up over the 17 mark, which makes it necessary to sell on an as is basis. But there is always a ready market, and it is adjusted instantly against the Fort Worth quotations so that producers here get the best possible prices.

New White Trucks Emphasize Big Engineering Improvements

Engineering improvements, not speed, changed appearance, has been stressed in the complete new line of White Super Power trucks and tractors announced by the White Motor company recently through the Driver White Truck concern of Big Spring.

The new WC models are now in production in the White truck plant in Cleveland. Included in the line are 12 basic models, including the new WC18 and WC127 truck and tractor models in the lighter field and a new truck in the heavy duty field, the WC 32.

The entire WC line has more horsepower for the same gross vehicle weight capacities than previous models, making possible new fuel economy and lower maintenance cost and permitting more rapid acceleration and higher sustained speed without excessive top

speed. Curtis Driver, local distributor, has been informed he can expect delivery on some of the latest models in the near future.

In announcing the new WC series, J. N. Bauman, vice-president in charge of sales of the White Motor Co., issued the following statement to Driver and other distributors and dealers in the Southwest:

"It has long been the custom in the automotive industry, to make considerable changes in the appearance of new models, along with mechanical changes. In the case of motor trucks, these appearance changes have little or no practical value to the operator and, in fact, tend to obsolete his equipment prematurely.

line of motor trucks and tractors is proud of the fact that appearance-wise the new models are identical with the Super Power Whites now in service."

Garcia May Get Re-Match With Ike Williams.

PHILADELPHIA, Nov. 9. (AP)—The status of Buddy Garcia as a lightweight title contender was a moot question today after the Texan's one-round kayo by Champion Ike Williams.

The discussion arose as the principals and fans at last night's non-title bout at the arena divided into two camps.

One group insisted Garcia, Galveston, Tex., hopeful, was knocked out by a stomach blow after the bell ending round one.

The other was equally insistent the payoff punch and the bell arrived together.

From all indications the argument will have to be settled at a future meeting of the two fighters—provided such a meeting is decided on by the battlers' handlers.

Garcia, who weighed in at 136 to Williams' 140, gave evidence of making it an interesting evening for the ringersiders in the three minutes' action of the first round.

He lived up to his pre-fight declaration that he would trade the champion blow for blow and waded in, apparently undaunted by the Trenton, N. J., champion's famed bolo blows to the body.

As the bell ended the round Williams landed a withering right blow to Garcia's mid section and the Texan dropped to the canvas, writhing in agony. He was carried to his corner and the fight was awarded to Williams by Referee Dave Bellor when Garcia's manager, Eddie Walker, indicated his boy would be unable to come out for the second round.

Walker, immediately after the fight, said he thought Garcia "was hit after the bell," but later indicated he would accept the decision without argument.

Garcia said in his dressing room "I heard the bell and then I was hit. Then I drew a blank."

Williams' post-fight stand was that he "landed the punch right at the bell."

The fight had been arranged as an over-the-weight 10-round contest with the object of testing Garcia as a title contender. What happens now is anybody's guess.

Runs Into Top Aerial Combine

By The Associated Press

The Southwest Conference's leading ball-carrier will be working against the greatest pass combination when a Southern Methodist tackles Arkansas at Fayetteville Saturday.

Clyde Scott, an Olympic hero who uses his track speed to outrun the tacklers on the gridiron, is the circuit's ace at advancing the ball by rushing. Scott has rolled up 639 yards on 90 carries this season.

The Arkansas star will be meeting Gil Johnson, the conference's top passer, and Doak Walker, the leading pass receiver. Johnson, kingpin of Southern Methodist's aerial circuit, has thrown 73 passes and connected 48 times for 727 yards and seven touchdowns.

Walker has caught 10 throws for 248 yards and three touchdowns as the leading receiver in yards gained. Morris Bailey of Texas Christian has snared the most passes—21 for 221 yards—and Charlie Wright of Texas A&M has gained the second largest yardage with his 17 catches for 223.

Walker also is the conference's leading punter. Doak has averaged 41.9 yards on 20 kicks. Gordon Long of Arkansas is second in punting with 38.0 on 15 boots.

Scott is second in total offense in the conference with 877 yards on 110 plays. Lindsey Berry of Texas Christian, whose team meets Texas at Fort Worth Saturday, is No. 1. He has gained 1,055 yards on 215 plays.

The second best passer in the conference is Paul Campbell of Texas, who has thrown 100 and completed 46 for 712 yards and four touchdowns. Berry is third with 44 completions in 88 throws for 485 yards. Berry also is second in ball-carrying with 550 yards on 127 runs.

In punt returns it's George Sims of Baylor, whose team plays Tulane at New Orleans Saturday. Sims has run 12 punts back for 303 yards—an average of 25.2. Long is second with 147 yards on seven for an average of 21.0.

Texas leads the conference in team offense with 2,153 yards but Southern Methodist has the better average. The Methodists have gained 2,269 yards in seven games. Texas made its total in eight.

Texas leads in rushing with 1,616 and Southern Methodist is passing with 1,072. Defensively Texas leads with 1,332 yards given up in eight games. Arkansas, in second place, has allowed 1,391 yards in seven.

In the other game for the day in the conference, Rice plays Texas at College Station. Rice will show the third leading ball-carrier—Bobby Lantrip who has made 510 yards on 114 carries—and A&M the third top punt-returner—Charley Royalty, who has taken seven kicks back 135 yards for a 19.0 average.

Funk Triumphs Over Al Getz

Dory Funk Improves himself in the eyes of society Monday night, wrestling society that is.

The Hammond, Indiana, veteran employed a novel leg hold to trim Al Getz of Pittsburgh, Pennsylvania, in the third of three falls.

Funk had won the first fall and Getz the second.

In the opener, Dick Trout had less trouble than expected with Rod Fenton, gaining the nod in two straight falls.

One of the better crowds of the year turned out to see the matches.

Smith To Berlin

MOSCOW, Nov. 9. (AP)—United States Ambassador Walter Bedell Smith leaves this week for a trip to Berlin and perhaps Paris.

LOOKING 'EM OVER

With TOMMY HART

The 335,219 customers the Longhorn baseball league drew during the 1948 season was a little below par for the Class D course—13 of the 24 leagues in the National Association each outdrew the eight clubs' aggregate—but the turnout was respectable enough, considering the differences in population.

Our organization was outdrawn by the Evangeline circuit, an eight-club family which lured an amazing 683,154 customers through the turnstiles, North Carolina, Ohio-Indiana, Wisconsin State, Western Carolina, Pomy, Kitty, KOM, Georgia-Florida Georgia-Alabama, Florida State, Coastal Plain and Appalachian leagues.

The Longhorn loop accepted more business than the Virginia, Tobacco State, Sooner State, Illinois State, Georgia State, Far West, Eastern Shore, Blue Ridge, North Atlantic, Alabama State league.

Of the 174 clubs in Class D ball, an even 50 of them played to more paying customers than did Big Spring. Most of those cities, of course, are bigger than Our Town, else are situated in more thickly populated areas.

Big Spring drew a respectable \$9,508 customers in 60 home games. The best Class D city in the country from the standpoint of attendance, was Alexandria, La., of the Evangeline league, which had 127,178 customers in all.

TEAMS IN HIGHER LEAGUES HAD LESS BUSINESS

The Broncs also did more business at the gate than 42 clubs in Class C ball, 15 in Class B and even three in Class A circles. They actually outdraw all teams in the Class B Colonial loop, which drew only 211,845 fans for the year.

STASEY, LIKE BABE RUTH, STARTED OUT AS PITCHER

On the subject of baseball, many a local fan has probably forgotten that the village pride, Pat Stasey, started his pro diamond career as a pitcher, not an outfielder.

The Irishman threw them for Charles Barnabe here back in 1908. He'll always remember his first trip to the hill. He shut out Midland, 6-0, on April 28, 1938 and hit a three run homer that clinched the outcome. The Midlands got two hits that day. One was by Jake Suytar, big first baseman who later was a Class AA star, and the other by Lefty Nelson, the pitcher.

Nelson's catcher that day, by the way, was Clarence Beers, the Texas league's leading hurler in 1947.

LOCAL POLO TEAM STILL IN SCRAP AT EL PASO

Dr. M. H. Bennett, the local poloist whose team was defeated in the Fort Bliss Centennial tournament last Friday by a Mexican quartet, had to depart the lineup the following day and return home due to the press of business. His place in the lineup was taken by Bill Dent, a one-goal player of El Paso.

The Big Springers play Cecil Smith's San Antonio troupe in the consolation in the Open tourney Wednesday and were to see action in the low-goal show yesterday.

Bennett said his club's reversal at the hands of the Mexicans did not surprise him or his mates. Two members of that club are the famed Graziada brothers, just about the top mallet-wielders in all Mexico.

TALENTED VIC WEBBER HEADED THIS WAY AGAIN

This should come as good news to all wrestling fans hereabouts. Vic Webber, probably the most colorful grappler ever to appear here, is back in the ring and working his way in this direction. He sends his regards from Amarillo to all his friends here.

Vic was active back in the days Herman Fuhrer promoted the matches in the open lot west of the Crawford hotel.

His most famous match was with the original Masked Marvel. It drew something like 1500 fans and settled nothing because it wound up in a draw.

NMMI DEFEATED

Roy Barry Leads Locals To Win

EL PASO, Nov. 9. (Sp) — Big Spring trounced the New Mexico Military Institute polo team, 13-9, here Monday afternoon to advance into the second round of the low-goal division of the Fort Bliss Centennial tournament.

At the same time, San Angelo was drubbing a Juarez, Mexico, quartet, 12-5.

Roy Barry, seven-goal veteran, scored the astonishing total of ten goals for the Big Spring team.

Howard county troupe was handicapped at five goals. The West Texans had pulled within one goal of the collegians at half time.

Lamesa was to make its second start in the high-goal bracket at 2 p. m. today, meeting the well-regarded Marte team of Mexico City in the semi-finals.

Gus White, Sr., and Gus, Jr., lead the Lamesa attack.

Bear Regulars May Miss Game

By The Associated Press

Baylor University appears hardest hit by injuries as Southwest Conference football teams prep for games Saturday.

The Bears have four key men on the sidelines—Back George Sims, Tackle Co-Captains Buddy Tinsley and Bently Jones and End J. R. Closs.

All four men missed practice yesterday. Three may see limited service against Tulane this week. Closs, who has a shoulder injury, may be out for the rest of the season.

Arkansas' hopes for an upset victory over Southern Methodist took an upward turn yesterday. Fullback Leon Campbell, defensive Halfback Louis Schaufele and End Billy Hix were checked for action against the Mustangs.

Dick Rowan and Charlie Tatom probably will be Texas' only cripples against Texas Christian this week.

Center Rowan has a bruised hand and Tatom an injured leg.

Texas Coach Blair Cherry commented on the Longhorns' 13-10 decision over Baylor last week: "We're getting there, but we've been doing it the hard way."

End Wayne Rogers won't play for Texas Christian this week. He has a bad knee. Dave Blossom, blocking back who has a dislocated shoulder, is a doubtful performer.

With these two exceptions, the Frogs are in great shape.

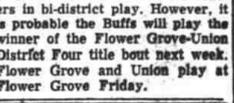

Rice, hampered by injuries all year, came out of last week's upset victory over Arkansas in top shape.

Bufs To Rest This Week-End

FORSAN, Nov. 9 — Forsan's mighty Buffaloes, champions of the District Seven six-man football conference and winners over the previously unbeaten Grandfalls Cowboys last weekend, will take easy this weekend while championships in other leagues are being decided.

In the past District Seven kingpins have met District Five leaders in bi-district play. However, it is probable the Bufs will play the winner of the Flower Grove-Union District Four title bout next week.

Flower Grove and Union play at Flower Grove Friday.

Michigan Regains Lead In AP Football Ratings

NEW YORK, Nov. 9. (AP)—The Michigan Wolverines topped the nation's football teams in the weekly Associated Press poll of sports writers today, regaining first place from Notre Dame by a slim margin.

Although the Irish outscored Michigan, 90-77, in firstplace votes. The point total gave Michigan the No. 1 spot by a margin of 1,836 to 1,775 — just the opposite of last week.

Army surged into third place with 14 first place ballots and a 1,533 points. California moved up a peg to fourth, with 11 of the 205 voters ranking them the best in the country and a total of 1,244 points.

Penn State showed the most startling advance, jumping from 14th to fifth on its fine 13-0 victory over previously unbeaten Pennsylvania. The Nittany Lions drew only one first place pick but had 840 points.

Despite North Carolina's unexpected 7-7 tie with William and Mary, the Tar Heels pulled seven firsts and ranked sixth with 757 points. They dropped only three pegs on the tie.

Southern Methodist, a 20-14 winner over the Texas Aggies, moved up one step to seventh with 625 points and Northwestern hopped into eighth position on a 16-7 margin over Wisconsin with a point total of 575.

Oklahoma came out of nowhere, hopping from 15th to ninth with 466 points by smothering high-ranked Missouri, 41-7. Clemson moved into tenth place with 284.

Penn State, Oklahoma and Clemson are the new faces in the top 10. They shoved out Georgia Tech, which fell from sixth to 11th, Pennsylvania which dropped from 7th to 17th, and Missouri, which tumbled from ninth to 20th.

In addition to Michigan, Notre Dame, Army, California, Penn State and North Carolina, others receiving first place votes were Oklahoma 5, Clemson 3 and Michigan State and Georgia, each one.

The point standings on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes in parentheses) are:

1. Michigan (77) 1,836
2. Notre Dame (80) 1,773
3. Army (14) 1,533
4. California (11) 1,244
5. Penn State (1) 840
6. North Carolina (7) 757
7. Southern Methodist 625
8. Northwestern 575
9. Oklahoma (5) 466
10. Clemson (3) 284
11. Georgia Tech 205; 12. Michigan State (1) 158; 13. Georgia (1) 152; 14. Minnesota 135; 15. Oregon 126; 16. Nevada 95; 17. Pennsylvania 82; 18. Tennessee 56; 19. Wake Forest 39; 20. Missouri 11.

Longhorn Loop Directors To Meet Sunday

Directors of the Longhorn baseball league will gather at San Angelo to discuss problems dealing with the future of the host team.

Financial clouds have cast a shadow on the future of the Angulo club—nothing that can be cleared up, mind you, but the problem calls for a study by legal minds.

The league's new club, Roswell, N. M., will be represented by Bill Moore, who is in the process of moving his equipment from Ballinger to the New Mexico city. Moore has assured all others he will have his park and lights ready to go in plenty of time.

Ground for the new park at Angulo has been cleared away and the steel is on hand, according to reports.

At Ballinger, the stadium will be located nearer the town than before, says reports.

Plane Still Lost

GUAM, Nov. 9. (AP)—A 10,000 square mile search by air and sea has failed to locate a B-29 bomber of the 23rd Reconnaissance Group missing since Sunday.

Baseball Draft Opens Wednesday

CINCINNATI, Nov. 9. (AP)—Some 5,000 or more young men hope with all their might that they are drafted tomorrow.

Into major league baseball, that is, and not some branch of the armed services.

Representatives of the 16 clubs in the American and National Leagues will begin their bidding for minor league talent at 11 a. m. in the office of Baseball Commissioner A. B. Chandler.

Of the thousands of eligible players, however, only a handful will be drafted, if the men who write the checks are as wary as they have been in the past.

There were only 29 men drafted last year, at an outlay of \$272,500, according to records in the commissioner's office.

Sixteen million women—1 out of every 3 over 14 years of age—will be at work, or seeking work by 1950. More than 1 1/2 million more will enter employment each year thereafter.

Will SHE HAVE TO GO TO WORK?

Will your widow have to go to work "to keep things together and make ends meet?" Will she be prepared to enter a lucrative profession... fill an executive's chair... start a business of her own? Or will she have to seek employment wherever she can find it, at whatever she can get?

More than 90% of all the women employed in our country work because they have to eat, or need the money to support others. (Women's Bureau, U. S. Department of Labor)

The thing nearest your widow's heart will be security. To her, security will mean more than investments, assets, money in the bank. Security—to her—will mean happy, contented human relationships... an unbroken family... a home safe against the darkness outside... a placid place to nurture children. And you can give her that security through Southwestern Life Insurance.

If you are 35 and your wife is, say, 52, by saving as little as \$15.50 a week you can assure her \$100 a month for life. If she lives until she is 52, she will get a total of \$24,000 in \$100 monthly checks. If she lives until she is 72—as many women do—she will get a grand total of \$48,000. One hundred dollars a month to her should you be taken out of life's picture... or \$100 a month for life for you, if you want it, to start when you are 65. Give your wife a financial nest-egg—a guaranteed income that she can depend on—an income that she will have as long as life lasts. Ask for a plan to fit your needs today.

WAC Recruiters To Visit Here
 Capt. Elizabeth M. Carpenter and Sgt. Edna Heckmann will be in Big Spring Wednesday to interview women interested in enlisting in the WAC or WAF.
 The two units are now parts of the Regular Army. Women between the ages of 18 and 35, who are high school graduates and of high moral character are eligible to apply for enlistment. The same benefits of pay, promotions, schooling and training for careers apply to women as they do to men in the Army.
 Job opportunities are open in many fields, among them administrative and office, medical and hospital technicians, personnel, public relations, physical sciences, finance, photography, drafting, supply, foods and communications.
 Capt. Carpenter and Sgt. Heckmann will work out of the local recruiting office.

Admitted To Hospital
 Connie Juanita Press, 14-month old daughter of Mr. and Mrs. C. A. Press, Big Spring, has been admitted to the Texas Scottish Rite hospital for treatment. Supported by contributions, the hospital offers best possible medical attention to Texas crippled children accepted for treatment.

Baptists To Mark Centennial With Their Biggest Meeting

HOUSTON, Nov. 9. (AP)—Texas Baptists mark their 100th anniversary with the opening of the biggest general convention in history. Laymen and ministers numbering between 8,000 and 10,000 are expected to attend the formal opening of the convention tonight.
 Several thousand Baptists attended pre-convention sessions yesterday.
 The Texas convention was organized in 1845 at Anderson (Grimes County) but the centennial celebration was postponed until this year because of lack of hotel space sufficient to handle the delegates.
 During the convention delegates will take action on proposals calling for:
 1. A 10-year \$10 million per year budget program.
 2. An increase in next year's gifts to causes of the church outside Texas to \$3 million from the current annual appropriation of \$2 million.
 A drive to add 100,000 members to Baptist Sunday Schools over Texas is also expected to be launched at the convention.

Over 200 Representatives Attend Sweetwater District Youth Rally
 Over 200 representatives from Ackerly, Andrews, Big Spring First, Big Spring Wesley, Big Spring Park, Blackwell, Coahoma, Colorado City, Dunn, Buford, Garden City, Lamasa, Lorraine, Midland, Midland Asbury, Roscow, Snyder, Spangenberg, Stanton, Sweetwater First, Sweetwater Heights and Sweetwater Sixth Street Methodist churches attended the Sweetwater district Methodist Youth rally held at the local First Methodist Church Monday evening.
 The meeting was held in the form of an institute sponsored by the Northwest Texas Conference Council of the Methodist Youth Fellowship of which the Sweetwater district is a part. A team of four young people, Jim Pickens and Elizabeth Willis of Midland, Charlene Ross and Duane Byars of McMurtry College, Alibene, directed the meeting. Lucille Rucker, conference youth director, led a discussion for adult workers with youth.
 "New Discoveries" was the general program theme. Interest groups were divided as follows: social action, worship, missions, literature and Christian education and adult workers with youth.
 During the business session, the group voted to aid the building of a Chinese church and to buy scholarships for two young people in China.
 Dinner was served by women of the Big Spring First church.
 The program gets underway with a brief welcome at the high school gym-auditorium, then adjourns to the high school building where student council members will serve as guides. It terminates with an informal social hour in the cafeteria.
 Meanwhile, elementary school patrons are being urged to visit the classrooms of their children during this week to get a glimpse of the schools in action.
 Radio spots and a trailer at motion picture theatres, plus a window display in the Elmo Wassons men's store at the petroleum building, are boosting the observance.

Wildcat Logs Permian Show
 Shows in the lower Permian were reported Tuesday by the H. L. Hunt No. 1 Clayton & Johnson, south-central Borden county wildcat venture.
 The test cored from 6,505-23 feet, recovering five feet of shale lime and one foot of black shale. On a drillstem test from 6,493-6,523 feet, the tool was open for two hours, gas showing to the surface in 14 minutes and continuing through most of the period. A quarter-inch top choke and half-inch bottomhole choke was used.
 Recovery was 1,620 feet of clear oil estimated at 32 to 34 gravity; also 90 feet of mud slightly oil cut and 90 feet of oil and gas cut mud. The exploration then cored from 6,523-32 feet with recovery a little gray shale and no shows. It is now drilling ahead in lime and shale at 6,594 feet.
 Location is 680 feet from the north and west lines section 47-31-4n, T&P, approximately eight miles northeast of the Vealmoor pool in northern Howard county and around nine miles south of Gail.
 In southeastern Dawson county, Seaboard No. 1 S. E. Lee, 440 feet from the north and east lines of section 47-34-S-n, T&P, near the shallow Sprayberry pool, ran a drillstem test from 10,655-863.5 feet using a 1,000-foot water blanket. Recovery was the water blanket and 30 feet of drilling mud with no shows. It is now drilling ahead at 10,688 in lime and is to take another drillstem test. The section is thought to be the Devonian.

Parents Will 'Go To School'
 One of the featured observances of American Education week is set for 7:30 p. m. today at the high school.
 Patrons will have the opportunity to "go to school" for approximately an hour, making the very classes that their children make from day to day. Regular teachers will call the roll in the eight-minute class sessions and briefly explain objectives of the course.
 The program gets underway with a brief welcome at the high school gym-auditorium, then adjourns to the high school building where student council members will serve as guides. It terminates with an informal social hour in the cafeteria.
 Meanwhile, elementary school patrons are being urged to visit the classrooms of their children during this week to get a glimpse of the schools in action.
 Radio spots and a trailer at motion picture theatres, plus a window display in the Elmo Wassons men's store at the petroleum building, are boosting the observance.

Collins On Committee
 J. B. Collins, Big Spring, has been named to a planning executive committee by Abilene Christian College.
 F. O. Mastin, Wellington, and B. Sherrord, Lubbock, have been named co-chairmen of the long range development campaign of the college.
Are Parents
 Mr. and Mrs. J. F. Neel became the parents of a daughter, Jan Rene', born Nov. 5 in the Martin County Memorial hospital in Stanton.
 Guests in the Neel home are Mrs. Neal's mother, Mrs. Clyde Milam and Mrs. J. W. Stokes of Memphis.
 The longest straight-line east-west distance in the United States extends 2807 miles, from West Quoddy Head, Maine, to Yaquina Head, Oregon.

Delegates Sought
 Efforts are being made to send as many as five people to Houston Nov. 17-18 for a conference sponsored by the Hogg Foundation and the Women's Foundation of America.
 The community council of Big Spring, operating in conjunction with the Hogg Foundation, is seeking representatives, said W. C. Blankenship, chairman. The council was set up here this year as a means of interesting the entire community in whole community problems, particularly those which affected the home welfare. Outstanding authorities will be at the Houston parley.

City Commissioners Face Lengthy Agenda
 Big Spring city commissioners were scheduled to meet at 5 p. m. today at the city hall.
 Although a lengthy agenda was planned, City Manager H. W. Whitney said that the session probably would be devoted to routine business matters.

 Efforts are being made to send as many as five people to Houston Nov. 17-18 for a conference sponsored by the Hogg Foundation and the Women's Foundation of America.
 The community council of Big Spring, operating in conjunction with the Hogg Foundation, is seeking representatives, said W. C. Blankenship, chairman. The council was set up here this year as a means of interesting the entire community in whole community problems, particularly those which affected the home welfare. Outstanding authorities will be at the Houston parley.

Wildcat Logs Permian Show
 Shows in the lower Permian were reported Tuesday by the H. L. Hunt No. 1 Clayton & Johnson, south-central Borden county wildcat venture.
 The test cored from 6,505-23 feet, recovering five feet of shale lime and one foot of black shale. On a drillstem test from 6,493-6,523 feet, the tool was open for two hours, gas showing to the surface in 14 minutes and continuing through most of the period. A quarter-inch top choke and half-inch bottomhole choke was used.
 Recovery was 1,620 feet of clear oil estimated at 32 to 34 gravity; also 90 feet of mud slightly oil cut and 90 feet of oil and gas cut mud. The exploration then cored from 6,523-32 feet with recovery a little gray shale and no shows. It is now drilling ahead in lime and shale at 6,594 feet.
 Location is 680 feet from the north and west lines section 47-31-4n, T&P, approximately eight miles northeast of the Vealmoor pool in northern Howard county and around nine miles south of Gail.
 In southeastern Dawson county, Seaboard No. 1 S. E. Lee, 440 feet from the north and east lines of section 47-34-S-n, T&P, near the shallow Sprayberry pool, ran a drillstem test from 10,655-863.5 feet using a 1,000-foot water blanket. Recovery was the water blanket and 30 feet of drilling mud with no shows. It is now drilling ahead at 10,688 in lime and is to take another drillstem test. The section is thought to be the Devonian.

William S. Hart's Estate Is Valued At \$1,136,732

LOS ANGELES, Nov. 9. (AP)—The estate of William S. Hart, late hero of western films, is valued at \$1,136,732.

This was disclosed yesterday in a new court-approved accounting. The will left most of the estate to Los Angeles County and to the state for public parks.

Hart's son, William, Jr., is contesting the will.

The average yearly rainfall in the United States equals 1300 cubic miles and weighs an approximate total of six trillion tons.

Scramble For GOP Leadership Apparently Is In Making With Stassen A Top Runner

WASHINGTON, Nov. 9. (AP)—A scramble for Republican Party leadership—with Harold E. Stassen in the making as an aftermath of last Tuesday's election.

Despite an assertion by Gov. Thomas E. Dewey that he has no plans to step down as titular GOP head, his second straight defeat for the presidency may leave him little to say about future Republican policies.

These policies largely will be shaped by the Republican minority in Congress.

There such familiar figures as Sen. Arthur H. Vandenberg of Michigan, Sen. Robert A. Taft of Ohio, Sen. Kenneth Wherry of Nebraska, House Speaker Joseph W. Martin, Jr., of Massachusetts and Floor Leader Charles A. Halleck of Indiana will be in the saddle.

But none of these is a standout now for the Republican presidential nomination in distant races.

Instead, some of the Republican politicians who have caught their

wind after the surprise drubbing given them by the Democrats are beginning to look outside the formal congressional leadership.

Those catching their eye include men like Stassen, Sens. Irving M. Ives of New York, William Knowland of California, Raymond Baldwin of Connecticut, Leverett Saltonstall and Henry Cabot Lodge, Jr., of Massachusetts and Homer Ferguson of Michigan. Rep. Clarence Brown of Ohio is mentioned among House members.

Governors who might be regarded now as available for one of the top spots on the ticket four years hence include Alfred E. Driscoll of New Jersey, Ernest W. Gibson of Vermont, Luther W. Youngdahl of Minnesota and Frank Carlson of Kansas.

While most of the new crop of Republican hopefuls hold public office, Stassen has perhaps as good a forum as any of them in his presidency of the University of Pennsylvania. His understanding with the university is that he is to have

a free hand to engage in politics. Stassen's appeal to many Republicans lies largely in their belief that he has widespread influence among younger voters.

It was this asset, more than any other, which was said to have led Dewey to forget some of Stassen's pre-convention cracks and invite his former opponent to take an active part in the campaign.

In a week-end news conference at Albany Dewey exhibited a stack of telegrams from students and others and said:

"The youth of the country has evidenced in this flood of wires that they believe the Republican Party is the best instrument for their future to insure a country with opportunity for young people."

In some quarters, Republicans were blaming loss of the farm vote for their defeat.

Sen. Aiken (R-VT) told a reporter he thinks that despite Dewey's assurances to the contrary, farmers were "afraid the Republicans might cut price supports."

Aiken, who classes himself among the so-called liberal element of the party, disclosed over the week end that he has written a personal letter to Mr. Truman, pledging "full co-operation" with the Democrats on such things as, Social security expansion, development of natural resources, federal aid to education and a permanent long range farm support program.

East Coast Ship Tieup Is Averted

NEW YORK, Nov. 9. (Tuesday)—A threatened tieup of East Coast shipping by 45,000 AFL longshoremen was averted early today, a federal conciliator announced.

Thomas R. Stuetel, of the U. S. Mediation and Conciliation Service, said a settlement of a wage dispute between the AFL International Longshoremen's Union and East Coast shipping employers was reached at 1:20 a.m. (est).

The strike, threatened for 12:01 a.m. Wednesday, would have affected both East and Gulf Coasts. Gulf Coast stevedores had agreed to follow the lead of the I.L.A.

The settlement came at a meeting of union and employers officials with the mediation service.

Combat Veteran Is Facing Term As Draft Dodger

MINNEAPOLIS, Nov. 9. (AP)—J. Kingsley Widmer, 23, a combat veteran, today faced eight months in a federal reformatory because he refused to register for the draft.

Widmer, of Minneapolis, and a University of Minnesota student, pleaded no defense. Earlier in a letter to the federal district attorney he said he refused to register because "the Army is not a democratic institution."

Judge Mathew M. Joyce said, "I don't want to send you to prison but you leave me no alternative." Widmer spent 10 months overseas and thus would be exempt from service, the judge pointed out.
