First Donation Received For Day Care Center

The first donation for the Day Care Center for Spearman was received Wednesday when Argus A. Burnett, executive director of the Texas Panhandle Action Corporation of Amarillo presented a \$1,000 check to Judge Johnny Lee at the Hansford County courthouse. Anyone wishing to donate to this worthy cause may contact Judge Lee. Financing for the center will be 75% of federal funds and 35% community funds.

Beverly Jenkins, director of the day care center, said Wednesday that they hoped to have the center in operation by the end of June. The center will be opened in temporary quarters until a permanent building can be obtained. The center will be basically the same as the one in Perryton. Hours will be from 7:30 a.m. to 6 p.m. five days a week. The day care facility is primarily for working mothers. Requirements for eligible families is based on

income, and fees for child care will vary according to family income. The license for the center will be for 40 children and Mrs. Jenkins said they will probably begin with 30. The center will be licensed for children ranging in age from infants to 10 yrs. old, which would take care of school children after classes and before their parents get home from work. Staff members will be taking courses in child development and Mrs.

Jenkins stressed that children will get educational benefits from the center and will be able to progress at their own pace in the activities. Donations for the center are needed since 35% of the funds must be raised locally and any individual or organization may donate. Donations will be tax deductible. Five percent of the funds obtained locally will be used to pay for licensing and to set up the program.

Beverly Jenkins, director of the Day Care Center and Judge Johnny Lee are shown with the first donation to the center. The Texas Panhandle Action Corporation gave a \$1000 check to start the ball rolling for the 35% community funds which must be raised locally.

Red Cross Board Members Meet

At a 7:00 A. M. Tuesday meeting of the Board members of the Hansford County Chapter of the American Red Cross, plans were discussed reviewing where we stand in regards to Disaster planning.

The meeting, conducted by Frank Lewis, chairman of the Hansford County ARC, was prompted by the Disaster Training session held this past week in Perryton at which Board members Lewis and J. L. Brock attended. The immediate necessity of preparedness for a major disaster was the paramount concern of the Perryton session.

Along with other emergency groups in the County, the American Red Cross is most aware of the tremendous need of pre-planning and not waiting for a tragedy to prompt action.

Following the hour long meet, the group adjourned to meet in the near future with more concrete plans and further work done toward setting up a workable plan for disaster in our area—a thought not pleasant but certainly most important.

Attending the Board meeting were Chairman Lewis from Morse; Mrs. O. V. Walker, Jr., Service Chairman from Gruver; Mrs. Bill Maupin, Public Relations Chairman from Gruver; Milton Jochetz of Gruver, Blood co-chairman with S. M. Anderson of Spearman; J. L. Brock, secretary-treasurer from Spearman; Jack Weldon, vice chairman of the Unit from Gruver; and Don Wirsdorfer, Water Safety Chairman from Spearman.

Persons who use insecticides in their gardens should read all labels carefully before applying the chemical, said Agriculture Commissioner John C. White. Pesticides applied at rates exceeding recommendations may be poisonous to the plant and develop resistance to the applied material in target pests.

REMEMBERING...

By BILL D. BROOKS

SANDSTORMS

Out of the northwest come billowing reddish-brown clouds. Common to most areas of our state, this phenomenon which serves little or no useful purpose, is the sandstorm. Before air conditioning, weather stripping and other such modern improvements, the dust was at times hardly bearable. Sometimes lasting for days, sandstorms may all but stop activity and commerce. Human, animal, and plant life all share in this bitter chastisement from nature.

I don't know what the length of the longest sandstorm on record might be but I remember one when I was a youngster that lasted over three weeks. Sand came into our old house literally by the tubs full. It was impossible to breathe, sleep, or eat without a lot of difficulty. We covered the windows with wet bedsheets and towels but sand still came in.

Piles of sand (called sand dunes) build up against buildings and around fences. Did you know it is possible for sand to completely cover a four strand barbed wire

fence during a single sand storm? One time in a really sandy area, the sand covered one farmer's fence so he just built another above the first by setting new posts in the sand dune. A month or so later there was a severe sand storm which lasted for days. Looking out one morning, he was surprised to find that all the dune was gone, leaving both fences lying tangled together, completely out of the ground.

Lester told about a sandstorm he was in one time. He got his pickup stuck in a deep drift of sand. The vehicle was high-centered and wouldn't move. The axels were setting squarely on the ground. Nothing else to do, he walked through the blinding dust a few miles to get help from a neighbor. When the two men returned, imagine how bewildered they were to find the pickup, not stuck as it had been, but setting high on the ground, ready to drive away. Wind had blown the sand completely away from the wheels.

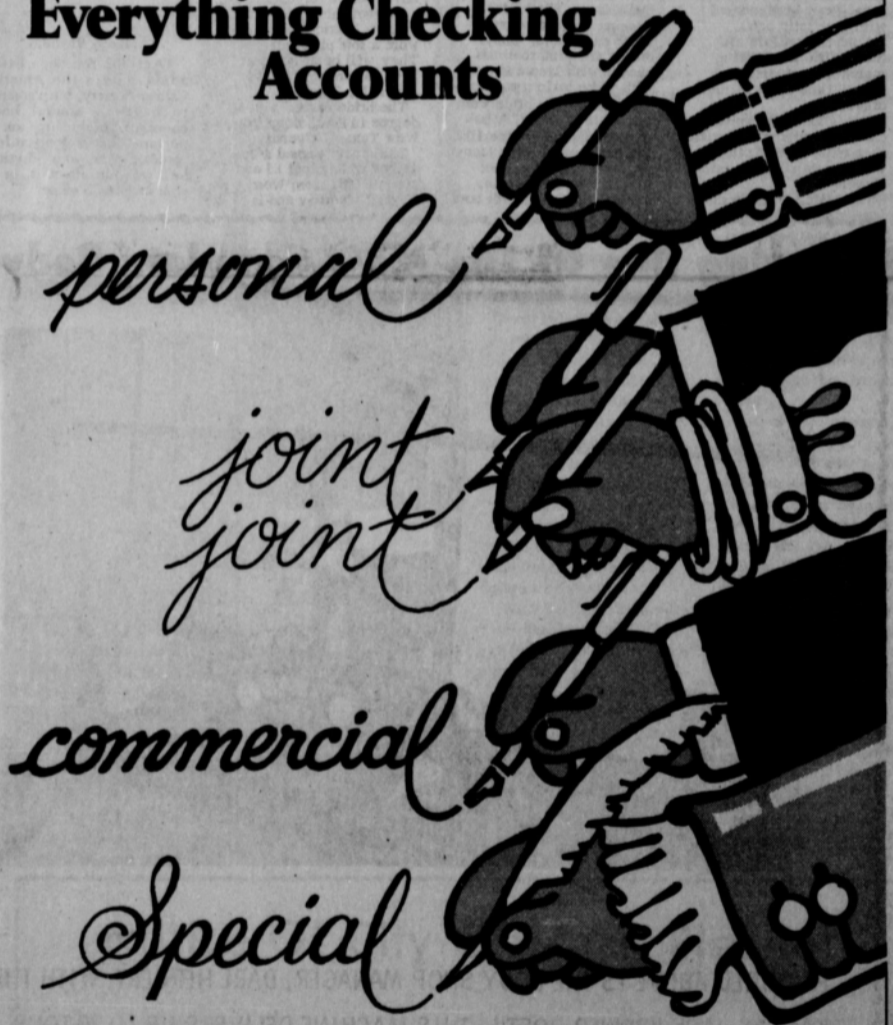

Sandstorms are unpredictable. A fierce wind might blow but not pick up

major subsidiary, will have a substantial adverse effect on Santa Fe Industries' first quarter results. Recent trends offer some hope that results of consolidated operations will improve during the balance of 1975."

sand. Dust may be in the air when there is no wind at all. I've seen dust blow when it's pouring down rain and also during a snow storm. It may blow for several days and suddenly stop for no apparent reason. Lots of studies have been made and many things done to try to prevent sand storms but with little success. I guess this is nature's way of telling us we don't have all the answers, even with modern technology.

Lead poisoning is a seriouscrippler and killer of young children. At least 400,000 children today have elevated levels of lead in their blood. Every year around 100 children die from lead poisoning and 30,000 endure its symptoms. Betty's case is typical:

Two year old Betty was a lively, adventurous child. Then, her parents noticed that she was becoming less energetic and frequently had stomach aches. One day Betty's mother found her chewing on the peeling paint on the windowsill in the living room. Suspecting lead poisoning, her parents rushed Betty to the hospital emergency room where tests indicated she had an unusually high level of lead in her blood. After one week of treatment in the hospital, Betty was able to go home.

This example illustrates the most common source of lead poisoning--peeling and chipped leaded paint found on the windowsills, doors, and walls of older homes. Some children, usually those from one to six years, apparently like to nibble around on peeling paint. If the poisoning is not caught and treated early, the Texas Me-

dical Association warns that it can lead to irreversible brain damage and even death.

Other ways children are exposed to lead poisoning are by chewing or mouthing objects covered with lead paint such as children's furniture, toys and other playthings, and inhaling lead dust during restoration or repair of lead-painted homes. Adults are also susceptible to this type of lead poisoning and should avoid breathing lead dust.

The Texas Medical Association offers these tips to lessen the dangers of lead paint poisoning:

1. Examine carefully the condition of all your painted walls, woodwork, windowsills, and doors--especially those areas within the reach of children.
2. If the paint is cracking or peeling, contact your physician and have your children's blood lead level checked.
3. If you recondition your home yourself, there are several steps you can take to rid it of lead paint:
 - Scrape off chipped and cracking paint on windowsill, woodwork, and doors. Sand and repair the area;
 - Strip and sand walls,

and plaster holes before repainting. Or, instead of painting, cover walls with wallboard, plywood, or paneling:

- At all times, keep paint flakes and chips swept up. Dispose of lead when removing old paint;
 - wear a face mask;
 - Use a wet mop after cleaning up debris;
 - Don't eat or let others eat in a room where work is going on;
 - Make sure that plates and eating utensils are not exposed to lead dust.
- If you know your children have eaten paint or if you even suspect that they

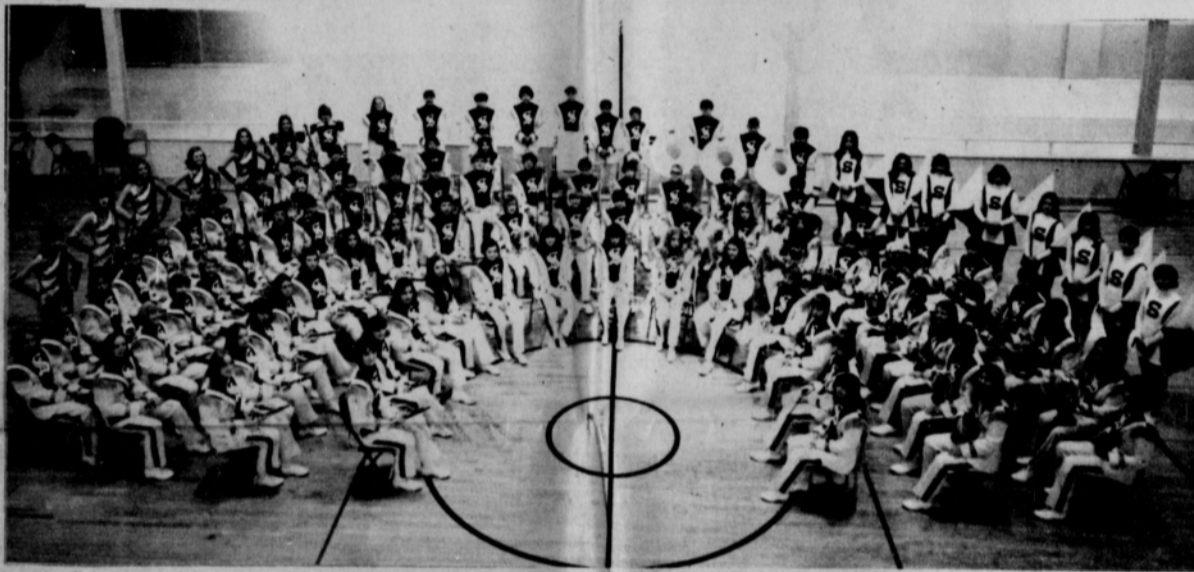

have, you should take them to your doctor or local clinic immediately for a checkup. Lead poisoning must be treated early if it is to be cured. Children who have lead poisoning may show unusual irritability, poor appetite, stomach pains and vomiting, persistent constipation, sluggishness or drowsiness.

Many victims, unfortunately, show no symptoms until it is too late. Only a doctor can tell if a child has lead poisoning.

Local Cigarette Bill High

NEW YORK, Mar. 15-Just about 10 years have passed since the U. S. Surgeon General issued the warning that cigarette smoking was injurious to health.

Since then there have been a number of other reports linking cigarettes with cancer, heart disease and other ailments.

To what extent has this moved Hansford County residents to change their smoking habits? How much are local people smoking these days compared with people in other areas?

Although many of them have given up the habit completely or are smoking less than they did in former years, according to the statistics, others have taken up smoking for the first time. The newcomers, mostly teenagers, have offset the gains that would otherwise have been achieved.

The facts and figures are based upon nationwide surveys made by the Department of Agriculture, the Tobacco Tax Council and others.

In Hansford County, according to a breakdown of these findings, an estimated 768,000 packs of cigarettes were smoked

Cook meals in the oven rather than on the range top, whenever practical. Ovens are generally more economical than top burners because they hold in the heat. Oven burners operate only intermittently whereas top burners operate continuously during cooking.

Related to the local population over age 18, this was equivalent to 173 packs per person.

In some sections of the country the rate of consumption was much greater than this and, in other sections, smaller.

Nationally, the average rate for the over-18 population was approximately 214 packs per capita. In the West South Central States it was 183.

The 214 national rate represented an increase of about five packs per person since 1973. It is the third consecutive year in which there has been a rise, states the Agriculture Department.

We are now within two percent of the record 217 packs per capita that were consumed ten years ago, when the Surgeon General's announcement was made. Since then, after an initial drop, it has been going up.

Although the cost of smoking has been increasing, due to inflation and higher taxes, that fact appears to have had little effect on consumption.

In Hansford County, an estimated \$389,000 was spent last year for cigarettes. It was at the rate of \$87.50 per smoker.

Veterans

The Veterans Administration today reminded widows of veterans whose pension and compensation payments were terminated after their remarriage that a 1970 law allows restoration of these benefits if they become widowed a second time.
Jack Coker, VA Regional Office Director, noted that prior to enactment of PL 91-376, VA benefits for a widow were permanently discontinued if she remarried.
This policy applied to VA pensions paid to needy widows of veterans who died of non-service-connected disabilities and to dependency and indemnity compensation (DIC) paid to widows of those killed in military service or who died of service-connected causes.
Widows interested in regaining these benefits should contact regional Veterans Administration offices, veterans county service officers, or representatives of local veterans service organizations.
Use glass or ceramic dishes in the oven--you'll find you can cook at temperature settings 25 degrees lower than those required for cooking similar meals in metal pans.

Eoff-Laffitte Nuptials Read

Miss Linda Eoff and Mr. Wayne Laffitte exchanged marriage vows March 8, 1975 in the home of Mr. and Mrs. Hix Spivey of Gruver. The Reverend John Denton, pastor of the First Baptist Church of Gruver, performed the 6:00 P.M. ceremony before an altar centered by an arrangement of white snap-

dragons, white mums, and pink roses, flanked on either side by candelabra. Miss Eoff is the daughter of Mr. and Mrs. H. V. Eoff of Gruver and Mr. Laffitte is the son of Mr. and Mrs. Leroy Laffitte of Booker, Texas. Nuptial selections were played by Mrs. James Dorman who also accompanied

Miss Susan Barber of York, Nebraska, as she sang "Together Forever" and "The Wedding Prayer".

The bride, given in marriage by her father, wore a floor-length gown of white crepe and lace designed with a high waist and a front lace inset edged by a ruffle. The full lace sleeves were gathered into wide lace-covered cuffs. The A-line gown swept to a deep ruffle at the hemline. She wore a dainty flower hairpiece of pink rosebuds and white daisies beribboned and bowed with white satin streamers. The bride observed all the traditions of something old, a handkerchief belonging to her paternal grandmother; new, the bridal attire; borrowed and blue, a garter and a sixpence in her shoe.

Mrs. Roy Deeds of Amarillo was the matron of honor and wore a pale pink flowered crepe gown fashioned like the bride's dress and she carried pink rosebuds. Candelighter was Lisa Eoff, sister of the bride, and her sister, Betty, presided at the guest register.

Serving the groom as his best man was his brother Larry Laffitte of Lubbock.

The mother of the bride chose a beige floor-length dress accented by a brown jacket and the groom's mother wore a floor-length gold dress. Each of the mothers wore a white mum corsage.

Following the ceremony a reception was held with the bride's table covered with a lace cloth over pink. Mrs. Brad Spivey made and decorated the heart shaped, tiered wedding cake that was served with punch and coffee by Betty and Petri Eoff, sisters of the bride; Cynthia Lockhart of Amarillo; and Debbie York of Berger.

Out-of-town guests included Mr. and Mrs. Travis Newby, Vickie and Cody, Oklahoma City; Mrs. Bush Hardesty, Tammy and Shannon, Broken Arrow, Oklahoma; Mr. and Mrs. Leroy Laffitte, Robert, Edward, and Christina, Mr. and Mrs. Lewis Deeds, Mrs. Hazel Lockhart, Bruce Wells, all of Booker, Texas.

Following a short wedding trip, the young couple are at home in Amarillo, Texas.

Mrs. Cloetta Bengé of Canyon registered the guests at a table marked with a wedding candle and spring flowers.

The bride, given in mar-

riage by her father, chose a soft white gown of mirlomist with a re-embroidered Swiss lace fitted bodice and short sleeves, complimented with full long sleeves of mirlomist cuffed in the lace. The A-line skirt was enhanced with a fourteen inch ruffle edged in Swiss lace which swept to back fullness and cascaded to a full chapel length train.

Her long veil was attached to a camelot cap embroidered and appliqued with Swiss lace. The bridal bouquet was a nosegay of white carnations, baby's breath and pink rosebuds backed with lace and tied with white satin streamers.

Attending the bride were her maid of honor, Miss Jo Kirkland from Amarillo, and bridesmaids Miss Jacque Gillispie and Miss Janet Russell both of Canyon. Each of the attendants wore

identically designed floor length gowns of soft pink crepe designed similar to the brides gown. Picture hats of pink lace trim and satin streamers completed their ensembles and they each carried one pink rose tied with satin streamers.

The grooms brother Mike Brenz of Canyon, served as the grooms best man with the brides brother Hal Shufeldt of Spearman and Larry Chennault of Amarillo serving as grooms-men.

Ushers for the occasion were Lyle Lindmark of Dalhart, Howard Price and Joe Nunn of Amarillo. Men of the wedding party wore black tuxedos with pink ruffled shirts edged in black.

The mother of the bride chose a two piece long sleeved floor length gown of soft green for her daughters wedding and the mother of the groom chose a floor length gown of bright yellow with an applique skirt. Both mothers wore carnation corsages.

Following the ceremony a reception was held in the Fellowship Hall catered by Mrs. Ora Lee Blackburn. Mrs. Elizabeth May of Coleman and Miss Clydean Reese of New Mexico presided at the bridal table which was laid in a pink ruffled floor length cloth. The two-tiered wedding cake was iced in white with garlands of pink rosebuds, sugar bells, two rings entwined and topped with three pink satin bells edged in pearls and complimented with a silver punch service set in cluster of grapes.

Mrs. Lyle Lindmark the grooms sister from Dalhart presided over the grooms table which was laid in a white cloth covered with an antique lace cloth that had belonged to the brides great grandmother. The grooms cake of chocolate was iced in chocolate and complimented with a silver coffee service.

For their honeymoon trip to New Mexico, Mrs. Brent wore a soft pink pant suit. They will be at home at 2701 Patterson, Apt. #4 Amarillo, Texas.

The bride earned a B. S. degree in Psychology from West Texas University. The groom earned a B. S. degree in Physical Ed and Business Ad. from West Texas University and is

presently employed by Bucks Sporting Goods in Amarillo.

ERA!

THE EQUAL RIGHTS AMENDMENT CAN BE RESCINDED

THE COMMITTEE TO RESTORE WOMEN'S RIGHTS has been organized in the Panhandle. It joins several other women's groups currently opposing the Equal Rights Amendment, some of these are: Women Who Want to be Women (WWW), Happiness of Womanhood (HOW), Women Activated to Rescind (WAR), Stop ERA, American Women are Richly Endowed (AWARE). The ladies are volunteers who have united in an effort to rescind the Texas Legislature's 1972 ratification of the Equal Rights Amendment. The leaders in the Committee to Restore Women's Rights are: Mrs. Bill Paxton, Amarillo Area Chairman; Mrs. Jim Brandon, Amarillo, Amarillo Chairman; Mrs. Frank Gregg, Amarillo, Treasurer; Mrs. Ron Lacy, Amarillo, Publicity Chairman.

On March 22, 1972, the United States Congress passed ERA. Eight days later, Texas became the 38th State to ratify with NO debate. It is necessary for three-fourths of the States to ratify before ERA becomes the 27th Amendment of the U. S. Constitution. To date, 34 states have ratified, and two (Nebraska and Tennessee) have rescinded their ratifications. 1975 is a target year for the proponents to gain ratification. However, this year a campaign concerning the dangers of ERA has brought about reversal of the hasty ratifications. Nine States have refused to ratify this year and 5 states are currently considering rescission. In Texas a Resolution (HCR 57) for rescission is now in the 17 member Constitutional Revision Committee. It must come out of Committee to be

voted upon by the Complete House of Representatives. If passed in the House, it will then go to the Senate.

The Committee to Restore Women's Rights says this will probably be voted upon within the next 4 to 6 weeks. Their efforts are toward an educational program to help explore the areas in which ERA will affect our every day lives. A few areas of concern, because under ERA there could no longer be differences on account of sex, are:

1. Our loss of States Rights--by passing the reserved powers of the States to the National Government. It would transform every provision of law concerning women into a constitutional issue to be ultimately resolved by the Supreme Court of the United States.
2. Registration of 18 year old girls - with subsequent drafting and combat duty
3. Loss of tax-exempt status of many of our churches and church-related institutions as a result of a conflict with the amendment, regarding the religious doctrine that only men should be in leadership capacities.
4. Legalization of homosexual marriages and, hence, their right to adopt children; work as teachers, policeman, etc.
5. Invalidation of laws enacted to prevent harsh industrial or commercial exploitation of working women.
6. Weakening of legal presumption that a woman should keep custody of her children and be given financial support in event of divorce.
7. Status change of "Women only" and "men only" institutions such as YWCA-

YMCA Boys Scouts-Girl Scouts; Sororities-Fraternalities; Women's Pages, etc.

None of the above possibilities can be denied according to astute Constitutional Lawyers throughout the country, from Harvard to Yale, to Notre Dame SMU, etc.

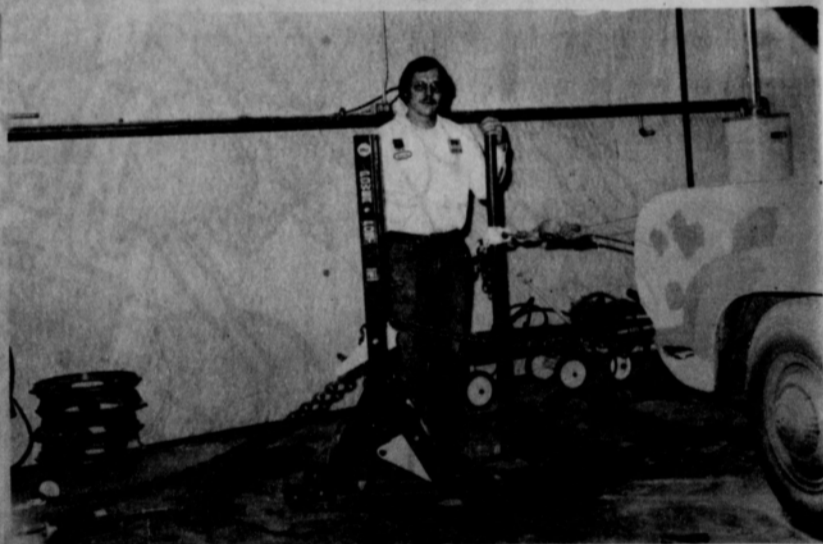

To abolish unreasonable and unfair discriminations against women is a worthy goal but a Constitutional Amendment which would abolish all legal distinctions between men and women is hardly an effective means to that end. One of the recurring myths that surround the Amendment is the allegation that all women are for it !!!!!!!!!!!!!!! THIS IS NOT TRUE!!!!!!

Opposition to ERA should be expressed immediately to your Representative and Senator. Panhandle area men to contact are: Rep. Phil Carey 60th Legislative District; Rep. Bob Close 64th Legislative District; Rep. Bill Clayton 74th Legislative District; Rep. Bob Simpson 65th Legislative District; Rep. Ben Byrum 67th Legislative District; Senator Max Sherman, 31st Senatorial District.

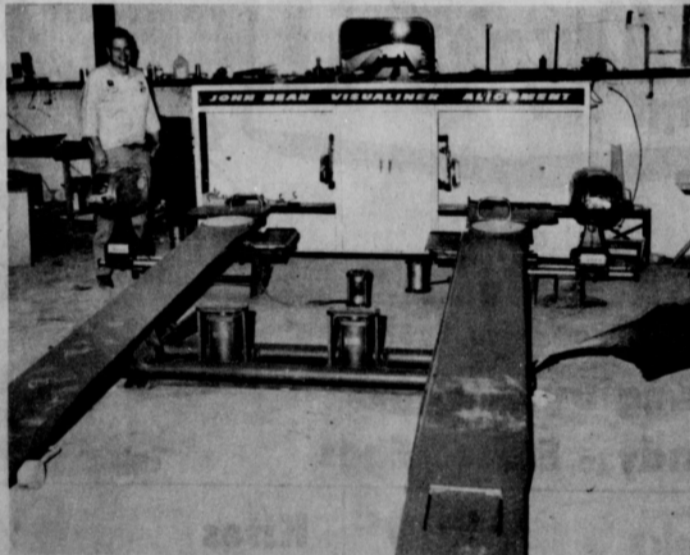

U. S. Senator Sam Ervin said "My view that the ERA is the most destructive piece of legislation to ever pass congress still stand and I am hopeful that it will be defeated in the States." Congressman Emanuel Celler, U. S. House of Representatives, said "I refuse to allow the glad-sounding ring of an easy slogan to victimize millions of women and children."

Alumnas and alumna are really the Latin words for "foster son" and "foster daughter."

The Interstate Savings and Loan Building is sporting a new sign... Drive by and look at the new sign tonight, in down town Spearman!

YOU NAME IT!

Congratulations to those who are helping with the day care center in Spearman. Donations are being made now towards this worthy project and for further information check with the Chamber of Commerce. It should be operational and ready in June.

The YMCA sounds like a good deal for Spearman. Understand that the Chamber and a group has already met and is making plans for a Spearman YMCA which includes a Youth center.

Had a good visit with D. L. Morrison, who with his two sons is a custom combine cutter. I have always wondered when and where the harvest started and ended. Well, D.L. had the information. He and his sons Bill and D.L. Jr. will head out for South Texas, below San Antonio, and start cutting wheat and flax about April 15th. Sometime they start cutting April 11th. I asked D.L. where the best farming areas in the world was and he said the top producing areas are the Vernon, Texas area, Spearman-Gruver area, Tribune, Kansas area, and Otis, Colorado areas. Also a lot of good wheat country is in South Dakota. Morrison and his two sons cut wheat for ex Governor John Connally, and the present Governor Dolph Briscoe. The wheat for Dolph is located on his 167,000 acre ranch. I am kinda proud of Gov. Briscoe, cause he has made a couple of trips to Spearman; one of the few Governors that has ever come to Hansford County.

We understand that Lloyd Buzzard is doing better. He had a heart stoppage recently, and is in the hospital in Amarillo. We think Lloyd will get along and be able to come home without heart surgery. Sure hope he and Dorothy both get back home. We miss them.

I was real surprised when Baptist College at Wayland didn't win the worlds championship in basketball this year, but understand they just had a bad game when they lost. And, the team they were playing had 500 fans, with tin cans and drum sticks making so much racket they scared us Baptists out of the championship. Stay in there Wayland, and we are sure you will be crowned national champions in the near future. Leann Sheild-knight should have been able to win the championship by herself, but girls college basketball is getting better all the time, and all of us are still proud of Wayland and Coach Weese for their fine showing this year.

I am mighty proud of our stadium progress at the football field. The new seats, lights, etc., will be up and ready for action next September. In the meantime, the track program has literally been operating under the worst

weather conditions in history. It is blowing so hard every day I don't know how we are ever going to get pictures of these kids in action. Every week end we have a "windy, blowing track meet, usually with some snow and dust!"

I went out this week to try and get some pictures of the tennis team, and so help me some of the kids were on top of the school house trying to retrieve the tennis balls I thought. But I asked one of the boys what they were doing on top of the school building, and they said one of the football players threw the "shot put" and it blew on top of the high school building! That is one for Dan True!

Probably one of the biggest hobbies in the U. S. is photography. Of course photography is just part of the game in a newspaper, but we are finding out that the old style of using amateur film and amateur cameras is rapidly on the way out. This week we are trying to use some new type of film, it is called tri-x professional, black and white speed 320. We have experimented with the old style of amateur film for quite some time, but haven't been getting the results we want, so we are rapidly changing over to the professional film. Needless to say, Bill Giles at C. & B. is a great help to us. He and Cricket are the best when it comes to photography, and we do want to thank them for furnishing our town and school with such fine pictures during their lifetime. And, of course, they have helped this newspaper with so many good pictures we do appreciate it. Anyway, we are striving to improve our pictures, so bear with us.

I attended the Lions Club Citizen of the Year banquet in Gruver Monday, and they named Ralph Bort as their Citizen of the Year. Ralph has done a great deal for his town, and has one of the most beautiful banks in America; but, what I admire about Ralph Bort, is his love for Gruver. He has constantly battled for his town, and I do believe he loves Gruver as much more than he does his own bank. Stay in there Ralph, we are all proud of someone who loves their town and wants it to get better.

Bud Welch was in this week from Liberal, Kansas. Bud is the husband of Fern Welch who died recently. Fern was a former employee of the Spearman Reporter. Fern was a Linotype operator, and one of the few remaining women linotype operators. All of us at the Reporter join in mourning the loss of our fellow typesetter. Fern was 58, and Bud told us that the heart attack that killed her came rather unexpected. Bud said they were visiting with her relatives, in Kansas, and Fern woke him up early and said to get a towel that she had a real bad hurting in her chest and felt like she was going to vomit. Bud went after a towel, and when he came back, Fern had just passed away.

Lloyd and Dorothy Buz-

zard were both in the Amarillo hospital recently, at the same time. Dorothy is just fine, and was mostly there for a check-up, but Lloyd has had to stay for a couple of weeks. He has one of the main arteries to his heart stop-

ped up, but doctors say that it has already partly repaired itself and we expect Lloyd back in Spearman this week-end. Get well, and get back home Lloyd!

Dr. Rinker and family

are moving to Amarillo we understand. Will have a story on this in the near future.

Dr. Garnett and family are moving to Waco Robinson. Dr. will have a large and small animal practice there at Waco. If you are in need of a beautiful home, Docs may still be for sale, so check with him. Also, he has the building on the highway for sale. Of course we hate for all of these fine families to move away from Spearman. We were personally acquainted with both Doctors and we will miss them!

Ed Wheeler has had surgery in Amarillo recently and is doing well. Hurry up Ed and get home, we miss you!

Mrs. Pogue, wife of the Baptist minister in Spearman underwent surgery at Spearman hospital the past week. She is doing fine as we go to press!

Cold, and blowing snow hit the Spearman area early Friday morning. This is our Easter spell, and we feel so sorry for the people in Lefors who lost their homes in a tornado Thursday morning. Hope they have some way of keeping warm!

Joe Archer, and Eddy Clemmons, Jr. high principal report that their folks who live in Lefors were not injured in the Thursday tornado. Both the Clemmons home and the Archer home were spared in the terrible tornado.

Services Set For Clyde Norman

Funeral services were scheduled Sunday in College Place, Washington for Clyde Norman, brother of Mrs. W.H. Gandy of Spearman. Mrs. Norman died Tuesday afternoon in a Walla Walla, Washington hospital after a lengthy illness. He has visited in the home of his sister and her husband here several times.

Services will be held at the Adventist Church in College Place. He is survived by a son, Charles Norman of Quincy, Washington, a daughter, Mrs. Floyd Iverson of Riverside, Calif., a sister, Mrs. Gandy of Spearman and a brother, Lee Norman of Trenton, Texas.

"I cry aloud to God; I cry aloud, and he hears me. In time of trouble I pray to the Lord." Psalm 77:1

"Name of the Game Was Humiliation"

It was not enough that Jesus was convicted in a rather slipshod trial. No high-priced lawyers with long, extended, careful and expensive deliberation. To add insult to his rejection, they laughed and ridiculed at the time he was hurting.

The sound of his prayer, "Father, forgive them," mingled with the click of dice as the soldiers greedily gambled for his clothing. And the crowd—the staring crowd—which always stands around when there is tragedy, stood eating their popcorn. It was hanging day—a holiday for the senseless ones who devour the hours of tragedy.

The big boys stood off in a corner, a little more cultured and refined. But as the crowd became more hilarious, they joined in the frolic. Maybe one broke out a flask of wine for the occasion. "Goin' around acting like he was God's special boy. Savin' others—can't even help himself." That stung the heart of the One who wanted all persons—even those rowdy rulers—to find a new life.

The soldiers were drinking their swill. "Here," one cried, "we can't let the King go without a drink." They offered him bitter vinegar and laughed as though it were a ribald joke. They took no thought as to whether or not God was involved.

Out of the babblings of a dying thief's throat came the word, "If you're really God's number one boy—why don't you do something for yourself, and most of all get me off this cross—these nails are killing me."

But there was one who said, "Remember me." This made it easier to bear.

BITS OF THIS AND THAT

By Nita Stewart:
Many, Many, Thanks to the Police officers who were so nice to keep an eye on me while Dave was in Arkansas. Also to Raymond Gilley, Bill Hopper, Myrtle Burgess, Edna Hays, Buddy Hopper, Gary Rauscher who were all so helpful and took good care of me. By that I mean they made sure I was alright. Buddy helped me wait on customers Gary also came by Sunday night and helped for about an hour. Don't know what I'd do without Buddy Hopper. Many Thanks to You all. It so nice to have lots of friends.

Ray, Alice and Dave Stewart returned from their short vacation to Fort Smith, Arkansas. Dave really enjoyed himself. They went to Lone Elm, Mulberry, Van Buren and Fort Smith. They visited with relatives while there. Also the graves of their grandparents and father. Dave said the little church was just the same and still standing. The town he grew up in he said has expanded, but the streets have never been widened, they are still very narrow. While in Fort Smith they stayed at the Continental Motel which was very nice, telephones and color TV's in each room. They all enjoyed the trip, but were glad to get back to Spearman. -tired but glad.

Ray and Alice Stewart left last Thursday morning to go back to their home in Lakewood, Colorado. Always hate to see them leave. But Ray wanted to get home. Come back soon.

Larry Evans is a newcomer to Spearman. Larry has been in Spearman for about a month. He is the new manager of Permian on Highway 207 S. Nice meeting you Larry.

Dub Poyner is no longer associated with Hergert, Pontiac Buick and GMC. Dub has several jobs in

mind but hasn't decided just what he is going to do. Good Luck Dub.

Doris Switzer flew to Las Vegas last Thursday where she met her husband Charles and had a ball in Vegas. Then she and Charles went on to San Francisco where she spent a few days. Returning home last Tuesday. Boy! Doris has really been on the go lately.

Juanita Pierce and Doris Switzer went to Amarillo Thursday morning and then to Dumas later in the day.

Edna Hays had as dinner guest Wednesday night, her daughter and husband Mr. and Mrs. Lawton Guthrie and grandson's Chad and Brad.

William Swickard and family will be stationed in Tennessee only two more weeks and then will be moving on for duty in Florida. Had a nice letter from them. Bet they'll be glad to leave Brighton, Tennessee. They wrote they had 7 1/2 inches of rain last week in a 24 hour period. We thought maybe they would visit in Spearman before going on to Florida, but it would be out of their way. Good luck to you on your trip to Florida. Thanks for the pictures. What happened to the one of your oldest daughter?

Mrs. Irene Davis sister of Tex Davis of Spearman passed away March 27, 1975 in Portland Oregon. Mrs. Davis is survived by her husband Bryon, two daughters, and one son Bill of Oregon. Two brothers Tex of Spearman and Charles of Oklahoma. Three grandchildren. Host of nephews and nieces. Irene was born in Oklahoma in 1920 married Bryon Davis in Oklahoma in 1945. Mrs. Davis's funeral is pending. Our sympathy to the Davis family and to Tex Davis and to Mrs. George Rook of Spearman who is Mrs. Davis niece. Funeral arrangements are under the direction of the Futren Funeral home. Hillsboro, Ore.

Tex Forrest has asked that we thank for him the many people who have offered

their sympathy to him also to the folks of the Church of Christ. Mr. Forrest asks for everyone's prayer in his time of need.

May all of you have a very happy Easter with your loved ones and go to Church Easter and Give Thanks.

How small a man seems—walking down a lonely road on a rainy day, with gaunt trees towering over him.

How small man is, and how frail in body. The trees in the picture and even the chimneys on the old house will probably long outlive the man.

Yet how big man is—in the things that are not of the body, but are of the mind and soul. God has not made man mammoth. But He has made him potentially great—if he will but accept the blessings given him, and use the tools of Christian teachings.

Man finds in the Church, the encouragement and the instruction to enable him to make from his God-given divine spark something great and enduring—and of benefit to all human-kind.

We don't want to get bigger

We want to get better!

mittee that the bill be forwarded to the full House with a favorable recommendation.

The bill thus passed the Natural Resource Committee with an unanimous vote.

This bill known as House Bill 985-1 should reach the floor of the House next week and be passed by the Senate during the first week of April.

People of this area certainly owe Rep. Bob Close their sincere appreciation for his work on the bill.

Social Security

"People who are receiving Supplemental Security Income (SSI) monthly checks will have to answer several questions which will be asked by the Social Security Administration. This is so a redetermination may be made as to their continuing eligibility," said Howard L. Weatherly, Manager in Pampa, Tx.

At this time, the social security office is sending letters to Supplemental Security Income recipients who were converted from Welfare on January 1, 1974. It is the recipient's responsibility to contact the Social Security Office so that

all necessary information may be obtained. In most cases, there will be no change, and a person will continue to receive his checks in the usual manner without any interruptions.

However, there have been cases in which a SSI recipient was receiving the incorrect amount, and this had to be corrected. The person who gets the checks, whether for himself or on behalf of someone else, is responsible for giving the Social Security Administration all information which would cause those checks to be increased, decreased, or even if there would be no change in the amount payable.

It is preferred that the person receiving the checks appear in person because at least once every two years a face-to-face interview is required. If a person cannot come into the office (or meet with our representative), he should contact the Social Security Office by telephone. If a person fails to contact us within a reasonable period of time, it may become necessary to suspend that person's benefits. Therefore to avoid any interruption in checks, a person should contact the Social Security Office immediately when he receives a letter asking him to do so.

The Pampa Office is at 1541 North Hobart St. The Phone Number is 669-3381.

"TEXAS" To Open Tenth Season

Canyon, Texas, March 15, 1975. The sounds of "Texas", Paul Green's Musical Drama of Panhandle History, will roll through the crags of the Palo Duro Canyon for the tenth season this summer - 1975, from June 18 through August 23.

Echoing from the great cliffs behind the stage, the bugles, the hymns, the banjos and guitars, the songs of celebration and sorrow, the cry of the wolf and the roar of a train, the words of warning and waiting, the shots of 45's and rifles, and thundering crashes of storms swirl around the listeners, creating the story of the 1880's.

The theatre where "Texas" plays lies in the magnificent Palo Duro Canyon near Amarillo and Canyon, Texas - the crossroads of six interstate highways and four airlines.

This drama, one of Paul Green's great declarations of faith in America, has been celebrating the strengths and struggles of this country ever since the summer of 1966. At the end of the 9th season, 677,472 people have seen "Texas."

A company of 140 including a cast of 80 actors, singers and dancers tells the story and the sound of their words and songs carries to the farthest corner of the theatre.

In the last century, the settlers on the plains faced many battles with the elements. The sounds of these surges of nature are added to show by sensitive and powerful sound equipment which reproduces the winds and the rains and the crackling of the prairie fires.

Fine lighting instruments, gay costumes and the movement of lights on the cliff supplement the sound and an evening at "Texas" leaves an impact to be remembered.

Everyone in the audience will feel and hear this sound - almost seems to be inside of it.

To have this experience, come to Texas. For tickets and information, write to "Texas", Box 268, Canyon, Texas 79015 or call 806-655-2182.

Visiting in the Home of Mr. and Mrs. Jim Davis and family over the Easter holidays are his sister, Mr. and Mrs. Burl McLellan and Luane of Granbury, Texas.

A bird carols its heart out. Pale pink blossoms proclaim the newness of life returning to dormant branches. Spring sunshine gleams on the white pillars of the church. Everywhere is joy and gladness as earth prepares to celebrate the Easter season.

Yet somewhere hearts are heavy. Pain blots out springtide ecstasies. Bird songs torment minds grayed with grief. What message can the Holy Day bring them?

In the darkest hour of the first Good Friday, Jesus, deserted by His followers, rejected by those He came to save, tortured and suffering, said, "Father, into Thy hands I commend my spirit."

Follow His example this Eastertime. Whatever the situation, however bleak the outlook—commend your spirit, your very self to God. Your load will be lightened, your being restored.

Your church is an open door which calls you to the joyous realization of God's love as an unassailable source of strength in your life.
