Hansford County voters will go to the polls Tuesday to elect a Representative from the district for the Texas Legislature, U.S. House of Representatives and a U.S. Senator.

There are more contests between the Democrats and Republicans on the ballot, but the contests have been centered on these three races.

In the race for the seat in the Texas Legislature, Democrat Bill Barton of Borger is opposed by Republican Jack Hart of Gruver, Republican Bob Price of Pampa is opposing Democrat Dec Miller of Amarillo. All four candidates are seeking their first terms.

In the race for U.S. Senate incumbent Republican John Tower of Wichita Falls is opposed by Democrat Waggoner Carr of Lubbock.

Texas voters will also vote on 16 amendments to the state constitution.

In Hansford County all of the polling places will be open from 7 a.m. until 7 p.m. In Spearman precinct one will vote at the courthouse and in precinct ten the polling place will be at the Junior High School.

At Gruver the polling place for precinct three is the Gruver elevator and precinct four is the Gruver School.

Precinct two will vote at the N.F. Renner farm, Precinct seven votes at the Oslo Church, and precinct eight is the Phillips Plant. Precinct nine is Morse and votes at the Morse school.

Mustangs Clinch District 5-B Title

Morse's rambling Mustangs overcame a wet field and a half time lead to beat Darrouzett 24-22 Friday night there and clinch the District 5-B title.

Darrouzett had a 14-0 lead before Morse found their mud offense. Danny Howard scored for Darrouzett on a two yard scamper and Louis Pratt added the two points.

Randy Phillips got the second Longhorn touchdown on a six yard dash. The points were missed.

Bob Womble got Morse in the game in the second quarter on a 12-yard pass from Alva Henderson. Henderson added the two points and Morse trailed 14-8. Darrouzett added two more points on a safety when they got Womble in the end zone.

Morse tied the score in the third quarter when Henderson

ONE OF 35 -- This gallop for yardage by Lynx fullback Hal Shufeldt (40) was just one of the 35 trips he made Friday night against Panhandle. He gained 218 yards in the game and scored two touchdowns. The junior runner carried as many as six consecutive times in different drives.

Shufeldt Paces Spearman In Victory over Panhandle

Hal Shufeldt put on one of the greatest running shows ever staged by a Spearman Lynx runner Friday night as he led the Lynx from behind to beat Panhandle 28-16 in Panhandle Friday night.

The big fullback was the goat of the first quarter, but he used the horns to blast out 218 yards rushing in 35 carries for a 6.2 yard rushing average. He scored two touchdowns.

It was a cold night in Panhandle and it looked like it would be colder before the night was over. Panhandle put 26 points on the scoreboard before the Lynx ever ran an offensive play. There was almost 10 minutes of the game gone before the Lynx got rolling.

Spearman kicked off to the injury weakened Panthers and they went to work with a vengeance. Jay Mike Caldwell, a converted tackle at fullback and Bob Bulls rolled the ball 66 yards to score in 12 plays. Caldwell scored from seven yards out. Randy Griffin passed to Lanny Garner for the extra points and Panhandle led 8-0.

Shufeldt, who has to wear glasses to play and still has trouble seeing, lost the high kick-off and let the ball get away from him. Panhandle recovered.

It took the Panthers six plays to score from the Lynx's 31. Van Kinsey passed to Caldwell for the touchdown from 12 yards out. Caldwell just squeezed the ball across for the extra points and Panhandle was leading 16-0 with 2:34 left in the quarter.

Spearman got in action on the Lynx's 27. Eleven plays later they were only trailing 16-6 after Charles Shieldknight scored from one yard out.

Shufeldt was the big man in the drive with a 42-yard ramble and five other trips for two to five yards a trip.

Jerry Holton was stopped on his try for two extra points and the score was 16-6.

Spearman got the ball right back on the first play when Mike Davis recovered a fumble at mid-field, but the Lynx were stopped at the Panhandle 26.

Four plays later Spearman held on fourth and one foot to go and took the ball on Panther 35.

Shufeldt carried twice, then Shieldknight optioned the ball wide to halfback Wesley Jenkins and the speedster raced 31 yards for the touchdown. Gary Cates took a pitch out to the left and went in to score the extra points to make the score 16-14.

Panhandle threatened one more time, but Steve Jordan picked off a pass on the Lynx 22 to kill the drive.

Jenkins got an 18 yard dash on one play and Shufeldt a 14 yard ramble, but a 15 yard clipping penalty and a 14 yard loss on a fumble kept the Lynx in the hole til the half.

In the third quarter two Shufeldt-led drives deep into Panhandle territory were killed on fumbles. The first one died on the 24 and the other on the 31.

Early in the fourth quarter Jerry Holton killed a Panther drive at the Lynx's 31. He hit the quarterback as he handed the ball off and end Harley Reeves recovered the fumble for Spearman.

Four plays later Randy Moore got off a booming 67 yard punt to the Panhandle end zone and two plays later Caldwell fumbled after picking up 12 yards and Gary Cates recovered for Spearman.

This time the Lynx went in to score from 34 yards out. It took eight plays and Shufeldt scored from three yards out. Shieldknight made the points and Spearman led 22-16.

Spearman held Panhandle at the Panther 35 and forced a punt situation. For the fourth game, the great play by Jerry Holton at middle guard paid dividends. The big boy punishers the centers hard on every play and for the fourth time in four games the center snapped the ball over the punters head.

It went to the five before Garner could pick it up. He eluded two tacklers, but Steve Holton took him down on the Panhandle 20.

Shufeldt carried the ball six consecutive times for the score. He overcame a 15 yard penalty enroute. He went over from three yards out. Shieldknight just missed Jordan for the extra points and Spearman led 28-16.

The Lynx forward wall of ends Mike Hendricks, Harley Reeves, tackles Ronnie Gilbert and Randy Moore, guards Phillip Renner, Ronnie Gray and Steve Holton and centers Karl Kunselman and Glenn Blodgett rolled the holes open for the backs.

Of the 35 plays Shufeldt rambled, he was going over the hole opened by Gilbert, Renner and Hendricks about two-thirds of the time.

Proposed Dam on Palo Duro Discussed at Chamber Meeting

The proposed dam on Palo Duro Creek north of Spearman would yield about 13,000 acre feet of water per year for municipal use, according to Robert Lord, Regional Project Development Engineer of the Bureau of Reclamation office in Amarillo.

Lord met at noon Thursday to discuss the information his office has on hand about the dam and the possibility of getting the dam built.

Lord pointed out that under the North Canadian River Compact between Texas, New Mexico and Oklahoma the only surface water reservoirs that can be built in this area are for municipal use.

There can be no irrigation projects developed under the compact. Under present government programs the federal government can build dams, reservoirs and pipeline for municipal water use, but the cities must build the treatment plant.

However, the federal money must be repaid in a period of 50 years at an interest rate of just over 3 percent. However, if the water use is not great enough in the beginning, some of the principal payments can be deferred for 10 years.

Many different government agencies would be involved in planning such a program. They include Fish and Wildlife, Bureau of Outdoor Recreation, Corp of Army Engineers, Soil and Water Conservation Service and the Federal Water Pollution Agency.

Lord said the Bureau of Reclamation first made a study of the Palo Duro dam project in 1939 and 1940 for a proposed irrigation project. It was again studied in 1950 as a part of an area wide water project, but no action was taken.

In the early 1960's the project was undertaken by the Palo Duro Water Authority composed of Hansford and Ochiltree counties. A bond election to build the dam was defeated. At that time the estimated cost of the dam was \$5,600,000.

In discussing the cost Lord said construction costs have gone up about eight percent and land costs about 12 percent over the state.

Chamber of Commerce committee members at the meeting said the cost would be over \$6 million now and would probably be more than that by the time the project might be ready to start.

To get the dam built by the Bureau of Reclamation a need for the water by municipal buyers must be established.

Lord said that the last study he had on municipal use in the area was made in the late 1950's. At that time the entire north end of the Panhandle was using only 14,000 acre per year for municipal use.

The Mustangs and Darrouzett went into the game tied for the district lead. Both were undefeated in title play. Morse is now 8-1 for the year and 4-0 in the district. Darrouzett is 4-4 for the year and 3-1 in the league. Morse plays Estelline Friday.

coach as a West Texas coaching assistant in charge of ends, flankers and kickers.

"Tommy received plenty of kicking practice his Senior year at Breckenridge," relates McCullough. "He must have punted 50 times in each practice and I don't recall him ever missing an extra point attempt his senior year."

McCullough credits John Cotten, a member of his Breckenridge High coaching staff, for much of Famborough's success. Cotten was Coach Kerbel's kicker when he was head coach at Breckenridge. He put in a lot of hours with Famborough and it was really paid off.

An Amarillo sports writer summed up Famborough's value after his 38 yard field goal against New Mexico State by asking, "Do you think Lloyd's of London might insure Famborough's leg? It's not as shapely as Betty Grable's, but its value can't be denied."

First Loss Of Year Handed Spearman Eight Grade

Mistakes and a good Panhandle football team handed the Spearman Eighth grade team their first loss of the season Thursday night in Panhandle. The score was 20-14.

The young Lynx could not find the handle on the football and fumbled it four times. Panhandle recovered three of the miscues.

Spearman scored first on a touchdown and extra points by Tommy Loveday, but the Lynx could not protect the lead.

Panhandle came on for three touchdowns before the half. The last one was scored on a pass play that started with one second left on the clock.

Spearman ran on fourth down and Loveday was knocked out of bounds to stop the clock with a second left. The clock did not start until the ball was put in play and the pass was successful.

Spearman came back to score again in the second half

with Robert Archer getting the six points. The try for points was not good.

The loss dropped the Eighth graders from first place in the district race to third. They now have lost one, and tied one.

The team will end the season next Thursday against the Dalhart eighth graders.

Coach Jerry King said the team only played well in spots. Mistakes and fumbles cost them points.

WEST TEXAS UNIVERSITY

Skills Are Rather "All I Can Do Is

By his own admission Tommy Fambrough's gridiron skills are rather limited.

"All I can do is kick," says the soft-spoken West Texas State University kicking specialist.

For Coach Joe Kerbel and the West Texas State Buffaloes, just being able to kick is plenty. Tomm's toe has been the difference in two Buff victories, and his 24 straight conversions and five field goals rank him fourth in the nation in kick-scoring.

"I guess I've always been interested in kicking," says Fambrough. "I wore the bottoms out of three footballs place-kicking them before my eighth birthday. My mother used to hold the ball for me. She's a pretty devoted football fan."

Aside from being a talented place-kicker, Tommy's also a fine punter.

While he doesn't have a great kicking average (36.1), seven Buff opponents have been able to return his towering kicks for only 105 yards. That's an average of only 15 yards in runbacks a game.

What's the secret to a successful punting game?

Coach Kerbel's answer is "height." "What we want Tommy to do is get height on the ball so our offensive line-man can get downfield and tackle the ball carrier before

he picks up blockers," says Kerbel. "In this respect, Tommy must rate as one of the top punters in the nation."

This year Fambrough has set two new West Texas field goal records. He has set a new season field goal record (5), and he's also become WT's career field goal leader with seven three-pointers. To date he has kicked field goals of 38, 37, 33, 31 and 23 yards. Against New Mexico State, his 38 yard field goal in the second quarter enabled West Texas to gain a 17-14 victory and snap the Aggie win streak over the Buffs at three. His three successful conversions against Arizona State also provided the Buff's slender 21-20 Victory margin over the Sun Devils.

What does it take to be an outstanding field goal kicker?

"Concentration and practice," capsules Tommy. "I try and keep my head down and kick the same way on each attempt."

Does the charge of onrushing linemen bother Fambrough?

"It may sound strange, but I don't hear them, or see them unless they tackle me," says Fambrough.

As a high school kicker at Breckenridge, Fambrough punted for a 40.7 average his senior year. His head coach at Breckenridge was Ken McCullough, who remains his

PRICE IS RIGHT FOR U.S. CONGRESS

BOB PRICE... the family man

Bob Price is a man whose interests are centered around his family. It's his desire to help create a better America for his children that led Bob Price into seeking the office of Representative to Congress. Bob and his wife Marty, along with their children, Janice, Carl and Grant, are a family we can be proud to send to Washington.

BOB PRICE... wants to stop inflation

Food, clothing and house payments must be paid out of take home pay after taxes. Inflation makes this more and more difficult for every family in the Panhandle. As a man operating his own business, Bob Price knows the effect of inflation on earnings.

BOB PRICE a man known for his vital interest in water

Bob Price's family started ranching in the Panhandle in 1907. Following in his father's footsteps as a businessman and rancher, Bob Price knows that we must use greater water conservation to raise food and to attract new industry to the Panhandle. City and County alike are concerned with this problem. Bob Price has the knowledge and experience to plan ahead for our future water needs.

B-Team Lose 22-14

Spearman's B-team assisted by part of the Freshman team corrected some first half mistakes and fumbles but could not overhaul the Panhandle B-team here Thursday night and lost 22-14.

Fumbles at critical times killed some Spearman drives and also set the Panthers up deep in Spearman territory for scoring efforts.

Bruce Brown scored both touchdowns and got the one successful two point try after the second touchdown.

P. A. Lyon III and Jock Lee were the keys in the door on both of Brown's scoring dashes. They opened big holes for Brown to dash through.

Lyon turned in some outstanding defensive play in stopping the Panhandle power sweeps to his side and, also, was an effective pass rusher.

The B-team will close out its season next Thursday in Dalhart.

Indian Winter Late

ROCKY MOUNTAIN HOUSE, Alta. — The son of Chief Walking Eagle predicts winter's arrival will be late and when it comes it will be cold without much snow. Isaac Beaver, who inherited the prognosticator role

at his father's death last year, says he's not old enough yet to commune with the gods as Walking Eagle did to make his predictions with uncanny accuracy. Beaver depends on observations of animals and birds preparing for winter.

ELECT JACK HART TO THE TEXAS LEGISLATURE

Jack Hart, a native of Gruver, knows the North Plains and will make an effective state representative.

A Panhandle Platform

I pledge to serve the people of our district as an independent-thinking Panhandle citizen who will try to meet the problems and challenges that face us.

I favor sound progress in water resources development, industrial expansion and public education.

Efficiency and pay-as-you-go government are sound principles. I will support proposals to eliminate duplication and promote state government economy.

I'm for holding the line on taxes. I oppose a state income tax and any revision of the state sales tax to include farm machinery.

Tourism must be encouraged. Tourist dollars bring sales tax revenue into the state treasury and help the overall Texas economy.

I'm for revising the new Code of Criminal Procedure to protect the rights of law-abiding citizens as well as those of the accused. Law enforcement agencies must not be hamstrung in carrying out their duties.

Florida Finds Itself Bare of Topless Laws

ST. PETERSBURG, Fla. - Florida laws are bare of statutes against toplessness says Pinellas County Prosecutor Alan R. Williams. Consequently, Williams said Monday, he would not prosecute disorderly conduct charges against three bare-chested go-go girls arrested at a supper club or a related charge against the owner.
