

MORE TOWNS FALL TO ALLIES

Reds Push Two Offensives West Of Dnieper

Rain Of Fire For The Japs—Crewmen aboard a Navy aircraft carrier prepare sticks of incendiary bombs preparatory to loading aboard the waiting planes which took off to attack the Japanese defenders of Tarawa in the Gilbert Islands on Sept. 18-19, there to unload their rain of fire. (AP Photo from Navy).

Whole German Front Facing New Threats

Stalin's Armies Are Pouring Through Widening Gaps
By HENRY C. CASSIDY
MOSCOW, Oct. 18 (AP)—The Red army rolled forward in two new offensives west of the Dnieper river today to clinch its hold on both banks of the river and threaten the disintegration of the entire German front.

Battleline dispatches said Soviet forces were pouring through a widening gap made yesterday in the German defenses inside the Dnieper bend in the Kremenchuk sector behind Dnepropetrovsk. An important bridgehead was simultaneously established north of Kiev by a crossing of the Dnieper in the gomel sector and the capture of Loev. Red army troops consolidated this bridgehead today and pushed forward against furious German resistance.

Both drives menaced the Ukrainian capital of Kiev with encirclement. The Soviets, meanwhile, reported encountering German reserves brought from Poland, France, the Netherlands and Denmark but added that they were pushing forward irresistibly.

The Russians now hold four main bridgeheads west of the Dnieper: two below Kiev in the Pereyaslav and Kremenchuk sectors and two above Kiev, one immediately north of the city and the other 60 miles to the north in the Lov sector. The communist party organ PRAVDA disclosed the original crossings were made as soon as the Russians reached the river without waiting for reserves, supply bases or engineering equipment to move up. The newspaper added that these forces were now in a position to press all-out offensives from completely-equipped bases on the west bank.

The drive in the Kremenchuk sector, along a 28-mile front, began with a two-hour artillery barrage followed by infantry and tank assaults at 7 a. m. on Oct. 13 after the advance guards had first passed the Dnieper. Red army communique said Soviet troops had pressed forward to capture five enemy strongpoints, including the town of Opelnostoye, 30 miles southeast of Kremenchuk.

B-C Coupon Book Supply Exhausted

The local ration office has run out of its supply of B and C coupon books, it was announced Monday, and no more books can be issued until another shipment is received. The office sent word to the Dallas board asking for more supplies but was informed that this office was also without books and word was sent on to Washington. Until the shipment is received, those who have applied for B and C books must do without the extra gas unless a new order is received by the local board.

HEADS ACADEMY

HOLLYWOOD, Oct. 18 (AP)—For the fifth consecutive year Film Producer Walter Wanger will head the Academy of Motion Picture Arts and Sciences.

Exchange Of Nationals To Take Place Tomorrow

MORMUGAO, Portuguese India, Oct. 18 (AP)—The American consulate announced today that the exchange of American and Japanese nationals aboard the liners Teia Maru and Gripsholm will take place tomorrow beginning at 8 a. m. (11 p. m. Eastern War Time today).

The announcement was made by the consulate after a conference with Japanese authorities while the expectant repatriates hung over the rails of the two vessels eagerly awaiting their transfer. It was explained that the Japanese had asked a day's delay in the exchange to enable them to finish arrangements for accommodating their nationals.

The Japanese have not yet completed their berth assignments. The Americans are ready to move from the Japanese ship Teia Maru to the Swedish Gripsholm, which will take them home, but there was nothing for them to do but wait.

A hundred Japanese of the L-500 on the Gripsholm visited the Teia Maru yesterday afternoon to inspect the quarters they are to occupy and to work out assignments. Those aboard the Teia Maru—1,500 United States, Canadian and Latin American nationals—were permitted ashore for a few minutes while being registered and assigned berths on the Gripsholm.

Huge cranes worked steadily shifting baggage and Red Cross supplies between the two vessels, drawn up end to end in this tiny harbor. The Gripsholm was brought into her dock Saturday, the Teia Maru the day before.

Another Brilliant Air Victory Nets 104 Jap Planes

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Oct. 18 (AP)—Allied airmen have blasted 104—and probably 147—more planes out of the Japanese air force in the Southwest Pacific. In a series of brilliant victories Friday and Saturday, announced today, Lt. Gen. George C. Kenney's flyers shot down 92 planes and destroyed 12 on the ground. Twenty-four more probably were shot down and 19 probably destroyed or damaged on the ground.

RAF Bombers Strike Berlin Without Loss

LONDON, Oct. 18 (AP)—RAF Mosquitos bombed targets in Berlin and western Germany without loss last night while fighters attacked airfields and communications in occupied territory, the air ministry announced today. Indicating the Allied air offensive again was going into high gear after a lull since last Thursday's American fortress attack on Schweinfurt, a large force of bombers also crossed the channel toward the continent this morning. Fighters escorted them.

Berlin last was raided on Oct. 9—also by Mosquitos. Other bombers last night laid mines in enemy waters, a communique said, and fighters attacked shipping off the Dutch coast as well as enemy airfields and railway targets.

About 15 German planes straggled at Britain during the night, hitting at points in East Anglia and southeast England and penetrating to the London area to cause a one-hour air alert in the capital. A communique said bombs caused some fatalities and that one of the intruders was destroyed.

It was announced subsequently that bombs dropped in the London metropolitan area killed at least four persons and wrecked many houses. Anti-aircraft batteries blazed away at the enemy planes in one of their biggest barrages for months.

Governor Mum On-Candidacy

AUSTIN, Oct. 18 (AP)—Governor Coke R. Stevenson is not ready to declare whether he will seek re-election to a second full term. Asked at a press conference today if he was prepared to make an announcement or comment on a statement by Attorney General Gerald C. Mann which criticized the governor as being out of harmony with the national administration, Stevenson asserted:

"There is no necessity for saying anything on either score." Mann's statement, made last week, said further that if the attorney general remained in public life it would be as governor. Governor Stevenson was quoted in Amagillo as saying he would be a candidate for re-election. He has denied this.

At his press conference the governor exhibited without comment an anonymous letter from San Antonio asking him what he had done for the state of Texas and asserting: "You are just a Yes man for Roosevelt."

American Planes Have 4-1 Score

WASHINGTON, Oct. 18 (AP)—American army and navy planes are besting the enemy by a score of four to one or better, an official report says, in every phase of air fighting. Army aircraft, the Office of War Information (OWI) announced, have destroyed almost four axis planes for every one American craft lost from Dec. 7, 1941 to Sept. 1, 1943. The navy says its air arm has taken a toll of four or five enemy planes for every United States loss.

The estimates do not include thousands of German and Japanese planes damaged and countless others listed as "probable losses." The French were a problem even before the downfall of Benito Mussolini and Italy's subsequent withdrawal from axis partnership.

With Italy's declaration of war upon Germany the great mass of Italian workers within the reich also definitely warrant the Gestapo's suspicions that they may be far more content. So do tens of thousands of disarmed Italian soldiers who were sent to Germany where they were given the choice of working or fighting.

To these great, dissatisfied and unruly masses of French and Italian labor now may be added the thousands of imported workers from Croatia, Serbia and other parts of the Balkans—as well as a small contingent of Portuguese labor volunteers.

Unrest in all these people may conceivably be inspired by recent events, and reliable reports from Germany indicate that the nazis—taking no chances—have tripled guards around the camps where both voluntary and involuntary workers from the Mediterranean nations are quartered. Heinrich Himmler, Gestapo chieftain, is even reported to have appealed to Adolf Hitler to move some of the most suspicious foreign laborers out of Germany "before it is too late" and the workers "poison the minds of good Germans."

Gets A Ring

A third sister of Oklahoma's famed Keys quadruplets took a husband at Oklahoma City. Leota became the wife of Master Sgt. Bob Hall of Dothan, Ala., whom she met while an army hostess at Camp Hood, Temple, Tex. Mary, the remaining single sister, was maid of honor, and Roberta (Mrs. Roland Torn, Los Angeles) and Mona (Mrs. Robert Fowler, Oklahoma City) were bridesmaids. The Keys sisters are the only recorded quadruplets to reach maturity.

Condemnation Is Ordered On Highway Route

Steps were taken Monday morning by the county commissioners court to draw condemnation papers on property to two Howard county land owners who have declined settlement on right of way on the Big Spring-Garden City highway.

According to the commissioners, right of way has been obtained from all but four property owners on the road. Two of these owners are still attempting to settle with the commissioners on the property price.

County Attorney George Thomas was instructed Monday by the court to draw the papers condemning the land on the property for the two owners who have refused settlement for right of way purposes.

The court said the county attorney is prepared to furnish papers for condemnation of any other property in a half day's time from notification unless settlement is completed.

Survey of the route was completed some time ago and division highway engineers have said that as soon as the roadway is secured, construction work can be started on the project. The responsibility of securing the right of way developed upon Howard and Glascock counties after the survey was completed.

Says Many Erroneous Claims Allowed By Army Contractors

WASHINGTON, Oct. 18 (AP)—Lindsay Warren, comptroller general, told the House Military committee today that army contracting officers had allowed hundreds of erroneous contractors' claims including charges for such items as false teeth, liquor and juke boxes.

Warren opposed legislation requested by the war department to give the contracting officers final and conclusive jurisdiction in settling terminated war contracts. He cited 270 cases in which he said claims allowed by the officers had been questioned by the general accounting office and recoveries made from the contractors.

War department regulations covering the settlements, he told the committee, "have all the appearance of having been put forward by special pleaders for industry."

Former Grid Star Faces U.S. Charge

HOUSTON, Oct. 18 (AP)—James Marston Asbell, 29, former football star at the Reagan High school in 1932, later a member of the New York Giants and Chicago Cubs baseball clubs, was arraigned today before United States Commissioner Emory Loy on charges alleging he falsely represented himself to be an officer of the Federal Bureau of Investigation and took it upon himself to act as such.

Asbell, accompanied by his attorneys Herbert L. Healy and Bill Scott of Houston, entered a plea of not guilty.

Reich Faces Growing Troubles From Its Many Imported Workers

MADRID, Oct. 18 (AP)—As a result of recent developments on both the military and political fronts, the 12,000,000 foreign workers who the Germans boasted in July were "working contentedly" in the reich now bid fair to become one of the nazis' biggest problems.

Apparently disturbed by the possible effect which the trend of events in the Mediterranean might have on these imported workers, the Germans are said to have deprived them of the last vestiges of "reasonable freedom" they were promised originally.

Both American And British Armies In Fresh Advances

By NOLAND NORGAARD
ALLIED HEADQUARTERS, ALGIERS, Oct. 18 (AP)—Lt. Gen. Mark W. Clark's Fifth army in slashing give-and-take battle has driven beyond the Voltorno and "firmly occupied" the towns of Canello, Ruviano and Nerrone. British Eighth army patrols are stabbing westward into the Apennine backbone toward Rome, Allied headquarters announced today.

From both the Fifth and Eighth army fronts came reports of numerous fires in the enemy rear areas. This pointed to the possibility that the Germans were destroying supply dumps preparatory to a general withdrawal, although there was nothing else to indicate that further Allied advances toward the Italian capital from any direction would be made except in the face of the most stubborn opposition.

Gen. Clark's American veterans of Salerno captured the towns of Nerrone and Ruviano in the high ground dominating the surrounding lowlands after fierce "merry-go-round" fighting in which strong formations from each side repeatedly stabbed deep into the opposing lines, creating a fluid situation over an area five or six miles deep in which units frequently became isolated.

British troops occupied Canello, a former important axis airbase eight miles inland and on the north bank of the Volturno river, after beating back a massive German counterattack in the course of an advance from the sea.

It was near that area that British sea-borne forces swept ashore last week north of the Voltorno's mouth. Lt. Gen. Mark W. Clark's troops also have occupied Ruviano in a further plunge up the valley formed by the northward sweep of the Voltorno above its junction with the Calore, Ruviano, west of the Voltorno, is about three miles northeast of captured Canello.

The Fifth army advances were registered against desperate resistance, it was announced, while to the northeast the British Eighth army pursued an offensive west of the Termoli-Vinchiaturo road.

A communique said more tanks and heavy equipment were streaming across the bridged Voltorno and into the Fifth army battle zone.

In striking out westward from the Termoli-Vinchiaturo highway, complete control of which was announced yesterday, Gen. Sir Bernard L. Montgomery's forces apparently were aiming at cutting in behind the enemy above the Voltorno.

Allied air forces kept up their steady hammering of the enemy, both bombers and fighters attacking communications yesterday. Last night bridges south of Rome and the east coast railway near Pescara were bombed.

Kite Flying Made A Crime In Holland

LONDON, Oct. 18 (AP)—Kite flying, already forbidden in Holland, has been made a crime punishable by prison sentences and fines for the parents of offending children, the official Dutch news agency ANETA said today.

The sport was first banned by the Nazis last May, presumably because of their fears that kites might be used to signal Allied planes.

ANETA said it gained its information from the German-controlled Amsterdam newspaper, De Tijd.

WAVELL TO INDIA

NEW DELHI, Oct. 18 (AP)—Field Marshal Viscount Wavell, newly appointed Viceroy of India, has arrived from Britain with his family and staff after a plane trip over much enemy-patrolled territory.

School Aid Measure May Be Put Aside

WASHINGTON, Oct. 18 (AP)—Opponents of legislation granting \$300,000,000 a year in federal funds to common schools claimed sufficient votes today to pigeonhole or defeat it outright.

The bill's advocates—and they include most lawmakers from the southern states, which would get the largest proportional benefits—conceded the outcome would be close.

With debate resuming on the measure today, some senators looked hopefully toward cleaning up urgent measures and recessing from possibly mid-November until the beginning of next year.

WEATHER FORECAST

SAN FRANCISCO, Oct. 18 (AP)—For the first time since shortly after the Pearl Harbor attack the U.S. weather bureau today began releasing forecasts for the west.

Servicemen's Kin To Be 'Treated' To USO Show Tonight

A program of all-soldier entertainment is in store for every mother, father or wife of a serviceman or woman now living in Howard county beginning at 8 p. m. Monday at the city auditorium under auspices of the Big Spring Bombardier School Special Services department.

An effort was made to obtain a complete list of all those "next-of-kin" of men and women in the service, who are now living in Howard county but it is unlikely that a complete list was made. Chairmen of the program urge that no one feel "left out" if he has not received tickets, but to come to the auditorium where tickets will be distributed to all who are eligible.

Other tickets may be obtained at the USO where a number have been left for the "next of kin." R. R. McEwen, co-chairman, urged that all parents be on hand for the variety show and declared that a large crowd is anticipated for tonight.

The program will open with the 315th squadron band playing selections and a WAC and soldier chorus furnishing vocal numbers. Pfc. Bernice Seiorra will sing and Sgt. Winslow Chamberlain will play a trumpet solo.

A trio composed of Cpl. Edwin Todd, Cpl. William Mavromatis and Pfc. Lester Hallen will sing several selections and Cpl. Stanley Baugh will play a medley of piano numbers.

A brief message will be given by McEwen followed by accordion specialties by Cpl. Mavromatis, numbers by the band, and soloist, Pfc. Rose Fineberg.

Cpl. Phil Tucker, who will act as master of ceremonies, will put on a skit along with comedy numbers by Pfc. George Baur. Sgt. Hal Harris will also furnish novelty numbers.

The purpose of the show is to present for parents and wives of men and women in the armed services, the type of entertainment which the United Service Organizations provide at units throughout the nation. "Since the average civilian is not aware of the many benefits of USO, the show is primarily to inform them of the services available," McEwen pointed out.

Record Cattle Run At Kansas City

KANSAS CITY, Oct. 18 (AP)—The largest cattle run in the nation's history jammed the stockyards here today with 57,000 head as the western ranges started trimming down their herds for the winter feed.

It bettered by more than 5,000 the previous record run of 51,508 established in Kansas City Aug. 27, 1923, and was nearly 8,000 ahead of the largest run ever reported on the Chicago livestock market. The top Chicago run was 49,128 on Nov. 16, 1928.

Sabotage Flares Anew In Denmark

STOCKHOLM, Oct. 18 (AP)—Fresh reports of sabotage came today from German-occupied Denmark as Danish patriots defied repressive measures to strike new blows at German communications and installations.

Swedish press dispatches said that Danish saboteurs had damaged two machineries near Copenhagen, smashed a power station at Odense and damaged an air-drome hangar and repair shop at Kastrup.

The Japanese have not yet completed their berth assignments. The Americans are ready to move from the Japanese ship Teia Maru to the Swedish Gripsholm, which will take them home, but there was nothing for them to do but wait.

A hundred Japanese of the L-500 on the Gripsholm visited the Teia Maru yesterday afternoon to inspect the quarters they are to occupy and to work out assignments. Those aboard the Teia Maru—1,500 United States, Canadian and Latin American nationals—were permitted ashore for a few minutes while being registered and assigned berths on the Gripsholm.

Huge cranes worked steadily shifting baggage and Red Cross supplies between the two vessels, drawn up end to end in this tiny harbor. The Gripsholm was brought into her dock Saturday, the Teia Maru the day before.

**Cooler Weather Is The Ideal Time For A Permanent Wave**

When the autumn season rolls around, women just naturally begin to think more about their personal appearance, both clothes and their hair styling.

The beauty wise woman knows that the success of permanent waves and every hair-do for that matter depends upon the underlying beauty of her own hair, and no costume, regardless of its smartness, looks elegant without a lovely coiffure which serves as a woman's crowning glory.

**HESTER'S**

Office Supplies & Sporting Goods

The finest selection of stationery in town. Make your selection now of games and toys while our stocks are complete.

114 E. 3rd - Phone 1644

The Settles Beauty Shop at 305 Runnels, is proud of the fact that they are able to do more than merely give permanents, manicures and wave sets, but that they are able to make a woman look her best and smartest self.

Mrs. Ina McGowan employs six operators who work on two shifts from 8 a. m. to 7 p. m. as an accommodation to working girls who must visit the shop after office hours.

With the beginning of cooler weather it is also the permanent wave season, and justly so, since the change in season is the proper time for rejuvenation of the hair and scalp.

Operators agree that no coiffure can be more beautiful than the hair from which it is dressed. Curls and puffs and waves, can't convert dull and lifeless stringy strands into a halo of loveliness. Beautiful hair is healthy hair. Since a glossy sheen is but the reflection of good healthy hair, you should safeguard its health.

Hair can show abnormality in a variety of ways as it may be dull and lifeless, limp and stringy, excessively oily, dry and brittle. These are among the danger signals nature sets up to warn you that your hair needs greater care.

Since the hair is bleached and dried out somewhat as a result of going without a hat during the summer, it is very important that you have a hair conditioning scalp treatment.

Instead of rinses to rejuvenate and liven the hair, the Settles features a special scalp treatment for brightening and bringing out the highlights in your hair.

During wartime, when women have less time to fix their own hair, they depend on beauty shops for their assistance. The Settles is proud of their many customers, and in order to better serve you they ask these favors. Make your appointments as far in advance as possible. Tell them, when making appointments, exactly the services you want so that they can allow the needed time. Come to the shop early in the week and early in the day. Make a particular point of doing this for services

**Extra Care**—That's what goes into the permanents given beauty services provided at this popular establishment operated by Mrs. Ina McGowan. Six operators are at this shop from 8 a. m. to 7 p. m. to take care of all women's beauty needs. All are experienced and ready to give careful attention in permanents, shampoos, wave sets, manicures. Patrons are requested to make appointments as far in advance as possible. (Photo by Kelsey.)

**See An Agent For Skilled Advice In Buying Insurance**

Buying insurance lacks a lot of being as simple as buying a can of corn, in the opinion of Henry C. Burnett, who operates an insurance agency under his own name, and for best results, the counsel of experienced underwriters should be sought.

If a person wants legal advice, he should consult a lawyer, and if he is ill, he should see a doctor, said Burnett. Similarly, when insurance matters need attention, an agent should be called in for consultation.

"It is the business of an underwriter to know insurance—to know what sort of policy is needed to cover a given situation," he continued. "Thus, if he gives an opinion on the type of coverage needed, the insurer may be confident that he has seen that adequate protection is afforded."

So often people just buy insurance without any thought except possibly to cost. It often turns out that the very damage which occurs is not covered.

For this reason, Burnett frequently suggests complete coverage in policies which he writes. The cost of giving this added protection is so comparatively small that he urges customers to consider it. One hail storm or wind-storm might pay a "fire" insurance policy for several years if it carries complete protection.

People today are prone to forget about rising material and other costs, and thus find themselves under-insured in event of

**Farmers Gin Uses Process Of Value To The Producer**

Maximum returns, both in quantity and quality, are assured under the proven ginning procedure of Farmers Gin Company.

This sort of service is of special value in a year such as this when the cotton crop promises to be short by reason of a tenacious drouth. The same drouth also caused cotton to open prematurely in most cases, and thus led to the practice of snapping rather than picking.

Thus, when it comes to the gin the lint must first be extracted from the burs before it is ready for the regular gin processes. Unless care is exercised at this point, the producer might lose a lot of cotton by having it left in the lock, and once left there it is lost for all purposes for burs, under pinkbowlworm regulations, requiring longer time, such as permanents and tints. Do cancel your appointment the minute you know that you cannot keep it. Observe these few simple rules, and the Settles Beauty Shop will continue to better serve you.

Snapped cotton is, under many circumstances, prone to contain a substantially higher per centage of moisture than picked cotton, particularly if it is harvested after a heavy shower or even if it contains a liberal sprinkling of bolls. It is on cotton of this sort that Farmers Gin's drying mechanism proves its effectiveness. These locks flutter through a long stream of dry, hot air so that when they come to the stands, the locks are fluffed and made easy for the gin fluffs to cut loose from the seed.

Cleaning machinery used by Farmers Gin is among the most modern manufactured and has proven its effectiveness in removing dirt and trash so that only the best of samples are returned. After cotton has gone through these units along with the drier

and through the gin's five stands, the producer may be sure that he is going to have the maximum on grade, staple and weight when his bale is turned out at Farmers Gin.

Evidence of how the service is meeting with favor is seen in the fact that Farmers Gin has for some time been turning out around 100 bales a day, which is a pretty good record for handling snap cotton.

The flying muscles of a bird sometimes are half the entire body weight.

Magnificent Mourner—

### Irish Mentor Foresees Great Disaster Ahead

By CHARLES CHAMBERLAIN  
CHICAGO, Oct. 18 (AP)—Well, Mr. Leahy, what have you to say about Notre Dame? Careful, now, don't be too optimistic.

Frank: "It wouldn't be wise on my part to admit that we've got a great team yet — one that would compare with the great Rockne teams, for instance. A team with the stamp of greatness must be a team that has shown the spirit and fight to come from behind to win."

But, Mr. Leahy, your team hasn't had a chance to prove its greatness by coming from behind.

Frank: "Ha, ha, that's right, but don't make the laugh. We'll be behind plenty, let alone even coming on to win. We must play Illinois, Navy, Army, Northwestern, Iowa Seawawks and Great Lakes—remember?"

Yeah, but you're plenty worried about Illinois.

Frank: "We're taking each game as it comes. Of course I'm worried about Illinois."

Oh, come now, Mr. Leahy. Things really aren't so bad as you would lead us to believe. Look

what you've said in the last two months:

Sept. 1—"We'll lose at least four or five games this season, and that's not a professional moan."

Sept. 24—"Pitt, I'm afraid, may surprise us."—Notre Dame 41, Pitt 0.

Oct. 1—"Can't see us even coming close to beating that great Georgia Tech team."—Notre Dame 55, Georgia Tech 13.

Oct. 8—"My boys were keyed for Georgia Tech and it's hard to keep them at that pitch. . . Don't know why we are favored against Michigan. They're obviously too much for us."—Notre Dame 35, Michigan 12.

Oct. 15—"I'm afraid the boys are letting down too much and Wisconsin will take good advantage of it."—Notre Dame 59, Wisconsin 9.

That's battling exactly .000 for you, Mr. Leahy, don't you ever come out blutny and hint of a victory?

Frank: "No."

"We'll still be lucky if we don't lose three or four games."

Tsk, tsk, Mr. Leahy.

### Pro Footballers Are Not WMC Violators

CHICAGO, Oct. 18 (AP)—The War Manpower Commission ruled today members of the Chicago Bears professional football team awaiting opening of the 1943 season did not violate WMC regulations by returning to the gridiron this fall.

William H. Spencer, WMC regional director, announced the ruling following receipt of an opinion from David Cohen, WMC regional attorney, who held the players were under contract to the Chicago Bears Football Club and were subject to recall at the start of the football season.

Spencer ruled that any jobs accepted by the players during off-season periods constitute supplemental employment, not subject to WMC regulation.

### Four Unbeaten Teams To Face Difficult Test

By TED MEIER  
NEW YORK, Oct. 18 (AP)—Just how good are Navy, Minnesota and Southern California? Their games this week against Georgia Tech, Michigan and College of the Pacific should give the answer and help clarify the college football picture.

The Midshipmen, Gophers and Trojans are among the nation's 18 unbeaten and untied teams, but whether they rank with such recognized juggernauts as Notre Dame, Army, Purdue and Pennsylvania still is debated in some quarters.

Their games shape up as the best three in the country since the Irish, Cadets, Boilermakers and Quakers again take the field against opponents who do not rate in their class.

Navy, with Notre Dame lurking around the corner on October 30, faces a real test in Georgia Tech. Notre Dame is the only team that has beaten the Engineers. That was a 55-13 walloping. If the Navy, after taking Duke and Penn State—on successive Saturdays, duplicates the Irish feat the Midlands will be deserving of the most flowery adjectives.

Minnesota, too, is on the spot in its battle with Michigan for the little brown jug. Like Georgia Tech, Michigan has lost only one game, that to Notre Dame, 35-12. Idle last week the Wolverines will be out to redeem themselves as well as end their Gopher jinx. Minnesota has beaten Michigan nine years in a row.

Southern California has n't yielded a point in four games, but the Trojans tangle with an inspired College of the Pacific outfit that may shatter their dreams of a perfect season. It will be a battle of unbeaten teams since Pacific, coached by 81-year-old A. A. Stagg, Sr., upset the Del Monte Pre-Flight eleven, 16-7, on Saturday.

### Longhorn Game At Memphis Cancelled

AUSTIN, Oct. 18 (AP)—Texas University Longhorns' Nov. 6 date with the Memphis Blues at Memphis has been officially cancelled, Athletic Director, Dana X. Bible announced here today.

Officials at the Memphis naval air technical training center explained that a directive from the navy department prevented their fulfilling a contract to play Texas at Memphis.

Instead, said Bible, a "B" team probably will be played.

### S'west State Is Dull Affair

By The Associated Press  
Robbed of much of its interest because of the poor showing of one of the participants, the Texas-Rice game at Austin still holds the top spot in Southwest conference football for the week.

Texas will be an overwhelming favorite not only to beat the Owls but to do it decisively because Rice has lost four games out of four and scored only one touchdown. Still, an Owl-Longhorn meeting always will get attention because the rivalry is deep-seated.

Another reason this tilt holds the top spot is that there's not another game for conference teams in which much-beaten elevens do not figure.

Southern Methodist goes to New Orleans to play Tulane. S. M. U. has lost two games and won one—over Rice last week. Rice was swamped by Tulane, which had been walloped heartily by Naval Air Technical Training Center of Memphis.

Texas Christian engages Oklahoma A. and M. at Oklahoma City. T. C. U. was defeated by Texas A. and M. last week while the Aggies were taking another licking—this time at the hands of the Navy Zoomers.

Texas A. and M. plays North Texas-Agricultural College at College Station. A. and M. is the only undefeated, untied team in the conference whereas NTAC has taken a couple of whippings, both around the corner on October 30. This game will give a comparison of the strength of Texas and Texas A. and M. teams now favored to battle it out for the conference championship. Southwest State n't defeated Texas 14-7. Now should NTAC beat A. and M. or play the Aggies a close game, it would boost Texas stock back where it was before A. and M. started its surprising drive for four straight victories.

### Former Loraine Bank President Succumbs

COLORADO CITY, Oct. 18—Funeral services were held Sunday in Loraine for John Thomas Coffee, former resident of Loraine and former bank president there. Coffee died Friday at his home in Denver City where he moved a year and a half ago.

He was born in Mitchell county, Dec. 21, 1897 and married Gay Ballard of Loraine. His widow, Mrs. T. J. Coffee of Odessa, and two sons, Don of Pamona, Cal., and Tom of Denver City survive him.

Other survivors include the following brothers and sisters: Mrs. W. F. James of Loraine, C. C. Coffee of Tahoka, Floyd Coffee of Odessa, Ira Coffee of Loraine, Wilbur Coffee of Snyder, Jack Coffee, stationed with the army at Gulfport, Miss., Mrs. L. T. Smith of Sweetwater, Mildred Coffee of Odessa.

### Juggling John

COLORADO SPRINGS, Colo., Oct. 18 (AP)—John Kimbrough, former Texas A. & M. all-America back, latest addition to the Kirtland Field, Albuquerque, N. M., football team, had trouble holding the ball, fumbled four times and accounted for little yardage as Kirtland Field fell 20-0 before Colorado College Saturday.

## Four New Favorites Loom In Schoolboy League Grid Race

Undated Schoolboy Football By HAROLD V. RATLIFF  
Associated Press Sports Editor

Four teams that had not been considered in preseason forecasts have showed their way forward as able contenders for district championships in Texas Schoolboy football.

Ysleta, Woodrow Wilson (Dallas), Longview and Galveston have given a new complexion to their respective areas.

Ysleta is undefeated and untied and probably will enter its game with Bowie (El Paso) favored to win the district 4 championship. Bowie was given top rating before the season opened.

Woodrow Wilson, getting tougher with each week, now is tied for the lead in the Dallas district, the latest wildcat victim being Sunset which the triple W boys walloped 27-12 last week in helping cut the State's undefeated, untied list to 14 teams. Sunset has been ranked with the best of North Texas.

Longview is throwing plenty of fear into the heralded powers of east Texas. The Lobos right now are pacing the interscholastic

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, Oct. 18 (AP)—Anyone know what became of that baseball Bill Dickey slammed out of Sportsman's Park to make it game, set and match for the Yankees in the world series? . . . If it can be found, Alfreid McVay of Walla Walla, Washington, noting the interest shown there in a couple of balls autographed by the Yanks and Cards, suggests that it would be a swell idea to get Dickey's signature on the trophy and then send it on a tour or army and navy posts throughout the world. . . . "It would be a poor substitute for the teams that were supposed to travel, but it would be a taste of the series," says Al.

**Headlines and Headaches**  
Mike Jacobs makes his debut as New Jersey dairy farmer . . . No doubt he's planning to produce a new crop of championship cheese for New York.

**Monday Matinee**  
Admitting that we've missed seeing a lot of good players, this dept. nominates army's Glenn Davis as the best broken field runner seen personally in a good many years. Davis not only is fast but it's impossible to tell from one step to the next which way he is going to dodge. . . . And, getting out at the end of the limb, its our guess that the first team strong enough to stop army's wide runs will stop army; the cadets' line doesn't open those holes quickly enough for 'T' plays.

**Today's Guest Star**  
Granville Barrere, Hillsboro, Ok.—News-Herald: "If the St. Louis Cardinals had played throughout the season as they played in the world series, they would not have played in the series."

**No Words Wasted**  
Bill Johnson, the Yankees' Rookie tier sacker, claims that the day training began last spring Manager Joe McCarthy said, "You'll see your stuff at third base." The next time skipper Joe spoke to Bill was after Johnson hit that triple with the bases full in the third game of the World Series. As he entered the dugout, McCarthy grunted: "Nice going, kid."

### Western Burma City Attacked By British

NEW DELHI, Oct. 18 (AP)—While patrols distracted the enemy with diversionary raids Saturday night, British troops successfully attacked with mortar fire the Japanese-held town of Maungdaw on the western coast of Burma, a communique announced today.

RAF dive-bombers followed with a raid on Japanese troop positions near Maungdaw and British Hurricanes made a series of attacks on enemy-occupied villages and army huts in the same area.

**FAREWELL PARTY**  
ALLIED HEADQUARTERS, ALGIERS, Oct. 18 (AP)—Gen. Dwight D. Eisenhower gave a surprise party for Adm. Sir Andrew Browne Cunningham today as he bade farewell to the man who reopened the Mediterranean and now has been named Great Britain's first sea lord.

## Steers Face Rugged Test Against Midland

### Rice-Texas Game May Be Seen At Austin Or Houston

HOUSTON, Oct. 18 (AP)—Southwest conference football fans have their choice Saturday of seeing Rice and Texas play at Austin or Rice and Texas play at Houston.

No, this is not a barnstorming tour by airplane; neither is it a typographical error or double talk.

You see, the Rice and Texas that are well tangled in Austin; the Rice and Texas that would have been well tangled together in Houston. It all has come because of the war.

Texas and Rice expected to have great teams this season—among the best in conference history—but the marines took away most of the regular players. Texas' footballers went to Southwestern University and Rice's stars landed at Southwestern Louisiana Institute.

Southwestern is undefeated and untied in five games and includes Texas among its victims. Southwestern Louisiana has played only one game but looked impressive in that, defeating Fort Benning, Ga.

Well, Saturday afternoon Rice and Texas play in Austin. Appropriately enough Southwestern and S.L.I. have been matched for a game here that night with a sell-out crowd predicted, meaning 27,000 will see the contest and contribute to war relief.

It could be that some folks will attend both games. However, that would mean road-burning the likes of which the OPA wouldn't approve. It's a three-hour drive at 50 miles an hour from Austin to Houston—if you have the gas.

### Milk Supply Of Better Quality

Improvement is being noted in the quality of the milk supply, V. A. Cross, sanitarian for the Big Spring-Howard county division of the Midland-Ector-Howard health unit, said Saturday.

Generally, producers are laying milk down at creamery points with low bacteria counts, and Cross said that care was the chief reason for this showing. Last week when two producers showed a batch of milk with extremely high counts, they were cut out for a day. In the space of 48 hours the bacterial count dropped from 19,000,000 for a cubic centimeter (approximately 1 drop) to 93,000, which is considered plenty low. In another instance it dropped from 6,000,000 to 3,000, about as low as it ever gets.

### Repetition Of 1941 Famine Faces Greeks

ISTANBUL, Oct. 18 (AP)—A repetition of the 1941 famine during which many thousands perished appears in prospect for the Greeks this winter unless their country is freed quickly from the nazis or new and larger shipments of relief food are sent to them.

Swept by enthusiasm over the Allied victories in North Africa and Sicily, the Greeks threw stocks of hoarded foodstuffs on the market in the belief that they would be liberated before the winter, according to information reaching here.

### Maybe He Should Have Cut Himself In Pieces

LONDON, Oct. 18 (AP)—The Moscow radio said today that the family of Nazi Lt.-Gen. Schmidt, reported to have committed suicide on the Russian battlefield following the defeat of his tank division, has been arrested by the Gestapo and sent to a concentration camp.

Quoting a TASS agency report from the German frontier, the broadcast said that Gen. Schmidt's family was arrested by the enraged Nazis because papers which the Russians found on his body gave details of his defeat at Belgorod.

### Skip-Bombers Dedicate Chapel To Lost Mates

SOMEWHERE IN NEW GUINEA, Oct. 17 (Delayed AP)—The heavy bombardment outfit which perfected skip-bombing and has been playing a vital role in aerial war in the Southwest Pacific last night dedicated a chapel consecrated to the memory of members of the unit who have been lost in combat. The official dedication was made by Brig. Gen. Roger M. Ramey, of Denton, Tex., chief of the Fifth airforce bomber command.

### WAR ON GAMBLING DENS

MEXICO CITY, Oct. 18 (AP)—The labor ministry has ordered federal inspectors throughout the nation to see that all saloons, gambling houses and vice centers within two and one-half miles of labor centers are closed in accordance with a new government decree.

### Bulldogs Due To Be At Their Full Strength

The Big Spring Steers, having bounced out of the frying pan successfully against Lamesa here last Friday, waded into a regular fire on the Steer stadium turf this Friday against the Midland Bulldogs.

Although the Bulldogs have been beaten on three successive week-ends, the Steers will be both lucky and good to come off without a hot-foot.

The first Midland defeat was at the hands of San Angelo, recognized as one of the best teams in the state this season. Billy Joe Stickney, Midland's sparkplug, was injured in that tilt and did not get to play against Sweetwater, so Sweetwater—also plenty strong this year—sacked up the game. Last week Stickney was still out along with Bill Richards, and the Bulldog backfield had little punch against Plainview. Moreover, M. C. Hale and N. C. Neatherlin, key men in the Bulldog power machine, were crippled for the game.

But, from all indications, the whole bunch, including Stickney, will be back in the line-up Friday. With Stickney in there, the Bulldogs are dangerous, and perhaps the only hope of a Steer victory lies in outscoring Midland.

Big Spring rubbed it on Lamesa by a 41-20 count Friday, and although they looked good in spots, the Steers also looked amply ragged in others. For one thing, Coach John Dibrell has his work cut out in shaping up some sort of pass defense. Lamesa made the Steers look right silly with nothing but a bunch of crippled pass receivers.

For one thing, Dibrell faces the assignment of convincing his halfbacks that no matter how you take it, letting a potential get behind the defender is dynamite, nitroglycerin and TNT all rolled up in one package. Several times this thing happened against Lamesa, and until the tackles slowed up the ends in the line, the backs seemed to do nothing about it. Too, there was an undefended hole in the center to which Lamesa chunked with deadly accuracy.

Another fault which was emphasized by the Lamesa game is that the Big Spring line leaks like an old garden hose when it comes to blocking for punters and passers. After a week of hard work on this, the Steers showed such a little amount of improvement that it was not discernable.

However, all was not bad, for the offensive punch of the Big Spring boys looked its best to date in the Lamesa tussle. Hugh Cochran hit his stride, and if he keeps it, Big Spring will be a tough cookie from here out. Bobby Barron was off stride last Friday and when he gets right, either of the half punts will lack plenty of wallop. Both Dewie Stevenson at quarterback and Leo Rusk at quarterback can pack that pigskin—so no opposition may be sure that any one of the Steer backs will not take off suddenly and effectively.

With a little better blocking in the line, improved timing and more defense for the passer and kicker, the Steers may yet blossom into a fair team before the season's over. The defense needs to improve—but then a good offense is a fair defense.

### Musial Signs With Cards For 3 Years

ST. LOUIS, Oct. 18 (AP)—Stan Musial, 23-year-old outfielder for the St. Louis Cardinals and major league batting champion for 1943, has been signed to a three-year contract, president Sam Breadon announced.

No salary terms were announced.

## Through CAMERON'S You Can Do Your FARM BUILDING NOW..

**Free Plans**  
With experienced builders so scarce it is likely you will do much of your own construction work this year. To help you, we have prepared plans for every kind of farm and ranch building. You may have copies of these plans entirely free of charge by coming to our store and asking for them.

**SHEETROCK SIDING**  
For exterior use. A rigid 1-inch board is 2-foot widths and lengths from 6 feet to 10 feet. It's fire resistant and weather-proof. It costs considerably less than standard wood frame construction and does not require painting. Ask to see Triple-Sealed Siding.

**YOU CAN BUILD UP TO \$1,000**  
Essential service buildings may be constructed on farms and ranches up to \$1,000.00 value. No government permit or priority is needed. Our easy payment plan enables you to go ahead with your service building construction right now.

## Couple Married By Rev. H. C. Smith

Mrs. Marilee Loudermill, daughter of Mr. and Mrs. Ernest Hull of Big Spring, and Pfc. Lloyd Schursen of St. Paul, Minn. were married Saturday evening in the First Methodist church by the pastor, the Rev. H. Clyde Smith. The ceremony was read at 6 o'clock and the bride was attired in a black ensemble with matching accessories. She was attended by Mrs. Wendell Leatherwood. Following a short wedding trip to Carlebad, N. M. the couple will be at home in Big Spring. Pfc. Schursen will leave for cadet training soon.

## Sooner's Some Sorghum Server

**NEW YORK, Oct. 18 (AP)**—Robert S. Kerr stood in the doorway of a Brooklyn basement flat, bowed his six-foot-plus body graciously and drawled: "I'm the governor of Oklahoma."  
But, 66-year-old Mrs. Emma A. Brandner hardly noticed him. Her eyes fixed on a gallon jug he held in his hand, she exclaimed: "Oh, there's my sorghum."  
The governor smiled, hesitated a second, then asked: "Shall we—er—sample it?"  
In a very few minutes the two were joined by Mrs. Brandner's husband, Herman, and they sat down to corn meal mush and sorghum.  
And so yesterday Mrs. Brandner tasted sorghum for the first time in 49 years, since she toured through the Oklahoma territory with a medicine show.  
The story behind the gift of the sorghum goes back several weeks when Governor Kerr bet Governor Dwight Griswold of Nebraska 25 gallons of sorghum against a hog that the Sooner State would top Nebraska in war bond sales.  
Oklahoma won the contest and Mrs. Brandner read about the wager.  
She wrote Governor Kerr asking how she could get some sorghum. "You ask people in New York for it and many of them think it's some kind of furniture," she wrote.  
He responded to her appeal promising to stop off in New York on his next business trip east and personally deliver a gallon of the syrup.

## WINS COMMENDATION

**DALLAS, Oct. 18 (AP)**—Machinist Joseph W. Davidson of Overton has been given a letter of commendation by the chief of naval personnel for heroic conduct in fighting a fire aboard a merchant vessel.

## Ladies, they used to say: "That's TABOO!"

**Now read these facts**  
Not long ago, women didn't discuss periodical pain. Now they openly praise CARDUI's 2-way help. Taken as a tonic, it usually peeps up appetite, aids digestion by increasing flow of gastric juices, thus helps build resistance for those trying days. Taken as directed 3 days before the time, it may help relieve purely functional periodical pain. Praised for 62 years! Next time try CARDUI.  
(adv.)

## Viola Winn Honored On Sixth Birthday

Mrs. Bob Winn honored her daughter, Viola, on her sixth birthday anniversary with a party Saturday afternoon from 2 to 5 o'clock.  
Games were played and gifts presented to the honoree.  
The hostess was assisted by Mrs. Odie Moore, and refreshments were served to Milton Moore, Floyd Allen Blackwell, Jimmie Claiborne, David Ewing, Tommie Hammond, John Thomas Johnson, Mickey Grove, Katherine Culwell, Judy Newman, Carol Dean Lee, Anna Belle Lane, Betty Sue Anthony, Nanette Farquhar, Nancy Pitman, Janice Underwood, Evelyn Beale Roberta Winn and the honoree.  
Sending gifts were Mrs. C. S. Kyle, Mrs. W. H. Powers, Mrs. E. Patrick of Sayre, Okla. and H. M. Thompson of Irving.

## CALENDAR

LADIES BIBLE STUDY will be held at the Church of Christ at 8:30 o'clock.  
ORDER OF THE EASTERN STAR meets at the Masonic hall at 7:30 o'clock.  
REBEKAH LODGE meets at the IOOF hall at 8 o'clock.  
OFFICERS' WIVES CLUB will entertain with a luncheon in club at 1:30 o'clock.  
BROWNIE TROOP 18 meets at the East Ward School at 3:30 o'clock with leader Ruth Burnam.

**WEDNESDAY**  
FIREMEN LADIES meet at the WOW hall at 8 o'clock.  
VFW AUXILIARY meets at the VFW hall at 8 o'clock.  
CENTRAL WARD P.T. A. meets at the school at 3:15 o'clock. An executive meeting has been called at 2:45 o'clock.  
KONGENIAL KLUB meets with Mrs. Ollie Anderson at 2:30 o'clock.  
OUR LADY OF WISDOM, will meet at 3 o'clock in the home of Mrs. J. F. Reed, 1206 Wood.

**THURSDAY**  
EAST WARD P.T. A. will meet at the school at 3:30 o'clock.  
GIA meets at the WOW hall at 3 o'clock.  
GIRL SCOUT TROOP EIGHT will meet at the Wesley Memorial Methodist church at 3:30 o'clock with leader, Mrs. Wayne Pearce.  
GIRL SCOUT TROOP NINE meets at West Ward School at 3:30 o'clock with leader, Mrs. J. L. Matthews.  
BROWNIE TROOP 17 meets at the First Methodist church at 4 p. m. with leader, Mrs. George French.

**FRIDAY**  
WOODMEN CIRCLE meets at the WOW hall at 8 o'clock.  
BROWNIE TROOP 16 meets at the First Presbyterian church at 3:30 o'clock with leader, Mrs. M. A. Cook.  
BROWNIE TROOP 19 meets at the First Baptist church at 3:30 o'clock with leader, Mrs. R. B. Dunivan.

**SATURDAY**  
ALLEGRO MUSIC CLUB will meet at 1:00 o'clock with Mrs. Omar Pitman, 1411 Rannels.  
GIRL SCOUT TROOP FIVE meets at the Wesley Memorial Methodist church from 2 to 4 o'clock with leader, Mrs. C. S. Edmonds, Jr.

**NEW LEND-LEASE**  
LONDON, Oct. 18 (AP)—A new British-American lend-lease agreement will be signed here tomorrow and will be announced simultaneously in London and Washington. All details of the document have been kept secret, but it is understood that several significant changes will be made.

Specious, which now means false, once signified fair or beautiful.

## MODERN ETIQUETTE

Q. Should the following foods be eaten with a knife, fork or with your hands: olives, corn on the cob, sandwiches?  
A. Eat the olives with your fingers. Don't nibble but bite a portion off. If the olive is stuffed, bite it in half.  
Eating corn on the cob and still looking neat and proper is a problem. You may break the ear in half (which isn't easy unless it has been partially broken before it is placed on the table) or place your hands at each end of the ear. Avoid buttering the ear too much.  
It is proper to eat ordinary sandwiches with your fingers. If it is a thick sandwich such as a club sandwich, trim the edges and cut off smaller portions which may be picked up and eaten with the hands or with a fork.

Send your questions to Modern Etiquette, in care of The Herald.

## Birth Announced

A son was born to Lieut. and Mrs. W. E. Gilliland Friday evening at the Cowper Clinic. The child weighed eight pounds, eight ounces at birth. Lieut. Gilliland is stationed in the Hawaiian Islands.

## LIFE'S Little TROUBLES

**-CAN'T SLEEP-**  
No need to be in bed—too worried and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be assured—get—take a dash of **ADLER-1-KA** as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adler-1-KA assists in food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. See Adler-1-KA from your druggist today.

## DOWNTOWN STROLLER

Now comes ration book four with the teachers taking the rap again and acting as registrars Friday and Saturday in Big Spring and Friday only in the rural communities. There will probably be everything but the kitchen sink included in this ration book.  
The soldiers at the post really went to town Friday night at the wedding of WAC Private BARBARA HOOLE and Sgt. DALE FRANCIS. After the wedding, the fellows piled the couple in a jeep, complete with tin cans and "Just Married" signs, and drove them around the field before letting them go.

Goodness the brides sort of took the headlines over the weekend. Some of the local girls who married were EMILY PRAGER, who became the bride of Sgt. JOSEPH CLARK in Fort Worth; SARA REIDY, who married Lieut. D. M. JOHNSON; and MAXINE HOWARD, whose marriage to R. R. ROBERTS was announced, just to mention a few.  
Ge. Hallow'or is just around the corner but the poor kids won't have as much fun this year as usual. They'll be afraid to really do much mischief. Playing around with automobile tires is practically the same as stealing these days, and nobody will give the kids any soap, either, to mark up windows.

Our nomination for the coldest spot in town is the football stadium. We nearly froze to death out there Friday night so regardless of the weather in town, from now on out we go bundled to the ears!

## GSO Girls Required To Attend Business Meeting Wednesday

All club sponsors and girls who hold GSO cards or who belong to a girl sponsored club are required to attend an important business meeting which will be held at the Big Spring USO club Wednesday evening at 8:30 o'clock.

Howard Bell, newly appointed director, will be in charge of the meeting and new regulations will be announced. Other business will include announcement and discussion of winter activities.

## Soldier Killed As Train Is Derailed

**RICHMOND, Va., Oct. 18 (AP)**—The first section of the Atlantic coast's line's "Havana Special," speeding northward between Petersburg and Richmond, derailed shortly before midnight last night, killing a soldier and injuring at least seven others.  
The military withheld the dead soldier's name pending notification of his next of kin.  
Four pullman cars and the train's diner were derailed, but none of the cars overturned. A rail, ripped from the tracks as the train skidded to a stop, crashed through the last car of the train and caused the only casualties.

## Back In States After Service On Bomber

S/Sgt. Vernon C. Patterson, nephew of O. L. Williams, is back in the states after long service in the Southwest Pacific as a gunner aboard a bomber.  
Veteran of 50 missions, he holds the air medal and the DFC for work in the Bismarck sea battle and other forays in the Solomon area. Sgt. Patterson, valedictorian of his graduating class at Coahoma, is son of Mrs. Paul Patterson of Los Angeles, Calif.  
He is one of 126 men of his original unit of 128 men which started out in Pacific action. Sgt. Patterson arrived back in the states Oct. 9 and was ordered to Florida immediately.

## HITLER SURRENDERS

**ALLIED HEADQUARTERS, ALGIERS, Oct. 18 (AP)**—A German private named Hitler surrendered to the American Fifth army after swimming naked across the Volturno river, headquarters announced today.  
The private's first name was not given.  
More than six per cent of the U. S. milk supply last year was converted into evaporated milk.

## Activities at the USO

- MONDAY**—University Women and B & PW Club.  
8:00 - 10:00 Informal activities.  
9:15 Let's Sing—Miss Helen Duley and Mrs. L. A. Eubanks in charge.  
**TUESDAY**—Hyperion Club.  
Free Alterations.  
8:30 Game Night.  
**WEDNESDAY**—1930 Hyperion Club.  
3:30 Service Wives Club.  
6:15 Hospital visiting hour at the post. Mrs. F. V. Kimzey general chairman.  
8:30 Meeting of all GSO Girls. Howard Bell in charge.  
**THURSDAY**—Modern Woman's Forum.  
8:30 Bingo Party.  
**FRIDAY**—Volunteer Hostesses.  
8:00 Ballroom class, Mary Ruth Diltz in charge.  
9:00 Reopening of square dancing class. Special invitation extended to service men who would like to learn to square dance.  
**SATURDAY**—VSO and Music Study Club.  
4:00 - 9:00 Canteen open, cookies and coffee.  
8:00 Recording hour.  
9:00 - 11:00 Informal dancing GSO girls.

## Class Nets \$36.72 At Rummage Sale

The Philaetha class of the First Methodist church cleared \$36.72 in a rummage sale held Saturday in a rummage sale held Saturday to raise funds for the class treasury.  
The sale was held in front of the church building and Mrs. J. D. O'Bar was in charge.  
Assisting in the sale were Mrs. H. D. Norris, Mrs. C. R. Moad, Mrs. S. R. Nobles and Mrs. W. B. Graddy.  
Another sale will be held next Saturday with Mrs. C. R. Moad in charge.

## PARENTS OF A SON

Mr. and Mrs. Forrest Smith are the parents of a son born Saturday evening at the Cowper Clinic. The infant, who has been named John Campbell, weighed seven pounds, eight ounces at birth.  
Elizabeth Carruthers had as week-end guests her parents, Mr. and Mrs. J. Z. Carruthers of Snyder and her sister, Mrs. Henry Reid of Fort Sumner, N. M.

## School Of Instruction To Be Held Here At The First Methodist Church

MRS. J. T. BROOKS Council President

## First Baptist Women Serve As Hostesses At The USO Club

Women of the First Baptist church served as hostesses at the USO club Sunday afternoon during hospitality hour from 4 to 7 o'clock.  
Final registration revealed that around 244 service men and hostesses visited the club during the day.  
Hostesses included Mrs. S. M. Smith, Mrs. Jim Green, Mrs. W. E. Phillips, Mrs. Orville Bryant, Mrs. A. T. Bryant, Mrs. George Williams, Mrs. L. Lewellen, Mrs. Tina Jobe, Mrs. V. W. Fuglaar, Mrs. D. S. Walton, Mrs. C. T. McDonald, Mrs. Bill Maxwell, Ruth Olson, Mrs. J. P. Dodge, Mrs. R. V. Hart, Mrs. Martelle McDonald.  
Desk hostesses included Mrs. J. A. Myers, Annie May, Marie G. Walker, Mrs. Ross Clarke and Mrs. R. Donovan, Mrs. Jerry Patton.

## Four Are Hostesses For Bridge Luncheon In Officers' Club

Four hostesses will entertain with a bridge luncheon in the officers club at the Big Spring Bombardier school Tuesday afternoon. All officers' wives are urged to join the club which meets twice monthly at the new club at the post for bridge parties and luncheons.  
Hostesses for the Tuesday afternoon entertainment are Mrs. Joe Luby, Mrs. Ralph Alworth, Mrs. Samuel Howe and Mrs. Martin Wilsoff.  
Luncheon will be served at 1:30 o'clock.

## GIVES GRAND RELIEF if your nose gets STUFFED UP TONIGHT

**Specialized Medication Quickly Makes Breathing Easier... INVITES RESTFUL SLEEP!**  
If you have a tough time getting to sleep tonight because transient congestion fills up your nose and you have to breathe through your mouth—a few drops of VICKS VA-TRO-NOL up each nostril should help you in a hurry! You can feel it bring relief!

**MIGHTIEST WEAPON OF THE WAR!**  
OUR food can lighten the task of our soldiers—can help rehabilitate the peoples of liberated countries—can win lands without a shot being fired—can shorten the war and write the peace.  
That means less of some foods for you here at home. But it doesn't mean that you won't be well-fed. You will be. Your Government promises that solemnly. But you are asked to help by doing four things:  
1. PRODUCE FOOD. Bring your Victory Garden to full harvest. Help out on a farm or in a food preserving plant if you can.  
2. CONSERVE FOOD. Can and preserve food. Cut waste. Use every crumb, every drop. Stretch your food supply, by eating the most nutritious foods. Substitute plentiful for scarce foods.  
3. SHARE FOOD. Put the war's food demands first. Share the food supply willingly with your armed forces, your Allies, your neighbors.  
4. PLAY SQUARE WITH FOOD. Accept no rationed foods without giving up ration stamps. Pay no more than top legal prices.

**THE DAILY HERALD**  
THE GOVERNMENT PRINTING OFFICE: 1943

Editorial - - Government Money Is OUR Money

"If I ran my business like the government does, I'd go broke in a year." That revealing statement is a favorite of business men all over the country who are satisfied that their own business methods are far superior.

Great Day Coming - - Thinks Servicemen Will Start Religious Revival

By JOHN FRYE AP Features CINCINNATI - The "Flying Chaplain" wouldn't be surprised if America's sky pilots, soldiers and sailors helped give the nation a new and lasting religious nature, based on personal relations rather than organization, after the war.

In the Wake of MURDER

By ADELIN McELFRESH

Chapter 19 Brad chuckled and glanced amusedly at her. "You're pretty sore, aren't you?" he asked. "I'm sorry, Jane, I'm not at liberty to tell you everything even now. I thought you would have confidence in whoever it was."

Washington Daybook - - There's Reason To Worry Over U. S. Complacency

By JACK STINNETT WASHINGTON - I want to dedicate this column to a little better understanding, between Washington, D. C., and the 48 states.

Hollywood Sights And Sounds - - Here's An Act That Outstrips Gypsy Rose

By ROBBIN COONS HOLLYWOOD - Gypsy Rose Lee should have been on the set of "Knickerbocker Holiday" today.

The Timid Soul

"Of course I was playing a Frenchman and so the black hair was right for that picture," he says, "but what have they got against light hair? They told me at Universal that as a blond I faded into the wallpaper, and the wig would give me a new personality."

Immunization Survey Going Satisfactorily

Satisfactory progress is being noted in the immunization survey in city and county schools by Mrs. Anne Fisher, health nurse, according to V. A. Cross, sanitarian for the city-county division of the Midland - Ector - Howard county health unit.

Rube S. Martin, Phone 1042.

FARM FOR SALE by owner, 200 acres improved, 4 miles north-west of Big Spring, \$40 acre. A. H. Bugg, phone 1696.

## Mrs. Candler Of Colorado Dies

COLORADO CITY, Oct. 18—Funeral arrangements are being made for Mrs. Ida Lorena Candler, 69, who died suddenly at her home in Colorado City Friday night after an hour's illness. Arrangements are in charge of Kiker and Son Funeral Chapel in Colorado City. Services will probably be held Monday and burial will be in Westbrook cemetery.

Mrs. Candler, mother of County Commissioner Lawrence E. Candler and of J. W. Candler of Westbrook, moved to Mitchell county 37 years ago. She and her husband retired from their farm and moved to Colorado City last fall after having celebrated their fiftieth wedding anniversary.

She was born in Navarro county, July 3, 1874, and was married to J. T. Candler in Delta county, Nov. 20, 1892. She was a member of the Eastern Star.

Her husband, her two sons, six grandchildren, and several brothers and sisters survive her. Her brothers and sisters are E. G. Langley of Odessa, John Langley of Houston, Lawrence Langley of El Paso, Mrs. L. C. Hoover of Dallas, and Mrs. T. E. Scott of Murchison.

## New Instructors At Air School

Capt. Ralph R. Hicks, Brownwood, a veteran of combat missions in Egypt, Lybia and Tunisia, has been assigned to the Big Spring Bombarrier School as a bombardier instructor.

Capt. Hicks is holder of the air medal. Also assigned as a bombardier instructor was Capt. Herbert L. Moreland, Pine Bluff, Ark. Pilots who have been transferred to Midland AAF are: 2nd Lieut. Robert B. Benoit, Cape Elizabeth Me., Havener Bennett, Elizabeth Springs, Mo., Jas. D. Traneue, Hamburg, Pa., John F. Daly, Mohawk, N. Y., and Ft. O.

Bernard C. Hartl, Alice, N. D. Bombardier instructors who have been transferred to San Angelo AAF are: 1st Lieut. James B. Freeman, Danglefield, Texas; Hugh P. Hipps, Greensboro, N. C.; Donald M. Johnson, Albuquerque, N. M., and Wm. E. McElhanon, Arkadelphia, Ark.

Reporting for duty this station assigned as pilots are: Capt. John M. Jollissant, Baton Rouge, La.; Fay E. Allen, Red Oak, Iowa; James A. Sprick, Naches, Wash.; Lieut. Donald H. Lewis, Falls City, Neb.; Ollie I. Deel, Big Spring; Robert E. Blackburn, Sand Springs, Okla.; Robert A. Greenen, New Brunswick, N. J.; John P. Wise, Batesburg, S. C.; John A. Coselli, Houston, Van F. Ussery, Luling, George C. Wiley, Santa Rosa, N. M.

Sgt. Felicia V. Huskey, Summersville, Mo., has been promoted to first sergeant of the 813th WAC Post Hdq. Co.

NEW OIL FIELD? TYLER, Oct. 18 (AP)—A possible new oil field for Smith county was indicated yesterday with announcement of thirty feet of saturated sand in the Skelly Oil company's No. 1 Chism wildcat test in the Sand Flat area seven miles north of here in the Tyler state park area.

**Manufacturers Oppose All Tax**

WASHINGTON, Oct. 18 (AP)—The National Association of Manufacturers asked congress today to reject all proposals for new taxes, but added that if the lawmakers decide more revenue is essential, then a national retail sales tax should be imposed.

J. Cheever Cowdin, chairman of the association's committee on government finance, told the house ways and means committee the administration's proposal to raise \$10,500,000,000 through increased income and excise taxes is "unsound and unrealistic to the point of bordering on the fantastic."

The NAM spokesman, who is board chairman of Universal Pictures, Los Angeles, argued against further taxation at this time, saying present revenue laws would bring to the federal treasury in the next calendar year \$44,500,000,000. The treasury estimates the current revenue collection rate at \$38,000,000,000.

NAM also told the tax-framing committee:

1. Congress should give serious consideration to the problems of "white collar business," which Cowdin identified as that large section "caught in the same net of rising taxes, rising costs and dwindling revenues—many of their employees gone into the services or into war work." He said their condition "grows steadily worse."

2. Industry must have reserves for postwar production.

3. The automatic increase in the social security tax rate to become effective in 1944 should be postponed "since the reserve funds have already achieved a huge balance."

4. "It is unsound and unfair to tax corporate income first when it is earned by the company and secondly when it is received by the stockholders. We urge congress to study proper methods of relieving income derived from corporate sources from double taxation."

**Texas Bond Total Nearly 516 Million**

DALLAS, Oct. 18 (AP)—Texans officially were credited today with \$519,942,695.50 (millions) of war bonds bought in the Third Loan drive.

Nathan Adams, chairman of the Texas-wide state organization, proudly said that Texas not only exceeded its \$420,000,000 goal by one hundred million dollars or 24 per cent but also exceeded its goal for sales to individuals by 30 per cent.

The Texas goal for bonds to individuals was \$201,000,000 and Texas individuals actually bought \$262,117,602.50 in bonds during the drive or more than sixty-one million dollars in excess of the goal set.

Adams said: "Whereas our nation as a whole had a sales goal of five billion dollars in war bonds to individuals, which was one-third of the fifteen billion dollar national goal, Texas had a sales goal of \$201,000,000 to individuals which was nearly 48 per cent of the Texas goal. Yet while the national sales to individuals in the drive totaled for less than the 33-1-3 per cent goal, Texas sales to individuals amounted to 50 per cent of total sales. In other words, Texas did twice as well as many other states in obtaining dollars direct from plain citizens for Uncle Sam and thus did twice as much to combat inflation."

**Many Miners Still Are Idle**

BIRMINGHAM, Ala., Oct. 11 (AP)—Seventeen of Alabama's 81 union mines were re-opened today but a survey of the coal fields indicated at least 80 per cent of the 22,000 idle miners had failed to heed the return-to-work plea from John L. Lewis, president of the United Mine Workers of America.

The list of operating mines included the big Dolomite shaft of the Woodward Iron Co., with 550 men, and the Bradford Slope of Alabama By-Products Corp., with 500. Other captive workings were idle. They supply coal for the fuel-shy iron and steel mills here.

All Alabama union mines had been idle over the weekend. The miners walked out beginning last Wednesday when Secretary Lasker returned the mines to their owners, saying they had no contract with the operators as their work agreement had been made with the government. The walkout was not authorized by the UMW.

The mines operating normally employ approximately 4,500 men, but on the basis of crews reporting today only 3,200 were in the mines. Three large non-union mines have remained in operation.

John J. Hanratty, international representative to UMW, predicted a "growing march back to the mines." He said he did not know of any local union in session yesterday which voted against returning to work.

**Here 'n There**

Sidney Wayne Parrish, a volunteer, inducted on October 13 at Lubbock has qualified as an aviation cadet and been transferred to the enlisted reserve according to word received here by the local selective service office.

A lively fight between soldier participants raged for a time Sunday at 5:25 p. m.—until MPs arrived. Suddenly, there was no longer any fight.

This bold skunk loved to hang around 403 Johnson street—but what was worse, he loved to advertise his presence. So police hurried to the address early Sunday morning to dispose of him. However, they found residents possessing only fragment (?) memories of his presence. At 10:10 p. m. the skunk returned. This time police made him stop it—with a well aimed shot.

Walter Shaw, picked up by the military police at the Big Spring Bombardier School, was being held in the city jail Monday awaiting delivery into custody of FBI agents.

Ray Ogden, who was about as rabid a Steer football fan as ever boomed encouragement from a sideline, writes in from Napa, Calif., where he is helping build ships for the duration, that he's hungry for the Big Spring news. He and Joe Parrott, who went out with him, have advanced from outside machinist helpers to journeymen.

Ignacio Mendez and Ynez Garza were married in a formal wedding at 11 a. m. Saturday in the office of the justice of the peace, Walter Grice. A single ring ceremony was read. The bridesmaids, and flower girl were all dressed in formal gowns and the bride wore a white satin gown with a veil of tulle. The couple is at home in Knot.

Paul J. Ray, formerly of Big Spring, has been sent to the Ordnance Replacement Training Center, Aberdeen Proving Ground, Md., where he will receive his basic training.

Among 452 Texas aviation cadets now stationed at pre-flight school for pilots in San Antonio are A/C John P. Miller and A/C James L. Webb, both formerly of Big Spring. When they have completed their studies at pre-flight school they will be sent to a primary field and later to basic and advanced schools to train as combat pilots.

**Women Given Choice Of Jobs In The WAC**

Women today could make a choice of jobs in service with the army air forces under a new Women's Army Corps recruitment plan. The announcement was made coincident with a nationwide campaign by the army air force to fill its quota of enlistees. The Big Spring Bombardier school announced a recruitment group to visit in Snyder, Sterling City, Lamesa, Colorado City and other points, including this city.

Captain Arthur Foulks, recruiting officer, will be accompanied by Lieut. Sara E. Walker of the WAC who will explain to women the invaluable services WAC members are giving their country in time of war. Other members of the staff include Cpl. Carroll Sheaf, T/Sgt. Harold T. Boyd and Sgt. Ed Jensen.

During the campaign, all eligible women will be permitted to choose the type of job for which they wish to be recommended for assignment. A list has been compiled of 18 occupational fields which represents more than 100 army air force positions into which women may place themselves.

At least half of the specialized jobs are clerical, however, there are many other positions such as Link trainer operator, radio operator, weather observer, control tower operator, etc.

Available places were compiled on the basis of experience which contrasted women against men in effectiveness. As a result of the campaign, general efficiency of the army air forces is expected to be increased.

Capt. Foulks said that all interested women would be given the opportunity of visiting the Big Spring Bombardier school to see what goes on behind the scenes. They may question WACs, observe them at work, inspect their barracks, mess hall, recreational facilities and otherwise familiarize themselves with the WAC program. Acceptance of applicants will be contingent largely upon the suitability of the volunteer for the available job, the captain pointed out.

**States Cut Down On Car Mileage**

CHICAGO, Oct. 18 (AP)—Mileage conservation programs of the various states will save the nation more than 255,000,000 miles and \$10,000,000 in cash this year, the council of state governments estimated today.

To reach these totals and at the same time maintain essential services, the council reported, the state governments have adopted the following means, either singly or in combination:

Pooled passenger cars; required use of public carriers where possible; eliminated unnecessary trips; withdrawn vehicles from service; operated all state-owned vehicles from central garages; maintained daily records of car movements; required a advance clearance for official business trips; and maintained rigid control over issuance of gasoline and oil coupons.

Centralized control systems are in operation in 15 states while others have adopted certain features of these systems without using the whole. Twenty-nine states operate car pools, and all 48 states have mileage administrators.

Results of conservation measures were illustrated by the case of New Hampshire which cut state travel 2,632,491 miles during the first six months of 1943. This was a 63.1 per cent reduction from the previous year.

**Food Supplies To Be Smaller Next Year**

By OVID A. MARTIN

WASHINGTON, Oct. 18 (AP)—Civilian food supplies may be somewhat smaller next year, the bureau of agricultural economics reported today, although production probably will equal or exceed this year's record prospects.

Analyzing production goals set recently by the War Food Administration, the bureau said there should be an abundant supply of cereals, and as large a per capita supply as this year of chickens, eggs, fresh fruits and vegetables, potatoes, dried beans and peas.

Shorter allowances of meats and dairy products are predicted, while supplies of foodstuffs and oils as a group are expected to be maintained at the ration levels of recent months.

There probably will be smaller civilian supplies of canned fruits and vegetables in the first half of 1944, but in the second half the supply may be larger than in the corresponding period this year.

Military, lend-lease and other non-civilian requirements probably will more than offset any increase in production, the bureau explained.

The 1944 outlook for major food items:

MEATS—Production to be about as high as this year's record, but non-civilian requirements are expected to be 25 per cent higher.

MILK—Production expected to fall eight billion pounds below the food administration goal of 122 billion pounds, and two billion pounds below this year's expected output, because of tight feed supplies and producer dissatisfaction with prices.

POULTRY—Total production should be about the same as this year's record.

EGGS—Expected to equal this year's record of five billion dozens.

FRUITS—With normal yields, civilian supplies would be somewhat above this year.

VEGETABLES—An unprecedented demand expected next year. Substantial increases in acreage required.

**Alfred De Marigny Murder Trial Opens**

NASSAU, Bahamas, Oct. 18 (AP)—Alfred De Marigny started his fight for freedom in the Bahamas supreme court today, forearmed with a knowledge of all the evidence on which the crown's prosecutor seeks to convict him of the murder of his father-in-law, Sir Harry Oakes.

The government's cards were laid on the table at the lengthy preliminary hearing. When five new witnesses were discovered after De Marigny was ordered held for trial, British custom required that their testimony be outlined in advance of the defense.

De Marigny has not yet shown his hand formally, but has stated through his pretty young wife, Nancy Oakes De Marigny, that he is "confident of the outcome."

That has been his attitude since July 9 when he was arrested on a murder charge. The body of Sir Harry, one of the world's wealthiest men, was discovered the previous day. He had been beaten to death, and his body left in a blazing bed.

**Livestock**

FORT WORTH, Oct. 18 (AP)—Cattle 6,000; calves 5,000; steady to 25c lower; cull medium slaughter steers and yearlings 7.00-12.50; heifers at 10.50; beef cows 7.75-9.50, few above 10.00; good and choice fat calves 10.25-11.25; common to medium slaughter calves 11.00 down; best heifers 10.50 down; common to medium stocker calves 11.00 down; best heifers 10.50 down; common to medium stocker-calves 7.50-10.00; stocker cows 8.50 down; stocker steers and yearlings 7.00-11.00.

Hogs 2,100; steady; good and choice 180-325 lb. butcher hogs 14.55; 150-175 lb. averages 13.75-14.50; sows 13.75 down; pigs 12.00 down.

Sheep 21,000; fat lambs 11.50-12.00; choice grades above 13.00; medium grade yearlings 11.00 down; cull to good ewes 3.75-4.75.

**Wall Street**

NEW YORK, Oct. 18 (AP)—Assorted specialties exhibited a fair amount of strength in today's stock market while many leaders acted a bit tired after last week's mild recovery.

In the favored division were American Distilling and Western Union which touched new tops for 1943. Support was accorded American Cable & Radio, Morris & Essex, Paramount Pictures, Texas Co., Santa Fe, American Telephone, Sears, Roebuck Sperry, Douglas Aircraft, American San, La Cede Gas Preferred and J. C. Penny.

Intermittent losers included Bethlehem, Chrysler, General Motors, Goodyear, Boeing, Anacosta, Dow Chemical, Southern Pacific Southern Railway and Pullman.

**Negro Injured In Cutting Scrape**

Wesley Johnson, negro, was given emergency treatment at a local hospital Saturday night following a cutting scrape in the negro section of the city.

Officers said he sustained a slash across the forehead. They were seeking an unidentified negro soldier in connection with the case.

**Relief At Last For Your Cough**

Creomulsion relieves promptly because it goes right to the seat of the trouble—to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**Ball Bearing Plane Virtually Destroyed**

LONDON, Oct. 18 (AP)—Reconnaissance photographs show the entire works of the Schweinfurt ball and roller bearing plant, devastated by American bombers Thursday, are "now inactive," it was announced officially yesterday.

At the same time a dispatch from Stockholm quoted a Swedish industrial expert as saying the damage inflicted was so severe that two years would be needed to put the vital war plant back in full production.

**Recruiting Office To Be Open Nights**

Beginning today the WAC recruiting office will observe new hours.

The office will be open from 8 a. m. to 5 p. m. as formerly, announced Lieut. Mary F. Goldmann, but for the benefit of women who can't be free during the day or who wish to bring parents or husbands to meet with the WAC recruiters, the office will stay open until 9 p. m. on Tuesday and Thursday evenings.

On any evening, however, Lieut. Goldmann and Sgt. Paul Edwards will be available for appointments at the convenience of individuals.

**Funeral In Abilene For Mrs. F. P. Smith**

Funeral services for Mrs. F. P. Smith, who died at her home in Lubbock Thursday from pneumonia, were held Saturday morning in Abilene.

Mrs. Smith, daughter of Mrs. C. H. Creighton and the late C. H. Creighton of Abilene, was also the niece of Mr. and Mrs. W. R. Creighton of Big Spring. Mr. and Mrs. W. R. Creighton attended the services in Abilene and were accompanied by Mrs. Alfred Carr of Lamesa. Mrs. Smith was the former Grace Creighton before her marriage.

**Utility Properties At Eagle Pass Sold**

PHILADELPHIA, Oct. 18 (AP)—The securities and exchange commission has approved the sale by Texas Electric Service company and Texas Public Utilities company of electric, water and ice properties at Eagle Pass, Texas, to Central Power and Light company for \$680,000.

Both Texas companies are subsidiaries of American Light & Power company which is held by Electric Bond and Share company. Central is a utility subsidiary of the South West Utilities company and an indirect subsidiary of the Middle West corporation.

**Information Given On Turnover Rate**

Some firms are figuring their labor turnover incorrectly in complying with war manpower commission surveys, O. R. Rodden, US Employment Service manager here, said Monday.

To ascertain the rate of turnover, he recited this formula: Add the employees at the beginning of the period to the number at the end of the period and divide the sum by two. The result should then be divided into the total number of separations for the period in order to arrive at the rate.

For example: A company has 100 employees at the beginning of a given period and 200 at the end. The total divided by two gives 150. Assuming there have been 50 separations, the 150 is divided into 50, which gives a turnover rate of 33 1-3 per cent.

**Negro Injured In Cutting Scrape**

Wesley Johnson, negro, was given emergency treatment at a local hospital Saturday night following a cutting scrape in the negro section of the city.

Officers said he sustained a slash across the forehead. They were seeking an unidentified negro soldier in connection with the case.

**IF YOUR DEALER IS OCCASIONALLY OUT OF CAMELS**

—it's because hundreds of millions of Camel cigarettes are now being sent to men in the service. In addition to the government's own purchases for our fighting men, veterans' organizations, fraternal orders, clubs, friends and relatives everywhere are sending them Camels. Yes, Camels! After all, Camels are the favorite cigarette with men in all the services—Army, Navy, Marine Corps, and Coast Guard.\*

**Heavier Ordnance Going To The Front**

BOSTON, Oct. 18 (AP)—New armor piercing projectiles designed to rip open axis planes, tanks and other armored equipment and emplacements, today are being shipped to American invasion armies. Brigadier General Burton O. Lewis, commanding general of the Boston ordnance district, said today.

He said present shipments represent a smashing victory for an industry-ordnance team composed of top-flight steel producers, shell makers, war production steel experts and hard driving ordnance department metallurgical engineers.
