Chamber Banquet Monday

You have put it off just about as long as you can. If you are going to vote in any of the local or state elections this year it is time to pay the poll tax. The deadline is Friday.

It will soon be time for local city elections and right now, before we know anything about the political plans in the city, we are going to pass out a "tip of the hat" to the Mayor and City Council.

We have lived in several small towns and as a "news reporter" have been required to attend many city government meetings. Never in any of the towns have we found a government body that moved ahead with a program like this one has done over the past four years.

The group was elected on an improvement ticket and the improvements they have accomplished are staggering.

Many of our more conservative residents, who preferred Spearman as it was when 1500 lived here, think this council is leading the city into bankruptcy and ruin.

Spending policies of this group in a town of 1500 would possibly be wrong, but in a growing town of 4,000, it is just keeping up with demands.

The men took on a big, unpopular job and have carried it out to a successful finish. They have done a big job well.

There are only a few things we like better than basketball. It is a game that requires lots of stamina, toughness and willingness to mix it up without the benefit of pads.

When it comes to toughness we have seen few who can match the Lynxettes' Joan Hackley. The senior guard is not the fastest or most aggressive looking player we have seen, but when the smoke has cleared and the wounded removed, you'll find Miss Hackley ready for the next battle of the boards.

We have seen her knocked down, elbowed, shoved, hit in the head with a basketball and treated to every other kind of roughness that can be dished

County Gives More To March of Dimes

Hansford County residents opened their dried-out, wind-blown hearts and gave \$2,201.26 to the 1964 March of Dimes, Mrs. Virgil Mathews, County Chairman announced this week.

This is almost \$1,000 more than the \$1,281 donated last year.

A radio marathon Sunday afternoon on KBMF-FM in Spearman raised \$1025.25 for the drive and gave it the big boost over last year.

Members of the two Beta Sigma Phi sororities in Spearman collected \$571.11 in their house-to-house Mothers' March Friday night. Donations from the schools and canisters in stores brought the Spearman total to \$613.74.

The Mothers' March in Gruver, headed by Mrs. Corky Chapman, totaled \$605.10.

Sunday afternoon approximately 75 persons went on the air to raise money for the March of Dimes.

With the talent show there was an auction of merchandise donated by stores and individuals, paintings by Spearman artists, and cakes baked by lo-

cal women.

Spearman Jaycees delivered the items bought in the auction and collected the money.

Clerks for the auction were Freeman Barkley and Brad Beedy, telephone bid takers were Mrs. Opal Barnes, Mrs. Irene Kuehl, and Mrs. Lois Shieldknight.

Mrs. Barbara Schnell was talent chairman. She was assisted by Mrs. Larry Sparks of Gruver. They had 51 different individuals and groups scheduled to appear, but because of the large amount of merchandise to be sold and the large amount of talent, not all were able to perform.

Mrs. Schnell said after the show she was sorry some who had practiced numbers were not able to perform, but everyone working in the drive appreciated their willingness to help the drive.

Announcers for the four hours of broadcasting were Spearman Mayor Bob Vaughn, City Manager Ken Conrey, High School Principal Frank Cockrell, KBMF-FM owner Coy Palmer and Plainsman Editor Burl McClellan

Deadline For Poll Tax Is Tomorrow

Poll tax sales in Hansford County have increased during the past week, but there are still some who are not going to be able to vote in local and state elections.

Sheriff J. B. Cooke said 1700 persons have now paid the tax. An estimated 2,000 people will need the tax receipt to vote in local, county, state and bond elections during this year.

Persons who have become 60 years old since Jan. 1, 1963, or are older may vote without getting an exemption. In low population counties such as Hansford County people over 60 do not have to get exemptions.

Persons who have become 21 since Jan. 1, 1963 must get an exemption for the free vote.

Now that ratification of the amendment of the Federal Constitution outlaws the poll tax as a qualification for voting in federal elections, the payment of the tax is not necessary for voting for federal office holders.

Sheriff Cooke pointed out that soon his office will begin issuing free poll tax receipts for persons who have not paid their poll tax, but want to vote in federal elections. A voter must have this receipt to vote in federal elections.

Cooke stressed that everyone who has paid his poll tax and qualified to vote locally is also qualified to vote in federal elections. He does not have to get another receipt.

Political Pot Attracts Few Early Party Candidates

With the filing deadline of Feb. 4, only days away the political pot in Hansford County and the North Plains is not even warm.

In fact, with the deadline so close, there is still very little in the way of candidates stewing in the race.

Wednesday there had been only two candidates to officially announce for office.

A. C. (Shorty) Hallmark of Dalhart has announced for reelection as Democratic can-

merce banquet Monday night in the Memorial Building here.

Dr. Jarvis, a member of the Knife and Fork Club's speakers association, has addressed several banquets on the High Plains this year.

Persons who have heard the humorous dentist speak says he is very entertaining while putting his serious ideas over to his audience.

Other highlights of the banquet will be the presentation of the "Citizen of the Year" Award. Elmer Gunn of Pampa and formerly of Spearman will make the presentation. A committee of Chamber directors have selected the winner of this award.

Musical entertainment for the evening will be by the Spearman High School Men's Glee Club under the direction of Enoch Estep.

J. L. Brock, the new vice-president of the Chamber will introduce the out-of-town guests. Charles Gilliam, the immediate past president will introduce the officers and directors of the past year and this year.

The Rev. Charles Gates, pastor of the First Methodist Church, will give the invocation. Burl McClellan will act as master of ceremonies.

Women of the Union Church are preparing the steak dinner and they will be assisted in the serving by members of the Spearman Future Homemakers of America.

All Chamber of Commerce members have been mailed tickets and tickets are now on sale from chamber directors and the chamber office. The price is \$3.00 per person.

Officers and directors in 1963 were: President Charles Gilliam, Vice President E. J. Copeland, directors Roy McClellan, Bruce Sheets, Stanley Garnett, James Bramlett, Joe Trayler, Gene Cudd, Tommy Gooch and Damon Gregg.

1964 officers and directors are: President James Bramlett, Vice President J. L. Brock, directors, Roy McClellan, Tommy Gooch, Bill Massie, Sam Greenway, Joe Trayler, Gene Cudd, Bob Skinner and E. J. Copeland.

There will be no installation program. The new officers were installed earlier in the year.

Cagers Start Second Half

The second half of the district competition begins Friday in the Lynx gym for the Spearman Lynx and Lynxettes.

Coach Dean Weese's fast improving Lynx will be seeking their third district win when they meet the Boys Ranch Roughriders.

Spearman dropped the opening district contest to the ranchers by two-points in an overtime game.

Teamwork Wins For Lynx ; Lynxettes Pushed in Last Half

A strong team effort propelled the Spearman Lynx to their second district win Tuesday night in Shamrock as they rapped the Irish 51-34.

In the first game the Lynxettes jumped off to a big lead over the Irish women, then watched at the victory almost slipped away. Spearman won 49-46.

Besides hitting the Irish with a balanced scoring attack, the Lynx threw up a defense that

held them to 10 field goals and 14 free throws. Not a single Irishman was able to break into the double digit scoring column. Dick Reeves had nine for Shamrock.

The Lynx started hot and the Irish were never able to get within hailing distance of the cats. Spearman led 19-9 at the first quarter, 30-17 at the half, and 41-28 at the end of three quarters.

Pat Pattison led the Lynx

scoring with 11 points. He ran into foul trouble and went out of the game on five miscues at the end of the third quarter. He had four fouls at the end of the first half and saw little action in the third quarter.

The Lynx picked up the slack caused by the loss of their tall man, and held on to the lead.

Jim Kirkland and Larry Butts followed in scoring with 10 and nine points. Ronald McDonald and Mac Crawford each had six, Ken Shufeldt hit for four, Leroy Callaway had three, and Loyd McWhirter hit for two points. The Lynx hit 17 field goals out of 40 tries for a 43 percent average. They hit on 17 of 36 free throws.

It was a hot first half, then almost defeat for the Lynxettes. They started off with a bang, then could not keep the pace. Spearman led 17-8 at the end of the first quarter, 32-18 at the half, then 41-32 at the end of the third quarter. Shamrock pulled within two points of the Lynxettes in the fourth quarter.

Spearman hit on 15 of 39 field goal tries for 38 percent and 19 of 32 free throws for 59 percent.

Vicki Wilde led the scoring with 24 points. She hit eight of 13 field goal tries and six of seven free throws. Wilde was in foul trouble early and was used sparingly in the third and fourth quarters.

Phyllis Patterson scored 16 points on five of 16 field goal tries and 6 of 13 free throws. Helen Greever took care of the rest of the Spearman scoring on two of six field goal efforts and five of eight free throws for nine points.

Coach Dean Weese was not too pleased with his guards' work and substituted heavily throughout the game. He summarized the game as a first half effort.

He was well pleased with

Ground Hog Supper Saturday

Members of the Methodist W.S.C.S. will serve their annual Ground Hog Supper Saturday, Feb. 1. Beets Can Be Profitable Crop

Sugar beets will be a profitable crop, if this area gets the beet allotment and sugar plant, approximately 72 area farmers learned Friday at a meeting in Spearman.

Troy McNeil and Jack Mills of Dumas spoke to the meeting. Both men have been active in promoting sugar beets on the North Plains. They, also,

showed slides of beet production and slides they presented in Washington in an effort to get the beet allotment for this area. There are some 23 different areas bidding for the allotment and plant.

Farmers attending the meeting learned that it costs about \$125 per acre to raise beets. With a 20-ton per acre yield the gross return will be \$225 per acre.

The higher the acre yield and the better the sugar content, the more profit a farmer will make. On the test plots in the seven county area last year, the average yield was 26 tons per acre. The average sugar content was 15.15 per cent, with a 94 per cent purity rating. The speakers said the sugar content was good and the purity was high.

An example of what production can mean was pointed out by a Plainview farmer who produced 34 tons of beets per acre with a 17 per cent sugar content. They grossed him \$550 per acre.

The speakers said that for every 200 acres of beets, about \$10,000 in special equipment will be needed. This includes a thinner, topper and harvester.

The water requirements for beets is a little more than maize and the beets should be rotated every four years to control root rot diseases.

Weeds in beets is now being combated by a pre-emergence spray that is proving effective.

To support a 50,000 ton sugar factory farmers would need to raise about 20,000 acres of beets. Farmers in the seven county area have indicated they would raise about 70,000 acres.

At the present time the plant site is proposed to be at Etter in Moore County. However, the sugar company will have the final decision on the plant site.

If the area is selected for the allotment and plant, it will probably be 1967 before production could be started.

Retail Credit Annual Meeting

The annual business meeting of the stockholders of the Retail Credit Corporation of Spearman will be held in the corporation office in the Farm Bureau building at 10 a. m. Wednesday, Feb. 5.

Directors will be elected at the meeting.

Letters have been mailed to all stockholders and any stockholder unable to attend the meeting may sign an agreement to have his stock voted by proxy.

INCOME TAX MEETING

There will be an income tax management meeting Tuesday, Feb. 4 at 2:00 p. m. in the Farm Bureau meeting room in Spearman. Mr. James Murphrey, Area Farm Management Specialist from Amarillo will be here to present the program. Mr. Murphrey can give you some helpful hints in managing your farm in preparation for income tax filing.

Mr. Murphrey presented a similar program in December, but there were several conflicts so this meeting was set in order to present this useful information to Hansford County farmers.

CHEMICAL CONFERENCE

The Eleventh Annual Agricultural Chemicals Conference will be held Feb. 12, 13 and 14, in the ballroom of the Tech Union Building, on the campus of Texas Tech College at Lubbock. If you would like a program, you may request one from W. H. Jones, District Agent, Room 104 Agriculture Building, Texas Tech, Lubbock, Texas.

FIELD DAY AND BULL SALE

The Fourteenth Annual Field Day and Bull Sale will be held on March 12 at Texas Tech College Research Farm at Pan-tex. The program will include a dedication of the new Kilgore Beef Cattle Center. I will give you more detailed information later.

USE OF STILBESTROL

Treating feeder cattle with stilbestrol from birth until they are slaughtered may be practical if the animals belong to the same owner during the entire period, says Uel D. Thompson, animal husbandman with the Texas Agricultural Extension Service.

The beef cattle specialist says that increased gains have resulted from the use of hormones during the nursing, grazing, and feedlot stages. However, he points out that there are some disadvantages if the animals are not owned during the whole period by the same owner. Calves on test in Texas have shown higher weaning weights when implanted with stilbestrol but this extra weight might be undesirable from a price per pound standpoint if the animals were sold as stocker or feeder calves.

According to Texas research hormone implanting of animals that were implanted during the nursing, grazing and feeding periods gained 663 pounds during a 461-day period. Those receiving only two implants gained 657 pounds, those with only one implant gained 616 pounds, and animals with no implants gained 595 pounds during the period, says Thompson.

It, therefore, appears advantageous to implant steers during all three phases if the animals are under the same ownership, concludes Thompson.

Mr. and Mrs. Francis Perkins and two children have moved here from Chillicothe, Mo. and reside at 317 1/2 S. Archer. He is employed by Baker-Taylor. They have a girl 4 years old and a boy 4 months old.

Ronald Gibson, a student at West Texas, was home for the semester holidays.

Attend Stock Show

Mr. and Mrs. E. D. Clement spent the weekend in Ft. Worth at the Fat Stock Show and also visited relatives, Mr. and Mrs. Merlyn Clement while there.

Mrs. Oscar Mullins, Margaret Ann and friend, Milton Roach, Jr. of West Texas returned Monday after spending several days in Ponca City with relatives and with Mrs. Mullins mother, who is ill.

Mr. and Mrs. Bill Devers of Canyon visited Sunday with his parents, Mr. and Mrs. Ray Devers.

Crowd Attends Hootenanny

A large crowd attended the annual Waka P-TA Men's Night Monday, Jan. 20 when a Hootenanny was presented. The evenings entertainment was full of a variety of Hootenanny numbers.

On the program were The Martin Quartet of Spearman, Trev Tevis of Farnsworth playing the miramba, and Mr. and Mrs. Jimmy Greene of Spearman plus many numbers put on by the school and other groups of Waka.

The guest speaker for the evening was Dan True of KFDD-TV who spoke of "The Family: Master or Servant of Finances?"

Refreshments were served by Bob Mosier, Rafor Clark, Eldon Boese, and Ray Grimmett.

Masonic Dinner

To Be February 1

The Masonic Night Dinner will be Feb. 8 at 7:00 p. m. at the grade school cafeteria instead of Feb. 1 as previously announced.

The dinner is for all master Masons and their wives, and members of the Eastern Star. This is an annual affair and there will be entertainment.

It's fully automatic, turning on at dusk and off at dawn. And for only \$4.00 per month, CPS provides the Nite-Liter, installs it on a wood pole, maintains it and furnishes replacement bulbs and electricity used.

The Nite-Liter is ideal for lighting recreation areas, parking lots, storage areas, farm yards, trailer courts and drive-ins. It makes night work safer, attracts business, discourages prowlers. And the low monthly charge of \$4.00 covers everything. No investment required. For additional information, see any CPS employee or call our office.

PTA HEARS LIA WILLS

The guest speaker at the Morse PTA Monday night was Mrs. Lia Wills of Pampa who spoke on communism. She is a native of Yugoslavia and grew up under the communist regime. She stated that "communism is not a military threat, rather it is a spiritual threat for it destroys the principles of freedom." She stressed the fact that the communists are not particularly seeking to indoctrinate the adults of America, but rather the youth.

She gave an interesting account of her life as a teacher in the country of Yugoslavia before her escape to this country. She compared life under the Reds and life in free America and concluded that if the battle against communism is lost in America, then we are lost for there is no other America to go to.

Mrs. M. W. McCloy gave the devotional preceding the program.

Refreshments were served in the school cafeteria.

LION'S HOLD LADIES NIGHT

Thursday night the Morse Lions club held ladies night and installation of eleven new members. Deputy district governor Gene Kuhrt of Phillips was present to conduct the installation ceremony.

The entertainment was presented by Paul Biggs of Phillips.

The Morse Club is currently in second place in the attendance and membership contest in District 2-TI, according to Lion Kuhrt.

New members installed were Gerald Schribner, John Brumley, Frank Lewis, James Lanier, Don Jones, Dale Jones, Lee Jones, Vance Zinn, Stanley Mohr, Don McCammond and Truman Commons.

Receiving the membership medallions were Boss Lion L. M. Womble, membership chairman A. C. Womble. Lions statue went to secretary Grant Miner, club builders pins and certificates to Perry Dixon, Tom Dortch, A. C. Womble and Grant Miner. Willard McCloy received the key member award.

GRADE SCHOOL CHAMPS

The Morse grade school teams entered the Plemons tournament this last weekend and the boys brought home the championship trophy. They played in the finals against the Plemons squad.

CHILI SUPPER

The senior class will sponsor a chili supper tonight beginning at 5 p. m. This will be prior to the grade school games with the Bivins teams.

The supper will be in the school cafeteria and everyone is urged to eat chili with the seniors.

ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Lutheran Mission Launched

A new Lutheran Church mission sponsored by Oslo Lutheran Church will begin Sunday Feb. 2. Services will be at 9 a. m. in the new Farm Bureau building, Robert Cordes, pastor at Oslo Lutheran north of Gruver will bring the sermons. Sunday School will follow the worship services.

Quite a number of Lutherans are living in Spearman and this mission will better serve them. This mission has been contemplated for some time.

Many in the area aren't acquainted with the Lutheran Church, having never attended a Lutheran Service. The Lutheran Church is a strong Biblical preaching and teaching church with its teachings stemming from the Reformation return to Scriptures. Its Sunday School program is ex-

tremely strong and Biblical centered. Its lay members are well grounded in their faith due to instruction classes for membership.

The Lutheran Church is the largest protestant church in the world and while in America it ranks third, it is one of the most consistent growing denominations.

Believing Spearman as a city will continue to grow and prosper and that many Lutheran families will live here in the future, this mission is thus begun to continue to serve them.

Many in this area have read Pastor Robert Cordes' articles week by week in the county papers. His preaching continues in the same interesting and challenging vein as God's Word is clarified for souls sold out to Satan and won again by the Savior, Jesus Christ. Many will want to attend.

The strong Christ centered Lutheran teaching and preaching thus comes to Spearman. All Lutherans and any other interested persons are always welcome.

Julie Sanders Is Birthday Honoree

Mrs. Rue Sanders honored her daughter, Julie, with a party on her tenth birthday, Jan. 17.

The girls enjoyed playing outdoor games and favors of toy flags and noise makers were presented each guest.

After Julie opened her gifts refreshments of birthday cake and ice cream were served to Patricia Schnell, Amy Renner, Lezlie Nollner, Camille Baggerly, Lisa Hutchison, Marla McWhirter, Kara Lou Hays, Sara Connelly, Lee Watson, Glen Nell Bullard, Jody Healer and the honoree.

Every 1,000 feet below the surface of the earth, the temperature rises approximately 15 degrees Fahrenheit.

The total area of land administered by the National Park Service is about 21 million acres.

Alcoholics Anonymous Brings Message of Hope

Alcoholics Anonymous began when two individuals first shared their experience, strength and hope with each other--and then went out to help yet another alcoholic who still suffered.

It was June, 1935. The New York broker who paced the hotel lobby in Akron, Ohio had once been pronounced a hopeless alcoholic. Yet six months before he had apparently lost all desire to drink.

Bill W. had even launched a one-man crusade to sober up his old drinking pals. But drunks are wary of lecture and reform. He was singularly unsuccessful.

Now the tables were turned. An important business deal had gone on the rocks. He was alone and acutely depressed--gripped again by the terrible obsession to blot out past, present and future with a drink.

The man who had gone his way alone, trying to help other alcoholics, but unaware that he needed help, discovered that his own survival depended on another drunk. He could not stay sober alone.

Bill W., the surviving co-founder of Alcoholics Anonymous, had no desire to save the world when he searched through the phone book for someone who might put him in touch with another alcoholic. It was the desperate need to save himself from the one drink that could lead all the way to insanity or death.

The phone call led to a meeting with the late Dr. Bob S., a physician who had virtually destroyed his practice and reputation because of alcohol. This was the last major step in the formation of the A. A. recovery program--the discovery that alcoholics, sick or well, have mutual need for each other.

The co-founders of A. A. gathered in a third member almost immediately, but it was slow going thereafter. Six months later Bill returned to New York to start a group. A third group was formed in Cleveland.

By 1938 there were only 60 members. Rashly, they decided to publish a book incorporating the experience and thinking of those who had already found sobriety. The title "Alcoholics Anonymous" gave the Fellowship its name.

In spite of their high hopes, the amateur author-publishers were left with 5,000 copies of a book that no one seemed to want. The printer's bill was unpaid and on one occasion they were nearly evicted from their modest headquarters. One of the members mortgaged his own business to keep things going.

This, however, was the turning point. Through its first four years A. A. had for all practical purposes been a semisecret organization. Then, a Cleveland newspaper ran a ten-part series on A. A. that resulted in a deluge of inquiries. Overnight, A. A. had hundreds of members in the Cleveland-Akron area. Barely sober newcomers were pressed into im-

mediate service to help those who were even newer than they. An article in 1941 by Jack Alexander in the "Saturday Evening Post" had great impact. This article was responsible for thousands of new members.

Since those first days A. A. members have helped those who want help and carried the message of hope to those who are willing to listen. Yet, they have shied away from anything that smacks of lecture and reform. Nothing in A. A. is mandatory. There is no boss and the A. A. program is merely a suggested one.

These early members paved the way for thousands of men and women who meet today in more than 9,000 groups in 82 countries throughout the world. Saved from insanity or death, these people are once again useful citizens, productive employees and assets to their families.

Even so, the 1960s are still pioneering years for A. A. members and all others who are interested in halting the advance of alcoholism. There are millions of alcoholics in the United States. Many will die, but they don't need to. A. A. will give them help, if they want it.

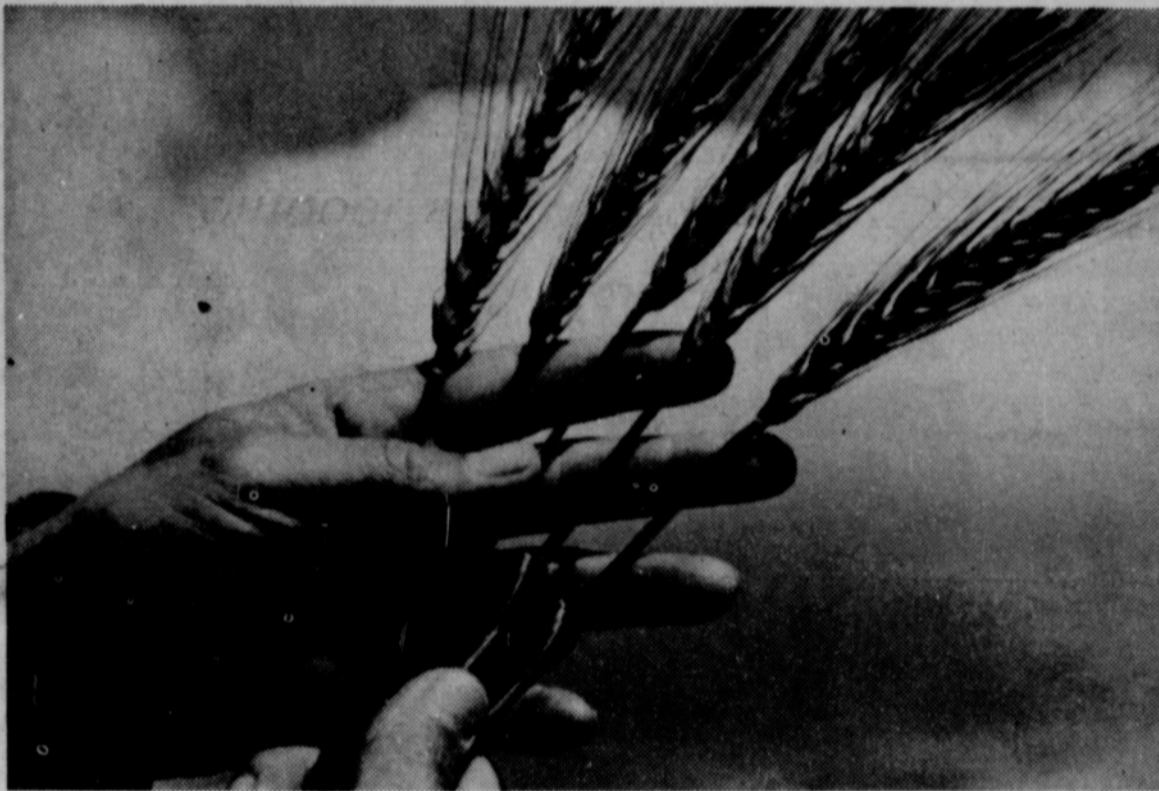

The local Spearman group of A. A. stands ready to aid anyone with an alcoholic problem. You may contact them by writing to Box 383, City or calling 659-2591 or your minister or county officials can tell you how to contact the local group.

Tomorrow Is Deadline for School Count

The deadline for the school census for the coming year is Jan. 31. Mrs. Nan Ballinger urgently requests any children starting to school this fall be registered now.

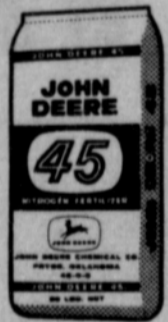

Mrs. Ballinger is especially interested in registering preschool children who will start this fall. We never get all of the pre-schoolers counted, she said. This causes confusion in the opening days of school and on securing funds to operate the school.

Anyone having children who will be in school this fall and who have not filled out a census blank is asked to call Mrs. Ballinger at 3233 before Jan. 31 (Friday). Or, a parent may go by the Superintendent's office in the east end of the new high school building and fill out a census blank.

Miss Joiner Is Married

Mr. and Mrs. Pete Fisher and Tim, Mr. and Mrs. Budling and Mrs. Jerry Day spent Friday and Saturday in Fieldton where they attended the wedding of Mrs. Fisher's and Mrs. King's niece, Miss Donna Joyner. Miss Joyner was married to Larry Lindsey of Shallowater in the home of her parents, Mr. and Mrs. Don Joyner of Fieldton on Saturday, Jan. 25 at 3 p. m. The bride is a graduate of Texas Tech and is now teaching at Shallowater. Her husband is working toward his degree in Engineering at Tech.

Miss Joyner will be remembered by many friends in Spearman as she has visited here with her aunts for several summers.

Mrs. Barnes Has Program

The Happy Homes HD Club met Thursday Jan. 23 in the home of Maylynn Schubert. Louise Mullins presided at the business session. Devotional was given by Adalyn Barnes and roll call was answered with "Something New I Have and Like." Maylynn Schubert was elected as delegate to the District meeting to be held in Perryton in April. The group decided to have a Mexican dinner Feb. 21 at 7 p. m. at the Clubroom.

A new member, Myra Grimes, was welcomed into the club. Yearbooks were filled out and names for secret pals for the new year were drawn.

The program "Family Survival Plan" was given by Adalyn Barnes.

Attending were Myra Grimes, Vaye West, Louise Mullins, Margaret Evans, Rose Cummings, Nell Cummings, Adalyn Barnes, Margaret Adamson, the hostess, and her daughter, Marilyn Groves, and her mother, Mrs. Lovett.

DAY BY DAY

Working in a newspaper office is an enjoyable way of life because it is a continually changing process and is new every day. There are a few things though that never change and typographical errors that get past the proofreader, as you know, are not a bit unusual.

Apropos of that is this bit of verse someone handled to Bill Ellis of the Friona Star and which expresses a sentiment universal among newspaper people.

"The typographical error is a slippery thing and sly; You can hunt until you're dizzy, but somehow it gets by. Till the forms are off the press, it's strange how still it keeps, It shrinks into a corner and never stirs or peeps. The typographical error is too small for human eyes, Till the ink is on the paper, when it grows to mountain size. The boss, he stares with horror, then tears his hair and groans; The sad sack who okayed the proofs just drops his head and moans. For all the other printing may be as clean as clean can be; But that typographical error is the only thing you see."

Many columns I've read lately in other newspapers around the Panhandle of Texas have been irate about the article in Time magazine concerning our weather.

It seems Time thinks we have a terrible and erratic weather situation and everyone has been up in arms because we had mild shirt-sleeve weather the weekend the magazine came out. At the same time Dallas, New Orleans and other mild weather areas were covered with heavy snows.

I never really figured it to be an insult—the way other people take on over our weather extremities.

Maybe it's a compliment to the hardy nature of those healthy enough to weather the weather.

The March of Dimes in Hansford County was highly successful this year due largely to the efforts and planning of Elsie Mathews, county chairman. I'm sure Elsie would say she had a lot of assistance, and she did. To name a few, Barbara Schnell, who arranged for talent for the radiothon, Coy Palmer who donated the radio time, Elaine Floyd and Dodie Beedy, who drove a pack of Cub Scouts to Morse to collect funds, the Jaycees, who assisted with the radiothon, the auctioneers, groups that conducted the Mothers Marches in Spearman and Gruver, individuals and businesses that donated to the white elephant sale, women who baked cakes to be sold, those who made bids and the other county officers of the March of Dimes.

The list is endless. But, Elsie was behind all the planning and deserves a lot of credit.

THE WAY I SEE IT

by Robert Cordes

Oslo Lutheran Church

"SEND FOR ME"

A young man began his first day working in a large factory. Everything went well until shortly after noon, when the machine he was operating began to make an unusual sound.

Eager to demonstrate his mechanical ability, he began to tinker with the machine---with the result it came to a complete stop. Nothing he could do would start the machine.

The foreman walked up. The young man, embarrassed, tried to explain and defend his actions. He told all he had done, then added: "After all, I did my best."

The foreman replied, "Young man, around here, doing your best is to send for me."

What a lesson in life. "Doing your best is to send for me!" How often our Heavenly Father has to remind us of that fact. In our foolish pride we think we are doing our best when we apply our puny wisdom to the difficult problems of daily living; and we forget that in the trials of life "doing our best is to send for Him."

"Call upon Me" is still God's command and invitation to all His children. "I will deliver you" is still His promise. "And you shall glorify Me" is still His holy expectation.

How often each day do we really "send for" Him who has so graciously promised to help us? "Pray without ceasing" means to be constantly dependent upon God in Christ through the Holy Spirit.

Our Lord in Heaven would have us not being satisfied with doing our best. And doing our best is not our best unless we send for His help. And those who do call upon Him will do their best---as God measures "best".

"Send for me", cried the foreman. Alone man stumbles and falters. God asks us to "Send for Him." Do you? Why not right now!

REP. A.C. HALLMARK

Hallmark Announces

To The People of Dallam, Hartley, Sherman, Moore, Hansford and Oldham Counties: Dear Friends:

When you elected me as your representative in the Texas Legislature almost two years ago, it was my hope that we could begin a new period of progress for Texas. The hope proved to be a common goal, and with an able Governor, with many new members in the Legislature, and with a

new sense of dedication, we undertook that goal in Austin last January.

The road to this goal was not easy as our state is facing many problems, new and old; but after our work, I am able to report to you that I believe a new period of progress has begun:

The destructive and divisive battles among Legislators were replaced by a spirit of common purpose. Largely because of this, and with diligent effort, the costly but almost customary special sessions were avoided; the state government is operating on a sound and realistic financial basis, with removal of some inequities in taxation; real progress has been made in realizing our goals in education.

I am doubly happy with our successes because I believe that this type efficiency in state government--solving our own problems--is the only way to stop the trend toward ever-increasing power in Washington.

Many problems remain. An example is the matter of Congressional apportionment, and here again we must solve our own problems or else see them handled in the Federal courts and in Washington; but we must solve this problem in such a way that large cities have ade-

quate representation without penalizing or ignoring the people in our small cities and rural areas, for they have always been the strong foundation of our state. The legislative committee dealing with this particular problem is one of those on which I am now serving.

In order to go forward with these and many other things which we have begun, I will be a candidate for re-election, subject to the Democratic Primaries.

Your backing, all the work you did for me, and your votes in the primaries and general

election two years ago were, and are, deeply appreciated. I still need your help, support and counsel and will be sincerely grateful for them.

Now, as during the past two years, I will be visiting with you personally, and will be asking for your ideas and advice on the problems before us.

Yours sincerely,
A.C. Hallmark

Hansford County Tax Collector, J.B. Cooke, said today his office would begin Saturday issuing 1964 automobile registration plates.

He said his office also had on hand a supply of pamphlets issued by the Texas Department of Public Safety that explains in brief recent changes in the Safety Responsibility law that went into effect the first of the year.

Each motorist will be given one of the pamphlets when he purchases his car plates, he said.

Numerous changes have been made in the law, and to help the motoring public become familiar with the new provisions, the tax office is making the pamphlet available to the drivers of the county.
