BOARD HIRES NEW PRINCIPAL

James Pendergraft Picked As Junior High Leader

A member of the Spearman Junior High School teaching and coaching staff was elevated to Junior High Principal Tuesday night in an all-night session of the school board.

James Pendergraft was selected for the job vacancy created by the resignation of J. D. McKeown in February.

Pendergraft has been an eighth grade teacher and coach in the Spearman system for seven years. A native of Darrouzette, he taught there two years and was a civilian instructor at Amarillo Air Force Base for two years before coming to Spearman.

He is a graduate of West Texas State University and has also received his Master's degree from the same school.

In a meeting that adjourned at 5:30 a. m. Thursday sixteen teachers were given one year contracts. New contracts were issued to Bob Barker, Mrs. Charlie Theis, John Hickey, Fred Dawson, Edwin Percy, David Laurie, June Porter, Pat Howard, Norma Jean Thorp, Mrs. Fern Robinson, Mrs. Leo Fields, Kenneth Thomas, Jerry Taylor, Larry Dawson, Jerry Day and Mrs. Jerry Day.

Mrs. Mary Sue Bass asked that the renewal of her contract not be considered. She and her husband are returning to East Texas to teach in the Athens system.

Frank Porter was hired as assistant band director to replace Mrs. Laura Lane, who has resigned.

Several teachers who are teaching on emergency permits will be considered when they have completed the requirements for a permanent Texas

Certificate. Most of these teachers are from out of state and are completing a required Texas Government course for the certificate.

A big part of the night was spent discussing the school's athletic program with athletic director Don Seymour.

Several members of the board contended the coach was putting undue pressure on the boys to participate in football and track and that his program was too hard on the boys.

The same group asked the coach to set up a schedule as to the time each day the team will be released from practice.

The group also wanted a curfew put on the length of time the coaches could work each night. The board members claimed the late planning by the coaches interfered with their classroom instruction the next day.

Seymour defended his program by saying it is no tougher than any he has used elsewhere nor was it any harder than programs used in other schools with winning athletic programs.

The coach told the board that Spearman was six to eight years behind the programs in Phillips and Dalhart, two district opponents next year. He added if he had to let his boys go each day an hour before other schools quit practicing, they would beat Spearman 66-0 when the teams met.

No official action was taken by the board. A motion by Jack Lovett and seconded by Lloyd Buzzard to leave the hours of work outs and coaches working hours to Seymour's discretion was voted down. Seymour said all he wanted was two hours of hard work by the players after they got on the practice field.

Seymour told the board a coach has to be tough and possibly unpopular with some of the boys if he is going to have them ready to compete. He said that anytime he can not be tough enough to get the boys in shape physically and mentally.

Rig Crews Open Class

The first rotary drilling crew school in the nation opened classes here Monday morning with 30 students enrolled in classes.

The school, located a mile north of Spearman, has classroom and drilling rig training for the men. It is administered through the Spearman Public Schools and paid for by federal money for the retraining of unemployed people in fields where there is a shortage of workers.

Drilling companies are giving the school enthusiastic support and all of the students are promised jobs when they complete the six weeks of school.

Jim Conway of the University of Texas Extension branch is teaching the first two weeks of classes, Melvin Hobbs will teach the second two weeks in the classroom. Gober Barnett is the drilling rig instructor.

Students go to school five days a week. They have four hours in the classroom and four on the rig each day.

The men in this first class range in age from 19 to 23 and come from as far away as Seattle, Wash., and Clarksville, Ark.

Supt. James Bramlett said the Texas Employment Commission pays a man 4 cents a mile for travel to Spearman, then the students receive \$5 per day for living expenses. Heads of families receive an additional \$30 per week for their families.

When the men complete the school they will earn approximately \$250 to \$300 each two weeks.

Cotton Exports Up For First Quarter

United States cotton exports are up, J.E. Kirby, economist-marketing and policy for the Texas Agricultural Extension Service, says exports of the fleecy staple for the first quarter of the current cotton year more than doubled those of a year ago.

Exports of all types of cotton amounted to 1,019,000 running bales for the August through October period. This volume was 34 per cent greater than the average for the same period in the preceding five years. This, points out Kirby, is good news for Texas pro-

ducers since a good percent of their crop is exported.

The specialist says that Japan was the top buyer during the first quarter. It took 22 per cent of the total or 221,000 bales. Total shipments to Europe amounted to 481,000 bales, an increase of 290,000 over the same period a year ago.

U. S. exports of cottonlinters, mostly chemical qualities, totaled 81,000 bales for the three-month period. West Germany imported about 65 per cent of this total -- an increase of 45 per cent over a year ago.

The U. S., during the three-month period, imported 46,000 bales of linters, mostly felting quality, for an increase of 77 per cent over year earlier figures. Mexico supplied just under 50 per cent of these linters while smaller amounts were imported from Brazil, El Salvador and USSR.

Cholera is the number one killer of hogs in the United States. The infectious, highly contagious virus disease is nearly always fatal.

Veronal, a sleep-producing drug, was named for Verona, the sleepest city the discoverer knew.

TDA Making Annual Scales Inspections

Annual inspection of nearly one million weighing devices, measuring units, and pre-packed commodities is underway by the Texas Department of Agriculture for 1964, according to Agriculture Commissioner John C. White. Every conceivable object from gasoline pumps to boxes of bird seed is involved in the work. "The percentage of deliberate fraud in commercial devices is surprisingly low," Commissioner White pointed out. "Most violations involve old equipment or worn scales which get out of tolerance easily. We condemn and force about 10,000 devices into the junk yard each year."

White noted an interesting fact about gasoline pumps. "Most old pumps which drift out of adjustment have a tendency to give more gasoline to the buyer than is registered. Chances are 6 out of 10 that the motorist is getting an over measure of gas from a maladjusted pump. The other 40 per cent of inaccurate pumps are delivering a short supply. The percentage of inaccurate pumps is less than 6 per cent, however."

Violations on pre-packed meats in the grocery store are the most frequent, White pointed out. Meat shrinks in weight, and packagers often fail to make enough allowance for this factor. Housewives are urged to have their meat packages re-weighed at the check-out counter.

"Our most alert investigators should be the consumers themselves," said White. "Taking a printed weight for granted is a big robber of the household budget dollar."

Commissioner White also urged Texans to always look for the familiar green and white circular decal bearing his signature on all scales and pumps. The date of the last inspection by a Texas Department of Agriculture fieldman is indicated on the seal. If no seal is present, it should be reported to the Department in Austin, he said.

White further added that any violation or suspected violation of the Texas Weights and Measures Law should be brought to his attention for immediate action.

KITES are FUN when you PLAY it SAFE

Kite flying in the March wind will be more fun and much safer, if parents will discuss with their children these safety suggestions: • Never use wire or metallic kite string. • Use only wood in kite frames. • Fly kites only in clear weather. • Fly kites well away from power lines

and TV and radio antennas. • Avoid busy streets. • If a kite should become entangled in a power line, call us. Do not try to pull it down, and never climb a power pole.

Icy Bridge Gets Two Paper Cars

An icy Hansford Bridge claimed two paper delivery cars Sunday morning, but no one was injured.

A Berger News Herald delivery car went off the road after going out of control on the icy bridge, then only a few minutes later a car driven by Sammy Pingleton of Spearman went out of control on the bridge and rolled over in the ditch.

Anthony Wilkerson and Lonnie Morris were in the car. They were enroute to Gruver to distribute Sunday Plainsman papers. None of the boys were injured.

Women Mop Up Grass Blaze

The fire alarm Monday was a small grass fire at the Dave Hand Jr. home at McKibben.

Mrs. Hand and Mrs. Willie Seitz had the fire beat out when the county fire truck arrived. The women fought the blaze with a garden hose and a wet mop.

They said they turned in the alarm after two passing cars failed to stop and give aid and the fire was getting close to a barn.

In discussing the cost of the athletic program Seymour pointed out that 137 high school and grade school boys participate in football, 135 in basketball, 39 high school boys in track, 15 high school boys in tennis. There are 122 high school and grade school girls in basketball and seven high school girls in tennis.

Board member Ira Harbour said this means the program is costing approximately \$30 per student. According to the athletic financial statement the program has cost \$16,308.64 this year.

The board also voted to purchase another 48 passenger bus for the school for next year.

Miss Orlene Fullbright Is Bride of James W. Martin

In a double ring ceremony held Sunday March 1 at 4 p. m., Miss Orlene Ruth Fullbright became the bride of James Weston Martin. Wedding vows were exchanged in the Union Church of Spearman with the Rev. George Bollinger officiating.

Parents of the bride are Mr. and Mrs. Orville Fullbright of Spearman and the bridegroom is the son of Mr. and Mrs. J. H. Martin, also of Spearman.

The ceremony was performed before an altar arrangement of baskets of red carnations and white gladioli flanked by two white seven branch candelabra holding white tapers.

Candlelighters were Darla and Randy Weston, cousins of the bridegroom. Flower girl was Velinda Wilson, dressed in blue taffeta and the ring-bearer was Edward Lee Miller, who carried the ring on a white satin pillow. Both were cousins of the bride.

Mrs. Gayle Miller of Houston, aunt of the bride, organist, and Miss Uvonda Stokes of Amarillo, cousin of the bride, pianist, presented traditional wedding music and also accompanied Miss Cloetta Fullbright, sister of the bride, as she sang "I Love You Truly".

Miss Cloetta Fullbright was her sisters bridesmaid. She wore a dress of blue taffeta with white accessories, a white net headpiece and carried a single long stemmed red rose.

Escorted to the altar and given in marriage by her father, the bride wore a dress of white slipper satin with a lace jacket. It was fashioned with a round neckline, fitted bodice and long sleeves which tapered to a point at the wrist and a bell shaped skirt with a detachable white satin train. She wore a waist length veil of illusion falling from a crown of seed pearls. She carried a white Bible and a cascade bouquet of white roses. The Bible was borrowed from her aunt, she wore a gold ring which had belonged to her grandmother since she was 12 years of age, and the traditional blue garter was worn for some-

thing blue. Best man was Eddie Gail Martin, brother of the groom and ushers were Danny Jackson, Bryon Jones and Charles Lynn Martin.

Mrs. Fullbright chose for her daughter's wedding a sheath dress of pink silk linen with which she wore matching shoes with white accessories and a white carnation corsage.

The groom's mother also wore a pink silk linen dress with beige shoes, white gloves and hat and a white carnation corsage.

Immediately following the ceremony a reception was held in the church annex. The bride's table was laid with a lace cloth over blue and was centered with an arrangement of red and white snapdragons. Crystal and silver appointments completed the setting.

Miss Connie Jones presided at the punch bowl and Mrs. Sibil Miller served the three tiered wedding cake topped with a miniature bride and groom. Miss Yvonda Stokes registered the guests in a white leather bound bride's book.

For going away the bride chose a white wool suit with which she wore gold accessories and a white rose corsage taken from her bridal bouquet.

After a short trip the couple returned to Spearman where they will live until their new home is finished on the Martin farm.

The bride is employed at the First State Bank and the groom is engaged in farming with his father.

A rehearsal dinner was held Saturday evening, Feb. 29 hosted by the bride's parents in their home.

Mr. and Mrs. Earl Riley returned home from Amarillo the first of the week after spending a few days with their daughter, Mrs. Jim Smith in Amarillo. Mrs. Smith underwent foot surgery Friday. She is in St. Anthony's Hospital, Room 416. By coincidence, Robert Ownbey is in Room 418 and Marvin Chambers in 420.

Annual Luncheon Begins Year for Gladiola Club

The Gladiola Flower Club met in the Louis Schnell home for their annual spring luncheon for the first meeting of the year.

The spring motif was carried out throughout the entertaining rooms. Guests were seated at quartette tables covered with white linen cloths and centered with arrangements of white asters and baby pink rosebuds in milk glass. The color scheme was further carried out in the dainty springlike place cards and napkins.

The serving table was laid with a white linen cloth and centered with an arrangement of pink and white daisies. Crystal and silver completed the setting. The luncheon was followed

by a business meeting presided over by President Sylvia Robertson. This was a planning meeting and roll call was answered by suggestions for improving the clubs programs.

Hanke-Kingsley Vows Read In York, Nebraska

Miss Carol LeAnn Hanke, daughter of Mr. and Mrs. Harry Hanke of Newton, Kansas, became the bride of Gary R. Kingsley, son of Mr. and Mrs. Richard Kingsley of Spearman, in a ceremony in the Church of Christ in York, Neb. Feb. 6. Mr. Robert L. Scott performed the ceremony.

Attending the couple were Miss Connie White of Harlan, Iowa and Perry Degraw of Paragould, Ark.

The bride wore a two piece white wool dress with a corsage of orchid carnations.

The bride is a student at York College and employed at the American General Insurance

Co. in York. The bridegroom is a 1961 graduate of Spearman High School, attended Lubbock Christian College one year and is now attending York College. He is employed by Standard Brands, Inc.

DAY BY DAY

The other night in Canyon when the Lynxettes beat Abernathy for bi-district, many of us couldn't help but notice how the Abernathy girls took the defeat. I won't say they were poor sports because I know its awfully hard to accept defeat. Still, there was a marked difference in the gracious way the Lynxettes took defeat at the hands of the Friona Squaws in the regional tournament Friday and I, for one, was intensely proud of the way the girls fought back their tears until they had told the Squaws "good game".

Also in Lubbock Friday representing Spearman were 23 speech students who entered a speech tournament at Texas Tech.

Debating for the first time, Patsy Kingsley and Judy Noel reached the quarter finals of the meet. Terry Jones and Doug Lackey who had debated in one other meet went to the semi-finals. Superior awards were won by Pat Massad and Phyllis Patterson in poetry reading and excellent ratings were won by Qlo Crum in persuasive speaking, Patsy Kingsley and Jane Allen in prose reading, and Doug Lackey in extemporaneous speaking. Mrs. June Porter is head of the speech department in Spearman High School and must be doing an excellent job from the showing her students made in Lubbock.

It was kind of funny the way the Spearman and Gruber fans were yelling for each other in Lubbock Friday. I guess you have to get about 200 miles or so from Hansford County before the "kinship" comes out.

While watching the Jaycee-Harlem Star basketball game Saturday night, it occurred to me that some people might not be aware of the fact that the Jaycees had been working out twice a week for about two months. Sitting near a group of Lyn-

ettes I overheard some classic observations like "Look that's the first time Burl's gotten out of a walk" and "Coach Taylor jumped nearly as high as that Harlem Star's waist."

It was an entertaining show though and I can see now why Bruce Ayres won first in the Hootenanny at Amarillo. He's a real entertainer.

SHOWN ABOVE are Mr. and Mrs. A.W. Mobley, who celebrated their 50th wedding anniversary Sunday, March 1, at an open house held at the home of their son, Max B. Mobley in Fort Worth. The Mobleys were married in Hermleigh March 1, 1914. Besides their son, they have two daughters: Mrs. Zoe Spencer of San Jose, Calif., and Mrs. Ellzey Vanderburg of Spearman, and eight grandchildren. The Mobleys moved to Spearman in 1955 after retiring. He was a barber in Hermleigh and she worked in the postal department for 21 years.

Tennis Team Loses Three

Spearman's tennis squad opened the season against a strong Phillips squad this week and lost three matches and won two. In the Senior Girls' Singles Gloria Ricketts lost to Wendel 6-1, 7-5. The Spearman Freshman Girls' Doubles team lost to the Senior Girls' Doubles team 6-0, 6-0. Coach Perry Coursey said his

freshmen, Slaughter and Spoonemore, played good tennis against the strong Phillips girls. Bill Blackburn lost 9-7, 6-3 to Lewis in the Senior Boys Singles. Lynn Gibner and Burton Williamson beat Lane and Campbell 6-1, 6-1 in the Senior Boys' Doubles. Gary Cates beat Campbell 6-1, 6-2 in the B Boys Singles Competition.

Mrs. Russel Welch left Sunday for Dewitt, Nebr. due to the death of a relative.

Strong Showing Made By SHS Speech Department

Twenty-three speech students attended a speech tournament sponsored by Texas Technological College in Lubbock March 6 & 7.

Scoring 55 points out of a possible total of 80, in competition with 4AAAA and 3AAA schools, the local students made a strong showing.

The debate team of Patsy Kingsley and Judy Noel advanced to the quarter finals before being defeated by a team from Muleshoe, last year's state champion. The boy's team of Terry Jones and Doug Lackey debated their way to the semi-finals before being defeated by a Vega team. This was the first tournament debate experience for Patsy and Doug. Judy and Terry had entered only one other tournament.

In the individual events students ranking either Superior or Excellent were: Pat Massad, Superior in Poetry Reading; Phyllis Patterson, Superior in Poetry Reading; Doug Lackey, Excellent in Extemp Speaking; Patsy Kingsley, Excellent in Poetry Reading; Paulede Hester, Excellent in Prose Reading; Jane Allen, Excellent in Prose Reading. Qlo Crum, Excellent in Persuasive Speaking. Other students entering individual events and ranking Good, were D' dee Collard, Extemp; David McClellan, Extemp; Helen Collard, Persuasive; Jim Crawford, Poetry; Don Archer, Poetry; Paula Stout, Prose; Pat Pattison, Prose. Mrs. June Porter, director of these events, said the next com-

petition will be the district tournament April 18. The students will continue practicing on their selections and a practice schedule of debates with other schools is being arranged for the debators.

The next meeting will be March 13 in the home of Mrs. Joe Dan Bryan.

Mr. and Mrs. Lee Keys spent last weekend in Ponca City and Wichita, Kan. visiting relatives. Mrs. Key's father is slowly improving following surgery.

Mr. and Mrs. E. D. Clement attended a board meeting of the Central American Insurance Co. in Lubbock Tuesday.

Revival Set Next Week

Mrs. Frank Porter, president, opened the meeting with a prayer for vocations.

Reports from various committees were given. Delegates to the Pampa Deanery meeting of the Diocesan Council will be selected at the April meeting. Plans for the Mexican dinner to be sponsored by the society sometime in April were discussed.

Mrs. Porter appointed a program committee composed of Mmes. N. F. Renner, C. A. Kleeberger and Hugh Banks. The committee will meet with the president before the next meeting and plan yearbooks.

The program "Catholic Press Month" was presented by Mrs. Porter. She displayed books recommended for a Catholic home library.

The meeting ended with a unison prayer for vocations.

Revival services will begin Sunday in the Spearman First Christian Church. The services will be held each evening at 7:30.

Evangelist for the five days of services will be the Rev. Clifford Parker, minister of the North Amarillo Christian Church. Rev. Parker was minister of the church here in the early 1950's.

Song leader for the services will be Dick Richards of San Benito. He is Administrator of a Church Camp of the Christian Church. Richards is an Elder in his church and teaches a Men's Class in the Sunday School.

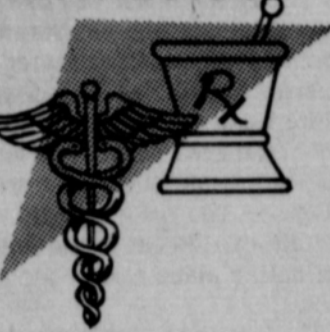

In the past he has served on the Texas Board of Christian Churches and as Vice President of the State Convention of Christian Churches.

The Rev. Graham Pugh, minister of the local church, extends an invitation to everyone to attend these revival services.

Mr. and Mrs. W. A. Ellsworth are now at home after spending some time in Amarillo where he was hospitalized. They also spent some time with their daughter and family, Mr. and Mrs. Troy Mays, after he got out of the hospital before coming home.

Renner. The next meeting will be April 7 at 7:30 p. m.

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Chevrolet Impala Convertible

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from in a '64 Chevrolet with engines up to a 425-hp V8*.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course, because we put a big coil spring at all four wheels (and 700 sound and shock absorbers throughout the car).

As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big

beautiful Body by Fisher, too. All kinds of stretch-out room. Wide thick-cushioned seats. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery. You feel good just being there. You can see how anyone might get the idea this is a high-priced car. Unless they happened to look first at its Chevrolet price.

And your Chevrolet dealer will be happy to show you that the price is probably what you'll feel least of all.

55 COUNTY FARMERS---who are interested in irrigation management attended the workshop sponsored jointly by the Soil Conservation Service and Extension Service. John McAlister of the SCS is shown in the foreground.

Irrigation Workshop Attended by 55 Farmers

Some 55 irrigation farmers attended the Hansford County Irrigation Management Workshop Tuesday, March 3, 1964. This meeting was jointly sponsored by the Hansford Soil Conservation District and the Extension Service.

A folder containing information about irrigation was presented to each person attending. This folder contains: 1. A History of the Irrigation Development in Hansford County up to March 1, 1964; 2. A Cost and Return Study on Irrigated Wheat and Sorghum; 3. Initial Cost estimate for setting up your irrigation system; 4. Cost estimate per acre inch of water pumped; 5. Points in designing your irrigation system; 6. Other information such as how to make your application for an irrigation well.

Robert Adamson, Hansford County Agent served as narrator. Dan Huchabee, John McAlister, and Ben Upchurch of the Soil Conservation Service; Darrel Renfro and Delbert Timmons of the North Plains Water Conservation District helped present the program.

Willard McCloy, Chairman of the Hansford Soil Conservation District welcomed the group and explained the purpose of the meeting.

Refreshments were served after the meeting by Miss Dallasene Reynolds, Secretary for the Soil Conservation District.

For those unable to attend the meeting, who wish copies of the information presented, drop by the Hansford SCD Office or your County Agents Office.

Rancher Extends Helping Hand

Because of a hands-across-the-border action of friendship and affection on the part of a North Plains rancher a Latin-American farm worker has his Old Mexico family at his Northwest Texas Hospital bedside as he fights for his life.

Artura Diaz, 26, was injured Sunday when the pickup he was driving left the road and crashed into a cattle fence. A piece of fence post pierced the truck windshield and was imbedded in Diaz' head.

The injured man is a farm worker for Mr. and Mrs. J. R. Morris of Gruver and has been in their employ for almost 10 years. At the time of the accident he was returning to the Morris ranch from Dalhart where he had gone to help another Mexican worker get on a bus.

Diaz' father and mother, Mr. and Mrs. Serrano Diaz of Durango in Old Mexico, are at his bedside, along with his young wife Lou and their 4-month old infant daughter. The family was brought to Amarillo by Morris and given a suite of rooms at the Putman motel apartments on W. 7th near the hospital.

The elder Diaz family from Mexico has said through the Rev. A. Rodriguez of Guadalupe Church, acting as interpreter, that they are overwhelmed at the kindness and generosity of Morris and many Amarilloans who have heard of their plight.

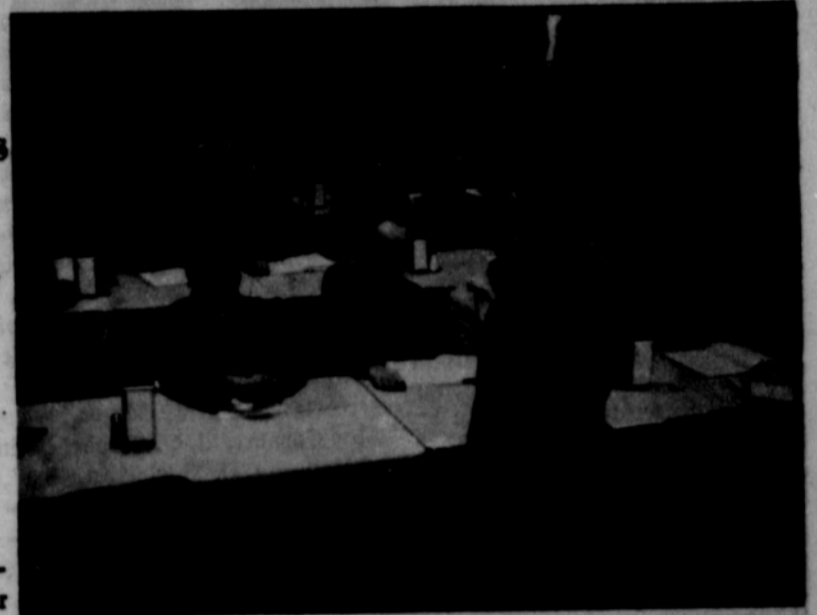

Lou Diaz and daughter . . . are befriended.

THE WAY I SEE IT

Robert Cordes, Pastor
Oslo Lutheran Church

"Do you not know that in a race all the runners compete, but only one receives the prize, so run your race that you may lay hold of the prize and make it yours." (I Corinthians 9:24)

Two county girls basketball teams fought to go on to the State meet and win the state basketball championship. Both Gruver and Spearman teams fought to win—but both were eliminated. For this we are all disappointed.

Paul to the Corinthians tells of another race or contest all of us are competing in... The Christian race. The purpose of the race is to win the prize. The prize in the Christian race is eternal life. The Christian race is one that continues not for a day or a tournament, not for the length of life, but until the Lord calls us from this life.

There are no trial runs. In a track meet you get a few practice jumps. Not so in life. From your first breath, you are living "for keeps."

You aren't merely all out for

"first place", or breaking the record, you are running to obtain the prize of salvation. It is offered to you in Baptism, in Faith in Christ. But in a sense it is conditional---depending upon how you continue in the life of faith in Christ.

It is not running a race to gain favor from God. We find favor with God only in Jesus Christ. But once we have salvation in Him, we continue to be sure it is a permanent part of our possession. We don't want to stumble half way through the race of life and lose this possession of eternity with God.

We ask for a second wind from God so that we can keep running steadily, doggedly, stubbornly on the right road, with a spring in our step.

To keep in training are you continuing to read God's Word? To hear it preached? Remember, you are to run to receive the prize. You can't like the rabbit lay down at the side of the road when half way along in the race of life. "Be faithful unto death and I will give you the crown of life." (Revelation 2:10) Don't permit the devil to eliminate you from the race.

ing when she left the game. On the Friona side there was a general expression of joy or relief and on the Spearman side, a shocked wave of silence. No Spearman fan could believe we would have to play a half without Phyllis.

Every player on both teams came over to shake her hand, tell her they were sorry and tell her she played a good game.

The great little competitor would not have known it right then if the roof of the building had fallen on her, for her heart was shattered because she had let her Lynxettes down.

Long after the game was over she was trying to carry the entire defeat on her small shoulders.

Just as no player can win the game alone, no one player is the cause of defeat. True, Spearman needed all of its best strength to match Friona, but Phyllis fouled because she was giving that second effort, trying to get the ball from the Squaw guards.

No one can find fault with a person for giving 110 percent effort. No one has anything but admiration for the "Little Bomber."

Program On Freedom Is Given

Mrs. Kenneth Evans was hostess to the Happy Homes HD Club in her country home March 5.

Louise Mullins presided at the business session. Devotional was given by Vaye West. Roll call was answered by "Definition of a Successful Woman". Plans were made for the rummage sale to be held March 21.

The District meeting will be held in Perryton April 9 at the First Baptist Church.

The program was given by Mrs. Kenneth Evans on "Basic American Freedoms."

Attending were Margaret Adanson, Nell Cummings, Rose Cummings, Dorothy Groves, Louise Mullins, Maylynn Schubert, Patty Sheppard, Vaye West and the hostess.

Bond Sales Reach 14.8% of Goal

Savings Bonds sales in Hansford County totaled \$26,775 during January 1963 according to Mr. C. A. Gibner Chairman of the Hansford County Savings Bonds Committee. 14.8% of the yearly sales goal has been achieved.

During January, sales of E & H Savings Bonds in Texas totaled \$14,777,595. This represents 9.8% of the state goal of \$150,000,000.

"During the coming few months a great many taxpayers will be eligible for tax refunds from their 1963 income tax. We would like to remind these people that they have the option of taking their 1963 refund in Savings Bonds. The taxpayer will be more apt to hand on to his refund if it is taken in Savings Bonds, plus the fact that they keep the bonds until they mature the person receiving the tax refund will get back \$4.00 for every \$3.00. Then too, the purchase of Savings Bonds helps provide for our country's future as well as our own," Chairman Gibner stated.

Mr. and Mrs. Tommy West, who recently moved to Oklahoma City, were here over the weekend visiting friends and relatives in Morse and Spearman.

THE MORSE CODE

COMMUNITY IMPROVEMENT

Morse is one of the communities mentioned in an article in the Farmer-Stockman magazine this month. A reference to the slogan adopted by the 4-H group for last year's contest is mentioned. The article states "Perhaps the Morse Community, Hansford County; paraphrases the real worth of community effort better than any- "Together we stick; divided we're stuck."

The deadline for this year's contest is April 1. All projects must be completed by this date to count in this year's work.

Projects completed this year include the community library sponsored by the education committee; the community wide revival held last August promoted by the church participation committee as well as the sing-spirations held throughout the year; and the rabies clinic sponsored by the safety committee.

Projects yet to be completed include the rural directory signs, the clean-up of the town and some work to be done in the park.

The telephone committee which started its work last year has made strides this year to finish their goals adopted last spring.

TELEPHONE INSTALLED

Last March a public meeting was called by the telephone committee of the Community Improvement association in Morse for the purpose of requesting more telephones and at least one private line in town.

Last week the work of this committee headed by Gene Brothers, paid off when a public telephone booth was installed on the porch of the community building and several new phones were placed in businesses and residences of the community.

Jaycees Open Beauty Contest

The search for a successor to Kyra Crum as Miss Hansford County began this week when the Junior Chamber of Commerce began taking entries for the annual beauty contest. Very few rule changes have been made in the contest this

year. The major change is the lowering of the entry fee. The fee was lowered from \$35 to \$25 dollars. Any girl who is single and will be 16 years old on or before August 1, 1964, who lives in Hansford County or is attend-

ing school here, is eligible to enter. College girls who attended school in the county are also eligible to enter. A complete set of rules and an entry blank can be obtained Monday at the Hansford Plainsman, 209 Main Street, Spear-

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Readers inquire as to why there is trouble in Panama, in Vietnam, in Zanzibar, et al, et al, and et al. The basic problem is that perhaps too many in the U. S. State Department are avid television viewers.

On TV the "good guy" always wins. The "bad guys" may open up with a multitude of guns, but in the end the "good guy" does not shoot, but throws away his weapon and armed only with virtue uses his fists to chastise the "bad guys" who then see the error of their ways. But that is TV. While virtue may triumph on TV, it is unfortunate international relations do not quite work that way.

The Panama incident is a man. Runners-up to Miss Crum last year were Miss Linda Holt and Miss Robbie Ownbey. The remaining top 10 finalists were Sandra Riley, Peggy Harvey, Sherry Mitchell, Bonnie Sullins, Joyce McGuire, Mary Ellen Barkley and Patty Simmons. Don Robinson and J. D. Helms are heading the beauty contest committee.

perfect case history. The governing clique of Panama has long wanted to "bootjack" a bigger cut out of the canal's revenues. On the basis of sound business, they have no argument. So they conveyed to their people, a poverty-stricken, excitable mob with a high degree of illiteracy, that somehow their national honor is involved.

In dealing with Castro U.S. has compromised, paid out ransom, feeling virtue will reap rewards. Over in the Kremlin they do not watch American TV so Cuba gave them a perfect opportunity to train a lot of ignorant zealots how to raise cane other than the sugar kind.

So some of these trainees go to Panama where their leaders had already created ill will against the U.S. as a bargaining tool to get more money. But they had succeeded in keeping the mob in check. However, the Castro-Kremlin agents built on this basis, further exciting the poor, wretched Panamanians, no doubt helped by good, strong cheap Panama rum.

It seems apparent the Panamanian government did not want things to go so far. This is evidenced by the fact that when ten Castro agitators were spotted by U.S. security officers, the Panama military force did not hesitate to take them into custody. Thus, it was purely a case where foreign politicians, hoping to gain dollars, sowed the wind and reaped the whirlwind.

Here are some stumbling blocks in the way of the foreigner who is studying our language:
Bear is like bare, and pear is like pare, but tear is pronounced tier and tare. Then hear is like here, and sear is like sere, and dear, shear like deer and sheer. Bear's not like great, nor beak like break, and neither is freak like steak; while beam, strange to say, will rhyme with seam, as well as cream with dream.

Case-o-matic DRIVE® with DOUBLE pull-power GIVES YOU 10 HOURS OF WORK IN 8!

Here's where power pays off by the clock—and by the acre. Few tractors in their class can equal the work capacity of the Case 730 or 830 . . . even in regular drive. These big-bore, long-stroke engines have the extra lugging ability that adds mule-power to rated horsepower. Thru average soils, they whip along with 5 or 6 bottoms.

But get into really tough ground. Flip into Case-o-matic Drive . . . on-the-go. Instantly—automatically—the torque converter puts out up to 100% MORE pull-power! You'll pull thru without clutching, shifting or stalling. And the extra power is metered out as needed—without waste—without damaging strain to tractor or implement.

In short, Case-o-matic's tremendous pull-power reserve is always on tap. It lets you work in a higher gear . . . add an extra bottom . . . pull wider or heavier implements—all non-stop.

How about the lighter loads where no added pull-power is required? A flip of the lever "locks up" the torque converter completely to put you into direct mechanical drive.

But the torque converter is always there ready for use the instant you need it. Ready to deliver maximum work output per hour, per dollar. Ready to help you pack 10 hours' results into 8 hours' work—as thousands of Case owners will testify.

TAKES YOU THRU TOUGH SPOTS NON-STOP!

Merit Scholarship Tests Given to 21 Students

Twenty-one students in Spearman High School took the 1964 Merit Scholarship Qualifying Test Tuesday, Counselor Jerry Day announced this week.

The qualifying test is a three-hour examination of educational development. The test is the first step in the tenth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, colleges, associations, unions, trusts, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1963, 1528 Merit Scholarships were awarded; 951 were provided by 179 sponsors and 577 by the Merit Corporation. There are 4118 Merit Scholars attending 425 colleges in the current academic year.

The test scores of students who are examined in March will be reported to their schools before May 15. The scores are used by counselors in many high schools to help students make decisions about college attendance and field of study. Many students who do not expect to win a scholarship take

the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

Students taking the tests were Gloria Ricketts, Gladly Hopper, Mike Skinner, Linda Lesley, Gary Haner, Patsy Kingsley, Sue Bradford, Jennifer Patton, Glenn Keim, Kyra Crum, Bob Phillips, Dorothy Smith, Norma Stowe, Vickie Kunkel, Vicki Wilde, Larry Sell, Margot Kilgore, Kathryn Smith, Jimmy Ownbey, Wesley Brinkley and Doris Slaught-ter.
