# Young Feeders To Show 110 Head Of Livestock in Annual Show Friday

Approximately 100 Hansford County 4-H Club members and Future Farmers of America members are preparing some 110 head of show animals for annual Hansford County Junior Livestock Show in Gru-

ver Saturday.

The young showmen will be exhibiting approximately 60 steers, 20 lambs and 30 barrows in the show rings and in the auction ring Friday and

Friday night.
Two judges will select the top animals in this year's display of feeding skills. Dr. Milton England of Panhandle A&M College in Goodwell, Okla., will judge the lambs and the Hereford and Angus steers. Dr. Ralph Durham of Texas Tech will judge the barrows and crossbred steers.

The judging will begin at 10 a.m. in T.C. Harvey's showbarn in Gruver. Dr. Durham will open the show with the selection of the champion

# Speech Students Score Well in Tech Tourney

High School Spearman speech students won three trophies, five excellent and six superior certificates and were runners-up for the Sweepstakes award at the Texas Tech Speech Tournament last weekend in Lubbock.

The girls' debate team of dy Noel and D'dee Collard swept through their competi-tion undefeated to win first place. They beat Friona in the finals when competing before a panel of five judges.

This Spearman team was the only one in either division to go through the competition undefeated.

Split decisions in the semifinals cut the two boys teams out of the competition. They had only one defeat in the preliminaries. They beat teams from Lubbock Christian High School in the preliminaries, but lost to them in the semion the s

It's pretty difficult too, to try to paste up ads, write a column, etc., when all the time I'd much rather be peering through the nursery window, deciding which baby looks like Great Aunt Mary and which one has her cousin's cute little

turned up nose. I really haven't gotten close enough yet to make any final decisions about who either little girl looks like. I did think one of them was just the tiniest bit like Jim (naturally) and was standing there staring at the "Likeness" when I heard Margaret Novak say "Now this one looks exactly like Linda did when she

So, with that, I started looking at "Baby 2" figuring she must surely have the traits I was looking for.

A little while later, feeling foolish about staring, I finally decided I'd wait until another day to make my scientific observations. Like when Dr. Gregg and all those nurses aren't standing by, grinning.

You know, I knew Edward Dear was on his toes as an insurance man, but he actually showed up at the hospital, briefcase in hand, just three minutes after those babies were born. He said he just happened by, on a business visit to someone else at the hospital but he came up with that after we told him he was sure rushing things. You don't suppose we scared him off?

Suit skirts are full of charm as well as full. They are gathered or pinch-pleated from waist or hip. They can have inverted or unpressed pleats, but the big commotion is about motion in skirts.

The various types of pleats continue, with a fresh move toward the dirndl or gathered skirt.

Jacket shaping moves to the front, with easy back, shoulderlines in the news, The line is narrow and high, and sleeves are most often set in. Important entrant is the leather-belted suit. Silhouette here focuses on a hipline jacket, softly belted below the natural waistline.

Costume suits are given new zest with color and fabric. There is hardly a suit that doesn't have at least its own blouse, which puts it right into the costume class.

Suit fabrics are smooth and sleek in sharkskins, chiffons, flannels, gabardines. Spotlighted are refined, flatter woolens and worsteds, often double-woven to hold the supple line.

As an extra special treat for Easter, some new ideas have come across my desk, which I will pass along to my readers in the next few weeks. These ideas I hope you can use to surprise and delight your family, and perk up the season. The first one is simple to do, yet it is a dessert idea which can be used the year round.

## Pale Hues Coloring Spring

In keeping with the gentle, ever-so-feminine mood that has returned to the fashion scene, pale is the watchword in spring colors.

The pale pastels are back, softly luminous and misty. White stands alone, or casts a gentle haze over clear, clear color. It glows, refreshingly, in combination with such basics as black and spring's new richer version of navy.

Fittingly for spring, the season of renewed life and growth, fashion borrows from the colors of sky and sea, fruits and flowers. Green breathes with freshness.

Lemon, apricot, orchid, peach and blossom pink are just a few of the hues that give spring fashion a natural loveliness. Blues recall a cloudless sky or, tinged with green, rippling water.

Neutrals now range over a wide variety of shades: black, white, navy, gray, greige, brown. The browns are mellow, diminishing to a soft, gentle sandstone.

diminishing to a sort, genue sandstone.

Prints there are to satisfy every taste — soft and hazy, small and precise or bold and brilliant. In prints particularly, the brighter, more dashing colors make a splash.

ice cream of various colors)

On the fashion checklist for spring are swingy little suits like this one, in a crisply checked cotton and acrylic fiber blend. The cutaway jacket and box-pleated skirt reflect the English influence on spring styling. Fabric blend contains Creslan acrylic fiber.

I have had several inquiries about frosting grapes for party use, so I'll pass this idea along. Beat the white of an egg just until it mixes togethernot so long it foams. Roll grapes in eggwhite, then in granulated sugar. Let set in refrigerator until egg white coat is dry to hold on the sugar. That's all there is to it, and the frosted grapes make such pretty accents to a table, as well as being edible.

## Crash Research Shows

# Second by Second Details

For some years, research people, especially at Cornell University and the University off C difornia, have been studying automobile crashes. It may give you immediate cause to meditate over your own driving skills and habits once you have in details what happens know in detail what happens during those deadly tenths of a second when an automobile at miles an hour is crashing a solid tree. It does not take you long to die in those circumstances.

#### **National Square Dance Meeting** Set In Dallas

DALLAS - More than 20,000 gaily garbed square dancers are due to converge on Dallas June 24 for the opening of three-day 14th annual National Square Dance Convention.

Already registered for the convention are dancers from 40 states and from several foreign countries, including one troup of 23 dancers from Saudi Ara-

To handle the large number of contestsants, eight separate but simultaneous dances will be staged in the Municipal Auditorium and in seven other ball-rooms, including those of the major hotels.

More than 300 callers will be calling the dances during the three-day festival.

The national association has acquired more than 100,000 signatures on petitions asking the Post Office Department to issue stamp commemorating quare dancing as the American folk dance in June to coincide with the convention.

In addition to the dances, the contestants will be guests at a chuck wagon barbecue and at a special rodeo performance on the night of June 26.
