Football Practice Starts Monday

HERE'S HOW----Lynx Coach Don Seymour, at board, shows his coaching staff how he wants the grade school, freshmen and varsity teams taught this fall. Coaches (1-r) are: Fred Dawson, Larry Dawson, Jerry Taylor, Perry Coursey, Ken Thomas, and James Pendergraft. The staff will work with the varsity and freshmen until school starts. Coursey, Thomas, and Pendergraft will then coach grade school. --- Plainsman Photo

School Board Meets Monday Budget Hearing

With the teaching faculty complete and the new high school building nearing completion, the Spearman school board meeting Tuesday was concerned mostly with routine

The board will inspect the new high school building Monday night and either accept or reject the building.

Seats in the auditorium will be installed by Friday and the language laboratory will also be installed. Work on the building is now in the final touch-up stages in most areas and if it is accepted, moving will begin next week,

Board members agreed to pay the registration fees and \$2 per night lodging fees for the Spearman teachers attending the reading conference at West Texas State.

The board also approved a list of meetings the school administrators may attend this year. The superintendent will be going to the State Superintendents meeting in Austin, the American Assoc. of School Administrators meeting in Atlantic City, and the National Edu-

Skate Rink Opens Friday school for two years.

A new recreation facility for the athletic minded will open in the Community Building Friday night.

A skating rink will begin operations in the building and admission will be 50 cents per person, with or without skates.

The rink will be operated by 'Shorty" Myers, a veteranskating rink operator. He said the rink will be operated in a safe manner at all times and the safety rules will be strictly enforced, so that everyone may enjoy skating.

The rink will be open Saturday and Sunday afternoons from 2 until 5 p. m. and every Friday night. It will also be open every first and third Saturday night,

Approval was given for the Ministerial Alliance of Spearman to have its union Thanksgiving Service in the High School Auditorium.

A contract for cleaning, and reworking and reflame-proofing the stage and window curtains in the old auditorium was awarded to Texas Scenic Co. of San Antonio for \$442.

In Old Building

The annual budget hearing for the Spearman Independent School District will be held Tuesday, Aug. 20, at 7:30 p. m. in the old high school

Supt. James Bramlett said the meeting was first scheduled for the new building, but has been changed to the old one.

Even though it is still summer, it is football time again. The first game will not be played until Sept. 6, but workouts start Monday and this is enough to put the football fan in the grid mood.

Spearman players will take their physical examinations Saturday, draw equipment Sunday and begin workouts Monday morning in shorts. Evening workouts will be in pads.

Gruver Coach Leon Chapman is still in school in Canyon and the Plainsman was unable to learn his starting schedule. In past years Chapman has held night workouts only.

This week Lynx boss Don Seymour and assistants, Fred and Larry Dawson, Jerry Taylor and grade school coaches James Pendergraft, Perry Coursey and Kenneth Thomas have been having their own coaching clinics, and preparing informaand equipment for the

Sheets Has Hard Summer

This summer had a rough beginning and ending for Steve Sheets, son of Mr. and Mrs. Willis Sheets of Spearman.

Steve fell from a tree and fractured his neck. He was in a brace for several weeks before he was released.

Now, with summer abo over Steve has had another accident. Tuesday afternoon he fell at the swimming pool and now he has both arms fractured and in casts.

The general membership meeting of the Spearman Chamber of Commerce has been postponed from tonight until next Friday, Aug. 22 at 7:30 p.m.

Tuesday Coach Seymour told the Lions Club that Spearman faces a tough 10 game schedule. In the district race he said Dalhart is far ahead of the rest of the district, but the rest will be bunched close.

At the state coaching school the coaches of the district picked White Deer and Stinnett to a battle for second, Shamrock would follow and Spearman in last place.

Seymour said he, his staff and team were going to try and change that finish.

Of the 29 boys Seymour expects on the varsity this fall, four will be seniors. The remainder will be juniors and sophomores.

Twenty eight freshmen will draw equipment Sunday and work out the same as the varsity. However, they will not scrimmage with the varsity, and they will play a freshman schedule,

Seymour said this is being done so the young boys can compete with boys of their own size and ability. In the past, he added, too many freshmen were lost to football because they had all their interest beat out by larger and older boys.

Seymour said the squad will Shortly after school was out be smaller this year, because some of the larger boys from last year have indicated they do not intend to participate this year.

in the grade school program that will start with the opening of school, there will be 24 boys in the sixth grade, 26 in the seventh and 26 in the eighth

The fifth grade program has been changed to touch or flag football, because the fifth and sixth grades combined made such a large group that one coach could not give them proper su-

If there is any doubt in which direction the liberals are taking this country, it should have been removed this week. Apparently the group is beginning to believe that it has enough of an economic control over the country that it does not have to try and cover its aims.

Vice President Lyndon Johnson and Supreme Court Justice Arthur L. Goldberg in speeches before two different groups pulled no punches in telling the groups that Washington will be

Johnson, speaking before a national organization of city government officials told the group that cities would enforce the civil rights rules as laid down by Washington or be faced with the possibility of losing self-government,

Justice Coldberg, the former union lawyer, told the American Bar Association that the lawyers and judges should support the Supreme Court and put aside discredited theories of constitutional law.

The Judge scorned the doctrine of interposition, the theory that states can interpose themselves between the federal government and the citizens of the states.

Now the idea of interposition has been a much discussed question of law for many years and there are big camps on both sides of the discussion. We cannot argue this point. Our point on contention is this new idea that Washington is infallible.

It seems we suddenly have a group of rulers, not necessarily elected, many appointed, who have had all the answers revealed to them and them alone. There are lots of elephants as well as donkeys in the group. This group of men and women are so intelligent they need no hindsight or assistance. They have all the answers and the many years of knowledge which have been built on the subjects are fallacies.

It would be nice if we had such a group, but we are afraid these super-brains will prove to be like so many super-brains of the years before. They will prove to be not as smart as they think they are.

The coach said he felt that a boy learned things from football that were much more valuable than the actual football. He said very few high school football players ever make a living from football, but the good character traits taught by the sport helpsa boy all through

It has been brought to our attention this week that in last week's Spearman Reporter it was implied that we were ready tostart a big promotion of Borger merchants while living off Spearman merchants.

For the information of the "Don't Name It' column writer, and the Logan Advertising Agency of Oklahoma City, we do not have any Borger advertising scheduled for any time in the future.

Just for the record we do not consider the Plainsman to be living off any Spearman merchant. We consider this newspaper, printing plant and office supply store to be a legitimate business offering legitimate products and advertising services. We have never tried to sell advertising on any other than a needed business service basis. any merchant feels he is donating to charity when he buys advertising in this newspaper, then we will manage to get by without the business. Four Years Pays \$150,000

Wanted: Young men and women 18-30 years old interested in earning \$150,000 for three to five years of pleasant work. High School education only requirement.

That classified advertisement, if run in newspapers all over the country would bring an avalanche of applications.

You will not see the ad in this or any other paper but the opportunity is available. The pleasant job is securing a college education and the salary is the average amount of money that a college graduate will make above the nongraduate during a lifetime if they are both putting in the same amount of effort in an equal work day.

The nice thing about this difference in pay is that it is increasing all the time. Back in the 40's the difference was estimated at %72,000. In 1952 a Time magazine survey upped the amount to \$100,000 and in the not too distant future the difference is being set at \$250,000.

According to WNS news story recently, there is a serious question in industry now as to whether or not in years to come there will be places where the common laborer can earn an adequate income.

Naturally, with the value of education going up, the requirements for entering college are stiffer, so a high school student cannot loaf through high school, then suddenly decide he wants to go to college.

Five years ago very few colleges required entrance exams. Today the open door policy is almost dead. Rice University, possibly the best school in Texas, rejected 2, 200 applicants last year.

Trinity University, one of the state's smaller schools rejected 200 of the 900 applicants received. From all of the schools comes information that more and more students are being rejected.

Even though a student may pass the entrance requirements, he will still find the going much harder than the road traveled by his parents or even his older brothers and sisters.

College officials point out that requirements are greater now than even in the mid and late fifties. The percentage of aca-

demic failures is increasing as the colleges increase their stand-

The stakes are high and the competition is becoming keener all the time, so the high school or college student who decides to quit school now to keep making that "big" money will find in later years that it was very small money compared to what he turned his back on. The student, who does not already have his future secured through family connections cannot afford to leave school

LITTLE "D" ON THE MOVE -

You know, it's great to be from Diboll. Like everyone else, we like to be a part of a community that is going places. Also, like everyone else, we like to be part of a city that is well thought of by 'outsiders.'

These are pretty good reasons. And they are valid reasons, so far as Diboll is concerned. It is encouraging, for instance, to go out of town and learn that citizens of other, often much larger towns thing highly of your city. And it happens daily; 'Sure, I was through Diboll not long ago. Boy, that little town has come a long way in the past ten years or so. It's really on the boom, isn't it!'

Makes you feel good to hear folks say that.

Of course it all depends on the individual definition of 'boom' whether or not Little D really is 'booming.' But, we would say this isn't far from being an apt description. There is the new plywood plant coming up-three million dollars worth; there is the million-dollar log handling and processing center; there is the 42-unit FHA housing development, and the proposed 200-unit public housing authority development; there is the \$75,000 public library whish should get underway sometime this month; there is a multi-million dollar tissue mill in the 'hope' stage; and there is the big three-quarter million-dollar motel-restaurant that all of us are hoping will become a reality just any day now, and there are numerous internal expansions within our industries-such as Southern Pine's revved-up marketing program-that are bound to add fuel to Little D's industrial colassus.

Name us another town or city in all Texas that has this much potential? There aren't any. So far as potential for vecoming the model city, Diboll is eight full lengths in front, with the straightaway still to come. When we hit our full stride, the nearest competitor won't even be close enough to whiff our heel dust, Happy days are here again—to stay. Diboll Free Press

TAX REFUND CLAIMS DUE

Farmers and ra .chmen are reminded that claims for the Federal Gas Tax refund must be submitted before Sept. 30, says C. H. Bates, farm management specialist, Texas Agricultural Extension Service.

This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Bates. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used o operator's farm by custom contractors is also eligible for the refund, points out Bates, but fuel used in highway travel is

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Bates, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of

the county extension agent or the area offices of Internal Revenue Service, he says.

Bates reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The specialist emphasizes that the deadline for reporting claims is Sept. 30.

AWARD WINNER

T-enty-four outstanding Texas 4-H Club members have been selected to receive honor awards from the State Fair of Texas. The State Fair for many years has honored similar groups of 4-H members on an annual basis.

The boy from District I is Allen McCloy, Hansford County.

The list of winners was released by the state 4-H Club office and they added that the winners, their parents and county extension agents concerned would be the guests of the State Fair of Texas for a dinner-dance on the evening of Oct. 4. Medals will be presented to each of the winners during the evening and the following day, all will participate in Rural Youth Day activities at the Fair.

The announcement added that the State Fair Honor Award is designed to give special recognition to a boy and girl from each of the 12 Extension Service Districts in Texas based on their allaround achievement and leadership records for a period of three or more years.

The Way I See It

Robert Cordes, Pastor Oslo Lutheran Church

Vacations are much needed in this fast pace of living. We need to get out and relax, view God's great creation and recreate our stamina,

The following comment by Ben Lewis speaks a lesson for all of us:

"The boat floats down a wilderness stream. Mother Nature is at her most beautiful. Civilization is miles away. The sun sparkles. Something reflects its rays. Is it a fish?

Nope, it's a beer can.

Downstream, water barely covers gravel bottom. Boat has to be towed. Rocks hurt feet, but do not cut them. What, then, drew the blood?

A rusty old beer can.

A white-sand beach lies ahead. What a perfect spot to camp! As boat nears, no room can be found for tent. For the beach is filled with ...

Beer cans.

On the trip home, car lights are reflected by things along the road. Sometimes reflection comes from the eyes of deer. But winking back most often are...

Beer cans.

Now if I were Aladdin and had a magic lamp, I would rub it three times and make this request: Take such and such and so and reshape their heads to resemble beer cans. Then punch two holes in the top---one to let the foam run out, the other to allow common sense in. "

To this I might add--what can we do about such "beer cans"? Our taxes are being spent for people to pick up cans. Wouldn't it be wise to require a deposit on all cans sold===so at least some might have a little income as they pick up discarded beer cans?

Mr. and Mrs. Rufus Burleson and Mrs. Bob Mitchell of Pueblo, Colo., and Mr. and Mrs. Harve Haney of LaJunta, Colo, attended the funeral of the womens brother-in-law, Charlie Riley last week.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION

NO. 16 proposing an amendment to
Section 49-b, Article III of the Constitution of Texas so as to authorize
an increase in the total amount of
bonds or obligations that may be
issued by the Veterans' Land Board
to Three Hundred Fifty Million Dollars (\$350,000,000.00); providing for
the issuance of said bonds or obligations and the conditions relating
thereto and the use of the Veterans'
Land Fund; and providing for an
election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEG.

BE IT RESOLVED BY THE LEG-ISLATURE OF THE STATE OF

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:
"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties there has been created a governmental agency of the State of Texas performing governmental duties whech has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years: but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

GENERAL TELEPHONE TOWNS ON THE MOVE

When Wylie, Texas planned civic improvements, its progressive citizens went all the way. Showing a population increase of 34% over 1960 census figures of 1804, Wylie set out to prepare for even more growth.

They launched a street paving program, downtown business modernization, construction of a new school, new bank building, new residences and a new post office.

This combination of public and private improvement is well under way today,

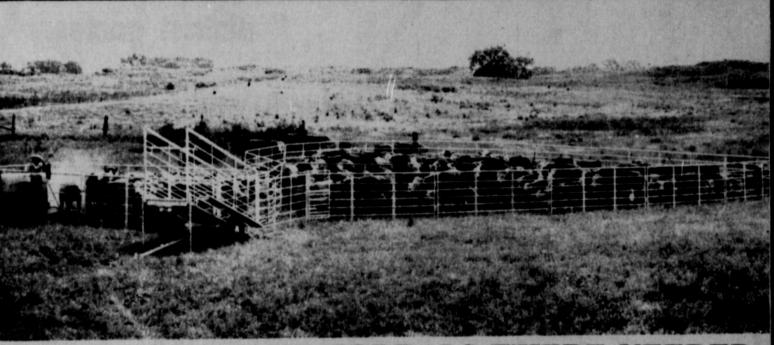

as shown in the "before and after" facelifting photos above. The Wylie story is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.
