Smith Completes Recruit Training

Richard Smith, SA, USN, is home on leave after completing recruit training at the U.S. Naval Training Station in San Diego, Calif.

Smith will return to the U.S. Naval Hospital in San Diego where he will enter school for training as a Navy Hospital Corpman.

The sailor is a graduate of Spearman High School and attended Panhandle A&M College before enlisting in the Navy.

Mrs. Bobby Nollner of Lady Fair, Mrs. Marvin Chambers of Chambers' Dept. Store and Mrs. Jim Neely of Neely's are in Dallas today to attend a clothing market. They flew to Dallas together Saturday evening.

Gift Box Memo:

Probably one of the most popular jewelry items now, other than engagement and wedding rings, is the pendant watch. You will find just the one you want to give that girl graduate.

Lots of people think of us only when they want gifts for girls and women, we have many gifts for boys and men.

For the boys graduating this year we have boxed suit hangers, fold-away travel cases, manicure sets, and for the college bound student there is the three volume set of books, a world atlas, dictionary and Rogers' Thesaurus.

Something that will be welcomed by the student is a set of bookends to go on their dormitory desks.

We want to congratulate you of the class of 1966 for the outstanding record you have led the school to this year. You and the members of the other three classes of school have made a record that will be remembered for many years. We hope you seniors continue to set records as you go forth into the world.

Texas Seeks More Patrolmen

Higher pay, more opportunities, and a chance to choose the geographical area of the state where they will be assigned are featured items in the Texas Department of Public Safety's bid this month for more than one hundred new patrolmen. "The pay during the training has been increased from \$375 to \$400 per month and upon graduation increased to \$468 or \$484, depending upon the branch of service to

which the patrolman is assigned," the Sergeant stated.

Applications and information can be obtained by contacting any Department of Public Safety patrolman or office. June 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

FINANCIAL FACTS

Despite the nation's booming economy, more than one third of American families have no savings, investments, or reserve funds, according to a recent report issued by the University of Michigan Survey Research Center.

NEGRO INCOME

The median income of Negro families in the U.S. was \$2,184 in 1964, according to a recent U.S. Census Bureau report.

Waka Students Make End of School Trip

Waka School made a trip to Cheyenne, Okla. May 13. Since 1955 the students, parents and school patrons have traveled to surrounding areas and cities for an educational tour. In the past few years, the last of school picnic has been incorporated with this tour.

The Waka P.T.A. budgets money to supply the drinks and the paper accessories needed for such a picnic and a basket dinner is spread at the noon hour. The trip committee was composed of Messrs. and Mrs. Eldon Gurley, Paul Shipman and Harold Marshall. Two school buses and several cars were taken for the approximately 60 people attending.

The highlight of this tour was a visit with the artist, Mrs. Augusta Metcalf, at her home near Cheyenne. She is a spritely person in her eighties and is known as the "Grandma Moses" of Oklahoma. Her home is a museum in its own right with her pictures covering most of the walls; a show case filled with relics and mementoes of the past, many made by hand; and antique furniture that is in daily use. The home is in the natural setting of the wilderness and ev-

eryone enjoyed exploring the farm.

Lunch was spread at Dead Indian Lake. The children hiked around the dam and explored the lake's shore.

After lunch they visited the Black Kettle Museum in Cheyenne and also the site of the battleground where General Custer wiped out the Cheyenne Indians under Chief Black Kettle.

Students and faculty of the school wish to thank the P.T.A. and all that helped in any way to make the trip possible.

Choir Will Sing in Waco

Youth Choir members of the First Baptist Church will present a musical program Monday evening, May 30, in the Highland Baptist Church of Waco. The Youth Choir of the Highland Baptist Church sang in Spearman last summer while on tour.

The choir will leave here Monday morning. Tuesday will be spent touring the Baylor University campus before traveling to Fort Worth to visit Six Flags Over Texas. They will return home Wednesday.

The choir is directed by Music and educational Director Jerry Rall, assisted by Mrs. Neil Pack, Susan Uptergrove is accompanist.

Grain Sorghum Increases 29% Over 1964 Crop

Hansford County's grain sorghum for 1965 was 8,689,000 bushels according to final figures released by Grain Sorghum Producers Association. This was a gain of 2,569,000 bushels, or a 29% increase over the 1964 crop which was 6,120,000 bushels.

This ranked it ninth in grain sorghum production among all counties in Texas according to Rudie Tate, North Plains Representative, GSPA. Parmer County again led the state and nation in grain sorghum production with 18,683,500 bushels this past year.

The trend for the past several years has been increased grain sorghum production in this county and in Texas. Texas, the number one grain sorghum producing state, had a production of 285,740,000 bushels in 1965 which was 43% of the total grain sorghum produced in the nation. All Panhandle counties had increased grain sorghum production in 1965.

The 1965 grain sorghum crop was the largest ever in Texas and the nation. National production was 666,062,000 bushels, 35% above last year and 21% above the five-year average.

The biggest production shift came in the 13-county North Plains of Texas area which produced 81,111,600 bushels of grain sorghum in 1965 which was 12% of the national

production and 21% of the Texas production.

The Coastal Bend area around Corpus Christi also registered increases in grain sorghum production. Nueces County moved up to the 4th place producer in the State with 12,784,000 bushels.

Even in the heart of the traditional cotton area of the South Plains, grain sorghum showed gains, Lubbock County itself leaped from 4,715,000 bushels in 1964 to 6,104,000 bushels in 1965.

It is expected that the increasing grain sorghum production trend will continue this year, particularly in the North Plains, Coastal Bend and South Plains.

Along with these production increases, utilization of grain sorghum has steadily increased at home and abroad through intensive promotion program by Grain Sorghum Producers Association. When such programs were started in 1956, livestock use of sorghum was 179 million bushels, now it is 479 million. Exports in the same period have moved from 22 million bushels to over 200 million in 1965.

The other major uses of grain sorghum, commercial and industrial, now promises to double with the opening of the new wet milling plant to be built at Dimmitt.

Fire Causes Little Damage At Barber Shop

Persons leaving the class in the Farm Bureau building Friday night discovered a fire at the rear of the Hays Barber Shop building. The fire was thought to have been caused by a dropped cigarette.

The only damage was to some bedding stored in the rear of the building. A couch had been moved into the storage room Friday afternoon.

The fire smoked up the barber shop and Ann's Beauty Shop next door.

Observes Stewardship Week

The Hansford SCD furnished information on Soil Stewardship, bulletins and bulletin inserts for local churches and a program on soil conservation for the local ministers in connection with Soil Stewardship Week. Bob Crawford, Work Unit Conservationist with the local Soil Conservation Office presented a slide program on conservation work done in the district.

Many of us when we hear the term stewardship immediately think of men in the ministry as those who are qualified to speak on the subject. Many of us also take the attitude that we are not affected by stewardship of our resources, but this is not true. Most of us would like to pass responsibility on to a few not recognizing we all have an interest, a stake or a share in the stewardship or conservation and development of these resources.

Good food and clothing is important to all mankind-however, many countries do not enjoy the wonderful food supply we here in the United States often overlook as a blessing. Neither are many nations well dressed. Good stewards will help keep us well fed and well dressed. They will keep the soil where it is so that they do not contribute to the silt that fills the lakes we depend on for our water supply-and incidentally silt is also a pollutant. Good stewards not only are developing and conserving for future generations but will make more money with less expense today than those who do not. Ask your bankers or other loaning agencies which is the better loan risk-the conservationist or non-conservationist.

Conservation and Stewardship will and is doing much toward keeping our country beautiful. It is responsible for the bountiful supply of wild-life, lovely woodlands and clear clean streams for better and more enjoyable recreation.

These things we all have an interest in and a share of the responsibility lies with each of us.

The economy of our state and nation is greatly affected by Stewardship. In Texas, agriculture is second only to oil as the biggest industry. Although only about 8% of our people are actually farmers or ranchers over 40% of our people are employed to handle agricultural products. Processing and distribution employs many people.

Our agriculture in America uses more steel, rubber, petroleum, and chemical products than any other industry add these few examples to many more and then ask yourself whoever you are, or whatever you do, if you do not have a share of the responsibility for Stewardship of our resources. Let us remember---Jeremiah 9:12, 13.

"...for what the land perisheth and is burned up like a wilderness, that none passeth through? And the Lord saith, Because they have forsaken my law which I set before them.."

Positive Attitude Necessary

Job seekers of all ages find that a positive attitude is a necessary ingredient for success.

"This positive approach is especially important for older citizens," says Miss Leota Lane, Texas A&M University Extension specialist in family life education.

Job seeking is a business. Senior citizens who wish to find employment related to their skills should remember this as they prepare for job interviews. Approach each interview with an eagerness to be of help to the company or individual for whom you wish to work. Explain previous work experiences which you feel would qualify you for the position you are seeking.

Arouse the interviewer's interest by your neat appearance and cheerful disposition, suggests Miss Lane. Answer ques-

"STRIKE IT RICH"

If you've ever dreamed of finding gold (and who hasn't!), you can make that dream come true during the third week in July in Edmonton, Alberta, Canada-for that's when Klondike Days are in full swing each year.

ing easier, regardless of the age factor," Miss Lane emphasizes.

Assistance in job-finding is available from the Texas Employment Commission. And local offices are prepared to provide the same assistance to older workers that are provided for younger people. An older worker specialist directs efforts of the TEC offices in helping to locate the best possible job for mature men and women.

3 Lynxettes To Play with All-Stars

All three senior Spearman Lynxette starters, who survived the battle to the state championship in class AA, have now been picked for the state all-star game in Duncanville, June 23.

One of the starters was picked by the state selection committee and two have been added by the coaches of the North squad, Dean Weese and Bud Roberts of Tulia.

The three girls are Susan Hutchison, Karen Gibson and Robbie Ownbey.

Hutchison was picked by the state selection committee and after Dean Weese was named the offensive coach he was allowed to select another forward, He picked Gibson.

Roberts was named the defensive coach and was allowed to pick an additional guard for the North squad. He called Friday and asked Ownbey to play for him.

Weese said Roberts had always admired Ownbey's defensive skills. "Robbie has probably held Freda Rousseau, Tulia's high scoring forward, to as few points as she has ever scored in a game," Weese said.

The girls and coaches will report to Dallas on June 21, have two workouts and then play on June 23. The game is part of the annual girls' basketball coaching association's coaching school.

Weese will speak to the school on defense.

PFC. HARNISH STATIONED IN VIET NAM

Pfc. Gilbert Harnish has arrived in Saigon, Viet Nam where he will be stationed for 13 months, according to his mother, Mrs. C. T. Harnish. Gilbert visited his parents here leaving here May 8.

He is with the Army Teletype Corps in Viet Nam.
