

TWO TRUSTEES ARE RENAMED

Inkman And Thurman Are Given First Elective Terms, White And Turner Win At Coahoma, Grant At Forsan

W. W. Inkman and Ira L. Thurman, board secretary, were named to their first elective terms as trustees of the Big Spring independent school district as voters marched to the polls here and over the county to pick men to lead their schools.

The successful Big Spring candidates each received 111 votes in balloting that was considered light. At Coahoma and Forsan the voting was proportionately heavier.

Others Tally Although there were the only names on the ballot, Ed Merrill received 30 votes by the write-in route and J. C. Rodgers 28. Jim Rogers and J. T. Rodgers, apparently meant for J. C. Rodgers, got four votes—running his total to 30.

Grover C. Dunham and T. J. A. Robinson, who are candidates for the city commission in Tuesday's election, had their names written in once each.

At Coahoma Ralph White and A. R. Turner were named trustees. White led the ticket with 88 votes and Turner received 57. Mrs. Boone Cramer had 55 votes, Mrs. Keith Birkhead 51 and J. M. Wilson 35. Wilson and Turner were incumbents, Lem Dennis, incumbent, was not a candidate. H. T. Hale, county trustee from Precinct No. 2, got about 100 votes, according to an unofficial tabulation.

Earl Grant was re-elected trustee at Forsan with 63 votes, defeating Rufus White, who got 42 votes. J. D. Gilmore was given 105 votes for county trustee from Precinct No. 19.

Trustee elections were held in 19 school districts of the county Saturday. One trustee was to be named from each of the districts except at Gay Hill and Midway, where two and three, respectively, were to be selected.

Odessa Baseball Player Is Found Shot To Death

ODESSA, April 1 (AP)—Buford Armsong, 28, ace pitcher of the Odessa semi-pro baseball team, was found shot to death today in a West-Odessa tourist camp cabin.

A small caliber bullet had pierced the left side of his body near the heart. There were no blood stains in the sleeping cabin, nor any signs of a struggle.

Officers said they were told Armsong had been missing from home since last night. He was a former House of David semi-pro pitcher.

GOLDFISH GULPING CONTEST LACKS ONLY THE FISH

EL PASO, April 1 (AP)—Tough-stomached engineering students of Texas College of Mines entered the inter-collegiate goldfish gulping swallows today with a candidate to swallow 30 live goldfish—if some one donates the fish.

"The gulp of the engineers must be upheld," declared Candidate Hardy Nalley, who bet a new goldfish bowl he could eclipse the record of 23 live fish—up to 54 minutes set by a teachers-college student at Kutztown, Pa.

Professor Anto H. Berkman, accustomed to the hardy antics of mining engineering students, mildly protested the contest. "I have to be small—about an inch or so." "After all," he said, "no fish is a lot of fish in any stomach unless it's a penguin."

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

What's (telling) you... was here we were fretting about a cold snap last week when we should have been worrying about the railroad commission and the oil allowable.

The cold wave was a close one—got to 34 degrees and barely missed nipping a good fruit crop and a word of tender vegetation. It gave us a scare, a breathing spell and put us a step nearer safety from late spring freezes.

No such luck on the allowable. Howard county got the most drastic cut it ever received since prohibition. Consensus of opinion Saturday was that something must be done or the oil business in this area will suffer incalculable damage. If left like it is, it will stifle exploration and development, curb processing, run overhead all out of proportion and ruin operators who floated loans on the basis of former schedules.

Back to spring. Once a year we have something to say about the redoubt at the A. C. Walker home on S. Sourry street. They are undoubtedly the most beautiful ones in this section, are 15 or more years old and have furnished plantings for dozens of others.

Rep. J. H. Goodman of Midland points out that the food best assumption and highway tax. Strickland bill would cost \$244,000,000 in lost road building funds. Which is

Franco Regime Recognized By The U.S.

President Lifts Two Year Embargo On Arms Shipment

WASHINGTON, April 1 (AP)—The United States followed the lead of other powers today and accorded formal diplomatic recognition to General Francisco Franco's Nationalist regime as the legal government of war-torn Spain.

President Roosevelt at the same time lifted a two-year embargo on the shipment of arms.

The recognition of Franco's victory, forthcoming weeks after Great Britain and France had acted, apparently was unconditional.

Secretary Hull merely sent a telegram to General Francisco Gomez Jordana, foreign minister of the Burgos regime, stating the "disposition of this government to establish diplomatic relations with that government of Spain."

Left to negotiation were such knotty matters as an exchange of envoys and American claims for compensation of properties seized during the civil war.

American recognition of Franco was delayed until the collapse of the republican government was beyond question.

Only yesterday, the bearded Fernando De Los Rios relinquished his post as Spanish ambassador here and turned over the embassy to the Colombian envoy.

Diplomatic circles expect he will be succeeded, at least temporarily, by Juan Francisco de Cardenas, Franco's agent in New York.

Whether Ambassador Claude Bowers will be returned to his post at Madrid has not been disclosed. He returned to Washington several weeks ago after observing the Spanish conflict from the sidelines at St. Jean de Luz, France.

PREDICTS CZECHS TO PROVE 'BELLYACHE'

NEW YORK, April 1 (AP)—Jan Masaryk predicted today the 6,000,000 Czechs whom Hitler took under the German flag "will give him a damn good bellyache."

"They are the most indigestible people in the world," said the former Czechoslovak minister to Great Britain.

He sailed aboard the Normandie, cutting short a lecture tour, he said, in order to be in Europe in case war should start.

CAR SALES LEAD BUSINESS FOR FIRST QUARTER

Faced by a skyrocketing new passenger car sales, the business barameter, as reflected by building permits, postal receipts and car sales, held very steady during the first quarter of 1939.

With 23 registrations the last day of the month, new car deliveries for March jumped to 146, the highest number for any single month since March of 1937 and the second largest month on record since the lull, boom days of 1929.

It was a wide gain over the 103 for February and brought the quarter's total to 324, nearly 100 above the 229 for the corresponding period a year ago.

New residential construction during the month brought the March total to \$34,620, well under the \$49,024 for February and well under the \$44,588 for March of last year. The quarter total stood at \$118,023, considerably below the \$159,533 for the initial three months of 1938. However, in 1938 there was a \$90,000 school job figured in the deal.

In the first quarter permits were taken out on 23 new homes at a cost of \$59,375. Three new industrial buildings went up at a cost of \$38,996. Nine new homes built in March cost \$25,975. April gave promise of being an even better residential year.

March postal receipts amounted to \$5,990.20, a slight loss from the \$6,016.18 for the same month a year ago. However, it was above the \$5,393.03 for February and ran the quarter total to \$17,310.57, only a little below the \$17,835.80 for the first quarter of last year.

CITY UNDER BUDGET FOR YEAR, REVENUES EXCEED ESTIMATES

The City of Big Spring under-ran its \$188,000 budget by more than \$7,500 and finished its fiscal year, which ended Friday, with more than \$88,000 cash on hand in the general and interest and sinking funds.

Expenditures during the 12-month period amounted to \$180,861, under the budget allotment by \$7,539. At the same time, collected revenues of \$254,458 exceeded estimated receipts by \$70,023.

This had the effect of boosting a \$148,000 general fund balance at the outset of the year to \$26,918, a net gain of \$21,364. Transfers to the interest and sinking fund amounted to \$50,840, while it had been estimated that only \$44,435 would be transferred.

HITLER HURLS BACK ANGLO-FRENCH CHALLENGE, MAY DISREGARD PACT

FLEES "FOR PRESIDENT" TALK IN SENATE

Talk of Vice-president Garner as possible democratic nominee for president in 1940 broke out on the senate floor and it sent Garner rushing out of the chamber to keep from hearing it. Above, Garner (center) is covered after his flight by the two men who broached the subject, Sen. Morris Sheppard (D-Texas) (left) and Sen. Tom Connally (D-Texas).

PENSION-TAX AMENDMENT PLAN IS DUE FINAL BLOW

Senate Likely To Add Fatal Touch To Submission

AUSTIN, April 1 (AP)—Eighty-two days after the legislature convened it still is far from a solution of the old age pension-tax problem.

The whole matter is up in the air, some think clear out of sight. No one in the capitol from the governor to the janitor has the least idea what is going to happen.

After long and fiery debate, the past week saw the house turn definitely against a proposal to submit to the people a constitutional amendment providing for a sales tax and taxes on natural resources to finance \$30 a month income for all over 65.

Next week, the house probably will consider proposals to liberalize pensions by statutory enactment of the legislature, and the fireworks will blaze on, playing chiefly, as they have been doing, about sales and natural resource tax propositions.

The senate also is in confusion over pensions and taxes after a hectic week in which advocates of a constitutional amendment embodying a sales tax to meet costs of old age assistance were battled to a standstill and only a last minute suggestion of Lieut.-Gov. Coke Stevenson that a compromise be attempted possibly saved the measure from discard.

The amendment plan will come up again in the senate next week but opponents plainly are confident it is headed for speedy annihilation. Its supporters concede that in its present form it has no chance of adoption and even appear to believe it cannot be revamped into a popular condition.

As the week ended there was much interest in what Governor O'Daniel might say concerning action of the legislature in his regular Sunday morning broadcast. There also seemed to be much less fear among legislators of state-ment by him.

Significance attached to circulation among legislators of a petition asking radio stations to give members of the legislature time to discuss controversial public questions, since such time was being given Governor O'Daniel. The circulator of the petition, a former radio commentator, said he had obtained 45 signers.

School Bus Overturns

CLAYTON, N. M., April 1 (AP)—Three Roy school children were seriously injured and four others received minor injuries when a Roy school bus containing 11 children overturned on a curve 10 miles southwest of here today.

Don't Call Number Just Yell "Fire!"

The old idea of grabbing a telephone and yelling "Fire!" is still best. City officials urged Saturday that advertisements being put out listing the fire department's call as No. 6 be disregarded. Simply tell the operator that you have a fire to report.

Friday a needless delay occurred by reporting a fire to No. 6—the water office. Officials also urged that the nature of a fire—whether a building or car—be mentioned to the department. Friday full equipment rushed to the western outskirts of town only to find that small equipment could have handled the blaze, a car fire.

Fuehrer Declares "Germany Will Stand Neither For Intimidation Nor Encirclement," Scorns Polish Agreement

WILHELMSHAVEN, Germany, April 1 (AP)—Reichsfuehrer Hitler derisively threw back the Anglo-French anti-aggression challenge today but avoided going beyond the intimation he might cancel Germany's naval treaty with Great Britain.

"Germany will stand neither for intimidation nor encirclement," he declared. He spoke to 50,000 men and women of Wilhelmshaven and its vicinity in a 62-minute address after he had witnessed the launching of Germany's second 35,000-ton battleship this year, the Von Tirpitz.

Hits Naval Pact In his passage on the 1925 Anglo-German naval treaty, under which Germany agreed that her tonnage would not exceed 35 per cent of Britain's, Hitler said:

"I once concluded a naval agreement with Britain. I was animated by the fervent desire that we might never again have a war with England.

"If, however, that wish does not exist on the other side, then the practical preconditions for concluding such a treaty have vanished."

On the whole the Fuehrer contented himself with heaping scorn upon Britain, of which he said: "For 300 long years she has acted in a virtuous manner but only now in her old age she speaks of virtue."

Poland and the Anglo-French offer of military assistance if her independence were threatened, were mentioned only indirectly with the warning by implication to Poland:

"He who is willing to pull the chestnuts out of the fire for others must expect to get burned."

There also was an indirect reference interpreted as aimed at either President Roosevelt or Secretary of State Cordell Hull when the Fuehrer, in describing Germany's efforts at economic expansion, asserted:

"We won't take orders in this matter from any European or extra-European statesman."

The chancellery spoke from behind a bullet-proof glass screen. Only those in the immediate audience heard his address as it was delivered because a scheduled short wave broadcast abroad was broken just after he started to talk.

Later, however, a recording of his voice was broadcast in Germany. Officials said failure of the short wave transmission was due to technical reasons.

Hitler proclaimed anew the Rome-Berlin axis was unshakable. He called Italy "the state with which we shall march now and in all the future."

"If any nation wants to measure its strength with our (the axis) in any other way than a peaceful one," he declared, "we are ready for that also."

Hitler incensed the Czechs, who have become subjects of the Reich in the dismemberment of their republic, "will have more freedom than the suppressed peoples of virtuous nations have."

He defended his course in Czechoslovakia by asserting that state had been created only as a base for attacking Germany.

"We have no hatred against the Czechs," he said. "The British evidently do not know that we have lived with them (the Czechs) for hundreds of years."

"I had hoped very much to solve the Czech problem in a simple and sensible way. But when it became apparent that the same forces which brought about the September event were again getting the upper hand, I went back to our good old German right of self-defense."

BIG SPRING TO CHOOSE PAIR OF CITY OFFICIALS

With the election of two school trustees out of the way, Big Spring voters will turn Tuesday to the selection of two city commissioners. Instead of two names for many places on the school ballot, they will find four men to choose from in filling two places on the city commission.

Candidates are G. C. Dunham, Harvie Clay, T. J. A. Robinson and Cecil Long. Dunham and Clay, appointees, are filling out unexpired terms. Holdover commissioners are R. V. Jones, mayor, Vic Mellinger and Elmer Crews.

Voting will be held in the city fire station with L. S. Patterson serving as judge and Curtis Driver as his assistant. Qualified voters residing within the city limits will be eligible to cast ballots in the election. Candidates named will serve two year terms. Holdover commissioners are R. V. Jones, mayor, Vic Mellinger and Elmer Crews.

Retells Story Of First Easter

Dr. Frederick C. Grant, above, has retold in everyday language the story of the dramatic events leading up to the first Easter. The 62 illustrations, each illustrated by a famous painter, will appear in The Herald between Monday, Dr. Grant, Professor of Biblical Theology at Union Theological Seminary, New York, is a noted writer about the Bible and Biblical times.

Weather

WEST TEXAS—Fair Sunday and Monday. Cooler in east portion Monday. EAST TEXAS—Fairly cloudy Sunday and Monday. Cooler in northern portion Monday. Moderate southerly winds on the coast.

Eleanor Powell Heads Cast Of 'Honolulu' At Ritz

New Dances, Music And Laughs Promised

Eleanor Powell, Robert Young, George Burns and Gracie Allen join hands to bring Ritz screen audiences an entertainment-packed festival of song, dancing, music and laughs in the new M-G-M studio musical, "Honolulu," which is the featured offering for today and Monday.

With Miss Powell as a cabaret dancer, Young playing a dual role as both a screen star and an Hawaiian planter, and the inimitable Burns and Allen team offering a fresh supply of laughs, the talent-filled cast also includes Andy Tom's Islanders, the famous Hawaiian orchestra, Rita Johnson, Clarence Kolb, Jo Ann Sayers, Ann Morris, Willie Fung, Cliff Clark, Edward Gargan, Eddie Anderson, Sig Ruman, Ruth Hussey, Keoloha Holt and Edgar Dearing.

The director was Edward Buswell, who was a Broadway musical comedy star before he went to Hollywood. Jack Cummings, the producer, was the guiding hand in the hit productions, "Born to Dance" and "Broadway Melody of 1935."

Miss Powell is seen in a series of new dances, the first, "Hymn to the Sun," a tap hula based on a traditional Hawaiian celebration. She also performs a novelty number in imitation of Bill Robinson's remembered stair dance, and a tap dance with a skipping rope.

The story presents lavish scenes in Hawaii, New York and on board ship. The song numbers include "Honolulu," sung by Gracie Allen, "This Night Will Be My Souvenir" and "The Leader Doesn't Like Music," written by Harry Warren and Gus Kahn.

In his dual role, Robert Young appears as a Hollywood screen star who is eager for a vacation. At an "opening" where he is to make a personal appearance, an autograph-seeking crowd mobs a stranger in the lobby who resembles him. Young arranges with the stranger, a planter from Hawaii, to trade places temporarily for their mutual amusement.

En route to Hawaii, he meets a cabaret dancer on board ship and falls in love with her. In Honolulu, Young finds that he is mistaken for his double and also has acquired that gentleman's troubles, including a girl and a charge of embezzlement.

The tangle is straightened out with the planter's return to the island. The music and dancing numbers are worked into the story as it progresses.

The University of Texas department of architecture has been unable to find demands for architects and no graduates in recent years are unemployed.

ENTERTAINMENT GOES HAWAIIAN

You can look for grass skirts and listen for steel guitars at the Ritz theaters today and Monday. For the principal offering is "Honolulu," with all the expected Hawaiian trimmings, including Eleanor Powell's own interpretation of the hula. Miss Powell, Robert Young, and—for comedy—George Burns and Gracie Allen—are featured in the cast.

Race Drama Featured At The Queen

Menjou and Dolores Costello In 'King Of The Turf'

Adolphe Menjou, star of some of last season's most notable screen successes, and Roger Daniel, already being hailed as the juvenile screen find of the year, head the cast of Edward Small's new romantic film drama, "King of the Turf," which plays today and Monday at the Queen.

Small also hand-picked a supporting cast to assist his top players including Alan Dinehart, Dolores Costello, Walter Abel, William Demarest, Harold Huber, George McKay and Tom Hanlon.

The story concerns a small-time gambler who through a series of lucky breaks becomes one of the most colorful and spectacular figures of the smart racing crowd. Menjou, in the role of Jim Mason who crashes into high society by way of the Sport of Kings, plays a new type of characterization—

going from a suave man-about-town to a defeated down-and-out, disillusioned and broken by a game of chance which in the end proved to be only sham.

In order to reproduce faithfully and authentically the many aspects of the far-flung race track business, Producer Small sent to the far corners of the country for men who could be counted on to make his picture entirely true to life in the eyes of the millions of motion picture fans who are well acquainted with the racing game.

Among the technical experts who assisted in the filming of "King of the Turf" was Paul MacPherson, the stable owner, who acted as general advisor to Director Green. MacPherson's knowledge of the racing business has signalled him out as the most qualified of experts and he served in similar capacities on such outstanding films as "Saragosa," "Stab-in-the-back," and "Thoroughbreds Don't Cry."

For scenes showing the handling of horses before and after races, Producer Small engaged the services of Jack Moore, who also owns a racing stable and who is known as one of the most capable of horse trainers. Moore assisted in the selection of the more than fifty horses which were "hired" to work in the picture.

Producer Small even demanded authenticity in scenes involving fashionable bars, and for this purpose he engaged the services of Eddie Kilgatten, one of the oldest and best known bartenders in the country. For years, prior to prohibition, Kilgatten followed the racing crowd from one city to another and his services were always in demand at leading bars, catering to the sporting element. It was his job to pass on the set dressing for bar scenes, the characters employed as bar patrons and bartenders serving up the drinks. He even scrutinized the pictures on the walls and the types of glasses used behind the bar.

Blondie And Dagwood Now On Screen

Comic Strip Characters Appear In Lyric Offering

The newspaper readers who long have been following the comic strip destinies of "Blondie," Dagwood and Baby Dumping will be delighted, no doubt, to learn that these people are brought to life on the screen. They are presented in "Blondie," which headlines the Lyric theatre's Sunday-Monday program.

"Blondie" serves also to introduce an intriguing new screen personality in Penny Singleton, a blonde, vivacious young musical comedy star. Penny plays "Blondie" with superb comic artistry. The talented Arthur Lake appears opposite her as Dagwood with four-year-old, blue-eyed Larry Simms as an ideal Baby Dumping.

The plot, following the motif of these popular characters, revolves around the astonishing ability of sincere but blundering Dagwood to get himself into diversified trouble. In this particular instance, the young husband and father has innocently become involved with a gold-digging girl named Elsie who, working on his naive sympathy, has wheedled him into signing her note for several hundred dollars. Elsie has vanished, and Dagwood is left literally holding the sack.

To make it worse, his endorsement was backed by a lien upon his household furniture.

Blondie, knowing nothing of this and with young wife's characteristic inability to resist the treacherous pitfalls of the "easy payment plan," has secretly dipped deeply into debt for brand-new furniture. She plans the new furniture as an anniversary surprise for Dagwood.

Swiftly, then, and with rollicking risibility, the story rises to a hilarious comedy climax. Miss Singleton and young Lake are superb as the married couple. Larry Simms is a lovable Baby Dumping and another four-year-old, Dan Mummert, proves a scene-stealer as Baby Dumping's playmate. Dorothy Moore, Ann Doran, Gene Lockhart, Kathleen Lockhart and Gordon Oliver are cast in supporting roles.

NEW YORK, April 1 (AP)—In the speediest and jumpiest Saturday session for more than a year, the stock market today overrode heavy selling to close with recoveries of 1 to more than 2 points.

With Europe still the greatest question mark on the financial horizon, brokers attributed the come-back largely to the reinstatement of trading positions on the preceding two days may have been overdone and that a "technical" recovery was due.

Dealings, going at a racing gait during most of the brief proceedings, slowed down near the finish.

Prices pushed up rapidly at the start with the ticker tape late during almost the entire first hour. It was a churning performance, however, with rallies and declines succeeding each other with confusing frequency. Bidding was stepped up just before the sound of the gong and final quotations were around the best of the day. A number of issues, though, ended behind minus signs.

Texas has approximately 22,500 miles of highways.

WASHINGTON, April 1 (AP)—High American military authorities expressed belief privately today that with Poland as an ally Great Britain and France were in a strong position, should the tense European situation flare into war.

Somewhat guardedly, several authorities closely agreed on these general conclusions:

1. A war over Poland would inevitably become another world war.
2. France and Britain would threaten Germany on the flank by circumventing Germany's heavily fortified line along the French frontier and advancing through Italy—

try become a pathway for marching armies.

4. Hungary was viewed as a likely German ally, but Rumania and other Balkan powers were counted on the side of Britain and France.
5. Hounded in by British sea power on the Baltic as well as on the land, Germany would have recourse to the air. American military men professed to see no likely means by which London and Paris could be spared from devastation.
6. The allies could count on strong economic and psychological weapons, as well as military might.

Some officials doubt the German people would follow Hitler to a war to the finish as they did the Kaiser.

"Hitler would have to win in 60 days," one official argued.

Should war come this year, opinion appeared virtually unanimous the United States would escape direct involvement, as at the outset of the 1914-18 conflict.

In Heavy Turnover, Stocks Stage Rally

WASHINGTON, April 1 (AP)—High American military authorities expressed belief privately today that with Poland as an ally Great Britain and France were in a strong position, should the tense European situation flare into war.

FROM COMIC STRIP TO SCREEN

Comic strip followers probably know Blondie, Dagwood and Baby Dumping. These attractive people are brought into screen life now, and may be seen at the Lyric today and Monday in "Blondie." The title role is played by Penny Singleton, while Arthur Lake and Dagwood, four-year-old Larry Simms is Baby Dumping.

KEEPING A COOL HEAD, members of King George's Irish Guards parked their "bearskins" atop canes outside the barracks here near London during recent presentation ceremonies. Specialists found that warmth is bad for the fur.

Harley Sadler Brings A New Show To Town

'He Couldn't Take It' Offered At Auditorium Monday Night

The showman West Texas has taken to its heart—Harley Sadler—moves into town with a new stage show Monday. He has scheduled a four-day engagement at the municipal auditorium, with new plays—plus vaudeville acts—to be offered each night. After a four-

month winter vacation, Harley has assembled a new show, and he says it's on a par with any he has ever presented.

Special attention has been given to new big time vaudeville acts as well as to the cast. Among the new vaudeville acts to be seen this season will be the Dancing Herberts direct from a long engagement at the Atlanta club, Atlanta, Ga.; Billy Wright, famous cornetist singer and dancer; the Musical Batters, novelty musicians; Henry, famous artist and magician; Eddie LaVeane, accordionist, and others. A favorite retained from last season is Jeanie Layne, acrobatic dancer, who has toured every major vaudeville circuit in America. Among members of the cast who are well and favorably known here are Bob and Jean Siler, Kenedy Swain, Bud Nairn, Billy Heath and of course, West Texas' own showman and wife, Harley and Billie Sadler. The opening play in Big Spring will be "He Couldn't Take It." Harley takes the part of "Dad," one of his favorite parts; Billie Sadler appears to excellent advantage and every member of the cast is excellently suited to his respective part. All new scenery and electrical effects will be used.

Reserved seats will be on sale daily at Cunningham & Phillips No. 1 store.

Rodeo Association Meeting Is Slated At Colorado

COLORADO, April 1—Twenty or more rodeo associations of the Southwest are expected to be represented at a meeting in Colorado Sunday, April 2, to complete organization of the Southwest Rodeo association which was launched a recent meeting in San Angelo.

The meeting will open with luncheon at the Colorado hotel 2:30, according to R. F. (Pete) Alsworth and Earl Hammon, who have charge of local arrangements. In addition to completing its own organization, the association will make plans for sponsoring a cowboy protective association.

M. T. Ramsey of Abilene was elected president of the organization at the initial meeting in San Angelo. All persons connected with rodeo promotion are eligible for membership. The territory includes Texas, New Mexico, Arizona and Oklahoma.

Odessa Scene Of Band Meet

ODESSA, April 1—One thousand, two hundred and sixty-one band members of Texas and New Mexico schools will participate in the national regional band meet here Saturday afternoon and Saturday night, April 2 and 3, at the Odessa high school band director, announces.

The entry list is closed and the 1,261 band members comprise 24 bands in four divisions.

Most colorful events slated for the contest will be the marching contest to be staged under the arc on Fly football field at night. The public will be invited to attend the marching with admission at 15 and 35 cents.

Events include a drum major contest, student directing, sight reading selected and required numbers, ensembles and solos.

There will not be any entries in Class A, Class B schools and the number of members in their respective bands include: Hobbs, N. M., 53; Wink, 71; Pecos, 70; Midland, 64; Monahana, 74; Odessa, 71. Class C schools and number of members: Alpina, 43; Garden City, 33; Kermit, 65; Crane, 60; Grand Falls, 52; Iran, 62; Stanton, 35; Fort Stockton, 51; Rankin, 44; Lovington, N. M., 47; McCombs, 52.

Class D schools and members in their respective bands: Big Lake, 48; Fabens, 50; Balmorhea, 31.

Class E (junior high) bands and members in their respective bands: Odessa, 74; Wink, 46; Pecos 57.

CHRISTIAN SCIENCE SERVICE
Room 1, Settles Hotel
"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 2.

The Golden Text is: "Remove far from me vanity and lies: give me neither poverty nor riches; feed me with food convenient for me" (Proverbs 30:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And he answered, Fear not: for they that be with us are more than they that be with them. And Elisha prayed, and said, Lord, I pray thee, open his eyes, that he may see. And the Lord opened the eyes of the young man; and he saw: and behold, the mountains was full of horses and chariots of fire round about Elisha" (II Kings 6:16,17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All the evidence of physical sense and all the knowledge obtained from physical senses must yield to science, to the immortal truth of all things" (page 498).

FIRST CHRISTIAN
Fifth & Scurry Streets
G. C. Schurman, Pastor
9:45—Bible school.
10:45—Morning worship. Sermon topic, "The Aged Minister." Anthem by the choir.
7:00—Young People's Vesper hour.
8:00—Evening gospel service. Sermon topic, "Christian Baptism."

CHURCH OF CHRIST
Fourteenth and Main Streets
Melvin J. Wise, Minister
Bible study, 9:45 a. m.
Morning worship and sermon, 10:45 a. m. Sermon topic: "The Grace of Humility."
Young people's training classes, 6:45 p. m.
Evening worship and sermon, 7:45 p. m. Sermon topic: "The Sin of Denominationalism."
You are always welcome at the Church of Christ.

MAIN ST. CHURCH OF GOD
Corner 10th and Main
Robert E. Bowden, Minister
We closed a very successful revival last Sunday night. A number were converted and the church was much encouraged. All services at the usual hour Sunday, Sunday school at 10 o'clock; morning worship at 11 o'clock. The morning worship services will be shortened on account of the baptizing. The baptizing will take place between 11:30 and 12:15, at the Jones

pool at the east edge of the city. Young people's service at 7 o'clock; and the evening sermon at 7:45. Our mid-week prayer meeting meets each Wednesday evening at 7:45. Teachers meeting each Thursday evening at 7:45. You love spiritual singing and gospel preaching? Well, you will feel at home in our services. Visit our services and enjoy a real Christian Fellowship.

FIRST METHODIST
Corner Fourth & Scurry
J. O. Haymes, Pastor
Church school, 9:40 a. m.
Morning worship 10:55. Dr. Haymes will bring a message on the subject, "Christ and the City."

The choir will render "Open the Gates of the Temple." At the close of this service boys and girls will be received into the church. The leagues will meet at 6:30 p. m.
All young people will meet together at 7:15 p. m.
Evening services 8 o'clock. This service will be of particular interest to men. The pastor will preach on the subject, "A Man in His Place." The young people's choir will sing.
The revival will continue through the week with services at 9 a. m. and 8 p. m.
The public is extended a cordial invitation to attend all these services.

ST. PAUL'S LUTHERAN
561 N. Gregg
T. H. Graulmann, Pastor
9:45—Sunday school.
10:30—Morning service. The topic of the sermon will be: "Christ Declares War."
There will be no Lenten service on Wednesday, but a special Good Friday service will be held on Friday, April 7, at 7:30 p. m. The topic will be: "A Perfect Salvation."

The Ladies Aid will meet for their business meeting at the home of Mrs. B. Rueckart on Wednesday afternoon at 2:30 p. m.
Special services will be held on Easter Sunday. The topic for this great festival of the church year will be: "The Last Enemy Conquered." We shall also celebrate the Lord's Supper in this service.
We invite you to worship with us.

FIRST PRESBYTERIAN
D. F. McConnell, D. D., Pastor
Sunday school, 9:45 a. m.
11 a. m. Morning worship and communion. Subject: "My Brother."
8 p. m. Evening worship. Subject: "Keeping the Faith."

All church members are urged to be at the quarterly communion service at 11 a. m.
Special Easter services will include music by the junior choir, baptism of infants, and reception of members.
The public is cordially invited to worship with us every Sunday. Courtesy committee serving for the month of April, Mr. and Mrs. R. T. Piner, Mr. and Mrs. Carl Strom, Miss Agnes Currie and Miss Irene Knaua.

FIRST BAPTIST
C. E. Lancaster, Pastor
Church school meets by departments at 9:45 o'clock. The pastor is to occupy the pulpit for the 11 o'clock worship. Evening worship is at 8 o'clock and B. T. U. at 7 o'clock.
Everyone is cordially invited.

BROWNSVILLE PORT HAS BEEN BUSY

BROWNSVILLE, April 1 (SP)—More than 300,000 tons of manufactured goods and raw products have been handled by the 285 ships that have docked at the Brownsville port since completion two and a half years ago with the aid of the Public Works Administration, and the war department, George M.

Bull, PWA regional director, said today. The port is situated on the flat prairie, 17 miles inland. The 35-foot deep canal leading to the turning basin in Brownsville now is being deepened to 39 feet.
Growth of Brownsville industry because of the port is readily seen with a comparison of cotton shipment. 75,000 bales last fall against 50,000 bales the year before, Bull pointed out. Seven steamship lines

have put in at the port on their regular runs. Two offer weekly service.

SIX DAYS FREE CLINIC

A BETTER METHOD OF DIAGNOSING AND REMOVING THE CAUSE OF DISEASES . . .

A New Instrument That Eliminates Uncertainty

It is the doctor's duty, as well as pleasure to inform his patients of new scientific developments which will directly benefit their health.

The study of radio has taught us an entirely different method of detecting and curing disease. This instrument used for this purpose is being introduced into this community and its service is being made available to you.

ALTHOUGH THIS METHOD OF FINDING DISEASE MAY BE ENTIRELY STRANGE TO YOU, IT IS NOT MYSTERIOUS, AND WE ARE ANXIOUS TO HAVE YOU UNDERSTAND HOW IT WORKS.

Come and Get a Free Examination of PATHOMETRY

You get one hour examination without obligating yourself in any way and learn your condition:

1. LOCATION OF FOCI OF INFECTION, SUCH AS BAD TEETH, TONSILS OR APPENDIX.
2. LOCATION AND TRACING OF IRRITATED OR INFLAMED NERVES.
3. THE EFFECT OF 116 TABLE FOODS ON YOUR VITALITY—SHOWING WHETHER EACH FOOD RAISES OR LOWERS VITALITY, AND TO WHAT EXTENT.

MARIE WEEG will hold a 6-DAY FREE CLINIC

Having built a 14-Room Clinic, all newly equipped for your own comfort and health.

THIS CLINIC FOR 6 DAYS ONLY APRIL 3, 4, 5, 6, 7, 8, 1939

Also giving you an opportunity to learn how to correct chronic constipation without medicine, without foods, without treatments of Chiropactic. A new method for everyone that is bothered with constipation.

Early Action Suggested On FSA Loans

Farmers in Howard, Martin and Glascock counties who expect to borrow funds through the Farm Security Administration to finance their operations this year are urged to file their applications immediately. W. H. Gore, county FSA supervisor, has announced.

With farmers already engaged in their current year's operations in many sections of Region XII, the county offices are in the midst of their usual spring rush of writing farm plans and making loans. As planting season nears, it is essential that applications for loans be filed immediately.

Gore said sufficient funds are available in the county to meet all current needs of farmers who can qualify for rehabilitation or co-operative loans under the FSA program, and who are unable to secure sufficient credit from other sources.

Loans, he said, may be made for livestock, farm equipment, seed, feed and similar operating goods, usually for a period of five years with interest at five per cent.

Eligibility for a loan requires that the farmer be located on a unit that will provide a livelihood for his family and that he agree to cooperate with the supervisors in working out farm and home plans that will insure a balanced crop and livestock program. The family must also agree to produce as much of the home food supply as possible on the farm. All borrowers must keep records of their farm and home operations.

The county FSA office, serving Howard and Glascock counties, is located at 211 Scurry street.

Spring Baseball Drills To Get Underway Here April 8

The Sports Parade

By HANK HART

Big Spring's Barons will probably open their WT-NM baseball league campaign against Lamesa in Lamesa instead of with Midland as previously announced. . . . The good news is dated for release Sunday, April 9. . . . Here's the good news: A telephone will probably be installed at the plant which will make contact with the league's other games each three innings, said results to be heard spoken to the fans. . . . Tony Rego hasn't exactly been sleeping since he agreed to assume the managerial reins of the local club. . . . Among the players he has already lined up are Jack Hyams and Homer Winn, ex-University of Oklahoma track stars. . . . Jack's third sacker while Homer will battle Bobby Decker for the second basing job. . . . They say Winn is the McCoy. . . . Rego is bringing two loud speaking systems with him, one for the bus. . . . He's painting the jolopy red and white, incidentally. . . . Contrary to all reports, R. L. Cook is retaining his position as the club's president. . . . Rego is assuming only the field management. . . . The franchise is Big Spring's. . . . Tony is planning to treat the women fans royally, will honor them with a "Ladies Night" weekly when all ladies will be admitted free. . . . A big youngster by the name of Sam Colletti is coming in from Dallas to try for a pitching berth. . . . He's but 19 years in age. . . .

REGO WANTS AN EXHIBITION GAME WITHIN FIVE DAYS AFTER THE DRILLS OFFICIALLY BEGIN. . . . JERRY VARRELMAN, THE BARONS EARLY SEASON A.D.E. TO ALLEN BERNIE LAST SEASON, MAY WORK FOR FINCHER WITHERS AT AFLENE. . . . LAMESA'S JOHNNY LANE IS AFTER HIM BUT THE LOBOS CAN'T USE HIM IF JODIE TATE'S OSSIE BATES COMES BACK. . . . JERRY WILL HAVE TO BEAT OUT ERNEST POTOCAR, WHO WAS WITH MIDLAND TWO SEASONS AGO, AND DON ALLEN FOR THE JOB. . . . AFLENE, WHICH L. E. MORRIS US IS GOING TO HANDLE. . . .

Dick Stovall has been shifted from quarter to the line in the spring football training in the Abilene high school camp. . . . He participated in the Eagle regulars' 18-0 victory over the Yaguigans Friday. . . . Performing on the "varsity" for Dewey Mayhew were Narrell and Polan, ends; Ables and Brown, tackles; Stovall and Jones, guards; Killian, center; Smith, Sellers, Number and Beavers, backs. . . . Only Ables was a regular last season. . . . Another attempt will be made to cajole West Texas towns into the Permian Basin baseball loop at a meeting in Odessa, this afternoon. . . . Thus far Odessa, Crane, McKinney and Texas are lined up for play. . . . Invitations have been forwarded to Kermit, Lamesa, Midland, Monahans, Pecos, Wink, Marfa, Seargraves, Hobbs, N. M., and, of course, Big Spring. . . . H. C. Burrows, Big Spring, was a unanimous choice for a forward berth on the all-star team in the Smith Hall intramural basketball league at Hardin-Simmons recently. . . . Burrows performed for the champions, the Red Wings. . . . He, along with Woody Coats, another Big Spring boy, are reporting to Frank Kilmrough for spring training football drills. . . . The Cowboys, the grapevine says, are coming up with their best team in a long while next fall, will stress the aerial game to the hilt. . . .

Clint Eidson Is Martin Co. Net Titlist

STANTON, April 1 — Stanton's Clint Eidson thumped Claude Sullivan, Flower Grove, 6-1, 5-7, 6-4, in the finals of the senior boys' singles division of the Martin county tennis tournament here Saturday.

In senior boys' doubles, Lloyd Spraws and Houston Woody, Stanton, turned back Flower Grove's representatives, Donovan Burns and Elbert Richards, 6-4, 6-2.

Merrick Courtney and Brown schools were entered into competition along with Flower Grove and Stanton.

In high school junior boys' singles finals players of Courtney and Flower Grove will meet next week. Courtney's racket wielder won over Stanton High while Flower Grove was disposing of Stanton Ward.

In high school junior boys' doubles Stanton's James Wilson and Jay Thornton won easily over Flower Grove's Ken Langham and Walter Brown in the final, 6-1, 6-3.

First place in rural school senior boys' singles went to Tarzan school whose representative, Lynn Henson, won out over W. C. O'Dell, Leonard, in the final, 6-4, 6-4.

In rural school boys' doubles Tarzan's Eldon Wolcott and Ray Robinson trounced Carol Peseock and Jack Griffin, Brown, in the last round, 6-3, 9-2.

FIGHTS IN SEATTLE

SEATTLE, April 1 (AP)—Solly Krieger, recognized in most states as middleweight champion, and the ebony St. Louisan, Allen Mathews, clash in a ten-round non-title bout here next Wednesday with some experts conceding Mathews an excellent chance of winning.

Mrs. Roper Loses In Southwestern Golf S'Finals

PHOENIX, Ariz., April 1 (AP)—A pair of youthful contenders—Betty Putnam, University of Arizona coach, and Shirley Ann Johnson of Chicago—brushed aside strong opposition today to emerge as finalists in the annual southwestern women's golf tournament.

Miss Putnam, a striking 19-year-old blonde, scored the outstanding upset by defeating Mrs. R. D. Roper, of Phoenix, defending titleholder and an odds-on favorite to retain her crown, 4 and 2 in the semi-finals today.

Miss Johnson, also a light-haired beauty, came through in expected style to eliminate Mrs. W. E. McClure, Jr., of Phoenix, 3 and 2, in the other semi-finals match.

Miss Putnam and Miss Johnson meet in the 36-hole final tomorrow. The Chicago girl, former national junior women's titleholder, has an edge in tournament experience, but Miss Putnam, of Tucson, Ariz., has been firing almost faultless golf the past two days.

PONIES AND RICE SPLIT TWIN BILL; TCU DECISIONS AGGIES

DALLAS, April 1 (AP)—Southern Methodist University's Mustangs won their third, then their first Southwest Conference baseball game of the season at Armstrong field today as they split a double-header with the Rice Institute Owls.

The Mustangs, who previously had downed Texas Christian and the Texas Aggies once each in loop play, took the first game 7 to 6, behind four-hit pitching by Billy Dewell, lanky all-conference right-hander. The Owls cracked the win column for the first time as they fell on S.M.U.'s reserve hurlers to the tune of 7 to 1, in the seven inning twilight.

Dewell, hunting for the Mustangs in the first game, gave up four singles and kept them scattered to prevent the Owls crossing the plate.

The second game saw O'Neill, who started for the Ponies, weaken in the fourth inning and the Owls chase two runs in on four singles. The Owls came back in the fifth to push four tallies across and bring up a final run in seventh.

The Methodist lone tally also came in the seventh; Keith, who singled to open the inning, being driven in by Dewell's triple.

PORT WORTH, April 1 (AP)—Given staunch support by his outfielders, Woodrow Duckworth set the slugazing Texas Aggies down with three bingles here this afternoon as the TCU baseballers mowed up their second conference triumph in so many days 5-1.

It was a sparkling exhibition and required only an hour and 35 minutes. Duckworth, junior right-hander, had control, and his fast ball was working nicely. A time or two the Cadets tried off solidly on his delivery but Centerfielder Don Loney and Left Fielder Dennis Tinklersey ranged far and wide to bag well hit balls. Between them, they made 13 putouts. Duckworth, however, had the staff in the pinches.

The two teams play again Monday afternoon at 3 o'clock.

Guernsey Upsets Hal Surface In Net Semifinals

HOUSTON, April 1 (AP)—Twenty-two-year-old Frank Guernsey of Orlando, Fla., took advantage of a blinding sun and the age of Hal Surface today to eliminate the Kansas Citian from the semi-finals of the River Oaks tennis tournament, 1-6, 6-3, 2-4, 6-4, 6-2.

The victory showed the diminutive intercollegiate champion into the final match tomorrow against lanky Frank Kovacs of Oakland, Calif.

Just before Guernsey, who is a student of Rice Institute, beat Surface, pretty Maria Barnett of Miami, Fla., won the tournament women's singles championship by defeating Eunice Dean of San Antonio, 6-2, 7-5. Miss Barnett is a left hander and is southern women's singles champion.

In a semi-finals doubles match, Kovacs and Bryan (Bitay) Grant of Atlanta defeated John Doeg of Rumson, N. J., and Jack Tidball of Los Angeles, 6-2, 3-6, 6-2, 6-4.

REGO TO BRING IN 13 OKLA. PLAYERS

Pilot, Here For Confab, Says Club Probably Will Work Independently

Tony Rego's one day stand with local club officials of the WT-NM baseball league served to tune the machinery for the inauguration of the 1939 work. The new manager of the Barons, after a Saturday session with R. L. Cook, club president, said it was imperative that he return to his home in Tulsa, Oklahoma, to settle his personal business affairs but his visit routed the drought of idleness that had stymied the build-up for the approaching season.

The ex-big leaguer, who came to a verbal agreement with club officials a month ago, announced that he would return here Saturday, April 8, to meet with the club's ten members of the 1938 team who are already under contract. The spring drills, of course, will be conducted in the league park. He said he wanted to extend a personal invitation to all youngsters of this sector to try out for the club.

L. E. Morris, who will pilot the league's business affairs through the season, today was lining up a spring exhibition program. Texas of the semi-pro Permian Basin league club will be met during the drills while arrangements has already been made to play Abilene.

According to Rego the club will be equipped with two sets of uniforms. Colors of the Tulsa club will be adopted.

Rego has not effected a working agreement with a club of higher classification but indicated that one was possible. He is still dickering with Cleveland, Philadelphia's Athletics, Hollywood of the Coast League, New York Yankees, Brooklyn and Pittsburgh.

Players Rego has already placed under contract, most of whom reside in Tulsa, are Willis Cumiskey, infielder; Karel Ebbey, infielder; Finis Ramsey, infielder; Jim Frye, pitcher; Lance Jones, pitcher; Harold Brater, catcher; Jack Hyams, infielder; Homer Winn, infielder; D. B. Doles, pitcher; Dean Anderson, pitcher; Walter James, catcher; Fred Bowyer, infielder; and Carl E. Moss, pitcher. Frye and Bowyer are left handers while Bowyer is a southpaw first sacker whom Tony praised highly.

Sale of season tickets will not be pressed, Cook indicated, but the books good for 70 games will be made available. Price for that size book has been released at \$25, the identical sum asked last season for 65 games. Purchase of these books will not, of course, include exhibition and, in case Big Spring lands in the Shaugnessy playoff, championship games.

Making the trip with Rego here was J. F. Kerley, also of Tulsa, who might be connected with the manager in directing the club affairs.

Coahoma Netters Take Honors

Shreveport To Figure, Says Peel

CENTER FIELD IS ONE POST YET UNFILLED

SHREVEPORT, La., April 1 (AP)—Homer Peel, slugging outfielder and manager of the Shreveport Sports, figures the Texas league team is going to show an improvement this year, principally because of improved catching, a better all-around defense, and a little more punch at the plate.

But Peel is spending hours worrying over the center field post. "I believe our center fielder will have a lot to say about where the Sports finish in 1939," he said.

"I have eight outfielders, but apparently no center fielder, and that is the position which is worrying me most. Washington will be in right and I will be in left when the season opens, but at present I have little idea who will be in the middle garden."

"I have Rich, Jerry Moore, Connel, Short, Anse Moore and Landrum to pick a center fielder from."

Peel said his crew had been bothered with minor injuries.

"The catchers will be picked from Hack Miller, Tank Horton, and Tex Chandler."

"For pitching there is Rivin, Coombs, Wagner and Eaves, holdovers from last year. Lopat, Dunbar, Perry and Navie, all left handers, and Bronkhurst, a right-hander, are battling it out for the other places on the staff."

"We still hope to get Merv Conners back from the Chicago White Sox for first base but if we don't we have Chester Manning."

"Joe Vitter, who held down second base last year, will in all probability be the second baseman."

"We have four shortstop candidates but right now Johnny Gertz, on option from the White Sox, has a slight advantage over Salty Parker, last year's shortfielder."

"Joe Vitter, who held down second on a hot battle by Bobbie Kennedy, a 19-year-old White Sox farm hand. Then there is Jess Landrum, a third baseman now working in center field. He may eventually turn up as a candidate for third base if Vitter doesn't watch his step."

"Prospects as a whole, I'd say are good."

Invitational Meet To Be Staged At Munny This Year

The Municipal golf course will probably stage an invitational golf tournament sometime during the summer, Harold Akey, professional and manager, said Saturday. No definite date has yet been established but Akey indicated he would confer with managers of other clubs in this sector for open dates before making an announcement.

The club has staged only annual city tournaments in the past. Last year when the back nine of the grass greened layout was added, the West Texas Junior tournament, open to golfers 17 years of age and younger, was played over the course.

More than 1,400 golfers played the course during the month of March, according to a report by Akey. That figure represents an increase of some 60 to 80 per cent in business, more than double the number of players during March, 1937.

The greens have gained benefit of recent weather and the grass is fast going toward its natural summer hue.

Recently Neil Hillard, practicing off No. 1 tee while watching for a match, fired an ace on the 27-yard hole. It is believed to be the first hole-in-one ever scored on that hole.

LELTON DUNN IS SINGLES CHAMPION

Results in the Howard county tennis tournament completed here Saturday afternoon ran true to form with Coahoma's strong delegation gaining championship laurels in three of the four major divisions of play.

The Bulldogs' singles star, Leldon Dunn, earned the trip to the district meet by turning aside Marlin Hayworth, Moore, in the final round, 6-2, 8-6, 6-2, after defeating Hollis Parker, Forman, in a first round match, 6-2, 6-4.

In senior boys doubles Coahoma's promising pair, Laurence Robinson and Roy Collins, swept aside Garner's team in the final, 6-3, 6-1, 6-1. Earlier they had decided Moore while Garner was advancing at the expense of Porran.

The senior girls doubles title also went to Coahoma with Marlan Frather and Kathleen Sullivan representing the Bulldogs. They won, 6-3, 4-6, 6-1, over Moore. In the first round matches Garner fell before Coahoma while R-Bar was decided by Garner.

Garner's Bonnie Lee Smith socked up the senior girls singles laurels by trouncing LaVelle Hayworth, 6-3, 6-5, in the final after beating the R-Bar representative in three sets in a first round match. Coahoma had drawn a first round bye.

In rural junior play R-Bar emerged the champion in boys singles and doubles and girls singles and doubles. Soash forfeited in boys singles and Chalk fell in boys doubles, 6-3, 6-0, while in girls singles Chalk was beaten, 6-4, 5-7, 6-2, and in girls doubles, 6-4, 6-0.

In Class B junior play Coahoma's girls won both singles and doubles, defeating Garner in both divisions of play. The team then met R-Bar for the county title, winning in doubles play, 6-2, 6-4, but lost in singles play, 3-6, 1-6.

Local Netters Play Coahoma

Coach Mathews Seeking Practice Matches For Charges

Drilling for the district meet which will be staged in Sweetwater April 14-15, Coach Wayne Mathews sends his high school tennis squad into action at least once the coming week. The Bovies will oppose Coahoma in an exhibition the latter part of the week. The match was originally scheduled to be played last Tuesday.

Mathews is attempting to arrange for at least one more exhibition.

Marvin House, Jr., singles player who scored two victories last week, Hollis Bowden and Jack Woods, senior doubles team, and Roe Taylor, girls singles player, will probably make the trip to Sweetwater.

Softball Meet Set April 17

Plans for the coming softball season will be discussed at the year's first meeting April 17 in the city court room at the municipal auditorium. Recreational Director H. F. Malone has announced.

Any team wishing to enter into competition is urged to have a representative at the confab.

Mrs. Page Annexes North-South Title

PINEBLUFF, N. C., April 1 (AP)—Mrs. Estelle Lawson Page, Chapel Hill, N. C., housewife, annexed the North and South women's golf championship today with a 3 and 1 victory over young Dorothy Kirby of Atlanta, Ga.

Mrs. Page, 1937 national champion, played brilliantly in every round of the tournament, after setting the pace in the qualifying round with a 74 women's par. She equaled or bettered par in each subsequent round.

Miss Kirby is a former Southern champion.

Escobar Risks Title Monday

SAN JUAN, Puerto Rico, April 1 (AP)—This island's No. 1 hero, Sixto Escobar, puts his world bantamweight championship on the line tomorrow in a 15-round struggle with Ko Morgan, 30-year-old Detroit veteran.

The home folks are willing to bet the 26-year-old cloaker has his championship when the firing ends, despite a non-title decision Morgan won from him a year ago.

Both fighters wound up training today.

Boxers Are Fined

DALLAS, April 1 (AP)—Kenny La Salle, Houston welterweight, and Wild Bill McDowell, his Dallas opponent in a boxing match here last night, were fined for "unsportsmanlike" conduct today by Deputy Boxing Commissioner Marshall Brown.

CARL STROM AND COCA-COLA WIN

Carl Strom and Coca-Cola chalked up Class B bowling league victories at the Casadena runways Friday evening, the Stroms team turning aside the Montgomery Ward entry in all three games while Coca-Cola was triumphing over Dr. Pepper in two of three games in a hard fought duel.

It was the fine firing of Herb Smith that paced the Stroms quietest to its smashing victory. Smith, scoring 265 pins in his first game, had an average of 167.

ARIEL TOY WINS ARKANSAS DERBY

HOT SPRINGS, Ark., April 1 (AP)—Ariel Toy, Hugh W. Jackson's speedy little brown colt, came up to all expectations today to win easily the fourth running of the 5,000 Arkansas Derby by three lengths.

Heavily played by the bettors, the little Kentucky colt paid \$2.70, \$2.60 and \$2.60. In second place was the Indiana Lake Stables' brown colt, Radio Gold, which moved up from fifth place at the top of the stretch. Radio Gold came in ahead of the Old Fox Stables' filly, Torch Stick, in a photo finish.

Radio Gold paid \$6.30 and \$3.50 while Torch Stick paid \$3.50.

Hypericite Bowie Winner

BOWIE, Md., April 1 (AP)—Hal Parr's Hypericite, who failed to win in six starts on the west coast, hit his stride on a home state track today and ran away with the \$5,300-edded Bowie Handicap.

The favored Challenger was second and Mrs. Nat Ray's Short Distance third.

Hypericite paid \$16.50, \$6.70, \$4.00.

Softball Loop Begins Play This Week

The junior division of the Recreation softball league begins play Wednesday afternoon, 4:30 o'clock, with Moore meeting the Mexicans on the Plaza playground, East Side and the South Siders (angling on the South Side field and the Roosters and ABC battling on the ABC diamond).

Senior competition will begin Monday, April 10, with the Roosters taking on the South Siders at South Side and ABC and the Mexicans mixing at the Plaza.

Moore Gym Is Scene Of Wed. V'ball Games

Teams of Fairview and Phillips Tire company, Big Spring, will inaugurate the Community volleyball league's season at 7:30 o'clock Wednesday evening in the Moore gym.

At 8:30 the Big Spring Lobos will oppose the First National bank team while the circuit's other two teams, the Big Spring Bunglers and the Big Spring Pups, will tangle an hour later.

The schedule will run through five weeks of play.

Have a Better and More Enjoyable Game!

The people who come to Casadena Alleys enjoy every facility in excellent equipment and congenial companions, in addition to a sport that offers everything for fun.

Seven Records Tumble In Texas Relays At Austin

GREER TRIMS WOLCOTT IN CENTURY

By FELIX B. McKNIGHT
AUSTIN, April 1 (AP)—Baldiah Wilbur Greer of Michigan State tore into a brisk cross wind on a 100-yard sprint today that left him flirting with a world record in the feature of the Texas relays, kickoff of the national outdoor track season.

The equal sprinter, pushed by Freddie Wolcott of Rice Institute, scrambled to the tape in 9.5 seconds, one tenth of a second off the world record and the Texas Relays most prized mark.

Wind blew directly across the track. Greer got away ahead of Wolcott, who seemed to falter at the start, and stayed there. His fine dash fell one tenth of a second short of the accepted relay mark of 9.4 set in a memorable dead heat finish in 1935 between Ray Nougans of Tulane and Harvey Walkender of Texas.

Wolcott failed in his effort at attacking his own 120-yard high hurdle mark of 18.9 seconds, set last year with a kind wind at his back, sliding over the timbers today in a respectable 14.1 seconds to win by two full strides. The same cross wind prevailed on his hurdle excursion.

La. State Wins
Records tumbled all over the

place, six university and junior college marks going by the boards while the schoolboys toppled one and equaled another.

Climax event of the day, the mile relay, brought 5,000 fans up screaming as Louisiana State, anchor man Frank Church kicking in with an amazing burst, edged out Oklahoma A. and M., and Rice Institute. The 3:15.5 time was only four tenths of a second higher than a relay mark established back in 1929 by the University of Chicago.

New records were made in the shotput, university 440-yard relay, junior college mile relay, junior college 440-yard relay, university 440-yard relay, university sprint medley and the broad jump. The high schoolers kicked over their old shotput mark and equaled the 100-yard dash.

Besty Elmer Hackney of Kansas State, national intercollegiate shotput champion, made the best heave of his competitive career, 52 feet 3 1/4 inches, to smash the old mark held by Sam Francis, former Nebraska fullback, at 51 feet 11 3/4 inches.

Two fine junior college performances in the relay events stood out. The University of Texas freshmen, anchored by Lonnie Hill, who warmed up with an outstanding 9.4 sprint in the 100 yards, cracked the national junior college record for the quarter mile relay with its mark of 43.1 seconds. Pasadena Junior college holds the accepted national mark at 42.4 seconds.

The North Texas Teachers College freshmen, emulating their famous upper classmen—Wayne and Blaine Rideout—buried up the

junior college mile relay with 3:18.4 time that fell four tenths of a second shy of the national record but broke the relay mark by 4.3 seconds.

The Rice Institute 440-yard relay team, composed of Blagg, Stokley, Sanders and Wolcott, slipped one tenth of a second off the old mark they jointly held with Texas as Wolcott stormed in on the anchor with a five yard margin.

Bell Runs Wild
The Rice sprint medley team, made up of Turney, Jones, Blagg and Bell, built up a bare margin for Bell, great middle distance runner, and he converted it into a rout to finish the distance in 2:28.4, bettering the old mark of 2:29.8, they set in 1937. Rice rode itself a chance at bagging another relay when they dropped the baton in the 800-yard relay while going neck and neck with Oklahoma.

The Rideout twins, with Wayne a stride in front of Blaine led the North Texas Teachers to easy triumph in the one mile team race. Texas Jud Atchison, bettered his own broad jump record by one quarter of an inch in a leap of 24 feet 8 inches.

B. F. (Beetus) Bryan, of Texas, failed to break his own pole vault record, stopping at 13 feet 6 inches, but he took one more pull in practice and hurled over at 14 feet.

T. A. Weems, of Rockdale high school made the most impressive school boy showing, putting the shot 51 feet 9 inches to scrap the old mark of 51 feet 1-2 inch. Fleet Jack Cooley of Kaufman high stepped the 100-yard sprint in 9.9 seconds to equal the existing record while G. D. Hopper of Brackensridge, San Antonio, leaped 6 feet 1 7/8 inches in the high jump—a scant one eighth of an inch below the record.

TEXAN DEFENDS SWIMMING TITLE

COLUMBUS, O., April 1 (AP)—Ralph Flanagan of Austin, Texas, unattached, successfully defended his 500-yard free style championship tonight in the finals of the annual A.A.U. indoor swimming championships.

Flanagan's 5:30.7 performance defeated a stellar field which included Jack Medina of the New York Athletic club, holder of the 5:18.3 world record. Although Medina finished second, he never menaced Flanagan's victory, the winner finishing about eight yards ahead of the field.

Flanagan grabbed the lead from Andy Clark of the Detroit A. C. at the 400-yard mark and spurred the last century. Medina just nosed Clark out of second place in a photo finish.

MIDLAND BEATS ODESSA, 18-13

MIDLAND, April 1 (AP)—Midland of the West Texas-New Mexico League defeated Odessa 18-13 in an exhibition game here today. Midland will play Texon here Sunday.

AGGIE NETMEN WIN COLLEGE STATION, April 1 (AP)

—Texas A.&M. tennis players took three singles and two doubles matches today to defeat Trinity University netmen five matches to one.

Gene Sarazen Is Surprise Golf Leader

AUGUSTA, Ga., April 1 (AP)—It was April Fool's day and the weather, as customary here, did a lot of fooling—but the fellow who fooled all the wisecracks was Mr. Eugene Sarazen, the Connecticut farmer-golfer.

Dripping wet but uninjured by hailstones whipped furiously by the wind, Sarazen breezed through the second act of Bobby Jones' Augusta national golf show in 66 shots. Sarazen's 139 was one shot in front of the field seeking the \$1,500 check.

The freak display of weather threatened for a while to force postponement of play, but after 45 minutes the sun beamed down again and the field resumed activity, with Jones winding up with 77, five strokes over par, and far down in the ranks with a halfway total of 153.

Sarazen was one shot under three favored players, Sammy Snead, Ralph Guldahl, the national open champion, and Byron Nelson, as the field lined up for tomorrow's 36-hole finale.

Although he equalled par with a fine round of shot-making, Billy Burke who led the opening 18-hole journey with a 69, dropped to fifth place with a half-way total of 141. He was one stroke in front of Henry Picard.

Guidahl put together nines of 34-34 for a 68 and Nelson shot 35-34 for a 69 to step up to contending position. Tommy Armour, tied for third after the first round, slipped to a 74 and dropped to a tie for ninth place with Craig Wood, who had a 78 and 145 total.

A stroke in front of Armour and Wood were Paul Runyan, P. G. A. champion, and Lawson Little.

Charlie Yates, the British amateur champion, and Chick Harbert were tied for the amateur leadership with 147 totals as Jones' 153 dropped him into a tie for 32nd place. Jimmy Demaret of Houston blew to an 81 today for a 153 total.

Bartell To Doctor

PHOENIX, Ariz., April 1 (AP)—Manager Gabby Hartnett of the Chicago Cubs announced tonight that Shortstop Dick Bartell would undergo treatment for a long-standing rheumatic ailment of his leg.

DATES ANNOUNCED PONTE VEDRA BEACH, Fla.

April 1 (AP)—George R. Jacobus, president of the Professional Golfers association, announced today the Ryder Cup matches will be played November 18-19.

The British and American professionals will clash on the Ponte Vedra course, a difficult layout adjacent to the Atlantic ocean.

GIANTS TRIM TRIBE

BATON ROUGE, La., April 1 (AP)—A run scored by Alex Kampouris after a foul fly gave the New York Giants a 9 to 5 victory in the 12th inning of their game with the Cleveland Indians today.

DIMAGGIO STEPS OUT

NEW ORLEANS, April 1 (AP)—Joe Dimaggio led an 18-hit attack today as the New York Yankees walloped the New Orleans Pelicans 15-2 in an exhibition game.

BRUINS TRIM CHSOK

PHOENIX, Ariz., April 1 (AP)—Clay Bryant, making his first exhibition start of the spring season, became the second Chicago Cubs pitcher to go the route today when he limited the Chicago White Sox to seven hits, winning 7 to 5.

BUCS BOUT ARIZONA

TUCSON, Ariz., April 1 (AP)—A triple play by the Pittsburgh Pirates highpotted their 14-4 rout of Arizona university in an exhibition today.

FORT WORTH TRIMMED

FORT WORTH, April 1 (AP)—Behind the three-hit pitching of Carl Byrd and Leroy Parsons, the Athletics so-called first team defeated Fort Worth, of the Texas League, 7 to 5 here today.

REISER BECOMES REGULAR DODGER

CLEARWATER, Fla., April 1 (AP)—While rain prevented his watching Pete Reiser play second base against the Detroit Tigers, Manager Leo Durocher decided definitely today to make the sensational rookie an official member of the Dodgers. He now belongs to Brooklyn's Elmira, N. Y., farm club, and buying him will be a mere formality.

Appropriate Day

NEW YORK, April 1 (AP)—Promoter Mike Jacobs picked this "all fool's day" to announce that henceforth "forcible steps will be taken to prevent known gamblers from operating" in any arena where Mike's boxing programs are held.

"Jacobs' move," the announcement from his office said, "is prompted by his conviction that gamblers represent the most evil influence in boxing."

Sens Trample Boston Bees

BRADENTON, Fla., April 1 (AP)—Held to seven scattered hits, the Boston Bees registered a ninth inning score today to escape a shutout in an exhibition game won by Stanley Harris' American League Senators, 6-1.

TITLE BOUT ARRANGED

DALLAS, April 1 (AP)—Signed contracts for a ten-round battle between Maxie Long of Dallas and Al Bernard of Houston, state middleweight boxing champion, were in the office of Promoter Dick Griffin today. Griffin has asked Commissioner Joe Kunschick to recognize the bout, scheduled for the Sportatorium Friday night, as a championship contest.

MENTIONED as possible chairman of the Securities Exchange Commission to succeed William O. Douglas, Jerome Frank (above) is one of the original "brain trusters."

A hen, owned by Lawrence A. Taylor, Salisbury, N. C., lived to be 23 years old.

BUFFS TALLY 37 POINTS TO WIN GARDEN CITY MEETING

GARDEN CITY, April 1—Coach Herschel Wheeler will take his Garden City high school track and field squad to Stanton Wednesday where a triangular meet will be staged. Garner and Stanton will also be represented.

Wheeler indicated recently he would probably take six men to the district meet in Midland April 15. Lee Swindall, half miler; Ellis Daves, miler; Earl Baker, dash man; Fern Cox, a member of the relay team; and Charles Lake, dash man, have been looking to the best advantage thus far.

In a triangular meet staged at Garden City Friday afternoon the Stanton team, with 37 points, succeeded in outscoring Garden City, which had 32 points, and Sterling City, which accounted for 21.

Swindall in the half mile, Daves in the mile and the mile relay team composed of Earl Cook, Cox, Baker and Swindall were the Garden City winners.

Baker was not officially entered in the discus throw but succeeded in beating the field in practice throws. Had he been made a Bearkat representative Garden City would have won the meet's team honors.

The Garden City junior team, paced by Carl Aisup and Hugh Kincaid, both 14 years of age, outscored the Sterling City youngsters in a Friday added attraction.

Aisup covered the 100-yard race in the amazing time of 10.3 seconds while Kincaid high jumped 7 feet, three inches.

Mrs. Petch To Present Program

Norway Will Be Theme Of Night Lecture Program Mrs. Gladys Petch, lecturer and world traveler, will present an illustrated lecture, "Sunlit Norway Calls," at the high school auditorium Friday under the auspices of the Big Spring Music Study club in the last of the season's concerts.

Mrs. Petch makes her home in Norway each summer and knows the less familiar inland country. She combines her knowledge of the subject with a charming personality.

Mrs. Petch has been known as the woman with the perfect radio voice and the Norwegian government so liked her work that they accorded her the honor of recognition and now she is known on two continents as the Norwegian "ambassador without portfolio."

Her interesting work began by accident when her husband, now deceased, was a professor of English language at Olo University. She was called upon to read an English story on the air when radio was in its infancy.

The program will be as follows: My Johann.....Grieg Synov's Song.....Kjerulf Reindeer Song.....Lapländ Folk Song Byvelva.....Slinding Midsummer Nights.....Grieg ELORA SORNSEN In Norwegian Costume "Sunlit Norway Calls" Illustrated Lecture by Gladys Petch Wedding Day at Troldhaugen.....Grieg Etude—Op. 28 No. 11.....Chopin Prelude—Op. 28 No. 7.....Chopin Prelude—Op. 28 No. 23.....Chopin CHARLES GALLAGHER

Recent Bride Is Honored At Reception And Shower Given In Home Of Mrs. J. E. Pond

Affair Given For Mr. And Mrs. Eugene Crittenden

Mr. and Mrs. Eugene Crittenden were honored with a reception-shower recently in the home of Mrs. J. E. Pond with Mrs. Harry Billington as co-hostess. Mrs. Crittenden is the former Miss Lottie Lee Williams whose marriage took place about a week ago. She is the daughter of Mr. and Mrs. G. F. Williams.

The lace-laid table was centered with red rosebuds. Lula Jean Billington presided at the bride's book. Mr. and Mrs. Crittenden and Edith Cunningham were in the receiving line.

Refreshments were served and attending were Mrs. J. A. Magee, Mrs. Doyle Robinson, Mrs. Lawrence Robinson, Mrs. Gladys Giesh, Mrs. Cal Watts, Mrs. E. C. Jenkins, Mrs. Billie Robbins, Mrs. F. J. Gibson, Mrs. E. C. Crittenden, Mrs. J. I. Nabors, Mrs. Lionel Lee, Mrs. J. S. Bilsard, Mrs. Gordon Hickman, Mrs. Vernon Logan, Mrs. W. C. Blankenship, Mrs. Annie Besley, Mrs. W. J. Alexander, Mrs. Viola Bowles, Mrs. J. A. Boykin, Mrs. S. G. Merritt, Mrs. Roy Wilson, Mrs. Tom Cantrell, Mrs. L. M. Gary.

Mrs. J. E. Pond, Mrs. Harry Billington, Mrs. G. F. Williams, Miss Jewell-Montveth, Miss Eldred Ely, Miss Margie Mae Ely, Miss Sylvia Pond, Miss Opal Pond, Miss Lela Jean Billington, Miss Cunningham, Miss Deveda Lee Moore, Miss Jacquelyn Lewis, Miss Dorothy Dean Sain, Miss Marguerite Bennett, Miss Claire Nummy, Miss Charlene Estes, Miss Jo Ann Bilsard, Miss Leola Vines, Miss Ruth Merritt, Miss Ocel Wilson, Jess Jones, J. N. Routh, Billie Robbins and G. F. Williams.

Sending gifts were Mrs. Helen Snyder, Mrs. J. P. Dodge, Mrs. R. V. Jones, Mrs. H. H. Squyres, Mrs. Johnson, Mrs. Tom Slaughter, Mrs. Ezella Kimberlin, Mrs. C. N. Norman, Mrs. Pat Murphy, Mrs. Fred Engle, Mrs. T. J. A. Robinson, Mrs. Harry Stalcup, Mrs. Roy Wilson, Mrs. John Leystath, Mrs. B. Richardson, Mrs. Nat Shick, Miss Wena Bailey, Miss Trudy Snyder, Miss Jenetta Dodge, Miss De Alva McAllister and Miss Henrietta Bolling.

Surprise Shower Is Given By Two For Mrs. Axtell

To compliment Mrs. Fred Axtell the former Miss Mamie Leach, Bertha Martin and Mrs. F. B. Blalock were hostesses at a surprise shower given in their home, 1011 Johnson, recently.

Pink and white were the chosen colors carried out in the refreshments. Mrs. Harold Meador presided over the bride's book. Attending were Mrs. Roy Lassiter, Mrs. Fred Mitchell, Mrs. Tom Cantrell, Mrs. L. M. Gary, Mrs. T. B. Spencer, Mrs. F. B. Wilson, Mrs. Mamie Lovelady, Mrs. Dewey Martin, Mrs. Quintie Floyd, Mrs. Doyle Robinson, Mrs. H. E. Meador, Mrs. Bertha Martin, Mrs. Pat Blalock, Mrs. F. B. Blalock and Miss Arthur Hawk.

Gifts were sent by Mrs. J. P. Meador, Miss Jamie Lee Meador, Mrs. J. T. Allen, Mrs. Claude Miller, Mrs. Homer Tompkins, Mrs. N. E. Smith, Mrs. Frank Shotte, Mrs. W. V. Rose, Mrs. Jim Skalkley, Mrs. C. M. Estes, Mrs. George Mims, Mrs. W. R. Copeland, Mrs. S. M. Barbee, Mrs. Lloyd Brooks, Mrs. Earl Winslett, Mrs. Hank McDaniel, Mrs. Ollie McDaniel, Mrs. Truett Thomas and Mrs. C. H. McDaniel.

MARRIAGE ANNOUNCED

MRS. H. R. HAYGOOD, JR.

Choate-Haygood Marriage Of Last Year Is Revealed Here

Announcement of the marriage of Miss Meris Grace Choate and H. R. Haygood, Jr., on July 5, 1935, in Colorado, Tex., has been made.

Mrs. Haygood is the daughter of Mr. and Mrs. J. M. Choate, 2400 Nolan and Mr. Haygood is the son of Mr. and Mrs. H. R. Haygood of Fort Worth.

The couple was married by the Rev. P. Walter Henckell, former Episcopal minister here, in the home of Mrs. Henckell's parents, Mr. and Mrs. Jack Jackson, formerly of Big Spring, accompanied them.

Mrs. Haygood was graduated from the Big Spring high school in 1934 and attended business colleges in San Angelo and Abilene. She is employed at the American National Insurance company and will continue her work.

Mr. Haygood is an accountant for Texas Electric company and was graduated from high school in San Antonio. He later attended Hendrick college in Conway, Ark.

The couple is to be at home in the Biltmore apartments.

Miss Evelyn Oppenheimer, well-known book reviewer, will give Agnes Turnbull's "Remember the End" under the sponsorship of the Jewish Sisterhood at 4 o'clock Tuesday at the Settles hotel. Admission is 50 cents for adults and 25 cents for children.

The book concerns the story of an emigrant Scotch boy who rises to industrial leadership in Pennsylvania and critics have likened the story to the life of the late Andrew Carnegie. The author is the writer of a previous best-seller, "The Rolling Years."

Critics have called Miss Oppenheimer a "spell binder" and have pointed out that she endows each character with something of her own striking personality. Miss Oppenheimer has been well-received on previous visits to Big Spring which have been made approximately twice a year for the last three years.

Big Spring was the first West Texas city to engage the reviewer several years ago and, according to her now, "I have a soft spot in my heart for the initiative of your public and your civic and social organizations."

BOOK REVIEWER

MISS OPPENHEIMER

E. Oppenheimer To Be Here For Tuesday Review

Sisterhood Will Sponsor Dallas Reviewer

Miss Evelyn Oppenheimer, well-known book reviewer, will give Agnes Turnbull's "Remember the End" under the sponsorship of the Jewish Sisterhood at 4 o'clock Tuesday at the Settles hotel. Admission is 50 cents for adults and 25 cents for children.

The book concerns the story of an emigrant Scotch boy who rises to industrial leadership in Pennsylvania and critics have likened the story to the life of the late Andrew Carnegie. The author is the writer of a previous best-seller, "The Rolling Years."

Critics have called Miss Oppenheimer a "spell binder" and have pointed out that she endows each character with something of her own striking personality. Miss Oppenheimer has been well-received on previous visits to Big Spring which have been made approximately twice a year for the last three years.

Big Spring was the first West Texas city to engage the reviewer several years ago and, according to her now, "I have a soft spot in my heart for the initiative of your public and your civic and social organizations."

Funds raised by the Sisterhood are to be used to care for the German refugees. Each Jewish group in America has pledged a certain amount and this is the first time that the local Jewish women have endeavored to raise money in Big Spring. This money will help to assist in rehabilitating their people.

Miss Oppenheimer's present tour will include Abilene, Sweetwater, Odessa, Midland, Pecos, Colorado, San Angelo, Lamesa, Lubbock, Plainview, and Amarillo.

Delphian Society To Hold First Meeting The Delphian society will meet Thursday at 8:30 o'clock for its first regular meeting in the home of Mrs. Curtis Driver, 1207 Johnson.

Special Songs To Be Given

Local Churches Are Preparing Easter Music

Churches throughout the city are busy preparing for special musical programs to be given in connection with the Easter sermons on Easter Sunday. Cantatas, special solos and anthems are being practiced by choirs and singers in the various churches.

The First Christian church will present in music for the morning church service, "Open the Gates of the Temple" by Knapp. The choir will sing the anthem. At the evening service the full-length cantata "Risen Indeed" by Horton and directed by Herchel Summerlin will be presented with Mrs. J. E. Kirkpatrick, pianist.

The First Presbyterian church will feature their Junior Choir and will present two anthems, "Hallelujah, He Is Risen" from the Easter cantata "The Easter King" by Tiltonson. "Seeking Jesus" by Meredith will also be given and David McConnell will have the solo part. The response will be "Father Almighty, We Bow Before Thee" by Handel.

The anthem "Unfold Ye Portals" by Gounod will be sung by the choir at the morning service of the First Methodist church and the cantata "Victory Divine" by Matthews will be given at the evening service by the regular choir.

A male quartet composed of Alton Underwood, Orville Bryant, Roy Cornelson and Wayne Matthews will sing "Calvary" at the First Baptist service and an A Capella hymn "Low in the Grave He Lay" will be sung. The anthem, "Easter Morning" will be sung by the choir and Mrs. Harry Stalcup will have the obbligato. Other anthems will be "He Lives Again" and "Hallelujah, Christ Is Risen."

A girls' ensemble will sing the anthem "Three Women Went Forth" at Matthews at the service of the East 4th Baptist church Easter Sunday. The choir will also sing a special number, "Christ, the Lord, Is Risen Today" by Carey and a men's chorus "Christ Arose" by Lowry will be sung. Other features of the musical program will be an intermediate boys' chorus, girls' trio, duet and bass solo.

"Mass in F" by M. Loesch will be sung Easter Sunday at the St. Thomas Catholic church. "Regina Coeli" by L. Cervi will be sung during the offertory and the soloists will be Mrs. Anna Mae Luesing, Frank Duley and Mrs. B. C. Moser.

TEACHER TO WED

MRS. CECIL PENICK (Photo by Kelsey)

Miss McClendon To Marry Here This Evening

Wedding To Take Place At Six o'Clock

Miss Sara McClendon and Cecil Penick are to be married at 6 o'clock this evening in the home of the Rev. D. F. McConnell with the single ring ceremony being read.

Miss McClendon is the daughter of Mr. and Mrs. C. D. McClendon of Brownwood and Mr. Penick is the son of Mr. and Mrs. Jess Penick.

The bride is to wear an aquamarine crepe dress with black accessories. She was graduated from Daniel Baker at Brownwood in 1932 and has taught in the Central Ward school for the past five years. She will continue to teach.

Mr. Penick is associated with the Penick Casting Pulling company of Big Spring. Others in the wedding party are to be Mary Nell McClendon of Odessa and C. D. McClendon of Brownwood.

The couple is to be at home on Hillside drive.

Delta Kappa Gamma Holds Regional Meet Here

Delta Kappa Gamma, national honorary sorority for teachers, formed two new chapters with headquarters in Lamesa and Odessa when members held a regional meeting at the Settles hotel Saturday.

A luncheon was held and initiation was put on Beta Kappa, the local chapter, was host to the visiting delegates. Mrs. Edward E. Clark of Burk Burnett was in charge and Alma Thomas of Midland was toastmistress. Talks on the national and state conventions were given by Stather Elliott of Alpine and Mary Compton of San Angelo and Eula Lee Carter of Fort Worth spoke on "We Bid You Bon Voyage."

Bessie Mae Raines of Odessa gave a vocal solo and Elsie Willy of Big Spring played a piano solo. Approximately 100 persons attended the meeting.

Chopin Is Topic For Music Study Club At Saturday Meeting

Chopin, his life and his works, was the topic under discussion when the Allegro Music club met Saturday in the home of Eva Jane Darby with Dorothy Ann Sikes program leader.

Rosalie Ferguson told of the musician and Bobbie Nell Guiley won the quiz contest. Joan Simmons, Eva Jane Darby, and Jane Houser played piano solos.

Mary Ruth Gentry was a guest, and refreshments were served to Bobby Nell and Raleigh Guiley, Marjorie Potter, Loan Wear, Joan Winn, Marilyn Keaton, Gene Nabors, Jerry Eddie, and Jane Houser, Helen Blount, Mary Louise Davis, Edward Fisher, Rosalie Ferguson, Lula Beth Duff, Mary Ann Dudley, Jean Conley, Jean Ellen Chowna, Lorena Brooks, Emma Jean Slaughter, Beverly Ann Stulting, Dorothy Satterwhite and Dorothy Ann Sikes, Dorothy Marie Watson, and Joan Simmons.

The next meeting is to be with Jean McDowell, 1210 Scurry.

Lynelle Sullivan Is Honored With Party On Birthday

An Easter egg hunt and games provided entertainment when Lynelle Sullivan celebrated her ninth birthday anniversary recently with a party. The color scheme was pink and green.

Pictures were taken of the group and plate favors were fortunes and Easter eggs. The fortunes were read by each child. The cake was pink and green and was served to Billie Benton, Betty Jo Hendricks, Mary Evelyn Johnson, Yvonne Beasley, Mary Louise Davis, Emma Jean Slaughter, Joan Cornelson, Melba Dean Anderson, Patsy Sue McDaniel, Justice Dunsagan, Wanda Joyce Marckie. A gift was sent by Billie Jean Anderson. Mrs. H. T. Moore and Dorothy Marie Moore assisted Mrs. Sullivan.

Howard County Girl Named 4-H Gold Star Winner

Betty Ray Fryar Will Be Honored At County Rally

Betty Ray Fryar, 14-year-old daughter of Mr. and Mrs. Shirley Fryar of the Highway community has been named gold star winner of 4-H girls' clubs of Howard county by the extension service.

This is the first gold star winner that Howard county has ever had. The requirements are two years of club work plus a completed, successful demonstration. Each county in the state has one gold star winner and the clubs select a candidate among the eligible girls.

A judging committee composed of a chairman of the education committee of the home demonstration council and two club girls appointed by the chairman, make a judging team. The team visits the home of each candidate to see their work.

Mrs. K. G. Birkhead and Ruby Lee Wheat served as judges to name Betty Fryar. In June when a county-wide rally will be held, a gold star is to be presented to her. Her work as a wardrobe demonstrator has been highly commended for workmanship, economy and ability. In the district club show for girls held last fall in Edorado, she won more points than any other girl in the county. She also won places in the county-wide club show.

Betty Fryar has been a co-operator in poultry work and has completed her club goals nearly 100 per cent every year. This year she is bedroom demonstrator and is co-operating in garden demonstration.

Carnival And Golf Tournay Dates Set By Ladies' Ass'n.

Setting dates for the carnival, planning a six weeks bridge tournament, and discussing the spring golf tournament, members of the Golf association met Friday for luncheon at the country club with Mrs. R. T. Piner and Mrs. Ira Thurman as hostesses.

The table was centered with an orange California poppy and during the business session it was voted to hold the bridge tournament on April 10 and the carnival on April 20 at the club.

The group also decided to provide bridge games each Friday at the club for those who don't play golf. Committee reports were heard and the golf tournament was set for May 15.

The next hostesses will be Mrs. P. W. Melone and Mrs. J. E. Friend. Mrs. Ted Groebel and Mrs. G. C. Dunham, two new members, were present and others included Mrs. Piner, Mrs. Thurman, Mrs. William Tate, Mrs. Lee Rogers, Mrs. M. E. Bennett, Mrs. J. Y. Robb, Mrs. Malone, Mrs. Harry Stalcup, Mrs. E. V. Spence, Mrs. E. O. Ellington, Mrs. Hayden Griffith, Mrs. Robert Currie, Mrs. A. E. Pistole, Mrs. Willie Rix, Mrs. A. Swartz, Mrs. Carl Strom, Mrs. Friend, and Mrs. Noel Lawson.

Garden Club To Meet Early Tuesday

For a plant exchange and meeting, members of the Garden club will meet at 2:30 o'clock at the judge's chambers. The time has been changed in order not to conflict with the book review being given at the Settles hotel by Miss E. Oppenheimer. Members are requested to bring plants for the exchange.

Cain-Winterrowd Rites Read Here On Friday

Couple Marry In Bapt. Pastor's Home

Earnestine Cain, daughter of Mr. and Mrs. Earnest Cain of Coleman, and Curtiss Winterrowd, son of Mr. and Mrs. B. E. Winterrowd of 801 Runnels, were married Friday evening in the home of the Rev. W. B. Garnett, pastor of the East Fourth Baptist church. The single ring ceremony was used.

Mrs. Winterrowd wore an aquamarine dress with beige and japonica accessories and had a shoulder corsage. Her attendant was Miss Junita Landrum and Dorman Kinard was the bridegroom's attendant. The bride has been living here with her brother, Leon Cain, 506 Ayford, and was employed at Wacker's. Mr. Winterrowd is employed by T. & P. railroad. The couple will make their home at 510 Johnson.

Mrs. R. J. Barton Is Honored With Party Friday

To honor Mrs. R. J. Barton on her birthday anniversary, Mrs. Eddy Sanders and Mrs. Don Mason entertained with a surprise party in the Barton home Friday afternoon.

White and pink were the chosen colors and carried out in the refreshments. Games provided diversion and attending were Mrs. Laura Wheat, Mrs. E. W. Burleson, Mrs. J. T. Byers, Mrs. Loyd Burka and son, Mrs. L. C. Vann, Mrs. J. S. Nabors, Mrs. I. N. Reneau, Mrs. Lila Smith and daughter, Wanda Joyce, Mrs. Melvin King, Mrs. H. L. Mason, Mrs. Rupert Wilson, Mrs. Perry Burleson, Mrs. J. G. Lane, Mrs. C. C. Balch, Mrs. Ada Vaughn, Mrs. H. B. Webb and Joan, Mrs. C. F. Rodgers, Mrs. Gladys Moore and son, Mrs. Smith Hull and Verna Ruth, Mrs. Eulene Chandler and son, Mrs. Shelby Hall, Miss Eva Anderson, and R. J. Barton. Sending gifts were Mrs. W. M. Gage, Mrs. Roy Lee, Mrs. Ida Darby, Mrs. C. R. Balch, Mrs. T. J. Mason, Mrs. D. W. Anderson, and Perry Burleson.

Use Your Own 'Whiseler' Is Advice Of Richard Cauble, After Hospital Experience With A Tin Whistle

Roadside Park Is Completed

STANTON, April 1 (Sp1)—Work is virtually completed on the roadside park being built five miles west of Stanton by the state highway department.

The park is one of three under construction in this section, two being in Midland county, just east of Midland, and another in Ector county east of Odessa. Work has been suspended on the Martin county park for several days, since it is the one nearest completion, and construction crews have moved to the Odessa park.

All rock masonry is completed in the local park, and drives have been constructed. A large number of shade trees, as well as shrubs, have been set out. Two arbors, constructed partly of rock, are finished as are two large rock barbecue pits. Water hydrants are placed at vantage points throughout the park for the convenience of picnickers, and for the preservation of the plants.

The three parks together represent an expenditure of approximately \$24,000. They are 1,000 feet long and 150 feet wide at one point.

Women At Work No Quitting Time For Her

Sympathy, tact and nervous energy are just a few of the requirements necessary to hold the position Mrs. Charles Eberley does as director of the Eberley Funeral home.

There are no hours on Mrs. Eberley's job and no quitting time. She finds her work requiring all of her waking hours; and, being a painstaking person, she keeps busy when a less interested person might call it a day.

MRS. CHARLES EBERLEY (Photo by Bradshaw)

She began her work in 1920 when she married Mr. Eberley who was a licensed embalmer. Together they established their business and for nine months worked together.

At the end of the nine months, Mr. Eberley returned to his job on the railroad and Mrs. Eberley took over the work on her own. Because she is the sort of person who believes in advancing, Mrs. Eberley took her courage in her hands and enrolled in the Dallas School of Embalming. That was in 1924 and she was the first woman to attend or ever graduate from the embalming school. She was the only woman in a class of some 40 men but came through the work without any difficulty.

Mrs. Eberley is a member of the National Funeral Directors Association of America and a state officer, holding the office of member of the public relations committee. She has held an office of some kind in the association since 1924.

Mrs. Eberley has lived in Big Spring since 1920 when she came here from Sweetwater and to those who have ever been called upon to consult with her, she is a helpful advisor, and a genius at doing and saying the right thing.

She now has six workers employed at the home and yet, according to these employees, she works as if she had the job all on her own shoulders. Her tireless energy and her interest in her job have made her outstanding not only in this section of the state but in even more distant places, men and women both have nothing but praise and confidence in Mrs. Eberley. She was bound to be a success in her job.

NEWS NOTES FROM THE OIL FIELD COMMUNITIES

Mr. and Mrs. Thomas Yarbro visited in Abilene this week and Mrs. Yarbro remained for a few more days' visit with her mother.

Mr. and Mrs. Marshall Kendrick who have been residing in Austin the past six weeks visited Mr. and Mrs. J. C. Scudday en route to their home in Brownfield.

E. Smith, James Craig, Clinton Sterling, Don Ferguson, Leon Louis, Jim Earl West, Olan Griffith, Robert Yarbro, Tommy McDonald.

2-LAYER SPRING-AIR

- (1) All the cotton is in the top layer — the part next to your body. The cotton is held in place in individual compartments, which hinge together and provide soft, pillow support to arms and legs.
- (2) The spring is in the lower layer — not bound down by tufting or layers of highly restricting cotton, but absolutely free to conform to the size and shape of the heavier parts of the body.

What This Means To You

This means that the 2-Layer Spring-Air is far more comfortable to sleep on than any other kind of mattress. It means that the cotton can be freshened by fluffing the pad, like a quilt, that the cotton is always fresh and buoyant. It means that the pad is light — easy to turn and easy to carry.

It means also that the spring construction, which provides the basic comfort of the mattress, is free to fit the size and shape of your individual body, in all positions of sleep. It means more durability because there is no wear and tear from chafing.

And it means more economy because you can get this 2-Layer mattress for less than 1c per night. Think particularly of the value of sleep in relation to health. At this low cost can you afford not to have it?

INEQUITIES IN OIL PRORATION

West Texans are going to have to delve very deeply into the basis of fixing oil proration figures for the state's fields.

For one thing, they will fail—at least at first study—to see the wisdom of lifting the Saturday shut-downs on all oil fields.

If proration is to be a method of conservation of our petroleum resources, and a system of control to keep supply fairly well within the range of market demand.

We in Howard county must first, of course, consider our own case in the light of the recent two-man order.

We cannot say definitely how the quotas for these fields compare with those of other comparable areas.

The curtailed output most surely will cripple local refining operations, and this, too, is a county-wide problem.

The new order brings something of a crisis upon all of West Texas, thanks to two commissioners who apparently are out to solve the situation in their own way.

One of the strangest graveyards on the North American continent is at Guanajuato, Mexico.

The Thrill That Comes Once In A Lifetime

THE SMART BOY WHO STEPPED ON THE STRING BEFORE PICKING UP THE WALLET

Today And Tomorrow

By Walter Lippmann

Mr. Lippmann's columns are published as an informational and news feature. His views are personal and are not to be construed as necessarily reflecting the editorial opinion of The Herald.

ON TRAVELING AT HOME

Crossing the American continent a traveler has plenty of time to imagine that he is receiving significant impressions.

After crossing the plains and the great rivers and the mountains and reaching the Pacific, a man ought to feel vividly that the United States is a very big country.

He would, therefore, know that it is a country which can remain united only if there is much liberty and much self-reliance in all its regions and communities.

No less commonplace than the impression of the size of America, is its youth. This has been observed so often that one tends to think it cannot be important.

This is not the only sense in which America is a young nation. America is young in that its people have not settled down permanently in any one place.

Wood points out, however, that the panda alone has been favored by evolution in growing this nodule into an organ that works like a thumb.

By Phoebe Atwood Taylor

Chapter 21 FOOL OR FRIEND? Asy looked down at the "Get Out, Stay Out" message.

He flipped through the pages until he came to a facsimile letter, a greeting from the town officials to Billingsgate's guests.

"That's a nice letter, isn't it? Aunt Sara wrote it. And that swell new paper, Uncle Jeff says that the new paper's worth the trouble of Old Home Week, all by itself.

"Saturday they give the cups," Bertha said. "Silver cups. I thought mine was pretty good but there's some mighty fine jelly up there. I went up yesterday."

"I wonder," Asy said, "if I were really anxious about it, he'd tell me before they spoke. I like Jeff. Asy, he seems to know all about the murder, but he doesn't say anything about it."

"I'm free for a while. I sent up stuff about Philbrick and the golden-rod. Tripp and what an empty pot he is! Anyway, I banged out the celebrity stuff yesterday, and Shory'll take it up. The governors aren't really my job. I'm supposed to be local coloring—oh, you haven't heard about Win Billings. You know him, the last Billings of Billingsgate?"

"I know the old duffer. They washed him an' dressed him up an' stuck him on display—did he get loose?"

"Well, he got a flock of drinks somewhere, and he stole the show at the station when the governors came. He kept yelling 'Hurrah for Grant,' and fussing about the lack of decoration. He said when Grant came the time before, they had the station covered with all the best turkey red carpets in town, and turns with trailing plants, and the General, he thought it was fine! He said so. They finally got Win under control, but he escaped in the flurry of the special train coming in, and when Brinley got to presenting 'This distinguished actor of our founder's family, Win was gone. Brinley nearly had to be taken away in a stretcher, he was so upset, and your cousin Weston took command."

"Did they find Win?"

"Oh, it was just a temporary loss. He was in the cab of the engine, pumping the engineer's hand. The engineer had a black beard, and he did look a little Grantham. Anyway, Win refused to get off the train so they let him

Here's A U. S. College Which Instructs Its Students The Fine Art Of How To Play

By the AP Feature Service

SWARTHMORE, Pa. Swarthmore college thinks one of a graduate's big problems will be how to spend leisure time—so it's teaching hobbies.

President Frank Aydelotte explains that the hobbies don't run along the stamp and coin collecting idea. Rather, students are given an opportunity to become proficient in an individual sport or one of the creative arts.

Those are the two forms of recreation of most value to the college graduate whose work lies in business or in one of the professions,

For students not interested in athletics, Swarthmore provides a chance to appreciate and practice music, dramatics, painting, writing, photography, or handicrafts.

The individual sports—like tennis, golf, badminton, squash, handball and horseback riding are emphasized because there is more opportunity after college for them.

Non-competitive sports, like riding, are encouraged.

The college operates its intercollegiate athletics on a "play for fun" basis; 67 per cent of the 350 men students take part in one or more of the 14 sports in which Swarthmore competes with other schools.

One of the strangest graveyards on the North American continent is at Guanajuato, Mexico.

During 1937 and 1938 Louisiana granted 10-year exemptions from taxes to new industries built at a cost of \$50,000,000.

Swarthmore coeds find wood-turning an interesting hobby. Here they're watching an instructor.

Panda's Thumb Isn't A Thumb— But It Fooled The Animal Experts

By HOWARD W. BLAKESLEE AP Science Editor

NEW YORK—The giant panda, black-and-white Teddy Bear of the zoo, has a thumb like no other known animal.

Discovery of the nature of the thumb is reported in Nature by Frederick Wood Jones, University of Manchester anatomist.

The giant panda's thumb is not a thumb at all, yet does so expertly the things a thumb is made for, Wood says, that it has deceived animal experts.

True thumbs, he explains, are possessed only by animals that have never ruined their tree-grasping hands by using them as feet.

Wood points out, however, that the panda alone has been favored by evolution in growing this nodule into an organ that works like a thumb.

The need for grasping bamboo shoots to feed on is the only apparent explanation of this miracle of evolution.

75 Expected At The Next Rural Dinner

A group representing the trade extension committee of the chamber of commerce will make a canvass of the city Tuesday to sign up local men for a trip to Forsan for the following Tuesday, April 11, when the Big Spring folk will be hosts at a goodwill dinner to men of the Overton and Chalk communities.

The Overton-Chalk affair will be the third in a series of such informal rural-urban get-togethers sponsored by the committee. Others have been held at Moore and Gay Hill, and a fourth is scheduled at Garner on April 25.

About 75 men of the rural area have signified they will attend the event, and at least that many Big Spring representatives are expected to go, each playing host to an Overton or Chalk resident and paying for his dinner. Women of the rural communities will serve the meal and use the proceeds for a community project.

On the attendance group are Charles Frost, who heads the major committee; Ted Groebel, Cal Boykin, Nat Shick, D. D. Douglas, J. D. Elliott and Lewis Christian. They expect to get 75 men signed up for the trip in a short time Tuesday. The event will be held in the Forsan gym because of lack of adequate space at Overton.

Big Spring will put on the program to be—as have the others—informal. The program committee includes Cliff Wiley, Joe E. Harwood and Bert Boyd.

Some THUMB-EN, KID?

Wood points out, however, that the panda alone has been favored by evolution in growing this nodule into an organ that works like a thumb.

Deeper Pay Is Being Sought In Westex

Borden, Andrews Tests Abandoned; Glasscock Wildcat Hits Water

BAY ANGELO, April 1—The quest of deep production held the spotlight in West Texas this week. Gulf Oil Corp. moved in equipment in southeastern Crosby county for the second wildcat on its huge Swenson block. Magnolia staked a location for its second scheduled Ordovician wildcat near Imperial in Pecos county, and Gulf No. 10 W. N. Waddell in the Sand Hills district in western Crane county topped the Simpson, middle Ordovician.

The McCamey field in Upton county was extended a quarter mile west and the Emperor pool in Winkler county a quarter mile east.

A Borden county wildcat and a south outpost to the Emma pool in Andrews county were abandoned dry and a north central Glasscock county wildcat struck water and shut down for orders. Tom Green and Crane counties each gained a wildcat to test the Permian lime.

Locations showed an increase, 35 for field tests and three for wildcats being staked and three old tests deepening were restored to the active list in 12 counties compared with 37 locations for field tests and one for a wildcat in 10 counties the week before. Twenty-nine oil producers were completed and three failures abandoned in 11 counties during the preceding week.

Gulf's No. 1-C Swenson in southeastern Crosby county will be in the center of the northwest quarter of section 95-2-H&GN, near the northwest edge of the Swenson ranch which Gulf leased in units of 25 sections each. It will be about 11 miles northwest of Gulf No. 1-E Swenson in northeastern Garza county, which headed oil from the lower Pennsylvanian through casing perforations above 7,400 feet, but failed to produce. Granite was encountered at 8,104 feet and the test plugged back to 7,400.

Texas Pacific No. 1 Brownfield, 1 1/2 mile north extension to the east side of the Denver field in Yoakum county, in the northeast quarter of section 802-D-John H. Gibson, began flowing 20 barrels of oil hourly after cleaning out following a shot. Along Oil Co. of Dallas, which recently acquired The Texas Co.'s Yoakum county holdings, staked two more tests in the Denver field. Shell No. 1 Waspie-Platter, in the northwest quarter of section 816, 1 2/4 miles northeast of the Bennett pool, had shown no oil in drilling to 5,157 feet in lime.

Continental No. 1 L. S. Munger, Borden county wildcat in the southwest corner of section 38-31-in-T&P, struck three barrels of salt water daily from 3,292 to 3,300 feet and was abandoned at 3,405 feet in lime.

Strikes Sulphur Water
 R. A. Duffy No. 1 Shell-Carter in north central Glasscock county after logging small oil shows struck sulphur water from 2,706-07 feet and shut down at 2,707 for orders. It is in the northeast quarter of section 8-33-3e-T&P, three-quarters of a mile northeast of Dodson-Duffy No. 1 Carter, a small discovery well.

Continental No. 1 L. S. Munger, Borden county wildcat in the southwest corner of section 38-31-in-T&P, struck three barrels of salt water daily from 3,292 to 3,300 feet and was abandoned at 3,405 feet in lime.

Strikes Sulphur Water
 R. A. Duffy No. 1 Shell-Carter in north central Glasscock county after logging small oil shows struck sulphur water from 2,706-07 feet and shut down at 2,707 for orders. It is in the northeast quarter of section 8-33-3e-T&P, three-quarters of a mile northeast of Dodson-Duffy No. 1 Carter, a small discovery well.

Barnsdall staked a north offset to Cities Service No. 1 W. H. Rhodes, half mile east extension to the south end of the North Cowden field in Ector county, which was completed late last week at 4,201 feet for a 24-hour flow of 450 barrels of oil following a shot.

Gulf No. 10 Waddell topped the Simpson at 5,819 feet, 3,285 feet below sea level, stratigraphically lower than the nearest deep producer a quarter mile north. It showed gas and distillate in drilling to 5,904 feet and ran 7-inch pipe to 5,485. P. S. Christian of Pyote staked location on the Crane townsite for No. 1 M. F. Stephenson, in the southwest quarter of survey 40, certificate 2,044. The scheduled 3,300-foot test will be two miles west of the McClintic pool.

At the end of a year, an employer who has not had eight employees on his payroll for 20 weeks during the year may ask the commission to terminate his coverage and thus release him from tax payments. The new law grants him until March 31 to file his application for termination of coverage.

Another important provision of effective April 1 pertains to contractors and sub-contractors. A particularly sore point in the past for employers, the old law in many cases fixed the responsibility upon a contractor for reporting the combined employes of both contractor and sub-contractor.

Under the new law, a man is responsible for reporting the wages of an employee but he is not responsible for the wages of a contractor. The former law defined the employer-contractor relationship but the definition was not the one generally accepted. The new law merely restates this definition and brings it into conformity with that accepted by the courts.

NEW JOBLESS INSURANCE LAW DESIGNED TO EASE THE TAX LOAD ON TEXAS EMPLOYERS

AUSTIN, April 1—More than two years ago, Texas launched its program of unemployment compensation when Governor Allred approved the measure designed to assist a jobless worker to find employment and to furnish him funds during his unemployment.

Today the employers contributing to the jobless insurance fund find assurance that their tax load will be lightened through the new unemployment compensation law effective yesterday.

Orville S. Carpenter, chairman-director of the Texas Unemployment Compensation commission, estimates that the employers will pay 10 to 12 million dollars less a year in jobless insurance taxes after 1940. Such a saving to the taxpayers will result in the "greatest tax reduction in the history of our state," according to Governor O'Daniel when he approved the bill.

Under the merit rating plan of the new law, employers will contribute after 1940 only the amount needed for the payment of jobless benefits. Last year employers contributed some 23 million dollars to the jobless insurance fund while less than 10 million dollars was paid out in jobless benefits.

In contrast to the present three per cent contribution rate, the 1931 tax rate will vary from one-half of one per cent to four per cent by one-half per cent steps, depending upon the state-wide employment history combined with each employer's individual experience over the past three years.

At the end of a year, an employer who has not had eight employees on his payroll for 20 weeks during the year may ask the commission to terminate his coverage and thus release him from tax payments. The new law grants him until March 31 to file his application for termination of coverage.

Another important provision of effective April 1 pertains to contractors and sub-contractors. A particularly sore point in the past for employers, the old law in many cases fixed the responsibility upon a contractor for reporting the combined employes of both contractor and sub-contractor.

Under the new law, a man is responsible for reporting the wages of an employee but he is not responsible for the wages of a contractor. The former law defined the employer-contractor relationship but the definition was not the one generally accepted. The new law merely restates this definition and brings it into conformity with that accepted by the courts.

Continental No. 1 L. S. Munger, Borden county wildcat in the southwest corner of section 38-31-in-T&P, struck three barrels of salt water daily from 3,292 to 3,300 feet and was abandoned at 3,405 feet in lime.

The former law defined the employer-contractor relationship but the definition was not the one generally accepted. The new law merely restates this definition and brings it into conformity with that accepted by the courts.

Nolan County Test Gets An Oil Showing

Large Producer Is Completed In Shackelford County

ARILENE, April 1—Indicated opening of Nolan county's first oil pool and completion of the largest well in recent Shackelford county history were among outstanding developments in West Central Texas this week.

In the extreme northeast corner of Nolan county, three and a half miles southwest of Trent and about nine miles southwest of the Jones county Noodle Creek field, the Sherwood Owens & Lewis No. 1 S. C. Tipton was scheduled for cementing five-inch casing at 4,370 feet above a 77-foot section of sand and sandy shale, 37 feet of which had shown saturation with oil and gas on sample analysis.

The deep test, started with cable tools last fall and drilled to 2,920 feet before moving in rotary, drilled through the section without coring. Showing of oil in circulation halted drilling after the test had cut soft sand from 4,387 to 4,464 feet, total depth.

In 3200-Acre Block
 The test is located in the center of a 3,200-acre block, and is 943 feet from the west and 1,443 feet from the south lines of section 48-19-7&P survey, and that which overlies the Palo Pinto lime, basal Canyon, producing in the Avoca territory of Jones and Shackelford counties.

A daily potential of 1,900 barrels of oil was estimated by the railroad commission on the Owens-Sherwood Oil corporation et al No. 1 J. S. McKeever, 3-8 mile northwest extension of the Shackelford No. 1 J. S. McKeever, 3-8 mile northwest extension of the Shackelford county Ivy field this week on basis of a gauged flow of 805 barrels of oil in nine hours and 15 minutes natural from Palo Pinto lime. The well, with pay at 3,145 to 3,187 feet, total depth, had a flowing pressure of 400 pounds on the casing and 95 pounds on the tubing. It is the first for the area to have free gas. Location is in section 158-BBB&C survey, east of the Avoca pool.

On the south end of the same pool testing was slated for Iron Mountain Oil company No. 7 O. E. Beck, outpost in section 163-BBB & C survey, which was treated with acid in Palo Pinto lime at 3,202-09 feet, total depth, and was swabbing for completion.

In Avoca Area
 Another large flash producer was given the Avoca townsite (Griffin) pool in Jones county when the Ungren & Frazier et al No. 1 Naomi Smith, treated with 500 gallons of acid in Palo Pinto lime at 3,287 feet, overflowed separator and was pinched in on a 1-32-inch choke to flow 420 barrels of oil in three hours. It is in the southwest of section 199-BBB&C survey.

Two wildcats were staked in Jones county. Jones & Stamey of Albany were rigging up for a scheduled 3,500-foot wildcat on the Swanson estate three and a half miles southeast of Stamford and west of the Avoca territory. It will be 400 feet out of the south and west lines of section 184-BBB&C survey.

W. H. Tarver of Shreveport, La., staked location for a 3,700-foot test three miles northeast of Anson, to be drilled with cable tools. In a

block of 2,000 acres, the test will be the No. 1 S. A. Barkley, 230 feet out of the southwest corner of the southeast quarter of section 54-D&DA survey, about four miles west of the recently abandoned Forest Development Corporation and Carl King Drilling company No. 1 First National Bank of Anson.

George Callihan of Albany was rigging up on No. 1 D. E. Prewitt, nearly a quarter mile north of the Appling pool discovery well in northwestern Jones county as the area's first outpost. It will be 330 feet out of the west and 302 feet from the south lines of the northwest quarter of section 23-BBB&C survey.

Abandonments In Glasscock And Borden

Howard Wildcats Remain Shut Down For Orders

Outside the explosive shell tossed by the railroad commission in slashing allowances in West Texas to the bone, oil activities here were quiet during the past week.

Two wildcats—one in Borden and one in Glasscock county—were abandoned after logging water. Two others in western and northwestern Howard county remained shut down for orders.

Continental No. 1 Munger, nine miles south of Gulf in Borden county, was plugged at 3,405 feet after encountering salt water. It had no shows. Location was 440 feet out of the southwest corner of section 38-31-in-T&P.

In north-central Glasscock county, the B. A. Duffy No. 1 Shell-Carter, three-quarters of a mile northeast of the small Dodson-Duffy No. 1 J. G. Carter discovery well, was abandoned at 2,707 feet after hitting sulphur water. Location was 1,960 feet from the north and east lines of section 8-33-3e, T&P.

Extension Indicated
 Hopes of a southward extension of the Snyder pool in southeastern Howard county were given rise by the Great West Pipe Co.-Ooley & McQuain No. 1 M. H. O'Daniel, 2,310 feet from the south and 280 feet from the west lines of section 20-30-1s, T&P. Saturday the well drilled to 2,080 feet with a slight show of oil logged from 2,079-80 feet. It is half a mile south of nearest production.

Halfway to the Chalk pool, the Lockhart Petroleum Corp. No. 5 R. C. Scott, section 98-29, W&NW, set oil string at 2,600 feet. In the eastern end of the Howard-Glasscock pool Continental No. 14-A Clay, section 139-29, W&NW, drilled to 2,960 feet and was carrying oil in the hole. Continental No. 1 Chalk, a deepening test, cleaned out at 2,960 feet following a shot. Oil string was set in the shallow test of Continental No. 53A Settles at 1,230 feet. Location is in section 135-29, W&NW.

Steve Owens No. 1 G. G. Wright, northwest Howard county wildcat, remained shut down for orders with a hole full of water coming in from behind casing at 3,990 feet T. G. Shaw, Trustee No. 1-B H. H. Wilkinson, western Howard county exploratory test, was shut down for orders at 3,468 feet. There was a possibility that the hole might be taken deeper.

California tests show that oranges processed before and after loading may be shipped from coast to coast with only one re-icing

Rotary Meet May Attract Record Crowd

Plans are rapidly being completed by the Rotary club of Big Spring for the entertainment of Rotarians from the 31 clubs in the 127th district of Rotary International at the annual district conference, which will be held here May 7, 8, 9.

Delegates from every club in the district and a number of prominent Rotarians from other parts of the country are expected to attend the conference. The address of Frank C. Barnes of Manistee, Mich., who will officially represent Rotary International at the conference will be one of the features of the conference program. Other events will be: the all-conference luncheon, the governor's ball, and a barbecue for about 700 Rotarians and their wives.

Linton H. Estes of Wichita Falls, district governor of the 127th district for the past year will preside at the program sessions of the conference. One of the important matters to come before the conference is the selection of a nominee for district governor for the coming year to succeed Governor Estes. The conference nominee for district governor will be formally ratified by the convention of Rotary International to be held in Cleveland, Ohio, June 19-23, 1939, and the new governor will take office July 1. The person chosen to this position, in his capacity of district governor, is the official representative of Rotary International in the 127th district.

Reports from over two-thirds of the 31 clubs in the 127th district indicate a record attendance, as there has been a lot of favorable publicity given within the district.

Five clubs have promised—barring the inevitable—to be in attendance 100 per cent.

You'll Feel Better If Dressed Better

Easter

A walk down the avenue this Easter Sunday will take you by your neighbors who are dressed for the occasion. You, too, will want to look your best . . . and you can, with little effort on your part. Just send your suits and dresses to us—or call 79—and we'll call for them. They'll be returned to you bright as new, assuring you a lead position in "The Easter Parade!"

CLAY'S No-D-Lay Cleaners

Hospital Notes

Big Spring Hospital
 Mrs. W. A. Elyria of Luther, who was admitted to the hospital Friday afternoon, underwent major surgery Friday evening. Her condition was good late Saturday afternoon.

Mrs. Henry Barron of Coahoma, who underwent major surgery two weeks ago, returned to her home Friday.

J. T. Joiner of Coahoma, who has been in the hospital for treatment of a severe attack of influenza, has returned to his home.

Miss Gladys Poe of Stanton was slightly better late Saturday afternoon.

VAC-BLOC

Armhole Gives Greater Ease and Comfort

It's an exclusive feature with Society Brand Clothes. One of the benefits you get from this great maker's outstanding perfection of the tailoring art. The under part of the armhole has an almost "knifeblade" thinness... no bulkiness, no binding. It gives you greater comfort, better fit, longer wear from sleeve linings.

Society Brand Clothes

\$30 to \$50

Elmo Wasson

MEN'S WEAR OF CHARACTER

The Week

(Continued from Page 1)

to say that we don't want it. Thanks to Rep. Goodman for so saying.

Tuesday is city commission election day. There is only one real issue—that of selecting the two men best qualified for the post. You, thinking clearly, are best qualified to judge.

George Gentry, associated with the local school system for more than 12 years, is due to leave and go to Temple. To say that the schools lose a valuable man and the community a solid citizen is understatement.

The city's announcement that it was contemplating a free trash hauling service struck a responsive chord. If the commission was waiting on public support, it has no need to wait longer.

Selection of a clown for the rodeo and completion for some improvements at the grounds reminds us that Big Spring's major annual celebration is not so far away. The time's ripe for talking it up—June 23-25 is just around the corner.

Final figure, showed last week that the actual cotton production in the county in 1938 was 15,880 bales. Ginnings amounted to 19,285. On this basis, there must have been 12,000 out-of-county bales handled here during the 1937 bumper crop.

Business may not be up to snuff, but bank figures and first quarter reports on building, car sales and postal receipts don't show it to be so terrible. Loans were up a half a million, deposits off only \$274,000 and building, car sales and postal receipts either steady or up. Give us good crop prospects and a decent oil allowable and 1939 may yet turn out to be a pretty good year.

Relief Reduction By House May Be Upheld By Senate

WASHINGTON, April 1 (AP)—A senate appropriations subcommittee held brief hearings today on President Roosevelt's request for \$150,000,000 additional for WPA and, although the vote was deferred, indicated strongly a disposition to accept the house's cut to \$100,000,000.

The only witness at the closed session was Col. F. C. Harrington, the WPA administrator. A vote was put off until Monday, but Chairman Adams (D-Col) and Senator Townsend (R-Del), another subcommittee member, said they felt confident the committee would approve the house figure.

The WPA has announced that 200,000 persons would have to be dropped from relief rolls during April if the \$100,000,000 appropriation should be retained.

FARMER TAKEN FOR SLAYING OF SON

VIENNA, Ga., April 1 (AP)—Arrest of 45-year-old farmer on a charge of slaying his son, a fifth grade honor pupil, to obtain insurance was announced by officers tonight.

Night Policeman E. R. Perry of Vienna said Albert Lee Christmas was jailed on a charge of murder in connection with the death of Albert Lee Christmas, Jr. He added Willie Howard, the elder Christmas' cousin, also was jailed on a similar charge.

The boy disappeared Feb. 11 while on a Saturday night visit to town with his father. The mother was ill at home.

CHINESE TROOPS ARE BOMBED BY JAPANESE

SHANGHAI, April 1 (AP)—Japanese warplanes bombed and strafed Chinese troop trains and stations today along the Chekiang-Kiangsi railway and attacked Chinese forces retreating westward from northwest Kiangsi province into Hunan.

Chinese headquarters admitted the Japanese had occupied the town of Wuning.

LARGEST TAX BILL

WASHINGTON, April 1 (AP)—Asserting the total tax bill of the nation was the greatest for "any year in war or peace," a committee of the United States chamber of commerce said today reduced state and local taxation was needed to encourage business recovery. The committee reported all government units collected nearly \$14,500,000,000 in 1938.

MAGIC CHEFS ARE WELL RECEIVED

A special April sales campaign on Magic Chef Gas ranges which bear the "CF" of Certified Performance—in meeting with fine response, it was said Saturday by Pat Kenney, manager here for the Empire Southern Service company, local Magic Chef dealer. One of the ranges is pictured above. "We find that Big Spring women are really delighted with the many advantages offered by the Magic Chef ranges," Kenney said. "They are attracted by our 'prove-it-to-me' demonstrations and finding out that the Magic Chef is a super-service range." Pointed out for the Magic Chef are such features as the 5-1/2 top burners, grid burner, trap, automatic lighters, effective insulation, high speed oven, timer, temperature regulator, swing-out broiler, grill pan, scientific enamel construction, utensil drawers, removable parts for easy cleaning, dependable service.

RARE TROPHY, A SHRUNKEN HEAD, ON DISPLAY AT MUSEUM

What is considered a rare trophy among South American Indians and an even stranger exhibit in this country will go on display at the museum at the city park today. It is a human head shrunken to the size of an orange. The head, property of E. W. Robitaille, has been loaned to the museum association for a short time and will be shown as part of the unit's displays.

Also being shown for the first time Sunday will be a collection of bolo knives and other cutting instruments from the Philippine Islands. These, like the head, have interesting yarns behind them.

Showing of the new trophies is coincident with the launching of a campaign for more memberships in the popular museum. Last Sunday more people visited the association displays in the park than could comfortably be accommodated.

Robitaille, who several years ago was a co-pilot for the Pan-American Airways, smuggled the shrunken head out of Ecuador. He had a time getting it out of the native country into the states. The practice of shrinking heads of enemies is peculiar to the Jibaro of eastern Ecuador. When they have conquered an opposing tribe, they cut off heads of the victims as near as possible to the trunk. After elaborate ceremonies, which begin with blowing of tobacco juice, produced by the chief, into warriors nostrils to chase out evil spirits, the process of shrinking the head begins.

Scalp of the head is split and the top layer of flesh removed. It is first boiled to kill microbes, then is mounted to cool. Next it is placed over hot rocks and then subjected to a treatment of hot sands which removes flesh and shrinks the skin. Particular attention is given to the moulding of the facial features so as to retain their original expressions.

When the process is completed, and the head is about a fourth of

France to defend Polish independence.

High naval experts pointed out not only that Britain had tremendous superiority over Germany in naval power, but also that the combined British-French fleets were stronger than the combined German-Italian fleets by a margin of more than two to one.

Britain reassured Poland of the breadth of her pledge and sought to rally Rumania, another German neighbor in the path of possible Nazi expansion, to similar solidarity with the Anglo-French front as a second step toward building a wide "halt Hitler" bloc in Europe.

PARIS, April 1 (AP)—Belief Nazi Germany and Fascist Italy now may be backing down from their campaigns of expansion in the face of a stronger French and British stand, was expressed in diplomatic quarters tonight.

Chancellor Hitler's speech at Wilhelmshaven today was interpreted as a gesture for at least temporary conciliation with the democracies.

France and Britain, however, are expected to persist in their efforts to bring the countries of central and eastern Europe into a general

Plan Show Card Writing Course

Courses in show card writing, poster work, advertising for retail stores, window and store display are to be offered in a 10-day school in Big Spring starting April 10.

The courses are being offered by the local merchants and the school in cooperation with the extension division of the University of Texas and the state board for vocational education, said Seth Parsons, coordinator of diversified occupations here.

Whitney Anderson and Martin T. Garrison, formerly instructors in the Higginbotham, Bailey, Logan Co. school in Dallas, are to be in charge of the classes. Men and women employed in department stores, men's furnishings, women's shops, hardware, grocery, shoe, and other stores are eligible to enroll in the classes.

Show card writing will be taught for the type of store for which it is to be used, according to Garrison. He will work with class members in developing their advertising programs. The display classes will be set up as to the type of store if there is sufficient interest, Anderson added. He plans to work with class members to aid in developing trims and displays in their stores.

Fascal Buckner, supervisor of trade and industrial education, endorsed the classes, declaring that "the distributive education division of the state board for vocational education has been able to offer courses for those employed in selling occupations for the past year and the service is meant to be practical and usable. The services will be expanded as rapidly as courses can be validated and approved by merchants."

Classes will meet each day and evening at hours convenient to the majority during the 10-day period. Those interested may take one or all of the courses. Reservations may be made through Parsons at the high school or at the chamber of commerce office.

Under Budget

(Continued from Page 1)

to \$70,555, a net decline of \$5,354. The water and sewer departments yielded a total of \$125,062 for the year, well over the estimated \$118,000. Collection of paving accounts, however, was disappointing with only \$7,333 coming into the city against \$10,500 estimated from this source. It left some \$17,574 owing the city on paving.

By departments, four were over budget estimates, the others under by considerable margins and more than enough to offset the excesses by \$7,500. The administrative department was over by \$500, the sewer, due to unbudgeted extensions, by \$600, the health by \$112 and the airport by \$16,200. The airport job was set up as a three year proposition and much more than the scheduled amount of work for the fiscal year was done to utilize a surplus of WPA labor. Disbursements of this department amounted to \$27,500 as against a budget of \$11,370.

RED SOX LOSE, 9-10 ATLANTA, April 1 (AP)—Five errors, one of which resulted in rookie Ed Williams' removal from the game by Manager Joe Cronin, helped the Atlanta Crackers to a 10 to 9 victory today over the Boston Red Sox.

WARSAW, April 1 (AP)—Adolf Hitler's Wilhelmshaven speech was interpreted in Poland tonight as a bid for time in which to split this nation for her new-found solidarity with Britain.

Authoritative sources reiterated, however, Poland was willing to discuss the future of Danzig with Germany as an equal but that Poles would resist forcibly any German attempt to take Danzig by arms.

mutual assistance pact to serve as a definite barrier to Hitler.

WARSAW, April 1 (AP)—Adolf Hitler's Wilhelmshaven speech was interpreted in Poland tonight as a bid for time in which to split this nation for her new-found solidarity with Britain.

Authoritative sources reiterated, however, Poland was willing to discuss the future of Danzig with Germany as an equal but that Poles would resist forcibly any German attempt to take Danzig by arms.

FOR A VISIT to a New York night club where she had dinner with her husband, Francis T. Good, Mrs. T. J. Good of this city, will be interred here Sunday at 5 p. m. Saturday at his home in O'Donnell where he had lived for the past 11 years. Services will be held at O'Donnell at 2 p. m. Sunday under the direction of Rev. J. A. Lunsford and Rev. W. K. Horn of that city. Burial will be in the Tom Good family plot beside the grave of Mrs. Sanderson, Eberley Fuiera, home is in charge.

Plenty Wild

(Continued from Page 1)

West Texas, and Dr. Lee W. Fisher of Alpine, regional game manager.

In the next 10 years, according to Dr. Fisher, the antelope can be restored to a plentitude in all areas of Texas offering suitable habitat if the game commission can continue the program it has launched in Sterling county.

Trickery and speed of the animals got the best of the riders on the first run. They escaped between two ridges at lightning speed and outdistanced the cowboys on an uphill grade. The next drive found around 30 animals in one herd and as they neared a wing of the long trap the cowboys maneuvered 17 into the enclosure. The antelope made wild dashes for freedom and crashed into the heavy nets. Once in the trap the riders made fast a specially prepared gate.

The antelope were transported to the Foster ranch in specially prepared individual crates and released there.

Another round-up will be staged in the morning. The amateur football "business" in Texas, including colleges, is estimated to have an annual worth of \$5,000,000.

BEAT DALLAS IN 10TH

DALLAS, April 1 (AP)—A three-run rally, sparked by Lou Finne, triple, gave the so-called Athletics second team, under Coach E. Mack, an 8 to 5 victory over Dallas of the Texas League, in 10 innings today.

CARDS TRIP ALBANY

ALBANY, Ga., April 1 (AP)—L. Warneke yielded only three hits and struck out 10 in seven innings on the mound as the St. Louis Cardinals defeated Albany of the Georgia-Florida league, 9 to 2.

THE CATHEDRAL OF COLOGNE

capital of the Rhineland, took 137 years to complete. The finishing towers were built in 1880.

Services Set For Rancher

W. B. Sanderson, 84, pioneer Dawson county rancher and father of Mrs. T. J. Good of this city, will be interred here Sunday at 5 p. m.

Sanderson died at 12:30 a. m. Saturday at his home in O'Donnell where he had lived for the past 11 years. Services will be held at O'Donnell at 2 p. m. Sunday under the direction of Rev. J. A. Lunsford and Rev. W. K. Horn of that city. Burial will be in the Tom Good family plot beside the grave of Mrs. Sanderson, Eberley Fuiera, home is in charge.

Surviving are these children: Mrs. T. J. Good, Big Spring, Mrs. A. N. Johnson, Chattanooga, Mrs. Mrs. C. Lyons, Fortalea, N. M., Mr. Gordon Johnson and Mrs. F. Henderson, O'Donnell, Rayne, Sanderson, Albuquerque, N. M., a Morris Sanderson, Loop. He all leaves 18 grandchildren and two great-grandchildren.

Active pallbearers will be Tom Wood, Cal Baldwin of Lamesa, L. Robinson, Guy Bradley, Harvey Jordan and C. J. Beech, O'Donnell. Honorary pallbearers include Asell Bartlett, Jim Christopher, J. S. Fitts, J. L. Byrret, J. W. C. Mullens and Gordon B. McQuerry, Lamesa, Mack Nobis, Marcha Whitsett, Charles Cabot and Lester Brown of Ackerly, John Earle, J. A. McVickers, G. Burt Davis, J. Shumaker and B. T. Wells, O'Donnell, and Bernard Fisher, Albe Fisher, Jr., and S. H. Morrison of Big Spring.

CHARGES FILED AFTER FATAL CAR MISHAP

MCKINNEY, April 1 (AP)—Charges were filed against 18 men here today after an automobile accident in which the Rev. B. Chenault of Waterloo, Ia., was killed and his wife injured.

District-County Attorney Rola Boyd said charges of murder in driving while intoxicated were filed against Johnny Burns. The murder charge alleged "human life was taken while in commission of felony." A charge of drunkenness was filed against another man. Both men were from Dallas.

The accident occurred near here about 1 a. m. today. With M. Chenault, and a daughter, Virginia Lou, one, Rev. Chenault was en route to his Waterloo home. The child was unhurt and Mrs. Chenault's injuries were not serious.

BEAT DALLAS IN 10TH
