

Truck Wreck Near Canadian Takes Lives of William McBroom and Wife

Joint funeral services for a Spearman couple who died of injuries suffered in a car-truck crash, Tuesday, were conducted at 10:30 Saturday morning at the First Assembly of God Church, Spearman.

William J. McBroom, 46 and his wife, Lillie 44, were taken to Northwest Texas Hospital at Amarillo after their car was struck by a truck at the intersection of State Highway 33 and U.S. Highway 83 seven miles south of Canadian.

McBroom died early Wednesday evening and his wife succumbed later the same night.

Their son, Bill, 14, was on the critical list for several hours following the mishap but was serious but in improved condition, Friday.

Ervin Joe Sieler, 24, Billings, Mont., driver of the tractor-trailer rig involved in the collision, was uninjured but was treated for shock at Hemphill County Hospital before being lodged in jail on a charge of failure to yield the right-of-way. He was released the next day after posting a bond of \$200.

Following the deaths of the McBrooms, Sieler was arraigned in Justice of the Peace Court at Canadian on two counts of

involuntary manslaughter. Bond was fixed at \$5,000 on each count. He was reported free on bail Thursday night.

The Rev. David Nuckels, pastor of the Assembly of God Church and the Rev. Russell Pogue, pastor of First Baptist Church, conducted the joint services for the McBrooms.

The family had lived at Spearman since 1969. He was employed by Unit Drilling Co.

The pair are survived by four daughters, Kay Atkinson, Sybil Cruse, Etta Love, and Thelma Harnish; the injured son, Bill and two grandchildren, all of Spearman.

Mr. McBroom is also survived by his father, William A. McBroom, Snyder; three brothers, Tommy and Jimmy of Snyder and Johnny of Kilgore; four sisters, Jane Collins, Snyder; Louise Scarrow, Colorado City; Virginia Pulice and Minnie Woods of Kilgore.

Mrs. McBroom is survived by her parents, Mr. and Mrs. Ray Garrard, Spearman; four brothers, Pat Patterson of Nacogdoches; Lenard, Jimmy and Danny Garrard, all of Spearman; a sister, Wanda Wiley of Big Spring.

Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors.

F. G. Crofford

Larry Morris, Spearman High School boys basketball coach for the past three years, has rendered his resignation and the SISD board approved the appointment of F.G. Crofford of Gruver to succeed him.

"I have known Coach Crofford 25 years," SISD Supt. James Cunningham told The Plainsman, "and I feel he will be a real asset to our faculty since we have to lose Coach Morris."

Mrs. Crofford will work with the SISD migrant program.

Other new additions to the various faculties of the Spearman system are Robin Travis, junior high teacher and varsity tennis coach; Roy Dale Mayhew, junior high teacher; Peggy Lindley, elementary teacher; Jennifer McDougal, Home Economics; Susanne Lane, Language Learning Disability and Vicki May, elementary and junior high librarian.

Mrs. Lindley is the wife of the new Methodist minister for Spearman.

County Gets Three Grand Jury Bills

The Hansford County Sheriff's Department obtained indictments in all three cases presented to the grand jury last week—and has issued warrants for three suspected of deceptive business practices within the county.

Martin L. Beagle, Canyon, was indicted for attempting to obtain a controlled substance by fraud. This incident occurred at Gordon's Drug. Bond was set at \$15,000.

Raymond Carnes, Perryton, was billed by the grand jury on a charge of criminal mischief that involved damage from shooting a firearm at a power company substation near Spearman. Damage in the incident was estimated at \$6,000. Bail for Carnes was also fixed at \$6,000.

"Bo" Yetter, Lubbock, was indicted on a charge of theft by appropriate and bond fixed at \$6,000.

Names of the three subjects for whom warrants have been issued in the business practices incident, naturally, are being withheld until they are in custody.

"This was one of those 'con artist' jobs we talked about and you did a warning story on about two weeks ago," Hansford County Sheriff R.L. McFarlin noted. "Folks authorized some work done which was not according to the agreement when it was completed."

"I think we should emphasize again that this is the season for such frauds and Hansford residents anywhere in the county should be on the alert for strange crews offering attractive bargains."

"Of course, our problem is that—anywhere in the world—folks are still hunting something for nothing. The sad part is, our homefolks usually wind up on the 'nothing' end while the fly-by-nights make another haul and go to the next victims."

"The best idea is to report to us these crews when they knock on the door—and consult reputable home folks for work when you think you need it done." The sheriff concluded.

Hospital News

Patients at Hansford Hospital are Gwenefred Lackey, Alta Morris, Alena Salazar, Kim Nelson, Jill Odum, Leslie Hart, Viola Fite, Fay Hickerson and William Powell.

Dismissed from Hansford Hospital were Shirley Caster, Teri Crites, Richard Shedeck, Gerald Scribner, Lois Salgado, Branch Taber, Pedro Perca, and Bernice Flores.

Horse Show Honors Go To Ochiltree

Ochiltree County 4-H'er Russ Savage took the top honors at Spearman during the Pride of the Panhandle Horse Show held as a part of Hansford Roundup. Savage took "all-around" honors placing first in Showmanship, Western Pleasure, Western Horsemanship and Reining. He was fourth in the Trail category.

He was not the only Ochiltree star of the show.

Robbie Kile won first place in competition with registered mares five and over and showed the Grand Champion Mare.

Cindy Kile garnered second place honors and had the Reserve Champion Mare.

They were competing with young people from Hansford, Hemphill, Gray and Wheeler counties.

At press time for the Plainsman one week after the local show, there were no names available of Hansford County winners—if any.

Visitors termed the show one of the best of the year and lauded the hospitality of Hansford folks.

"Ninety five percent of Hansford County's planted dry-land wheat will not be harvested."

That was the word, Thursday, from Martin Chandler, director of the ASCS office at Spearman.

"We will not know exact acreages involved," Chandler continued, "until after June 15, the deadline for reporting."

Chandler said there had been considerable optimism as folks drove the roads throughout the county noting the apparent

Stock Show Steers To Be Validated

Steers to be shown in the State of Texas during the Fall of 1981 and Spring of 1982 must be on feed by June 29, 1981.

These steers must be validated by June 29, 1981. This will include weighing, ear tagging,

condition of the wheat.

"Apparent is the keyword," Chandler noted. "Wheat is up and looks a healthy green but if you get out into the fields, heads are short and very far apart."

Only the lack of actual acreage tallies make Hansford County any different from its neighbors in the Panhandle and the top tier of South Plains wheat-growing counties.

"Much of the neighboring

wheat land is fence-to-fence situation," Chandler explained. "And growers know exactly how many acres are involved."

"Ochiltree County is a good example. There, figures of 2,000 acres of dryland wheat planted have been released and they have some 900 acres in the disaster category."

He went on to explain that Hansford County growers had subscribed to a measuring service instead of declaration

and it would take some time for that service to inventory its subscriber crops.

"Ironically," Martin Chandler said in summing up, "The best dry land stands of wheat in Hansford County—in the southeast quadrant—suffered the greatest damage from the latest hail storms."

"There is one blessing...along with the hail there was enough rain to make grain planting possible."

Potter County growers have already grazed out, plowed up or otherwise abandoned dry land wheat bearing out predictions similar to Hansford: hardly any dry land wheat will be harvested. In both Hansford and Potter, harvest predictions for any dry land cutting is eight to ten bushels per acre.

In contrast, Potter County irrigated wheat is estimated at a 35 bushel per acre harvest. No estimate will be made for Hansford until after June 15.

The story was pretty much the same over the central and western part of the Texas Panhandle.

To the east, things were a bit more optimistic. It appears—barring further destructive weather—Gray County will harvest its dry land wheat looking for a 15 or 18 bushel per acre average. Predictions for irrigated wheat in Gray are about average: 30 to 40 bushels per acre.

Wheeler County, further east, is another story. There is very little irrigated wheat planted there. What they have in Wheeler is expected to make as high as 45 bushels per acre. But, of 61,000 acres planted, most is dry land crop. If no further destructive weather hits Wheeler, dry land wheat should make up to 14 bushels per acre on the "low end" and as high as 25 bushels for most of the crop.

The interesting point here is that the top end of Wheeler dry land wheat harvest is expected to fall only five bushels short of the low end of Gray's irrigated harvest—without the cost of irrigation.

Despite the isolated spots of optimism for the dry land wheat harvest and pretty good looking irrigated crop acreage over most of the Texas Panhandle, no one expects, at this point, for High Plains growers to have a part in the predicted record wheat harvest predicted for Texas as a whole.

Locally, it will be about three weeks before actual acreage—production and discarded—is known for Hansford County. Between now and then, the picture could be further modified for better or worse by subsequent weather over the area.

1931 Class 'Alive & Well'

The graduating class of Spearman High School in 1931 wants everyone to know they are alive and well and looking forward to the all-school reunion to be held July 3 and 4.

Following is an account of their last reunion held August 14, 1971.

From as far west as the Pacific, as far south as the Gulf and as far east as the Mississippi, they came, this Class of 1931, to attend their 40th reunion. They started gathering Friday evening for the reunion Saturday, August 14, at the Home Demonstration Building.

The afternoon was hilarious as well as emotional as old friends greeted each other. Many papers and pictures, relics of the school days, were examined with interest. Old mysteries were solved. After ascertaining that the Statue of Limitation had run out, identities were revealed in such mysteries as who put the yearling in the auditorium that Halloween, and who high-lifted the dog on the stage during the choir concert.

The evening meal was preceded by a welcome address by Earl Riley who served as emcee. John Schubert led the invocation.

After the meal, Hollie Riley read names and dates of death of the deceased members and a moment of silence was observed. They were: Louise Douglas Howerton, Faye Files Reed, Pat Bennett, Anna Lee Morton Kirk, Jarvis Witt, and Supt. R.L. Snider.

Each member then introduced each husband or wife and gave a brief summary of their life during the past 40 years, with considerable emphasis being placed on their outstanding grandchildren.

Letters from four members who were unable to be present were read by Hollie Riley—being from Dr. A.H. Word, Denton, Tex.; Rev. Aln Reed, Sweeny, Texas; Loyd Terry, Dallas and Elois Gamble Weber Corvallis, Oregon.

The class will, history and prophecy were read by Walter Broadhurst, Freeman Barkley, Dr. Orville Rippey, Stillwater, Okla., who had been class President, presented the following awards:

Presented to: Zelma Gay Bister in recognition of coming the greatest distance to attend the 40th reunion of the class of 1931. (Zelma came from Oakland, Calif. Opal Dietrich Brewer was runner-up, coming from Torrance, Calif., Emma Reeves Atteberry came from Mercedes, Tex. and Garland Thorne from Wentworth, Missouri).

Presented to: Rhoda Tower Overton in recognition of her devotion to duty, her unselfish efforts, action to detail in producing the most grandchildren by the time of the 40th reunion of the Class of 1931. (Rhoda Alda Tompkins Mitts and Walter and Donna Broadhurst each had 6 grandchildren, but Rhoda had the oldest).

Presented to: Big John Walker for his incredible achievement as exemplified by his having the most hair left on the

occasion of the 40th reunion of the Class of 1931. (Big John had considerable competition in Earl Riley, C.A. Robinson, Freeman Barkley, Owen Pendergraft, Walter Broadhurst and Eddie McCauley, but a careful hair count revealed John to be the winner.)

Dr. Rippey, with appropriate ceremony, then made a special award.

Presented to: Clyde Longley, for incredible discretion, fantas-

Heartworm Disease to Peak

Many Texas dogs will needlessly fall victim to canine heartworm disease especially this spring and summer, warns Dr. Ben Johnston, president of the Texas Veterinary Medical Association.

Heartworm disease now endangers more dogs than ever before as it continues its spread westward and northward. A few years ago, the disease was confined to southern and eastern regions of the U.S. and to

the Mississippi River basin. In the past few years the disease has spread into the northern United States and even into Canada.

When the symptoms of heartworm disease are present, dogowners frequently think the dog's tiring, weakness, coughing, labored breathing, or fainting is caused by hot weather or old age. "If any of these symptoms are present in any

Low Income Families May Receive Assistance

Low income families containing members age 65 or older may receive needed assistance in July to help in cooling their homes. Under the cooling phase of the federally-funded Home Energy Assistance Program (HEAP), the Texas Department of Human Resources (TDHR) proposes to make a one-time-only payment to qualifying Supplemental Security Income, food stamps, and Aid to Families with Dependent Children households.

The program established by Congress in 1980 provided assistance this past winter to approximately 475,000 needy families by distributing \$25 million in benefits. Because of the harsh effect of Texas summer heat on elderly persons, participation will be limited to low income households containing elderly persons.

Under TDHR's plan, those households with elderly persons not receiving an automatic payment, may apply between August 3 and August 31, 1981. Each county in Texas will have a designated location where members of such households can apply.

A household's resources cannot exceed \$1800 for one person or \$3000 for more than one person. The value of a home, car, personal and household belongings will not be considered as resources. All

INGREDIENTS & BEER
The Treasury Department plans to rescind a regulation that would have required the makers of beer, wine and distilled spirits to list the ingredients in their products, a department official said recently.

dog," Dr. Johnston says, "the dogowner should consult a veterinarian immediately."

"Fortunately, a simple program can prevent this disease," states Dr. Johnston. "The program consists of daily administration of a medication given to the dog after it has been tested and found free of heartworms."

"It is imperative to be sure the dog is free of heartworms before beginning the medication," stresses Johnston. "Dogs that have been off the preventive medication for an extended period of time should not return to the preventive without the owner consulting the veterinarian, since the medication can have serious-to-fatal side effects if given to a dog already harboring the disease. Very young puppies can be placed on the medication without prior testing."

Heartworm is a parasitic disease that is potentially fatal to dogs, and symptoms are not detected until the later, more serious or fatal stages of the disease.

Heartworm disease is transmitted by mosquitos. The heartworms live within the chambers of the heart and blood vessels of the lungs. Heartworms increase the heart's workload and restrict blood flow to the lungs, kidneys, and liver. Infection produces an increased strain on these vital organs, which if left untreated, eventually will lead to death.

IRS News

Taxpayers who asked for an automatic extension to file their Federal income tax returns must file the complete return and pay any remaining tax due by midnight, June 15, the Internal Revenue Service says. The taxpayer must attach a copy of the extension request, Form 4868, to the completed return. If a taxpayer is entitled to the automatic extension because she or he was outside the U.S. and Puerto Rico on April 15, a statement to that effect must be attached to the return, the IRS adds.

For additional information regarding the filing extension, taxpayers may call the IRS toll-free: in Dallas, 742-2440; in Ft. Worth, 335-1370; elsewhere in Texas, 1-800-492-4830.

Rural sociology chosen to receive census information

COLLEGE STATION -- The Department of Rural Sociology at Texas A&M University has been selected by the Texas 2000 Agency in governor Clements' office to play a key role in disseminating 1980 census information.

The department, along with the Texas State Library and the Texas Natural Resource Information System, will be the primary disseminating agencies of the State Data Center Program. The program is intended to increase the availability and accessibility of the 1980 census data. The three agencies will be responsible for providing information on population changes, characteristics and trends in Texas.

GTE Names Manager

George Hudson

George Hudson has recently been named manager for General Telephone's Perryton district, according to W.A. (Dub) Leigon, vice president - general manager.

Hudson is responsible for customer service in eight communities which include Higgins, Darrouzett, Follett, Booker, Spearman, Stratford, Perryton, and Dalhart.

Deposits Required

The IRS reminds employers of the new deposit requirements that were effective January 1, 1981, for social security and withheld income taxes. Briefly, the new regulations are as follows:

Deposits of less than \$500: Deposits of less than \$500 are no longer required.

Deposits of \$500 or more but less than \$3,000: Accumulated withheld income and social security taxes of \$500 or more, but less than \$3,000, in any one month must be deposited by the 15th day of the next month.

Deposits of \$3,000 or more: When withheld income and social security taxes amount to \$3,000 or more, in an eighth monthly period, the taxes must be deposited within three banking days. The eighth monthly rules replaced the quarterly-monthly requirements.

The new regulations also included a special provision for firms with expanding payrolls and in 1982 will raise the deposit amount required of large businesses from 90 to 95 percent.

Further information can be obtained by calling the Federal Tax Information number listed in the local telephone directory.

RECIPE

By Sarah Anne Sheridan

Skillet Dinner

- 4 lamb or veal shoulder chops salt pepper 1/4 c salad oil 1 garlic clove 1/2 c cooking sherry or dry white wine 1/2 c boiling water 1 bouillon cube 4 or more small white onions 6 or 8 carrots, cut into small chunks 4 small potatoes, pared, halved

About 1 1/2 hours before serving, sprinkle chops on both sides with salt and pepper. In large skillet, heat oil with garlic; add chops and brown on both sides; discard garlic and pour off oil. Add sherry, boiling water and bouillon cube. Simmer, covered, 30 to 40 minutes or until chops are almost tender. Arrange onions, carrots and potatoes around chops; sprinkle vegetables lightly with salt and pepper; simmer, covered, 20 to 30 minutes or until all are fork-tender. Makes 4 servings.

Fire ants' march continues westward

COLLEGE STATION -- Fire ants continue their relentless march across the southern United States and scientists at Texas A&M University say there may be no way to stop them from reaching the Pacific coast. Already the insects, which produce a violent sting and attack in massive numbers when disturbed, have pushed as far west as Corpus Christi, San Antonio and Dallas, Texas, leaving behind thousands of new colonies.

Safety Seminar Planned

Hudson began his telephone career as a lineman at Irving, Texas in June, 1962, later to work as an exchange repairman, equipment installer, installation and maintenance foreman, test and dispatch foreman, assignment foreman, phone mart administrator at San Angelo, Texas, and most recently as installation and maintenance administrator at the general offices in San Angelo.

A native of Bannings, California he attended C.F. Brewer High School at Fort Worth and served in the U.S. Navy from 1958 to 1962 achieving the rank of Second Class Petty Officer - NCO.

Hudson has been active in community activities having served with Texas Safety Association and the Red Cross Safety Association.

George and his wife, Martha, have four boys, Steve, Stan, Forrest, and Matt. Hudson will live at Perryton, Texas.

ALL IS PURPLE
 NEW BRUNSWICK, N.J. --Dozens of vehicles were dyed "Easter egg" purple and a 15-mile section of the New Jersey Turnpike was closed for six hours recently after a tractor-trailer spilled a dye that was activated by rainfall, police said.

Faye's Daze

I've had this family garden in this column but seeing it in "The Circuit Writer" newsletter from the First United Methodist Church, in a little different form, decided to run it again. Its message bears repeating and rethinking. It is entitled "Family Garden" by Robert J. Hastings.

Planting the right kind of garden is one of the best ways to keep a family together. Everyone from the youngest toddler to the eldest grandparent can help to rake and sow and weed and water the family garden.

The best family garden includes rows and rows of squash, turnips, and lettuce. Here's how your family can plant that kind of garden...

Plant three rows of Squash: 1, Squash selfishness, 2 Squash criticism; 3, Squash envy.

Plant four rows of Turnips: 1, Turn up for suppertime, 2, Turn up for funtime, 3, Turn up for work-time, 4, Turn up for bedtime.

Plant five rows of lettuce: 1, Let us love one another, 2, Let us trust one another, 3, Let us praise one another, 4, Let us discipline one another, 5, Let us believe in one another.

Considering the amount of junk mail I get at my house, I wonder how the postman delivers it all. I think I have had as many as five circulars in a day several times a week. It must pay off for the advertisers though because they just keep coming, about a trash can full a week. Most of them I don't even look at.

Plans are finalized for the big all-school reunion to be held July 3 and 4. You'll find the story in another part of the paper. I think this is a great idea and hope that lots of exes will show up so we can all have a big time.

AGENDA TUESDAY JUNE 9, 1981 8:00 P.M.

1. Pledge and Invocation.
2. Consideration of approval of the minutes of the Regular City Council Meeting held on May 26, 1981.

Cope Receives Scholarship

WTSU-William Cope II of Spearman has been awarded a \$300 scholarship through the West Texas State University School of Business for the 1981-82 academic year.

Cope, of 1010 Blodgett Drive, received the scholarship through the Office of Student Financial Aid to enter the Department of Business Administration as a beginning Freshman student in the Fall semester.

The WTSU School of Business has awarded more than \$15,000 in scholarships to beginning Freshman students.

Club Has Luncheon

The Town and Country Extension Homemakers Club met May 19, 1981, in the Extension Homemakers Clubroom for a luncheon. Hostess for the luncheon was Judy Hergert.

After the luncheon, President Penney Ralston called the meeting to order. The devotional was given by Frances Pipkin. Roll call was answered by a "House-cleaning Shortcut". Minutes of the previous meeting were read and approved. A treasurer's report of \$72.08 was given by Cora Queener.

Connie Steger reminded members of 4-H activities that we will be participating in during the summer.

Dixie Smith volunteered to go to the leader training for the September meeting.

Penney Ralston informed us of the Sick Plant Clinic which will be July 28, and of the Home Food Preservation Workshop in July, also.

Our club will be having a social this summer for members and their husbands.

The next meeting will be at Penney Ralston's on August 18, 1981.

Judy Hergert gave an interesting program on "Household Hints".

Members present were Cheryl Blankenship, Kay Crocker, Judy Hergert, Cindy Holton, Janie Kunselman, Delinda McLaughlin, Frances Pipkin, Lisa Pipkin, Cora Queener, Penney Ralston, Lynna Renner, Dixie Smith, and Connie Steger. Guests were Debbie Rogers, Peggy Winegarner, and Norma Jean Mackie.

Ruth Sunday School

The Ruth Sunday School Class of First Baptist Church met in the home of Mrs. Major Lackey Monday evening, June 1. Mrs. Arthur Adkinson, President, presided over the business session. Mrs. Russell gave the Treasurer's report following the opening prayer by Mrs. Brown. Mrs. Denman read the minute of the last meeting, they were approved. The devotional was given by Mrs. Russell from the book "Lord Sometimes I Need Help" by William L. Coleman. Mrs. Jarvis led the closing prayer.

Obituary

Louisa R. Willburn passed away May 23, 1981 at her daughter's home in Bay City, Texas at the age of 87. Mrs. Willburn was born March 28, 1894 in the Indian Territory, before Oklahoma statehood, to James and Annie Ward. The family returned to Texas when she was very young and settled near Fort Worth where she grew up and married Dave Willburn, also of Fort Worth, on December 23, 1912. They immediately went to the Texas Panhandle area in Hansford County and to this union twelve children were born. They moved to the Tahoka-Wilson area in 1932 where they lived until 1948.

Since that time they have made their home in Alice, Texas where she resided at time of death. Dave passed away in 1967 and she was preceeded in death by two daughters--Beth, an infant and Edna Hodge; three sons--James Neil, Sidney Maurice and Carl Allen.

She is survived by four daughters--Dorothy Willburn of Denver, Colorado; Mrs. Ann Buckalew of Houston, Texas; Mrs. Flois Henrichsen of Bay City, Texas; Mrs. Betty Calhoun of Tennessee Colony, Texas; three sons--David H. of Norman, Oklahoma, Cliff of Fairfield, Texas, Glynn of Lake Jackson, Texas and a foster son Howard Henry of San Antonio, Texas; 29 grandchildren and 39 great-grandchildren.

Services were conducted May 26, 1981 by Rev. Love of the First Baptist Church of Alice, in the Holmgreen Chapel with burial in the Alice Cemetery.

Library Display Of The Month

The Display of the Month at the Hansford County Library is the wood carving of Frank Jones of Canyon, Texas. Frank, a retired English teacher, is the brother of Sammie Bishop of Spearman.

Frank has been carving animals in cedar, white pine, redwood, and walnut since 1950 when a student of his asked him to carve a horse. There are numerous carvings on display at the library this month. Included are elephants, gazelles, horses, various birds, a buffalo and even a kangaroo. Frank confesses that his favorite subjects are roadrunners. He uses pictures as models for his carvings, and he utilizes a table saw, band saw, coping saw, carving tools, a rasp and sandpaper in his craft.

Frank retired from teaching in 1966 and does his carving as a hobby. He donated several of his lovely, graceful animal carvings to the Canyon Senior Citizens for sale in their bazaar.

Remember bee stings can be fatal. Watch for symptoms such as respiratory difficulties, nausea, abdominal cramps and diarrhea.

Forecast: Dependable weed control in corn with Banvel herbicide

Whenever pigweed and other problem broadleaf weeds appear, ask for Banvel herbicide.

Banvel gives effective, economical broadleaf weed control in nearly every stage of the corn growing cycle. Banvel tackles your toughest broadleaf weed problems: pigweed, smartweed, cocklebur... and many more.

Pre-emergence or early post: Banvel, applied at rates up to one pint immediately after planting or until corn is five inches tall provides effective control of many, tough annual broadleaf weeds.

Post: Or apply Banvel at the 1/2 pint rate anytime after weeds appear but before corn is 36 inches tall.

For most effective, economical control, apply Banvel early! Applying Banvel when weeds are small--less than 3 inches tall--stops the weeds when they are most easily controlled and also lessens chances of damaging sensitive crops nearby.

Ask for the herbicide strong enough to control the tough to control broadleaf weeds--Banvel herbicide.

Three from Spearman critically injured

Three members of a Spearman family were critically injured Tuesday afternoon when their late-model Ford Granada sedan was crushed in a collision with a heavily-loaded truck hauling oilfield equipment at the intersection of southbound U.S. Highway 83 and State Highway 33 south of Canadian.

William J. McBroom, 46, his wife, Nell, 40, and 14-year old son William Ray were rushed to Northwest Texas Hospital in Amarillo after receiving emergency treatment at Hemphill County Hospital in Canadian Tuesday afternoon.

All three were in critical condition.

The driver of the truck, a rig

Rescue workers from the Canadian Volunteer Fire Department and Ambulance Service work around the wreckage of a car (top photo) which was crushed in a collision with a heavily-loaded oil-field truck (right) at the intersection of State Highway 33 and southbound US 83 south of Canadian Tuesday afternoon. A close-up view of the smashed vehicle is in the lower photo.

Collision at crossroad

owned by Getter Trucking Inc. of Montana and Wyoming, 24-year old Irvin Sieler of Billings, Montana, appeared to be in shock after the crash but was not seriously injured.

The injured occupants of the sedan were removed from the wreckage by the rescue unit of the Canadian Volunteer Fire Department, making first use of some newly-purchased rescue equipment. The "Jaws of Life"

equipment was not used, however, as the jammed doors yielded to pry-bars.

Fire Department rescue units rushed to the scene along with Canadian ambulances. Time of the accident was about 1:30 o'clock Tuesday afternoon.

The McBroom vehicle was southbound on U.S. Highway 83, and the truck was eastbound from Highway 60 on the cross-over to State Highway 33.

The truck struck the McBroom car on the right front, and both vehicles left the highway and crashed into the median triangle between the divided lanes of U.S. 83 and the Highway 33 crossing.

The McBroom family was reported starting on a vacation trip when the accident occurred.

Several hours were required to remove the heavy wreckage from the intersection area.
