

Report Forrestal Tieup In Amerasia Probe Case

May Have Advised Delaying Arrests

WASHINGTON, June 8. (AP)—Senate investigators were reported today to have received secret testimony that the late James V. Forrestal probably advised delaying arrests in the 1945 Amerasia case.

A source in close touch with the Senate inquiry into the secret documents case told a reporter the testimony came from Asst. Atty. Gen. James M. McInerney, chief of the Justice Department's criminal division. The source asked not to be named.

Forrestal was secretary of the Navy at the time the case broke five years ago. Later he became secretary of defense. He was killed last year in a plunge from an upper floor of the naval medical center at nearby Bethesda, Md.

The information about the testimony regarding Forrestal came to

Fifth Survivor Rescued From North Sea Crash

LONDON, June 8. (AP)—A fifth survivor and another dead crewman of a United States B-29 bomber were plucked from the North Sea today, nearly 24 hours after their flaming plane plunged into the water.

This left four U. S. Air Force men still missing from the crash, off the Norfolk coast of Southeast England. Five of the 11 crewmen have been picked up alive and two dead. Ships and planes pressed the hunt for the men still missing.

A Royal Air Force rescue launch found the fifth survivor, who was injured and suffering from his long stay in the cold water.

Headquarters of the U. S. Air Force's third air division listed these survivors:

Capt. Henry J. Walsh, the plane's commander, of Alton, Ill.
Staff Sgt. Warren J. Ebert, Minneapolis, Minn.
Staff Sgt. Charles F. Allen, Derry, N. H.

Two crewmen yet unidentified. The headquarters did not reveal the identities of the missing or of the dead.

The Air Force said the plane abandoned when one of its four engines caught fire during a training flight, was from the 72nd Reconnaissance Squadron at Fairfield-Suisun Air Base, Fairfield, Calif. It was in Britain on a training mission.

Walsh and Ebert, in a rubber dinghy, were pulled from the sea almost immediately by the British Trawler Warren, which at the same time recovered the dead airman.

Allen and the fourth survivor were rescued early today by combined British-American search forces after the airman had floated for more than 13 hours in Mae West life jackets.

Skipper J. W. Bridge of the Warren said neither Walsh nor Ebert gave details of the accident. Attached to their rubber dinghy, he said, was a second dinghy containing the body of a lieutenant.

T and P Drivers Still On Strike

The strike of the T & P Motor Transport drivers went into its third day today, with no sign of a settlement.

Picket lines were still in evidence at the local railroad freight depot. The dozen men who walked off the job here constitute part of some 500 drivers who are off the job in an area extending from El Paso to New Orleans. The group is campaigning for higher wages.

Run Of Cattle Down But Market Remains Strong In Most Lines

The run of cattle at the Big Spring Livestock Auction Company's sale Wednesday was down but the market remained strong in most lines.

Fat bulls sold for 21.00, fat cows from 18.00 to 21.00 and butcher cows from 16.00 to 18.00.

Fat butcher wives brought 24.00 to 28.00 with a few choice ones inspired bids up to 30.00.

Stocker steer calves went for 27.50 to 28.00, heifer calves up to 26.00, cows beside calves from 18.50 to 24.00 and fad hogs from 18.50 to 19.00.

An estimated 400 cattle went before the buyers during the day.

Lamesa Population Reaches 10,709

Lamesa's population is being pegged at 10,709, according to unofficial reports released in Lubbock by District Census Supervisor L. D. Whiteley. This compares with a 1940 figure of 6,038 for the corporate limits and represents a gain of about 70 percent for the corporate limits.

GETS CHANCE FOR GOVERNORSHIP

Primary Figures Show Tough November Job For Roosevelt

SAN FRANCISCO, June 8. (AP)—James Roosevelt gets his chance in November to fight for the governorship of California against the third term bid of Earl Warren. But figures of Tuesday's primary indicate a tough job ahead for FDR's eldest son.

Returns still dribbling in confirmed Roosevelt's never-challenged grasp on the democratic nomination. His two-party vote, however, lagged far behind the huge total for Republican Warren, the

assured GOP nominee. Primary candidates may cross file for both party nominations in California. Warren was the choice of the Democratic as well as Republican voters in the 1946 primary. He bucked the Roosevelt name and the preponderant Democratic registration in trying to do it again.

Roosevelt's running mate, State Sen. George Miller, Jr. of Richmond, 37, went down to defeat. Republican Lt. Gov. Goodwin J.

Knight of Los Angeles captured both nominations. Knight, often at odds with Warren, campaigned independently.

In the November arena for the U. S. Senate seat of Democratic Sheridan Downey, a "100 per cent" new deal congressman, Mrs. Helen Gahagan Douglas, will be pitted against Richard Nixon, a Republican congressman foe of President Truman.

The ballot count at the two-thirds mark gave Gov. Warren a two-party total exceeding Democrat Roosevelt's by better than half a million. Roosevelt led on the Democratic ticket by 150,000.

Warren said in a statement yesterday:

"The returns are very slow in coming in, and it is perhaps too early to make any predictions, but on the basis of half of the vote it appears I am polling the largest vote I have ever received in a primary election."

"While it is now questionable whether the votes are distributed partywise so as to give me both nominations, they represent a tremendous and significant majority."

The latest figures showed: Governor, Republican, 12,773 of 18,022 precincts—Warren, 758,197 Roosevelt 83,197.

Governor, Democratic, 12,573 precincts—Roosevelt 655,028; Warren 897,065.

Total both parties: Warren 1,265,862; Roosevelt 738,225.

In the 1946 primary Warren amassed a vote of 1,367,682 in winning both nominations—tantamount to election. He got 593,180 Democratic votes. The registration was then, as now, heavily Democratic.

The 1950 voter sign-up for the primary included 2,862,063 Democrats, 1,826,350 Republicans.

In the Senate race, 49-year-old Mrs. Douglas, a former musical comedy star, easily defeated another Democrat, Manchester Roddy, Los Angeles newspaper publisher, for their party nomination. Republican Nixon ran close behind Roddy on the Democrat ticket.

The half way vote: Republican, 8837 precincts—Nixon, 372,400; Douglas 46,318, Roddy 78,387.

Democratic, 8,810 precincts—Douglas 375,803, Roddy 181,712, Nixon 172,331.

REAP RICHES FROM MISERY

Senate Probers Study Report Of Underworld Narcotic Ring

WASHINGTON, June 8. (AP)—Senate investigators studied reports today that a powerful underworld ring is reaping riches from the misery of at least 50,000 drug addicts.

The reports came from Commissioner H. J. Anslinger of the U. S. Narcotics Bureau. Anslinger's force of 176 agents, some senators say, is too small to cope with the situation.

Anslinger gave his estimate of the number of narcotics addicts to the special committee investigating crime and gambling.

Chairman Kefauver (D-Tenn.) told reporters the number represents those who buy narcotics illegally—that is, from sources outside the medical world.

Anslinger has given the Senate group a list of 800 persons who, he says, form a criminal ring dealing in narcotics, crime and even murder.

light in the wake of still another authoritative report that the committee got testimony yesterday that former Presidential Aide James K. Vardaman may have tried to delay prosecution in the hotly-disputed Amerasia case.

Vardaman emphatically denied it to a reporter last night. McInerney's testimony was taken by the committee last month at a series of sessions behind closed doors.

An informant said McInerney first told the committee he seemed to recall that Forrestal had asked the Justice Department to delay the arrest of the six persons accused. They were taken into custody by the FBI in June 1945.

Later this informant said, McInerney testified that he had located a note from Justice Department files which indicated that Forrestal did make such a request.

McInerney reportedly was unable to supply a reason for the request. One of the six persons arrested in the case was Andrew Roth, at that time a lieutenant in naval intelligence.

The inquiry committee is known to have received reports that the Navy felt the arrests should be delayed pending further investigations as to whether anyone in the Navy Department other than Roth figured in the case.

The Baltimore Sun, in a story from its Washington bureau, said today it has information that Forrestal's reported action may have stemmed from a desire to avoid friction with Russia about this country's trusteeship rights over islands seized from Japan.

It said Forrestal reportedly suggested delaying the Amerasia arrests until after the United Nations conference then going on in San Francisco.

Senate Gets Committee-Okay On Draft Bill

President Can Order Inductions If He Deems It Necessary

WASHINGTON, June 8. (AP)—A three-year extension of the peace-time draft act was recommended to the Senate today by its armed services committee.

The present draft act is due to expire June 24.

The Senate bill would continue the President's power to order actual inductions of youths between 18 and 25 years if he found that necessary.

It also includes an amendment by Sen. Russell (D-Ga.) to require racial segregation in any of the armed services if this is requested in writing by any person drafted.

Under direction of President Truman all of the armed services—Army, Navy and Air Force—have been gradually eliminating segregation of whites and Negroes.

The Russell amendment apparently would require separate racial units for draftees who requested it.

The Senate bill differs widely from one previously passed by the House and on which Senate hearings were held.

The House bill extended the present act for only two years instead of three asked by the administration. It also gives Congress control over actual inductions. Men could not be drafted until the lawmakers declared a national emergency or found that inductions were needed to meet manpower needs by current resolution.

The Senate committee acted behind closed doors and a report on actual votes was not immediately available.

President Truman Leaves Today For Policy Talks In Home State

By The Associated Press
WASHINGTON, June 8. — President Truman leaves today for two foreign policy talks in Missouri, after asking the nation's prayers for the wisdom to "obtain peace in the world."

"Never in the history of the country has a servant of the people—needed your support and your prayers as does the present occupant of the White House," Mr. Truman told a church gathering here yesterday.

In solemn words, he related something of his feeling at this time of his country's "tremendous possibilities" in the cold war.

No man, he said, no matter "how great or how informed he may be" in the manner "in which it ought to be done." He called it "the greatest job in the world."

Mr. Truman takes off at 4 o'clock this afternoon in the "Independence" for St. Louis. He cancelled his usual Thursday news conference to work at his desk until departure time.

He speaks first at the University of Missouri at Columbia at 11:15 o'clock tomorrow morning at commencement exercises. He will be awarded an honorary degree of doctor of laws and a Phi Beta Kappa key.

His other prepared address on foreign policy will be delivered Saturday at 3 o'clock in St. Louis at the dedication of Jefferson Park.

All of his visit to Missouri, however, will not strike the solemn note of his two main speeches. Even his own staff doesn't know how many "off-the-air" talks he will make in a round of social affairs in connection with the annual reunion of the 35th Division in St. Louis before he returns to Washington early Saturday night.

DRAW CLOSE ATTENTION

Two Wildcats Show In Oil Tests Today

Show in two wildcat oil tests northeast of here drew close attention today.

Shell No. 1 E. T. O'Daniel, six miles northeast of Coshoma, had free oil in the Wolfcamp. J. W. Murchison No. 1 Womack, northwest Mitchell venture, had oil and gas-cut mud in the Ellenburger.

Results so far did not warrant great excitement, but they were significant.

Shell No. 1 O'Daniel ran a drillstem test in the Wolfcamp section of the lower Permian from 6,170-4,205. Tool was open for 90 minutes, and gas showed to surface in 15 minutes. Volume was too small to measure.

After 44 stands were pulled, the test unloaded an estimated two barrels of oil. Recovery was 200 feet of oil, 90 feet of oil-cut mud, and 770 feet of mud slightly cut with salt. The salt was not high enough to warrant a conclusion it was from the formation, and some thought it was from drilling water. Operators will deepen 30 feet and test. Contract depth is 9,000 feet. Location is 680 from

the south and 1,980 from the west lines of section 2-30-in. T&P. This puts it 18 miles northeast of Big Spring.

J. W. Murchison No. 1 Womack, a failure in the reef, developed shows as it drilled into the Ellenburger. Top of the Ellenburger was picked at 8,271 (datum minus 5,999). Top of the porosity was thought to be 8,334 and bottom of hole was 8,438 where the operator halted when drilling mud kicked out of the drillpipe suddenly.

The blowout preventer was closed as oil and gas-cutting mud issued. The bit was pulled and the hole conditioned. A drillstem test was in progress Thursday morning.

Previously, a test had been run for one hour and 30 minutes in the detrital from 8,235-75. In one hour and five minutes it began to flow. Sulphur water started one hour and 20 minutes after the minutes. Then the tool was closed. Top of the detrital was

COMMUNIST MOUTHPIECE

Calls South Korea Voting Fraudulent

SEOUL, June 8. (AP)—Communist North Koreans, terming the May 30 election in South Korea fraudulent, today called for a general election throughout North and South Korea in August.

Radio Pyongyang, mouthpiece of the northern Reds, voiced the announcement. It called for the election to be held in the United Nations sponsored republic of the south and the Soviet backed northern sector for eight days beginning Aug. 5.

The radio proposed the election of a general legislative organ, which would meet first in Seoul, capital of the republic, and then meet somewhere near the 38th Parallel, which divides North and South Korea.

President Syngman Rhee of the republic and his prime minister Lee Bum Suk would be barred from attending the meetings, the broadcast said. So would the UN commission in Korea.

As far as the North Koreans are concerned, according to Radio Pyongyang, the May 30 election in South Korea was never held.

Said the radio:

"The election was frustrated everywhere in the southern half by the people who rose in indignation. A majority of the voters refused to vote and election booths have been destroyed."

Actually between 86 and 90 per cent of the 8 million registered voters in the south participated in the election. There was no violence on election day.

Central Texas Cities Show A Booming Growth In Population

By The Associated Press
Recently released census figures had another surprise today for Texas.

Statistics announced last night by W. H. Skelton, Waco district census supervisor, told of the booming growth of two Central Texas cities.

In 1940 Killeen had only 1,263 residents. Today it is a lusty little city of 7,104.

The county seat of Bell County, Belton, now has 6,242 persons, compared to 3,572 in 1940.

Skelton gave no county figures. In McLennan County, Moody has grown from 931 to 1,078, West 1,909 from 2,172, and McGregor 2,062 to 2,664. Mart dropped from 2,856 to 2,373.

Gatesville in Coryell County has 3,848 against 3,177 in 1940. Copperas Cove grew from 356 to 1,161.

Belton, Copperas Cove and Killeen as well as numerous other towns and cities are easily accessible to Army personnel from Fort Hood, home of the Second Armored Division.

Montague County's 1950 census was 17,001 compared to 20,442 in 1940. Neocoma increased from 2,905 to 3,061, St. Jo from 1,010 to 1,139, Bowie from 3,470 to 4,530.

Wise County's population dropped from 19,074 in 1940 to 18,092 at the present. Decatur gained from 2,578 to 2,925 and Bridgeport from 1,795 to 2,050.

Leon County has 11,988 residents, compared to 17,733 ten years ago. Buffalo grew from 737 to 966 and Centerville from 969 to 961.

Wilbarger County showed a gain of 47 residents— from 29,474 to 29,521. Vernon, the county seat, grew from 8,477 to 12,684.

Dawson To Elect Community Chest Directors Friday

LAMESA, June 8. —Directors to serve three-year terms for the Dawson County Community Chest will be elected at a meeting Friday afternoon.

Twenty member's names have been submitted by two nomination committees. Five will be chosen from this group.

The Chest organization spent \$13,067.50 last year in support of charitable and welfare groups. It furnished funds to the Boy Scouts, Girl Scouts, Gonzales Warm Springs Foundation, Volunteers of America, Salvation Army, Lamesa Goodfellows, Lamesa Volunteer Fire department.

Mansfield Will Meet Troy Fort In Calf Roping Match Today

A large number of Big Spring people are expected to follow their favorite roper, Toots Mansfield, to Lamesa today.

Mansfield, five times champion calf roper of the world, is scheduled to meet Troy Fort, Lovington, N. M., in a matched event. Starting time is 8:15 p.m. in the Lamesa rodeo arena.

Mansfield and Fort each will rope 15 big, salty Brahman calves. There also will be a jackpot roping event.

This contest has been delayed twice by the weather, but the outlook today is for ideal conditions for the two top ropers.

3 Men Held In Alleged Rape

GAINESVILLE, June 8. (AP)—Three Dallas bricklayers were charged today with raping a girl hitchhiker from Amarillo they picked up in Montague County last night.

Cook County Atty. C. F. Sullivant filed the charges against William Wade, Jr., 23, and Bennie Loy Wade, 19, brothers, and Lester M. Holford, 21.

The charges were filed with Justice of Peace Clyde Matherly who set bond at \$5,000. Sullivant said each of the three denied guilt but blamed the other two.

The three were captured at Denton early today after they ran into a roadblock on the Denton city limits. Texas Ranger Lewis Rigler and Highway Patrolman Lester Robertson said they had been chasing the trio since the girl, limping and her clothes torn, was released about 2:30 o'clock this morning at Valley View.

The men were en route home after fishing on the Red River.

Sullivant said the girl and her aunt, both of Amarillo, were hitchhiking to Bonham and were picked up about 11:30 o'clock last night at St. Jo, Montague County, on U. S. Highway 82.

Robertson said the men stopped the car about 2 1/2 miles south of Muenster, Cook County, where the girl claims the men raped her. In the melee the older woman escaped, reached a farmhouse, and called Gainesville officers, he said.

London Sparkles With Pageantry

LONDON, June 8 (AP)—London sparkled with pomp and pageantry today as King George VI marked his official birthday by creating seven new peers and bestowed honors on distinguished Britons.

Around the world British diplomats and governors entertained at annual king's birthday receptions. Though the monarch actually was born Dec. 14, 1895, the anniversary officially is celebrated today because Britain's June weather is within the capital the high spot of the day's ceremonies was the "trooping of the colors," by crack army units dressed in colorful uniforms dating back to the Napoleonic Wars.

Those named by the king to his birthday honors list included political figures, actors, musicians, factory workers, a motorcycle racer and Britain's ace steeplejack.

The steeplejack, Sidney Larkins, last November brought down a policeman's helmet that unidentified pranksters hung atop the 310-foot

spire on the House of Commons. Today he was awarded the Order of the British Empire for General Competence as an industrial worker during a venturesome career.

To Australia's most distinguished soldier, Gen. Sir Thomas A. Blamey, went a field marshal's baton. He was the second soldier from outside the United Kingdom to be so honored. South Africa's Jan Christian Smuts was the other.

Three of the new barons are Labor Party figures no longer in the house of commons as the result of the last general election. They are Lewis Silkin, former minister of town and country planning, whom no Labor Party district organization would accept as a candidate. Lt. Col. Harry Morris, who resigned his post in favor of Solicitor General Sir Frank Soskice after Soskice's defeat in his own district, and D. R. Reese-Williams, former junior minister defeated in the election.

Willie Schmitz Is Still Fasting After 43 Days In Attempt For A New Record

FRANKFURT, Germany, June 8 (AP)—Willy Schmitz is a 48-year-old German who would warm the heart of any boarding house cook.

Nobody has to set the table for Willy. He's been fasting for 43 days now in an effort to set a new world record for going without food.

All Willy gets are four bottles of soda water and lot of cigarettes each day and he's as pleased as a man with a T-bone steak.

Willy, who styles himself as a "hunger artist," is set up in a glass cage in the Frankfurt zoo. He does his fasting under the sharp eyes of Red Cross nurses. A doctor visits him every day and makes a thorough physical examination weekly.

So far Willy has lost 58.5 pounds, and he has 10 more days to go. He wants to set a new record at 53 days, and already claims the existing record.

Willy says he first went on his hunger endurance stunt in 1926 and did without anything but his smokes

and soda for 48 days. Then in Luxembourg he did a stretch of 30 days in Krefeld, Germany. He fasted for 30 days.

How does a man feel who has been going without food in a glass cage for a month?

Willy patted a stomach as lean as a piece of picnic bacon and smiled wanly.

"I'm a little weak," he said. His manager, Hans Schneider, frowned in concern.

"Willy sleeps very little. But he's in good shape. He's a phenomenon."

The phenomenon moodily pulled on a cigarette and watched a small girl munching a sausage. He looked hungry.

Thieves Get 23 Valuable Museum Pieces

PITTSBURGH, June 8 (AP)—Thieves passed up a group of fans once owned by Marie Antoinette but stole 23 other "historically valuable" objects from the Carnegie Institute museum.

Wallace Richards, museum director, said the theft was discovered yesterday and that the robbers apparently remained in the museum after the closing time Tuesday night.

The things taken were from the museum's Dupuy collection—donated by Mr. and Mrs. Hebert Dupuy. He was a business associate of Steel Magnate Andrew Carnegie.

The items taken included an enameled pill box, needle case, watch fob and six dance card cases.

Richards said the thieves made their selections carefully, passing by some objects to take others. They overlooked some valuable treasures, including the Marie Antoinette fans.

WOMAN INDICTED Concealed Russian Birth Is Charge

SAN FRANCISCO, June 8 (AP)—A 28-year-old woman biochemist at Stanford University today is charged by a federal indictment of lying to immigration officials to conceal her Russian birth.

She is Dr. Bertha Barkan Luthy, wife of a Jackson, Mich., spark plug manufacturer.

The grand jury indictment was returned yesterday. It charges that Dr. Luthy lied when she told an immigration inspector at Palo Alto last Feb. 13 that she was born in Chicago Oct. 4, 1916. The immigration service maintains she was born in the Russian Ukraine in 1912 and entered the United States through Seattle in 1917 with her mother.

Asst. U. S. Atty. Edgar Bonsall said her parents, Mr. and Mrs.

Yankel Barker, residing in Jackson, Mich., under the name of James Barker, are awaiting a re-hearing on an immigration service deportation order for assertedly advocating violent overthrow of the government.

Dr. Philip Leighton, head of the Stanford University chemistry department, said Dr. Luthy is engaged in cancer research on a grant from the Rockefeller Foundation.

The research assistant's work has no connection with projects classified as secret or confidential by the government, he declared.

Seven Awarded T-P Promotions

Seven promotions have been made in Texas and Pacific Railway's mechanical department, the division on a railroad which builds and repairs cars and locomotives.

According to an announcement from W. F. Kascal, mechanical superintendent, the seven promotions concern T&P's mechanical facilities throughout the 1,800-mile system and particularly Dallas, Fort Worth, Longview, Marshall and Texarkana.

H. A. Mason, Dallas, has been advanced to superintendent of car department, replacing D. W. Akins, who retired June 1. J. L. Perkins, Fort Worth, goes into Mason's old job, general car inspector. J. T. Lunsford, Dallas becomes general car foreman, Fort Worth. Wilbert Combs, Longview, goes to Dallas as assistant general car inspector. J. W. Marshall, Texarkana steps up to the job of car foreman, Longview. H. J. Watkins, Texarkana, is appointed rip track foreman at that point. And U. L. Taylor, Marshall, becomes assistant car foreman at Texarkana.

All seven men promoted have been with T&P a minimum of 10 years. Mason has been there 25 and has had mechanical department assignments through the years at Marshall, Texarkana and Big Spring. Perkins has worked for the T&P at Paris, El Paso, Big Spring and Marshall. Lunsford previously has been assigned to points such as Longview and Texarkana.

Here's A New Way To Free A Cow

GEORGETOWN, Mass., June 8 (AP)—Burling Fernald's cow floated out of a tight spot yesterday.

She fell through boards into a 20-foot-deep abandoned well in her pasture. Bossy was stuck fast.

Fernald sent for an automobile wrecker to hoist the cow but she was wedged so firmly that they couldn't get a chain or rope around her.

Neighbor Fred M. Morse saved Bossy and the day when he suggested that the well simply be filled with water.

This was done promptly and up she floated like a cork in a bottle. Her legs were a bit shaky after her water elevator ride but she ambled back to the barn under her own power.

EXPECTED MONDAY Maybank Predicts Rent Control Vote

WASHINGTON, June 8.—Sen. Maybank (D-SC) today predicted a Senate vote Monday to extend federal rent controls despite a one-man filibuster by Sen. Cain (R-Wash.).

Maybank is chairman of the Senate Banking Committee, which sent the rent measure to the Senate by an eight to five vote.

The present rent law expires June 30. The bill would extend the curbs to Dec. 31. It also would permit an additional six months of control in communities where affirmative action was taken through referendum or by local officials.

Cain, an arch foe of rent controls, spoke against the bill for nearly three and a half hours yesterday. He was given permission to resume his lengthy speech today after the Senate disposes of a number of non-controversial bills.

"You can call this a filibuster if you want to, but at least it is a filibuster of issues," Cain said in an interview. He added:

"I am confident we can continue this debate until some time next week, and by then I hope the House leadership will have reconsidered

and faced up to its responsibility to get a vote on this measure."

The House originally had planned to debate a rent measure Monday, and vote on it Tuesday. But Senate Democratic Leader Lucas (Ill) interrupted Cain at one point to tell

Murphy Is Fed Up; Gives Away Medals

HOLLYWOOD, June 8 (AP)—Audie Murphy, "fed up" with being the most decorated soldier of World War II, disclosed today that he has given all his medals away.

"I've been fed up with that 'mos' decorated' business for a long time," said the soft-spoken young Texan. "I realize that it is an honor, but only because it symbolizes the work done by a lot of other guys, too. But it has never meant much to me."

I asked what has happened to all the medals.

"I gave them away, mostly to kids."

Does that include the Congressional Medal of Honor?

"Yes, I forget whom I gave that one to. I think it was one of my nephews."

To understand the unusual gifts you have to know Audie himself. He's not ungrateful for the nation's honors, but he's a modest man with no pretense about his own achievements. He feels deeply the loss of his comrades who didn't come back from the war.

He's equally unassuming about his film career. Although he is playing his fourth leading role, in "Kansas Raiders," he still considers himself more of a farmer than an actor.

Audie indicated being a hero has its hazards. He discovered that when he went home to Farmerville, Tex., after the war, a local tough who had sent the war at a stateside army base was using abusive language in a cafe.

"There were ladies in the place and I asked him to leave," Audie recalled. "He made a comment about my medals and started for me, so I let him have it."

A single blow landed the rough-neck out in the gutter.

MOVE TO UP PRESTIGE

Russia Installs Civilians To Replace East German Military

BERLIN, June 8 (AP)—Russia today named civilians to replace four military rulers in East Germany in a move apparently designed to bolster the prestige of the Communist East German State.

The changes accelerated the switch from military to civilian control in the Russian zone and were accompanied by indications that new responsibilities were being delegated to the area's Communist-controlled German government.

Allied observers believed, however, the changes did not mean that Moscow was loosening its grip on East Germany but rather was pulling the Kremlin-created state closer toward early partnership as a full-fledged satellite in the Soviet bloc.

The best known of the four military men recalled to Moscow was Maj. Gen. Alexander G. Kotikov, 58-year-old former Red commander of the Soviet Control Commission in Berlin since the establishment of the East German government last November.

It was Kotikov's frequent use of the veto power which wrecked coordinated four-power rule of the city. He was replaced by Sergei Alexievitch Dengin.

Evidencing his government's new powers, East German Prime Minister Otto Grotewohl announced today his cabinet planned direct and extensive political-economic negotiations with Soviet bloc nations, similar to those just concluded with Poland.

Grotewohl specifically mentioned Hungary and Czechoslovakia. He said also the negotiators who went to Warsaw would be sent to negotiate with the Chinese Communist Government.

The Warsaw negotiations resulted in the confirmation by the Polish and East German governments of the Oder and Neisse Rivers as the postwar boundary between the two countries, ceding to Poland large and rich East German territories.

West Germans termed this a "treasonable sell-out." The western powers reiterated that the Oder-Neisse boundary set up by the Potsdam agreement was only temporary and could only be finally fixed in a peace treaty with Germany.

The Soviet-controlled press gave no information about Dengin or the three other new officials. The Red army newspaper here, however, pointedly called each "minister," indicating they were foreign ministry appointees rather than military men.

Late yesterday the Russians announced they planned a 20 to 25 per cent cut in their civilian control personnel in Germany.

WEATHERMAN SPEAKS

Lions Told About Weather Problems

The bureau records it, sometimes predicts it, but never makes the weather.

G. A. McGahan, official in charge of the U. S. weather bureau here, gave the Lions club some insight into weather recording and forecasting problems.

At the Wednesday meeting at the Settles, he displayed a map showing low and high pressure areas; blue lines for cold fronts and red lines for warm fronts. Isobars, he explained, reflected pressures and also indicated the general direction of winds. The closer the isobars, generally the faster the blow.

"Tornadoes cannot be forecast," he said. "If you see one and it is moving, stay put. It's going to your right or left. If it seems to stand still, hunt a hole. It's either coming toward you or going away."

He told his listeners that while twisters sometimes came out of thunderstorms, there is little reason to be frightened by a thunderstorm.

McGahan displayed and explained a radiosonde which records temperature and pressure aloft and which, with a directional instrument tabulation, also provides wind velocity and direction. These aid in forecasting and are of value to forecasters.

Told that "some farmers think that the hills around Big Spring have something to do with the erratic pattern of rains," McGahan had a cryptic reply.

"They're not the only ones who think that," he said. "I think it too."

Meteorology is a science, he said, but not an exact one. "When it becomes an exact science, we can tell you what next year's weather will be."

Stays With Flaming Plane Until It Gets Away From City Area

ELSINORE, Calif., June 8 (AP)—Capt. Roy C. Gray, Jr. of El Toro Marine Air Base was burned seriously last night as he stayed with his flaming plane long enough to get it away from this city before parachuting.

Police said Gray parachuted from a very low level, perhaps 200 feet. Air Force public relations said the pilot reported the plane—a Corsair fighter—exploded.

Truman Expected To Okay Expanded European DP Bill

WASHINGTON, June 8 (AP)—President Truman is expected to approve a bill expanding by 91,000 the number of homeless Europeans who may seek a home in this country.

The measure, an enlarged and liberalized version of the 1948 displaced persons bill, was sent to the White House yesterday after the Senate approved it on a voice vote.

It calls for the admission of 341,000 DP's to the United States—including 153,000 who have entered under the old bill—by June 30 next year.

Mauna Loa Still A Spectacular Show

HONOLULU, June 8 (AP)—Mauna Loa on the island of Hawaii, which erupted one week ago, still was pouring a river of lava today into the ocean 25 miles away.

Capt. Charles Eggers and Jarrett Carr of Hawaiian Airlines said the river of red-hot rock, with branches like fiery fingers, still was a spectacular show.

Anthony Eden Wins Divorce Decree Today

By HAROLD K. MILKS
AP Staff

LONDON, June 8.—Former Foreign Secretary Anthony Eden won a divorce decree today by testifying that his attractive brunette wife deserted him in 1917 to live in America.

Eden, whose political ambitions as deputy conservative leader may be jeopardized by divorce in strait-laced Britain, was granted a divorce nisi in a five-minute hearing before Justice Francis Hodson.

The happier, greying Eden—still handsome at 53—told the court in a firm voice that his wife insisted on visiting the United States in 1914, that he accompanied her there and that she then refused to return to her native Britain.

Mrs. Eden, who has spent most of her time since 1916 in the U. S. and Bermuda, was not represented at the hearing. She did not contest the action.

A decree nisi becomes absolute in six weeks (correct) under British divorce law, unless there is an objection raised in court.

Eden, who wore a dark blue suit, was the only witness at the hearing.

Letters from Mrs. Eden were produced in court, but not read. The former foreign secretary refused to comment as he strode quickly from the courtroom after the verdict was announced.

Gossip over the Edens' domestic

split has been common in London for many months. But friends of the deputy conservative leader speculated that he would avoid divorce because of the probable effect on his political career. As the recognized deputy to Winston Churchill, Eden was in line for eventual leadership of the conservative party—and the post of prime minister when and if the Tories regain power.

Some observers predicted that his five-minute appearance in divorce court today virtually ended any chances he might have had of ever becoming prime minister.

They recalled that the stamp of divorce, regardless of cause, was practically an unsurmountable barrier to leadership in the British government. No person who has been a party to a divorce suit—severely frowned upon by the Church of England—has ever been prime minister.

Other observers said, however, that Eden's stature in conservative politics might break that unwritten law of British political and social life.

Churchill yesterday made his plainest reference to Eden as his successor. Speaking before a meeting of women conservatives, the former prime minister said Eden would "carry on the torch of conservatism when other and older hands have let it fall."

Reapers Class Of Coahoma Baptist Church Meets In Mark Reeves Home

COAHOMA, June 7 (Sp1)—The Reapers Sunday school class of the Baptist church met in the home of Mrs. Mark Reeves, Jr. Friday evening for a party. Mrs. Bob Byrns was co-hostess.

Spring flowers of various colors decorated the party rooms. At the business session the group named Friday of each week as "visitation day". Mrs. Ray Swan directed the games for the evening.

Refreshments were served to Mrs. D. W. Byrns, Mrs. O. D. O'Daniel, Mrs. Ray Swann, Mrs. Alfred Theime, Mrs. F. P. Woodson and the Rev. Mark Reeves, Jr. and the hostesses.

Mr. and Mrs. Perry Wagon of Pecos and Mrs. P. Wagon of Temple spent the week end in the home of the Rev. and Mrs. Mark Reeves, Jr.

Mr. and Mrs. J. D. Miller and Mr. and Mrs. A. L. Armstrong spent the week end in Fort Sumner, N. M., visiting in the Vance Davis home. Mr. and Mrs. Armstrong remained for a week's visit.

The Rev. and Mrs. M. A. Reeves, Jr. and son, Mark, visited in Fort Stockton Friday in the homes of Mr. and Mrs. George Reeves and Mr. and Mrs. Sam Reeves.

Mr. and Mrs. Carl Fletcher left last week for a vacation trip to Illinois where they will visit their daughter and her family.

Margaret Ann Stams will spend the summer in Abilene where she will attend Draughon's Business College.

Mr. and Mrs. Vernon Bates of Menard spent last Sunday visiting Mr. and Mrs. Carl Bates and Mr. and Mrs. J. B. Martin.

Glenn Guthrie left Friday for Tyler to be with Mrs. Guthrie who underwent surgery on Saturday.

Jack Graham, Billy Bates, Wayne DeVaney and Wendell Shive returned home Saturday following a two day fishing trip on the Rio Grande River.

Mrs. Carlton Benson of Lubbock spent last week visiting in the home of her sister and brother-in-law, Mr. and Mrs. C. R. Graves. Betty Jean Graves of Abilene spent the week end in the home of her parents with Raymond Wallin of McMurry college as her guest.

Linda Hall Honored On Fourth Birthday

Linda Hall, daughter of Mr. and Mrs. Ward Hall, was entertained on her fourth birthday with a party given in her home, 1600 Runnels.

SOCIAL NOTES FROM CAPITAL

WASHINGTON, June 8.—Social notes from the nation's capital: Herbert Hoover and King George have applied for marriage licenses.

That's what the license bureau reported. But the Herbert Hoover is a 21-year-old man from Alexandria, Va., and King George is a 27-year-old Washington man.

As a grateful user of Barcentrate, I can recommend it to anyone," writes Homey Tristen, Box 614, Cabral, Texas. "I have taken 3 bottles and lost 28 pounds—down 197 to 169."

RIBBON RAMBLINGS

By Mildred Young

Circus clowns are usually thought of as people who make others laugh. But this story about a clown is not a very laughable one.

Howard M. Bingham, who made thousands roar during his 32 years as a circus clown, shed a couple of quiet tears this week when he was given a handsome Braille wrist watch.

Bingham, 61, was a Ringling Brothers clown until he was blinded in an accident 17 years ago. Now in a Veterans Administration hospital at Dallas, Bingham, received the watch from a couple of women representatives from an organization there.

The retired clown was reported to be especially touched by the present because it was his first lucky break in some time.

In recent months, he has been the hero of these hard-luck stories:

A thief stole his first Braille watch.

He broke his hip in an accident, which put him into the hospital.

After he went to the hospital his guide dog, Flash, a 14-year-old Siberian husky, died.

"Flash was a honey," Bingham recalled. "Had more sense than a lot of people."

As most boys dream of doing, Bingham at the age of 12 ran away from home and joined the circus. He credits his education to Charles Ringling and John Ringling, who made him study every day.

Bingham has decided that his new watch will not go the way of the one which was stolen.

"I'm never going to lay this one down," he said.

A Braille watch has a metal cover instead of a crystal—cover which opens and lets a man feel the time of day by touching the extra strong watch hands and the raised dots which adjoin the numerals.

Graduate Nurses Vote To Study Polio Problems

Members of the Texas Association of Graduate Nurses, District 21, met in Odessa Tuesday night to approve the sponsoring of a special course for the purpose of studying the problems of polio nursing.

Forty nurses were present when the association also voted to sponsor the recruiting of student nurses.

Mrs. Frances Hardwick of Kermit, gave a report on the national nurses convention which she attended in San Francisco recently. One of the main results of the convention, according to Mrs. Hardwick, was the changing of the American Nurses National organization from six national divisions (or separate organizations) to two national divisions, the American Nurses Association and the League of Nursing Education.

It was announced that the 1932 convention will be held either in Miami, Florida, or Kansas City, Kansas.

Annexation Of New Territory Is Sound For Local School District

Prompt action is being taken by Big Spring Independent School district in completing details of the Hartwells Common School district annexation. Tonight the board is due to set date for an election which will confirm the assumption of the enlarged district's indebtedness and the confirmation of the \$1.50 tax rate.

Increases the district's responsibility for the scholastics in the new territory must be transported and schooled. Virtually all territory annexed within the past two years has been farm and ranch land. It does not carry a heavy value, hence the revenues derived as against the cost involved sometimes makes annexation economically marginal at the moment.

There Are Plenty Of Heroes Still Around If You Look In Right Place

Hal Boyle, AP columnist, takes issue with a friend of his who declared "there are no more heroes." The fellow is wrong, Boyle insists. Heroes "are all around you everywhere. Look in your neighborhood. Can't you find one? He's there—if you have the heart to know a hero when you see him."

the children's sake; self-denial, self-sacrifice, self-control, self-abnegation—all these are heroic qualities, and the great mass of the people have them in abundance. Almost every man's success is predicated on help he received somewhere down the line often at some else's self-effacing expense. This is an unending hero behind many a brilliant career—the successful scientist, engrossed in his studies, while the wife sacrifices her own interest to spare him inconvenience or annoyance, the bright student who got his chance for an education because his parents raked and scraped every dollar they could spare to put him through school.

Congress Lags Behind Court In The Field Of Civil Rights

WASHINGTON, (AP)—FIFTY-FOUR years ago the Supreme Court ruled, in effect, that segregation of Negroes by state law is all right so long as they get equal treatment with whites.

But slowly after this, the southern states, full of former slaves, began passing laws to segregate Negroes from whites. In 1890 Louisiana passed a law saving Negroes must be kept separate on trains.

BEFORE THE CIVIL WAR WHEN there was still slavery, the most important Supreme Court decision on Negroes was given in 1857 in the case of Red Scott, a Negro slave. His owner had taken him from the slave state of Missouri into the North where slavery was forbidden and then later back to Missouri. Scott argued that his stay in the free North had made him free. So he sued for his freedom.

But no court since 1896 has tackled the whole wide problem of segregation head-on. Meaning: No Supreme Court since that day has ruled that segregation—that is, any kind of segregation by law—is wrong or unconstitutional.

THIS AMENDMENT SAID ALL PERSONS born or naturalized in the U. S. are citizens and no state can pass a law abridging the privileges of a citizen or deprive him of equal protection of the laws.

BUT—INSTEAD, THE COURTS HAVE tackled the problem from different angles, chipping away at the idea of segregation, narrowing down the power of states to segregate.

The Big Spring Herald

Only this week the court ruled that the southern railroad must stop segregating Negroes in dining cars and that the University of Oklahoma must stop segregating one of its students, a Negro.

Mediterranean Polluted

TEL AVIV, Israel (AP)—All bathing on the beaches of Tel Aviv—Israel's "Riviera" capital—has been banned by public health authorities. They said the order was issued because of the polluted and unhygienic state of the Mediterranean's waters.

Merry-Go-Round—Drew Pearson Business, Labor And arm Leaders Plead Against Basing Point Bill

WASHINGTON — Grim-faced leaders of small business, labor and farm co-operatives made a special plea against the basing point bill at a recent closed-door meeting with Democratic Chairman Bill Boyle.

As it is now, Truman told the UN secretary general, Russia is boycotting the United Nations because it won't seat Communist China—just like a little boy who says he won't play in the game unless he can be captain of the team. In contrast, Truman said, the United States has attended every meeting, never used its veto and is working night and day for peace.

mediately ordered the print. But all it showed was Helen Douglas giving an award to Warren Moscow, crack reporter of the New York Times. . . . Actually Mrs. Douglas refused the endorsement of the Henry Wallace third party in 1948, even though to accept it meant a substantial number of votes.

"If Mr. Truman's messages on small business mean anything," continued gravel-voiced George Burger of the National Federation of Independent Business, "he'll veto this bill. His program is absolutely worthless if this bill becomes law, and small business knows it."

WASHINGTON, (AP)—FARMERS, consumers and small business will pay higher freight costs, if this bill is signed, it threw in Wallace Campbell of the co-operative league.

Peaceful Oxford University—A special Air Force construction battalion has arrived in Britain with materials and equipment to build three permanent air bases for the American Air Force. The air bases will be constructed just outside the old university town of Oxford, and will be designed to accommodate B-29's, B-50 atom-bombers and even the giant B-36's. The bases will include permanent installation for hundreds of American flyers and technicians.

"How does it happen Democrat senators are doing all the hard work for this Republican bill?" asked Montgomery of the auto workers. He referred to Joe O'Mahoney of Wyoming, Democratic whip Francis Myers of Pennsylvania and Herbert O'Connor of Maryland.

NEW YORK — One of the unsolved mysteries is where song writers get ideas for songs. Or where they sell them, get them published and get them played after they get the ideas. Regularly I receive manuscripts of songs which would-be composers want published and presented on radio or a Broadway show. Many of them sound excellent, but the door to Tin Pan Alley is hard to budge. And you wonder!

NEW YORK, (AP)—ARE THE RUSSIANS gambling on limitless numbers of superior tanks as their chief ace in the hole if war comes? That would seem to be the guess of high American defense officials.

WORD-A-DAY

By BACH
THRENODY
(thren-oh-dy) noun
A SONG OF LAMENTATION; A DIRGE OR FUNERAL SONG.

There was a time when my dentist was Dr. Nathaniel Lief, a very good man about pulling out your teeth while he sang songs in you. Dr. Lief, who died during the war when he was on active duty with the U. S. Navy, was also a song writer in his spare time. But he was very good at it and wrote a number of hits including some of the best songs in "The Greenwich Village Follies," and other Broadway revues.

Kids Wait For Cowboys And Instead Get Advertisements

"Gosh, Mummy, I can hardly wait for that cowboy movie to come on," the little lad exclaimed.

So what happens—the poor, anxious, waiting little lad has to sit through some ridiculous and boring movies advertising taxicabs, bread, tires, and what else have you on hand.

Seriously, I have no qualms against the advertiser. Lord, I love them. After all, they only pay my salary on this newspaper. But, even though people may buy a newspaper, they don't skip any advertisements they don't feel like reading, and read what they desire to read. The argument that all I have to do is get the flickers. And, don't try to advance No such luck in a movie-house. Y'gotta sit through those things when watching to my seat for the cowboy flicker.

The kiddies, too, come to see their heroes, not a loaf of bread, a tire, or a car being overhauled. They want the cowboys.

I tried, but it sorta created a stampede in my mind.

Of course, I realize a movie is an excellent medium for the advertiser. But I also realize the movie is a place where people go to be entertained. They have a choice in the newspaper to read advertising. They can do likewise, if they are looking for bargains, by reading billboards, hand-outs, store windows, etc.

Capital Report—Doris Fleson

Kansas Has A Bumper Crop Of Candidates For Major Office

INDEPENDENCE, Kans. —The normally placid Republican state of Kansas has a bumper crop of candidates for major office this year. Her wheat is not doing so well but her yield of political headaches exceeds any in her recent history.

for and publisher of the Parson Sun. Is supporting Colmery. Various party leaders also have quit Carlson for Colmery. This has had its effect upon the governorship race.

Republicans take consolation in the fact that too many Democrats decided to serve their country when it became apparent that the once powerful G.O.P. organization was in trouble. True to type, the Democrats are setting the pace in bitterness and personal acrimony.

Challenger Mayberry will be remembered by alumni of the 1936 campaign as the earnest, lanky young man who kept Alf Landon's appointment book. A fluent talker, he was also the leader of the temperance tornado which strove vainly two years ago to keep Kansas dry. He now says he's willing to let people drink what the law allows if they do it peacefully.

Unless the organization can get up steam in the next two months and rescue Arn, Carlson, despite his years in the House and statehouse, may also fall by the wayside. Carlson's supporters admit he is on the colorless side; his detractors suggest that he suffers from galloping mediocrity.

If Mayberry wins, Landon, who was ousted by Senator Darby two years ago as G.O.P. chairman of the board, will presumably think that fortune's wheel is just.

Colmery is a more rugged figure and an adroit politician as his Legion career shows. He is known to Washington as a member of the loyalty review board which went over the case of William W. Remington, the Commerce employee just fired by Secretary Sawyer, and found Remington innocent. When Colmery is asked today about Remington, he says frankly that no sensible person can find anything in the Remington file to justify discharge.

The real problem of the Arn campaign is the third man in the race, Lieut. Gov. Frank L. Hagaman. Hagaman thought he had the green light when the leaders flash it to Arn. He swears he's in the race to stay. Politicos say that Arn and Hagaman will split the populous eastern Kansas vote for the benefit of Mayberry, a rural hero.

THE QUESTION REMAINS WHETHER

THIS HAS REALLY CHANGED THE technique of warfare: Can Russian missiles also drop an atom bomb on a tactical target—that is, on groups of troops massing for attack?

With all their candidates, the Democrats lack one really widely known, magnetic campaigner for either governor or senator. Because they do not like National Committeeman Carl Rice, who wants to go to the Senate, the administration is dabbling in the picture. Rice stayed with Henry Wallace at Chicago in 1944 when Harry Truman was nominated for vice president; he compounded the felony by flirting with the draft-Eisenhower movement at Philadelphia in 1948. Since he has enemies in the party within the state, too, an upset is possible.

It was a pretty blunt address that pulled back the Iron Curtain a bit on what is going on in the cold war.

Kansas believes that the White House put former Assistant Postmaster General Paul Alken into the Senate race. It is also reported here that Washington is trying to draft one Larry Ryan, secretary of state, for governor. Ryan is described as an attractive campaigner who would strengthen Alken.

THE SECRETARY WENT ON TO point out how important scientific research was to the Army, and added: "Our Army, as I hardly need remind you, not only is outnumbered tremendous-

ly by the ground forces of our most dangerous antagonist but is also at a disadvantage qualitatively in certain categories of equipment, most notably in tanks."

The question that arises with any armed veteran who survived a duel between a Sherman tank and a German Panther tank, is: "Why, with all our inventive skill, can't we produce a tank as good as the Russian's five years after the war is over?"

The Army's answer is that, if war comes, it will face Russia's masses with smaller units equipped with undisclosed weapons that can handle tanks. Presumably these weapons will include guided missiles and atom bombs delivered by artillery, a field in which Army Chief of Staff J. Lawton Collins believes the United States is yet ahead.

Good Pool Test Flows To Pits, Another Acidizes

Seaboard and Pan-American No. 14 T. J. Good, on the central east side of the Good pool of southwest Borden county, was cleaning to pits Wednesday evening.

Top of pay was 1,920 (datum minus 5,330) and bottom of hole was 8,189 feet. Location is 1,989 from the north and 1,999 from the east lines of section 37-33-4n T&P.

Seaboard and Pan-American No. 17 Good, a prospective south extension, was treating with 10,000 gallons of acid from top of pay at 8,062 (5,468) to bottom of hole at 8,224. Although this is approximately 50 feet high to an east offset, the reef section has not given up its pay naturally. Location is 900 feet from the north and 1,994 from the west lines of section 49-33-4n, T&P.

Seaboard and Pan-American No. 18 Good, in the northeast corner of section 38-33-4n, T&P drilled at 8,205 feet below the seven-inch string. Seaboard and Pan-American No. 19 Good, 1,988 from the east and 660 from the north lines of section 37-33-4n T&P, drilled at 5,160. Conductor No. 4-38 Good, in the southwest quarter of the southeast quarter of section 38-33-4n, T&P, waited on cement to set around the 5 1/2-inch string at 8,148, top of pay. This is a datum minus of 5,550.

Four miles south of the Seaboard No. 1 Simpson jumper for the south Vealmoor pool, Livermore and Texas & Pacific No. 1 W. B. Hardy, 660 from the east and 1,980 from the south lines of section 33-31-2n, T&P, passed 8,040 feet in shale and lime.

Laurence Olivier Returns To Hollywood

HOLLYWOOD, June 8. (AP)—Sir Laurence Olivier will return to Hollywood for the first time in 10 years to play a starring role in a film adaptation of Theodore Dreiser's "Sister Carrie."

William Wyler, Paramount producer-director, announced yesterday that the British actor has signed a contract to play the role of Hurstwood in the production, which will be retitled "Carrie Ames."

It will be Olivier's first Hollywood appearance since his roles in "Rebecca" and "Wuthering Heights" a decade ago. Since then he has been knighted and awarded an Academy Oscar (1948) for his "Hamlet." He is scheduled to arrive here Aug. 15.

State President Returns To Home

MIDLAND, June 8.—Mrs. J. Howard Hodge returned to her home here Tuesday afternoon after leading a delegation of 65 Texas clubwomen to the General Federation of Women's Clubs convention in Boston, where they had their invitation to entertain the 1951 convention in Texas accepted.

Mrs. Hodge also brought back the right to affix the title Doctor of Literature, to her name. She was granted the honorary degree by her alma mater, Howard Payne College of Brownwood, at its commencement exercises the week before she went to Boston. Mrs. Hodge was the commencement speaker.

Speaking in Boston for the Texas Federation of Women's Clubs, as its president, she invited the next GFWC convention to Houston in competition with invitations from Colorado and California. The Texas delegation also had its nomination of Ethel Foster of Sterling City for appointment as budget chairman of the executive committee accepted.

Another honor that came to Texas was the presentation of second place in the national "Build a Better Community" contest to El Progreso Club of Alpine, which was the Texas sweepstakes prize for its project of local improvement. Mrs. J. W. Bailey, El Progreso president, and Mrs. John Newell, Alpine librarian, were in Boston to accept that award, \$3,000 in cash.

Tom Horton Dies Here Wednesday

Death claimed another of the old timers when Tom Horton, 68, died unexpectedly in a hospital here Wednesday night.

Although he had been in failing health for two years, his condition was not such to cause alarm.

Ironically, at the time of his death some of his family were in Lometa where funeral services were to be held this afternoon for his sister, Mrs. H. W. Bird.

Mr. Horton was a retired boiler-maker and for 35 years was associated with the Texas & Pacific Railway company. He moved from Brownwood to Big Spring in 1912 and had resided here continuously since that time. Mr. Horton was well known among the railroad fraternity and was a longtime member of the Baptist church. He was a native of Bell county, where he was born July 1, 1881.

Services will be held at 3 p.m. Friday at the Nalley chapel with Dr. P. D. O'Brien, First Baptist pastor, officiating. Interment will be in the Mt. Olive cemetery.

Surviving are his wife, Mrs. Tom Horton; two daughters, Mrs. Walter C. Robinson, Big Spring; Mrs. C. R. Fuglar, Midland; two sons, T. A. Horton and James A. Horton, Big Spring. He also leaves a brother, Bert Horton, Waco; two sisters, Mrs. Roxie Price, Abilene, and Mrs. Amanda Hughes, Brownwood. Seven grandchildren also survive.

Palbearers will be Roy Williams, Leon Chelf, Ed Stringfellow, A. E. Long, Roy Lassiter, J. A. McGee, D. C. Pyle, St. C. Dunagan, Les Porter, and S. L. Cooper. All T&P shop employees will be considered as honorary palbearers.

Cosden No. 1 Completes For 2,574 Barrels

Cosden No. 1-A Holly, southwest offset to the Rebecke discovery in southeast Borden, has completed for 2,574 barrels per day.

Potential test was taken Wednesday on the basis of a two-hour flow through 3 1/2-inch choke. Turbine pressure was 1,100 pounds, casing pressure 1,300 pounds. Flow for the period was 214.50 barrels. This well is structurally the highest in the pool with a reef top of 6,705 (minus 4,158). Location is 960 feet out of the northeast corner of the southeast quarter of section 52-25, H&TC.

Pan-American No. 1 Holly, one location south of the Cosden No. 1 Holly, and 660 feet out of the southeast corner of section 52-25, H&TC, topped the reef at 6,795 (minus 4,435). This puts it 77 feet low to the Cosden well but higher by 33 feet than the Hyser & Heard No. 1 Holly, one location north of the Cosden No. 1 Holly. Pan-American No. 1 Holly drilled below 6,842 in the reef.

Rutherford No. 1 Holly, two locations west of the Cosden well, ran 8 1/2-inch string at 6,921 with bottom of hole at 6,941. Reef top was picked at 6,877 (minus 4,324).

Livermore No. 1 Holly, in the northeast corner of section 52, had topped the reef at 6,885 (minus 4,341) and drilled to 6,828.

Cosden No. 1 McNeill, two locations east of the discovery well in section 53-25, H&TC, drilled below 4,480 feet. Cosden No. 2-A Holly, a west offset to its No. 1 A Holly, was below 2,080 and near a point for setting pipe.

Cardwells Return From Fort Worth

FORSAN, June 8.—Mr. and Mrs. John Cardwell have returned from Fort Worth where they attended rites for his brother.

The brother, J. W. Cardwell, 60, was shot accidentally and fatally, last week at his home in Burleson. An employe of The American Railway express in Fors/Worth for 30 years, he had resided in Burleson for the past three years. He is survived by his wife, six brothers and two sisters.

Barnett Installed As FOE President

Ken Barnett was installed as president of the Fraternal Order of Eagles lodge last night.

Installation of the new president and other officers was by the Midland FOE chapter which served as grand lodge for the occasion.

Dwight Young is new vice president, while W. B. Neel is treasurer and J. C. Robinson is secretary of the organization. L. L. Miller, retiring president, was presented with an Eagle ring by members of the Big Spring lodge during the ceremony.

Ep'on Gilliland was guest speaker. Dabney also addressed the group. Visitors were present from San Angelo, Midland, and Odessa.

ISSUE "FIGHT" STATEMENT
Japanese Diet's Communists Declare War On 'Conspiracies'

TOYKO, June 8. (AP)—The diet's remaining 33 Communists today defiantly declared war on "conspiracies" to outlaw the Japanese Red Party.

It was the first word from them since Gen. MacArthur purged 41 Communist leaders from Japanese political life. Eight of those removed were members of parliament.

The Red 33 still in parliament pledged to fight the "colonization, military bases and war prepara-

tion policies" of the pro-occupation government.

So far the occupation and the government have left the 33 diet members alone. They are a minority in an assembly of 716 members.

But there was a vague hint of another purge. From Osaka the Newspaper Chubu Nippon reported one of Japan's assistant attorney generals said "the third purge of the Communist Party will begin late this week."

The Communist diet members issued their "fight" statement after choosing Writer Karoku Hosokawa to lead them in future diet sessions. He replaces purged Sanno Nosaka, generally regarded as the brains of the Japan Communist party organ.

The Reds did not mention MacArthur. But they did refer to the purge he started two days ago by banning 24 members of the party's politburo and yesterday outlawing 17 reputed policy makers of the flamboyant newspaper, Akahata, party organ.

Party members thus far have made no overt moves in protest to MacArthur's house cleaning. But Akahata kept up a defiant tone.

The newspaper continued to threaten a general strike "in defense of the Communist Party." It announced a protest mass meeting in Kyoto next Tuesday.

Harold Gieslers Make Home Here

Mr. and Mrs. Harold Giesler are at home in Big Spring following their marriage in Sweetwater Monday evening.

Mrs. Giesler is the former Venna Kelley daughter of Mr. and Mrs. M. J. Kelley, 211 West Avenue D, Sweetwater. Giesler is the son of Mr. and Mrs. Lee Giesler, 214 Bawcom, Sweetwater.

The marriage was a double ring ceremony said by the Rev. A. L. Patterson of the Fundamental Baptist church, at the home of the bride's sister, Mrs. L. R. Smith, 1200 Ragland, Sweetwater, at 8 o'clock.

Mrs. Dick Anderson of Sweetwater, attended the bride as matron of honor. She wore a pink crepe dress with white accessories.

The bride wore navy blue net over crepe, made with a sweetheart neckline and a full skirt. She wore white accessories and a white gardenia corsage encircled by pink rosebuds.

Mrs. Giesler attended high school at Trent, which was formerly her home. She was employed for a time at Armor's Drug and more recently at Bowen's, both are in Sweetwater.

Giesler was a 1945 graduate of Newman High school. He served in the Navy, spending two years on Guam. He was associated with his father in the trucking business before coming to work for Gulf in Big Spring about three months ago.

Howard County Girls Invited To Enter Revue

All Howard county girls are being invited to participate in the annual bathing revue, to be held at Municipal pool June 18 under sponsorship of the Big Spring B&PW club.

Big Spring merchants will sponsor the various entrants in the revue and no charge will be made for entry. All prospective candidates for the Miss Big Spring title which goes to the winner of the revue are to meet with B&PW representatives at 8 p. m. Friday at the Settles hotel.

There were 17 contestants in the event last year. It was won by Yevagene Apple.

Man Killed In Midland Crash

MIDLAND, June 8. (AP)—A bus and a car crashed head-on seven miles east of Midland today. One man was killed and four persons were injured, none seriously.

The man killed was the driver of the car. Sheriff Ed Darnell tentatively identified him as Luther C. Bearden, about 35, of Mineral Wells.

The injured—three women passengers and the bus driver—were: Mrs. Gertrude Phillips, Lubbock, shock, bruises, abrasions; Miss or Mrs. Vina Beal, Midland, broken ankle; Mrs. W. A. Wilson, Midland, broken right leg.

Clinton C. Roberts, the bus driver, Lamesa, shock, contusions, abrasions and cuts.

The three women were hospitalized here. Roberts was not hospitalized.

The accident happened during clear weather on a straight stretch of U. S. Highway 80. The sheriff said the bus, a Baygent Line vehicle, was traveling east from Midland to Lamesa, and that the car was coming west into Midland.

Bearden was alone in his car. His body was brought here.

At right is Floyd White, who is associated with Wooten in the produce and feed business. The Wooten Produce Co. is one of the largest poultry and poultry products markets in this section, in addition to serving the Big Spring area as a Red Chain feed distributor. (Culver Photo).

Gray Magic Royal Make Ideal Gift

Parents of sons or daughters who have recently graduated from high school or college and who now are thinking in terms of embarking upon a business career can find no more ideal gift than the new Gray Magic Royal portable or standard typewriter. Such a machine is handled by the Thomas Typewriter and Office Supply, located at 107 Main street in Big Spring.

Boasting a soft, gray color that banishes glint and glare, the Gray Magic machine also has finger flow keys designed for easier typing, along with Magic margin that allows the user to set the margin with a flick of the finger.

The speed spacer built into the typewriter also out types time.

The portable typewriter comes equipped with an Air-Flight carrying case, exclusive to the make, appearance.

That gives it a modern and smart

Thomas Typewriter and Office Supply has several of the models on display and invites the public to come in and inspect them.

The establishment, long one of the area's best known office supply concerns, boasts the equipment to outfit a complete office. Desks, chairs, steel filing cabinets, waste paper baskets — all are handled by the Thomas store.

The best in carbon paper, pencils, rules and allied items are also kept in stock by the concern.

Pre-Fabricated Walls, Roofs Available Here

Steel roof and wall sections, pre-fabricated to your specifications, may be obtained at the Big Spring Iron and Metal company at 1507 W. 3rd street.

A representative of the Empire Steel company of Fort Worth is now on hand at the Big Spring concern to assist builders in arranging for fabricated sections for any type of structure. Orders will be taken with assurance of prompt delivery.

Williams Coolers Assure Comfort

Year-round home comfort is assured when air conditioning and heating equipment is installed by Williams Sheet Metal Works, heating and cooling contractors for the Big Spring area.

New Chryslers, Plymouths Here

Marvin Hull Motor company is proclaiming the good news these days—the delivery of Chrysler and Plymouth passenger cars.

For the first quarter of the year, a paralyzing strike had production halted. But now new cars are flowing off the lines and into showrooms.

Already patrons may inspect the late model Plymouths at Marvin Hull Motor company, Third and Austin streets, and take immediate delivery. Chrysler deliveries have not quite attained this degree of rapidity, but they are coming along steadily now.

Besides the sleekness of lines and design, both Chryslers and Plymouths have maintained an uncanon degree of roominess. This not only is carried out in the interior, but it still applies to the back end. Where many other makes have pinched down on baggage capacity, Chrysler products have maintained depth as well as width.

The motors, of course, are one of the chief talking points. There is nothing revolutionary about the power plant, for it is a product of evolution. For years the motors have followed a rugged basic pattern that proved dependable and economical. Each year, tested refinements have been added. Year-plin on year have brought the motors to an all-time peak of performance, and one rarely equalled for performance and economy of operation anywhere.

H. L. Bohannon and staff will be glad to demonstrate the fine features of these cars to anyone visiting the showrooms.

company also constructs steel clothesline poles, gates, cattle guards, and similar devices on order.

With hot summer months just ahead, Williams' modern water or refrigeration cooling equipment is the answer to every cooling need. Williams Sheet Metal Works has either the water coolers or refrigeration units in sizes and models for any type home or business building.

The Benton street concern also maintains a staff of expert sheet metal and air conditioning workmen for installation of equipment. Service is also offered for existing cooling and heating equipment that may need repair or adjustment.

For comfortable temperatures and humidity control throughout the year, W. C. Williams, owner-operator of Williams Sheet Metal, recommends installation of heating and air conditioning units in conjunction.

Both sets of equipment can be adapted to the same duct system, providing warm air for cooler days ahead or conditioned air for the summer months.

Williams is dealer in Big Spring for two types of air conditioning equipment which he distributes cool and clean the air as it is pumped through a water screen.

Refrigerated air for the entire house is afforded with the U. S. Alreo equipment. Alreo refrigeration units come in sizes adaptable to any size home or business structure. Operation of the units is backed up by a five-year warranty guarantee, Williams said.

Packard's New Feature Proved In 10 Minutes

Only 10 minutes with the 1950 Packard automobile will convince most anyone that "Ultramatic Drive" is the successor to all previous automatic drives.

That is the opinion of H. M. Rowe, Big Spring's Packard dealer, and he is willing to follow through with a thorough demonstration of the new Packard to prove his point.

The "Ultramatic Drive" insures responsive performance, and there is no "clutch-jerking" or waiting for gears to shift. New Packards are always on display and ready for demonstrations at the Rowe Motor Co., which is located at 1011 Gregg street.

In addition to Packards the Rowe Motor Co. is local dealer

for Willys-Overland vehicles, which now feature two new powerful, high compression engines.

The new Willys-Overland engines are of both four and six cylinder types and they are available in two-wheel drive station wagons, and Jeeps, and four-wheel drive trucks and panel delivery machines.

Efficient fuel utilization, resulting in added economy of operation is one of the most popular features. At the same time, the Willys-Overland Co. has managed to retain its emphasis upon utility of design.
