Lynx beat Wolves

A record crowd was on hand at Lynx Stadium Friday Night to see the Spearman Lynx defeat the fine Dalhart Wolves 14-6 in a real thriller.

The game was a 0-0 defensive battle until the last 8 minutes of the 4th quarter when Billy Sellers ran around right end and behind excellent blocking scored a touchdown. Zane Newton added the extra point and the Lynx and their fans breathed a sigh of relief.

The game had a hard-hitting defensive battle and the sportsmanship was the OUTSTANDING part of the game. Lynx players continually picked up the Wolves, patted them on the back and the Wolves did the same thing to the Lynx.

With 6:41 left in the 4th quarter, Bodey ran up the middle for another Lynx touchdown. Newton added the extra point, and a few of the fans began leaving the game to avoid the after-game traffic jam. But, most stayed, and what they saw in the last 36 seconds was something to remember for a lifetime! From their 31 yard line, the Wolf quarterback Joe Strong faked back to pass but couldn't find a receiver and raced into the end zone for a touchdown. The try for the extra point failed and the score was 14-6 with 36 seconds left in the game. Dalhart lined up to try an on-sides kick and sure enough the Wolves covered the ball, and after 36 fruitful seconds, the fabulous Lynx defense once again held the Lynx won the thriller 14-6.

Five Candidates in State Senator's Race

Five candidates are now seeking the office of State Senator for the 31st District. They are Bob Simpson, Mel Phillips, Burk Whiteburg, all running on the Democratic ticket, and Jim Brandon and Bob Price, running on the Republican ticket. Four of the candidates are from Amarillo while Bob Price makes his home in Pampa.

The election for the Senate seat, vacated by the resignation of Max Sherman who resigned to become president of West

Texas State University, will be held on November 8. Also on the ballot will be several Constitutional Amendments.

The seven Constitutional Amendments for voters include: Proposal Number One, to prohibit or expand the Court of Civil Appeals from five judges to nine judges and to allow them to sit in panels of three judges; Proposal Number Two deals with providing an additional \$200 million in bonds of obligations for the Veterans Land

CPS Increasing Volt Line

Community Public Service Company is changing the 69,000 volt line from the Spearman interchange to Perryton to 115,000 volts. This new single pole line will utilize the existing right-of-way along State Highway 15, and will cost approximately \$1,400,000.

Community Public Service Company will also install 115,000 volt switching equipment in the Perryton substation. This \$300,000 equipment will connect with an existing 115,000 volt system. Thus, C.P.S. will have two 115,000 volt power sources in the Panhandle area.

Hounds Blast Deers 26-0!

The Gruver Greyhounds were without four starters Friday night when they took the field against White Deer. Greyhound Coach Burleson did some shuffling and brought some people up from the JV team to try and form a complete Varsity squad together.

The Hounds had a good offensive night with Jeff Tout rushing for an incredible 187 yards and Chris Dorman adding another 100 yards on the ground. Freshman receiver, Randy Karlin, totaled 67 yards in the air catching four passes. White Deer 0 0 0 0 - 00

Welding Service Relocates

Hand's Welding Service, formerly located on the Perryton Highway, is now open for business in its new location at 1103 W. Seventh in Spearman. The telephone number is the same.

On hand Thursday, Oct. 13, was Jerry Gee, president of the Spearman Chamber of Commerce, to present Bill Hand with his first dollar for the new location. Also present were Mrs. Bill (Laura) Hand and an employee, Philip Archer.

Hand was in business at the old location for approximately 18 months before moving to the new address and prior to going into business in Spearman he was employed by Northern National Gas Co.

The firm will observe regular business hours Monday through Saturday with emergency night call service available.

Hand and his wife are the parents of four children.

TRANSACTION -- Jerry Gee, Chamber of Commerce president, hands Bill Hand that first dollar with Mrs. Hand and Philip Archer, another employee, participating.

Spiritual Crusade Set

A Spiritual Renewal Crusade will be held Oct. 25 thru 28th at the Hansford County Show Barn. The services will be held each evening at 7:30 p.m. All denominations are welcome.

Courie Jobert, President of Lighthouse Ministries, a Ministry based in Sand Springs, Okla. will be the speaker. This ministry has placed tens of thousands of pieces of Christian literature in the form of Bibles, tapes and teaching correspondence courses into 14 countries, including North America and Israel at no cost.

Hutchinson Landowners Plan Battle

A group of approximately 70 landowners of Hutchinson County met Thursday evening at the Pringle school and formed an organization to fight the market tax value that the Commissioners Court has put on their land.

Some 81 farmers had previously signed affidavits requesting that their land be assessed at agricultural value, since it was their primary source of income, but legal counsel advised the group that it was apparent that no voluntary relief from the high taxation could be hoped for from the Commissioners Court.

Loyers Wayne Sturdivant and Mike Musick of the Amarillo law firm of Gibson, Ochsner, Adkins, Harlan and Hankins were present and presented their views on what the group could do if they wished to continue the battle against the inequities resulting from the re-evaluation of farm property. The lawyers for the original committee of landowners, have

been successful in getting a restraining order against Hutchinson County to prevent any tax statements to landowners being sent out, until Dec. 7 when there will be a hearing in District Court. The lawyers also outlined the steps that would be taken if relief is not received in District Court, and the group wanted to go to the Court of Civil Appeals with the matter.

After a discussion period, the group voted unanimously to form an organization to further efforts in this matter.

The group will be called the Hutchinson County Ag Value Organization. A board of directors was elected at the meeting. They are Marvin Jones, Ira Harbour, Mike Holt, Nolan Holt, Jack Allen, Britt Jarvis, Jon Jarvis, Thane McCoy and East Henderson.

The organization voted on how money would be raised for needed expenditures. A flat assessment will be charged to members, plus acreage assessment according to ranch land, dry land and irrigated land.

Hospital Directors Accept Recruiting Suggestion

Hansford Hospital District Board of Directors met in regular session Thursday, October 13, in the hospital library with the emphasis of their consideration on several agenda items under old and new business categories being a presentation by Dr. Bob Phillips of Spearman on methods of attracting doctors and other medical personnel to Spearman and vicinity.

His presentation was an outgrowth of a letter he received from a recruiting group in an Atlantic Coast state containing a very lucrative offer. He noted that this is one of several such offers he has received.

During presentation of the point that Spearman will have to be competitive in attracting doctors and allied medical personnel to this area.

Based upon his presentation and recommendations, the board authorized the hospital administrator, Jerry Taylor, to contact one or more such recruiting organizations in order to see how much an organization can help in obtaining personnel for Spearman.

Under old business, the board was informed that painting had been completed on 21 patient rooms, roof repair had been completed and interior painting and refinishing work was nearing completion.

During presentation of the discussion centered on emergency room fees and policy after it had been noted that the hospital had lost some money through nonpayment of charges accrued by patients.

It was decided that a protective device of providing insurance forms in the emergency room would be continued and pending an assignment completed by a patient.

Under new business, the board authorized purchasing a new, modular type anesthesia machine, an embosser and imprinter and an infusion pump.

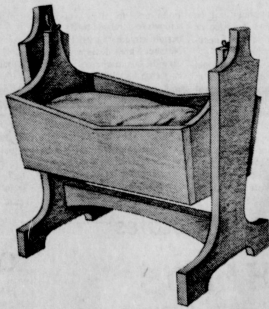

It was pointed out that utilizing the embosser and imprinter would facilitate record-keeping procedures.

AT HOME

Kangaroo mamas have one advantage over "human" mamas—their crib is "built-in." There's no need for them to dash around the house to give Junior tender loving care. He is always nearby, located quite conveniently for mother's attention.

Any mother's attention is crucial in providing a child with the religious foundations needed to produce a responsible adult. Enough freedom so that he can be independent — enough discipline to provide structure for his life. And moral precepts instilled by the Church and parental example.

One day Junior will outgrow mama's pouch or crib. Then, and only then, can parents know if they have been successful.

Child Abuse Meeting Planned

A special interest meeting on "Understanding Violence In Families" will be held Monday, October 17, 1977 at 7:30 p.m. in the Spearman High School Auditorium. Spearman Chief of Police Wisniewski is organizing a program of guest speakers from Perryton, Borger and Amarillo.

Everyone is invited to attend regardless of age, sex, race, religion or economic levels. This program is being sponsored by Spearman FHA in cooperation with Texas Agricultural Extension Service.

Child abuse knows no boundaries. It can occur to the poorest as well as the richest family; the broken home or the intact family. Black, brown, white; boys or girls; infants or adolescents. If you are concerned about the welfare of children and families, come to this special interest meeting.

The maltreatment of children is a problem of people living together who interact in complex ways. It involves not only the tens of thousands of families in which children suffer physical, emotional, and psychological maltreatment each year, but also the countless people who are attempting to understand and manage the problem: members of federal, state, and local government; those in health care, legal, and social work systems; taxpayers; and anyone concerned about the welfare of children and families.

Seen from only perspective at a time, the picture of child abuse and neglect seems relatively simple to understand. The physician, for example, may perceive it as a medical problem to be diagnosed and treated, the policeman, as criminal justice to be punished. The psychiatrist may view the problem as one of parents in need of treatment, while the social worker may see it as children in need of protection. The sociologist sees social dysfunction; the moralist sees monstrous and unnatural acts. The parents' view tends to be clouded by their desperation, feelings of failure at parenthood, and fears of punishment and criticism rather than help. The children's viewpoint is seldom known.

Seen as a whole - which is how it must somehow be understood - child maltreatment appears as a tangled web of myths, half-understood relationships, contradictory approaches to management, tragedies, suspicions, and unknowns. Fragmented perceptions and the divergent results they reproduce add to the confusion.

Do-it-Yourselfers Trained At Fix-it-Festival

Homemakers from across Hansford County learned the tricks of the do-it-yourselfer at the Fix-it-Festival, held Tuesday, October 11 at the Spearman County Barn.

Sherlene Hayes and Adalyn Barnes, members of the Hansford County Family Living Committee, along with County Extension Agents Peggy Marrs taught the homeowners how to repair leaky faucets, running toilets, and how to weatherize their homes. Jerry Holton registered the participants.

Consumer Concerns. Keep heat away from thermostats. Lamps, TVs, or even candles can generate enough heat to cause the thermostat to over cool in summer and underheat in winter, so place your thermostat at least three feet from the thermostat.

Outside gas lamps are luxury lighting. Save energy; turn them off.

Expect more two dollar bills. Sifting "two's" into circulation to substitute for a proportionate number of "one's" means less paper money will have to be printed. This will save the Treasury \$5 to \$6 million annually.

Annual Rural Homemaker's Day Set

The 15th Annual Rural Homemaker's Day sponsored by the Amarillo Chamber of Commerce Women's Division will begin at 8:30 a.m., Thursday, October 20th at the Villa Inn, Diner Theatre in Amarillo.

About 500 women from within a 250-mile radius of Amarillo are expected to attend the event, according to Mrs. Chuck (Lorrie) Gallinger. The event is designed for all presidents and council delegates of the home demonstration clubs in the Amarillo trade area.

Guest luncheon speaker will be Peter A. Dallas, vice president of the First National Bank of Amarillo. Dallas will discuss "The Credit Worth of Women." He was named credit department manager of the First National in 1965 and since 1966 has been loan officer of the FNB commercial loan department.

"Learning something new makes a better you."

Exciting programs are on the agenda for October. Following are a few activities being sponsored by the Hansford County Family Living Committee.

Understanding Violence In Families

The maltreatment of a problem of people living together who interact in complex ways. It involves not only the tens of thousands of families in which children suffer physical, emotional, and psychological maltreatment each year, but also the countless people who are attempting to understand and manage the problem.

Everyone concerned about the welfare of children and families is encouraged to attend a special interest meeting Monday, October 17, at 7:30 p.m. in the Spearman High School Auditorium when Mr. Wisniewski, Chief of Police, speaks on the problems of Child Abuse.

Rural Homemaker's Day - H. D. Club presidents and council delegates mark your calendars for Rural Homemaker's Day Thursday, October 20 at the Villa Inn in Amarillo. Registration beginning at 8:30 a.m. A very interesting program is planned especially in your honor by the Amarillo Chamber of Commerce so make plans now to attend.

Consumer Concerns. Keep heat away from thermostats. Lamps, TVs, or even candles can generate enough heat to cause the thermostat to over cool in summer and underheat in winter, so place your thermostat at least three feet from the thermostat.

Outside gas lamps are luxury lighting. Save energy; turn them off.

Expect more two dollar bills. Sifting "two's" into circulation to substitute for a proportionate number of "one's" means less paper money will have to be printed. This will save the Treasury \$5 to \$6 million annually.

13 Members Inducted In NHS

New members were inducted into the National Honor Society in Spearman this week. They were shown above in the ceremonies lighting a candle.

Dedication is only the power of making continuous efforts. The line between failure and success is so fine that we scarcely know when we pass it, so fine that we are often on the line and do not know it. How many a man has thrown up his hands at a time when a little more effort, a little more patience, would have achieved success. As the tide goes clear out, so it comes clear in. In life, sometimes, prospects may seem darkest when really they are on the turn. A little more persistence, a little more effort, and what seemed hopeless failure may turn to glorious success. There is no failure except in no longer trying. There is no defeat except from within, no really insurmountable barrier save our own inherent weakness of purpose.

David Evans, NHS President, called the meeting to order and said, "Today, by virtue of the authority extended to Spearman High School in its charter from the National Honor Society, those students of the senior, junior, and sophomore classes who have most nearly exemplified in their school life the worthy objectives of the National Honor Society are being admitted to membership. Kathy Volden then stood and led the pledge to the flag. Crystal Clark gave the invocation.

Carrie Clark, NHS Vice-president, gave her poetry selection, Dedication.

David then explained, "Membership in the National Honor Society represents the fundamental objectives for which high schools are instituted and give recognition to those who have most nearly attained the desired ends. Other honors at the disposal of this high school are partial in that they recognize only special ability, skill or talent; but the National Honor Society looks upon education as a total product measured by the four dimensions of life: CHARACTER, SCHOLARSHIP, LEADERSHIP, AND SERVICE.

Alan Shields came forward and said, "I have lighted the white candle which symbolizes character. May it illuminate the good qualities in each of us. "Character is defined in the dictionary as 'moral constitution or the qualities that distinguish one person or thing from others.' We generally use the work character to mean reliable qualities of conduct in man—such as tolerance, respect, reverence, charity, leadership, courage, service, and honesty.

"Everyone possesses charac-

ter, but what he does with that character is up to him. Every-one shapes his character in a different mold to form a different person. It gives man individuality and personality. Every act and decision has its part in the development of character, and we each have the right to choose the road upon which we think we can do best. "It is the force of character that guides men through life. Character is the power that makes great men famous, for, in the end, they are judged by what they are more than what they have done.

A person cannot just let his character develop—he must will what he is to be. It is up to you to decide how fine a character you will possess. Although the goal may be unattainable, the struggle towards it will mold character and make you the person you ought to be."

Jim Jones told the audience, "I have lighted the candle of scholarship. Scholarship is the love of learning, the search for truth, mixed with wisdom and understanding. "Each of us should use our minds, for they are instruments for understanding. With understanding, solutions can be discovered. That's what the world needs today its solutions to its many problems. Scholarship can help us gain the knowledge needed to solve such questions.

"Therefore, we must strive for a high degree of scholarship. When we have achieved this, we will be more prepared to combat the problems of this world."

Tammy Robertson, NHS Secretary, stood to say, "I have lighted the candle of leadership. Leadership in its highest sense is not simply an outgrowth of a vigorous and pleasing personality. Leadership, in order to benefit mankind, must proceed from an unselfish motive, from a strong character, and from an informed mind. It requires constant denial of self, a genuine affection for mankind, and an abiding trust in God. Humility is essential here also because the success of any leader is endangered when the leader thinks himself higher than the cause. A true leader leads by self-confidence and poise, both of which are born of experience, knowledge, and an understanding of men. Self-confidence is not conceit, but it is a genuine belief in the righteousness of one's cause and a just appraisal of one's ability and knowledge.

"The peace and prosperity of the world, the success of Christianity, and the salvation of mankind from itself are in the leader's hands. Keep in mind

that without God's help you cannot succeed; with it, you cannot fail. In you, the leaders of you own world today, lies the hope of the world tomorrow."

Elaine Reimer then said, "I have lighted the candle of service. To serve is to work and use one's talents not only to help himself but to aid others. One who serves gives much of himself and gives it willingly. "It is now in this time of political instability that our country could most benefit from our service. We need men and women who can rise above everyday matters and serve both God and man unselfishly."

Paige Mitchell led the inductees and the members in the NHS pledge. Then, Stinson Gibber and Mike Ladd guided the new members through the lighting of the candles. Pam Largent called the names of the new members to come and receive their certificates from David Evans. The new members are: Cindy Gressett, LaVon Kunselman, Louisa Ochoa, Beth Ann Flowers, Mark Franklin, Debbie Greene, Kirby Hargis, Kyle Boedy, Brenda Jones, Sabre McCoy, James Pierce, Connie Shields, and Brent Ware.

David stood again to give his closing speech. "I would like to welcome the new members to the Society which, because of its principles, is one of the finest organizations in the nation. No member has yet attained all the ideals that have been put before him; however, I challenge you to join the members already inducted in our attempt to grow into that person who illustrates the finest qualities of character, scholarship, leadership, and service; to epitomize the student who enjoys to the fullest the opportunities and pleasures that high school has to offer, who gets the most from his high school and offers the most to most from his high school course, and later from life, because he gives the most to it. "The meeting of the National Honor Society adjourned."

8th Graders tour Capulin Mountain

Six of the students who toured Mt. Capulin above are: from the left, Pam Porter, Karen Kemay, Valery Lira, Johnnie Eaton, Angela Francis, and Stacy Thomas.

Tuesday, Oct. 11th 77 eighth graders and 7 sponsors left on an annual trip to Capulin Mountain National Monument in New Mexico. The sponsors on the trip were: Mrs. Alfred, Mrs. Shoemaker, Mrs. Gee, Mr. Orr, Mr. Peary, Hamor High Principal, Mr. Robinson, and School Nurse, Dickie Allen.

It was reported the everyone had a good time. They stopped on the way at Folsom, New

Mexico, where they toured the Folsom Museum which is near the "Folsom Man" Site. This is where some spear points were found in the bones of an extinct bison in 1926. From Folsom they continued to Mount Capulin where the eighth graders hiked nearly an hour on the mountain. Some of the students went down into the pinner pine and scrub oak covered crater floor itself. Upon

arrival the students viewed a short film about volcanoes and also had the opportunity to visit various rock and picture displays. Mr. Peary explained that 8th Grade Science is an earth science course. The students learn about changes in the earth's surface. Aside from being a pleasure, the trip is made each year as part of the students' learning experience.

Orville Brummett admires the haloween pumpkin in the Spearman Reporter office. This is a real pumpkin, and was grown in the Wheeler area. The pumpkin weighs between 40 and 50 lbs. and should make a lot of pies, according to Orville.

Step Up Safely

The National Safety Council reports some 30,000 to 40,000 Americans have disabling falls from ladders each year. Many are disabled for life. And 300 to 400 people are fatally injured. For those who have home repairs or painting on the agenda, it's a good idea to give some thought to the ladder and its use.

A ladder used to gain access to a roof should extend three feet above the point of surface to enable the user to have something to grip while working or climbing onto a roof. It also allows a safety margin for a minor slip. More accidents are caused by ladders slipping and falling than anything else.

If any kind of a ladder is placed near a doorway, the door should be locked so someone can't come barging through and knock the user into the injury statistics book.

Don't reach out too far, jeopardizing your balance. Instead, move the ladder. Never straddle space between the ladder and another object. Finally, never use ladders in a high wind.

James Ranch about seven miles west of Southwestern's Plant X in Lamb County. The plant will be called "Talk Station" in honor of Roy Talk, chairman of the board of SP&C and it will have generating capability of 565,000 kilowatts. Primary fuel for the station will be low-sulphur coal which will be brought in by unit train from Wyoming. Construction of the new plant will begin next year and is scheduled for completion in 1982. Plans also call for a second 565,000 kilowatt unit to be completed in 1985.

The International Red Cross was founded in 1863 by Jean Henri Dunant.

Cook Services Held Thursday

Federal services were held at 2 p.m. Thursday at the First Assembly of God Church here for Stephen Paul Cook, 7, who died at Hansford Hospital Monday. He was the son of Mr. and Mrs. Mickey Cook of 509 S. Haney, Spearman. Rev. Glen Lester of Dumas officiated, assisted by Rev. David Smith of Carrollton, Mrs. Mamie Cook of Hays, Kan., Mrs. Helen Reising of Perryton and Mrs. Lottie Schick of Shattuck, Okla. Stephen was born Nov. 19, 1969 in Dumas and was a second grader in Spearman Elementary School. The family moved here four months ago from Dumas. Survivors include the parents, a brother, Devin, and grandparents, Mr. and Mrs. Dave Schick of Spearman and Mrs. and Mrs. L.L. Cook of Morse, and four great-grandmothers, Mrs. Willie Smith of Carrollton, Mrs. Mamie Cook of Hays, Kan., Mrs. Helen Reising of Perryton and Mrs. Lottie Schick of Shattuck, Okla. Casket bearers were Steve Huffman, Eldon Johnson, Mike Shick and Travis Reising. Honorary pallbearers were Max Banks and Max Taylor.

CHRISTMAS

Farmers should get a 65 cent per bushel payment on their allotted wheat. The payment is expected in mid-December. The government deficiency payments on 1977 wheat are part of the 1973 Agriculture Act and amount to the difference in the loan rate now \$2.25 per bushel and the \$2.90 per bushel target. Under the law, direct payments are made when average market prices fall below target prices. The wheat target for 1978 will be about \$3.05, a dollar and nickel above market prices. These levels should help farmers and keep them in this government program.

MAKE MONEY

I hope farmers will also remember seed discounts as a source of saving money. The 65 cents they receive can make them another 10 cents per bushel if invested in early ordered seed.

Southwestern Public Service Company has announced that it will invest in excess of \$200-million during the next four years for the construction of a new electric generating station on the South Plains of Texas. The announcement was made today by Bill Eiler, SPSS vice president of engineering and construction. Eiler said the new plant would be located on the

Lynx "B" Team Demolish Dalhart rolls over Dalhart

Spearman's JV hit the field at Dalhart Thursday night right off the bat. The "B" Team drew first blood scoring in the first quarter. Dayton Edwards ran around end on a Quarterback keeper for a 24 yard TD. The extra point try failed. Glen Quimby turned his ankle on a punt return early in the game, but he didn't look injured in the second period when he ran 85 yards from scrimmage for a TD that was called back on clipping penalty. It just didn't look like it was going to be Glen's night. On the very next play he took off on a 65 yard gallop ending in the end zone off but that one, too, was nullified; this time on an offside penalty against the Lynx JV.

Dalhart's junior varsity kicked a goal with 6 seconds left in the first half. It appeared that the game was to remain a close one. The half-time score was Spearman 6 - Dalhart 3. The Lynx changed that in a hurry. Action picked up a little in the second half. Dalhart came out throwing the ball. Early in the third period Reid tipped a Dalhart pass and Mahaney intercepted, returning

it ten yards to set up a 2 yard TD run by Quimby. The PAT attempt was no good. On the next Spearman series Johnny Lira took off down middle on a trap play galloping 50 yards for the TD. The PAT run also by Lira was good. Pete Owens got into the act intercepting another Dalhart pass in the third quarter setting up a TD run for himself. Dayton Edwards scored his second touchdown of the night on a 1 yard quarterback sneak. Quimby added the extra point on the run making the final score Spearman JV 34 - Dalhart JV 3.

Coach Hamilton fielded his Freshmen Thursday night ready to play football. Play saw-sawed back and forth through most of the first quarter. Dalhart scored first with 1:33 left in the first period. They passed for the extra points making the score Dalhart 8 - Spearman 0. Tylon Pierce scored the first Spearman TD in the 2nd quarter on an 8 yard run. Tylon added the two extra points on a second return and a good determined run and a good second effort after being hit by three defenders paid again early in the fourth quarter only to be nullified by an offside penalty. Spearman was held on the next four plays giving Dalhart the ball on downs. The Freshmen Lynx defense toughened up holding the freshmen Wolves to less than a yard forcing Dalhart to punt. Dalhart recovered their own punt after the ball hit a downed Spearman man. On the next play for the Lynx on the Wolves 21 yard line. Three plays later Carey Bodey carried the ball in on a thirteen yard run. The PAT attempt failed. The next score

was by Spearman with 3:23 left in the game. Bodey took it in on a three yard run and Pierce added the extra points with a run. On the kick-off Dalhart fumbled the ball, Spearman recovered and ran the clock out. The final score was Spearman Freshmen 22 - Dalhart Freshmen 8.

SVFD Session

Spearman Volunteer Fire Department members in session Thursday, October 13, checked new equipment, cleaned the station and equipment in preparation for visits Friday and Saturday in connection with the national observance of Fire Prevention Week and attended a drill on fire tactics conducted by Capt. Ronnie Antalek and some of the fire crew from Unit 40. Chief Steve Slater noted that the local unit will have two observances of fire prevention significance, the current one and a later one, probably next month.

Sorority Plans

Initiation

Rho Sorority met Thursday, October 13 at 1:30 p.m. in the home of Mrs. Mary Ann Lasater. Opening ritual was led by President Hazel Shieldknight who then presided over the meeting.

Roll was then called by Jolinda Hutchison who also announced that the dates for the Prefatorial Coffee had been changed from November 3 to October 31 and the Formal Initiation had been changed from November 12 to November 5. Minutes of the previous meeting were read and approved. Hazel Shieldknight then read the official communications.

Thank You Notes from Candie Boxwell and Donita Lasby were passed around.

Jackie Pearson gave the treasurer's report.

Penny Ralston, year book chairman, announced November 15 as the deadline for the Valentine Year Book and Song Contest.

Karl Schumann, social chairman, announced that the Rush Party for the fall pledges would be a bowling party October 22 at the Spearman Bowl Mor. Invitations will be sent.

Karen Blodgett read out of the book of Beta Sigma Phi. The business meeting was adjourned.

The meeting was turned over to Sheryl Meek, member advisor of the Preceptor Epsilon Zeta Chapter, who gave an interesting program on Beta Sigma Phi.

A skit was performed by Mesdames: Ginger Pittman, Lisa Pipkin, Kari Schumann, Patty Taylor, Penny Ralston, Phyllis Collins, Hazel Shieldknight and membership chairman Linda Blackman.

"Goodie Bags" were handed to fall pledges: Mesdames Marilyn Cline, Jodie Rex, Delinda McLaughlin and Susan Pearson.

Penny Ralston gave them road maps which told about the programs for the coming year on "Childcare", "Exercise", "Hobbies", etc. Patty Taylor gave each pledge a mirror to put in the bag to signify themselves as a reflection of the Rho Rho Chapter.

Kari Schumann gave them balloons with the names of socials that they will have this year. Lisa Pipkin, Ways and Means Chairman, gave them gold bubblegum to signify the money-making Ways and Means Projects.

Ginger Pittman presented them little sachet hearts to signify that they put their hearts in their projects.

The ladies wore the "oldest" dress they could find, and the men wore shirts without buttons, one sock, and one shoe! Troy Sloan won hi in the bridge game!

Farm Bill still a question

By Tim Assiter

There's still alot of speculation, but there are some set facts on the new Farm Bill. By the time the Food and Agricultural Act of 1977 had emerged from the Senate-House Ag Conference in early August, it was possible to predict how much money it would put in farmers' pockets and how many acres they would have to set aside to qualify.

Wheat growers, who had seen wheat prices drop by almost half the last two years, had the best news. The Conference Committee chose the Senate figure of \$2.90 per bushel as the target level, you should get a deficiency payment of 65 cents per bushel on your wheat allotment for 1977. This check should come sometime this fall.

The payment would work out this way: A farmer with 2000 acres, half of which is summer fallowed, with a 28 bushel per acre yield average on 800 allotted acres, would receive 65 cents per bushel, if he had an 800 acre allotment and he planted 800 acres or \$18.20 per bushel per acre yield average on 800 allotted acres, would receive 65 cents per bushel or \$18.20 per acre. Multiply that by his 800 acres, for a 1977 payment of \$14,560.

(According to present law a farmer will receive a 65 cent per bushel deficiency payment on his allotment or seeded acreage, whichever is smaller. Allotted acres that were not seeded will receive a deficiency payment of 22 cents per bushel for those unplanted acres.)

(A farmer that did not seed any wheat in 1977 will get the 22 cents per bushel for allotted acreage.)

One of the toughest bargaining points on the bill was the 1978 target wheat price. The Administration proposed \$2.90 per bushel, but Senator Robert Dole (Rep. Kans.) and his forces held out for the Senate proposal of \$3.10. Finally, the Administration accepted the House's proposal of \$3.00. With the House and Administration in agreement at \$3.00 and the Senate still at \$3.10, both sides halted. Finally Herbert Humphrey proposed a compromise of \$3.05 with the Provision: The 1978 wheat crop would yield no more than 1.8 billion bushels or the target would drop back to \$3.00.

Corn targets and loan prices were not so heated. But milo and barley forces slipped in a last minute change that may be back to haunt USDA officials. The final decision for corn was to keep the target price at \$2.00 per bushel, the same as the loan rate. Then in 1978 increase target to \$2.10 per bushel.

Barley and milo targets were expected to be balanced with corn as far as feed value. Farm pressure from plains and western areas, however, won production cost targets, \$2.39 per bushel for milo and \$2.33 per bushel for barley. These areas made a point that they must have some type of crop to plant on some of their diverted wheat acres. The Secretary has the right to raise loan prices, but the bill specifies loan minimums.

The loan price for milo and barley may be in relation to corn prices, therefore, it is expected to be around \$2.00 per bushel for milo and \$1.60 per bushel on barley.

or tongs; the other is to attempt to force the object out by squeezing out air trapped in the victim's lungs (the Heimlich Maneuver).

Treatment must be immediate, if the victim is to survive. Follow these steps:

1. Send someone for help but don't wait for it to arrive.
2. Ask the victim if he can talk. If he is conscious but unable to make a sound, you can be reasonable sure he is choking.
3. Using a napkin to get a firm grip, pull the victim's tongue forward as far as possible. This should lift the obstruction to where it can be seen.
4. Using the index and middle fingers like tweezers, grasp the obstruction and pull it out. If first attempts fail, place the victim on his side and strike him several times between the shoulder blades with the heel of your hand. Try again to remove the object with your fingers.
5. If this fails, use the Heimlich maneuver. Stand behind the victim and wrap your arms around his waist, allowing his head and arms to hang forward.
6. Make a fist with one hand and clasp it with the other hand. Place the fist against the victim's abdomen just above the navel and below the rib cage.
7. Press in forcefully with an upward thrust. Repeat several times. This pushes the diaphragm up, compressing the lungs, and may force the object out of the windpipe. (Usually measures may be used on children and adults, infants and small children should be held upside down, over the arm of the rescuer, and then struck between the shoulder blades.)
8. After the obstruction is removed, restore breathing by artificial respiration. Keep the victim warm and quiet. Seek medical attention.

for safe trick-or-treating by helping them choose safe costumes. Loose-fitting masks or ones with small eyeholes should be avoided. Cosmetics, burnt cork or great paint can be used as a safe alternative to masks. Costumes should have bright colors, reflective tape or other means to make children highly visible. Outfits should not include hazards such as sharp instruments, candles or loose cloth that could snag on obstacles.

Trick-or-treating as early as possible in the evening and hitting only a small area will decrease the chance for problems. Some parents prefer to take their children only to a few friends' houses.

But some children go out on their own without adult supervision. Homeowners can help themselves and these trick-or-treaters by lighting their property well, keeping pets inside, closing garage doors and putting away objects such as garbage cans and lawn furniture to prevent damage to youngsters and property.

Just like Christmas or any other festive occasion, Halloween needs preparation to be enjoyed. The only thing that makes about Halloween is that more stress should be on safety.

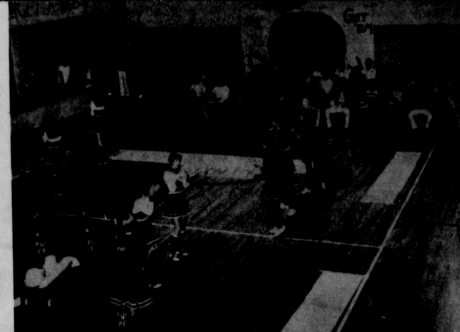

New Treats Decrease Halloween Hazards

Because many parents are spooked by the idea of poisoned Halloween candy, the occasion may be dying out. But the Texas Medical Association suggests a safer alternative to candy. Giving inedible treats may reassure parents and still let children participate in the excitement of trick-or-treat.

Giving balloons, pencils, coins and other small, relatively inexpensive items probably will please children as much or more than candy. People who give inedible treats also may save children from stomach aches caused by too much candy in one night.

Of course it is still fairly safe for children to have trick-or-treat candy that never has been unwrapped. But children should wait until parents have had a chance to inspect each piece before the kids devour their loot. Parents also should be careful toddlers do not swallow or otherwise injure themselves with inedible treats.

Adults also have some responsibility for avoiding vehicular accidents. Many children get excited and dash across streets or they simply cannot see well in their costumes, so motorists need to be especially careful at Halloween. Parents can prepare children

An all school pep rally was held in Spearman at 2:15 p.m. Friday. Local fans, and the entire school system was present to view the Champion Spearman Lynx. The Spearman Band and pep squad leaders took this opportunity to congratulate the fine Dalhart Wolves for their clean play and sportsmanship at the ballgame Friday.

Eating Out In Area

Residents of Hansford County are eating out more frequently than in former years, according to a recent survey.

As a consequence, they are spending considerably more in restaurants, eating and drinking places and in fast-food emporia.

The changing pattern shows up in a comparison of their current expenditures with those of 15 years ago. In the past year, the figures indicate, the total spent for outside eating amounted to \$198,000 when that was spent 15 years ago. In good part, this was due to inflation.

The findings are from the new, copyrighted "Survey of Buying Power," released by Sales and Marketing Management.

Commenting on the trend, it states that "rising personal income, a dramatic surge in the number of working wives, greater accessibility of restaurants, the proliferation of fast-food outlets, increased popularity of vacation trips, even the high price of food at the supermarket - these are some of the factors making more Americans do more of their eating away from home."

In Hansford County, the survey indicates, the total spent in the past year in eating and drinking places was over \$498,000. It was well above the 1961 figure of \$300,000.

Related to the local population, it represents an outlay of \$250 per household. Fifteen years earlier it was only \$160 per household.

Changing lifestyles have been chiefly responsible for the shift to eating out, according to the Labor Department.

It notes that the great majority of American families no longer consist of a husband who is the only bread-winner, a wife who is solely a housemaker and two or more children.

Today, it finds, half of all households are made up of single men and women or married couples without children. And, in the households of married couples, half of the wives go to work.

As a result of our more hectic lives, it says, \$1 out of every \$3 spent for food is going to restaurants. Ten years ago, only \$1 of every \$5 went that way.

7th Grade downs Wolves 8th Grade rolls on

The Spearman 7th grade played their best game of the year at Lynx Stadium Thursday night as the Classy Cats blasted the Dalhart Wolves 20-0. Jeff Quimby scored a 35 yard touchdown in the first quarter with 31 seconds left to give the 7th grade a 6-0 lead. Quimby added another touchdown in the 2nd quarter with 1:15 left, and he also over the 2-point line in the 7th grade a 14-0 lead. With time running out before the half, Quimby added another 46 yard touchdown scamper to give the 7th grade a 20-0 halftime lead.

Goodheart made 16 yards rushing, Randall 73 yards, Quimby 154 yards, and Torres 8, for a total of 251 yards rushing for the 7th grade. Defense was led by Lynn dominated the entire game.

The undefeated Spearman 8th grade smashed Dalhart 46-14 at Lynx Stadium Thursday. Rigdon opened the scoring with 6:30 left in the first quarter, on a 3 yard run. George added another 20 point for a 6-0 lead. Stan (the man) Sherwood added the 2nd touchdown on a 56 yard punt return, with 4:15 left in the first quarter. Rigdon made an 18 yard touchdown run early in the 2nd quarter and George added on a beautiful pass play for their next score. Stan Sherwood added another touchdown on a 15 yard run and Rigdon ran over the PAT. Rigdon added another 32 yard touchdown and Alford made the last score of the game as the undefeated Classy Lynx 8th grade won with the final score of 46-14. Rigdon had 149 yards on 13 carries to lead all rushers for the evening. The 8th grade had so many outstanding players on both offense and defense, it was impossible to mention all of them as it was a team effort.

THANKS FROM BAKER-TAYLOR

JOYCE McCOMACK, and all of the ladies at Baker-Taylor wish to thank everyone that helped at their recent sale. The money for the sale will be used to buy a scholarship for a deserving SHS senior.

PLEASE COME TO THE GIRL SCOUT HOUSE, OCTOBER 20, 1977 AT 5:00 P.M. OR CONTACT SANDY BOWLER AT 659-3038 OR 659-3434 IF YOU ARE INTERESTED. For 7, 8, and 9th graders.

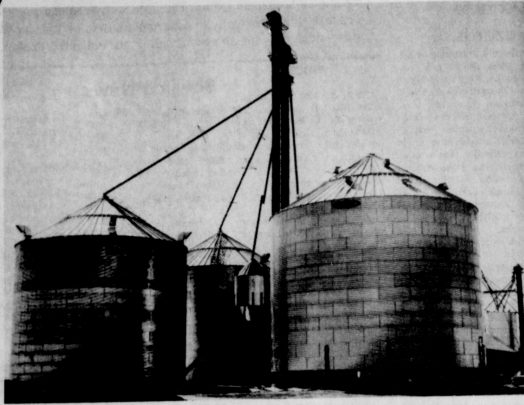

COMMENTS AND OPINIONS

We need to thank our Commuters for helping our farmers get out of a very depressed market. There is no doubt it came none to soon for many producers.

On the other hand, we are back in a government administered market. It will take an extremely able administration, and a lot of luck, to prevent a prolonged build up of surplus as we did in the 1960's. The same will be true as did in the past. As we get target prices high enough to help hard pressed
