

Large Crew Coming

Pipeline Construction Starting Here

A 93-mile pipeline will be constructed from the Michigan-Wisconsin Plant in northern Hansford County to the Wheeler gas field

A crew for the R. H. Fulton Pipeline Construction started unloading pipe here Saturday morning. There will be a pipe yard here and one at Bernstein. A total of 500,000 tons of 20 inch pipe is scheduled to be un-

loaded here this week. A San-ta Fe agent said this is probably the largest single shipment of pipe ever sent to Spearman. There will be about 200 cars

of pipe. Ford Bacon and Davis Engineering Co. is in charge of building the line for the Michigan-Wisconsin organization and R. H. Fulton Construction Co. is the contractor for the line.

The Gagebee-Creek Exten-ion, a 20-inch line, will be started at the Michigan-Wis-consin plant and run southeast to Wheeler County. It will pass just north and east of Spearman and will join a gath-ering system just north of Wheeler Wheeler.

leff Touzet will be the inspector for the Ford Bacon Davis firm. Two more men from that firm will be here also.

H. M. (Smokey) Kirby and Frank Tidwell are in charge of

the Fulton crew.

Kirby said Saturday he was not sure how many families would move to Spearman with his firm. He said there would be at least 50 families and probably more.

"Texas, Oklahoma and Kan-sas are home for some of our workers and they may send their families home and just stay here while at work, "he commented.
The Fulton crew coming here has been in Washington on a

pipeline job.
The construction crew expects to be in the Spearman area until November and possibly longer.

Yours truly and whoever it was who told us, were the only two people in town who did not know that Bruce Sheets was hospitalized with an infection, instead of a heart attack.

One would think after umpteen years in this business we would knoe better than to print coffee shop talk as fact.

Bruce, we are glad we diagnosed your case wrong and that you are making a speedy recovery.

How do you go about turning down business? This is a ques-tion we wish some experien-ced businessman would answer

For the second time in two months a large store in a neigh-boring town has asked for space in our Sunday paper. We have turned the advertising down.

Each time the ad has been as big or bigger than any ads we have in the paper. Naturally, when one has bills to be paid and a very small income the refusing of money causes much soul searching.

We suppose it is foolish to refuse the business. The discount store will probably just turn to circulars or other media to advertise here

If we refuse out of town advertising which competes directly with local businesses who are making an effort to attract people, if we do our best to put out a newspaper which people will read and offer advertising that makes an honest effort to sell merchandise and service for firms, then we can go to sleep at night with a clear conscious that we are making an honest effort to help Spearman grow .

We can continue to go to sleep at night until the finance company repossesses our bed because we were too dumb to make any money.

Borger Man Hurt in Fall

A Borger man was injured in an accident at the construction site of the Faith Lutheran Church at Eleventh and Bernice streets Friday morn-

w.E. Darsett of Borger received multiple contusions and abrasions when he fell from a truck loaded with building steel and a large piece of angle iron fell on

was taken to Hansford Hospital where he was treated for what the attending physician said was multiple contusions and abrasions.

Insurance Firm Puts Man Here

Spearman has been designated the headquarters for a field underwriter for Farm Bureau Insurance.

Carroll Jones is moving to Spearman and will be the field underwriter for the top 16 counties in the Panhandle

Jones and his family, a wife and two children, are moving here as soon as housing can be found. He will have an office in

the Farm Bureau Building. He will travel in the 16 counties in the top of the Panhandle. Jones is a former Farm Bu-

reau Service Agent and has been in the firm's underwriter's school in Waco.

Housing Needed

Apartments, houses, and trailer spaces are desperately needed, according to Chamber of Commerce Manager Don Floyd.

With an expected 150 families expected here for the construction of the Michigan-Wisconsin Pipeline and more families of the Cooper-Woodruff highway construc-tion workers, housing and trailer space is badly needed. Floyd urged everyone who has housing or trailer space to rent to list it with the Chamber office.

Three Cars Damaged in

Intersection

Three cars were involved in a wreck at the intersection of Fifth and Bernice streets Friday afternoon. No one was injured and damage was minor.

Police Chief Wayne Pierce said cars driven by Ed Dear of Spearman, Mrs. Lanore Boese of Waka and Mrs. Mike Garnett of Lubbock were involved in the accident

He reconstructed the accident in this manner: Mrs. Boese wa traveling west on Fifth when her car was struck on the rear fender by Ed Dear's car going north on Bernice. The Boese car spun around and struck Mrs. Garnett's car. She was going east on Fifth and was stopped at a stop

Pierce said the damage to the cars was light enough that all were driven from the scene

Naman Says Farm Bill Is Good

letter to the twenty Texas congressmen who voted for the recently passed House version of the farm bill, state Farmers Union president Jay Naman of Waco expressed commendation and apprecia-tion for their favorable vote.

Naman stated that the pas-sage of the farm bill was "a great victory for the farmers and ranchers of Texas; and that the result would be increased net farm income in addition to a reduction of government costs and prevention the further accumulation of excessive government stocks of surplus farm commodities

He said that the "great majority of Texas farmers is in strong support of the concepts embodied in this legislation."

Farmers Union has made dramatic membership gains in 1965. . . and I feel that our opportunities for growth Texas are unlimited because we support the farm poviews of most commercial family farmers," Naman told the congressman.

Farmers Union has tradi-

tionally supported the direct payment concepts which were extended to wheat and cotton extended to wheat and cotton in the recent legislation. The enactment of a four year commodity program, 100 per cent of parity on domestically consumered wheat, a dairy bill including manufacturing milk, and retention of the present rice program were supported by the Farmers Union.

Farmers Union sponsored a Washington Flier Project un-der the auspices of which sixty Texas farmers and ranchers flown to Washington were flown to washington during the time the farm bill was being considered by the congress. These representatives whose expenses were paid by the people in their local communities, took documented economic facts from their local financial and business institutions to show business institutions to show members of congress and dra-matize the need for good farm legislation.

Death Alert Scheduled For Labor Day Weekend

The Texas Safety Associatoday issued an "Acci-Death Alert" for the tion dental Day holiday weekend Texans to set an for the nation by and urged example our state accidentkeeping

The accident situation in Texas is favorable now for curbing holiday accidents." S. Ross Carr of Houston, TSA President, said

"But, it will take the cooperation of all citizens to get through the weekend without the usual holiday fatalities.

Traffic accidents present the greatest challenges. It is estimated that 35 persons in Texas will die in the Labor Day weekend traffic.

But, it doesn't have to be this way," Carr added. He pointed out the traffic picture is the 'brightest' it has been in several years in Texas. Since the first of this year, fatalities have shown a four

percent decrease over the same

period last year.
"And, it is doubtful that significant decrease would have been possible this year, with the increase of motor vehicles and travel on our streets and highways, if individual drivers had not put an extra effort to drive

carefully," he said.
"This same kind of caution in traffic can keep the weekend toll down.

The TSA "Accidental Death Alert: is for the weekend period beginning at 12:01 A.M. Saturday, Sept. 4 and ending at 11:59 p.m. Monday, Sept. 6. It coincides with the Texas Department of Public Safety's alert. "Operation Motorcide" alert, "Operation Motorcide
