**Abuse?

Betty Womble

The first of two "Town Hall" panel discussions on drug and alcohol problems will be held in Spearman Thursday, November 17, after viewing a special videotape of THE CHEMICAL PEOPLE, at the High School Auditorium.

A cooperative effort of the Spearman Lions Club, Morse Lions Club, Spearman Ministerial Alliance, Pringle-Morse P.T.A., the County Judge's Office, and Spearman Independent School District, the session will help the community understand the use and abuse of drugs.

Rich Melton, chairman of the Hansford County task force to organize the town meeting discus-

sion, points out that the telecast has aired on Amarillo's Channel 7 on November 3, but too many local conflicts prevented our community to schedule meetings for that date. "November 17 will work much better," Melton says.

Videotape players and screens will be in the High School Auditorium for viewing the film. Afterwards, there will be a panel discussion led by Betty Womble of Morse. Panel members will include Sheriff R.L. McFarlin, Chief of Police D.J. Alberts, Dr. David McClellan, Rev. Bill Schardin of Faith Lutheran Church, Eddy Clemmons, Principal of SHS, students

Kim Nelson, Cinda Novak, and concerned parent Loretta Cook.

The second of the two-part nationwide and community-wide program will be the following evening, November 18, and is designed to motivate organization of groups to deal with drug and alcohol problems in their own communities, notes Melton.

Again, tape players and screens will be provided in the school auditorium for viewing the program on November 18.

Melton encourages parents, teachers, and students, especially teenagers, to participate in the two special programs.

"We want to involve as many as we can. Admission is free, and we hope to fill the auditorium," declares Melton.

Local Schedule:

8:00 p.m. Panel Discussion with local experts on the local drug scene.

November 18--Spearman High School Auditorium

City, YMCA hope to improve facilities

City Councilmen moved a step closer in their efforts to expand and improve softball and youth facilities, a joint city-Spearman Jaycees project during a regular council session Tuesday night.

The aldermen first held a public hearing on the City's proposed grant application to Texas Parks and Wildlife Department for matching funds to construct the new facilities and expand and improve present ones. There were no local visitors present to voice opin-

ions on the grant application, but City Secretary Jim Murray and Gary N. Haner and David Spell of West Texas Consultants explained how some of the grant money would be used, if obtained. West Texas Consultants, an Odessa based consulting firm of engineers, planners and surveyors, will prepare the grant application for the city.

Murray said some of the money would be used to reconstruct the outfield fences to make the present Little

League park and the present nearby softball diamond both confirm to regulation softball park specifications, yet could also be used for Babe Ruth League games.

Another expense would be the necessary moving of light standards presently behind these fences, the laying of underground cable, a Texas Parks and Wildlife requirement, if grant money from this department is to be used.

Under the plan, first proposed to the councilmen a

previous session by Jaycee President Mike Cudd, the Jaycees would deed the ball-park property back to the city, so the city can claim the property as its in kind match of the state grant money. Therefore, the city would have to spend very little money, if any, on the project, yet fulfill the state "match" requirements.

Murray told the councilmen the Jaycees have agreed to be responsible for moving the

CITY from P. 1
present Little League baseball park to the local YMCA park area, and reconstructing it there.

The Jaycees use poles and excess fencing from the softball complex area for constructing the Little League park on the "Y" grounds.

Responding to a question as to whether delapidated rest-

room facilities at the present Jaycee Park would be improved with grant funds, Murray said this would cost too much in grant funds. He indicated the Jaycees might also undertake the restroom project.

Councilman Ed Garner looked directly at Spell and asked what the city's chances were of obtaining the grant.

Spell said he guessed the city would have to submit the grant application and see, that he didn't know.

Haner said he thought the city's chances of getting such a grant were good because grant money is available from Parks and Wildlife department for such projects. He added that lots of communities are not aware these grant funds are available and others don't have property to put up as their 50 percent match and feel they can't afford the match.

After the hearing, the council voted unanimously, on a motion by Garner, second by Councilman Burl Buchanan, to pass a resolution designating Mayor C. Ralph Blodgett to

submit the application and Murray to act as finance officer for the project.

The councilmen also voted unanimously to cast Spearman's votes for five nominees to the Hansford County Tax Appraisal District Board. The councilmen cast 69 votes each for five nominees—Lynn Hart, Roy Bulls, Gene Fletcher, Thane McCloy, and Jimmy Shieldknight. Councilman Bob Pearson made the motion and Councilman Wilson McClellan the second.

The council also considered and approved the regular monthly fire, ambulance, police, municipal court and animal control reports and approved payment of the monthly bills and current cash position.

Thanksgiving dinner

The Union Church's Annual Thanksgiving Dinner is all set for November 17th. People really enjoy and look forward to this every year because they now how good it is.

This year's menu will include: Turkey, Dressing, Gravy, Creamed Potatoes, Sweet Potatoes, Green Beans, Waldorf Salad, Jello Salads, Rolls, Apple, Pumpkin & Pecan Pies, Cranberry Sauce, Tea & Coffee.

All of that for \$5.00 and you even get to fill your own plate. (Children under 6 are free.)

This is a tradition The Union Church has had for more than 30 years. The proceeds of this dinner go to support various Missionary Projects and Missionaries. One such project is the adoption of a Missionary Family for one year. They send them money on each family member's Birthday, their Anniversary and for the entire family at Christmas.

They will begin serving at 11:30 and will stop at 1:30. (Take outs must be called in and picked up by 11:30.) They're baking 17 Turkeys this year and have increased all the amounts of food they fix, so there should be plenty for everyone. (If not, your money will be cheerfully refunded.)

Make it a point to be at the Union Church for lunch Thursday, November 17th. Let the annual Thanksgiving Dinner become a tradition for you too!

'Old Fashion Day'

On Nov. 20th everyone attending services at First Assembly of God, will be dressing in the fashion of some by-gone era of their choosing. There will be a fashion contest according to ages. A pot-luck lunch will be enjoyed by all. There will be the awarding of the Class of the Quarter, with the winning Class being given the privilege of throwing water balloons at Pastor Nuckels.

This Old Fashion Day will begin at 9:45 a.m. with Sunday School. At 10:45 the morning service will begin, lunch will be at approximately 12:30 p.m. and then an afternoon service at 2:00 p.m. Both of these services will feature the Isbell Singers.

In today's world when so

many families are falling apart and many young people are turning away from the church, it is refreshing to see those who are not going along with the trend. Such is the case with the Isbell Singers, a group of Pentecostal Holiness young people. The Isbell Singers have been singing as a group for ten years. God is blessing and expanding their ministry. The Isbell's have attended The Blackwood Brothers National School of Christian Music, and in 1981 were one of ten groups chosen to sing the closing concert of the school.

Pastor Nuckels and the congregation of First Assembly of God extend an invitation for everyone to attend one of these services.

Home Economics

Consumers shopping for the
traditional holiday bird will be
pleased to find that it's just as
economical as last year.

Retail prices will be about
the same, or only slightly
higher than last year.

A larger than usual red meat
supply is helping to keep
prices stable in spite of in-
creased feed costs for pro-
ducers and a reduction in the
excessive storage stocks of
turkey from last year.

Shoppers will find plenty of
turkey in the stores, but prices
will vary significantly between
different types of turkey pro-
ducts--plain whole turkey,
self-basted store brands and
self-basted national brands.

Economy and tradition
aren't the only reason that the
average American consumes
about 11 pounds of turkey per
year. Turkey is one of the best
high-nutrition, low-calorie
foods around.

Roasted dark turkey meat
contains 30 percent protein,
8.3 percent fat and 203 calories
for a 100-gram serving, which
is just under a quarter-pound.

Roasted light meat contains
32.9 percent protein, 3.9 per-
cent fat and only 176 calories
per serving.

When shopping for a turkey,
look first for the white, circular
USDA inspection mark located
on the package. This mark
assures that the processing
was done under sanitary con-
ditions.

The designation of a grade
on turkeys is not mandatory,
but a high percentage do have
a USDA grade mark.

Most turkeys sold at retail
are Grade A turkeys. Some
stores also have Grade B
turkeys and a few may
package Grade C turkeys.
Don't hesitate to buy a grade B
or C turkey when they are
available. The price will be
lower, and the factor that

caused the lower grade, such as
a skin tear, has nothing to do
with the wholesomeness of the
bird.

Since tenderness of the
meat is determined by the
age of the bird, and not the
grade, size or sex, look for the
words "young" or "fryer-
roaster," to get a tender bird.

Plan on buying a turkey big
enough to supply three-fourths
pound per person, or one
pound if you want leftovers.

Smaller families and singles
can enjoy a holiday turkey
without having to purchase
more than they can eat, by
shopping for a turkey half or
quarter. Most stores also carry
frozen boneless roasts and
rolls in a variety of serving
sizes.

Since turkey leftovers can be
frozen in any high-quality
moisture and vapor-proof
material for up to a year
without losing quality, plan-
ned leftovers make good food
management for large or small
families.

Dieters should select fresh-
dressed or frozen plain turkey.
Pre-basted frozen turkeys
have more calories and usually
cost more. Those on salt-
restricted diets should also
avoid pre-basted or processed
turkey, since salt is added to
preserve the meat and en-
hance flavor.

March of Dimes planning 'Mother's March'

Co-Chairman Carla Riggins is shown here holding the March of Dimes Golden Spread Chapter poster child at a recent meeting in Amarillo. Co-Chair-

man Carol Hergert was unable to attend. Also shown is Gina Davis, co-chairman.

A luncheon was held in Amarillo on October 18 for different chairmen of the March of Dimes Golden Spread Chapters.

The luncheon was hosted by Pia Habersong, district chairman of the chapter at the Texas Tech Medical Center in Amarillo. Dr. Naqui, neonatologist at Northwest Texas infant intensive care center, gave the program.

Those attending saw an educational film, and visited the infant intensive care center.

On November 17 at 10 a.m. the local chapters co-chairmen, Carla Riggins, Carol Hergert and Gina Davis will be hosting a brunch in the Gina Davis home.

Pia Habersong, District

Chairman will be showing a film entitled "Fetal Alcohol Syndrome".

Presidents of local civic organizations are invited to the brunch, hopefully so they will go back to their prospective clubs and will get volunteers for the Mother's Day March.

The main objective of the chapter is educating people for birth defects and pre-natal care.

Recently the Golden Spread Chapter of the March of Dimes Birth Defect Foundation presented Spearman High School with some educational modules for use in classes in health, home economics, life planning, life sciences, biology or social studies at the junior high or high school level.

Quetha Hale, community service representative, said, "These units present parenthood in a way that is relevant to the needs of the young people and are also sensitive to the concerns of the community. Parenthood is usually entered into without any training or preparation and maybe this educational program will help define the responsibilities of parenthood." It is the right of every infant to have the best possible start in life -- and it is the responsibility of every adult to insure that right.

Susan Daniel, the home economics teacher, is anxious to use this program in her classes. **STARTING A HEALTHY FAMILY** consists of three modules entitled: Starting A

Healthy Family: Choosing Parenthood; Families with Special Needs Children; Families and Futures; Helping Self

and Others. The Golden Spread Chapter has made this possible through educational funds for the following communities in the Panhandle: Stinnett, Memphis, Borger, Perryton, Spearman, Pampa, Wellington, Vega, and Dumas. All Amarillo high schools and Region XVI library also received the modules.

For more information contact the March of Dimes office in Amarillo, 355-5321.

Storytime at Library

Sixteen children attended Storytime at the Hansford County Library on Friday, Nov. 11. They watched the film, "Curious George Rides a Bike," enjoyed the flannel-board story, "The Dog Who Forgot How to Bark," and listened to two books, "Inch by Inch" and "The Very Hungry Caterpillar." "Wiggle," the library's very own

pet caterpillar, helped with the last book and turned into a butterfly for the boys and girls.

Children who were present were Blake Beedy, Brett Bontke, Rhonda Dunaway, Clint Farris, John Foster, Monty Herrington, Phillip Janzen, Amber LaRochelle, Lance McMahan, Candice Pipkin, Shauna Poole, LeShera Snider, Leann Swan, Jeremy Tarter, Eric Varnon, and Keith Winegarner.

Virginia Trindle of the Spearman Twentieth Century Club helped with Storytime this week, and Louene Hutchison helped on Nov. 4.

Next Storytime will be held on November 18 from 10:30-11:00 at the library.

Library offers instant camera loans

"Hansford County library offers instant camera loans." There are plenty of good reasons for going to the Hansford County Library -- great novels, rare journals, valuable reference books and Polaroid instant cameras that can be borrowed free of charge.

What are cameras doing in the public library? "As of today, they're part of our circulating collection," said Librarian, Rita Curtis. "Like our books, magazines and records, they're here for the public to use and enjoy."

Julie Kell, Paul Moore united in candlelight ceremony

Julie Kell and Paul Dean Moore, both of Spearman, exchanged wedding vows, October 21 at 7 p.m. in the Union Church.

Parents of the bride are Mr. and Mrs. Jesse R. Kell, and Mr. and Mrs. Billy Close, all of Spearman and Hubert Moore of Shamrock.

Julie is the granddaughter of the late Annie M. Penn and Calvin Penn of Perryton, Mary Jones of Spearman and the late Jesse Kell, Colorado Springs, Colo.

The Rev. Archie Burress, former pastor, of Seneca, Mo., officiated at the double ring candlelight ceremony.

The church was decorated with two nine branch candleabras flanking the altar with greenery and blue bows entwined.

Diane Cook of Hardesty, Okla., pianist, played the prelude music and traditional wedding march. She and Debby Waide of Perryton sang "Endless Love." Following the ceremony as the bridal couple were leaving they sang "We've Only Just Begun."

Members of the wedding party included Mrs. Ann Rook; Bambi Burger was bridesmaid and the flower girl was Missy Waide of Perryton.

Jeff Nicholson served as bestman; Michael Moore, brother of the groom, was the groomsman. Jared Cook presented scrolls to the guests. Ushers were Kevin Rook and Terry Moore, brother of the groom.

The bride, given in marriage by her father, wore an ivory sheer organza gown trimmed in lace and seed pearls, fashioned with a Queen Anne neckline, full bishop sleeves

with lace overlays gathered to deep lace trimmed cuffs. The back extended into a full length chapel train. Her veil was attached to a derby style train. She carried a colonial bouquet of white and blue carnations entwined with baby breath and greenery.

The bride's attendants wore floor length sapphire blue taffeta dresses with ruffles framing the neckline, fashioned with puff sleeves and ruffles cascading down the back. The flower girls dress was identical to the bridesmaid. They carried ivory lace fans with blue flowers.

"For something old, new, and a blue and white carnation floral arrangement. Serving were Becky Hamilton and Kim Johnson, assisted by Sherry Shields, Edith Cage, Virginia Trindle, and Wilma Francis.

For a short trip to Amarillo they wore matching jeans and shirts. Both attended Spearman High School. She was in choir and a flag girl for the Lynx band and was chosen "Who's Who Among American Students" her junior year. The bride is employed by Spearman Rexall Drug and the groom is employed by Baker & Taylor Drilling Co.

Mr. & Mrs. Paul Moore

I tried to get out of writing this column today since my mind seems blander than usual.

The boss said I had to write it, so in retaliation, I am going to tell about one of his dilemmas this week (he has had several). Anyway, the first night we had a hard freeze, Tuesday night, their heater went out and he claims he had to go out to the woodpile at 3 a.m. in his nightshirt to get a load of wood for the fireplace. I thought he was probably pulling my leg, especially about the nightshirt, but the girls here says he has answered the door in that garb.

They say a picture is worth a thousand words, but since I don't have a picture "Oh, how I wish I did", I'll just have to paint it with words.

Of course, all the people at the grocery stores are courteous and helpful, but have you noticed how thoughtful the high school age boys who sack and carry out your groceries are.

I think these boys are some of the nicest I have ever known and want them to know that I appreciate their courtesy.

The minister's wife was visiting a member of the congregation, and mentioned with particular pride, that her daughter had won first prize in a musical recital.

"I know just how you must feel," said her hostess understandingly. "I remember how pleased we were when our pig got the blue ribbon at the fair last year."

With the start of school there invariably comes the flood of school jokes and this year has been no exception.

Teacher: "Can you give me a sentence with the word 'officiate' in it?"
Pupil: "A man got sick from a fish he ate."

Diplomacy is telling someone he has an open mind when you really mean he has a hole in his head!

You don't have to lie awake nights to succeed, just stay awake days!

Everyone was invited to view the display of past president's silver trays and scrapbooks from previous years to get an idea of WDCC's history before going home. SEE WHAT YOU'RE IN FOR BEFORE YOU GET IN.

The best way to find out about today's Army is to ask. And the best place to ask is at the new Army Recruiting Station in Borger, Texas.

Recruiters are there to answer questions. About the 300 skills the Army offers, many of them part of the new technology, and most of them with civilian job application. About the salary (which starts at more than \$570 per month), with food, housing, medical and dental bills paid for.

About the pride, and how you feel when you're trim and fit and doing an important job.

They're there to answer questions. All you have to say is, "I'm just looking." Special Note to Seniors: Ask about the Delayed Entry Program and Army College Funds.

Not much of a world—when you consider all its human imperfections. Yet it's the world we are giving our children—the world in which they must grow up and find their destiny. And we keep hoping that theirs will be a finer generation—one able to improve this world.

What our children eventually do with the world depends upon *our* spiritual resources and how we share

these truths and ideals with them. By encouraging faith and showing them right from wrong, our children can become the finest generation, destined to change the world—for the better.

Is there a church in your life? There should be!
