WRECKAGE--General Telephone employees and others look at the damage done to the top 75 feet of a micro-wave tower. The top of the tower fell off Monday afternoon just as a construction crew was starting to raise it.

The pile of aluminum was a signal reflector on top of the tower. Jack McWilliams, a tower construction man, rode the tower over and was injured.

## Injured Tower Man In Poor Condition

A tower construction worker from Perryton is reported to be in poor condition in an Amarillo hospital after being injured in a freak accident here Monday afternoon.

Jack McWilliams of Perryton is in poor condition in the Amarillo hospital, according to a report in the Amarillo Daily News. McWilliams received a broken left leg and other injuries when part of a micro-wave tower fell with him Monday afternoon.

The attending physician here who administered emergency treatment said McWilliams had a broken left leg. It is fractured between the knee and hip. He also had possible chest and back injuries the doctor

said. Wind is credited with causing the accident. Construction on the tower was nearing completion, but now is expected to be delayed a month.

McWilliams and other workmen had completed assembling the top 75 feet of the 200-foot tall tower on the ground and were preparing to lift it 125 feet to the top of the completed portion of the tower.

According to witnesses, the crane operator lifted the top section about a foot off the ground and the wind caused the tower to start to swing and move around.

It was set back down and the workmen started to chain it back to the main tower, so they could wait until Tuesday to try to raise it.

After the top section was put back on the ground it rocked one way. McWilliams jumped from the main section onto the top part in an effort to get a chain on the swaying top section. As the tower rocked back the other direction, witnesses said they heard the top of the crane twist and break and the tower continued to fall.

It hit the corner of the telephone exchange building, and turned part of the way over. The tower then snapped one electric power line wire on a pole and all of the power lines leading from the transformers into the telephone building.

McWilliams managed to hang on to the tower as it fell and bounced off the buildings. He was about 60 feet up in the tower when it started falling.

Witnesses said parts of the falling crane almost hit a worker on the top of the finished part of the tower and others on the ground.

The crane was dismantled and returned to the Dallas headquarters of Tower Construction Co. Another one will be sent out to complete the job. The top section of the tower will also have to be rebuilt.

## Abston New Manager Of White House

The new manager of White House Lumber Co., in Spearman is E.C. (Ab) Abston. He replaces Cecil Fitzgerald.

Abston has been in the local yard for the past three weeks and Fitzgerald has been helping him get acquainted with the yard and customers.

Fitzgerald has been temporary manager of the yard here for the past 17 months. He started managing the yard when the late Ed Hutton became ill.

Fitzgerald will return to the company's headquarters in Pampa.

The new manager is a native of Oklahoma. He worked for White House for two years in Pampa. For the past two years he has been with a butane firm in Odessa.

Abston and his wife, Beulah, have one son, Sammy. He will be a senior in high school this year.

## Lynx Gridders Start Contact On First Day of Fall Practice

Spearman Lynx wanting to play football this fall started contact work in the second workout Monday and have been going hard in each successive workout.

Coach Don Seymour said Tuesday the 62 boys who reported for the first sessions Monday were in much better shape than the squad that reported last year.

Of the 62 reporting, 20 are freshmen and the others will play on the varsity and B-team.

The athletic director said there were only eight or nine who indicated in the Spring they would come out that did not report. None of the boys being counted upon from last year failed to report.

Several of last year's freshmen and squadmen have grown into contenders for starting positions this year. Also, some first year boys may contend for starting posts.

Boys up from the freshman squad who have grown into varsity material include tackle Randy Moore, center Glenn

Blodgett, quarterback Bill Greenway. Greenway is running third team quarterback and first and second team defensive linebacker.

Junior Harold Adkinson is getting a big try at a tackle post. The 180-pounder is trying football for the first time and showing promise.

Another newcomer on the team who is up in the top contenders for a position is fullback Bill Cator. He is running and hitting with authority. He and Clayton Cochran are battling for the starting fullback position.

Only one injury has been reported in the early days of training. Bari Blevins bruised a knee and has been slowed. He has been running on the gold and white teams.

With more depth and talent than Spearman has seen in several years, there is a battle raging for every position and fans will see many more boys getting into the games than in past years. Boys running in the red of-

fensive unit include Kenneth Shufeldt, Leroy Callaway, Randy Moore, Lynn Buzzard, Skip Robinson, Wes Brinkley, Mart Brillhart, Larry Butts, Johnny Crawford, Clayton Cochran and Mike Morris.

The gold offensive unit is Ronald McDonald, Gary Haner, Larry Sell, Richard Smith, Glen Blodgett, Larry Babbs, Harold Adkison, Jim Ownbey, Dave Clement, Cator and Rennie Berry.

The white unit includes Mike Babbs, Noel, Payne, L. Wilson, L. Morris, Gilbert, Renner, Reeves, Greenway, Holton, Whitefield, R. Gray, G. Gray, Campbell, Schnell and Robertson, Darrell Adkison is with this squad, but is still working and has not reported for practice.

The team is in two-a-day workouts, except on Wednesday until school starts Aug. 31.

The first game is here with Sunray, Sept. 4.

## Wheat Acres Change Little From 1964

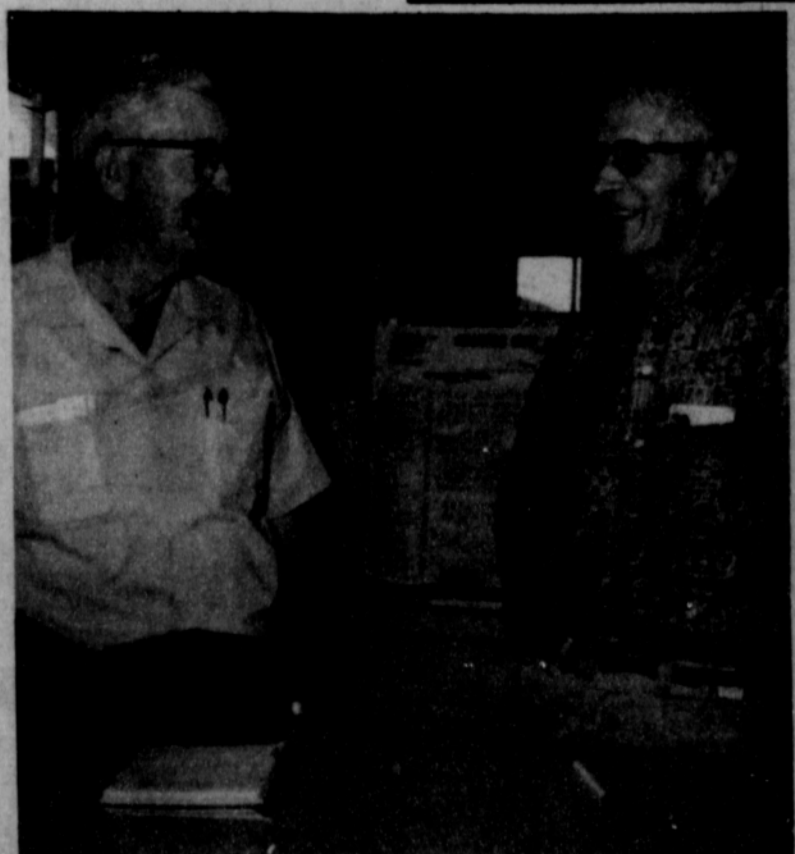

Hansford County farmers will have practically the same acreage allotment for the 1965 wheat crop as they did in 1964.

The allotment for the county for the crop to be seeded this fall is 206,119 acres. ASC office officials said this was up a slight bit and most farms received about a one tenth of an acre increase.

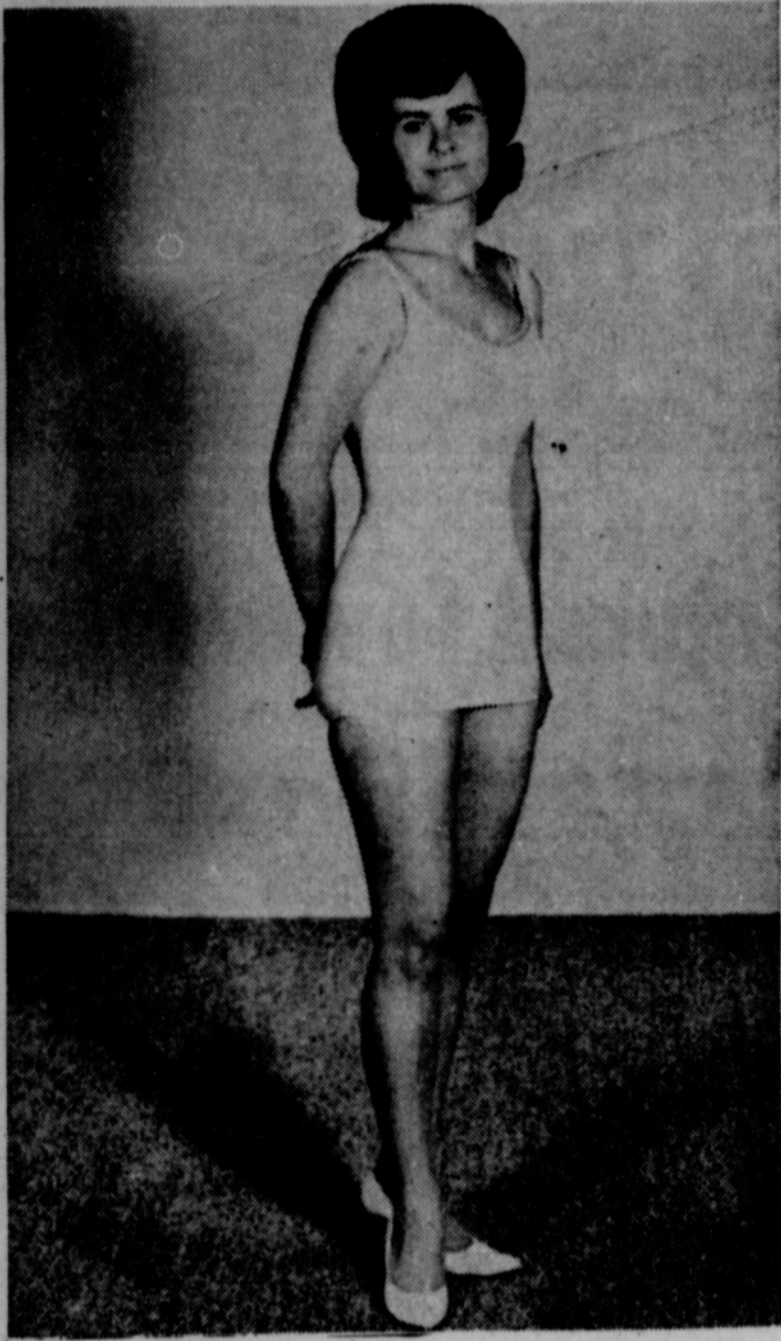

The allotments for acres and yields per acre were mailed to farmers Monday, Aug. 17. Any farmer not satisfied with his yield allotment may appeal it to the ASC office within 15 days after the allotments were mailed.

The yields this year were figured from production of 1959 through 1964.

The program is voluntary again this year, but a farmer must have all his farms in the program if he is to have any in the program.

## Rodeo Plans Are Complete

W. D. Price, Jr., president of the Top o' Texas Rodeo Association, announces today that plans are complete for the 20th Annual Top o' Texas Rodeo, scheduled for August 25-29 in Pampa.

The Kid Pony Show will be held on Tuesday, August 25 at 2:30 and 8 p. m. and will see boys and girls between the ages of five and fifteen contesting in their respective divisions.

The rodeo proper will begin Wednesday, August 26, with performances at 8 p. m. daily through August 29. A giant street parade will be held on Wednesday at 3 p. m., led by the Amarillo Air Force Band.

Beutler Bros. of Elk City, Okla. will be in Pampa for the third year with their string of wild bucking horses and bulls to test the ability of top cowboys from over the nation.

Contesting under the rules of the Rodeo Cowboys Association, the cowboys will vie for \$3,500 in prize money plus all entry fees. A purse of \$300 will be added to entry fees for the F. R. A. Barrel Race.

Cy Taillon, prominent rodeo announcer, of Denver, will be at the microphone.

Featured during the show will be the famous Hendricks family and their trained animals. Jerry Olson, rodeo clown and bull fighter, will also be featured in a Roman Act.

## State Commissioner Approves Transfers

The decision of the Hansford County School Board to allow 10 students to transfer from the Morse School District has been upheld at the state level.

County Judge and School Superintendent Johnnie Lee notified his office late Tuesday that State Commissioner of Education Dr. J.W. Edgar had sustained the board's decision to allow the transfers.

Judge Lee and board member Bob Vaughn represented the county board at the hearing. Morse was represented by attorney Bob Gassaway of Borger, Supt. John Brumley and members of the board.

The Morse school district

officials requested the hearing before the commissioner after the county board reaffirmed its allowing the transfers in a hearing before the board here.

Ten students transferred from the district to Gruver and Spearman schools. Nine of them have been transferring in previous years.

In June the County Board approved the transfers. Morse protested the transfers and requested a hearing before the County Board. In July at the hearing the board reaffirmed its early action.

After the ruling, the Morse officials requested a hearing before the State Commissioner of Education.

Supt. Brumley said earlier the contest of transfers was nothing personal against any students, but school officials feel they cannot build a strong high school if they continue to allow high school students to transfer from the district.

Morse has approximately 40 students pre-enrolled for high school this fall.

### Texas Lamb Crop Down 7 Per Cent

The 1964 Texas lamb crop totals 2,673,000 head, down 7 per cent from 1963, according to the Texas Livestock Crop and Livestock Reporting Service. For the nation, the lamb crop is down 6 per cent from 1963. The reporting service estimates the state's wool production will be down by 10 per cent to 42,652,000 pounds (grease basis).

## Mr., Mrs. Jenkins Honored At Anniversary Reception

Mr. and Mrs. Phillip A. Jenkins were honored on their twenty-fifth wedding anniversary, August 1, with a reception in their home. Hosts for the event were their daughter, Kathy of the home, and their son and his wife, Mr. and Mrs. Steve Jenkins of Lubbock.

The serving table was covered with a white linen tablecloth and centered with an ar-

angement of white mums in a milk glass bowl topped with a miniature bride and groom.

The four-tiered wedding cake which was made by Mrs. Nolan Holt, was decorated with rosebuds with silver leaves, and miniature white hearts and wedding bells accented in silver.

Presiding at the guest book was Miss Pat Pearson of Amarillo. Misses Stephanie Patton of Spearman and Pam Kirk of Berger served the punch and Miss Linda Holt and Mrs. Michael Holt of Spearman and Mrs. Steve Jenkins served the cake. Approximately sixty guests attended.

## Day By Day

Last week, in the rush of a typical Wednesday, I was responsible for leaving a story out of the paper. It was a notice by Mrs. Ethel Black saying she would soon be moving to Harlingen, where by the way, she is marrying Albert Burlison of that city.

Mrs. Black has faithfully delivered the Amarillo Daily News and Globe Times for seven years and has done the job very well in all kinds of weather. It was her wish to thank everyone for every kindness extended to her while she and her family lived here, and to inform her customers that Selma Reneau will now deliver and collect for the two newspapers.

It's certainly been hard on a lot of Spearman people this week, tearing themselves away from the evening football workouts to attend the Laymen's Revival but I'm sure it has been worth it to split the evening between those two events.

Brother and Mrs. Luther Berry were at the field right until the last minute before eight Tuesday evening, watching their son Rennie and the rest of the Lynx work out. Being as ardent a fan as he is, I had to admire Brother Berry for driving off, but then I guess we all knew where his heart is and what always comes first with him and his charming wife.

Speaking of football, the traditional Spearman-Gruver game in a few weeks isn't going to be the same this year. We will certainly miss the playful arguments with our good friend and fellow publisher, Bob Bailey, who was perhaps, as an "adopted" citizen of just two years, the Greyhounds' greatest fan and enthusiast.

We printed Bob's newspapers for him for awhile and every fall it was the same old story, his team was better than ours, the way he saw it. Burl and I always gave him the argument he expected and thoroughly enjoyed it.

I think it was a real tribute to this young man who was so interested in young people and sports, that at his funeral Monday, the large Methodist Church of Gruver was filled with a crowd comprised in a large part of young Gruver athletes, both boys and girls, who obviously knew how much they meant to Bob. He must have meant a great deal to them too, as a champion and a friend.

This bit of whimsy about the "average lifetime of an average man" amused me . . . especially the ending!

IN AN AVERAGE LIFETIME THE AVERAGE MAN:  
SCRAPES his face 18,250 times.  
SMOKES 180,000 Cigarettes.  
EATS 5 tons of bread, 5 tons of potatoes and 1 3/4 tons of meat.  
DRINKS 22,011 gallons of fluids.  
WEARS OUT 31 suits, 15 coats, 37 pairs of shoes.  
USES 507 tubes of toothpaste or denture powder.  
STRAIGHTENS his tie 52,011 times.  
HAS his hair cut 1,567 times.  
BATHES 6,000 times.

## Two Showers Given For Miss Farren

Miss Pat Farren, bride-elect of Larry Dawson, was honored Monday night with a bridal shower in the Hospitality Room of the First State Bank.

The hostesses presented Miss Farren with a corsage of white pom pom mums. Mrs. Paul Farren, mother of the bride-elect, received a bronze pom pom corsage and Mrs. Faye Dawson, mother of the groom-to-be, received a white pom pom corsage.

The serving table was covered with a white linen cut work cloth over green and was centered with an arrangement of bronze mums and pom pom mums. Appointments of silver and crystal were used. Green tapers completed the setting.

Cookies decorated in green, punch, mints and assorted nuts were served to the guests.

Mrs. Bobby Nollner presided at the serving table and Mrs. Sonny Nollner registered the guests.

Out-of-town guests included Mrs. Claude Rodawalt and Mrs. Curtis Marable from Stinnett.

Hostesses for the courtesy were Mmes. V.N. King, Hall Jones, Wesley Garnett, Sonny Nollner, Oscar Mullins, Fred Fewin, D.E. Hackley, and Leonard Jameson.

Miss Farren was also honored with a bridal shower Tuesday afternoon in Gruver in the home of Mrs. Donald R. Kees.

Hostesses for this courtesy were Mmes. Ned Turner, Robert Alexander, Sr., Jim Edleman, Bill Wilson, Paul Gumfory, Mickey Westerfield, Pat Westerfield, Corky Chapman, Rex Kees, Judy Stevens, T.C. Harvey, Gary Osborn, A.D. Reed, Bill Duncan, R.D. McClellan, Ed Rafferty, Jr., Eula Goodall, Cece Cluck, Ronnie Riley, J.C. Harris, Jon Hart, L.A. Williams, John Armes, Dick Doyle and Miss LaNetta Blankenship.

## Mrs. Floyd Is Honoree

Mrs. John Floyd, nee Judabeth Lovett, was honored with a bridal shower in the home of Mrs. Fred Groves Saturday afternoon.

The hostesses presented Mrs. Floyd with a white daisy corsage. Mrs. Jack Lovett received a white carnation corsage.

The table was covered with an antique white lace cloth over blue and was centered with an arrangement of white daisies. A white dove complimented the arrangement and white tapers completed the setting.

Pineapple sherbet punch, white cake decorated with blue roses, blue and white mints, and assorted nuts were served.

Mrs. Fred Groves and Mrs. Burton Schubert presided at the serving table.

Mrs. David Floyd registered the guests and assisted Mrs. Floyd with her gifts.

Hostesses for the courtesy were Mmes. F.B. Schubert, David Floyd, Fred Groves, John Bishop, John Brinkley, Burton Schubert, Keith Chesser, Nancy Simmons and Miss Betty Powell.

## Parker-Cornelius Vows Read In Paris Church

Double-ring wedding vows were exchanged Saturday August 15 at 7 o'clock in the evening by Miss Lynda Diane Parker and Samuel Blackmarr Cornelius in the sanctuary of the First Methodist Church of Paris, Tex. The bride is the daughter of Mr. and Mrs. Robert L. Parker, 3640 Clarksville, Paris, Tex. while the bridegroom's parents are Mr. and Mrs. Henry Y. Cornelius, 703 S. Haney, Spearman.

Emerald and jade foliage entwined in spiral and branched candelabras formed a Gothic arch illuminating a white wrought-iron Prie Dieu which completed the setting for the ceremony. The Rev. Glendall A. Jones, pastor, directed the exchange of nuptials.

Mrs. Verlin Stewart, organist, played traditional wedding selections and accompanied B. P. Denney who sang "O Promise Me", "Through The Years" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal gown of candlelight silk peau de soie designed with an empire bodice of hand-run alencon lace traced with bugle beads and tiny seed pearls. The decollete neckline was framed by scallops of lace and brief sleeves were complimented by long white kid gloves. Tiny self-covered buttons fastened the back of the bodice which was accented in center back with a peau de soie looped bow and cabbage rose. The bouffant bell-shaped skirt enhanced by garland appliques of re-embroidered lace fell in unpressed pleat back fullness and extended into a wide Cathedral-length train. Her veil of imported silk illusion fell to her fingertips from a crown of alencon lace graced by seed pearls and accented in back

with a flat peau de soie bow. She carried a cascade of stephanotis and fleur de amour centered with a white orchid.

Miss Judy Seay of Paris was maid of honor and bridesmatrons were Mrs. Hal Gibson of Dallas and Mrs. Glen Rumley of Spearman, sister of the bridegroom. They wore identical street-length dresses of emerald green satin with decollete necklines and cap sleeves. The controlled bell skirts were accented with two cabbage roses at center back and they wore matching shoes and Tom Jones bows in their hair. Each attendant wore white wrist-length gloves and carried a colonial bouquet of white gardenias and salal.

Miss Julie Parker, sister of the bride, was flower girl. She wore a white organdy dress styled with empire waist and a green Tom Jones bow in her hair. She carried a small gardenia nosegay.

Wearing costumes identical to the other feminine attendants, the altar taper lighters were Misses Sharon Perry and Pat Kemp, both of Paris. They wore white shoulder corsages.

Mrs. Parker, mother of the bride, wore a gold-green satin brocade costume with beige accessories and an orchid corsage.

Mrs. Cornelius, mother of the bridegroom, chose an ice blue silk costume with black accessories and also wore an orchid corsage.

Dan Vaughn of Spearman was best man and groomsmen were Bob Parker, brother of the bride, of Paris and Wesley Garnett, Jr., of Spearman, Jack Vanderburg of Spearman, Bill Jack McLelland of Ennis, Ronald Gibson of Spearman and Malcolm Kirkland of Spearman were ushers.

The bride's parents were hosts at the reception in the church basement following the ceremony. The bride's table was covered with a white cloth covered with white net featuring a net flounce. A large silver and crystal epergne filled with white agapanthus and chrysanthemums centered the table and the white four-tiered colonade cake with spun sugar rosebuds and wedding bells was topped with a miniature of Lynda's bridal bouquet. ## Mrs. Riley Gives Program on Trip

The Dahlia Flower Club met Monday, August 17 in the home of Mrs. Lida Allen.

Mrs. Myrtle Davis, Chairman, conducted the business session.

Mrs. Hollie Riley gave the program in the absence of Mrs. Shedeck. She showed films of the Rolling Plains Mule Train trip to Graham and told the story of the trip.

Refreshments were served to Eleanor Crooks, Ethel Baley, Carrie Clement, Louise Mullins, Myrtle Davis, Edith Sheets, Coise Gates, Hazel Loftin, Ethel Hester and Hollie Riley.

The next meeting will be August 31 with Mrs. Carl Hutchinson.

rounded the cake.

Fruit punch iced with a green cherry-filled ice ring was served from a silver punch bowl by Misses Charlotte Sikes and Carolyn Nelson of Paris. Misses Myra Tillman of Sweeney and Mitzi Riddle of Paris served the cake. Miss Jan Parker of Fort Worth, cousin of the bride and Edw. in Cornelius, brother of the bridegroom, passed out white net bags of rice from a silver tray.

Miss Sherry Jones of Paris presided at the guest registry at a table covered with a white net cloth, the focal point of which was the maid of honor's bouquet.

Other members of the houseparty included Mmes. Maurice Thompson, John Norton, R.C. Singer, Charles Bryans and Roscoe Jones, all of Paris. Each member of the house party wore a white gardenia corsage.

When the couple left on their honeymoon trip to Lake Texoma, the bride was wearing a three-piece suit of Irish imported linen with a white roller brim straw hat and white patent accessories. She wore white wrist-length gloves and a white orchid corsage.

The couple will make their home at 2902 Third Place, Apt. G-2, Lubbock where both are students at Texas Tech.

The bride is a graduate of Paris High School and is presently a sophomore secretarial administration major in the School of Business Administration at Tech. She has been employed at Texas Sesame Growers, Inc. in Paris this summer.

The bridegroom is a graduate of Spearman High School and is presently a senior education major at Tech with a double minor in math and physical education. He is a member of the Red Raider varsity football squad and the Double T. Association. He has been employed this summer with Shamrock Oil Company and Spearman Super Service.

Out of town guests attending the wedding were Mr. and Mrs. R.F. Stevenson and Mr. and Mrs. Tom Parker of Roby, grandparents of the bride; Mr. and Mrs. Worth Parker and children; and Mr. and Mrs. Joe McCombs all of Ft. Worth; Lois Raymer, Mrs. Wesley Garnett, Jr., Omar Sutton and David Collins, all of Spearman; Mr. and Mrs. Charles Hogsett of Rotan; Mr. and Mrs. Doyle Parker, Lubbock; Howell Polser of Weatherford; Hal Gibson of Dallas; Mrs. Rosemary Tinsley, Pampa; Mr. and Mrs. W.D. Lohman, Denton; Tim Bennet and Tom Neal, both of Pittsburg.

The rehearsal dinner was hosted on Friday evening by Mr. and Mrs. Henry Cornelius, parents of the bridegroom, at the Walnut Room of the Holiday Inn in Paris.

An arrangement of white agapanthus and spider mums in a silver and crystal epergne was the focal point of the decoration at the head table.

Gifts were presented to the bridal attendants by the engaged couple.

Twenty-eight guests were served from the buffet.

## Boys Ranch Rodeo Set Sept. 6-7

Sunday, Sept. 6 and Monday, Sept. 7 at 2:30 in the afternoon, the annual Rodeo will be held at Cal Farley's Boys Ranch. The rodeo each year, is the biggest Labor Day event of the Texas Panhandle and this year will be no exception.

This will be the 20th year for the famed rodeo that began in 1944 with only 65 boys who were being cared for at that time. More than 7,000 people are expected to be at the Ranch this year to watch a record number of contestants, and if they wish, enjoy a barbecue lunch before the performances. Indications are that the 1964 rodeo will be the most competitive, fastest and most thrilling the boys have ever put on. Almost 100 boys will be riding Brahma bulls, bucking broncs, and other professional

Boys who do not ride the bucking stock will appear in special feature acts, work the chutes, operate concessions, usher, and work at the many activities necessary for a successful rodeo production.

An added feature of the rodeo will be the sale of king-size barbecue sandwiches with all the trimmings that will be sold by the boys. The Ranch picnic area will provide a good lunch site for those wishing to enjoy near the rodeo arena.

Mrs. Willard Bigelow from Enid, Okla., visited here recently with her parents, Mr. and Mrs. Luther Trolinder.

Mrs. L.S. McLain and Polly visited in Denver last week with Mr. and Mrs. Ron Money.

Mr. and Mrs. Hall Jones have had as their guest the past several days, Chlor Windom from Albuquerque, N.M.

Proceeds from the rodeo will be used for the expansion of the Ranch.

Mrs. J.F. Cator and Maelynn spent the weekend in Amarillo where they met her daughter and husband, Mr. and Mrs. Jim Smith of Abilene.

A businessman sent an overdue bill to his customer with the notation, "This bill is one year old today."

The customer returned the bill with a note: "Happy Birthday!"

Annoyed wife to husband: "Can't you just say we've been married 24 years instead of 'almost a quarter of a century'?"

PUBLIC NOTICE

This notice is to call to public attention City Ordinance #240 Section #VII, which states:  
**RUNNING AT LARGE**

That it shall be the duty of the Chief of Police to cause all dogs and cats running at large within the limits of the City of Spearman to be seized and impounded. The Chief of Police shall provide a suitable place for the impounding of all dogs and cats picked up under the provisions of this ordinance and such pound shall be under his control.

At large shall for the purposes of this ordinance be intended to mean (1) not under the control of the owner either by leash, chain, or cord, or other suitable material attached to a collar or harness; or (2) not restrained securely within an enclosure or fence.

This ordinance is intended for the common good of the residents of Spearman. Because of the protections and benefits it extends we believe it a fair and good ordinance. It extends protection to residents, if complied by and enforced, for properties which dogs will sometimes remove from lawns, yards, garages, and etc. It will protect from damages and other nuisances caused by stray animals to lawns, flowerbeds, gardens, shrubbery, etc. It will extend protection to small children who sometimes do not know better than to provoke stray animals while trying to play with them until they sustain a bite from the animal. Although most of the dogs in Spearman are vaccinated this will not keep a bite from being painful especially to small children. This ordinance will help in the control of diseases among which is rabies. If one child can be saved hurt by the compliance of the citizens of Spearman and the enforcement of the ordinance by the Police Department or some property owner from suffering damage, this is a good ordinance.

While it is not the desire of the Police Department to impound pets of any person or persons, we are charged with that duty. We know most pet owners have an affection for their pets, however, since the ordinance enforcement is part of our duty to do so for the common good and protection of all effective August 24, 1964, the violation of this ordinance will be actively enforced upon view of the violation by personnel of the Police Dept. In the past it has been enforced largely only by complaint from citizens or when an animal was believed to be a stray. The date, August 24, 1964 is set so as to allow pet owners time to provide necessary means to restrain their animals on their own properties either by leash or fencing for voluntary compliance to the ordinance. Your cooperation will be greatly appreciated in this matter.

Respectfully,  
 Wayne Pierce,  
 Chief of Police

Mr. and Mrs. C.E. Blackburn had as their guests over the weekend his sister and family, Mr. and Mrs. Ten Conner from Hamilton.

Sunday guests of Mr. and Mrs. C.E. Blackburn were Mr. and Mrs. Bill Cessnun from Dalhart, Mr. and Mrs. Chunky Blackburn and Mr. and Mrs. Eddie Lee Blackburn from Amarillo, Mr. and Mrs. Ted Conner from Hamilton and Mr. and Mrs. Craig Hutchison.

Mr. and Mrs. Larry Brummett visited last week with her parents, Mr. and Mrs. R.T. Seljos in Denver City.

Mrs. Durland Sheets and children visited in Amarillo several days last week with Mr. and Mrs. Milton Tyson. The Tyson's brought Mrs. Sheets home Sunday and visited with Mr. and Mrs. M.W. Walker while here.

Mrs. H.W. Bagley is visiting this week with Mrs. Del Terry in Eunice, N.M.

**THE WAY I SEE IT**

Robert Cordes, Pastor  
 Oslo & Spearman Lutheran

Let's play a new game--rout the devil. It goes like this:

There are those who tell me that God has forgotten about me. That I live in this life alone. Perhaps I have forgotten about God.

Do I know what evil really is? Is it just a naughty word or stolen cookie, or is it a force, a bulldozing destroyer of good? It is not man's pride or lust but rather it is man's rebellion against God.

The devil wants to assure me nothing is wrong. We may have gotten a little mixed up and off the beaten path. But don't become too worried. It's his little game--to assure me I'm still okay and not to become riled up and excited.

But the game continues. God calls me to examine myself in the light of His Word, His Holiness. I see I'm anything but pure.

Because God has become man in Jesus, I see myself as the beloved creature of God's suffering love. I see Jesus crying on the cross, "My God, why have Thou forsaken me." I see it was love suffering for me.

When evil has been scuttled in my life, I have only God to thank.

"Resist the devil and he will flee from you." (James 4:7)

"Blessed is the man that endures temptation: for when he is tried, he shall receive the crown of life which the Lord Jesus has promised to those who love Him." (James 1:12)

A new game: Rout the Devil! Will you call upon the Holy Spirit for instructions on the rules of the game? Everyone should play it. Would that we all learned it--according to God's rules.

Mr. and Mrs. James Walker of Waco recently spent three weeks here visiting his parents, Mr. and Mrs. M.W. Walker.

... to scenic Arkansas in General Telephone Country

**Prescott-Vacation Headquarters**

Situated in Southwest Arkansas, the bustling city of Prescott is the center of many scenic attractions. Eight miles away is ARKLA VILLAGE, an authentic re-creation of a typical frontier town of the mid-1880's, where there's fun for all the family. In another direction you take a ride on the Possum Trot Line of the READER RAILROAD driven by an old-fashioned steam engine. Go another way to a real DIAMOND MINE where, for a small fee, you can dig for your own diamonds (one woman found a \$15,000 stone). Then there's OLD WASHINGTON, a famous roadside inn, which around 1830 was the last outpost before reaching the wilderness of the West. To these attractions add NARROWS and WHITE OAK lakes, and you have a wonderful vacation spot -- another of the many places to go and things to see in General Telephone Country.

## County Agent's Report

Democracy where speech is free but everything else is taxed.

### AGENT'S SCHEDULE

I will be out of the office on annual leave from August 24 through September 7. I will be in Red River, New Mexico leading activities at the Community Building during that period of time.

### WATER CUT-OFF ON COTTON

Stick to the recommended water cut-off date for your area and come out dollars ahead in the long run. This is what research at the South Plains Research and Extension Center shows.

Based on research findings by Shelby Newman, Agronomist at the Center, application of irrigation water late in the season has several bad effects. One of these is lowering of quality--that results in a decrease in net returns per acre. Although total yield per acre may be increased in some areas with late irrigation, the resultant lowering of cotton quality usually means decreased net returns, plus added costs of the late irrigation. Late watering also encourages rank cotton growth--which delays maturity and decreases the efficiency of once-over stripper harvesting.

Results of many years research at the Center shows cotton grown in the Lubbock, Plainview and Brownfield areas have different responses to late irrigation.

In the Plainview area, tests show August 20 as the most optimum cut-off date. For the Lubbock area, August 25 has been shown the best water cut-off date. In the Brownfield area, no adverse effects have been shown when the water cut-off date is as late as August 28.

Late irrigation in combination with excessive nitrogen tends to aggravate the excessive growth problem. This is all the more reason for strict attention to a cut-off date for your farming area. Irrigating late in the season will also contribute to increased boll set. These bolls, in normal years, haven't matured by frost (or harvest) and thus cause a lowering in cotton quality.

With the pricing program for cotton partially based on micronaire, plus the critical need for increasing the areas overall staple length, this means producers should be more conscious of water cut-off dates than ever before.

### CHANGE PROPOSED

A revision of U.S. quality standards for beef has been proposed by the U.S. Department of Agriculture in line with recent recommendations of the National Advisory Committee on cattle and several state and national cattlemen's organizations.

De-emphasis of maturity as a grading factor in young beef is the major proposed change, says Frank A. Orts, Extension meats specialist at Texas A&M University.

This revision would result in some reduction of marbling requirements for prime, choice, good and standard grades and would reduce the number of maturity classifications in these grades from three to two, Orts points out. It would also eliminate the two marbling degrees in excess of that now classified as "abundant" in determining quality grade.

The other revision, he said, is that all carcasses must be ribbed to be graded; that is, the hindquarter and forequarter must be separated between the 12th and 13th rib so the ribeye is visible to the grader.

Although beef palatability tends to increase with age, increased marbling tends to enhance palatability. Thus, says Orts, grade standards require increasing amounts of marbling to compensate for increasing maturity.

Recent research has indicated that additional marbling required to offset increased maturity in cattle under 30 months of age has been over-emphasized, the specialist says. The new proposal would reduce by one degree the marbling required in choice grade beef carcasses from animals 28 to 30 months old.

The USDA states the revision will simplify application of grading standards and grading of only ribbed carcasses would make the nationwide grading service more accurate and uniform.

Guests of Mrs. Gertrude Archer and Mr. and Mrs. Freeman Barkley and Mary Ellen recently were Mrs. J.S. Huffhines and Jan from Amarillo.

Mr. and Mrs. Gus McMillin of Borger were guests Sunday in the home of his brother, Mr. and Mrs. Corky McMillin.

Miss Karen Stockdale and her mother, Mrs. C.W. Stockdale went to Oklahoma City Wednesday and returned Saturday.

### Modified Certified Area Certificate

COOPERATIVE BRUCELLOSIS ERADICATION  
UNITED STATES DEPARTMENT OF AGRICULTURE  
Agricultural Research Service  
Cooperating with the State of  
Texas

This is to certify that Hansford County has been declared a Modified Certified Brucellosis Area by virtue of the fact that Brucellosis has been reduced to not more than one percent of the cattle in not to exceed five percent of the herds as indicated by official testing and other approved procedures conducted under the cooperative State-Federal program.

This certificate is valid for the period of July 5, 1964 to March 30, 1967.

## County Gets Certificate

Hansford County has now been declared a Modified Certified Brucellosis Area by the Texas Animal Health Commission.

County Agent Robert Adamson recently received a certificate from the commission certifying the county as qualified for the recognition.

By reducing the incidence of brucellosis infection to not more than one percent of the

cattle and not more than five percent of the herds, livestock owners and the County have achieved an enviable status, according to R.G. Garrett, Executive Director of the Commission.

Garrett said every effort should be made by local enforcement officers and citizens to protect this investment in the health of their livestock. Livestock owners of the

county can now ship cattle with few restrictions insofar as brucellosis is concerned.

Garrett said it is everyone's responsibility to prevent the possible introduction of brucellosis infected cattle into the county. This would jeopardize the current status of the county.

## Date Extended For Conservation

Congress has extended the date that a farmer or rancher may enter into a Great Plains Conservation Program contract

to 1971. The original law would have set this date as December 31, 1966, as reported in last week's paper. Wayne Chapman, who is in charge of the Soil Conservation Service Unit in Spearman informed us that he was not aware that the law had been changed when he sent us the news article last week.

This program is one that allows from 50% to 80% cost share on permanent type conservation practices.

Cost share up to \$25,000.00 per contract is available on all eligible conservation work except Brush Control & Irrigation Practices. These practices have a limit of \$2,500.00 per contract.

See your Soil Conservation Service for assistance in working up your Conservation Plan to be submitted for a Great Plains Conservation Program Contract.

They are, front row, l-r, Dorothy Buzzard, Joyce Jones, Miss Ethel Deakin, M.W. Graves, Grace Kunkel and Robbie Williamson. Back row, Olanda Reynolds, Gene Schnell, Frank Porter, A.L. Wilson, Jr., Louis Schnell and Jack Hendrix.

## Twentieth Anniversary Observed By Spearman Seniors of '44

The 20th anniversary reunion of the Spearman Senior Class of 1944 was a huge success. Some 35 class members and teachers and their families relived those exciting school days together in a four hour gathering last Sunday afternoon.

Joyce Jones, chairman of the planning group, read the 1944 class will, prophecy and history. Then Frank Porter, Master of Ceremonies for the reunion, read interesting letters

from class members and teachers who could not be present. Each class member and teacher present in turn gave a brief talk on what they have been doing since graduation day in 1944.

Class members and teachers and their families in attendance were Miss Ethel Deakin of Guymon, Okla., M.W. Graves and Olanda Reynolds of Borger; Mrs. R.E. Williamson (Robbie Jo Graves) of Phillips;

Jack Hendrix of Hardesty, Okla.; A.L. Wilson, Jr. of Lubbock; Gene Schnell of Montgomery, Alabama; Louis Schnell, Mrs. Lloyd Buzzard (Dorothy Hester), Mrs. Marvin Kunkel (Grace Lee Lawson), Mrs. Joyce Jones and Frank Porter, all of Spearman.

Lovely refreshments of cake, coffee and punch were prepared and served by Mmes. Buzzard, Kunkel, and Jones.

The class decided to stage another reunion in 1969.

## New SS Class Being Organized

A new class is starting this Sunday at the First Methodist Church.

The class is for single or married persons from the age of a senior in high school through 25 years. It will meet at 9:45 in the old Fellowship Hall.

Mrs. Fred Groves is to be the teacher.

### ASC Committee Deadline Friday

Friday is the deadline for nominating ASC Community Committeemen, the ASC office reminded farmers this week.

Candidates may be nominated by petitions signed by at least six or more eligible voters. The Community and County Committees may also nominate as many as they feel are required.

The election will be held by mail and the ballots must be returned to the County ASC office by Sept. 10.

### Adamson To Be Recreation Head

Robert Adamson, County Agriculture Agent, will be Recreation Director at the Community Building in Red River, N.M. for two weeks, beginning Monday.

Adamson is taking his two weeks annual leave and will be out of his office until after Labor Day. His family will accompany him.

He will direct square dancing, bridge tournaments and movies in the evening. Each Sunday he will help conduct Sunday School classes in the building.

Adamson replaces Bob Laney, a teacher in the Amarillo Public Schools. He is returning to the classroom.

### Irrigation Now Enters Second Phase

Hansford County's fast growing irrigated farming industry is entering its second phase---more than one well per section. The first phase of a well per section took approximately 15 years and two drouths to complete. Irrigation, on more than an experimental scale, started here in the early 1952's when the drouth of those years wiped out the lush dryland wheat crops.

Rains late in the same decade brought the irrigation surge to near halt. It was to lie almost idle until the current drouth brought it back to life late in '62 and caused it to rush to full bloom in 1963.

Early in '63 observers were predicting an increase of 100 wells would be a big year. Then the year was over 198 wells had been drilled or applied for.

The county now has a total of 656 wells either in operation or applications have been made for the wells. Twenty-two of the wells are for city or industrial use, leaving a total of 634 agriculture wells. There are 16 wells in use, five '63 permits and 63 permits from 1964 are still pending completion.

Dallasene Reynolds, office secretary for the Conservation District here, says applications are being filed slower, now.

She credited this with farmers being busy preparing land for irrigated wheat and also everyone watering milo. The map of well locations in the county show very few dryland sections without a well.

Miss Reynolds said practically all applications now are coming from farmers putting down their second or third well. Only occasionally does a farmer apply for a first well.
