Lynx Maul S-F Eagles, 39-0

Mercury Goes To 28 Degrees Friday Night

Spearman had its first official freeze of the new fall and winter season Friday night, but you can take your choice as to the amount of damage done to

the amount of damage done to the late maize crop.

Mrs. Pat Cates, official wea-ther observer, said the low for early Saturday morning was 28 degrees, but she has no way of recording how long the temper-ature was below freezing.

Friday was a raw day in Spearman as the wind blew a gale all day and there was sleet and some rain in the air. There was one hard downpour

of sleet for about five minutes.
Estimates of the freeze damage ranges from "the maize is

to none. Farmers with mature maize were hoping the freeze would get the maize ready to cut, but those with late crops are waiting to see how much damage had been done. One farmer said he had 40

acres of green maize southwest of Spearman and he did not find any damage. Another said he had been driving around and the maize was black from

the freeze.

It was the opinion of some that the temperature would have had to stay at 28 degrees for a long time for it to really kill the maize.

Some reports in town said that plants outside Friday night were not seriously damaged.

BIG MAN - Steve "Scooter" Jordan is cornered by two Fritch Eagles after he picked up several yards on a pitch-out. Jordan scored three touchdowns in the 39-0 win over Sanford-Fritch. Plainsman photo

B-Team Beats Fritch B 14-0

Spearman's B-Team got its first victory of the year Thurs-day night by beating Fritch 14-0 on Lynx Field.

The Lynx scored in the first quarter and made it stand up until the fourth period as the 13 boys on the team battled to hold onto their first win.

A blocked punt gave Spear-man its first score, P. A. Lyon, III led a charge of three Lynx linemen who blocked the Fritch punt. Lyon man-aged to get the bouncing ball at the Fritch 20. He stepped away from two

or three would-be tacklers

and went in to score. Quarterback Jim Brown rolled out around end to make the score

8-0.
Brown stopped one Fritch drive at the Lynx 25 when he intercepted a pass on the Lynx 25. He ran it back to the Fritch 24 before being tripped up. Lyon stopped another Fritch effort by recovering a fumble at the 42 yard line.
Coach Allen Simpson said Lyon, Don Mach, Jock Lee and Howard Klos did a good job in the defensive line.

job in the defensive line.

Spearman got its final score on a quarterback option. Brown kept the ball and went 21 yards to score. A fake kick on the extra points try failed. Joe Hutchison and Bruce

Brown turned in some good runs. Hutchison, the mightymite fullback, was effective on smashes into the big Fritch line. He was also a steady per-former as defensive lineback-

Brown'kept Fritch in the hole with some booming punts.

ARTISTS HAVING **OPEN HOUSE TODAY**

Open house will be held this afternoon at the Memorial Li-brary in Perryton from 2 until 5 p.m. honoring Mrs. Bill Hut-ton of Spearman and her oil painting class.

There are approximately 40 paintings in the exhibit the class has on display. Beginning as well as experienced artists have work in the exhibit, according to Mrs. Hutton.

The public is invited to attend the open house and exhibit.

'Scooter' Sparks Lynx To Second District Win

Four long years of battling to prove he is big enough to play football exploded into glory Friday night as Steve "Scooter" Jordan led the Spearman Lynx to a 39-0 victory over the hapless Sanford-Fritch Eagles.

The 5'4" muscleman scored three touchdowns, set up two more and played his usual hardnose style of defense.

Lynx Coach George Wright shifted over to his sophomore quarterback Mike Davis and his second unit midway of the

his second unit midway of the third quarter as Spearman was

leading 33-0.

Spearman lost little time tak-Spearman lost little time taking command of the wind-blown contest. The Lynx received and were facing the gale from the north. The Eagles nor the wind had much fuck stopping the Jerry Holton led rushing surge. He was helped by halfbacks Bobby Smith and Wesley Jenkins. At the 35 quarterback Charles Shieldknight sent everyone into the line without the ball and he rolled around end for 26 yards.

26 yards. He fumbled as he was tack-led but center Karl Kunselman was there to recover for the Lynx. Two plays later, Shieldknight faked everyone out again and went 10 yards for the first touchdown, Bobby Smith galloped over for two points and Spearman led 8-0.
Fritch got to the Lynx 35 late in the first quarter, but the drive fizzled when Hal Shu-

drive fizzled when Hal Shufeldt intercepted a Danny Page pass on the Lynx 22. Early in the second quarter, Shieldknight set up the second, Lynx scoring drive with a pass interception, He set up the score with a 32 yard run to the Fritch 20. Smith got nine after a 5 yard penalty, then Jordan went 14 to the two, Jerry Holton bulled in on the second play from the one. Shieldplay from the one. Shield-knight kicked the point to make the score 15-0.

A 12-yard Fritch punt set up

the third score for Spearman. The Lynx took only four plays to cover the 30 yards. The big one was a 23 yard pass from Shieldknight to Jordan to put the ball on the four. Jordan raced over on the next play. Shieldknight's kick hit the crossbar after the holder had Shieldknight's kick hit the crossbar after the holder had trouble handling the snap from center. The score was 21-0.

Jordan started the second half with a bang. He got the ball about the Lynx 30 near the sideline and roared straight ahead. The line cleared him running room and with Kunselman leading the way, he went the last 30 yards unmolested. The run was good for 70 yards. The try for points was no good and Spearman led 27-0.

Fritch tried to punt but the snap from center was high and punter Charles Convers was dropped at the Fritch nine.

The wave of tacklers was led by Steve Holton.

Jenkins and Shufeldt pushed to the five and Jordan scored. The try for points was no good and the Lynx led 33-0.

Spearman did not ger another

marker on the board until late in the fourth quarter, but they kept the Eagles bottled up in their own end of the field throughout the second half. Spearman had several deep

penetrations that stopped. Shieldknight hit Jordan for a 21-yard pass but the Lynx fumb'ed the ball away late in

the third quarter.
Ronnie Gray got the ball back
by recovering a fumble two
plays later, but the Lynx were
unable to score from the 26.

Another drive died at the nine when Pat Anderholt intercepted a Lynx pass in the end zone.

Late in the fourth quarter, Spearman drove in from the Fritch 34 for the last score of the game, Shufeldt, Gary Cates and Davis drove the ball to the five and Bobby Smith went over, Jordan failed on his try for two points after Spear-man was penalized back to the

man was penalized back to the eight.

In the last effort Pritch got to mid-field, then Steve Holton and Keith Reeves dropped the Eagles on two successive plays for a total of 15 yards lost.

They never recovered.

Fritch fumbled five times

and the Lynx got four of them. Steve Holton got two, Jerry Holton and Ronnie Gray each

RailroadsAre Paying Palmer Gets \$19,058 Local Taxes

Current annual taxes paid to the various government agen-cies in Hansford County totaled \$19,058, it is announced by the Texas Railroad Associa-

That amount was the county's share of the nearly \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contri-

bution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' nearly 35,000 Texas employees contributed on their own property. The vast major-ity of rail workers, many of whom live in Hansford County,

country and state depending to a great extent upon the education of our youth, I am delighted that nearly half of the taxes paid by the railroads go to support the schools," said Walter Caven, general counsel of the Texas Railroad Association. "Recognizing this sociation. "Recognizing this need for education, many of the railroads operating in Tex-as also make scholarships available to a large number of students every year."

Carry-All Can Help

Convert a metal six-pack pop bottle carton into a carry-all to use as you clean the house. Furniture polish, sponges, rags, cleaning solureach at all times.

"Happiness is Texas Tech" To Be Homecoming Theme

Lubbock, Oct. 15- "Happi-ness is Texas Tech" will be the theme of Tech's 1966 Homecoming Celebration Friday and

Saturday (Oct. 21-22).

The Homecoming parade and all other major weekend events will be based on the "Happiness" theme as Tech observes its 41st anniversary and honors students from past years.
While alumni are looking for-

ward to reunions with old friends, Tech students will be busy next week selecting Homecoming Queen finalists, putting finishing touches on floats and dorm decorations and preparing for the multitude of receptions by the various fraternities, sororities and depart-ments of the university.

Special guests on campus during the festive weekend will include 41 former editors of

The Gift

Box

The Toreador.
Highlighting the jam-packed schedule will be the Tech-SMU football game at 2 p.m. Saturday in Jones Stadium, preceded by the presentation of the Homecoming Queen and

her Court.
The two-day program will include events of interest to both current and former students, as well as thousands of

fans, friends and boosters.
At 7:30 Friday, the Southwest Conference Circle will be the scene of a giant pep rally featuring members of the Red Raider football team, that Goin' Band from Raiderland and thousands of students.

After the pep rally, the scene will shift to Municipal Auditorium where the Homecoming Queen will be crowned in an elaborate ceremony beginning at 8:30 p.m. Identity of the Queen, chosen by campus-wide vote from the 30 nominees representing Tech student organizations, will not be re-vealed until time for the cer-emonies. Miss Mary Ellen Barkley, a junior student at Tech, and the daughter of Mr. and Mrs. Freeman Barkley of Spearman, is one of the Homecoming Queen candi-dates. She will represent Doak Hall in the Homecoming Queen

contest this year.

Alumni will gather for class reunions Friday night. Mem-bers of the classes of 1946-66 will have a reunion and dance in the Union's Coronado Room

beginning at 9:30 p.m.
Members of the classes of 1925-1945 will hold their get-together and oldtimers dance at KoKo Palace Ball-room, 50th St, and Avenue Q at 9 p.m. Both dances will feature the "Happiness" theme.

Traditionally one of the most colorful events of the gala weekend, the 1966 Homecoming Parade will begin at 10 a. m. through downtown Lubbock with more than 25 floats and

"Eighty-four acre feet of water have been stored in the Ogallala formation from the Ogallala formation from the two playa lakes at the High Plains Research Foundation thus far in 1966. The water conserved is enough to apply four inches per acre on 253.8 acres," according to Jim Valliant, Soil Scientist, who completed his B.S. in Agricultural Engineering at Texas Technological College. Five hundred and eightyone acre-feet of surplus lake water from rain and tailwater run-off into the playa lakes

run-off into the playa lakes have been placed underground through recharge from 1959 to January, 1966. This does not include the 84 acre-feet recharged this year. The 581

acre-feet amount to 27.6 per-cent of the total amount pumped from all four wells on the Foundation farm during this time.

These artificial recharge wells are multi-purpose. They are (1) an irrigation well, (2) a recharge and drainage well, (3) a lake pump, and (4) a

return system.

Proper installation and proper maintenance are the keys to the success of multi-purpose (recharge) wells. The three major installation fact-ors are (1) an intake control valve, (2) an air vent, and (3) the casing perforated 20 to 30 feet above the static water

Proper maintenance consists

of these three main phases:(1) Recharging for twenty-two hours and pumping for two hours and pumping for two hours, (2) recharging water at 85 percent of the pumping rate, and (3) use of the multipurpose well for irrigation whenever possible--use this
well more than the other wells.
Each phase is designed to remove any solids which are
placed in the formation and keep the well at peak pumping and recharge capacity. Grasses and other crops such

as hybrid grazers are being studied as a means of clearing water in the playa lakes and to obtain income from an other-wise unprofitable area on the

plus water can be an immediate means of conserving water and replenishing the ground-water formation in the Texas High Plains, as well as being

profitable.
Mr. C.H. Janeway, Special
Representative of the Foundation, in reporting this interview with Mr. Valliant said;

"Jim has assisted many farmers and some irrigation companies as consultant in planning and supervising the installation of multi-purpose (recharge) wells at the Foundation. Some of these locations are Hart, Edmondson, Olton, Littlefield, Lockney, Tulia, Hale Center, Cotton Center, and Plainview."

Mr. and Mrs. Garland Head and Ronnie spent last weekend in Amarillo,

Kathi Pattison At Phillips U.

Kathryn Pattison, the daughter of Mrs. Helen J. Yeary of Waka is enrolled at Phillips University for the institution's 60th academic year which began September 14, according to Merrill H, Ziegler, Univer-

Kathryn, a 1966 graduate of Spearman High School is a freshman at Phillips this year. Her major is Political Science.

Phillips is a fully accredited four year liberal arts uni-

ed, four year liberal arts uni-versity affiliated with the Christian Churches (Disciples of Christ).

Harris On Kerbel Show

CANYON--James Harris, coach of the rugged Phillips Blackhawks of District -1-AA, will be the feature guest on the Joe Kerbel TV show Monday

night.
The Kerbel Show, a favorite among West Texas State Buffalo fans, will be telecast Monday night (10:30-11 p.m.) over KFDA-TV channel 10,

Amarillo.

Harris, in his first season as head football coach at Phillips, was given the pre-season nod as district favorite. The Blackhawks are currently 4-1 with wins over Canyon (18-6), Hereford (20-8), Spearman (35-8), and Dalhart (20-0). Phillips loss was to state rank-ed Dumas of District 1-AAA.

Other features planned for Monday night's show will include a scouting report on New Mexico State, the Buffs next opponent, film highlights of the University of Richmond game and the usual candid commentary from the affable Buffalo head coach.

Mr. and Mrs. Garland Head were in Dumas Wednesday at-tending the funeral of Everett

Issues New Travel Book

Texas Highway Department

Two years of detailed research were culminated today with the release of a compre-hensive, 176-page "Texas Travel Handbook," published by the Travel and Information Division of the Texas Highway

Department.
The glove-compartmentsized book contains more than 1,500 items of interest ranging from Alibates Flint Quarries to General Zaragoza's birthplace. In the family of materials now published by the Highway Department, the new Handbook fills a need by providing specific information on points of interest and where they are 10cated.

As State Highway Engineer Engineer D.C. Greer pointed out, "We have in the past at-tracted visitors with a colorful array of brochures, maps, motion pictures and posters— all broad in scope. But once within our borders, there was no single volume to introduce

specific sites of interest.
"This new publication,"
Greer said, "will lead our visitors to attractions in every corner of the state.

In addition to guiding the individual visitor, the new "Texas Travel Handbook" will serve as a reference tool for national travel writers, whose interest is increasingly focused

upon Texas.
"Through Highway Depart-ment distribution channels." Greer said, "the new travel handbook will be placed in the hands of travel writers, editors and publishers throughout the United States -- and in fact, in many countries over the world. However, Greer said, "the Handbook will not be available in bulk quantities for redistribution, Rather, it will be provided on a select and individual basis to the ac-

detail, some omissions are in-evitable at the first printing. As new sites and attractions develop, and our information is updated, subsequent print-ings will include those new it-

Handbook subjects are as varied as the state itself, rang-ing from the melancholy Empty Saddle monument in Dal-hart to the humorous Popeye statue in Crystal City, With the Handbook as a guide, trav-elers will discover dinosaur tracks and Indian pictographs; learn the location of little-known ghost towns, and follow specific directions to the most popular attractions of modern Texas cities.

Special sections provide in-formation on recreational fa-cilities in Big Bend National Park, four National Forests, and more than 50 Texas State Parks. Summaries of Texas

Parks, Summaries of Texas
hunting and fishing regulations
are provided, as well as information on visiting Mexico.
In producing the book, the
Highway Department was assisted by several groups including the Regional Chambers of
Commerce of Texas, the Texas State Historical Survey
Committee, Parks and Wild-Committee, Parks and Wildlife Department, Texas Water Development Board, and many other state and private groups. Significan contribu-tions were also realized from city officials, civic and fra-ternal organizations, and nu-merous individuals interested

in the Texas travel program.

The new "Texas Travel
Handbook" will be available to more than 750,000 visitors who annually call at Highway Department Tourist Bureaus, and by mail in response to tra-vel inquiries now totaling

some 224,000 each year.
Like all Highway Department travel literature, the new book will be free. It will tual traveler."

The publication represents the first attempt by a state agency to compile a comprehensive visitor's guide to Texas.

"We realize," Greer said,
"in a volume of this depth and

Use The Cattle Feed That Has "Pound Power"

Now - get more pounds of gain per pound of feed when you fatten beef cattle for market. Our scientifically formulated feed not only puts extra weight on your cattle but helps maintain their health, increases and quickens their growth — helps you get mileage out of your feed dollar. See us now for all types of livestock and poultry feeds, additives, too. See what "pound power" can do for you!

Come in today and Book your Big E. Range Cubes and Protein teeds to insure tast delevery when winter weather hits.

lust A Democrat

I do not class myself as either a liberal or a conservative, and I do not class myself as either a liberal or a conservative, and am shocked when people refer to me as either. I am only a emocrat who believes in the principles of the national Demoratic party. I voted for John W. Davis, for Al Smith, for FDR, ruman, Adlai Stevenson, Kennedy and LBJ.

Those of us who have a feeling of loyalty and love for our national Democratic party—and nothing but contempt for the state emocratic party of Texas, are, in reality loyal to the principles which the national Democratic party upholds.

When special interests diametrically opposed to those national arty principles seize control of the Democratic party in any pounty or in any state, as they have in Texas, we are not bound

ounty or in any state, as they have in Texas, we are not bound follow a suicidal course of continuing loyalty to a party hich opposes our principles. When a political party upholds ose principles it merits our loyalty. We owe no loyalty to a ime, or to a nostalgic memory, or to any special interests hich may dominate our state's Democratic party.

In Texas we must beat and rebuild. For we have principles,

Texas. In Texas, many Texas congressman, state senators, the representatives, all of whom say they are Democrats, are thing more than lackeys for the major oil companies and ery big business special interest group which is the Republican rty in progressive states.

We want every one to understand why it is that you and I, to toiled for Roosevelt and Truman, the noble Adlai Stevena, Kennedy and LBJ, are outcasts in the Democratic party of taxs.

David McClellan Is Outstanding At U.T.

David McClellan was named an outstanding participant the Biology Summer Science ticipation, His research was on, "Induced Pigment Shifts in Phaeodactylum tricornutum" as an outstanding participant in the Biology Summer Science Training Program for High Ability Secondary School Stu-dents at the University of Tex-Myers and Jim Man.

Spear went on to say that he believed David learned a great deal from his research and be-

as this summer.

Irwin Spear, Director of the program, said McClellan was an "outstanding participant even in this group of carefully selected, outstanding students chosen from among 525 nominees.

The director said the Spear-man student performed exceed-ingly well in both the classroom and in his research par-

feel he holds excellent profiise for the future.

"His high performance in
this program is all the more
noteworthy because of the limitations imposed by his small
town background. We hope you
will encourage David to attend
a major university instead of a Mary Martha Circle Meets

The Mary Martha Circle of the WSCS of the First Methodist Church met in the church parlor at 3 p.m. with Mrs. H. H. Crooks as hostess.
