LINN SEEKS NOMINATION

Baptists Get Train Bell

Another Santa Fe Railroad steam engine bell has gone into services at a Spearman church, courtesy of the railroad.

Ed Langley, traveling freight and passenger agent for Santa Fe from Amarillo presented the bell to the First Baptist Church of Spearman in a special program Wednesday evening.

Ray Witcher, local Santa Fe agent, introduced Langley to the congregation. He said that Langley kept him busy at times, but he has reversed the process by keeping Langley busy presenting bells. This is the third bell to be presented to Spearman Churches.

Langley said this bell came from a 3160 class steam engine that was built in 1919 by the Baldwin engine works. The engine was in service until 1952 when it was sold for scrap. The 150-ton engine was originally a coal burner, but was later converted to oil.

The Santa Fe representative said the bell had served more than 30 years on its engine and now after being silent for some 14 years, it is perhaps being returned to its most important service--summoning people to a house of worship.

He pointed out that bells have had a connection with religion since many centuries before Christ and Santa Fe is proud to add another of its rapidly depleting supply of engine bells to the service of God.

Santa Fe now only lets churches and schools have the bells. Witcher said earlier

IN THE RACE -- Spearman Attorney James P. (Jimmie) Linn announced Saturday that he is actively seeking the nomination as the Democratic candidate for the 18th Congressional District, replacing Walter Rogers. Plainsman Photo

Former County Attorney Wants To Replace Rogers

Spearman attorney James P. (Jimmie) Linn officially entered the race for the Democratic nomination as Representative of the 18th Congressional District Saturday.

The name of the attorney and irrigation farmer and rancher had been mentioned earlier as a possible candidate to oppose Republican Bob

Price of Pampa. Linn, 40, is the former County Attorney of Hansford County and a native of the county. He is a graduate of the University of Texas and the University of Texas Law School. He has practiced law in Spearman since being admitted to the bar in 1950.

He recently resigned as County Attorney here to devote full time to his law practice.

County Democratic Chairman J.D. Helms said Saturday morning the nomination is still wide open with each county or two or three counties pushing a favorite candidate.

Helms expects the 30 county chairmen to meet Monday to elect the nominee. However, he said the nominating convention has to be called by the state Democratic headquarters and they have been waiting.

The announcement by Linn now brings the total number of committed candidates to five. The others are State Senator Andy Rogers of Childress, State Representative Walter Knapp, District Attorney Dee Miller and Tom Upchurch all of Amarillo.

Several other names are being mentioned or promoted by different county groups. Some of these include Judge Max Boyer of Perryton, Dick Brown of Hartley and State Representative Ralph Wayne of Plainview.

Helms said that very few counties are committed to any one candidate. No candidate has over three counties pledged, Helms said.

Boys To Draw Grid Shoes

All highschool boys planning to compete in football this fall will draw their shoes and socks Wednesday, Aug. 10.

Under the new Texas Interscholastic League rule the players may be issued shoes and socks and begin running in them to get their feet toughened before workouts.

Thursday night, Aug. 11, there will be a meeting of all the parents of football players in the high school auditorium.

At the meeting the coaches will be introduced, the insurance program explained and other points about the athletic program of the school.

Parents will also be given an opportunity to organize a parents booster club, if they desire.

Players will get their physicals Saturday and draw equipment Monday morning. Workouts begin Monday morning and will continue two-a-day until school starts.

McClellan Complets Summer Study

AUSTIN, Texas--Thirty-six high school students from among 525 applicants have been attending a summer science program in biology at The University of Texas. The students represent six states.

One of the 36 students accepted by the University was David McClellan of Spearman. He will be a senior this fall. The outstanding student is the son of Mr. and Mrs. Roy Mc-

Clellan.

Dr. Irwin Spear, associate professor of botany, is director of the two-month program which ends Aug. 7.

This is the seventh year that the biology program has been offered at the University with support by the National Science Foundation.

Most of the students will be high school seniors next year. During the first half of the

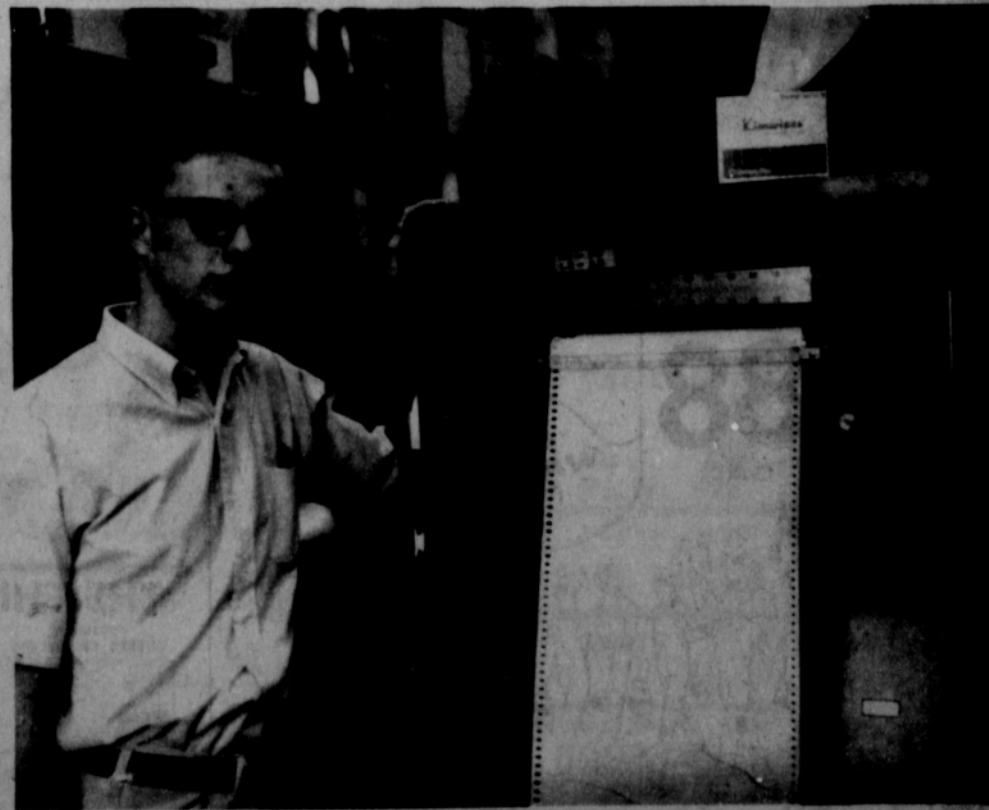

program they were engaged in classroom study and research participation. In the remaining weeks they continued full time on actual laboratory research with various faculty members.

To be considered for the pro-

DAVID ARTHUR McCLELLAN, son of Mr. and Mrs. Roy Lee McClellan, 717 Townsend, Spearman, is among participants in a Biology Summer Science Training program for high-ability high school students at the University of Texas. He will be a senior at Spearman High School next year.

Mrs. Partridge Hosts Club

Mrs. Bill Partridge was hostess for the Gladiola Flower Club meeting held at 9:30 Thursday morning in the home of her mother, Mrs. Slim Cates. Coffee and coffee cake were served as the guests arrived, after which the president Margaret Adamson presided over the business.

A program was given by Miss Jennie Lynn Massa on the trip to the Holy Land. She also showed pictures of her trip.

Members present were Patty Spoonmore, Barbara Schnell, Jo Larson, Carolyn Woods, Dorothy Buzzard, Wanda Brown, Pat Reeves, Sylvia Cranford, Gwen Smith, one guest Jearlyn Simpson and the hostess.

Ann Lackey, daughter of Mr. and Mrs. Ray Lackey, underwent an emergency appendectomy Wednesday afternoon in Hansford Hospital.

Ag Teachers To Attend Workshop

Jerry Hawkins and Jerry Felder, Vocational Agriculture Teachers at Spearman High School will participate in the In-Service Education Workshop for Teachers of Vocational Agriculture to be held at the Hotel Texas, Fort Worth August 9-12. Guest Speaker for the opening general session on Tuesday, August 9, will be R.L. McMillon, Branch Manager, Business Men's Assurance Company of America, Abilene, Texas. The meeting will start at 8:30 a.m. in the Grand Ballroom.

Conference workshops to be developed include Recent Trends in Swine Production, Beef Production, Developing, and Conducting Agriculture Mechanics Programs, Leadership and Citizenship Training through the Texas Association of Future Farmers, Study of the Proposed Revised Lesson Plans of Farm Electrification, Young Farmer Training and Assisting First and Second Year Teachers in Developing and Conducting Local Programs of Vocational Agriculture.

Also on the agenda for the week is the annual association Awards Breakfast during which tenure awards will be presented to 10, 15, 20, 25, 30 and 35 year

FOR LEADERSHIP IN WATER CONSERVATION—Humble Oil & Refining Company was honored by the Izaak Walton League of America at the conservation group's annual convention held recently in Boston. Reynolds T. Harnsberger (left), president of the League, presented the award to H. H. Meier, manager of Humble's Baytown Refinery in Texas, where an advanced system is operated to purify waste water before release to the Houston Ship Channel.

teachers. Awards will also be presented to Honorary Members, Legislators, District Public Relations Chairmen, School Administrators, and Members of the Press, Radio and Television. Approximately 1200 Vocational Agriculture Teachers are expected to attend the meeting. The Vocational

Agriculture Education program in the state is under the direction of the Division of Vocational Agriculture Education, Texas Education Agency, with Mr. George H. Hurt, Austin Director. Teachers meet annually for training in new developments and trends in Vocational Agriculture.

Sorghum Producers Ask Freeman for More Acres

The Grain Sorghum Producers Association has called on Secretary of Agriculture, Orville Freeman, to release at least 10 million acres of feed grains from the Government program for the production of corn and grain sorghum for the 1967 crop.

The Association, through its Executive Vice President, Bill Nelson, made the appeal in Washington this week and presented the following reasons for the appeal:

Severe depletion of reserve stocks.

Prospects for a short feed grain harvest this fall because of reduced acres and deteriorating crop conditions.

Increased feed grain use at home and abroad.

And the need for rebuilding adequate stocks.

In reviewing the feed grain stocks situation, the Association executive pointed out that as of July 1, 1966, Commodity Credit Corporation inventory of corn was only 91 million bushels compared to 477 million just a year ago.

In reference to grain sorghum, Nelson said that July stocks in all positions were 534 million bushels, down 19% from the 659 million bushels figure just a year ago. Of the current stocks of grain sorghum, CCC own only 355

million bushels as compared to 560 million in July, 1965.

Nelson said that on casual observation it may appear that since grain sorghum stocks are equal to almost one full year's production that stocks would be adequate but he indicated that many people are overlooking the fact that we have new disappearance and use figures to look at.

For instance, livestock feeding in the sorghum belt is up 45% over a year ago, while the increase is only 11% nationwide and in addition exports of grain sorghum during this marketing year ending September 30, are likely to be at least 100 million bushels larger than that of a year ago.

He said that these facts coupled with the fact that since there is a shortage of wheat and grain sorghum is the nearest grain in supply that can be substituted for wheat along with the fact that there is a shortage of corn—and grain sorghum is the nearest substitute for corn, that it can be reasonably expected that in the months ahead there will be a "run" on grain sorghum stocks.

In consulting with USDA officials, GSPA indicated that the Association and individual farmers recognize the delicate balance between releasing an adequate amount of acres to obtain the desired production for use and reserve while maintaining a price structure that will maintain and strengthen income of grain producers.

GSPA President, Elbert Harp, at his farm near Abernathy indicated that this early appeal is being made to USDA in order that farmers may plan next year's cropping systems and so that commercial firms serving the feed grain industry may be prepared for any expansion that may be forthcoming, particularly it is recognized that the seed industry will need to take the utmost care in preserving and distributing seed stocks, and the equipment and fertilizer industry alerted early to increased demands placed on these important segments of the grain producing industry as well as long range planning by country and terminal elevators.

Mr. and Mrs. L.F. Hand went to Hays, Kans. to pick up their daughter, Barbara, who has been attending summer school. She will be a senior next year and will receive her B.A. degree.

Rites Held For Former Hansfordite

Funeral services will be held from Moore's Chapel in Fayetteville, Ark. on Monday for Mrs. Ray Mulkin of Prairie Grove, after a two months illness. Interment will be in Fayetteville.

Before moving to Arkansas in 1949, she and her husband, who preceded her in death, lived on their farm north of Gruver, Texas.

Mrs. Mulkin is survived by 3 daughters, Mrs. Oscar Jarnagin of Rogers, Mrs. Burke Allen, San Diego, Calif., Mrs. Tommie Cluck of Little Rock, a step daughter, Mrs. Charles J. Thompson of Bartlesville, Okla., a stepson Roy Mulkin Jr., of Boulder, Colo., six grandchildren and 1 great-grandchild.

She was also the sister of William E. Bratton of Spearman, Winfred Bratton and Mrs. Tom Roper of Gruver, Mrs. Frank Pickle of Cave Springs, Ark., and Lloyd Bratton of South Bend, Ind.

Mr. and Mrs. Tom Roper and Wingfred Bratton of Gruver will attend the service.

that it was unusual for a town the size of Spearman to get three of the bells.

The first bell was presented to the Faith Lutheran Church and the second went to the Union Church.

The Rev. Luther Berry accepted the bell on behalf of the church and expressed the church's pleasure on being given the bell.

You Have to Catch Buyers on the Run

CHICAGO -- The latest survey of consumer buying habits showed that each shopper spends on the average 26 minutes in a supermarket.

With today's supermarket displaying 7,000 or more separate products, this means that each item has only one-fourth of a second or so to catch the shopper's eye.

This, of course, plainly shows that advertising must reach the shopper before she goes to the store.

Reservations Needed For 'Texas' Seats

The Texas Panhandle Heritage Foundation, Inc. strongly urges those who plan to attend the show to make advance reservations.

A record 1326 audience viewed the Thursday evening 30th performance of Paul Green's Musical romance "TEXAS". The guest book registered visitors from 21 states; New York to Florida, from California to Washington and 3 foreign countries; Scotland, Thailand, Puerto Rico.

With no seats available it has been necessary to turn away several hundred at the park entrance the past week.

The show will continue through September 5.

Mrs. Dennis Jones attended the Silver Wedding Anniversary celebration of her niece and husband, Mr. and Mrs. Herbert Hendricks in Beaver, Okla., this week.
