Crazy Day **Meeting Set**

The second Crazy Day meet-ng of the Retail Merchant's Committee will be Thursday,
June 16 at the Chamber of
Commerce office.

The meeting is planned to
draw up details on the Crazy
Day proportion elasted for Sort

Day promotion slated for Sept. 17. All merchants are urged to attend to further the plan-

ning.
The Hansford Plainsman, in an attempt to create interest, is offering two door prizes. The first is a free 3 x 10 ad and the second is 1,000 free business cards. Each merchant is register for these at the

meeting.
A new feature is being planned this year to go along with the promotion. Brad Beedy, Orvil Brummett and Burl Mc-Clellan have been appointed to come up with some type of local entertainment program to conclude the promotion Sat-urday night, Sept. 17.

County 4-H'ers Place High At Roundup

Hansford County was well represented by 4-H'ers in the annual State 4-H Roundup contests held at College Station last week.
Patricia Henderson and Syl-

via Parks of Morse, members of the Cooperative Demonstra-

of the Cooperative Demonstration team, won a first.

The Soil Evaluation team, Bill, Mark, Doug and Delbert McCloy placed seventh in state. Delbert McCloy was fourth high individual. Coach of this team was Frank Lewis.

The rifle team, Jimmie Dale Womble, Monte McCloy, Alvie Henderson, Bob Womble, placed tenth. Bud

(Con't, on page 5.)

1926 HARVEST UNDERWAY --- A combine driven by Lynn Buzzard cuts its way through some of the better dryland wheat on the Buzzard farm southwest of town.

Jaycees Sponsor Tennis Tourney

The annual Jaycee tennis tournament got underway Friday afternoon with entries in four divisions. Perry Cour-sey, local tennis coach, is officiating. This tournament is in cooperation with the state Jaycee tournament and the local club will sponser and pay a portion of the expenses for the winners to attend the State tournament set for July 7, 8,

9. The place has not been determined as yet, however it will probably be held in either Lubbock or Dallas.

In the boys 12 years and under division Scott Beedy de-feated Jerry Pat Davis 6-0, 6-0, Billy Giles defeated Ar-thur Lynch 6-0, 6-1 to advance to the finals. Mike Floyd drew a by and Billy Brown defeated Reed 6-0, 6-0. Floyd and

Brown will meet in the semi-finals and the winner will meet Scott Beedy in the finals. In the girls 12 and under divi-sion Donita Floyd defeated Leann Shieldknight 6-4, 6-3. Marla McWhirter defeated Patricia Schnell 6-3, 6-1. Floyd defeated McWhirter 6-3 6-1 to advance to the finals. Kari Lou Hays defeated Annie

Wheat Harvest

Continued sunshine and hot dry winds have combined to ripen the Hansford County wheat crop very rapidly. Elevators reported wheat coming in the first part of the

Mathis Rites Held Here Saturday

Willie S. Mathis, 47, of 30 South Brandt, died Thursday afternoon in the Veterans Administration Hospital in Ama-rillo following an extensive

Mr. Mathis had been a pa-

Mr. Mathis had been a patient in Amarillo for the past 9 months.

He was born in Alexander City, Ala, and was a carpenter. He was a member of the First Baptist Church.

Funeral services were held Saturday in the First Baptist Church at 3 p.m. under the direction of Boxwell Bros.Rev. Luther Berry and Rev. George Bollinger conducted the services with interment in Hansford Competers.

ford Cemetery. Survivors include his wife, Virginia of the home; daugh-ters, Mrs. Roy B. Morrison of Tulsa, Miss Betty Louise Ma-this and Miss Patricia Sue Mathis of the home; a brother, Dorsey, a sister, Mrs. Marie Prickett, and his mother, Mrs. Ruby Sims, all of Opelika, Ala,, and one grandchild.

Pallbearers were Clarence Mitchell, Raymond Gilley, Dan Faries, John Wilde, Rich-ard Kingsley, and G.W. Ro-

binson.
Honorary pallbearers were
H.A. Sloan, E.J. Callaway,
Jr., Jim Davis, Claude Owens,
Roscoe Nelson, Doug Connelly,
Bill Russell and Kenneth Burch.

the light shower Friday morning. The harvest is expected ing. The harvest is expected to start again Saturday morning with dryland farmers being able to cut again. The majority of the irrigated wheat is not expected to be ready for harvest until about the middle of next week.

With harvest going into full

with harvest going into full swing next week the major problem is the lack of combines and trucks. In a Farm Labor Bulletin from the Texas Employment Commission dated June 8, Hansford and Ochil-tree counties are in need of about 100 combines and trucks

The wheat delivered to date

The wheat delivered to date has been ranging in moisture from about 11 to 22 or higher. The hot weather is expected to solve this problem by the first of the week.

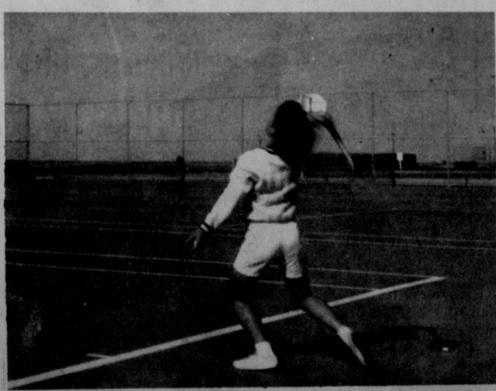

The dryland yields have been ranging from good to poor with little exceptionally good wheat being delivered yet. The dryland wheat had a good test weight as has nearly all the wheat received thus far.

Several dry land farmers have boasted they expect to cut 10 to 15 bushels per acre but are keeping the yields quiet until a better cross section has been delivered.

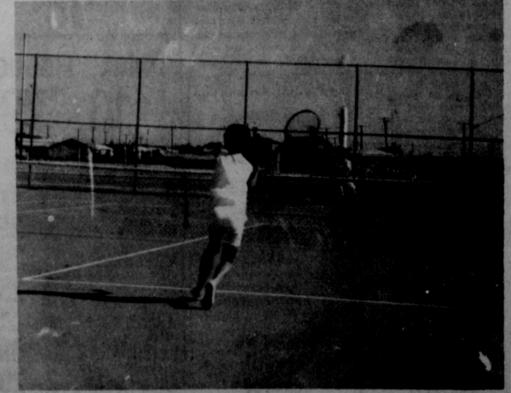

With the hope for clear skies and warm weather the wheat harvest is expected to come to an end somewhat fast this year. The crop is not expected to be a bumper crop but seems to be very close to our average. average.

09 Moisture

Spearman's rain measurement at 8 a.m., Friday was .09 inches according to Mrs. Pat Cates, official weather observer. Varying amounts were reported throughout the county. Although no large amounts were received the moisture did halt the wheat harvest that is beginning in the area.

WARMING UP--- The finals in the Jaycee Tournament got under way Saturday morning. This girl warms up in an attempt to capture the title. PLAINSMAN PHOTO

JAYCEE TENNIS TOURNAMENT---These tennis players are shown playing in the finals Saturday morning on the high school courts. PLAINSMAN P "

Tower Warns Public Of Tower Warns Public Of Communist Favor Proposals Proposals have been made in Washington that the United St Washington that the United St Proposals have been called the "building of priorities, and I believe our present top priority must be on proposals to priority must be on proposals."

Proposals have been made in Washington that the United States extend special trade fav-ors to the Communist Bloc na-tions of Eastern Europe and to the Soviet Union, itself. That would mean favors for such Red regimes as:

--Poland, which recently thr-ew three American embassy atew three American embassy attaches out of the country.

--Czechoslovakia, which makes the anti-aircraft guns that take a daily toll of American life in Vietnam.

--Romania, which provides much of the petroleum products used by Communist military forces around the world.

Then, there is Bulgaria and Hungary and East Germany-all solid partners in the Red's Eastern European Economic Communications.

Eastern European Economic Co-mmunity, all integral parts of an interlocking Communist economy which operates firmly in support of North Vietnam.

Thousands of tons of military

equipment are pouring into the port of Haiphong daily-brought in by Soviet-bloc shipping. Aid to North Vietnam and the Viet Cong is carried almost ex-clusively on ships of the Soviet Union and her satellites, Included are rolled steel plates, rail-road rails, machine tools, dump trucks, crane parts, marine motors and electrical gear--not to mention missiles, guns and ammunition.

It simply does not make sense to me for us to grant favors to nations actively supporting the forces that are killing American boys, disrupting the peace of Asia and threatening world or-

der.
The argument of some is that granting of favors to Communist nations will make them more kindly and responsible and reatory are to the connary. For some time the Administration has been wooing Communist
Poland's Red leaders with trade
favors. Yet, nearly all the ships
carrying goods of war into North
Vietnam today were built in Poland and still clearly carry Polish names and registry.

lish names and registry.
The United States already does considerable trade with the Communist Bloc nations, some of it in items almost certainly of strategic military value-such as computers. We do pro-hibit trade in truly military items, and yet we must realize that even the shipment of food-stuffs often helps to rescue Red economies from their failings and enables them to concentrate their own limited resources

on military hardware.

Increased trade with the Communists does not even offersimunists does not even oriersignificant short-term economic
prospects. The Red countries do
not have any substantial foreign
exchange, nor do they have the
capability of producing the types and qualities of goods to
satisfy western markests. Their
economic planning is designed economic planning is designed to meet military requirements first, with the remainder normally going for internal use, not for export.

Trade with the Reds is a one

way street, with the advantages on the Communist side. It does not mellow Communists; it makes them stronger and better able to foment crises. Despite years of American overtures to these nations, the United States is faced today by Communist aggressors in Vietnam who are supported by every one of the Red Eastern European co-

If the Reds want expanded rade and favors from us and better commercial relations, then let them renounce their warlike ways, cease their ag-gressions and live in an orerly, peaceful world.

Certainly, the Soviet Union never has regarded trade favors from the West as a kindness she should recipocate. History points out that the Soviets use trade tolely as an international polfor trade with the West, and then they disrupt world mark-ets. They entice weaker na-rions into a political fact that a trade war is not so dramatic as a shooting war doesn't save a nation trapped in the Red

This extending of trade has been called the "building of bridges" to the Communist world. Bridges of understanding and mutual respect and beace are a fine thing, But, we would do well to be careful

what we send across the brid-

present top priority must be on winning the war in Vietnam and bringing our boys home. To do that I believe we ough to concentrate on keeping from

our immediate enemies the goods of war. We should not strengthen North Vietnam, nor should we strengthen any Red nation which is shipping war material to North Vietnam.

Perhaps after this war is over we will be able to work out mutually beneficial trade ag-reements with some of the more independent-acting Eastern European nations, but to do so in a time of war is the sheerest folly.

BARBEQUE SAUCE

For a deliciously tart sauce for barbecuing meats, combine 1 cup soy sauce, 1 cup salad oil, 34 cup ReaLemon bottled lemon juice and 1 clove garlic cut in half. This sauce may be used as a marinade as well as for brushing on meat during broiling. Use it with beef, pork, lamb or chicken.

Mr. and Mrs. J.D. Miller spent the weekend in Amarillo where they attended an art exhibit. His granddaughter, Miss Carolyn Osborn had several of her paintings on exhibit. Miss Osborn is paralyzed from her neck down and spends 16 hours of every day in an iron lung. She paints by holding the brush in her mouth. She is 21 and is now working toward her own exhibition to be held in Austin.

Pasture Weed Control Requires Careful Timing

now emerging since the late April and early May rains. Much of the second weed

crop on many places could have been reduced had the early

spraying been deferred for three to four weeks. A good grass cover can compete fa-

vorably with weeds, the spec-

vorably with weeds, the specialist pointed out.

But if the stockman is faced with late season weed control, it's a good idea to boost the herbicide rate per acre. Hoffman suggests at least 1 1/2 to 2 pounds of 2,4-D amine per

Late season application also should have a higher rate of solution per acre. Recommend-ed rates are: Aerial, 4-5 gal-

lons per acre; boom-type sprayers, 16 gallons; and boomless, 25 gallons per acre.

also has drawbacks. This spring is an example of what can hap-pen. The first application kills the weed and a second crop is Successful pasture weed conoperations, is a matter of keen timing when using the hormone herbicide, 2,4-D. To hit weeds the hordest the plants should be

hardest, the plants should be in sappy, flush spring growth. If the stockman waits until dry, hot weather sets in, the plants are woody-tough and more re-sistant to herbicides.

On the other hand, when 2,4-D is applied too early, a second growth of weeds can come on and compete with

grasses. G.O. Hoffman and B.J. Ragsdale, Extension Service range specialists at Texas A&M University, have received re-ports that many land operators don't plan to do any annual weed control work in native grasses until the last of June

or July.
"Annual weed control should "Annual weed control should be done earlier in the growing season so the grass can take ad-vantage of the moisture that the weed normally uses," Hoffman said, "Late weed spraying does not produce the outstanding forage increases as early weed control. Late ap-plication of herbicides temperplication of herbicides temperatures can cause some burning of the grass leaf tips. Most of the soil moisture is used by

Too early control, he says,

Baptist WMU Circles Meet

Circles of the WMU of the First Baptist Church met on Wednesday. The Betty Morris Circle met

in the home on Mrs. Carl Ar-cher with Mrs. Wesley Garnett completing another chap-ter of the mission book study on Panama.

The prayer calendar was read by Mrs. Herb Howe who also presided at the business. Prayers followed by Mrs. Walker and Mrs. Arthur Adki-

Cake and coffee was served to Mmes. Adkison, Bob Baley, Garnett, Howe, Abbye Own-bey, Walker by the hostess. The Kezzia Mae Seawright

Circle met at the church with Mrs. Dick Kilgore presiding at the business and the prayer calendar was read by Mrs. George Wright.

The circle program "My Family Witnessing In The Community" was completed with a general "Buzz Session" by

Present were Mmes. L.L.
Anthony, R.L. Uptergrove,
