IT'S A MAD—MAD—MAD WORLD

## Business community goes **MAD** Tuesday

From 6 to 9 p.m., Tuesday, there is going to be considerable insanity on both sides of the counter in 20 stores of the Spearman business community but...it is planned that way!

They call it Moonlight Madness.

They, also, have been calling it a huge success every season that the merchant members of the Chamber of Commerce have been participating.

Strangely enough, both buyer and seller freely admit the entire promotion is a "come-on."

But it works because the specials offered to entice purchasers are truly that—special opportunities at quality and unusual choices. Often it is obvious that the store has to be taking a loss on such an item at such a low price.

Of course, the old saying: "...the proof is in the puddin'" prevails here. Whatever their

purchase, Moonlight Madness buyers go home extremely satisfied—a fact proved by their enthusiastic return next year.

The real spirit of the annual promotion is found in the fact that shoppers can move leisurely through the stores for three hours making their decisions. They visit with the merchants and discover what is yet to come as the fall and winter season progresses into Christmas.

Too, it is a social occasion. Different families have different schedules daily and this often puts friends out of touch for a time. They meet at the Moonlight Madness Sale, get reacquainted and go home doubly sure they were glad they came to town.

The stores will be offering lovely merchandise, especially for "early Christmas shopping" items.

Participating in the Moonlight

Madness are: **DOWNTOWN MERCHANTS:** J.G.'s, The Bunkhouse, Boyd's Family Shoes, Cates Men & Boy's Wear, ChaLor's, Saks 3rd Avenue, THE BACK SHOP, Hotel Royal, **SHOPPING CENTER MERCHANTS:** Beedy Furniture, Hickerson's Jewelers, Cochran's Fabrics, Kids' Stuff, Lady Fair, Prairie Chalet, Jan's New & Used Fashions, Adella's Ceramics & Sears. **OTHER LOCATIONS:** Unusual Collections—new & used.

**Marilyn Cline's-Croastitch Corner.**

The Chamber of Commerce has a sense of practical, profitable promotions and the leadership to "make them fly."

Modest about the entire thing, chamber leaders insist the real success of the event—proving the wisdom of merchants in setting specials—is in that first hour shoppers are back home and compare their purchases with their pocketbooks.

## Rain stops 1985 maize harvest here

The sun came out at 1:12 p.m. Friday and farmers and ranchers were reporting record rains in the county. Gruver seemed to come in with their fair share this time, as some four inches plus fell West of Gruver flooding the Gruver Stratford area. Spearman reported 2.50 total inches since Monday of this week. All of the maize fields are too wet to combine, but crews are standing by to cut the maize as soon as possible.

Both of the football fields in the county at Spearman and Gruver will be extremely slow Friday night because of the heavy rains. Canadian had received up to 7 inches of rain, as they planned to host the high flying Rangers Friday night.

Wheat farmers are also reporting too wet to plant fields, and much of the wheat has not been planted as yet.

### HOSPITAL

Patients in Hansford Hospital are Everett Sullins, Clara Hull, Brandi Baughn, Aubie Sparks, Martha Kaussman.

Dismissed, Dorothy Haner, Monty Morris, Howard Hartoell, Jim Strawn, Edith Pipkin, Binnie Bonham, Donna Jones.

### Mamie Dry services held

Mamie Dry of Spearman, 78, died Wednesday.

Services were held at 2 p.m. Saturday in Union Church with Rev. Steve Rogers, pastor, officiating. Burial was held in Hansford Cemetery by Boxwell Bros. Funeral Directors.

Mrs. Dry was born in Tulsa, Okla., and had lived in Spearman 20 years. She was married to Clovis Van Mtre in 1923 in Hugo, Okla. He died in 1964. She was married to Otis Dry in 1965 in Panhandle. She was a member of Union Church and the Golden Spread Senior Citizens Center.

Survivors include her husband; five sons, Harvey Van Matre of Port Mansfield, Melvin Van Matre and Bill Van Matre, both of Morgan City, La., and Johnny Van Matre and Joe Van Matre, both of Lafayette, La.; five daughters, Alice Campbell of Selma, N.C., Dora Harper of Crawford, Margie Shrader of Raymondville, Clara Harrington of Harlingen, and Lois Hoggston of Ringling, Okla.; a

stepson, Floyd Dry of Spearman; a stepdaughter, Betty Bingham of Stroud Okla.; more than 50 grandchildren; and more than 50 great-grandchildren.

### Services held for R.L. Bob Thom Tuesday

R.L. "Bob" Thom of Gruver, 89, died Tuesday.

Services were held at 10:30 a.m. Thursday, Oct. 10 at First Christian Church with the Rev. Gene Clack, pastor, officiating. Burial was held in Gruver Cemetery by Boxwell Bros. Funeral Home.

Mr. Thom was born in Lamar, Ind., and moved to Hansford County in 1916. He was a veteran of World War I. He worked at Gruver State Bank from 1946 until retirement in 1966. A 50-year Mason, he was a member of the Gruver Masonic Lodge No. 1362 and a member of First Christian Church. He was the only living charter member of American Legion Post 254 of Perryton. He was married to Ann Beck in 1950 in

Kansas City. She died in 1982.

Survivors include two sisters, Bess Lumly of Kushing, Okla., and Gertrude McCracken of Wewoka, Okla.; and two brothers, J.C. of Buffalo, Mo., and Bill of Hardtner, Kan.

## Spearman Choirs to perform fall concert

This coming Tuesday night at 7:30, the Spearman Choir program will be presenting its fall concert. These choirs include the Lynx chorale, Celebrate, the junior high choir, and the sixth-grade choir. Tickets are on sale and can be purchased from choir members. The price of the tickets are \$2.00 general admission.

These choirs have been working since the beginning of school and they are planning a fine concert for the Spearman public. We ask that you plan to attend this night of singing not only for the good music you will hear, but also to show your son/daughter your support of their involvement in the Spearman Choir program.

Remember, Tuesday night, October 15, 1985 - 7:30 in the Spearman High School auditorium. Tickets will be available at the door and will cost \$2.00 general admission.

Plan to attend the Moonlight Madness Sale at 6:00 p.m. and then attend the Choir Concert.

# 4-H'ers Learn By Doing

October is 4H month

4-H is designed to promote an awareness of what 4-H is, and the benefits of the organization.

What does the term 4-H mean? It is the emblem, pledge and motto of the organization, and the four H's represent the four-square development of head, to help learn new and better ways of doing things; heart, to help develop ideals and standards for living in society; hands, to give the opportunity to develop useful skills and to apply them; and health, to help develop habits of good health.

4-H is not associated with just rural young people anymore. Members are just as often as not living in

town, and they participate in the programs, even the livestock show, as much as the rural 4-Hers.

Boys and girls ages 9-19 can take part in 4-H, and become a member of a 4-H Club. In the club, the group participates in 4-H projects, run their own club, elect officers, and develop their own program with the help of adult volunteer leaders.

Improving leadership and citizenship are two of the greatest benefits of 4-H, as well as being educational. There are a variety of projects to choose from, including automotive care and safety, beef cattle, clothing, dog care and training, food and nutrition, photography, plant

and soil sciences, woodworking, and wildlife management among others.

In addition, 4-H involves the family. Members select and conduct their projects with the approval and support of their parents. Giving encouragement and the resources needed by the 4-H'er is very important.

4-H is a non-profit, educational program open to all youth regardless of race, color, religion or national origin. There is no membership fee to join 4-H, although each member is usually responsible for financing his or her own projects. 4-H is the youth phase of the Texas Agricultural Extension Service.

## Among The Neighbors

The constant and dire unrest of the near East seemed closer to Spearman last week-end when Scott Bullard visited. He is attached to the U.S. aircraft carrier Nimitz, which has been cruising in the Mediterranean Sea off the coast of Lebanon. Scott visited his parents, the R.W. Bullards and grandparents, the Don Henricks. This was his first trip home in ten months and he had only a three day pass. He flew in from Virginia Beach. Scott celebrated his 21st birthday recently on the sea. Spearman folk will follow the activities of the Nimitz closely knowing that it carries one of Spearman's young men.

Kenny Bullard also spent the week-end with his parents and brother. Kenny is living in Dallas and is in the construction business.

Mr. and Mrs. Gary Smith and two children returned from a vacation near Dallas. They enjoyed the cabin on Cedar Creek Lake owned by Mr. and Mrs. George Rook, parents of Mrs. Smith. They were interested in the activities of the "Canton-First Monday" which is a giant flea market in Canton, Texas, which claims to be the largest in the Southwest. Mr.

Smith resumed his duties at the Thriftway Monday.

Mrs. Mary Frances Stevens of Canyon is visiting her parents, Mr. and Mrs. H.J. Vernon. She recently received her certification as a legal assistant (paralegal) and is taking a rest.

Mr. and Mrs. Darwin Price of Livingston, Texas visited several days last week in the home of his aunt, Mrs. D.O. Reynolds and the Cecil Reynolds and also with other relatives here.

The surviving Charter members of the Twentieth Century Club and P.T.A. will note the passing of one of them. Mrs. Noreen (Paul) Roach, 86, died in Plainview. The Roaches lived here from 1928 to 1952.

Dr. Tom Latta and family returned on Wednesday from the funeral of Mr. Jack Harrison, father of Mrs. Latta. The services were held at Edmond, Oklahoma where he lived. He had been with him in Oklahoma City. He passed away October 5th and the funeral was October 8th. Mrs. Latta is still with her mother.

## Cook moving to Dalhart

Sunday, October 13 will be the last day in the pulpit at the Spearman Church of Christ for Gaylord Cook, minister of the local church for the past 6 1/2 years. A successor to brother Cook has not yet been selected.

Present plans call for brother Cook and his wife Rachel to move to Dalhart on Monday, October 14. He will serve as minister of the Dalhart Church of Christ, located at 1420 Denver Ave in Dalhart. His first pulpit assignment there will be on Sunday, October 20.

The Cooks express their enjoyment at having been able to live in Spearman for 6 1/2 years and their entire stay here has been a pleasant one. They say as they leave, "We love Spearman and its people and wish only the best for all here. We are burning no bridges and will expect to visit Spearman as opportunity present itself." The Cooks will live at 1416 Peach Ave. in Dalhart and extend an invitation to all their Spearman friends to drop by anytime.

## A Centerpiece

Although we were down in numbers for the 7 October meeting, a good time was had by those in attendance.

We wish to take this time to Thank those for their time and effort in our recent Health Fair. And we salute those that made spiral effort to participate in this program though the weather was rather adverse.

Remember, Tuesday, Oct. 15th, the First State Bank will furnish BBQ Chicken for the evening meal

at 6:30 p.m. We need to bring vegetables, salads, desserts. Lets make this a big attendance evening and thereby show the 1st State Bank our appreciation.

Also note, following the 22 October evening meal, there will be a film shown, Courtesy of the Hansford County Library.

We extend our Sympathy to the Otis Dry Family in their loss of a loved one.

See you Tuesday evening.

## NATIONAL 4-H WEEK OCTOBER 6-12

**A SALUTE**

All across the nation, the dedicated young members of 4-H are making a difference. Through group projects and 'hands on' experience, they're shown how to get things done for the betterment of the community, and the nation, and we're proud to offer our support and appreciation. To 4-H members and leaders, we say, "You're tops!"

### Karen's Kozy Korner

Hypoglycemia, or low blood sugar, is a physical disorder that's often mistakenly self-diagnosed as an easy explanation for anxiety, nervousness or lack of energy. Hypoglycemia is somewhat rare and should be diagnosed by a physician after appropriate blood testing. For those with a diagnosed condition, the doctor will prescribe treatment based on the patient's individual needs.

People who are not hypoglycemic, but complain of the symptoms, may be helped by following a more healthful lifestyle. Skipping meals, not eating a variety of nutritious foods, poor sleep habits, lack of exercise or personal problems and stress may contribute to the problem.

Recommendations are the following to alleviate nutrition-related

symptoms:

- \* Eat nutritious meals and snacks.
- \* Eat more complex carbohydrate foods, such as whole grain breads and cereals, with fruits and vegetables replacing candy and other sweets.
- \* Eat several small meals a day.
- \* Eat more fiber-rich foods.
- \* Eat slowly.
- \* Carry a nutritious snack, such as a can of orange juice or crackers and cheese, to eat if symptoms arise when away from home.

EDUCATIONAL PROGRAMS CONDUCTED BY THE TEXAS AGRICULTURAL EXTENSION SERVICE SERVE PEOPLE OF ALL AGES REGARDLESS OF SOCIO-ECONOMIC LEVEL, RACE, COLOR, SEX, RELIGION, HANDICAP OR NATIONAL ORIGIN.

# "Streak" is 34 years old

*article of 2 years ago*

Buddy Etling with Streak's mother and the colt in 1949. Streak was darker, with a distinctive white mark

on his neck, white legs and white face, but turned all white when five or six years old.

Streak as he looks now, in a snapshot taken by Etling last week.

Streak doesn't kick up his heels anymore. And he doesn't go galloping across the plains, cowboy on his back, in pursuit of strays. For the most part he just grazes quietly in a pasture near Gruver.

Which is understandable, even for a mount that was for years regarded as the best all-around cow horse in the string of Gruver rancher Glendon H. "Buddy" Etling.

After all, Streak is 34 years old, and when equated to human life span, that would make the horse roughly 102 years old as man reckons age.

Age considered, Streak is in excellent health.

"He has remained very sound and healthy all his days, though he has been bothered by arthritis this last year," Etling said. "He never had any feet or leg trouble. His feet were forever sound and dark."

For quite some time now, Streak has been out to pasture at the ranch Etling calls "Headquarters", located some six miles northeast of Gruver, where Buddy's son Kurt Etling now resides.

"We pamper him a lot," Etling said. "We're afraid he might not make it through a bad winter, so when the weather gets rough, he can stay in the barn."

"And when he needs it, we don't hesitate to give him feed."

Etling doesn't mind this pampering of a work horse. "He's earned it," he said. "And he's earned his groceries, too."

He likes to tell about the old horse, which he has owned ever since it was foaled.

"Streak's mother was a classily quarter-type paint mare of outstanding disposition and ability. I purchased her from Richard Shedeck of 'Old Hansford' in 1946. His sire was a Bivens-bred stallion owned by the

late Arthur Evans of Gruver," Etling recalled.

"Streak was foaled in May 1949, but I don't know the exact date, for he's unregistered—I don't have papers on him."

"I broke him, and in all his life, there was never one 'buck' in him, nor did he ever balk. He was easily the most willing, dependable, constant, safe-sure horse I ever had—my main cow horse for many years."

A far away look on his face, Etling remembered Streak as "an absolute master at driving a cow and a baby calf. He'd nudge them along with his nose. He'd never bite them, but would keep them moving."

"He was always ready to go to work. He'd do whatever you wanted of him as well as he knew how, and that was always good."

"Why it was only a few years ago that we had a horse trailer out there, and as old as he was, Streak started to climb in, ready to go. You'd have to watch him on that—he was always willing to work."

But if Streak was an outstanding cattle working horse, used to the rough work of the range, there was a different side to him, too.

"He was the kind of horse you wouldn't be afraid to let visiting kids ride him—or your own small kid," Etling said.

"Why if a little kid got on his back, he'd never see him jump or run. In no way would he endanger that kid."

"And when we had a visiting preacher, they often as not would

not know much about riding, so they'd end up on Streak—a preacher, or his wife."

Perhaps Streak takes his gentle nature from his mother, but there may be another contributing factor to his gentleness.

"We treat our horses with respect. A horse is used, but never abused, at my place," Etling commented.

Such treatment may also have been a reason for Streak's longevity.

# Thirty-six year old horse dies

STREAK—dead at age 36 years 4 months. Born in May of 1949, he died the night of Sept. 25, 1985.

I saw him the day before he died, and as always I drove up to him for his waiting 'love pat' he seemed to anticipate and which I enjoyed. I noted his deterioration and felt he would not live through another winter, so I am glad death found him in warm weather.

Since I always looked for him when I entered his pasture, I guess he will not be there, my old friend, to greet me again.

A decade retired, and in his later years he was used as a 'helper', with younger horses doing the faster, more energy requiring service. He remained willing with a never changing disposition, always willing, and always safe for any young or inexperienced rider.

During our purebred operation, days, if one horse was needed, Streak was chosen. He has driven many calves, with their sires and dams, that became state champions, Reserve champions at Denver, the Chicago International, top sellers at performance bull test sales, (3) three sale tops at Ft. Worth, a National Champion sale female, and others that saw service in top herds in 28 states and Canada.

Though Streak could not be credited with the quality of cattle he worked, he was an important 'coog' in the handling of those cattle, as well as being used with stocker cattle. I had no other horse that was his over-all equal basis willingness to perform any task shown him. Though I raised some 15 foals, both registered and grade, none ever equaled his desire to work and to please. There was never a buck or a balk in his make-up, and any one, of any age or expertise, could ride him with safety.

He was always provided with adequate feed, pasture, and winter protection, and though he supplied much use, he was never abused. He earned his retirement, special feed, and attention, and items of special care of his last years.

As a four year old, the same age as our son Van, who passed away in 1970, Streak was trusted to be ridden by Van. It was interesting to watch as Streak observed his minute rider and provided safety for his young rider. He seemed to have an innate caring for young and inexperienced riders, though I can ride no more since my injury.

In finality, these summarize a great old horse.

An old animal friend has now passed on;

He gave 36 years of service where cattle trod.

He was a great cow horse to have bred, owned and used.

And now he rests beneath his well known sod.

Horse lovers all over Texas were saddened at the death of Streak... Owner Etling sums up the death of Streak by saying the following:

"We have another horse out there that's 27. I've had it since it was a four-year-old. It still looks pretty good," Etling said.

Etling summed it up, "I've raised a good many horses in my time. I've had some good horses and some bad, but Streak's just one in a million, as far as I'm concerned."

"To have owned a cow horse of his merit has been a rare privilege."

# City supports water plan

CITY OF SPEARMAN  
RESOLUTION #11-85

A RESOLUTION SUPPORTING ADOPTION OF THE NEW TEXAS WATER PLAN AT THE NOVEMBER 5, 1985 CONSTITUTIONAL AMENDMENTS ELECTION.

WHEREAS, rapid economic expansion and population growth are taxing the state's existing water resources to their limits; and to meet the current and mid-term needs of the state will require the construction of at least 44 new reservoirs, 200 major wastewater treatment systems and scores of large-scale flood-control projects; and

WHEREAS, city governments, which historically have borne the major part of the responsibility for financing water resource facilities, will be required to carry an even greater share in the future due to reductions in federal aid; and

WHEREAS, the cumulative cost of the water resource facilities that need to be provided between now and the year 2030 could approach \$100 billion—an amount that far exceeds the ability of local governments to finance without state assistance; and

WHEREAS, the 1985 Texas Legislature approved a new proposed Texas Water Plan that, upon voter adoption, will establish a sound methodology for addressing the state's diverse water problems, and create a major new role for state government in helping finance the solutions to those problems; and

WHEREAS, the new Texas Water Plan will appear on the November 5, 1985, statewide constitutional amendments ballot as Amendments 1 and 2 and, if adopted, would:

(1) Create a \$400 million state fund to guarantee water resource bonds issued by municipal governments, thus saving city taxpayers tens of millions of dollars in interest costs;

(2) Allocate \$400 million in funding for state participation in the cost of oversize capacity of reservoirs and other facilities that exceed immediate local requirements, thus alleviating short-term financial strains on local governments;

(3) Authorize the issuance of \$580 million in state bonds to be used for loans to cities and other local governments, including \$190 million for water supply facilities, \$190 million for wastewater projects and \$200 million for flood-control facilities; and

(4) Establish a state loan fund to assist farmers with the purchase of water-efficient irrigation equipment, and provide state financing for agricultural water conservation research programs;

WHEREAS, state legislation that will be implemented upon adoption of Amendments 1 and 2 would enhance the preservation of

the state's water resources by establishing safeguards for bays and estuarine areas; providing incentives for water conservation; and by authorizing the creation of voter-approved mechanisms to protect underground water supplies; and

WHEREAS, voter adoption of Amendments 1 and 2 is essential to insure the state's future wellbeing and the continued prosperity of Texas cities;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SPEARMAN, TEXAS:

SECTION 1

That the City Council of the City of Spearman endorses Amendments No. 1 and 2, and urges their adoption by the citizens of Spearman at the November 5 constitutional amendments election.

SECTION 11

This resolution shall not be recorded in length in the minutes of the City Council, but shall be filed for permanent record in the office of the City Secretary.

SECTION 11J

This resolution shall go into effect immediately upon its passage by the City Council of the City of Spearman, Texas.

INTRODUCED AND PASSED BY the City Council of the City of Spearman, Texas, and 8th day of October, 1985.

MAYOR C. RALPH BLODGETT  
CHARLOTTE SHEETS, CITY SEC.

## Let The Buyer Beware

Manhattan Island is a case in point. Bought from the Indians for beads, the problem is now ours.

Its poverty and wealth, its shame and glory, its tragedy and gaiety—all are the buyer's responsibility. So we possess this great city—with no one to take its problems off our hands.

If we had it to do over, wouldn't we build our cities with more respect for spiritual values . . . more concern for each other . . . more attention to the blueprints of the Architect of life?

That's what usually happens to man. He tries his own way first.

On Manhattan Island, as in every village and city, churches have their doors open to searching souls. Now that we've tried our own way and lived with the results . . . isn't it time to try His?

**Museum Meeting**

The Stationmaster's House Museum met in regular session the morning of Oct. 7th at 9:30 at the Museum. Helen Boyd, President, presided.

Rubyjo Wilbanks gave the financial report.

The Spearman Chamber of Commerce and the Museum shared a booth at the Fair. The Museum had Sesquicentennial mementos, History Books and 1986 Sesquicentennial Calendars. These calendars are beautiful and unique in that they depict an early Hansford County scene on each calendar month. We have a limited number for sale. They may be purchased at the banks, the museum or from any member of the Museum Board. Come by the museum, buy your calendar and at the same time let Ernest Newcomb show you through. We think you will be pleased.

In the near future Craig Hutchison will be working in the depot part, thus making it possible for more display cases and necessary repairs. We are looking forward to getting this work done.

Remember this is your museum so help us make it better by buying the 1986 calendars. Much work and effort has been put into this project.
