

Mrs. Roosevelt's Report, Spanish Issue On Agenda

NEW YORK, May 28 (AP)—Mrs. Franklin D. Roosevelt, chairman of the United Nations committee on human rights, told the UN economic and social council today that freedom of information was "absolutely necessary."

Presenting the report of her commission's work this month, Mrs. Roosevelt said that "only free information of what happens to people forms true public opinion."

"And only public opinion can enforce a bill of rights," she added. "No bill of rights is any good that can't be enforced."

"Her commission has proposed a world bill of rights."

The report of the sub-committee on the status of women was given by Mrs. Bodil Begtrup of Denmark, chairman. She proposed that a United Nations conference on the status of women be called and that governments not now granting full suffrage to women do so.

While the economic and social council received reports of committees, the Security Council's sub-committee investigating Spain met in a secret session.

The sub-committee weighed a challenging suggestion from Spanish Republicans that they and unspecified Allies might seek to overthrow the Franco regime by force unless the United Nations took action against Franco as a threat to world peace.

Premier Jose Giral of the exiled Spanish Republican leadership indicated that the Republicans inside and outside Spain were ready to start the fight with ample support in the event the UN refused to intervene.

"The Spanish people and the government I represent feel we are sufficiently assisted to consider ourselves capable of overthrowing the tyranny," Giral told the sub-committee last evening. "We will not be lacking in friendly countries nor aids of every sort."

"If this supreme hope for peace which we deposit in the international society should disappear, only the roads of violence, to our regret, would remain open to us." After the second public hearing of Giral and the receipt of voluminous documents from his regime the sub-committee decided to hold two private meetings today.

Roxas Inaugurated In Silent Ceremony Surrounded By Guns

MANILA, May 28 (AP)—Ringed by sub-machineguns against a reported assassination plot, Manuel A. Roxas today became president of the Philippines commonwealth.

The guns of his guards were silent; no untoward incident marred the outdoor inaugural, staged on a sun-warmed rostrum from which the 54-year-old soldier-politician pledged:

"A quick end to lawlessness now prevalent; in some few provinces; speedy remedies for the economic ills of the needy, the jobless, and farm tenants; and close relations with the United States."

Speaking of coming independence of the islands, he praised the United States, adding:

"If we succeed as a nation—and of course we will—we will have the Americans to thank." Some 30,000 Filipinos cheered his arrival at the inaugural scene, center of a metropolitan area still littered with the wreckage of war.

Retiring President Sergio Osmeña, who was expected to escort Roxas to the platform, did not arrive. There was no explanation of his absence. A US 86th division honor guard escorted High Commissioner Paul V. McNutt to the rostrum a few minutes after Roxas' arrival, and the consular and diplomatic corps turned out en masse for the ceremony.

Elpidio Quirino, vice president, was sworn in by Chief Justice Manuel Moran.

Spain Claims Right To Atomic Research

MADRID, May 28 (AP)—The Spanish foreign ministry said today that Spain had a "perfect right" to investigate atomic energy and "cannot recognize the competence" of the United Nations in matters affecting Spain.

The ministry distributed a 700-word statement described as a "report of statements made this morning by a foreign ministry spokesman."

The statement said the Spanish position was made clear in notes distributed to foreign missions here May 23. It continued: "Although the Spanish government, like all other countries, has a perfect right to provide itself with adequate means for national defense, including investigations of atomic energy, diplomatic missions accredited in Madrid have proof of the falsity of statements that such investigations are being made."

Wallace, Pepper May Be Labor Standard Bearer

WASHINGTON, May 28 (AP)—The big unions, boiling with political wrath for President Truman, dropped some oblique hints today that they might switch to another standard bearer, with Henry A. Wallace and Claude Pepper heading the list of acceptables.

Capitol Hill politicians agreed the secretary of commerce and Senator Pepper (D-Ala) are the likeliest beneficiaries in any such shift of allegiance, but they wanted more concrete evidence that one might be in the making.

The general opinion appeared to be that it is too early to tell whether the administration's handling of the strike emergency ended the 13-year-old labor-democratic coalition.

However, the way republicans appeared to be seizing on the situation provided democrats food for thought.

Lawmakers noted that both former Gov. Harold E. Stassen of Minnesota, and Senator Taft (R-Ohio) were among the first to join with the unions in urging congress to go slow in empowering the president to draft workers striking against the government. Stassen, a possible contender for GOP presidential nomination in 1948, labeled the proposal "totalitarian."

While political speculation mounted, three of the nation's most powerful labor organizations kept up a heavy drumfire of criticism on the program Mr. Truman proposed Saturday for coping with strikes in vital industries during the reconstruction period.

Size Of Loaves Of Bread Cut

WASHINGTON, May 28 (AP)—Smaller loaves of bread become a must Saturday.

Beginning that day bakers must turn out bread and rolls weighing 10 per cent less under a reinforced government drive to aid famine areas abroad and to spread short supplies at home.

The Agriculture Department issued its order as the international food conference urged the whole world to turn to darker bread than Americans now are eating and to stretch wheat flour by diluting it with other grain products and potato flour.

The conference, concluding a week's study of world food problems, asked specifically last night that all countries adopt a wheat extraction rate of at least 85 per cent.

The cut in the weight of bread and rolls will not involve any price changes. In March the government gave bakers permission to trim the sizes of their bread and rolls by 10 percent without reducing their ceiling prices.

SEARS' WIDOW DIES

EVANSTON, Ill., May 28 (AP)—Mrs. Anna Lydia Sears, 77, widow of Richard W. Sears, one of the founders and president of Sears, Roebuck & Co., died yesterday in the home of her daughter, Mrs. Sylvia Sears Gardner.

Carter Glass, Virginia Senator, Dies

WASHINGTON, May 28 (AP)—Senator Carter Glass of Virginia, long-time member of congress, "father of the federal reserve system" and once a cabinet member, died early today of heart failure.

The oldest member of the senate, he was 88 last Jan. 4.

Death came in his apartment at the Mayflower hotel, where he lived with his second wife, Mary. Glass had been so ill that he was unable to appear in the senate since June, 1942. Because of this a Virginia republican sought unsuccessfully last year to have his seat declared vacant and a special election called to name a successor.

Virginia courts threw the suit out and the supreme court declined to review the case. After winning election nine times as a member of the house, Glass resigned in 1918 to become

REPORT ATTACK ON SIAM—The Siamese legation in London said in a communique that French forces (arrow-A) have crossed the Mekong river into Siam at Tha Ban and are moving into Mi Chal. The report also said French bombers (B) had bombed Nakhon Phanom (B) May 7. (AP Wirephoto).

NAMES OF WAR CASUALTIES ASKED

Several agencies, among them the VFW Auxiliary, the Red Cross, and the American Legion, are making an effort to secure a complete list of men from Howland county who lost their lives during World War II.

Parents, relatives and friends can be helpful in making the list complete by mailing to The Herald promptly the name and rank of the serviceman, date and place of death, name and address of parents or next of kin.

Polio Epidemic Results In Ten Deaths In State

By the Associated Press Health officials in Texas cities renewed efforts to curb the spread of poliomyelitis and encephalitis as reported fatalities reached a total of 10 dead in the current epidemic.

The death yesterday afternoon of C. A. Russell, 28, of San Antonio set the new figure.

San Antonio health officials predicted further spread of the disease. Col. H. R. Livesey, chairman of the San Antonio board of health's medical conference, forecast a total of 150 cases by fall. Dr. Charles F. Craig, an authority on tropical diseases and member of the San Antonio health department, declared the spread of the disease was "definitely an epidemic."

Spurred to action by two cases polio reported last week, the city of Lubbock began an extensive health program designed to reduce the hazards of polio and all insect-borne diseases.

The Lubbock health department is preparing a map of sore spots to be eliminated. The entire city will be sprayed with DDT once a month.

The War Assets Administration came to the aid of cities combating the disease with an announcement yesterday of large quantities of surplus bed sheets, pillow cases, garbage cans, and three other items being dispatched to three Texas cities.

The supplies will go to San Antonio, Houston, and Corpus Christi.

Allied Authorities In Disagreement

BERLIN, May 28 (AP)—An American press relations officer announced today that the allied control authority's coordinating committee had failed to agree on a US proposal for a four-power investigation of German disarmament and had been the question off its agenda.

This means, he said, that there will be no commission as proposed to investigate the progress of German disarmament in each of the four zones.

OLDSTER FINALLY DIES

ISTANBUL, May 28 (AP)—Hall Aga, who claimed to be 157 years old, died Sunday at the Anatolian village of Sayca.

Rochester Labor Holds General Sympathy Strike

Transportation, Plants Closed After Settlement

ROCHESTER, N. Y., May 28 (AP)—Disregarding a settlement reached on higher levels, organized labor in Rochester today held a mass picketing demonstration that halted public transportation, extensive men's clothing manufacturing plants and other industries.

Anthony A. Capone, president of the Rochester Central Trades and Labor Council, said 25,000 employees had been idled by the mass picketing five hours after it began at 5 a. m. in defiance of a settlement of a dispute with the city over unionization of public works department employees.

Shortly after 2 a. m. today it was announced simultaneously by the State Federation of Labor at Albany and City Manager Louis B. Cartwright at Rochester that the dispute had been settled through the help of Gov. Thomas E. Dewey.

The statement said it was agreed the city employees affected by the 13-day old dispute would return to work "without prejudice" and that they had the right to belong to any union not in favor of striking against the public. During the dispute the city "abolished" worker's jobs, but reinstated them Monday.

Local union leaders of the AFL and CIO disregarded the "settlement" and proceeded with the mass demonstration.

Capone said the largest union affected was the CIO Amalgamated Clothing Workers, which has 19,000 members employed by plants which make this city of 325,000 one of the nation's centers of men's quality clothing industry.

The second largest single union pulled off the job, Capone said, was that of the bus drivers employed by the Rochester Transit Corporation, numbering about 950.

Capone predicted the demonstration would spread. "The full impact will not be felt until tomorrow morning," he added.

Hotels and eating places will be permitted to remain open.

Capone said "today's demonstration is a sympathy demonstration and not a general strike."

Forms Established For Street Curbs

Forms now are being set and grading operations are underway on the three-block paving project at E. 15th, east from Johnson street, city officials reported today.

Delivery of a concrete mixer purchased from the Army is expected by tomorrow, and as soon as it arrives workers will begin pouring curbing.

At the same time good progress was reported on preliminary arrangements for other voluntary projects. A city department worker is canvassing property owners now on 10th street between Security and Gregg, and more progress was noted on Rannels street.

Detailed engineering work, necessitated by topography in the area, must be completed before definite plans can be made for paving Washington Place, City Manager B. J. McDaniel said.

A complete profile of the entire section must be run, he said, in order that proper methods of drainage can be incorporated into the plans.

MISSIONS MAY BE CHANGED

MEXICO CITY, May 28 (AP)—Leon Roubellon, military and naval attaché of the French embassy, said today his government has under advisement a plan to change its missions in the central American republics to embassies.

Newton Murder Case Opens In Plainview

PLAINVIEW, May 28 (AP)—The case of Dr. W. P. Newton of Cameron, charged with assault with intent to murder opened this morning in 64th District Court here before Judge C. D. Russell.

Newton is charged in connection with the shooting of Dr. Roy Hunt of Littlefield on May 21, 1942.

The case was moved to Hale county, where Newton was convicted in August, 1943. On the 16, 1944, the court of criminal appeals reversed and remanded the case.

Nearly 100 witnesses have been summoned, 80 of them by the defense. Selection of jurors was underway today.

WAC, Two Soldiers Recruited By Army

Among the three persons who volunteered for military service here recently is a former member of the Women's Army Corps. She is Frances M. Anderson, who re-enlisted in the AAF for three years.

Forty Veterans Baptist Guests At Banquet

More than 40 ex-servicemen got acquainted better at an informal banquet affair at the East Fourth Baptist church Monday evening.

Most of the after dinner period was devoted to self-introduction, and with participants later singing out to recall names, occupations, brief resume of service records, etc.

Rev. James Roy Clark, pastor, spoke briefly, complimenting the men on achievements and encouraging them to make the most of opportunities. George McLellan, educational director, outlined organization's work of the church and urged them to fulfill expectations of Christ in the service of their church.

Members of the Homemakers Sunday school class were in charge of the meal which featured fried chicken.

The following men attended the banquet: W. L. Baird, Wm. R. Bagley, Hollis Pickett, Adrian A. Porter, Roscoe Gray, Earnest Richters, Wayne Johnston, Bill Bostick, Curtis Winterrowd, Bob Keheley, J. B. Bowers, Weldon D. Engle, Buek Tyree, Morris Daugherty, Roy Spivey, Lee R. Findley, Neal Bryant, Bob Atkins, J. W. Denton Jr., Cecil R. Jwey, Doyal Grice, Keats Watts, Dick Davis, Jack Dearing, T. U. Holland, Odie Wise, Marshall Yates, Lee C. Lawdermilk, Odie Moore, Herman Taylor, Fred Hodges, Bernard Mayo, Gene Hanson, W. T. Steward, James H. Timmons, L. J. Malone, Bernard Mayo, Gene Hanson, W. T. Steward, Elmer A. King, Grover Cunningham J., Clyde T. Arrender, N. S. Meyer, George McLellan, and Rev. James Roy Clark.

THE TEXAS POLL

Stevenson's Position In Governor's Race

By JOE BELDEN Director, The Texas Poll Copyright, 1946

AUSTIN, May 28 — If Coke Stevenson announces Tuesday or Wednesday he will not run for governor again, this is what a Texas Poll just finished shows will happen.

1. Most importantly, the largest group of voters becomes undecided, is yet to be convinced who the best man is.

2. Homer P. Rainey and Jerry Sadler emerge as the possible leaders in the campaign.

Governor Stevenson declared last week he would disclose his political intentions May 28 or 29. Most capitol observers believe he will not seek a third term. But if he does decide to run again, he starts the campaign undoubtedly the leader. In a survey four weeks ago Stevenson held about four-fourths of the vote, more than three times as much as any other candidate, but far from a majority. The present survey affirms his strength almost exactly.

Seeking out a representative cross section of voters, interview-

Murray Proposes Labor Truce To Head Off Case Bill, Anti-Strike Law

WASHINGTON, May 28 (AP)—Senator Murray (D-Mont) proposed today that labor offer President Truman a six-month strike truce in return for a veto of the Case bill and withdrawal of strike-draft legislation.

During the truce congress could study the whole field of worker-management relations, said Murray, who is chairman of the senate labor committee.

The Montana senator's suggestion came before the senate began its second day of debate on house-passed legislation authorizing the government to take over struck facilities, providing jail terms for leaders who decline to call off walkouts and making recalcitrant workmen subject to induction into the army.

As the possibility of a coal strike settlement threatened to cut further ground from under the draft section of the bill there were these other developments:

1. Republicans aimed a half dozen amendments at the president's measure, chief of which would wipe out the draft section entirely.

2. Democratic leaders apparently stalled efforts to force the revised Case bill before the house, with the intent of laying the emergency measure before Mr. Truman first.

3. Labor leaders fired hot blasts at both measures, with CIO President Philip Murray asserting that the sole aim of the two bills is "the destruction of the labor movement of this nation."

4. A coalition of senate republicans and democrats tightened their lines in an effort to emasculate the bill.

Murray's suggestion for a strike truce evoked no immediate response from labor leaders who, like Murray, would get rid of both bills.

The committee chairman said he thought most major disputes now had been settled, with the exception of the threatened maritime strike, adding that if everybody would cool off for six months while congress investigates the situation some "reasonable" legislation might be evolved.

Pareyon Appointed

MEXICO CITY, May 28 (AP)—The foreign office announced today appointment of Gen. Armando Pareyon as military attache in the Mexican embassies of Argentina, Brazil and Uruguay. He will succeed Gen. Alberto Violante Perez who will return to Mexico City.

Newton Murder Case

PLAINVIEW, May 28 (AP)—The case of Dr. W. P. Newton of Cameron, charged with assault with intent to murder opened this morning in 64th District Court here before Judge C. D. Russell.

Newton is charged in connection with the shooting of Dr. Roy Hunt of Littlefield on May 21, 1942.

The case was moved to Hale county, where Newton was convicted in August, 1943. On the 16, 1944, the court of criminal appeals reversed and remanded the case.

Nearly 100 witnesses have been summoned, 80 of them by the defense. Selection of jurors was underway today.

WAC, Two Soldiers Recruited By Army

Among the three persons who volunteered for military service here recently is a former member of the Women's Army Corps. She is Frances M. Anderson, who re-enlisted in the AAF for three years.

Others departing here for further processing at the El Paso reception center are Lonnie E. Garrett, a former GI, and Bluford A. Cement. Both asked for service in the Alaskan theater.

Garrett saw service in Europe with Battery A, 78th Anti-Aircraft Artillery Division.

Says Both Sides Near Agreement On Settlement

WASHINGTON, May 28 (AP)—Senator Hill (D-Ala), deputy administration leader, today predicted an end of the coal strike "within the next 48 hours."

Hill told a reporter he had talked with "parties on both sides" and that he understood all "are in agreement on principles for settlement."

"I feel confident," Hill said, "that unless something very unforeseen occurs, the coal strike will be settled and announcement of the settlement made within the next 48 hours."

Hill made his statement shortly after a conference between John L. Lewis and Secretary of the Interior Krug looking toward a strike settlement was postponed for more than three hours because neither side "was ready" for the next move in the negotiations.

The explanation of the postponement was offered by Krug's office after a four-man union delegation showed up without Lewis, chief of the United Mine Workers.

The UMW group, headed by UMW Vice President John J. O'Leary, spent 20 minutes in Krug's office.

A spokesman for Krug told reporters the four union officials talked with Vice Admiral Ben Moreell, deputy coal mines administrator, about "alleged discrimination" in the operation of the mines.

There was no elaboration of this but the spokesman said O'Leary had drawn the admiral's attention to "a couple of incidents" in which the miners claimed discrimination. The government has been in control of the mines for a week.

The meeting between Krug and Lewis was moved from 10 a. m. (CST) to 1:15 p. m.

All signs pointed to an early agreement as the two ended a conference last night.

Navy, Army Heads Ask World Defense

WASHINGTON, May 28 (AP)—Fleet Adm. Chester W. Nimitz and Gen. Dwight D. Eisenhower urged congress today to authorize transfer of arms and war goods to other nations of the western hemisphere.

Nimitz said that should there be another war, the transfer legislation would permit "organization of the western republics as one hemispheric force."

The operating heads of the navy and army testified before the house foreign affairs committee on a bill providing for a broad program of military cooperation with other American countries.

Patterson Testifies On Secret Weapons

WASHINGTON, May 28 (AP)—Secretary of War Patterson testified today that America "cannot lag in the laboratory and hope to have any chance of victory in the event of a future war."

He appeared before the house Interstate Commerce Committee in support of a bill by Rep. Mills (D-Ark) to establish a national science foundation.

The secretary urged that whatever type of organization is eventually established by congress, provision be made to guard military secrets.

Round-Up Club Seeks Prospective Members

Lists of prospective new members were reviewed this morning at a meeting of the chamber of commerce Round-Up club's steering committee in the Settles hotel.

Each member of the steering committee took membership cards for his respective Round-Up team. The cards already had been filled out with names of prospective new members.

Attending the meeting were Matt Harrington, George Mims, Otis Grafs, Jake Douglass, E. P. Driver and J. O. Vineyard.

Newman Given Fourth Stay Of Execution

AUSTIN, May 28 (AP)—L. G. Newman, convicted of murder in Polk county, today was given a fourth stay of execution.

The board of pardons and paroles recommended and Governor Coke R. Stevenson concurred in advancing the scheduled date of execution an additional 30 days to permit a sanity hearing set for June 10 at Livingston.

Newman was convicted of slaying a 75-year-old woman near Camden.

Christians Should Go To China, Mrs. Chambers Says

"What China needs is upright Christian American businessmen to assist in the spreading of Christianity," Mrs. Christine Coffee Chambers told members of the First Methodist Women's Society for Christian Service Monday afternoon.

The missionary to China declared that there is an important place to be filled by young men and women who would like a wonderful opportunity for service, yet do not desire to become missionaries.

Mrs. Chambers traced the political history of China with all of its upheavals, and told the church women that Chiang Kai-Shek is a virtual dictator of China, simply because the enlightened Chinese desire him to be. She pointed out that he was the leader because there was no one else strong enough for the job.

Religiously the Chinese are becoming more and more Christian the religious worker stated, but added with the increased education brought by Christian missionaries to China, the people found the courage to declare that Christianity could not be forced upon them through their schools. However, the many displaced Chinese who have become followers of Christ are spreading the Gospel as the result of the war.

Mrs. Chambers told the women

of the work being done in the universities, particularly in the one in which she was an instructor.

A special collection was taken for missionary work in China.

Mrs. William H. Reinwald gave the devotional to open the meeting, and Mrs. T. Baird gave the prayer.

During the brief business session Mrs. C. R. Moad resigned her position as secretary, and the nominating committee was instructed to name a new secretary to be voted on.

Attending were Mrs. S. H. Newberg, Mrs. Charles Morris, Mrs. Pete Johnson, Mrs. C. S. Talbot, Mrs. Cecil Collins, Mrs. C. E. Johnson, Mrs. H. M. Rowe, Mrs. M. E. Perry, Mrs. Iva Honeycutt, Mrs. L. M. Williams, Mrs. H. J. Whittington, Mrs. Joe M. Faucett, Linda Loretta Berry, Mattie Heffley, Mrs. W. F. Cook, Mrs. H. N. Robinson, Mrs. Bernard Lamun, Mrs. William Reinwald, Mrs. Robert Hill, Mrs. A. M. Bowden, Mrs. John R. Chaney, Mrs. Clyde Johnson, Mrs. J. B. Pickle, Mrs. J. T. Baird, Mrs. W. A. Lawwell, Mrs. A. C. Bass, Mrs. Clyde Thomas, Mrs. N. W. McCleskey, Mrs. H. H. Haines, Mrs. Clyde Smith, Mrs. G. E. Fleeman, Mrs. G. S. True, Mrs. B. H. Settles, Mrs. W. A. Miller.

Senior Class Entertained

Graduating seniors of Big Spring high school were honored at the junior-senior banquet and prom Monday evening.

The banquet, attended by 200 students and guests was held at the Settles hotel. Each place was marked by cutout programs of boy and girl graduates in black and gold.

E. C. Dodd was the principal speaker following the invocation by Bobo Hardy and the welcome to seniors by George Oldham. Evelyn Green gave the senior response.

Following the banquet the students proceeded to the YMCA where the spring prom was held. The hall was decorated with streamers of pastel crepe paper covering the walls. Placed about the walls were scrolls tied in yellow, and on the posts were sketches of graduates.

Senior sponsors included Vivian Peck, Mrs. W. C. Blankenship, Mrs. Wiley Curry and Pat Murphy.

Social Calendar For The Week

TUESDAY
BETA SIGMA PHI will meet at the Settles at 8 p. m.

REBEKAH LODGE has a meeting at 8 p. m. in the WOW hall.

BUSINESS & PROFESSIONAL WOMEN will have a dinner meeting at 7:30 p. m. in the Settles.

THURSDAY
THURSDAY BRIDGE CLUB will meet with Mrs. Wayne Prather at 2:15 p. m.

FRIENDSHIP SUNDAY SCHOOL CLASS of the First Baptist church will meet for a coke party in the home of Mrs. Vernon Kyle, 2105 Lancaster, at 3:30 p. m.

FRIDAY
FRIDAY AFTERNOON Bridge Club will meet at 2 p. m. with Mrs. Roy Lassiter.

XYZ will have a joint social meeting with ABC at an "apron and overall party" at 8 p. m. in the country club.

FAIRVIEW HD CLUB will meet at 9 a. m. with Mrs. Jim Skalicky, 801 N. Gregg, for a meeting with a covered dish luncheon at noon. Women will sew at the Red Cross.

RUTH CLASS of First Baptist church will meet in the home of Mrs. Troy Gifford at 8 p. m.

BALLET SKIRT... Spectacular interpretation of the uneven hemline in a black nylon marquisette evening gown designed by Herbert Sondheim.

HAREM DRAPE... This sensational evening gown in brown scroll design on white background seen at the Rita-Carlton typifies 1946 formality.

Edwina Turner Feted At Bridal Shower Monday

Edwina Turner, who will marry Marshall Stewart early in June, was complimented at a bridal shower Monday evening in the home of Mrs. W. R. McClure, with Mrs. E. E. Holland and Mrs. Hazel Jones as co-hostesses.

The refreshment table was centered with a floral arrangement of cut garden flowers.

Miss Turner, daughter of Mr. and Mrs. J. H. Turner, was graduated from Big Spring high school, and has just completed work at Bethany-Peniel college near Oklahoma City. Stewart is a former resident of Big Spring and now lives in Kansas City. He was recently discharged from the armed service.

Attending were Mrs. W. W. Whitley, Jane Mize, Inez Morris, Zennia Thomas, Maggie McDonald, Woodrow Jones, Mrs. J. D. Patton, June Patton, Edna Stephenson, Doricee Rasco, Ethel Anderson, Mr. and Mrs. George Reeves.

Geneva Turner, Verbal Whitley, Mrs. Paul Turner, Mr. and Mrs. Wilford Holland, Mr. and Mrs. O. G. Townsend, Mr. and Mrs. W. G. Carriger, Mrs. J. H. Turner, Mrs. R. T. Reynolds, Mrs. James Horton, Marjorie Hodges, Virgie Mae Smith, Charles Hodges, Lowell Holland, Junior Mize, Steve H. Mize, Joe Mize and Kenneth Jones.

Today's Pattern

Be smartly, comfortably attired in garden, at home, or on beach. Pattern 9113—short and slacks outfit. Shorts in pattern.

Pattern 9113: 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40, 42. Size 18 slacks 2 1/2 yds. 39 in.; blouse 1 7/8 yds. 35 in.

Send twenty cents in coins for this pattern to Big Spring Herald, Inc., Pattern Dept., 282 West 18th St., New York 11, N.Y. Print plainly size, name, address, style number.

Fifteen cents more brings you the useful Marian Martin Spring Pattern Book with a free pattern for smart "bag-on-a-bell" printed right inside the book. Brimful of chic, easy-to-make fashions.

Coahoma Seniors Honored At Lunch

COAHOMA, May 29. (Sp) — Members of the senior class were honored last week at a buffet luncheon held in the home of Mrs. D. S. Phillips. Co-hostesses included Mrs. Charlie Lanley, Mrs. Rube Baker, and Mrs. Sam Buchanan.

The class colors of red and white were carried in arrangements of roses.

Seniors present were Loma Jean Buchanan, Frances Sheedy, Ruby Helen Linley, Harry Echols, Ray Echols, Winston Hall, Bill Wood, Eloise Lumpkin, Marian Roberts, Jamie Lou Brewer and Donnie Reed.

Teachers attending were Supt. and Mrs. M. R. Turner, and Frances and Marie Kelsley.

PIN-WORMS NOW CAN BE BEATEN

The misery of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recognized drug a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. J. Jay's & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So don't suffer with the embarrassing, rectal itch caused by this ugly pest. Ask your druggist for JAYNE'S P-W and follow the directions.

P-W means Pin-Worm relief!

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Baracetone (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen; hips, calves and ankles; just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Girl Scout Day Camp To Be Held Within A Week

Due to conflicts with vacation Bible schools sponsored by the local churches, the Girl Scout day camp will begin on June 3, and be held every day for a week.

The sessions will begin each morning at 8:30 and last until 2 p. m. Each girl must furnish her own "snack" lunch and transportation to the camp site. Milk will be furnished each girl and a bus will carry all back to town. The Scouts were urged to be at the site promptly on June 3 to speed up registration.

Arah Phillips will direct the camp and scouters assisting will be Mrs. George French, Mrs. W. R. McGinnis, Mrs. R. L. Pritchett, Mrs. C. Y. Clinkscales, Mrs. M. F. Ray, Mrs. H. W. Smith, Mrs. Dan Donley and Mrs. J. L. Roberts. Substitutes will be Mrs. Lee Harris, Mrs. Jack Johnson, Mrs. Larson Loyd, Mrs. J. M. Mull, Mrs. Joe Burrell.

S. H. Garrison will be in charge of waterfront safety.

Approximately 70 girls have registered for the camp.

American Legion Auxiliary To Set Up Active Unit

To set up an active American Legion Auxiliary, members of the unit met Monday evening with Mrs. Cecil Collins.

Regular sessions will be held monthly on each fourth Monday evening, and at June's meeting new officers will be elected in order that they may be installed before the August convention.

New members announced at the meeting included Mrs. Eunice Barnaby, Mrs. Mary Lou Dunlap, Mrs. Catherine Thippen and Mrs. Velma Griese, bringing enrollment to 20.

A refreshment plate was served to members attending the meeting.

Presbyterian Ladies Have Sewing, Hour Of Visitation

Presbyterian Auxiliary met Monday morning in the church to begin work on 35 dresses for the Red Cross.

A covered dish luncheon was held at noon, and at 2 p. m. a short business meeting was held for discussing the unit's visitation program. Following that the women made calls and continued sewing.

Attending were Mrs. Dalton Mitchell, Mrs. J. B. Mull, Mrs. E. C. Boatler, Mrs. Neal Hilliard, Mrs. W. B. Hardy, Mrs. J. G. Potter, Mrs. T. S. Currie, Mrs. F. H. Talbot, Mrs. J. C. Lane, Mrs. D. T. Evans and Mrs. D. A. Koons.

In 1942 milk consumption per capita at the \$2,000 a year income level per family was fully as high as at the \$4,000 level.

Lodge Heads Feted At Tea

COAHOMA, May 28 (Sp)—Honoring Mrs. J. L. Adams, grand representative of Michigan, and Mrs. John Davis Grand Adah of the Grand Chapter of Texas in Eastern Star, a coffee was held Friday morning in the home of Mrs. E. T. O'Daniel.

In the receiving line were Mrs. Adams, Mrs. Davis and the local worthy matron, Mrs. Fred Beckham.

Mrs. Charlie Graves, conductress, and Mrs. Melvin Tindal, associate conductress, presided at the register books which were decorated with emblems of the position of each.

The refreshment table was covered with an embroidered linen cloth, and had a centerpiece using flowers in the five Eastern Star colors, arranged in a star shape. Mrs. O'Daniel presided at the silver coffee service. Baskets of gladioli and other spring flowers were placed throughout the entertaining rooms.

Silver trays were presented to Mrs. McAdams and Mrs. Davis as gifts from the chapter.

Guests included Mrs. Inez Turner, Mrs. Eleanor Garrett, Mrs. Elizabeth Martin, Mrs. Agnes Cockrell, Mrs. Tennie Hays, Mrs. Bama DeVaney, Mrs. Hattie Belle Shive, Mrs. Adah Daniel, Mrs. Marie Engle, Mrs. Willie McGee, Mrs. Almeda Shive, Mrs. Ruth Wirth.

Guests from the Big Spring chapter were Mrs. Nina Currie, Mrs. Ruth Pittman, Mrs. Lena McClenny, Mrs. Mary Ehlman, Mrs. Gladys Dalmont, Mrs. Lena Koberg, Mrs. Frances Fisher, Mrs. Willie Mae Dabney, Mrs. Ruby Read, Mrs. Leona Benson, Mrs. Minnie Michael, and Mrs. Agnes V. Young.

First Baptist WMS In Monthly Business Meeting At Church

Reports of committees and officers were heard and summer plans were made at the monthly business meeting of the First Baptist WMS Monday afternoon at the church.

The meeting was opened with the singing of "We've a Story to Tell to the Nations," followed by a prayer by Mrs. Marie Haines.

Mr. W. J. Alexander, district young people's chairman, discussed the youth camp to be held this summer and made assignment of duties. At the next meeting all circles will meet at the church for a Bible lesson to be taught by Rev. P. D. O'Brien.

Attending were Miss Minnie Moore, Mrs. Dick O'Brien, Miss Marie Haines, Mrs. Roy Odum, Mrs. C. T. McDonald, Mrs. E. E. Bryant, Mrs. R. V. Hart, Mrs. Frank Gary, Mrs. H. E. Choate, Mrs. Inez Lewis, Mrs. W. J. Alex-

ander, Mrs. Viola Bowles, Mrs. Garvin McCollough, A. L. Hobbs, and Mrs. Della K. Agnell.

Ellises Have Son

Mr. and Mrs. B. N. Ellis of San Jose, Calif., are parents of a son born Monday at 11 a. m. He weighed eight pounds, and has been named Peter Royce.

Mrs. Ellis is the former Maxine Waldrop and is the niece of Mr. and Mrs. Royce E. Satterwhite.

In Georgia, sweet potato pie and Brunswick stew are now being frozen.

OVER 100 MILLION BOTTLES SOLD! SIMPLY GREAT FOR MONTHLY PAIN

Lysia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to female functional periodic disturbances. It also relieves accompanying weakness, tired, nervous, cranky feelings—such nature. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic!

Your way of bleaching... harsh or gentle?

HARSH
with uncontrolled bleaches

An uncontrolled bleach, that varies in strength from one bottle to the next, may weaken your cottons and linens. Fabric threads fray out, as shown above.

GENTLE
with Controlled-Action Purex

Every bottle of Purex has the same strength, the same correct bleaching action. Used as directed, Purex never overbleaches. It provides Controlled Action because it is purified and stabilized by the Intensif Process—exclusive with Purex. Yes—Purex bleaching is as easy on linens as just plain washing.

PUREX
THE CONTROLLED-ACTION BLEACH
GENTLE TO LINENS

At your grocer's

Grand too for cleaning and disinfecting dishes and bathroom

For a bright, "smell" kitchen, give tiles and porcelain a Purex "Beauty Bath"! Follow simple directions on bottle.

Two simple steps in building STURDY BODIES!

1—Promote the flow of VITAL DIGESTIVE JUICES in the stomach

2—Energize your body with RICH, RED BLOOD!

YOUNG PEOPLE, especially those of grammar and high school age, are prone to be deficient in stomach digestive juices and red-blood. In such cases Nature needs extra help. If an organic trouble or focal infection is suspected, consult your physician. Tissue foods must be digested and rich, red-blood must be present to build sturdy bodies. SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient. It helps nature work faster when extra help is needed. You can start today... at drug stores in 10 and 20 oz. sizes. © S.S.S. Co.

Eighth Service Unit Moving Headquarters

DALLAS, May 28. (AP) — Units of the Eighth Service Command are in the process of moving to San Antonio where the command is being merged with the Fourth Army.

The movement began yesterday and is expected to be complete by June 11. The main body of the command is scheduled to start moving Saturday.

Lt. Col. C. J. Lang, Fourth Army headquarters commandant, said here yesterday that 12 floors of the Santa Fe building, now housing the command, would be turned over to the Veterans Administration regional office here.

Home Gardening Can Ward Off Starvation

GALVESTON, May 28. (AP) — Charles Koch, president of the Associated Retail Bakers of America, told the final session of the Texas Bakers Association convention here yesterday that 90 per cent of those threatened with starvation in the world could ward off the threat by home gardening.

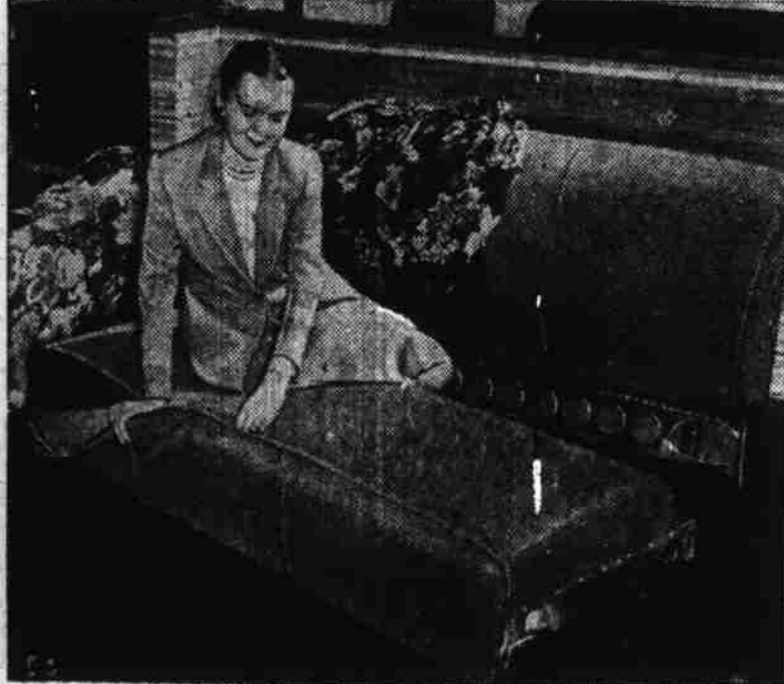

W. B. Finney of McKinney, was elected to succeed George O. Jones of Waco as association president. Raymond Burford of Lubbock was named vice president and F. H. Eilenberger, Palestine, treasurer.

Until 1750, sugar was considered a medicine.

Aluminum, Foam Rubber Furniture Strictly Modern, Hit Of Eastern Show

METAL FRAME of chair is demonstrated by its manufacturer, J. A. Reymann.

ZIP GOES THE COVER . . . Mrs. Richard Thrasher of Jamestown, O., changes coverings of a new aluminum frame davenport, disassembled for lightning change.

By ALICE PARTRIDGE AP Newsfeatures
JAMESTOWN, N. Y.—The hit of the Jamestown furniture market this spring was a display of all-aluminum frame living room sets with removable zippered upholstery.

The aluminum "bodies" of the chairs and sofas were inspired by airplane manufacture. In fact, they roll off assembly lines at an Akron, O., aircraft plant, along with not so long ago traveled parts of Navy Corsairs and blimps. The frames are 40 percent lighter than the wooden variety. They have quick-release airplane fasteners which make the back, arms

and seat detachable, allowing for "knock-down" shipment and easy movement through small house spaces.

"The frame is strong and rigid," said J. A. Reymann, the manufacturer, "and will never warp or rot. Neither moisture nor extreme heat affects it. Even termites pass it up. Despite its unique skeleton, however, it has the appearance of conventional upholstered furniture."

Over the aluminum bases a new type of non-webbed suspension spring is fitted which the company maintains will "last a lifetime and never sag." Over the springs goes a padding of foam rubber or

cotton felt, and covers that zip off from each section to allow for cleaning or a complete seasonal upholstery change.

The covers differ from slipcovers in that they have the appearance of permanently fastened fabrics.

Reyman said the company has sets of upholstery in a variety of colors and patterns all cut to fit the different models. Some of the living room sets are decorated with plastic molding which also is removable. It snaps on.

Reyman declares that actual tests have proved an inexperienced person can dissect a davenport,

Multiple-County College Planned

AUSTIN, May 28. (AP) — Establishment of the first multiple-county junior college in Texas was seen today by Dr. C. C. Colvert of the University of Texas as a step forward.

The professor-consultant in junior college education said establishment of the college by recent vote of Uvalde, Real and Zavala counties "is a guiding step for other county colleges in Texas."

"Texas is so large that every junior college should take in more than one county," he said. The college will be located at Garner Field, Uvalde.

In addition to this new three-county college, three new one-

zip off the upholstery, whisk on a new set, and reassemble the piece in 15 minutes. Well . . . could be, if your talents run along these lines.

Obviously, the lumber shortage which is holding down production of conventional furniture does not plague this company. Reymann said the new furniture will be in full production by Aug. 15. He expects to turn out from 35,000 to 40,000 sets annually thereafter.

county junior colleges will be opened in Texas next fall. They are for Howard county at Big Spring, Henderson county at Athens and Wharten county at Wharton. Kilgore junior college, San Angelo junior college, and Blinn college at Brenham have expanded during the last year.

Negro Sentenced For Attack Attempt

LLANO, May 28. (AP) — Eugene Burr, negro, was sentenced to 2 years in the state prison yesterday after pleading guilty in district court here to a charge of attempted rape.

He was charged with an attempted attack on a white woman here several months ago.

In the middle of the 18th century, more books had been printed in Chinese than other languages together.

ANNOUNCE

The New KAISER SPECIAL

The KAISER SPECIAL is on the assembly lines at Willow Run now! It is a conventional rear-wheel-drive automobile, the result of months of advanced engineering, modern production planning and exhaustive tests.

This new 1947 motor car has everything you expect in styling, comfort, roominess, roadability and performance. Best of all, this car will soon be in the show rooms of our more than 4,000 dealers.

To provide vitally needed steel for the KAISER SPECIAL, excess ingot production from the Kaiser Fontana steel plant is now being shipped and will be used to roll sheets in Midwest plants having excess rolling capacity.

The KAISER SPECIAL precedes the front-wheel-drive KAISER, which will go into production later.

KAISER-FRAZER CORPORATION
Willow Run, Michigan

40,000,000 times the choice was Riversides!

"RIVERSIDES... didn't come on my car; I CHOSE THEM!"

"AND I SEE OTHER CHAMPIONS PREFER RIVERSIDES, TOO!"

That's right! Famous race-drivers like Joie Chitwood, Jimmy Wilburn, Emil Andres and many others choose Riversides! Yes, these men who trust their lives to their tires prefer regular stock Riversides (not special racing tires). Race-drivers buy Riversides from stock in Wards stores. The same tires you buy in any Ward store! So why not take a tip from these racing champions . . . change now to Riverside tires! You will agree with millions who say it's . . .

New Tubes Add Miles To Your Tires!
Old, thinned-out tubes lose air! New, extra-thick Riverside tubes hold air longer . . . help stop under-inflation, give you many more miles of service! Get a set of tubes at Wards today!

RIVERSIDES for MORE MILES of greater SAFETY!

MONTGOMERY WARD

Complete County History Needed

The May issue of the Junior Historian, published by the Texas State Historical association, is devoted to the history of San Angelo and Tom Green county.

This bit of work came about through a move among students of San Angelo junior and senior high school.

Howard county has one history, compiled by John R. Hutto which The Herald sponsored several years ago under the title "Howard County in the Making." Demands still exist for copies of this booklet, which is a fine bit of factual reporting.

It is, however, not as complete as a history of a county should be. Many good per-

sonality sketches are included, but some of the colorful events of the county's past are omitted. Much of the county's economic history is not given ample treatment. The historic drouths, blizzards, rains, the S. E. J. Cox fabulous "oil" boom, the Soash "boom" and others are missing or not discussed in sufficient detail for posterity.

All of these are priceless gems of our past and ought to be preserved. Steps should be taken to adequately compile this information into a cohesive history of the county. The time to do it is before the old timers, who are fast slipping away, are gone and their stories forever left untold.

Recreation Looks Up in Big Spring

One of the things which is looking up in Big Spring is the matter of recreation. If you follow the sports columns, you may have noticed that it is not at all uncommon for crowds of 1,500 or more to be at the softball games at the park these evenings. Moreover, there are scores and even hundreds of others who take in games at other points.

The city park is experiencing a big rush this season and as hot weather comes on the pool will be more and more a popular place.

People are using the picnic units on scenic Mountain. They are playing tennis and roquet. Horseback riding is still popular, and golf never enjoyed more participants.

We hope the trend continues and that we can provide more facilities for these activities and more playgrounds for children. One of the greatest assets a community can have is a well rounded recreational program. It certainly contributes to general satisfaction and perhaps happiness.

How Draft-Strikers Bill Operates

WASHINGTON, (AP)—Here's an explanation — given by a high government official — of the anti-strike bill which President Truman has asked Congress to pass.

If passed in its present form, it would not bar strikes generally. And it would be only a temporary, emergency law.

No one is talking of making it permanent.

This is the only time it would be used:

When the president, deciding some strike was interfering with the national welfare, seized the property and called upon owners and workers to resume work.

First, take the law as it would apply to workers.

If they refused the President's order to return to work in a struck plant which the government had seized, two things could happen to them:

1. They could be fired by their employers. If eventually they were rehired, they'd lose their seniority rights and start as new employees.
2. The President could order them drafted into the Army. This would have nothing to do with the

Selective Service process, such as draft boards, age limits, physical condition, dependents.

The President would tell them they were in the Army and to return to their jobs. They'd need no uniform.

The President could tell them that, when they returned to their jobs, they'd receive only Army pay. Or he could tell them they'd receive the regular civilian pay which they had been getting before the strike.

If then they refused to work, they could be court-martialed.

(How the government would attempt to court-martial thousands of men—say 400,000 striking coal miners—is something for the imagination.)

Now take the law as it would apply to union leaders and employers.

If the union leaders refused to tell their members to return to work or if the employers refused to run their plants for the government, several penalties could be imposed on them:

1. They, too, could be drafted into the Army.
2. A union leader ordered to get his men back to work, would have to take "affirmative" action. Which means he couldn't sit back and say, "I'm not telling the men to go back to work." He'd have to tell them to return to work.
3. They could be charged with violating the law and, if convicted after a jury trial in federal court, be fined up to \$5,000, be sentenced to one year in jail, or be given both penalties.
4. The government could go into federal court and get an injunction.

Hal Boyle's Notebook

Kings Need Emily Post

COPENHAGEN, (AP)—Kings in wartime need a military Emily Post to tell them what to do if their countries are overrun.

It isn't easy to outline a rule of monarchial etiquette in such cases. There are pros and cons on both sides.

King Leopold of Belgium stuck with his surrendered legions after directing them in the field and thereafter lived in compromise with the invaders.

Now he doesn't have a palace he can really call his own and lives in uneasy exile in Switzerland.

George of Greece — is the second king suffering from a housing problem in his native land. He hopped, skipped and jumped with his family from Athens to Crete to Egypt to London ahead of German troops. Like Leopold he is awaiting a popular referendum on the question of his return.

Exhibit three—Peter of Yugoslavia. He led a popular resistance movement against the Nazis when

Regent Prince Paul wanted to play ball with them. But Tito, who stayed, took over from Peter, who left, leaving the young monarch stranded in London without a throne.

Queen Wilhelmina of The Netherlands, on the other hand, crossed the North Sea to Britain's capital from the burning ruins of Rotterdam, for one thought less of her and ensuing war years the "wise queen" became even dearer to her people's hearts than before.

Zog of Albania is an example of the king who looks and runs away may live to rule another day. "But there is no evidence that Zog, who pulled out under this shadow of Mussolini, will ever get a Soviet welcome.

Kings Haakon of Norway and Christian of Denmark rank with George of England among the world's rulers least likely to suffer from occupational unemployment.

Haskon refused to leave for London until popular demand showed it to be the will of his people. He became in absentia a symbol of Norwegian resistance both in and out of Norway.

His brother, however, stayed in Denmark and became a show piece of incorruptible Danish home front antagonism to Adolf Hitler's global urge.

Connally Asks Army To Reconvert Camp

WASHINGTON, May 28, (AP)—Senator Tom Connally said yesterday that he has urged the War Department not to declare Camp Bowie, Tex., surplus but to retain it as a future training camp for National Guard reserves.

He denied reports that he was taking any part in a move to establish a national park at the camp.

The American Legion at Brownwood has asked congressmen to back a move to establish a national park in event the camp is declared surplus. At present the camp is on an inactive status.

In ancient Egypt, a mixture of animal fat was considered a cure for baldness.

Thanks To The Yanks

ATLANTIC CITY, N. J. (AP)—Max Zaritsky, president of the United Hatters, Cap and Millinery Workers' International Union (AFL), reports that returning servicemen have had a salutary effect on the millinery business.

Women, he said, are donning bandanna and donning glamorous hats in an effort to look their best for the veterans. As a result sales in the industry have increased from \$77,000,000 to \$105,000,000 in the last 18 months.

Washington Merry-Go-Round—Draw Pearson

Other Brotherhoods Sore At Whitney

WASHINGTON, — Those who have sat in on the hectic closed-door conferences over the railroad strike report that it is hard to say who has been sorest at the prima donna tactics of "Brother" A. F. Whitney, head of the trainmen-government officials or the other brotherhood leaders who are not striking but were thrown out of work by the trainmen and the locomotive engineers.

At one time probably the President of the United States was the most irked at the grandstanding Mr. Whitney. Truman even had difficulty getting Whitney to stay in Washington. He was constantly threatening to stage an opera exit to Cleveland without even bothering to advise the White House.

This brought sharp tongue-lashing from the President during one of their meetings.

"What do you mean to do—walk out on the President of the United States?" Truman roughly inquired of "Brother" Whitney.

"No, sir," responded Whitney—and his voice lacked its usual brusqueness.

"Well, then you had better stay here until we get this thing settled and try to show a little more cooperation," snapped Truman.

go up instead of down in your demands? Yesterday you seemed agreeable to only four rules modifications in addition to those recommended by the emergency board. Now you want a total of 32."

"I have talked it over with my committee and that is the minimum we can agree to," replied Whitney.

"I wonder if you really want to settle this strike, Al," countered Steelman sharply. However, Whitney refused to budge from his new position.

NOTE — Stock complaint carrier spokesmen made against Whitney is that he continually "steps up" his demands during negotiations. Other brotherhood leaders also criticized him for being too arbitrary in this respect. He considers every concession from the carriers a new "floor" on which to build further demands, according to his critics.

step in this direction — elimination of private luxury planes for brass hats — got a very cold reception from the generals. . . . Remark Assistant War Secretary Stuart Symington to Bob Hannegan: "I needed a double fur coat with an electric pad inside, it was so cool around my office the day after Pearson credited me with taking away these private planes."

"Secretary of War Bob Patterson also deserves large credit for cleaning up the luxury airplane racket. Symington had proposed that all private planes be eliminated except two — one for the Secretary of War and one for General Eisenhower. But Patterson said no. He ruled that he and Eisenhower could just as well ride with GIs, and the only man who needed a private plane was the President of the United States. . . . When some of the brass hats came back at Patterson, demanding a few private planes for their own use, he again said no. . . . The private plane racket was carried to such an extreme that even Ed Stettinius, US delegate to the United Nations meeting in New York, had his own private luxury liner operated at the taxpayers' expense. A total of 114 private planes are now going back to all-around use. (Copyright, 1946, by the Bell Syndicate, Inc.)

Whitney in Reverse

Inside fact is that the disastrous railroad tie-up was close to settlement last Wednesday, the day before the five-day truce ended. Then, suddenly, the acrobatic Mr. Whitney reversed himself.

Whitney had tentatively agreed to settle on the basis of an 18 1/2 cent-an-hour pay boost — two and one-half cents more than the President's fact-finding board proposed—with four rules changes over and above the 14 changes previously recommended by the board.

The additional rules changes demanded by Whitney were: (1) pay for railroad workers while attending investigations of accidents and other inquiries; (2) guarantee of 30 days a month (on the basis of 100 miles a day) work for road service employees; (3) pay bonuses for trainmen on freight trains pulled by higher-powered locomotives; (4) yard service employees to be paid the same as freight engineers. The latter was demanded by Whitney's sidekick, Alvanley Johnston, boss of the engineers, sometimes compared to Whitney as "the whistle following the callopie."

Steelman promised to take these rules changes up with the carriers and was most hopeful of getting their acceptance. He was even more hopeful after putting the matter up to carrier chiefs late in the day and finding some of them amenable.

However, he didn't reckon with the man who two years ago ridiculed the three other brotherhoods as "three blind mice" when they refused to arbitrate a rail strike, but who now has refused to arbitrate himself.

For when Whitney met Steelman again, the trainman chief had a new set of terms, demanding 32 rules changes instead of 18 and still insisting on an 18 1/2 cent hourly increase. Steelman is not ed for his even temper in labor negotiations, but after listening to this ultimatum he had a tough time controlling himself.

"Al," he declared, "how do you expect to get a compromise if you

Non-Striking Brotherhoods

As was expected, the carrier spokesmen threw up their hands when Steelman informed them of the strike leader's amazing reversal. One of the three negotiating groups for the carriers, the Eastern presidents' committee, led by H. A. Enoch, angrily informed Steelman that if Whitney wanted to act like this they wouldn't agree to any rules changes over and above the 18 1/2 cent an hour straight wage increase.

Meanwhile, leaders of the three operating brotherhoods that did not join in the strike — Tom Cashion of the switchmen and Carl J. Goff, assistant president of the firemen and enginemen, who represented the conductors as well in the strike discussions — were meeting with Steelman and carrier spokesmen on their own problems.

Bitterly resentful of Whitney's bulldozing tactics, which they considered antagonistic to the public interest and labor in general, Cashion and Goff readily agreed to the 18 1/2 cent increase. It was understood, however, that rules changes would be further negotiated. And, since any rules alterations agreed to would affect all railway workers, the spokesmen for the three non-striking brotherhoods demanded the right to approve whatever changes Whitney won. To this the carriers agreed.

Open Forum Group Seeks Supervised Playgrounds

A four-man committee selected Monday night at the Big Spring open forum was due to appear before the city commission this afternoon to request that all possible steps be taken to provide supervised playgrounds in various localities.

W. D. Berry, addressing the forum on recreational needs of the city, said that too often service clubs and individuals are called upon to provide such facilities. Establishing neighborhood playgrounds has been made the responsibility of the city in many surrounding municipalities, and to obtain best results the same pattern should be followed here, he said.

Berry cited the WPA program of supervised recreation here several years ago, but pointed out that the city dropped it immediately when the WPA pulled out.

Jake Bruton, county juvenile officer, said supervised play is particularly effective in coping with problems in juvenile delinquency. The YMCA program is a great step forward, he said, but cannot bear the entire burden,

since there are many groups of youngsters who will not join in their program.

A committee composed of Jack Johnson, J. D. O'Barr, Paul Liner and Berry was selected to attend the city commission meeting today and request that possibilities of a supervised city-wide recreational program be investigated.

Other suggestions were heard from the floor concerning further development of the Big Spring state park and planting trees on the highway approaches to the city. The forum agreed to consult county commissioners and determine if they can negotiate with the state highway department.

A McNary was elected president of the forum for the Monday night session, and J. D. O'Barr, retiring president, served as secretary. Paul Liner and Jack Thompson were chosen to arrange topics of discussion for the next meeting.

A regular meeting schedule also was arranged, with sessions to be held on the last Thursday night of each month.

MANY NEVER SUSPECT CAUSE OF BACKACHES

The Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 5 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or weary passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your doctor for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

World Crops Are Better, But Output Inadequate

WASHINGTON, May 28 (AP)—The Agriculture department has reported that a spring survey indicates the famine-plagued world will produce more food this year than last but that total supplies will be below pre-war levels and short of requirements.

Hence, it said, effective conservation and distribution of supplies, internationally and within deficit producing countries, will be necessary throughout the 1946-47 season if another critical food shortage is to be avoided next spring.

Reports from this country's agricultural attaches abroad show that, as of mid-May, crop conditions in nearly all parts of the northern hemisphere thus far have been more favorable than a year earlier. A significant increase in acreage is expected and yields should be better than in 1945.

The department said, however, that acreages in most of the war-torn areas are considerably below normal, and improvement of yields is limited by shortage of fertilizers and the shortage and poor quality of seed, work stock and equipment.

While the production season in the southern hemisphere is six months later than that of the northern hemisphere, some expansion in food output was reported likely.

The department said the prospective total food output in continental Europe for the consumption year of 1946-47 may now be estimated at between 88 and 90 percent of pre-war. Output in 1945-46 was said to have been probably only 80 per cent.

Europe's prospective increases will be confined, the department said, largely to grains and sugar, with possibly a slight increase in fats.

Over-all prospects in the Far East also favor some expansion in acreage, the department said, but production of food crops will be considerably below pre-war, especially if increases in the population are taken into account.

Early spring rains in India, which suffered from adverse weather conditions last year, were said to be enabling farmers there to get their crops in early and under favorable conditions.

Conditions for the wheat crop of China also were described as favorable, but prospects for the early rice crops in southern China were said to have deteriorated due to drought.

J. P. McAuliffe of Corpus Christi is a weather man with the soul of a poet.

Dull, dry and scientific weather forecasts fit him.

When the weather will be good, he doesn't predict "fair, clear, today and tonight, with gentle to moderate southeast winds."

He says "the weather today will be beautiful."

It has upset the reactionaries in his community and, says the Corpus Christi Caller, they're keeping score on him. In a recent issue they carried the standings like they do in baseball:

W. L. Pet. McAuliffe 4 2 .666

What makes it difficult, of course, is that what might be beautiful for some people is unpleasant for others. For example, one person quoted the dictionary as defining "beautiful" as "especially pleasing."

"This heat," he said, "isn't especially pleasing to me."

The lower Rio Grande valley is rough on weather men.

Say he predicts rain. Well, it might rain heavily in one part of town, and remain clear and dry a few blocks away.

A pilot flying over the valley recently reported that he saw a tractor at work in a heavy cloud of dust, and two miles further a field was covered with water as the result of a heavy rain that fell minutes before.

But the weather doesn't bother C. S. Scott. He has spent four years out of the last nine buried in a coffin.

He's a showman, was once an auto daredevil, finds being buried much safer. He started it in 1935 with the Tripley show in San Francisco, remaining underground eight months and ten days.

He's now in Dallas, with two 8-inch tubes leading to his coffin complete with electric lights, radio and telephone.

There is, he said, no housing shortage for him.

Floods Raging In Pennsylvania

WILLIAMSPORT, Pa., May 28 (AP)—Raging flood waters of the Susquehanna river covered a fifth of the residential areas of this city of 45,000 persons today as railroad and most highway communications were cut by high water.

The flood, caused by four days of heavy rains culminating in a cloudburst yesterday, reached a stage of 27.5 feet at 7:30 a. m. five and a half feet above flood stage, with a crest of 33 feet predicted.

In the disastrous 1936 flood which damaged millions of dollars worth of property and made thousands in central Pennsylvania homeless, the flood waters reached 33.6 feet here.

With highways to the north and west already cut and other roads due to be covered by the rapidly rising waters, persons residing in low lying sections were moved to higher parts of the city with prospects of a third of the town being inundated or cut off.

Scores of smaller communities were isolated, thousands of dollars worth of property lost and at least two persons died as the heavy spring rains flooded areas in central and western Pennsylvania, Ohio and New York.

Old Pioneer Dies

SAN ANTONIO, May 28 (AP)—Funeral for Louis C. Bourgeois, 84, trail driver of early Texas and one of the first San Antonio public school students, will be held here today.

Bourgeois, born in Boerne, Tex., lived here 78 years. He died Sunday at his home.

Air Base To Become Aerial Freight Depot

McALLEN, May 28 (AP)—Vice President W. R. Devine of the Texas Air Lines told city officials of Mission, McAllen and Edinburg today that his firm planned development of Moore Field, former army air base in the Rio Grande valley, into a major aerial freight depot.

Devine said the volume of perishable produce in the valley is sufficient to warrant development of much air cargo traffic. He said if the cities can get the field designated a port of entry into Mexico, much additional passenger and merchandise traffic can be expected.

Cosden Pipeliners Register 9-5 Victory Over Motorists

LOOKING 'EM OVER

With TOMMY HART
 Ex-Big Spring high school athlete Bobby Savage has come along as one of the better pitchers on the baseball team at Colorado State college, Greeley, Colo., this spring. In three Big Seven conference starts to date, Robin has twice gained the upper hand. His only loss came at the hands of the powerful Colorado Aggies.

Savage lettered last season in basketball. He was, reports say, one of the outstanding members of the Bear cage squad. Too, he's gaining the reputation of being one of the top softball hurlers in that part of the Rockies.

Before the war, Bobby built up a reputation as an all-around athlete here. He first hit the headlines as a baseball player under Ben Daniel, then emerged as a bright star on high school football and basketball teams.

His feats on the softball diamond enhanced his reputation. He matriculated at John Tarleton college, Stephenville, and later attended Texas entering the armed forces in 1943. He enrolled at Greeley Christian university before shortly after gaining his discharge last January.

Our Town will not be the only Howard county community fielding an American Legion baseball team if C. T. DeVaney has his way.

C. T. wants to field a boys' nine at Coshoma, which has always been a baseball hotbed, and will organize there if he can get the Coshoma chapter of the Legion to back a club.

DeVaney wants his son, Wayne, to play and Wayne, an all-around athlete, is eager for a chance to make good on the diamond.

The aspiring father is certain he can get a crackerjack team out of Coshoma but suggests that Big Spring and the East Howard county village combine their talents at season's end to make a first class contender—in event such is legal in the eyes of the state baseball committee.

At any rate, once W. E. "Rat" Ramsey's Big Spring contingent does band together, it won't be starved for competition, what with similar units being organized at Sweetwater, San Angelo and Abilene as well as Coshoma.

Joe Bauman, who's playing a great first base for the Amarillo Gold Sox of the WT-NM

league, is a former Capitol Hill high school (Oklahoma City) boy who spent a couple of seasons with the Norman Navy Bluejackets.

Buddy Scott, who returned to the ring after time in the service, fires his heavy artillery against one Big Bill Peterson of Chicago at Oklahoma City June 15.

The good-looking Texan may be facing his most rugged test to date. Peterson recently bowled over Tony Musto in two heats. The big one also has the scalps of such fistufflers as Ben Moran, Eddie Blunt and Clayton Worlds hanging from his belt.

Buddy has licked Jackie Parker and Jimmy Bowden since donning civilian toggery.

Officials of the Big Seven athletic conference are still trying to figure out what to do about wartime eligibility rules, which make eight years of varsity competition possible for some athletes.

Mayhew Names Aide
KINGSVILLE, May 28 (AP)—Earl C. Harris, former Texas A. and I. football star and army air forces veteran, has been named line coach and assistant to Dewey Mayhew, A. and I. head coach. Harris, a guard on the Javelina team in 1938 and 1939, will report this fall.

Game cocks have been known to sit and hatch chicks.

Lowe Outpitches Glenn Bredemeyer To Earn Decision

Cosden's Pipeliners threw a monkey wrench into the smooth running gear of Big Spring Motor in Monday evening's Muni softball league feature at the city park, winning, 9-5.

To accomplish the trick, Jack Keith's gang waited until the "zero hour" to strike, scoring four runs in the sixth and another three in the seventh after trailing most of the way.

In slapping down the Fordmen, the Pipeliners administered rough treatment to Glenn Bredemeyer, the Motor hurler who has been making life miserable for other Muni clubs. The Pipeliners collected eight assorted blows off the ace righthander, including a home run by Tilman Shouls, and made most of them count.

Gordon Lowe, Forsan slambro, limited the Big Springers to five blows and coasted in on the wings of the belated uprising. Jimmy Felts collected a brace of blows to pace the Ford attack while B. Griffith was the Forsan leader with two bingles.

The Motorists' defense seemed to fall apart when Charley Teague, star shortstop, caught a spike in a bag while sliding and had to throw in the towel.

In the evening's other bout, Big Spring Hardware outsluggered Howard County Implement, 8-5, behind the effective elbowing of Johnny Daylong.

Daylong helped his own cause along with a two-run homer while Melvin Newton and Nowell Hull also hit for the circuit.

The victory was the Spartans' third in eight starts and elevated them to eighth place in circuit standings.

Frank Stranahan Survives Test

BIRKDALE, England, May 28 (AP)—Frank Stranahan of Toledo, Ohio, joined the gallery today as play in the British amateur golf tournament moved into the third round, while Charles Evans Jr. of Chicago, only other American in the meet, unlimbered his clubs for the first time.

Stranahan defeated John Beck, former member of the British Walker Cup team, 4 and 2, in the second round yesterday, leading all the way before the largest gallery of the day. His third-round match is scheduled tomorrow, giving him a one-day rest.

Competing in his fourth British amateur tournament, Evans went up against Richard P. Ridgeway today. Defending champion Alex Kyle and two other former titleholders survived the first-day play. Kyle eliminated George Holdcroft, 4 and 3.

Kovacs Wins Crown

DALLAS, May 28 (AP)—Frank Kovacs, California, outsluggered Welby Van Horn, Georgia, in five stubbornly fought sets last night to win the singles championship of the first Texas professional tennis championship here.

The scores were 4-6, 6-3, 6-1, 3-6, and 8-6.

Loboes Bumped A Second Time By Pampa, 9-7

LAMESA, May 28—Tony Range, Pampa third sacker, belted the fourth home run off righthander Jack Hauptert in the eighth with one on to unravel a 7-7 ball game and give the Oilers a 9 to 7 decision and a sweep of the two-game series here Monday night.

The Loboes had taken an early lead for one of the few times this season when they pounded Oiler ace Warren Hacker for 8 hits and 7 runs in the second and third frames. But while Hacker settled down to pitch one-hit ball the rest of the way and turn the Loboes back in order the last five innings, the Oilers kept blasting away at Hauptert and finally pulled into a tie in the sixth.

Included in the 13-hit attack on the young Lamesa twirler were round-trippers by Grover Seitz, Emmett Fulenwider and Jack Riley. The quartet of four-baggers accounted for five of the Pampa markers. Seitz hit his round-tripper in the first stanza, and the Pampans got at least one bingle in every inning but the seventh.

Manager George Sturdivant, the league's leading hitter according to the latest official compilations, who has been slowed with a game leg, started the Lobo scoring in the second when he hit a home run after Scopetone had doubled.

Then in the third Lamesa batted around, scoring five times on Ragone's single, Zigelman's error on McClain's tap, Malvica's sacrifice, Scopetone's second two-bagger, Oley's smuff, and singles by Fortin and Hauptert.

Double plays cut short the Lobo second-frame outburst, and ruined Lamesa's chance in the fourth when Sturdivant was purposely passed to load the bases and Hacker forced Fortin to ground into a double killing.

Fulenwider and Zigelman got a double each, and Range drove in three runs for the winners. Rags Ragone, Lobo shortstop, made a spectacular diving stop of Zigelman's fast grounder and threw him out to aid materially in stifling Pampa's surge in the second.

Lamesa and Albuquerque open a two-game series here Tuesday night at 8:15. The Loboes turned left-hander Muley Tolen loose, and signed big Cecil Hart on a 5-day look. Hart won 6 and lost 6 for Lamesa in 1941.

Angelo To Crown New West Texas Golf Champion

Shirley Robbins takes off for San Angelo and the West Texas Invitational Golf tournament Wednesday morning, the advance guard of a Big Spring team that qualifies Thursday for the mammoth weekend show.

Shirley, who turned professional the first of the year, is, of course, not eligible to compete. Instead he will serve as official starter. He'll have to be on hand a day early to arrange pairings for the qualifying round.

Obie Bristow, Ira Thurman, Gene Anderson, Champ Rainwater, Charley Watson and others will represent Our Town at the event. Of the bunch, Obie is conceded the best chance to wrap up the premiums. He's been playing a sterling brand of golf lately.

First round play in the tournament will get underway Friday with 36-hole finals scheduled for Sunday.

A new champion will be crowned at the meet this year. J. F. Hammett sacked up the blue ribbon in 1941—last year the tourney was held. Since then, J. F. has accepted the pro job at Colorado City.

Yugoslavia Nears Cup Semi-Finals

LONDON, May 27 (AP)—Yugoslavia needed only one more victory over Czechoslovakia today to complete the semi-final bracket for Davis cup tennis play in the European zone.

The Yugoslav team scored its second straight singles triumph at Prague yesterday when Drago Nitic defeated Jaroslav Drobny of Czechoslovakia, 3-6, 6-4, 0-6, 6-1, 6-3.

The winner of the match will meet France in one semi-final series while Belgium clashes with Sweden in the other.

Belgium clinched a semi-final berth at Brussels yesterday by defeating China, 3-2.

BIG SPRING'S EDDIE STEVENS (second from left) is helping keep the Brooklyn Dodgers in first place in the National League, combining his hitting talents with other powerhouses in Leo Durocher's machine. Pictured above, left to right, are Billy Herman, Stevens, Dixie Walker and Pete Reiser.

An Abrupt 'About-Face'

Chicagoans No Longer Easy Mark For Cards, Schmidt Stops Birds

By the Associated Press
 Thanks to Johnny Schmitz, a lefthanded giant from Wausau, Wisconsin, the Chicago Cubs aren't "cousins" to the St. Louis Cardinals any more.

Failure of the Bruins to beat the Red Birds more than six times in 22 meetings, last season almost

cost Charley Grimm a pennant. The Cubs may not repeat as National league champ but it's a cinch they'll better their 1945 record against St. Louis with Schmitz doing the bulk of the work.

Chicago was split even in six starts against the Cardinals with Schmitz earning two of the de-

Foreign Drivers Get Last Chance To Break Into Speedway Classic

INDIANAPOLIS, May 28 (AP)—The Indianapolis motor speedway wound up qualifications today for the 33 starting positions in the 30th running of the 500-mile international sweepstakes Thursday and gave foreign drivers their last chance to keep the Memorial Day

grind from being an all-American affair.

Only six places remained open in the field, but at least four of the earlier qualifiers could be nudged out of the race by only fair trial runs today.

The drivers most in danger of finding themselves eliminated were veteran Louis Durant of Los Angeles, who qualified at 118.937 miles per hour; Joe Chitwood of Reading, Pa., 119.816; Al Putnam of Indianapolis, 116.283, and Louis Tomei of Glendale, Calif., 119.193.

Five foreign drivers still had a chance to get into the lineup in the trials running from noon until American Automobile Association observers decided it was too dark for traffic on the two-and-a-half mile brick and asphalt oblong.

Perhaps the most dangerous of the invaders was Rudi Caracciola of Switzerland, one-time captain of the great Mercedes-Benz team and the auto racing champion of Europe. Caracciola wasn't permitted to bring his German-built car but he had the top speedster of Joe Thorne, Hollywood millionaire driver who is incapacitated by motorcycle accident injuries.

The car, an Art Sparks creation, has a lot of acceleration and could be a definite contender if Caracciola masters it in time.

Oilers Favored Over Shell Nine

Continental's Oilers risk their perfect Community softball record this evening at Forsan when they cross bats with the Shell club. Game time is 7:30 o'clock.

Continental has won two games, having repulsed Shell and Phillips in previous tests. The Oilers are due to give the Cosden Gaugers a fight all the way down to the wire in the race for the league's top spot.

Shell has won one of two games and is fielding a stronger team than expected at the start of the campaign.

This evening's second go finds Lees contesting the high school contingent. The Lees troupe has lost its two starts and may be destined to wind up in the circuit cellar.

The Buffaloes copped their initial go but fell last week before the savage charge of the Gaugers. Joe Green, who was the victim of the Cosden outbreak last week, is slated to go to the hill again tonight for the Bisons.

The King of England is not allowed to enter the House of Commons.

Perhaps the most dangerous of the invaders was Rudi Caracciola of Switzerland, one-time captain of the great Mercedes-Benz team and the auto racing champion of Europe. Caracciola wasn't permitted to bring his German-built car but he had the top speedster of Joe Thorne, Hollywood millionaire driver who is incapacitated by motorcycle accident injuries.

The car, an Art Sparks creation, has a lot of acceleration and could be a definite contender if Caracciola masters it in time.

Red Peppers Pull Into Loop Lead

By the Associated Press
 The Paris Red Peppers pulled into the lead in the East Texas league by a scant percentage last night with a 5-0 defeat, all on unearned runs, of the Tyler Trojans.

Henderson dropped back into second place when Texarkana completed a clean sweep of a three-game series with a 6-4 win. Jacksonville hung to the third-place slot with a 9-1 victory over the cellar Greenville club.

The Sherman Twins took a 5-1 victory off the Lufkin Foresters. Nineteen-year-old Bill Green held the Foresters to one hit up to the eighth inning.

Continental's Oilers risk their perfect Community softball record this evening at Forsan when they cross bats with the Shell club. Game time is 7:30 o'clock.

Continental has won two games, having repulsed Shell and Phillips in previous tests. The Oilers are due to give the Cosden Gaugers a fight all the way down to the wire in the race for the league's top spot.

Shell has won one of two games and is fielding a stronger team than expected at the start of the campaign.

This evening's second go finds Lees contesting the high school contingent. The Lees troupe has lost its two starts and may be destined to wind up in the circuit cellar.

The Buffaloes copped their initial go but fell last week before the savage charge of the Gaugers. Joe Green, who was the victim of the Cosden outbreak last week, is slated to go to the hill again tonight for the Bisons.

The King of England is not allowed to enter the House of Commons.

Tilden Insists Net Meets Open To Everyone

DALLAS, May 28 (AP)—Big Bill Tilden, the tennis master, becomes quite agitated if you speak of the present jaunt of his professional racket troupe over the country as a "tour."

Tilden was in Dallas with Welby Van Horn, Fred Perry, Frank Kovacs and others to play what was termed the Texas professional tennis championship tournament.

The boys were pretty well satisfied with the fan response here. In fact, Big Bill, who is tournament manager for the Professional Players association, says the whole thing has been highly successful, leading to his prediction that in a few years pro tennis will be on much the same scale as professional golf.

Tilden says he objects to calling it a "tour" because that connotes "exhibition." The visit of the pro net stars, avers Bill, is not an exhibition. "We play for championships everywhere we go," he says. "Each is an individual championship. We do not limit the field to members of the association, but allow local players capable of furnishing competition to participate. Also, we will allow pros not in the association to play."

Tilden is 53 years old but he certainly doesn't play like it. He can furnish the toughest competition for the best of the young fellows.

Church Outfits Active Tonight

Softball teams of the YMCA's Church league take over at the city park this evening with a twin bill, first game of which gets underway at 7:30 o'clock.

The opener sends the Airport Baptist club into action against First Baptist. Airport Baptist has been most successful in its practice games to date and may be the team to beat when the race officially gets underway Tuesday, June 4.

Second tilt, booked to begin at 8:45 p. m., pairs off First Methodist with First Christian.

Wednesday the Salvation Army and YMCA teams tangle on the SA diamond, West Fifth and San Antonio streets. Starting time is 5 p. m.

Pilot Resigns

GREENVILLE, May 28 (AP)—Sal Glatto resigned yesterday as manager of the Greenville club in the East Texas league. The club now is in the loop cellar.

A field captain will be named to have charge of the team until a new manager is named.

Red Peppers Pull Into Loop Lead

By the Associated Press
 The Paris Red Peppers pulled into the lead in the East Texas league by a scant percentage last night with a 5-0 defeat, all on unearned runs, of the Tyler Trojans.

Henderson dropped back into second place when Texarkana completed a clean sweep of a three-game series with a 6-4 win. Jacksonville hung to the third-place slot with a 9-1 victory over the cellar Greenville club.

The Sherman Twins took a 5-1 victory off the Lufkin Foresters. Nineteen-year-old Bill Green held the Foresters to one hit up to the eighth inning.

Yugoslavia Nears Cup Semi-Finals

LONDON, May 27 (AP)—Yugoslavia needed only one more victory over Czechoslovakia today to complete the semi-final bracket for Davis cup tennis play in the European zone.

The Yugoslav team scored its second straight singles triumph at Prague yesterday when Drago Nitic defeated Jaroslav Drobny of Czechoslovakia, 3-6, 6-4, 0-6, 6-1, 6-3.

The winner of the match will meet France in one semi-final series while Belgium clashes with Sweden in the other.

Belgium clinched a semi-final berth at Brussels yesterday by defeating China, 3-2.

Frank Stranahan Survives Test

BIRKDALE, England, May 28 (AP)—Frank Stranahan of Toledo, Ohio, joined the gallery today as play in the British amateur golf tournament moved into the third round, while Charles Evans Jr. of Chicago, only other American in the meet, unlimbered his clubs for the first time.

Stranahan defeated John Beck, former member of the British Walker Cup team, 4 and 2, in the second round yesterday, leading all the way before the largest gallery of the day. His third-round match is scheduled tomorrow, giving him a one-day rest.

Competing in his fourth British amateur tournament, Evans went up against Richard P. Ridgeway today. Defending champion Alex Kyle and two other former titleholders survived the first-day play. Kyle eliminated George Holdcroft, 4 and 3.

Kovacs Wins Crown

DALLAS, May 28 (AP)—Frank Kovacs, California, outsluggered Welby Van Horn, Georgia, in five stubbornly fought sets last night to win the singles championship of the first Texas professional tennis championship here.

The scores were 4-6, 6-3, 6-1, 3-6, and 8-6.

RUPTURED?
Good News for Hernia Sufferers:
 "THE COMFORT AND SECURITY YOU HAVE BEEN WAITING FOR!"
 No matter what kind of appliance you now wear you can see this major advancement in true designing and hernia control.

Mexican National League On Verge Of Breaking Up

EL PASO, May 28 (AP)—O. E. Maxey, president of the El Paso club of the Mexican National league, said yesterday he would pay off his players and withdraw from the circuit if it was no longer represented in organized baseball.

At Durham, N. C., W. G. Bramham, head of baseball's minor leagues, said he was advised the Mexican National league, a member of the National Association, had disbanded. Full details were not available there.

Maxey said he had received no communication on the subject from league officials, President Fernando Maldonado and Secretary Hector Raynal. He added that if the league had been withdrawn, he would not endanger his franchise operating outside organized baseball, but would attempt to join another circuit.

The league started as a six-club circuit with El Paso, Torreon, Chihuahua City, Saltillo, Mexico City and Juarez, but Torreon and Mexico City recently were dropped because they were in the same cities as the Pasquels' Mexican league teams and couldn't compete.

Pressure Applied To Restore Funds For Foreign Radio

WASHINGTON, May 28 (AP)—The administration put top-level pressure today behind a drive to restore funds for foreign short-wave broadcasts. But it ran into opposition from Chairman Connally (D-Tex) of the foreign relations committee.

Connally reportedly told Secretary of State Byrnes at a closed session of the senate appropriations subcommittee yesterday that he thought the program involved "a waste of money."

The house cut a proposed \$19,000,000 appropriation for the state department's information and cultural division to \$10,000,000—a slash that Assistant Secretary Benton said would lop off the broadcast activities.

Byrnes asked for its restoration, reportedly contending that it offered one of the few methods by which American ideas could be beamed to European countries under the domination of Russia.

Senator Hill of Alabama, the democratic whip, who attended one of a series of meetings, said he is convinced that the money must be restored.

"We've got to get our side of the case before the people of the world," he said. "We ought to take a lesson from the axis propagandists on this. Hitler won all his battles as long as he stuck to propaganda. It was only after he started shooting that he was beaten."

Tulsa In Second Place Deadlock

By the Associated Press

There were some changes made in the Texas league last night.

Top ranking Fort Worth Cats took a 7-6 licking from the cellar club Oklahoma Indians.

Tulsa's fast climbing Oilers pulled into a second-place tie with a 2-1 victory over the Dallas Rebels.

The Beaumont Exporters nosed out Shreveport in a 1-0 game on Raymond Steilmach's one-hit hurling.

The only quiet spot in the circuit was San Antonio at Houston—postponed because of rain.

Oklahoma came from behind in the eighth inning to clip the Fort Worth Cats for the tying and winning tallies. Indians Jim Hill and Kenneth Braun each singled. Two Cat errors did the rest.

Tommy Warren of Tulsa gave up only five hits against Dallas to gain his sixth straight triumph. Hank Oona was the losing pitcher for the Rebels.

The Shreveport Sports got their lone hit when a fluke hit bounced over Steilmach's head and past second base. The Exporters scored the winning run in the fourth when Doyle Lade, Shreveport hurler, walked one with the bases loaded.

Today's schedule: (All night games) Fort Worth at Oklahoma City, Dallas at Tulsa, San Antonio at Houston, Shreveport at Beaumont.

GI'S IN TOKYO APPLAUD CHANGE

TOKYO, May 28 (AP)—Recommendations of the army's GI gripe board for narrowing the gap between officers and enlisted men were applauded by GI's here today but many said the plan never would be put into effect—the brass would kill it.

Most soldiers agreed that revision of army customs and regulations as recommended would solve the army manpower problem, enlistments would soar and the army would have to turn men away.

Officers interviewed agreed there have been many abuses by officers of privileges accorded their rank and the abuses should be eliminated.

One major remarked that he certainly believed there was need for changes, but added the army should not go too far, remembering that the Russians tried to remove the entire barrier between officers and enlisted men and failed.

Pauley And Group On Inspection Trip To Northern Korea

SEOUL, May 28 (AP)—Edwin W. Pauley, US reparations commissioner, and his party will leave Seoul on a special train tomorrow night for an inspection trip of Russian-occupied Northern Korea. They will inspect former Japanese industries, resources and equipment. With Pauley will be nine principals of his reparations commission, clerks, service personnel and guards.

They will be the first US civilians to enter Northern Korea since 1938. The Russians have permitted only a few US Army officers in their occupation zone and the Japanese barred visitors before that.

Pauley told a press conference the length of his stay was indefinite. He said Col. Gen. I. Christakov, Russian commander of Northern Korea, sent word that he was arranging to furnish the party with supplemental guards, billeting facilities and competent guides. He suggested the mission's program would be coordinated at a conference with Christakov at Heijo, capital of the Russian-occupied sector.

Pauley said other members of the mission would enplane for Mukden Friday to begin their reparations investigation in Manchuria. The North Korea group will fly to Mukden after it returns to Seoul and reports to Lt. Gen. John R. Hodge, US occupation commander of Southern Korea.

Stevadore Strike Delays Ship Loading

LONDON, May 28 (AP)—Strike of approximately 4,000 stevedores delayed loading and unloading of 20 ships at three London docks today.

The walkout started yesterday in an effort to force restoration of a system abandoned during the war, that permits a stevedore's son, upon reaching 21, automatically to join the union and receive a work card.

A port of London authority announcement said the work stoppage was not delaying the movement of food supplies.

Longshoremen who work alongside the stevedores planned to discuss possible strike action at a meeting late today.

Two hundred Middlesbrough longshoremen staged a two-hour token strike yesterday because there was no beer for sale during their lunch hour. The beer shortage is acute in the town.

PROPERTY OWNER OWNS AIR SPACE

WASHINGTON, May 28 (AP)—The supreme court extended property rights to low altitude airspace today with a precedent-making decision for the age of flight.

The high tribunal's ruling had two main points:

1. That a landowner has title to as much of the air-space above his property as its use and enjoyment requires.
2. Hence repeated invasion of such airspace by low-flying aircraft is akin to trespassing, and subject to legal redress.

The court reached its conclusion after looking into the protests of Mr. and Mrs. Thomas Lee Causby, a North Carolina farm couple whose chickens were so badly scared by army bombers from a nearby airfield they flew into fences and broke their necks.

The US court of claims here said the couple was entitled to \$2,000 damages. The supreme court said the government should pay them damages, but ruled the claims court should make more extensive findings about facts to determine the amount of the award.

Officials Belittle Molotov's Charges

WASHINGTON, May 28 (AP)—American officials today belittled Foreign Minister Molotov's contention that a British-American bloc waged "an offensive against the Soviet Union" at Paris.

Secretary of State Byrnes maintained silence for the moment, but others declared privately that the United States delegation to the foreign ministers' conference never had acted "on previous agreement" with Britain as Molotov contended in a full-page statement in Pravda yesterday.

In fact, they said the conference record shows frequent differences between the Americans and British on important issues.

There was no doubt in government and diplomatic circles here that the Molotov charges represented the official Kremlin answer to Byrnes' radio report on the Paris conference last week.

Hard Coal Operators Seek Price Relief

NEW YORK, May 28 (AP)—Hard coal operators said the granting of pay raises to Pennsylvania's anthracite miners—an AFL United Mine Workers demand—would depend upon obtaining price relief from the OPA.

Any offers made by the operators to the miners "obviously" would be "predicated upon price relief," said H. J. Connolly, president of the Pennsylvania Coal company yesterday. "It would have to be."

The operators had asked the UMW Saturday to keep the 75,000 miners on the job when the present contract between the groups expires Thursday and suggested that "we continue after the date of the termination notice on a retroactive basis."

Moscow Press Prints Strike Dispatches

MOSCOW, May 28 (AP)—Articles on strikes in the United States received a big play in the Russian press today, and the newspaper Trud published four New York and four Washington dispatches on the subject.

A Tass dispatch from Washington on President Truman's speech before a joint session of congress said that the president asked congress to approve "special legislation" directed against strikers.

A sub-head over a collection of Tass dispatches from the United States said "government enacts special legislation directed against trade unions and striking workers."

Luxury EVERY Day!

And So Economical You'll Be Amazed!

STEP right up into the luxury class next time you buy coffee.

Just ask your grocer for Folger's.

Then, without warning, serve Folger's to your family and watch their reaction. There are very few men who don't prefer the upsurging lift of vigorous coffee—so watch the man of the house come alive with compliments for you when you serve him Folger's.

Sure, you might have to make more coffee and serve extra cups but you will love the doing—

Then when the pound of Folger's is all gone—especially if you have tried using 1/4 less Folger's than with lesser flavored brands—you will have discovered for yourself that Folger's Coffee is both luxury and economy.

Yes, try giving Folger luxury to your family every day and be amazed at the economy that goes with it. "There's a mountain of flavor in every spoonful of Folger's."

Mountain Grown

FOLGER'S COFFEE

THE COFFEE WITH THE FLAVOR ADVANTAGE

Sharing a party-line telephone!

If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service.

Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting.

It's a big job—catching up with four years of backed-up

SOUTHWESTERN BELL TELEPHONE CO.

"GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too. Thanks a lot.

Announcements Daily Texan Prints Previously 'Jerked' Painter Editorial AUSTIN, May 22. (AP)—The Daily Texan, University of Texas student newspaper, today published a previously-suppressed student editorial announcing "an era of hostility" had been entered with the election of the board of regents of Dr. T. S. Painter as president of the university.

Announcements The editorial said the board of regents "in a sudden and unexpected move" had thrown aside the opportunity of bringing in a man not associated with any faction in the university and giving him a chance to start anew.

Announcements "The fine opportunity for restoring full harmony and faith between the faculty and the board of regents has been ignored. Instead, the old grievances, old prejudices, old suspicions, old animosities—all the strife that plagued the university so long—have been perpetuated on a permanent basis."

Announcements Dr. Painter's promotion will not modify feelings on the subject. So long as Dr. Painter is president, a breach, a suspicion—an "era of hostility"—will exist, the editorial said.

Announcements The editorial, written by student editor Horace Busby of Fort Worth, was "jerked" from the front page of Sunday's edition because of "possible infringement of editorial policies," Cal Newton, director of student publications said.

Announcements Both Busby and Associate Editor Mildred Nebenzahl of Mercedes tendered their resignations.

Announcements The board of directors of student publications voted yesterday three-to-two to allow the editorial to be published and gave the editors a unanimous vote of confidence.

Announcements Livestock PORT WORTH, May 22. (AP)—(USDA)—Cattle 2,100, calves 600; active and strong, spots higher again, calves in very broad demand. Good and choice beef steers and yearlings 16.00-17.35; medium-grade offerings 14.00-15.50; good beef cows 12.50-13.60, load 14.25; common and medium cows 9.00-11.75; good and choice killing calves 15.00-16.50; common and medium calves 11.00-14.50; good stocker calves and yearlings 14.50-15.50; common and medium 12.50-14.00; stocker cows mostly 8.50-10.50.

Announcements Hogs 400; active and steady; barrows and gilts for slaughter 14.65, the ceiling; sows 13.90; stocker pigs mostly 14.75. Sheep 24,000; fairly active; shorn lambs strong to 25 higher; spring lambs and aged sheep steady to strong; good and choice spring lambs 14.00-15.00; common and medium 11.50-13.50; good shorn lambs 13.25-14.00; medium 11.50-12.75; good and choice shorn aged sheep 7.50-8.25.

Announcements Third Party Arrives For Peace Discussion NANKING, May 22. (AP)—A delegation of the third party democratic league arrived today to open talks with government and communist leaders designed to bring peace in Manchuria.

Announcements "We are very hopeful of a peaceful settlement," Dr. Carson Chang, league leader, told the Associated Press.

Announcements "Everything else will follow naturally as soon as the Manchurian situation is out of the way. The communists appear willing to stop fighting."

Announcements A youth party representative to participate in the peace parley is expected here tomorrow.

Announcements Charles VI of France issued an edict in 1371 forbidding common people to play cards on working days.

Announcements Under the early Roman law, a husband could execute his wife, and a father his daughter, for adultery.

Announcements In England, for many years after the Magna Carta, a woman could not legally accuse a man of murder.

Announcements Federal Work Agency, Public Buildings Administration, Office of the Division Engineer, 550 Post Office Building, Dallas 1, Texas. May 14, 1946. Hens! Move Over! Here Is The Fish Farm

AUBURN, Ala. (AP)—People who dream of some day retiring to a thick farm should get busy and modify their plans. They may be retiring to a fish farm instead.

The fact is, says a man who certainly ought to know, the fish farm is very definitely the thing in the future. Fish, he adds, can be produced just as profitably as chickens.

And, he reminds, just think of the fun catching them whenever you want.

The authority for all this is H. S. Swingle, fish culturist at the experiment station of Alabama Polytechnic Institute, where fish production is a science. Ponds which may be supported from 40 to 100 pounds of fish an acre are made to support 800, even 800.

The secret, of course, in high fish production is in pond management and fertilizer to increase the microscopic plant life upon which fish feed. Fertilized ponds, while supporting four to five times the weight of fish per acre as do streams, tend to increase the food supply of streams, reduce the fishing pressure on them and prevent silting of channels.

Ten years ago there were 1,000 fish ponds in Alabama. Today there are 4,000 and they are being built at the rate now of about 500 a year.

At present few ponds are used for commercial production, but Swingle believes that is just around the corner. Outside revenue now comes mostly from charging fishermen to fish.

The cost of building fish ponds varies widely, but some are built as cheaply as \$50 or \$100 to the acre.

Airport Dedication Postponed Till June

MERCEDES, May 28. (AP)—Dedication of the Central Valley airport between Mercedes and La Feria, planned the past week end, has been postponed until June 2.

Manager Carl Blasig of the chamber of commerce said the delay was at the request of the Civil Aeronautics Authority after private planes had been requisitioned during the railroad strike.

The Rio Grande Valley Fliers Association will hold a special meeting at the airport during the dedication program.

Produce Man Dies

MALLEN, May 28. (AP)—Jack Pantel, 41, produce buyer in McAllen for the past eight years, died Saturday in a New York City hospital following a brief illness.

Survivors include his wife and a daughter.

Northern Wildcat Has Fishing Job

Cherry & Kidd No. 1 Hamlin, north Howard wildcat, was still fishing at 3,750 feet, cutting stuck drill pipe in sections. Original intentions were to run an electric log on the test, which reported no shows in going beyond contract depth. Location is in section 15-33-2n, T&P.

Continental Oil Corp. 134 No. 18-S Settles, section 134-28, W&NW, has been completed for 83 barrels initial production. Operators were pleased over results since pay sections in the shallow well, which is a diagonal southwest offset to a 210-barrel well brought in recently, were spotted. Location has been staked for 134 No. 19-S Settles, 2,310 feet from the east and 990 feet from the north lines of section 134-28, W&NW.

Permanent Jobs With Store Goal Of Tonn, King

Permanent jobs with the Safeway Grocery Company is the goal of two students of the Diversified Occupations class, C. A. Tonn and Vernon King, after completing two years parttime work in the local store.

Both boys, still lacking one year of high school, plan to work there this summer and after school next year. C. J. Staples, manager of the store, recommended both boys highly to the teacher of the course and indicated that he was satisfied with the clerking they had done—as well as any boys he had yet hired from the DO classes.

Tonn, who has taken a junior business course, is planning to take more training along that line next year. During the past he has worked mornings in the store, taken classes at school in the afternoon and found time to be a star on the basketball squad. King, who worked afternoons, may take some more business training, but neither plans to enroll in another DO class. Both need too many credits for graduation to devote only half time to school next week.

They believe they have received valuable training and are happy to have started the scale to be managers of Safeway stores themselves some day. While working, they have received the same wage rate as full time employees of the store doing that kind of work.

New Orleans Voting On Gambling Issue

NEW ORLEANS, May 28. (AP)—Free-betting New Orleansians, who always have found a way to gamble, were given a chance today to say whether they want legalized racing handbooks.

Mayor De Lesseps S. Morrison arranged an informal referendum in seeking the backing of New Orleans residents in pushing a handbook bill through the Louisiana legislature, which already has beaten two of his gambling measures.

The referendum was conducted through the use of regular voting machines. Morrison said it was "a simple expression of the people's opinion."

"STARS OF SHOWTIME" DANCE TEAM—Hills and Flint will present their modern dances at the municipal auditorium Friday night when they appear as one of the star attractions appearing on the stage show sponsored by the American Legion. This team has appeared in the leading night spots of the country and before the war was playing the bright spots of Europe. The program will begin at 8:15 and will feature stars of screen, stage and radio.

MONARCH—Mohammed Reza Shah Fahalavi (above) has been king of Iran since 1941, succeeding his exiled father. In this portrait he wears the uniform of the Iranian army.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY—Partly cloudy today and tonight. Little change in temperature today. Cooler tonight and tomorrow. High today 90, low tonight 85, high tomorrow 80.

WEST TEXAS: Partly cloudy, scattered thundershowers Pecos river eastward and in Panhandle and South Plains this afternoon; partly cloudy tonight and Wednesday.

EAST TEXAS: Increasing cloudiness, thundershowers in west portion and near lower coast this afternoon, and in west and central portions tonight, and in east portion Wednesday. Moderate to fresh southeasterly winds on the coast and fresh to strong southerly winds in west and north central portions.

Extended forecast for the period 7:30 p. m. tonight through 7:30 p. m. June 1.

Texas west of the Gulf Plains: Temperatures will average near normal; cooler Wednesday, followed by rising trend; rainfall light from scattered thundershowers about Saturday.

Table with columns: City, Min., Max. Rows include Abilene, Amarillo, Big Spring, Chicago, Denver, El Paso, Fort Worth, Galveston, New York, St. Louis, and sunset/moonrise times.

Lawson Represents City Scouts At Camp

Billie Raymond Lawson is representing Big Spring boy scouts at the Lake Sweetwater encampment this week. H. D. Norris, scout executive, announced today after returning from the camp's opening day activities.

Attendance for the camp is small this year, Norris said, because of school commencement and other conflicts. Fifty-seven boys in the council reported to the camp grounds on opening day.

Checker Players May Enter Y Tournament

Checker players were urged today by W. L. Preston to participate in the tournament round at 7:30 this evening in the YMCA.

Some 12 players are entered, but Preston said there were many others who liked the game who have not yet put in an appearance. The field includes many average enthusiasts as well as a sprinkling of the "experts."

Abilene Youth Lays Out Fine In Jail

Jack Herrington, Abilene youth picked up here last week on a charge of fighting a crony, is laying out his fine after being hit with a \$5 penalty and costs in justice court Monday.

The accused said he sought to maintain permanent peace with his one-time friend by suggesting that each go his separate way. That the party of the second part agreed to, but not before he aimed a few parting shots at Herrington's person.

Though most states have laws against slot machines, the US Internal Revenue Bureau reported it collected its \$100 tax on 75,562 of the machines in the last fiscal year.

Texas Poll

(Continued from Page One)

governorship. On that day the last few interviews for the poll were completed. His 3 percent edge point lead over Sadler, above, is not significant in a sampling referendum such as this.

To anyone who has watched politics for any length of time, the large number of undecided people at this time is the most telling finding of this study. Two things become clear: First, if Stevenson stays out the race is a long way from being won, it still within the reach of not only Rainey and Sadler, but of John Lee Smith, Grover Sellers and Beauford Jester.

Second, that 29 per cent undecided establishes the point that many people at this stage are making choices because of familiarity with names, not on issues. In the first Texas Poll on the governor's race published May 5, Stevenson, Rainey, O'Daniel and Allred led—all except Rainey are old names in Texas politics. When the three best-known names are eliminated in the poll, the plurality (29 per cent) cannot make up their minds.

The withdrawal of Allred and O'Daniel from the race, the survey shows, benefits Stevenson the most. And if Stevenson does not run, it is obvious from the present survey that Sadler makes the best gains.

The Poll will conduct repeated surveys during the next two months to chart the ups and downs of each candidate as the campaign progresses. On the eve of the democratic primary in July the Poll will publish a final pre-election survey in this and 21 other newspapers that pay for this research.

McColister Improves

W. L. McColister, stricken with an attack of pneumonia Monday, was progressing satisfactory Tuesday at the Big Spring Hospital. He was responding well to treatment.

A Greek type bronze helmet, 2,200 years old, has been found in County Waterford, Eire.

Two Scouts To Attend DO Graduates—Aquatic School Camp

Two Big Spring boy scouts, Bobo Hardy and Eddie Houzer, will leave Sunday for Austin where they will attend the annual aquatic school for region nine. The school, which will be in session from June 2-10, will be held at Camp Tom Wooten. Instruction will be given in life saving, canoeing, water safety, boat safety and other factors required for instructors.

CONFERENCE PLANNED

MEXICO CITY, May 28. (AP)—Former President Herbert Hoover planned a second day of conferences today urging Mexico to increase her contribution to the United Nations Relief and Rehabilitation Administration.

Cross Says Course Proves Helpful

Wilford Cross doesn't plan to stay in his present line of work, but he feels his training as a Diversified Occupations student has been of great benefit to him.

Cross has been employed at the State Drug in retail selling, but experience in this field will be valuable for him in meeting and selling clients when he becomes an architect, as he plans. He hopes to enter college to study as an architect.

In World War II, Americans married more than 100,000 foreign brides; in World War I, only 8,000.
