

Lewis Calls Coal Strike Truce

Agrees To 12 Days Production; Truman Orders Conference

WASHINGTON, May 10 (AP) — John L. Lewis today called for a 12-day truce in the soft coal strike, beginning Monday.

Lewis wired every local union president urging him to arrange for the 400,000 striking United Mine Workers to get back on the job as soon as the local mine management agreed to make retroactive during the truce any pay increase later negotiated.

Truman Proposal To Raise Wages In Detroit News

DETROIT, May 10 (P)—The Detroit News said today in a copyrighted story from its Washington correspondent that President Truman has proposed a coal strike settlement on the basis of an 18 1/2 cent hourly wage increase and an operator-financed "health and welfare fund."

The newspaper said it had learned that it was part of the Truman plan that payments to the fund by the operators will be regarded by OPA as a legitimate cost of the business and in considering applications for a price increase in coal.

The full weight of White House influence will be thrown behind this formula, the News added.

The newspaper said it had learned the health and welfare fund would be financed by the operators on a percentage-of-payrolls basis and would be managed by a board of trustees consisting of representatives of labor, management and the public.

This White House formula, the News went on, will be pushed ahead of any administration support to a bill introduced in the senate Thursday by Senator Lucas (D-Ill.).

Secretary Of Red Cross Is Lauded By Pastors Ass'n

High praise for Mrs. Morse Sawtelle in her work as executive secretary of the Howard-Glasscock chapter of the American Red Cross has been voiced by the Big Spring Pastors' association.

"Your ability to get along with those who work with you, and to get a maximum of results from volunteer helpers, has been a constant wonder to those of us who work with others in the promotion of our tasks," said Rev. P. D. O'Brien on behalf of the pastors.

"Your patience in dealing with those in distress and your wise insight into the needs of those who are constantly calling upon you seem almost infinite. We know that the Red Cross is a wonderful organization, but we also know that it is people like you who make it so. You have had a splendid board of directors and excellent helpers but we all recognize that you have been the heart and soul of Red Cross activities through the difficult war years and delicate months which have followed. . . . We offer you our hearts, hands and prayers to help you in any way possible to keep the Red Cross a real service organization."

This plan, he said, included no provision for royalty payments on coal produced, such as operators say have been demanded by Lewis.

Details will be worked out by a program committee, said Judge Brooks, and the American Legion, Veterans of Foreign Wars, service clubs, churches and all other interested organizations will be invited to participate.

Interest of county officials is in initiating plans now for the ceremonies, said the judge, and aid of other organizations will be sought in developing the program.

Superfort Breaks Record For Altitude

MANILA, May 10 (P)—A US Eighth Airforce superfortress flew up to 39,380 feet with a load of more than 22,000 pounds of bombs over Guam May 7 to break the world's altitude record for land planes in the 10,000 kilogram (22,046 pounds) class, headquarters of Army Air Force in the Pacific announced today.

The previous record was 23,750 feet set in 1938 by Karlheinz Kindermann, a German. The B-29 was piloted by Capt. Arthur A. Pearson, Tucson, Ariz.

British Approve Vote

ATHENS, May 10 (P)—Premier Constantinos Tsaldaris announced today he had been advised that the British government had signified its approval of a Greek plebiscite on the return of King George II.

Countries In War Should Have Say, Bevin Tells Reds

PARIS, May 10 (AP)—Russian insistence on full agreement among the big four before calling of a European peace conference was described in today's session of the foreign ministers as a "veto on permitting the nations which took part in the war to express their views" on the treaties, a British source said.

This source quoted British Foreign Secretary Ernest Bevin as attacking the Soviet stand during the morning's two-hour council session.

A second meeting was scheduled for this afternoon in an effort to work out an agreement on the proposal of Secretary of State Byrnes' proposal to convene a 21-nation peace conference for June 15.

An American informant said Byrnes also opposed the Soviet stand and said the four governments had a responsibility before the world to see that the treaties were written and to safeguard the rights of the nations which participated in the war to have a say in the treaties.

Byrnes suggested that the ministers set a definite date for the conference now and then continue working in Paris in small, informal sessions to try to narrow down the measure of disagreement between them, prior to the conference.

Although the conferees were expected to make a last ditch effort today to compromise the divergent views of Russia and the United States on the convening of a general peace parley, most observers predicted that no such agreement would be effected and that the ministers would return to their homes early next week.

With No Limits—

Navy Reported To Supervise Gambling House

WASHINGTON, May 10 (P)—An account of a navy-supervised gambling hall at Pearl Harbor specializing in no-limit craps, blackjack and poker was before the senate war investigating committee today by Rear Admiral Austin K. Doyle, deputy inspector general.

Doyle said a chief boss's mate was stationed in the hall "to keep order, regulate the gambling and see that only the proper persons were admitted."

The sky's-the-limit games were played in the recreation hall of Civilian Housing Area No. 3, adjacent to the navy yard, during 1943 and 1944, Doyle said.

He testified the organized gambling was permitted at the lesser of two evils. He described the civilian employees of the yard as "a rough element," few of whom had their families with them, and added that the atmosphere of the housing area was "kind of like that of an old fashioned lumber camp."

Chairman Mead (D-NY) read into the record that "Vice Admiral D. W. Bagley was commandant of the naval district at that time."

Mead wanted to know "if you would prefer not to go into that at this time, as we are still investigating the case," Doyle replied.

When pressed by Senator Ferguson (R-Mich), Doyle conceded that "we are very suspicious there was some rake-off."

He testified at a hearing called to investigate charges of widespread theft and mismanagement of naval property in Hawaii during wartime.

Ship Aground

COPENHAGEN, May 10 (P)—Harbor authorities announced today that the 7,000-ton American Liberty ship, Joe Harris, ran aground last night near this port. The crew and cargo were reported to be in no danger.

Man Kills Wife But Suicide Try Fails

DALLAS, May 10 (P)—Jesse J. Young, 51, Itasca cotton mill worker, was in serious condition at a Dallas hospital today from a gunshot wound in the right temple, but attendants said he had a chance to live.

A coroner's verdict on the death of his estranged wife from a gunshot through her heart was awaited.

Chief Deputy Bill Decker said Young shot and killed his wife yesterday afternoon in front of a motor court near Grand Prairie where Mrs. Young lived and then unsuccessfully attempted to kill himself.

Decker said the shooting climaxed a month-old separation between Young and his wife, Averil Ardell Young, 43, and that Mrs. Young was scheduled to appear today in Hillsboro to obtain a divorce.

House Reverses Self To Approve Housing Plans

WASHINGTON, May 10 (AP)—Administration hopes for the OPA soared today after the house reversed itself to vote \$400,000,000 in subsidies for President Truman's emergency home-building program.

Democratic leaders attributed the change to the 10-day Easter recess, which gave many members their first chance in months to find out at home how their constituents are thinking.

Speaking privately for the most part, these leaders voiced confidence the House also would approve on price control extension which the House last month hampered down to a point where OPA Administrator Paul Porter said the agency would be without power after June 30.

The thumping administration victory on the housing bill broke a month long deadlock over the legislation which Mr. Truman hopes will permit private enterprise to build an unprecedented 2,700,000 homes—costing about \$18,000,000,000—in two years.

Housing expediter Wilson W. Wyatt said of the vote: "This throw the veterans housing program into high gear."

Technically, the House action—authorizing the construction of a compromise \$400,000,000 subsidy—sent the legislation back to the House-Senate conference committee which had been deadlocked for weeks on the subsidy issue.

The Senate earlier had approved the full \$600,000,000 in subsidies requested by the President. He described that phase as the "very heart" of his program.

The money is to be used for "premium payments" to building materials producers to bring about larger production of scarce materials without a general increase in prices.

State Department Delays Polish Loan

WASHINGTON, May 10 (P)—The State Department held up \$80,000,000 in credits for the Polish government today while reviewing whether the Poles have failed to meet US conditions.

The department would say officially only that the credits had not been canceled.

However, diplomatic officials disclosed the question has been raised whether Warsaw had met these commitments:

- 1. To guarantee free elections.
2. To inform the Polish people of the loan agreements.
3. To exchange with the US full information on treaties and agreements each nation makes with other governments.

The officials said Washington has been advised the Polish government has not yet told its people anything about the loan or the commitments, nor informed the US of its outside agreements—specifically, it was presumed, with Russia.

Polio Breaks Out

SYDNEY, Australia, May 10 (P)—Eighteen new cases of infantile paralysis were reported here yesterday as medical men sought to stem an outbreak of the disease which they described as the worst in the city's history.

AMASSADOR DIES

LONDON, May 10 (P)—Baron de Cartier de Marchienne, 75, Belgian ambassador to London, died today in the Belgian embassy.

ONE POUND TO A CUSTOMER—Some of the first of more than 5,000 persons to reach the butter-stacked counter of the New Jersey Federated Egg Producers Cooperative in a Philadelphia market. Sales Manager Irwin Kramer said the cooperative put on sale 12,000 pounds and plans to offer 8,000 more pounds later "to break the black market." (AP Wirephoto).

Italian Cabinet Places Umberto On Throne Only Until June 2 Elections

ROME, May 10 (P)—The Italian cabinet approved today the assumption of the throne by Crown Prince Umberto, but specified his powers would extend only until June 2. On that day the Italian people will decide whether to continue the monarchy.

The ministers decided Umberto could sign decrees "Umberto II, King of Italy" but not use the phrase traditionally following the signature, "By Grace of God and Will of the People." Umberto's father, Vittorio Emanuele III, abdicated last night after a 45-year reign and sailed for Egypt.

Communists oppose Umberto, and the Socialist press today called him the "King of May" and declared in its headlines "Fascist prince succeeds Fascist king for 23 days."

Greece also prepared to settle speedily the fate of her king, George II. Premier Tsaldaris announced that Greeks would vote on the question as soon as electoral lists are revised. Previously the Greek government had not planned to hold a plebiscite until 1948, but the Populist party, largely monarchist, came into power in recent elections.

Pietro Nenni, Socialist and vice president of the constituent assembly, and Palmiro Togliatti, Communist and minister of justice, argued that only the constitutional convention to be elected in the June 2 plebiscite on the monarchy has the right to select a new king.

A Socialist party manifesto termed the abdication "a diversion to derange orderly preparation of the referendum" June 2. A Republican party leader, Rinaldo Ossola, said in an interview that the abdication would have no effect on what he called the nation's swing toward a republic.

Miss Akers came here last September when funds for the class were raised, by popular subscription because under state laws no tax money may be applied to the teaching of Bible in secondary schools. Although school officials cooperate by furnishing classroom space, her employment is under the direction of the pastors.

Akers Reemployed To Instruct Bible

Elizabeth Akers, instructor for the high school Bible course, has been re-employed for her second year "unanimously and enthusiastically" by the Big Spring Pastors' Association.

Collection Planned

Because of several conflicting activities, the united food collection in Big Spring and Howard county will not begin officially until May 19, Capt. Oly Sheppard, chairman, announced Friday.

Plans are being developed to secure the largest possible collection of food items for relief of starving people overseas, he said.

Doenitz Is Accused Of Suggesting Nazi Occupation Of Spain

NUERNBERG, May 10 (P)—Grand Admiral Karl Doenitz was accused before the international military tribunal today of proposing to Adolf Hitler in 1943 that German troops occupy Spain so that U-boat warfare could be stepped up through newly-acquired bases.

Sir David Maxwell Fyfe, British prosecutor, said minutes of the Doenitz-Hitler conversations captured by the Allies showed the former German naval chief had informed the fuhrer the U-boat campaign was going badly, and that the only strategic area left for operation was the Bay of Biscay.

Hitler's reply, the prosecutor said, was that such a step would have been possible in 1940 with Spain's cooperation but that the reich no longer had the resources for such a venture.

"I don't think I proposed to the fuhrer that we occupy Spain," Doenitz told the tribunal from the witness stand.

Attendance Increases At Thought Surveys

The chamber of commerce thought survey recorded increased attendance at the first meeting on today's schedule, which started at 9 a. m. with J. B. Collins presiding.

Thunderstorms Bring Slight Moisture Here

Thunderstorms, long on lightning and short on moisture, spotted this area Thursday evening.

The US weather bureau at the airport reported 27 of an inch in afternoon and evening showers and the US Experiment Farm gauged .36 of an inch.

Eisewhere the amount varied with only lightly localized spots reporting more. Coahoma had light sprinkles as did areas in the western part of the county. Ackery had enough to settle dust in two light showers and Vincent, all the way across the county to the east, had about the same amount. However, some southern Borden county points had as much as an inch.

Chalk, in southeastern Howard county, had nearly half an inch and to the west it was lighter.

In Big Spring and Forsan minor power and communication disruptions resulted from electrical displays. Lightning, striking on or near telephone lines, blew out several phones in southeastern Big Spring.

Young Woman Thinks She Was Victim Of Texarkana Phantom Killer

TEXARKANA, May 10 (P)—The Texarkana Gazette today quoted Mrs. Mary Jeanne Larrey, 19, of Frederick, Okla., as saying she believed she was the first victim of Texarkana's phantom who has shot six persons, killing five.

Mrs. Larrey told a Gazette reporter she was convinced "beyond any doubt" that the man who attempted to criminally assault her near Texarkana on the night of Feb. 22 was the murderer.

"I would know his voice anywhere," she said. "It rings always in my ears."

She moved to Frederick, Okla., a month ago to live with her uncle and aunt because, she said, she found living so near the scene of her experience more than she could bear.

On the February night she said she, Jimmy Hollie, 24, and another couple had gone to a movie. They had left the others and en route to her home they had stopped beside the road.

"A man walked up," she said. "He wore a white mask over his head with cutout places for his eyes and mouth. He told Jimmy that he didn't want to kill him, and for him to do as he was told."

She said they both got out of the car and the man told Jimmy to take off his pants.

"After Jimmy had taken off his trousers, the man hit him twice on the head. The noise was so loud I thought Jimmy had been shot. I learned later that the sound was his skull cracking."

He searched the pants for a billfold.

"Then he hit me. He knocked me to the ground, but I managed to get up. He told me to run down the road.

"As I ran, I could hear Jimmy

troubling. The man was beating and stomping him.

"It was hard for me to run because I had on high-heeled shoes."

She said he overtook her and hit her again. She fell to the ground.

Then she described a brutal assault made on her by the man, she said he did not rape her, but that he abused her terribly.

"Go ahead, and kill me," she begged the man that night.

She said she remembers little of what happened after that, except that he finally left her in the middle of the road.

Officers have not publicly linked the attack with the five recent murders, but they have questioned her.

The man believed responsible for the slayings has been described by officers and a psychiatrist as a sadist with a strong sex drive.

As I ran, I could hear Jimmy

Labor Law Big Topic In Senate

WASHINGTON, May 10 (P)—The senate, tense over mushrooming consequences of the coal strike, got set today to drop everything else by mid-afternoon and begin writing a new labor disputes law.

For its framework, members hauled out their labor committee's toned-down version of the Case strike control bill passed weeks ago by the house.

But that mild measure obviously was going to be only the beginning, for a dozen amendments—most with heavy backing—were headed for the floor.

To clear the way for the labor bill, the hard-pressed senate passed a six weeks' draft extension resolution in a matter of minutes yesterday, then worked until nearly midnight in a futile effort to dispose of the long debated \$3,750,000,000 British loan.

Senator Lucas (D-Ill), himself a sponsor of the far-reaching amendment, took note of the senate's attitude when he told reporters:

"As the result of the obstinacy of John L. Lewis—the greatest recalcitrant of them all—labor stands to lose all it has gained in the past 12 or 14 years."

Under his proposal, the president upon determining that the work stoppage was seriously impairing the public interest would so proclaim and call upon the parties to the dispute to resume work. If they did not do so, the president could seize the property and operate it, under the terms and conditions which prevailed before the stoppage.

Senator Taft (R-Ohio) told the senate during the labor debate which frequently interrupted consideration of the loan bill he is "unable to understand" why some ask congress to act in the coal strike when "clearly the responsibility for acting is on the president of the United States."

The re-draft of the Case bill, recommended by a majority of the senate labor committee, provides chiefly for a federal mediation board to "encourage" and "assist" parties to a labor dispute to settle their differences through collective bargaining.

Senator Byrd (D-Va) already has offered an amendment which would make it unlawful for any employer to pay a royalty to his employees, or for the employees to demand or accept such payments.

IKE, MAC MEET AGAIN IN JAPAN

TOKYO, May 10 (P)—The top commanders of victorious allied armies in Europe after the Pacific fell today for the first time since hostilities began.

"We never thought we'd be getting together again out here," exclaimed General Eisenhower, whose leadership brought victory in the European theater, to General MacArthur, supreme commander in the Pacific.

They had not met since 1939, when Eisenhower as a lieutenant colonel left the staff of MacArthur, then commander in the Philippines.

"Well, Mac, how are you?" were the chief of staff's first words as he grasped MacArthur's hands.

"It's good to see you again," exclaimed MacArthur as he slapped Eisenhower on the shoulder.

County Planning Memorial Rites

The county is initiating a move for a county-wide memorial service on May 30, James T. Brooks, county judge, said Friday.

Tentatively suggested is a brief memorial service on the courthouse lawn late in the afternoon of May 30, followed by the decoration of graves of servicemen in the local cemetery. Possibly a parade will be planned in connection with the event.

Details will be worked out by a program committee, said Judge Brooks, and the American Legion, Veterans of Foreign Wars, service clubs, churches and all other interested organizations will be invited to participate.

Interest of county officials is in initiating plans now for the ceremonies, said the judge, and aid of other organizations will be sought in developing the program.

Superfort Breaks Record For Altitude

MANILA, May 10 (P)—A US Eighth Airforce superfortress flew up to 39,380 feet with a load of more than 22,000 pounds of bombs over Guam May 7 to break the world's altitude record for land planes in the 10,000 kilogram (22,046 pounds) class, headquarters of Army Air Force in the Pacific announced today.

The previous record was 23,750 feet set in 1938 by Karlheinz Kindermann, a German. The B-29 was piloted by Capt. Arthur A. Pearson, Tucson, Ariz.

SAYS PAYMENTS ILLEGAL—Edward R. Burke (left), president of the Southern Coal Producers Association, tells reporters in Washington that royalty payments such as are asked by John L. Lewis' United Mine Workers are prohibited by the Wagner Act. (AP Wirephoto).

Worker Death Threatens Red Cross Quota

If it realizes its quota of turning out 330 dresses for the needy in Europe and Asia, the local chapter of the American Red Cross is going to have to get more co-operation from local women who can make garments. So says Mrs. More Sawtelle, ARC director.

Through last Tuesday, but one woman had volunteered her time and talents toward such a project. She completed two of the dresses and referred them to Mrs. Sawtelle.

Wednesday, ladies of the Church of Christ, some 15 of them, dedicated most of the day toward stitching together the precious apparel. When inventory was taken Thursday, some 50 dresses were ready for shipment overseas.

That leaves Big Spring some 280 pieces short of its quota. Mrs. Sawtelle has until July 1 to attain the established figure. However, she says she feels it will become increasingly harder to get volunteers once summer's heat intrudes. So, she is soliciting the assistance of women who can help reduce the chapter's obligations within the immediate future and is desirous of finishing the remainder of the work long before the deadline.

Those who wish to volunteer their services can reach Mrs. Sawtelle through the ARC office at the corner of Scurry and Fourth streets or by telephoning No. 256.

Biographical information about the Rev. James K. Moore, minister of the First Presbyterian church, has been included in the new edition of the Biographical Encyclopedia of the World, a collection of information about notable living men and women around the globe. Two years ago the Rev. Moore's name and biography was included in "Who's Important in Religion."

Mrs. Joe Pellegrini arrived by American Airlines Thursday evening to visit a few days with her parents, Mr. and Mrs. L. Z. Marchbanks. Formerly of Big Spring, she has been working in the transportation section at Mare Island naval base and is enroute to Charleston, S. C., to join her husband, Joe Pellegrini, MM-1c.

Two Army men from Big Spring have received their honorable discharges, through the Separation Center at Fort Bliss. They are Capt. Clifford G. Haynes, 1801 Lancaster, and Pfc. Thomas Campbell, 1108 West Sixth street.

Released by the Navy through the Separation Center at Norman, Okla., was Thomas Dwayne Atkins, EM2-c, 2203 Main street. Atkins served 20 months in the Pacific theatre.

Open competitive examinations for probational appointments in the position of engineering aide in federal establishments throughout Texas have been announced by the 14th civil service region. Salary range is from \$1,872 to \$2,980 per annum. Applications for exams must be filed with the director, 14th district US civil service, Dallas, on or before May 20, 1946.

Mrs. Logan Baker leaves Monday night for a five-day visit in Oklahoma.

Lt. George Keeselring and M-Sgt. Dick Lillard of the recruiting office are in San Angelo today on a business trip.

MARRIAGE LICENSES
Robert E. Johnston and Sallie Luke, Warsaw, Ill.
Ronald Reeves and Lucille Blakey, Lamesa.

Girl Scouting in the United States was founded on March 12, 1912.

The ancients considered even numbers as female, odd numbers as male.

LONGHORNS ON GAME PRESERVE—These Texas longhorn cattle are the nucleus of a herd established on the Fort Niobrara game preserve at Valentine, Neb., by the fish and wildlife service as a relic of the old West.

Shick Receives Limiting Orders On Parcel Post

Confirmation of orders limiting the size and weight of parcels accepted for mailing was received here Friday by Postmaster Nat Shick.

According to an announcement by Postmaster General Robert E. Hannegan, "parcels covered by the limitation will not be accepted for mailing if they weigh more than 11 pounds, or if their combined length and girth exceeds 60 inches. The normal weight limitation on parcel post is 70 pounds; the size limitation is 100 inches combined length and girth."

"Four priority classes of goods are exempt from the limitation. These are: Live day old poultry, seeds, plants and other nursery stock, eggs, butter and other perishable food products, and medicines, drugs, surgical instruments and surgical dressings."

Shick said it had been necessary to reject some packages here Friday. Reason for the limitation is reduced rail service due to the coal strike. Although train service may be ample here, it might not be at point of destination for parcels. The order does not affect parcels mailed for local delivery where railway transportation is not involved.

Jury Decrees Death For Salesman Slayer

CHICAGO, May 10 (AP)—Death in the electric chair for Julius (Dolly) Weisberg was the punishment fixed by a criminal court jury which last night convicted the former night club owner of first degree murder in the fatal shooting of Joseph McKnight, salesman.

The decision of the jury of eight women and four men to inflict the extreme penalty was regarded by court observers as a surprise in view of the fact that the state had not specifically requested it.

McKnight, 46-year-old former War Manpower Commission consultant in Jacksonville, Fla., was slain last Oct. 23 in a Loop tavern following an argument between him and Weisberg over automobile ceiling prices.

ROPING MATCH DUE TO PRODUCE LARGE CROWD AND FAST TIMES

Prospects for a large crowd and fast times loomed bright today for the second annual matched roping contests here Sunday at 3 P. M.

Featured will be Toots Mansfield, Big Spring and Rankin, consistently one of the best performers in calf roping, and Jess Goodspeed, Waurika, Okla., one of the Southwest's top notch ropers.

While Mansfield and Goodspeed are resting between frames of their 12-calf grind, Sonny Edwards, Big Spring, and Walton Poage, Rankin, will battle it out in a six-calf match.

Rodeo grounds were reported in good shape Friday after showers fell on a top dressing of sand in the arena. Fifty head of raw-boned, salty Brahms calves were in the corrals awaiting the contest. Half of the number are earmarked for Mansfield and Goodspeed.

Rodeo association officials said that numerous inquiries had been received from prospective contestants, indicating a large field in the jackpot roping contest where in top three take all entry fees.

Mansfield won the contest here last year handily over Ray Shaw, Roswell, N. M., both on his roping accuracy and on his ability to toss the big Brahms.

Edwards piled up an early lead in the added attraction and coasted to a win over Poage. Tickets for the event are on sale at the office of Ira Driver, 110 E. 2nd street.

Weather Forecast
Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Partly cloudy this afternoon, tonight and Saturday. Thunder showers this afternoon, continued cool. High today 90, low tonight 50; high tomorrow 60.

EAST TEXAS: Mostly cloudy, showers and thunderstorms except in the Rio Grande valley this afternoon and tonight; cooler in northwest and north-central portions tonight; Saturday partly cloudy, scattered showers in southeast and extreme south; cooler in north and central portions. Fresh southeast winds on the coast shifting to northerly on the upper coast Saturday.

WEST TEXAS: Partly cloudy this afternoon, tonight and Saturday, a few scattered showers from the Pecos valley eastward this afternoon and tonight; cooler in Panhandle, south plains, and upper Pecos valley tonight.

Hale Loses Fingers In Oilfield Mishap

FORSAN, May 10.—Condition of Raymond David Hale, injured in an oilfield mishap near here Thursday afternoon was described as satisfactory at the Big Spring hospital today.

Hale, recently discharged after three years in the Navy, suffered the loss of two fingers when he mistakenly caught the traveling line instead of the deadline while working in a derrick on the Royal lease. His home is in Big Spring and he has been serving as a roustabout on the lease for about five weeks.

Second Slaughtering Order Now In Effect

Control order No. 2, an OPA measure providing that no one may now slaughter cattle, calves or hogs for resale unless such person had a permit to slaughter livestock under Control order No. 1, has gone into effect, according to information received at the local price board.

The order went into effect on April 28, except for persons whose quota periods began on May 1. Established quotas for May are 100 per cent of the quota base on cattle and calves and 80 per cent on the quota base for hogs.

Persons who have made an actual investment in a slaughtering establishment since the suspension of Control order No. 1 must apply to H. L. Schmale, district control officer, at the district OPA office in Fort Worth.

Livestock

FORT WORTH, May 10 (AP) — (USDA) — Cattle 500, calves 180; steady; beef cattle scarce; low grade butcher cows 8.75-10.00; good fat calves 14.00-75; choice scarce, common and medium calves 10.00-13.00.
— Hogs 300; active, steady; barrows and gilts 14.50; sows 12.50.
— Sheep 12,000; active; good and choice spring lambs 14.00-18.00; common and medium spring lambs 12.00-13.50; good and choice 98 lb. shorn lambs No. 1 pelts 14.50; medium and good shorn lambs 12.25-14.00; common 10.00-11.50.

City Awaits Further FPMA Information On Housing Units

City officials still were awaiting further information from the FPMA today regarding the designation of 32 living units to furnish temporary housing for veterans, which was made Wednesday. Approval of the project, which will utilize materials at the Army Air Field, was granted at the same time similar programs at other points in the state were endorsed by FPMA. According to the original announcement the approval is effective immediately. Temporary living units were requested by the city for exclusive occupation by veterans or their families, and officials are certain that those approved have been granted on that basis.

Farmers Receive AAA Payments

Howard county farmers have received an additional 98 checks in payment for conservation practices carried out through the Agricultural Adjustment Administration. Total value amounts to \$9,809.58. The last payment brings the total received on the 1945 practices to \$28,911.70 and represents a little more than one-third of the payments due. In addition to those checks, the AAA has doled out \$8,598.88 to local contractors under the purchase order plan in return for the construction of terraces and dams during last year. Under this plan, 432,200 feet of terraces and nine dams were built.

Howard county ranchers and farmers continue to take advantage of the federal program to conserve soil and water. Since the first of the year, contractors have realized \$5,708.89 on 380,595 feet of terraces, \$1,028.20 on earthen dams, and \$2,139.10 on elimination of mesquite and cactus on 1,051.5 acres of pasture land.

Regulation Crackdown Ordered In Yokohama

YOKOHAMA, May 10 (AP)—The Eighth Army provost marshal today ordered strict enforcement of rules against public fraternizations between GI's and Japanese and of regulations concerning military courtesy and dress. Cracking down on joy riding with Nipponese girls in Army jeeps, the provost marshal ordered that all jeeps be checked to determine whether Japanese women passengers are being carried on authorized bases. Under Lt. Gen. Robert L. Eichelberger's order banning public display of affection more than a month ago, military police were ordered to check all theaters, clubs and picnic places, to enforce proper wearing of the uniform and also to enforce the 11 p. m. curfew and off limits rules.

The Babylonians had a numerical system based on 60 instead of ten.

Negro May Escape Second 'Hot Seat'

NEW ORLEANS, May 10 (AP)—The Louisiana supreme court has taken over the play in the strange drama of Willie Francis, probably the only man ever to walk away from the electric chair after the switch had been thrown. Justices of the high tribunal were scheduled to confer this morning on a petition asking them to set aside the sentence of the stuttering 17-year-old negro slayer who escaped death last Friday when the electric chair failed to function.

Francis, confessed killer of a druggist in St. Martinville, La., meanwhile looked forward to at least a few more weeks of life, thanks to the supreme court. Yesterday he received a reprieve "not to exceed 30 days" upon the request of Chief Justice Charles A. O'Neill, who said the court needed time to study the case. Bertrand De Blanc, St. Martinville attorney, has said he would appeal to the supreme court a habeas corpus writ which was denied by District Judge James D. Simon at St. Martinville. De Blanc asserted Francis had been "electrocuted" as directed by the governor's death warrant, and could not be legally sent to the chair again.

MAUGHAN'S PLAY BIG 'WASHOUT'

MORRISTOWN, N. J., May 10 (AP)—The opening scene Wednesday night of Somerset Maughan's play "The Circle" was a washout. The onstage automatic sprinkler system in the Jersey theater was set off as the curtain rose. The eight members of the cast were drenched. The ceiling of the set fell to the stage, a \$500 gown belonging to Florence Reed, recent star of Shakespeare's "A Winter's Tale," was ruined when water flooded the dressing rooms, and the audience of 1,300 walked orderly from the theater. After a 40-minute wait while police and firemen cleared the debris the audience returned and the play went on as scheduled.

Jack Wasserman, producer, said the curtain caught on a valve of the sprinkler system.

Public May Attend Lecture On Ceramics

The general public will be invited to hear Dr. F. K. Pence, head of the research laboratory, department of ceramic engineering, University of Texas, at an address scheduled for the night of May 16 in the Settles hotel. Dr. Pence will speak on ceramics and its possibilities as a industry in this area. Otis Graff, chairman of the chamber of commerce industrial department, said:

HEAVY SCHEDULE OF EVENTS PLANNED FOR HIGH SCHOOL

High school students, and especially seniors, will find the merry month of May a busy month too, according to the list of activities planned on the callender in the office of the principal, Walter Reed. The "B" Association will climax its two-day initiation of new members which begins today with a steak fry in the city park Saturday night. The four coaches and Reed will go along. Commencement exercises for the seniors is of course one of the most important events and will be held Wednesday May 29 in the Municipal Auditorium. Baccalaureate service will be held in the Auditorium the preceding Sunday night with Rev. Clyde Smith of the First Methodist church tentatively scheduled to deliver the address.

Senior Day, an all day outing at Balmorhea, is scheduled for Friday May 17. Approximately 125 seniors will be accompanied on the trip by the class guidance teachers and Reed. Sponsors include Pat Murphy, Mrs. Wiley Curry, Mrs. Vivian Peek, Mrs. Loveda Brownrigg, and Mrs. W. C. Blankenship. They will return in time to "bone" for examinations slated for Wednesday through Friday of the following week. Other high school students will take the tests Thursday, Friday and Monday, with the eighth grade to be examined Wednesday, Thursday and Friday. Eighth grade graduation will be held in the Municipal Auditorium the night of Tuesday, May 28. The band, under the sponsorship of Frank Wentz, is planning an all-day trip to Christoval, but the date has not yet been set. Three special class events have already been held, the Latin class spending last weekend in Carlsbad, the Spanish class holding a banquet Wednesday night, and the Bible class having a picnic at the park Friday night. Unofficially activities embracing the high school set will probably include parties and teas honoring the graduates and spring formal dances given by the Sub-Deb and High Heel Slipper clubs.

Dodd To Visit Schools In Area

E. C. Dodd, president of the Howard County Junior college, has scheduled visits in the high schools of this area for the coming week, to acquaint graduating students with the program planned for the college. Among those schools to be visited are Coahoma, Knott, Forsan, Tanton, Lamesa and Colorado City. A yet only plans have been made for the school, Dodd said, pending approval by the government on an application to use of the hospital at the local airfield as a plant to house the new college. Several prospective teachers have been interviewed, he related, but none have been definitely hired for teaching in the regular college. Three instructors have already been arranged for in the faculty of the vocational school. Only persons with masters' degrees are to be considered in liberal arts fields, Dodd said, although some with bachelor's degrees will be employed to teach purely vocational subjects. Approximately ten teachers will be on the first year faculty.

Letter To Editor— Reader Hart Wants City and County Hospital Set-Up

Dear Editor: Any one who has known Big Spring for a number of years cannot help but realize that the town has shed its swaddling clothes and has become quite a city. We boast of our magnificent churches, our beautiful school buildings, our well equipped private hospitals and I might add we have enough package stores and beer joints to meet our present needs, but possibly not picture shows since it's hard to get a seat Saturday or Sunday. Some time ago the paper had some articles on "what we need" and in all seriousness what I think is our greatest need is a city and county hospital. I have heard the former city commission bid an offer before them by the federal government for a 50-bed hospital fully equipped and the offer was turned down. Can you imagine why? I understand one of the new commissioners is going to bring the matter before the commission again so, I cannot see why the proposal will not be accepted. If it is not, I feel it will be because of some special interest. Privately owned hospitals are operated for profit, and that is all right for people who are able to pay. If you have plenty of money, you can afford to go to one of these, for I assure you you will get the very best of service. But it is for the low class wage earner or the people who are down and out that I make this plea for a city-county hospital. You take a small city like Baird, and it has a city-county hospital, and we sit idly by and see a town of that size surpass us in providing hospital facilities to our less fortunate citizens. I just do not believe our present city commission will fall to do all in its power to put this very worthy cause across. I have been requested to write by some of my friends, who believe as I do that the greatest need of our city is a city and county hospital (possibly located at the post). I would like to hear from others what they think of the proposal, whether for or against it. Yours respectfully, W. H. HART.

Britain's income from foreign investments in 1938, the last "normal year" was \$1,000,000,000.

'Red' Manchuria Opened To Trade For US Business

CHUNGKING, May 7 (Delayed) (AP)—Citing a great need for both foreign capital and technicians, Gen. Peng Sheng, secretary-general of the Chinese communists' northeast bureau, today unofficially opened the door of communist Manchuria to American business. He said US business could operate in Manchuria to the benefit of both American capital and Manchuria, of which the communists claim to control 70 per cent. He told interviewers the communists, within five months after the cessation of Manchuria's civil strife, would eliminate one of the big hindrances to foreign business by unifying the monetary system. Only communist Northeast (Manchuria) currency would be used. (Peng's statement seemed to take it for granted that the communists would be given virtual control of Manchuria in any settlement with the Chinese government.)

The northeast notes, valued at 1 to 13 Chinese national currency, would be backed by both gold and commodities, Peng said. This stabilization of the monetary system would be maintained through sale of commodities. The currency is issued by the communists' northeast bank. There are more than 20,000 motion picture theaters in the United States.

WHAT AUTHORITIES SAY: "WE HAVE CONSISTENTLY EMPHASIZED THE IMPORTANCE OF PASTEURIZING ALL MILK"

"We have consistently emphasized the importance and desirability of pasteurizing all milk used as human food....In other words, we believe that producers should be required to adhere to the recognized specifications for Grade A milk and then...the finished product should be pasteurized. Only in this way can we reduce milk-borne diseases. ROBERT A. STRONG, M.D. Professor and Head of the Dept. of Pediatrics (From a letter received by the Dairy Products Institute of Texas)

Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of this recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—use hope not.

Refilling the well Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry. Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section. You will be glad to know that all repair parts production schedules are far beyond normal.

No hoarding You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market. At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "foot" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

No cutting corners on quality There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever. We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

What dealers may have for you We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

INTERNATIONAL HARVESTER

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever. We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

The Pendulum Swings Back

A year ago observers—and experienced ones at that—were virtually unanimous in their belief that Europe was bent for communism of varying shades of pink to downright red.

Within the past few days France has had a vote on a new constitution which was moulded by the sharpest minds of socialists and communist leaders within the assembly as it was constituted at that time. Well, the French people, voting more than 20 million strong, turned it down by more than a million votes and touched off a big popular demonstration of approval of the results.

It cannot be said accurately that this result was a surprise, for it is in keeping with trends started many months ago. The actual fact is that instead of flocking to communism, the nations are turning more and more in the other direction as they have opportunity for free expression.

What accounted for this reversal of form—and it must have been a reversal if experienced reporters and diplomats knew what they were talking about at the time they made their predictions?

That would be difficult to say, but there is a growing school of thought that the turning point was the advent of the labor government in Britain. Many thought at the time and many still do that it meant that the entire world was going unrestrained to socialism.

Yet at the time a few students were bold enough to predict that this was the one hope of disrupting the trend toward communism. Whether this is the reason we cannot say, but those who hold to this line of thought have an interesting coincidence to support them. That incident, from a chronological point of view, seems to be the dividing line.

Not Fair To Be Lost

Among ideas being expressed these days is that of a more adequate system of marking streets and houses.

Here are some of the problems from the situation as it now exists: In scores and scores of places there is nothing to indicate the name of the street or the block number. In many others it is necessary to drive past the marker and look back before learning where you are. In still others the houses are

numbered incorrectly; and finally, there is a duplication or at least a confusing similarity of names of some streets that completely befuddles the stranger and a lot of the natives.

Some of the problems in overcoming this might be finance (cost) and materials. However, as these can be resolved, it seems that the suggestion of correction here is sound. It's not fair to be lost in Big Spring.

The Nation Today—James Marlow

Government In Coal Predicament

WASHINGTON, (AP)—Here are answers to questions—which may have puzzled you—about the critical coal strike.

Can the government seize the coal mines? If so, why doesn't it?

The President, under his wartime powers which he still has, can seize the mines.

But the President has no power to compel the miners to return to work. If he seized the mines but the miners stayed away, he'd have a red face and no coal.

On occasion miners stayed away in wartime when the government took over struck mines.

Union leaders argue that their men are not striking, that they're staying away from the mines because their contract has expired and they can't work without one.

Can't the government jail miners who refuse to work when the government seizes the mines?

No. There's no law compelling a man to work. But the government could jail anyone who urges the miners not to work or threatens them if they do.

The charge would be conspiracy to interfere with the government's operation of the mines. This is always hard to prove.

If the government seized the mines and the union leaders just sat back, keeping mum, they couldn't be accused of telling the men not to work. Yet, without orders from the union, the men very probably would stay away.

How does the government seize a mine?

Since this is how it worked in wartime, the President probably would do it this way again:

He'd tell the Interior Department's solid fuels administration—which is the government branch dealing with coal mines—to take over. No troops would be used.

The SFA simply would tell the mine owners the government was seizing the property and ask the owners to run their own mines for the government.

The owners would keep separate books while the government was in charge.

If the miners and owners finally

agree to a pay raise for the workers, will that mean an increase in coal prices?

Almost certainly.

Can the owners just grant a pay raise and then raise their prices?

No. If the pay raise is going to mean a price raise, the government must approve both to keep both from going too high. That's the government policy on all pay raises that mean price raises.

Can the government tell the owners how much of a pay raise to give?

Only to this extent: The government can't tell the owners how small a raise to give. Indirectly—the government can put a limit on the amount of raise to be given.

Since the government is trying to keep prices down, it can tell the owners:

"If you give the miners a raise up to such and such a figure, we'll let you raise prices so much. But if you give a bigger raise, then you can't get a price increase to make up for that."

Mirrors Of Austin—By Paul Bolton

Long-Range Reforms

By PAUL BOLTON
(Third of three articles)

AUSTIN.—When the 80th Legislature meets next January, a whole lot of problems of the low-rated Texas prison system will be put onto the back of the legislators. If the recommendations of Austin H. McCormick of the Osborne Association are followed, McCormick has suggested many ways in which the backward prison system can be improved, and most of them cost money.

The about-face from the policy of placing the worst prisoners on farms where escape is easiest will mean expenditures for walled buildings with cells. Adoption of his suggestion for industrialization of the system instead of depending on farms to occupy prisoners will mean investments in equipment. Of course, this investment will be returned in sales to other state departments of the foods manufactured.

The legislature will have this choice: Shall we continue to make our criminals worse by sending them to a penitentiary where they are hardened to crime? Or shall we use our prisons to produce ex-convicts who will stay on the straight and narrow?

In the field of personnel improvement, McCormick's sugges-

tions are plentiful, because he was shocked at the low quality, and the low pay which produced that low quality, among prison employees. His suggestions: Employ discharged non-commissioned and commissioned officers who have learned personnel and classification work in the Army. Train them by indoctrination under experienced men when they first go to work. Give them adequate pay, regular salary increases and promotions on merit, retirement on pensions, reasonable hours of work, sick leave, days off, annual vacations, decent living and working conditions, and security of tenure during satisfactory service.

In order to get men who will do the hard work necessary in a prison, he suggests careful selection on standards of education and experience, plus competitive examinations.

"The argument for a civil service system that actually has the greatest practical weight," McCormick says, "is that putting prison systems under civil service means taking them out of the political patronage system."

Some progress can be made by setting up proper selection procedures, establishing recruit and in-service training, advancement on merit and good working conditions.

McCormick's last recommendation is for a capable, experienced man as personnel director. The right man in this job earns his own salary many times over in the course of a year, he adds.

His general comment on the farm system now in use will do well as a summation of the entire McCormick report:

"The history of the prison farms is full of incidents that one can only view with revulsion, and the farms today present disciplinary problems that have given the Texas prison system a clouded reputation in the prison world. Texas... will do well to face the issue squarely that the state has outgrown its present prison farm system."

"The general manager and the prison board seem ready to take such a position and able to bring the expansion and diversification of the system about, and they should have the backing of the legislature, the budget authorities, the governor, and the public to that end."

When sulfathiazole is mixed with dried skimmed milk and soybean flour as a substitute for pollen, beekeepers find it helps prevent the spread of American foulbrood, most disastrous of beehive diseases.

Boyle's Notebook

Goering Took The Loot

By DANIEL DE LUCE
(For HAL BOYLE)

BERLIN, (AP)—Hermann Goering took over one million dollars a year in graft from German business to satisfy his champagne and caviar tastes in the era of Nazi power.

His record of golden loot was jotted down in ten-cent notebooks with black paper covers.

Of those victimized by the Reichsmarshal, not all paid unwillingly. A cigarette manufacturer in Hamburg got double value for his bribe. Goering collected nearly six million marks from him during six years, but quashed a \$4,000,000 collection suit for 12 million marks.

Since the former No. 2 Nazi has been on trial as a war criminal in Nuremberg, American Treasury Department officials have intensified their search for Goering's hidden funds abroad.

Last year one of the highest ranking officers in the German Army told American interrogators that Goering once extracted 14,000,000 Dutch guilders in virtual blackmail from The Netherlands, gave the Nazi military commander there a million guilders and sent the rest to a trusted emissary in Switzerland.

Germany's aircraft and steel industries were tapped regularly for "transfers" by the heir-apparent to Hitler. Goering, as plenipotentiary for the four-year plan, was economic boss of the nation.

Aviation and steel magnates in the lush years from the conquest of Poland to the invasion of the Soviet Union gave Goering sums totaling \$740,000 annually.

"Aah! Naturally all these plants transferred some funds occasionally to my personal account," Goering explained to inquisitive American officials. "Because un-

der the party regulations, it was not allowed for party members in public offices to accept remuneration for services on the boards of directors of these companies."

When Goering was transferred from "Aachen," the original collection camp for Nazi big shots in Luxembourg, to Bavaria to stand trial, three stings worth \$100,000 each and a gold cigar case were sent along in his sequestered personal effects.

Goering today can't buy a five-cent cigar.

Massengill Reenlists For 3 Year Army Term

Daniel W. Massengill, Big Spring, who survived the battle of Bataan and three years, two months of life in a Japanese prison camp, has re-enlisted in the US Army through the local recruiting office.

Volunteering for three years service in the coast artillery, he will be restored to his former rank of corporal.

Four Slabs Installed For Sewage Disposal

Four slabs for newly approved sanitary toilets already have been installed within the city, Lawrence Wells, sanitation chief today.

The slabs, which are being offered at cost to residents who do not have sewer connections, are being built as fast as possible and several other orders have been received. Wells urged that people needing them apply at the City-County health unit office in the Read hotel building.

Widespread installation of the units will solve the city's sewer problem until such time that the city is able to secure materials for more new connections.

Washington Merry-Go-Round—Draw Pearson

Mine Accidents Is Just Grievance

WASHINGTON.—The tragedy of the coal strike situation is that public reaction against John L. Lewis has diverted attention away from one very just grievance on the part of the miners—mine accidents.

Lumbering coal and metal mining cost more lives per working hour than any other industries in the nation. According to the National Safety Council there are 50.5 disabling injuries for every 1,000,000 man-hours in the coal and metal mines, compared to 14.48 disabling injuries per 1,000,000 man-hours of work in the entire nation.

As late as 1941, Congress passed the National Coal Mine Inspection Act empowering annual inspection of mines by the US Bureau of Mines. However, the coal operators' lobby in Congress succeeded in winning its battle against compulsion. In other words, the operators don't have to carry out Bureau of Mines recommendations. The bureau can only advise.

Larger mines, however, usually do carry out these recommendations, and it is the small mines where most accidents occur.

partment will probably have to abandon the one effective means of getting the story of America across censorship barriers to the rest of the world.

Diplomatic Chaff
Foreign Secretary Ernest Bevin has persuaded the United States to loan England 12 transports to move the 200,000 anti-Soviet Polish troops from Italy back to England. Secretary of State James Byrnes has rejected a proposal from Bevin to move these Poles to the United States. It was all set for Herbert Hoover to visit Russia when Secretary of State Byrnes intervened. The Russians had given their okay but suddenly Byrnes cabled Hoover urging him not to go. New Philippine President-elect Manuel Roxas will arrive in Washington about the middle of this month. Former Polish Premier Stanislaw Mikolajczyk has warned the Allies that there can be no free elections in Poland until the Red army gets out. Mikolajczyk also charged that the Red army controls 600,000 acres of Polish farmland, while the Polish people starve. The State Department is renewing its petition to the Yugoslav government for American flyers to testify at the trial of Gen. Draja Mihailovich. The Russian government has contributed 30,000 tons of wheat to Czechoslovakia. However, it does not want to work through UNRRA in donating wheat, for, in that case, its wheat couldn't be used for propaganda purposes. (Copyright, 1946, by the Bell Syndicate, Inc.)

Under the Dome

Democratic national committee chairman Bob Hannegan tried to submit his resignation to President Truman last week-end, but was turned down cold. Hannegan's wife and doctor are both urging him to resign. However, the President told Hannegan he could not be spared, at least until after the November elections. President Truman has asked Secretary of the Interior C. I. Baughman to set up an interdepartmental committee to handle oil problems to be composed of Interior, Navy, War, Treasury, Congress and the State Department. This is exactly what Harold Ickes urged at the start of the Pauley fight. If accepted, Ickes wouldn't have raised such a row.

Truman, at that time, however, said such a board would be an affront to his pal Pauley. Members of the "Bring Back Daddy Club," organized by wives and mothers of men with children who are still in the service, are scheduled to descend on Washington on Monday, May 13. They have served advance notice they will remain until the release of all fathers in the armed forces is guaranteed by Congress or the Army and Navy. Any time a group of determined women stage a sit-down lobby in the capitol there should be interesting developments. UNRRA Director General Fiorello La Guardia is preparing to register a stiff protest at the White House against the lady dictator of the State Department, Mrs. Ruth B. Shipley, dispenser of passports. La Guardia complains that Earl Browder, once-convicted of passport fraud, had no trouble getting his papers to go to Moscow. Yet several members of UNRRA missions hired to go to Norway, White Russia and China have been refused by Lady Dictator Shipley. Though his Commerce Department is in charge of US foreign trade policy, Secretary Henry Wallace is still being denied a chance to read the report on Russian economy sent the State Department by George Kennon, of our Moscow embassy. This report, under lock and key at the White House, has even been shown to Republican Senator Arthur H. Vandenberg of Michigan, but not to the cabinet officer in charge of foreign trade. While the Russians beam 11 broadcasts daily to the USA, we will have no voice to compete with those of the Kremlin, London, Paris or Madrid—if the action of the House in cutting the State Department's international information service is upheld by the Senate. The budget voted by the House is too small, and the State De-

State Inspectors Lax

Conflict exists between state and federal inspection, with the operators preferring state inspectors, who are more lax, more politically minded, and sometimes secretly conspiring with the operators.

State laws also vary greatly. And the Bureau of Mines cannot make a flat recommendation contrary to state law. For instance, the big mining states of Pennsylvania, Kentucky and West Virginia have laws to determine, by use of a flame safety lamp, when a mine is gassy. This lamp can pick up deadly methane, the most common mine explosive gas, down to a minimum of around 1 per cent. However, the Bureau of Mines insists that a mine is gassy and dangerous if there is as much as one percent of 1 per cent of methane present, and the bureau, not trusting the safety lamp, makes its test by a laboratory analysis which is foolproof.

The day after last Christmas, there was an explosion in the Belva mine near Pineville, Ky. Twenty-six men lost their lives. This mine was not "gassy" under Kentucky law, which meant that men could work in it with open (carbide) lamps. The Bureau of Mines, however, held that it was gassy and suggested the use of closed (electric) lamps. The bureau's tests had shown one-tenth of 1 per cent of gas, but the mine had been closed for three days over Christmas and the gas had accumulated.

Result: the bodies of 26 men still lie buried in the Belva mine.

Uniform Inspection Act

Unquestionably the miners deserve a uniform national mine inspection act giving the federal government full power of enforcement. Also there is a lot of merit in the idea of the welfare fund, but not when controlled by one man, and not when rammed down the throat of the American public at the point of a gun. Nearest thing to a welfare fund in any other industry is the fund administered by the Railroad Retirement

Hitting Is Secret Of Success—

Boston Sox Invade Gotham Riding Crest Of 14-Game Winning Streak

By the Associated Press
Off past records, the Boston Red Sox stand a seven-to-three chance of winning the American league pennant.

and still Boston won all three. The reason is the batting averages of Peaky, 427; Williams, 424 and Dom DiMaggio, 386. The club as a whole is hitting an even 300.

12 innings by Billy Southworth's rejuvenated Boston Braves. The victory advanced the Braves to third place.

LOOKING 'EM OVER

With TOMMY HART

It might interest several Texas baseball league managers to know that Pat Stasey, the former Big Spring slugger, is now a free agent and ready to talk business.

Patrick recently wrote for and obtained his release from the Minneapolis club of the American Association. He had long been a holdout, at least in the eyes of the Minneapolis tall miller.

The Millers, so the story went, were gluttoned with outfielders, what with men like Fabian Gaffke, Hank Nowak and Babe Barna to patrol the garden.

It was up to Pat to take action, so he directed a billet to Kelley and Company and got results.

There isn't a ball club in the Texas league who couldn't make use of the hard hitting Stasey. Pat's old team mate, Billy Capps, is tearing down the fences down at Beaumont and Stasey always had the reputation of being a deadlier hitter than Sweet Willyum.

The success of other WT-NM league ball players should help Pat drive a margin. Jay Haney, Eldon Murtore and Willard Ramsdell, especially Ramsdell, have all been going great guns in that circuit and would probably be ready to vouch for Stasey's value.

A baseball park at Yokohama, Japan, has been renamed the Lou Gehrig stadium. American service teams are active there.

The Western International league, which opened its season last week, is filling up with former Big Spring players.

Curt Schmidt (Big Spring and Clovis) has been sent up there by Sacramento. Bill Garbe, the old Big Spring first sacker, is at Yakima and hitting cleanup.

Bill Scopetone, who got a brief trial under Tony Rego here, is playing left field for Bremerton.

Our Town's Carl Cox, who performed at third base after Bill Capps went up, was supposed to go to Yakima from Hollywood but Judge Bramham's office would not permit it.

Also active in that league are Vic Pletti, the boy wonder of the Oakland club a couple of years ago, and Harland Cliff, who was a major league star for many years.

Opening of the Municipal swimming pool is being held up until new parts can be obtained for the chlorine machine.

Manager Bob Flowers had originally intended to throw open the doors to the natatorium today but the apparatus went on the fritz.

E. B. Dotler, the local bowling magnate, has called a meeting of all keggers interested in forming a summer league for next Monday evening at his recreation spot.

Sammy Baugh, the Washington Redskins' football star who winters on his ranch near Sweetwater, served as referee of the game between Pat Gerald's Sweetwater high school gridiron Mustangs and the contingent of ex-Sweetwater prep stars played last night in the Sweetwater bowl.

Sammy's old teammate, Ney Sheridan, coached the Exes, incidentally.

Forward Walls On Even Par In Grid Game At Longhorn Stadium Tonight

Hogan, Mangrum Leading Field At Houston

HOUSTON, May 10 (AP) — A couple of Texans—Ben Hogan and Lloyd Mangrum—led the way into the second round of Houston's \$10,000 tournament of champions today and if they stumble there's a permanent resident of the Lone Star state ready to take over.

Hogan, the mighty atom from Hershey, Pa., and Mangrum, who hails from Los Angeles, shot four-under-par 67's, yesterday to tie for the top in the first 18 holes.

Mangrum's showing was the sensation of the first day's play. Unheralded, the California professional, dog tired after an all-night train ride, hurried to the course just in time to tee off.

Demaret got off to a slow start but from No. 4 on he didn't miss a shot. Several times he missed short putts for birdies that would have pushed him out in front.

Nelson played erratically and said he was bothered by a sore wrist.

Jackie Barron will be calling signals for the regulars and will have as aides Hoss Rankin, Bobo Hardy and Gerald Harris.

The three grid tutors were to be busy this afternoon watching their third and fourth strings bang away at each other in a debate called for 3:30 o'clock. They were talent-hunting in that one, too.

The Dallas Rebels turned back the Beaumont Exporters 2-1 behind the aflight pitching of Veteran Walt Wilson. Robinson, making his first start for the Exporters, limited the Rebels to five hits while Beaumont touched Wilson for seven.

Today games: Dallas at Beaumont. Fort Worth at Shreveport (night). Oklahoma City at Houston (night). Tulsa at San Antonio (night).

Varsity Favored Because Of Four Holdover Backs

Those of the sporting gentry who would like a little football seasoning with which to tickle their palates can call at Steer stadium around 8 o'clock this evening, at which time Coaches John Dibrell, Herschel Stockton and Conn Isaacs unravel their hour-long gridiron carnival, and for free.

The bout, or bouts—as the case may be—will be the busiest spring training session the Big Spring high school team has had in years.

Dibrell dispatches his first team into action against the reserves during the initial 30 minutes or first two quarters of play. In the final two periods, the Blacks will go against the Golds, their lineups chosen by members of the squad.

The first half of the program perhaps will be the most interesting. The varsity eleven will have far and away the better secondary to shoot at the shock troops, but there the superiority ends.

From wing to wing, the forward walls stand up even-Stephen. Dibrell will be able to start a letterman line from stem to stern but some of those numeral wearers might be riding the bench next fall, if the "come-uppances" of the second-stringers means anything.

The Bovines' spangled line consists of Marv Wright and Enor Puckett at ends, Reed Collins and Bobby Hollis at tackles. Pete Fugate and Ike Robb at guards and Larry Hall at center.

On the opposite side will be Jim Bill Little and Eddie Houser anchoring the wing posts, Ell Cypert and Harold Kane at tackles. Pat Lamb and Jim Kirby at guards and Roy Lea Reeves at the pivot slot.

Little and Houser perhaps have shown to better advantage than Wright and Puckett at ends. Cypert has been as impressive as anyone in camp and Kane has come along.

Hall is a reformed end who has looked to advantage as a line backer and center. Reeves is a monogram winner who must be put on a par with Hall because of his experience.

Jackie Barron will be calling signals for the regulars and will have as aides Hoss Rankin, Bobo Hardy and Gerald Harris.

That quartet averages something like 157 pounds per man. Across the line, Moe Madison at quarter, B. B. Lees and George Worrell at halfbacks and Paul Shaffer at full are set to do business. Harold Berry, Jim Abbe, Johnny Hamrick and Ernie Ache will also see secondary action.

The three grid tutors were to be busy this afternoon watching their third and fourth strings bang away at each other in a debate called for 3:30 o'clock. They were talent-hunting in that one, too.

The Dallas Rebels turned back the Beaumont Exporters 2-1 behind the aflight pitching of Veteran Walt Wilson. Robinson, making his first start for the Exporters, limited the Rebels to five hits while Beaumont touched Wilson for seven.

Today games: Dallas at Beaumont. Fort Worth at Shreveport (night). Oklahoma City at Houston (night). Tulsa at San Antonio (night).

Fordmen, Redcaps Battle Tonight

Big Spring Motor and Doc Wilkinson's Redcaps come to grips in a practice softball game at 8 o'clock tonight on the city park diamond.

The Fordmen will be making their last start before going up against Cosden's Oilers Monday night, a test that will topple one of the aggregations from the top of the Munny league standings.

Manager John Felt has indicated he will probably use Glen Bredemier against the Redcaps. Doc's bunch will counter with Norman Newton.

The Loboos also play Amarillo Saturday night, then square off with Lubbock Sunday and Monday in the Lamesa park.

Rain caused postponement of the game scheduled last night between the Loboos and Abilene in Abilene.

Cokemen, Forsan Tilt Rained Out

Cosden's Pipeliners and the Coca-Cola softball contingents tried to beat the elements in a Munny league game booked to be played at Forsan at 8 o'clock last night. They played through an inning and a half. Then the rains came, halting the proceedings.

AS a result the two nines agreed to have a try at it again tonight. Game time will again be at 8 o'clock, weather permitting.

The arrangement caused the management of the Forsan eighth grade team to call off its scheduled game with the Big Spring grade school contingent, which was to go on at 7:30 p. m.

Forsan high school is booked to tangle with Sterling City high at 8 o'clock Monday night. The Tuesday night Forsan league card pits Shell (Chalk) against the high school team in the opening test and Phillips against Continental in the other go.

Dragoo Sextette, Chorus Appear In Last Concert

Performing in crisp, staccato style, Wildo Dragoo, with her Violin Sextette and Harmony Girls, presented the last in a series of concerts Thursday evening featuring youthful musicians during National Music Week.

The group opened their program with the singing of "The Lord's Prayer," leading off the concert with a series of religious selections, some of which were performed at the State Federation of Music clubs.

In a medley of semi-classics the violinists maintained a smoothness of tone and rhythm which was particularly apparent in their presentation of the "Bells of St. Mary's." The sextette arrangement of the "Blue Danube" was performed with fluidity which was appreciated by the audience of

about 500. "Two Guitars" illustrated the agility of the group's pizzicato technique.

Throughout the entire concert Miss Dragoo held her well-trained chorus at the tips of her fingers, and many of their numbers were performed with an originality which added interest to the program. The negro spiritual, "Wide River," was exceptionally well done, and "Carry Me Back to the Lone Prairie," sung a Capella, emphasized the mournfulness of the ballad.

The finale of the concert featured the singing of Lincke's "Glow-Worm," sung in complete darkness punctuated with the glow of luminous flowers which the girls had worn in their hair.

Following the concert the artists were honored with a small reception given by the First Baptist church. The table was laid with a lace cloth and the centerpiece of roses was set between lighted tapers set in crystal candelabra. Mrs. Omar Pittman presided at the punch service.

The last of music week observations will be a tea held Saturday from 4 until 5 o'clock in the parlor of the First Baptist church given by the Allegro Music club. Allegro club sponsors are Mrs. Morris Jarratt and Mrs. Larson Lloyd.

Spanish Classes Meet For Banquet At VFW Hall

In a hall arranged with Mexican decorations and in colors of the Latin-American countries the members of the Spanish classes of the Big Spring high school were entertained at a costume Mexican banquet Wednesday night.

The VFW hall, where the affair was held, was decorated with red, white, and green streamers, and red and green balloons were used in decorations. Place cards and favors came from Mexico.

During the program native dances were performed by Dominga Castillo and Virginia Castillo. Neta Betterton, Rosalyn Beale, Joyce Howard and Reba Roberts sang "Cielito Lindo" and "Mexicali Rose." Music was furnished during the evening by a Mexican string band.

A Mexican dinner was served to 108 guests. Miss Reta Debenport is sponsor of the classes.

Recreation Club Set Up At Ellis Homes

Members of the Tuesday Night Recreation club met for the first time Tuesday evening at the Ellis Homes recreation hall.

Patty Lane, acting president, presided at the election of officers. Bobby White was selected as head of the club, and other officers included Dillard Johnston, secretary; Shirley Scott, treasurer; and Patty Lane, reporter.

Rules and regulations for the club were set up, and it was decided to meet each Tuesday evening at the recreation hall. All interested in joining the club may contact the officers.

Members present were Jephtha Landrum, J. L. Pettit, William Thomas, Dillard Johnston, Evelyn Martin, Bobby White, J. T. Fulcher, Daniel Sparks, Gerri Staba, Leola White and Patty Lane. Mrs. Audra White, Mrs. A. McFarland, Dureze Pettit and Orphy Shipman acted as chaperones. Dorothy McMurray was a visitor.

Margaret Crouch of Victoria has been employed as the new secretary to E. C. Dodd, president of the junior college. Miss Crouch received a BBA from the University of Texas and has had three years of teaching and three years of commercial experience.

WHITE COLLAR GIRL in a high-collared, dicker of crisp organdie and lace.

Rita Johnson Wed To J. O. Carper In Abilene Church

Rita Johnson, daughter of Mr. and Mrs. R. C. Johnson, was married on April 27 to J. L. Carper of Sterling City. The ceremony was held by Rev. Knox in the office of this Presbyterian church in Abilene.

Carper is the son of Mr. and Mrs. A. C. Carper of Sterling City. He is now doing carpenter work in Big Spring.

The couple will reside in Big Spring.

Local Girl Married To D. McCann

In a single ring candle-light ceremony Gertrude McNew, daughter of Mr. and Mrs. R. W. McNew, was married to Dwight McCann of Coahoma on April 4. Rev. W. E. Best read the ceremony in the home of the bride's sister, Mrs. Jack Bennett, before an improvised altar banked with palms, ferns and gladioli. The scene was lighted by tapers placed in wrought iron candelabra.

The bride wore a street length dress of teal blue silk alpaca, with a white straw hat with a shadow veil. She also wore a gold bracelet which was worn by her mother in her wedding. Her corsage was of pink gladioli.

Mildred Bennett, maid of honor, wore a white suit with a matching ribbon hat. Her corsage was of pink gladioli. Best man was Joe Benefield of Coahoma.

Candles were lighted by Cella Ray McNew and Juanita Hamlin. Following the ceremony a reception for members of the family and wedding party was held. The bride and groom cut the traditional wedding cake. Miss Bennett served the three tiered cake, and Mrs. Byron McCracken carved the punch.

Forty-two guests attended the wedding. Those from out-of-town were Mr. and Mrs. J. D. Orr and Shirley Ray of Bryson. Mrs. McCann is a graduate of Big Spring high school and is now employed by Southwestern Bell Telephone company.

McCann is a graduate of Coahoma high school and was recently discharged from the army after serving three years overseas. The couple left on a short wedding trip following the reception. They will make their home in Big Spring.

Primary Children Entertain Mothers At Reception

Honoring their mother's the members of the Primary department of the First Baptist Sunday school entertained with a reception Wednesday evening at the church.

The program was opened with piano selections by Sylvia Brigham, Darlene Agee, Barbara Ann Hock and Nelda Boatman. After a prayer by Mrs. K. S. Beckett, Janice Nalley read a poem on "Mother." Mrs. Roy Green was accompanied by Mrs. J. L. Haines as she sang "Mother Macbrree."

Before a picture showing a pair of hands folded in prayer, a group of children told the story of "Praying Hands." Storytellers included Sylvia Brigham, Al Kloven, Robert E. Morehead, Footie Profit, Mary Hobbs, Verna Garrison, Mary Kyle, Frances Reagan, Melva Smith, Preston Mason, and Charles Clark. At the end of the story the group sang "Mother."

Guests were registered in a book which was decorated with a large bow of ribbon in which were tied deep rose carnations. Programs were of glossy white paper printed with a rose and tied with blue and white ribbon. Clustered in the ribbons were pansies, small carnations and sweet peas.

The refreshment table was laid with a lace cloth and punch was served from a bowl of ice decorated with multi-colored snapdragons planted and tended by the primary children. The flower-bedded programs were arranged as parts of the table decorations. Mrs. S. M. Winham served punch.

Workers in the department are Mrs. Ora Johnson, superintendent, Mrs. T. A. Underhill, Mrs. A. T. Bryant, Mrs. Helen Scott, Mrs. Eugene Gross, Mrs. B. N. Ralph, Mrs. Winham, Mrs. Jessie Ferrell, Mrs. Jimmy Mason, Mrs. John Coffee, Mrs. M. E. Boatman, and Mrs. Ross Boykin.

Coahoma Seniors To Present Play

COAHOMA, May 10. (Sp.)—"George in a Jam," a three act comedy, will be presented by the senior class of Coahoma High School tonight at 8 o'clock in the high school auditorium.

Cast of characters includes Jim Gray, a serious kind of fellow, played by Harry Echols; Miss Brown, an up-to-date young girl, Ruby Helen Linley; George Forbes, an easy going fellow, Mariah Roberts; Odessa, the colored cook, Eloise Lumpkin; Jack Carson, a happy-go-lucky fellow, Ray Echols; Nellie Morrow, a school teacher, Melba Jane Branon; Sara Jane Larkins, a foolish, boisterous girl, Bonnie Reid; Ma Larkins, the mother; Joma Jean Buchanan; Pop Larkins, the father, Tommy Clark; Zeke Stebbins, a rural detective, Marian Hays. J. C. Bristowe will furnish the between act numbers.

College Heights P-TA Hears Music Week Program

In observance of National Music Week College Heights Parent Teacher Association heard a musical program presented by members from each grade.

Appearing on the program were Darlene Agee and Billy and Larry Evans, first grade; Mary Beth Stratton and Nancy Strahan, second grade; Sidney Cravens and Sylvia Brigham, third grade; Myrna Jean Talley and Susan Logan, fourth grade; Kenneth Bryant played steel guitar accompaniment for Doris Ann McDonald, Betty Wright and Bobbie Stevens, sixth grade; Margaret McDonald and Kitty Roberts, seventh grade.

The business meeting concerned routine reports. Attending were Mrs. Bob Satterwhite, Mrs. R. F. Bluhm, Mrs. H. G. Keaton, Mrs. E. F. Fleener, Mrs. Bud Petty, Mrs. A. L. Maynard, Mrs. Frank Shea, Mrs. Clayton McCarty, Mrs. Vernon Logan, Mrs. John E. Freeman, Betty Collins, Mrs. H. J. Agee, Mrs. J. H. Jennings.

Mrs. Vernon Kyle, Mrs. Jimmy Stagg, Mrs. F. W. White, Mrs. E. C. Evans, Nell Cummings, Mrs. L. G. Talley, Mrs. George Sholte, Mrs. R. V. Bales, Mrs. Will P. Edwards, Mrs. Zollie Boykin, Mrs. H. V. Crocker, Mrs. Martelle McDonald and Mrs. V. V. Strahan.

Mrs. Horace Garrett Entertains Easy Aces Bridge Club

Mrs. Horace Garrett entertained the Easy Aces Bridge club Tuesday evening in her home.

Guests were Mrs. Howard Schwarzenbach, Mrs. R. E. McKinley and Mrs. Durwood McCreight. Members present were Mrs. Joe Black, Mrs. Steve Baker, Mrs. Tommy Jordan, Mrs. T. J. Williamson, Mrs. Howard Stephens and Mrs. Garrett.

Mrs. Black made high score, and Mrs. Howard Stephens won second high. Mrs. Durwood McCreight tinged.

Mrs. Truman To Observe Mother's Day Quietly

MRS. MARTHA TRUMAN... "They make too much fuss over me..."

By ELIZABETH TOOMEY AP Newsfeature GRANDVIEW, Mo. — Mother's Day will be a quiet one for 93-year-old Mrs. Martha E. Truman, mother of the president, with flowers and candy and maybe a telephone call from her son, Harry, and gifts from her other two children.

"Oh, they give me too many things, anyway," she exclaimed when asked in an interview what Mother's Day gifts she anticipated. "All I ask is that my three children are safe and happy. I guess I worry a little more about Harry than the others because he travels around so much."

Seated prim and alert on the sofa in the front room of the little five-room bungalow where she lives with her daughter, Mary Jane, Mrs. Truman said firmly that she felt better than she did a year ago, and that "if it wasn't for my eyes, I could go anywhere Mary Jane goes."

Her eyes, injured in the fall that broke her hip five years ago, prevent her from reading or sewing. Naturally active and ambitious, the President's mother finds her impaired vision a great annoyance. The radio helps fill in her quiet days. She listens regularly to the newscasts and is well aware of what is going on in the world of international politics in which her son plays such an important part.

The spry little woman accepts calmly the attention she gets as mother of a nation's president. Her only comment is: "They make too much fuss over me."

In comparison to last year's thrilling flight to Washington in the presidential plane, Mother's Day this year will be uneventful.

"We may go to Washington later this spring for Margaret's graduation," Miss Truman said, and when her mother answered that she didn't plan another such trip, her daughter laughed and chided her.

"Why, Mama, you said last year you wouldn't go, and then at the last minute you hopped on that plane right along with the rest of us."

"Well, I may go and I may not," her mother answered tartly. "I don't know if I'd fly again, though. It didn't bother me a bit but those machines don't seem safe to me."

Having her three children together on Mother's Day would be the nicest possible gift, Mrs. Truman agreed. The President's brother, Vivian, lives a few blocks away from his mother's home here.

"But Harry just has so many things to do I don't expect to see much of him," his mother said. "He usually sends flowers and candy and he probably will again. And maybe he'll call me up, the way he does so much lately."

When the President drops in for his next visit, there's a special treat waiting for him in one corner of the tiny living room — a brand new spinet piano.

It was supposed to be a surprise, but Mrs. Truman admitted with a good natured chuckle that she'd given away the secret in one of her telephone conversations to Washington.

"You know, Harry isn't the only one who plays the piano," his mother said proudly. "Mary Jane

plays too. She's played for two weddings lately." Her daughter smilingly consented to play, and her mother listened intently while she played "To a Wild Rose," by Edward McDowell. Nodding approval at the end of the piece, Mrs. Truman remarked that "she hasn't practiced much the last few years, either."

Proud of each of her children, Mrs. Truman admits she doesn't try to advise them, but has confidence that they'll work things out for themselves.

"I just tell Harry to be good—but be game," the President's spirited little mother added.

Fletchers Have Girl A daughter, Gloria Gene, was born to Mr. and Mrs. E. W. Fletcher, Jr., on May 4 at 1:45 p. m. in a local hospital.

Maternal grandparents are Mr. and Mrs. Jack M. Nall, and paternal grandparents are Mr. and Mrs. E. W. Fletcher, Sr., of Birmingham, Ala.

MARY MARTHA CLASS, Wesley Methodist church will have a social at 8 p. m. at the church.

High School Enters Glee Club, Soloists, Ensemble In Meet

Mrs. Wiley Curry will travel to Abilene with her entire glee club Saturday as entrants of the Music Festival, Region Two, to be held in Sewell auditorium of Abilene Christian college.

The glee club and the ensemble will be entered in the contests as well as three soloists, Helon Blount, Mabel Smith, and Joyce Howard.

Each group will present three numbers chosen from a national list, two of which are accompanied and one is a Capella. The glee club will sing "River, River," a Chilean folk song, a Capella, "Gypsy, Play Your Guitar" by Gibbs and "O Land of Dreams," an arrangement of Beethoven's Capella number will be "Were You There," a negro spiritual, and "Robin in the Rain" by Noble Cain and Grieg's "My Johann." Miss Blount will sing "Dawn" and "Villanelle"; Miss Smith, "Upon the Top of the Hill" and Mozart's "Alleluiah"; and Miss Howard "Thou Art the Night."

The Glee club includes Jean Seiler, Wilda Watts, Joyce Howard, Bobbie Bobb, La Rue Tate, Jane Norris, Martine Underwood, Neta Betterton, Frances Malone, Peggy Stringfellow, Frances Wilson, Rosalyn Beale, Pat Phillips, Dorothy Day, Betty Boadle, Doris Thomas, Olene Leonard, Marlene Burnett, Betty Smith, Mary Gerald Robbins, Charlene Tucker, Lynelle Sullivan, Jean Conley,

Martha Hardin Talks On Posture At HHS Club

Mrs. Martha Cochran Hardin spoke to members of the High Heel Slipper club on posture when they met Wednesday evening in the home of Mary Gerald Robbins.

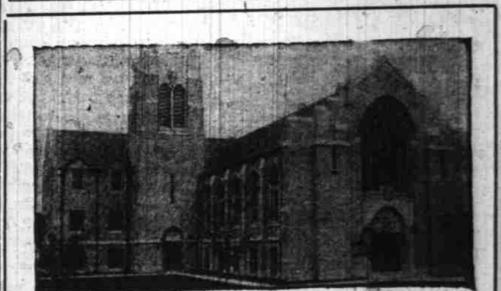

There was a round table discussion on posture following Mrs. Hardin's talk. Plans were discussed for the club bathing beauty review to be held on May 19, and Mrs. Hardin was made director of modeling. She is a former holder of the title, "Miss Big Spring."

A party was planned for members and contestants on Thursday, May 18, preceding the show. A supper was planned for HHS members and their dates to be held immediately before the spring prom.

Attending the meeting were Marie Balch, Jean Murphy, Ann Blankenship, Evelyn Arnold, Wilda Watts, Pat Cochran, Tommy Kinman, Lindel Gross, Nancy Hooper, Mary Joyce Sumner, Dolores Hull, Ann McLaughlin, Sue Nell Nall, Nancy Lovelace, Earlyn Wright, Mrs. Hardin, Lorena Brooks, sponsor, and the hostess.

Melba Dean Anderson, Lanelle Tibbs, Wanda Forrest, Jean Murphy, Barbara Lytle, Billie Pearl Graham, Helen Ruth Eubanks, Martha Beck, Laverne Fuller, Norma Harrison and Leatrice Rosa.

Mr. and Mrs. Arch Carson and Judy have arrived to spend the week end with friends.

YESTERDAY

Our forefathers built this nation upon a solid foundation. That foundation was their homes. The home was a sanctuary where God was placed first, where the mother was looked up to as a model because of her devotion to God, her home and family. It was here that the children were taught about God, obedience and responsibility in the home. They were taught how to do by doing. As a result of this home life men and women were sent out to take places of responsibility, who were God fearing, and law abiding; Who were not afraid to stand for the right.

TODAY

The American home has broken down. It is no longer a sanctuary where peace and contentment reign. It is merely a place to eat and sleep. Confusion reigns. We have become pleasure mad and in so doing have shirked our responsibility as home builders.

Let us awake to our need in America today. Our only hope is Christ and His Gospel. Let us start today, go to church where you may learn of Him and his Way of Life so that

TOMORROW

we may see a change from the conditions as they exist TODAY. That this wave of crime and lawlessness may be erased from our midst and a nation of God fearing, law abiding and peace loving people may arise out of this chaos.

Hogue Pays His Fine; Sweets Out Complaint

E. Y. Hogue, who was haled into justice court Wednesday afternoon on the charge of participating in an affray, may yet have the last word in the debate with his alleged antagonist.

Hogue pleaded guilty to the charge and paid a fine of \$1 and costs. However, he also chose the occasion to swear out a complaint for assault against one Fred Dodson. Dodson has been asked to appear before Justice of Peace Walter Grice.

The first airplane takeoff from shipboard was made by Eugene Ely flying a biplane in November, 1910.

MORE ENTRIES RECEIVED IN FAMILY CONTEST; DEADLINE IS SATURDAY

Still more suggestions from Big Springers on their conception of the responsibility of the American family were received today.

One exceeded the 50-word requirement but contained some excellent thoughts. Entries received by The Herald through Saturday afternoon will be considered in judging for three cash awards of \$10, \$5 and \$3.

Here are some additional ideas: "The American family should be responsible for being sociable in the right way; take God with them always and attend his house

regularly; be good citizens to set examples and lead others to do right, so that our nation will be worth living in and worthy for our children."—Mrs. Leroy Minchew.

"The family should be a closely knit unit, both spiritually and materially, with Christian ideals and principles the guiding factors, and unselfish love manifested by each member of it. Parents should consider the children as partners in the family's economic life, making clear what expenditures the family budget will allow. Self discipline and respect for the rights of others should be practiced by all. There should be a clearing house with round table discussion of real and fancied problems and a sympathetic handling of the same, not failing to point out kindly but clearly errors and shortcomings of any member when these appear. Only those who love us best are most concerned about our weaknesses. When the family is a well balanced, well functioning, happy unit it is able to make the greatest contribution to the community and finally to the world."—Mrs. B. L.

"The very core of our community, county and country is the American home. If parents teach their children to be honest, sincere, tolerant and God-fearing, then those children will be the 'right' kind of citizens to mould the future of our America and to win a lasting peace."—June Woods.

"A family should consist of parents that are a sign-post on the highway of life rather than a rut; where example is far better than fault-finding and moralizing; where the child is taught to practice kindness, to love truth and beauty; is made to feel secure in the affection of all members of the family."—Mrs. J. M. Craig.

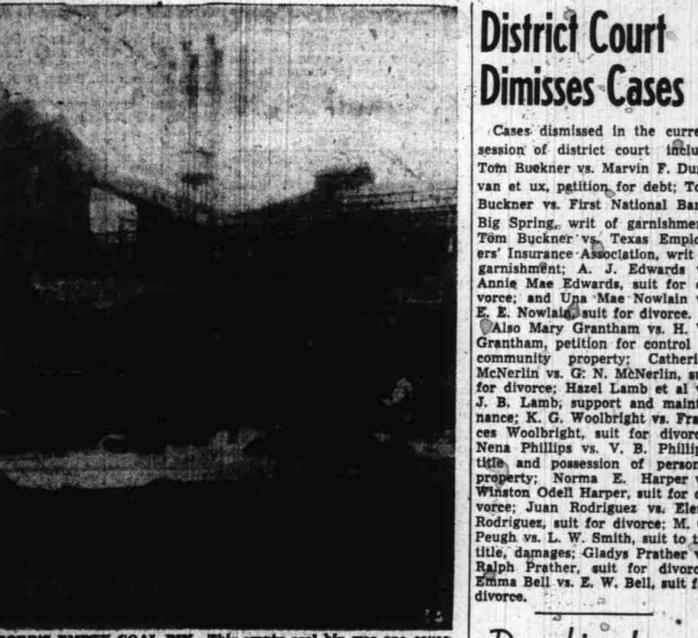

"Where parents are honored and duly respected and children are loved and from evil protected; where joys and sorrows are equally shared; and spiritual endeavor is never impaired; where truth, honesty and sympathy abound; love and Christianity is usually found—this is how the family should be."—A. Smith.

"The responsibility of the American family is: The parents should realize that their children are their first responsibility, God given—and that they should teach them the better way. Every child has the right to a good home, a good education and a thorough knowledge of the Golden Rule."—Mrs. Edna Gibson.

SILK INDUSTRY REVIVED
SEOUL, May 10. (P)—The US military government today projected a long-range plan to revive Korea's silk industry, now at 15 percent normal output, to a 1980 maximum which will compete with Japan and China in the world market. The plan contemplates 95 percent production next year.

LINING UP FOR FOOD—Residents of Hamburg, Germany, where the food situation has been acute, form a long line to get their rations.

FORD'S EMPTY COAL BIN—This empty coal bin was one cause for the Ford Motor Co. to order indefinite suspension of auto production. The coal strike and related shutoffs will affect 130,000 Ford workers. The above bin is at Ford's Rouge plant. (AP Wirephoto.)

Dorothy Kirby, Miss Page Favorites For Golf Finals

DALLAS, May 10. (P)—Hardy weeks around the Dallas country club were picking Dorothy Kirby of Atlanta and Mrs. Julius Page, Jr., of Greensboro, N. C., to meet in tomorrow's finals of the women's Southern golf tournament.

Undismayed by a round of blistering upsets which included defeat of Louise Suggs of Lithia Springs, Ga., defending champion and favorite, they figured Miss Kirby would defeat Polly Riley of Fort Worth in today's semi-finals.

It was Miss Gunther who beat Miss Suggs 2 and 1 yesterday, her blistering iron play and deadeye putting proving much too much for the Georgia star.

Miss Kirby won over Mrs. Betty Mims of Dallas 5 and 4, Mrs. P. G. downed Mrs. H. C. Riedel of Dallas 6 and 5 and Miss Riley bested Mrs. George Wilcox of

Miami, Fla., 4 and 2, in other quarter-finals matches.

Mrs. Riedel had furnished the tournament's first major upset Wednesday when she won over Mrs. Frank Goldthwaite of Fort Worth, one of the favorites and a former Southern champion. But she couldn't win a hole from Mrs. Page, another tournament veteran.

Anyway, there will be a new champion of Southern women's golf no matter how today's semi-finals go. None of those left in the running ever took the title.

Longhorns Score Low Gross In Tournament

HOUSTON, May 10. (P)—Texas went into the final 36 holes of the Southwest conference golf meet here today with a team point total of 892, compared with Rice's 666.

However, Rice's smooth-stroking Tom Burke paced the field in individual honors with a steady 72 and a subpar 89 for a 36 hole total of 141. Three strokes behind with a 77-87—144 was Longhorn Bill Roden.

With Rice and Texas out in front, Texas Christian came up with a team total of 615. Texas A&M had 624 and Southern Methodist 628. Baylor, which entered only two men, did not figure in the team standings.

Zomlefer Keeps Atop Southwest Hitters

DALLAS, May 10. (P)—Bill Bishop, Rice's busy pitcher, has an unusual record—for a pitcher—in Southwest conference baseball.

Bill is one of the leading hitters, clubbing for a .440 average in 7 games. He has strode to the plate 25 times and gotten 11 hits.

The top slugger still is Chick Zomlefer, Texas shortstop, who through games of May 4 had hit .449 in 29 times at bat.

Ransom Jackson, Texas third baseman, is second in batting with a .441 average, according to figures released today by James H. Stewart, conference executive secretary.

Bobby Layne of Texas, with five victories and no defeats, leads the pitchers. He has fanned 55 batters.

Texas leads in team batting and team fielding with marks of .309 and .938 respectively.

Only One Favorite Loses In Net Show

HOUSTON, May 10. (P)—Quarter final matches in the Southwest conference tennis meet will begin here today with Rice heavy favorite to cop the crowns.

Owls Sammy Match and Ken McCarthy, seeded first and second respectively, took their singles matches yesterday and teamed to sweep the doubles.

All the favorites came through in fine form except Billy Owens of Baylor, seeded fourth, who lost to Ben Weil 6-3, 6-1 after besting Jim Dodson of SMU 6-3, 6-4.

Boone To Begin Series Of Retail Classes Monday

Theima Boone, retail training specialist for the University of Texas' division of extension, will arrive in Big Spring Monday to begin a series of retail classes, Plasco G. Moore, representative of the university's extension division, has announced.

Moore has been here since Tuesday making preliminary arrangements for the classes, which will deal with "Selling Today's Customer" and "Professional Development in Retail Selling." Miss Boone will illustrate certain key points during the class sessions.

"We have a big selling job to do during the next few years," Moore said, in making the announcement. "During the war years there was a nation-wide let-down in efficiency in serving the public. Now, our whole economic system is dependent upon production first, and then an aggressive and efficient program of selling our products to the public."

The courses are being offered to Big Spring retail people without cost except for a small enrollment fee to defray the costs of instructional material, Moore said.

During her stay here Miss Boone will conduct several classes in "Employee Supervision" and "Personnel Management" for store owners and department heads. A merchants meeting had been called by Lewis Price, chairman of the chamber of commerce retail department, for Tuesday, May 21, at which time Miss Boone will review these executive courses and explain key points of the course outlines.

Increase Registered In Surplus Workers

An increase of 35 surplus workers in the Big Spring area during the past week was recorded by the local US Employment Service office, making a current total of 715.

Total veterans on the list now numbers 464, an increase of 25 over the past week. Fifty-two were placed on jobs during the week, as compared to 34 for the previous week. Current job openings total 35.

Principal local demands for labor are as follows: one office manager, one room clerk, one salesman for education courses, one blacksmith, one examiner-inspector, one carer, 10 laborers, three office clerks, one laundry worker, two chamber maids, four waitresses and nine maids.

Hatching Eggs, Dog Take Off For Poland

NEWARK, N. J., May 10. (P)—A cargo of 155 cases of hatching eggs and a black cocker spaniel dog was aboard a veterans Airlines plane which took off Wednesday from Newark airport for Poland by way of Newfoundland and Paris.

The dog belonged to Capt. Clifton Hall Carter, Jr., whose wife, a Newark resident, is scheduled to sail next week to join her husband at Weisbaden, Germany, where he is an army public relations officer. She said she was informed no pets would be permitted aboard her ship, so she arranged to ship the spaniel by cargo plane.

The hatching eggs were contributed by the Church of the Brethren of Dayton, O.

The area drained by the Mississippi covers 1,340,000 square miles, or more than one-third the area of the United States.

Displaced Jew Given Sentence By AMG

CHAM, Germany, May 10. (P)—A US military government official has announced that a sentence of eight months at hard labor had been meted out by an AMG court here to a Jewish displaced person for striking an American soldier during a scuffle between DP's and GI's in front of an enlisted men's club.

Eleven Jews were arrested following the incident, which took place Monday, but only one was tried and convicted.

The AMG official denied a report that the Jews in the local DP camp had been on a hunger strike since Monday.

The Cham Jewish committee said the arrests resulted from "several youths singing Palestinian songs and exercising in a gymnasium."

New Orleans restaurants are freeing for national distribution such dishes as shrimp remoulade, oyster stew, gumbo, bouillabaisse and Crepes Suzettes.

Hoover To Broadcast Food Investigation CHICAGO, May 10 (AP) - Former President Herbert Hoover, in a nationwide radio broadcast from Chicago next Friday, will report on his findings during a world tour investigating food needs.

Hoover, honorary president of President Truman's famine emergency committee, is completing his tour which included Poland, Czechoslovakia, Italy, Germany, India, China and Japan.

Sheldon Clark, chairman of the Chicago famine emergency committee, said that Hoover's report will be made at a meeting of civic leaders.

Secretary of Agriculture Clinton Anderson also will speak.

THREE AIRMEN KILLED TOKYO, May 10 (AP) - The Fifth Air Force reported today that three airmen were killed in two crashes and a third American plane was "forced down by bad weather between Nagoya and Atsugi. Names were withheld."

The first bananas to arrive in New York were brought from Cuba in 1804.

LEGAL NOTICE THE STATE OF TEXAS JACK C. CLEMENS, GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of June, A. D. 1946, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 6th day of March, 1946. The file number of said suit being No. 5823. The names of the parties in said suit are: Silvia Lee Clemens as Plaintiff, and Jack C. Clemens as Defendant. The nature of said suit being substantially as follows, to wit: Plaintiff is an actual bona fide inhabitant of State of Texas for twelve months; resident of Howard County for six months; Plaintiff and Defendant duly and legally married September 2, 1942, separated December 24, 1945, when Plaintiff quit Defendant because of cruel conduct; no property accumulated, but one child was born of the said marriage, Michael Jack Clemens, a boy almost 13 months of age, and Plaintiff has custody of the said child and asks custody of the child, with right and privilege of defendant to see and visit the child at reasonable times. Plaintiff craves for divorce and custody of child. Issued this 25th day of April, 1946. Given under my hand and seal of said Court, at office in Big Spring, Texas, this 25th day of April, A. D. 1946. GEO. C. CHOATE, Clerk, District Court, Howard County, Texas. (SEAL)

Snow Falls In Parts Of Northern States; Cool Wave Spreads

CHICAGO, May 10 (AP) - Snow fell in parts of Nebraska, Colorado and Montana during the night and early morning and temperatures dropped below freezing in the Dakotas and Wyoming as a cold air mass moved in from Saskatchewan.

The federal weather bureau in Chicago said light falls of snow were reported in Denver and Colorado Springs, Colo., Scottsbluff, Sidney and Valentine, Neb., and in parts of southern Montana. The thermometer registered near freezing in the areas.

Forecaster E. S. Hanlon said the lowest temperatures in the early morning hours were 25 above at Casper, Wyo., 28 at Spokane and 26 at Devils Lake, N. D. In northwestern Minnesota the readings were in the low 30's.

Hanlon predicted that the cold weather would spread over Minnesota, Wisconsin, Iowa, Illinois and Indiana tonight, and he forecast below freezing temperatures in many sections. He said the frosty weather threatened to damage garden crops.

The Swiss flag is one of the oldest in Europe, and was used as early as 1339.

LEGAL NOTICE THE STATE OF TEXAS JACK C. CLEMENS, GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. Russian Music Studied At 1941 Club Meeting

COAHOMA, May 10 (Sp.)—Mrs. Tom Barber was hostess Wednesday afternoon to the members of the 1941 Study club. The topic of the program was "Russian Music," presented by Mrs. C. H. DeVane and Mrs. Lella Felton. Russian musical recordings also furnished a part of the program.

Others present were Mrs. Charles Reed, Mrs. Sam Armstrong, Mrs. Sy Severance, Mrs. Ray Swan and Mrs. Bud Tanner. The next meeting will be held in the home of Mrs. E. T. O'Daniel, at which time the installation of new officers will be held at an informal tea.

Mrs. Emma Davis is visiting her sister in Strawn this week. W. L. Bell, son of Mrs. Fred Poleak, spent a few days in Coahoma this week, before leaving for New Orleans, where he is to receive his discharge from the US Navy. Bell has been in the service of the navy for the past 3 1/2 years.

Ned Hale, son of Mr. and Mrs. A. C. Hale, also arrived home Wednesday after receiving his discharge from the US Navy. Mr. and Mrs. A. M. Sullivan are spending a couple of weeks visiting friends and relatives in South Texas.

Ronnie Woodson, small son of Mr. and Mrs. Paul Woodson, returned home Wednesday from the Stanton hospital where he underwent an eye operation. He is reported to be doing well. Mrs. W. W. Lay left this week for Denton where she will undergo a major operation. Carl Bates and Dewitt Shive left Tuesday to spend the remainder of the week fishing in the Concho river.

Frank Loveless and Ira McQuary are also spending this week fishing at Abilene lake. Mrs. Bruce Mayfield was admitted to a Big Spring hospital this week in preparation for major surgery.

West Side Youth Playground Gets More Donations

With most of the needed materials made available through generous contributions, and with labor proffers sufficient to plan for immediate work, the West Side Youth Recreation Center is making progress today.

Work has started in spreading caliche for the tennis courts, and other projects are developing. The playground, to be conducted under direct supervision of the Salvation Army, probably will be ready—at least in part—in a few weeks, to provide a wholesome play outlet for some 200 youngsters who now are far from recreation facilities.

Cash donations are coming in, said Capt. Olvy Sheppard of the Salvation Army, and it was requested that all who will make some contribution in this Youth program advise the Salvation Army. Recent cash donations included: High Heel Slipper Club... \$10 G. H. Hayward... 25 Dr. J. M. Woodall... 15 Gould Winn... 15 Some \$2,500 will be needed to supply all playground equipment and to keep the area operating for the remainder of the year. Salvation Army advisory council members, who will supervise a fund solicitation, are confident that Big Spring will respond to a project that means betterment of its younger generation.

Texas Pension Unit To Hold Conference

Everyone interested in aid to the aged people, dependent children and blind have been invited to a conference to be conducted by the Texas Pension Association Saturday at 3 p. m. in the district court room.

Judge Edgar P. Haney, president of the association, and other state officers will be present for the conference which is one of a series currently scheduled in the West Texas area. Increases in old age pensions are being sought by the group in a state-wide campaign, with removal of constitutional ceilings effecting pensions and appropriations to pay in full \$40 per month to every needy person over 65 the principal objectives.

McNarney Says US To Retain Interest In Czechoslovakia

FRANKFURT, May 10 (AP)—Gen. Joseph T. McNarney, commander of US occupation forces in Germany, told the Czechoslovak people Thursday in an address at Prague that America has "a continuing interest" in Czechoslovakia.

He spoke during an official visit to the Czechoslovak capital for the V-E day celebration. His address was released by the US Army's public relations division here.

"Americans have great respect for and interest in the proud history of Czechoslovakia," McNarney said. "We will remember the efforts of that great Czechoslovak statesman, Jan Masaryk, when, with his small group in Pittsburgh, Pa., he laid the foundation for the rebirth of Czechoslovakia as an independent nation."

The American commander declared that during two world wars Czechoslovak-American relations were marked by continued friendly association, and "when the invader again plunged Europe into war American sympathy was wholly with the valiant Czechoslovak people."

Production Suspended

DALLAS, May 10 (AP)—The Ford Motor company plant here will suspend production after May 15 until some settlement of the coal shortage crippling shipment of auto parts is made, according to plant manager A. L. Klemmedson. Some 1,400 employees will be affected by the shutdown, he said.

Salvation Army Warns Of Black Market Babies

The Salvation Army, as a national organization, is taking steps to educate the public of an increasing "black market" in babies according to Capt. Olvy Sheppard, in charge of the Salvation Army work here.

For various reasons, including a desire to "cut red tape" and "delay," some parents are "buying" babies on a black market. In some instances, arrangements are made even before the baby is born. Most of these "adoptions" are without legal formalities, said Capt. Sheppard.

Chief instrument of the Salvation Army is combating the practice is through information. Brigadier Florence Turkington, Salvation Army's social secretary for the Eastern territory, reports that the unmarried mother becomes an easy prey to unethical baby adoption practices. Frequently they do not know that there are agencies and institutions set up to meet their specific problem and out of desperation they are led to hasty plans which generally end in disaster.

She stressed the importance for prospective parents to go through regular, proved channels out of fairness to themselves, the child and to the mother. Importance of the "study home" period imposed by many agencies was emphasized. From the young mother's point, counsel may be provided to solve problems and in any event, reputable agencies or homes do not dismiss mother and child until some definite plan has been mapped. She strongly advised couples against turning to strangers for "black market babies."

State Prep Baseball Meet Begins June 3

DALLAS, May 10 (AP)—More than a dozen teams already have filed entries in the ninth annual state invitation high school baseball tournament and baseball school here June 3-8, P. C. Cobb, director of athletics of Dallas high schools and tournament director, has reported.

The school is sponsored by the Dallas Morning News and the Dallas baseball club of the Texas league and will be open to anyone.

An all-star game from which a representative will be picked to play in the All-American game sponsored by Esquire magazine will be held either June 8 or 9.
