

MINERS WALK OUT ON THEMSELVES—Miners at the Glenridge mine, near Centralia, Ill., leave the cage at the main shaft to join a walkout of 400,000 United Mine Workers (AFL). Most of the miners at Glenridge own their operating firm and found they were staging a walkout on themselves. They have appealed to UMW headquarters to be permitted to return to their jobs pending an agreement on a new contract. (AP Wirephoto).

### Stassen Does Not Approve Reece As GOP Chairman

WASHINGTON, April 2. (AP)—Harold E. Stassen sounded a discordant note today in Republican praises for the GOP National Committee's choice of Rep. Carroll Reece of Tennessee as the party's new chairman.

Stassen, who is almost avowedly in the race for the 1948 presidential nomination, declared it is "well known that I do not approve of Chairman Reece's stand on many issues in the past."

### Coal Miners Heed Advice, Taking A Rest

PITTSBURGH, April 2. (AP)—The nation's soft coal miners, who have invoked their "no contract, no work" principle, apparently settled down today to a period of waiting until the leaders of the industry and the AFL-United Mine Workers can agree on collective bargaining terms.

### High Waves Pound Chilean Coast Area

IQUIQUE, Chile, April 2. (AP)—High waves pounded some sections of the Chilean coast, and the sea receded temporarily beyond the normal shore line in other regions during tidal disturbances early today.

## President Believed To Reassure Byrnes

NEW YORK, April 2. (AP)—Secretary of State Byrnes turned back toward United Nations headquarters today from a White House conference believed to have given him renewed assurance of President Truman's vigorous support in grappling tomorrow with developments in the Iranian crisis.

Expectation among top diplomats here is that these developments, even though they may include a message from Russia replying to security council inquiries about Iran, probably will not break the crisis, but merely advance it to a new stage.

## Estimated 300 Killed By Huge Sheets Of Water

HILO, Hawaii, April 2. (AP)—The death toll in the eastern Pacific's worst seismic wave disaster reached 93 today and a naval officer estimated the loss of life in Hilo—chief victim of the boiling seas—might total 300.

Negotiations looking toward the new contract continued in Washington. The chief stumbling block was the dispute over Lewis demand for a health and welfare fund to be paid in tonnage royalties by the operators and administered by the union.

### Many Small Quakes Registering Today

SEATTLE, April 2. (AP)—Between 40 to 65 earthquakes, including five major ones, all centering on the southeastern side of the Aleutian Islands, were reported this morning when University of Washington seismographers examined the record of the past 24 hours.

### Leaders Expect Minimum Wage Bill Compromise

WASHINGTON, April 2. (AP)—The administration looked hopefully today to a minimum wage bill compromise that might kill off the farm price boosting amendment.

Damage ran into the millions of dollars. A submarine earthquake which geologists called world-shaking sent giant swells fanning out from the North Pacific at 400 to 500 miles an hour early yesterday.

Hawaiian Islands—60 bodies recovered at Hilo; nine on Oahu, seven on Maui and six on Kauai Islands.

Unimak, the Aleutians—ten men swept to sea from the Scotch Cap lighthouse.

California—one man swept to sea from the Santa Cruz beach.

Many were missing in Hilo and in rural Lanipahoehoe, but the number was not known.

Four thousand homeless streamed into hastily established refugee centers where they were provided food and clothing.

Robert Lindsey, chairman of Red Cross disaster relief here, said 60 bodies had been recovered from wreckage in Hilo and "I expect there will be more."

Territorial Gov. Ingram Staff-boat invoked the Hawaiian defense act for the safeguarding of life and property and the preservation of law and order in wave-ravaged areas.

Casualty reports appeared to be complete from all damaged areas except the island of Hawaii, of which Hilo with its 25,000 population is located.

There was some hope that Hilo's death toll might not reach the naval officer's 300 estimate. A score of persons previously reported missing had been saved from the waters off Hawaii by Army and Navy air-sea rescue planes and small surface craft.

There was hope also that the waves might not recur today, as fear for a time last night. The commander of the Alaska Sea Frontier, at Seattle, emphatically denied as "grossly exaggerated" reports that a 100-foot tidal wave was rushing along the Aleutian Island chain toward Kodiak.

Hawaiians "agree" not estimate the damage, except in the millions of dollars. Herbert C. Shipman, Hilo sugar planter, said \$700,000 worth of raw sugar was swept into the ocean with destruction of territorial wharves.

It was estimated that Hilo had only four days of food available. To conserve the supply, residents were limited to the purchase of 20 pounds of food per family.

The Army flew 30 tons of food to Hilo from Honolulu last night and will fly additional supplies today. There was no request for medicines.

### Tidal Wave Reported Sweeping To Alaska

KETCHIKAN, Alaska, April 2. (AP)—Coast Guard district headquarters today attempted to chart the course of a tidal wave which, it said, was sweeping toward southeastern Alaska.

Fleet headquarters at Pearl Harbor reported there was no loss of Navy personnel or any damage to major naval installations in the Midway area, including Palmyra, Canton and Johnston Islands.

Navy dispatches from Midway and Tinian Johnston Islands reported major damage to communications facilities but no loss of Navy personnel.

There were no reports of ships at sea in distress. One geologist said the vast length of such waves, from crest to crest, would enable vessels to ride them without difficulty.

The waves piled up into terrifying walls of water as they reached coastlines, however, and Ketchikan, Alaska, reported a 100-foot wave had swept Scotch Cap lighthouse from the Aleutian island of Unimak with an estimated loss of ten lives.

### Ladies Have All-Day Meet

The members of the Presbyterian Auxiliary met Monday morning for an all day officers training course at the church.

Mrs. Sam L. Baker called the meeting to order and gave instructions in the course for officers. The morning session was opened with the singing of "The Church's One Foundation," with Mrs. A. B. Brown at the piano, Mrs. D. A. Koons gave the invocation, after which Mrs. Baker gave the devotion, taking as her scripture, Psalm 48. The literature for the new year was discussed, after which a covered dish luncheon was served at noon.

The afternoon session was opened at 1 p. m. with the invocation by Mrs. J. C. Lane. Mrs. Baker explained the constitution and by-laws, and discussed the duties of the officers.

The session was closed with the devotional which included the singing of "Have Thine Own Way, Lord," with the reading of Philippians 3:12-17, 4:4-9 given between the third and fourth versos of the hymn, "A. B. Brown sang, "Seal Us, O Holy Spirit."

Mrs. D. A. Koons offered a special prayer for the sick of the church. Mrs. J. B. Mull presided at the business meeting at which time the budget for the year was approved, after the report was given by Mrs. Brown. An auditing committee was appointed to include Mrs. B. E. Freeman and Mrs. Steva Tamsitt. Plans were made to designate the fourth Monday in each month as visiting day, with a covered dish luncheon for the affair will include Mrs. D. T. Evans, Mrs. E. Marion Simms, Mrs. Koons and Mrs. T. S. Currie.

Other plans were set in motion for entertainment of young people's conference to be held at the church on April 11 and 12. Approximately 10 members will attend the El Paso Presbyterial meeting to be held in Lubbock on April 8 and 9.

### BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.

Watch for the warning signs, especially the embarrassing, itchy, anal itch. After centuries of Pin-Worm disease a more effective way to deal with them has been established through JAYNE'S P-W, the new Pin-Worm treatment developed in the laboratories of Dr. D. James & Sons.

The small, easy-to-take P-W tablets give satisfaction of your money back. So why take chances on Pin-Worms? If you suspect this tiny infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentra (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back slurring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

## Lead Horses To Water? Not That Way Anymore

Howard county is not leading its horses long distances to water—or cattle either—any more. Instead, the water is being brought to the animals. Not by transportation facilities, but by stock tanks. These small man-made bodies of water now dot the terrain at frequent intervals. Stockmen who have them no longer put pounds on their market cattle by the long arduous process of grazing only to have the animals "walk off" a large per cent of it simply to get a drink.

A tank census would be necessary to determine exactly how many the county has, but it is known definitely that the tank population has increased rapidly during the past four or five years. For instance, 1944 was the boom

year when one company which makes a business of tank building, accounted for more than 100 separate projects.

Many farmers and ranchers dig their tanks in compliance with soil conservation service or ACA specifications. If prior approval is obtained from the ACA they may collect payments for putting tanks on their property. However, many who are not listed as cooperators in the SCS or ACA have built tanks of their own.

Digging a tank is not a simple operation, especially if maximum results are desired. First, the watershed of the proposed site must be considered to insure proper drainage in the right direction. Then the soil formation, preferably to a depth of several feet, must be studied. Types which will not hold water are no good for tanks.

Depth, also, is an important factor. Evaporation occurs in this area at an average rate of 72 inches per year, which must be figured as loss. Therefore, to maintain year around water, the annual evaporation must be added to the desired level.

Several in Howard county have their tanks distributed so that cattle grazing anywhere on their property are within a mile of drinking water at all times. This is considered desirable for cattle, but for sheep it is hoped the distance can be cut to a half mile before the tank building era subsides.

## Chinese Factions Dispute Over Army

CHUNGKING, April 2 (AP)—Dispute as to the relative strength of the communists and central government should maintain in Manchuria broke out again today with the communists charging the government with violation of agreements.

The communists protested, apparently on basis of the February army reorganization agreement, government plans to dispatch five more armies to the northern territory.

The agreement provided that at the end of 12 months the Manchurian forces should be limited to one communist and five national armies, each consisting of three divisions.

The government retorted that the communists by their own admission had 300,000 troops in Manchuria and that in any case the troop limitation was not effective for another 11 months.

Meanwhile a semi-official dispatch said the communists had captured the townships of Tatum and Kaoshantun, about 12 miles southwest of Changchun Monday.

## Mexico Seeks Wheat From Other Nations

MEXICO CITY, April 2 (AP)—The Mexican government, keenly cognizant of the nation's acute wheat shortage, has appealed to other hemispheric nations for supplies.

In making the request, the government explained that supplies had dwindled to an almost negligible quantity, and that the next three weeks would determine whether Mexicans ate breadless meals.

## Decision Expected On Lunan Charges

OTTAWA, April 2 (AP)—Magistrate Glenn Strike is expected to announce this afternoon whether Capt. David Gordon Lunan of the Canadian Information Service will stand trial on a charge of communicating secret information to Soviet Russia.

Lunan received a preliminary hearing Thursday.

Prime Minister W. C. Mackenzie King told the Canadian House of Commons yesterday that the royal commission investigating Soviet spy activity had informed him that no further orders for detention would be needed under the sweeping powers of the order-in-council. The commission is continuing its investigation, however, and is expected to issue another report in a week or two, King said. The prime minister did not rule

out the possibility of additional arrests under ordinary processes of law. Fourteen persons are now being held in Canada and one in England as a result of the investigation.

## Vandalism Charges Filed On Five Boys

DALLAS, April 2 (AP)—Charges have been filed against five more Dallas youths in connection with recent vandalism at the old Trezevant home here, City Prosecutor Robert McBean announced.

In all, nine youths now have

been subjected to court action. McBean said that all cases would be placed on docket Thursday.

The prosecutor explained that all defendants are over 17 years of age, and allegedly are part of a ring of some 60 youths who have sacked and damaged property in the city.

## Dos Passos' Book Still Under Ban By Texas Regents

AUSTIN, April 2. (P)—John Dos Passos' "The Big Money" was still under ban as required reading at the University of Texas today, and the faculty council considers the matter closed.

It accepted a 13,000-word review of the controversy over the book's suitability which did not express an opinion as to whether the book was so offensive towards decency as to make it improper reading, or whether its literary merit was such that it should be required.

The committee's report said it did not feel the resolution which created it called for such an expression.

The book was ordered removed from the required reading list for sophomore English students by the board of regents on Jan. 9, 1943, after the board quizzed English faculty members as to how the book got on the list in the first place.

Circumstances surrounding removal of the book by the regents, after the university administration had voluntarily deleted it, were cited by Dr. Homer P. Rainey in his bill of complaints against the regents, issued a few months before the board discharged him as president.

Suitability of the book subsequently was drawn into the Senate investigating committee's inquiry into Dr. Rainey's discharge. This hearing produced volumes of testimony, but no report or recommendations.

## Awtry Infant Dies; To Be Buried Here

The infant daughter of Mr. and Mrs. Howard F. Awtry died at 1 a. m. Tuesday in a local hospital.

She is survived by the parents, and grandparents, Mrs. D. W. Atkins of Big Spring, and Mr. and Mrs. William Henry Awtry of Knott.

Graveside services were to be conducted by Rev. Cecil Rhodes Tuesday afternoon. Burial was to be in Baby Row of the local cemetery. Eberley-Curry was in charge of arrangements.

## CUB SCOUTS TO MEET

## APPROVES HOUSING

WASHINGTON, April 2. (P)—A senate banking subcommittee today approved \$600,000,000 of building materials subsidies and price ceilings on existing homes.

## A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA's stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA's tablets and regain the vim and zest of a much younger man? There's nothing harmful in these tablets. They contain Calery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

## Here 'n There

Among local persons keeping a watchful eye for news on the Hawaii tidal wave is Dr. T. M. Collins, whose daughter, Mary Dallas Henley, lives in the islands. Another is Mrs. Ida Collins. Her son, Lt. Jess Collins, left San Francisco more than two weeks ago aboard a Naval transport bound for Honolulu.

The recent hot weather may revive a custom long in disrepute by the modiste—that of carrying parasols.

Several of the town's housewives dug into their attics to retrieve their umbrellas before braying the downtown heat.

Reports tell of the promotion of L. E. Dix, for years fuel supervisor for the T&P, to be superintendent of motor power. All railroads on the line never think about oil—it always has been Dix's fuel pile.

The Lions club bulletin "Monday Wash" went berserk this issue. It had items about the rival ABC club voting to disband and the Lions president Jack Smith, resigning. April Fool might have had something to do with it.

Dr. O. L. Smith, recently separated from the navy after 36 months of service, much of it in the Pacific areas, has entered practice here as a dentist, occupying the offices formerly used by Dr. C. M. Watson. Dr. Smith, a native of Oklahoma, is a graduate of the University of Tennessee college of dentistry.

An entertainment program is scheduled, and refreshments will be served at the regular meeting of the American Legion post this week, it is announced by Commander Alvin Thigpen. The session will be at the Settles hotel Thursday night at 8 o'clock, and all Legionnaires are urged to attend.

Capt. H. A. Reque arrived home Monday night and is now on terminal leave. Since last July he has been stationed in India.

## Assistant Named

AUSTIN, April 2. (P)—To fill a vacancy created by the death of Col. Neill H. Banister, Gov. Coke Stevenson has appointed Col. William H. Martin of Houston as assistant adjutant general of Texas. The appointment was recommended by Gen. Arthur B. Knickerbocker, the adjutant general.

## Ribbentrop Admits Anti-Semitic Work In Foreign Office

NUERNBERG, April 2. (P)—Joachim von Ribbentrop angrily admitted before the international military tribunal today that he had upbraided Benito Mussolini because of Italian mercy to Jews in southern occupied France.

Earlier he testified that his German foreign office always sought to soften Nazi anti-Semitic measures in Europe.

Confronted with captured German records which depicted him in the role of a special anti-Semitic envoy to foreign governments, the former German foreign minister conceded that the documents were substantially correct.

"I knew of the fuhrer's plan to resettle European Jews in east territories, or later in Madagascar or North Africa," Von Ribbentrop said. "Because a large-scale espionage system was discovered among Jews in France who helped British and American intelligence, the fuhrer asked me to get Mussolini's assistance that the Jews would be stopped. The Italians had been working against certain measures taken against Jews by the French government under German influence. A lot of unpleasant matters had occurred."

## Navy Gets Pacific Forecasts From Red Weather Reports

WASHINGTON, April 2. (P)—The Navy forecasts Pacific ocean weather by listening in on Russia's meteorological broadcasts.

Capt. H. T. Orville of the Navy's weather service said today that termination of the plan which gave the United States a Navy aerological mission in Siberia had created no serious difficulties.

Monitor stations at Adak, in the Aleutians, Guam, Japan and Shanghai now pick up the Russian weather radio broadcasts, 150 miles from the data needed for use by surface or air craft in the Pacific and incorporate the material in the Pacific weather plot.

The Russian broadcasts are "in the clear," sent in internationally recognized symbols. The system works both ways—Russia uses weather information needed for its continental forecast from broadcasts of United States weather material reported by stations in Greenland and Iceland.

Orville noted that Pacific forecasts are of particular value because of the presence of large numbers of naval ships and aircraft in that ocean. The best possible forecasts also are needed in the dangerous business of mine sweeping, still being done on an extensive scale throughout the western and central Pacific.

## More Meat Supplies To Be Available Soon

DALLAS, April 2. (P)—The United States Department of Agriculture office here says that greater supplies of meat for home consumption may become available soon.

The department said that this possibility arose because slaughterers no longer are required to set aside 20 per cent of their choicest grades of beef for the armed forces.

## Hughes' Dark Secret Takes First In Show

Dark Secret, a golden Palomino stallion owned by Perry Hughes of Big Spring, took first place in the class for three-year olds and over in a horse show of the Southwestern Livestock show at El Paso.

## Henderson Pleads Guilty On Charge

M. Henderson went before the county judge this morning to enter a plea of guilty to the charge of transporting liquor without license and was fined \$100 and court costs.

He was apprehended Monday by investigators of the Texas Liquor Control board.

## Death May Have Been More

## Witnesses Describe Phenomenal Waves

HILO, Hawaii, April 2. (P)—Hilo's seismic wave death toll might have been in the thousands had it struck two or three hours later than it did.

The swells engulfed Hilo's waterfront business district while the city slowly was waking to life yesterday. A little later, employees and shoppers would have thronged warehouses and stores in the ravaged area.

The warning given by the two smaller of Hilo's three waves saved

hundreds, who had time to flee from the waterfront.

This is how the waves struck: The first inundated 50 feet along the waterfront—much of it park and warehouse areas. Cries of warning sounded and people boiled into the streets in a mad rush for higher ground.

Ten minutes later, a second, larger wave struck, driving 100 yards deeper into the city, smashing trailer buildings and strewn mud, coral and debris through stores. Volunteers poured into the area, routing laggards.

A few minutes later the third wave struck—focusing, angry 20-foot wall of water rushing in from the north at incredible speed. It smashed buildings and smithereens as it rolled and whistled two blocks deep into the city.

Today, fearful, grim-faced families wandered about this once beautiful city of 25,000, searching for their missing.

Kamamameha, a street of warehouses, cheap frame hotels and little shops, was reduced to a tangled, muddled, jumbled mass of wreckage.

Streets were blocked by rubble that once was buildings. Power lines were down. Railroad (narrow gauge) tracks were twisted like confetti. Scores of small craft were shattered.

Out in the harbor, the ocean was pouring through the breakwater that cost several million dollars to build.

The waves played gruesome tricks. A house was perched on a bridge. An oil barge was balanced on the edge of a dock. The Hilo yacht club, with a huge dance floor, was moved several hundred feet.

## Veterans Volunteer Use Of Souvenirs

The army recruiting office reported today that three veterans have volunteered to permit use of personal war souvenirs and trophies for decorating store windows on commemoration of Army Day Saturday.

As many other such items as can be obtained are desired by the recruiting office, several Big Spring stores have agreed to furnish window space for exhibits.

Army Day activities are due to continue through Sunday, when a special program will be staged under direction of the chamber of commerce aviation department. Dr. P. W. Malone, department chairman, has called another meeting for 7 p. m. Thursday in the Settles hotel to complete arrangements.

## Gym Night Crowds Expected To Increase

Turnout for Thursday night's "Gym Night," a YMCA-sponsored feature, is expected to exceed last week's figures, when some 30 persons responded to the initial invitation.

Participants will take part in a program of athletic activity under the direction of Bill Dawes and Miss Arah Phillips.

The program will take place at the high school gymnasium beginning at 7:30 p. m.

## YMCA Plans Heavy Week's Activities

A busy schedule of activities confronts the YMCA this week.

First of a series of committee meetings was set for 5 p. m. at headquarters at 212 Main is that of the building equipment committee headed by E. B. McCormick.

At 7:30 p. m. today Rev. H. C. Smith, chairman, convokes the membership committee.

Wednesday at 4:30 p. m. the physical education committee under Walter Reed meets and at 7:30 p. m. the boys and girls committee headed by Mrs. R. E. Blount.

Thursday the Co-ed club directors will meet and the hour for the regular weekly Y night at the high school gymnasium has been set back to 8 p. m.

Friday and Saturday delegates will attend the Southwest Area council meeting in Fort Worth.

Among those due to go are J. Y. Smith, president, C. J. Staples, Loy House, Helen Duley, J. B. Mull, W. R. Dawes, K. H. McGibbon, and Iva Huneycutt.

## Federal Cotton Crop Insurance Obtained

A federally-backed cotton insurance program was assured Howard county Monday with the sale of 17 policies to farmers of the communities.

As of Monday, a total of 53 farms within the county were covered by the 1946 plan, three more than the minimum required by the government.

Deadline for applications is Wednesday, April 10. Land owners can register for the coverage either at the local AAA office or through R. M. Wheeler, certified agent, who resides ten miles northwest of town in the Moore community.

## Two Big Spring Men Named To Committee

Guy Breneman, president of Buffalo Trail Council, Boy Scouts, has announced appointment of chairmen for council operating and planning committees.

Named to head the health and safety committee is C. H. McCall of Midland; organization and extension, Lyle Deffenbach, Snyder; advancement, W. C. Blankenship, Big Spring; leadership training, Dr. R. L. Williams, Sweetwater; camping and activities, Carl S. Blomshild, Big Spring; finance, James M. Waddell, Kermit; rural scouting, N. T. Underwood, Snyder; senior scouting, Ray Steinhorn, Odessa.

A chairman for the cubbing program is yet to be appointed.

## Two Boys Volunteer For Service In Army

Two Howard county men, who volunteered for US Army service through the local recruiting office, have departed for final processing at the Lubbock station.

They are William D. Womack, Coshoma, who asked to be sent to the Caribbean Defense Command, and Eliek Dale Moore, Big Spring, who goes into the Air Corps unassigned.

# Standard Super Service Can Give All-Night Attention

Greasing a car at three o'clock in the morning is no trick for the men who work at Standard Super Service, owned and operated by

Homer Williams and Cecil Caswell. For these two men have gone into the 24 hour day service at their station at 311 E. Third. And not only will they fill an empty gasoline tank or check the oil of the midnight traveler, but they invite regular customers to leave their cars there all night, to be serviced and ready for use early the next morning, with no inconvenience at all to the owner who finds little time to leave his car to be washed or greased in the day time.

Assisting the owners of the station are two ex-servicemen, both experienced greasers. John W. Branch worked at the station before serving over two years in

the Marine Corps and has now returned to his old position.

Houston Robison, long a resident of Big Spring, recently was discharged from the Army. Both men are qualified to handle greasing and washing, flats and gasolines to give the best possible service.

The Standard Super-Service is an agent for Standard products: Chevron Supreme gasoline and Chevron Regular; RPM motor oil and Standard Penn; and Atlas batteries and tires.

Their greasing rack is also a Standard certified lubricating service, with a high grade of material used on those squeaky parts of a protesting car.

# Postoffice Cafe To Get Spring Housecleaning

A general spring cleaning will get underway at the Post Office Cafe, 310 Scurry, on April 15, Greer Hamill, manager, has announced.

The establishment will be closed throughout that week, reopening on the morning of April 22, Hamill said. During the week the interior will get a thorough cleaning and new paint work. Gravel will be hauled for leveling the grounds outside the building.

Although they will not be able to serve meals while the improvement program is in progress, the cafe's staff reminds its customers that the work is being done to brighten the general appearance of the building, and to make it even more pleasant as a place to eat.

The welcome mat is out at the Post Office Cafe to all desiring anything from a full meal to a mere cup of coffee. In fact, good, fresh coffee is one of the firm's specialties for odd hour guests. It meal time appetizing dinners are available, with as complete a menu as there is in town. These features, together with a convenient location, have attracted customers to the cafe in ever increasing numbers. Others are invited in at any time, and prompt, efficient service is assured.

## Margaret Mitchell Has Writing Brother

ATLANTA, (AP) — Margaret Mitchell, the "Gone With the Wind" author, has a brother who also has turned out a book, but he isn't hoping to rival Margaret's sales. You see, the book is called "Real Property—Under the Code of Georgia and the Georgia Decisions."

Stephens Mitchell, teaching a course in real property at a law school here, found it hard to handle Georgia law on real property. Most textbooks dealt with common law states, whereas Georgia law is embodied in the code. So he wrote his own textbook.

## Home Fires Burn In Bern For Berners

BERN, Switzerland. (AP) — The city councilors of Bern sat up and took notice recently when two Americans from Bern, Indiana, "dropped in."

They were Elmer R. Nussbaum, electrician, and Sherwood Sprunger, a carpenter, both on furlough. Descendants of Indiana settlers, the visitors explained that Bern, Indiana, was founded about 1840 by immigrants from the Emmet area near Bern, Switzerland.

And to the surprise and delight of the city fathers, Nussbaum and Sprunger still spoke the local dialect, "Berndeutsch."

## Fighting Locusts At Their Hatchery

JOHANNESBURG, (AP) — To help stamp out a new cycle of locust invasions, the Union government has sent two expert officers to the remote region of Lake Rukwa, in Tanganyika, and granted \$40,000 to the International Red Locust Control Council.

If the attempt to destroy the young locust swarms now hatching out succeeds, it may save millions of square miles of Africa from years of disastrous locust invasions. The red locust in the past has laid waste agriculture from Kenya to the Transvaal.

## Census Planned For Western Hemisphere

RIO DE JANEIRO, (AP) — Plans for taking a census of the Western Hemisphere in 1950 were begun here by the executive committee of the Inter-American Statistical Institute.

Convening at the invitation of the Brazilian government, the committee discussed preparation for a general assembly of the entire organization. Its purpose is to develop statistics of a uniform and comparable basis among the nations of North and South America.

GOOD LIGHT ESSENTIAL TO GOOD HEALTH—Improper lighting in the home is the chief cause of eyestrain and ill temper. Proper lighting as illustrated in the above picture taken at a demonstration by the Texas Electric Service, is an important safeguard for the health of the entire family. All kinds of light fixtures and solution to your light problems may be found at the Texas Electric Service at the corner of Fourth and Rannels. (Jack M. Haynes photo).

# Runyan Plumbers Advise Customers To Install Air Conditioners Now

The warm weather which has been slipping up on Big Spring during the last two weeks is a positive reminder that really hot weather will be here soon.

In order to make the weather as comfortable as possible, Runyan Plumbing Company advised that home owners buy and install air conditioners now. The supply of the heaters of West Texas heat can be obtained in all sizes ranging from those for cooling off one room to those for whole houses or a large store building. The conditioners not only cool the air, but also clean and purify the atmosphere.

## Fish Go Rural

WASHINGTON, (AP) — More farmers are bringing fish right to their farms. Applications for fish to stock farm ponds increased 75 per cent in 1945 over 1944, the Fish and Wildlife Service has reported. Federal hatcheries provided 5,446,853 fish for the initial stocking of more than 9,000 farm ponds.

Always ready to provide large quantities of cool water, are the new water coolers which may be had at Runyan plumbing. Though the cold weather is practically over, Runyan's reminds that there'll be another winter coming up all too soon, and to assure steady, adequate heat, they urge the installation of circulating heaters. These heaters are completely safe, and can be used in any type of home. The heaters are placed in the walls, and thus occupy no scarce space. Another advantage to the floor furnace is the cheaper operating cost, Runyan's declared.

# Mushball Skippers Convene Tonight To Talk Schedule

**Pilots To Forge An Understanding On Contracts**

Big Spring softball association's president, Dewey Collum, calls team managers of his unit's two leagues, together at 7:30 o'clock this evening for discussion and possibly revision of the schedule.

Meeting place is the mezzanine floor of the Settles hotel.

Play in both circuits is booked to get underway the night of Monday, April 15, at the Munny park.

Before that time, the association's legislation must be worked out.

The National league is tentatively set to function with eight clubs, the American league with six. In addition, at least one other club is seeking admittance into one of the circuits.

Manager of that team—H. M. Rowe—has been asked by Collum to attend the session on the chance that one of the contingents may seek to drop out, as has been rumored.

Scale of umpires must be decided upon tonight, that, and the entrance fee of the respective teams, proceeds from which will be used to reimburse the arbiters.

In addition, a common understanding of contract respect must be forged. Collum will emphasize that point this evening.

**Browns Hold Edge**

EL PASO, April 2 (AP)—The St. Louis Browns held a 6-4 edge in games won over the Chicago Cubs as the two teams came into El Paso today to continue their cross-country exhibition series.

**Sox Get Holiday**

SARASOTA, Fla., April 2 (AP)—The Boston Red Sox will have a day off today—If—Manager Joe Cronin sticks by his pre-game statement of yesterday that there would be no practice provided the Sox win the first game against the Cincinnati Reds by five runs.

They did, 8-3. Boston also won the second game, 4-2.

**LOOKING 'EM OVER**

With ANGUS LECHESTER

Big Spring's ace miler, Donald Webb, is headed for the state meet at Austin again this year and there doesn't appear to be anyone in this part of the country capable of discouraging him.

The ambitious junior ripped off a 5:01.7 mile in last week's San Angelo Invitational meet, and he's able to crack five minutes in this week's area show at Midland.

In the Sand Hills games at Odessa last Saturday, a youngster by the name of Robertson, representing Andrews, copped that event in the time 5:11.1, considerably off Webb's time.

The only distance star in this sector who could run with the Longhorn is Harrel Steele of Abilene, and he's concentrating on the 880 instead of the longer jaunt. Regulations forbid him participating in both races.

And in the 880, Tim Gentry, Webb's running mate, is apt to dominate the picture at Midland, threatens to give Steele a run for his money in the regional. Gentry covered the two quarter-mile laps in 2:12.3 minutes at San Angelo while Steele rang up 2:11 in the Big Spring show the week before.

Tim is a sophomore and should develop into a threat for the state 880 title before he departs the local high school.

Records established at the 1946 Big Spring Relays were generally better than those turned in for the Odessa show, incidentally.

From Hollywood, California, comes the report that the Pacific Coast baseball league team representing that city has returned Hugh "Huck" Geary to the Pittsburgh Pirates.

Hughie, you'll recall, is the boy who took a powder on Frankie Frisch last summer because he got home-sick.

Hollywood's pilot, Texas Buck Fawcett, probably didn't know

**White, Wasson Tie For Lead**

Three teams are fighting tooth and nail for the lead in the stretch run of classic bowling league play, with half a game separating the first and third place teams.

In Monday night competition, White Trucks received a forfeit from First National Bank to go into a first place deadlock with Elmo Wasson's contingent. The Haberdashers lost a 3-1 decision to Texas Electric.

Cosden's Oilers lost, 3-1, to Lee Hanson's gang but remained but a half game away from the top spot.

E. B. Dozier, Wasson star, led the scoring for the evening with a 559 aggregate. Stanley Wheeler, electrician ace, had a 222 to beat out Cosden's Luke Leblou for single game tops by five pins.

Pete Howze, Jake Morgan and Leo Hays of the Hanson team all had games of 210 or better.

The schedule runs but three more weeks. Cosden's and TES must play off a tie game during that time.

Standings:

Team	W.	L.	Pct.
White	31	20	.608
Wasson	31	20	.608
Cosden	30	20	.600
TES	23	27	.460
Hanson	22	29	.431
FNB	15	36	.294

**Girls Terminate Season Tomorrow**

Final game of the Big Spring high school girls' volleyball team's season will be played starting at 7:30 o'clock Wednesday evening in Steer gym when Arsh Phillips' lasses tangle with Coahoma.

Miss Phillips' A tribe lost a 37-18 decision to the Coahoma first stringers last night but the local reserves gave Big Spring an even break by winning over the Coahoma B squad, 31-30.

Lavada Crudup and Dot Cauble were standouts for Big Spring in the feature go while Ramona Weaver starred in the preliminary bout.

Anna Smith's Eighth grade fems' team play the Sterling City Eighth graders in Wednesday's initial bout. Game time is to be around 6:45 o'clock.

**Bronx Bombers Bop Beaumonters, 17-0**

HOUSTON, April 2 (AP)—Having walloped their Beaumont, Texas, league farm club 17-0 yesterday, the New York Yankees hope to flash some of the same hitting power against the Houston Buffs, another Texas league squad, today.

Charley Keller and Joe Dimaggio gave the 7,571 fans at Beaumont an eyeful of their clouting prowess. Keller poked two homers and drove in seven runs while Dimaggio connected for a homer and four singles in five trips to the plate.

Record Field Looms For Masters; Nelson Goes After Third Crown

AUGUSTA, Ga., April 2 (AP)—Eight of the nation's top golfers were added to the entry list today of the \$10,000 tenth annual Masters' golf tournament, which opens here Thursday, raising the number invited to a record high of 95.

Cliff Roberts, tournament chairman, listed the additions as Leland Gibson of Kansas City, George

erman of Portland, Ore., Buck White of Chicago, Tommy Tailor of New York City, and Al Watrous of Detroit.

The majority of the players expected to tee off in the 72-hole event already are on hand perfecting their shots over the carefully groomed 6,800 yard course designed by the famous Bobby Jones.

Byron Nelson of Toledo and Ben Hogan of Hershey, Pa., who finished in a 280 tie in the 1942 event, last held because of the war, are generally recognized as the top contenders, but half a dozen other entrants are conceded excellent chances of winning.

Nelson, who first won in 1937, beat Hogan in the 1942 playoff to become the event's second double winner, matching Horton Smith who won in 1934 and 1936.

McALLEN, April 2 (AP)—Coach Charles Moser, new mentor of the McAllen high school Bulldogs, has arrived to take over his post and already has spring football training under way.

A squad of more than 60 men turned out yesterday for Moser's first session. Most of them are inexperienced and a majority are lightweight.

### Fight Ballyhoo Gets Sendoff

NEW YORK, April 2. (AP)—The ballyhoo wheels started revolving in earnest today for the most fabulous fight in boxing history—the return heavyweight title bout between champion Joe Louis and Billy Conn at the Yankee Stadium on June 19.

Challenger Billy, the Pittsburgh dandy, looking in fine shape at 190 pounds, was scheduled to shove off to his permanent training headquarters at Greenwood Lakes, N. J., 24 hours after promoter Mike Jacobs had fixed a top price of \$100 for ringside seats, the highest ever charged officially for a fight.

Conn, knocked out in the 13th round in his first chance at the title, will merely strike a few poses for newspaper photographers when he arrives at Greenwood Lakes today. He plans to start serious training tomorrow.

"I'll win the title this time for sure," he said. "I'll stick to boxing this time."

Louis, meantime, is working out at West Baden, Ind., where he has been since March 1. He will switch later to Pompton Lakes, N. J.

### ILO Leader Reports Need For Capital

MEXICO CITY, April 2. (AP)—Need for foreign capital in industrialization of Latin America was voiced today by Edward J. Phelan of Montreal, director of the International Labor Organization, in a report to the organization's third Inter-American conference.

Phelan said there is general agreement that "industrialization cannot be carried out without recourse to the aid of foreign capital, which must however be invested in such a way as to contribute to the true progress of the country where it is invested."

The director noted that while food and clothing are the most important industries in Latin America, there is a tendency to increase metal-working, machine construction and the chemical industries.

To check increasing inflation in Latin America, Phelan suggested "partial nationalization of wholesale trade, control of transport to combat the black market, and a great administrative effort in controlling retail trade which would have to enlist the help of consumers representatives."

### State Merit System Slates Examinations

AUSTIN, April 2. (AP)—The State Merit System council will hold examinations May 31 for open positions in the Texas Unemployment Compensation Commission, the US Employment Service and the Department of Public Welfare.

Urgently needed are candidates for junior claims examiner, claims interviewer, field worker, child welfare worker, clerk, junior stenographer, apprentice clerk, clerk typist and bookkeeping machine operator.

### Harris Kayoed By Billy Fox

PITTSBURGH, April 2. (AP)—Blackjack Billy Fox proved conclusively he punched for keeps in running his sensational knockout string to 36 straight last night—but the clouting kid himself admits after a stormy session with battle-scarred Ossie (Bulldog) Harris that he still needs experience.

It took Fox until 2:15 of the last round of a sensational 10-rounder to "deck gamecock Ossie for the full count—longer and harder than Philadelphia Billy has had to travel since he first started punching for pay.

Harris, who spotted Fox two pounds at 165, gave everything else away but heart and in that the chunky Pittsburgher was in a class by himself.

The battle gave a crowd of 5,167 which paid a net of \$15,047.46 one of the most spine-tingling evenings Pittsburgh boxing fans have enjoyed in years.

### NEW ULM CHOIRS WIN OVER COWS

NEW ULM, Minn., April 2. (AP)—Henceforth the choirs of the New Ulm churches will not have to compete with mooing cows, bleating sheep and squealing hogs.

Livestock in trucks parked near churches have brought disorders to the strains of morning hymns and the congregations have objected. The city council has ordered police to arrest truckers who park their loads of livestock near houses of worship.

### Additional School Payments Announced

AUSTIN, April 2. (AP)—Payments totaling \$21.1 million have been made thus far to public schools against the \$30 per capita apportionment for the current school year.

State school superintendent L. A. Woods yesterday announced release of warrants representing a per capita apportionment of \$2 each for 1,494,944 scholastics. That brought the years total to \$21.1 million.

### Daily Oil Production In Slump This Week

TULSA, Okla., April 2. (AP)—Losses in six major oil states wiped out gains in four others for a 2.830-barrel decline to 4,417,370 in daily average crude oil production in the week ending March 30, the Oil and Gas Journal reported today.

Texas, at 1,817,450, and New Mexico, at 954,500, were unchanged.

SPRING CAGE WORKOUTS LUBBOCK, April 2. (AP)—The entire 1945-46 basketball squad will be back at Texas Tech next season and Coach Burl Huffman will start spring training by mid-April.

## MERCHANTS ASKING INCREASE TO STIMULATE PRODUCTION

WASHINGTON, April 2. (AP)—A spokesman for the nation's merchants asked congress today to legislate "in black and white" OPA's liberalized policy of raising prices to stimulate production.

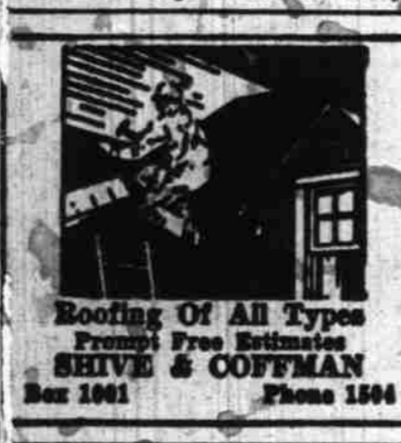

"Retail merchants say that the index of wholesale prices will probably have to rise certainly by 15 per cent, perhaps by 18 1/2 per cent, if the blockade (against greater production) is to be lifted," said David R. Craig, research director of the American Retailers Federation.

"This is a stiff increase, but it is not too high a price to pay for the liberation," Craig asserted in an address prepared for the federation's annual meeting.

"It is not so high as the increase we would be sure to get if we were to drive the OPA off the cliff, and it is not so high as the increase we are destined to get if we keep on restricting production."

Craig said the retailers federation is "much impressed" by recent price selling increases intended to break bottlenecks in the output of scarce goods. But he added that the merchants want assurance that these price boosts do not merely reflect a "shotgun conversion" of OPA caused by the approaching congressional vote on a one-year extension of that agency's life.

Ignoring the agenda of the meeting, the federation last night endorsed a six-point program of strikes control legislation presented by Senator Bill (R-Minn.). Policy declarations were not to have been made until after the resolutions committee's report due late today.

THE FOOLS... THEY SHOULD HAVE LET IT BURN!

I GOTTA GET OUT OF HERE BEFORE THEY START ASKIN' QUESTIONS!

NOT SO FAST, ATKINS... YOU BETTER COME WITH ME!

THINK AGAIN! ALL I HAVE TO DO IS STEP OUTSIDE, FLASH THIS LIGHT, AND— YOU'LL BE AS GOOD AS DEAD!

SIR OAKIE, CAN I RIDE A FEW MILES WITH YOU?

SURE—YOU CAN TRY! GIDDAP, NELLIE!

WHERE DID SLIM GET TO?—HE WAS HOT ON THE TRAIL OF THAT BEAR!

YEAH, THERE HE IS—DOWN BELOW, LOOKS LIKE HE'S HAVING TROUBLE...

HE'S HOT SOMETHING—IT'S THE CUB!

GOOD! WE CAN GET OUT OF HERE NOW—IT'S STARTING TO SNOW!

AIN'T HE CUTS?... I'M CALLING HIM SNOWBALL! THE POOR LITTLE GUY'S SCARED STIFF!

YOUR WIFE'S LAWYER INFORMS ME TO INFORM YOU THAT YOU ARE NO LONGER A MARRIED MAN, SUT

HE SAYS YOUR EX-WIFE KICKED HIM IN THE SHINS AND THAT YOU ARE MOST FORTUNATE TO RID YOURSELF OF SUCH AN ILL-TEMPERED WILDCAT

B-BUT, BUT!! I WAS ONLY QUOTIN' TH-

WHA! JES' BE KEERFUL WHAT HE SEZ

HURRY, MA, I WANT TO SEE PERITA AND THE FUNNY BEAR!

POOR DAN! HIS HEART'S NOT IN IT THIS TIME!

THERE'S BEEN PERITA—THE BEAR AFTER HER!

BUT, MA, THE BEAR'S NOT FUNNY ANYMORE!

WHICH IT, HUH! YOU'RE NOT! BURN!

ALEXANDER'S ENTERTAINING HIS CLUB TONIGHT, DEAR—CAN THEY HAVE THE LIVING ROOM?

SURE

ALL FIX UP A NICE PLACE FOR YOU TO READ DEAR, IN THE OTHER ROOM

OH, GOODNESS! I FORGOT COOKIE HAS HER FRIENDS IN HERE! WE'LL HAVE TO USE THE KITCHEN

DON'T WORRY DEAR, I'LL ALWAYS SEE TO IT THAT YOU GET A PLACE TO READ

I KNOW YOU LOVE HER—SO DO I—BUT YOU CAN'T MAKE A LIVE-HEALTHY CHILD HAPPY BY TREATING HER LIKE A WAX DOLL.

DEAR, SENSIBLE JULIA—I KNOW YOU ARE RIGHT—BUT I WANT HER TO HAVE EVERYTHING MONEY CAN BUY—IMPORTED DOLLS, EXPENSIVE TOYS—

EXPENSIVE! IMPORTED! BELIEVE ME, MA'AM—HEAVEN MADE GARDENS FOR CHILDREN TO PLAY IN—

AND A MILLION DOLLARS' WORTH OF TOYS COULD NOT MAKE A CHILDO AS HAPPY AS AN AWKWARD PUPPY OR A PLAYFUL KITTEN—

**Reds Refuse Request To Attend Meeting**

LONDON, April 2. (AP)—Barling words to the contrary from Moscow, the Soviet Union will not be represented when delegates from 18 nations convene here in emergency session tomorrow to discuss the European cereal supply problem.

A conference spokesman announced last night that Russia had rejected without explanation an invitation to attend. She has been asked to reconsider, the spokesman added, and a reply is being awaited.

British Foreign Secretary Ernest Bevin will be the first speaker at the conference. The United States will be represented by Thomas C. Blaisdell, chief of the US economic mission to Europe.

"Blue Baby" Reported Rapidly Improving

SHREVEPORT, April 2. (AP)—Texas' "blue baby"—seven months old Mary Greer Brown of Carthage — has already taken a new, vigorous grip on life.

Mary Greer, who underwent the rare Blalock-Taussig operation for relief of a heart ailment at Johns Hopkins hospital in Baltimore, arrived with her parents in Shreveport, enroute to Carthage.

The parents, Mr. and Mrs. Clyde Brown, reported that the once ill "blue baby" has acquired a ravenous appetite and that her cheeks had become rosy red.

**Relieve Chinese**

SAIGON, Indochina, April 1. (Delayed.) (AP)—French forces have relieved Chinese occupation troops at Hue, capital of Annam province, a communique from Maj. Gen. Jacques Le Clerc's headquarters her said today. The French took over March 30 and the city is being administered jointly by a French and Viet-Nam council.

**Safety Appeals Bring License Applications**

The department of public safety's repeated appeals aimed at the populace to protect automobile driving privileges has brought a record business to the doors of the drivers' license bureau, according to C. B. Strain, officers-in-charge.

In his district, which includes Stanton, Garden City, Sterling City, Lamesa and Midland, Strain has accepted no less than 1,586 applications for driving tests since the turn of the year—almost twice as many as for the same quarter in 1945.

In Big Spring alone, Strain gave examinations to no less than 308 applicants for the month of March as compared to 691 for the entire district.

Of those 308, only 122 met qualifications and were issued licenses. The others fell short for a variety of reasons. Failure to pass a written test on safe driving rules "washed out" 69 nominees. Another 78 didn't measure up to the minimum standards in actual driving.

"In March of last year, 147 applied for the tests in Big Spring as against 358 for the district. Of the Big Spring applicants, 65 were issued operators' certificates while 78 were turned down.

There are no restrictions on the number of tests the parties rejected can take but they must wait a week between each examination.

"Failing a driver's test is certainly no disgrace," says Strain. "Persons do not ordinarily know as much about safe driving as they imagine they do. This gives them a chance to 'bone up.'"

Many of the persons who apply had to be prompted by members of the highway patrol first and then after paying fines for making mistakes in traffic that demanded the attention of the law.

One of the strictest interpretations of the safe driving laws to

**Nazarene Revival Attendance Good**

Good attendance is marking the revival at E. 14th and Austin in the Church of the Nazarene.

The Rev. W. R. McClure, pastor, said interest continued high with Rev. W. A. H. Snow, evangelist, bringing the message. "This evening he speaks on 'Repentance.' The public is invited to hear the Rev. Snow," said the Rev. McClure.

**SHARE THE JOYS, SHARE THE BUMPS**

POLK, Neb., April 2. (AP)—"When you share the joys of young folks you must share their bumps," philosophized the Rev. A. Bates of the Polk Methodist church as he hobbled on crutches today.

The minister had taken a group of young people to a nearby town for a roller skating party and joined in the fun. Another skater accidentally bumped him and he fell. He suffered broken ankles.
