### **Byrnes Reported** Uncompromising On US Stand

PARIS, June 17 (AP) -The Big Four foreign ministers resumed today the task of writing an Italian peace treaty, and an American source said the success or failure of the conference might well hinge on the Rus-

sian attitude toward Trieste. A close associate of US Secretary of State James F. Byrnes said the head of the American delegation considered Trieste a "question of principle" and "the secretary never compromises with questions

of principle." Thus, since the United States will not budge from the stand that Trieste must remain Italian, diplomatic observers anxiously awaited indications as to whether Russia would be willing to compremise on her demands that the Adriatic port be ceded to Yugo-

slavia. A wave of optimism swept over the conference Saturday after Russia agreed to the discussion of the Austrian problem. Some ob-

servers even interpreted this as a softening in the Soviet policy. An American informant expressed belief that if a matisfactory solution could be found for Trieste, the council would encounter little difficulty in writing the remainder of the treaty. Other disputed points on the Italian

By an act of congress dating back to view of the fact that if they sold to one 1934, no radio station can be compelled to they would have to sell equally to all. If one candidate bought one hour of time, all the other eleven would have to be given the same privilege. That would run to 12 hours of radio time in a single day.

Radio stations are not adverse to selling time. It's the only way they can make a living. But they have to consider the listening public, and any station that put on 10 or 12 hours a day of political ballyhoo would soon find itself minus an audience. Also, there are only 24 hours in a day.

Congress made the rules, and if the radio stations don't abide by them, their license will be taken away. They must give Candidate X exactly the same consideration they give Candidate A, though Candidate A may make it appear that the stations have entered a deliberate conspiracy to prevent the public from hearing his oratory.

### **Bill Southworth** Gets Herman From Brooklyn

By The Associated Press

Billy Southworth, who 'doesn't consider a day well spent unless he comes up with a new "Redskin" for his Boston Braves, appears today to have scored a 10-strike in his latest acquisition, popular Billy Herman, one of baseball's topflight infielders during the past decade. Arriving 30 minutes before

game time following the trade which brought him from Brooklyn in exchange for catcher Stu Hofferth. Herman drove in the Braves' initial run in the first game of Boston's double header with Cincinnati which sent the Hub on its way to a twin triumph over the Reds 2-1 and 2-0.

In his second appearance at the plate, with the Braves trailing 1-0 in the fifth inning and Connie Ryan on first, Herman slashed a double to the left field fence, scoring Ryan with the tying run. He followed Ryan over the plate a moment later with the winning run on Phil Masi's single.

The double win moved the fifth place Braves to within a game and a half of the first division and seven and a half behind the league-leading Dodgers, who increased their margin over the runner-up Cards by whipping the Chicago, Cubs 4-2.

The Cards were forced to accept a split with the New York Giants when the Polo Grounders came back to humble them 9-1 after the Cards had won the opener 4-1.

The Boston Red Sox dropped their first series of the season when they could do no better than divide two games with the Chicago White Sox. The split plus the twin triumph of the New York Yankees narrowed their first place lead in the American league to eight games. Boston won the opener 6-1. The Windy City boys won the afterpiece 7-4.
