The

Hansford Plainsman

VOLUME VI., NO. 42

SPEARMAN, HANSFORD COUNTY, TEXAS

THURSDAY, MARCH 18, 1965

We will now see how intelligent our teen-agers are!

Ever since we have been in Spearman the cry from the high school crowd has been for a teen town or something to do.

No one was apparently able to work up enough concern among the parents to get an old-style teen town off the launch pad, so the need was never filled.

Now, a local man has gone a long way out on a limb and opened up one of the new, strictly supervised teen clubs.

It is a club where teen agers may dance, have cokes, and snacks, no cooked food, and have that entertainment they have been complaining about.

We admire Mr. and Mrs. D. D. Stalder for taking on the project and being willing to invest enough money in decorating and remodeling to make the Kon Tiki a real club.

Now it is up to the teen-agers to show that Stalder's faith in them is justified. Some people are automatically against such a club because of the dancing and others will quickly be against it at the first little incident.

The teen-agers can make the club a success by supporting its activities, by obeying the rules and seeing that a few "crude rudes" do not ignore the rules and ruin a good thing.

To make a long story short you teen-agers can act like intelligent individuals and keep a great place, or you can act like too many adults and ruin the Kon Tiki before school is out.

It is up to you.
We put our money on it lasting for a long time.

It is still a mystery how those Gruver folks managed to pull a rain out of the hat to insure a "dust free" stock show sale. But they sure had one without dust and one that moved right along.

Observers say the rain not only kept down the dust, but probably increased the price by many dollars.

With the stock show growing every year, and other activities coming along, the county sure could use a big show barn of some type.

Things really operate far in advance these days. Wednesday, Coach Dean Weese was hunting for a basketball opponent for Nov. 23.

He has his schedule for next year almost filled. He says if you don't get it filled early, you are left with a mess of open dates.

We wonder if the civil righters will be as anxious to get to the polls and vote as they are to demand their rights to vote. From the action of those who already get to vote, we doubt if any will batter the doors down on voting day.

It is sure good to know that so many parts of the United States are so free of sin and lost souls that so many of their preachers are free to go civil righting.

Just wonder how many of those same religious men will get out in the streets and parade against excessive drinking, adultery, bearing false witness and some of our more popular sins which do not rate the headlines.

Just in case you have not noticed, school is just about over for another year. A sure sign is that next year's seniors are already ordering their class rings.

Phyllis Patterson Is Selected As North Girls All-Star Forward

A great high school girl's basketball career was capped Saturday in Austin when the Texas Coaches unanimously selected Phyllis Patterson of Spearman as a member of the North All-Star team for the game this summer.

Patterson was one of seven forwards selected from all over the north half of the state. There were five more girls selected as alternates.

Betty Courtney of Wellington was the only other Panhandle area forward selected. Guards Glenda McClellan of Friona, Elaine Cummings of Stratford and Jane Clevinger of Dimmitt were selected as defenders.

The 5'5" outside shooter is the smallest girl selected for the offensive squad. Guard Pam Ables of Granbury is the shortest member of the squad. 5;3.

The game will be played in mid-summer at the state girls' basketball coaching clinic. If she had been a tall, strong, post girl working in and around the basket, Patterson's record would be amazing, but for a 5'5" pocket size forward who weighs just over 100 pounds, her endurance feat is unique.

The little playmaker has

played in every basketball game played by the Spearman Lynxettes since the first game her freshman year. This is a total of 138 basketball games. She has started every game played by the Lynxettes since she was a sophomore, 107 games.

In this four years of basketball she has scored 809 field goals and 679 free shots for a total of 2,297 points. During all these games she has committed only 290 fouls and fouled out of only six games.

The most famous foul-out was in the regional tournament in 1964 when she fouled out of the Friona game before the half. She had made 17 points when she left the game.

Her performances have improved every year. As a freshman she made 28 field goals

and 20 free throws for 76 points and committed 36 fouls.

When she took over as field general for the team as a sophomore, she started pushing the scoring figures fast. Her one-game high for that year was 36 points on 14 field goals and eight free shots. Her total for the year was 604 points on 216 field goals, 172 free shots and 81 fouls.

As a junior she added to the points with her outside jump shots and more accuracy at the foul line. She made 794 points for 275 field goals and 244 free shots.

This year she set a new one-game mark of 38 points and also tied the 36 point effort while picking up bench time as Coach Dean Weese let his reserves play as much as possible. Even though she was out of the games more this year than during the two previous years, she still upped her totals.

Patterson hit 290 field goals and 243 free throws for a total of 823 points. She committed 76 fouls. She compiled this record while many fans were wondering when she would break out of a shooting slump she was supposed to have fallen into after the Christmas holidays.

Juniors To Wash Cars Saturday

Members of the Spearman High School Junior Class will conduct a car wash Saturday as a fund raising campaign. There will be signs up at the different stations where students are washing cars. The price is \$3.00.

Bowen Resigns

More Changes Made In Teaching Staff

One resignation was accepted, one teacher was hired and two more approved for the Spearman schools at the meeting of the board Monday night.

Science teacher LaDwain Bowen resigned effective at the end of the school year. He has taught in the Spearman

system several years. He plans to move to a larger city to continue teaching.

Mrs. E. D. Mundy was hired to complete the year as Spanish and English teacher for Mrs. Sam Patterson, who is ill and will not teach again this year.

Because of the large classes in the grade schools, the board approved the hiring of two more teachers. An additional second grade teacher will be hired and another fifth grade teacher will be employed.

A change in a teaching assignment was made. Perry Coursey quit his coaching duties in the high school and grade school and will drive a school bus.

The board also approved the double basketball coaching job again for Dean Weese. He will coach both the boys and girls varsity teams again next season.

'Kon Tiki' Teen Club Opens Here

A teen-age club, "The Kon Tiki" will be opened here Saturday at 222 Hancock, owner and operator D. D. Stalder.

The opening night dance will feature music by "The Committee" from Erick, Okla. Admission is \$1.50 per couple and members receive a 50 cent discount.

This new entertainment spot will be open only on Friday and Saturday nights. Stalder said it will be strictly chaperoned and the rules of conduct enforced.

Open house for parents will be from 4 to 7 p.m. Saturday.

Membership is \$6 for six months. This allows those holding memberships to get in at a reduced price at the Friday and Saturday night functions.

The room is decorated in the Polynesian motif with black walls and ceilings and red carpets. Students have painted large South Sea Island Warheads on the walls.

Stalder said students have really pitched in and helped with the decorations and getting the room ready for opening.

"I would never have completed the job without their help," he commented.

Each Friday night there will be a dance to records and on Saturday night there will be a combo or group to play for dancing.

Final Rites Monday For Ronnie Riley

Funeral services for Ronald (Ronnie) Riley, 21, were conducted at 3 p.m. Monday in the Gruver Church of Christ with Elmer Adcock, minister of the Kress Church of Christ conducting the services.

Mr. Riley died Saturday night in an Amarillo hospital from injuries received in a one-car accident three and one-half miles south of Gruver, Okla.

A graduate of Gruver High School, Mr. Riley was an outstanding athlete. He was born in Gainesville, but had lived most of his life in Gruver.

He married Miss Donna Sue Cluck, July 12, 1962, shortly after both graduated from Gruver. (Cont. on back page.)

April 9 Is Deadline For Eligibility

If Hansford County wheat farmers do not report their initial wheat acreage by April 9, they will not be eligible for payments, ASC office manager Eltzey Vanderburg reminded farmers this week.

Vanderburg said no reporters would measure the wheat on farms, unless the farmer requested the measurement and paid the cost of measuring.

All farmers have been sent copies of the aerial maps of their farms. The farmers can use these to plot the location of their wheat, then bring one in to the ASC office to report the acreage.

Wheat and barley must be reported by April 9, then farmers have until May 9 to destroy the excess acreage and make an amended report to the ASC.

After the disposition date at least one-fourth of the farms in the county will be spot checked, Vanderburg said.

Anyone wanting the ASC to measure their wheat must make the request to the local office by April 1.

3 Indictments Returned By Grand Jury

Three indictments were returned last week by the final session of the September session of the 84th District Grand Jury.

Pedro Garcia was indicted for rape and indecent exposure. He is alleged to have assaulted a six-year old girl.

John Lincoln Grissiam was indicted for murder with malice. He allegedly shot and killed Mickey Westerfield in Westerfield's store in Gruver.

The third indictment was returned against Buck Seitz and was for forgery.

The court appointed lawyers for Garcia and Grissiam. T. D. Sansing was appointed to defend Garcia. Don Reavis of Perryton and Charles L. Ballman of Borger were appointed to defend Grissiam.

Easter Promenade Style Show Set

A spring style show, titled "Easter Promenade" will be presented by the Kimberly Study Club, Friday night, March 19 at 7:30 at the Jr. High Cafeteria.

Entertainment will be by the Spearman High School Girls

Sextet, and by Mrs. Charlene Tilford.

Clothing stores participating are Massad's, Neely's, Chamber's, Lady Fair of Spearman, and D'Annes of Gruver. Beauty shops displaying the latest hair styles will be Boyd's, Cinderella, Deana Mae's, Ivan's, Stylist and the Gruver Beauty Box. Boxwell's are furnishing the decorations and corsages.

Tickets are \$1 for adults and 50¢ for grade school and can be purchased at any of the five clothing stores, from any club member or at the door.

Proceeds from the style show

will go toward the Hansford County Cemetery Beautification Project.

Mr. and Mrs. Irvin Davis were hosts March 12, to the Friday Night Bridge Club.

Mr. and Mrs. Garland Head had high score.

Attending were Messrs. and Mmes. Billy Miller, Garland Head, Irvin Davis and guests, J.L. Brock, Bill Jackson and Rue Sanders.

Homemaking Notes

by Linda Webb
Home Demonstration Agent

Looking through the mail on my desk, I often find very interesting (to say the least) items. One, which came only this morning, I know will be of interest to my readers.

At least one unknown psychiatrist claims your personality can be determined from the way you like eggs cooked.

If hard-cooked eggs are your preference, according to this psychiatrist, you are a persistent, dynamic and sincere soul. Soft-cooked eggs are more to your liking if you are gentle, patient and kind. Medium-cooked eggs indicate a calm, cool and collected composure. Poached eggs are preferred by the speedy, peppy and intelligent. Scrambled eggs suit the artistic, nervous and passionate. Turned-over eggs are for the versatile, magnetic and dominant. Sunny-side up eggs are selected by the happy, healthy and wise. Shirred eggs suit the fancy, fastidious, romantic and sensitive. Omelets are the order of the day when you have a sturdy, reliable and conservative makeup.

Whether you agree or disagree,

you'll probably vouch for the delicious taste of eggs. And eggs will certainly be a featured item this spring. Prices are low and supplies are plentiful, according to the U. S. Department of Agriculture's Consumer and Marketing Service.

Try this Hawaiian Potato Salad for either a main dish or salad. You'll need: 4 hard-cooked eggs, 1 cup hot cooked rice, 1 large hot mashed potato, 1/4 cup French dressing, 1/2 teaspoon salt, 2 tablespoons chopped pimiento, 1 tablespoon chopped green pepper, 1 tablespoon finely chopped onion and 1 tablespoon chopped parsley. Press two of the hard-cooked eggs through a sieve and combine with rice and potato. Blend in French dressing and chill. Just before serving, add remaining ingredients, except for the 2 eggs. Adjust seasonings to taste. Serve garnished with remaining eggs, sliced or sieved. Serves 4.

The County 4-H Bake Show was quite a success this year, with 28 entries made. Rebecca Hutchison of Spearman was crowned as the 1965 County Bake Queen by outgoing queen Beverly Heath.

Other 4-H contests and events are being scheduled as spring draws nearer. Next in sight is the County 4-H Eliminations Contests to be held in the Morse School auditorium March 27. The contests will begin at 1:30 p.m., and the public is invited to attend. Winners from this contest will then take their demonstrations to the district contest in Canyon, April 3, 1965.

THE LAST NOTE: Here's another mystery. After you gave up smoking, what happened to the money you used to spend on cigarettes?

Engaged —

Mr. and Mrs. John E. Pipkin announce the engagement and forthcoming marriage of their daughter, Luella Pauline, to Mr. Thomas D. Mayes, son of Mr. and Mrs. Harold Mayes of Massena, New York.

Miss Pipkin is a graduate of Spearman High School and is presently enrolled as a junior in Bob Jones University at Greenville, S.C. majoring in Christian education.

Mr. Mayes attended Massena High School and graduated from Bob Jones Academy. He is a senior business administration major at Bob Jones University in Greenville. The wedding will be performed June 11 at the People's Chapel in Perryton.

Mrs. Windom Will Head

Xi Zeta's

Xi Zeta Upsilon Chapter of Beta Sigma Phi met March 15 in the home of Ruby Lair.

The following officers were elected: President—Mona Beth Windom, Vice-President—Day McClellan, Recording Secretary—Joyce Lackey, Corresponding Secretary—Ola Sparks, Treasurer—Dorcas Collard, and Civil Defense—Elsie Mathews.

Altha Townsend was in charge of the program and introduced Jerry Day, high school counselor, who spoke on improving the mind. Day also gave a reading test to members present.

Attending were Elsie Mathews, Elaine Floyd, Betty Brown, Mary Brock, Joyce Lackey, Pat Donnell, Helen Watson, Altha Townsend, Lois Gibner, Elizabeth Holton and the hostess.

Clubs To Have Supper Friday

The Young Homemakers and husbands and the Young Farmers and wives are having a pot luck supper Friday, March 26 at 7 p. m. in the Home Ec Room at the High School.

Anyone wishing to attend is welcome to come.

Mrs. Hugh Jackson of El Paso and Mr. and Mrs. Hugh Jackson, Jr. and children of Borger were Sunday afternoon visitors in the Fred Fewin home at the Skelly plant.

Mrs. Bill Ballinger and Randy of Borger were Friday visitors of Spearman friends and spent the night with the Richard Holton's.

Meet The President

Mrs. Crowl Leads Morse Club

Cooking and family history are hobbies which tie closely to Mrs. Olan Crowl's everyday routine of housewife and mother.

Mrs. Crowl is serving her second term as President of the Morse Home Demonstration Club, but still has time to enjoy her hobbies.

Cooking is an experiment for her as she likes to work out original recipes. Several of these recipes have been used in cookbooks, the latest being "Favorite Recipes of Texas."

Family trees and tracing lost ancestors does not appeal to Mrs. Crowl. She keeps a current history of her immediate family's activities in big scrapbooks.

She has one scrapbook of her own school activities, one for her husband's school days and now she is making one of their married life.

Among the items in her scrapbook is a certificate received from Mary Anna Rogers, home economist, for a recipe used in the Texas Cookbook.

The Morse Home Demonstration Club works for better homemaking standards; and, like so many Morse organizations, is a strong civic organization.

In helping build the Community Park, the club has provided one picnic table. It also provided funds to send 4-H club members to the state round up.

Club members also take an interest in visiting the shut-ins and senior citizens of the community.

Mrs. Crowl moved to Morse five years ago. She is a graduate of Hardesty, Okla., High School, and worked for General Telephone in Perryton before her marriage.

The president has been a member of the club for four and one-half years. She served as civil defense chairman for two years before becoming president.

Her husband is a mechanic for Mrs. M.W. McCloy and Sons and is assistant supervisor of irrigation farming for the

McCloy's. "I have enjoyed being in Home Demonstration work and

have met so many nice people through the work in the county" Mrs. Crowl commented.

Mr. and Mrs. Kurt White spent Sunday in Hereford visiting Mrs. Joyce Trimble and girls.

Mr. and Mrs. J.B. Higgins and Paula were weekend visitors in the home of her parents in Pauls Valley, Okla.

Mr. and Mrs. B.J. Garnett will visit this weekend in Lubbock with their grandson, Mr. and Mrs. Mike Garnett and new son Jon Slade. Mrs. Wesley Garnett has just returned from a visit with her new grandson.

St. Patrick Theme Welcomes Members to Couples Bridge Party

The Couples Saturday Night Bridge Club met at the HD Club Room for dinner and bridge March 13.

The St. Patrick's theme was carried out in the table decorations. Messrs. and Mmes. Bob Skinner and James P. Linn were hosts.

Winning high scores were Mrs. H.P. Cates and Bob Skinner and low was held by Mrs. Roy Bulls and Richard Holton. Present were members,

Messrs. and Mmes. Roy Bulls, Sid Evans, Ed Dear, Winfred Lewis, Richard Holton, H.P. Cates, Ben McIntyre, James K. Hicks, Garland Head, Sam Watson, guests, the Roy L. McClellans and Mrs. Tom Etter and the hosts, the Bob Skinners.

Mrs. Stephenson Gives Devotional

The TEL Sunday School Class of the First Baptist Church met Saturday afternoon March 12 in the home of Mrs. E.N. Wilbanks for their monthly business session and social hour.

The scripture reading was by Mrs. Lera Langston and the devotional "Spiritual Decisions of Leadership" was given by Mrs. Lena Stephenson.

The St. Patrick's theme was carried out in the decorations and refreshments. Those attending were members, Mmes. Fannie Hand, W.L. Mackie, Ruby Sturdivant, J.L. Wagon, Lera Langston, Lena Stephenson, Dana Hazelwood, the class teacher, Garland Fewin, three visitors, Rhoda Overton, Vicki Crawford, and Joyce Shockley of Perryton.

Group Meets In Mrs. Holt's Home

The Arts & Craft Guild met Friday, March 12 in the home of Mrs. Nolan Holt for an afternoon of china painting.

Those attending were Mmes. Deta Blodgett, P.A. Lyon, Sr., Joe Trayler and the hostess.

The next meeting will be Friday, March 19 with Mrs. Joe Trayler.

Mr. and Mrs. Clifton Martin of Amarillo visited Sunday with Mr. and Mrs. Jim Davis and new daughters, Jean and Jan.

Day by Day

I've sure had a trying week. The new twins in our family have been home three days now and I've only managed to be there for two feedings. As varied as the timing of my visits has been, I thought I'd catch them awake more. According to Jim, I guess I'll have to be there from 2 until 4 (a.m.) if I want to see them awake.

Meantime, I have to peer at them over a mask because Burl still has the after effects of the flu and I'm afraid of transporting germs around.

At least though, I will have an excuse. If I'm not their favorite, it'll be because they didn't recognize me when I finally got to take the mask off.

I just realized winter is almost officially over and Easter is just a month away. So, belatedly we've awakened to remember it's past time to have our Hallmark Easter things on display.

Hallmark has another booklet-card for this season entitled "The Promise of Easter". It has a white leatherette cover embossed in gold and the poems inside are even more beautiful than the cover.

The typical bunnies and eggs are all indicative of the change of seasons, but for this special season these meaningful poems seem to me to be the most fitting.

I've heard several friends say they'll never use anything but instantized flour again now that this already sifted product is available. It certainly does simplify things for me. No more lumpy gravy and what I especially like is a neat, clean kitchen because I don't have to sift powdery dry ingredients over and over.

Last week I tried one of the recipes inside the Wondra package for New Orleans Spice Cake. It's simply a chocolate cake with ground cloves added, but the instantized flour makes it unbelievably easy to mix and it's really delicious.

Aren't those six weeks up yet? I thought sure the groundhog could count but I guess, come to think of it, he didn't promise the dirt wouldn't blow.

Importance of Maintenance

Stressed by Highway Official

Texas Highway Commissioner Hal Woodward urged West Texas county judges and commissioners here today to take note of spiraling maintenance costs on Texas highways and to use their "prestige and influence" of offset efforts to divert highway funds to non-highway purposes.

Woodward addressed the West Texas County Judges and Commissioners Association at its annual meeting here.

Citing maintenance costs now running \$70 million a year on Texas highways, he said "this figure will doubtlessly increase in coming years." Completion of the 3,025 mile Interstate Highway system in Texas and a Farm to Market Road network to total an ultimate 50,000 miles, he said, will give Texas a highway system of nearly 80,000 miles.

"Obviously this system must be maintained to protect our investment in it," Woodward said, "and all maintenance costs come out of state monies."

Woodward said highway

needs in Texas are keeping pace with the growth of the state, as well. He pointed out the Highway Commission has received requests from delegations across the state for an average \$50 million a month for needed highway construction projects in the past 14 months.

He said: "It seems increasingly important that Texans be suspicious of diversionary adventures to siphon off funds now dedicated to highway building and maintenance. Our present highway-user taxes are realistically rooted in sound economic principles. The highway program is now backed by sound laws."

"You leaders should use your influence and prestige in keeping the truth of the excellence of our highway system before your constituents, and help guard against any legislation which might cripple the world's foremost highway system."

Woodward said the Texas highway system now stands at about 66,000 miles and that its present worth in taxpayer investments is more than \$4 billion.

In the seven Highway Department districts served by the West Texas group, Woodward said, the Highway Commission has programmed projects in these amounts for development now and in the near future:

Interstate Highways, \$23,460,000 for right of way and \$65,056,000 for construction; Primary Highways (U.S. and State-numbered), \$2,930,000 for right of way and \$44,908,000 for construction; Farm and Ranch to Market Roads, \$12,784,000 for construction.

About \$23 million will be programmed for new construction of Farm and Ranch to Market Roads over the state in the coming fiscal year, Woodward said. "This should buy

about 1,000 miles of new highways in this category," he said, pointing out the FM Road network now totals more than 37,000 miles.

The commissioner emphasized that maintenance costs on FM Roads now total more than \$19 million a year and said, "This figure will inevitably rise, too, as we add new miles to this vital system."

Despite rising maintenance costs, Woodward said, maintenance of Texas highways averages just 15 per cent of the total highway budget. Nationwide, the average is 25 per cent.

Woodward was recently named by Governor John Connally to a second term on the three-man Texas Highway Commission which sets policies and program of the Texas Highway Department, agency which engineers, builds and maintains the Texas highway system.

Wheat Measuring Discussion Set

All Hansford County farmers are asked to attend a meeting to discuss the new wheat measuring program, according to Ellzey Vanderburg, ASC office manager.

The meeting will be held in the Memorial building in Gruber at 7:30 p.m. Thursday, March 25.

Mrs. Robert Adamson and sons Keith and Kerry and Robert's mother, Mrs. Bonnie Adamson of Tahoka spent a week with Margaret's mother, Mrs. Horace Killian at Antlers, Okla. While they were away, Robert Adamson was in California on the Farm and Ranch Management Tour.

"THE BURDEN REMOVED"

The aging man shuffled down the street, his seventy-five years weighing heavily upon him. Shortly the burden of the years would become too heavy. It would crush him.

Is it really the accumulated years? What makes a man age? What hinders him from remaining eternally young?

The burden is of another kind. The real burden that brings on the furrowed flesh, the grayed hair, the tired limbs is sin.

Sin—the wrong-doing, the wrong-speaking, the wrong-thinking, the wrong-being—is the burden too heavy?

How heavy is it? Fifty pounds? A hundred? Only an awakened conscience can know that it is too heavy. The aroused conscience cries "For my iniquities are over my head; as an heavy burden they are too heavy for me." (Psalm 38-4). The number of sins makes no difference. One sin is as heavy as the next. Each one, though weightless as a thought and light as a word, is too heavy. It is crushing. "The soul that sins shall die." (Ezekiel 18:20)

The weight can be lifted. It has been lifted.

Men lifted Christ Jesus to the cross. No more than the weight of the cross and the man on it. But they lifted Him who was burdened by the guilt of all men, a burden of immeasurable weight. No man could carry it. Only God, this God-Man, could bear the burden. "Christ His own self bore our sins in His body on the tree." (1 Pet. 2:24)

ELECTRIC COOKING REALLY IS COOLER!

KNOW WHY?

One reason is that on an electric range the pan sits right on the heating element and most of the heat goes directly into the food — not up the side of the pan and into the kitchen air.

Another reason is that an electric oven, being flameless, needs no draft of air through it to support combustion. An electric oven is insulated on all six sides and the heat stays inside to cook the food instead of rushing out to heat the kitchen and the cook.

For cooler cooking during the hot summer months ahead, see your dealer now about a flameless electric range.

Skelly Employees Honor Stephensons at Party

Skelly employees of the local gasoline plant honored Mr. and Mrs. M.F. Stephenson with a retirement dinner March 11 at 6:30 p.m. in the Home Demonstration Club Room.

Each family brought salads, desserts, meat dishes and vegetables and the dinner was served buffet style.

The tables were laid in white and the guest table was centered with a beautiful arrangement of

spring flowers.

Mmes. Fred Fewin, Paul Farren, Oscar Mullins and John Miller presided at the serving table.

After dinner, Fred Fewin, Supt. of the Spearman plant spoke a few words of appreciation for the service rendered by Mr. Stephenson and commented on his long time service without a lost time accident. He presented the Stephensons with

Crime Increases Sharply Over Previous Year

Major crime spread across Texas at the rate of one offense every two minutes in 1964 to chalk up a sharp 13.8 per cent increase over the previous year and set a new all-time high in crime, the Texas Department of Public Safety reported today.

Col. Homer Garrison, DPS Director, said that all seven categories of major crime showed alarming increases for the past year. The report is compiled from data reported to the Department by Texas sheriffs and chiefs of police.

The estimated number of major offenses totaled 260,860 compared with 229,253 during 1963.

"Even more alarming than the tremendous number of offenses is that the rate of crime (the number of offenses for each 100,000 population) is steadily increasing," Garrison stated. "The crime rate for 1964 was 2,723.0 compared to 2,393.0 for 1963.

In breaking down the major crime categories, Garrison told the estimated number of offenses and the frequency with which they occurred. These are: Murder and homicide, a total of 1,153 for an increase of 6.7 per cent, or one offense every seven and one-half hours, rape, a total of 1,569 for an increase of 18.4 per cent, and one offense every five and one-half hours; robbery, an esti-

ated 4,052 for an increase of 25.8 per cent, or one robbery every two and one-quarter hours; burglary, 64,446 for an increase of 10.2 per cent, or one every eight and one-quarter minutes; aggravated assault, 16,551 for an increase of 22.4 per cent, or one every thirty one and three-quarter minutes; theft, 152,863 for an increase of 13.6 per cent, or a theft every three and one-half minutes; and auto thefts, 20,336 for an increase of 18.5 per cent, or an auto theft every 26 minutes.

"It is apparent," Garrison said, "that crime in general is riding rough-shod across our state and our nation. It has been estimated that criminal activity has cost our country more than \$27 billion during the past year alone.

"The people of our times have been presented a challenge of overwhelming proportions. This challenge cannot be met until every citizen realizes that crime is everyone's problem. Everyone is involved, and it is the duty of each citizen to follow principles of good citizenship and accept responsibility in combating this menace."

Mr. and Mrs. Wallie Cayton and daughters, Melanie and Kelley were Sunday guests of his parents, the N.W. Caytons, and also visited the Billie Hadens and Don De Armonds.

Mrs. Sam Graves Returns from Trip

Mrs. Sam Graves returned home Saturday from Raleigh, N.C. where she had spent the past 10 days with her son, Mr. and Mrs. Albert Graves and daughters, Becky and Debbie. Mrs. Graves states that she had a wonderful trip and that she thoroughly enjoyed the beautiful mountain scenery. She and her family also took a trip to the coast and made a tour of the old battleship Carolina of World War II.

Americans Asked to Aid Nation by Traveling in It

Commerce Secretary John T. Connor Thursday suggested that American tourists in making travel plans should consider that they can help their country by traveling in the United States this year.

Connor told a Senate banking subcommittee that President Johnson, as a part of his effort to end chronic international balance of payments deficits, is setting up a special program aimed at getting Americans "to see the U. S. A. first."

The secretary emphasized there is no bar to foreign travel and said he feels each individual or family should make the decision based on all the circumstances.

But he said he considers it appropriate for the government to point out that it is in the national interest to hold down the number of dollars flowing out of this country at this time.

Senator Wallace F. Bennett, Utah Republican, raised the question, pointing out that the travel gap of about \$1.6 billion last year was more than half of the nation's \$3 billion balance of payments deficit.

This gap measures the difference between what Americans spend abroad and what foreign visitors spend in this country.

Bennett said he has seen estimates that U. S. travel to Europe this year will be up to 10 to 12 per cent instead of declining. Connor said he believes such forecasts reasonable but said the President's program has not yet been started.

 - 4 1/2 slices enriched bread
- PLAN YOUR SAVINGS WITHOUT REDUCING FOOD VALUE**

Foods from the milk group generally are the largest single item in the food budget if sufficient amounts are bought.

Home makers can realize a saving by using fresh whole milk for drinking and evaporated and dry skimmed milk for cooking. Dry skim milk is convenient to use because it needs no refrigeration. It costs less than one-third as much as whole milk and is, of course, higher in calcium and protein because of the absence of fat.

With the present milk prices, a family of two adults and two children using 22 quarts of milk a week could save approximately \$1.83 a week by this allotment of milk. The reduction could be even greater if the milk drunk is one-half fresh and one-half dry.

Add this savings to the total savings realized by wise shopping -- and watch it grow.

LABEL PROVIDES IMPORTANT CARE INFORMATION

A wise shopper will read the label for clues in finding easy-care garments. A good label will give the name of the manufacturer, the fiber content and finish of the fabric, and laundry or cleaning instructions. The label should indicate how much ironing the garment will need, and the colorfastness and shrinkage resistance. If the garment doesn't have such a label, buying it is a gamble. Lets take shrinkage for instance. The label should give this information and if not, you may be in for trouble. Company's that do not give this information will not stand behind their products, therefore a wise shopper will look for information on care as well as fiber content of products.

If the garment is a synthetic or a blend, more than half the fiber content should be a wash-and-wear type. If the garment is cotton, look for a name brand finish.

Even a lightweight fabric should be sturdy -- a sleazy fabric just won't stay looking nice. Examine seams and construction points before buying. The seams shouldn't pucker -- they should be flat-felled or finished to prevent fraying. Buttonholes should be free of loose threads.

MILK IS IMPORTANT - in everyone's diets.

Food cost are high, but it is never economy to cut down or cut out nutrients needed daily. One never outgrows their need for milk. Children need 3 glasses or more of milk daily and adults need at least two glasses to supply their calcium needs.

Often women are heard to say, "I don't drink milk, I get enough calcium in foods I eat." Do they really? Lets take a

QUEEN CONTEST

Morse Lions Club staged their annual queen contest Thursday night in the school auditorium.

The theme was "A Pretty Girl is Like a Melody". The stage was decorated with floral arrangements and the contestants entered through an archway covered with roses. Prior to the entrance of the candidates the school band, under the direction of Mr. Whitaker, presented several numbers.

Soloist was Mrs. Jerry Womble who sang the theme song and one other number. She was accompanied by Mrs. Whitaker who also played for the parade of the contestants. Peggy Powers, 1964 queen, was presented by Boss Lion, H. B. Parks. Miss Powers narrated the contest.

Miss Patricia Henderson, 17, daughter of Mr. and Mrs. Earl Henderson, was selected as the queen. She was crowned by Miss Powers and presented a bouquet of roses by the Boss Lion.

Other contestants were Peggy Giblin, Judy Reising, Betty Jo Knight, Suzanne Dixon, Susan Graves and Sylvia Parks.

Judges for the event were Mr. and Mrs. James Boardman and Rev. and Mrs. Charles Stackhouse.

The queen's committee was R.C. Womble, chairman, and Mmes. R.C. Womble, Lynn Davis, Don McCammond and Miss Elaine Behrens.

ABSENTEE BALLOTING

Absentee voting may be done at the office of the school superintendent, Johnny Brumley.

Absentee ballots may be cast from 20 days prior to the school board election up until four days prior to the election. Election date is April 3.

PTA ELECTS OFFICERS

Morse PTA met in regular session Monday night for the annual election of officers.

Mrs. Pete Cator, chairman of the nominating committee, presented a slate of candidates which was unanimously accepted by the association. The

offices of president and vice president are to be filled at a later date. Other officers elected were membership, Mrs. Johnny Brumley; finance, Mrs. Ray Alexander; yearbook, Mrs. Don McCammond; historian, Mrs. Gerald Scribner; treasurer, Mrs. Earl Henderson; hospitality, Mrs. Frank Lewis; publications, Mrs. Lynn Davis; publicity, Mrs. R.C. Womble; and secretary, Mrs. Joe Walker.

Delegates elected to the spring convention to be held in Shamrock were Mmes. M.W. McCloy, Jack Johnson, and Besse Henderson.

A life membership was awarded to Mrs. R.C. Womble. She was presented a pin and certificate.

Allen McCloy gave the devotional and the program was given by Rev. Charles Stackhouse on "Creating a Love for Learning."

HD CLUB

Mrs. Besse Henderson was hostess for the Morse HD Club Thursday afternoon.

Mrs. Tom Dortch presented a program on "Kitchen Arrangement."

ELECTRIC CLASS

Buddy Messer, manager of Southwestern Public Service, held the second class in electricity for the 4-H group recently. He presented a lesson on grounding appliances.

Present were Doug McCloy, Gerlad Scribner, Susan Graves, Suzanne Dixon, Sylvia Parks, Roy Scribner and Mr. Messer.

Larry Kelly is home on leave after completing training at Ft. Polk, La. He expects to be home for 14 days before going to Aberdeen, Maryland to enter ordnance school.

Morse welcomes three new little citizens to its ranks. Mr. and Mrs. Lynn Davis have a new daughter, Susan Diane; Mr. and Mrs. Dale Jones have

a little girl named Betsy Joan; and the Dave Schicks have a little girl born Monday at Borg-er. Her name was not available at news deadline time.

MORSE LIONS QUEEN-Miss Patricia Henderson (right) was crowned Queen of the Morse Lions Club Thursday night by Peggy Powers, left, last year's queen.

The Morse School superintendent, Johnny Brumley, entered the Spearman hospital over the weekend.

Doug McCloy was operated on Tuesday at the Dalhart hospital for appendicitis.

Ray and Gretchen Alexander held open house at their new business, North Plains Irrigation Saturday. Open house was held from 2 until 8 p.m. and a large number attended the event.

Morse will soon have another new business in operation. It will be a service station located directly across the street from North Plains Irrigation. More on this as work progresses.

The fire station is coming along and everyone hopes the completion date won't be too far in the future.

Winning the prizes for Kid Day held at the school Wednesday were Roy Scribner, Patricia Henderson and Miss Elaine Behrens.

Stan Miner has been visiting his grandparents, the George Miners of Hereford, for a couple of weeks.

Wayne Board, senior student at WTSU, was home over the weekend visiting with his parents, Mr. and Mrs. Lex Board.

Mrs. Pearl Dixon, Gene and Mrs. Jones attended the birth-

Only One Month Remains To Get Safety Inspections

"Only one month remains for some 1,500,000 vehicles registered in Texas to secure the 1965 safety inspection

sticker," Col. Homer Garrison, director of the Texas Department of Public Safety, said today.

Mexican Dinner Planned

The ladies of Sacred Heart Parish will serve a Mexican dinner at the elementary school cafeteria Saturday, March 27 between the hours of 4 and 8 p.m.

Tickets are \$1.50 for adults, 75¢ for children under 12, pre-school children free.

Only advance tickets will be sold and may be obtained from any member of the Parish or by calling Mrs. Don Allen-2066, Mrs. Jack Moran-3412, Mrs. Jerry Morris-2297, Mrs. N.F. Renner-2355.

day party of Monte Dixon held in Borgers Saturday.

Peggy Powers who attends college in Sayre, Okla. was a guest of Mr. and Mrs. Don McCammond last Wednesday and Thursday. She came to participate in the Lions Club queen contest.

"The period set by law for securing the 1965 sticker ends at midnight, April 15, and there can be no extension of that deadline," Garrison pointed out. "Any Texas motorist whose vehicle does not display the new sticker after April 15 is subject to arrest by any sheriff or his deputy, any city policeman, or by officers of the Department of Public Safety."

Garrison said that in the remaining month of the inspection period there is sufficient time for the 5,300 official inspection stations to inspect the remaining vehicles without undue inconvenience to the motorist, provided the vehicle owners act promptly.

"From now until the deadline, every minute of the inspection station's time will be at a premium," Garrison warned, "and waiting lines will become general throughout the state."

Garrison suggested that congestion at inspection stations would be lessened if known defects in a vehicle were repaired prior to presenting the vehicle to the station for inspection.
